Marian Bentley In 4-H Contests At Texas A&M

Marian Bentley is one of eight 4-H members from Wichita Falls who has won the right to compete at State 4-H Contests at the 4-H Roundup at Texas A&M June 3, 4 and 5. Marian won the right by winning first in the District 3 4-H Foods Contest held at Midwestern University May 3. Marian won in the Food and Nutrition Contest with her demonstration called "The Recipe For A Healthy Body" which tells of the daily requirements of vitamins and minerals needed in the body each day. Marian also won the county contests in April of this year. If Marian should win the State Contests she would receive an all expense paid trip to National 4-H Congress in Washington, D.C.

Marian has been a 4-H member for 7 years and is currently serving as president of the Burkburnett 4-H Community Club and she is chairman of the Wichita County Council and the sub-committee. In 1967, Marian also won the foods contest and was eligible to go to state contests, although she didn't place. Last summer she won the county and District Dress Revue and was one of four eligible to attend the state Dress Revue at the State Fair in Dallas.

DRUNKS SOCK IT TO SOBER DRIVERS

AUSTIN — Drunk drivers may mbe taking the lives of more safe and sober Texans than many folks realize, The Texas Safety Association reported today, noting that several recent studies reported by the U.S. Department of Transportation indicate that most drivers killed in accidents caused by drinking drivers have not been drinking at all.

One two-year California study shows that 80 percent of the drivers killed by drunk drivers had no alcohol content in their blood. Another research report shows that the drinking drivers runs into others four times as often as he is run into. The proportion of "rammers" among the drinking drivers was significantly greater than the proportion among the non-drinking drivers.

Researchers also conclude that the higher a driver's blood alcohol concentration, the greater the likelihood he has initiated a crash in which he is involved. The contribution of a driver with an alcohol content of .15 has been rated by one Canadian researcher as 42 times that of a non-drinking driver.

The Texas Safety Association, which has endorsed proposed legislation designed to remove drunken drivers from the streets and highways of the state, emphasized that there is no reason to believe that the Lone Star State's drunk drivers have more control behind the wheel than the drunk drivers of the other states and Canada.

TSA called Senate Bill 74, which could require breath tests for violators suspected of drunk driving, a first step toward saving some 500 lives a year in Texas.

State Pays Costs Of Some Students

"Your future may be drastically changed, if you pay attention to the following announcement. The Connally-Carrillo Act provides that a graduate of a Texas accredited high school can attend a Texas state supported college with tuition and fees paid by the state, if the student was in the top fourth of his class and the student's total family income does not exceed \$4800. If you plan to attend any state college and think that you are eligible for this program, then write or call the Scholarship Advisor, Cooke County Junior College, Gainesville, Texas 76240."

West Texas C of C Invites Nicklas To Directors Meeting

Tom Nicklas, vice president of The Burkburnett Bank has been invited to attend the first meeting of directors of the West Texas Chamber of Commerce for District III in Wichita Falls on Tuesday, May 20, in the Flame Room of Lone Star Gas Company.

District vice president Edward M. St. John of Wichita Falls will preside at the 10 a.m. coffee meeting. The WTCC program of work will be detailed by vice president Harlan Bridwell of Bridgeport and vice president John Freeman of Fort Worth will discuss finance and membership plans.

The local director and his role as a representative of the local business and professional members of the WTCC will be discussed by WTCC president J. Fike Godfrey of Spur.

"The local director is a vital link in our communications with and work for the local chambers of commerce and the local business community," Godfrey said. "The success of our entire program depends upon the efforts of the director at the local level and only through these people can we truly represent the entire West Texas area in matters of vital concern to all of us," he concluded.

Executive vice president Jack G. Springer and membership director Ralph Duncan, both of Abilene, will attend the district meeting also and assist in the orientation of the directors.

QUITE A HIKE

Anti-U.S. rioters, communists, anarchists and kindred souls among the unworthy lunatic fringe that are privileged to live within the shelter of the U.S. Constitution constantly ape the cry of communist militarists the world over that the United States is a nation of war-making imperialists. Even as the communists from North Viet Nam shell and terrorize cities and civilian populations of South Viet Nam, their cohorts at the conference table in Paris rant against the aggressive Americans. The whole show, of course, is staged apparently in the belief that if a lie is repeated often enough, it will be believed.

