

Col. Charles E. Bishop

## Command of Wing goes to Col. Bishop

Col. Charles E. Bishop will assume command of the 64th Flying Training Wing from Brig. Gen. Edward Mendel during ceremonies May 21. General Mendel is leaving for Wright-Patterson AFB, Ohio where he will serve as Deputy Commander, Acquisition Logistics Division, Air Force Logistics Command.

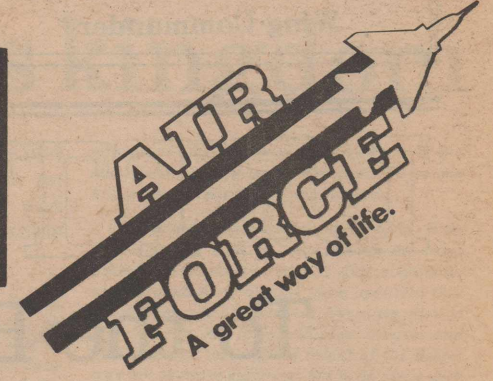

Colonel Bishop received his wings after graduating from West Point in 1953. From 1957 to 1960 he served as an instructor pilot at Andrews AFB, Md. Other stateside assignments include the USAF Academy in

Colorado and Maxwell AFB, Ala. He has also served at the Pentagon as an Operations Staff Officer in the Fighter Division, Assistant Chief of Staff, Studies and Analysis.

Colonel Bishop's overseas assignments include tours or Okinawa in the 51st Fighter Wing and Takhli RTAFB, Thailand as Squadron Operations Officer with the 354th Tactical Fighter Squadron.

In 1975 Colonel Bishop assumed duties as the Base Commander of Craig AFB, Ala. In 1976 he took over as the Wing Commander at Craig.

## B-52 pilot wins award for actions

WASHINGTON (AFNS) — Capt. Frederic M. Anderson, a B-52 pilot in the 716th Bombardment Squadron, Kincheloe AFB, Mich., has been named winner of the Cheney Award for rescuing two fellow passengers and directing survival operations after a KC-135 crash last September.

Captain Anderson was traveling aboard a KC-135 which crashed 30 miles north of Wurtsmith AFB, Mich., on Sept. 26, 1976. The aircraft disintegrated on impact, strewn wreckage over an area 300 feet wide and a half-mile long.

Despite severe shock and burns, Captain Anderson searched the flaming wreckage to free another passenger who was suspended by a seat belt. The captain also located a third survivor and directed him to safety.

According to Air Force officials,

Captain Anderson suffered additional severe injuries during further rescue attempts which were hampered by smoke and flames.

Of the 20 personnel onboard the aircraft, only 5 survived, including Captain Anderson. In addition to personally rescuing two of the survivors, Captain Anderson administered first aid and directed survival operations until rescuers arrived on scene.

The Cheney Award is presented annually to recognize an "act of valor, extreme fortitude or self-sacrifice performed in connection with aircraft."

The award is named for the late 1st Lt. William A. Cheney, the first American aviation casualty in Italy during World War I. Lieutenant Cheney was killed in a midair collision in 1918.

## AFA honors given to five individuals

The Lubbock Chapter of the Air Force Association (AFA) held its annual Awards Banquet Saturday in South Park Inn to recognize five individuals for their contributions to the chapter. Election of new AFA officers also took place during the banquet.

Honored as AFA Officer of the Year was Capt. Wayne Hodges of the 64th Student Squadron. A1C Gray Dybvig of the 64th Air Base Group received the chapter's Airman of the Year award. Mr. Tom Ireland, Judge Gordon Treadaway and Brig. Gen. Edward Mendel also

received certificates of appreciation for their contributions in supporting the AFA.

Following the presentation of awards, new officers for the chapter were elected. Haynes Baungardner will serve as President. Judge Treadaway will serve as Vice-President and Mr. Douglas Boren will fill the position of Treasurer. Mr. Ireland will serve as Secretary.

Guest speaker Dr. C. L. Kay presented a talk on his recent visit with the Defense Orientation Conference, Association to the Panama Canal Zone to end the banquet.

## Scout organizations sponsor celebration

LIKE THIS—Another of the exhibits that can be seen tomorrow is this display by Brownie Troop 91.

Activities involving more than 250 local scouts will be held tomorrow at the Base Picnic grounds in celebration of the first Reese Scout Day.

Activities will begin at 1 p.m. with various displays and exhibits from each scouting organization. Skits by Cub Scouts and Girl Scouts will follow at 1:30 p.m.

The Law Enforcement Explorer Post here will sponsor a bike rodeo and safety inspection. Registration for the rodeo begins at 1:45 p.m. with the rodeo following at 2 p.m.

Demonstrations by Boy Scouts and Explorers will begin at 3:30 p.m. Games and contest between the Scouts will be held from 4-5 p.m. Closing ceremonies and a park clean up will begin at 5 p.m.

Refreshments, including hot dogs and cokes, will be offered during the day. Everyone is invited to attend the activities which will honor the Scouting program.

For more information contact 2nd Lt. Mike Norrie at 885-4551 Ext. 525 (after 5 p.m.) or TSgt. Raul Sanchez at Ext. 2545.

UP IT GOES—Members of Cub Scout Pack 548 make last minute preparations to their exhibit for tomorrow's Scout Day. Activities begin at 1:30 p.m. in the Base Picnic grounds. (U.S. Air Force Photos by SSgt. Ron Pack)

THE ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is in no way connected with the department of the Air Force. Opinions expressed by publishers and writers are not

# FROM THE TRAIL BOSS

Brig. Gen. Edward Mendel  
Wing Commander

Anyone who reads this column is used to seeing the word "involvement". I use it a lot because it's important to really become involved when you are an Air Force professional.

All of us know that the mission at Reese is to produce the highest quality Air Force pilots at the least possible cost. That is why we are here. But what does that mean to us as individuals and to what degree are we involved.

There is little doubt that we are concerned about things that affect us personally, but being concerned about something as broad as the wing mission is something else again. Have you ever wondered or cared about

what some other person was doing — what he or she contributes to the mission? How about the telephone operator, the plumber, the mechanic, or that person in the warehouse? When I ask questions of this nature to individuals, some of the answers I get amaze me. Granted, no one knows exactly what all of our people do, but to not care, or be concerned enough to find out about the big picture is as far away from involvement as you can get. By focusing totally on only those problems that affect your portion of the mission, you can actually create more problems for yourself and other people.

Naturally, involvement doesn't

stop when you leave the work center, but should be extended to everything associated with the base. The Chapel, squadron activities, and the wide variety of clubs here are fine examples of participation outside the work center. Base and unit social functions bring people closer together and actually result in stronger working relationships.

Of course, the word involvement used here means participation. You can't be involved if you are a passive bystander. Let's all be more involved and participate more often in more activities. I firmly believe that each of us will benefit tremendously. Try it, you'll like it.

## LETTERS

### To the Editor

Please keep letters short and sign them. Names will be withheld on request. THE ROUNDUP reserves the right to edit letters. Send letters to: Letters to Editor, OI, Stop 9 or bring to Bldg. 800 room 306.

Last Friday, our 7 and 4 year old sons went to the park behind our house to play. The Little League field directly behind our house was filled with team members, adults, and many children (most of whom do not live in our immediate neighborhood).

