

Special awards due in today's ceremonies

SSgt. Joseph R. Avant of the 2053rd Communications Squadron will be awarded the Distinguished Flying Cross at the Wing Commander's Monthly Awards Ceremony scheduled for 3 p.m., today, in front of wing headquarters, Bldg. T-1.

Wartime Service

Sergeant Avant will be recognized for service in Southeast Asia in 1968. The medal will be presented for "heroism while participating in aerial flight", according to the citation. He will be honored at the ceremony today along

with eight other medal winners, the Wing Airman of the Month and five college associate degree recipients (see story below).

Capt. Dale F. Stephens of the 64th Student Squadron will receive the second Oak Leaf Cluster to the Air Medal along with the third through the 18th Oak Leaf Clusters to the medal.

Other Winners

Also slated to receive the Air Medal is Capt. John E. Stoval of the 64th Student Squadron. He will be awarded the 17th and 18th Oak Leaf Clusters. The

10th Oak Leaf Cluster to the Air Medal will be pinned on 1st Lt. Lamar Smith of the 54th Flying Training Squadron (FTS) and the second through the 12th Oak Leaf Cluster to the medal will be awarded to 1st Lt. James W. Twaddell III of the 35th Flying Training Squadron (FTS).

Commendation Medals

The first Oak Leaf Cluster to the Air Force Commendation Medal (AFCM) will be awarded to Capt. Joe W. Nix of the 64th Air Base Group (ABGp).

The first Oak Leaf Cluster to the

AFCM will also be awarded to SSgt. Eddie B. Johnson of the 64th Supply Squadron. Two other AFCMs will be awarded at the ceremony today. Those will go to TSgt. Jimmie C. Clements of the 2053rd Communications Squadron and SSgt. Joseph E. Siniscalchi of the 64th Organizational Maintenance Squadron (OMS).

Also slated to be recognized at the event will be A1C Michael Hagerty of the 64th Air Base Group. He will be cited for his selection as Wing Airman of the Month.

VOLUME XXIV NUMBER 20

Lubbock, Texas May 25, 1973

5 Reese personnel earn associate degrees

U.S. Air Force Photo by Sgt. Terry L. Crooks

A special presentation will be made at the Wing Commander's monthly Awards Ceremony today by Dr. Marvin Baker, president of South Plains College at Levelland, Tex.

The presentation will be five associate degrees to Reese personnel as the semester comes to a close this week. This is the first time that five associate degrees have been awarded in one semester.

The first man to receive his degree today will be A1C Charles Ramsey of the 64th Supply Squadron. Airman Ramsey has been working toward his associate in liberal arts degree for two years. He has taken classes for 18 semester-hours from South Plains College on-base courses and the remainder of his credit he received from Vincennes University at Vincennes, Ind.

He plans to apply for the Bootstrap commissioning program and attend classes at Indiana State University at Terre Haute.

Associate in Science

Sgt. Jerry Eldred will be awarded his associate degree in science today. Eldred is assigned to the Traffic Management Division of the 64th Air Base Group (ABGp). Sergeant Eldred has received all of his 60 semester-hours from South Plains College on-base courses. He plans to continue his education at Texas A&M University upon completion of his enlistment.

SSgt. Jesse Hughes of the 64th Field Maintenance Squadron will receive his associate degree in business administration. He has earned college credits at assignments around the world during his 7½ years of active duty.

Pre-Service Education

He attended classes at Southern Baptist College at Walnut Creek, Ark., before entering the Air Force and has taken courses from the University of Maryland while stationed at Tan Son Nhut AB, Saigon and Ubon AB, Thailand.

When his second term in the Air Force ends this year, Sergeant Hughes plans to return to school at the University of Arkansas at Jonesboro.

TSgt. Robert Blount of the Data Automation Division of the Comptroller for the 64th ABGp is another man who will be awarded his associate degree in business administration from Dr. Baker at the ceremony today. Although he has received 36 semester-hours from South Plains College, he also has attended Lambert College at Jackson, Tenn. Taking three years to earn his associate degree, Sergeant Blount plans to continue his education after he completes his upcoming permanent change of station (PCS) move.

Fifth Associate Presentation

The fifth man to receive his associate degree today will be MSgt. Richard De Priest. His associate degree in business administration comes after 10 years of education. He has taken courses at Yuba City College at Marysville, Calif., Washington State College at Pullman, Wash., and University of Maryland courses at Simbach AB, Germany and Itazuke AB, Japan.

A veteran of more than 18 years of service, Sergeant De Priest of the Consolidated Base Personnel Office (CBPO) plans to return to school when he returns to the United States after his next assignment.

These five men will be cited at the ceremony today for taking advantage of the on-base college program offered by the Education Office. Degree opportunities are available for all Reese personnel and dependents as well as other programs for furthering educational experience.

The ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. frame of reference

"... those who find the time to do volunteer work discover that helping others offers real satisfaction."

Colonel Baxter

By Col. Walter H. Baxter
Wing Commander

A "Dear Abbey" column caught my eye the other day. A woman had written in saying that her husband was perfect in every respect except that he was too much of a homebody; that he never wanted to go out at night and that he hardly ever took her anywhere.

"Dear Abbey" responded beautifully. She said that the woman obviously spent her days at home and at night wanted a change while her husband spent his days at work and at night wanted a change—that being home. She further advised the writer to assume an active outside interest other than the home during the day and that she would be more receptive to staying home at night.

I wouldn't argue with this as being a compelling reason, but one thing I have noticed: That the wife who actively participates in base and/or community action seems to have a happier home life.

