## Ejection Seat Is Added To Base Training

### Contractor Takes Over Dining Hall

A new firm, Associated Food Services, Inc., with headquarters in Dallas, today began serving meals in the consolidated dining hall under a contract effective July 1. It served its first meal at midnight.

Associated Food Services, with Neal C. Gagliardo as president, obtained the contract at Reese as its first venture into contract feeding at a military installation. However, many of its personnel are experienced in food services at military bases as supervisors and managers.

During World War II, Gagliardo served at Love Field, Fort Worth, Vernon Army Air Field, and other installations.

The firm now has food contracts at McMurray College, Abilene; Wesleyan College, Fort Worth; the University of Dallas; Howard County Junior College, Big Spring; and other educational institutions. It is serving as food services consultants for hospitals in Corsicana, Tex., Mobile, Ala., Jackson, Miss., North Little Rock, Ark., and other cities.

The firm holds a half interest in a large motel in Big Spring.

Major Bruce McCall, Procurement Officer, said Associated Food Services, Inc., was placed under contract on the basis of bids and strong recommendations. The firm's contract calls for preparing and serving of meals, with the Air Force providing the food.

### OPERATES WORLD-WIDE

Airways and Air Communications Services (AACS), with the 2010-2 Detachment at Reese, is a part of Military Air Transport Service (MATS). It operates and maintains Air Traffic Control facilities at USAF bases throughout the world.

### OPERATION NEAR

Soon to be operational at Reese is the Tactical Air Navigation (TACAN) equipment. This provides in-bound pilots with a heading to take to the station, along with actual range from station. Its effective area of coverage is 200 miles.

### LONG WALK AHEAD, MAYBE

CWO Flagle Stewart is fixin' to walk the nine miles from his home in Shallowater to work at Reese for one week, starting early in September.

His performance will be made provided there are no reportable ground accidents in the 3502nd Flight Line Maintenance Squadron during "Operation Summersafe," ending Sept. 5.

Warrant Officer Stewart is operations project officer.

Monday he issued a challenge to men of the squadron to complete "Operation Summersafe" without a reportable accident.

Stewart said that should all personnel, mili-

tary and civilian, in the squadron "go from now through the final day of Operation Summersafe — 1960 without a single reportable accident, I will walk from my home to work for a period of one week," starting Sept. 6, the day after the operation ends. He points out that from his home in Shallowater to his work in P-82 is nine miles.

He suggests that the squadron use the slogan: "I will make the Summersafe project officer walk to work."

Major John N. Garrett, Squadron Commander, by endorsement directed that the challenge be accepted.

### Entries In Contest Increase

With the ATC motto contest midway toward the July 15 deadline, entry blanks continued this week to come to the Reese Office of Information as military persons and their dependents, as well as civilians submitted suggestions.

Total entries from Reese by this week almost totaled those offered in the contest two months ago. Entries in the reopened contest apparently will surpass in volume those sent in previously.

A third shipment of proposed mottos left Reese Thursday for

judging in ATC headquarters, along with mottos suggested by other bases. One of the Reese suggestions may win the \$500 Savings Bond offered as a prize in the contest. Many, in the opinion of the Office of Information staff, are good.

Lieutenant Gen. James E. Briggs, ATC Commander, has indicated several reasons why the command needs a motto.

"We want everyone in and out of the Air Force to know how important the command's mission is to the Aerospace Force," he said. "We are looking for a motto that will identify us immediately in the minds of everyone who hears it or sees it."

The accepted motto will be used extensively throughout the command.

Reese people are offering many ideas on the motto. Contest rules and an entry blank may be found on Page 2.

### Cadet Here Named Outstanding ATC Student In 61-A

Aviation Cadet Errol L. Johnston of Milwaukee, Wis., in training at Reese, has been selected as the outstanding graduate of Air Training Command and will receive special recognition on graduation of Class 61-A at Reese on July 22.

His selection was based on achievement in flying, military, and academic training in primary and basic pilot training. He will receive the Daughters of American Colonists Award at graduation.