All over the world, national boundaries are scenes of armed conflict. Lately, we have been reading of clashes along the border between Russia and China. In the Middle East, the Suez Canal has become a war front. Around much of communist Europe there is an "iron curtain" of electronic gear, barbed wire and watchtowers. Only on the North American continent are there extensive national borders free of conflict. On the north and the south, the United States has thousands of miles of boundaries adjoining Mexico and Canada. These next-door neighbors of ours live beside the mighty U.S. in peace and friendship.

Those who charge the U.S. with aggression ought to be set to walking our borders in search of an armed military outpost aimed at intimidating a neighboring country. They would have quite a hike.

Democracy is the feeling of privacy in the voting booth; the feeling of communion in the libraries; the feeling of vitality everywhere. Democracy is a letter to the editor. Democracy is the score at the beginning of the ninth inning.

It has been noted that the Japanese people have adopted many western ideas during the last few years. Now, they are demanding a higher quality diet and are becoming more westernized in their eating habits. The expanding consumer buying power is evidence that there is a strong preference for high-quality beef. With limited land and a lack of feeds for beef production in Japan, a new potential export market for high-quality U.S. beef exists.

DPS Investigates 17 Accidents In Month Of April

The Texas Highway Patrol investigated 17 accidents on rural highways in Wichita County during the month of April, according to Sergeant D. S. Lawson, Highway Patrol Supervisor of this area.

These crashes resulted in one person killed, eight persons injured, and an estimated property damage of \$12,775.00.

The rural traffic accident summary for this county during the first four months of 1969 shows a total of 58 accidents resulting in two persons killed, 32 persons, and an estimated property damage of \$48,145.00.

School will soon be out. This will be the signal for summer vacations to begin with hundreds of thousands of people heading for the open highways.

To help insure a safe vacation and summer driving, the sergeant suggests that you have the following items on your car safety checked:

1. Check the tires for worn and cut spots.
2. Check the steering and wheel alignment.
3. Check all lights and mirrors.
4. Check springs and shock absorbers.

And as a final reminder the driver should be prepared for "DEFENSIVE DRIVING."

Gov. Smith To Speak At MU Exercises May 31

Gov. Preston Smith will deliver the commencement address at Midwestern University in graduation ceremonies at 8 p.m. Saturday, May 31 in the coliseum of the university's new Physical Education Building.

About 400 students, including those who completed requirements last August, will receive degrees.

Invocation at the commencement will be delivered by Dr. Walter Underwood, minister of First United Methodist Church. The university choir, under direction of William V. Boland, will sing.

Dr. Travis A. White, university president, will introduce Gov. Smith.

Honor graduates will be announced by Dr. C. T. Eskew, dean of Graduate School.

The Hardin Professor Award, the highest honor Midwestern bestows each year on a member of its faculty, will be presented by J. N. Sherrill Jr., chairman of the board of trustees of the Hardin Foundation. The award, with a monetary value of \$1,250, is given to a faculty member whose teaching, ability and research during the preceding 12 months have brought distinction to himself and to Midwestern.

Dr. J. Robert Campbell, vice president for academic affairs, will present graduates to Dr. White for conferring of degrees.

Dr. E. N. Jones of Dallas, chairman of Midwestern's Board of Regents, will present diplomas. Students receiving master's degrees will be given special recognition during the hooding ceremony.

The Rev. W. Ned Hollandsworth, minister of Fain Memorial Presbyterian Church, will deliver the benediction.

The University Concert Band, under direction of Dr. Joe L. Haddon, will play for the professional and recessional.

Local Reservists To Summer Camp

The 980th Engineer Battalion U.S. Army Reserve, is among the reserve units preparing for their annual two weeks field training this summer.

The unit will take its training at Fort Sill, Okla. Two companies will be airlifted to Sandia Base, N.M., for their training.

Local members of the group are CWO Jerry D. Baber, Sgt. Tommy Antwine, Sp4 Rodney Foyce, and Privates First Class Michael W. Morris, Pedro Colazo and Pvt. Thomas Vaughn.

Javices with Joe Musgrave and Ronnie Crain as co-chairmen. In view of pending changes in the disposal of city-collected trash, city manager Gary Bean has urged all householders to make a thorough clean-up of tree limbs, shrub prunings and other burnable refuse.

The 1969 clean-up campaign is of additional importance because it will probably be the last one in which the city will be permitted to dispose of refuse by burning it, he pointed out.

On July 1, state air pollution control regulations become effective prohibiting cities of over 5,000 population from burning trash. Until that date, material such as tree and shrub cuttings can be destroyed at the city dump near the river.