This brings us to the point of this editorial—distaff involvement in base activities.

Two areas of involvement have shown a decline in recent months that is not only disheartening but somewhat bewildering. These areas are Family Services and the Red Cross, both of which heavily depend on distaff volunteers—the wives of our officers, NCOs and airmen.

I don't believe I have to explain to anyone at Reese the functions of these two groups or their importance to the base. Both organizations make vital contributions to Reese and its mission of training pilots. There are few people here who have not, at one time or another, received some sort of help from either Family Services or the Red Cross Volunteers either directly or indirectly. Not only that, but the chances are that you will be helped by the same groups again—either here or at your next base of assignment.

Servicemen, as well as their wives, have always felt a common bond in their respective service communities. This bond has been reflected in voluntary organizations and has given credence to the statement that the service looks after its own. This has been a point of pride in the service for many years. If we lose this common bond then we are surely in deep trouble.

I know that wives have important tasks at home but those who find the time to do volunteer work discover that helping others offers real satisfaction.

Ladies, your participation is required, for without your efforts neither the Red Cross nor Family Services can fulfill their vital jobs. Won't you help?

Commander's CARE Line

Editor's note: The Roundup will continue to publish Commander's CARE Line inquiries as long as they are of base-wide interest. Reese personnel are encouraged to use the CARE line to air any questions or comments about services or situations at Reese.

Sir,

In my 20 years of duty, I have never been more satisfied with service as that I have received recently from the Reese USAF Hospital. My wife received excellent care while undergoing surgery. Dedication extends from doctors and nurses to the lowest ranking airman. These people have left a lasting impression on me. I extend my wholehearted appreciation for work done over and beyond the normal services.

SMSGt. Charles E. Jones

Sergeant Jones,

Our hospital continues to be recognized for excellence by the people who are served. Thank you for your call, Sergeant Jones. Thank you for your work all you doctors, nurses and staff members.

Col. Walter H. Baxter
Wing Commander

Sir,

Since Reese is a pilot training base, why can't the Roundup publish more regarding the graduating classes?

There are many people who would be interested in knowing where graduates would be assigned, what aircraft they would be flying and what students were to receive awards at graduation.

Abbey Schultz

Mrs. Schultz,

Beginning with the graduation of Class 73-09, the Roundup will publish the assignments students receive. It may be impossible to publish the winners of the top three awards before the graduation, because in some cases recipients are determined only a day or two before graduation. In cases like this, the Roundup will publish the award winners in the following issue. Otherwise they will appear in the normal graduation story.

Col. Walter H. Baxter
Wing Commander

The Roundup is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc. Mailing address: P.O. Box 2415, Lubbock Tex.

Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser, user or

patron. A confirmed violation or rejection of this policy of equal opportunities by an advertiser will result in the refusal to print advertising from that source."

News for the Roundup should be delivered to the Information Division, bldg. T-1, no later than 11 a.m. Monday prior to the Friday publication date. Classified ads of a non-commercial nature may be placed free of charge and must also be in to the Information Division by 11 a.m. Monday. Other advertising matter is handled exclusively by the publisher.

AF Secretary issues 'pat on back' to ATC

To Lt. Gen. William V. McBride
Commander, Air Training Command
Dear General McBride:

I want to take this opportunity to congratulate the men and women of the Air Training Command for their fine performance and to thank them for their important assistance and support during the past four years. Through your efforts our operational units have received the most highly trained and skilled aircrew, maintenance and sup-

port personnel in the history of the Air Force.

This has been clearly evidenced in Southeast Asia by the outstanding performance of our combat units. Without the sustaining support of a highly dedicated professional training establishment these accomplishments would not have been possible. In addition to this vital mission, your Command provided excellent training programs which directly contributed to the increased effec-

tiveness and modernization of Allied air forces in Southeast Asia during this period.

In another major accomplishment the Air Training Command has improved our technical training through advanced job analysis and training techniques and a restructuring of training programs. Air Force training needs have been more precisely met, while conserving both human and fiscal resources. This is a significant step toward our goal

of obtaining more productivity with fewer people.

Finally, let me congratulate you for the establishment of the Community College of the Air Force, which will help to enable our men and women to further profit from their experience and training in the Air Force.

Please accept my best wishes for your continued success.

Sincerely,
Robert C. Seamans, Jr.
Secretary, U.S. Air Force

letters

Editor's note: The following letter was received by Col. Walter H. Baxter, wing commander, concerning the dedication ceremonies of Bartlett Hall (bldg. 220), one of the airmen's dormitories at Reese.

Dear Friends,

The Bartlett family, my family and myself would like to thank all of you who contributed in making the dedication ceremony, which meant so much to us, so beautiful.

We would like to thank especially, Colonel and Mrs. Baxter, Capt. Arthur Moxon, Capt. Rowland Worrell and 1st Lt. James Killen as well as Col. Clyde

Morganti, Chaplain (Maj.) Martin McEntarfer and TSgt. Darrell LaMontagne.

We would also like to thank the pilots who manned the aircraft in the "missing man" flyover. Our gratitude goes to those who attended the reception afterwards with us. We appreciated everything you did for us.

We are so proud of Dennis and it is so nice to know that the U.S. Air Force was also proud of him. His life was quite short yet he accomplished so much. It is comforting to know that Dennis will not be forgotten. His name will live on long after we are gone.

Sincerely,
Eileen Bartlett

For a rainy day.

