Reports Vary On Who's Winning... Rebels Renew Fighting

By The Associated Press
Anti-communist rebels have launched a new series of attacks in eastern Afghanistan, it was reported today in Moscow and New Delhi, but the accounts differed on whether Soviet or Afghan troops were bearing the

brunt of the fighting in the snowswept mountains region. The Soviet news agency Tass said Afghan army units were "liquidating" the "bandit gangs" in three provinces. But an Indian journalist reported from Afghanistan that

government troops in the area "do not seem to have the heart" to battle the rebellious tribesmen, and Western diplomats in New Delhi said Soviet units were involved in the new fighting and were suffering casualties.

Tass today also denounced as "monstrous misinformation" U.S. reports quoting Afghan refugees as saying that Afghan troops led by Soviet advisers massacred more than 1,000 men last April in an eastern Afghan village whose people were accused of collaborating with the rebels.

The refugees' report was relayed by Edward Girardet of the Christian Science Monitor, writing from the Raghnai Pass on the border between Afghanistan and Pakistan. He gave this account in his

copyrighted dispatch. About 200 Afghan soldiers led by 20 Soviet advisers entered the village of Kerala, in eastern Afghanistan about 40 miles from the Pakistani border, last April 20.

"They forced all the men to line up in crouching positions in the field just outside the town and then opened up with their machine guns from behind," said Abdul Latif, a traffic policeman who said he was among the survivors.

The order to fire came from a "dark-blond, green-eyed Russian soldier who wore an Afghan uniform without insignia."

Within minutes a bulldozer was put into action, plowing the bodies under in the field while the wives and children of the men

watched and wailed. Some of the victims apparently were still alive and moving.

"Then they spread out through the town gunning down all the remaining men they could find."

Girardet said about 400 families from the village fled to Pakistan, where more than 500,000 Afghans have found refuge since Afghan communists took over the government in Kabul nearly 22 months ago, and a Moslem guerrilla rebellion broke out in the countryside.

"Overall corroboration of testimonies by the survivors, many of whom live miles apart, confirms the magnitude of the killings although the exact number of victims must remain an estimate," Girardet reported.

WIN TOP HONORS—The Snyder FFA poultry judging team, above, and the junior grass judging team below, won top honors in their events at the Fort Worth Fat Stock Show. On the poultry team are, from left, Tracy Neves, Trevlyn Pitner and Monty Key, while the junior grass team is composed of, from left, Matt Davis, Ricky Thompson, Jeffery Gilbert and Nixie Brewster. Advisors of the teams are Floyd Collins and Billy Bob McMullan, vocational agriculture teachers. (SDN Staff Photo)

City Election Date Set

Council Gives Okay To Plans For Tax Office

The Snyder city council last night agreed to spend \$22,940 in financing its share of the Scurry County Appraisal District, the new agency that has the responsibility of appraising property for all taxing entities in the county.

That approval is tentative, however. It is dependent on the decision of the governing board of every other taxing entity in the county to pay its share in the overall cost. The other entities include the county and the school districts in Snyder, Hermleigh, and Ira.

In other action last night, the city council authorized Mayor John Fagin to call the general election for April 5. In that election, voters will select a mayor, plus councilmen for places 2, 4, and 6. The election judge will be Mrs. Charlie Morrow.

Primary Ballot Lineup All Set

The filing deadline for candidates in primary elections passed Monday evening with only one new local race developing.

Tommy Mills filed for the position of county chairman of the Democratic Party, opposing the current chairman, Gene Bowlin.

For most of these entities the cost of participating in the new single unit appraising district will be less than they were spending last year to do it themselves. For the Snyder school district, however, the cost will increase.

John Thomas, who had indicated his plans earlier in the day Monday, officially filed as a candidate for county commissioner in Precinct No. 3, and it was announced that District Attorney Pete Greene had filed for re-election with the secretary of state.

The party primary elections will be held on Saturday, May 3. This year, however, Scurry County will have a local race continuing to the general election in November. Commissioners Precinct No. 3 wound up with three candidates, two Democrats and one Republican. Thomas is opposing the

incumbent, Charlie Yoast, in the Democratic Primary, and Bernhard J. Bartels, who has been serving as county Republican chairman, will have his name on the ballot unopposed in the Republican primary.

Other local candidates in the primary elections, all on the Democratic Party ballot, include: Wayland G. Holt, incumbent, and James Clark for district judge; Leland (Pete) Greene for district attorney; Keith Collier, incumbent, and Bobby Goodwin for sheriff; George Kilham, incumbent, and Gary Terrell for county attorney; Clarence Minton, incumbent, for tax collector; Eldon Perry, incumbent, for County commissioner in Precinct No. 1; Bill Love, incumbent, and Lloyd Merritt for constable in Precinct No. 1; Gene Bowlin, incumbent, and Tommie Mills for county chairman.

