NUMBER 20

Editor's Viewpoint

MONTIE WILLIAMS

The first part of this week was very interesting indeed, especially in and around the local coffee bars. The main topic was Dolphins and Redskins as if you didn't know. One cat was telling me the week before the game how the Redskins were going to really tear the Dolphins up. After the game the same guy comes up to me and says, "What'd I tell you?"

Some were hanging their heads in disbelief and others were doing a great job of rubbing in their ability to prognosticate. One thing's for sure. That game was probably replayed through the minds of football fans more than any other in history. If it wasn't, it should have been. It was surely a great game to watch but that score, for some of us, did smart a little.

With the football season over for another year, except for the Pro Bowl, it's time to focus some attention to basketball. The Burk Bulldogs are making a fine showing in the district this year. They could very possibly become the new District 3-A Champs. Their district record now stands at 4-1, not including the outcome of Tuesday night's game which we couldn't get before press time. This record is currently the best in the district with all other district teams sporting at least two losses.

If you haven't seen the 'Dogs play basketball, you have missed quite an exciting time. The next home game is tomorrow night, Friday, January 19. See if you can make it.

According to the Chamber of Commerce, ticket sales to the Chamber banquet are going quite well. If you haven't bought yours yet, here is where you can get them: First National Bank, Burk Burnett Bank, Corner Drug Store, First Savings and Loan Assn., Texas Electric Service Company, Lone Star Gas Company, Chamber of Commerce office or from any officer or director of the chamber.

One day Noah was looking for his ark and couldn't find it so he asked the giraffe if he'd seen it. The giraffe replied that he hadn't seen it but why didn't Noah ask the tiger. Noah asked the tiger if he'd seen his ark and the tiger replied that he hadn't seen it but why didn't Noah ask the termite. Noah asked the termite if he'd seen his ark and the termite replied: "I can't believe it at the whole thing."

Secretary on phone: "He's out to lunch but he won't be gone very long. Nobody took him."

Don't forget to send your news tips to the INFORMER/STAR!!

MARCH OF DIMES CAMPAIGN--Mrs. B.H. Alexander, local campaign chairman, Lynette Wilkinson, Burk Burnett March of Dimes Poster Child; Mrs. Robert Wilkinson, and Mrs. Lyle Eaton, co-chairman plan for the March of Dimes door-to-door campaign.

Sponsored by Theta Epsilon

March Of Dimes Set For Sunday - Monday

The annual Mother's March of Dimes campaign is scheduled for Sunday and Monday evenings, according to Mrs. B.H. Alexander, local chairman.

March of Dimes is sponsored by the Theta Epsilon Chapter of Epsilon Sigma Alpha, Theta Epsilon members, headed by Mrs. Lyle Eaton, and local volunteers will campaign door to door asking for contributions to the March of Dimes fund.

Each year in the United States, 250,000 children are born with birth defects. These birth defects may leave children blind or deaf, with missing limbs or a damaged heart, with the inherited sickle cell anemia, or mentally retarded.

The National Foundation - March of Dimes is a voluntary health organization leading the fight against birth defects. Through research supported by the March of Dimes, progress is being made on diagnosis, treatment, and prevention of birth defects.

In intensive care nurseries supported by March of Dimes

funds, the critically ill or premature baby receives special attention. The March of Dimes also supports educational programs in genetic counseling, rubella vaccination, and prenatal care, attempting to

prevent birth defects before they occur.

The March of Dimes foundation is also accredited with conquering polio. The foundation sponsored the research which led to the polio vaccine.

Anyone wishing to help campaign or contribute to the fund may call Mrs. Alexander at 569-3434 or Mrs. Eaton at 569-3688. Mrs. Eaton reminds volunteers to pick up their campaign packets at the First National Bank drive-in window Friday or Saturday. Hours for Saturday are 5-7 p.m.

The Burk Burnett chapter has the same plea as that of all chapters throughout the world: "Won't you please help. Give and give generously to the March of Dimes."

"The March of Dimes supports intensive research, medical services, professional education and community service programs throughout the year," said Mrs. Alexander. "We ask for your help in our ultimate aim to eliminate birth defects, such as the one that has affected Lynette Wilkinson."

March Of Dimes Poster Child

Lynette Wilkinson will reign as Burk Burnett's March of Dimes Poster Child during the annual January campaign to prevent birth defects, announces Mrs. B.H. Alexander, campaign director.

Lynette received braces through funds provided by the local March of Dimes foundation.

Two-year-old Lynette is the daughter of Mr. and Mrs. Robert Wilkinson, 420 Magnolia Street. They have another daughter, Robin. The Wilkinson's have lived in Burk Burnett nine months, moving from Wichita Falls. Wilkinson is employed at Joe Adair Electric in Wichita.

Bulldogs Sharper Than Predicted

The Burk Bulldog Varsity Basketball team is proving to be a lot sharper than predicted in the District 3A go-round this year. The 'Dogs have a season record, thus far, of 12-3 and a district mark of 4-1. For the time, this places the 'Dogs in the lead of the first half of district play with all other teams sporting at least two losses.

Varsity coach Jim Phillips explained how the new rulings on basketball season take effect. Phillips said that each team in the district played 14 games, 7 in the first half and 7 in the second half. At the end of the season, the winners of the two halves play off to produce a champion team of the district. Of course, if one team ties one half with another team and goes on to win the other half, that team is the champ without a playoff. This gives each team more of a chance to perform by not being allowed to be knocked out of the race early in the season.

Asked about the performance of the Bulldogs, Coach Phillips said, "We have balanced scoring on the team this year. All of our boys score because they are quick and work together well as a team. We don't depend on one tall guy to do our scoring because we don't have any really tall basketball players. The tallest on the Bulldog team is 6'2" and we play against boys that are 6'5", 6'6" and 6'7".