Wing honors Airman Hagerty

A1C Michael J. Hagerty

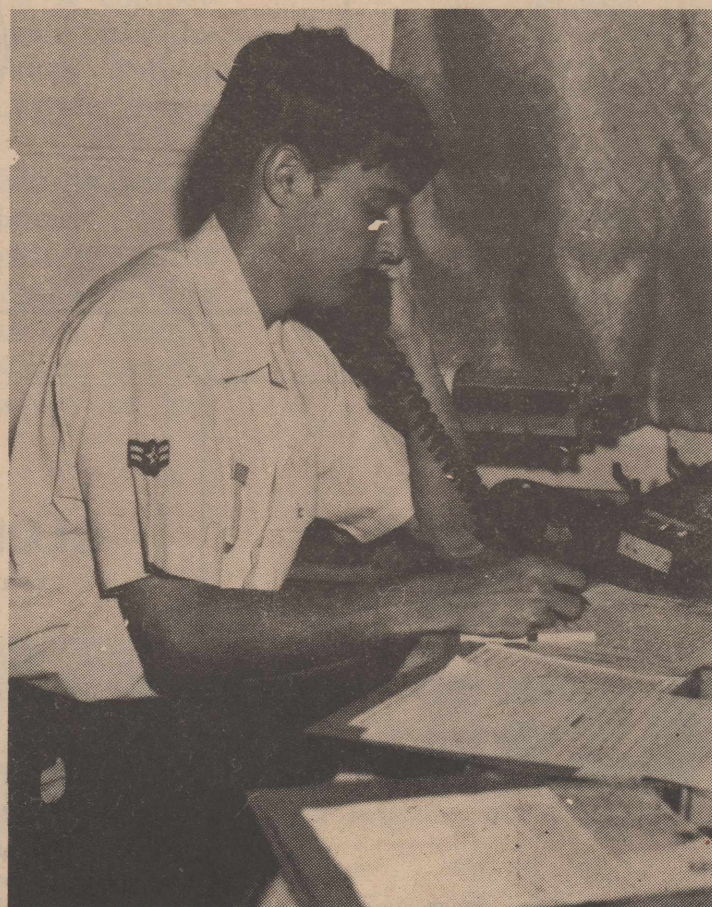

Assignments clerk due Airman of Month award

An assignments clerk in the Airman Assignments Section of the Consolidated Base Personnel Office (CBPO) has been selected Airman of the Month for May by the 64th Flying Training Wing at Reese.

A1C Michael J. Hagerty was nominated for the honor by 1st Lt. George M. Protos, Career Control Section chief. The nominating letter from Lieutenant Protos cited Airman Hagerty as being "courteous and a great asset to the Career Control Section."

Upon completion of tech school at Keesler AFB, Miss., Airman Hagerty was assigned to Reese. "Personnel technicians of considerable experience are usually assigned to this demanding area," according to Lieutenant Protos, "Airman Hagerty's performance clearly attests to the time and effort he has put into studying."

The 18-year-old native of Miami, Fla., also makes attempts to advance his off-duty hours. He is presently attending on-base courses from South Plains College of Levelland, Tex. He is presently single and he resides on base.

AIRMAN OF MONTH—A1C Michael J. Hagerty answers a question about overseas assignments as one of his duties as an assignments clerk in the Consolidated Base Personnel Office (CBPO). Airman Hagerty has been selected Airman of the Month for May. See story above. (U.S. Air Force Photo by Sgt. Terry Rivera)

Committee welcomes Reese newcomers

One of the major actions of the Reese Family Services Division is the Welcoming Committee.

New families are sent a letter by the committee and welcoming packets are available to all incoming personnel to Reese. These packets contain information about Reese and its facilities as well as the Lubbock area.

When there are sufficient numbers of Family Services volunteers every new family receives a personal visit. The volunteers try to answer any questions a newcomer might have. Phone calls must at times serve as a personal welcome.

Mrs. David Elston is currently visiting new wives' classes for the purpose of extending a personal welcome to Reese and to introduce the Family Services Division.

Volunteers are needed at all times to make the Welcoming Committee truly effective. The division is presently seeking wives living in Lubbock who would be willing to visit a family in their neighborhood once each month. Interested wives should contact the center at ext. 2306 between the hours of 9 a.m. and 3 p.m. Women may also contact Mrs. Martin Johnson, welcoming chairman, at 885-4367 or Mrs. David Elston at 795-5469.

The Family Services Center has also announced a new "Story Hour" program to be held each Tuesday in June. The program will be presented from 10 to 11 a.m. on those days and children, 3, 4 and 5 years old are welcome. Further information on these and other programs may be obtained by calling the center at ext. 2306 or visiting bldg. 6100, just outside the main entrance to Reese.

BALLERINAS— Laura Helinski, left, Tammy McGuire and Shelly Miller take a bow after their act in the dress rehearsal for the Reese Youth Center dance recital. Three age groups presented tap dancing and ballet acts for the audience. The rehearsal was held Sunday afternoon at the base theater and the recital Monday evening at the same location. Project Transition names immediate key changes

By Robert L. Brashier
Transition Officer

The Department of the Air Force has issued new regulations governing Project Transition. These key changes are for immediate action.

Unchanging with the new regulations will be the fact that career information and counselling, job placement assistance, job market inquiries and resume services are available to Air Force personnel with six months or less of active duty remaining.

Major Changes

The major changes in the program are relative to the eligibility for Priority 1 training, full-time, on-the-job training with a civilian

agency. The primary target group for this training consists of those younger airmen whose lack of education or marketable skill would limit their opportunity for obtaining gainful employment upon separation.

Personnel in this category may be authorized to participate in vocational training during duty hours without compensating the Air Force.