Tuesday update

Saudis May Cut Prices

NEW YORK (AP)—Saudi Arabia, producer of nearly one-third of OPEC's oil, reportedly may cut prices or increase its output to slow a price spiral it started with a \$2-a-barrel increase last week.

The report in the Middle East Economic Survey came Monday as Nigeria, Algeria and Indonesia, suppliers of 11 percent of U.S. oil needs, raised crude oil prices by up to \$4.21 per 42-gallon barrel.

Offshore Platform Capsizes

PORT LAVACA, Texas (AP)—Seven crewmen were hurt, two of them seriously, when an offshore oil drilling platform with 42 persons aboard capsized in the Gulf of Mexico off the Texas coast early today, the Coast Guard said.

Gibson said the crewmen were quickly plucked from the water by a tugboat towing the platform. He said a Coast Guard helicopter took several of the injured crewmen to the Port Lavaca hospital.

Train Wreck Kills One

DENISON (AP)—Seventy-nine grain-loaded box cars from a stranded diesel train broke loose on an incline and slammed into two switchers Tuesday morning, killing an engineer, injuring two crewmen and rooting up tracks and ties for hundreds of yards.

Forty to 50 of the grain cars were jammed on top of each other after the impact, which scattered tons of corn and wheat across the countryside four miles north of Denison.

5 Indictments Returned Here

Five indictments and one no-bill were returned Monday afternoon by an eight-man, five-woman grand jury.

Among the indictments returned was one against V.T. Roberson, 1111 31st St. Roberson, the indictment alleges, stole a reel of copper cable from Charles Lantrip on Dec. 22. The reel contained 6,710 feet of cable.

A drug indictment alleging possession of a controlled substance was returned against Greg Lowell Allen, Allen, 111 Scurry, is charged with having in his possession fenethylline. He was arrested Dec. 16.

Three drunken driving indictments were also returned. Named in them were Tom Jerry Luera, 405 34th St., Junior Matta Herrera, Lubbock, and Ralph Lane Johnston, 2201 41st St.

The grand jury no-billed (refused to indict) one man. That was Robert Escobedo, 609 1/2 30th St., who had been charged with drunken driving.

District Attorney Pete Greene said the drunken driving charge against Larry Neil Crawley, 2410 27th St., which had been scheduled for presentation before the grand jury yesterday, was overlooked and will be submitted to the grand jury when it next convenes.

Serving on the grand jury were Juanita Hester, L.H. Hardy, Frank Alarcon, Bert Stahl, Fred Bullard, Nona Bunch, Charlie B. Morrow, Rosemary Kohl, Gerald A. Taylor, Janet Lay, Brent Hinshaw, and Don Adams. Morrow was jury foreman.

The SDN Column

Alternate sources of heating fuel claim attention throughout the country these days, but economics always muscles in on the picture. John Thomas, who was in Missouri recently, picked up this account of a project that involved switching to a wood-burning stove for heating a dwelling, as recorded in a Rotary Club bulletin in Marshall, Mo. The over-all cost was pegged at \$54,922.81 for the first year, and the savings on fuel was estimated at \$62.37.

Here's how the cost accumulated:
Stove, pipe, installation, etc., \$458; chain saw, \$149.95; gas and maintenance, etc., \$44.60; four-wheel drive pickup, stripped, \$8,379.04; four-wheel drive maintenance, \$438; repair rear window twice, \$310; fine for cutting unmarked trees in state forest, \$500; 14 cases of Michelob, \$126; littering fine \$50; tow charge from creek, \$50; doctor's fee for removing splinter from eye, \$45; safety glasses, \$45; emergency room treatment (dropped log on foot), \$125; safety shoes, \$49.50; new living room carpet, \$800; paint walls and ceiling, \$110; chimney brush and rods, \$45; log splitter, \$150; 14-acre wood lot, \$9,000; taxes on wood lot, \$310; replace coffee table (chopped up and burned while drunk), \$75; divorce settlement, \$33,678.22.

★★★
Last Friday might have been labeled "old home week" for a couple of former Snyder High School students who now are employed as athletic coaches.

Benny Ward, in his first year as head basketball coach at Brownfield High School, brought his Cubs here for a conference game with the Tigers.

The same evening, Ranger Junior College's women's basketball team came here to play the Western Texas College Dusters. The Ranger team's head coach is Kay Kincaid, the former Kay Nix, also a Snyder High graduate and daughter of Doris Duff, office manager of SCAT.

