VOLUME IX Lubbock, Texas Friday, August 8, 1958 NUMBER 37

Scouts Start Toy Repairing

Toy repair activities will become a major project of Troop 148, Reese Boy Scouts, starting next week, M/Sgt. E. W. Bohl, scoutmaster, has announced.

The Scout clubhouse, T-417, will be open Tuesday, Wednesday, and Thursday nights under leadership of a patrol leader in order to repair toys for later distribution to needy in surrounding communities. Bohl said volunteer labor and equipment is needed and persons may come to the clubhouse between 7 and 10:30 p.m.

Last year over 550 toys were repaired, and it is estimated 1,000 will be needed this year. Many toys are already for distribution, Bohl said. Persons desiring to donate may leave toys in the container near the main gate of the base.

The Scout program for the next six months, it was announced, will include fund raising, toy repair, clean up, and weekend camp-outs.

A silver shovel award has been received by Troop 148 for the cleanest and best campsite of the annual summer encampment at Tres Ritos, N. Mex., this summer.

CLEAN AWARD—Members of the Reese Boy Scout Troop end a friendly tussle for possession of a shovel with all hands aboard. The aluminum painted shovel was awarded for the cleanest camp area of the summer encampment; the rattle was to prove who worked hardest. Around the circle, left to right, are Bruce Strickland, Bennie Makowsky, Lt. Col. Heston Daniel, institutional representative, who presented the shovel, Mike Hritz, Airman John McPhail, assistant scout leader, M/Sgt. E. W. Bohl, scoutmaster, Billy Makowsky, Kent Goto, David Wagner, Rudi Rushing, and Victor Correll. (Photo by Rushing.)

Lieutenant Winner Of Toastmaster Cup

Lt. Calvin Baird became new winner of the President's Cup, voted most improved speaker, at the last meeting of the Reese Officers Toastmasters club. He spoke on pitfalls of buying used cars.

A suitable permanent trophy went to Dr. Harold Stratton, voted the "most dishonest Toastmaster" in an informal program.

Next Thursday the formal program will include talks by Dr. Charles Range, Capt. Richard Monroe, and Lts. John Wolfinger and Henry Wedemeyer. Lt. James D. McCarthy will begin basic training with his "ice-breaker speech." Dr. Stratton will be master-of-ceremonies and Lt. Edward Forbstein is to conduct the informal program. It will be bell night.

S/Sgt. Leonard C. Graham, Air Police clerk, has been re-assigned to Keesler AFB to enter a radar systems course.

Ground Safety Contest Extended Into 1959

The ATC Ground Safety Award program has been continued for Fiscal Year 1959, with only slight change in rules, Reese has been notified. So far, the base has a good record in the new competition.

Cash awards this year again will total \$50,000, with \$18,000 for first place, \$12,000 for second spot, and \$10,000 for third place in over-all competition. A \$2,500 award will go to winners of the military, civilian, USAF vehicle, and private vehicle categories.

E-8 Recommendations On Masters Finished

Just how many of the 68 recommended Reese master sergeants will be promoted to the rank of E-8, senior master sergeant, was a "big" question on the base this week, following a meeting of the ATC board which listed by preference those it thought best qualified.

The ATC board last week considered the 4,510 master sergeants suggested for promotion by the bases and sifted out the 261 thought best qualified. It also selected the 40 E-7s who were nominated to USAF for consideration by an Air Force-wide panel.

Recommended from Reese were 68 individuals, some of them with secondary AFSCs which could be considered, also. The Reese and ATC lists included:

NEWS BRIEFS

PROMOTION — Selection boards for permanent promotion of regular AF officers to major and captain will convene in August. Recommendations for elevation to major will be made August 11 in Washington; the board to act on permanent captains meets August 25. There are about 2,500 eligible to move to major, 3,500 to captain.

SUPPLY — A goal of 100 per cent manning in the supply officer field by March 31, 1959, has been set by the Air Force.

