

Base Lauded For Welfare Fund Contributions

'Rascal' Missile Coming Here

People Of Base Give Liberally, Director States

Reese personnel this week received high praise for their contributions to the Joint Crusade of CARE and Crusade for Freedom. Base people gave in the extra envelope which they turned back during the annual health organization drive.

The regional director reported that \$972.38 was given by Reese personnel in the drive to provide funds for CARE and the crusade.

"The federal employee has a high sense of value for those things which help mankind," Ellis Campbell, Jr., chairman of the Federal Services Joint Crusade, wrote Lt. Col. Robert L. Velde, Reese project officer. "They are among the first to lend a helping hand. The happiest experiences of my life have been in working with federal employees in activities like the Joint Crusade.

"I wish to commend you for the time you have devoted toward the Joint Crusade and for the wonderful spirit manifested this year.

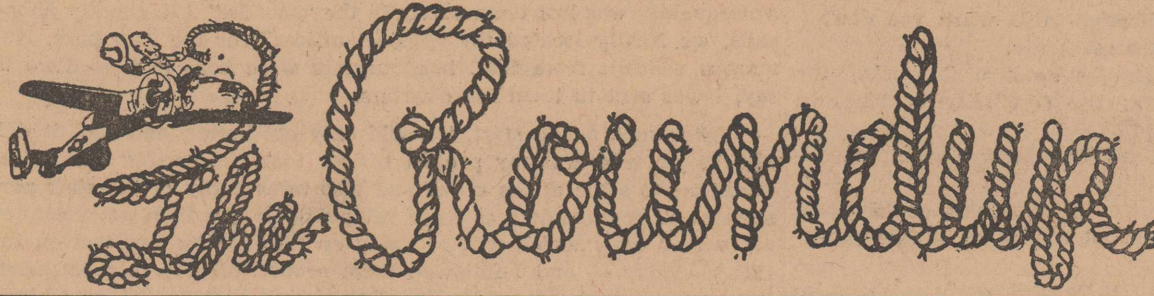

"Again I would like to thank you and the men of Reese Air Force Base for helping these organizations fight Communism and starvation."

Base military and civilian personnel contributed \$2,318.02 to the Federal Services campaign for National Health Agencies in January and February, Colonel Velde was advised Tuesday. The envelopes containing the funds were sent into Lubbock headquarters for tabulation.

"The total is extremely good," the colonel commented. "It shows that Reese people are interested in their neighbors and are ready to aid the community."

THE AIR FORCE JOB: BIG AS THE SKY . . . THE AIR FORCE FUTURE: UNLIMITED AS SPACE.

U. S. AIR FORCE — GUARDIAN OF FREEDOM

VOLUME IX

Lubbock, Texas, Friday, April 11, 1958

NUMBER 20

Austin Pastor Mission Speaker

The annual Protestant Mission will be held next week with the Rev. Albert F. Jesse, pastor of St. Paul Lutheran church of Austin, as the guest speaker and Ron Smeenge, director of youth at the First Nazarene Church, Lubbock, as song leader. Services will be at 10 a.m., 11 a.m., and 7:30 p.m. in the chapel on Sunday and at 7:30 p.m. Monday through Friday. "Victory in Life's Great Tests" is the week's theme.

Reverend Jesse also will hold various meetings throughout the base during the week. Each evening he will participate in the fellowship hour in the Chapel Annex following the evening service. Monday at 9:30 a.m. he will hold a service in the 3505th Field Maintenance Squadron engine hangar, Building T-70; at noon he is to hold a service in T-75 for instructors and students of the 3500th Pilot Training Squadron; and at 2 p.m. he will visit T-59 for a meeting with sheet metal shop personnel.

Three more services will be held Tuesday.

At 9:30 a.m. one will be in T-82 for the 3501st Periodic Maintenance Squadron workers; at noon a banquet will be held for Group and Wing Staff officers in the Officers Club; and at 2 p.m. a service for personnel of the 3502nd Periodic Maintenance personnel will be held in T-92.

Wednesday services will be at 9:30 a.m. in T-366 for supply personnel, refueling personnel, installations, and Transportation personnel; at noon in T-91 for 3501st Pilot Training Squadron (Continued on Page 8)

Major To Receive Commendation Ribbon At Wing Review In Graduation Ceremony

Maj. Frank E. Fleming, base accounting and finance officer, will be awarded a commendation ribbon during the wing review incident to graduation of Class 58-J on April 26.

Lieutenant Franks Joins Chapel Staff

First Lt. William D. Franks, native Texan, has arrived at Reese to serve as a Protestant chaplain. He will fill the space being vacated by 1st Lt. James M. Holmes, who is being re-assigned to Graham Air Base, Fla., a civilian contract training school.

Chaplain Franks, son of Ernest Franks of Vernon, was born in Teague, Tex., and was graduated from Electra High School in 1949. He was graduated from North Texas State College in 1953 and from Iliff School of Theology in Denton in 1956. He later attended the Chaplain's course at Lackland AFB.

The new Reese chaplain came from Francis E. Warren AFB, Cheyenne, Wyo. He is married (Continued on Page 8)

Reese Aids ATC Get Commendation For Safe Flying

Reese's flying safety record played a major part in the ATC flight safety program which this week was commended by Gen. Thomas D. White, Air Force chief of staff.

In 1957, ATC accumulated more flying hours than any other Air Force command and 28 per cent of total Air Force flying time. As a result, the ATC major aircraft accident rate was a significant factor in determining the 13.6 Air Force-wide flying accident ratio, and the Reese figures aided ATC.

ATC's rate for the year was 13.8 accidents per 100,000 hours of flying. Reese's rate was less than half that of ATC.

General White in his letter to Lt. Gen. Charles T. Myers, ATC commander, noted that most flying hours logged by ATC have been accomplished by students or by relatively inexperienced pilots. He added that an understanding of the seriousness of accident prevention problems which ATC students carry with them into other commands also contributed to the reduction of Air Force accident rates.