Neither fared well in their old home town, but both are looking ahead to better days. Benny had the Cubs up to 11 victories and 11 defeats when they came here. They won only one game all season last year. Kay had only eight players available due to illness, dropouts, flunk-outs and various other problems after starting the season with a squad of around 30. She reported that Tim Marcum, another SHS grad and former Tiger quarterback, had left Ranger last week to take over duties as secondary coach of the Rice Owls. Marcum had been athletic director and head coach at Ranger Junior College.

John Thomas In Race For Commissioner

John H. Thomas has announced that he is a candidate for the office of county commissioner in Precinct No. 3 in the Democratic Primary election.

Thomas, a resident of Snyder for the past 15 years, is a former Chrysler and Honda dealer here and currently is owner of JEET Air, Inc., an air taxi service, and of Caprock Insurance Agency. Before moving to Snyder, he served as sales manager for Westinghouse Supply and for Franklin Electric Co.

Thomas has an engineering degree from Purdue University. Previously, he has served two terms on the Snyder City Council, served two terms as President of the Snyder Chamber of Commerce and one term as President of the Snyder Rotary Club. He is a Mason, a Shriner and a member of the Snyder Goldcoasters.

In making his announcement, Thomas said he believes there are methods for economizing in the operation of the county government and that he hoped to work for efficient and conservative county operations.

Ask Us

Q—How can Snyder and Scurry County receive rebates on mixed drink taxes when they are legally "dry"?

A—These come from taxes paid to the state by the private clubs that operate legally in the city and county.

WEATHER

CLEAR
SNYDER TEMPERATURES: High Monday, 78 degrees; low, 31 degrees; reading at 7 a.m. today, 32 degrees; precipitation, none; total precipitation for 1980 to date, .50.

U.S.S.R. Criticized In Human Rights Analysis

WASHINGTON (AP) — The State Department, analyzing human rights around the globe, reported today that Cambodia, Vietnam and North Korea were among the most violently repressive countries in the world.

The 154-nation study said conditions generally have improved in Africa and Latin America. But it was sharply critical of the Soviet Union, estimating the number of political prisoners at between 2,000 and 10,000 and stating that the regime "recognizes no right to any opinion or behavior it chooses to regard as deviant."

Although torture in the Soviet Union is "less prevalent" than before, the report said Soviet prosecutors have not failed to convict prisoners accused of political crimes in the 62 year history of the revolution.

In summary, the report said, "impressive strides" were taken in 1979 in the building of international institutions for protecting human rights.

The study cited as one example a call by African nations for a permanent Pan African human rights body as well as the new American Convention on human rights, which sets forth standards for members of the Organization of

American States.

Among non-communist countries, the report was perhaps most critical of South Africa where, it said, the non-white majority "suffers pervasive discrimination."

The annual report previously was limited to analyses of recipients of U.S. military and economic aid but this year was broadened to include all countries. The report is mandated each year

Alcoholism Seminar Set

The Big Spring State Hospital will conduct its 43rd alcoholism seminar Friday. It will be held in the auditorium at the Big Spring State Hospital.

These seminars are made possible through the Big Spring State Hospital and are being held in conjunction with Howard College.

Jacque Small, M.S.W., psychotherapist, private practice, author, trainer and formerly Director of Training, Texas Commission on Alcoholism, Austin, will be the consultant for this day long seminar.

This seminar will be of interest to those working in the field of alcoholism and to those of the general public who are interested in learning more about this problem.

Registration will begin at 8 a.m., and the general session will begin at 9 a.m.

crimination in all areas of life; their basic human rights are systematically violated."

The annual report previously was limited to analyses of recipients of U.S. military and economic aid but this year was broadened to include all countries. The report is mandated each year

Stock Show Set At Ira Saturday

IRA—The Ira Future Farmers of America will hold their annual livestock show Saturday at the school bus barn.

Judging will begin at 1 p.m.

Youngsters will show some 95 hogs, 12 sheep and six steers in the community show, which is held each year just prior to the Scurry County Junior Livestock Show.

Eddie Pucket, vocational agriculture teacher at Sweetwater, will judge the show.

New hope for acne

By Lawrence Lamb, M.D.

DEAR DR. LAMB — I read a magazine article about a new treatment for acne I'm 29 years old and have had acne since I was 13. This new treatment is 13-cis-retinoic acid (a vitamin A acid that's taken orally). I was wondering how effective this treatment is and if there are any side effects.

DEAR READER — The preliminary research work on the new derivative of vitamin A is promising. The results noted in individuals with severe acne that hasn't responded well to other treatment is really quite remarkable.

This new treatment is not available for doctors to prescribe to patients at this time. It's still undergoing testing. While the results are good, it needs to be tested long enough to be sure that there are no important side effects or complications of the medicine itself.

