## Memorial Day Tribute

By Deon Fincher  
 The Hesperian-Beacon

LOCKNEY – The annual Memorial Day Tribute to our fallen veterans took place at the Lockney War Memorial Park. Through the words of LISD Superintendent Jim Baum, the crowd was motivated to live a life worthy of the great sacrifices of our military.

All servicemen from Floyd County that have been killed in action were recognized by the reading of their name followed by the ringing of the bell. American Legion Post #141 provided the honorary wreathes, the passing of the colors, and the 21-gun salute followed by the playing of TAPS.

Courtesy Photo

NUMEROUS INDIVIDUALS GAVE their time, honoring veterans that have died so that we may have a visual reminder of the sacrifice made by so many for our freedom. Many thanks to the Floydada High School NHS, Floyd County 4-H, Floydada Girl and Boy Scouts and leaders, and the Floydada VFW for putting flags on veterans' graves at the Floydada Cemeteries.

# Lockney City Council

By Deon Fincher  
The Hesperian-Beacon

LOCKNEY - The Lockney City Council met in City Hall, Tuesday, May 21 at 7:00 a.m.

Public comments were taken from Joe Sustaita. Mr. Sustaita acknowledged that the city was beginning to take measures that will require residents to clean up properties. He collects scrap metal and junk and sells it to make additional income. He pleaded that the Council take into consideration those individuals that buy/sell junk and that some lenience will be rendered.

Council reviewed minutes from Council Meeting, April 23, 2019. After some discussion a motion was made to accept the minutes. The vote was unanimous.

Consent Items were presented to the council members through their meeting packets prior to the meeting. After consideration, a motion was made to approve the consent items. The vote was unanimous.

Manager Poling stated that CPA Lee Starkey had notified him that the IRS Assessment of \$23,000 had been reviewed, after much effort on Starkey's part, and had been virtually negated. Poling stated that the assessment due was approximately \$52,000—which would fulfill all prior IRS liabilities from years past. Poling recommended that a gift card be purchased and given to Ms. Starkey in appreciation of her persistent work to get the liability reviewed and decreased. Council members agreed. A motion was made and a unanimous vote was passed.

By law, the City Council is required to canvass the votes of the City of Lockney Election held on May 4, 2019. The 13 votes were reviewed and accepted.

Mr. Frank Jimenez requested permission to construct a carport extending to the sidewalk. Mr. Jimenez was present with a diagram of the plan, and to take questions from council

members. After some discussion, council members made a motion to give permission to Mr. Jimenez to do the improvements he has requested. The vote was unanimous.

Manager Poling proposed that the city consider taking part in an interlocal agreement with Plainview for Vector Disease control using aerial application. AS only one participant, the City has no say in the schedule of the spraying, and only the spraying on the City's area will be charged. Motion was made to approve the interlocal agreement. The vote was unanimous.

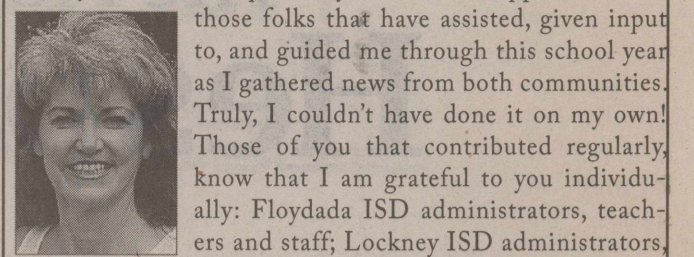

The Council is required to present a replacement for Ed Marks on the Mackinzie Water Board. Hank Henderson was suggested. Motion was made to appoint Henderson subject to his acceptance, to the Mackinzie Water Board. The motion was approved unanimously.

Mayor Poling introduced a CDBG Program grant application for the Fire, Ambulance and Services Truck Fund that could be filed on behalf of the City with the Texas Department of Agriculture. The grant application would be for up to \$500,000 of grant funds to provide for a Brush Truck and an Ambulance. The truck would replace the 14-year old truck that is currently used by the Lockney Volunteer Fire Department. The match requirement for this grant would amount to \$5,000 from its General Fund as the cash contribution toward the activities of the project. Council members moved that Manager Poling be the authorized representative for the grant and assist the Fire Department in putting together all documents together with SPAG. The vote was in favor of unanimously.

Members attending the meeting were David Cole, Dart Carthel, Donnie McLaughlin and Aaron Wilson. Others present were Mayor Michael DeLeon, Manager Buster Poling, City Secretary Laurie Garcia and City Attorney Lanny Voss.

## About Town

The last few weeks has been a flurry of activity—whether you have school kids or not—and, finally, the summer has arrived! As one phase ends and another begins within our county, I need to express my thanks and appreciation to those folks that have assisted, given input to, and guided me through this school year as I gathered news from both communities.

DEON FINCHER

Truly, I couldn't have done it on my own! Those of you that contributed regularly, know that I am grateful to you individually: Floydada ISD administrators, teachers and staff; Lockney ISD administrators, teachers and staff; Lockney City Council and City staff; Floydada City Council and City staff; Floydada Chamber of Commerce; Lockney Chamber of Commerce; Lockney Rotary Club and Floydada Rotary Club; those families and individuals in both towns that regularly stood in as photographers or even reporters for me-Fred and Gracie Cervantes, Sonya Glass, Victoria Wright, Pam Fulton, Marty Lucke, Katrina Gooch, Kristy Lefevre, Cristen Brooks, Teresa Bigham, Sammie Setliff, Crystal McInvalle, Chris Rodriguez, Alejandra Ramirez, Donna Webb, Shana Hallmark, Nikki Smith, Kristie Rehkopf, Sheryl Back, Donnie McLaughlin, Tony Ricketts, Mary Jane Cisneros and Esmeralda Cisneros. One last person that has truly given me constant support and assistance each and every week-Barbara Anderson.

Summertime brings a different kind of news and new-gathering. We are excited to bring some interesting personal interest profiles, an agricultural series, and we will be introducing you to next year's seniors through individual photos and questionnaires. It is our goal to bring back some of the clips from our newspaper archives as time and space allows.

As always, we encourage Letters to the Editor, ideas for stories, and photos from events from our readers, so keep those coming! Please do not overlook our advertisers—they need to hear from you that their support is appreciated. Without the generosity of our local businesses, we would be unable to continue this standard of newsprint.

