

## Copy Deadline

Since Washington's Birthday, Feb. 21, is a national holiday the deadline for submission of articles to THE ROUNDUP is noon Feb. 18. No copy will be accepted after the deadline.

# THE ROUNDUP

VOLUME XXVIII NUMBER 6

FEBRUARY 11, 1977

LUBBOCK, TEXAS

## Love Loaves help feed world's hungry people

"Most Americans want to help feed starving people overseas, but don't know how," according to Chaplain (Lt. Col.) Ed Grimmett. "We are bombarded by the cruel statistics of hunger on a daily basis, and the average person feels overwhelmed by the size of a problem like global famine. Yet, we have found that when we show Americans a way to relate to the problem, they help in the traditional unselfish way the United States has always responded to the need of the less fortunate."

Chaplain Grimmett was speaking on the hunger project being sponsored by the Protestant Congregation.

"People in our congregation became concerned," said Chaplain Grimmett, "and several came to me asking if we could do something positive to combat the world hunger situation. In the process we learned

that a majority of the world goes to bed hungry and some 10,000 people die every day from starvation."

The people of the Protestant Congregation decided to help in some tangible way and to participate in a nation "Love Loaf" program.

Small coin containers, shaped like miniature loaves of bread, have been distributed to the families of the church.

"These will be kept on dinner tables," explained Chaplain Grimmett, "as a reminder that while we have much, others have little or nothing to eat. As the family prays for the world's needy, they also put coins in the Love Loaf each day. Youngsters will learn compassion as they put in their pennies and dimes and pray." The Love Loaf containers will be left in homes until Feb. 27. By that time, each should contain about \$10 in coins.

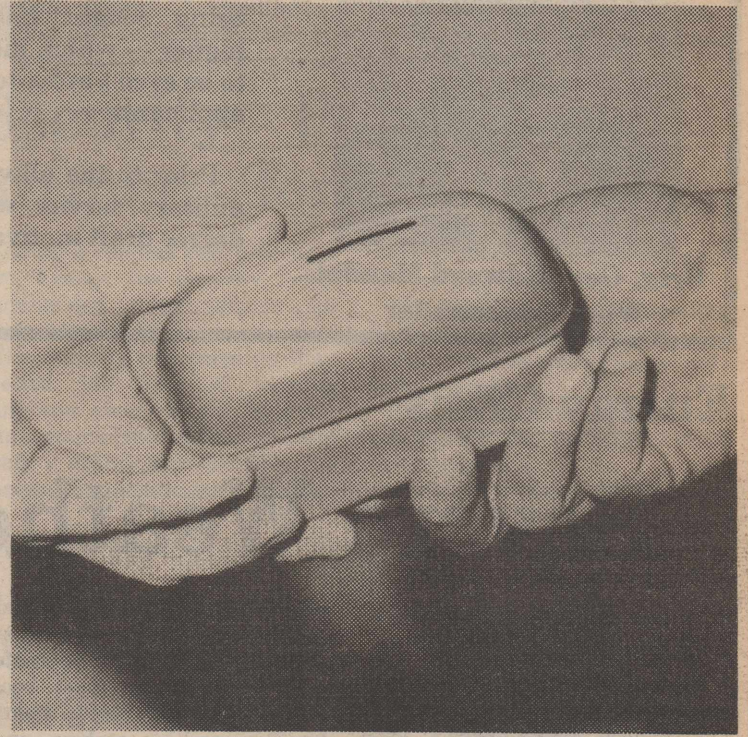

"It will be a modern-day version of

Jesus' feeding of the 5,000" Chaplain Grimmett said, adding, "our goal is to raise enough money to feed 5,000."

The chapel plans a Love Loaf Sunday Feb. 27 when the loaf-shaped banks will be turned in and the proceeds counted.

All the money will be given to the emergency relief ministry of World Vision International, originator of the Love Loaf program. World Vision is a nonprofit, interdenominational Christian humanitarian agency that conducts programs of childcare, emergency relief, medical assistance, evangelism and community development in 26 countries. The organization is presently caring for more than 70,000 needy children throughout the world.

The Chapel still has some Love Loaves left for those who would like to have one in their office or home.

TO FEED THE HUNGRY - The Chapel has handed out Love Loaves to families in Reese Village in an effort to help the world's hungry people. The loaves will be collected during a special service Feb. 27. (U.S. Air Force Photo by A1C Roycal Arceneaux)

## President approves change to simplify, streamline MAC

WASHINGTON (AFNS) — The Military Airlift Command (MAC), Scott AFB, Ill., has been designated a specified command.

Air Force officials say the change will simplify and streamline command relationships and provide better management of airlift resources, particularly during periods of crisis.

The President approved the change in December of last year and the Joint Chiefs of Staff (JCS) set Feb. 1, 1977, as the effective date.

The new status will place MAC in the JCS planning cycle earlier and ensure better response to JCS-approved requirements. The

commander in chief, MAC, will be in the chain of command under the National Command Authority, reporting to the President through the Secretary of Defense.

Normal MAC functions will remain virtually unchanged. The Secretary of the Air Force and the Air Force Chief of Staff will retain responsibility for administrative and logistic support, including policymaking, budgeting and programming.

Nonairlift technical services (Air Weather Service, Aerospace Audiovisual Service, and Aerospace Rescue and Recovery Service) are

retained under MAC as major command functions.

A specified command normally is composed of forces from one military service and has world wide responsibilities. The Strategic Air Command and Aerospace Defense Command are other specified Air Force commands.

Unified commands normally are composed of components of two or more services and are responsible for particular geographic areas. The U.S. European Command, Pacific Command, and Atlantic Command are examples of unified commands.

## 'GI' Bill matches funds for educational assistance

The purpose of the post-vietnam era veterans Educational Assistance Act of 1977 is to provide educational assistance to those men and women who entered the Armed Forces after Dec. 31, 1976.

This new "GI" Bill began Jan. 1 and continues through Dec. 31, 1981. It authorizes a monthly deduction

from pay for deposit with the Veterans Administration (VA). The VA will match two for one deposits made under this law. The maximum amount that can be allotted by a service member for deposit with the VA is \$2700 (30 months at \$75). The maximum amount available to the individual would be \$8,100 upon

completion of the enlistment.

The present class "S" allotment system will be used. The amount to be allotted must be \$50 to \$75 in multiples of five dollars. The eligible person who enrolls in the program must participate for at least 12 consecutive months before disenrolling or suspending participation, but can disenroll or suspend participation because of personal hardship.

Contributions made to the program by a participant may be refunded only after the participant has disenrolled from the program. If a participant disenrolls from the program prior to discharge or release from active duty, the participants' contributions will be refunded on the date of discharge or release from active duty or within 67 days of receipt of notice by the VA of the participants' discharge or disenrollment.