After July 1, the city must bury all refuse for which it is responsible. Land and equipment to comply with the new regulations are being acquired by the city, according to Bean.

Special collection of refuse by city trucks will begin May 26, with householders being asked to place all discarded materials near the location of regular garbage pick-ups.

WASHINGTON AND SMALL BUSINESS

Stung by Its Own Rulings
 The nation's businessmen, many of whom have been critical of the National Labor Relations Board and its rulings, may be amused by the NLRB's recent discomfort which is much like a bee stinging itself.

The NLRB is judge and jury whenever either a union or an employer files charges of unfair labor practice against the other. The businessmen, voting through the National Federation of Independent Business, want a Congressional investigation of the NLRB and what many feel has been favoritism toward unions in board rulings.

The NLRB is being caught in its own snare. By its own rulings, the NLRB has largely taken away the employer's right to manage his employees and turned it over to unions.

It will be interesting to see whether the Civil Service Commission gives the NLRB attorney's union the right to bargain over such matters as employee assignments. If so, the NLRB will taste some of its own medicine.

Along the same line, the United Automobile Workers local in Dearborn, Michigan, was found guilty of unfair labor practices! An NLRB examiner blew the whistle on the UAW because it farmed out some record-keeping work and laid off four employees without consulting or bargaining with the office employees' union. The UAW was told to re-hire employees it had let go. "Practice what you preach" is still good advice for all.

WOMEN PLAY IMPORTANT PART IN TRAINING AT SHEPPARD

By BILLIE BURRELL
 SHEPPARD AFB, Texas — Training and teaching have long been skills at which women have excelled in the home; now these same attributes are recognized in the civilian feminine force at Sheppard Air Force Base.
 "Prepare the Man," the slogan of Air Training Command, parent organization of Sheppard Air Force Base, has become a real challenge to the women at Sheppard as they go about their duties in the various organizations at this North Texas base.
 While only 33 are actually instructors in the technical and medical schools at Sheppard, the majority work in jobs which provide the necessary support for the training. They work in 74 different types of jobs. Sixty-one of the job series are held by the general schedule or "white collar" workers, while 13 are in the wage board or "blue collar" classification.
 The GS employees are nurses, nursing assistants, dental hygienists, medical technicians and technologists, histopathology technicians, medical radiology technicians, librarians, writers, illustrators, educational counselors, program analysts, telephone operators, staffing specialists, service club director, clerks and steno-

graphers — to name a few. The clerks include typists, coding, military personnel, supply, editorial and travel.
 The wage board jobs held by women are sheet metal plastic worker, janitor, power collator, cook, seamstress and laundry worker.
 Sheppard "prepares the men" for many vital Air Force jobs. Its Technical School conducts the only Air Force courses in comptroller, transportation and fixed wire. It also trains men in aircraft maintenance, civil engineering, and missile and space subjects. It also has the responsibility for the Field Training Detachments throughout the world which conduct continuous training in aircraft maintenance at bases where it is needed.
 Some of the 1,328 women on the Sheppard payrolls are assigned to these detachments at other Air Force installations in the United States.
 The Medical Service School provides training for practically every member of the medical service who enters the Air Force as well as advanced training for many others.
 Sheppard is also the home of the 3630th Flying Training Wing which conducts the only helicopter pilot training for the Air Force and fixed wing aircraft

pilot training in T-37's and T-38's for German Air Force and United States Air Force students.
 The Sheppard ladies work throughout all of these diverse organizations as well as the support groups on base.
 They are called upon many times to conduct on-the-job training for fellow employees; they teach the procedures for the various jobs.
 Statistics at Sheppard at the end of 1968 revealed that 36 per cent of the work force at Sheppard were women. They numbered 1,328 of the 3,687 civilians on the payroll at the time. Broken down, the figures show that women made up 34 per cent of those employees under civil service, or 996 of 2,909 such employees; 30 per cent of the non-appropriated fund employees, or 157 of 514 employees; and 66 per cent of the Base Exchange employees — 175 of 264.
 Other statistics reveal that women make up 48 per cent of the lower grades of GS employees; 11 per cent of those in higher grades; three per cent of wage board employees; and 89 per cent of the laundry workers.
 Women of all military groups are included in the aggregate.
 The average age of all the women at Sheppard is 40½, and the average tenure of employment is five years.
 Those working under Civil Service last year took home \$6 million of the \$23 million payroll at the base. Of the 298 handicapped persons at Shep-