Cadet Johnston, in service three years, is a 1957 high school graduate who lettered in football, wrestling, and track. He later attended Marquette University and the University of Illinois. He is a former flight instructor for the Chanute Aero Club. He is a member of the Airplane Owners and Pilot's Association.

### Winners Honored In Recreational Tournery At Club

Eight individual medal winners and two trophy team winners were selected in the Recreational Activity tournament ended last Friday at Mathis Service Club. PTW won the team trophy on total points, with ABG as runner-up.

For PTW, SSgt. Harold Baugh and A/1C James R. Covert were tops in pinochle and A/1C Guy W. Owings winner in chess.

For ABG, A/1C Curtis Blue captured the hearts title, A/2C Henry J. Klockson the cribbage crown, and TSgt. Harold L. Fidler, checkers.

M&S winners were A/2C George F. Tubbs, ping pong, and A/1C James C. Holland, pool.

A barbecue honoring the PTW team was given and members of the squadron were guests at the dance, with Sammy Incordona providing music.

### Safety Emphasized For July 4 Period

Reese this weekend observes the second holiday weekend of "Operation Summersafe — 1960" as most base operations close this afternoon until Tuesday morning.

Only necessary workers will remain on duty for July 4 and the national holiday. Numerous activities on the base and in housing areas will mark the long weekend.

Reese people have been urged to be extremely careful during the leave, especially on highways. Special meetings were held to impress safety factors, including Wednesday gatherings in the base theater for everyone at Reese.

### Fast Ascent, Slow Descent Planned Here

Reese pilots will be afforded opportunity to correctly and safely eject from aircraft, but will stay on the ground to do it.

The Physiological Training section has received an ejection seat which fires a man from the ground to a height of 20 feet at a force of 11 to 16 times that of gravity.

The equipment is being assembled and will be stationed outside the Physiological Training Building, ready for operation in late August or early September. The ejection seat training course will be included in the pilot training program here to aid all students.

The device is another means of training pilots in emergency procedures. Until now pilots took ejection seat rides in pre-flight training prior to coming to Reese.

Structure of the trainer consists of a tower, base, tower supports, and a cockpit. It is collapsible for ease in movement from one location to another.

The ejection seat is powered to the top of a 25-foot rail by an Air Force M-57 cartridge. On reaching the top, the seat is automatically lowered to the ground slowly.

The base assembly will rest on five wheels, three of which are swivel mounted. Adjacent to each wheel will be a screw jack to take weight off wheel during operation of the catapult and to level the base.

The ejection cockpit is mounted to the base which simulates an operational jet aircraft cockpit. A change in control locations may be made to conform to any type aircraft the indoctrinees may be flying at the time of indoctrination.

### MODEL IMPROVED

Thanks to the development of storable liquid propellant fuels, the Air Force is now able to go ahead with development of an improved model of the Titan ICBM capable of almost instant retaliatory fire.

Known as the Titan II, this improved version may be launched directly from its underground silo, only a few seconds after the order to fire is given.

AIRMAN ROGERS

### Weather Man Going To OCS

A/1C Charles E. Rogers of Detachment 17, 8th Weather Group, has been notified that he is selected to attend Officer Candidate School at Lackland AFB. He will leave Reese in September for the six-month course leading to a commission as second lieutenant.

Airman Rogers is assigned to duty as a weather observer, with additional duties as chief clerk of the Weather Detachment here.

### DECORATED

Major Gen. Alfredo Lavin, Deputy Chief of Staff for Materiel of the Chilean Air Force, who spent several days studying Reese methods here in April, has been awarded the Legion of Merit by President Eisenhower. The award was for exceptional meritorious conduct in the performance of outstanding service from 1958 to 1960.

NO COST — The Air Police Squadron, with no cost, won the quarterly Green Flag of Safety in ground safety competition among administrative units at Reese. Col. L. C. Hess, Base Commander, and Maj. Kenneth McGuire, Squadron Commander, hold the flag presented by the colonel at Lt. Col. Kenneth Wadleigh, Air Base Group Commander, stands by.

SAFETY WINNER — The Headquarters Squadron Section of M&S Group won the Green Flag of Safety for industrial category units in the quarterly ground safety competition. Its average per capita cost per month was 20 cents. Col. L. C. Hess, Base Commander, and 1st Lt. Thomas Tuttle, Unit Commander, hold the flag as Col. William Martin, M&S Group Commander, looks on.