The general cited that the degree of professional proficiency acquired and displayed by ATC supervisory personnel was an important factor in the command's accomplishment.

The citation says that the major distinguished himself by meritorious service as accounting and finance officer at the Royal Air Force station at Sculthorpe, England, from Feb. 1, 1955, to Dec. 1, 1957, performing his duties in an outstanding and distinctive manner.

"The untiring efforts displayed by him in developing and systematizing finance services have contributed immeasurably to the high state of welfare and morale of RAF station at Sculthorpe," it is stated.

Major Fleming is lauded for prompt payment of claims and efficiency of other services which increased troop morale.

The major has been assigned to Reese about two months.

Personnel Welcomed To Tech's HE Show

Reese personnel and their families have been invited to the 21st annual Open House of the Texas Tech school of home economics April 18 and 19. Hours will be from 1 to 9 p.m. on Friday, April 18, and 9 a.m. to 5 p.m. the following day.

Work offered by the school is to be presented in entertaining and instructive manner. There will be movies, demonstrations, style shows, exhibits, equipment, and crafts shown. The program is intended to interest women, men, and children.

The annual Tech engineering show also will be held on the same days.

Air Force Gives Aid To Tech's Annual Showing

The Air Force this week gave a boost to the Texas Tech annual Engineering Show with announcement it will send an air-ground missile, THE RASCAL, to the campus for display next week.

The missile will be flown to Reese late Monday or early Tuesday and will be moved on a truck to the campus. Arrangements to bring THE RASCAL for the show were made by Reese officials. The display will remain on the Tech campus until next Friday evening, when it will be returned to its permanent station.

THE RASCAL, officially known as GAM-63, is one of the most recent to enter the missile inventory, the AIR FORCE TIMES states in this week's issue.

Bell Aircraft is the prime contractor; Radio Corporation of America, Texas Instrument Company, and Arma Corporation team on guidance components, the TIMES stated.

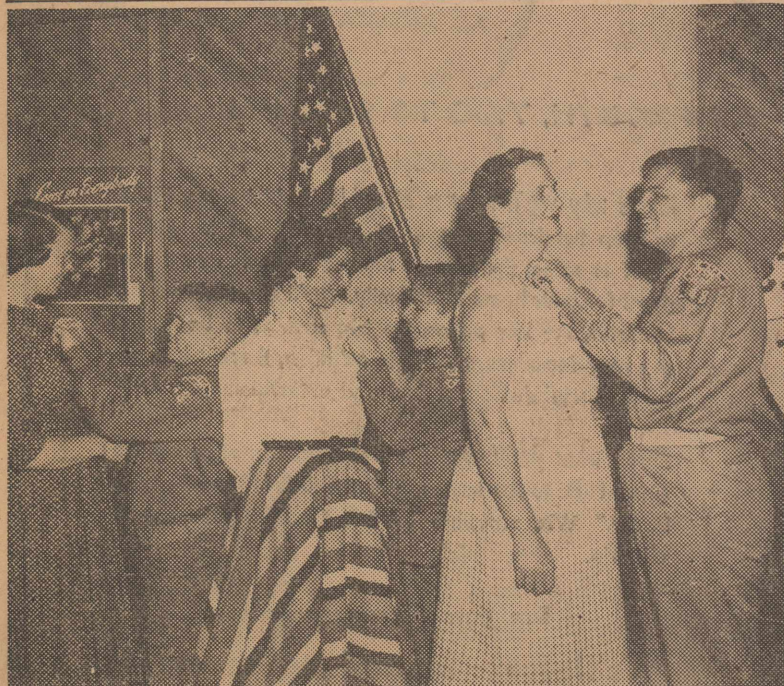

The missile, 32 feet long and 4 feet in diameter, tucks under the wing of a B-47 and is launched at supersonic speed over 75 miles from the target. The target can be completely destroyed. Bell Aircraft has been at work on the RASCAL program since 1946, the TIMES made known.

The Texas Tech Engineering Show annually draws thousands of persons. Reese personnel have visited the display areas in past years and have been especially invited again. Major focus on all areas will be late next week.

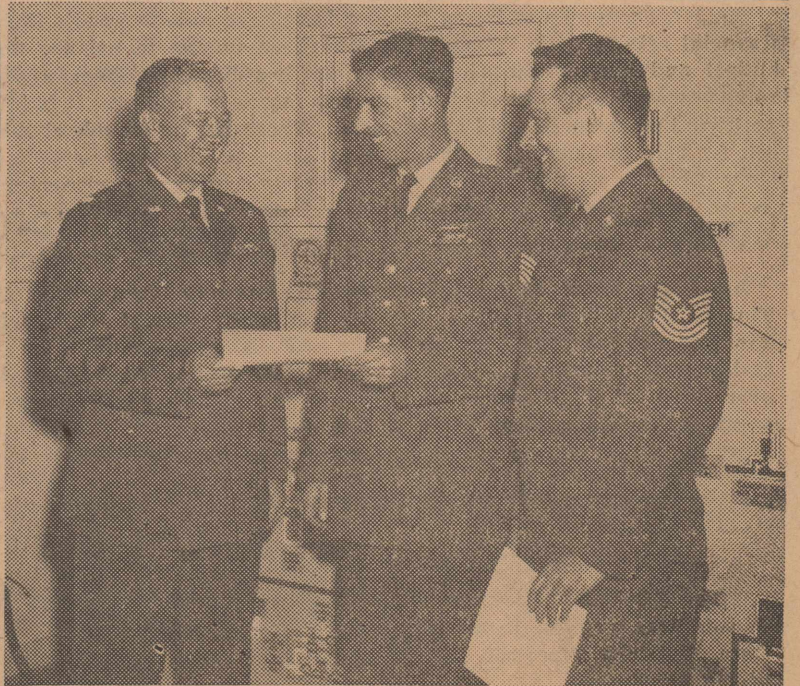

Several Space Vehicle Programs Continued

Secretary of Defense Neil McElroy announced March 27 that DOD's Advanced Research Projects Agency will proceed with several programs for launching a number of small unmanned space vehicles.

