STANTON, MARTIN COUNTY, TEXAS FRIDAY, NOVEMBER 3, 1933

NUMBER SIX

## County Exhibit Nov. 24 and 25

**THE 3.2 beer proposition** seems to be invading dry territory from the standpoint of actual sale in the arid district. Over at Brady, McCullough county, voted local option in the recent election, a cafe proprietor opened up the sale of 3.2 in his establishment. Business became so brisk with him that other cafes in the town went to selling it. They used the columns of their local newspaper to inform the citizens where they could get a "cold draught on tap." They are still at it, though placed under bond. Officers claim they cannot enforce the law if the grand juries will not return indictments against the offenders.

In Kaufman county several places in Terrill were raided and the proprietors arrested for selling 3.2 beer. The officers are holding two or three cases for evidence. The commissioners' court has been asked to stand the expense for sending a bottle to Austin and having it analyzed. This they have refused to do, and the Attorney General's department is upholding the commissioners in their attitude, claiming they have no right under the law.

The defendants claim the beer is not intoxicating and that the officers have no right to hold it. The trials are to come up in the district court soon, and if the defendants win, Kaufman citizens expect to see the town knee deep in 3.2 beer.

According to the newspapers several places in Sweetwater has gone to selling 3.2 beer in the past week.

The wets claim that if 3.2 is non-intoxicating as Congress has declared, permission to sell it should be allowed as well as the sale of beverages of non-intoxicating content.

But here comes the county attorney of McCullough county, who, in company with the city marshal, have returned from Austin where they carried a bottle of 3.2 for analysis, and the contents analyzed 3.2. The county attorney says he was informed that in dry law territory the beverage sold must not exceed more than one per cent alcohol.

Haskell county voted dry except a precinct in the southern part of the county. In view of that fact, two or three places on the highway out of Stamford on the highway are selling 3.2 beer. The city of Plainview has recently voted in 3.2 beer despite the county going dry at a previous election, and as a result, 3.2 beer is being sold.

**THE elephant** is said to be afraid of a mouse, and the mouse does not know it. A very good argument in favor of that what we don't know doesn't hurt us. For instance, a lot of us are yelping in anguish tones of what the depression is going to do to us. In this instance we are howling mightily before we are hit. We admit that its the fear of the future that hurts most of us. We see ahead large dark objects moving in our direction with dire calamity in prospect. If we will only consider for a moment, these objects are manufactured wholly in our mind. Allowing our imagination to get the best of us sometimes brings one to a disastrous end.

To prove that it doesn't do to put much faith in one's imagination, this scribe has been seeing ahead of him for to these many years the "horn of plenty" turned over and dollars rolling up in a pile at his feet. We are still seeing things like that, and so far nothing like that has come to light. The wise plan is not to place much confidence in hallucinations, but turn our thoughts to accomplishing something for the present time.

**THE American dollar** is worth approximately 67 cents in Paris, Amsterdam and Zurich, it is said. Those desiring to spend their money on a more satisfactory basis can do so in the office of the newspaper wherein these comments appear.

Miss Nora Stevens left Tuesday for her home at Post. She has been operating the beauty shop which is now under the management of Miss Sarah Henson.

**ENTRIES BE MADE FRIDAY MORNING AT 9:00 NOV. 24TH.**

**EXHIBIT COMMITTEE CALLED TO MEET AT THE COMMUNITY KITCHEN IN STANTON, SATURDAY, NOVEMBER 18TH.**

The dates of Thursday and Friday, November 24th and 25th were set for the Martin County Exhibit of home products. The building across the street from the First National Bank, which was formerly occupied by the Orr Drug Store, has been secured for the exhibit.

Entries should be made not later than 9:00 o'clock Friday morning, November 24. Judging will be done on Friday. There will be a meeting of the Exhibit Committee Saturday, November 18th at the Community Kitchen in Stanton, to complete arrangements.

The Tarzan Home Demonstration Club, gave the best report at the Home Demonstration Council meeting Saturday. Every member's work was included. There are twenty-four members.

**Canning Beef Demonstration**  
Canning roast, rolled roast, steak meat, meat loaf, stew, sandwich meat, chili, heart, tongue and soup were canned last week at a beef cutting and canning demonstration given by Miss Myrtle Miller, County Home Demonstration Agent, at the home of Mr. and Mrs. Henry Wolcott, at Wolcott, in the northern part of the county. Mr. and Mrs. Doyle Davis of Brown; Mr. and Mrs. B. Foreman, Lenora; and Mrs. Langham, Flower Grove, assisted.

**November Schedule**  
The Home Demonstration schedule for November, follows:  
Saturday, Nov. 18, 2:30 p. m.—Fair Meeting, Community Kitchen.  
Monday, Nov. 20—Meat Cutting and Canning Demonstration.  
Tuesday, Nov. 21—Meat Cutting and Canning Demonstration, Stanton, Community Kitchen.  
Wednesday, Nov. 22—Meat Cutting and Canning, Courtney.  
Thursday, Nov. 23—Meat Cutting and Canning, Valley View, at the home of Mr. and Mrs. F. Haynes.  
Friday, Nov. 24—Martin County Exhibit of Home products.  
Saturday, Nov. 25—Martin County Exhibit of Home Products.