Bring On Summer!!

## ABOUT THE COUNTY

By: Marty Lucke, County Judge

The Great State of Texas has completed the 86th Legislative Session and it will take a little while to figure everything out. There were many things addressed during the Session – from tax relief to government transparency to election accountability. During the entire Session, the Elected Officials of Floyd County were able to carry on conversations with our Legislators and their Staff. Our Legislators have an extremely hard job in trying to keep the needs of Rural Texas in front of the urban areas. Our Rural Legislators are outnumbered even though there is more Rural Texas than Urban Texas – the population is majority urban, and their representation is larger. Several of our Citizens contacted our Legislators concerning items over the Session, to those Citizens I would like to say "Thank you" for taking the time and interest to become involved.

The County is getting ready to start the budget process. The Commissioners Court worked on priorities, concerns and needs at our last meeting. The Commissioners Court is working continuously to attempt to expand and improve the services that we provide our Citizens. Thanks to a great group of Elected Officials and County Employees, we can all work together and better serve the Citizens that support us and trust us with the well being of the County. To each of those Citizens – "Thank you."

This month I am going to highlight the office of County Clerk. What is a County Clerk? The main duties of the County Clerk are to serve as the Clerk of the County Court and the Commissioners Court, act as a recorder of deeds and other instruments, issue marriage licenses and take depositions. The Clerk is also responsible for conducting countywide special, primary and general elections and for handling absentee voting. What does a County Clerk do in Texas? The County Clerk in Texas has the following duties and responsibilities: (1) Serves as Clerk and custodian of records for the Commissioners Court, Constitutional County Court and Statutory County Courts, (2) Acts as a recorder and custodian of important public records, including all bonds, deeds, birth and death certificates, assumed names and livestock brands, ensuring that records are maintained in a secure, archival manner, (3) Issues marriage licenses, and (4) Serves as chief elections officer in most counties.

The Floyd County Clerk id Ms. Ginger Morgan. Ms. Morgan has all the duties described above and several more. Ms. Morgan is required to have continuing education in the operation of the County Clerk's office annually. Ms. Morgan also needs continuing education in elections, voter registration, rules of absentee voting and the Probate and Guardian functions of the County Court. Ms. Morgan keeps, organizes and archives the minutes of the Commissioners Court and records all orders, resolutions, contracts, bills and other items of business from the Commissioners Court.

Until next month – "Bye y'all!"

## The 501: Keeping Eden mowed

It all started in the Garden of Eden. I refer to landscape maintenance.

Yep, we humans have a history of trying to keep nature in check. The patches of earth that surround our dwelling places reflect our efforts. They are our Edens. Ours is getting out of hand.

A line of poetry comes to mind: "Oh how I wish the grass would grow the other way, and I in bed could leisurely stay."

My classmate Barbara wrote the poem back in high school. As the oldest sibling, it was her job to mow the lawn, a big one at that, every Saturday morning. No sleeping in. No, she didn't have a riding mower. Nobody did at the time. If she didn't mow, what would happen later when it was time to go to town? Back then, nearly all rural families went to town on Saturday after chores.

Me, I didn't mow. Instead, my parents made me edge everything with hand clippers. At least they paid me a dollar. Why so much? It was a lot of edging.

Question: If you lived where no one could see your lawn, would you still mow it?

My husband would. And he would also prune the trees. He's a mower and a pruner. Recent rains have kept him busy mowing, but he keeps thinking about pruning.

Me, if it weren't for neighborhood peer pressure and city codes, I'd probably think about conducting one of those let's-see-what-happens-if-we-let-it-go-

HANABA MUNN WELCH

back-to-nature experiments. The whole lawn could become a no-control plot, so to speak.

The late Phyllis Diller gets credit for inspiring my idea. Diller, in reference to housekeeping, said you can always tell your guests that the spider webs are "Junior's science project."

Give the chance, nature really does take over everywhere. And sometimes rather quickly. Consider Detroit. Factories built of reinforced concrete are crumbling. Trees are growing in the cracks. Artists should be capturing the phenomenon – maybe they are – just as that famous print artist (I forget his name) recorded the ruins of Rome in etchings along about the 1700s.

RESEARCH.

Giovanni Battista Piranesi (1720-1778). At least I got the century right.

Bottom line, we humans are always up against nature. Whatever we build to last, doesn't. Not forever.

We could just give up. But we're human. We keep trying. We sometimes even think we can improve on nature. Example: artificial turf. Why isn't that stuff used more for urban lawns?

RESEARCH.

Well, apparently some homeowners really do install artificial turf. It's expensive, but in seven years you get your money back. Or so someone calculated. But you've still got to keep it free of leaves and pet waste and such. Ah pet waste. If it's from the neighbor's pet, I'm thinking "turf war" takes on new meaning.

All said, it's hard to beat concrete painted a nice shade of green. Maybe you've seen one of those lawns? (A loose use of the word "lawn.") The one I saw was enhanced with lawn furniture.

It was somebody's Eden.

## Caprock Hospital District

By Deon Fincher  
The Hesperian-Beacon

FLOYDADA - The Caprock Hospital District's May meeting took place at 7 a.m., May 23rd at the EMS building in Floydada. The first order of business was the swearing in of board members: Denise Payne, Matthew Rainwater, and Taylor Sue. Upon completion of the ceremony by County Judge Marty Lucke, President Brianne Glasscock opened the floor to nominations of officers. Glasscock was nominated as President and voted as such. TK Farris was nominated for Vice President and voted as such. Matthew Rainwater was nominated as Secretary and voted as such.

The Board members reviewed the minutes from the April meeting. A motion to approve was made. The vote was unanimously in favor.

Two individuals attended to make statements during the Public Forum Agenda item. Eric Smith and Tom Farris. Both made statements in support of the Caprock Hospital District's Board and decisions being made. As past board members, Smith and Farris underlined the continuing goal to provide the area with a "state-of-the-art EMS" that can financially and effectively serve as a local trauma center. As stated, "Way back in the '80s, we had hard decisions to make. We chose to put the money into services that would be utilized by a larger percentage of the taxpayers."

Thanks and appreciation was also given to Katrina Gooch, Director of EMS. "She does an amazing job getting equipment that it out there that others don't know they can claim; Her work to write grants that benefit the ongoing directives of EMS is unsurpassed."