Shortly before 7 p.m., a boy named Dennis (over 7 years old) climbed a tree, taking along a board about 6 feet in length complete with long sharp nails protruding, and either maliciously or accidentally dropped it to the ground. Unfortunately, our 4 year old son was "at the wrong place at the wrong time"—under the tree, the older boy and the spiked board. Unnoticed with the Little League hubbub, the older boys vanished. Blood streaming down his face, we rushed Mike to the Hospital. We spent the next hour in the Emergency Room at Reese Hospital. The people on duty did an outstanding job and should be commended for their rapid and very professional skill. Six stitches were required to close the wound and a tetanus shot was given.

He was very fortunate. The head wound was open to the skull. It could have been a fracture. He could have lost an eye—or his life—if the board had struck differently.

The point of this letter is this—to make the boy or boys responsible realize that this is serious business. Whether accidental or not does not matter. Being sorry is just not enough. The pain and anxiety caused by their carelessness is inexcusable. It could have been an injury to anyone—adult or child. Luckily, Mike's injuries will heal, leaving only a scar. Had he been less lucky, accident or not, no amount of sorry would have helped. There is no more important lesson we parents can teach our children than this. Being sorry doesn't mean a thing when bodily harm is inflicted on an innocent person. It is something we believe and have told our boys many times. Perhaps it need be taught in other homes as well. Playing safely and thinking of others doesn't ruin the fun.

Jane Leppo

## State Primaries Set For June 7 and 14

Servicemembers and their dependents who are eligible voters from New Jersey and Virginia are reminded of upcoming Statewide primary elections. If you are an eligible voter from one of these States, the following elections schedule will be of importance.

June 7	New Jersey	Governor, State Senators, Members of the General Assembly
June 14	Virginia	Governor, Lt. Governor, all Members of the Virginia House of Delegates

Absentee voters may use the Federal Post Card Application for Absentee Ballot (Standard Form 76) to request their primary ballot.

All persons should contact their Voting Assistance Counselor for absentee registration and voting details for the primary elections listed above, and for the general elections in Kentucky, New Jersey, and Virginia on Nov. 8.

### Word to Wives

## Shipping car overseas

(AFNS Feature)

If your husband has orders to go overseas and you're going with him, you may want to consider taking the family car. Officers and enlisted members in the grade of E-4 or higher with more than two years' service may ship their own car overseas at government expense—provided the car isn't too large.

If you're planning to ship a vehicle to an overseas duty station, you'll probably want to contact your sponsor to ask advice on the type of vehicle for your new country. In many instances, large American cars are not suitable for use on narrow roads. In addition, some countries have their own standards for emission control which may or

may not be met by the systems installed on American cars.

You also need to think about insurance. Each country has different requirements—and, of course, the costs vary. Knowing about the import or ownership taxes, licensing requirements and estimated annual costs in advance will help you in budgeting for your arrival. Some countries have special entry prohibitions such as color or make of car. Your sponsor will be able to help you and your family with this information as well as give you an idea about parts availability and repair service for your car.

When you are ready to turn your car into the U.S. shipping port, have several copies of your orders and an extra set of car keys. Make sure the

car is in safe operating condition and remove all accessories. The radiator must have enough antifreeze to test at -20 degrees Fahrenheit. If you borrowed money to pay for your car and the loan has not been paid in full, you will have to get permission from the lender to ship the car out of the country. This release will be necessary at the port.

It will be your responsibility to deliver your car to the port and to pick it up overseas. The destination terminal will provide you sufficient gasoline to drive to the nearest gas station.

Contact your transportation office well in advance of your move to make shipping arrangements. It can take up to two months for your car to arrive at an overseas port.

## Chapel schedules film series

"How Should We Then Live?" Francis A. Schaeffer's new 10 episode film series on the rise and decline of Western thought and culture is scheduled for showing at the Base Chapel May 28, 29.

Seven films will be shown May 28 beginning at 9:30 a.m. and concluding at 5 p.m. The remainder of the series will be shown May 29 beginning at 7 p.m. and concluding at 9 p.m.

Pre-registration is necessary and a fee of \$5 per person is required in order to defray rental expenses on the films and purchase costs on discussion workbooks. All personnel are urged to hear Dr. Schaeffer, a world-renowned theologian and philosopher.

The 10 half-hour films combine Schaeffer's understandable, well researched narrative with a variety of cinematic scenes that guide the viewer through the Roman Age, Middle Ages, Renaissance, Reformation, and modern centuries to the 1970's.

The Chapel will provide Base Nursery care for both days of the showing. Each participant should plan a sack lunch for May 28. Questions should be directed to Maj. James W. Millsaps, at Ext. 2237.

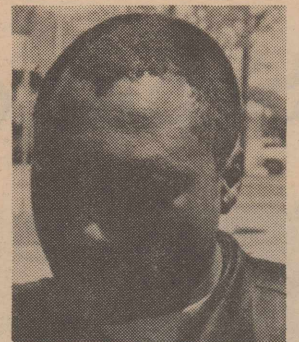

## Two Cents Worth

Do you think U.S. Savings Bonds offer an attractive savings plan?

Yes I do. Not only are you saving for yourself, but you are also helping the economy.

2nd Lt. Tom Sabo  
64th Stu. Sq.

Yes I think Savings Bonds are good. They offer a rate of interest that is higher than most banks.

Howard Ussery  
Civilian

I think Savings Bonds are a fantastic idea for saving.

A1C John F. Sordillo Jr.  
64th OMS

I think U.S. Savings Bonds would be worthwhile for anyone's future.

Sgt. Richard Holt  
USAF Hospital

### Motor Cross Track

My complaint is in regard to the Reese Motor Cross track. I am not a member of the Reese Motor Cross Club right now, but I intend to join. I went out Sunday and looked at the track.

The track isn't very big and it is laid out so that you can't go too fast. I guess this was to prevent accidents. However, some people are driving off the track where the chance of having an accident is greater. I was wondering why they can't enlarge the track or mark areas where it is especially hazardous riding such as the turns around the jumps. When people use the jumps they miss the last turn and are running into a pothole or gas line or something and flipping their bike.

First of all, thanks for identifying yourself in your CARE Line. Many complaints are made anonymously, and I have little way of following them up.

## Commander's CARE Line

(Editor's Note: THE ROUNDUP will publish Commander's CARE Line calls which are of basewide interest. Names of callers will not be published, but callers should leave their name and duty extension in case their problem needs clarification. All calls are reviewed by Wing Commander Brig. Gen. Edward Mendel. Reese people are urged to use their chain of command or the office of primary responsibility to air complaints or comments, if possible. If not, call the CARE Line by dialing C-A-R-E. (Ext. 2273). Please provide your name and duty section when calling.)

As to your comments, I contacted the Reese Motorcycle Association officers, and they were appreciative of your constructive criticism. You should know that it took our club well over a year of hard work to get the track built. Many factors had to be considered, and safety was right at the top of the list. That's why the

track is small, and why each jump has a detour for those who ride less aggressively. The track is very new, and the club has had very little time to make extensive improvements after initial excavation. Planned actions include filling the potholes you mentioned, smoothing the jumps and turns, and adding old

tires as course markers. By the way, they extend a warm welcome to you to join the association, and look forward to your support of their activities — which include track improvements.

Let me add that there are certain prerequisites to your using the track. Bob Decker (Ext. 2647 or 2811) is the club president and you must be briefed by him on track use and safety practices. Prior to riding, a designated club member must inform Base Operations and Security Police of your intentions. While using the track, you must remain within its boundaries and not ride into other areas near the runway. The track can only be used when supervised by a designated club member so there should be at least two of you there. I strongly encourage you to practice the buddy system on the track — take a friend.