Phillips said that the Bulldogs fast-break as much as possible. He admitted that more mistakes are made but also a lot of easy baskets. Last week the 'Dogs outscored the Graham Steers in every quarter and a good number of those points were made on fast breaks. It's something that we work on every day and it's effective against many teams.

Earlier in the year, the Bulldogs were picked to be fifth in the district. Vernon was picked to come out on top with five returning starters back including one boy 6'7" tall. Brownwood was second on the list after dominating the district last year in basketball. Iowa Park was picked third with five of their top six boys returning to the court. And Hirschi was picked fourth returning the two high point men in the district last year.

According to Jim Phillips and the record books, the Burk Bulldogs have as good of a chance as any to come out on top. All teams have improved this year which should make an interesting schedule of contests for the remainder of the season.

The dogs came close last year by winding up second in the district. This year they have lost three games in all. One to Petrolia in the Burk Burnett Invitational Tourney (Petrolia, incidentally is undefeated thus far), one to Dumas in the Top of Texas Tourney, and one to Iowa Park in District Play. But we all know that the games with the Asterick are the ones that really count.

Bozo Darnell Darnell To Perform At C of C Banquet

Bozo Darnell, one of three outstanding local entertainers scheduled for the upcoming Chamber of Commerce Banquet, presents a Country and Western show plus a wide variety of comedy. Bozo now resides in Burk Burnett but is still connected with the song writing business. Bozo says that he is just not as active as he used to be.

For Darnell, the music business started a long time ago. He worked off the Grand Ole Opry for eight years. During that time he wrote and recorded "Your Steppin' Stone", "Down Came the World", and "Sha Marie." The song, "Your Steppin' Stone" was also recorded by several other artists

and the combined sales of the artist went over the four million mark, making it the number one country and western record during 1965. Bozo has played for such stars as Ray Price, Ernest Tubb, George Jones, numerous others in the country and western field.

Bozo Darnell will be joined by Pat Patterson and Fred Hayes, also both local men.

Again, this is only one of three talented acts to be presented to those attending the Chamber of Commerce Banquet February 3rd in the Burk Burnett Community Center. In the next edition of the Burk Informer/Star, another of these acts will be presented to our readers.

Fund Raising Game To Be Sponsored By Southside P.T.A.

Burk Burnett's Southside P.T.A. is sponsoring a fund raising basketball game Saturday, January 27th in the Burk Junior High Gym and it promises to be a real battle. Proceeds from the game will go into the air conditioning fund. The action will get underway at 7:30 p.m. sharp and will put the "Over 21 Gang" against

the coaches of Burk High School. The "Over 21 Gang" put together and coached by the Southside P.T.A. has been working out rather strenuously in the past days preparing for the coaches. One of the gang members told the Informer/Star that he was sure that the "Gang" would lay it on the coaches rather badly

See P.T.A., Page 2

Bloodmobile To Visit Burk Thursday, Jan. 25

The Wichita County Red Cross Bloodmobile will be visiting Burk Burnett Thursday, January 25th from 3:00 p.m. to 6:30 p.m. in the National Room of the First National Bank.

The Current Literature Club and Senior Citizens of Burk Burnett will be assisting the Bloodmobile visit as hostesses. These organizations will aid in record keeping and serving refreshments to donors.

As always, blood is drastically needed, no matter what type you have. Blood saves lives and it seems that the supply of one type or another is always low. Give a few minutes of your time, and donate a pint of life saving blood when the bloodmobile comes to Burk Burnett next Thursday, January 25th.

If your work schedule forbids you time to wait in line, you can easily make an appointment for a specific time. Call Mrs. Irv Smith at 569-2301 for your appointment.

First Savings and Loan of Burk Burnett has offered a special incentive plan to civic clubs of Burk Burnett. First Savings and Loan President, Albert Dillard has announced that his company will pay \$25 cash to the club having the highest percentage of active members donate blood when the bloodmobile visits Burk.

District 2E-1 Lions To Meet In Burk Saturday, Jan. 20

The Lions International Mid-Winter conference for District 2E-1 will be held in the Burk Burnett Municipal Civic Center this Saturday beginning at 8:30 a.m. The conference will be conducted in several sessions. The first will be the morning session in which district reports of committees will be heard. District Governor Loren Maples, from Graham will preside over the various activities.

The morning session will be followed by a noon banquet. The speaker will be the Honorable E.B. "Tex" Mayer, Immediate Past International Director of Lions.

Several local people will be included in the program. James D. Taylor, of the Bloomtown Lions Club, will be the Master of Ceremonies. Terry Cost, of the Burk Lions Club, will entertain by singing as will the 21st Century Singers of Burk Burnett.

See LIONS, Page 2

LYNETTE WILKINSON

License Tags Go On Sale Feb. 1st

License tags will go on sale Thursday, February 1st in the county office located in the Burk Burnett Chamber of Commerce office as well as in the county court house.

Dorothy Bryant, deputy tax collector for Bill Carnes urged Burk residents to bring their renewal cards when they purchased their tags. If the cards aren't available or are in error, then bring your vehicle title and last years registration receipt.

Reserve license plates with reserve numbers will also be available Thursday, February 1st, along with the regular license plates.

The vehicle registration period extends from February 1st to April 1st, 1973.

Mrs. Bryant asks the public, if possible to come in early and avoid the last minute rush. If you have any questions call before you come in and possibly save an extra trip.

Obituaries

Omnia E. Bruner

Mrs. Omnia E. Bruner, 86, died last week in a Burk Burnett Rest Home.

Services were Saturday in Owens & Brumley Chapel. The Rev. Ed Newhouse, pastor of Cashion Baptist Church officiated and was assisted by Rev. Jarrt Thornton, pastor of Pleasant Valley Baptist Church.

Born November 16, 1886 in Fannin County, Texas, Mrs. Bruner had lived in Burk Burnett since 1922. She was a retired Civil Service Employee at Sheppard.