Gooch reported that the EMS crews had ser-

viced 38 calls—10 medical call-outs, 4 trauma calls, 8 critical calls, 2 hospital transfers, 12 no-transport due to motor vehicle collisions with no injuries, blood pressure checks, and lift-assist, and 2 mental health transports.

Gooch also reported that she had obtained two Vision Kings Airway cameras. "They were a part of some lots of equipment where the grant requisites hadn't been met. I just had to do a lot of phone-begging," stated the Director. The board stated that this type of consistent initiative on Gooch's part is one reason the ambulances carry the highest technological medical equipment.

President Glasscock reminded everyone about the May 29th Open House at the EMS Facility.

Glasscock stated that they presently have two bids for the Hospital Asbestos Abatement processes and is expected to have the third bid by June's meeting. At that time, the Asbestos consultant will present the abatement report. Glasscock also reported that she should have the hospital demolition bids at that time as well. Matthew Rainwater added that it is getting increasingly difficult to keep trespassers out of the facility using chains, locks, steel bars, etc. In addition, with rain, the different levels of the building continue to fill with mud and debris. He stated, "It is a hazard that needs to be taken care of soon."

The board reviewed requests made by the Clinic staff. Priority is refitting of new, handicap exterior doors for the entrances. It was moved that bids for doors be obtained. The vote in favor was unanimous.

There was no other business.

The Caprock Hospital Board includes President Brianne Glasscock, VP TK Farris, Secretary Matthew Rainwater, Denise Payne and Taylor Sue. Also present was Director Katrina Gooch, Abby Battey, Marty Lucke, Eric Smith and Tom Farris.

## The South Plains Hobby Club May 8, 2019

By Mary M. Carter  
Special to The Hesperian-Beacon

The South Plains Hobby Club met at the Ghost Horse Gallery in Silverton, Texas at 11:00 A. M. on May 9, 2019.

Helen Teeple, our president, call the meeting to order. She took care of business. We signed various cards for birthdays.

Ethelyn Vernon did a reading from Erma Bombeck. It was announced that Tammy, the "Hawk Lady" was not available as she was picking up a baby owl chick. She will give a program another time for us.

Lunch was ordered. Choice of pizza by the slice, dessert, and coffee, lattes, espresso, regular coffee, chai tea, and ice teas.

Helen spoke of the members that were sick, at doctors appts., and need our prayers. Keep the prayers going folks. We all need them.

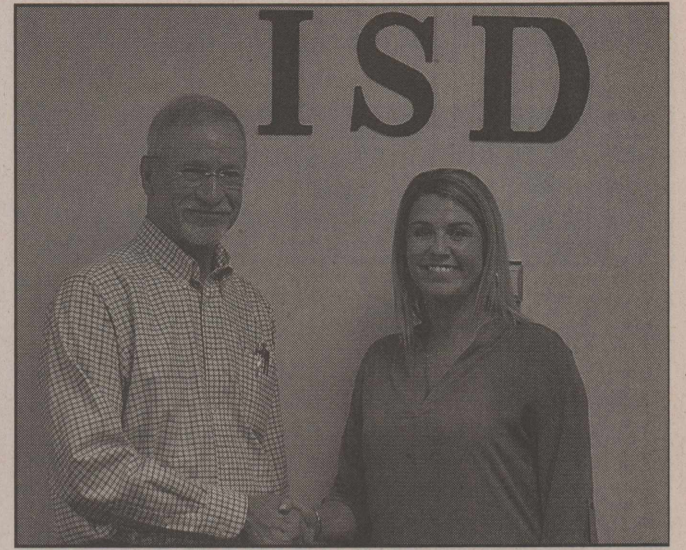

Then our speaker was introduced. Rowdy is the famous "Blind Barista" at the Ghost Horse Gallery. He wanted to speak about his new service dog, Laurie. On March 28, 2019 Rowdy went to New Jersey where he was paired with Laurie. Rowdy trained with Laurie for 3 1/2 weeks. He said he even walked the busy streets of New York while they

trained. They weaved in and out of people and only bump into three people the whole time. Just watching TV you know how crowded the sidewalk is, so I would say that is a great achievement. Lourie will work for ten years and retire but if she is healthy she may work longer. She is a German Shepherd. A puppy starts training at four weeks old. She is two years old now and weighs 54 pounds. When you see her with her harness on she is ALL business. When she is not working she is a playful dog. Rowdy is very happy to have Laurie and looking forward to learning and playing together.

NOTE: Hi, this is Mary M. Carter and I was unable to attend this meeting. I was very sorry to have missed it. I want to thank Ethelyn Vernon and Helen Teeple for their very useful notes for me. They were very appreciated. Thank you both!!

On September 11, 2019 we will be going to tour Don Hardy Cars in Floydada, Texas. Carolyn Hardy will be leading the tour. It is in the former City Auto Building. We are to meet there at 2:00 P.M. Hope to see you there.

The ladies attending were Helen Teeple, Virginia Taylor, Glenda Ford, Janis Julian, Janie Anderson, and Carolyn Marble, Neta Marble, Nancy Marble, Margie Young, Sue Daniels, Patsy Musser, and Ethelyn Vernon.

BRIANNE GLASSCOCK was sworn-in as District 2 School Board Member for the Floydada ISD during the May 20th meeting. Glasscock takes the reins as Dr. William Dean relinquishes his seat for retirement.

FLOYDADA ROTARY CLUB was informed about 4-H Shooting Sports by competitor and 4-H member, Ryder Glass.

2019 LOCKNEY ROTARY CLUB Good Citizen award winners (L to R): Sierra Landeros, Reagan Nuncio, Lyndee Setliff, and Madison Chance.

## THE FLOYD COUNTY HISTORICAL MUSEUM MEMORIES 1979

REED LAWSON

Reed Lawson, son of Morgan and Emma Lawson, was born at Lockney on November 7, 1913. His mother, Emma and her parents T.Z. and Dolie Reed were the fist of his family to move to Floyd County. They came in 1892 in an ox-drawn wagon from Bell County. His father, Morgan, came to this area in 1898 from Bell County. At first, he lived and worked around Spearman, then in 1906 he came to Lockney where he carried the mail for a time, and also farmed and ranched. He married Emma in 1908. They had three children; Reed, Viola and Eugene "Billy Jack". Reed grew up in the Lone Star Community, where he attended the country schools of Holt and Lone Star before he went to high school in Lockney where he graduated in 1931. Reed has many memories of growing up, but the more vivid ones include having to gather cow chips for fuel, herding cattle and hunting badgers which

are no longer found in this area. He married Maudie Renick of Ardmore, Oklahoma, on December 11, 1937, in Canyon, Texas. Reed and Maudie live on the Lawson homeplace in the Lone Star Community. Reed has lived and farmed in Floyd County all his life. Reed and Maudie have two children, Sandra "Sunny" and Reeda Cay.