# Crisis confronts kingdom

By Capt. Donald L. Barker  
64th Civil Engineering

Editor's Note: As we know, a fable is a story meant to teach a moral lesson. The story of the Kingdom of Reese is an effort to make people realize that they are deeply involved on a day-to-day basis with the

energy problems of our country and Reese AFB. We all must gain an awareness of the problems and dedicate ourselves to helping solve the energy crisis.

notice was limited to only certain periods of the day. Great wailing was heard from the people and great suffering fell upon the land.

The kingdom succeeded in meeting King DoD's decree. And as time passed, the troop patrols were slowly reduced and eventually disappeared. As it became more apparent that the decree could be sustained, the rulers allowed more energy use for worthwhile comfort and pleasure. For the original intent of the decree was not to cause suffering, but to do away with waste.

As more and more privileges were returned to the people, the energy conscious attitude which had been instilled in the people began to wane. The people forgot the sufferings caused by the energy famine. Energy waste became rampant and energy abusers roamed the land. The rulers pleaded with the people, but they did not listen.

King DoD's decree was still upon the land, but the kingdom gradually slipped above its goals. In a short time, the kingdom was exceeding its goals by tremendous amounts. The rulers of Reese pondered the severity of the situation. The only solution to the situation was to appeal to the people and hope their sense of duty and responsibility would return again. The rulers began their desperate attempt to gain the people's support.

(I cannot put an ending to this fable because it is not within the power of the rulers to determine the fate of the kingdom. That power lies in the hands of the people. Each and every citizen of the kingdom will determine his or her fate. If the citizens support the rulers in attempting to save energy, then the kingdom of Reese will continue to flourish. If the citizens do not support the rulers, the kingdom of Reese will be endangered.)

### Canon Canonet 28

For results you never thought were possible.

- Fast, sharp Canon F2.8 lens
- Automatic flash with Canolite D (Extra)
- Combined range/viewfinder shows shutter speeds, exposure warnings
- Fully auto exposure control, day or night
- Compact and lightweight
- Accepts a wider range of films than in cartridge cameras

Reg. \$127 \$74.95

### Canon FD Lenses

Clearly Creative.

- Unsurpassed sharpness and contrast
- Spectra and Super Spectra Coated
- Exclusive Canon breech-lock lens mount
- Rugged, dependable construction

## Drive kicks off Monday to sell Savings Bonds

Monday begins a nation wide drive to encourage people to "take stock in America" and buy U.S. Savings Bonds.

Bonds offer one of the most secure savings systems today. They are completely safe, backed by the full faith and credit of the United States. In case of loss, theft, or destruction, they will be replaced without charge. (Keep a record of serial numbers for speedier replacement.)

Purchase of Savings Bonds also offers a tax advantage. Interest is exempt from state or local income and personal property tax. While subject to Federal tax, this may be deferred until the Bond is cashed or reaches final maturity.

Perhaps the most important aspect of buying Savings Bonds is

the ease. Through the Payroll Savings Plan and the Military Bond Allotment Plan an individual can begin a systematic savings plan that can help with future goals or unexpected emergencies. Since a payroll allotment isn't really deduction, but a deferred payment, the money invested is always available — plus interest. If held to maturity (five years for Series E Bonds) an interest rate of six per cent, compounded semi-annually, is paid.

The following Unit Project Officers can show how easy it is to start saving today for tomorrow's needs.

- ABGp — Capt. Boggs/2402

**DON'T LEAVE TEMPTATION AROUND**—The Base Pharmacy will be through Reese Village tomorrow from 8 a.m. - noon to collect old medicine. It is hoped that removing old or unneeded medicine from the home will prevent accidental poisoning of children. (U.S. Air Force Photo by SSgt. Mike Hall)

# Save a child's life; rid house of drugs

By Maj. Roger Burke

In conjunction with National Hospital Week, volunteers from the Base Hospital Pharmacy will be combing Reese Village tomorrow between 8 a.m. and noon in order to collect old and unneeded medicine.

The program, entitled "Save a Child Day" was developed by the Hospital Pharmacist, Capt. Mark Harmon. Captain Harmon's purpose is two-fold. He hopes to take dangerous medicines out of the reach of children, and to awaken parents to the ever increasing number of accidental poisonings. If successful, the program will reduce the number of toxins in the Village area, and more importantly, it will cause parents to be on the lookout for hazardous situations in the future.

This situation heightens in the military community, because of free medicine being available. Free medicine causes surpluses and duplication of already obtained drugs, causing the number of unused drugs to be higher than in a civilian community.

Tomorrow morning, the old medicine will be picked up by medics wearing Red Cross arm bands. Medicine should not be given to someone not wearing this form of identification. If you miss the knock on your door, please stop by the Base Pharmacy between 8 a.m. and 4:30 p.m. during the week, and they will be glad to destroy your old medicines. Don't save your medicines, and you may save a life.

## Recruiting Service seeks

# People for rewarding job

**RANDOLPH AFB, TEX.**—Interesting, challenging and rewarding work as a recruiter is available to Air Force noncommissioned officers (NCOs).

There are current and projected vacancies for NCOs as Air Force recruiters across the nation," according to SMSgt. Merritt O. Weikel, NCO In Charge of recruiter manning for the Air Training

Command assignments directorate, at Randolph AFB, Tex.

Applicants from all Air Force specialties are eligible, even though they may be frozen for an overseas assignment. The freeze status waiver enables career-committed NCOs who have more than three years total active federal military service to apply. They should also be in good health and have good performance reports.

"The Air Force recruiter is a specialist in every sense of the word. Recruiting duty is unlike any other Air Force job, with a primary task to recruit high quality personnel needed by the Air Force," said Gen. Melvin G. Bowling, Recruiting Service commander.

In some areas they may be eligible for government-leased family or bachelor housing, and up to \$150 a month Special Duty Pay, limited reimbursement for out-of-pocket expenses, a stabilized tour and some receive assignments near their hometowns.

NCOs interested in learning more about this interesting and challenging assignment can get details by visiting the special Air Force team that will be here May 26 and 27. The team will be located in the Base Chapel from 8 a.m. - 5 p.m. General briefings will be given at 10:30 a.m., 12:30 p.m., and 4:30 p.m. daily. The team will assign qualified applicants a class starting date and a specific duty area.

## AFA drive successful; 184 join local chapter

Brig. Gen. Edward Mendel recently expressed his appreciation for the efforts put forth by Reese personnel during this year's Air Force Association (AFA) Membership Drive. The drive, which concluded April 30, was one of the most successful at Reese. Unofficial sources indicate that Reese led all other Undergraduate Pilot Training bases in new members.

Lt. Col. Eddie Norrell, this year's campaign chairman, added his appreciation saying we had 184 new members at the close of the drive and more new members after the drive officially ended. These figures, however, do not account for personnel who might have joined

through applications taken from counter stands.

Colonel Norrell also noted that the 64th Student Squadron led in this year's drive with 78 new members and Personnel Division was second with 18. The 35th Flying Training Squadron (FTS) and 54th ran a close third with 11 and 13 new members respectively.

"Without the extra effort and work put forth by our individual unit representative we could not have been so successful," stated Colonel Norrell. He added, "The success we achieved is due to the support we received from everyone involved."