The program, approved by the President, includes both scientific earth satellites and efforts to determine our capability of exploring space in the vicinity of the moon.

NEW SWITCH—At last week's "Court of Honor" ceremonies of Reese AFB Boy Scout Troop No. 148, the parents of several scouts received miniature Boy Scout pins. The mothers receiving the pins from their sons are: (left to right) Mrs. Victor Correll and Victor, Jr., Mrs. Daniel R. Kester and Steven, Mrs. Francis Makowsky and Michael. (See story Page 8.)

HONOR GRADUATES — T/Sgt. A. F. Roy receives a certificate of completion of the Communications Specialist Course given by the Mobile Training Detachment. He was honor graduate of the course. Lt. Col. Mansell B. McElroy, M&S Group executive officer, makes the presentation as M/Sgt. Rodney O. Bills, honor graduate of the Aircraft Maintenance Technical Course, looks on.

Bible Works, Regardless Of Author

A mechanic was called in to repair a giant telescope. During the noon hour he paged through a well-worn Bible as he munched his sandwich.

"What good do you expect to get out of that?" asked an astronomer. "You don't even know who wrote it."

The mechanic looked puzzled for a moment. Then he looked up and said: "As an astronomer you use the multiplication table, don't you? Do you know who wrote it?"

"Why no, I guess I don't."

"How can you trust the multiplication table when you don't even know who wrote it?" probed the mechanic.

"We trust it because . . . well, simply because it works," the astronomer replied, almost surprised at the simplicity of his own answer.

"Well," said the mechanic, "I trust the Bible for the same reason—it works."

Those of all our faiths who have made this discovery of this book, "It Works", are usually found in the chapel service on Sunday mornings.

Because it can be said of the Bible, "It Works", we have chaplains and chapels in the USAF. The program of the chaplain is to strengthen the moral and spiritual life of each man and women in the Air Force by applying the truths of this Book to the life in the Air Force. Make use of your chaplain, attend chapel regularly, let the Book that works, work in your life. You, the Air Force, your country, the world, will be that much better if you do.

(Borrowed from THE SKYLINER, F. E. Warren AFB)

...and the same God that gave us life, gave us liberty at the same time...

It's doubtful that every American knows how much the way we live today is influenced by the life and thought of a statesman whose birthdate we observe April 13.

That man is Thomas Jefferson, third President of the United States. It was in his lifetime, 1743 to 1826, that our nation came into being, and it was in the work of his life, including the Declaration of Independence, that much of our nation's future was formed.

In 1774 he wrote that "... the same God that gave us life, gave us liberty at the same time . . ." In that phrase, freedom is pictured as a God-given right, something that automatically belongs to anyone who happens to be alive.

There was another side of Jefferson's thought, a view that lives today in our system of free elections. In this view, freedom is something that must be maintained by democracy. In democracy, everyone must use his vote, as a right and as a duty.

For us as members of the Armed Forces, Thomas Jefferson would point to an extra obligation to vote. As public servants, we are, in his view, committed to defend our nation, not only with missiles and bullets, but with intelligent use of the free man's weapon—his vote.

(AFPS)

Debts, When Made, Should Be Paid

Buying more than can easily be paid for has become a bad habit for the American people, a habit which has become troublesome for not only the buyer and seller, but also for the supervisors and organizations for whom the buyer works.

The Reese commander and his staff have given much study to indebtedness and general financial standing of base personnel. Several steps have been taken to assist all persons in proper handling of finances. Every effort is being made to see that letters of indebtedness are kept at a minimum.

It is so easy to buy when high pressure salesmen and others say the "easy payments" can come later. Then something happens to take the money expected to go for the payments.

A large majority of Reese families have been able to handle their financial affairs well. Those who have been unable to balance the budget and keep creditors happy are urged to seek counsel from squadron commanders who have given study to means of helping. It is imperative that debts be paid as promised. Those having trouble should ask for help in handling their money.

Congress Told 105 Wings Planned In 1959

Air Force Chief of Staff Gen. Thomas D. White outlined the Air Force's proposed structure and expected manpower strengths over the next three years before a special subcommittee of the Armed Services Committee. In his testimony General White said the AF is programming for a force structure of 105 wings in Fiscal Year 1959 (which begins this July 1).

SAC FACS

By
Lt. Rodney P. Williams
Reese Air Force Base

Dear Mac:

We got to Hunter at 1310 hours on Wednesday, 12 March. As you probably read, Hunter figured heavily in the nuclear bomb incident up at Florence, N. C. Well, I arrived right in the midst of all this and consequently was lost temporarily in the "shuffle." After many phone calls, we finally located my "project officer" for the stay here. Numerous officials from SAC headquarters were here and needless to say, I was sent to town for quarters.

After such a bad start, it could only get better, and that it did. The Major who was my project officer took me around and introduced me to some of the crews and also to as many of the staff personnel and commanders as were yet available. He then got me lined out with a crew which will be going on "Reflex" to England on the 19th — today — and I followed them around all day to their briefings, and at each place, the briefings being secret — I was asked "Who the h--- are you and what are you doing here?"

Each time both questions stumped me, and I said "Call my project officer." He will really be relieved when I leave I am sure. Actually though, after they found out who I was and why I was there, they answered any questions I might ask and continued with their briefings, which, I might add, were very interesting and comprehensive. Tomorrow we are going to pre-

flight the "bird" and make up the flight plan. I said we — I mean they. The pre-flight takes something more than three hours and the flight planning takes a much longer time with the AC—pilot and navigator all working like mad over stacks of performance charts and maps and plans and I don't know what all. I am exhausted already, just thinking (Continued on Page 3)

WARDS

Announces . . .

