

Scouts gather here for Scout-O-Rama

By Sgt. Buddy Lerch

"America Needs Scouting — Scouting Needs America."

That's the theme of the George White and Lubbock Districts' Scout-O-Rama which will be held in and around Reese's Hangar 92 from 1 to 6 p.m. tomorrow.

The purpose of the annual event is threefold:

- Provide program material to Cub and Boy Scouts and Explorers.
- Give Scouting leaders program ideas and
- Acquaint the public with the full range of Scouting for 1975-76.

Friends, neighbors and parents of the Scouts and Scouters will see Scouting as it is today in almost 90 separate indoor and outdoor booths. The subjects of the indoor booths will range from camping and communications to science and nature skills. Outdoor booths will display cooking and other outdoor skills.

On the whole the Scout-O-Rama tomorrow will show the many vocations, avocations and skills which boys get through Scouting and the many-faceted

coeducational high school-age programs of Exploring.

This year's Scout-O-Rama is headed by Col. Richard Ingram, base commander. He is in charge of not only the Reese Scout-O-Rama, but also ones in Lamesa, Plainview and Ralls, Tex., all of which occur tomorrow.

Tickets are being sold by Scouts for \$1

each. All children eight years of age or younger will be admitted free.

About 500 Scouts will be on base, arriving today to camp overnight at the Reese Picnic Grounds. They will also camp here after the event tomorrow night.

A special display will be featured in Hangar 92 on rappelling, or the art of descending mountains and other high places with ropes.

SKILLS ON DISPLAY — More than 500 Cub and Boy Scouts and Explorers, like these two testing their skills in knot-tying, will display the skills they have learned in Scouting tomorrow during the Scout-O-Rama in and around Hangar 92. (U.S. Air Force Photo by Sgt. Buddy Lerch)

Questions? Gripes?

'Town Hall' gathers Monday

The monthly "Town Hall" Meeting will be held at 7 p.m. Monday at the Family Services Center, Bldg. 6100, just outside the Reese Main Gate.

The Meeting, as in past months, will give 64th Flying Training Wing members the chance to talk with question chiefs of the various 64th Air Base Group division.

Discussion will cover problems and possible solutions to those problems.

A special part of the program will feature a representative from the Frenship School District. He will answer questions about the schools. All parents of Frenship students are urged to attend.

THE ROUNDUP

VOLUME XXVI NUMBER 44

Lubbock, Texas November 7, 1975

Thanks to Carlos Jordan and SSgt. Bill Reichmann of the Graphics Section for the new ROUNDUP banner design.

GIFTS FOR CHARITY — Customers view some of the many homemade gifts offered at the Officers' Wives Club Christmas Charity Bazaar held Monday. The event raised more than \$2,000 for area charities. (U.S. Air Force Photo by Sgt. Buddy Lerch)

OWC Bazaar collects \$2,000 for charities

The Reese Officers' Wives Club Christmas Charity Bazaar Monday netted more than \$2,000 for area charities from the sale of homemade art objects, utensils, baked goods, toys and other homemade items.

Five booths featured items for every member of the family at the annual event. Included were kitchen, bedroom and bath goods, children's toys and other items, Christmas decorations, arts and crafts and baked goods, all made by OWC members.

The proceeds will go into the OWC Charity Fund for dispersal to needy charities in the area, including needy organizations on base. Charitable organizations which would like donations

from the OWC must qualify under Section 501 C-3 of the Internal Revenue Code, an OWC spokeswoman noted. Request to the OWC for financial aid must be in to the OWC Ways and Means Committee by Feb. 16, 1976, for consideration by the March Fund Dispersal Committee.

Organizations wishing more information may write the Reese OWC to the attention of the Way and Means Chairman, P.O. Box 566, Reese AFB, Tex. 79489. The letter must include the organization's name, address and telephone number.

Last year the OWC donated more than \$6,000 to area charities from the Charity Fund. The money came from the annual Charity Bazaar and Art Auction.

Gospel format

Chapel sets first monthly service

By Chaplain (Lt. Col.) Phillip Grimmett

The Chapel Center has announced plans for a monthly Gospel Service. Beginning at 7:30 p.m. on Sunday Nov. 19, this worship experience will be designed to meet the needs of evangelistic Christians. Chaplain James Millsaps, the Baptist Chaplain assigned to Reese, will be coordinating and planning the service.

Present plans call for an abundance of gospel singing to be expressed through duet, solos and quartets, as well as congregational favorites. Further, there will be opportunities for personal testi-

monies, prayers, and response to a public invitation. If enough interest is shown, this type of service will certainly be extended to other Sunday evenings.

A pot-luck supper will precede the service at 6:30 p.m. The Protestant parish invites married and singles alike to join them for this meal time. Singles are invited to bring a good appetite, while married folks should bring two dishes that may be either vegetable, salad or dessert. The Chapel will provide the meat, drinks, and bread.

This is a family affair. The family that prays, plays, talks and works together — stays together! Think about it.

**You are invited to the
Personal Affairs
Orientation for Wives**

9 a.m. — 1 p.m. Tuesday
Family Services Reception Center, Bldg. 6100

THE ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is in no way connected with the department of the Air Force. Opinions expressed by publishers and writers are not

to be considered an official expression by the Department of the Air Force. The appearance of advertising, including supplements and inserts, in the publication does not constitute an endorsement by the Department of the Air Force of the products or services advertised.

FROM THE TRAIL BOSS...

