

THE ROUNDUP

VOLUME XXVIII NUMBER 7 FEBRUARY 18, 1977 LUBBOCK, TEXAS

Wing banquet tonight honors year's top airmen

MSgt. Leon Archie, TSgt. Roy Smitherman, and SrA David Orzechowski were chosen Feb. 8 as the 64th Flying Training Wing's Senior Noncommissioned Officer (NCO), NCO and Airman of 1976. They will be honored tonight at the annual Enlisted Awards Banquet at the NCO Open Mess.

Senior NCO of 1976

"I am just one of many NCOs doing a good job at Reese," said Sergeant Archie, Wing Senior NCO of the Year.

After completing high school at Goldsboro, N.C. in 1960, Sergeant Archie enlisted in the Air Force. Since then he has had assignments in Japan, Korea, Philippines, Viet Nam and various stateside bases. He is presently assigned to the 64th Field Maintenance Squadron (FMS) as NCO In Charge (NCOIC) of Production Control.

His professional military education includes the Air Training Command (ATC) NCO Academy (Graduated with the Commandant's Award) and the Senior NCO Academy by correspondence.

Sergeant Archie is working toward his bachelors degree in Primary Education having attend-

ed Utica College in New York, University of Maryland, and South Plains College.

Besides holding a third degree black belt in Tae Kwan Do and teaching the sport, Sergeant Archie also enjoys chess and soccer.

He is married to the former Yuriko Suzuki and they have two children; Vivian age 9, and Michael age 6.

NCO of the Year

TSgt. Roy L. Smitherman, also of FMS, will be honored tonight as the NCO of the Year.

Sergeant Smitherman graduated from Abernathy High School in 1960 and soon after entered the Air Force. Since then he has had tours of duty in France, Thailand and Nellis AFB, Nev. He is presently working as NCOIC of the Engine Test Cells.

His professional military education includes the ATC NCO Academy and the Command NCO Academy by correspondence.

Sergeant Smitherman is working for his bachelors degree in occupational education through Wayland Baptist College.

When he isn't busy with his work, Sergeant Smitherman likes restoring old cars. His latest project was rebuilding a 1930 Roadster from scratch.

He is married to the former Caroline Hallauer and they have three children; Diane age 11, Barbara age 8, and Valerie age 5. They have been here four years.

Airman of the Year

Selected as the Wing Airman of the Year was SrA David Orzechowski of the 64th Student Squadron, Foreign Affairs Section.

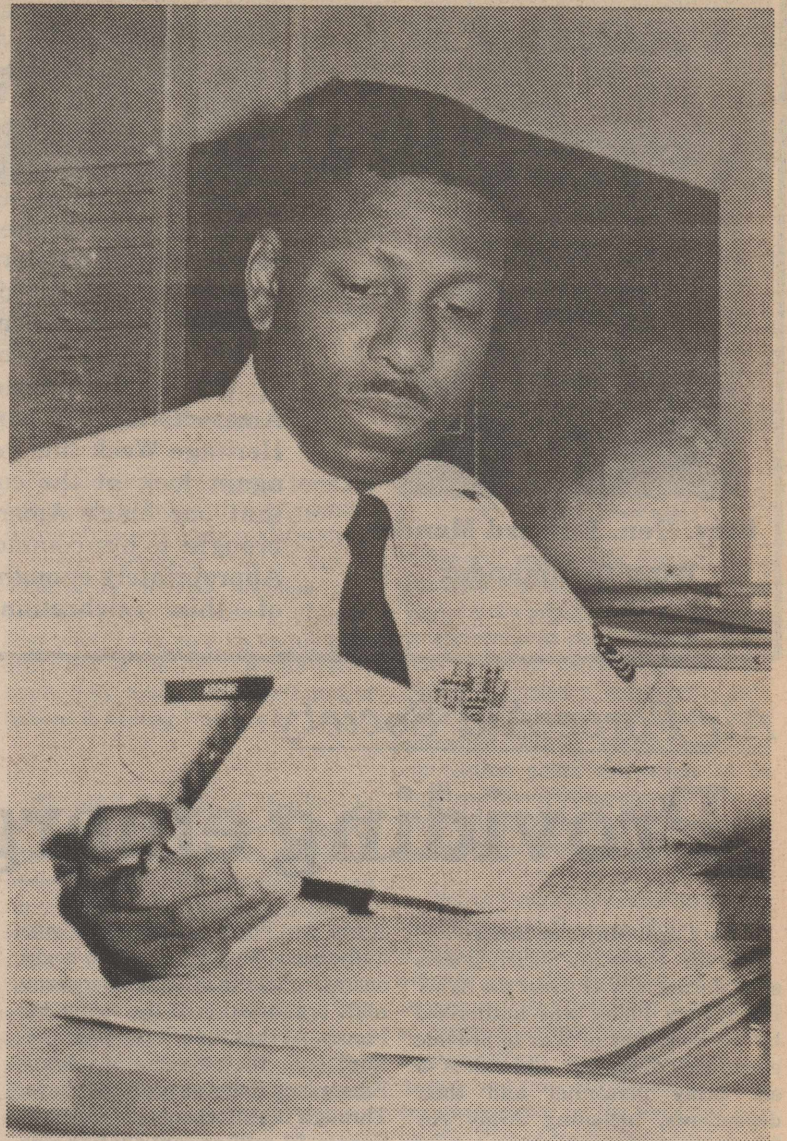

A native of Detroit, Airman Orzechowski attended Wayne State University for four years before entering the Air Force. He has a bachelors degree in psychology and is working toward a masters degree in business administration through the University of Northern Colorado.

In addition to his civilian studies, Airman Orzechowski is a graduate of NCO Orientation Course.

His hobbies include reading, handball, and sports cars.