June 24 issue follows

29

## From The COMMANDER'S DESK

By Col. L. C. Hess, Base Commander

Our base established a fine record for the Memorial Day weekend, completing the period without a single military injury. This was very gratifying.

Now we approach the Fourth of July weekend as the second big obstacle in the path of Operation Summersafe of 1960. I believe our record for the last holiday period was achieved through intelligent planning and foresight of each and every member of this command.

I will not reiterate the many steps taken to overcome the many hazards which exist for us daily, and which are more numerous when traffic is heaviest during holiday periods. Instead, I ask that every person at Reese use the good judgment and intelligence that each possesses in planning holiday activities. Each of us must be alert and must plan well. I feel confident that we will.

My sincerest wish is that you have a happy July 4th holiday and return to duty on Tuesday, relaxed and uninjured.

### Base Expects To Do Its Part

Reese has a reputation for helping those in need and for being ready to assist in any worthwhile project. The reputation has grown over the years.

Now the call is for aid to Chile, a country where two million men, women and children have been made homeless by a series of earthquakes, tidal waves, avalanches, and volcanic eruptions. People in many areas of Chile are desperate.

"It is winter in Chile," President Eisenhower has said. "The disaster area is one of heavy rainfall. Hence, the extent of personal suffering being experienced by Chileans is almost beyond comprehension."

Airmen and civilian employees of Reese are being asked to contribute to help those in need in Chile. There is no campaign. However, everyone is asked to give a check to "Chilean Relief" to the Red Cross, official agency. Voluntary giving is in effect.

Contributions will be accepted until July 15. Reese has never failed to do its part.

### The Family in the Air Force

While the members of the Air Force in 1960 cannot be called a team of graybeards, we are maturing steadily. A recent survey made at USAF headquarters, reveals that in the past four years those holding high school diplomas have moved from 65 per cent of the total Air Force to 77.2 per cent.

Whereas in 1956 41.7 per cent were on their second hitch or better, we now have 60 per cent in that bracket. Finally, 15 per cent more of the total Air Force membership have moved into the "married" category over the 1956 figure. Family life has become an increasingly important factor in the Air Force picture.

The family has rightly been called the bedrock of civilization. Its format—a father, mother, and children—constitutes a small independent society in itself. The family has a "head" and a certain government that gives balance to the unit. The "Honor Thy Father and Thy Mother" concept has been generally accepted except in true totalitarian states or in periods when there has been a grave demoralization of civilization as we understand it.

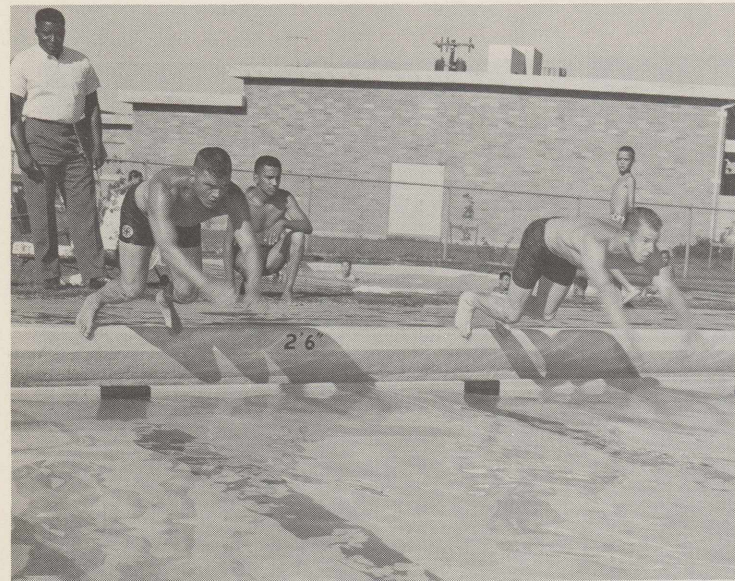

The deterioration of the family among certain nations has become particularly noticeable in recent times mainly due to improved mass communication media. Nazi leaders were condemned by the world at large for encouraging their children to inform upon their parents. This trend was ended with the Nazi defeat in 1945.