**200 Entries of Eggs Expected**  
More than 200 entries of eggs are expected at the Martin County Exhibit. Eggs will be divided into two classes, white and dark. One dozen will make up an entry. The eggs should be uniform in size, shape and color as well as thickness of shell. No egg in the dozen should weigh less than two ounces. The eggs will be displayed in paper plates on tables.

As many homemakers of Martin County make soap, a display of home made soap is anticipated.

**Testing Sealer**  
Is your sealer adjusted rightly? A Dupree Sealer should be tested with the small wire pins every time 100 cans are sealed. The top of the can should not roll up on top of the chuck of the sealer. The seal should look as factory seal does with no flat places. If you are in doubt bring your sealer to the Community Kitchen for adjustment.

Use No. 2 cans for chili, meat loaf, scrapple, ground meats, heart, tongue, sausage and head cheese. Many people in this section report keeping chili, etc successfully in No. 3 cans. It is not a 100 per cent safe practice and for that reason the Extension Service of A. and M. college cannot recommend it.

Meat cutting and canning bulletins are available from the office of the Home Demonstration Agent on request.

**Can You Beat This?**  
"We canned 386 cans of beef in one day," stated Mr. T. W. Angel. Four cookers and three sealers were used. As to the length of the day,

**ISSUES 18,000 CANS TO CAN PRODUCTS**

Five Thousand Or More Expected To Be Returned Filled.

Arlo Forrest, keeper of records on the amount of cans issued, etc, thru the R. F. C., reports that he has already in stock 2,000 cans of vegetables and meats that have been can-Martin county. The government is letting out empty cans on the basis of 60 and 40 per cent returnable living in of various individuals living in of 60 and 40 per cent returnable filled with vegetables and meat.

Mr. Forrest believes that the R. F. C. will get 5,000 filled cans as their share. The R. F. C. will issue the filled cans out to the needy.

The ravages wrought by the drought one hardly expected there would hardly be enough home-grown stuff produced to feed a canny bird, but with a few light showers of rain and water from wind mills has caused considerable amount of garden truck to be produced.

But that's the way with West Texas, it can promise less and give more than any other section of the state.

The Community Kitchen, over which Mrs. W. A. Kaderli presides, is handling its full quota of production.

**EQUINONES TWINS**

Mr. and Mrs. Willie Equinones have twins, a boy and a girl, born Tuesday of last week. Their names are Mary and Joe, and are the first grandchildren of Joe Equinones.

that was before NRA.

**Canned 2070 Containers**  
Canning 2070 containers of food this year for herself and others, Mrs. Lola P. Metcalf of Stanton, has advanced the "living at home" program in Martin county.

**STANTON LIBRARY TO OPEN SATURDAY**

The Hours Will Be From 3 and 5 in the Afternoons.

The Stanton Library will reopen on Saturday, November 4th. The hours will be between 3 and 5 p. m. All members having books please bring them back at this time if you have not already returned them.

Mrs. James Jones and Mrs. E. P. Woodard will be in charge.

The following schedule for club members has been made out:

Nov. 4.—Mrs. J. Jones and Mrs. E. P. Woodard.  
Nov. 11.—Mrs. R. W. Hamilton and Mrs. Chas. Ebersol.

Nov. 18.—Mrs. Jim Kelly and Mrs. Edd Wilkinson.  
Nov. 25.—Mrs. Arlo Forrest and Mrs. Bryan.

Dec. 2.—Mrs. Phil Berry and Mrs. C. Jones.  
Dec. 9.—Mrs. Powell and Mrs. Whitson.

Dec. 16.—Mrs. Morgan Hall and Mrs. Dale Kelly.  
Dec. 23.—Mrs. Sadler and Mrs. Hazlewood.

Dec. 30.—Mrs. Hitson and Mrs. Wolcott.

We have a good many excellent classics in English literature at the library which we will be glad to loan to rural schools needing them.

**Boyd Sponsor Seniors of '31**

Miss Lela Hazel Boyd, instructor in Spanish in the high school, has been appointed sponsor of the senior class. Miss Boyd, who was born in Louisville, Illinois, was graduated from Stanton High School, Stanton, Texas, her present home, and received her B. A. degree from W. S. T. C., Canyon, Texas. She has an M. A. degree from Baylor University. Miss Boyd taught in the Hondo High School last year. —Big Lake Wildcat.

**PREMIUM OF \$20.00 FOR FIRST BALE**

Lon Z. Prather, Living Northeast Brings in the First Bale

We have probably said this before in this paper about some news item that had been buried deep on the copy hook, "it's better late than never."—If so, here it goes again. But at that, outside of those who contributed to the premium, and the grower, himself, we doubt if many of our 5,000 or more readers are aware there has been any first bale of 1933 cotton crop brought to Stanton.

Under the droughty conditions that have prevailed in Martin county, the first bale, which came in about a month ago, was received with about as much of a surprise to our citizens as had it been so much gold discovered in the county.

Lon Z. Prather, farming northeast of Stanton, raised the bale and brought it to town. Immediately upon its arrival a premium list was circulated in the business district by Sheriff Milt Yater who succeeded in raising \$20. In a time like this we think that a pretty good sized jackpot as a premium from this town. That such one of the fellow approached to contribute by the sheriff feared for his a tidy sum was contributed we realize or a jail sentence, and he coughed up rather than run any chances of being assessed either.