I'd like to point out that this is not the same thing as standard vitamin A that people can buy in stores. Often young people will try to take large amounts of vitamin A to control acne. It doesn't and, worse than that, too much vitamin A can cause a vitamin A toxicity.

I am sending you The Health Letter number 8-2. Acne Can Be Treated—Other readers who want this issue can send 75 cents with along stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 151, Radio City Station, New York, NY 10019. This issue will provide the necessary information that you need to do whatever can be done with a home management program.

Basically, this entails using warm, moist soaks to help loosen the fatty secretions that have plugged the pores of the skin, and effort to decrease

HEALTH

Quilts Add Funds For Rehab Center

More than \$200,000 was raised from the sale of 114 handmade quilts and afghans donated to the West Texas Rehabilitation Center for Rehab '80.

Because not all of the donated needlework was displayed on the air during the telethon on Jan. 26, the bidding was extended through Jan. 31 and the quilts and afghans were displayed in the Gist Memorial Center, WTRC, Abilene.

A steady stream of visitors viewed the quilts and afghans, inspecting the delicate hand work and bidding as much as \$2,000 for a single quilt.

No full-sized quilt was sold for less than \$100 and most brought \$300 or more. Afghans sold for approximately \$100 apiece.

Quilting clubs, senior citizens groups and individuals from West Texas and Oklahoma contributed the coverlets to WTRC.

One of the quilt donors was Mrs. C.E. Daniel of Snyder.

"We are so appreciative of the time and work put in by these people to help the West Texas Rehabilitation Center," executive director Shelley V. Smith said.

"We know how much love has gone into making each one of these beautiful quilts and afghans. The money we receive will mean many hours of treatment for the handicapped."

Rehab '80, the 10th annual telethon benefiting WTRC, raised more than \$800,000 in gifts and pledges. This year's budget for the facility in Abilene, San Angelo and Snyder will be approximately \$2.7 million.

In 1979, more than 7,000 handicapped children and adults were treated at the West Texas Rehabilitation Center without charge.

The Lemonade Springs in New Mexico carry about 900 pounds of sulfuric acid per million pounds of water, more than 10 times the acid concentration in coal mine discharges.

ASTRO-GRAPH

Bernice Bede Osol

February 5, 1980

Many fun, exciting things can happen for you this coming year, especially in the social areas. However, a word of caution: Prudent handling of your finances is required.

AQUARIUS (Jan. 20-Feb. 19) It would be a costly mistake to try to use money as the solution to winning others over to your side today. Be open and honest and they'll respond with the same fairness. Find out more of what lies ahead for you in the year following your birthday by sending for your copy of Astro-Graph Letter. Mail \$1 for each to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

PISCES (Feb. 20-March 20) You'll be tempted to make excuses in order to dodge responsibility for something that went awry. Much to your credit, you'll face up to it.

ARIES (March 21-April 19) Be extra careful today that you don't handle a co-worker in a harsh manner. Later, it would take all the diplomacy you could muster to patch things up.

TAURUS (April 20-May 20) A task facing you today will be easier to tackle if you think about rewards you'll be getting, rather than of the person who caused the inconvenience.

GEMINI (May 21-June 20) Don't think you have to manipulate family members in order to get your way today. Use a little flexibility. They'll cooperate with your desires.

CANCER (June 21-July 22) You may do a lot of fancy talking in an attempt to get out of certain domestic responsibilities today. Don't waste your breath. Your nobler instincts won't permit it.

LEO (July 23-Aug. 22) You're the most charming and kind person today in dealing with others in all matters except one: Money. In this, you tend to be a little tight-fisted.

VIRGO (Aug. 23-Sept. 22) In your zest to take care of all your responsibilities and get your work done today, you could overlook the fine art of handling people. Tread a bit more softly.

LIBRA (Sept. 23-Oct. 23) Chances are you'll adjust your thinking today regarding a self-interest, after something happens to make you realize how singularly you've been behaving.

SCORPIO (Oct. 24-Nov. 22) When others accidentally intrude upon the solitary mood you're in today, it will prove easier to exercise tolerance than to try to gain their forgiveness later for snapping at them.

SAGITTARIUS (Nov. 23-Dec. 21) A serious domestic matter that has you chafing at the bit needs a solution. Listen to an unbiased third party — this person can help.

CAPRICORN (Dec. 22-Jan. 19) Mind your tongue and don't promise something you can't deliver in order to accomplish your aim. Use of ingenuity will gain better results.

HOMER HURST

Hurst Retires From Exxon

Homer R. Hurst of Snyder has retired from Exxon Co., U.S.A., effective Feb. 1.

At the time of his retirement, Hurst was assigned as senior technician-electrical in the Midcontinent Production Division, Midland District.

He joined the company in 1946 in the Means area of the Andrews District and in 1949 was transferred to Snyder. He was reared in Tanaha.