The trend has continued in Communist dominated nations and is indicated in states which are only influenced by Communists. Some of the latter exist here in our own hemisphere. By and large the "Honor Thy Father and Thy Mother" concept cannot exist in any police state which demands undivided allegiance from its inhabitants. The first is a complete antithesis of the last.

The importance of sound family living in the Air Force is recognized by all authorities who are concerned with maintaining high morale in our branch of military service. Better base housing, schools, chapels, clubs, and recreational facilities continue to be placed high on priority lists. These, however, are "helps" to sound family living. The real job must be in the family unit itself.

"The tactics of our adversaries in the creation of a series of crises or at least critical situations vary from case to case. Undoubtedly they reflect a fundamental party doctrine that communism is to be promoted by constant struggle. The capitalistic world is to be harassed and if possible thrown off balance by resort to whatever form of attack is best adapted to a given situation, whether it is psychological warfare, economic pressures, internal subversion, or outright military aggression."

Deputy Under Secretary of States Robert Murphy

24 LAPS TO GO! — Beginning the combination 400 and 800-yard challenge above, during the swimming and diving meet held here last weekend, A/1C Glenn Whitsett at left, and Capt. William E. Roth are shown at starting point. Captain Roth concluded the event one lap ahead of Whitsett to win the medal. Roth, during his senior year at West Point in 1955, was team captain of the swimming team there. Later during the meet, Airman Whitsett won the 200-yard event. (Photo by Moore)

## Greatness Shown By Nation's Faith In 'Old Things'

By Chaplain George J. Worner

Before greatness for a people and for an individual can come about, there needs to be a return to some of the Old Things.

There are some Old Things that made this country, a country that became and is independent of tyranny and oppression. There is the Old Virtue of religious faith, a religious faith that moves one along life with God.

There are the Old Virtues of integrity and the whole truth.

**There is the Old Virtue of incorruptible service and honor in public office and in leadership positions.**

There are the Old Virtues of economy in government, of self-reliance, thrift, and individual liberty. There are the Old Virtues of patriotism, real love of country, and willingness to sacrifice for it. These "Old" ideas would even help to win hot and cold wars.

Former President Herbert Hoover suggests that even at the cost of being labeled a "reactionary," he would remind the people of this land that unless they return to some of these old things, which seem to be slipping badly in American life, we will note that the lights could go out in America, even if we win hot and cold wars.

**No nation can be strong except in the strength of God. This is true with individuals also for they compose the nation.**

The trust in God by the citizens of this land should be evidenced not only on our coins but in the life of each one. In the pre-Independence Day activities, let our thoughts turn to the basis of all independence, namely, Faith and Trust in God Almighty.

## Recruiting Major Part Of ATC Life

In Hamlet U. S. A., the blue sedan with its distinctive door and bumper markings is a familiar sight as the Air Force recruiter makes his rounds. He's searching for young men and women to offer them a career in the U. S. Air Force.

Recruiters have an important job in the Air Force — that of hand-picking the right people to operate and maintain the Aerospace Force. As Lt. Gen. James E. Briggs, ATC commander, stated recently, "... they recruit aptitudes to match Air Force requirements."

From California to New York, recruiters annually test and screen thousands of young men and women applying for service in the U. S. Air Force. Those who pass this preliminary test are sent to a testing center for their physical examination and airman's qualification examination.

Based on the results of these tests, the recruiter either rejects the applicant or enlists him. If accepted, the recruit becomes one of the approximately 84,000 airmen sent to Lackland AFB, Tex., each year for basic military training.

Recruiters also supply a yearly quota of about 11,000 qualified candidates through officer procurement programs. This number is made up of college graduates for Officers Training School, aviation cadets for navigator training, lawyers for Staff Judge Advocate duty and professional medical specialists and nurses.

Without a constant influx of people, the Aerospace Force would cease to exist. When thinking of a motto for ATC, remember that this command finds the people qualified to be trained.