Following is a list of contributors and amounts:

**EDITOR PRESENTED WITH SACK SOUTH TEXAS PECANS**

E. A. Prickett, a prominent farmer of the Tarzan community, brought to the editor a sack of pecans presented by his daughter, Miss Verlie Prickett, who, with Miss Eldora Henson and brother Ollie, had just returned from points in South Texas.

The Misses Prickett and Henson, left Stanton Sept. 25 for Austin. Miss Prickett visited her brother Ollie, who was working on a farm northeast of Austin while Miss Henson visited friends and relatives in Belton and Waco.

Miss Prickett and her brother picked 800 pounds of pecans while there, some of which they brought back with them.

Ollie Prickett returned Thursday of last week. They came by the way of Waco, Clifton, Dublin, Eastland and Abilene.

Miss Prickett has been a teacher in the Tarzan schools for the past three years, and owing to dismissal of school for cotton picking she made a trip to South Texas.

Please pay your subscription.

**FIVE MORE MILES ADDED TO ROAD RUNNING NORTH**

RECENT APPROPRIATION OF FUNDS BY HIGHWAY DEPARTMENT ON EXTENSION GIVES FIFTEEN MILES OF ROAD.

Considerable progress is being made on the Lamesa road, leading north out of Stanton to the Dawson county line. Some 10 miles have been completed, that is so far as moving fences, grading, etc, and recently the highway commission appropriated funds for a five miles extension to the project.

The work of securing the right-of-way on the additional five miles is about completed, we are informed, and the moving of fences and grading began.

The project is to be finally completed to the Dawson county line, an ambition it is hoped to see fulfilled before worked is stopped. Dawson county has given the assurance that when the Martin county road is completed to the line they will be ready to connect from Lamesa, giving Stanton a direct route from Lubbock.

In the final analysis it is expected that the state highway commission will designate the road a state highway, in which event, the road will be hardsurfaced.

Tourists coming into Amarillo and Lubbock wishing to take a southern route to connect with the Bankhead on to El Paso, will then find the shortest and most convenient route down through Lamesa and right down the Main street of Stanton, connecting with the Bankhead at the post-office corner.

The new road will leave the present road at a point north of Dr. Vance's country home, angling across the corner of Sam Stamps' property, coming into town on the street running along the east side of the court house and on down into the very heart of the town. Already a block in the center of the business district is hardsurfaced, and the new road will mean a hardsurface one through the town north.

There is some talk of running a lateral road, branching off from the new road to Knott, northeast, there to connect with Highway 9 out of Big Spring. The plan is now only in incubation, but the feasibility of the project, makes the fact it will be done more flattering. Such a road would give the people of that section of Martin county a direct route to this place, and should establish an artery of trade that would increase the trade volume for the town.

The road work has been furnishing employment to over 100 men with a payroll of from \$600 to \$800 per week. Summing up the amount of money spent through the R. F. C., both direct and for payroll will approximate \$1,000 per week in Martin county.

**103 BALES TODAY; 3,009 YEAR AGO, COMPARISON '32 AND '33**

Thursday, November 5th, 1933, the Co-Op. gin, only one in operation in Martin county, had ginned 103 bales. Last year, up to Friday, November 4th, the gins in Stanton, of which there are four, had turned out 3,009 bales.

There are a number of old magazines which may be had for the asking at the library. Also, copies of almost every magazine may be borrowed, read, and returned.

SPORTS

BY OFFSIDE

Simmons University is planning to send a delegation of 500 or more by special train to back the Simmons Cowboys when Texas Tech and the Cowboys clash on Tech field November 11. This is the homecoming game for students of Texas Technological College and a large crowd is expected. Cawthon's Matadors are anxious to get revenge for the upset they received last year by the Abilene Baptists. It stands to reason that one of the Matadors most valuable ex-members, "Speed" Moffett, of Stanton, is dangling his feet and wiggling his toes itching for that day to come so he can be on the front lines boosting for his alma mater. Moffett completed his four year course at Tech last year, and from the standpoint of the valuable services he rendered the Matadors, Milton Moffett was awarded his sheepskin much too soon.

A sports writer of a North Texas newspaper got his copy mixed up with that of the society editor, and here's what happened:

Bill Smith and Ada Jones were united on the 10-yard line when Todd smashed Rev. John Jackson at Frederick, Okla., and then Horn galloped across the back of the city, who received a field's kick behind goal posts just as the bride, attractively attired in a pigskin from Olney's territory left on a short wedding trip to the Wildcat's den. Capt. Dunn performed prominently in civic affairs and is a young man who is destined to be tackled viciously and care-

AND ENDS NOVEMBER 30

fully guarded by his attractive young bride.

The Stanton Buffaloes flushed the Eagles in their nest at Pecos last Saturday afternoon and just for the disturbance the birds punctured severely the hides of the Buffs. The score was 25 to 0. It was a gala day in the roost of the Eagles. The victory was the first in three years. In 1930 the Buffaloes and Eagles clashed and the Bisons ran rough shod over the Eagles, defeating them 18 to 6. In 1931 the Eagles were defeated on the Buffs' reservation 7-0, and in 1932, the clash between the two teams resulted in a scoreless tie. So it is not good for any team to win consistently over another team. The interest soon slips and the gate receipts take a steep toboggan slide.