## Brown takes oath as Sec. of Defense

WASHINGTON (AFNS) - Dr. Harold Brown took the oath of office as Secretary of Defense Jan. 21 during brief ceremonies in the Pentagon. He previously served as Secretary of the Air Force from October 1965 - February 1969, and has recently been President of the California Institute of Technology at Pasadena, Calif.

Dr. Brown was born in New York City on Sept. 19, 1927. He received a B.A. degree in 1945, an M.A. degree in 1946 and a Ph.D. in Physics in 1949, all from Columbia University.

He has lectured at Columbia and Stevens Institute of Technology and has served as a research scientist at

the University of California at Berkeley. He has been the director of the E.O. Lawrence Radiation Laboratory at Livermore, Calif.

The new secretary has served as a consultant to a number of Department of Defense advisory boards and committees and was appointed a member of the President's Science Advisory Committee in 1961.

Dr. Brown has conducted a variety of nuclear research projects and has participated in a number of studies in the area of arms limitation and control.

He is married to the former Colene D. McDowell of San Francisco, Calif.

## Father Martin presents three talks on alcohol

Father Joseph C. Martin, a consultant on alcoholism, will arrive at Reese Monday to present three talks on alcoholism.

Father Martin made the film, "Chalk Talk on Alcohol," which was shown throughout Air Training Command (ATC) in the command's alcohol and drug abuse education program. The film, made in 1972, has become one of the principal educational vehicles on alcoholism for the armed forces and many other branches of the Federal government.

Of the three talks Father Martin will present here, two are designed for special audiences and one is for the general base population.

"Eight Guidelines to Help Alcoholics," is a one-and-a-half-hour presentation Father Martin gives to commanders, supervisors and key personnel. He will make this presentation at 10 a.m. Tues. at the Mathis Recreation Center.

"Counseling Alcoholics," is designed for social actions, chaplain and medical personnel. It runs one-and-a-half to two hours and will be presented at 2 p.m. Tues. at the Base Chapel.

"AA Talk" is for the general base population and local Alcoholics Anonymous groups, and last about one hour and 15 minutes. This will be presented at 7 p.m. Tues. at the Mathis Rec. Center.

THE ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is in no way connected with the department of the Air Force. Opinions expressed by publishers and writers are not

to be considered an official expression by the Department of the Air Force. The appearance of advertising, including supplements and inserts, in the publication does not constitute an endorsement by the Department of the Air Force of the products or services advertised.

# FROM THE TRAIL BOSS

Brig. Gen. Edward Mendel  
Wing Commander

Me a recruiter? A new idea perhaps, and a good one. Who knows more about the Air Force than you do? Who should be more concerned about the quality of your co-workers than you?

Our small force of assigned Air Force recruiters must enlist 76,000 men and women to meet Air Force personnel requirements during Fiscal Year 1977. That's a big job and the quality of the individual being sought has never been higher — which means it's going to be even harder to find qualified applicants.

Prior to the all-volunteer force, military service was to a large degree draft motivated. This is no

longer the case. Today's young people are motivated by their perceptions of what the Air Force can do for them, and how well they fit in the Air Force lifestyle. The Air Force offers many solid benefits, but before these benefits can be evaluated, they must be understood. America's young people must be made aware that the Air Force is an opportunity they cannot afford to overlook. That's where you can help. The Air Force story must be spread far and wide by those who know the story best, if we are to continue to acquire the quality people we need.

For a large number of America's young people, the Air Force offers

their greatest opportunity for education, training and advancement. Tell them about it! Then refer them to our Recruiting Offices using the new referral form. Our professional recruiters will take it from there to do the actual recruiting. Air Force Chief of Staff, Gen. David C. Jones, has said, "Recruiting must become a fundamental responsibility of every Air Force member. The continued vitality of the Air Force depends on it."

All of you blue suiters, and ex-blue suiters, do your part, identify good people, give them the straight word on Air Force life, and refer them to your local recruiter.

## Energy Crisis

# Severe Weather increases utilities cost

by Col. Joseph H. Brotherston  
Air Base Group Commander

We are now approaching the fourth anniversary of the 1973 Arab Oil Boycott. We haven't been greeted lately by "SORRY, NO GAS" signs, waiting in long lines at gasoline stations, or 60 cents a gallon gasoline prices. But, with the tremendous increase in energy consumption created by the severe winter weather throughout the United States, we may soon recognize the energy crisis in our gasoline prices again.

Of much more immediate concern is the increased utility bills that we have been experiencing in our homes and working facilities. We are paying a lot more now for the utilities for base facilities and the housing area than we did in 1973. In Fiscal Year 1974 (June 73-74), the Wing spent \$366,000 for utilities consumption. We are programmed to spend \$650,000 in Fiscal Year 1977. This is an increase of 177 per cent in a four year period. This increase can be attributed to price increases, system inefficiency, wastefulness, and increased consumption due to severe weather.

Until recent years, most of us considered our energy sources to be both inexhaustible and expendable. It took a group of countries in the Middle East to show us we were wrong.

### Conserve resources

Whether you live and work on base or only work on base, as a member of the Reese community, you must join in the efforts to conserve our energy resources. Since we cannot control utility rates, we

must make every effort to reduce consumption, improve system efficiency, and eliminate wastefulness. Each of us must become energy aware and help to make our families and co-workers energy conscious.

The 150,000 government furnished family housing units controlled by the Air Force will use about 25 per cent of all energy consumed to provide utilities at our bases this year. About 54 per cent of the energy used in homes goes to heating and cooling and about 15 per cent is used just to heat water. Cooking, lighting, refrigeration, washing and drying clothes, and other appliances account for the rest. And yet, it is estimated that 30

per cent of the energy used in this country is wasted.

We can help eliminate waste by wise use of energy and, in the process, save precious energy resources for the Air Force and the nation. If you live in military housing, you will be saving money for the Air Force. If you are a home owner, you will be saving money for yourself.

The following energy-saving measures are not new, but they are simple and practical. It is hoped that you will share this information with family and friends in your efforts to save fuel which means saving money - a factor more important now than ever in the face of continually rising energy prices and shrinking budgets.

### COLD WEATHER ENERGY SAVERS

Maximum temperature settings to be observed during the heating season.

AREA	MAXIMUM TEMP.	NIGHT/WEEKEND TEMP.
Special process rooms (e.g. paint shops, drying rooms)	80 F	60 F
Operating rooms, physical exam room, X-ray, and similar rooms	75 F	60 F
Living quarters, offices, classrooms, laboratories, showers, training rooms, recreational and morale facilities	65 F	55 F
Hangars, warehouses where employees are working	50 F	40 F
Warehouses (Storage Only)	40 F	40 F

Maintenance of these temperature settings is the responsibility of the Building Custodian, the military family housing occupant, and the home owner.

Keep draperies and shades open for sunny windows; close them at night. Do not use hot water if warm or cool water will do the job. Use washers, dryers, dishwashers, and electric irons during early morning or late evening hours. Check the temperature of your refrigerator. 34 - 40 degrees F. is a good

range. Freezers should be maintained at zero degrees.