Hurst was presented retirement awards at a dinner held in his honor. He and Mrs. Hurst plan to make their home in Mineral Wells.

BIRTHS

Debbie and Randy Blaine of 209 34th St. are the parents of a 9 lb. 6 oz. daughter born Jan. 29 at 1:32 a.m. in Garza Memorial Hospital in Post. She was named Krystal Kay.

Grandparents are Leroy and Mattie Jones of Olney and Don and Carol Kester of Wichita Falls. Great grandmother is Mertie Tatom of Snyder.

Are you worried about the high cost of heating?

The Kero-Sun Radiant 10 operates on clean burning, safe barium. Amazingly efficient, the Radiant 10 burns over 30 hours on less than 2 gallons of fuel, producing a remarkable 9,400 BTU/hr (heating as much as 3,000 cu. ft.). This pennies per hour heating method brings welcome relief from today's cost of heating (1/3 to 1/2 cost of equivalent electric heat). So stop shivering, start shopping for a Kero-Sun Radiant 10 heater.

Rig Count Off Sharply

Drilling activity declined sharply last week in Permian Basin oil fields, although activity continued well above the level of this time last year.

Reed Rock Bit Company's weekly survey showed 292 rigs running last week, compared to 317 the week before. There were 232 rigs in operation during the corresponding week in 1979.

Lea County, N.M., led the survey with 39 active rigs, a decrease of one from the previous week. Pecos County was the West Texas leader, with 22, a decrease of two.

Scurry County had two rigs running last week, the same as the week before. Figures for other area counties, with last week and the week before, in order: Borden 4 and 4; Dawson 5 and 6; Garza 5 and 6; Howard 1 and 8; Kent 1 and 1; Mitchell 4 and 5.

Keep your home up and help keep electric bills down.

A large part of saving energy—and money—is simply a matter of cutting waste. In these days of "scarce" energy and inflation it's important to all of us to conserve. You can start by maintaining your own home.

Seal cracks around doors and windows with caulking and weatherstripping to stop heating and cooling leaks. Check to ensure that ductwork is well insulated and sealed. If this is not done right, much of the heating and cooling escapes into your attic.

Consider installing storm windows in your home. They save energy by creating an insulating layer of air between

the temperature outside and temperature inside your home.

For the full story on saving energy—and energy dollars—get our Unhandy Person's Guides. Just call Texas Electric or ask for them on the comments section of your next electric bill. They'll help even the most unhandy person tighten up his home.

At Texas Electric, we want to help you keep your electric bill down.

Texas Electric Service Company

Dusters Can't Gain Momentum...

Queens Take Over Top Spot

By The SDN Sports Staff
BIG SPRING—It was like two different ball games, the first and second halves between the Hawk Queens and the Dusters here last night. Unfortunately for the Dusters, they lost the most important one — the second.

and never trailed again in the game. Strong team rebounding and accurate shooting from Kellie Lyons and JoAnn LeFridge helped the Queens to a 89-78 victory, and gave HCC a one-game lead over the rest of the WJAC pack.

Those who have followed the Dusters seemed to feel it would be a typical WTC finish — down to the wire, but pulled out by a surge with several minutes to go ... and another win.

Lyons, a key figure on the boards in the second half for the Queens, also basketed 16 of her 18 points for the night. She got plenty of help from LeFridge, who bucketed 22 as the hosts sacked up 43 percent of their field goal efforts.

Joe Cushing. "They (HCC) came out in the second half and scored some quick points and we got tight. We weren't taking good shots, and we didn't play well defensively. But it wasn't anything to put a finger on. The Dusters were putting forth effort for the most part. The results just weren't there."

5:34 left when Plagens hit the front end of a trip to the stripe and Katie Fisher followed with a bucket to make it 74-67. HCC's Jayne Jones scored again for the Queens and LeFridge added two points on a fast break off of a full court press to quiet the effort.

Snyder Remains No. 2 In State

Snyder High School boys varsity remained in the No. 2 spot of the Fort Worth Star-Telegram Class AAA basketball ratings this week after knocking off Lamesa and Brownfield in district competition.

bi-district and regional playoffs

Howard College went up by six points early in the second period, and although WTC trimmed it to three on several occasions, it could never get the momentum it needed to go back in front. The Queens stretched the lead to 12 points, 64-52 midway through the half, before Teal basketed two quick points to cut the lead to eight.

It was that kind of night for the Dusters, who must prepare for another tough game Thursday in Odessa, also tied with WTC at 5-2.

PORT WORTH (AP)—Here are the weekly Texas high school basketball ratings, compiled by the Fort Worth Star-Telegram sports staff after consulting with coaches and sports writers across the state.