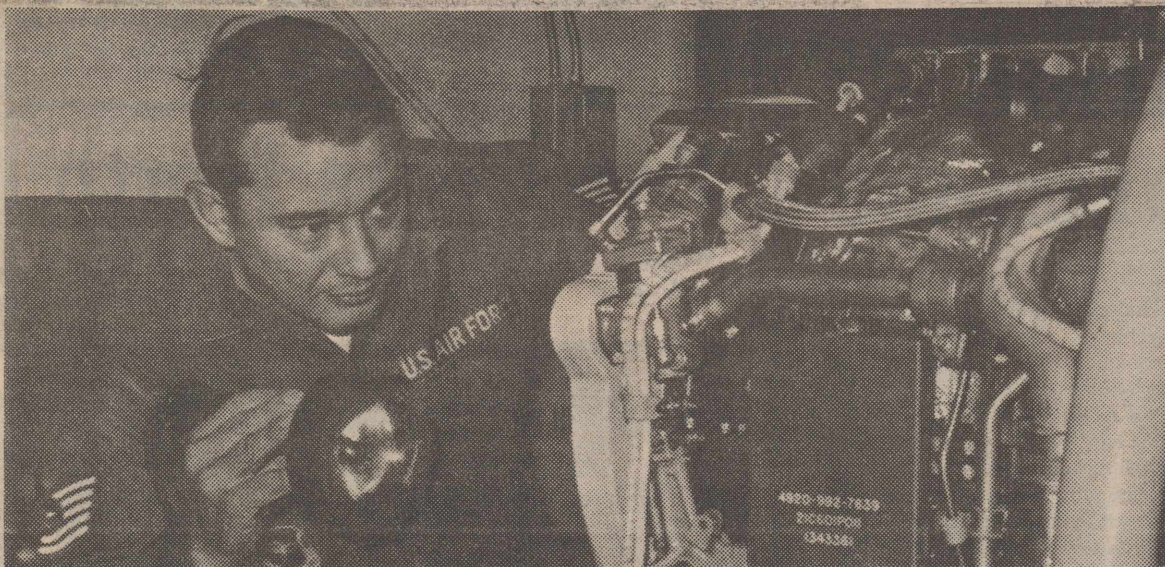

He is married to the former Lynda Monaghan of Grosse Pointe, Mich.

These men will be honored tonight at the Annual Awards Banquet. Social hour begins at 6:30 p.m. with dinner at 7:15 p.m. Following dinner will be the presentation of awards. Guest speaker for the banquet is GMSgt. Fairley. Sergeant Fairley is the only enlisted commandant of a major command NCO Academy.

Senior NCO of the Year

MSgt. Leon Archie, NCO In Charge Production Control, 64th Field Maintenance Squadron.

NCO of the Year

TSgt. Roy Smitherman, NCO In Charge Engine Test Cells, 64th Field Maintenance Squadron.

TV program starts activities for American Heritage Week

Reese's observance of American Heritage Week kicks off at noon tomorrow with four personnel appearing on Channel 11. Capt. John Wesley, 2nd Lt. Harold Burrows, CMSgt. Arthur Hill and Fred Flewellen will discuss with moderator T.J. Patterson base activities for Heritage Week and opportunities for blacks in today's Air Force.

Sunday a Gospel Serenade will be held in the Base Chapel beginning at 3 p.m. Five choirs from the local area will participate. A reception with coffee and cookies will follow.

"Cooley High" and "Cornbread, Earl, and Me" will be shown Monday in the Simler Theater.

Activities will also be held Wednesday in the Officer's Open Mess. Dr. Emery Davis, a socialist from Texas Tech University will be the featured speaker. The evening begins with a social hour at 7 p.m. and dinner will follow at 8 p.m. Art exhibits will be on display throughout the evening. Tickets for the dinner are \$4.50 per plate and may be purchased from any Human Relations Council member or through Social Actions.

Concluding the week will be a dance in the Mathis Recreation Center Feb. 26. The dance starts at 9 p.m. with "Shades of Ebony" providing the music. There is no admission charge.

Airman of the Year

SrA David Orzechowski, Chief Clerk, Foreign Military Affairs Branch, 64th Student Squadron.

THE ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is in no way connected with the department of the Air Force. Opinions expressed by publishers and writers are not

to be considered an official expression by the Department of the Air Force. The appearance of advertising, including supplements and inserts, in the publication does not constitute an endorsement by the Department of the Air Force of the products or services advertised.

FROM THE TRAIL BOSS

Brig. Gen. Edward Mendel
Wing Commander

Although the Bicentennial year is past, we can, and should, continue many of the interesting and enjoyable things we did last year. We should continue to examine our American heritage, and to share in the contributions of the many people who are America. During our American Heritage Week this year, we will again look at the contributions that our black Americans have brought to our common heritage. Appropriately enough, the theme of this celebration will be,

"Together We Can Make Such Sweet Music."

The week will begin with a multiple choir program at the Base Chapel Sunday afternoon. Those of you who remember last year's service should spread the word about the enjoyable time we all had. Wednesday night, Dr. Emery Davis, Sociologist at Texas Tech University, will speak at the Officers' Club. Everyone is invited, you can eat dinner or just listen. On Feb. 26, Mr. Perron has lined up a great group at the

Mathis Recreation Center. You can count on it being a big evening. During the week we will have displays which will depict some of the vital contributions that blacks have made to our heritage.

The first word of the theme says it all — TOGETHER —. Our American Heritage Week is for all Americans — not just blacks. It is an opportunity to share, to learn, to appreciate what one group has given to the America we know today. So, let's all join in the celebration. The week's activities hold something for everyone. Share, enjoy, and "together we can make such sweet music."

Air Force Aid Society

Providing emergency financial assistance

By Capt. Majorie Boggs

The Air Force Aid Society got its start during WW II when the Army Emergency Relief was authorized by the Secretary of War to provide emergency financial assistance to all Army personnel and their dependents, including Army Air Forces personnel.