Don't put warm items in your refrigerator. Turn off electric stoves a few minutes before the food is completely cooked; the stove heat will continue to cook the food. Turn off all unnecessary lights and try using the next lower watt rating of light bulbs. Turn off radios and televisions when no one is listening or watching. Use one large incandescent bulb instead of several smaller ones. The large bulb is more efficient. All windows and doors must be closed during the heating season to prevent the waste of heat. Setting a thermostat higher than the maximum setting will not heat an area any faster. A higher setting will overheat a facility and thus waste energy. Check hot water heater temperature. Don't set a water heater any higher than is needed since the heater burns fuel to keep water hot when it is not being used.

Close off unused areas and rooms. Where possible, be certain that blinds or other window covering devices are closed and heat sources to the closed areas turned off.

We are all obligated to do our part in conserving energy. The military housing occupant, the military worker, the civilian worker, and the homeowner can play a major role in supporting the Air Force and the nation's energy conservation programs.

Only through the commitment and cooperation of everyone can we achieve our energy conservation goals. Please help.

## Two Cents Worth

The Air Force Recruiter Assistance Program is stressing "Air Force — A Good Way of Life." Would you recommend the Air Force to your friends?

Yes I would, because of the educational and promotional opportunities.

SSgt. Mike Hall  
64th Student Sq.

Yes. One reason is because an Air Force life is unique. It offers a person the challenge to develop teamwork and initiative.

A1C Charles Polk  
64th Supply Sq.

I would not unless they were absolutely sure that is what they wanted to do with their life.

1st Lt. Keith Neil  
35th FTS

Yes, because of the educational and travel opportunities.

Amn Steven Henderson  
64th ABGP

# Afro-American patents make work easier for housewife

Editor's note: This is the second in the series dedicated to American Heritage Week, Feb. 21-26. Next week's article will look at Afro-Americans in the Armed Forces.

Afro-American ingenuity produced certain household items that have made the Housewife's work easier.

One is the paper bag. William Purris did not invent the paper bag, but he did invent a machine to make paper bags, a machine that gave it

the basic form it still keeps today. Purvis held nine patterns for bag machines and some six for other items, including a fountain pen improvement and an electric railway switch.

Thomas Steward, in 1893, patented a mop handle which enabled the swabbing part of the mop to be attached, detached, or changed by raising or lowering a small clamp. The user could thus avoid discarding the still usable

handle or doing a laborious job changing the swabber. Steward's mop handle is still in use today.

Earlier than the above items was a boon to many a host or hostess. The potato chip is said to be the brainchild of Hiram Thomas, a black chef at Saratoga hotel. Because of their place of origin, potato chips were long known as Saratoga chips. Their perennial popularity needs no further elaboration.

THE ROUNDUP is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc., mailing address: P.O. Box 2415, Lubbock, Texas.

### Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser,

user or patron. A confirmed violation or rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source."

News for THE ROUNDUP should be delivered to the Information Division, Bldg. 800, no later than noon Monday prior to the Friday publication date. Classified ads of a noncommercial nature may be placed free of charge by Reese personnel if they are in to the Information Division by noon Monday prior to the Friday publication. Other advertising is handled exclusively by Barron Publications, Inc., Phone 763-4551.

# Dependent dental care reduced

Dental examinations, consultation and x-rays, unless related to a medical problem, no longer are available to most United States based Air Force dependents.

The change in policy is in response to a DoD directive that shuts off routine dental care to dependents living in the United

States but not in remote areas.

Overseas dependents, those living in remote areas of the U.S. and retired members will continue to receive routine care on a space-available basis. It is important to remember that first priority will go to active duty members.

The preventive dentistry program

for children still will include counseling, polishing, and fluoride treatments. It no longer will include dental prophylaxis (plaque, calculus, and stain removal) or examinations.

However, all dependents, in the U.S. and abroad, will continue to receive emergency and adjunctive dental care.

Emergency care includes treatment to relieve pain, eliminate infection, control hemorrhaging, cellulitis and respiratory difficulties, and ease trauma to teeth, jaws

and other facial structures. It does not include permanent restoration or replacement of teeth.

Adjunctive care is treatment that is recommended by a doctor and considered integral to the control of a primary condition. This includes eliminating infection, restoring decayed or fractured teeth and correcting developmental or acquired oral facial deformities. It also includes the eliminations of "Life-hazardous oral conditions" such as oral cancer, cellulitis and fractured jaws.

## Security Police stop airmen for marijuana

During a random seat belt check here, Friday, the Security Police apprehended three airmen for possession of marijuana.

The Security policemen on duty detected the odor of burning marijuana while making the check. This prompted the Security Police to obtain a search warrant from the

Base Commander and a search of the car was made.

The search uncovered one-and-a-half ounces of marijuana, two partial roaches, rolling paper and a rolling machine.

The airmen were released to their commander and the case is under investigation.

## Federal Women's Program Luncheon

A luncheon has been scheduled for 11:30 a.m. Thursday at the Officers' Open Mess for base women employees. This includes civilian, officer and enlisted personnel. Male supervisors and co-workers are also welcome. Tickets for the luncheon are available from each division level secretary and Deputy Commanders' secretaries. Two meal choices are available: Chicken Fried Steak for \$1.95 or Chef's Salad for \$1.75 (both include tea or coffee). Tickets must be purchased by 4:45 p.m. Monday.

## More Youth Games

Due to popular request the NCO Club will have another afternoon of games for all the youth Saturday at 2 p.m., hosted by the Enlisted Wives Club.

Every member of the family is invited to participate in the day's events because in addition to the individual prizes awarded to the young winners, a special door prize will be given to one of the lucky adults.

This day of fun is open to everyone at Reese, so bring the whole family and enjoy the fun!

## Vehicle Registration

State Vehicle Registration will be held from 8:30 a.m. - 3:30 p.m. Monday and March 2 in the Mathis Recreation Center. This is only for renewal of validation stickers (No new Plates). Bring renewal card and/or car title. To obtain new plates, go to the County Court House, 916 Broadway.

## Palace Flicks

This week's featured Palace Flicks are no. 107 - WAPS, no. 92 - Airman Retraining, and no. 58 - Palace Chase. These flicks can be seen at the Customer Service Center in CBPO, Bldg. T-1.

## Commissary Closed

The commissary will be closed Feb. 20 for the federal holiday. Normal operation will resume Feb. 22.

## Uniform Changes

Effective immediately, Air Force personnel, are authorized to wear the Army certified durable press, cotton/polyester, utility uniform. This waives the requirement for a USAF certification label for this item.

The Army developed durable press, cotton/polyester, utility uniform is designated as the standard non-combat utility uniform for all services and will replace the current all-cotton utility uniform.

Date for introduction of this new item into the Air Force supply system will be announced later. The all-cotton uniform will continue to be authorized wear for an indefinite period.