Sunny was born June 26, 1940 at Lockney. She started school at Lone Star and attended there through the seventh grade. Then she attended school at Lockney where she graduated in 1958. She started college the next fall at Texas Tech University in Lubbock, Texas and later received her degree in secondary education from Texas A&I in Kingsville, Texas. She married Larry Hammit also of Lockney on June 28, 1959. Larry graduated from Lockney in 1958. He attended Texas Tech University where he received his degree in chemical

engineering. He received his Masters from Texas A&M. He has been with Pittsburgh Plate Glass Product Company since 1963. Sunny and Larry are now living in Pittsburgh, Pennsylvania. They have two children, Garry and Julie.

Reeda Cay was born February 26, 1955 at Lockney. She attended the Lockney schools and graduated from Lockney High School in 1973. She started college at West Texas State University in Canyon, Texas. She later received her degree in secondary education from Texas Tech University. She married Dan Smith also from Lockney on December 28, 1976. Dan graduated from Lockney High School in 1972. He attended Abilene Christian University and later received his degree in Agriculture Economics from Texas Tech University. Reeda Cay and Dan live in Lockney. Dan farms north of Lockney.

## Wit and Wisdom

By Charles Keaton  
The Hesperian-Beacon

If a June night could talk, it would probably boast it invented romance.

-Bernard Williams

June falls asleep upon her bier of flowers; In vain are dew-drops sprinkled o'er her, In vain would fond winds fan her back to life, Her hours are numbered on the floral dial.

-Lucy Larcom

Green was the silence, wet was the light, the month of June

trembled like a butterfly.

-Pablo Neruda

It is better to be a young June bug than an old bird of paradise.

-Mark Twain

It is the month of June, the month of leaves and roses, when pleasant sights salute the eyes and pleasant scents the noses.

-Nathaniel Parker Willis

On this June day the buds in my garden are almost as enchanting as the open flowers. Things in bud bring, in the heat of a June noontide, the recollection of the loveliest days of the year, those days of May when all is suggested, nothing yet fulfilled.

-Francis King

I wonder what it would be like to live in a world where it was always June.

-L. M. Montgomery

In June as many as a dozen species may burst their buds on a single day. No man can heed all of these anniversaries; no man can ignore all of them.

-Aldo Leopold

And what is so rare as a day in June? Then, if ever, come perfect days.

-James Russell Lowell

There are moments, above all on June evenings, when the lakes that hold our moons are sucked into the earth, and nothing is left but wine and the touch of a hand.

-Charles Morgan

# CHURCH DIRECTORY

## Faithful Service

Whatever you do, work at it with all your heart, as working for the Lord . . . It is the Lord Christ you are serving.

—Colossians 3:23-24 (NIV)

As a new social worker, I quickly realized that counseling teens through trauma, anxiety, depression, and conflict can be draining and overwhelming. I began to feel discontent with the job I had dedicated years of education to and was discouraged by the problems that never seemed to be solved in the lives of my clients.

When I started attending a new church, I wondered about their logo — a series of arrows pointing upward. The pastor talked about the idea of "vertical living": doing everything for the glory of God. It took time for this radical idea to sink in. Going to church, reading the Bible, praying, donating to those in need — these aren't the only

ways to bring glory to God. When my view of doing everything for the glory of God expanded to include the mundane details of my life — cleaning the house, taking care of my family, showing love to my friends, and even going to work every day — the burden of being unable to solve all of my clients' problems lifted. I realized that my role was not to solve every problem but to be the light of Christ in their lives, to bring God the glory through my faithful service. That has brought new meaning to my life's work, no matter how mundane at times — eternal meaning that surpasses any earthly satisfaction. To God be the glory!

—Heather Artushin (Michigan)

For those of us in agricultural communities, the rain is a blessing and will bring growth and abundance to our labors. I thank God that the destructive storms, mostly, missed our communities and their residents.

As I watched weather forecasts this week, planning when to dart out to activities and when to cautiously stay home (Ha! Weather doesn't seem to deter West Texans!), I pondered today's detailed weather forecasting. Just think-only two decades ago, we were watching the movie Twister and dreaming of advanced warning systems. Now, forecasts can determine, down to which minute and which streets, a tornado will hit. I am grateful that, although severe wall clouds and rotation came near, our communities were by-passed.

As to the rain showers...I did get out and do some 'covering up/protecting' of my garden plants. From what I have seen, most of those plants that were standing seem to have weathered the intense storms enough to bounce back with some sunshine. Those seeds that I hurriedly got into the soil before the moisture are now poking their heads through the mud, as those empty rows are now little lines of green.

Due to the oncoming storms, I got busy and harvested my kale seeds. Those seed pods are in the garage drying out a bit, but I should have oodles of seed. Not that I really need it, but I really didn't want it to re-seed those beds too heavily. Plus, I have some replacement tomato and chili plants that need some warm, loose soil for the summer months.

Although we have gotten a few pickings of brussels sprouts, broccoli mini-heads and cabbage leaves, those are also going to seed now. I'll probably let them stick around for a few more months to provide greens for our bunnies, but they will be removed in August in order to plant for the winter gardens. Until autumn planting, those brassica veggies will be a welcome treat.

The butterflies have certainly taken advantage of our spring flower gardens; summer varieties have sprouted and will be stretching up to the sunshine. I have taken a different approach this year—mixing flowers and vegetables in all my garden beds. It makes sense—the goal is to entice those pollinators so that our plants are more productive. I am looking forward to the beauty that will undoubtedly result—I've already got my chairs positioned for simply 'viewing' as the lush greens intertwine with bright pinks, purples, blues, reds, oranges and yellows produce bright splashes of color!