Class 6A	Rank	Team	Class 4A	Rank	Team
1	26-1	Houston Yates	1	27-2	Beaumont Hebert
2	22-2	Dallas Roosevelt	2	21-4	Snyder
3	26-2	Houston Milby	3	21-4	Hansville
4	26-3	FW Paschal	4	25-2	Andrews
5	21-3	EP Eastwood	5	25-2	Waxahachie
6	23-3	Plano	6	19-1	Paris
7	26-3	5-Ant Churchhill	7	19-3	Kilgore
8	29-3	Stafford Oulies	8	24-3	Borger
9	17-5	Dallas SOC	9	21-4	Georgetown
10	26-4	Austin Lanier	10	21-5	Aldine Eisenhower
			Class 2A		
			1	24-0	Coleman
			2	23-2	Brownboro
			3	21-2	Boiling
			4	17-4	Fairfield

			6	19-5	Prairiland
			7	17-4	Pittsburg
			8	23-3	Jackboro

WJC Results Show Westerners, Queens Lead Loop Races

Howard County College's Hawk Queens took over the lead in the Western Junior College Athletic Conference last night, defeating Western Texas College's Dusters 89-78.

In men's play, Western Texas continued to lead the WJAC, stopping Howard College 105-93. Other women's results from around the conference saw Odessa romp Frank Phillips 91-57 and Amarillo easily handle Clarendon College 71-45.

WELL DEFENDED—Howard College's Hawk Queens outplayed the Dusters under the boards in second-half action last night, generally making things unpleasurable for the WTC group. Above left, Jill Floyd is unable to defend this shot by Duster Katie Fisher, but above right, Floyd and Shawn Smith give Shari Teal a hard time. The Queens are there for a rebound, if necessary, too. (SDN STAFF PHOTO)

Netters Begin 3A Play At Sweetwater

SWEETWATER—Snyder and Sweetwater varsity tennis teams begin District 3-AAA play here this afternoon.

Snyder defeated Sweetwater 7-1 in the Snyder Team Tennis Tournament held over the weekend. The Tigers won the tourney with 35 points while the nearest challenger, Brownfield, had 26.

Against the Mustangs on Friday, in non-district play, Donna McGee defeated Kelly Brittain 6-2, 6-1 and Dianne Sentell won over Karla Mims 6-3, 4-6, 6-2 in girls singles. In doubles, Cathey Cyper and Kelly Scott lost to Connie Weber and Sylvia Layfield 1-6 and 0-6, and Pam Smith and Patti Clark defeated Barbara Gesin and Kristi Walker 6-2, 6-3.

Weber, a former Snyder-High School student, played doubles with McGee last year.

In boys singles, Neal Paige defeated Tony Maxwell 6-2, 6-2; Jimmy Fowler won over Vu Le 6-0, 6-0 and in boys doubles, Jon Smith and Jeff Wesson stopped Roger Smith and Dwaine Williams 6-3, 6-3, and Richard Derrick and Mark Cyper bested Russell Davis and Bobby James 6-4, 6-3.

Friday, Snyder's Tigers begin play in the two-day Big Spring Valentine Tournament, then return to 3-AAA play Feb. 19 in San Angelo Lake View.

Tigers Host ACHS Tonight

Snyder High School basketball teams entertain Abilene Christian in double-header action tonight, beginning at 6:15.

The games mark the final non-district ones for Snyder, which is deeply entrenched in loop competition.

Respective girls varsities will tip off the series, followed at 8 by the boys. A JV game, slated for 4:30, has been cancelled.

The games will be held at Scurry County Coliseum. Tickets are \$1.50 for adults and .75 for students.

Upcoming in District 3-AAA play are Friday's

Extend Record To 23-0...

Westerners Spear Hawks

BIG SPRING—Western Texas College, the nation's No. 1 junior college basketball team, continued to show its normal display of power here last night, downing Howard County College's Hawks 105-93 in a Western Conference shootout.

The victory gives the Westerners, 23-0 for the season, an 11-0 conference record. Howard College, 14-10, falls to 5-6.

an early lead and never lost it. David Brown, 6-6 sophomore, led with 18 points, followed closely by Phil Spradling with 15, Paul Pressey with 14, Ronald Portee with 12, Freddie Davis with 11 and Bill Patterson with 10.

well-executed fast break by the Westerners, who pushed its advantage to 19 points on several occasions.

Wallace garnered 26 points for the Hawks. Ron Akins added 22 and Ken Jones picked up 17.

Tech Upsets Aggie Cagers

By The Associated Press
Texas Tech put new life into the Southwest Conference basketball race with its 63-53 upset over the Texas Aggies in Lubbock Monday night.

"Now we have got to win the rest of them, and that means Arkansas in Arkansas," Texas A&M coach Shelby Metcalf said after the loss before a packed crowd and a television audience.