Anyone wishing more information on the AFA should contact Capt. Wayne Hodges at Ext. 2354.

## Four Article 15s given

Four Article 15s were administered to Reese personnel for drug or alcohol related offenses during April. Two cases involved possession of marijuana and two cases involved alcohol, drunk driving and drunk and disorderly in station.

All punishments resulted in suspended reductions to the next

lower grade and forfeitures of between \$50 and \$75 pay per month for two months.

Of 17 Article 15s given since Jan. 1, 1977, five have been for marijuana possession and two for alcohol related offenses. Cumulative punishment for the seven cases resulted in the loss of one stripe, the potential loss of seven more and total forfeiture of \$1,260.

## A FRIENDLY REMINDER

The Security Police Division will recognize National Police Week (May 14-21) with an Open House Monday from 10 a.m. - 2 p.m. in Bldg. 500. All civilians, military members, and dependents are invited to visit the Security Police facilities and view a display of weapons and equipment used by the Division. Refreshments will be served.

## Boy Scouts announce camp dates

The South Plains Council, Boy Scouts of America, today announced its summer camp program for 1977. Scouts and leaders will have opportunities for long-term camping at two Council camps and also at Philmont Scout Ranch in N.M., Canadian Wilderness canoe bases, and at the National Jamboree.

Billed as "Super Summer '77", camp kicks off at Camp Post, near Post, Tex., located on the site of the historic old Curry Comb Ranch, on June 5 and continues through July 2. The last week will be a special aquatics program.

The Curry Comb Rangers program at Post includes extensive waterfront activities, nature, Indian lore, hiking, rifle range and even an outpost adventure at White River lake.

The Council's second summer camp is held at Camp Tres Ritos, near Taos, N.M., nestled high in the Sangre de Cristo Mountains. This camp specializes in real mountain high adventure. Special features at Tres Ritos include patrol cooking, pioneering, ecology and wilderness survival. New for "Super Summer '77" is a unique program called "Pecos Man". This adventure will take place high in the Alpine meadows, where selected Scouts will live as the early explorers and mountain men did. Opportunities are available for older Scouts to spend the entire week on the trail, carrying all their food and supplies and traversing the Pecos Wilderness.

The basic camp fee is \$37.00 for a week at either camp. For more information, contact the South Plains Council Service Center, P.O. Box 3055, Lubbock, Texas 79410, or phone 806-747-2631.

Instructors and advisors for these camps are needed. Permissive TDY will be granted qualified personnel. For more information contact Captain Ward at Ext. 2783.

## Housing in Japan not favorable

RANDOLPH AFB, Tex. (AFNS)—Family housing shortages at Yokota AB, Japan, could crimp the plans of married Air Force members looking forward to assignment there, especially those with a military spouse desiring a joint assignment.

Yokota officials have advised the Air Force Military Personnel Center (AFMPC) that the severe shortage of housing could cause disapproval of joint-spouse assignment requests or delayed reporting and difficulty in setting up a joint residence.

In view of the potential hardship, AFMPC has told consolidated base personnel offices to make sure that military married couples selected or volunteering for overseas assignment are aware of the housing situation and the possible effect on joint-spouse assignments.

### The Village Corner

## Report problems

By Janette Bouche

Do you have a door that sticks, a faucet that leaks or a hot water heater that retired last December? Those annoying little problems you discovered since you moved in could later become big, expensive jobs for Civil Engineering (CE) personnel.

We, the members of the Civil Engineering Squadron, desire to make our military family housing as liveable as possible for you, the

occupant. However, we must rely on you to report these problems so that we can have them corrected. You are the "resident inspector" of your surroundings. When you do have a problem that requires the attention of CE personnel, you may follow one of two courses of action:

#### Emergency or Urgent Work

If the work is urgent, you can call the CE Service Call desk, Ext. 2647. Remember that an emergency condition is one that presents a hazard to health, fire protection, safety, or to valuable property and equipment. Be sure to make a note of the control number the Service Call Specialist gives you.

#### Non-Emergency Work

Routine and preventative maintenance should be reported on an AF Form 1135, available at the housing office or any other CE BRANCH. A copy of this form will be returned to you with the CE job order numbers and an estimated completion date for the requested work.

We strongly encourage you to report any required maintenance promptly and maintain a file of any service calls of AF 1135's you submit. This will facilitate your final housing clearance when you depart Reese Village. Any maintenance not already requested by the occupant prior to the pre-final inspection will be requested by the housing inspector during this inspection and the work will be performed prior to the final inspection.

Working together we can better maintain your homes and make base living more enjoyable for everyone.

# Suggestors receive money, certificates

In the latest meeting of the Suggestion Awards Committee, 50 suggestors received recognition for their approved ideas. Brig. Gen. Edward Mendel addressed the meeting and emphasized a more positive attitude toward evaluating suggestions in addition to increased participation.

Those receiving awards by organizations were:

### Operations Division

- Capt. John A. Boggs — \$195
- Capt. James D. Wortham — \$120
- 1st Lt. David L. Valenta — Certificate

### Security Police

- SSgt. David A. Witherel — \$25
- Sgt. Michael Savage — \$25
- Sgt. Randy J. Rogers — Certificate

### Military Personnel

- MSgt Bruce C. Blakemore — \$25
- TSgt. Ernest Baker — \$50
- 2nd Lt. Gregory Alston — \$25
- William Trafton — Certificate
- Mrs. Donna Shirley — \$100 and certificate

### Civil Engineering

- Gilbert Zeiss — Certificate
- David Cothron — Certificate
- Robert Blessing — \$35
- James Powell — \$25
- Stewart Newman — \$25
- SSgt. Thomas Willi — \$75
- SSgt. Erlton Burris — \$25
- SSgt. Keith Yaney — \$75
- SSgt. Leroy McMillan — \$35
- 1st Lt. Terry Armstrong — Certificate
- A1C Larry Hammond — Certificate
- TSgt. Ernest Dixon — Certificate

### Supply

- Wilbur Briant — \$12.50
- Apolinar Garcia — \$12.50
- Robert Fraley — \$12.50
- James True lock — \$37.50
- Mrs. Viola Pate — Certificate
- SrA James Johnson — \$25
- MSgt. Glahn Rates — \$330
- A1C Charles Polk — Certificate
- TSgt. John Stone — Certificate

**SUGGESTION PAYS OFF**—Mrs. Donna Shirley receives a suggestions certificate from Brig. Gen. Edward Mendel. In addition to the certificate, Donna also received a cash award of \$100. (U.S. Air Force Photo by A1C Lorenzo Gaines)

### Organization Maintenance

- TSgt. Harvey Schirmer — Certificate
- SSgt. Dennis Breeding — \$25
- Sgt. Roger Allen — \$75
- TSgt. Ross Foos — Certificate

### Chaplain Division

- Lt. Col. Philip Grimmett — Certificate
- MSgt. James E. Milward — Certificate

### Field Maintenance

- Edgkar Davis — \$290
- Henry Wilson — Certificate
- A1C Robert Cook — Certificate
- SrA Roy Huber — Certificate

### Other Award Winners

- Capt. Ronald C. Lessuck — Certificate
- Sgt. Sandy Rodriguez — Certificate
- TSgt. Charles Griswald — Certificate
- Sgt. Sandy A. Rodriguez — \$25
- 2nd Lt. Dennis Dale — \$25
- George Hodge — Certificate

# CHAMPUS news

(EDITOR'S NOTE: This is Fifth in a series designed to assist in understanding CHAMPUS more fully. Each item deals with one particular aspect of the new CHAMPUS Regulations. For additional information, call the CHAMPUS advisor at Ext. 2521 or write to CHAMPUS, Denver, Colo. 80240)

### Preventive Care

The law under which CHAMPUS operates excludes preventive care from the benefits package. The Program, therefore, cannot share the cost of such care as routine annual or employment-requested physical examinations, immunizations and screening procedures per-

formed when no definitive symptoms are present.