pard, 42 are women.
 Ninety-one per cent of the fairer sex working at Sheppard are married.
 The feminine force drives an average of 11.2 miles to work each day. They come from Wichita Falls, Burkburnett, Iowa Park, Henrietta, Byers, Electra, Holliday, Olney, Vernon, Petrolia, Archer City, Kamaay and Bowie in Texas. Also from Randlett, Grandfield, Walters and Devol in Oklahoma.
 Counting those at field training detachments, women on the Sheppard payroll live in 27 of the 50 states of the Union.
 Several hold key positions where they are responsible for training and teaching as well as other important job duties. One woman serves as administrative assistant to the civilian personnel officer; another is personnel management specialist; one is assistant procurement officer; another serves as deputy equal employment opportunity officer; another as principal instructor in the Department of Communications Training of the Technical School, and so on.
 The clerk who types the training materials and the one who checks in supplies as they arrive are as much a part of the training team as are the ones in key positions.
 Their efforts work together to give today's young airmen, young pilot and medic, the best training possible to "Prepare the Man" for the Air Force of tomorrow.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT
 NUMBER THREE ON THE BALLOT (SJR31)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Section 24, Article III, Constitution of the State of Texas, be amended to read as follows:
 "Section 24. The Lieutenant Governor and the Speaker of the House of Representatives shall each receive from the Public Treasury an annual salary in an amount to be fixed by the Legislature, not to exceed one-half the annual salary of the Governor. Each other member of the Legislature shall receive from the Public Treasury an annual salary to be fixed by the Legislature, not to exceed the annual salary paid to a district judge from state funds. Members of the Legislature shall also receive a per diem of not exceeding Twelve Dollars (\$12) per day during each Regular and Special Session of the Legis-

lature. No Regular Session shall be of longer duration than one hundred and forty (140) days.
 Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on August 5, 1969, at which election the ballots shall be printed to provide for voting for or against the proposition: "The Lieutenant Governor and the Speaker of the House of Representatives shall receive a salary fixed by the Legislature, not to exceed one-half the salary of the Governor; providing that the Legislature shall fix the salary of the other members, not to exceed that received by a district judge from state funds; and removing the 120-day limitation on per diem for regular sessions."

Burk School Board Holds Regular Meeting

The certainty of increased enrollment in 1969-70 and the possibility of less federal assistance in that period was brought before the Burkburnett School Board Monday night at its regular meeting.

Supt. I. C. Evans said federal funding as now proposed in Congress would cut \$233,558 from Burkburnett's share of money due federally impacted areas. Additional representation, a letter from the board presenting the Burkburnett situation and letters from school patrons to members of Congress were considered.

Special Meeting
 A group of Burkburnett Jaycees present at the board meeting pledged the support of their chapter in contacting members of Congress.

The board set a special meeting for Thursday to discuss construction of six new classrooms for the junior high school which has a prospective enrollment of 900 students for 1969-70. Evans was authorized to draw recommendations on the location and floor space of a combined office and storage building which the board also has under consideration.

Thirteen bus routes including those for transporting high school students from Friberg and Capehart to Burkburnett were approved by the board.

In the classification of schools, Hardin and Southside Elementary schools were approved to teach first through fifth grades; Friberg and Capehart, first through sixth grades; junior high school, sixth through eighth grades; and high school, 9 through 12.

Teachers Hired
 The board approved the employment of Mrs. Deanne Bowser and Mrs. Roberta Townsend as first grade and Ellen Campbell as second grade teachers and accepted the resignation of Mrs. Dolores Hayek.

C. E. Lundberg, Dawson Owen and E. J. Tatum were appointed to serve as a tax equalization board.

Mrs. Betty Loveless, deputy tax collector, reported a total of \$190,824 received to date, including \$7,708 from the delinquent rolls.

Discussion of the possibility of recognizing teacher organizations to represent teachers in reporting to the board was tabled for more information, and recommendations of school principals concerning lesson plans were tabled until the July meeting.