Priority 1, on-duty training, is not authorized for personnel who possess reemployment rights (including first-termers who were working full time prior to enlistment). This training also excludes men whose grade is E-7 or above who have completed licensure requirements in any field. Others excluded are those who have a recognized vocational-occupational credential.

Marketable Skills

The Department of Labor has published a list of nationally marketable Air Force Specialty Codes (AFSC). Persons who possess or who have previously possessed one of these skills are ineligible for Priority 1 training. Those men with college degrees or who

plan to get a degree are ineligible as well as those who receive an early out for school.

Also excluded are men who are employed part time and desire training leading to employment in the same job or field after separation and men who plan to reside in an overseas area outside United States jurisdiction.

Training Requirements

New regulations required that Priority 1 training be linked to a specific job opportunity, one of the labor department's nationally marketable skills or to a skill area taught under the auspices of the Manpower Development Training Act. Training is restricted to a maximum of 480 hours.

Those persons who are ineligible for Priority 1 training may participate in off-duty training or training during duty hours if they compensate the Air Force by working for a documented period of equal time to the time spent in training. It is important to emphasize the mission requirements receive first priority as determined by commanders.

War begins on mosquito with annual fog program

Every year, Reese AFB initiates a program of insecticide fogging to eliminate mosquitoes on base.

Fogging Schedule

The fogging is presently scheduled to be done at dusk every Monday, Wednesday and Friday until the Military Public Health Unit of the Reese USAF Hospital indicates that the mosquitoes are no longer a problem. On the other hand, Civil Engineering officials noted, if the mosquitoes become too numerous on base, spraying will be expanded to include Tuesdays and Thursdays also. The program will continue through November or as long as necessary.

diesel oil mist and is extremely toxic. Aside from the hazard of the children colliding with the fogging vehicle, or being struck by a passing vehicle, there also exist obvious physiological hazards associated with prolonged exposure to the insecticide.

Possible Symptoms

While it is unlikely that enough malathion could be absorbed from routine fogging operations to cause death, some of the milder toxic symptoms could occur. These include headache, nausea, weakness, stomach cramps, blurred vision, increased salivation, incoordination and confusion. Again, routine fogging poses no danger except to those who place themselves directly behind the vehicle for a prolonged period.

In past years children have been observed running, playing or riding bicycles behind the fogging vehicle. The insecticide used, malathion, is suspended in a

Parents are urged to inform their children of the dangers involved in playing in the fog.

HI-FIDELITY

2217 34th STREET
LUBBOCK, TEXAS 79411

POWER STANCE—Lois Johnson of the Dust Devils, at bat, grits her teeth with a smile as she prepares to clobber the ball. Giving signals is Jane Szaniszlo of the Blue Diamonds. The effort was in vain as the Diamonds clobbered the Devils, 13-6. See story below. (U.S. Air Force Photo by Sgt. Dennis Mehrenburg)

Diamonds sparkle as Devils burn following Sunday's action

The Blue Diamonds blew right past the Dusty Devils in Sunday's opener for the Wives Softball League competition held on the

intramural field located on War Highway behind the Reese USAF Hospital. The final score in that game

was 13-6 and the win was chalked up to the Diamonds' Diane Smeiles. The losing pitcher was Patsy Bredahl. The second game of the day went into overtime as the Red Hots and the Better Half battled each other and the heat. The Red Hots finally pushed it over the top as they outlasted the Better Half, 20-18. The winning hurler was Julie Spence and the loss was taken by Elaine Seebo of the Half.

The wives' league has announced new times for their Sunday games as a result of wind and heat disturbing the games' atmosphere. The times have been changed from 3 and 5 p.m. to 5 and 7 p.m.

New players are welcome to join the league and may do so by calling 885-4661, 885-4301 or 885-2316 for information.

CEs seek volunteers for Red Horse squadron

RANDOLPH AFB, Tex. (AFNS) —Sergeants (including selectees) through chief master sergeants with civil engineering Air Force specialty codes are encouraged to volunteer for assignment to the 554th Civil Engineering Squadron (Red Horse), which will be home-based at U-Tapao Airfield, Thailand.

The squadron will form and train at Tyndall AFB, Fla., and be deployed during October and November. Former Red Horse assignees will not have to undergo additional training. June 30 is the deadline for applications.

Selectees are to be advised that they should not take dependents or privately owned vehicles to Tyndall AFB. In addition, desired leave is to be taken before reporting to Tyndall AFB since members will be sent to their oversea destination upon completion of training.

Air Force Military Personnel Center officials said that past

programs for volunteer manning of Red Horse units have been highly successful.

Interested Reese personnel should contact the Consolidated Base Personnel Office (CBPO) in bldg. 815 for complete details.

Martha's Method
 Tips On
fashion Sewing

OUTWARD CURVED SEAM
 Outward curves seams are found in collars, scolops and even in some construction seams of garments. The problem is just the reverse of an inward curve—instead of not enough fabric, you have too much for the space it turns into when pressed. You trim and grade your seam allowance and then notch to but not through your line of stitching.

SALAMANDER STUDIES—Dr. Francis L. Rose, left, assistant professor of biology at Texas Tech University, examines a tiger salamander from a playa lake at Reese. Some salamanders from the lake have been found to exhibit external growths not found on salamanders from other playa lakes. Rose and other scientists at Texas Tech are studying the salamanders and their lake to determine what the growths are, what causes them and how to treat and prevent them. Assisting Rose in the study is Lee Parks, a graduate student in zoology. (Photo Courtesy Texas Tech University)

tweety topics

Pilots happily plan trip to AF Survival School

By Capt. Charles M. Thrash
Recently some of our troops were pleased to find out that they had been selected to attend the Air Force Survival School at Fairchild AFB, Wash.