She is survived by five sons, Lonnie of Burk Burnett, Joe of Wichita Falls, Paul of Eureka, Calif., E.G. of San Pedro, Calif., and Earl of San Bernadino, Calif.; Also four daughters, Mrs. Jackie Long of Houston, Mrs. Patsy Provence and Mrs. Dorothy Abbott, both of Garden Grove, California, and Mrs. Juanita Smith of Lubbock; one brother, Pete Bingham of Ennis, Tex.; two sisters, Mrs. Delia Cecil of Tulsa, Okla. and Mrs. Martha Walker of Meeker, Oklahoma; fifteen grandchildren, and thirty-three great-grandchildren.

Nephews of Mrs. Bruner served as pallbearers.

Robbie Nelson Enjoys Partnership Of Owning House Of Hallmark

by Sedelta Verble

Amid the rainbow colored cards and Shopsy party favors Robbie Nelson waits on customers who have come to buy a special present or unique card for a deserving someone.

Robbie has been the proud owner of the House of Hallmark for two years. She and her sister are partners in the gift shop, the fulfillment of a long time dream for both ladies.

"I really love this shop, though at first some people said a gift shop of this sort wouldn't be successful with Wichita Falls only a few miles away," she commented.

Robbie is not new to the business of maintaining a shop. For twelve years she was the bookkeeper and a buyer for Corner Drug Store. She has lived here all her life and has one married daughter, Mrs. Carla Nelson Key. Mrs. Nelson is employed by Coy's Jewelry.

Her shop not only features those adorable Peanut characters in every item from a fuzzy Snoopy doll to Charlie Brown

ROBBIE NELSON

Lions

(Continued from Page 1)

Larry DiMarzio, President of the Burk Lions Club, will direct attending Lions in the Pledge.

Ladies will also have a morning and afternoon program. The morning session will feature a book review and the afternoon session will feature a Style Show sponsored by the Elite Dress Shop of Burk Burnett.

The evening will close with a refreshment hour beginning at 3:30 p.m. hosted by the ladies of the Burk and Boomtown Lions Clubs. Ladies activities will take place in the Texas Electric Reddy Room.

(Continued from Page 1)

during the contest, commenting that he figured that the coaches were a little slow on their feet and old compared to the youngsters playing for the "over 21 gang".

The coaches on the other hand, had a different point of view about the game. That is-- "if we can coach it (basketball that is) then we can no doubt play it well enough to defeat easily the "overweight - er, over 21 gang".

The admission charge for the above described game of skill will be \$1.00 for adults and 75¢ for students. Of course, everyone is invited to attend truly, "the Game of the Weak". Don't forget the date. That's Saturday night, January 27th, in the Burk Junior High Gym. Game time is 7:30 p.m.

Mrs. Alma Teague Knight presents "Behold, the Man, Jesus" to the First Baptist Church Library. (L to R) Mrs. James A. Johnson, Librarian; Mrs. A.H. Lohofener, Assistant Librarian; Mrs. Arthur Houser, Assistant Librarian; Mrs. Alma Teague Knight, and Mr. and Mrs. Lamoin Champ.

Local Writer Knight Gives Book To Church At Autograph Party Sunday

Mrs. Alma Teague Knight of Burk Burnett presented a copy of her new book publication "Behold, the Man Jesus" to the library of the First Baptist Church Sunday, January 14th.

Mrs. Knight made the presentation during an autograph party given for her at the church.

The First Baptist Church Library was established March 10, 1948 by Reverend and Mrs. T. Lynn Stewart, a former pastor of the First Baptist Church for several years.

The library is financed by the church and gifts from certain individuals.

Families and clubs have given 450 memorial books in honor of someone living in memory of someone gone on. There are books classified for adults, youth, junior, and children. The library has 4,193 books on the shelves valued at \$8,000. The library is open before and after each service.

The librarian is Mrs. J.A. Johnson and her assistants are Mrs. A. H. Lohofener, Mrs. A.C. Houser, and Mrs. F. M. McMurtry.

Of course I must mention again the fact that we have our annual banquet coming up on February 3rd. Make plans to attend. There will be a very entertaining program and a good meal too.

Tickets are only \$2.50 each with EIGHT places to the table.

People have been asking me the past few weeks what is the Chamber of Commerce or what does it do, or where does it get it's money?

The Chamber of Commerce of Burk Burnett is an independent organization, separate and apart from the county or the City of Burk Burnett. It was organized in November of 1920 with its constitution and by-laws being revised last in January of 1956.

In the Chamber's constitution it states that the Chamber's purpose "shall be to promote the civic, commercial, industrial and other interests of the City of Burk Burnett, Texas and its contiguous territory, and to correlate the efforts of the citizens of Burk Burnett and of the members of this organization, and to make Burk Burnett a better place to live."

"This organization, in all its activities, shall be non-partisan, non-sectional and non-sectarian, and shall take no part in, nor lend its influence to the election or appointment of any candidate for any political office."

The Chamber is supported by its dues paying membership. Any reputable individual, firm or corporation engaged in business, a profession, trade or occupation in Burk Burnett and contiguous territory shall be eligible to membership in this organization, again according to its constitution.

The annual membership dues for the Chamber include \$30.00 for individual memberships, while business and professional memberships range from \$39.60 up annually, depending on the size of the business.

Each member of the Chamber is given one vote regardless of the amount paid in dues.

Is Editor Williams Really Rat Man?

Or A Fred Astaire?

Has Monte Williams, Informer/Star editor, enrolled in a tap dance class?

Recently, if a subscriber would have entered his office at the right moment, it would appear that Williams was polishing up on a tap step... but, in a waste basket!

Instead of stuffing, the editor would actually do a stomp-killing four mice which had ventured into a waste basket, disturbing the busy journalist.