The Army's first balloon unit was organized at Fort Myers, Va., on May 6, 1902.

## MOTTO CONTEST

New ATC Motto Contest rules make many more members of the ATC family eligible to compete for the \$500 U. S. Savings Bond first prize.

With thousands more potential entrants, contest officials predict vigorous activity at all bases in support of the new motto contest.

Other changes in the contest rules do away with the tie-breaking 25-word explanation and preliminary base judging. The contest runs from June 15 to deadline at 4 p.m., July 15. All entries must be in the base information office by that time.

Contest officials emphasized that all entries must be submitted on the clipped coupon found above or a reasonable facsimile. Entries will be judged on the basis of aptness, originality, neatness and compliance with contest rules.

The official ATC Contest rules are:

**WHO CAN ENTER:** All military personnel and Department of the Air Force civilian employees of the Air Training Command, and their dependents. Personnel entering the contest must be assigned to the Air Training Command within the contest period. Personnel from other Air Commands on TDY to ATC are not eligible.

**CHOOSING MOTTO:** Foreign language words or phrases will not be accepted. The motto should express a complete thought or group of thoughts in 10 words or less. Groups of isolated nouns will not be accepted; i. e., INTEGRITY - VALOR - DEDICATION. The motto will not duplicate those generally reserved to other Air Commands or service arms through usage and custom. Known slogans and heraldic phrases will not be acceptable.

**HOW TO ENTER:** Entries will be submitted to the base Office of Information. The clipped coupon from the Base Newspaper or a reasonable facsimile must be submitted with each entry. Entry must include the suggested motto and entrant's complete name, rank and organization. Individuals may submit as many mottos as desired, but each entry requires a separate coupon or facsimile. Your entry must be your original work, submitted in your own name. All entries become the property of ATC and none can be returned.

**JUDGING:** Selection of the winning entry will be made by a board of senior officers at Hq. ATC under the chairmanship of the commander, vice commander, or chief of staff, ATC. Entries will be judged on aptness, originality, neatness and compliance with the rules of this contest. Judges will determine method used to break a tie, if necessary. Decision of the judges is final.

**PRIZE:** The winner will be awarded a \$500.00 U. S. Savings Bond.

**CONDITIONS OF ENTRY:** Submission of entry by any individual constitutes agreement to participate in publicity pertaining to the announcement of the winner's name and the winning motto.

**CONTEST CLOSES 4 P.M., JULY 15:** Entries must be received by the base Office of Information by that time. Entries arriving at the base Office of Information after 4 p.m. will not be considered.

Reese has graduated almost 7,000 pilots since 1949.

**Woman's Chatter**

By Mrs. Patrick F. Durning

A busy weekend is ahead for many people at Reese. The July 4th holiday brings parties of all sorts.

Members and wives of the 350th Pilot Training Squadron will hold a farewell party at the Officers' Club Saturday to honor Lt. Col. and Mrs. Max T. Beall and other members of the squadron departing the base. Colonel Beall, Squadron Commander, leaves soon for Alabama to attend Air War College.

There have been changes for the government housing area section of the Telephone Committee of the Officers' Wives Club. Please change on your roster so you can make reservations more quickly. Numbers are: Mrs. Roger Shaw, 3362; Mrs. William McAllister, 2322; and Mrs. Jerome Goebel, 2182. Mrs. Goebel is on leave but others will take reservations for the coming luncheon. Luncheons and coffees continue.

The recently formed 3500th PTS Wives' Club held its regular luncheon and business meet at 11:30 a.m. today. Flight 6 wives hosted the event on the patio at the Officers' Club pool.

Flight 9 wives were entertained at a coffee in the home of Mrs. Wesley Fowler, and Flight 2 wives had a coffee at the home of Mrs. Charles Allen III.

A coffee for wives of Flight 8 was hosted by Mrs. J. N. Dick at her home Thursday, June 23.

Visiting in the home of 1st Lt. and Mrs. Gerald Hannah are her mother and sister, Mrs. John Cerato and Susan, and her grandmo-

ther, Mrs. Lily Stanton. First Lt. and Mrs. Richard Kinder and daughter, Susan, are going on a 30-day leave to Granger, Wash., to visit family and friends. Captain and Mrs. Anthony Gekakis and family hosted a backyard chicken barbecue for Capt. and Mrs. John D. Johnson and family last Sunday evening.