THANKS - Jan Williamson, right, chairman of the Red Cross volunteers, presents Jana Johnsen an award in appreciation for her work with the Red Cross. Jana served as co-chairman from January 1976 - January 1977 working a total of 854 hours. The Johnsens are going PCS to Luke AFB, Ariz. (U.S. Air Force Photo by A1C Royal Arceneaux)

## Mrs. Thompson keeps Base vehicles in motion

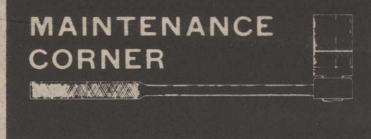

Mrs. Norma Thompson of the 64th Supply Squadron has a job which affects nearly everyone on Reese and if her job isn't done correctly, a lot of sore feet could develop.

She is the base Registered Equipment Management System (REMS) monitor. In this capacity she insures that various base organizations have an adequate number of servicable vehicles to support their respective missions.

Through inputs to the 1050 II computer system, Mrs. Thompson keeps Headquarters USAF informed of the condition of the Reese vehicle fleet. These inputs are

important because anything done to a vehicle in regard to repairs must first be approved. If a truck needs repainting, for example, money must first be allocated. Then disposition for shipping the vehicle to the paint contractor must be made. When these requirements are met, the vehicle is shipped to the contractor. Should a vehicle be too old to justify repair work, the vehicle is sent to disposal and a new one provided.

Warner Robins AFB, Ga. is the approving authority for new vehicles. On the basis of status reports provided by Mrs. Thompson and other base REMS monitors, Warner Robins determines the type and number of vehicles authorized for each major command. Command level in turn distributes the vehicles to bases in accordance with need and the condition of the various base vehicle fleets.

Congratulations are in order for TSgt. Leander Black of the Inspection Branch, 64th Organizational Maintenance Squadron (OMS), on his selection as the Wing NCO of the Quarter, and to SSgt. Lawrence W. Huntsman of the T-37 Branch of OMS on his being selected Crew Chief of the Month for December. The next time you run into these outstanding gentlemen, you might stop and chat with them awhile.

We are fortunate in maintenance to have many dedicated and professional people such as Sergeants Black and Huntsman on the job. It is through their skillful dedication to duty that we are able to "keep'em flying."

## StuRon News

# Squadron changes numerous

By Capt. Jim Nelson  
64th Student Squadron

It seems as though the semi-annual squadron switcheroo has hit high gear. You can't tell the players without a program, so here goes. The following is a list of dearly departed (or departing): Captains Ken Korsmo for Jolly Green to Fairchild, Earl Smith for a C-130 to Clark, Don Luehm for an OV-10 to Germany, Gary Boystel for an O-2 to Davis Montham, Bret Mercer for an O-2 to be announced at a later date and yours truly for an extended tour at the Auger Inn.

The subs are as follows: Captains Jim Schifferns to the Student Branch, Jeff Fine, John Crevser, and First Lieutenants Rick Wilson,

and Lloyd "Stump" Sauls to Academics.

Not much has happened in the squadron over the last week or so, but in keeping with my tradition of fabricating lies when the going gets dull, here's a few headlines:

**FLASH:** 1st Lt. Joe "Dynamite" Dye enters hospital for experimental personality transplant!... or how about... **EXTRA:** 1st Lt. Jim Burden is found alive and well after being "out to lunch" for three years!!

That should keep 'em on their toes for a while. And now what you've all been waiting for...

### Class 77-08

With everyone soloed out and almost all of the midphase contact checks completed, 77-08 students have been kind of busy lately. Congratulations are in order for Captain Smith who received an outstanding on the above check ride. Speaking of good deals, "B" Flight's 2nd Lt. Ken Irland received special handling by the RSU the other day by taxing on the diagonal taxiway 4 to Runway 35R, that's one way to keep those guys in the box on their toes Ken. Also for those of you who were wondering who that stranger at the front desk is, we were told by Captian Weimer that he was Major

HALFWAY TO IDALOU!

SOF the Fryer! Ah yes, close but no cigar.

78-01

Well it happened on Thursday. Pogo 60-C4 took the plunge. As the first solo from 01, Pudge Brown "broke the ice" and had but one word to say, Brrr. Be advised that number 1 poppet needs no acknow-

ledge stray dog calls. And to our favorite IP, Major Slaughter, If you want to fly with 01, you'll have to pay the price. Special recognition goes to Captain Watso, C Flight's assistant commander who, with full (?) mental abilities had to take a round trip ride on the crew bus because he forgot his parachute on the first trip.

**WHAT AGAIN** - Amn Jeffrey Young goes through a preflight inspection on a Northrup T-38 Talon. In recognition of the quality of his work, the pilots of the 54th Flying Training Squadron have selected him as the T-38 Crew Chief of the Month. This is the third straight month, Airman Young has earned this award. (U.S. Air Force Photo by SSgt. Ron Pack)

## Expanded overseas tour extensions available now

RANDOLPH AFB, Tex. (AFNS) — Overseas officers and airmen who want to extend may now request any period up to the "accompanied by dependents" length at their location.

This expanded overseas tour extension program is part of a continuing Air Force effort to reduce permanent-change-of-station (PCS) costs and turbulence.

Recent changes in officer and airman assignment policies delete the one-year limit on overseas tour extensions. Accompanied or unaccompanied members may request an extension, in any increment, up to the "accompanied by dependents" tour length. The new policy even applies to those serving on an extension.

Those who currently have a request for extension pending above the local level are not affected by this change. However, if their current request is approved, they may request another extension under the new policy at a later date.

Applications for extension will continue to be processed as before. Contact the consolidated base personnel office for full details.

# Commander's CARE Line

(Editor's Note: THE ROUNDUP will publish Commander's CARE Line calls which are of basewide interest. Names of callers will not be published, but callers should leave their name and duty extension in case their problem needs clarification. All calls are reviewed by Wing Commander Brig. Gen. Edward Mendel. Reese people are urged to use their chain of command or the office of primary responsibility to air complaints or comments, if possible. If not, call the CARE Line by dialing C-A-R-E (Ext. 2273). Please provide your name and duty section when calling.)

## Fly in Food

I would like a reply regarding a fly I found in the dinner I was eating in the Wing Dining Hall Jan. 10. I would like to know why this was not caught beforehand and why nothing was done about it at that time.

This particular fly simply out maneuvered us and took refuge in your dinner. Now, I suppose, everyone will want a free fly with dinner, and there are just not enough to go around.

Seriously, we do try to keep flies out of the dining hall, but with a place that busy, it's impossible to keep all the flies out all of the time. I have no way of knowing if you told anyone about the fly, but if you had, I am sure they would have disposed of the food and asked you to go through the line again. I believe our dining hall people take all reasonable precautions against flies — we will just have to apologize for the one that got away, and try to do better.

## Newspaper Purchase

I am rather irritated by the fact that I have not been able to purchase a newspaper for the last three days. I know that newspapers used to be available only through the morning edition in front of the Caprock House or the NCO Club. Lately, I have not seen any there, and I would like to know why?