AFSC	Reese	ATC Elig.	ATC Quota
29100	1	20	2
29300	1	83	4
30100	2	162	13
30400	1	50	5
34000	1	39	4
42100	1	38	3
43100	28	1072	98
43200	1	(Considered with 43100)	
47000	2	60	3
55000	1	29	2
59000	1	8	0
62000	2	51	3
64100	9	347	11
67100	1	38	2
70200	7	559	20
73000	12	748	13
73300	1	53	2
75100	2	218	6
77100	3	69	4
90000	2	67	1
92000	1	16	2

The ATC board consisted of 16 field grade officers from major bases of ATC. Maj. Ralph McWhirter, commander of the 3501st Periodic Maintenance Squadron at Reese, was a member. The board recommended to the ATC commander for promotion those to be promoted on their demonstrated leadership and supervisory ability, supervisor's evaluation, commander's recommendation, and command promotion board

(Continued on Page 2)

Reese To Own, Operate Village September 1

Control and ownership of Reese Village will pass to Reese AFB on September 1 and village occupants thereafter will surrender housing allowances in lieu of rent, base housing office personnel stated Thursday. The allowances will cover all costs, including rent, utilities, and furnishing of quarters, it was said.

Housing supply personnel have been studying questionnaires returned by village occupants and state furniture ordered and on hand will meet needs. Full furniture authorizations will be filled prior to the end of the fiscal year, it is indicated. The questionnaires were sent to village residents recently as plans were formed for the base organization to take over the housing area.

Revolving Fund Set

Acquisition of Reese Village will be taken under the Family Housing law of 1956, which creates a revolving fund to finance all costs incident to acquisition, including initial rehabilitation and improvement of housing units. The quarters allowances are credited to the revolving fund to pay the sponsor's equity, monthly payments of mortgage, principal, interest, acquisition of related property, and initial rehabilitation. Upon acquisition, Wherry Housing becomes Public

Housing, requiring the surrendering of quarters allowances.

The Reese Village office will be staffed by Lt. Donald S. Knierim, OIC; M/Sgt. Elmer J. King, NCOIC; Mrs. Evelyn H. Lipscomb, assignment and termination clerk; and A/IC Sydney P. Ponti, clerk.

A brochure concerning office hours, furniture procurement, check-in and check-out procedures, etc., will be issued in the near future, it was said. Information on repairs, telephone numbers, and other matters will be contained in the pamphlet.

Ground Accidents Hop Base Total To Upward Of \$500 During Week

Eleven ground accidents last week added upwards of \$500 in costs for Reese AFB, M/Sgt. Melton Sexton, ground safety technician, reported Thursday. Accidents included one military disabling, five military first aids, two civilian first aids, and three property damage cases.

The disabling occurred as two

airmen were lifting a large jack from a truck to change a tire. One airman dropped his hold because of weight and the jack handle hit the other airman in the cheek, breaking a bone and causing seven days disability.

Damage of \$84 was caused by a USAF vehicle when it was struck by an automobile driven by a civilian on base. A well house was damaged to the extent of \$101 when an oil servicing unit crashed into it. Apparent willful damage was caused to supply bins and other parts of Building T-51 when forklifts driven by unknown persons were moved about.

First aids resulted to a finger pushed into a fan, a thigh skinned by a fall into a grease pit, blisters on both hands of an airman doing physical pull-ups, a finger caught on a locker door, and a spiked knee received in a softball game.

Reese Personnel Given New Duties At Other Stations

Several additional officers have received orders for new assignments at other stations.

Capt. Mervin W. Parrack, OIC, wing instrument school, will go to Graham Air Base, Fla. He has been at Reese since July, 1955.

Capt. Edward Baetge, medical supply officer, is being sent to France. He has been at Reese since June, 1956.

Assigned to a technical training wing at Sheppard AFB is Lt. Donald G. Bruckner, flight instructor here since September, 1956.

Lt. Anthony Muehler is going to the Northeast Air Command as SA-16 pilot.

is being sent to James Connally Lt. Harry Solomon, check pilot, AFB as instrument pilot instructor.

S/Sgt. Walter O. Elliott, "postmaster," has been re-assigned to Keesler AFB to attend an aircraft electronic countermeasure repairman course in the "hard core" area.

A/IC Jack D. Key of Transportation Squadron is leaving in August for Patrick AFB to serve with a research unit.

Airman Repeats High Test Score Record

A/2C Marion J. Faulkenberry of M&S Group's squadron supply repeated his high scoring in the organizational supply field AFSC testing by tallying 131 points in the 64151 organizational supply AFSC-Test.