*"We are training the best pilots
in the world and we should all be
proud of the job we are doing."*

The federal employees of Reese AFB gave 106 per cent of a very generous goal of \$59,000 to the recently completed Combined Federal Campaign. I want all of you to know that I am very proud of this wonderful effort. Your enthusiastic response is typical of the Reese team. Reese people have again clearly shown that we are involved in the greater Lubbock community through our willingness to help others, and we should all take pride in this contribution to our community. It is also proper that we take that same kind of pride in our country, our Air Force and our mission.

Many of you may remember when the word PRIDE was an Air Force command slogan. I think it is time we brought that feeling back again. Reese is an important Air Force base, the Air Force is a good place to work, and our country is the best in the world. Be proud of who you are and of what you do.

Let's take pride in our flag; render it the courtesy and respect it deserves as a symbol of our great country. Those people who hide inside during the retreat ceremony shame the flag, those who have died for it, and those proud people who are outside saluting it.

Let's take pride in our appearance and our

**Col. Edward Mendel
Wing Commander**

actions so that we may visibly show that we are glad to be members of one of our nation's armed services. Wear your uniform properly and stand up straight when you wear it. If you're not proud of it, you shouldn't be in it.

Let's take pride in our base by keeping it neat and attractive. Reese can be the best base in the Air Force — let's prove that it is. Take the effort to keep it clean; pick up that piece of litter to improve its appearance.

We are training the best pilots in the world and we should all be proud of the job we are doing. Ours is a good mission and our students deserve the best we can give them. They are giving their best efforts to master the very challenging task of a very difficult and demanding year of training.

Let us take PRIDE in ourselves personally, and in our contributions to our Wing and the Air Force mission. Be proud to be the best.

GOVERNOR'S OFFICE OF TRAFFIC SAFETY

November 10-16

SCORPIO (Oct. 23 to Nov. 21) Worry and fatigue may plague you this week. Be sure to have your nerves in command when you start your motor.

SAGITTARIUS (Nov. 22 to Dec. 21) You could be easily upset during this period. Turn your car radio down a little.

CAPRICORN (Dec. 22 to Jan. 20) Remember that everyone else on the road may not feel as sharp as you do this week. Watch for sudden swerves of other drivers.

AQUARIUS (Jan. 21 to Feb. 19) Your well-balanced nature may be tested. Watch for children darting into the street.

PISCES (Feb. 20 to Mar. 20) A week for all water signs to be especially careful in case they have to drive on slippery streets.

ARIES (Mar. 21 to Apr. 19) Not a week to take chances. If a light's yellow, don't try for it.

TAURUS (Apr. 20 to May 20) You may tend to have a heavy foot on the gas pedal this week. Watch out for especially-zoned speed limits.

GEMINI (May 21 to June 21) A time to be defensive. Keep a healthy distance between yourself and the car in front of you.

CANCER (June 22 to July 21) Minor distractions at home and in business may occur. Don't become so bothered that you forget to signal when changing lanes.

LEO (July 22 to Aug. 21) You may be called away on a sudden trip. Be sure to watch for slow-moving cars pulling out from side roads.

VIRGO (Aug. 22 to Sept. 22) Communication with others is important for you now. If you have a friend with a bad driving habit, tell him about it in a diplomatic manner.

LIBRA (Sept. 23 to Oct. 22) A week to be understanding. Remember that warning signs are there for a purpose. Watch especially for yield signs.

Don't knock establishment

By Lt. Col. Andrew R. Howie
(Reprinted from AFCS Intercom)

How many times have you heard the lament that the darn bureaucratic red tape is getting worse and worse and we cannot get anything accomplished? The esta-

blishment (another word for bureaucracy) keeps thwarting our efforts to get on with it.

Let's pause a minute and take a look at the establishment (another word for the government). It is run by people we elected (or did we bother to vote last time?). The

government's job is to keep things going to suit me — so that I may jump out of my fairly new air-conditioned car, after stopping to pick up a six-pack, then plop myself down in front of my color TV, to munch my TV dinner — and mutter about how the establishment is ruining the country while fat bureaucrats sit on their duffs and let inflation run wild.

But how about the establishment the "top dogs" are running? What is it composed of? — buildings, rules, reams of paper work (in triplicate), but most of all, people, just like you and me.

This is my point, did you know that as a member of the Air Force you are part of the establishment? Heaven forbid! Just think about it. Do you contribute to inefficiency (another word for red tape)?

Oh well! We old-timers blame the new long-haired generation that doesn't give a darn and is ruining it for us "mature troops." (I wonder what generation sired the long-hairs? — surely not mine.) Blaming it on "those creeps" is a cop-out. How many people do you know who are "retired on active duty?" Are you? It's easy for you and me to hide behind "condemnitis" — and to blame the government, establishment, long-hairs, commies, Republicans, Democrats, officers, staff sergeants... and on... and on.

Just don't bother me. I'd rather shuffle the endless paper work and dream of cleaning up the stupid bureaucracy (or squadron). If only those dummies would stop shuffling the endless paper work and stop dreaming and get the job done.

One answer stands out above the rest

By Capt. James B. Mahan
64th Headquarters Squadron Section Commander

I was sitting in my chair, trying to judge three top airmen who had been nominated by their Divisions for Squadron Airman of the Month. I was looking for something — some little thing — that would make the difference between these outstanding nominees. That little something — that thing which would make one person stand out above the others.

My job was becoming harder and harder. Sure, each member of the board had a rating scale which included military courtesy and appearance, self-expression, job and Air Force knowledge, current events, and self-improvement efforts. But there was still something missing and I simply couldn't figure what it was.

Then one of the senior NCOs on the board asked "Why were you selected to represent your division above your peers? In other words, what makes you so special?"