The defeat was the first in SWC play for the Aggies, who now share first place with the Arkansas Razorbacks, who drubbed TCU 74-47.

"I know it's tough to win up there (Fayetteville), but I'll take my chances with this team. Even if we had won tonight, it would have been a heated race the rest of the way," Metcalf added.

The Arkansas-A&M showdown is next Tuesday night.

In other SWC action Monday night, Texas exploded for 54 points the first half and held on to edge Houston 84-82, SMU defeated Baylor 73-69 and Rice beat Wright State 84-78.

Tech coach Gerald Myers was ecstatic over a second straight topnotch defensive effort from his players.

"We had a great effort from everyone. Our inside people played especially well. It was just a great team effort," he said, handing out special tribute for Ralph Brewster, David Little and Ben Hill.

Tech held 6-11 Rudy Woods to 8 points, Vernon Smith to 6 and Rynn Wright to 13.

"We just didn't get the

Thomas Receives Sullivan Award

INDIANAPOLIS (AP)—Anything Kurt Thomas does, he does to win. Finishing second, he says, is like finishing last.

"Winning is best," said the 23-year-old gymnast, who last year became the first American to win an all-around medal in international competition. He added another first to his list of accomplishments Monday night as recipient of the Amateur Athletic Union's annual Sullivan Award as the nation's top amateur athlete.

"This means a few things to me," the former NCAA champion from Indiana State University said. "First, it's important to me because it is given in Indiana, and this is where my gymnastics really began. Another thing is that this is the most prestigious award given."

Thomas, now an assistant coach at Arizona State University, beat out Renaldo Nehemiah, the world record holder in the high hurdles, and 15-year-old Cynthia Woodhead, who set two world and nine American swimming records in 1979, in the voting for the 50th annual Sullivan Award.

In addition to his own personal achievements, Thomas said he sees the emergence of American gymnasts as serious contenders in international competition as a source of "a lot of satisfaction."

"It's definitely improved overall," he said. "We competed in the world championships at Fort Worth, Texas, in December very well as a team, winning the bronze medal. And this is the first time we've had much depth."

good performance. Tech deserved to win. Tech did an excellent job inside tonight, unlike our first game at College Station. They had a good game plan and stayed with it all night," Metcalf said.

The teams traded the lead until Tech pulled away with 7½ minutes left and scored 10 straight points to turn a 41-41 tie into a 51-41 lead. After Tech got two baskets, Smith fouled out and also drew a technical foul. The Raiders picked up three free throws on that, went into a delay game and added three more points on Brewster's stuff shot and free throw after he was fouled.

LaSalle Thompson, Texas' 6-10 freshman, scored 13 points and grabbed 14 rebounds in the first half as the Longhorns took a giant 22-point lead over Houston at intermission, 54-32.

But cousins Robert and Kenneth "Juice" Williams led a charge that left the Cougars only a basket short of wiping out the deficit.

"This is the craziest game in America. Mercifully, it ended," said Texas coach Abe Lemons.

Dusters

Chevron energy report:

In 1979, Chevron made a nickel on a sales dollar.

But, most people think we made ten times that much.

A recent independent nationwide survey found that people believe, on the average, that oil company profits are about 57¢ on each sales dollar. That just isn't the case.

Actually, Chevron's 1979 profit on each dollar of U.S. petroleum sales was 5.1¢—about a nickel. Worldwide it was 5.3¢. (This compares to a 9-month average of 5.6¢ for all other major U.S. industries.)

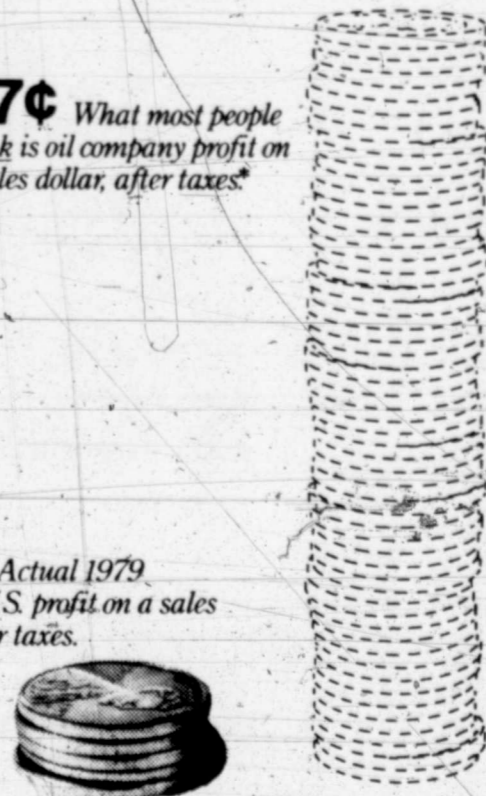

Part of Chevron's profit, of course, went back to our shareholders. The remaining profit and other cash from operations provided the funds for Chevron's expenditures in such areas as exploration and development of oil and gas fields, refineries, and transportation facilities.