# WE SUPPORT OUR TROOPS

## The Real Reason For Memorial Day

Greater love has no one than this, that he lay down his life for his friends. -John 15:13

While you celebrated Memorial Day with family and friends this past holiday, what were you celebrating? Was it to mark the beginning of summer? Was it just another long weekend?

Memorial Day is a national holiday that started during the Civil War with "Decoration Day". All through out the states people gathered at cemeteries to decorate the graveside of soldiers that had lost their lives in the Civil War. In 1971 it became Memorial Day and was extended to include all the service members that lost their lives in all American wars. It is a day of remembrance to honor all service members that lost their lives in the pursuit of America's freedom.

From the first war, the American Revolution back in 1775, Americans have dreamed of freedom and have fought bravely to achieve it. Even though we only had about 2.5 million citizens at that time, about 80,000 picked up their guns to fight. Of those first few, 8,000 lost their lives. The United States Armed Forces was

founded on June 14, 1775 and our independence was won on July 4, 1776.

Throughout our American history our troops have fought in over 70 wars and lost more than 42 million service members. When we joined the military, we all considered the potential to lose our lives in battle, it never stopped us from joining the fight. Regardless of branch, rank, or job; the reality was the same, we would not all make it back home. Fighting for a country that, at times was ungrateful

and sometimes against the military, was and is still an honor that only 0.4 percent of Americans experience.

These few brave men and women laced up their boots and started their day at an hour that no one would ever willingly be awake at. They were thousands of miles away from loved ones and at times didn't even know what tomorrow would bring, when they would be home, or if they would ever make it back home. The family and friends that they left back at

home waited weeks, months, and even years to hear from their soldier. They listened to the news in hopes that they wouldn't hear a familiar name. They prayed that they wouldn't see their loved one's name among those lost. Their hearts would stop every time a decorated service member would approach their door.

There was also an impact on those that served with those that were lost. Losing a battle buddy was like losing a brother or sister would. They car-

ried their loss around while continuing the fight. These brave soldiers still carry their memories around with them when they came back home. They know what Memorial Day is really about, so please do not thank us for our service on this day. You can thank us veterans every day, except this day. This day is not for us, it is for all those that lost their lives. This day is so much bigger than a day off, it is for those that lost their lives fighting for America's freedom.

The following wars are the ones that lost the most American service members:

- American Revolutionary War - about 25,000
- War of 1812 - about 15,000
- Mexican-American War - 13,283
- Civil War - about 620,000
- Spanish-American War - 2,246
- Philippine-American War - 4,196
- World War I - 116,516
- World War II - 405,399
- Korean War - 36,574
- Vietnam War - 58,220
- Operation Enduring Freedom - 2,347
- Operation Iraqi Freedom - 4,410

## Veterans 'Impact' Jr High Kids

By Letesha Gaither  
American Legion Post #141

LOCKNEY - On May 21st Lockney Junior High took part in Impact Day, put on by the American Legion Post #141 along with Floyd Co Sheriff Officers, dedicated teachers and school officials, and the ACE Coordinators. The day started with a morning briefing of the events to follow by Principle Craig Setliff and veteran Ty Wilson. The point of the day's activities was to build trust, work on communication, leadership building, and most importantly, improve teamwork. Everyone must work together or lose points; it wasn't just about the game itself but the way they solved the challenges together as a grade level. So 6th grade, 7th grade, and 8th grade was all in competition and it went better than expected. They all competed in Tic Tac Toe Toss, Hula Hoop Transfer, Water Balloon Toss, Fill A Bucket Challenge, Land Mine Challenge, and Hula Hoop Tower.

Principle Setliff described the day, "I was really excited to see the American Legion spending time with and investing in our kids and I really appreciate their care and concern with our youth." He was impressed watching the students work together to solve problems and complete the mission at hand. The veterans are interested in starting a mentorship with the school to help guide our youth through obstacles, build their self-esteem, and have fun while doing it.

The teachers' enthusiasm helped push the teams to work together faster and harder; however, it was no easy task to encourage the students. The teachers could not instruct their students on how to solve the challenge, or how to lead others. The goal is to see how the students learn on their own to work together. The teachers that helped in the event