Although all the answers were good, one was especially good. In this answer was that something I was looking for. The answer was, "Well, sir, I am internally motivated to better myself and I strive to always do what I think is right. That not only applies to my job, but also in my relationship with my wife and family. If that meets Air Force policy, then that's fine. If it doesn't, then I will attempt to change the policy."

This is not an Ellery Queen mystery, where Ellery would say, "There are the facts, do you know what that little something is?" That little something is the burning desire to excel, to be the best, to strive to achieve the impossible.

Implied also in this answer is a high degree of self-discipline. It seems logical that to excel, to achieve the impossible, requires a commitment. A commitment that is stimulated by a higher dream or idea. That same commitment to General McArthur was "Duty, Honor, and Country."

As I finish this article and display my thoughts, I realize some who read this will not "buy" what I'm saying. But those two senior NCOs, that airman, and I know that this person cannot be denied and is traveling that road to success.

Dear Editor

It's no laughing matter any more! The "anti-gunners" are out to make it tough on the law-abiding citizens, the true sportsman, and anyone else who enjoys shooting firearms. There is not only talk of banning handguns and ammunition, but eventually all firearms.

If you think it will never happen, you're only kidding yourself, unless you start writing your senators, Congressmen, Representatives — anyone else you think a letter will affect.

Anti-gunners are out to take the guns out of the public's hands. In one state, there are 13 state representatives. Two of the 13 own hunting licenses and the others were in favor of some type of gun control.

Some people think that by removing handguns from the public, crime will drop to almost nothing. There is talk of owner licensing and registration, confiscation of firearms, a waiting period for all purchases of handguns and several other foolish ideas.

What we need is a mandatory prison sentence for those who use a firearm to commit a crime. It is nothing new to hear of a person out on probation who a short time later commits the same crime, if not a murder. If the criminal had been kept in jail for the full sentence, a life might have been saved.

It has been said that if judges were not afraid to impose tougher sentences, the crime rate would probably drop. For example, in Washington, D.C., a .38 special was stolen, and was next heard from when a stray bullet fired in a street shooting killed a 14-year-old paperboy.

None of the routine precautions — serialization, registration, clearance of purchase, or report of theft — prevented the fatality. The suspect charged with murder had been released from prison six months earlier, where he was serving a sentence for armed robbery.

— Sgt. Rodney Hellyer

THE ROUNDUP is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc., mailing address: P. O. Box 2415, Lubbock, Texas.

Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser.

user or patron. A confirmed violation or rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source."

News for THE ROUNDUP should be delivered to the Information Division, Bldg. 800, no later than noon Monday prior to the Friday publication date. Classified ads of a non-commercial nature may be placed free of charge by Reese personnel if they are in to the Information Division by noon Monday prior to the Friday publication. Other advertising is handled exclusively by Barron Publications, Inc., Phone 763-4551.

Commander's CARE Line

(Editor's Note: THE ROUNDUP will publish Commander's CARE Line calls which are of base-wide interest. Names of callers will not be published, but they should leave their name and duty extension in case their problem needs clarification. All calls are reviewed by Wing Commander Col. Edward Mendel. Reese people are urged to use their chain of command or the office of primary responsibility to air complaints or comments, if possible. If not, call the CARE Line by dialing C-A-R-E (Ext. 2273). Please provide your name and duty section when calling.)

MUTUAL COURTESY

I am an airman and feel that respect should be given to all supervisors and officers. Recently on two occasions when a colonel inspected our shop, I came to attention and remained at attention for the duration of his stay, which was approximately 10 minutes. I was the only military member in the room so I did not call the room to attention. But I did feel I owed him the respect of coming to attention. In turn, I feel a full

bird colonel should show respect to an airman and give him "At Ease" and not keep an individual at attention for 10 minutes. I am all for military courtesy and respect but I feel that it is expected of enlisted personnel, and officers can show the same respect for enlisted persons. A full colonel should help set the example for enlisted personnel to follow. How can an airman show respect to someone who does not show respect to him?

First, your own stated standards of military courtesy are to be commended. You are correct to give an officer the proper respect, no matter how you feel about him as an individual personality. Second, I feel that without knowing the specific circumstances, I must conclude that there was some reason to leave you at attention during the inspection. It was probably simply an oversight on the part of the inspecting officer, or perhaps the "At Ease" was given and you didn't hear it. Normally, in a work area inspection of extended time, the occupants will be given "At Ease" or "Carry On" after the inspection party enters. It certainly is a situation in which courtesy and respect go both ways, and I would hope that all of our officers are sensitive to that concept.

SATURDAY FLYING

I would like to know why we had to fly or work on Saturday and during the week. We only had to do maybe three goes of 10 planes a piece and didn't even fly over 80 missions and we still had to come in just for maybe three goes. I would like to know why we had that. As far as I am concerned, I think it is a waste of time because during the week, except for Wednesday, we

MISSILE? HARDLY — Many who work on the Reese flightline have seen this building which sits between the center and outside runways many times, but don't know what it is. It houses the VORTAC and does two things. The VOR (very high frequency omni-range) gives pilots the direction they must fly toward the base. The TACAN (Tactical Air Navigation) gives distance and directional data, as well as an identification signal, on the ultra high frequency radio band. It is operated by the NAVAIDS Maintenance Section of the 2053rd Communications Squadron. (U.S. Air Force Photo by Sgt. Mike Strong)

had plenty of time to fly and didn't have any other time for anything else except fueling the planes for the Thunderbirds. I hope you will listen carefully because I don't like this idea of working Saturdays.