The United States Bureau of Sport Fisheries and Wildlife has recently begun a state-wide program combating the ever-increasing rodent program.

Maybe the Rodent Control program needs to interview the editor!

This week we would like to make a special note to Harold's Television Service, who has now become a member of the Chamber of Commerce.

Don't forget our banquet.

"I'm so grateful for my first aid training," exclaimed the girl. "Last night there was an accident right in front of my house. An old man was knocked down by a car and was bleeding all over. He was moaning something awful. "That's when my first-aid training came in handy. I remembered to put my head between my knees to keep from fainting."

Bulldogs Defeat Steers

by Sedelta Verble
The Burk Burnett Bulldogs burned up the track one more time as they bulldogged the Graham Steers 73-57 in Bulldog Gym. The Bulldogs displayed talent with the spirited

team effort and also called on four outstanding players to snatch the 4-AAA match from the Steers.

Mike Millar led the Bulldog army with 17 points as Larry McMahlill chalked up an ex-

ceptional 14. Grey Mayes came through with 12 big marks and Skip Dean netted for 11.

The victory was a double fold one as Jimmy Koulovatos smashed through the Graham defense to rake up 25 points and a 63-58 triumph over the Steers' B Team.

Letter To Editor

Dear Sir:

Up to ten thousand lives could be saved and countless thousands of disabling injuries prevented each year if all Americans would wear their safety belts while in their cars.

Even though safety belts are commonly available in cars, they are used less than 40 per cent of the time. We sincerely hope that your considerate and wide use of our safety message will help remind all of our neighbors to wear their safety belts and thereby help reduce the highway tragedy that we too often hear and read about.

In 1971, 54,700 persons died in motor-vehicle accidents and another two million incurred disabling injuries. Projected statistics indicate that both of these numbers will probably in-

crease for 1972. Research, on the other hand, shows that nearly 20 per cent of the lives lost in traffic accidents (about 10,000 lives in 1971) could have been saved if safety belts had been worn.

As you can see, it is imperative that we persuade our neighbors to wear their safety belts--for their own good and for the good of their families.

Please participate with us in this public service offering. Your cooperation can mean so much to so many.

Thank you.

Sincerely,
Howard Pyle

BULLDOG BASKETBALL

by Sedelta Verble

In The Spotlight

Player Of The Week

Mike Millar

by Sedelta Verble

"I like basketball as a sport because it is so competitive," commented Mike Millar who is one of the real stand-outs on the line-up this year. His high point average is always an asset to the team, but he feels that it is the Bulldogs team unity that has offset such a great roundball season.