Saturday the Buffaloes will try their luck with the Panthers at Fort Stockton. The Pecos county seat is Fincher, who was at one time principal of the Stanton schools, but now at the home of our old friend M. E. instructor in the Fort Stockton school. We regret to advise Mr. Fincher and his football team that they are gone goshins to start with; that they better supply themselves with bandana handkerchiefs as the way the Buffs are going to sweep through, over and around the Panthers great drops of crocodile tears are going to be shed. It's going to be a sad day in the den of Coach Clyde Park's Panthers. The game last Saturday between Fort Stockton and Crane resulted 7-0 in favor of the Cranes.

Nevertheless, we have some pessimistic fans who say that "uneasy lies the crown on the heads" of the Buffaloes in this game with the Panthers, a non-conference game, as the week before the Pecos Eagles won from the Panthers 12-0, and the Buffaloes have not fully recovered from the 25-0 defeat administered to them last Saturday by the Pecos Eagles.

If there is any consolation to be derived from reading the figures on the score board (and there is to the winning team), the Buffaloes can derive some benefit from the result of the scores piled up by the Wink Wildcats against the Midland Bulldogs last Saturday. The Cats chalked up 30 counters while the Dogs sulked in their tracks and smeared the score board with a goose egg. The Wink team was more liberal with the Buffaloes the week before, annexing only 12 tallies to the Buffs 0. So who knows when the time arrives for the Midland-Stanton setto., but that the local squad will come away with the heavy end of the score, which would bring "on the Buffs" reservation almost as great rejoicing as had they won the district championship.

READ THE ADVERTISEMENTS

**Why Doctors Favor a Liquid Laxative**

A doctor will tell you that the careless choice of laxatives is a common cause of chronic constipation.

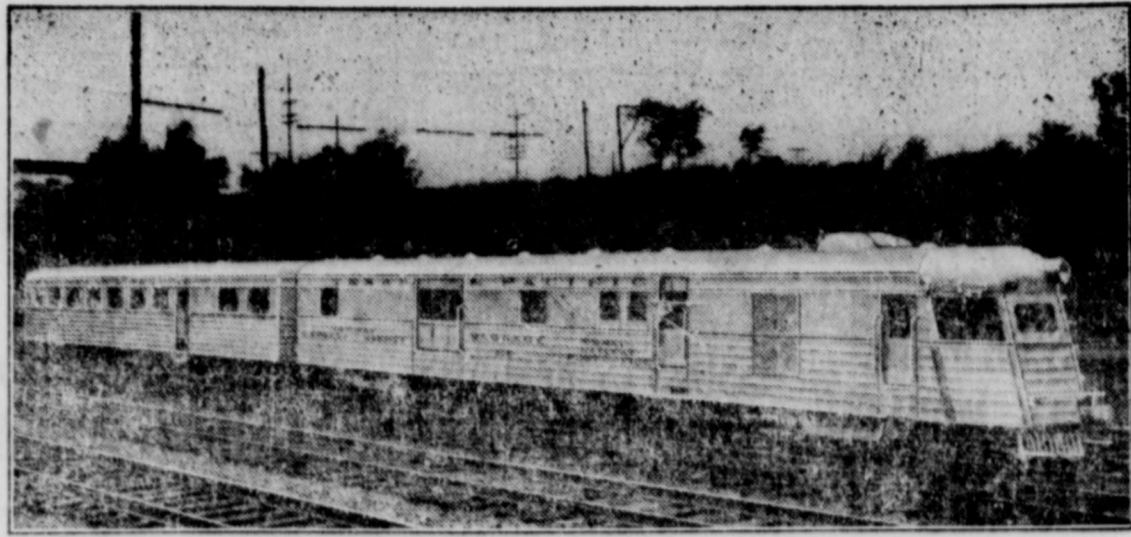

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the liver muscles, and even affect the bowels and kidneys.

Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be controlled. It forms no habit; you needn't take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin has the average person's bowels regular as clockwork in a few weeks' time. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. Member N. R. A.

FIRST STAINLESS STEEL TRAIN FOR TEXAS PASSENGERS

America's newest stainless steel train will be placed in regular service between Fort Worth and Texarkana on the Texas and Pacific Railway early in November. Photo shows this completely air-conditioned, stream-lined marvel following its final test at the factory.

America's first complete stainless steel, high-speed, super-comfort railway train will go into service early in November, it is announced by Frank Jensen, General Passenger Agent of the Texas and Pacific Railway. The gas-electric, rubber tired and air conditioned train was built by the Edward Budd Manufacturing Company of Philadelphia. It will be placed in experimental service between Fort Worth and Texarkana on the Denton Division of the T. & P. following its exhibition in Chicago at the Century of Progress.

It is hoped that the train will answer the need for economical rail-passenger transportation with maximum speed, safety and comfort, Mr. Jensen said. Other great railroads are planning and discussing somewhat similar improvements in equipment but it has remained for the Texas and Pacific to place the first complete train in actual service. As the T & P. pioneered in providing air cooled cars for its passengers, so it is now the first to introduce air conditioned and air conditioned dining and lounge coaches for the comfort of Southwestern travelers.