from a period of bad weather and the two units, T-37 and T-38s, were out of balance with respect to student flying time. That is, the students in the T-37 side of the house were well behind those in the T-38 side and we need to keep them roughly in step so that they can move from T-37s to T-38s without complications. The things that we considered would take several pages to outline completely. We did look at putting extra flights on each day but found that we were limited by a number of factors, including the reduced number of maintenance people available in certain specialty shops and the limited number of student activities we can conduct in any one day and still achieve our desired training objectives. These factors and others indicated that we should fly Saturday in the T-37 at that time. Historically, the Reese team has had to work many weekends through the winter in order to meet our pilot production schedule. We have been fortunate so far this year. I understand that weekend flying was a normal way of flying by this time last year. We can look ahead to some weekend flying early next year, but you can be assured that we will fly on weekends only when required and that the decision will not have been made lightly.

No one likes to work on Saturdays, so you can be assured that our decision to fly the T-37s the Saturday after the open house was done after very careful consideration of a number of factors. Because of the open house, we had lost flying on portions of Tuesday and Thursday and all day Wednesday. While we were doing pretty good as far as overall flying time goes, we had just recovered

Officers' Wives Club Christmas Charity Bazaar held in the Officers' Open Mess. (U.S. Air Force Photo by Sgt. Buddy Lerch)

VETERANS ASK . . .

Q.—What does VA provide the spinal cord-injured veteran who wants to drive?

A.—A veteran whose disabling injury is service-connected is eligible for a one-time grant of up to \$3,300 toward purchase of an automobile; installation, maintenance, and replacement of adaptive equipment; training in operating vehicle on which adaptive equipment has been installed.

Q.—Does the receipt of unemployment compensation have any effect upon a veteran's educational allowance?

A.—Income is not considered in the payment of educational allowances. Rates of payment are based generally on hours of attendance or cost of courses.

Q.—I am a retired school teacher interested in finding some way to help veterans.

A.—You could be of valuable assistance as a volunteer in a Veterans Administration hospital. Call the one nearest your home and talk to the person in charge of Voluntary Service.

Q.—Are all women veterans going to get a special bonus from the VA?

A.—No. Women veterans who were married and who trained under the GI Bill between June 1, 1966, and October 24, 1972, may be eligible for about \$30 for each month they were in training under the GI Bill while they were married. The retroactive payment equalizes benefits with male veterans who received a GI Bill allowance for their wives.

AIR FORCE NEWS SUMMARY

The subcommittee on military personnel of the House Armed Services Committee held hearings Nov. 5-6 to review Department of Defense administrative discharge procedures. Among the items discussed were proposals to: (1) set up a statutory discharge procedure similar to the court-martial system; (2) do away with the many types of discharges and have only an honorable discharge and a certificate of discharge; (3) give an honorable discharge to persons who separate for drug problems alone; (4) set up an expanded discharge review board system and (5) pay for the travel of persons wishing a hearing by a board.

* * * * *

Air Force recruiters are accepting applications for Officer Training School (OTS) for college seniors and graduates, as well as airmen with college degrees. Officials say they expect openings in nonrated Air Force jobs during fiscal year 1976 and 1977 requiring backgrounds in mathematics, engineering, physics or computer science. The number of OTS slots that will be released has not been announced. For more information, call the Education Office, Ext. 2634 or 2469.

* * * * *

Equal consideration will be given to all colleges and universities in providing advanced schooling to military students, regardless of whether any of the schools unilaterally withdrew from the Reserve Officers Training Corps (ROTC) program, Department of Defense (DoD) officials have announced. Previously, policy was to send military personnel to these schools on a selective basis, determined by the Office of Education under the assistant secretary of Defense (Manpower and Reserve Affairs). The new DoD policy permits each branch of the service to determine which schools and programs best fit its requirements while continuing programs on a case-by-case basis.

'Control' slots open

Palace Control has reopened for those who qualify for retraining.

Career NCOs in Air Force specialty Codes 271X0, 291X0, 293X2, 327X0 or 425X0 who are in overage or balanced year groups on the retraining advisory are urged to retrain into AFSC 274X0. This opportunity is open to NCOs in grades E-4 through E-7.

Retrainees will have daily chances to take part in events of national and international significance, noted the Reese Classification and Training Section. They added "The work is sensitive, demanding and provides that opportunity to work closely with all grades in an operational environment.

Interested applicants should contact the Customer Service Center in the Consolidated Base Personnel Office, Bldg. T-1.

Academy opens door to women

U.S. AIR FORCE ACADEMY, Colo. (AFNS) - Women seeking a nomination to the Air Force Academy freshman class entering next June must act immediately so their nomination will arrive at the academy by Jan. 31, 1976.

There are several avenues for young women wishing to apply, including Senators or Congressional District Representatives. There are other sources as well. Interested women students should contact their high school counselors or write to the Admissions Liaison Office, USAF Academy, Colo., 80840, for more information and assistance.

Prospective applicants may also call the Admissions Liaison Office at (303) 472-2640.

Women became eligible to attend the Nation's military academies when President Gerald R. Ford signed the measure into law Oct. 7,

1975. Approximately 150 women cadets will arrive at the Air Force Academy June 28, 1976.

Competition for acceptance will be keen and women must meet the same basic qualifications for consideration as men. They must be

at least 17 years old but not past 22 on July 1 of the year they enter the academy; be a U.S. citizen; be of good moral character; and be unmarried.

Academic selection standards will be the same for men and women. Just as men, women will be judged for leadership potential based upon extracurricular activities — school leadership positions, women's sports, and membership in civic and community organizations. Applicants must also pass a physical aptitude test and a medical examination.