They were going to get to spend two weeks learning how to get along with Mother Nature and spend a few days in the wonderful Washington wilderness. But you know there are always those who take advantage of a good deal. About half of those return sick and cannot perform their duties.

According to 1st Lt. Dave Senner, a survival school returnee, more losses come from the Kon Tiki than from the trek. Those painting contests are always hard on the body.

This week a special award goes out to Capt. Tate Fisher. Saturday he participated in a bicycle ride to earn money for the St. Jude Children's Research Hospital. After several hours of pumping away, Tate completed 33 miles and earned \$165 for the hospital.

Tate tied for the longest distance travelled for the event and received an electric toothbrush for his efforts. What he really needed the next day was a pair of electric legs.

The squadron softball team won a big game last week by bumping off the academic weenies, better known as the 64th Student Squadron. The golf team

also managed a victory against the white rocket drivers. That put us just one point out of first place. During that match I had the privilege of playing against Capt. Mike Conner, a fine golfer and a good loser.

We had a couple of new instructor pilots come up into the squadron. First Lieutenants Bill Zahn and Rick Brown are new members of E Flight.

The Gee Whiz Award this week goes to one of our new runway supervisory unit controllers. When faced with an increasing wind situation and trying to decide whether to let a solo student take off he came out with the following radio call—"Solo don't take off, wind too big."

talon talk

New author makes first official move

By Capt. Bugs Forsythe
Although this is not my first article for Talon Talk, it is the first time I've not been a stand-in. As my first official duty I'd like to correct the misspelling of my name in last week's article. That's okay, Rogger, it was a small mistake.

The squadron is actually receiving people back from PIT. Contrary to popular belief, pilots do return from that hallowed institute of learning. C Flight welcomes Capt. Jim Crumley and wife, Janet, to their clan. Jim was a former C-130 pilot. First Lt. Joe Peterson and wife, Cecilia, join the Goats. The Barracudas have gained 1st Lt. Garry Dudley and wife, Carol, and the Foxes welcome Capt. Gene Bardal and Sally.

I knew if I beat the brush long enough, the stories would develop. With the changing winds, Tweet emergencies and initial solos taxiing the wrong way, it's not easy for a mobileer to get to the correct runway. Capt. Norm "Wrong Way" Baker highly recommends the scenic route to runway 35. It allows you to monitor departures, view the old shooting range and inspect the garbage

dump. That's okay, Norm, the Hawg senior Aggie opened up on the wrong runway. This was correctly eliminated by initiating the fastest runway change in history.

First Lt. Dorin Balls wanted to announce that the First International World Cup Foosball Championship will be held on Wednesday at 7:30 p.m. in the Officers Open Mess. Entry fee is a buck a head with prizes to the winners and remaining proceeds to the base Boy Scouts. There will be two leagues, A and B. Those of you who deftly flick your wrist five minutes after the goal is made will be in the B League, while the hard cord will play in the A League. We'd like to see some of our Tweet friends come up and show their stuff.

CONTAINS: Supermarket Food Items (Edible Items Only)

Names are spelled out in eight different directions. They are forward, backward, up, or down and they go horizontally, vertically, and diagonally in the directions shown on the figure at the right. USE PROPER NAMES ONLY! Brand names, abbreviations, or items you would not find in supermarkets will not be allowed. The same word cannot be used more than one time. Example; "orange juice" (when connected) can be "orange juice" or "orange" but not both. "Orange" could appear in another place, however, and could be counted.

**DEPOSIT ENTRIES
IN THE ENTRY BOX AT**

**EDWARDS
ELECTRONICS**
1320 - 19th St.

Before 1:00 P.M. Tues., May 29

(Edwards will be closed Memorial Day)

PRIZE THIS WEEK \$20 CASH
OPEN OR ADD TO YOUR CREDIT UNION ACCOUNT

LAST WEEK'S WINNER
SSgt. DAVID W. ATER

5509 17th (determined by drawing). See Mrs. Grimes at the Credit Union for you \$10 prize. Three entries had all names but one—other tied entries were Janie Basting and Patricia Bickett (first puzzle winner).

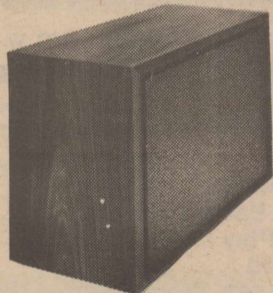

CONTEST RULES

1. Circle each name (as shown) and **PRINT** it neatly in a list space below (also as shown by example).
2. The entry with the most correct, bona fide names circled and listed will be the winner.
3. A master list has been prepared listing all known names. If any entry lists names that are not on the list, they will be counted only if all master list names are also listed and provided that the "new" name is a correct name not listed elsewhere in the puzzle.
4. Do not repeat the same name even though it may appear more than once.
5. **ILLEGIBLE** entries may be thrown out if judges cannot be sure of the entry.
6. If you circle and/or list any incorrect names your entry may be disqualified.
7. In case of ties, a single winner will be determined by drawing.
8. Roundup puzzles are intended primarily for entertainment and prizes are awarded for added interest. Decisions on questions not covered by rules or anticipated will be made by the publisher whose decisions will be final.
9. **HINT!** There are several items of more than one word but they are connected in one of the 8 directions. There are not 75 valid items!