I can appreciate your irritation. We talked to the Circulation Depart-

ment of the *Alvalanche-Journal* regarding base distribution of their newspaper and found that the regular delivery man has been on vacation and apparently did not brief his temporary replacement of the location of each newspaper rack. On Jan. 25 the delivery man was contacted and we discussed the fact that his present locations were limited to the NCO Club, Officer's Club, and Caprock Cafeteria and requested that he place a rack in the Wing Dining Hall on a trial basis to determine if sales would support its location. He stated that he was having considerable problems with his newspaper racks on base because people were taking the papers and not paying for them. He said if he continues to lose money on the racks that he will have to remove them. So, it is up to you — the customers — to protect this convenience. I appreciate you bringing this problem to my attention. I think we'll see better service in the future, if we cooperate also.

## Stray Dogs

On Jan. 12, I called the Security Police at a quarter till six to pick up three or four stray dogs. An hour later they responded on the call. They picked up one dog. The rest of the dogs ran off down McGuire.

Please give me some answer as to why the Security Police are so slow in responding to pick up stray dogs in the Village. As a result of a slow response by Security Police, three dogs were left running loose in the

Village and one dog was caught.

Thank you for your concern regarding stray dogs in the housing area. Our family housing regulation requires that pets be either leashed or fenced when outside the owners quarters; yet, many of our housing occupants disregard this directive to the displeasure of their neighbors. The Security Police have limited law enforcement people available to pick up stray animals and take action on each call received as well as making routine dog patrols. Our records for Jan. 12 show that at the particular time you called, the Security Police were involved in four other simultaneous activities (vehicle assistance, funds escort, prisoner processing, and subduing a choking animal) which precluded an immediate response to your call.

# Training ends for UPT Class 77-03

A year of undergraduate pilot training comes to an end tomorrow for 24 students in Class 77-03.

The students will be honored tonight with a Graduation Dance in the Officer's Open Mess.

Tomorrow's activities will begin with graduation at 10 a.m. in the Simler Theater. Guest speaker at the graduation is Brig. Gen. Fred A. Haeffner.

General Haeffner is commander of the 58th Tactical Fighter Wing at Luke AFB, Ariz. After receiving his commission through the Air Force Reserve Officer Training Corps, General Haeffner entered pilot training at Webb AFB, Tex.

While serving as commander of the 390th Tactical Fighter Squadron at Da Nang Air Base, Republic of Vietnam, General Haeffner downed one Mig-17 and was credited with a second, probable, Mig kill.

Following ceremonies in the theater, a reception will be held at 11 a.m. in the Officer's Open Mess for students and their families.

# Air Force Recruiter Assistance

## PROCLAMATION

THE CONTINUED VITALITY OF THE AIR FORCE DEPENDS UPON THE QUALITY OF ITS PEOPLE; AND AIR FORCE RECRUITERS MUST ENLIST THE THOUSANDS OF YOUNG PEOPLE EACH YEAR WHO WILL BE THE MANAGERS, SUPERVISORS, AND LEADERS OF OUR FUTURE AIR FORCE.

IN 1977, RECRUITERS FACE THE BIGGEST CHALLENGE TO DATE IN MAINTAINING THEIR TRADITIONAL SUCCESS IN RECRUITING AIR FORCE MEMBERS.

IN RECOGNITION OF THE FACT THAT ENLISTING HIGH QUALITY YOUNG PEOPLE REQUIRES THE GRASSROOTS SUPPORT OF EVERY AIR FORCE MAN AND WOMAN AND THAT RECRUITING MUST BECOME A FUNDAMENTAL RESPONSIBILITY OF EVERY AIR FORCE MEMBER,

I HEREBY PROCLAIM

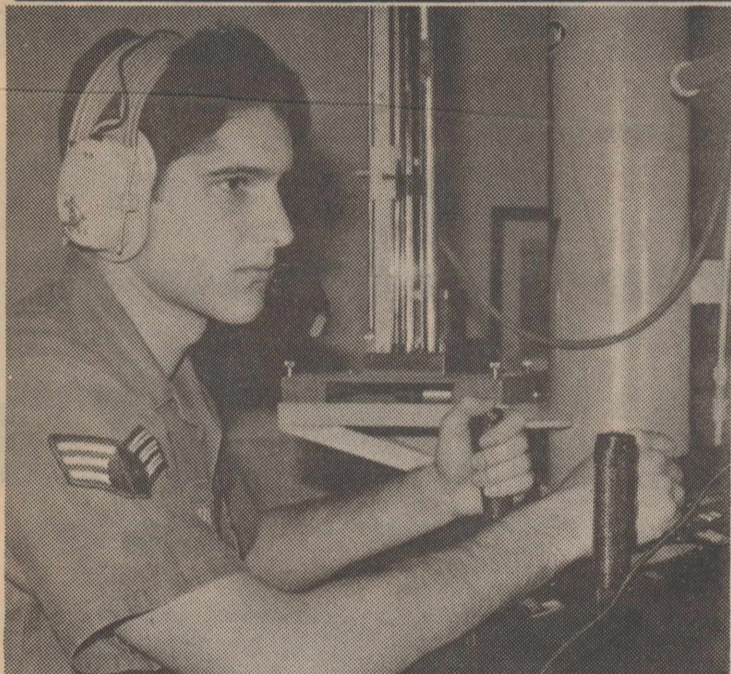

14-20 FEBRUARY 1977

AIR FORCE RECRUITER ASSISTANCE WEEK

I INVITE THE PERSONNEL AT REESE AND MEMBERS AND FRIENDS OF THE AIR FORCE FAMILY IN THE LUBBOCK AREA TO JOIN WITH ME IN DEDICATING OUR EFFORTS, ACTIONS, RESOURCES, AND REFERRALS, AND IN PROVIDING SUPPORT, IN FACT AS WELL AS IN SPIRIT, TO OUR RECRUITERS THROUGH THE AIR FORCE RECRUITER ASSISTANCE PROGRAM.

SIGNED:

  
EDWARD MENDEL, BRIGADIER GENERAL, USAF

**HASTY RAP** - SrA Billy Giano is shown working his normal Air Force job in the Physiological Training Unit but tomorrow he leaves for two weeks duty as an assistant Air Force recruiter. (U.S. Air Force Photo by SSgt. Ron Pack)

## Hasty Rap

Would you believe a two week vacation at home with the Air Force picking up the tab for transportation plus normal daily per diem for the trip? Like most good deals, there is a "catch". You must be a first-term enlistee, you must be willing to work with your home area recruiter to sell the Air Force to prospective enlistees, and you must be recommended by your commander or otherwise identified as a highly motivated individual who can represent the Air Force to best advantage. Recruiters have found that the best salesman is a satisfied customer.

The first person from Reese to participate in the program is SrA Billy Giano, who is assigned to the Physiological Training Unit. He was selected as the Airman of the Month for December and is the Hospital's nominee for Wing Airman of the Year.