What Goes On Under Fashion

To many ladies, the fashion trends this year might be termed "a puzzlement." All of a sudden, hard-edge femininity is out and the soft, tailored look is in, tight-fitting clothes are out, but slinky body-hugging garments are "it." It's all a paradox—but one thing is sure—now that women have had their first liberation in pants and pantsuits, they're not about to give them up so easily.
 And the new outlook for pants is enough to make any woman who has never worn them want to run out and buy a pair—wide-legged, loose and easy-fitting, formal and informal, flowered jeans and soft, silky crepe—this season the pants have it!
 But what if you don't? Maybe your figure isn't up to the wearing of the new pants with their emphasis on flat stomachs and trim waists. Never fear! The outside story is never the whole story when it comes to this year's fashion. One of the most interesting things about these new fashion stars is their supporting players—cleverly designed undergarments.
 The latest is an innocent-looking panty with a hidden persuasion of power. Made by Sil-o-ette, this panty offers quiet control with the use of Antron® nylon and Lycra® spandex for a beautifully fashionable figure. Because this panty works so well under the new pants, it not only trims your figure, but keeps outer garments looking smooth, too, with no wrinkling or bunching to mar your outfit.
 What's different about this Sil-o-ette form persuader is that it's so cool and light you'd never guess its hidden strength. Available in all today's wet look fashion colors, it's comfortable and delicate to go along with today's subtle fashions. (Fashion hint: Also great under bathing suits and for holding up panty hose!)
 It's fashion's axiom this year that what goes on must go over a smoothed-down body. And with such beautiful support, any woman can take a major role in the new pants fashions.

Phyllis Robinson Is Hostess To Bluebonnet Garden Club Spring Installation Luncheon

The Bluebonnet Garden Club met May 13 in the home of Mrs. Phyllis Robinson for the Spring luncheon with Mesdames Helen Taylor, Gail Butts and Wilma Thaxton as co-hostesses.

Each member brought a covered dish and it was served from a beautifully decorated table with spring flower arrangement.

Mrs. Bertha Johnson gave the invocation.

After the meal and hour of visitation the meeting was called to order by the president Bertha Johnson, reading of the minutes were made by the Secretary Phyllis Robinson.

The club voted to participate in Trancent Welfare and give a gift to the state farm.

Following the business meeting the program, "Enjoy Your Garden," was lead by Ellen Landers.

Roll call was answered with a "Garden" Visited

The club history was read by Helen Taylor and vacation garden tips were given by Thelma Gilbow. Lovely arrangements were made by Opal Gee and Lena Houser.

Following the program, Mrs. Bertha Johnson presented Mrs. Elizabeth Brady who gave a very inspiring installation, each officer of the coming year represented a flower from which a beautiful arrangement was made after each officer was installed.

The following officers were: President, Opal Gee; Vice President, Ava Landers; Historian, Lillie Neal; Reporter, Ora Lee Johnson; Secretary, Edith Holman; Assistant Secretary Helen Taylor; Corresponding Secretary Phyllis Robinson; Parliamentarian Zella Mills.

Bertha Johnson presented Elizabeth Brady with a lovely Peace Rose for her inspiring installation.

Mrs. Bertha Johnson, outgoing president, made a wonderful President of the club and was an inspiration to all the members.

The new President Mrs. Opal Gee took charge of the meeting, making a few comments on the coming year and named the club committees for '69-70. The meeting was closed by the reading of the club invocation.

The following members present: Mmes. Maude Bohner, Lou Ethel Boyd, Elizabeth Brady, Hattie Burns, Gail Butts, Mary Cecil, Earlyne Chambers, Opal Gee, Thelma Gilbow, Alice Goodwin, Edith Holman, Lena Houser, Bertha Johnson, Zella Mills, Ava Landers, Lillie Neal, Phyllis Robinson, Helen Taylor, Wilma Thaxton, Ona Banning, Velma Bohner and Angie Randall.

Bucktails and Spoons—Bingo!

By Tom Andrews

Though there's no way of proving it, I expect my great-grandfather used something like a bucktail back in the Scottish Highlands. And maybe he had learned the trick from his grandfather! This particular artificial lure has a lot of solid history going for it. And even if you are inclined to buck tradition every now and again, you will miss out on a lot of good fishing if you ignore lures that utilize the bucktail.

For example, I've said more than a few times that the happiest marriage that ever took place was the one between Johnson's Silver Minnow spoon and a hunk of deer hair. They just naturally called it the Bucktail Spoon, and it just naturally became a very productive lure.

The heavy forged-copper blade casts like a bullet, and its particular shape gives it a very exciting swimming action. And to top it off, the bucktail is available in four colors — red, yellow, black, and a red-and-white combination — and is held by a special clip that permits changing colors fast.