HOW TO BE HEALTHY & HAPPY

Work like a dog, Eat like a horse,
Think like a fox, Play like a rabbit,
And

- If beef is too high, eat more lamb—10,000 coyotes do. All of them can't be wrong.
- Try to help the cattleman—eat more beef.
- Eat more lamb—help the sheepman.
- And we tries to help the corn raiser . . . And we got thrown in jail!!!

entertainment

flick flack

Hard-hitting dramas and true to life adventures along with a touch of comedy make up this week's schedule of feature films at the base theater.

All evening performances at the base theater begin at 8 p.m. unless otherwise noted and the Saturday matinee starts at 2 p.m. The theater is open Tuesday through Sunday.

Tonight

"Steelyard Blues" stars Jane Fonda and Peter Boyle. A trio of somewhat unique characters team up to build a plane out of stolen parts to fly around the world. All goes smoothly until a gang is faced by an army of police cars. It is rated PG, all ages admitted, some material may not be suitable for pre-teenagers.

Matinee Tomorrow

"The King Elephant" is a documentary about the life style and cycle of the largest living creature. A myriad of animals will be shown in this family film that is rated G, all ages admitted.

Tomorrow Evening

"Jory" is a 15-year old boy who witnesses his father's murder and sets out to avenge it. This adventure is set in the days of the old west and stars Robby Benson and John Marley. It is rated PG.

Sunday

"Carnal Knowledge" stars Candice Bergen and Jack Nicholson. It is set in the late 1940s when a duo of friends set out to win over a young lady. The rivalry doesn't end there as the two men continue to make

their advances. It also stars Ann Margret and is rated R, under 17 requires accompanying parent or adult guardian.

Tuesday and Wednesday

"Walking Tall" is an action-packed chronicle about a Tennessee sheriff. A man who is tortured and left for dead refuses to give up and continues to fight back when more attempts are made on his life. It stars Joe Don Baker and Elizabeth Hartman. It is rated R.

Thursday

"Lolly-Madonna XXX" is a story of a modern-day feud set in Tennessee. One family's tricks and eventual kidnapping lead to a war of still-bombing and assorted violence. It stars Rod Steiger and Season Hubley and is rated PG.

at Mathis

A Soul dance will kick off this week's slate of entertainment at the Mathis Recreation Center tonight featuring Scotty and the 6th Degree.

Tonight—Scotty and the 6th Degree will begin their music at 9 p.m. The dance will continue until 1 a.m.

Tomorrow—The weekly pool tournament will be held beginning at 5:30 p.m.

Sunday—The weekly ping pong tournament will be held beginning at 5:30 p.m.

Monday—The weekly meeting of Take Off Pounds Sensibly (TOPS) Society will begin at 6 p.m. Family Game night will start at 7 p.m. There will be no charge for this event.

Tuesday—The Airmen's Wives

Club (Dependettes) will meet at 7 p.m. Slated for the same time will be intramural shuffleboard competition.

Wednesday—Ladies' Night Out will be held at Mathis at 7 p.m. There will be no charge for this event.

Thursday—The regular weekly meeting of the Lubbock Chess Club will be held at 7 p.m.

at NCO Open Mess

The Maines Brothers will begin the entertainment tonight at the NCO Open Mess with a dance scheduled to begin the week's lineup.

The dining room will be open until 9 p.m. tonight. The dining

room will also be open from 9 a.m. to 9 p.m. tomorrow. Dancing music tomorrow evening will feature The Nivicos. Sunday and Thursday nights will feature discotheque entertainment with Gerald Lewis.

The mess has announced that the dining room will be closed Monday in observance of Memorial Day. Also, the package store and bars will operate on a Sunday schedule.

OBSTACLE COURSE—Troy Johnson, foreground, and his brother Timothy zip through the pilings, taking a few down with them at the Armed Forces Day Bicycle Race and Obstacle Course. The course was one part of the program that offered safety briefings, inspections and a distance race. (U.S. Air Force Photo by Sgt. Dennis Mehrenburg)

Flight screening moves to one centralized location

Lackland AFB, Tex. (ATCPS)—Air Training Command began its centralized pilot screening classes in the T-41 trainer at Hondo Municipal Airport, Tex., last Thursday May 14.

The previous method of screening prospective pilots had been conducted at Reese and at ATC's other eight Undergraduate Pilot Training (UPT) bases.

Approximately 80 students are attending the first class. They will receive from eight to 14 hours instruction in the propeller driven T-41 prior to their first solo flight.

Basic Instruction

Officer trainees attend three weeks of basic military indoctrination at the School of Military Sciences, Officer (SMSO), Lackland AFB, Tex., prior to attending pilot screening at Hondo. Trainees who pass the pilot screening program return to SMSO for another nine weeks of officer training. After commissioning, they are reassigned to various ATC bases for Under-

graduate Pilot Training.

Half of the student's day at Hondo is spent in the cockpit and the other half in a classroom. Ten hours of academic work includes nine hours of airmanship and one hour of flight safety.

Each student flies approximately 11 sorties. The officer trainees are bussed from their dormitories at Lackland's Medina Annex to nearby Hondo.

Expansion Planned

In October, the pilot screening training will expand to 180 students and 80 aircraft. The Air Force Security Assistance Training program, involving some 45 Vietnamese Air Force students, will join the Hondo group in July of this year.

All officer trainees in the screening classes will be given psychological tests by Air Force psychologists to predict their flying ability. At the end of a two-year period, the examinations will be correlated with the students' performance records.

If the findings match closely

with actual student performance, the Air Force may be able to eliminate the T-41 flight screening program.

Fuel crisis affects exchange stations

DALLAS (AFNS)—The allocation of gasoline or higher prices appear to be imminent at base exchanges.