The airman recorded the second highest score in that AFSC since the base began its OJT program. In the latter part of last year he recorded the highest score on the 64131 test racking up a total of 140 points.

Faulkenberry, a native of Lancaster, S. C., received his high school diploma through the Air Force's education program.

Bible School Enrollment 100; Picnic Set

Approximately 100 Protestant children have enrolled in the base's Vacation Bible School which began August 4, Chaplain William Franks has announced. The two-week school will end with appropriate exercises on August 15.

The youngsters are meeting from 8 to 11 a.m., Mondays through Fridays, to study the Old Testament, to learn a general appreciation of the Bible and to learn the general nature and functions of the Church.

Members of the Junior Department of the Sunday School and members of the Vacation Bible School are invited to a picnic to be held at the base picnic grounds Saturday. Those desiring to attend are requested to meet at 210 Harmon Drive at 1 p.m., where transportation will be provided.

The picnic will feature food and games and both boys and girls are requested to wear blue jeans. The activities will end before 4 p.m.

Beatitudes Most Important

By Chaplain Gerard M. Lougen

At the beginning of His Public Life on the Hill of the Beatitudes Our Lord preached: "Blessed are they that mourn; for they shall be comforted." At the end of His Public Life on the Hill of Calvary, He found that blessed comfort: "Father, into thy hands I commend my spirit."

Like all the other beatitudes, this beatitude of mourning is quite different from the beatitude of the world; "Eat, drink and be merry, for tomorrow we die." The world never regards mourning as a blessing, but always as a curse. Laughter is the gold it is seeking and sorrow is the enemy it flees. It can no more understand the beatitude of mourning then it can understand the cross. In fact, the modern man steals himself against the suffering of another by wearing the mask of indifference, quite unmindful that such a thickening of his spiritual skin, though it may sometimes protect him from sorrow, nevertheless shuts in his own morbidity until it festers and corrupts.

But it must not be thought that the beatitude of Our Lord is either a condemnation of laughter and joy or a glorification of sorrows and tears.

Our Lord did not believe in a philosophy of tragedy any more than you and I. As a matter of fact He upbraided the Pharisees because they wore long faces and looked sad when they fasted. And His Apostles summed up His life and Resurrection in the one word, "Rejoice."

The difference between the beatitude of the world, "Laugh and the world laughs with you," and the beatitude of Our Lord, "Blessed are they that mourn," is not that the world brings laughter and Our Lord brings tears. It is not even a choice of having or not having sadness; it is rather a choice of where we shall put it: at the beginning or at the end. In other words, which comes first, laughter or tears? Shall we place our joys in time or in eternity, for we cannot have them in both. Shall we laugh on earth, or laugh in heaven; for we cannot laugh in both.

We cannot have our reward both in heaven and on earth.

That is why I think that one of the most tragic words in the life of Our Lord is the word he will say to the worldly at the end of time: "YOU HAVE ALREADY HAD YOUR REWARD."

Winners Selected In Education Contest Among Squadrons; Awards Made To Each

Headquarters Squadron section of the Installations group and the Weather Detachment have been

named winners in the last quarter competition for off-duty education awards.

Officers Club Plans 'Happy Hour' Events

Events scheduled at the Officers Club during the next few days include a "Happy Hour" tonight from 5 to 6:30 p.m. Free pizza pie will be available. Members are invited to dance to the music of the "Men of Note" combo tomorrow night from 9 p.m. to 1 a.m., and also to bring the family to enjoy the turkey dinner to be served from 12 noon to 2 p.m. on Sunday.

Next week, the Officers' Wives Club will hold its "Newcomer's Coffee" on Tuesday, and on Thursday, the wives will play bridge and canasta.

Also on Thursday, the Toastmasters will be in session from 8 p.m.

Installation of the new picture windows should be completed this week.

Prizes are given each quarter for highest attendance at Texas Tech, group study classes, enrollment in correspondence work through ECI and USAFI, and taking of USAFI tests. Ten more participants were recorded last quarter than the previous one.

The Installations unit was winner among squadrons with 75 or more persons present for duty. It has 43.2 percent participation. Second was the 3505th Field Maintenance squadron, with 37 percent.