The new T. & P. train is made up of two units, the forward combination motor, mail, baggage and express car and passenger car trails with accommodations for 76 passengers in three separate compartments. The power plant consists of two 240-horsepower gasoline engines with electric drive and auxiliary generators for the air conditioning, refrigerating and heating apparatus all of which is located in the forward car, leaving the passenger trailer free of all moving mechanism to assure utmost riding comfort and silence.

In keeping with the best traditions in the design of railway equipment, the rear car is finished and furnished even more luxuriously than the best appointed steam trains. Individual seats, deeply upholstered and covered with blue leather harmonize with the two tons of gray used in decorating the walls and ceiling. Electric lights are of indirect design and completely concealed as are the ducts for the air conditioning system.

Entrance to this car is back from the front end, separating the colored compartment at the front from the white compartment. A smoking and observation compartment is at the rear end.

In appearance the new Texas and Pacific train departs radically from the usual railway train, Mr. Jensen said. Both cars are constructed entirely of "Shotweld" stainless steel and make a striking appearance in their natural bright finish. The rakish nose of the forward car is accentuated by the streamlined roof and fluted metal sides of the cars which

suggest the high speed of which the train is capable.

The new Texas and Pacific train is said to surpass in riding comfort anything on rails. While the pneumatic tires on wheels and the automotive type roller bearings in the axles contribute materially to riding comfort, the body and spring construction and heat and sound insulation also are major factors in providing for the complete riding ease of passengers. Safety features of the train include duplex braking system, complete automatic lighting and signal equipment and automatic power and electric shut-off.

THREE LEAGUE

MRS. LEONARD ALCORN

Our school received equipment this week to play volley ball and tennis. The children are enjoying them very much. We may be ready to give some of our neighbor schools a little competition in a few weeks.

Sallie Ruth Cox, who is attending school in Brownfield, spent the week end with her parents, Mr. and Mrs. W. H. Cox.

Mr. and Mrs. Noble Rutledge spent the week end with R. L. Reed.

A. C. McDaniel returned home Saturday from a visit in Dawson county.

Mrs. Otto Beardens and daughter, Edna Dale, and Nannie Low, Mattie Luara and Francis Reed, visited Sunday with Mr. Herman Beardens in Dawson county.

W. Y. Cox and daughter, Pauline, spent Sunday with his mother Mrs. Sallie C. Hale at Brownfield.

J. C. Newland and Mary Elizabeth Allen, visited school Monday.

Methodist Church Notes

W. B. VAUGHN, Pastor

Sunday will be the last Sunday of this Conference. Let us make it a good day. We can do this by attending all the services. Leave our blues at home, and pray that God will bless us.

Sunday school at 9:45. The attendance gained some last week.

The subject for the morning hour will be "God's Measuring Rod." At 7:30 P. M., the pastor will speak on world peace or "Shall We Have Another War." If you are at all interested in the subject of war be with us in this service.

We will be told how to prevent the next war. Everyone is invited. Would be specially glad to have the American Legion boys present.

Our Annual Conference will meet in Clarendon next week. Bishop H. A. Boaz will preside. The Conference will be in session until Sunday night, Nov. 12, when the appoint-

ments of the preachers will be read. The pastor has spent a very pleasant year with the good people of Stanton. We trust that much good has been done.

YOUNG PEOPLE HAVE SOCIAL

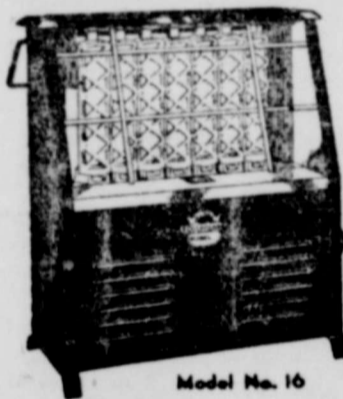

The Young People's class of the Methodist Sunday school held their first social Friday night. This social was in the form of a Halloween party, held in a barn at the home of Mr. and Mrs. W. C. Glazener, with about forty in attendance.

On entering the guests passed by a fortune booth and learned their fates. After leaving the booth the guests entered a room that was thoroughly decorated with all kinds of Halloween trimmings. Under the direction of Miss Mary Helena Price after which the guests were ushered in the open where a large bonfire was several different games were played. Here they were served coffee and cake, after which popcorn was popped while Mrs. Bud Jones entertained with a ghost story.

At a late hour the guests departed, each declaring they had a nice time and wishing Halloween came more than once a year.

This class, under the direction of Mrs. Morgan Hall, has only been organized a short time but is growing very rapidly.

**BUS COMPANIES MERGE**

One of the biggest bus-line mergers in the history of the bus business Greyhound Lines Inc., a new company made up of Southland Greyhound Lines, Western Greyhound Lines, and Southwestern Transportation Company, came into being as the result of the deal, according to statements made by officials of the new company.

The three companies involved are among the most important bus systems in America. Southland Greyhound operated lines throughout Texas; Western ran from Chicago to Los Angeles and to Dallas; and Southwestern operated from Dallas to St. Louis via Texarkana.