The Army and Air Force Exchange Service (AAFES) said because of the worsening shortage of petroleum products in the United States, some of the major oil companies holding contracts with AAFES are either canceling their contracts or increasing prices significantly.

Terminated Contracts

Effective May 16, one major company has canceled contracts for 23 military installations ranging from Texas to Maine and another has terminated contracts, effective June 22, at 17 installations ranging from Arkansas to Minnesota. Officials said that new suppliers are being sought. They added that AAFES executives are making a maximum effort to assure that the military customer is given fair and equitable treatment in the increasingly serious fuel situation.

Although AAFES thus far has been able to absorb cost price increases without increasing prices to its customers, the additional costs were not included in this year's AAFES financial program. Consequently, selected price adjustments may be ahead for exchange customers.

Other Possibilities

Other possibilities resulting from the fuel shortage are curtailed operating hours at stations in critical areas and redistribution of available gasoline supplies from less critical areas to those hardest hit. In this case, priority would be given to remote installations where officials said that out-of-stock conditions could result in hardship for military personnel.

Brig. Gen. Cecil W. Hospelhorn, AAFES commander, has candidly stated that there is "an extreme likelihood" exchange patrons everywhere can expect to see price increases or shortages similar to those being experienced within the civilian community.

Favorite dishes top this week's menu

Favorite dishes from around the United States highlight the menu this week at the wing dining hall.

Today—The luncheon menu will consist of fried fish and swiss steak. The supper menu will offer roast pork and Creole shrimp.

Tomorrow—Stuffed peppers and beef stew will be served for lunch and roast beef and barbequed ham steaks will be offered for supper.

Sunday—The combination lunch-supper meal will consist of grilled steaks.

Monday—Fried chicken, baked pork slices and roast beef will be offered for lunch. Supper will feature spaghetti and fried ham slices.

Tuesday—Pepper steak will be served for lunch. Also on the luncheon menu will be chicken fried steak and baked chicken. The supper menu will offer enchiladas, Salisbury steak and fried liver.

Wednesday—Ham steak, meat loaf, fried shrimp and knockwurst will be offered on the luncheon menu. The supper slate will feature corned beef and barbequed pork loin.

Thursday—Salisbury steaks will be served for lunch along with prime ribs and the supper menu will consist of baked lasagna and braised spareribs.

The above menu is subject to change without notice.

IP OF MONTH—First Lt. Dennis R. Williams prepares his parachute in the Personal Equipment Shop of the 35th Flying Training Squadron just prior to preflight and eventual takeoff. Lieutenant Williams has been selected Instructor Pilot of the Month. See story at right. (U.S. Air Force Photo by A1C Willie Shirley)

Lieutenant Williams wins award as month's top IP

First Lt. Dennis R. Williams has been selected Instructor Pilot of the Month by the 35th Flying Training Squadron at Reese.

According to the nominating letter from Lt. Col. John D. Herbert, squadron commander, "Lieutenant Williams is a highly motivated, enthusiastic officer and instructor pilot who performs his duties in an outstanding manner."

In addition to his instructor duties, the lieutenant spends a great deal of his off-duty time maintaining a peak manning roster for runway supervisory unit (RSU) personnel. As a senior RSU controller, he was instrumental in upgrading several personnel in minimum time.

The 24-year old native of Louisville, Ky., is a 1970 graduate of the University of Louisville where he received his bachelor of arts degree in political science. He

received his commission through the Reserve Officer Training Corps (ROTC) in 1970 and attended pilot training at Reese.

The letter concluded, "Lieutenant Williams' enthusiasm, self-reliance, desire to excel and con-

quest of added responsibility have contributed to the overall mission of Air Training Command and the Air Force. His sustained performance of all of his duties makes him deserving of this award."

Sequence numbers to bring promotions

RANDOLPH AFB, Tex. (AFNS) —June 1 sequence numbers for promotion to the grades of sergeant through chief master sergeant have been released by the Air Force Military Personnel Center here. Dates of rank will be June 1, except as noted.

Sequence numbers are: Chief master sergeant—calendar year 1972 selection list, 1,496 through

1,661, with a date of rank of Dec. 1, 1972; senior master sergeant—calendar year 1972 selection list, promote all remaining, with a date of rank of Jan. 1, 1973 and calendar year 1973 selection list, 1 through 15; master sergeant—1973B selection list, 603 through 1,794.

Other sequences are: technical sergeant—1973B selection list, 709 through 1,891; staff sergeant—1973B selection list, 8,339 through 10,045, with a date of rank of May 1, 1973; sergeant—1974A master worldwide fully qualified list, 1,034 through 6,862.

Clinic plans dentistry program

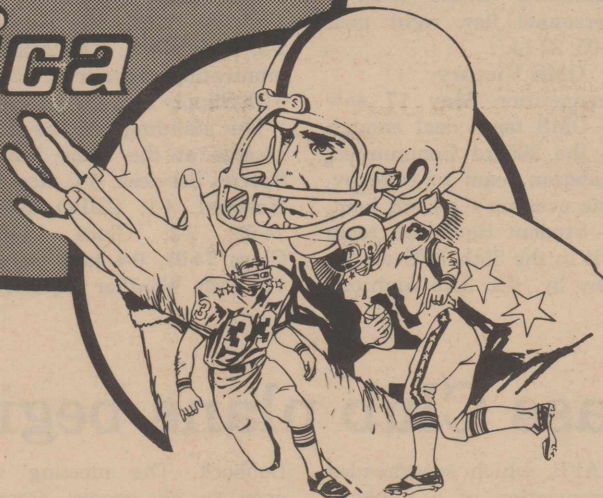

The monthly preventive dentistry program will be held at 5:30 p.m., Thursday, in the base theater for children whose sponsors' birthdays are in June.