Beneficiaries often are confused about certain types of care with regard to whether or not it is preventive. Specific examples of preventive care for which CHAMPUS cannot share the cost include flu shots or periodic chest X-rays and pap smears when there are no presenting symptoms and it is not provided in connection with a diagnosed related illness.

CHAMPUS will share the cost of the following specific services which are specifically authorized by the law governing CHAMPUS or are not considered be primarily preventive care:

- New-born examinations including PKU tests
- Rabies shots
- Tetanus shots following accidental injury
- Rhogam
- Genetic tests in certain high-risk situations, as specifically set forth in the Regulation
- Immunizations and physical examinations for spouses and children of active duty Servicemembers who are travelling outside of the United States as a result of the Servicemember's duty assignment, when such travel is being performed under orders issued by a Uniformed Service

### Military service-Connected Illness or Injury

The Veterans Administration administers a program, established by Congress, that provides benefits in conjunction with military Service-connected illnesses or injuries. CHAMPUS benefits are not available for such care. Beneficiaries do not have the option of having a Service-connected illness or injury treated under CHAMPUS rather than under the Veterans Administration program—the latter must be used.

Any amount paid in error by CHAMPUS for care related to a military Service-connected injury or illness will be recovered.

### Physical Therapy

CHAMPUS will share the cost of one or two physical therapy sessions per week when the therapy is provided by a physician or by a registered physical therapist under supervision of a physician. Physical therapy benefits are generally limited to a 60-day period for each illness or injury.

Requests for extending physical therapy benefits beyond 60 days will be considered when the attending physician documents the medical necessity for continuing the therapy

and provides information about the anticipated results.

General exercise programs are not cost shared by CHAMPUS even when recommended by a physician to improve the general health and fitness of a beneficiary. Neither are passive exercises or range-of-motion exercises covered unless they are prescribed by a physician as an integral, concurrent part of a comprehensive physical therapy program. These provisions are also new to CHAMPUS.

### Maternity Cost Sharing

CHAMPUS will share the cost on an inpatient basis for all services and supplies related to a maternity care episode when an expectant mother plans to have her baby at a civilian hospital or similar medical facility. The only exception to this rule is ambulance service which is always cost shared on an outpatient basis.

An expectant mother who plans to have her baby in a civilian hospital or who otherwise need inpatient care from a civilian source for her pregnancy must get a non-availability statement if she lives within a 40-mile radius of a Uniformed Services hospital. If she does not get it, CHAMPUS does not share any cost related to that maternity care episode.

When delivery is planned at home or some other place outside of a hospital, the cost of all services and supplies related to the maternity care episode is shared on an outpatient basis. CHAMPUS pays a smaller percentage of the cost of outpatient delivery for wives and children of active duty Servicemembers. For other beneficiaries, the percentage is the same.

An expectant mother who plans delivery on an outpatient basis is still encouraged to obtain a non-availability statement (if she lives within a 40-mile radius of a Uniformed Services hospital) as soon as her pregnancy is established. Having obtained the statement will protect her from incurring expenses in connection with unforeseen inpatient maternity care.

"Unexpected" or "early" delivery is not evidence, in itself, of an emergency that would waive the nonavailability statement requirement.

Complications of pregnancy will be cost shared on the same basis as the related maternity care. When inpatient delivery is planned, they will be shared on an inpatient basis; when outpatient delivery is planned, they will be shared on an outpatient basis.

## Reese Briefs

### Tennis Tournament

The Base Gym is sponsoring a double elimination tennis tournament starting Tuesday. Both singles and doubles play will be held. All interested personnel may stop by the Gym office to sign up.

### T-Ball Clinic

The first meeting of the Youth T-Ball clinic will be at noon tomorrow in front of the Youth Center.

The program is open to boys and girls ages six and seven. Parents are urged to work with the children. This will be an on-going program with future dates and meeting times to be announced.

### BX Applications

The Base Exchange will take applications for employment in Food, Retail and Services Wednesday, Thursday and May 20. Apply in person at Bldg. 14. Call 885-4583 for more information.

### Armed Forces Week

Volunteers are needed to man the display at the South Plains Mall during Armed Forces Week (Monday through May 21). Interested personnel should call 2nd Lt. Jim Burden at Ext. 2727 or SSgt. Harry Pope at Ext. 2324.

If anyone has any military memorabilia or suggestion on what they would like to see in the displays call 1st Lt. Jim Burden, Ext. 2284.

### Youth Swimming Lessons

Youth swimming lessons are tentatively scheduled to begin June 6. The class will be from 10:30-11:30 a.m. Preregistrations is necessary so call the Youth Center at Ext. 2820.

### Recreational Areas

Mathis Recreation Center now has a listing of Air Training Command off base outdoor recreation areas. The list includes campsites, other overnight accommodations, and information needed for a planned camping trip.

# Academics loses two captains

By Capt. Cliff Napolitano

This week the squadron is saying goodbye to two departing friends from the academic section. Capt. Bob Agne is headed for a Rocky Mountain high in Boulder, Colo. where he will be completing his masters degree in "Weather guessing" at CSU. Capt. Bret Mercer is on his way to "Push-me, pull-me" school in Florida. Bret will be learning the tactics of the "Oscar-Duce." Enjoy the sun Bret. It was rumored that Bret was going to stop in Dallas to see his look alike name sake Roger Stauback. Make him jealous Bret...don't sign his autograph book.

Lt. Col. Barry Brower started what might be a fine tradition with a squadron tea party Friday afternoon. Cokes were also served for those not caring for tea. It was good to see the squadron in such good spirits.

The squadron athletic officer Capt. John Gruesser has been trying to solve the dilemma of who will compete in the "Superstars" competition on base. Jerry Davis was seen bench pressing his desk before an amused crowd, while Little Jimmy Shrehan kept jogging around the building saying "I think I can, I think I can."

This past Saturday night those of us that attended the Air Force Association Banquet found out how versatile Capt. Wayne Hodges really is. Wayne received an award as the AFA Outstanding Officer of the year. Oh, by the way, does anyone know how much dirt it would take to fill up the Panama Canal? I left my notes at home.

Class 77-05

Despite the treacherous weather and with occasional help from our IPs, it looks as though 77-05 is

finally going to finish. We wish we could say the past year has been fun, but a frightening experience is probably a more appropriate term.

Rumor has it that our class will be known as the class that went to SAC. Actually, it was our way of having a four month class reunion at Castle AFB at the expense of Uncle Sam.

In all seriousness we would like to thank all who have made this year possible for us, especially the IPs of "B" and "D" flights in the 35th and "B" and "F" Flight in the 54th. Without an exception it has been a memorable year for all of us.