The new company's headquarters are in Fort Worth, Texas. The Greyhound Union Bus Depot in that city has been remodeled and enlarged to make room for the 150 or more new people who will move to the Texas city as employees of the company. Bus men say the new Fort Worth depot is one of the most modern in the country.

The new company will have 700 employees, altogether, and the payroll will amount to more than \$1,500,000 per year. It will run 200 buses over 6,500 miles of road in the states of Illinois, Missouri, Arkansas, Kansas, Oklahoma, Texas, Colorado, New Mexico, and part of Louisiana. The will be agencies in practically every town on the lines. Fifteen company-

terminals on the new system, but there are agencies in practically every town on the lines. Fifteen company-

The president of the new company is Paul W. Tibbetts, one of the pioneers of the bus business, who started his career over fifteen years ago in the early days of Greyhound buses. G. P. Schmal becomes Vice-President and Comptroller; Howard H. Morgan, is General Traffic Manager, and J. A. Knutson, Operating Manager.

Greyhound officials who announced the new merger said the past summer was one of the best they ever had. They said the World's Fair at Chicago had greatly stimulated travel, but also said that a good deal of the improvement was due to general improved conditions in all lines.

The library will soon have some new books. Watch the Reporter. Anyone having books to contribute will find a welcome home for them at the library.

**Very Latest**

The two-piece wool dress illustrated above is one of the models to gain in popular favor as the season advances. For sport wear it adds comfort and slips easily under heavy wraps for football games and autumn outdoor adventures.

It can be as colorful as desired, the warm colors, predominating in all showings. In browns, rusts, and tangerine shades up to bright reds additional smartness is attained by vivid contrasting trims.

The above two-piece dress is colorful. It is tailored of soft lightweight wool and in color is an oak leaf autumn red, with black leather belt and bone buttons. . . Gloves and shoes of suede; hat of crinkly velvet.

**CARD OF THANKS**

We wish to express our heartfelt thanks and appreciation to our friends and neighbors for their loving kindness and good deeds during the illness and death of our son and brother.

May God's richest blessings be with each of you.

Mr. and Mrs. W. A. Odell and children

**—B-B—  
BUFFET SUPPER OCT. 26**

As a conclusion of the study on entertainment the Home Economics III class served a buffet supper to the Senior class. The menu consisted of: Fried chicken, carrots, sweet potatoes, conserve, frozen fruit salad, baked apples, hot rolls.

The members of the class turned poet and composed the following invitation written in black ink on a pumpkin:

For a buffet supper  
You're invited to come  
appear in costume  
and we'll have some fun  
To the Home Ec room at 6 p. m.  
Then on to Dollie's to frolic till ten.  
Upon arriving at Dollie's several  
Hallowe'en games were played, then  
a few outdoor games were played  
while a witch in the cellar told each  
person's future.

Pop corn balls were served at ten. The Senior girls remained for a slumber party.

The following attended: Leona Reynolds, Edelle Smith, Allene Long, Geraldine Ledbetter, Dollie Baker, Louise Rogers, Johnnie Herrington, Eva Mae Cook, Mary Francis O'Briant, Virginia Carter, Jiggs Hall, Clair Epley, Stanley Reid, Robert Swain, A. C. Bassett, John Tella Atchison, Mrs. Glazener, senior sponsor; M. Glazener, Mr. and Mrs. C. B. Jones.

**—B-B—**

The Stanton Buffaloes were defeated last Saturday by the Pecos Eagles at Pecos, 25-0.

The Buffaloes will play the Fort Stockton team next Saturday. The Fort Stockton team and the Buffaloes have neither won a game this season. So we are hoping that the Buffaloes will be victorious.

**—B-B—**

There was a pep squad rally at the

Conoco Service Station last Friday night. Most of the boys were present, and most of them made talks for the game Saturday.

**ONE INCH RAINFALL REPORTED BY N. KADERLI**

Wednesday night the skies opened up with a lot of thunder, a great deal of wind and some lightning and sent down a pouring rain with enough hail to cover the ground.

N. Kaderli, reports officially, that an inch fell. On the Eubank farm, northwest of Stanton, the rain was almost a water spout. Heavy winds were reported from every direction with damage done to feed that was standing by wind and rain.

**TARZAN PLANNING FOR MARTIN COUNTY FAIR**

The Tarzan 4-H club met Wednesday, Oct. 25, at the school house. Future plans were made concerning the Fair which will be held in Stanton, Nov. 24-25. Also, a musical and drill was given.

Mrs. Emerson joined the club. All new members are gladly received. The club now boasts of 24 women members. These 24 have raised 2,535 chickens this year, canned 3,000 cans of food stuff, pieced 42 quilts, quilted 15, made 101 dresses, made 1,293 pounds of soap, besides various other things along this line.

The club will meet Nov. 8 at the school house. All members are requested to be present. Better be there or you might be elected an officer for next year.

**AGRICULTURE CLASS VISITS GRAYS' FARM**

The agriculture class of the Courtney school, sponsored by Supt. White, visited the French Gray fruit farm, just west of Stanton, Thursday of last week. Mr. Gray demonstrated to the class the art of grafting, irrigating through the underground tile method, and explaining other and varied points about the plan of fruit culture.