Women cadets will live separately from the men, but nearly all other aspects of cadet life will be coeducational.

At the end of the four years, women will receive bachelor of science degrees with majors in any of the 21 academic areas. They will also be commissioned as second lieutenants in the Air Force.

Youth Activities

The Reese Chiefs football team will practice at 4:30 p.m. today. Assorted card night begins tonight at 7 p.m. and features Whist, Pinochle, Crazy 8's, Spades, Canasta, and even Old Maid.

Tomorrow: The Youth Center will offer a juke box dance beginning at 7 p.m. Music will be furnished.

Sunday: Corecreation will begin at the Youth Center at 1 p.m. The Reese Chiefs football team will play at Smylie Wilson Junior High, 31st and Quaker, Lubbock, at 3:30 p.m. Chess instruction is offered at the

Youth Center at 3:30 p.m.

Monday: A teen scavenger hunt will begin at 7 p.m.

Tuesday: A preteen scavenger hunt will begin at 7 p.m.

Wednesday: Tap and ballet classes begin at 1 p.m. The weekly teen pool and preteen ping pong tournaments begin at 7 p.m.

Thursday: Piano classes will be held at 3 p.m. Rap Night begins at 7 p.m. Guest speakers will be Maj. Joseph Whitaker and SSgt. Jerry Dillon from the Social Actions Office. The subject of the rap session will be drug and alcohol use.

Shift in appointment system helps base Hospital patients

On Oct. 30, the Hospital appointment system was changed to reduce the waiting time for patients with appointments and to increase patient care.

The new appointment system does not affect the scheduling of routine appointments which can still be made up to two weeks in advance.

What it does affect is the patient with a sudden illness who feels a need to be seen in the Hospital as soon as possible. These patients (active duty military, dependents and retired personnel), under the new system, can be seen in the hospital usually within a 24-hour period.

The new appointment system allows these patients to have scheduled appointments. They can be seen at specific times as opposed to walking in and having a lengthy wait before they can be seen.

Patients with sudden illnesses should contact the Hospital Central Appointment Desk at Ext. 2488 or

2151 so that they may be scheduled for the earliest possible appointment.

This new appointment system does not affect emergency services that are required for bonafide emergencies nor the already-established Military Sick Call for active duty military members.

In addition, all patients are reminded that smoking is not permitted in the patient treatment areas of the Hospital. Because they do not have the staff or facilities available to "watch" small children, they should not be brought to the Hospital unless they have appointments.

Flick Flack

Burt Reynolds, Barbara Streisand, James Caan and Katherine Ross are just a few of the stars that will be appearing in films at the Simler Theater this week. The base theater features films at 8 p.m. Tuesday through Sunday, with a special Saturday Matinee at 2 p.m. weekly. The box office opens 30 minutes before each showtime.

Tonight

Burt Reynolds and Eddie Albert Clash in "The Longest Yard." The story centers around a prison football game between inmates and their guards. The warden makes one stipulation — the prisoners must lose to build the guards' morale. But the prisoners have no intention of losing. What follows is the roughest football you will ever see. The film is rated R, under 17 requires accompanying parent or adult guardian.

Tomorrow's Matinee

Bill Travers and Virginia McKenna star in "Ring of Bright Water." The story centers around the efforts of a London civil servant, anxious to escape the rat race to write. At the same time the film gives a comic account of the trials and triumphs of raising an otter. The film is rated G, suggested for general audiences.

Tomorrow Night

Superstar Burt Reynolds plays W.W. Bright, a colorful con man of the 50's in "W.W. and the Dixie Dancekings." After holding up a Southland Oil gas station, he passes himself off as a big Nashville promoter to get out of a jam. The fun begins when he

and the Dixie Dancekings head for Nashville on W.W.'s promise of success in the music business. The film is rated PG.

Sunday and Tuesday

"The Stepford Wives" stars Katherine Ross and Paula Prentiss. The film is a suspense-horror story about a suburban Connecticut community where all the housewives are docile, unliberated automatons whose only goal in life is pleasing their husbands. Ira Levin, author of "Rosemary's Baby," wrote the thriller, which is rated PG.

Wednesday

"Aloha Bobby and Rose" stars Paul LeMat and Dianne Hull. Mechanic Bobby (Paul LeMat) meets Rose (Dianne Hull) when she brings her car for repairs. They date, but the romance blends into tragedy when Bobby pretends to hold up a liquor store, resulting in the accidental fatal shooting of the clerk. Violence and language may offend some in the PG-rated feature.

Thursday

"Tommy," the Who's 1969 rock opera is brilliantly transferred to the screen by Ken Russell in a fast-paced, sense-assaulting, visually stunning film. The film features Ann Margaret, Oliver Reed, Roger Daltry as "Tommy," Jack Nicholson, Tina Turner, and Elton John. The 30-year-old and under audience will be sent into a deserved fervor by the all-enveloping rock musical. However, the PG-rated film is too overpowering for preteenagers.

At Mathis

The Mathis Recreation Center invites all eligible Reese people to a "Disco" dance beginning at 8 p.m. tonight.

Tomorrow: The weekly pool tournament will get started at 2:30 p.m.

Sunday: The Rec Center will sponsor a dance featuring "Sweetleaf" beginning at 7:30 p.m.

Monday: The table tennis tourney will begin at 7 p.m.

Tuesday: Movie night will begin at 7:30 p.m. at Mathis.

Wednesday: Snack night begins at 7 p.m. This week's featured entree is hamburgers.