Class 78-03

Congratulations to 78-03's first student to solo — John Sanders. Several other students from 78-03 should solo next week. We would like

to welcome 78-04 to Reese and hope they enjoy snack bar duty as much as we did. The entire class attended the AFA banquet and showed their usual interest and enthusiasm — several left after the main speech began and the rest were asleep by the end. Well, we weren't exactly ordered to attend, or were we?

Class 77-08

This week most of us stop being student "Gibs" and get into contact flying. With only 16 weeks left until assignments some of us are already showing trends towards their future aircraft. There will either be a massive reunion at Randolph or an "ACE" fly in at some base to be announced.

## MAC begins collecting surcharge

SCOTT AFB, ILL. (AFNS)—Military Airlift Command (MAC) space-available travelers departing the United States on commercial aircraft are now required to pay a \$5 head tax and surcharge.

The Department of Defense (DoD) has directed MAC to collect the \$3 head tax and a \$2 surcharge. The requirement is the result of the 1970 airport and airway revenue act. The act requires that each passenger departing the United States on a commercial aircraft pay a \$3 head tax.

Space-available travelers moving on commercial aircraft in overseas areas or returning to the United States (except from Hawaii or Alaska) will not be charged. Personnel departing Hawaii and Alaska will be charged regardless of destination, even though they may be making a domestic flight. Travelers using military aircraft will not be charged.

# Transportation gets recognition

Monday through May 20 has been proclaimed National Transportation Week by the President of the United States. The week is in honor of the services and responsibilities transportation plays in supporting peacetime and combat missions.

To support the Reese mission, the Transportation Division here is divided into three branches — Vehicle Operations, Vehicle Maintenance and Traffic Management.

### Vehicle Operations

The Vehicle Operations Branch has a daily job of insuring that all organizations have adequate and timely vehicle support. Moving personnel and cargo, they are manned with operators that drive all types of vehicles ranging from light trucks to tractor-trailer combinations.

Without these operators and the base vehicle fleet, Reese could not meet its assigned mission. In recent months the vehicle operators have handled numerous tasks, such as a trip to Lamesa, Tex. to pick up a part for a fire crash truck and the recovery of three crashed T-38 aircraft.

### Vehicle Maintenance

Providing all base and tenant organizations with safe and serviceable vehicles at a minimum cost is the job of Vehicle Maintenance.

They handle the maintenance for 243 registered vehicles and non-registered equipment, such as lawn mowers and track mounted construction equipment. They also maintain the equipment used by the base Fire Department.

Maintaining emergency capabilities 365 days a year requires sacrifices to be made by the 11 civilian and 17 military members in

the branch. The civilian workers are also tasked with training airmen arriving from technical school at Chanute AFB, Ill., where no real practical experience is obtained. The training received by these airmen is considered of utmost importance since they represent the capability of tomorrow.

### Traffic Management

The Traffic Management Branch is composed of three sections and has the responsibility for procuring commercial transportation services for the base.

The Passenger and Personal Property Section arranges for shipment and storage of personal property, issues the procurement documents and monitors the shipment to insure the commercial contractors furnish the services ordered. All inbound shipments of personal property are reported to this section where delivery or

placement in storage is ordered. This section also obtains reservations and issues procurement documents for official travel of personnel. This travel is worldwide and by both military and commercial airlines.

The Freight Section is responsible for shipment of all Government materials off base. All modes of commercial transportation are used for this purpose. All inbound Government materials are received by this unit and should loss or damage occur claims are filed by this unit.

The Packing and Crating Section prepares and containerizes all Government materials shipped by the Freight Section. These shipments involve all types of materials from general commodities, such as furniture, and aircraft parts to dangerous materials, such as explosives, flammables, etc.

## Slattery leaves Air Force to join Bowling for Dollars

By 1st Lt. Mike Dendinger

You may have heard that Bill Slattery is leaving the Air Force to join Bowling For Dollars. The squadron bowling season recently ended, and Slats walked away with the first place honors, not to mention high games, high series, and team high game. Not to be outdone, Nixie took the women's high series. Of course the bit about Bowling For Dollars is a lie, but it made you read this far didn't it?

The "A" Flight picnic last weekend almost turned into the first party in Reese history where people drowned with no pool. It seems Carol Leinen came up with the bright idea of supplying water balloons to the kids. Problem was that most of the kids throwing water balloons aged from 25 to 35. The highlight of the afternoon was finding out that, held over a water spigot long enough, Joe Logisz does a great breast stroke in midair.

experimenting recently with different configurations for the final turn, none of which include gear. Lieutenant Pirtle, we're not picking up your ident, but lowering the rollers should give a better primary return.

Toad 01, IDENT

The froggie this week goes to 2nd Lt. Doug Pirtle of "B" Flight infamy. In an ever diligent crusade to learn more about flying, Lieutenant Pirtle has been

**Dear Dinger,**  
I am appalled at the consistently low-rent articles you print in the paper. You repeatedly lampoon and satirize, with absolutely no redeeming social value. Do you hold nothing sacred?

## FCC commences hunt for missing radio tape

By 1st Lt. Jim Nelson

It seems a number of humorous incidents have occurred throughout the 54th this week. None of them are worthy of mention, but since this isn't one of your more reputable columns, we'll go ahead and stoop to lower depths of defamation and degradation.

The Apollo's are currently working on a new suspense thriller entitled **The Pauly Tapes**. The book is based on a recent incident at Reese Air Patch, when a distinguished Air Force student pilot took himself and his IP to a new low in the use of the King's English. It seems the mystery of the stuck mike button has brought a flurry of FCC spies to our fair west Texas town in search of the missing tapes.

Moving right on down the hall to the Buzzard's den: the IP's there are said to have developed a

revolutionary technique in the finer art of wing takeoffs. It seems one of their students is perfecting the wing takeoff with the canopy up. What the Buzzards have failed to perfect is formation integrity. Let's try to keep those canopies matched from now on.

The Eunuchs, on a more serious note, would like to bid a tearful farewell to Capt. Martin Decker. It's going to be rough in the morning without the dynamic eloquence of our very own Evelyn Woods dropout partaking of another parcel of prosaic prestidigitation. The Apollo's would like to inject a short message: Marty come back. The IG's not coming after all.

This week's cure for what ails you: visit the Firebird Pharmacy if you're feeling the least bit poorly. It's an instant cure for nervous tension, headache, hemorrhoids, and even the heartbreak of psoriasis. Take a Blaha!

# Discounts offered on rent cars

WASHINGTON (AFNS) Military and civilian personnel of the Department of Defense (DoD) are eligible for discounts from National, Econo-Car International, Dollar, Thrifty, Avis and Hertz car rental companies.

The agreement signed by Avis extends the discounts to active DoD personnel only and includes both official and personal travel. Thrifty's discount agreement applies only to active DoD military and civilian people traveling on official business.

Four of the companies (National, Econo-Car International, Dollar, and Hertz) provide discounts for official or unofficial travel by active and retired military and civilian DoD members.

According to officials at the Military Traffic Management Command here, the discounts are available upon presentation of Government travel orders, DoD Identification Cards, or identification cards issued by the rental car firms.

# Seminar room at ATC Academy needs facelift

The Reese seminar room at the Air Training Command (ATC) Academy for NCO's at Randolph AFB, Tex., needs a facelift. The seminar room looks rather bleak, with military issue furniture and relatively base walls.

Some of the other bases in ATC have remodeled their rooms with panelling, comfortable chairs, coffee bars, executive briefing tables, etc. Unit plaques and pictures decorate the walls. The interesting part of this story is that

all these improvements were made with donations.