Mr. Gray presented each member of

**HOW WOMEN CAN WIN MEN AND MEN WIN**

**The Favor of Other Men**  
Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, distension, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.  
But don't take salts, mineral waters, etc., laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all. Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today, 25c at drug stores.  
Refuse "something just as good" for it may gripeloose teeth or solid rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1935, C.M. Co.

J. L. HALL THE DRUGGIST

VALLEY VIEW

Miss Inez Haynes, who has been employed at Fort Sam Houston as a nurse, has returned home for a short visit with her parents Mr. and Mrs. Floyd Haynes.

U. B. Shrader and son Chester, returned home from Seymour where they have been working for several weeks. Mrs. Janie Shrader, his mother, returned home with them to visit a short time.

Ben Hogue of Big Spring, visited his brother Emmett Hogue this week end.

Miss Lucille Henderson spent Sunday in the home of her cousin, Bernice Franklin.

A. L. Franklin was in Big Spring, Saturday on business.

Mr. and Mrs. E. M. Massey spent Sunday afternoon with Mr. and Mrs. B. B. Free.

Mrs. Jim Marshall and daughter, Lavarene, spent the week end in Colorado.

Mr. and Mrs. E. D. Haynes of the

Tarzan community, visited in the home of his parents Mr. and Mrs. Floyd Haynes last Saturday.

Dick Scott has returned home from Snyder where he has been working several weeks.

J. N. Gardenhire of Austin, visited his daughter Mrs. G. B. Pollock last week end.

Messrs. Chester and J. L. Hopper have returned home from Coahoma where they have been working several weeks.

Mr. and Mrs. Riggs Shepperd spent the week end in Colorado.

Relatives of Mrs. Levie Baker from New Mexico, visited in her home this past week end.

Messrs. Elmo, Edward and Willard Pollock, have returned home from Chillicothe, where they have been working several weeks.

Miss Lorne Massey visited her parents at Lenora last week. She accompanied Mr. and Mrs. W. H. Badgett from Colorado, who have considerable land holdings in that community. Miss Massey is working for the Badgetts at Colorado.

Stanton Day At Midland Rotary

A number representatives of Stanton's business interests, were guests Thursday of Midland Rotarians at luncheon. John P. Howe, postmaster of Midland, is president of the club, and in welcoming the guests said, "we are glad to have you or we wouldn't have spent six-bits on each of you to serve you this food."

District Attorney Bob Hamilton, of Stanton, introduced the guests, shooting a dart or two of wit at each as introduced one of which hit this writer in such form retaliation will come from taking the honored district attorney up the back alley some dark night.

A. M. Limmer, superintendent of the Stanton schools, was the principal speaker, in fact, the only one. His subject was, "Can One County Seat Ignore Another County Seat." He knew Midland long before he had ever seen the place from reading bulletins sent out from the chamber of commerce, describing the tallest (?) building in the world, and other things of a like character. The speaker referred to the many beautiful homes in Midland, that set an example for dwellers in other county seats to follow. Interspersed with many witty sayings the speaker's address was par excellent and made a hit with the Rotarians as well as the guests present.

A quartet, composed of P. J. Mims, W. W. Lackey, Winston F. Borum and Ray Hyatt, rendered some splendid numbers.

Following the close of the luncheon, A. M. Limmer, Dr. J. E. Moffett, Johnnie and Willie Whitson, J. E. Kelly, and H. T. Fultz, traveling representative of the Red Cross, were guests of Supt. W. W. Lackey, for an hour at the Midland high school. Here the students were assembled in the auditorium where they gave quotations in unison as well as sang choruses, and the yell leaders and the pep squad performed. Mr. Limmer, Stanton, spoke briefly to the student body as well as a few remarks from the other guests.

RED CROSS ROLL CALL STRATS NOVEMBER 10TH AND ENDS NOVEMBER 30

The following composed the Stanton group, guests of the Midland Rotarians:

District Attorney Bob Hamilton, G. A. Eiland, Rev. W. B. Vaughn, J. A. Wilson, Dr. P. M. Bristow, A. M. Limmer, O. S. Maggart, W. E. Whitson, J. R. Whitson, M. F. King, Dr. J. E. Moffett, J. E. Kelly, Rev. W. S. Garnett, Rufus Parks, Jr.

Don't be a crank—Batteries are cheaper—W. E. Whitson.

NEW SUBSCRIBERS

New subscribers today, R. L. Donelson, who lives southwest of Stanton, and gets his mail on Route 1. He has a little cotton, but his best crop is feed this year. He has the only feed crop in that immediate neighborhood. He scratched the ground and sowed his feed getting a good stand. He and his wife put up enough canned goods last year to last through this winter and he has a pen of fed calves and five hogs which will make their meat supply.

It is farmers like this that keep the country going in spite of droughts and depressions.

Guaranteed Batteries for a little more than 1-cent a day, see W. E. Whitson.

Miss Jeanette Pickle of Big Spring, will arrive this evening to be the guest of Mr. and Mrs. Phil Berry.

J. L. Hall left Wednesday afternoon for Robert Lee. Mrs. Hall has been there two weeks at the bedside of her father and will return with Mr. Hall.

