## Hereford Bi-Products Wins Civil Settlement

**Editor's Note:** This article was written by Speedy Nieman. It is being reprinted as a service to our interested readers.

Hereford BiProducts Inc. and Southwest Hide Co. recently won an in-court settlement of \$5 million from Amarillo By-Products Inc. defendant in a civil trial in U. S. District Court in Amarillo. Garth Merrick, president of Hereford Bi-Products, issued a statement on the suit because of his "concern that the general public is not aware of the outcome of the suit nor the fact that his company is not related to the Amarillo firm."

Merrick added that an article in the Amarillo Globe News brought his attention to the fact that area citizens-including some of his customers-were not aware of the reasons for the court case.

The Amarillo article reported that the Amarillo City Commission had ordered Amarillo By-Products to adopt an acceptable plan for treatment of its industrial waste and implement that plan by Dec. 1. The story also added that Amarillo By Products had been a defendant in a Racketeer Influenced Corrupt Organization case and that U.S. District Judge Mary Lou Robinson had announced settlement terms of a \$5 million payment to plaintiffs Hereford Bi-Products and Southwest Hide Co., with the payment to be hiked to \$15 million if the \$5 million was not paid by a certain date.

Merrick said the in-court settlement was announced on the fourth day of the trial on July 27. The suit filed by Hereford Bi-Products alleged in part, that Amarillo

By-Products "conspired to commit fraud and theft" of money and property against the plaintiffs and others. Some of the others allegedly damaged included Caviness Packing, Palo Duro Packing, Great Western Meat Co., and 66 pack. Southwest Hide, co-plaintiff, is based in Boise, Idaho.

The suit claimed that the RICO act applied because "the racketeering activities participated in by the defendants include: daily forgery of business records and theft of both rendering materials and animal hides, which has been perpetrated, concealed and carried out by the transmission of forged, false and fraudulent documents through the U.S. Mail...by transmission of false and fraudulent information over interstate telephone lines; transportation, receipt and sale of stolen hides and rendering materials taken out of interstate commerce and shipped across state lines...the emulsification of water and sludge into shipments of grease through fraudulent and false pretenses; fraudulent giving low render yield test results."

Merrick explains that he did not seek publicity about the civil suit, "but the news media did not pick up on the case and little publicity was seen or heard by the public." He added there seemed to be enough confusion on the name identity of the companies involved that he should make a statement.

Hereford Bi-Products has other plants in Plainview, Friona, Muleshoe, Stratford, Spearman, Clovis, N.M., Guymon, Ok., and Amarillo Canning Co. in Amarillo.

### PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS  
OF PROPOSED

### CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION  
NOVEMBER 8, 1988

#### PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

#### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

#### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

# SCOT Notes

by Timmie Brown

Happy Day, Sherman County Older Texans, Friends, Neighbors and Jewel Holt of Lawton, Ok. to whom we apologize for inadvertently writing the wrong name in last week's paper. This is a beautiful, clear, cool morning, harbinger of a warm sunny day. (Sept. 19, 1988).

We suggest that people plan to go by Scot Hall and pick up a current Scot Circuit or else ask to be put on the mailing list. Scot Circuit reports on past activities as well as telling of weekly Scot doin's and projected activities. There are a number of things going on at Scot Hall and each person needs this little news report which includes a calendar. Then there is no doubt about dates.

There are four special activities remaining in Sept. for Scoters namely: Amarillo trip Sept. 19 to attend Bellamy Bros. Program (past); Regular dinner Thur. Sept. 22 at noon; the Dance, Sat. Sept. 24 at 8:00 p.m.; Healthtreat in Amarillo, Friday Sept. 3, leaving at 8 a.m. All regular activities are on Go.

Dinner host for Thurs. Sept. 22 at noon are according to our info: chairpersons Frank and Marcella Sutton, Elsie Pickems, Bernice Stubblefield, Bess Stone, Nina Fedric, Sharon Harrington, J.W. Flores, Arthur Judd. Hopefully Thursday will be a beautiful day. Regardless of weather, let all Scoters be on hand with a Scot smile and welcome plus some food expecting a wonderful get together.