The program will consist of a presentation on the prevention of dental disease and the completion of necessary forms. Appointments for treatment will also be made at this time.

Attendance by at least one parent or guardian is mandatory and attendance by children is recommended by Reese dental officials. Questions about the program should be directed to the Base Dental Clinic at ext. 2711.

Ecology tourney returns, officials explain details

What proved last year to be the best golf tournament of the year at Reese AFB is scheduled again this year at the base—the Ecology Golf Tournament, entry to which is gained only by volunteering for a two-hour work session prior to the tournament.

The tournament will be held June 2, and as was the case last year, the course will be closed to those who do not participate until the work session and subsequent golf tournament are concluded.

Many Prizes

For the participants, there will be prizes galore and a special refreshment hour on the club house patio following the tournament. The only entry fee is the voluntary work session, between 7 and 9 a.m., at which the contestants will be placed in work crews for each of the nine holes, the club house, grounds, practice areas, painting crews, and so forth. At 9 a.m. the tools will be put away and the golf clubs will come out. Just as last year, golfers will

be paired according to handicaps with the lowest handicap player paired with the highest, the next lowest with the next highest and so forth until a middle ground is met. These two-man teams will each tee off of each hole, the best drive selected with shots then alternated by each player until the ball is holed out. There will be no gimmicks.

The team that negotiates the 18 holes in the fewest number of strokes will be the winner and receive the grand prize. However, there will be many more prizes offered for such feats as longest drive, furthest advance of team ball in 26 strokes (observing the 26th anniversary of the Air Force), best putter, closest to the hole on 18 and many others. Each contestant will be limited to one prize.

Shotgun Start

A shotgun start will get everyone off at approximately the same time so that all may simultaneously participate in the ensuing party following the tournament.

The tournament will precede

by one week the big tournament at Reese, the Reese AFB Partnership Golf Tournament, at which some of the top golfers from throughout the South Plains participate. The ecology tournament not only prepares the course for that big event, but it is intended to instill a sense of participation throughout the year among those who contribute their two-hour work period in maintaining a clean, litter-free golf course.

Chairman Comments

Tournament committee chairman Brian Prigmore said that many of the prizes had already been obtained with more on the way. He said a list would be released before the tournament begins but asked that golfers enter their names early. Last year the tournament drew a capacity crowd. Those who wish to participate should sign up at the golf course club house, listing their names and established handicaps at the time of entry. Entry is open to all military, civilian, retired military and dependents who are eligible to play at the course.

Season beginning brings fierce action in intramural softball

With standings current as of Monday, the race is fierce and the standings are tight in both leagues of the Intramural Softball League at Reese.

After one week of competition, a three-way tie for first place exists in the National League and a two-way tie is topping off the American League chart.

The first scheduled day of play was May 14 but Mother Nature won that bout by raining too hard to hold the game. The next day of competition was May 15 when three games were held on the intramural ballfield located on War Highway behind the Reese USAF Hospital.

Season Opener

The first game of the season was between the 64th Student Squadron and the 64th Supply Squadron with the instructors coming out on top, 18-11. The second game was held between the Civil Engineering (CE) Division of the 64th Air Base Group (ABGp) and the 35th Flying Training Squadron (FTS). The win went to CE as they edged the pilots, 10-9.

Class 74-04 bowed to the 64th Organizational Maintenance Squadron (OMS) team, 6-8 to close the first day of action.

The action May 16 saw an easy victory for the Reese USAF Hos-

pital team as they received a 7-0 forfeit victory from Class 74-01. The Special Services Division of the 64th ABGp dropped a close one to Class 74-02, 8-10. The day's closer was between Class 74-05 and the Consolidated Base Personnel Office (CBPO) team. Personnel flew right past Class 74-05, 22-14.

OMS Victory

The competition May 17 saw the 64th OMS team deal enough static to the 2053rd Communications Squadron team to edge by, 5-4. In the evening's second bout, the 64th Student Squadron team dropped it to the 35th FTS as the pilots flew by, 6-2. The nightcap

was between Class 74-04 and the 64th Supply Squadron team. It was touch and go but the students won it on final approach, 4-3.

The standings in the National League, in order of standing, as of Monday were as follows: 64th Student Squadron, 4-1; CE, 4-1; 35th FTS, 4-1; Class 74-04, 2-3; 64th OMS, 2-4; 2053rd Communications Squadron, 1-3 and the 64th Supply Squadron team, 1-5.

The standings in the American League at the same time show: Special Services, 4-1; Reese USAF Hospital, 4-1; CBPO, 3-1; Class 74-05, 2-2; Class 74-02, 2-2; Class 74-01, 0-4 and Detachment 11, 24th Weather Squadron, 0-4.

Bass Club plans begin

Reese AFB, which spearheaded the reorganization of a Lubbock Chess Club recently, will attempt the same thing in the area of fishing with the organization of the Lubbock Bass Club.

The Reese AFB Assistant Recreation Center Director, Ken Hyde, said an organizational meeting will be held at 7:30 p.m., June 6, in the Pioneer Natural Gas Building's Flame Room in

Lubbock. The meeting will be open to all people, from Reese AFB and the community, who are interested in fishing.

Hyde said the club anticipates joining the Texas Association of Bass Clubs which will make members eligible to fish in all the big Texas tournaments. For further information contact Hyde at ext. 2722. Lubbock residents may reach him by dialing 885-4511, ext. 2722.