In 1941, the Chief of Army Air Forces, General Henry H. Arnold, became aware of a need for an emergency financial assistance program within the Army Air Forces. He discussed his plan with interested military and civilian personnel, who later formed an organization that was incorporated under the laws of the District of Columbia on March 9, 42 as the Army Air Forces Aid Society. The

Army Air Forces Aid Society was authorized March 1, 1946 to begin operation as the official emergency relief organization of the Army Air Forces. At that time, it received one-third of the assets of Army Emergency Relief as prorated share. Through the efforts of General Carl Spaatz, \$2 million contribution was obtained in 1946 for the purpose of establishing an Educational Fund. In 1950, this fund was designated "The General Henry H. Arnold Educational Fund" in memory of General of the Air Force Henry H. Arnold. In 1948, the name was changed from Army Air Forces Aid Society to the Air Force Aid Society.

The mission of the Society today, as in the past, is to improve the morale and welfare of Air Force

personnel and their dependents by providing financial assistance for temporary emergency needs. To carry out this mission, the Society's funds are maintained in two separate accounts: The General Henry H. Arnold Educational Fund and the General Fund.

The Educational Fund was established as a means to give deserving young people some financial assistance in attaining a college education (undergraduate work only) or vocational training after graduation from high school. Those eligible are dependents, other than spouse, of:

- USAF personnel on active duty;
- USAF personnel who died on active duty or in retired status;
- USAF and USAFR personnel

who retired from active duty;

- Air National Guard and Air Force Reserve personnel on extended active duty with the Air Force.

Those persons eligible for an emergency loan or grant from the General Fund are active duty and retired personnel and dependents of members who died while on active duty or in retired status. Many kinds of assistance are available, such as:

- Passenger travel assistance on permissive reassignment.
- Monthly insurance premiums on the lives of military members.
- Assistance to active duty members to purchase or pay premiums for automobile insurance, or emergency car repairs.
- House and trailer payments provided eviction or foreclosure is eminent.
- Loans for off-duty education.
- Bootstrap assistance for Air Force personnel.

- Funeral expenses incurred for dependents.

- Assistance in case of disaster.
- Assistance for dental or medical care for dependents.

- Assistance for prosthetic devices.

- Assistance to spouse for vocational training or for the first year of college.

In all cases, assistance is provided when there is a real and urgent emergency which can be alleviated by financial assistance. Funds for this assistance come solely from contributions of individuals and private groups. No government funds are used. During the upcoming Air Force Assistance Fund Drive you will have an opportunity to give to this organization which has as its only aim to help Air Force people in time of need. This is part of what we mean when we say "the Air Force takes care of its own."

Door to Door Sales

Exercise due caution when making purchase

by Capt. Carson F. Grimm
Judge Advocate Office

All of us are consumers. That is, from time to time we enter the marketplace to make various kinds of purchases. We have to be careful to get the most for our money because few if any of us can afford to waste our money.

Unfortunately, however, there are those in the marketplace who attempt to make their livings by providing poor quality products or services at unreasonable prices. Therefore, we must be careful to avoid this type of merchant. The need for caution is especially great in the area of home solicitation sales.

There are two primary reasons for extra caution when the salesman comes to your door. First, it is far easier for a disreputable operator to use the door to door technique.

The second reason for extra caution is that the door to door salesman must create a desire for his product or service.

Fortunately, both the Federal government and the state of Texas have recognized these increased dangers. Accordingly, both Federal and Texas laws provide certain protections for consumers who make purchases in their homes. Under these laws you, the consumer, have an absolute right to cancel any sale or contract made in your home within three days of the transaction. In addition, the door to door salesman or solicitor is required to provide you with notice of this right in writing and in boldface type on any contract you sign. Included within the contract must be a prepared form for this cancellation. The idea behind this three day grace

period is to allow you, the home purchaser, an opportunity to reconsider the transaction you have just made.

We recommend that you consult the Legal Office as to the legality and long-term effects of any transaction you desire to make. However, if you enter into a home solicitation contract before consulting with the Legal Office, it is urgent that you take several steps within your three day period. First, you should consult the Legal Office as to the effects of the transaction. Second, we recommend you investigate the organization with which you have contracted; look into their background and do some comparison shopping. Third, you should check with local organizations such as the Better Business Bureau and the Consumer Protection Division of the Texas State Attorney General's office in Lubbock. These organizations can inform you of any complaints they may have received concerning the organization you are dealing with.

Any transaction you enter into, any contract you sign, can have serious and possibly long lasting effects on your financial well-being. Taking a little time to consider what you are doing and to get help from the appropriate sources may save you both trouble and money in the long run.

Two Cents Worth

What do you consider the least recognized unit on base?

Supply. They do a lot of work supporting the flying squadrons.

A1C Chris Page
Fuels Management Branch

The Comm. squadron. A lot of people gripe about the phones, but they do not consider all the good the communications squadron does.

Yvonne Swinney
MWR

Family Services. They provide a great number of services in helping you.

2nd Lt. Doug Battig
64th Stu. Sq.

FMS. They hear a lot of complaints from pilots but I think they do a good job.

SrA Debbie Jackson
Stan/Eval

HELP THE AIR FORCE

help a young person land a great job... in the Air Force. We need your help because the truly sharp and intelligent young people who meet our high standards are hard to find. We have openings now for eligible young men and women. If you know one, ask him or her to fill in the coupon below and drop it in the mail. They'll receive additional information about the Air Force as well as the location of their nearest Air Force recruiter. Complete and mail to: Air Force Opportunities, P.O. Box AF, Peoria, IL 61614.

Commander's CARE Line

(Editor's Note: THE ROUNDUP will publish Commander's CARE Line calls which are of basewide interest. Names of callers will not be published, but callers should leave their name and duty extension in case their problem needs clarification. All calls are reviewed by Wing Commander Brig. Gen. Edward Mendel. Reese people are urged to use their chain of command or the office of primary responsibility to air complaints or comments, if possible. If not, call the CARE Line by dialing C-A-R-E (Ext. 2273). Please provide your name and duty section when calling.)