Thursday: Mathis will sponsor a dance beginning at 8:30 p.m. and featuring the music of "Magenta."

At Open Messes

Officers' Open Mess

The Officers Open Mess will now be open from 5-8 p.m. Monday through Thursday, and from 5:30-9 p.m. Friday and Saturday. Tournedos Rossini will be featured tonight at the officer's club for \$4.95, with dancing to the music of "New Day."

Tomorrow: Roast prime rib of beef *au jus* with salad bar and baked potato will be featured for \$5.25. Dance music will be provided by "New Day."

Sunday: Closed.

Monday: Neptune Night features a different seafood entree each week for only \$1.95.

Tuesday: Family Night offers

chicken specials at \$1.95 for adults, \$1.15 for children under 12 years old.

Wednesday: Beef 'n Bubbles, a steak special served with a glass of champagne for only \$4.25, is offered.

Thursday: International Night, tonight featuring Mexican Night with a split of Sangria for only \$2.35.

NCO Open Mess

The NCO Open Mess offers dancing to the sound of "Magenta" tonight. Bill Risley and his popular magician and snake charmer act will also be featured.

Tomorrow: Come out to the club and dance to the music of "Unity."

Sunday: Brunch is featured at the NCO club from 10:30 a.m. to 1:30 p.m. Adults eat for \$1.50 per person while children under six get in free. "Discotheque" is also featured Sunday and Thursday evenings.

Monday: Every Monday night in November the NCO club dining room is featuring an all-you-can-eat spaghetti dinner for \$1.75. No carry-outs on this special.

Tuesday: Two-for-one steak night is offered every Tuesday night in November. Cost is \$5.95 for the large steak.

54th FTS slates party Nov. 22

The 54th Flying Training Squadron has announced it will sponsor a party for all Officers' Open Mess members Nov. 22, with the nostalgic theme "Happy Days."

Various programs are set to go along with the fifties-era theme. An all-you-can-eat buffet will offer hot dogs, hamburgers and beans. An open "fountain" will start at 6:30 p.m.

"New Day," a versatile band, will provide music for the evening. Twist and jitterbug dancing contests, skits and apple-bobbing are all planned for the event. The 54th FTS urges all planning to attend to dress for the occasion, with "greasy kids' stuff, ducktails and sideburns." They would not comment on where Air Force members would get the latter two items.

They did note, however, "There is no telling who might be there. We have invited Fats Domino and Chubby Checker." The 54th also reported that Fonzi said "Be der!"

HELPFUL SPONSOR — Sgt. Jeanette Waller (right) helps Reese newcomer Sgt. Patricia Brown with a form at Accounting and Finance during one of their many stops around base Monday, as Finance's Pat Sanderson looks on. Sergeant Waller, taking part in the Sponsor

Program, eased Sergeant Brown's transition from Andrews AFB, Wash. to Reese. Both are assigned to the Hospital's Medical Materiel Section. (U.S. Air Force Photo by Sgt. Buddy Lerch)

CAREERS opens new slots for reenlisting first termers

RANDOLPH AFB, Tex. (AFNS) - First termers who want to reenlist and have no openings in their present specialty now have a wider choice of career fields for retraining.

Air Force personnel officials say that the newly-opened career fields offer a good opportunity for airmen with qualifying scores on the airman qualifying examination

(AQE) to apply for reenlistment through retraining under the career airman reenlistment reservation system (CAREERS).

The new openings apply only to first-term airmen with at least 36 months' military service applying for retraining under the CAREERS program. They do not apply to other

first termers with lesser military service.

Those first termers who wanted to retrain through CAREERS and were unable to do so because openings were not available should contact their base career advisors as soon as possible to determine if they are now eligible.

Career advisors have complete information on this big change in the retraining objectives, as it applies to CAREERS, and will provide all the details and guidance to airmen who wish to qualify for reenlistment through retraining.

General speaks to AFA group

Brig. Gen. John O. Gray, U.S. Air Force Reserve retired, will speak at the Air Force Association (AFA) meeting at 7 p.m. Thursday, at the Officers Open Mess.

All military personnel, both enlisted and officers, and the general public are invited to attend.

General Gray born in Boston, Mass., but lived most of his life in the northwestern United States. He received his commission as a second lieutenant in June 1941 from Army ROTC at the University of Idaho. He was immediately called to active duty after completing a three-month Army supply school course.

He was then assigned as a staff officer in the Office of Material, Lubbock Army Air Base (now Reese AFB). He was the second second lieutenant ever to be assigned here.

In 1957, General Gray became the Association's administrative director and is now its assistant executive director.

General Gray is also administrative director of the Aerospace Education Foundation, an educational affiliate of AFA.

Operations of the national headquarters of AFA will be covered. Other topics that will be discussed are how military bills go through Congress, important military bills now in Congress, future policies regarding pay, commissaries, retirement plans, the B-1 bomber, military appropriations and reductions in-force. After the speech, a general question-and-answer session will be held.

The dining room will be open and dinner served for those who wish to eat during General Gray's speech.

Cocktails will be served starting at 6:30 p.m. in the officers' club ballroom.

Red Cross aids people in distress

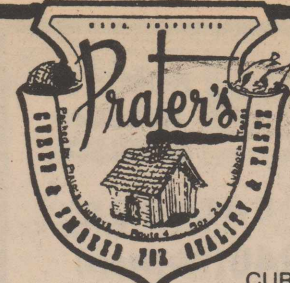

The Reese Red Cross aided 54 people with leave, personal and family problems during October.

The Red Cross counseled on 25 personal problems, 22 family problems and seven leave and leave extension difficulties.