After meeting that selection board on Feb. 8, Airman Giano will depart the next day for his hometown, Salt Lake City, Utah. Now, that's what is called tough duty — Really! Sorry, no first class though, unless the hostess takes a liking to you!

## AFRAP

The Air Force Recruiter Assistance Program (AFRAP) is in full swing here in support of the Air Force Chief of Staff's charge that "Recruiting must become a fundamental responsibility of every Air Force member."

In his message to all Major Command commanders on AFRAP, he said, "This program is designed to tap the full potential of the Air Force in support of the Recruiting mission and has my full support."

"A successful base-level lead referral system," said Lt. Col. Ivan R. Jenkins, Recruiting Liaison Officer (RLO), "is the heart of AFRAP, because it provides a way for all people at Reese or retirees in the Lubbock area to directly assist recruiting. Referral cards are available at the CBPO Customer Service Desk in Building T-1. Commanders and Unit INTRO Monitors will also have referral cards, and the printed form in today's ROUNDUP can be used by anyone on base to make referrals. The cards are designed to gather information recruiters need to facilitate contact with the potential applicants. Be sure to fill out the card completely. A copy of the Privacy Act Statement is printed on the lead referral card and you must inform the prospect of the proposed use of the information if you personally contact the individual to obtain this information.

Referral cards, when completed, should be returned to the CBPO Customer Service Desk, where a drop box will be provided, or if you prefer, place your card in a sealed envelope, address to Lt. Col. Jenkins, DO/RLO, Stop 13, and drop it in base distribution.

"Base personnel should talk candidly with potential Air Force referral candidates, discussing their own experiences in the Air Force. However, people here are not expected to recruit," said the RLO, "the recruiter will do that after he determines the prospect's eligibility."

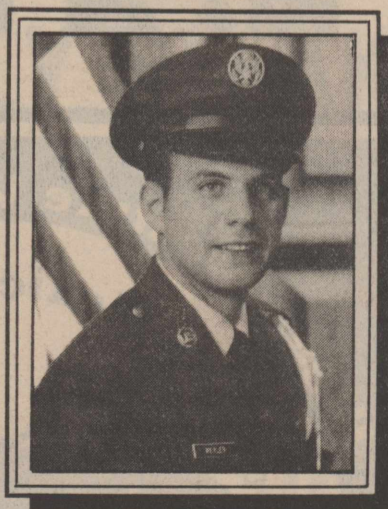

"Let's get behind AFRAP and do our part," Colonel Jenkins added. "Fill out a Lead Referral Card today, and return it to me. Help a young person find a future in the Air Force."

**WHY NOT** - Sandra Barbee, daughter of TSgt. Milton Barbee, checks out what the Air Force career has to offer with recruiter MSgt. Lenton Levine. (U.S. Air Force Photo by SSgt. Dave Galloway)

## Retirees can help

by Lt. Col. Ivan R. Jenkins  
Recruiting Liaison Officer

Retirees in the Lubbock area can provide some of the best prospects from the local community. At the present time, approximately 1150 enlisted and 340 officer call the South Plains their home.

As the people out in the community on a daily basis, you are in a position to know the young people that are prime prospects for enlistment. You can effectively evaluate the quality and availability of young men and women who might be interested in an Air Force career.

Good solid leads provided to the recruiter through the AFRAP lead referral system allow our recruiters to spend more time with likely candidates. The additional information and attention that the enlistee receives get them off to a better start and with a more comprehensive idea of what Air Force life is about.

As a retiree, this is where you can help the most. You can relate what you liked about the AF that led you to make it a career. I'm sure you can remember quite a few good things, along with a few of the bad.

A realistic view of your time in the AF will help your prospect understand the overall advantage of enlisting. The details of what available jobs and specific scores or qualifications required are the recruiters job.

Just let us have the name, etc., of your prospect using the lead referral card printed in this issue. Mail the card to Colonel Jenkins, Recruiting Liaison Officer/DP, Box 8672, Reese AFB, Tex. 79489, or the next time you are at Reese, drop the card in the box at the Customer Service Desk at CBPO, Bldg T-1. Feel free to visit with Colonel Jenkins in room eight and discuss any aspects of AFRAP or call ext. 2444 with your ideas on inputs to the program.

IN THE FAMILY - Mrs. Cristine Mendel Rogers is sworn into the United States Air Force by her father, Brig. Gen. Edward Mendel, prior to entering Officers Training School. (U.S. Air Force Photo by SSgt. Mike Hall)

## JOIN THE AIR FORCE RECRUITER ASSISTANCE PROGRAM (AFRAP) Today!

This worldwide program enlists the help of all Air Force personnel, and is aimed at recruiting the supersharp 17-27 year olds who will make good members of the Air Force team. If you know a young person in this category, simply fill out a lead referral card and get it to the Recruiting Liaison Office at Reese AFB. Air Force recruiters will follow through. It's a great opportunity to help a young person land a good Air Force job. And it's a great opportunity to help the Air Force. AFRAP — a good program aimed at making a great Air Force better. Become a part of it today. You'll be glad you did!

### AIR FORCE RECRUITER ASSISTANCE PROGRAM LEAD REFERRAL CARD

BASE KEY CODE IRA086D

FROM PERSONAL KNOWLEDGE AND/OR CONTACT, I BELIEVE THE FOLLOWING 17-27 YEAR OLD MAY BE INTERESTED IN ADDITIONAL INFORMATION AND MAY BE QUALIFIED FOR AIR FORCE ENLISTMENT:

NAME \_\_\_\_\_  MALE  FEMALE  
(Last, First, Middle Initial) (Please Print)

ADDRESS \_\_\_\_\_  
(Number and Street)

(City) (State) (Zip)

PHONE NUMBER \_\_\_\_\_ DATE OF BIRTH \_\_\_\_\_  
(Area Code and Number) (Day, Month, Year)

SOCIAL SECURITY NUMBER \_\_\_\_\_ HIGH SCHOOL NAME \_\_\_\_\_

DATE OF GRADUATION \_\_\_\_\_

PERSON REFERRING PROSPECT \_\_\_\_\_  
(Grade, First Name, Middle Initial, Last Name)

(Organization, Base) (Date Card Filled Out)

NOTE: When personally contacting the prospect for the above information, it is mandatory by law that you show the potential applicant the following statement, or, if contact is by telephone, that you read it:  
"The Air Force needs this personal information to provide prospective members with information about Air Force opportunities. Providing this information is voluntary, but failure to provide it may preclude sending information about Air Force employment opportunities. The information will be used for recruiting purposes. There is no obligation. (Authority: 10 USC 503)"

PERFORMS AGAIN - Kenneth Cochran will be demonstrating his impersonations again this year at the base-level talent contest March 3. He won second place last year in the Air Training Command Talent Finals. (U.S. Air Force Photo)

## Cochran performs at base talent show

A1C Kenneth Cochran of the 64th Field Maintenance Squadron will be performing impersonations in the base-level Talent Contest March 3. Airman Cochran performed in last year's competition and went on to win second place in the comedy category of the Air Training Command (ATC) Talent Finals.

