Texas Almanac has many new features

Many new features in the 1964-65 Texas Almanac, just published by the Dallas Morning News, have been added to material that has made this 106-year old publication the "Encyclopedia of Texas."

Texas' increasing urbanization is emphasized in special pages containing photographs and comparative statistics for 21 metropolitan areas.

Maps of 254 counties and data on all counties and cities of Texas have been brought up to date including population and other figures from the 1960 U. S. Census. New features are a County Economic Index, and maps showing leading Texas counties in production of crops and livestock.

Texas landmarks are listed by counties in a special section, revised through information obtained from authorities on county histories.

The editors of the Texas Almanac have spared no effort in making this one of the most informative books on Texas ever published. It should be in every home in Texas.

A comprehensive index increases the usefulness of the Texas Almanac's data for schools, businessmen, public officials, writers and speakers, and others. While it is primarily a reference publication, more than 400 illustrations, including a 4-color photograph of the Alamo on the cover, are expected to make the publication popular as

First services to be held Sunday in new church

The finishing touches are being added to the new Church of Christ building this week, and it will be ready for use on Sunday, Dec. 15, when the first regular services will be held, thus bringing into reality a long cherished dream of the local congregation.

Plans are being made for homecoming with formal open house and dedication Sunday, Jan. 5, 1964. A complete program will be announced in next week's paper. A basket lunch will be served in the Community Center at noon on this date and it is hoped that a large number of former citizens, as well as ministers who have served the church here will be able to attend. Everyone in the community and surrounding area is cordially invited to be with us for all of the entire day program.

The entire membership of the church is humbly grateful for the generosity of church members and friends, which has helped make this dream come true and we invite all to be present on this day and share with us the dedication of this building in helping further the work of the Lord in this community. A welcome awaits you at all services of the church.

NEW CHEVELLE!

BY CHEVROLET

The kind of go—6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

See five entirely different kinds of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

We learn at this late date that Bud Helm of Washington, D.C. was floating around town a short while on Thanksgiving Day accompanied by Danny Orr, trying to see just anybody. Everyone was full of turkey and enjoying their afternoon siesta. He even came by this editor's house—but saw signs that we were asleep with the rest of the town. Would have enjoyed a "gum beating" session with this old "side-winder." He is one of our native sons, and it is always good to have him come back. Mr. and Mrs. B. R. Lindley were also here.