In addition, the Reese chapter provided \$230 in financial aid to four Air Force members during the month.

Red Cross volunteers, a vital group of people who donate their time to help where they are needed, worked at the Reese USAF Hospital for a total of 539 hours last month. Volunteers also spent 80 hours helping at the base Library.

Barbra Wagner, wife of Capt. Pete Wagner of the 64th Supply Squadron, was named chairman of the Reese Red Cross volunteers in October.

Simulator test duty offers fine chance for chosen few

By 1st Lt. Wayne Hodges

Foremost in the minds of many Squadron members this week was the possibility of a newly-created additional duty.

The duty involves the testing and evaluation of the new simulator programmed for Reese late next year.

While those selected will still be assigned to their normal flight, the duty has been described as having a good bit of temporary duty in Dallas and Washington. It should prove to be an outstanding opportunity for those selected.

Check Section has a new captain,

or an old lieutenant with an extra bar on his shoulder. First Lt. "Ace" Lafferty put on his captain bars for the first time last weekend.

"E" Flight has a newly-assigned IP. He's 2nd Lt. Keith Neill. Lieutenant Neill is a plowback from Reese who went through "E" Flight as a student. We want to welcome Lieutenant Neill and his wife Leslie to the 35th.

We also want to welcome Capt. Jeffrey Fine to the Squadron. He has not been assigned as yet. Captain Fine comes to us from McCord AFB, Wash.

The new class reported to the flightline yesterday as the old class with the wild pink patches, Class 76-08, moves on up the street. The new

class, 76-11, has 26 members and will be in "C" and "F" Flights. Class 76-11 has five "guard" members, with the remaining 21 coming to us from the Academy. We want to welcome the members of Class 76-11 to the 35th!

Ex-"D" Flighter Capt. Ron Kuhl and his wife Ann are the proud parents of a new baby girl, Amy Marie. Congratulations, Ron and Ann!

Dining Hall offers feast for holiday

The Wing Dining Hall invites all Reese people and their guests and families to plan to dine in the facility on Thanksgiving, Nov. 27.

The menu will include roast turkey with cornbread dressing, giblet gravy and cranberry sauce. Other main courses available will be baked ham with pineapple sauce and roast beef with brown gravy.

Side dishes include glazed sweet and mashed potatoes, buttered corn and peas, glazed carrots and hot rolls with butter.

Dessert is well-represented on the Dining Hall's Thanksgiving menu. They plan apple pie, pumpkin pie, chocolate cake, fruitcake and assorted fresh fruit, candies and nuts. An assorted relish tray will also be available.

Beverages will include coffee, tea, milk and assorted soft drinks.

The Dining Hall will open from 7 to 8:30 a.m. Thanksgiving Day for breakfast. The Thanksgiving meal at the facility will be the lunch meal, scheduled for 11 a.m. to 3 p.m. Supper will be offered from 4 to 6 p.m.

Rates for the Thanksgiving Day meal will be \$1.50 for nelist members who do not receive Separate Rations. Officers, dependents and guests will be charged \$2.40. Children younger than 12 years of age get in for \$1.40.

Club features soul band

The NCO Open Mess will feature seven talented and versatile young black musicians when "Clyde N'em & Her" play an engagement there from 10 p.m. to midnight Monday.

Described as a jazz-funk-rock group, the one woman and six male members of the band hail from the most part from the Kansas City area, where they pooled their talents more than three years ago. They began touring the country, and then saw engagements in Europe.

The entire group sings and moves, according to the NCO club. The staff invites all members to see and dance to this group. Cost is \$1 per person.

EVERY 1975 VOLVO WAGON COMES FULLY LOADED.

As a general rule, car makers first unload their basic wagon on you. Then try to load it up with optional equipment.

Volvo thinks when you buy a station wagon you shouldn't have to buy it piece by piece.

Which is why every Volvo wagon comes loaded with standards that are far above the standard.

For performance and handling: fuel injection, rack and pinion steering, steel-belted radials.

For safety: 4-wheel power assisted disc brakes, child-proof rear door locks, and 3-point seat belts front and back. So you can see behind you, Volvo gives you a defroster, wiper and washer for the rear window.

For comfort: infinitely adjustable bucket seats, and a 12-outlet heating and ventilation system that can heat the wagon, freshen the air and defog the front and side windows all at the same time.

In back, with the rear seat down, the Volvo wagon comes loaded with 67 cubic feet of nothing, arranged upwards instead of just lengthwise. So you can haul around a six-foot sofa in a wagon no longer than a Volvo sedan.

To make this emptiness easier to fill, Volvo's rear door swings out of your way instead of into it. And acts as a roof in case of rain.

If it sounds as though a great deal of thought went into the 1975 Volvo wagon, it did.

Everything considered, it may be the most totally thought-out wagon in the world.

If that's what you think a wagon should be, come in and see us.

We obviously think alike.

VOLVO
The wagon for people who think.

Academy wins first of season

By Amn. Gary Dybvig

The day of opportunity for the Air Force Academy Falcons finally came Saturday, resulting in the end to the most dismal period in Academy football history.

The Falcons, going into the game against Army, had suffered 12 defeats going back to the 1974 season against Navy when AFA won 19-16. But that all came to a grinding halt Saturday with a 33-3 conquest of Army in front of 37,183 whooping fans in Falcon Stadium.

This win could not have been sweeter or more satisfying for the Falcons who had seen previous chances come and go in a mounting buildup of frustrations.

But beating another service academy rival — a team that had added to those frustrations with a 17-16 victory in the closing seconds a year ago — made it a double

pleasing day for Air Force.