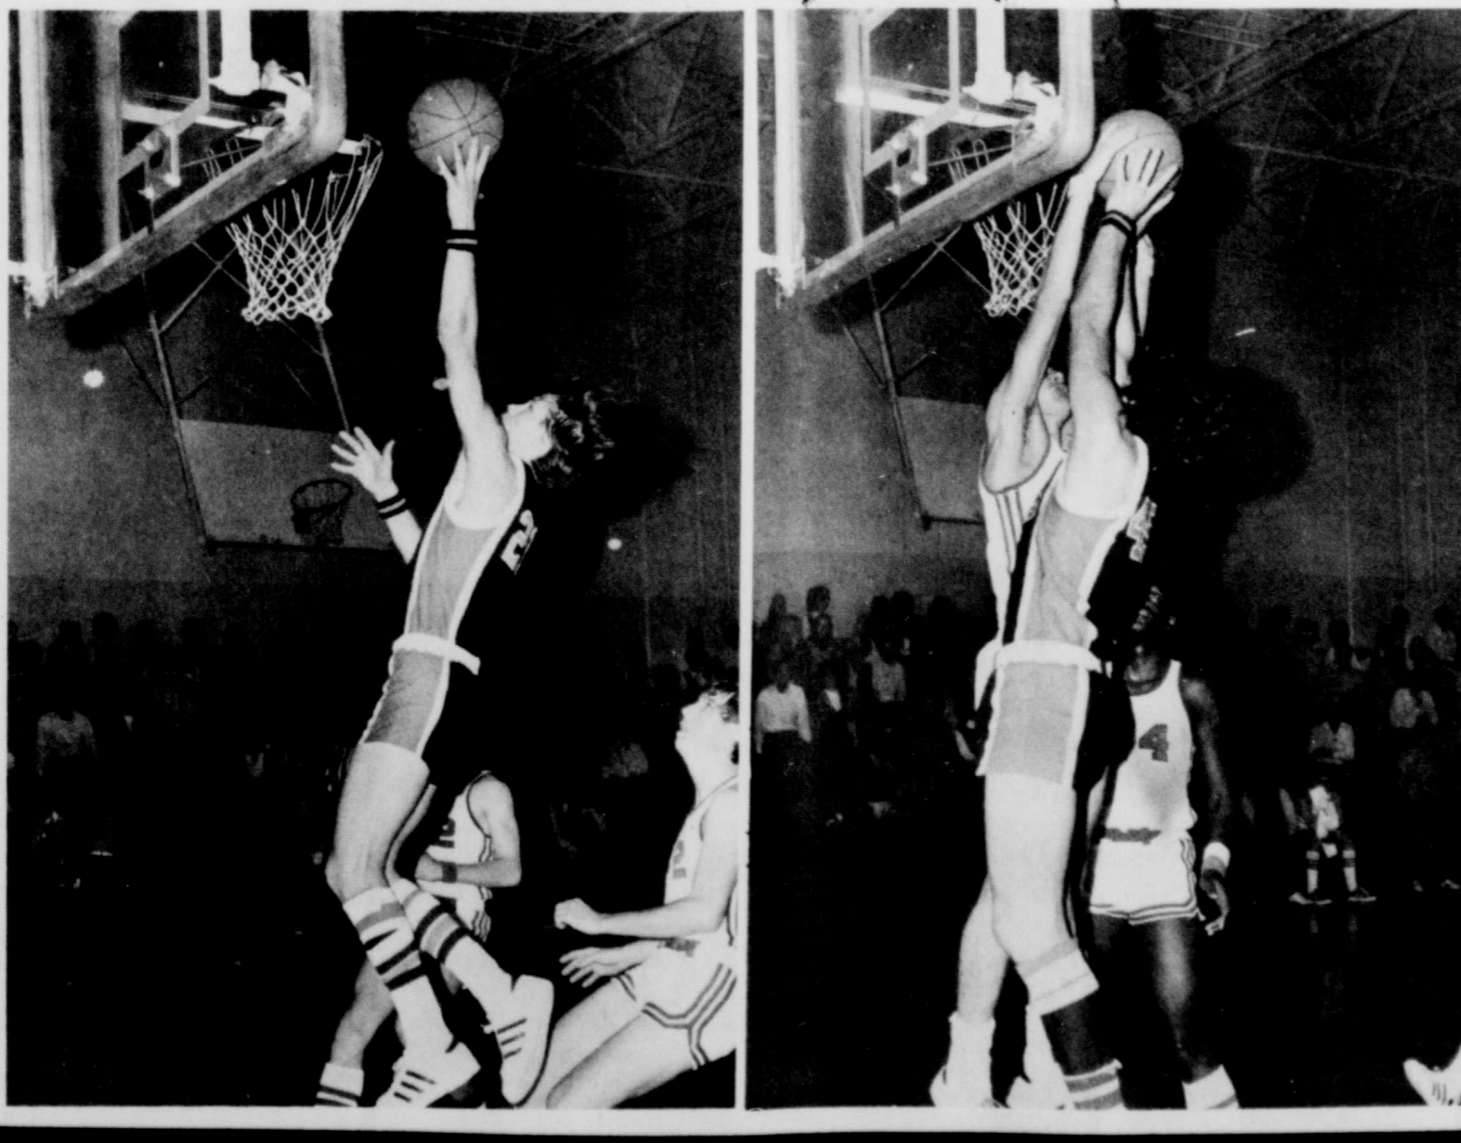

Mike started playing basketball five years ago and hopes to be able to play at Texas Tech where he plans to attend college.

The Bulldogs have had a good season, but more than anything I would like for them to take the District trophy," the tall senior forward stated.

"Mostly I don't practice at home. I practice by just playing around in basketball games with friends during the weekend," he said.

Mike is looked-up to at Burk Burnett High School as one of the stars of this year's splendid team. His 18 points during the Brownwood game were a big chunk of the total points scored by the Bulldogs. His enthusiasm and spirit combined with smooth agility explain why he is one of this year's captains for the Bulldogs and maybe tomorrow's collegiate roundball star.

Mrs. Larry Holtzen

Cullison - Holtzen Vows Read At Central Baptist Church

Miss Carlene Ann Cullison and Larry Don Holtzen were united in marriage Friday evening in the Central Baptist Church, Burkburnett. The Rev. Robert E. Callahan, uncle of the bride, and Minister of Education at the Royal Haven Baptist Church, Dallas, officiated.

Vows were made before an altar decorated with seven branched taper candelabra and arrangements of sunburst gladioli accented by bronze mums. Traditional wedding music was provided by Mrs. David Holcomb of Wichita Falls.

The bride was given in marriage by her father. Her Victorian gown was a combination of Satapeau and Guipure lace accented with crystal pleated organza and satin. The fitted pinafore bodice was fashioned with lantern sleeves and the slightly lifted waist fell away from a satin band to an A-line skirt with attached chapel train. The redingote effect front was trimmed with a double ruffle of lace, pleats, and a deep pyramid of lace and pleating accented the skirt front. A Juliet cap held her veil of illusion. She carried a nosegay

of white french carnations, and lilies of the valley accented with bronze mums on a lace background.

Miss Gail Cullison, sister of the bride, was maid of honor. The bridesmaids were Debbie Holtzen, sister of the groom, Jan Yarbro and Rhonda Callahan, cousin of the bride. They wore long matching gowns of rust brown crepe with self ruffles at the neck, sleeves and hemline, topped with bolero of rust brown and off-white paisley printed velour. They carried nosegays of bronze pom mums and lily of the valley.

Freddie Patrick was best man. Ushers were Mark Adams, Jeff Paine of Iowa Park, cousin of the groom and Danny Ladd, cousin of the groom. Groomsman were Galen Austin, Rusty Mullins, and Ken Schroeder.

A reception was hosted by the parents of the bride in Fellowship Hall following the ceremony. Reception assistants were Mmes. Harding Dempsey, Bob Harris, Ken Pickett, Frank Mallory, Doyle Anderson and Cotton Kinnard. The serving table and guest register table were covered with matching gold floor length cloths, covered with scalloped net throws accented with gold bells and puffs of net. They were designed and made by Mrs. Doyle Guthrie of Abilene, aunt of the bride. The serving table was centered with an arrangement of bronze mums.

After the wedding trip the couple will be at home in Clara Fairview Community, Burkburnett, where the groom is engaged in farming. Both bride and groom are mid-term graduates of Burkburnett High School.

Study Club Elects Officers For 1973

The Burkburnett Study Club recently elected officers for this year.

Officers include Mmes. Philip Carpenter, president; William E. Hicks, vice-president; Joe Gillespie, recording secretary; Hertsie Bader, corresponding secretary; Jane Hewell, Charles Seldon, parliamentarian, and Raymond Morse, historian.

Mrs. William E. Hicks, project chairman reported that 66 articles of new clothing had been given to the Community Service Center of Burkburnett.

A program on the background and history of Federated Women's Clubs was presented by Mrs. Philip Carpenter. She stated that the organization began in 1868, with Texas becoming a member of the Federated Clubs in 1897.