Sat. Sept. 17 was a very special day for Scot Director Geo. Brooks and staff hosted an Open House affair at Coldwater Manor at 2 p.m. and dinner at 6 p.m. which included all interested persons in the County who could attend. Many did attend.

After the Coldwater Manor dinner, Kathleen King, Jewel Dovel, Corda Pleyer, Billie Lu Thompson, Ed and Marie Hill, Clarence Willmon, Eskie Ritchie and Opal Bryant finished off the evening at Scot Hall for game night. Unhappily this reporter was providentially hindered from attending both events.

Jack, Vicki, Angie and Alan Gore attended the Gore Family reunion, which was held over the weekend at Camp Billie Joe near Kenton, Ok. There were 68 persons enjoying this yearly event.

Velma and Homer Blake, Mildred and Paul Addudek, Madeline and Jodie Reesing, Nan and Kirk McWilliams hosted a going away coffee honoring Mildred Hass and Ray Gore on Monday evening Sept. 19th. The Gores are moving to So. Dak.

Scoters wish you much happiness in your new home, Mildred and Ray - may God go with you, is our wish.

Ken and lone Kendrick hosted a weekend reunion for Ken's sister, Janice Kenny, and brothers, Meredith, Curtis, Donald and spouses (ref to Star report).

It was a delight to watch on t.v. Fri. Sept. 17 the birthday party for Jessie Tompkins. Stratford folks have known Jessie for a long time. She is Alda Mitts' mother and has visited here often. Jessie's other descendants living in Stratford are granddaughter LeRayne Donelson and grandson Melvin Mitts, whose daughter Valerie (Mitts) McAllister is the mother of Scott, Michael and Marcus, who, in turn are great, great grandsons of Jessie, also these boys are fifth generation persons.

Just in case you might miss this fact, Scott, Michael and Marcus are Martha (Stone) Mitts grandsons. Martha (Mrs. Melvin) is SCOT organization's secy and treas. and has been a guiding hand since SCOT was founded. Jessie attended Scot dinner in August. Valerie, Roy and

boys are our neighbor. Grandparents John and Mrs. McAllister live at 208 N. Wall. Scots appreciation and luv to all of these people, especially Jessie.

Report Beulah Bardwell is recuperating at home from a hospital visit.

Ernestine Almquist has lately visited her mother, Bessie Palmer, who is recovering from surgery.

Ernestine said she contacted Blanche Strother thru the Stratford Star. Mrs. Strothers is doing quite well.

Flo Hudson visited in Stratford for O.T. reunion as did Alec Coats.

To Myron Leedy, who is visiting his daughter Marylou McDaniel, Scoters invite you to attend Scot dinner Thurs.

Paul Dixon is doing quite well, we are told he hasn't visited Stratford lately.

Margaret and David Grunig, Dylan and James Pearson visited Eskie Ritchey some time back and helped her replace her lightening struck t.v. Eskie returned to Colo. with them but is home again, now.

Old Timers Mabel and Hank Rogers, Frannie Taylor, Alma McMahan, J.A. Lasley, Shirley Foreman and Timmie Brown had lived at Ellie's on Thursday.

Two specials came our way this week. On Friday, Grover and Joan (Garoutte) Mullins of Windsor, Mo. visited our Depot Museum and left greetings for us. Joan was a student of ours at Palo Duro rural school.

On Saturday Maurine Allison, Happy, Tex. visited us a belated birthday greeting, she said. Maurine is Jim Allison's mother. We three had a wonderful jam session.

Mentioning our B.D. again gives us an opening to reveal an embarrassing situation. In the bustle and ado of clearing Scot Hall after the party some names were lost from gifts. If your

gift has not been properly acknowledged please accept this note as thanks and let me know. I also want to say again Thanks to everyone, beginning with Baskin and Betty and extending to all who made Aug. 21, 1988 a very, very memorable day for me. Maurine Allison gave me a decoupage invitation which was taken from the Star.Finis!

Special congratulations from SCOT and personally to Laura Lowe, LeRayne Donelson, Janet Pleyer, Chuck Williams. (ref. Star Sept. 15).

To Harold Roberts and family both SCOT and personal prayers, condolence and Christian love in the loss of your spouse and mother. Your loved one was as lovely in life as is her name, Marinell.