In Group B, for units of 75 men and less, Detachment 17, 8th Weather group, was first with 31 percent, while Transportation, with 26.1 percent, was second.

Trailing in order were: headquarters, PTG, 24.0 percent; AACS, 23.3; 3500th PTS, 16.7; headquarters, ABG, 16; headquarters, PTW, 12.3; Air Police, 11.7; headquarters, M&S, 10.4; 3502nd Maintenance, 9.8; Hospital, 9.3; 3501st Maintenance, 7.1; and 3501st PTS, 0.

E-8 PROMOTION RECOMMENDATION

(Continued from Page 1)

evaluation recommendation.

"We placed each of the over 4,500 eligibles on a preference list given to the command commander," Major McWhirter said.

"Very heavy consideration was given to demonstrated leadership and supervisory ability of each eligible.

"Emphasis was on the Form 75 record, the airman's performance report. Each man was rated on a point system and his name placed where we thought it should be on the recommended promotion list."

The major pointed out that competition is strictly by AFSC, with heaviest elevation to E-8 among master sergeants who are specialists in aircraft mechanics and electronics.

"One thing which was noted sharply as the board considered eligibles," Major McWhirter said. "How much formal education

each eligible had was especially noted. It was apparent that those master sergeants who have been sitting back and not trying for a high school diploma, if they have none, should get to work studying. It seems that all airmen should move to get that high school certificate and as much college education as they can. In the over-all evaluation of eligible master sergeants, education played a heavy part."

As was expected in setting command quotas, the highly technical and technical fields gained the most master sergeants spaces in proportion to their strengths, and other important fields received large quotas because of the number serving in them.

Major commands and special units were told to promote 1,874 airmen to E-8 and to nominate for the 128 elevations held by USAF, to give total promotions 2,002.

Orchestra Planned For Service Club

Featured attraction at the Service Club next week is dancing and music by the Sammy Incardona band Thursday from 8 to 11 p.m. Vocalizing will be accomplished by Annita Incardona, the bandleader's daughter, and an added attraction is an expected 50 to 60 Lubbock high school girls as dancing partners. Specializing in novelty numbers, the Incardona band has entertained thousands of servicemen throughout the country and provides good listening as well as dancing music. Annita has a thorough musical background and has been with the band since an early age.

Other entertainment includes: Tonight: Championship Pool Night from 7 to 10 p.m. Prizes. Saturday: Date night, TV, Table Games, and Juke Box. Bring your own girls. Sunday: Coffee Call from 9:30 to 11:30 a.m.

Monday: Refreshments: 7 p.m. Tuesday: Leathercraft, TV, Games and band jam session. Two guitars and drums are available. From 6:30 p.m.

Wednesday: Special game night with prizes from 8 to 10 p.m.

ANOTHER FIRST—S/Sgt. Jewel Graves (second from left) admires his private pilot's license certificate which he received last Tuesday. Club officials looking on while Graves dreams of the wild blue yonder are (left to right) T/Sgt. Walter Billings, club manager; Buddy French (Graves instructor) and T/Sgt. Joe Tomberlin, club secretary.

First Aero Club Member Awarded License; All Military Personnel May Take Lessons

By S/Sgt. Ray Santangelo

S/Sgt. Jewel Graves of M&S Group had the honor this week of being the first Reese Aero club student to receive his private pilot's license. Graves successfully completed the club's 40 hours of flying instruction and was tested by Buddy French, his instructor, and Emmett Morris of the Civil Aeronautics Authority.

The club with its headquarters located on the east ramp of Lubbock's Municipal airport, offers a chance to learn how to fly to all military personnel and their dependents. The rate for the 40 hour course (which is all in the air) is \$210. This sum might seem high, but if a person were to inquire at the local flying schools they would find the same course would cost close to \$600.

At the conclusion of the course your instructor will give you a final flight examination and if passed will make an appointment with the CAA representative at the airport to give you the CAA written and flying test. If you successfully pass both tests you will receive your private license and will be on your way to a new flying career.

Instructing you during the course will be one of these men: 1st Lt. Jack D. Robins, M/Sgt. Alfred Monteith, and Buddy French, all from Reese. The planes you will fly will be the Aeronca, or Stinson. The Club's T-34 is usually flown after you have received your license.