The club met in the home of Mrs. Harold Van Loh.

Out-going president of the Study Club is Mrs. Raymond Morse.

Elementary Counselor Speaks To Boomtown Business Women

The Boomtown Chapter of American Business Women's Association held their regular monthly dinner meeting at the Burkburnett Community Center, January 15. 36 members

EPSILON SIGMA ALPHA--Theta Epsilon Chapter of Epsilon Sigma Alpha of District VI hosted the district meeting Sunday at the Burkburnett Community Center. Guest speaker was Mrs. Jack Hardin of Boy's Ranch. District officers are, Mrs. L.C. Reppent (standing), president; Miss Lynn Hardin, parliamentarian; Mrs. William Kleber, vice-president; and Mrs. E.E. Farr, recording secretary.

In San Antonio

Burkburnett Student To Compete For Miss Texas Teenager Title

Miss Marcia G. Long will be participating in the Miss Texas Teen Ager Pageant on July 5th, 6th, and 7th at the St. Anthony Hotel in San Antonio, Texas.

This will be a state finals pageant of the Miss National Teen Ager Pageant for girls ages 13-17, where a state title holder is chosen to represent

her state at the National Finals, and they will be judged for their scholastic achievements, civic contributions, poise, personality and appearance.

All 50 states, plus the District of Columbia hold official state finals pageants, and it gives recognition to girls in their respective communities. They

are judged by well-known, competent educators and civic-minded judges from their respective states.

Each state winner will have her expenses paid to the National Finals in Atlanta, Georgia in late August of 1973.

Marcia is the daughter of Captain and Mrs. Wilbur Long, 1208 Jupiter Street, Sheppard AFB, Texas. She is 17 years old and attends Burkburnett High School.

Marcia is in the National Honor Society and is ranked 6th in her class of 235. She has held a privilege card for four years.

She is a member of Protestant Youth of the Chapel; reporter and president of French club; FTA; Quill and Scroll Society; Student Council; Annual Staff; attended yearbook workshops at Trinity University and SMU; and is a Red Cross Volunteer.

Senior Class Of 1959 Reunites, Plans Next Reunion For 1975

The Seniors of the Class of 1959 of Burkburnett High School held a reunion recently in the National Room. Twenty-three members of the class and their spouses attended the gathering.

Arrangements for the affair were planned by Charlotte Begemann Elliott, Judy Gellner Long, Barbara McMullen Miller, Benny Fleming, Gary Moore and Royce Miller.

Presiding at the informal meeting was Royce Miller, former class president of the Seniors of 1959.

Members returned from places such as Missouri, Indiana and Virginia. Mrs. Anne Elliott Lawson received a novelty prize for traveling the farthest distance.

Plans were tentatively made to hold another reunion during the Christmas season of 1975.

Those attending from out of town were Messrs and Mesdames Gary Jennings (Patsy Sanders, Mike Lacy, James Potts, Richard Hinkle, Charles Mundy (Charlene Preston), Ralph Stevens (Kathleen Roark), Don McCullough, Larry Feese (Patricia Powell), Freddie Neugebauer (Dovie Sue Taylor), Charles Oliver (Joyce McBride), B.C. Partin (Joyce McNeill) and Maj. and Mrs. Herbert Lawson (Mar Anne Elliott), Dr. and Mrs. Benny Fleming; and Mrs. Ty Morris (Sharon Stevens), Mrs. Donald Long

(Judy Gellner), and Mr. Gary Wood.

Those attending from Burkburnett were Messrs and Mesdames Donald Elliott (Charlotte Begemann), Gary Moore, and Royce Miller (Barbara McMullen). Also attending were Mrs. Leon Morrow (Juddie Smith), Mrs. William Morton (Barbara and Mrs. William Morton (Barbara Smith)).

Members planned for the district meet which will be hosted by the local chapter. The meet is scheduled in the Burkburnett Community Center. The district includes a 20-county area.

Mrs. Shirley Spinks was selected as the Ways and Means Chairman with Mrs. Clodella Bridges as assistant.

Epsilon Sigma Alpha also discussed a service project--the gathering of clothes for teenagers of the Green Acres Rehabilitation Center in Ft. Worth.

Mrs. Bridges pantomimed an airline hostess and tourist guide on an extensive trip to Yellowstone National Park.

Sorority Meets At Glover Home

Epsilon Sigma Alpha met recently in the home of Mrs. Lou Glover, with 100% membership present.

Members planned for the district meet which will be hosted by the local chapter. The meet is scheduled in the Burkburnett Community Center. The district includes a 20-county area.

Mrs. Shirley Spinks was selected as the Ways and Means Chairman with Mrs. Clodella Bridges as assistant.

Epsilon Sigma Alpha also discussed a service project--the gathering of clothes for teenagers of the Green Acres Rehabilitation Center in Ft. Worth.

Mrs. Bridges pantomimed an airline hostess and tourist guide on an extensive trip to Yellowstone National Park.

Mrs. Robert Beeman

Magee-Beeman Take Vows In Candlelight

Miss Marcia L. Magee, daughter of Mr. and Mrs. Robert Magee of Arlington, Texas and Robert R. Beeman, son of USAF Ret. MSgt. and Mrs. Roy J. Beeman of Burkburnett, Texas were married in a candlelight ceremony on January 8th in Arlington at the Church of the Good Shepherd (Methodist). The bride's grandfather, Rev. Glenn Dunbar (retired), of Elwood, Illinois, officiated at the double ring ceremony before an altar decorated with large white chrysanthemums, greenery and candelabra.

The bride, given in marriage by her father, chose a floor length gown with train of pearl satin trimmed in lace. A lace headpiece held her illusion veil which was also floor length and edged in lace. She carried an all white bouquet of roses and baby's breath.

Miss Glenna Magee, sister of the bride, was maid of honor. She wore a floor length gown of deep red velvet and carried a bouquet of deep red roses and pink carnations.