Dirty Silverware

I eat at the Wing Dining Hall every day and it is unreal when you have to search through the silverware looking for a fork that doesn't have egg on it. Most people like to eat salad out of a clean bowl, I do. I eat in the Dining Hall every day, and I see this problem almost every meal.

I thought at one time that the dishwasher was broken. It works, however, and I would like to know why we can't eat with clean dishes. We have new carpet and new dining sets. They are nice, but still I would like to eat out of a clean plate.

I'm sorry that you've had this problem with the Dining Hall - dirty dishes and silverware can ruin your appetite and certainly could be a health hazard. The Superintendent, Food Service, and the contract manager of the Dining Hall have assured me that this will not happen again. In the future, the Superintendent of Food Services, Mr. William McClean, or his assistant, Mr. Michael Palmentera, would appreciate any comments or suggestions which could improve the Wing Dining Hall. They can be reached at Ext. 2495. We will also stress this as a special inspection item for our supervisors who eat at the Dining Hall. We are trying to make the surroundings, service, and the food the very best. Thanks for your help.

Mailboxes

I would like to know why they are taking mail boxes from personnel living off base. I could understand if I were receiving BAQ, but I voluntarily moved off-base and because I am a resident off-base, they said I had to give up my post office box on-base and I would like to know why and what regulation is behind it saying I have to.

We can't provide a mailbox to everyone living off base simply because we don't have enough to go around. People who live off base can have mail delivered to their residences and that's what we expect. I hope you agree with me that the convenience of a base mailbox for everybody wouldn't be worth the extra expense. (The regulation on mailboxes are in AFM 182-1 and AF Postal Manual 182-3; for questions call TSgt. Cargal at 2252)

Left Out

You must have gotten the wrong information. The CARELINE can be used by civilian employees as well as blue suiters. As a matter of fact, it's open to use by anyone who has a base problem that they can't get resolved thru normal channels. If you wish your name kept confidential, say so, and we will action the item without identifying you. It does help for me to know who you

are so I can get more details if I need them.

Property Damage

Several weeks ago, I reported to Security Police that I saw several boys in the village causing damage to government property, and there was no action taken by the Security Police. I turned a work order into Civil Engineers to repair the damaged items, which included clothesline posts and wires to be repaired. Something should be done about these boys causing damage to government property.

Thank you for reporting this incident to the Security Police. Since a considerable amount of time has elapsed and the information given in your call was limited, it is difficult to reconstruct the incident and the surrounding circumstances. I assure you that our Security Police are responsive to the needs of our people. Please continue to give them your help. I share your concern that something must be done to prevent damage to government property by the occupants of Reese Village. Sponsors are responsible for the actions of their dependents. Unfortunately, we have sponsors who do not accept this challenge. As Reese Village occupants, we must all cooperate with our neighbors in making our community a pleasant place to live. Thank you for your cooperation.

HRC tours sites of Lubbock

Twelve members of the Reese Human Relations Council (HRC) toured various stops of interest in Lubbock Feb. 10 as guests of Luciano Perez, Human Relations director for the city of Lubbock.

First stop on the tour was at City Hall where the HRC was introduced to Mayor Roy Bass and other members of the City Council. After observing some of that day's council business, the group departed on one of the new city buses for a tour of downtown Lubbock and a look at the new Civic Center.

Next stop on the tour was the Mahon Library. Jane Clausen explained the various sections of the Library and how best to use them. She also encouraged Reese personnel to take advantage of the library's excellent resources.

Winding out the tour was a stop of the new Lubbock Regional airport where Director of Aviation Marvin Coffee escorted the group through the terminal.

This was the first for such a tour. The HRC hopes that through tours like this, better relations can be maintained between the base and Lubbock. The HRC is now looking into the possibility of continuing these tours on a periodic basis with people from various squadrons going on the tour.

FIRST MEETING—Brig. Gen. Edward Mendel talks to the group of parents who attended the first meeting of the Juvenile Officer Program. (U.S. Air Force Photo by SSgt. Dennis Mehrenberg)

Parents hear ideas on juvenile program

More than 40 parents attended the Feb. 7 meeting of the Reese Juvenile Officer Program. Also attending were Brig. Gen. Edward Mendel, Col. Joseph Brotherston and officials from the Lubbock Juvenile Division and the Frenship School District.

One of the questions asked by parents during the meeting was why parents are not involved in school activities. In answering this question it was recommended that parents be invited to a school open house every six months. Another question was why there is no Parent Teachers Association (PTA). Not enough parent interest was the answer. It was recommended that a Booster Club be formed with bi-monthly meetings.

In the way of planned activities for Reese dependents, the Juvenile Officer Program is starting monthly

dances in the Youth Center, reserving the gym at 4 p.m. Sundays for dependents, field trips to Carlsbad, N.M. and the State Hospital, drug education classes, family outings and a defensive driving course. The course will be in Bldg. 100 from 4:30-6:30 p.m. March 2-5.

Those attending the meeting thought that it was highly productive and it is hoped that through the Juvenile Officer Program, more parents will become involved.

HOW THE WEST WAS WON!

is winning!

NEW CUSTOMERS — That is!

To be completely honest, it's not all that easy to explain. We do have a lot of Reese customers — probably a lot more than any other bank, but we hear so many different comments it would be difficult to single one out and say, "This is how we do it." Sure, we've got friendly courteous people and our location is hard to beat for convenience. We keep "customer hours" — not "banking hours" and you can walk-in, drive-in, mail-in, or even T.V.-in. We think our "no service charge policy" is a very important reason for new customers. Anyway, it's probably all of that and more — and as long as it serves you better, we'll keep doing it!