We would like to do the same type of remodeling, in a modest way, in the Reese seminar room. Spearheading the project here to refurbish Reese's room is SMSgt. Joseph Goupie. However, for the project to be successful, help from everyone is needed.

Since no Federal money can be used in fixing the room, donations of money, time and talent are needed. No amount of money is too small or too large and will be gladly

accepted. If the budget won't allow a monetary contribution, perhaps help can be given another way. Talent in turning a piece of wood into a beautiful piece of furniture would be one way to help. Another way would be to donate a painting, picture or unit plaque. Anything that would make a room more attractive would help.

Getting involved in a worthwhile project isn't hard. All it takes is a phone call to Sergeant Goupie at Ext. 2548.

## Pool opens May 28, special conditioning classes offered

The Base swimming pool will open for the summer May 28 with open swimming from 1 - 8 p.m. on weekdays and noon - 8 p.m. on weekends and holidays. Classes and conditioning sessions for military personnel only will be held from noon - 1 p.m. on weekdays.

The pool next the flight line (old officers' club pool) is closed. It has been designated as a training facility strictly for the physical training requirements of the student pilots.

### Fees

Like last year, family season memberships will be sold. Membership cards will be used this year instead of patches. Season membership per individual is \$3, and \$10 per family (each family member receives a card). With no season membership the cost will be 25 cents each day for authorized personnel and 50 cents for bonifide guests.

Season memberships will be sold at the Base Gym beginning Monday. After May 27, memberships will be sold only at the pool.

Swimming lessons will be offered again this year. Youth classes will be held from 10:30 - 11:30 a.m. and military classes from noon to 1 p.m. Register through the Youth Center or Base Gym.

### Pool Use Eligibility

All military personnel, active and retired, their dependents, DoD and NAF civilians and their dependents are eligible to use the swimming pool.

Children over 5 years of age are not authorized use of the wading pool. Children under six, who are swimmers, may use the main pool. Children under six years of age must be accompanied by an individual 16 years or older who will remain in or about the pool area and who will be

responsible for their actions at all times. Children who are nonswimmers, regardless of age, are not allowed in the pool unless accompanied by an individual 16 years or older.

The lifeguard will have the sole authority to determine whether or not an individual is a swimmer.

### Parties

The pool will be available for special parties after the pool closes. All parties must be scheduled through the Base Gym in writing at least 10 days prior to the scheduled party. All sponsors of the pool parties must pay the salaries of pool manager, lifeguards and attendants as necessary.

## Looking Forward

By Chester T. Dean  
64th FMS Aircraft Tire Shop

*Things are looking up at our house you know,  
For the past eight months I have continued to grow,  
And we are all looking forward to seven pounds of joy.  
Oh, now little boys are just fine and as sweet as can be.  
I would just like a little girl to sit on my knee.*

*I could dress her so dainty, she would look like a doll,  
And when we all looked, we surely would smile.  
To share that kind of sweetness is truly worthwhile.  
Looking forward to holding her very close, you know,  
Cuddling and feeding and watching her grow.  
And as I look forward to seven pounds of joy,  
I know I will love it — a girl or a boy.*

*And as the days pass and draw nigh to that hour,  
As I hold in my arms a tiny bit of God's power,  
It's so very simple and easy to see.  
It was God that gave life, even to me.  
So I thank you, O God, for the privilege to be a wife,  
And to share with my family a wonderful life.  
For sharing and caring are the heart of life, you see,  
O God, my God, I am so glad you love me.*

*And for giving me a family to have and to hold,  
As we all look forward to that place, I am told,  
Where kindness is forever and love pure as gold.  
And as I look forward by faith I shall see  
Jesus, my Jesus, who gave his life for me.*

*So as we look forward for that girl or boy,  
We welcome it home, for it is real — not a toy.  
In our home it will find a Mother each day,  
And a kind, gentle Father who takes time to pray.*

*A big brother that gives love and kisses so sweet,  
Can just hear him now, "let me play with its feet."  
No wonder I am happy as a mother and a wife,  
For this I shall be thankful for the rest of my life.*

## REESE BABIES

# Gen. Brown delivers graduation speech

Brig. Gen. William E. Brown Jr., commander of the 1st Air Base Wing, Military Airlift Command, will present the graduation address tomorrow when Undergraduate Pilot Training Class 77-05 ends a year of training.

General Brown, a former Deputy Commander for Operations here, has had a diversified career logging combat missions in F-86 Sabres and F-4 Phantoms. His tours have taken him to Korea, Germany, Thailand, the Pentagon, and various stateside bases.

A Dinner Dance tonight in the Officers' Open Mess will kickoff the graduation ceremonies. This will be followed by a parade in honor of the class at 9 a.m. tomorrow on the flight line.

Following the parade, everyone is invited to the Simler Theater to watch the graduation ceremonies and to hear General Brown. The ceremony begins at 10 a.m.

Class 77-05 is comprised of 29 students. Four will remain here as instructor pilots in either the 35th Flying Training Squadron (FTS) or the 54th FTS.

# Hitting name of game in Women's Intramural Softball season opener

By Johnny Arthur

Hitting was the name of the game as the 1977 Women's Intramural Softball season got under way Sunday.

The first contest pitted the Blue Diamonds against the Dusty Devils. Although the Diamonds jumped ahead at the start, the Devils soon overtook them with hits such as the home run by Bobbie Powlett, and

the unbelievable (That's an 813 to you Reggie) fielding of Chris Clarke. In the fourth inning, Barb (Killer) Zoll blasted a three run homer to right center field, adding to the excitement of an already close game. Bouncing back and fourth with more hits than a Blackjack player in Las Vegas, only a nerd would have bet on the outcome. Two 3-run homers (Lynn (I.M.) Fine and Cathy Nicholson) as well as many other timely hits kept the Blue Diamonds alive and enabled them to build up a four run lead going into the bottom of the seventh inning. The Devils, who were not to be denied, rallied once more, and pushed three runs across the plate before the final out was made.

Special recognition goes to Sara Richie of the Diamonds whose infielding techniques were superb throughout the game.

The final score was Blue Diamonds 20 and Dusty Devils 19.

undone. Retta Marvin hit a single, double, 3-run homer, and a Grand Slam in the late innings. A two run home by Janet Warren and a triple by Kathy (Huggy-Bear) Russell capped off the ball game. Even the excellent efforts of Better Half shortstop Betty Pusser and the team spirit of catcher Phyllis Jordan could not slow down the awesome hitting of the Red Hots.

The final score was Red Hots 38, Better Half 5.