In addition to awards presented to first and second place individual winners in the base-level competition, selected groups of

individuals whose performance warrants further competition will represent Reese at the ATC finals at Lackland AFB, Tex. March 14 - 19. Winners there will proceed to the Air Force Talent Contest at Patrick AFB, Fla. March 22 - 29.

The search continues for talent for the base-level competition. Anyone interested in vocal, instrumental, and performing arts should contact the Program Director at the Mathis Recreation Center, Ext. 2722/2787.

**Enlisted Widow's Home**

**AFAF begins Feb. 28**

The annual Air Force Assistance Fund (AFAF) Campaign kicks off here Feb. 28.

Funds derived from this campaign are for the benefit of Air Force people and their dependents. It is through the money collected each year that the Air Force Aid Society, Air Force Village Foundation, and the Air Force enlisted men's Widows and Dependents Home Foundation are able to continue.

Lt. Gen. John W. Roberts, commander, Air Training Command, has urged full support of the 1977 AFAF. In a letter to commanders General Roberts said "I have always found our people to be willing and generous supporters of worthwhile programs. We take pride in taking care of our own. We can and must support the forthcoming AFAF campaign."

**Teresa Village**

One of the organizations that benefits from the AFAF campaign is the Air Force Enlisted Men's Widows and Dependents Home at Fort Walton Beach, near Eglin AFB, Fla.

"The answer to a prayer," says Mrs. Frances deVille when she describes Teresa Village. Mrs. deVille's husband was a retired master sergeant who died in 1970. She took a job in a large city looking for a place to retire permanently, but she was afraid to live alone in a metropolitan area. She moved to Teresa

Village after her apartment was robbed.

Teresa Village is about a 100-unit apartment complex providing eligible widows and retired couples a place to live in comfort and security in their later years with residents of similar backgrounds and interests.

**Mission**

"Our chief mission is to care for those in need and provide a warm, comfortable and happy residence," says Mr. D.N. Mason, executive director of the Air Force Enlisted Men's Widows and Dependents Foundation, the nonprofit organization which founded and operates Teresa Village.

Any widow or widower, age 55 or

older, whose spouse was a retired enlisted person may reside in Teresa Village. Eligibility applies to survivors of active-duty Air Force, Air National Guard and Air Force Reserve members.

Younger widows are eligible under special circumstances. Couples may apply if the retired member is 62 years old or older.

The foundation hopes to build new facilities near the Eglin complex and eventually locate similar facilities in other regions of the United States.

Lt. Col. William Waterson is this year's AFAF project officer. He and key unit workers will be contacting personnel for their help.

**Junior officers meet, discuss council plans**

by 2nd Lt. Katherine Pirtle

The Reese Junior Officer Council (JOC) met Monday, and for those of you who missed it, this is what we talked about.

The JOC is currently in the process of amending its charter. Among the changes will be a reduction in the number of committees from five to three, hopefully streamlining our planning process.

Also, the JOC is currently planning a mixer and casino night at some yet undetermined date in March. More information will be forthcoming.

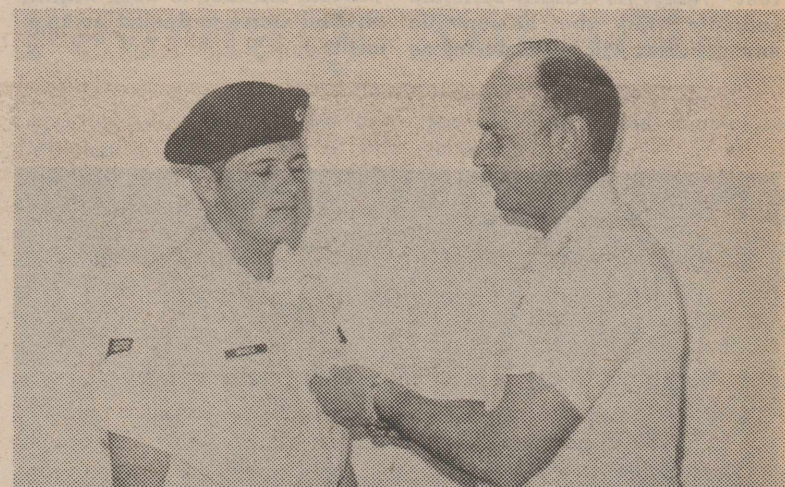

Long range plans include an Easter Egg Party (for the kiddies, sorry all you students), and participation in Camp Blue Younder this summer.

For those of you who miss our meetings and don't or can't read the ROUNDUP, JOC information will be posted on the bulletin board in the O'Club. However, we urge all of you who can to attend the meeting in person.

Any questions about JOC, or suggestions for our meetings may be referred to 1st Lt. Jim Burden Ext. 2727, or 2nd Lt. Karen Hagauer Ext. 2221.

## Commissary begins 1977 savings plan

The first nationwide "Patron Savings '77" is now underway in the Reese Commissary. The sale will continue throughout February.

Shoppers will find many items marked down from 3 to 70 cents below their normal commissary price.

Customers looking for the extra savings in the commissary should watch for special display shelf markings.

This is the second patron savings sale since the Air Force Commissary Service (AFCOMS) was established last year. AFCOMS officials indicate that the nationwide savings sales will be conducted as

often as possible in addition to sales offered by the Reese Commissary.

These savings occur when vendors offer lower prices on specific items to induce customers to try new or different products. For a limited time, the vendor reduces his invoice prices and the commissary passes all savings along to its customers.

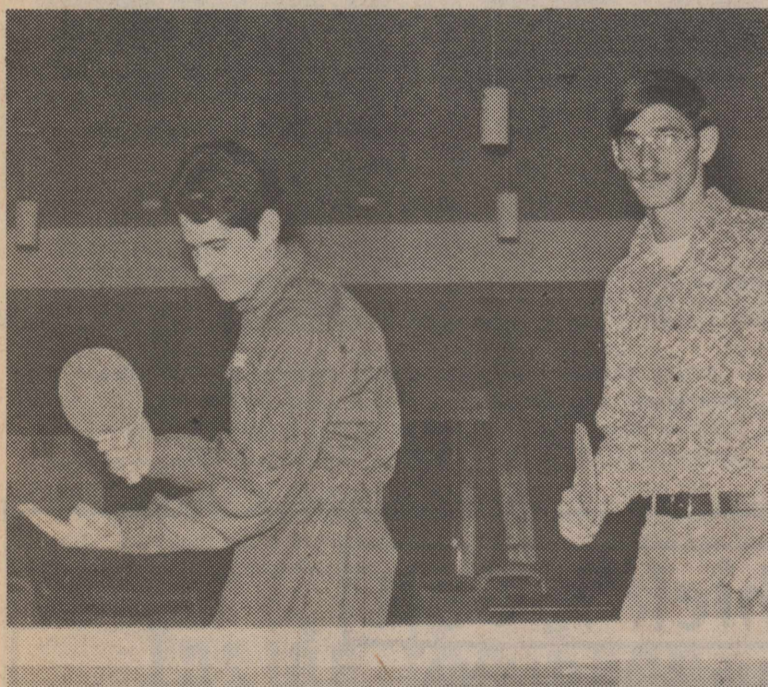

Since formation of AFCOMS as a central point of contact, vendors have been able to offer coordinated nationwide markdowns that were impossible under previous commissary managements. Vendors continue to work with individual stores to finalize arrangements.