Maybe you feel that switching bucktails isn't necessary or important. Well, believe me, you're not alone: a lot of anglers have never given it a second thought.

But I can remember many days when, for instance, a silver Bucktail Spoon with a yellow

low bucktail did little more than stir up a lot of water until I switched to a red tail or some other color.

Why, it was only two years ago that I was able to show some fishing buddies at an Ontario camp that patience and a bucktail variety could combine to bring lake trout that weren't biting swarming around my lure.

Admittedly, I went through several spoon finishes and all four tail colors before I got the winning combination. (And I also did something you may want to try: Johnson's bucktail is a wispy one that has very little "floating" effect on the spoon, but I still like to trim it slightly with knife or scissors just forward of the wrapping.)

It was a gold Bucktail Spoon with a yellow tail that finally provided the right visual appeal for those big lakers.

Riding along just a foot or so beneath the choppy, rain-swept surface of the lake, this lure took lake trout like the lake hadn't been fished before!

MRS. K. M. ANTHONY SPEAKER FOR INSTALLATION DINNER

The Burkburnett Study Club held its installation dinner Monday evening at the Wichita Club with the president, Mrs. M. E. Bean presiding. Her theme was "Home, Involvement, Our Future Life" and Americanism. The dinner room was decorated in red and white, with scenes of families at home and play. White Testaments were used for place cards.

Mrs. Philip A. Carpenter introduced guest speaker Mrs. K. M. Anthony, she gave a most interesting talk on "Americanism, The Basis of Home Life."

Reports were given from the Treasurer Mrs. E. D. Potter. Mrs. P. A. Schelter Project Chairman

reported on the projects for the year 1969-70 which was accepted by the club. Mrs. H. C. Preston read correspondence in the absence of Mrs. Winston Freeman.

Mrs. M. E. Bean presented a red carnation to each of the following officers at the time of installation. President, Mrs. E. D. Potter; Vice President, Mrs. M. E. Bean; Recording Secretary, Mrs. Bill Morse; Corresponding Secretary, Mrs. G. A. Musgrove; Treasurer, Mrs. Alven Hill; Parliamentarian, Mrs. Bill Reasoner; Historian, Mrs. Franklin P. Baird; Reporter Mrs. Francis Felty.

Mrs. Bean thanked the mem-

bers for their service to the club and the community during her term in office. She was presented a monogrammed silver dish. Silver trivets were presented to Mrs. H. C. Jreston.

IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

We're Being Bluffed By the Reds

TITO long ago made it clear that if Yugoslavia were invaded by Russia he would fight. Yugoslavia has not been invaded.

Czechoslovakia had never made it clear that Russian aggression would be resisted by armed force. Czechoslovakia was invaded, her liberal government overthrown and Soviet rule imposed. There is good reason to believe that had Russia known it would meet armed resistance if it moved into Czechoslovakia, then the recent conquest of that country would not have taken place.

Had our country followed the advice of General Douglas MacArthur and administered a crushing defeat to the Chinese in Korea, that country would have been reunited and there might have been no aggressive war in South Vietnam.

Had we made it clear that we were moving into South Vietnam in order to prevent further conquest of Communism and that it was our purpose to win the war there, it could have been won four or five years ago with much less bloodshed.

Our policy of merely slapping the enemy on the wrist—while begging him to make peace—has encouraged him to continue fighting and to believe that we haven't the will to win. Under such circumstances the enemy will never make peace. His objective is not peace, but conquest. As long as we shut our eyes to this obvious fact, we shall continue being defeated.

No force that could be assembled in South Vietnam would be sufficient to win the war as long as the enemy has sanctuaries all the way along the 600-mile border with Laos and Cambodia. We should have denied him these sanctuaries and destroyed his bases. Then we should have told Hanoi that if North Vietnamese troops were not withdrawn from the South, our next target would be North Vietnam itself.

This threat would probably have been sufficient. If not, the harbor at Haiphong could have been closed. If this were not enough the dikes could have been destroyed, making it impossible for North Vietnam to continue resistance.

It is probable that neither China nor Russia would risk war with the United States over Vietnam. But since they believe we do not have the will to win, they continue their aggressive actions. Even if China were brought into the war, it would be relatively easy to destroy her atomic potential.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

IT'S BEEN A LONG YEAR

Just a little longer... and homework, and exams will be over and then VACATION TIME. It is so good to have something to look forward to... swimming, fishing, ball, all of those wonderful activities.