"Carnation Night"

AN EXCITING EVENING PRE-VUE OF WARD WEEK . . . THE SALE WHERE ALL AMERICA SHOPS AND SAVES!

TUESDAY,

APRIL 15TH, 7:00 TO 9:00 PM

Here's why you'll want to attend! You'll be the FIRST to shop hundreds of special Ward Week bargains! FIRST to select the best of the values—whatever you need for your home and family. You'll like the exciting features, the low prices, the big savings to be found in every department, AND, in addition, there'll be fun, gifts, special demonstrations and entertainment for all!

Here's what you'll enjoy! A beautiful carnation will be given FREE to the ladies. REFRESHMENTS are "on the house." Win valuable DOOR PRIZES—everyone is eligible.

See demonstrations galore!

We'll look forward to seeing the families of every member of the RAFB personnel.

Personnel Urged To Participate In Primaries, General Elections

Reese personnel this week were urged to perfect preparations for voting in primaries in their home states.

"This year is an important one for all states," 1st Lt. Bobby Hayes, voting project officer, commented. "Everyone on the base should vote in the primaries and general elections. It is already too late to participate in the Illinois primary, held Tuesday of this week, and the New Jersey primary, scheduled for next Tuesday. But there is time to enter primaries in the other states."

The lieutenant pointed out that general elections are held on November 4 in all states except Maine, where voting is September 8.

Ten states hold primaries in May. Alabama, Indiana, and Ohio are on May 6, Nebraska and New Mexico May 13, Oregon May 16, Maryland and Pennsylvania May 20, Kentucky May 27, and North Carolina May 3.

Seven other states have primaries in June; Iowa June 2, California, Montana and South Dakota June 3, South Carolina June 10, Maine June 16, and North Dakota June 24.

July 1 is the Oklahoma primary date. Virginia has its primary on July 15, Louisiana on July 19, Texas July 29, and Arkansas July 29.

Kansas, Michigan, Missouri, and West Virginia select party nominees on August 5. Tennessee votes August 7, Idaho August 12, Wyoming August 19, and Mississippi August 26.

September 9 is the primary date

in Arizona, Colorado, Florida, Minnesota, New Hampshire, Utah, Vermont, Washington, and Wisconsin. Nevada votes September 2 and Georgia September 10. Massachusetts has its primaries September 16 and Rhode Island Democrats pick party nominees September 15 and Republicans are selected September 24. Delaware has no primaries and in Connecticut primary dates vary.

Lieutenant Hayes cited that runoff primaries are held on various dates following primaries in Alabama, Arkansas, Connecticut, Florida, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina and Texas.

Other details of voting may be obtained from the lieutenant in the Personal Affairs office.

ECI Starts New Course In Administrative Area

ECI at Gunter AFB has activated a new course in the administrative career, Stenographic Specialist, a four-volume course carrying credit value of 201 study hours and 67 points.

To be eligible, the applicant should be a high school graduate working in the 70 field. Airmen must possess a minimum clerical aptitude index of 5 on the CAB or AQE, have an AFSC of 70230 or 70250, and must be able to touch-type at 35 words per minute. The course is open to civilians and airmen.

Details on enrollment may be secured from the base Education Office.

SAC FACS

(Continued from Page 2.)
about it.

The crew that I am going with has not returned from England yet, and I doubt that they will be very enthused to learn that, immediately upon arrival here in the States, they must go back to England again.

The crews that I talked to today were more pleased with this Reflex concept than they were with the old TDY system when a whole wing would go at once for 90 days or more. This way, only a few crews and planes go at one time for a two week period, and then at the end of their tour, they are replaced and can return home. I might mention here that this new concept is only for B-47's and does not apply to the KC-97 outfits. They still go for 90 days.

Well, on this sour not, I think I will shut down for now. More later from England.

—Rod

GENERAL VISITS — Maj. Gen. H. R. Spicer, center, looks over the 3501st PTS scrapbook with Col. Dross Ellis, Commander (left) and Maj. Frederick Shriner, during a recent visit to the base. Maj. Shriner also presented the General with an '01st Dust Devil's cap, which he is wearing. General Spicer soon will leave for his new overseas assignment. (Photo by Santangelo.)

First Solo Among Aero Club Members Recorded; Family Leave By Air Planned

A/IC William F. Lyster of the base flight section, 3505th Field Maintenance Squadron, is the first student of the Reese Aero Club to solo. Resident of DeFuniak Springs, Fla., he has been in the Air Force since Nov. 24, 1954.

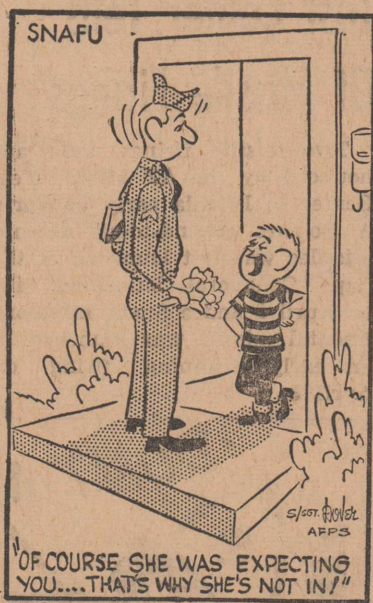

Airman Lyster stated he had always desired to fly, but had thought the price of learning too high. He found the Aero Club set-up was within his budget, he added.

The airman had 7:30 hours of dual in the Aeronica Champion prior to his hour's solo, which he hopes will lead to a private license.

"It cost so much less to fly and takes so much less time than I once thought, that I plan to take the family on leave using a club aircraft," Airman Lyster said.

S/Sgt. Glenn N. McLeod of the '05th is a new member of the Aero Club, placing membership at 59. Other members are sought. Interested personnel may phone T/Sgt. Joe Tomberlin at 498 or S/Sgt. Charles D. Cleary, 572.