In the U.S., these Chevron expenditures were equivalent to 10.7¢ per dollar of U.S. petroleum sales, more than double our U.S. profit.

Thank you for listening.

57¢ What most people think is oil company profit on a sales dollar, after taxes.*

5.1¢ Actual 1979 Chevron U.S. profit on a sales dollar, after taxes.

Save Energy, Money With New Water Heater From Robinson's

What could make you feel better than waking up on a cold winter morning and taking a nice hot bath or shower? And what's worse than expecting hot water and having none due to a faulty water heater? A new A.O. Smith water heater from Robinson plumbing will eliminate this from happening to you.

A.O. Smith makes one of the most energy conserving water heaters on the market today, and with today's energy prices, that's an important consideration.

Owner Rob Robinson noted that an energy conserving water heater costs more than a conventional model but he also stated that "The annual return on this extra dollar investment can be 33 percent or more." The return comes back to the consumer in the form of annual energy savings.

What achieves these energy savings, you ask? Such things as thicker insulation, and overall design. Also, the A.O. Smith Conservationist gas model has what is called a Thermogard dip tube, which actually provides more usable hot water, up to 30 percent more.

ENERGY CONSERVING—Rob Robinson of Robinson Plumbing is shown here with the A.O. Smith line of water heaters, headed up by the Conservationist. The Conservationist is an investment that will pay annual returns. (SDN Staff Photo)

In addition, these energy conserving water heaters carry a 10-year warranty, as against the five year warranty of an ordinary water heater. And while Robinson does most of his advertising on water heaters, he hasten-

ed to add that Robinson Plumbing carries a complete line of plumbing supplies for the do-it-yourselfer and a staff of professional plumbers who can do it for you. The staff of Robinson Plumbing, located at 2204 25th St., want to help you

with all your plumbing problems. Rob or Mrs. Robinson, and plumbers Olton and Mike take the time necessary to help the customer on an individual basis and 23 years of business in Snyder is a testimonial to that.

Something New Is The Word At 'Special Moments' Gift Shop

"Something New" certainly seems to be "the" word at Special Moments. In two weeks a "new" section will be opening up in the store. The Gift Shop will be expanded in order to give brides a more extensive selection. Those shopping for a wedding gift or house warming gift will find themselves surrounded with ideas in giving.

"New" lines expected to be added to the gift shop are kitchen appliances, kitchen linens, wooden ware, cookware and brass items.

Selections will be arriving daily after they open up -- so next time you need a gift go by and let Connie or Nelda Huddleston help you make a "just right" choice.

A "new" line of formal wear is also to be added to the clothing section of the store.

Willie Nelson jeans will be arriving in May -- be sure and check these out. Le Pouche jeans will also be carried at Special Moments.

Accessories will also be carried at Special Moments.

Accessories will also be "new" -- from hand bags -- to belts -- to hats, all the little things you need to complete the look you want.

Something "new" in sportswear will come from Center Stage Active Wear. This new terry cloth line will come in warm-ups, short suits and rompers, and be in navy-red and yellow-orange combinations.

SEE WHAT'S NEW—Special Moments employee Teena Hopper models a new Spring dress by Act I. Also shown are other selections available for your spring and summer wardrobe. (SDN Staff Photo)

Of course not everything at Special Moments is "new" -- Nelda and Connie have kept all the best of the store the same. It's still the place to go for all your wedding needs.

Weddings dresses and bridesmaids dresses by Bianchi, Piccione, Alfred Angelo, Briddalure, Colombia, Mike Benet, Carol and Alessandro provide a large selection for you to choose from. Mother's dresses are

special too when they come from Special Moments. And the groom can even rent his tux from them!

For all those other special moments in your life you will find beautiful clothes by Dalton, James Kenro, Robert Arthur, Center Stage and and Butte Knit.

Be sure and go by Special Moments at 4206 College Ave. in the Junction and get in on all the "New and Old." From wedding dresses to jeans to the carefully selected gift you're sure to find just what you are looking for.

Faulk Picks Hee Haw

MADISONVILLE (AP) —John Henry Faulk apparently has decided television comedy is more humorous and more rewarding than a job in the U.S. House of Representatives, and he will not be a candidate.

Faulk's folksy humor has made him popular on television's "Hee Haw" program, and he said he cannot afford to quit the show for politics.

"There's a question as to which one's funnier... 'Hee Haw' or Congress," he had said earlier this week.