William Beeman, brother of the groom, was best man and Curt Magee, brother of the bride was usher.

The reception, given by the bride's parents, was held in the church fellowship hall following the wedding.

A rehearsal dinner was held at the Six Flags Pizza Inn where the groom is manager. The bride is a graduate of Sam Houston High School and

Study Club Plans Valentine Party

The Jr. University Study Club met recently for its monthly meeting.

Mrs. Howard Clement served as hostess. Twenty-three members responded to roll call with each member telling of her suppressed desire.

Members planned the annual Valentine dinner party for the husbands. The dinner party is set for February 8th.

Mrs. Paul McCandless gave a report on the Christmas basket that was delivered. Other recent projects were discussed. A financial report was given by Mrs. Irv Smith.

Mrs. B. H. Alexander, Jr. presented the program "Let's Build a House". Tips were also given on how to sell a house.

Refreshments were served by the co-hostess, Mrs. Floyd Martin.

Mrs. Bill McLean won the door prize.

Mullins Celebrate 68th Anniversary

Mr. and Mrs. C.D. Mullins of Evergreen Manor celebrated their 68th wedding anniversary December 24th.

Children of the Mullins honored their parents with a party at Evergreen Manor. Cake was served to the residents and staff of the home.

The Mullins have resided in Burkburnett for 45 years. Before moving to Burkburnett, Mr. and Mrs. Mullins lived in Alford where they were married and raised their family.

Mullins, 88, is a retired Baptist preacher and farmer. He pastored churches in Wise County and Valley View, Okla.

Children of the Mullins include three sons from Burkburnett--Clotus, E.O., and Harlan;

a son from Phoenix, Ariz., Nelson; and a daughter from Pampa, Connie Mae Germany. Mr. and Mrs. Mullins' family also includes 14 grandchildren, 32 great-grandchildren, and two great-great-grandchildren.

Mrs. Mullins commented, "We have never had a death in our immediate family in 68 years." She contributes this

good health to the way she and her husband have lived, and how they have taught their children to live.

Mrs. D.L. Brown, administrator in training at Evergreen Manor, boasted that the "Mullins are a delightful couple and an asset to the home."

She explained that Mrs. Mullins, 82, keeps active and enjoys helping others. Mrs. Mullins and two other residents from Evergreen Manor made 21 stuffed animals for the Day Care Center toy box at Christmas.

The Evergreen Manor column is also written by Mrs. Mullins. She also enjoys doing handwork for her family and friends and articles and toys which she sells.

Mr. and Mrs. Mullins have resided at Evergreen Manor for almost two years.

ROUND THE TOWN

by Sylvia Lohoefer

News of Yesteryear 10 years ago

Mr. and Mrs. F.T. Fely Sr. left Saturday for Magnolia, Arkansas to visit their daughter and husband, Mr. and Mrs. James Jones and to make the acquaintance of their new grandson, born Thursday, Jan. 11th.

Mr. and Mrs. Wylie Blogom of Electra were in Burk Saturday meeting old friends.

Miss Beatrice Burrows was taken to the Wichita General Hospital Sunday for tests and observation. Beatrice is a sister of Mrs. Ruth Beldon of this city.

J.C. Adams of Lewisville, Texas brought his mother, Mrs. Lucille Adams, to Burk this weekend for a check-up and on business. She returned home with J.C. to remain a few more weeks until she is stronger and has her shoulder brace removed.

Mrs. Harold VanLoh attended the funeral services Friday for

her cousin, Mr. Rolly Brumely in Clarendon, Tex. Mr. Brumley's death was quite sudden. He was shoveling snow Monday and the exertion was seemingly too much for him.

Mrs. Sterling (Bertha) Price of Ada, Okla. and Mrs. Joe (Elmer) Wallen of Cheney, Kan. visited their brother and wife, Mr. and Mrs. George McClarty in this city a few days last week.

Loretta Paris of 637 E. 3rd Street entered the Wichita General Hospital this week and is under observation. She will be taken to Odessa, Tex. in a few days to be with her sister, Mrs. Madeline Hill and sister-in-law, Mrs. E.V. Paris who will care for her.

John Cook fell in his home one day last week, breaking his hip. He is quite ill in the Wichita General Hospital.

Mrs. Marilyn Ferrell and daughter Betty of Bridgeport,

Texas spent the weekend in Burk with Miss Carol Smith. Mrs. Ferrell is the daughter of Mr. and Mrs. W.C. Davis, former residents of this city.

Many old friends of the pioneer Foster family were saddened by the passing of Ed Foster Jr., who lived in Electra. His father Ed Foster, Sr. at one time lived on a farm in the Bridgetown area, moving from there to the Sunshine Hill Community where members of his family still reside. A number of Burk friends of the family attended the funeral in Electra on Friday afternoon.

Mrs. Jimmy Morris and daughter Melinda of Abilene spent several days here with Mrs. Edna White while being snow-bound.

George Parker fell on the ice on the streets and broke a hip this past week. He is in the Wichita General Hospital.

Mrs. Tommy Hatcher entered the Wichita General Hospital

Saturday, suffering from an apparent heart attack.

Lester Coats is nursing a case of pneumonia in his home this week.

Mrs. G.C. Posey has been returned to her home here from the Wichita General Hospital where she had been a patient for some time, taking treatments and tests.

Sgt. and Mrs. Rickey Harris of Cannon AFB, Clovis, New Mexico, who had planned to leave for their home Friday morning, were detained by an emergency appendectomy performed at Sheppard AFB hospital on Mrs. Harris (Vickey), who is the granddaughter of Mrs. Josie Magee of Burk.

Mr. and Mrs. Howard L. Smith left Saturday for a visit with relatives and friends. Mrs. Smith visited her sister, Mrs. Maud Fowler, in Troy, Texas, and a sister, Mrs. Winnie Walker, who is a patient in Scott

and White Hospital in Temple, Texas, while Mr. Smith visited friends in Kerrville, Texas.