Variety Of Functions Featured In Life Of Base Officers' Wives

By Mrs. Harry W. Williamson

The monthly Officers' Wives Club bridge was held Thursday afternoon with Mrs. Ron Kibler as chairman. She selected Mrs. William H. Ritchie, Jr., to serve as her senior hostess, who has in turn asked Mrs. Kenneth Landon, Mrs. Howard Geddes, Mrs. Joseph Buchler and Mrs. H. W. Williamson, Jr., to assist her. Cookies, cokes and coffee were served for refreshments and prizes were awarded for high score, travelling and low score.

A pot-luck dinner climaxed with an evening of bridge was hosted by Lt. and Mrs. William H. Ritchie, Jr., in their home Saturday. First prize for high score was won by Lt. and Mrs. Neale Schmidt, second prize went to Capt. and Mrs. Bruce Stengel, and Lt. and Mrs. H. W. Williamson, Jr., received a prize for low score.

A course of instruction in Grey Lady work is scheduled from 9 a.m. until noon, April 14-16 in Ward 4 of the Reese Hospital. Mrs. Frederick Shriner will conduct the sessions.

Officers' wives and enlisted men's wives interested in the course should contact Mrs. Shriner at Hurlwood 3331, or Mrs. H. C. Fraser at Hurlwood 2742.

Mrs. Robert Fornia honored Mrs. Theodore Cogswell with a dessert bridge in her home Monday evening. First prize for high score was won by Mrs. Pete Moss, second prize went to Mrs. Robert Keith, travelling prize was given to Mrs. Bruce Stengel, and Mrs. John Wolfinger received a prize for low score. A whipped cream desert was served.

Tuesday morning, April 8, a newcomers coffee honoring wives of students in Class 59-B was held in the Phantasy Room as a function of the Officers' Wives Club. Mrs. Clarence Fried, membership chairman, was assisted by Mrs. William H. Ritchie, hospitality chairman, Mrs. Joseph Buchler and Mrs. Howard Geddes.

Following a brief gathering in the Phantasy Room for punch, the inaugural luncheon of the Reese Officers' Wives Club was served Thursday in the dining room of the Officers' Open Mess. The new council and committee members were introduced.

Decorations in the Phantasy Room followed an Easter theme.

After dining, the group played bingo and prizes were given. Mrs. Harvey Batholomew won a paper Easter bunny centerpiece, Mrs. Norman Lahti an Easter basket with a stuffed toy and candy eggs inside. Mrs. Melvin Faulk won a lavender stuffed bunny. Straw handbags were given Mrs. Peter Coffield and Mrs. Thomas Crouch,

and a potted yellow chrysanthemum to Mrs. Donald Schumacher.

Mrs. Robert Rorabaugh was honored Thursday evening with a baby shower and dessert bridge in the home of Mrs. Jack Robbins. Dessert included chocolate covered mints, ice cream and individual cakes topped with pink and blue booties and rattles and on the cake for the honoree was a bassinet and baby, all made of frosting.

A farewell coffee honoring Mrs. Paul Smallwood was given by Mrs. William E. Smith in her home on Thursday afternoon. An Easter theme was carried out with an Easter bunny as centerpiece surrounded by miniature canape puffs, Easter cakes, cookies and candy. A going away gift of a waffle iron was presented to Mrs. Smallwood by Mrs. M. B. Laffitte, Mrs. Carl Sanders, Mrs. James Mathis, Mrs. Neale Schmidt, Mrs. William Brennan, Mrs. Kenneth Landon, Mrs. Aldrich and the hostess.

Ward's Programs Carnation Night For Reese People

Carnation Night, an annual event sponsored by Montgomery Ward, will be held again from 7 p.m. to 9 p.m. next Tuesday. The night again will offer an exclusive showing to Reese personnel as prevue of the values for the coming year.

Carnations will be given the ladies, refreshments will be served during the evening, and door prizes are to be offered. Montgomery Ward officials said they extend a cordial welcome to all Reese personnel and their families to attend. Free parking has been arranged at 14th street and Avenue K for convenience of base people.

As in the past, Wards will offer an opportunity to open a charge account without delay to all first three graders and up, it has been announced.

Test Center Tells Of Missile Firings

Two missile firings were announced by the AF Missile Test Center in Florida early in April. A Bomarc ground-to-air defense missile was test launched at the Cape Canaveral launching site on April 2 and a Snark intercontinental missile was launched in an early morning firing on April 3.

Expanded Service Club Plans Include Ping-Pong Tournament Opening Soon

The service club is still taking entries for the base ping-pong tournament and the opening game has been rescheduled for the evening of April 17, Mrs. Daphne Hargett, club director, announced this week.

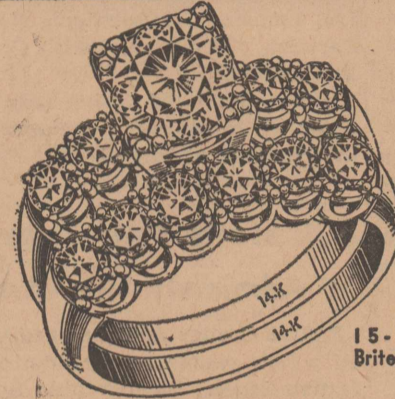

The tourney was originally set to open this past Monday but inability of many players to meet play schedule called for a change of plans. Play will be in both singles and doubles, but games will be arranged for the convenience

of the participants.

Entries will be accepted until April 17 and after the tourney play brackets have been filled in, the players involved may arrange their own dates and hours of play. This allows men on night shifts to participate.

Trophies will be awarded, as originally planned, to winner and runnerup in both singles and doubles play. Championship games will be held the evening of May 15.

Movies

Change in the base theater to include the night performance to 7:30 p.m., instead of 7 p.m., starting April 20, was announced this week. The theater will be closed on Monday.