Smith gets into game, fouls out

By Capt. Jim Nelson
64th Stu. Sq.

Lt. Col. Eddie Norrell and the entire squadron congratulate Wing Airman of the Year A1C David Orzechowski on an obvious job well done.

Well folks, there is no need to fabricate any lies this week. One or two of the squadron members have been trying to immortalize themselves by getting into print. It seems Capt. E.P. "Moonie" Smith was the first player in Reese intramural history to take a shot from the bench. We don't have any photos for positive identification, however, about 20 embarrassed eye witnesses reported that Smitty became so

excited at the thought of getting into the heat of the game, he didn't want to waste any time getting out of his warm-ups. The witnesses unanimously voted to give him a personal foul and eject him from the game.

Capt. Cliff Napolitano will be providing for your reading enjoyment in the foreseeable future. If you're wondering why he got the job, he majored in yellow journalism in school — the logical choice.

Who is that masked man with the million dollar smile? Why it's Bill Webster, bon vivant and man about town just back from the Jimmy Carter look alike contest.

Class 77-08

The great white hunters of "B"

Flight finally got the dreaded West Texas man-eating Cotton Tail rabbit last Thursday night on runway 35R. It met an untimely death while enroute to devour the RSU occupants; 60 - 16 taxi regulations strike again.

Kudo's are in order for second lieutenants Mets and Yount for getting an outstanding on their mid phase contact check rides.

Class 78-01

What can we say with a 7:15 a.m. early week, three weather days and three rollovers? Life is tough when all you can fly is contact. Under the redeeming qualities section this week... the award goes to B.J. Summers who, after the worst ride of his life simply said "Sir, at least I didn't eject!"

Crosswinds

Vacancies abound after mass firing

By 1st Lt. Mike Dendinger

If any of you are looking for jobs, you might try down in "E" Flight — they were all fired last week.

Bob Watson has already snapped up the assistant flight commander's slot, but the rest are open. Reports indicate that the massacre occurred at a flight party when Lt. Col. Andy Flowers overheard someone defend communist music. We figure it was Dennis Dunnigan — he was the only one fired twice.

Speaking of jobs (note the smooth transition), John Boggs' own personal senator has announced that he can get a fighter for Eric Root, too. Only catch is that it might be in Korea. Fuzzy Thurston says Eric really wouldn't mind going to Korea, since he's always mumbling something about wanting to be the tallest guy on base.

Some of you may have noticed the fancy bandage work on Melissa

Records' arm. It seems the injuries were sustained when Melissa, with complete disregard for her own safety, tried to save a certain former squadron commander from a nasty fall. Melissa reports that the squadron commander was only slightly injured, and that his bandages don't show.

I am in receipt of an article of female clothing that was left at the squadron party last week. If it's yours, come by "A" Flight to claim it. Please be prepared, however, to prove that it's yours.

Toad 01, IDENT

This weeks winner came up with an original. Departing Turner, he and his IP heard Poppet calling the landing runway, winds, etc. When the IP suggested that he call initial "with the numbers," he thought it was rather unusual, but complied anyway. You guessed it — "Nail 26, six mile initial, runway 35, winds three two zero at one five, altimeter!"

Pre-school opens

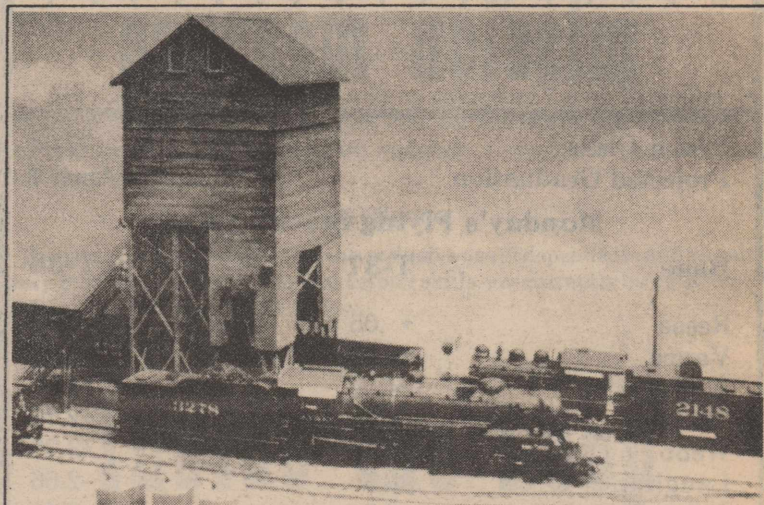

Teacher is Mrs. Rice

The Reese Pre-School opened Monday with Mrs. Nancy Rice serving as teacher for the class.

Mrs. Rice is a native of Thomasville, N.C. and is married to 2nd Lt. Greg Rice. She is a student of Davidson Community College with special studies in Child Growth and Development and Child Psychology.

Classes are held from 9 - 11:30 a.m. Monday through Friday. Children may attend for the full five days or for three or two days. Costs are: five days — \$33 per month; three days — \$25 per month; and two days — \$21.

There are still some vacancies in the school. For more information call Nancy Rice at Ext. 2541.

LUBBOCK MODEL RAILROAD ASSOCIATION MINI CONVENTION

The Lubbock Model Railroad Association will host a one day Mini-Convention on Saturday, February 19th, at Vann's Koko Convention Center, 5201 Ave. Q in Lubbock. Activities begin at 8 A.M. with registration and will conclude at 5 P.M.

The purpose of the Mini-Convention is to acquaint the public with a most enjoyable hobby, scale model railroading. At this time of year many people have a bright, Shiny train set that was received under the Christmas tree and are looking for direction to get into model railroading. In addition to the beginner, there will be many areas of interest to the more accomplished modeler.

Twelve Mini-Clinics featuring various phases of model construction, scenery and track-work will be conducted continuously

throughout the day. The time-table of activities offers each session twice during the day. There will also be both slides and movies to be viewed dealing with both model and real railroading.