# Sturon's unbeaten record intact, good play dumps Sup., Sturon II

Four teams managed to win both of their games in last week's Intramural Basketball action.

The 64th Student Squadron team no. 1 kept its undefeated record intact beating Supply no. 1 61 to 35 and team no. 2 of the 64th Student Squadron 48 to 35.

Three players for the team placed in the double figures column. Daniel

Higgins was high point man for the team with 23 points.

The 54th Flying Training Squadron also won both of its games. Against Student Squadron

no. 2 they won 40 to 32. Pat Moran was high scorer for the 54th with 14 points. A two point margin separated the 54th from the USAF Hospital in their second game of the

week. The final score was 56 to 54. Mike Narkiewicz was high man for the 54th with 13 points.

The 64th Field Maintenance Squadron (FMS) managed two wins last week also. In their first game against Supply no. 2, they won 54 to 41. Lee Sanders was high man for FMS with 20 points.

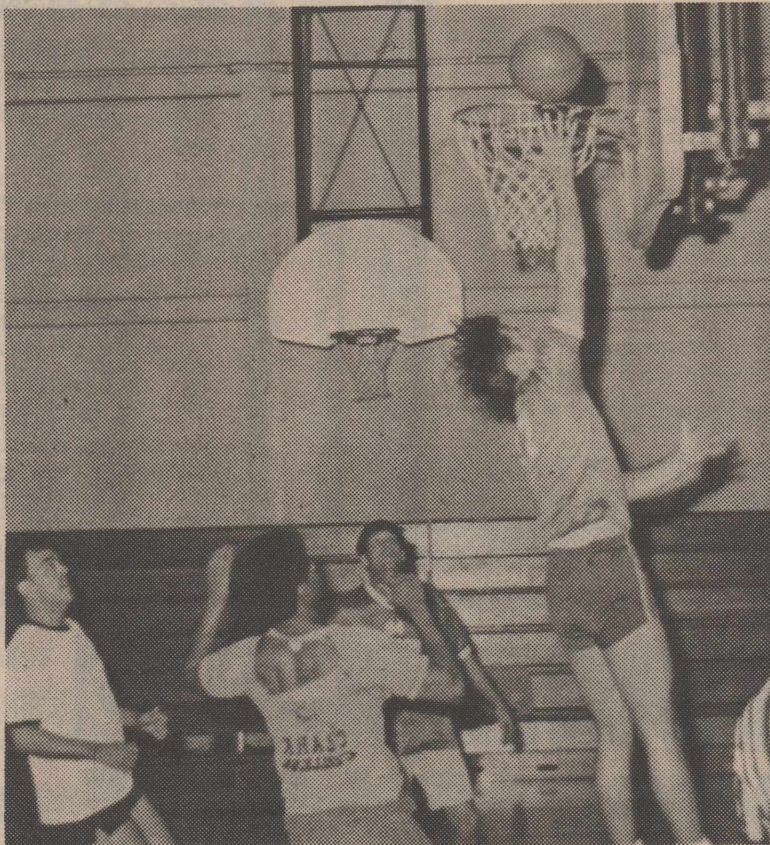

Nickie Forge was high man for Supply with 18 points. FMS's second win was a forfeit by the 35th FTS.

Another team winning both of its games was the Civil Engineering Squadron (CES). The first was a forfeit by the 35th FTS. Their second game was against Supply no. 1. CES won 40 to 32. Dennis Fuller was high man for CES with 16 points.

The 1958th Communications Squadron was the only team playing one game last week. It was against the Hospital and Comm. Sq. won 53 to 49. Randy Love with 16 points was the high man for the Comm. Squadron.

### Standings as Feb. 3

Team	Won	Lost
Stu. Sq. no. 1	12	0
54th FTS	11	3
FMS	9	4
Comm. Sq.	8	5
Supply no. 1	7	7
Stu. Sq. no. 2	5	8
CES	5	7
Hospital	4	10
Supply no. 2	2	11
35th FTS	1	11

STILL UNDEFEATED - John Burns adds another two points for the Student Squadron no. 1 team. Stu. Sq. no. 1 is the only undefeated team in the Intramural League with a 12 - 0 record. (U.S. Air Force Photo by ATC Royal Arceneaux)

## Tourney bowlers prepare for late February roll-offs

By Sonny Serutan

The tournament bowlers rested this week. Some are getting prepared for the City Association Tournament the end of February and others are just resting and nursing those sore thumbs.

The Intramural League bowled Monday and Tuesday nights and those guys came to play. Sam Mele had a 235 game, 644 series, Roy Rogers 596 and Roy Palasz 559. Other 200 games were bowled by Roy Rogers 226, Willie Warren 222 and Roy Palasz 224.

Thursday the Ball & Chainers found the lanes to their liking again. Sam Mele shot a 582, Bill Register 562, John Walker 554, Conner Russell 537, Rod Wilson 531, Marty Harbison 526, and George Clark 513.

The ladies really poured on the steam, Shirley Walker 214/565, Johnnie Caskey 218/552 and Mary Arnold 507.

John Roses led the Hospital Mixed League Friday night with a

214/611, John Haas 237/560, Rob Willoughby 555, Lee Botkin 551, Bill Williams 545 and Bob Gregorio 522. Karen Botkin led the ladies with a 467.

Tomorrow we have a real fun tournament — nine pin no tap, double elimination (nine pins count as a strike). The fun starts at 1 p.m. Don't forget Scotch Doubles

Saturday night and Rent-a-Lane Sunday.

S.S. our sorry entertainment director flunked the course again this week. This guy is unreal. He lost \$100 on the Super Bowl — \$50 on the game and \$50 on the replay.

Sonny says "Keep your ball rolling, do not force the hook, and watch your scores climb."

## Ladies schedule meeting to form softball league

by Barbara Reiland

A Women's Softball League is now forming and will hold a meeting for the purpose of organizing and discussing rules, constitution, schedule, etc. Also, election of two officers to replace those that found they could not serve will be held.

The meeting will be held in the Family Services Center (across from the main gate) at 7 p.m. Monday.

Everyone interested in playing women's softball is invited to attend.

All military women, dependents, and civilians working at Reese are eligible to play if they are over 18. Also needed are coaches, officials and scorekeepers, so if you are interested in helping out our teams, or know of someone who might be, please come.