Cross-country flights are one of the privileges of a private pilot's license holder. The club's aircraft may be flown to any part of the U.S., Canada, and Mexico. The individuals making the trip pay for the gas and oil used on the flight.

On occasions Air Force Aero clubs in the area plan fly-in breakfasts at nearby airports. These gatherings give members of the various clubs a chance to get together and get acquainted and maybe to exchange a few flying stories.

If you have a desire to fly I suggest you contact 1st Lt. Jack Robins, club president, at the 3501st PTS or T/Sgt. Joe Tomberlin, club secretary, at Ext. 439. Flying is fun. Why don't you give it a whirl... come out to the Reese Aero Club.

EAGER-BEAVER

SPORTS

Several Lop-Sided Games Recorded As Base Softball League Nears End

As the intramural softball league entered the last week of play several one-sided games went down in the score books.

The first of the slugfests came last Wednesday night when the PTW nine, led by the pitching of William Jaska, whitewashed the motor pool boys 13-4. Maj. Erceal Doty, Transportation commander, was the losing pitcher. The game was played under protest by Transportation Squadron. The differences are now being considered by league officials.

Thursday evening saw the Hospital nine defeat the Air Police in a one-sided tilt, 16-5. The winning pitcher for the medics was Ellsworth Fisher. Herman Vickers suffered the defeat.

In another game played under the lights Thursday evening, the '02nd Maintenance edged the '01st

PTS, 2-0. Saupo Tupua racked up another league victory and Richard Duckworth got the loss.

On Friday evening the mechanics of the '05th whipped PTW nine, 12-5, under the lights. John Cunningham was charged with the loss, while Carol Bishop got the victory.

The '02nd continued its winning ways once again Monday by defeating the Air Police, 7-4. Tupua pitched the mechanics to victory and allowed only two hits. Sherman Vickers was the loser.

The season play-offs are slated to begin next Monday. The top four teams in both leagues will play a double elimination play-off within the respective league. The winner in each league will then play to determine a base champ. Trophies will be awarded.

Base Tennis Stars Top Seventh Place In Conference Play

The Reese Tennis team consisting of Capt. Edward R. Mikula, 1st Lt. John A. Marshall, 1st Lt. Tom Sashko, and S/Sgt. Darrell Anderson finished 7th out of 14 entered in the ATC conference tennis matches held at Keesler AFB last weekend.

The team played both in the singles and doubles. It beat Randolph, Lackland, Vance, Moody, and Stead in the doubles before suffering defeat at the hands of the tourney winners, Keesler AFB.

Sixty players represented 14 ATC bases at the competitions held at Keesler August 2-4. The winners will represent the command in the Air Force conference match to be held at Wright-Patterson AFB, Ohio, August 11-15.

Bowling News

The torrid intramural bowling race continued this week with the PTG five still holding the reins of the league. Its record for the season stands at 36-12.

High individual series was rolled by Capt. Edward Mikula who toppled a total of 570 pins. High individual game for the week went to Don Parker with a 223.

The '02nd Maintenance, although in the number four slot, rolled the high team series totaling 2382 pins.

Sweepstake doubles bowling is slated for the base alleys on August 16. All persons interested in entering must register at the alleys before midnight August 15. Fee will be \$3 for each bowler.

Winter league bowling is slated to begin September 8, and all squadrons wanting to participate should contact T/Sgt. Don Parker at the alleys any evening.

Captain Bartholomew, Airman Malcolm Take Top Honors In Weekend Golf

The base greens last weekend drew large crowds as Reese golfers warmed up for two weekend tourneys.

On Saturday Capt. Harvey Bartholomew of M&S Group walked away with first place and golf merchandise prizes in the individual point tourney. He scored 44 points to win the match. In the second slot was A/1C W. G. Malcolm who also received a golf merchandise prize.

The low net tourney played on Sunday was won by Capt. D. A. Ramsel with a 72 low net score. Again in second place was Airman Malcolm with a 76. Ken Shields of the golf course stated the course was in good shape and "these summer days are bringing the golfers out in force."

"There aren't any tourneys set for this weekend but there is always good going at the course," Shields commented.