**GOES TO SCHOOL**

First Lt. Ray Thompson has been reassigned to Syracuse University for study in International relations in AFIT. He reports in September.

**GET CAP DUTY**

Major Foley Collins and Capt. Joseph Mitchell have been reassigned to Civil Air Patrol liaison duty. The major is going to Wright-Patterson AFB, the captain to St. Joseph, Mo.

## Large Crowd Sees Meet

The second swimming and diving meet held at Reese drew a crowd of 250 spectators last weekend at the Airmen's Pool to view the four and one half hours' performance.

Twelve of the winners are expected to participate in the ATC Swimming and Diving Tournament July 8-10 at Chanute AFB, Ill.

A/1C Glenn Whitsett, who last year won first place in the 200-yard freestyle, again captured the same title. He is presently a Reese swimming instructor.

Other individual winners were Capt. William E. Roth, 800 and 400-yard freestyle; 1st Lts. Antonio Lopez, 1 and 3 meter dive; and James H. Holmes, 100-yard butterfly; Capt. Thomas P. Mullen, first in the 100-yard backstroke; 2nd Lt. Thomas Stack, 100-yard freestyle, and 2nd Lt. Richard M. Hilbert, 200-yard yard breast-stroke.

Swimmers in the winning relays were 1st Lts. Bill E. Maycumber, Wells G. Carswell, and Nelson J. Sprague, and 2nd Lts. Donald A. Prescott and Dennie L. Sides. Relay participants, including individual winners, were awarded medals.

Installations took first place in the meet, and is scheduled to receive a team trophy. The 3501st PTS will receive the runner-up team trophy.

## Golf Notes

A three-day golf tournament is scheduled on the base course this weekend, with entrants required to complete at least two days play to win prizes. Play will be 36 holes and any two days may be played.

Plans call for four flights with full handicap and prizes offered in each flight.

## Tightened League Race Seen

Addition of new boys gave indication this week that competition in the Reese Little League will tighten up.

### Bowling Results

#### Intramural League

Holding high average in the Summer Intramural Bowling League at the present, is SSgt. John L. Casey of Air Base Group. He has been the team's captain since October, 1958. ABG has six trophies. Casey and his team begun racking trophies in early 1959. The sergeant made Athlete of the Month last March.

Last week, SSgt. Grady Roney rolled high individual game and series of 222 and 601 respectively.

High team game was taken by Transportation keglers with 847 pins, and the series by ABG with 2351.

#### Mixed Couples League

The team of Maj. Alex P. Goodkin and Capt. John Erdman and wives moved into first place in the Officers Mixed Couple Bowling League, Wednesday night, one game in front with 18 wins, 6 losses.

Dropped to second place were Capt. and Mrs. Gordon Freeman and 1st Lt. and Mrs. Howard Geddes, 17-7. Barely in third place are 1st Lts. and Mmes. Donald Brown and Charles Burns, 16½-7½, a half game ahead of Maj. Robert Hill and wife and 1st Lt. Ronald Tingley and wife, 16-8.

High game of 707 and high series of 2,044 were rolled by 1st Lts. and Mmes. Richard Corbin and Daniel Johnson, Lieutenant Corbin had the 577 high series and Maj. Joe Setnor a 210 high game.

For the ladies, Gail Corbin had a 525 high series and Marty Freeman a 201 high game.

The T-33 jet aircraft became a trainer here in the fall of 1958.

The Braves, coached by 1st Lt. John Simson and Maj. Alton Skinner, have been rolling over other teams lately and return of John O'Connell after a month's leave is expected to add strength. The Red Sox have not lived up to expectations and more practice is needed, Lt. Col. James W. Weaver, league president, said. The Dodgers are suffering from loss of the Teague brothers and boys on leave.

The July 4 game has been cancelled, but a Friday night game is added next week, Tuesday the Dodgers and Red Sox play, Thursday matches the Dodgers and Braves, and Friday the Sox take on the Braves.