Yes, it is good to have something to look forward to. I look forward each week to an opportunity to worship with others in the House of the Lord. I look forward to the hymns of praise, to the time of Bible study, and to the message brought by God's servant. Why don't you join me this week at church and participate in these joyful moments.

Spring A Luncheon

Spring heralds that famous American pastime — not golfing, not playing with suburban lawns — but dieting! It seems that everyone is keeping their eyes off the refrigerator and on the calorie charts in anticipation of the good shapes necessary for summer's outdoor life.

It's not surprising that ladies who used to have a healthy breakfast, a hearty lunch, and a huge dinner are all of a sudden pecking away at the mini-est portions of low-calorie foods.

Yet this annual diet spree shouldn't stop you from inviting your friends to a marvelous luncheon, because you can still serve up dishes that are fat-looking but thin-making. Why not consider some of these lunch suggestions using delicious bananas — a mere 85 calories each — as the main ingredient.

Team bananas with seasonal fresh or canned or frozen fruits for appetizing and colorful salad plates. Some tasty combinations are Banana-Apricot-Cottage Cheese and Banana-Apple-Walnut. Large bowls of sliced banana Foisins topped with vanilla yogurt is a refreshing warm weather lunch dish.

For spectacular anytime-at-all salads, add sliced Chiquita brand bananas to flavored gelatin with other fruits and vegetables for a molded salad. Bananas have an almost limitless horizon of cooking possibilities. And for the dieter, they are the perfect food because they are satisfying and filling, yet low in caloric count.

Making a banana-oriented luncheon is a waist-line saver — not to mention the work it saves for the hostess. Everyone will come back for seconds — and even thirds — with nary a worry about straying from the straight and narrow!

4-H CLUB HAS MEETING

The Burk Burnett 4-H Community Club had its monthly meeting Tuesday, May 13 at 7:30 in the Youth Center. President, Marian Bentley called the meeting to order. Janice Harmon lead the 4-H pledge and prayer. Judy Klinkerman read the minutes and called the roll. The treasurer's report was also given.

Old business was discussed

and Marian Bentley gave several announcements about the garden show which will be June 14th at the Sears building, the District Food Contests held at Midwestern University, and the first year Sewing group to be held June 10, 12, 17, 19, 24 and 26th from 5 to 6:30. She also gave a report on the County Council meeting which was held last month.

New business was discussed. The members voted to have tours in June, July, and August. Motions were made and voted on to make a tour of the CIBA Plant in Burk Burnett, the museum and the Carnation Plant in Wichita Falls, she gave a very

informative program on electricity and she showed several types of light bulbs and explained their purposes. She also told the need for proper lighting in the home, and gave out little pamphlets which had additional information about lighting in the home.

There being no further business, the meeting was adjourned and the members enjoyed refreshments and played a game. Those attending were Janice Harmon, Tim Mullins, Kathleen Crowder, Evelyn MacCalip, Pat Green, Judy and Jan Klinkerman, Sammie Elliott, Larry Rodrick, and Marian Bentley.

Unity Garden Club Has Installation

The Unity Garden Club held its last meeting of the year, a placement show, in the lovely home of Mrs. P. J. Williams, Jr., with Mrs. Carl Sutherland and Mrs. Jesse Roebuck as hostesses.

Mrs. Ray Anderson installed the 1969-70 slate of officers: President, Mrs. Ray Stimpson; Vice President, Mrs. Lee Beckham; Secretary, Mrs. Jesse Roebuck, and Treasurer, Mrs. B. H. Alexander, Sr. A beautiful book entitled "Gardens Around the World" was presented to retiring president, Mrs. A. L. Gilbow, and appreciation was expressed by all members for her untiring effort in behalf of the Unity Garden Club for the past year.

The members voted to participate in a flower show to be held jointly by the Garden Clubs of Burkburnett in the Spring of 1970. Also to send seed packets and garden tools through Care to be distributed by members of the Peace Corps in the countries where they are needed and to participate in the State and National Garden Club projects. One new member was welcomed into the club.

A delicious refreshment plate was served to thirteen members and one guest: Mesdames C. E. Willmon, A. L. Gilbow, Roy Magers, J. R. Rochell, Herman Miller, B. H. Alexander, Sr., Ray W. Anderson, Troy Miller, Jesse Roebuck, Lee Beckham, Carl Sutherland, P. J. Williams, James Nolden, Ray Stimpson.