Sickness Leads Red Sox To League Loss

Sickness, leaves, etc., caused the Red Sox to drop a Little League baseball game this week, as the Sox continued to lead the pack. The Braves won the forfeited encounter Tuesday night when the Sox could not field a team.

In other games during this week, the Sox topped the Dodgers, 7-4; the Braves downed the Giants, 5-4; and the Dodgers defeated the Giants, 12-11.

The league will play four games a week until August 22, with games starting at 5:30 p.m. in the league park north of

Reese Village. All parents and friends of the young players have been urged to attend.

The schedule includes:
Aug. 8 — Giants-Red Sox.
Aug. 11—Red Sox-Dodgers.
Aug. 12—Braves-Giants.
Aug. 14—Dodgers-Giants
Aug. 15—Braves-Red Sox
Aug. 18—Dodgers-Braves
Aug. 19—Red Sox-Giants
Aug. 21—Dodgers-Red Sox
Aug. 22—Giants-Braves.

YOU CAN'T WIN

Testifying that he robbed seagulls' nests because he wanted their eggs in his beer, a Rogers City, Mich., man was fined \$17.80 for possession of the eggs; then arrested for hunting without a license.

LOOKIE! ALL-STARS

A special all-star softball game is on tap for this evening starting at 8 p.m. on the base diamond. The chapel all-stars will play Reese All-stars with the winner of the game to represent the base in the ATC conference softball tourney at Webb AFB August 20-24.

A/2C Bennie D. Hennings of Transportation has been re-assigned to Germany.

A/1C Frederick Rost, Jr., is being sent to a research unit at Patrick AFB, Fla.

Madrid, the capital of Spain, is located almost in the exact center of the country.

Girl Scouts Hosts To Frenship Campfire Group At Tuesday Picnic In Base Area

The Girl Scouts of Reese Troop 41 entertained the Campfire Girls

of the Tan-Da group from Frenship at a picnic in the base picnic area Tuesday evening.

Thursday Brunch Feature Activity

The Officers' Wives Club brunch was held Thursday morning in the Phantasy Room of the Officers Club under the direction of Mrs. Amos O. Fox, luncheon chairman. Senior hostess for the event was Mrs. Charles O'Neill, who was assisted by Mmes. Robert M. Keith, John A. Murphy, Ronald Leach, and Keaver Holly, junior hostesses.

Lt. and Mrs. William H. Ritchie entertained with a casual bridge party Saturday evening. Lieutenant Ritchie was surprised with a cake in honor of his birthday on Sunday. A prize for high score went to Lt. and Mrs. William Harris. Lt. and Mrs. Albert O'Connell won a prize for second, and a prize went to Capt. and Mrs. H. W. Williamson for low score.

Mrs. George G. Morrison honored Mrs. William H. Ritchie with a farewell bridge party Wednesday evening in her home. Lieutenant and Mrs. Ritchie leave September 2 for a month of vacationing in North Carolina, Tennessee, and Georgia before re-assignment in Biloxi, Miss.

A luncheon was given in honor of Mrs. William R. Hall by Mrs. Robert E. Dinwiddie in her home Wednesday afternoon. Following the luncheon Mrs. Hall was surprised with an ear-ring shower. Captain and Mrs. Hall leave August 25 for reassignment to Maxwell AFB.

Lt. and Mrs. Robert M. Keith, Capt. and Mrs. Amos O. Fox, and Lt. and Mrs. Charles E. Funderberg entertained with a punch party Saturday evening in honor of Capt. and Mrs. Mervin Parrack at the Keiths. Sandwiches and dips were served with the punch. The Parracks are leaving on an extended trip throughout the West including Disneyland before re-assignment in Mariana, Florida.

Lt. and Mrs. Charles O'Neill are host to Mr. and Mrs. John J. Manning of Philadelphia, Pa., parents of Mrs. O'Neill, for three weeks. A trip is planned to Carlsbad Caverns during their stay.

The Scouts planned this adventure in friendship while working toward their first class rank. They planned the menu and prepared the food and each scout introduced a game at the picnic. The menu included weiners and buns, potato salad, baked beans, potato chips, pickles, cake, and cokes. Mrs. William C. Lindler is Troop 41 leader.