Miss Allene Kaderli, who is attending Texas Tech, spent Sunday with her parents, Mr. and Mrs. W. A. Kaderli. She was accompanied by Mr. and Mrs. E. Henley of Lubbock with whom she is making her home this

We stock three kinds of Anti-freeze Every-Ready, Prestone, G. P. A. Glycerine and Alcohol. Drive in today for full details. W. E. Whitson, Gulf Service Station.

Did you know that 73 people of Stanton and Martin county borrowed anywhere from 2 to 12 books during the summer from the library?

J. W. Maggart came home Sunday night from Texas Tech, having a day off from classes. He stayed over Monday.

READ THE ADS.

Tornado Is Most Frequent Disaster; Causes Heavy Loss of Lives

What type of disaster occurs most frequently in the United States? This question is answered from the relief annals of the American Red Cross which show over a period of years that the tornado, or cyclone as it is called in some sections, is the most frequent and claims a heavy toll of life. It swoops almost without warning, and in the terrific whirlpool of its fierce winds it destroys all in its path.

The Red Cross gave relief in 21 tornadoes in eighteen states last year. The tornadoes killed 223 persons, injured 2,755 and the Red Cross gave aid to 21,733 who were homeless, injured or otherwise victims of the storms.

Toll of the Earthquake

When a severe earthquake killed 95 persons; injured 4,911 and destroyed several thousand homes in Southern California last March, the Red Cross was first upon the ground with emergency relief. It required more than three months for the Red Cross to restore the needy to a self-sustaining basis. The organization expended a relief fund of \$411,000.

VALLEY VIEW

SCHOOL NEWS

The boys are working hard to develop a basket ball team. They hope to be ready to play other teams in about two or more weeks.

Bruce Haynes has been elected captain of the team for this school year.

The first and second grade rooms presented a Halloween program during chapel period Monday. The following students participated in the program:

Delbert Hopper, Allen Hopper, Lencie McNeese, Everell McNeese, Everell McNeese, Bobby Campbell, Dolores Ham, Jo Allen Franklin, Bonnie Ruth Shrader, Clyde Franklin, Opal Weathers, Vera Hernandez, L. A. Baker, Bruce Hogue, Elizabeth Glendening and Earl Bryant

We hope to have other programs just as good in the near future.

We are expecting to receive some new school equipment this week.

The school officials are making preparations to have the children who are attending the Valley View school to take the diphtheria serum in the next day or two. The community has been very fortunate, no case of diphtheria as yet.

HOWARD GINS 3,568 BALES

J. H. Fryar, of Midland, collector of cotton statistics for Howard, Martin and Midland counties was in the Reporter office Wednesday evening and left the following report:

There were 3,568 bales of cotton, counting round and half bales, ginned in Howard county, from the crop of 1933 prior to October 18, 1933, as compared with 3,666 bales ginned to October 18, 1932.

Less than 100 bales had been ginned in Martin and Midland counties up to October 18, Mr. Fryar stated.

Don't be a crank—Batteries are cheaper. W. E. Whitson.

Miss Verlie Prickett of the Tarzan community, had a tonsilectomy at a Big Spring hospital last Saturday from which she is convalescing nicely

HAD TONSILS REMOVED

Miss Verlie Prickett of the Tarzan community, had her tonsils removed at a Big Spring hospital last Saturday. She is home now doing fine.

Mrs. J. A. Wilson, received a message Saturday evening that her mother, Mrs. Schroeder living at El Paso, was to submit to an operation, and accompanied by her sister, Mrs. Baker of Midland, left immediately for the border city.

RALPH MORGAN HELEN VINSON

and Monday THURS.-FRI. November 9-10 LIONEL BARRYMORE

"ONE MAN'S JOURNEY"

A LIBERTY TO BE PRESERVED

Two hundred years ago Peter Zenger, publisher of the New York Gazette, was imprisoned by the royal Governor of the Colony of New York because he dared to criticize the Governor's actions in his newspaper. Zenger was free after he had been in jail for several days, and he declared it to be the right of every man to speak and write his opinions freely on any subject, even the Royal Governor. That day on the freedom of the press has been one of America's most cherished traditions. Numerous attempts have been made to place the newspapers of the nation under Governmental control. Under the infamous Alien and Sedition Act, at the be-

ginning of the last century, many men thought of those in authority and their actions. But so greatly was public opinion aroused by such high-handed proceedings, that the very first Constitution of the United States was the one guaranteeing the right of free speech and a free press. Lately there have been renewed efforts in many quarters to control the Press of America. Not only local and state authorities have tried to dictate what shall and shall not be printed, but there have been hints and threats from those high in the Federal Government itself. Not long ago an agent of the Department of Labor threatened to prosecute for treason a newspaper which printed

ed a criticism of the effort to unionize certain industries. His threat was promptly disavowed by his superiors, but since then similar threats to "clamp down" on newspapers and reporters which dare to criticize the NRA have been voiced by General Johnson himself. The United States has not yet become a despotism. We are not ruled by a Dictator. The first act of those who usurp power is always to try to control the Press. It is time now, when the trial of Peter Zenger is being celebrated as a great historical event, to declare once more that neither this newspaper nor any other newspaper in America will tolerate any effort by Authority to say what it may or may not print.

The Guardian of Liberty