The new schedule calls for 7:30 p.m. shows, Monday through Friday; an 11:15 a.m. kids matinee with a free movie; the regular Saturday matinee at 2 p.m.; and the evening show at 7:30 p.m. The Sunday matinee is at 2 p.m. and the night show at 7:30 p.m.

Sunday-Monday

RUN SILENT, RUN DEEP — Clark Gable and Burt Lancaster, two veteran submarine officers, settle their differences and team up in a daring attack against heavy odds in hostile water. It's a family feature.

Tuesday

CRY TERROR — James Mason and Rod Steiger are featured in a suspense drama in which a gang of criminals plant a live bomb aboard an air-liner in an effort to shake down the company.

Wednesday

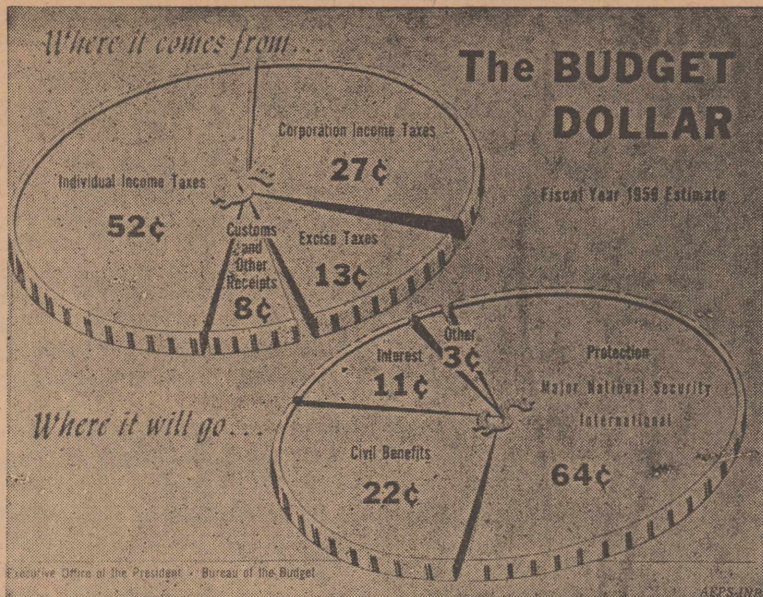

PARATROOPER — Paratroop commandos raid the Normandy coast in World War II and help smash enemy resistance in North Africa. Alan Ladd, Leo Genn, and Susan Stephen have leads in this family movie.

Thursday

CATTLE EMPIRE — Joel McCrea in this family western builds an empire a thousand miles beyond the law. Gloria Talbott and Don Haggerty give support.

Friday

THE WEAPON — Steve Cochran and Elizabeth Scott star in a mature movie involving a 10-year-old boy who flees from fear

BIG SLICE — Chart shows proposed government income and expenditures for fiscal year 1959. Biggest share of spending is earmarked for foreign aid and national security.

President Requests More Defense Money To Further Construction, Missile Work

On April 2 President Eisenhower sent Congress a request for a supplement to the Fiscal Year 1959 defense budget. He asked for an additional \$1.5 billion.

The Air Force's share would amount to \$577,100,000, plus the largest share of additional military construction funds amounting to \$136,600,000.

The Air Force's portion of the proposed FY '59 Defense budget increase would provide about \$50 million for accelerating the Minuteman solid propellant ICBM project, approximately \$91 million for accelerating the GAM-77 "Hound Dog" missile development and about \$50 million more for the AF's Titan ICBM program, including Titan base construction money.

The AF also would get more

money to buy 39 B-52 heavy jet bombers and 26 KC-135 jet tankers. This would let the AF program an additional B-52 wing to replace a B-47 medium bomb wing, increasing to 12 the AF's projected B-52 heavy bomber wing structure.

Base Accidents Few, But Costly; Tragedy Averted In Two Mishaps

Four accidents and a near-accident last week added \$2,721 to Reese ground accident costs and almost produced two tragedies, M/Sgt. Milton Sexton, ground safety technician, said Thursday.

An officer attempted to turn his scooter from Highway 116 into War Highway 5 when the vehicle apparently hit a rock and flipped on its side. The officer required first aid treatment.

A civilian repairing a ground cable on a refueling unit, received a piece of steel in his finger, and an airman strained his back lifting a heavy timber gum.

An NCO received a disabling injury which lost 90 days and cost \$2,700. He was driving a private vehicle which failed to negotiate a turn, Sexton said.

A near-accident involved a private automobile in which an NCO was riding with another airman, and the NCO's small son. An uncapped can of gasoline in the car overturned when the brakes failed to operate properly. The car was stopped, Sexton said, and when doors were opened the

gasoline ran onto the ground and ignited from the exhaust pipe. The vehicle was destroyed by fire, but no one was injured.

Sexton warned against carrying inflammables in open cans and against unsafe practices with power mowers. He urged that guards be used on the machines, that caution be exerted to stay clear of the mowers, and that children be forbidden to use the power equipment. He noted that last year Reese personnel were injured through careless use of mowers.

Longevity Bar Expected In Supply During May

Instructions for awarding, supplying and wearing the Air Force's new Longevity Service Award ribbon bar will be distributed throughout the Air Force soon.

The instructions will be contained in AFR 900-10, replacing AFR 35-50.

The ribbons, blue with four vertical turquoise stripes, are expected to be available in the supply system by May.

FURR'S SUPER MARKETS

By A/2C George Burkharts-Meier

With field lights soon arriving from Bryan AFB for use on the Reese golf course, the base is putting out a concerted effort to get the new golf driving range into service during the coming week. Site of range is near the golf clubhouse beside the Reese perimeter. The range is to be lighted for night use.

June 1, is the tentative date now planned for opening of the Reese swimming pools, subject to change because of weather conditions. Exact date of opening along with scheduled hours for use, will be announced later in both the Daily Bulletin and the ROUNDUP.

Right now, the base has nine people attending the Red Cross life-saving course at the "Boys Club" in downtown Lubbock. Upon completion of the course, they will be on tap as lifeguards for the Reese swimming pools.