Visiting Campfire Girls were Kay Mowery, Carla Myers, Brenda Sue Turner, Shirley MacNutt, Sue Bankston, and Sylvia Jordan. Mrs. Kirk Turner is leader.

Girl Scouts participating were Patricia Lindler, Nancy Parsons, Diana and Donna Lewis, Evelyn Heldreth, Sandra Thede, Gina Thrower, Carole and Eva Gillespie, and Sandra and Susan Carroll.

BOY:

Donald Leroy, Jr., to A/1C and Mrs. Donald L. Kallenberger, July 17.

Eva Sue, to A/1C and Mrs. George Lann, July 27.

Linda Joyce, to S/Sgt. and Mrs. Richard Barbieri, July 27.

Elizabeth Ann, to CWO and Mrs. George Chappell, July 27.

Club's Constitution Available

The new club constitution is now available to NCO Club members at the cashier's window. The constitution, incorporating changes, primarily financial and membership, that were voted on at the May 29 general election, is bound into a 3½" by 5" pocketbook edition.

Upcoming entertainment highlights feature:

TONIGHT: Ann Jones and her "Western Sweethearts" all girl band. The five member band will play from 9 p.m. until closing time at 12.

Hailing from Oklahoma City, the quintet has appeared at Reese several times.

SATURDAY: Dance to Jerry Clement and his "Premiers." The six member band from Lubbock is noted for rock 'n roll, bop, western, and popular music. From 9 p.m. to 1 a.m.

SUNDAY: The Special dinner consists of roast beef or baked ham, candied sweet or mashed potatoes, fresh mixed vegetables, hot rolls and butter, dessert, and coffee or tea. Price: .75. Child's plate is .40. Serving hours are from 12 noon to 3 p.m.

Kiddies entertainment will be held from 2 to 4 p.m.

ACTOR SOUGHT

Reese personnel were asked this week to try-out, with Lubbock people, for parts in the Lubbock Little Theater production, "The Seven Year Itch."

The play, set for October 2-3-4, will have a cast of six men, one boy, and five women. The play is a love comedy.

Try-outs started Tuesday night and will be concluded Saturday and Sunday, at 3 p.m. each day in the Little Theater, 2508 Avenue P.

M/Sgt. Reese N. Epstein of the 3501st Periodic Maintenance Squadron has been re-assigned to Japan, leaving early in September.

WATER ELECTRIC WATER HEATING IS BEST FOR YOU!

These photographs depict simple illustrations of water heating principles. Any high school physics student can perform them. They graphically show why electric water heating is safe, efficient and dependable.

PHOTO 1 — Electric water heaters have cold water baffles. Smoke is used to represent cold water as it enters the water heater at the bottom of the tank. Because of the baffle, the smoke lays on the bottom, just as would cold water entering an electric water heater. The baffle keeps the cold water from mixing with the hot water.

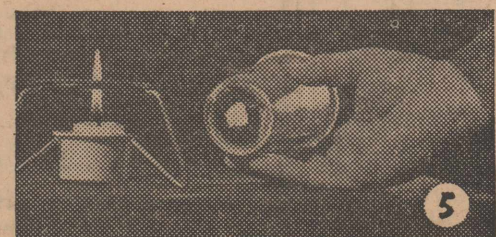

PHOTO 2 — Remove the baffle and the smoke surges through the entire glass just as cold water entering non-electric water heaters surges throughout the tank, reducing the overall temperature of the previously heated water.

PHOTO 3 — Using a paper cup to represent a non-electric water heater and a candle as the heat source, you find that water poured into the cup keeps the paper from burning.

PHOTO 4 — But, now add sand, representing the sediment that collects on the bottom of water heaters due to solids in the water. The bottom of the cup is subjected to excessive heat and will burn out quickly.

PHOTO 5 — This is true because the insulating qualities of the sediment prevent the heat from reaching the water. This graphic presentation shows, too, why old non-electric water heaters become unsafe.

Electric water heaters are fully insulated on all sides. The heating elements wrap around the sides of the tank and are not affected by water solids which may collect in the tank. It is impossible for the bottom of an electric water heater to burn out. Electric water heating is safe and you can get Reddy's special water heating rate—ask your Public Service Company manager.