Tension: Start to Finish

From the very start of the game, the atmosphere was full of excitement and the prospects of a win. The Black Knights of Army got off with a 3-0 lead when Steve Barrett kicked a 29 yard field goal. From then on it was all the Falcons' game, scoring on five of their first six possessions to take a commanding 23-3 lead early in the third period.

Dave Lawson, the Falcons' All-American candidate kicker, put Air Force on the board with 11:21 remaining in the second period, after missing a 40-yard goal to tie the game 3-3. Then with 8:19 left in the second period, tailback Dave Reiner ran up the middle and spun away from one tackle for four yards and a touchdown. Lawson again booted the extra point and the score was 10-3 in favor of the Falcons.

With this extra point, Lawson broke the NCAA record for career kick scoring of 212 set by Bill McClard of Arkansas. The kick brought Lawson's career record to 224 points, including three field-goal points and three extra point kicks that were tacked on throughout the day.

The second half began with Army receiving the kick. Army's Tony Pyne fumbled on his own 32 with 13:10 left in the third quarter. Air Force recovered the fumble and marched 47 yards, culminating with an eight-yard TD with a pass from Mike Worden to John Covington. Lawson kicked the extra point to make the score 23-3, AF. After several exchanges the period ended with the Falcons showing a 23-3 score.

Lawson's Fourth

Lawson's fourth field goal of the

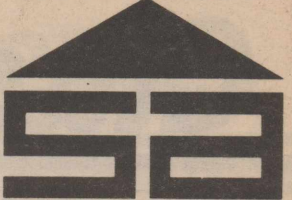

day came with 4:14 left in the fourth period with a 25-yard boot, to bring the score to 33-3, Air Force. With this field goal he tied an Air Force record for most field goals in a game.

Air Force defense proved too much for Army throughout the day.

With this victory, the Falcons had some memories to think about after their first victory in 13 games. Among these were a 20-20 tie with nationally-ranked UCLA and a 31-30 setback to Notre Dame in a game that Air Force led 30-10 going into the final period.

After the game Coach Martin commented, "If we can start a winning streak against either Army or Navy that would be our choice. There is a deep satisfaction in this one for us and we are just soaking up something."

Dave Lawson's only comment was, "Three more games to win."

Tech 'forced' to win again

By Sonny Serutan
Reese Lanes

Hooray and yippee! Texas Tech was forced to win another game!

If some of those teams don't start cooperating soon, Tech will have a good year in spite of themselves.

Bowling was good this week. Let's go down the line.

Intramural League

The Intramural League rattled some pins Oct. 28. Bert Soule led the pack with a 225/599. Rod Wilson had a 199/577, Mel Wright 217/572 and Sam Mele 246/562.

A lot of good single games were bowled. Dallas Swope had 211, Jay Bell 201, Dick Bossell 202, Howard Creek 203, Ron Crouch 205 and Sam McCarter 201.

Hassie Lormand had a 181 game and Karen Goades had a 449 series.

Ball and Chain League

The Ball and Chain League had a

couple of really high sets. Jim Turner had 239/630, Rod Wilson 222/624, Jerry Boudreau 205/563, Sam Mele 547, Tex Peyton 551, Bob Wocking 532 and Bill Register 531. Gladys Mele had a 199/532 and Jo Ann Clark a 189/483.

Cotton Picker League

The Cotton Pickers Halloween night had Bob Wocking bowl a 203/572. Rod Wilson had 208/556 and Specky Podovich had a 190/520.

Young Bowlers

The American Junior Bowling Congress teams came on strong Saturday. In the Junior-Senior Division, Linda Gladman had a 175/433 and Ronald Rodriguez a 162/473.

In the Bantam League, Billy Johnson had a 156/276 and Sylvia Rodriguez had 150/278.

Thanks, You Two!

Special thanks to Mrs. Swope and

Sergeant Ballinger for assisting our regular coaches this week!

Don't forget Scotch Doubles tomorrow night and Rent-a-Lane Sunday. People are already shooting the Turkey Shoot.

He's Mad About Dogs

S.S. dropped by and he is mad! He didn't like what I said about his girlfriend, Mary Wilma. He said when they met, time stood still. I believe that... she sure has a face that would stop a clock.

Sonny Says: "Your children are welcome at the Reese Lanes, as long as they are supervised."

Gym Shorts

The base Gymnasium will reopen Monday. Because the gym floor has recently been refinished, no shoes worn outside will be allowed on the gym floor. This rule will be strictly enforced.

The Reese Varsity Basketball Team travelled to Sheppard AFB, Tex. last week for their first games of the season. In spite of their efforts, they lost both games to Sheppard by scores of 87-57 and 74-64.

The Varsity team will travel to Kirkland AFB, N.M. for games tomorrow and Sunday.

Intramural Basketball will begin as scheduled Monday, with tipoff of the first game beginning at 6 p.m. That contest will match Supply Team #1 against the 54th Flying Training Squadron. At 7 p.m. the Air Base Group team will take on the Comm Squadron. The final game of the evening will begin at 8 p.m., with the Student Squadron Team #1 playing the Civil Engineering Squadron.

Tigers pay Post back

Two weeks ago Frenship's freshmen traveled to Post, Tex. and lost a heartbreaker.

Oct. 30 the young Tigers hosted Post in a return match and ended a three-game losing streak with a 36-0 triumph.

It was a team effort throughout the game. The Tigers piled up 367 yards total offense, with two backs netting more than 100 yards (Eddie Willard, 129 and Ralph Gonzales, 123).