Personnel and their dependents will be required to have a REESE AFB identification patch sewed to the left front of their swim suits.

Trekking off to Roswell, N. Mex., this coming Sunday, sharp eyed members of the base pistol team will participate there in the New Mexico State Pistol Match. Keeping in daily trim, they hope to see contest action in a South Plains Pistol Match to be held the latter part of June or in July under National Rifle Association sponsorship.

Team members are also hoping for a Reese on-base "shoot-off" enabling personnel to qualify for entry in the ATC Pistol Tournament. M/Sgt. Berlin Brown of Wing Operations stated that qualification for the ATC tourney requires shooters to post at least a "marksmanship" score. Feeling on the base seems to be, that we have shooters who are equal to those anywhere. Details of coming matches will be published as they are made known.

Ken Baker Sets All-Time High Game Mark For Reese Intramural Bowling

Ken Baker of PTW shattered the base intramural league all time high individual game with a 254 total and the all time high series with 596 this past Monday.

Posting high marks in bowling is nothing new for Baker. Also bowling in a downtown league, he posted a 609 high series there. Baker has been kegling steadily since 1954, when he was toppling the pins on German alleys in Air Force tournament play.

The 3505th Maintenance "A" squad retained its iron grip on the intramural bowling league lead spot during the past week, as the '02nd "B" nosed PTW "A" and Hospital "B" out of last week's three way tie to snag second place.

PTW "A" is now in third place and Hospital "A" and "B" are tied for fourth.

The '05th "A", league leader with a 36 - 12 win-loss record, has a four game lead over the second place '02nd "B" squad, holder of a 32-16 record.

Scoring in the intramural league is on a point system; one point is credited for the winning of a game under the handicap system and one point is given for high total pins. During the past week, PTW "A" took 14 points out of a possible 16 for the high record play of the week. The '05th "A" took 13 of a possible 16, and PTC, 12 out of 16.

Carl Mintz, league secretary, said that with winter league play coming to a close, a summer league is in the offing. He urged all interested personnel to call Staff Sergeant Parker at 254, or himself at 740, for the necessary information.

Officers

The Wing Wizards, in second place in the Officers Bowling League, tried desperately to overtake Flight 5, the leaders, by winning three games Wednesday night, but couldn't gain a bit. The Wizards overcame the 3500th PTS team, but Flight 5 also won three — from Flight 1. The evening on the North College Lanes left Flight 5 with a 61-20 record and the Wizards with 58-23.

The M&S Greasers and Academic Brainwashers are tied for third place with 53½ wins and 27½ losses.

Flight 5 Wednesday rolled a

2846 series and the Flight 3 Aces hit a 1016 game. Lt. James M. Thompson rolled a 217 game, Lt. Leslie Johnson 215. Lt. Edwin A. Heeney hit a 515 series, Capt. Harvey H. Bartholomew 512.

Baseball Out Here, Facilities Lacking

Reese will not have a baseball team this season, 1st Lt. Charles W. Gauntlett, personnel services officer, said this week.

The lieutenant pointed out that no baseball diamond is available on the base, although a field is officially listed on the wing parade ground.

"That would mean that our team would be forced to play all games in Lubbock," Lieutenant Gauntlett said. "It also would mean that we must join the Lubbock municipal league or find it extremely difficult to get games. The whole picture is such that a decision has been made to just pass up baseball this year."

Last season Reese was entered in the Lubbock Industrial league and finished second.

Reese also was second in the tournament to select a team to represent the area in a state tourney. The Rattlers also did well in Air Force competition, losing to the eventual conference champion.

Reese will enter a softball team in Air Force competition, Lieutenant Gauntlett said. The team will be selected from outstanding players of the intramural league.

Last season the base did not have a team in conference competition.

Eight Clean Sweeps Mark First Week Of RAFB Volleyball

The base intramural volleyball league rounded out its first week of play with Weather, Hospital, PTC, PTW "B", Installations, '05th Maintenance, PTW "A" and Hospital "C" taking clean sweeps of their first two sets of three as game winners.

Air Base Group downed Weather in the hardest fought game of the week last Thursday. Group took the first set 15-0, but Weather came back to take the second set 8-5. A final set of 11-6 gave the contest to Group.

On Tuesday, April 1, Weather "fooled" the '01st Maintenance by taking the first two sets 15-0 and 7-0. The April Fool nightcap saw Hospital down Installations two straight sets, 15-0 each.

Wednesday, PTC dropped Hospital "A" two straight, 9-5 and 13-4; and PTW "A" closed out the night dropping the '05th Maintenance, 9-3 and 11-2.

The only other game saw Hospital "C" overcome the '01st PTS "C" 11-8 and 11-2, in two sets running.

MATS Announces Transfer Of Units

A reorganization of the Military Air Transport Service, to take place July 1, has been announced by Headquarters USAF.

MATS' Continental Division, now located at Kelly AFB, Tex., will move to Travis AFB, Calif., with the move to be completed by July 1.

On that date the division will be renamed the Western Transport Air Force. The new Air Force also will take over the functions of MATS' Pacific Division, which will be inactivated at Parks AFB, Calif.

MATS' Atlantic Division, McGuire AFB, N.J., will be redesignated the Eastern Transport Air Force.

CONGRATULATIONS — Tom Ireland, left, civilian personnel officer, receives congratulations from Lt. Col. Robert L. Velde, wing personnel officer, on being commended by USAF for outstanding community relations activities.