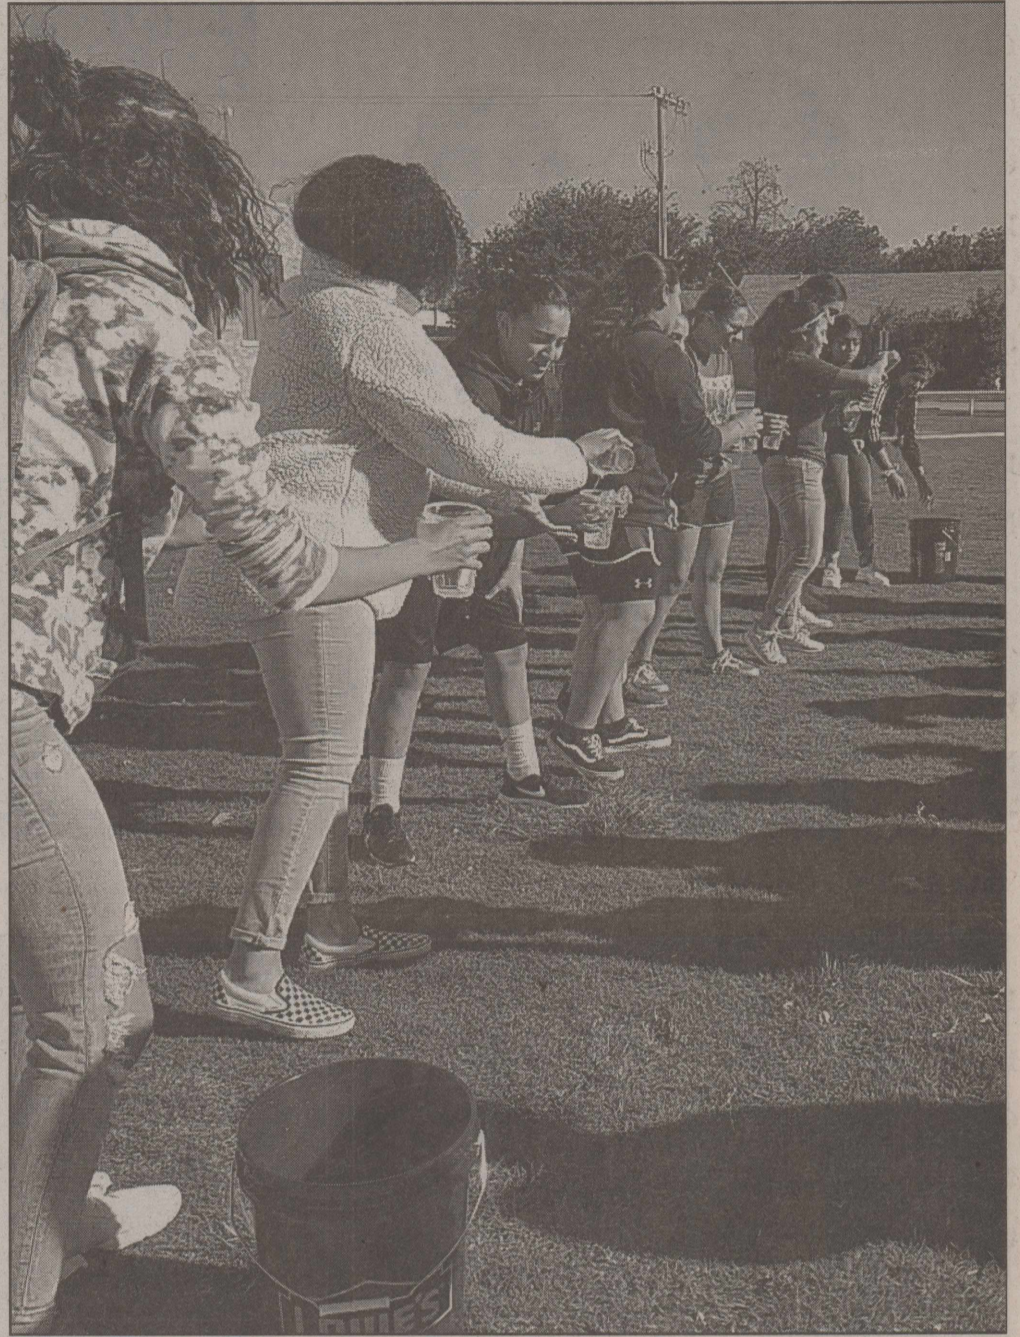

were: Haley Bradley, Donna Bryan, Robin Race, Matt Rehkopf, Todd Korchenko, Becky Guerrero, Todd Bryant, Gail Threet, Rick Day, Shandra Kidd, Adrian Gutierrez, Brenda Poole, and Elizabeth Rodriguez. Both Jessica Naranjo and Shaina Hart, both the ACE coordinators, helped in the planning and facilitating of the event.

Shandra Kidd sent a thank you out saying, "Great team building experience. The kids and teachers enjoyed all activities. Thank you to our American Legion for your commitment to our youth." In the Land Mine Challenge, Mrs. Kidd could be seen encouraging her students in the middle of the course. She shared the students' excitement when their grade won in both the games and teambuilding points. An awesome sight to see when you see all kids in the gym cheering for the winners. The scores were very close though. In most events, each grade level was only a few points away from each other.

"The kids really seemed to enjoy the activities. I thought the students did really well on the Hula Hoop Tower," added teacher Gail Threet. In this event the students divided into teams and had a set amount of hula hoops. They had three minutes to plan and seven minutes to build the tallest, free standing tower using only the hula hoops. This task sounds easier that it is, but they managed to get towers build up to even 54 inches tall.