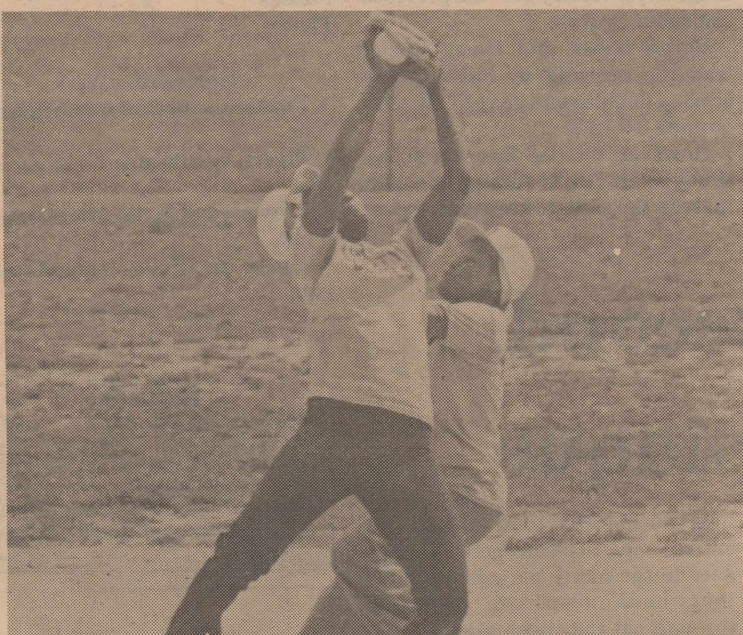

Comedy relief was provided in the fifth inning when Connor Russell fell off the bleachers trying to catch a foul ball. (Not as easy as bowling, huh Russ?)

Time out to offer a special thanks to Bill Bendele who officiated the entire day by himself. (How about some help, people!) Also, many thanks to Bill's wife Bev, who never fails to handle the score book for every game.

## More Players Needed

If any of you young ladies are interested in becoming rich and famous, please contact one of the following coaches: Dusty Devils, Bud Knox at 797-2691; Blue Diamonds, Mike Worden at 885-4551 Ext. 409; Red Hots, Don Shirley at 797-4747; or Better Half, Joe Maxwell at 885-4911.

Games are played every Sunday at 3 and 5 p.m. If you have nothing to do and want to see some fine softball, come on out.

I'VE GOT IT—Bobbie Powlett, short stop for the Dusty Devils, gets a little assistance from Sheryl, second baseman, on a pop fly during the opening game of the Women's Intramural Softball season. (U.S. Air Force photo by SSgt. Ron Pack)

## Second Contest

The second contest of the evening matched up the Red Hots with the Better Half. At the start, it seemed as though it was going to be a defensive game after the Better Half tied the score on a two run homer by Chris Adams. In the top of the fourth, the Red Hots blew the lid off, going on a hitting spree through the next three innings. Pearl (Crazy Legs) Moore put aside her Geritol long enough to punch out a triple and three 3-run homers! Not to be

## Ten Pin Alley

# Winter leagues close, summer leagues begin

By Sonny Serutan

The leagues are closing out now. The only ones still bowling are the Ladies Monday Afternoon Intramural and the Wednesday Mixed League.

The summer leagues are forming and should be starting real soon. The Scratch Trio is filling up quick, if you are interested in this type of bowling you had better sign up now.

Let's go down the line. The Ladies Monday Afternoon League watched Pat Holloway shoot a fine 167/485 set. Joan Dunahoo had a 104 triplicate the same afternoon.

Bill Bendele's 215 game, 627 series led the Intramural League. Other good games were Connor Russell 230, Mel Wright 224, Same Mele 227 and Mark Souder 223.

There is a lot of good bowling going on right now, people have found the range and are going pretty good average wise.

S.S. is still running around looking for an act. His last one bombed out. He had his son count to 20 and sing "Yankee Doodle" which is pretty good for a 30 year boy — but it's old hat.

Sonny Says, "A good bowler never has to tell you how good he is — his performance will speak for itself."

WIN FIRST GAME—Coach Ben Hernandez, of the Golf Course, puts his team through last minute practice before their season opener Saturday. The Mexican-American Club is sponsoring the Lions, a team in the Northwest Little League. The Lions won their first game against the Whiz Kids 14 to 2. Brig. Gen. Edward Mendel was on hand to throw out the game ball. (U.S. Air Force Photo by SSgt. Ron Pack)

# Red Sox's blast Tigers 13 - 2

Anthony Miller pitched a one-hitter and scored three times as the Red Sox blasted the Tigers 13-2.

Johnny Roses and Steve Davis backed up the fine pitching by collecting two hits apiece.

Miller's chance for a perfect game was ruined in the fifth inning on a run scoring single by Kevin Dayton.

## Braves Scalp Pirates

Four straight walks and a single by Jimmy Bradford paced the Braves in the fifth inning as they held on for a 10-8 victory over the Pirates.

The losers led 7-6 until the fifth

with the aid of run scoring doubles by David Perry and Ken Westerburg.

## Pirates Outslug Tigers

The Pirates used a 12 hit attack to defeat the Tigers and get their first victory of the season.

Mark Buggs blasted three hits, including a double, to lead the assault. Mike and David Perry, Bill Seward, and Jim McClean also chipped in a couple of hits for the winners.

The Tigers used the timely hitting of David Martin to stay close and trailed 9-8 going into the last inning.

The Pirates scored five times in the sixth inning to clinch the victory.

## Red Sox Win First Showdown

The Red Sox spotted an early Brave uprising that produced three runs, and battled back to take a hard fought 11-5 victory over the previous unbeaten Braves.

Bryon Gross and Gerry Dozier lead the uprising by blasting run scoring doubles and gave the Braves a quick 3-0 lead.

However, the Red Sox scored five times in the third inning and four more in the sixth to keep their record

unblemished. The losing defense pulled off two double plays.

## Standings

# Soccer team places second, wins sportmanship plaque

The Base soccer team played in the Soccer Tournament, held here Sunday. After it was over the Reese placed second and the Old Timers from Texas Tech University (TTU) placed first.

In the first game Reese played the Old Timers losing in the last six minutes 3-2. Close play was the character of the game which showed both goalies doing outstanding jobs in rough and fast play.

During the second game, Reese played Lubbock Christian College (LCC). Reese dominated the game, freely substituting. The final score showed the base winning 8-1.

The third and final game was against the Black Bandits from TTU. Reese won another close one 2-0, defense being the name of the game.

According to Edmond Ford, coach, four players on the Base team were outstanding in this week's games, Jim Johnson, Allen Patriquin, Tefera Mengesha and goalie Ralph Brown.

At the conclusion of the tourney, Lt. Col. Robert Bradshaw presented the first place trophy to the TTU Old Timers, second went to Reese, even though they allowed fewer goals in play, third went to the TTU Black Bandits and fourth to LCC. Reese was awarded the sportsmanship plaque because of the fewer penalties called against them in play.

The tourney rounded out the soccer season.

Coach Ford would like to extend a special thanks to the Moreal, Welfare and Recreation Division, Bill Webster and his staff, Don Johnson and Bill Smith for all their

help during the tourney and the entire year. An extra special thanks goes to the many players and fans that have supported the team through out the entire season.

**SOCCER TOURNAMENT**—Ralph Brown couldn't stop this shot by the Old Timers of Texas Tech University during the opening game of the Soccer Tournament held here Sunday. The Old Timers won the game 3-2, however Reese went on to win the remainder of their games to place second in the tourney. (U.S. Air Force Photo by SSgt. Ron Pack)

# Mexican-American Club sponsors softball tourney

The Reese Mexican-American Club will be sponsoring a slow pitch softball tournament beginning at 7 p.m. today and continuing through Sunday.

The Saturday games will start at 10 a.m. and continue until 8 p.m. Sunday's games begin at 10 a.m. with the last game beginning at 8 p.m.

Trophies will be awarded to the top three teams. This is a double elimination tournament with teams from Reese, Lubbock and surrounding communities

competing. Hot dogs, hamburgers, soft drinks and other refreshments will be sold. Come join in the fun and support your favorite team. The tournament will be held on the softball field behind the Youth Center.