Also of interest will be the display of a historical collection of railroad photographs made in the early 1920's in the Slaton area.

Prizes will be awarded in three areas of Model competition structures, full scenic displays, and rolling stock. Winners will be determined by popular vote of those in attendance. Also, a switching contest will be held featuring two man teams working against a time clock.

Registration for the Mini-Convention will be \$2.00 for adults and \$1.00 for those under 12 years.

ON THE AIR—SrA Scott Parrish records the weekly "Reese Report" radio program. Airman Parrish is a Communications Center specialist with the 1958th Comm. Sq. (U.S. Air Force Photo by MSgt. Stanley Stahl)

Parrish plays important role in base, community relations

By MSgt. Stanley H. Stahl

SrA Scott H. Parrish of the 1958th Communications Squadron is one of two individuals who play an important role in furthering relations between the base and local community. This is done through a

local radio program called "The Reese Report."

Each Friday, he becomes a radio announcer at station KFYO in Lubbock and records the five minute program. This project is produced in conjunction with the Base Infor-

mation Office, headed by Capt. Gordon A. Isachsen.

Most of the text for the show comes from the base newspaper, "The Roundup". Each week this paper provides articles that will be of interest to local residents.

Station KFYO has generously placed studio B at Airman Parrish's disposal. After the actual recording session, six duplicate tapes are made and distributed to other radio stations who air the "report" as a good will gesture.

With rapport such as this, it is easy to see why Reese enjoys a warm friendship with neighboring city of Lubbock.

Eight civilians receive length of service award

Eight civilians working at Reese have earned the Length of Service Award. The awards will be presented to each individual by his or her commander.

30 Year Awards

Raul T. Rodriguez of the 64th Field Maintenance Squadron and Leon Lowe of the 64th Supply Squadron earned the award for 30 years of service.

20 Year Awards

Leo Stepanian of the 64th Civil

Engineering Squadron (CES) and Elza L. Brown of the 1958 Communications Squadron received the award for 20 years of service.

10 Year Awards

Four civilians were honored for their 10 years of service. They are Earl Hutchings of Commissary Services, Ollie J. Hill of the Transportation Division, Mrs. Anna L. Waddington of the Comptroller Division, and Hershel D. Vest Jr. of the 64th CES.

TALENT SHOW PERFORMERS—A1C Danny Turner, left, and Amn Scott Goodson will be performing March 3 at the base-level Talent Contest. (U.S. Air Force Photos by SSgt. Ron Pack)

Two more sign up for Talent show

Two more contestants, Amn Scott Goodson and A1C Danny Turner, have joined the line up for the base level Talent Contest to be held in the Mathis Recreation Center March 3.

Airman Goodson of the 64th Field Maintenance Squadron, will be playing the guitar in the solo instrumentalist category. For the past seven months, Airman Goodson has been playing with a music major from Texas Tech University.

Another guitar player for the talent contest will be Airman Turner, of the Consolidated Base Personnel Office. Airman Turner will be performing in the self accompanied vocalist category. He has been playing the guitar for 13 years.

Participants are still needed for the contest. Winners here will compete in the Air Training Command Talent Finals with a possible chance to join the "Tops in Blue." For more information call Joe Perron at Ext. 2722.

Entertainment

Flick Flack

Feature films are shown at 7:30 p.m. Wednesday through Sunday at the Simler Theater. The Saturday matinee begins at 2 p.m. Box office opens 30 minutes before each showing.

TONIGHT: Lee Marvin and Roger Moore star in "Shout at the Devil." Rated PG.

TOMORROW'S MATINEE: Alan Young in "Tom Thumb." Rated G.
TOMORROW EVENING: Karen Black stars in "Family Plot." Another Alfred Hitchcock thriller. Rated PG.

SUNDAY: Marlon Brando and Jack Nicholson in "The Missouri Breaks." Brando plays a professional gunfighter who has a showdown with outlaw Nicholson. Rated PG.

WEDNESDAY: Woody Allen in "The Front." Allen plays the "front" for blacklisted movie writers. Rated PG.

THURSDAY: Sissy Spacek stars in "Carrie." A paralyzing horror story with Spacek as a teenager with ungodly power. Rated R.

Youth Activities

Bus Trip

Sign-up today for tomorrow's bus trip to the Texas Tech Museum and Planetarium. We'll leave the center at 12:30 p.m. and return at 4:30 p.m. Parents are welcome. Kids 50 cents and adults \$1.

Dance Class

A free dance instruction class will be offered at 7 p.m. Wednesday to prepare members for our next dance Feb. 26. The dance will feature "The Younger Brothers" from 8 p.m. till midnight. Cost: \$1. for members and \$1.50 for guests.

PRO Sports

The Base Gym is available for the exclusive use of dependents and parents every Sunday from 4 to 6 p.m. Basketball skills are currently being stressed with instruction by Dwight Dillow.

Inside the Loop

SUNDAY: Tech Choir Concert at 3 p.m. in the Recital Hall.

TUESDAY: Lunch Bunch, "The CB and You" at 12:15 p.m. in the Mahon Library.

Maintenance begins Golden FO policy

by Capt. Juris Klovans
Wing FOD Office

What costs \$17,651.88, is long and short, bigger than a bread box and smaller than a pebble? This may sound like a ridiculous riddle but last month Reese AFB learned the answer. FOD. It is a three letter word for Foreign Object Damage.