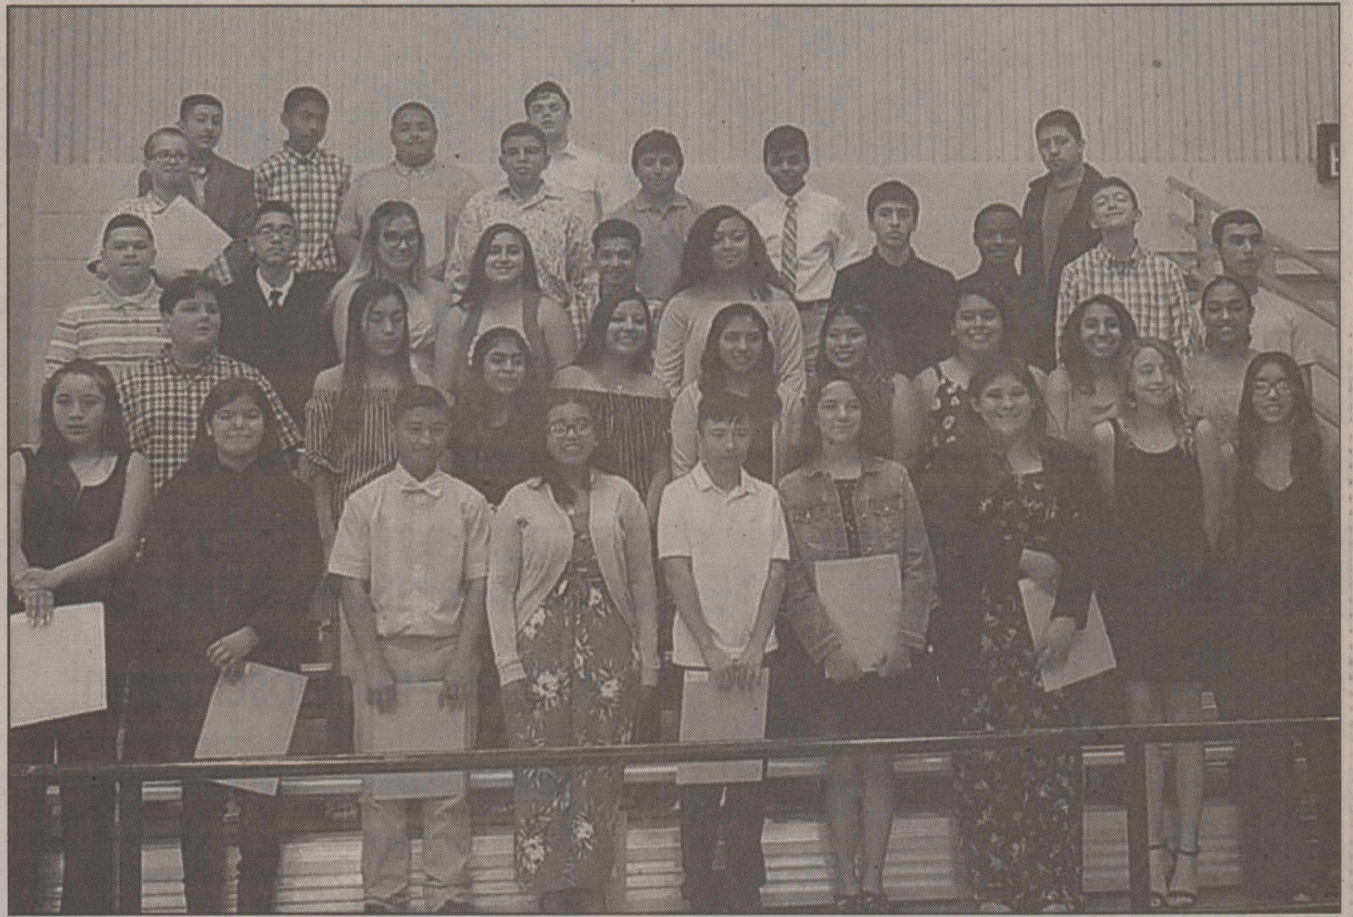

Judge Ed Marks commented, "Our guys and gal did an outstanding job and if we made an impression on just one student it was all worth it. I am thrilled with the kids and staff and look forward to next year's Impact Day being even better."

The veterans that helped with the event were: Judge Ed Marks, Sheriff Officer Alberto Soto-Gonzalez, Billy Hunter, Ty Wilson, Gary McCain, and Letesha Gaither.

## Reagor-Dykes Saga Continues

Special to The Hesperian-Beacon

LUBBOCK, TX - The State of Texas is now involved in the ongoing legal chaos surrounding the former Reagor-Dykes Auto Group.

Attorney General Ken Paxton's office, on behalf of multiple municipalities and counties that once housed Reagor-Dykes stores, filed the motion in Travis County District Court to recoup more than \$52,000 in back taxes and interest fees from Bart Reagor and Rick Dykes.

The lawsuit, filed last month, says the money is being sought against the pair as the responsible parties of Reagor Dykes Auto Company, LP. It states that under provisions of current State of Texas and Federal Tax Code, the two are responsible since their names appear as owners of the business in the state's Comptroller of Public Accounts office.

The state is seeking money from previous dealerships on behalf of the cities of Amarillo, Floydada, Lamesa, Lubbock, Plainview and Snyder, as well as for the counties of Dawson, Hale, Lubbock and Scurry.

The \$52,000 is a collective amount from the cities and counties in a two-month period from July to September of last year. The auto group filed bankruptcy on August 1.

Bart Reagor will have to join his former business partner Rick Dykes in paying Ford Motor Credit millions of dollars as the co-guarantor of the Reagor-Dykes Auto Group.

Judge Sam Cummings denied an objection to his earlier ruling that said Reagor and Dykes must repay more than \$110 million in loans and interest to Ford Motor Credit.

Attorneys for Rick Dykes agreed to settle his portion

of repayment in April for \$58,712,000.

As owners of the auto group, Reagor and Dykes agreed to back loans their dealerships used to purchase vehicles, many of them from Ford Motor Credit.

Attorneys for Reagor claim that the actions of former CFO Shane Smith were done in the name of Reagor and Dykes without their knowledge, and that Ford Motor Credit "knew or should have known" that the dealership was accruing that much debt, therefore Reagor was not responsible to repay the loans.

Judge Cummings' order issued Friday states he overruled the objection because contract terms entered in between Ford and Reagor "are clear and unambiguous," and states that there have been multiple defaults on the loans.

Because Dykes has agreed to pay his portion of the money, Cummings said Ford could submit an amended proposed judgement for repayment by June 3. Cummings also allowed Reagor's attorneys 14 days after the amended proposal to submit an additional objection.

International Bank of Commerce Oklahoma filed a petition against several Reagor Dykes companies and personally against Bart Reagor and Rick Dykes on Wednesday, claiming they have defaulted on millions of dollars worth of loans and promissory notes.

The petition lists 10 promissory notes loan agreements, and guaranty agreements totaling more than \$35 million.

The complaint states that the RDAG companies "have failed and refused to fulfill their obligations under the Guaranty Agreements" and are liable for overdrafts on their deposit accounts.

IBC says they foreclosed on multiple Reagor Dykes properties that were pledged as collateral on May 7 but they say the total value of foreclosure proceeds amounted to \$16,421,000.

IBC says RDAG, Dykes and Reagor still owe approximately \$26 million on guaranty obligations owed to IBC after application of all foreclosure proceeds, payments, credits and offsets as of May 7, 2019.