We are sorry and a bit indignant that all newcomers don't love and appreciate our community.

Trusting you will overlook any error or deletion in these notes.

We remind you to come to Scot dinner Thurs. Sept. 22; attend the dance Sat. evening Sept. 24 where the local orchestra will furnish music; be happy while scattering Scot shoulder pats and luv ul.

Stratford may not have a telephone number for the Jerry Lewis MDA Telethon, and someone may not have come by your home for a donation, but Stratford is a caring town.

We are speaking from personal experience. The people of Stratford stood by us during a very trying time of our lives. During Teena's illness and death, the people in this town helped us financially and morally. We really appreciate what the people of Stratford have done for us, and we just wanted to let you know that this town is one of the most caring towns that there could be.

Stratford is a great town to live in and we are proud to be a part of it.

Fought any wars lately? That's a strange question, isn't it; especially when asked by a minister. And yet, each of us do fight our own personal battles everyday. We try to make a living, pay the bills, get along with our co-workers, raise our children and in the midst of all the chaos in our world we try to make some sense of our existence. We try to find some reason for our being here.

Do you realize that of all the battles we face, very few are known about by others. In fact, most of the battles we face are fought in our own mind. Perhaps that's why the apostle Paul says in his second letter to the Corinthian Church, in Chapter 10 verses 3-5 that we are involved in a war. And further, that those who are redeemed by the blood of Jesus Christ through committing their lives to him, should not fight the war with natural weapons. But that we should wage this war with spiritual weapons. Maybe that is why we often seem to have more defeats than victories in our lives. Because we are fighting with natural [carnal] weapons rather than the spiritual weapons God has provided for us.

Remember, most of these battles take place in our own mind. [2 Corinthians 10:5]. The Word of God tells us if we are to win the war we must: 1. "demolish arguments and every pretension that sets itself up against the knowledge of God" in our lives. 2. "take captive every thought to make it obedient to Christ" [NIV 2 Cor. 10:5].

So the answer to my first question is, yes we have all fought battles recently. But, the question we need to answer is; with what type of weapons are you fighting? Are they natural [carnal] or are they apiritual? Are the answers in your makes all the difference in whether you win or lose the battle. God Bless You.

## Out The Library

By Dorothy Haile

Program guides for the new KACV-TV Channel 2 produced through Amarillo College may be picked up at the library. If your television is not on cable in town, perhaps this station might be available. Program guides are for September.

A display of dolls may be seen in the exhibit case. These dolls are courtesy of Lorraine Mehner and her daughter. One is from Germany and another from Japan. There are two American Indian dolls and a canoe that are quite unique. A black doll is made from 'kid curlers'. There are other dolls from different periods of time.

If books need to be returned and the library is closed, please use the drop that is at the front of the building. It is not visible from the street since the library sign stands in front of it. Should books need to be renewed and you cannot come by the library, this can be done by a telephone call.

The number is 396-2200. New books in the library are: an autobiography by Kirk Douglas, The Rag Man's Son; Escape from Five Shadows - large print - by Elmore Leonard.

## Chamber Chatter

By J.A. Lasley

Three weeks into the business of Chamber I tried to keep pace with Marilyn, Bill and Sharon for the Collectors Show and Sale in late August, a huge success again.

I found out more about our fair through the fair board meeting and many calls the Chamber received concerning the event. It was a great fair!

I have attended 5 meetings vital to the Chamber and in the meantime hunted, researched and checked on what do I do next. Sharon Mc. left me with specifics for everyday, every hour, believe me. So if I goof up, its my dongs.

In the PACE meeting the 10th of Sept. I listened to the other Chambers woes and they're blowing off steam. I came to the conclusion immediately I've got the best of everything Stratford and Chamberwise. Noway could I be a part of that conversation. Rather I sat back and gave thanks for a small town with a big, busy, caring heart who really work together.

We've two new members! Great! Wonderful! and more thinking - so now ask yourself How Does My Chamber of Commerce Work for Me?? Why Should I, or My Business Be A Member of My Chamber ????

People believe if a fly lands on your nose, somebody has something to tell you.