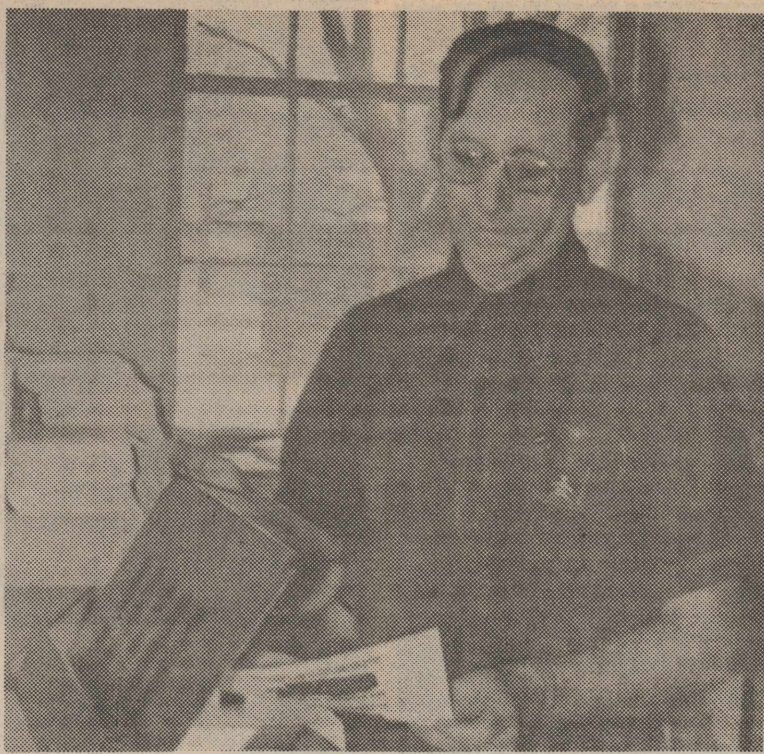

Prior to the advent of jet engines, FOD was almost non-existent. Any foreign object coming into contact with a propeller was generally destroyed. However, jet engines with small, lightweight turbine blades turning in excess of 21,000 revolutions per minute are especially susceptible to damage from foreign objects. To make matters worse, a jet engine creates a tremendous amount of suction and during ground operations may act like a vacuum cleaner and suck up debris from the flight line.

In an effort to reduce FOD and its costly results, the Chief of Maintenance is implementing a new program, "The Golden FO", (Foreign Object). The idea is to

collect all foreign objects before they can cause damage. The catch is that there will be one foreign object somewhere on the ramp planted by myself. The individual who picks up the "Golden FO" and turns it in will receive a dinner for two courtesy of the Chief of Maintenance.

There will be several turn-in points. For the crew chiefs and flight-line personnel, the turn-in point will be the line chiefs and Quality Control. The flying personnel can turn their finds into their unit safety officers or drop it in the FOD buckets in the squadron buildings. All individuals should mark their items as best as possible, to include their name and telephone numbers. At the end of each month, the winner will be announced and the prize presented.

As a final note, we would like to emphasize that the purpose of the program is to reduce FOD and reduce the needless cost it produces. Just think of the things that \$17,000 a month could buy for the Wing and the Air Force.

NEW SERVICE—Charles Pendergass takes advantage of the Copier machine in the lobby of the Post Office. The machine will be in the lobby for a trial period to see if there is enough demand for this type of service. (U.S. Air Force Photo by SSgt. Ron Pack)

Air Force changes rules for dependent moves o'seas

WASHINGTON (AFNS) - Air Force members selected for overseas short tours from stateside bases may now be able to move their foreign-born wives and children outside the United States at Government expense. This movement of dependents was previously authorized only to a residence of choice in the continental United States or to a port of embarkation.

Changes to Air Force Manual 75-8 and the Joint Travel Regulation authorize dependent transportation and a limited household goods shipment to a foreign location. The

transportation and shipment must be justified by unusual conditions or circumstances and approved by the Secretary of the Air Force.

Members selected for overseas tours where dependents are not authorized may request movement of dependents to a designated foreign location to alleviate problems involving family members. One approval criterion is that the problem be more severe than normally experienced by other members on similar reassignments.

Dependent relocation may be to the home of record or former home of

the sponsor or spouse, to the current residence of close relatives, or to the most logical place of residence in the interest of the Government, military members and spouse.

Dependent access, if any, to military facilities in the designated foreign location, such as commissary and base exchange, will be determined by the overseas major commander.

Consolidated base personnel offices can assist members in documenting and processing requests under the new policy.

Palace Flicks provide good career information

By Sgt. Jim Williams

Where do you find the answer to a question you may have on Weighted Airman Promotion System (WAPS), assignment swaps, or on AFR 35-10? A good source of information on these and other Air Force programs and policies are Palace Flicks.

Palace Flicks are short summary films prepared by an expert at the Air Force Military Personnel Center. Currently the Customer Assistance Section of the Reese Consolidated Base Personnel Office (CBPO) has 78 different films on

various Air Force programs and policies.

Viewing machines for these films are available at the Customer Assistance Section. For individual viewing, simply stop by. No appointment is necessary. The films and machines may also be checked out for use in briefings and Commander's Call.

If you are interested in a particular subject call Ext. 2276 to see if we have a Palace Flick on it. If we do not have a Palace Flick on the subject, we will still help in getting an answer to your question.

REESE BABIES

CONGRATULATIONS TO

1976 CLOSE-OUTS

EVERY VOLVO WAGON COMES FULLY LOADED.

Before you put a six-foot sofa and two chairs into this Volvo wagon, consider what Volvo has already put in it. Fuel injection, four-wheel disc brakes, a 12-outlet heating/ventilation system, rack-and-pinion steering, a rear window with its own electric washer/wiper (plus defroster/defogger) and bucket seats that adjust six different ways. Take a look at our Volvo wagon. You not only can get a lot in it, you get a lot on it.

Complete Tuning Service

We will tune unusual vehicles such as race cars, antique cars, industrial vehicles, and others. We will quote rates on these unusual vehicles before we begin the work.

We use the most modern engine analyzing equipment available to give your car the best possible tune-up. Our dynamometer simulates actual driving conditions by putting your car in motion on a "moving highway". We can duplicate various speeds and loads, thus making a complete engine diagnosis and tune-up possible.