# ISDs honor Retirees

Deon Fincher/Hesperian-Beacon

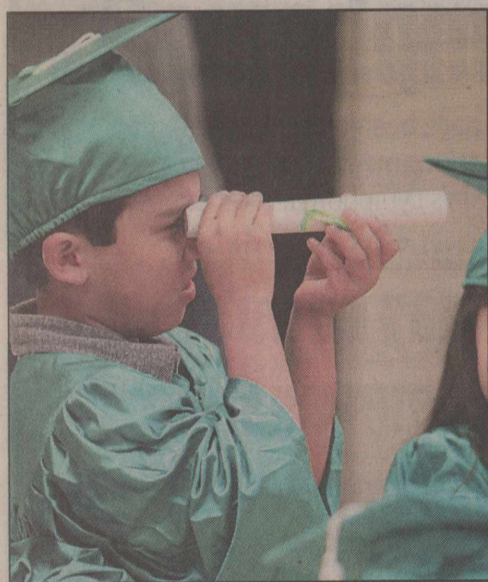

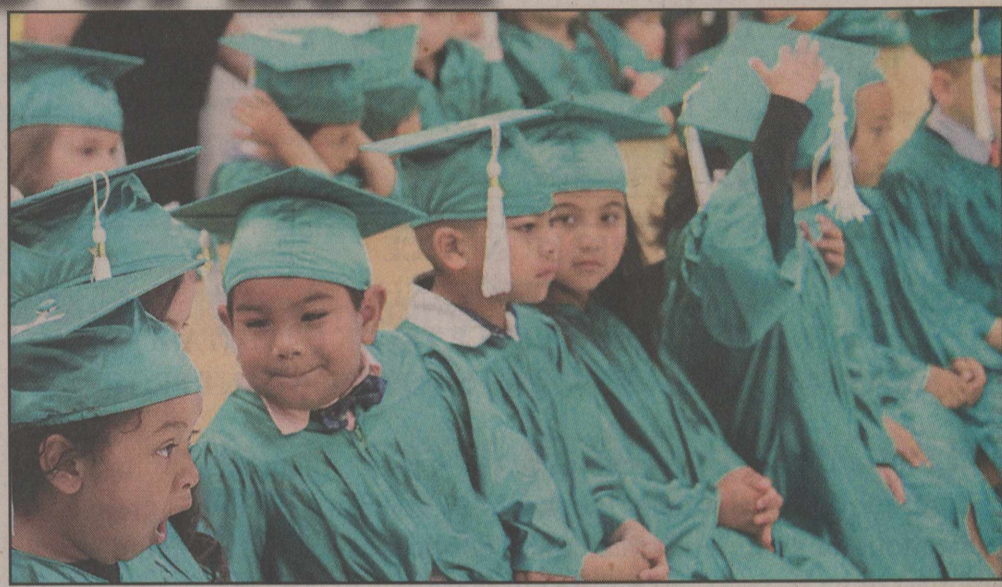

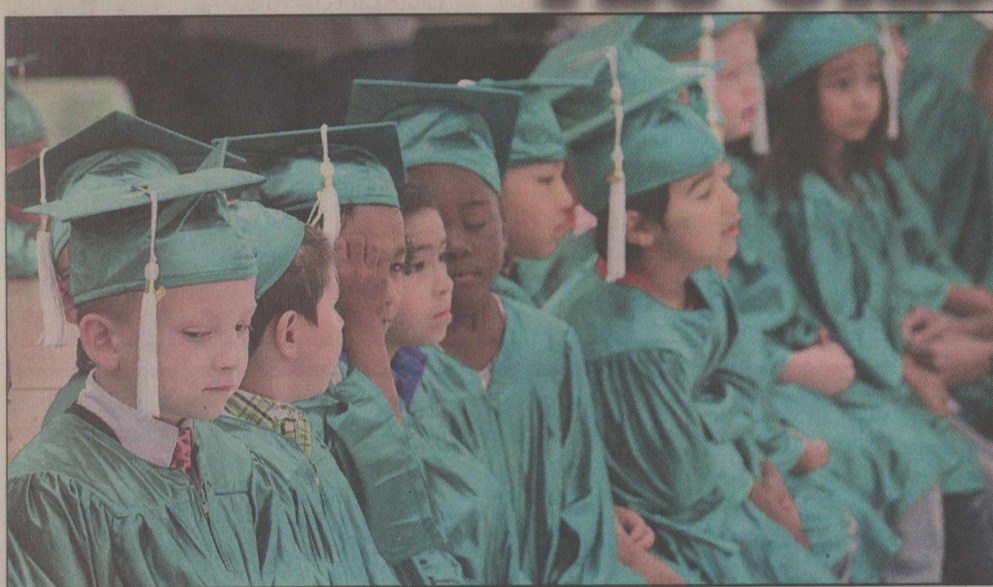

2019 FISD RETIREMENT Reception was held to honor Dr. William Dean, Sallye Lyles and Penny Giesecke. Dr. Dean dedicated 22 years to the FISD Schoolboard. Mrs. Lyles taught history for 43 years with FISD and 48 total years devoted to education. Mrs. Giesecke gave 36 years as Librarian in the Floydada schools. These individuals deserve our greatest devotion and will be missed!

LOCKNEY - The 4th Graders at Lockney Elementary spend countless hours on their Wax Museum project. This year

was no different. Each student must look back through history and find one individual that 'speaks' to them. Next comes the intensive research. The information gathered becomes a poster that describes the historical as-

pect of that person as well as why the student related to said person. A costume is created. The 'unveiling' of all of this work comes with the opening to the student's school peers and parents. Each student stands with their poster.

As onlookers view their work, the students 'come to life' dispensing the wealth of information they have obtained. The entire event is quite the undertaking; but the students are the highlight and they never cease to impress.

**MADISON CHANCE**

Her guardians are her aunt, Bambi Session, uncle, Chris Session and grandmother, Study Cochran. She plans to attend West Texas, majoring in Sports and Exercise Science then become a physical therapist. Her favorite memory in high school is the day she made it to state in powerlifting. She said she worked so hard to get there and God helped me understand that "Strong is Beautiful."

**CESAR CIENFUEGOS**

He is the son of Amanda Cienfuegos and Cesar Cienfuegos. He plans to join the military.

**ISABEL CRUZ**

She is the daughter of Veronica Cabrera. She plans to attend South Plains College and pursue a career as a teacher and a coach. Her favorite memory in high school is her freshman year at Crosbyton where she was a part of a wonderful team in cross country, basketball, softball and track.

**MASON ESTY**

He is the son of Aaron and Tracy Esty. He plans to enlist in the U.S. Army and become a Army Ranger.

**ALEXANDER GARCIA**

He is the son of Shirley Casares. He plans to attend college beginning in July to pursue a career as a welder. My favorite memory in high school is during his sophomore year, when they were in English and he flat out said it's the 32nd out loud and the whole class started laughing at me. He said, "I felt so dumb."

**BRYSON HALLMARK**

He is the son of Todd and Shana Hallmark. He plans to attend Texas Tech and study to become an Air Force pilot. His favorite memory in high school is graduation.

**MAYKALA HERNANDEZ**

She is the daughter of Esmeralda and Alberto Sotogonzalez. She plans to attend Texas Tech University and major in physics and astronomy. Her favorite memory in high school was doing Senior Skip Day the right way and making the Class of 2018 angry and jealous because of it. Also, going to Six Flags Over Texas for the first time with Mr. and Mrs. Baum.

**SIERRA LANDEROS**

She is the daughter of Esmeralda Espinosa and Melet Landeros. She plans to attend Angelo State and major in social work. Her favorite memory in high school was becoming closer to several of my peers I never spoke to before high school. She is sad they grew close towards the end rather than sooner.

**REAGAN LEAH NUNCIO**

She is the daughter of Ruben Castillo and Amber Nuncio. She plans to attend Eastern New Mexico to pursue a teaching and coaching degree in Chemistry and play at the collegiate level. Her favorite memory in high school is from her freshman year when she was part of the softball team that went four rounds into the playoffs, making school history.