## County Agent

by Jim Allison, Sherman County Extension Agent

Youth in Sherman County can take part in the 4-H program of the Texas Agricultural Extension Service in a number of ways, said Jim Allison, county 4-H program coordinator. Many youth are in Community 4-H Clubs that meet in neighborhoods with volunteer leaders. They study various projects and carry out group activities in community service. Some youngsters are in special interest groups or project groups that study one special subject, such as horsemanship, livestock, photography or leadership. School curriculum enrichment programs on health, safety, careers, embryology

and energy reach many children in public. All this means that any interested youth between the third grade and 19 years of age can be a 4-H'er. He or she can choose how to participate based on individual interests and desires. 4-H allows members to be whatever they want to be in a way best suited to their individual needs and desires. 4-H has many things to offer for today's youth, and the 4-H program can help shape the future of each 4-H member. More information on the 4-H program is available at the County Extension Office.

Mary Allen School started a Reading Olympics this week. All of the classes paraded into the auditorium behind the torch runner [Mrs. Gray] then ran through waving their flags. Each class had made a larger flag that was posted on the wall by each grade. After a short speech from Mr. Haynes the flags went on parade again and everyone returned to their classes.

## Pastor Returns To Missouri

Editor's Note: Robert W. Pierce of Texhoma sent this article in and wanted to share it with our readers. The article appeared in the Salem, Missouri newspaper.

Ed Sneed is the new pastor of East Salem Christian Church. He comes to Salem from Texhoma, Okla. located in the western panhandle.

Sneed is a 15 year veteran of church work. He spent several years in Missouri before the move to Oklahoma.

Away from the pulpit, hunting, fishing and spending time with his family are his major interests. He is also a chaplain of the Civil Air Patrol.

His work in the church is often conducted out of doors, in other people's homes or businesses.

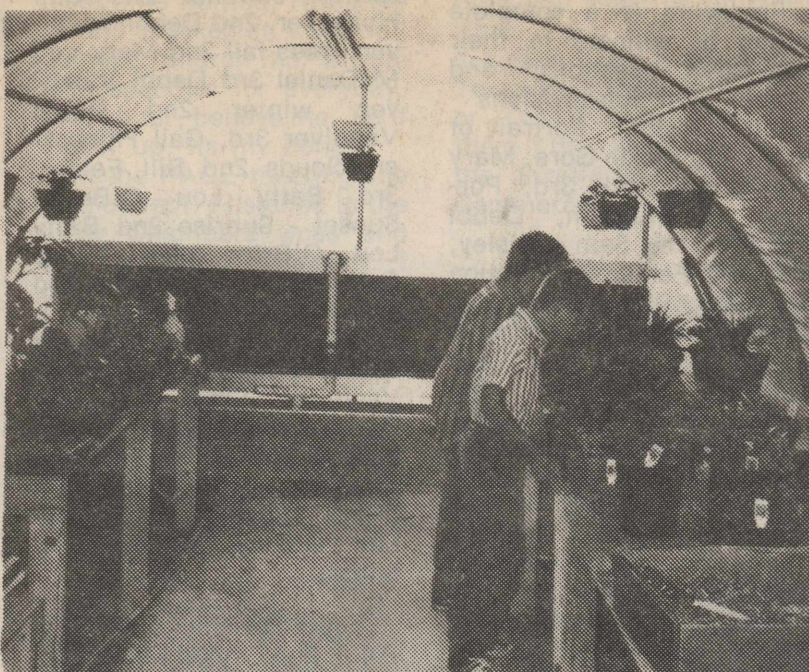

"The ministry is about

people, not buildings or large offices," he said.

While Salem, Mo. and Dent County have unique points so did his former home. The city of Texhoma had its population in two states. The schools and city council both had separate makeup. The only thing we were united on was the volunteer fire department which I was a member of," he said. Building fires were not common, but grass fires were.

Law enforcement, post office and communications were different. One post took care of the needs for both sides. The Sheriff's Department patrolled the Texas side and the Marshal was on the Oklahoma side.

"You could have a Texas telephone number but an Oklahoma address.

Thanks to Lowell Armstrong, Dick Davenport and several others, Coldwater Manor has a 24 by 12 greenhouse that should give lots of enjoyment to some of the residents. Pictured are Teddy Dretske and Nick Cozart.