Civilian Personnel Officer Wins Praise Of USAF For Community Relations Work

Tom Ireland, Reese civilian personnel officer, has received praise of Headquarters, USAF, for community relations work in working up a newspaper article on civilian employees at the base. The lengthy article, published late last December in the Lubbock newspapers, called attention to the fact that the civilian payroll at the base was more than three million, four hundred thousand dollars a year, with employees from Lubbock and other communities performing 130 different kinds of work daily. "Tom Ireland is to be complimented on doing an excellent piece of community relations work in coordination with the local Information Services Officer," the letter from Washington stated. "... Mr. Ireland's activity is just

the kind of thing this headquarters hopes gets increasing attention at the local base level." An endorsement from ATC stated: "Mr. Ireland is to be commended for his noteworthy community relations work. It is always gratifying to forward such correspondence praising members of this command." Col. Dross Ellis, base commander, also spoke in praise. "It gives me great pleasure to commend you on the work you have done and the recognition you have received from Headquarters, United States Air Force," he wrote to the Reese personnel officer. "Your work in community relations is appreciated by all members of this base, and I know this is but one of your many activities in furthering good relations.

Scouts Turn Tables; Mothers Get Badges

Boy Scouts of Troop 148 at Reese AFB turned the tables on their parents Monday night at "Court of Honor" ceremonies. The parents who usually do the honors of pinning scout badges on their boys received miniature badges themselves at the advancement ceremonies, from their nervous sons.

"These scouts are climbing up the long ladder of scouting achievements" E. W. Bohl, scoutmaster, commented as he pinned the new badges on the advancing scouts. The following awards were made: Star Class, Michael Makowsky; Second Class Scout, Melvin Faulk, William Mahan, and Steven Kester; Tenderfoot Scout, Richard Carlsen, Victor Correll, Steven Kester, Michael Hritz, William Makowsky, Francis Makowsky, Rudi Rushing, Gary Fraser.

Receiving Badges of Office: Steven Kester and Victor Correll. Quartermaster Badges; Melvin Faulk, Rudi Rushing, Robert Hale and James Morgan. Bugler Badges; Francis Makowsky, Curtis Grey Scribes, and Marty Stebbins, Librarian.

David Wagner, Curtis Grey, and James Weaver were acknowledged for Reading and Cooking Merit Badge requirement. Candlelight ceremonies came to a close with an introduction of three new scout candidates; Kent Goto, Roddy Lins, Perry Vanover.

As of February 1958 more than two billion dollars has been invested in the Air Force ballistic missile programs.

PROTESTANT MISSION SCHEDULED

(Continued from Page 1) personnel; and at 2 p.m. for Air Base Group, Wing Headquarters Squadron Section, and legal office personnel. Thursday at 9:30 a.m. personnel of the fire department, Air Police, synthetic trainer section and wing comptroller's office are invited to a meeting in the Service Club at 2:30 p.m. Reverend Jesse will hold a service in Ward 5 of the Hospital.

Personnel working near buildings listed have also been urged to attend the services.

Attendance at all services is voluntary for military and civilian personnel. Squadron Commanders have been asked to support the program by urging troops to attend.

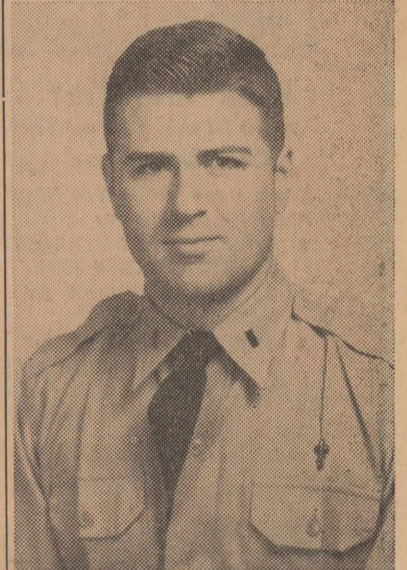

The Reverend Jesse is a 1926 graduate of Concordia Seminary in St. Louis, where he also completed a year of graduate study. As a member of the Missouri synod, he has been assistant pastor of the St. Paul Lutheran church of Houston, pastor of Grace church in Lexington, Mo., pastor of St. Paul Lutheran church, St. Joseph, Mo., and pastor of St. Paul church in Austin.

He has served as member of the Stewardship Board of the Texas District of the Missouri Synod, member of the Mission Board of the district, chairman of the Church Extension Committee of the district, second vice president of the State-wide Lutheran Church, fourth vice president of the same board, pastoral advisor of the Lone Star District of International Lutheran Layman's League, coordinator of Student's Work of the Texas District for nine years, pastor for Lutheran Students at Texas University, and member of the Board of Control of Lutheran Concordia College. He was a charter mem-

ber of the Capital City Kiwanis Club, Austin, and last year was chosen as "Kiwanian of the Year" of that unit. Mr. Smeenge is a graduate of Marion College in Indiana and is assistant to the Rev. Milton Pool, pastor of the First Nazarene church. Smeenge has directed music teams for several years and participated in many revivals. He has prepared special music for the chapel services.

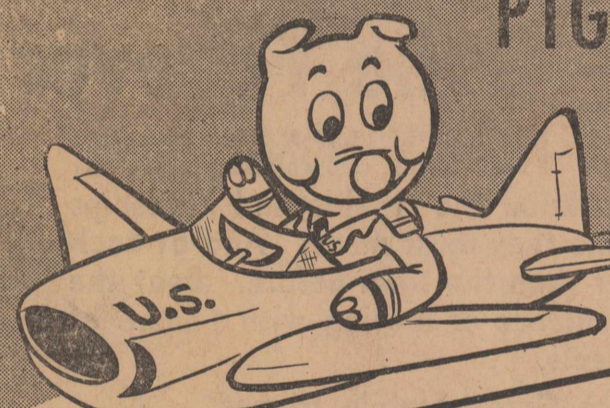

NEW CHAPLAIN

(Continued from Page 1) to the former Naoma Sue Wiggins of Denver. They have an infant son and daughter. Chaplain Holmes, from St. Petersburg, Fla., came to Reese in July, 1956, shortly after he began active duty as a chaplain. He was a World War II pilot who received advanced flight training at Lubbock Army Air Field, now Reese AFB. He also served as an aircraft inspector with the Civil Aeronautical administration two years.