2216 4th St. 747-5521

Conveniently Located Just 3 Blocks East Of Jones Stadium

Soccer team opens play against Tech

Reese will field its first ever base-level soccer team this spring. The team began practice four weeks ago and is still looking for games to fill out its schedule.

The club's first game is scheduled for 1:30 p.m. Feb. 27 against the Texas Tech University soccer club. The game will be played at Tech. Plans now call for games to be scheduled year-round against colleges, clubs, and other service teams as the competition becomes available.

Twenty-four of Reese's permanent party personnel responded to a call to begin practice when it was put out by SSgt. Craig Ford in early January. Since then, the team has held intra-squad scrimmages each Sunday at 3 p.m., and workouts during the week, as work schedules allow, under the supervision of either Sergeant Ford or A1C Cecilio Young.

Sergeant Ford, the team's head coach, is a native of Ship Bottom, N.M. with high school experience playing soccer in Cherry Hill, N.M.

He lettered in soccer for four years at MacMurry College in Jacksonville, Ill. He was the assistant coach at the University of North Carolina at Chapel Hill for two years while he was studying there for his masters degree in education. Since entering the Air Force, he has competed and coached soccer at the base and higher levels both in the United States and West Germany.

The Reese team will compete in the newly formed Lubbock Mens Soccer League (an offshoot of the youth soccer program), and is willing to play any other area team that may be interested in some good competition either at Reese or the opponents home field.

Sergeant Ford feels that Reese's excellent on-base playing field is a good selling point in scheduling civilian competition since there is no rental fee charged by the Air Force for its use or upkeep.

Teams interested in scheduling games with the Reese soccer club may contact SSgt. Craig Ford at 217 Arnold Drive, Lubbock, Tex. 79416.

FIRST BASE SOCCER TEAM—Coach Craig Ford discusses the day's workout schedule with members of Reese's first soccer team. The team's first game will be Feb. 27 at the Texas Tech Soccer Club against Tech. (U.S. Air Force Photo by SSgt. Ron Pack)

Tournament practice begins

by Sonny Serutan

Preparations for the Local and State Tournaments are under way. Most of the bowlers are practicing their slow ball shots getting ready for the slick lanes.

Down on the line, Rob Willoughby led the Intramural with a 224 game, 605 series. Sam Mele had a 578, Ray Mendonca 560, Dave Hutchings 211 game and Rod Wilson 202. Karen Goad had a 212/472 to lead the ladies.

Connor Russell had a 206 game 555 series Wednesday night, Jerry Mullenex had a 518 and John

Arthur had a 510. Jenall Bradford had a 490 and Doris Rogers had a 494 for the ladies.

Thursday night, Connor Russell found the range with games of 220-236-226 for a 682 series. John Walker had a 575, Marty Harvison 565, Sam Mele 541 and Bill Register 515. Gladys Mele shot a 507 to be the only lady breaking 500.

The Hospital Mixed League had Rob Willoughby with a 214 game, 577 series; Bill Williams 531, John Haas 516 and Bob Hataling 506. For the ladies, Jo Bossaart had a 470.

Tomorrow is the 3-6-9 No Tap ladies tournament. Two dollars entry fee. Fun starts at 1 p.m.

Don't forget Scotch Doubles tomorrow night and Rent-a-Lane on Sunday.

Besides being dumb, our no account entertainment director is also unlucky. On the way home from his karate lesson, he stuck his hand out the window to signal a turn and cut a volkwagan in half. Is that unlucky?

Sonny says, "In the slick/oiled lanes, you need extra lift, try to lift through the ball."

Eleven sports highlight command-level competition

RANDOLPH AFB, Tex. (AFNS) - The 1977 Air Force sports and recreation schedule includes Air Force-level competition or training camps in 11 activities.

Events included in the 1977 schedule are basketball, wrestling, track and field, boxing, volleyball (men's and women's), bowling, slow-pitch softball, shooting, chess, photography and talent. Two new events this year are bowling and slow-pitch softball.

Specific performance standards have been set for those who want to compete at Air Force level in track and field and shooting. These standards are available at base gyms, along with information on all other events in which training camps are scheduled — basketball,

volleyball, slow-pitch softball, boxing and wrestling.

Participants in the training camps are selected from major command nominations. Air Force officials say persons planning to participate in a training camp should be in good physical shape before attending, because the camps are geared only for final conditioning.

Bowling entrants will be chosen on the basis of "mail-o-graphic" submissions. There may also be base, numbered air force or district rollofts. Local base bowling lanes will have full details.

Selections for the chess team will be based on the latest U.S. Chess Federation performance ratings and accomplishments in

tournament play. Also, a class-A rating of 1,800 or higher is required.

Photography and talent contests will also be conducted at base, major command and Air Force levels. Local arts and crafts or recreation centers will have more information.

Club takes top honors in Judo Championships

Three members of the Reese AFB Judo Team placed first, second and third in the Texas State Judo Championship in Houston. Taking first place in the Women's 154 pound and under class was Elizabeth (Betsy) Diehl, 1958th Communications Squadron.

Player coach Arnold Mathews 64th Field Maintenance Squadron (FMS) placed second in the Men's 209 pound and under weight class and Rex Boyce, 64th Organizational Maintenance Squadron, took third in the Men's 172 pound and under weight class.

Other members of the team mak-

ing the trip to Houston were William Martino, 64th Air Base Group, Mark Epstien, 64th Civil Engineering Squadron (CES), Gregory Griego, 64th FMS, Robert Smith, Norman Dozier. Dr. Joe Braden of Plainview fought in the Senior Division. Mark Thomas and Randy West, son of Maj. Hiram West, 64th CES, represented Reese in the Junior Division.

Judo classes are conducted on Tuesday and Thursday evenings at the Base Gym and are open to everyone. Additional information can be received by calling MSgt. Arnold Mathews at ext. 2585.