Graveside services were held in Guam last week for the infant daughter of Mr. and Mrs. James Anderson. Mrs. Anderson is the former Laura McCandless, daughter of Mr. and Mrs. Reid McCandless of this city.

Out of town relatives attending the Otis R. Magee funeral last week were Donnie Morgan, Kansas City, Kan.; Mr. and Mrs. J.C. Morgan (Mary), Indianapolis, Mo.; Mr. and Mrs.

Sherman Morgan, Sapulpa, Oklahoma; Jerry Harris, Lawton; Sgt. and Mrs. Ricky Harris and little son, Donald, Clovis, New Mexico; Mr. and Mrs. Roger (Rhonelda) Snider and Teresa, Dallas, Tex.; Mr. and Mrs. Raymond Dillingham, Ft. Worth; Mr. and Mrs. Lester Harris (Janice), Gordonville, Tex.; Mrs. Lillie Dillingham, Gordonville, Tex.; Ethel Oden, Leota Chesser, Bob and Nona Bates, and W.R. Oden, all of Electra, Texas; Henry and Euda Magee, Mildred Hyde, and Ted Magee, all of Lone Grove, Oklahoma; Wayne Magee of Ardmore, Okla., and Lois Davis of Wichita Falls.

Miss Irma Ned Riley, daughter of Mr. and Mrs. Walter Riley of this city, is one of many students attending Texas Christian University through the aid of Scholarships and grant-in-aid. Irma Ned holds a Tom & Bess Braniff Scholarship.

PFC and Mrs. James Dean Huffaker left Monday for their home in Ft. Lee, Virginia following a two weeks holiday vacation with their parents, Mr. and Mrs. R.J. Huffaker and Mr. and Mrs. Harry Mayes.

Miss Patricia Simons, who is attending Texas Tech College in Lubbock and Mrs. Charlotte Simons Percy and Van Mark of Andrews, Tex., have returned home after spending the holidays with their parents,

Mr. and Mrs. Edward Simons. Alden Smith left by air Thursday morning to resume his duties as Master of Social Studies at Kimball Union Academy in Meriden, New Hampshire, after spending a vacation with his family, Mr. and Mrs. E.R. Simons and Mrs. Mary Hlanar and friends.

The First National Bank recently opened drive-in window no. 2. This window is located in the rear of the present bank building. The continued increase of drive-in bank customers can be handled very rapidly with the addition of window no. 2. Neon signs which give parking instructions to customers have also been added.

Professor R.E. Jackson, retired educator T.W.U. will be the evening speaker for the Chamber of Commerce Banquet Friday, Jan. 19th in the school cafeteria, announced Web Sharp, Chamber Manager.

Mrs. Della Rammung returned home after spending the holidays with her daughter and husband, T/Sgt. and Mrs. Norman Halfhill and family in Fairfield, Calif.

Kent Reger visited in the home of his parents, Mr. and Mrs. S.S. Reger here during the holidays. Kent is located in New Orleans, La.

Bell Oil & Gas Company of Tulsa, Okla. has acquired, as of Jan. 1, 1963, two gatherings Systems in the North Texas area, from the Texas Pipe Line Co. One system known as the Mangold gathering system is Archer Co. and is in an area where Bell has an extensive gathering system. The other system is a short gathering line in the Sunshine Hill area of Wichita Co. that intersects Bell's gathering line in that area and requires no change of facilities other than tying in the 8" line. Total oil involved is approximately 2,900 barrels per day.

NEWS FROM RANDLETT

BY MOLLIE ELLIOTT

News will be rather scarce this week as the main topic of conversation has been the weather and it has been too bad for visiting and luck was with us here as there have been no serious illnesses nor deaths.

Mrs. Flora Hatcher is spending part of this week with her grandchildren of Iowa Park, Tex. while her parents, Mr. and Mrs. Howard Hatcher, are attending an antique bottle showing in Nevada.

Word was received here by relatives of the death Thursday night, Jan. 11 of Lyndon Hayes. He died in Midfield, Ala. of a heart attack. He is the son of Mr. and Mrs. H.M. Hayes of Randlett. Mrs. Jewel Hayes was accompanied by Mr. and Mrs. Paul Hayes of Midland, Tex. to Alabama where they attended the funeral services.

R.C. Brown entered a Wichita Falls hospital Thursday of last week and underwent surgery Monday morning.

Bill Harrison was reported ill at his home Sunday.

Mrs. David Esparza and son, David, left for Little Rock, Arkansas Sunday after a visit with her parents, Mr. and Mrs. W.R. Baldwin.

Mr. and Mrs. Bill Goodwell and sons of Dallas spent the

weekend with her parents, Mr. and Mrs. V.L. Bentley. She and the boys remained over for the week.

Mr. and Mrs. A.L. Anderson spent the New Years holidays with relatives in Amarillo, Tex.

Mr. and Mrs. Max Anderson and sons of Duncan and Mr. and Mrs. Edwin Anderson and family of Wichita Falls visited their parents, Mr. and Mrs. A.L. Anderson, Sunday.

Mr. and Mrs. Glen Solomon of Wichita Falls visited their grandmother, Mrs. Zaida Bryant, Sunday.

Ray Riley of Centertown, Mo. visited Mr. and Mrs. B. B. Menz Saturday and Sunday.

Mr. and Mrs. John Rupe and Mrs. Freida Butler of Walters visited Mr. and Mrs. B. B. Menz, Sunday.

Wayne Fowler of Wichita Falls preached at the Randlett Church of Christ Sunday morning and evening. He and his family spent the day with his parents, Mr. and Mrs. Ted Fowler.

Willis Robinson, who is seriously ill, is visiting his son, Dwayne, of Lovington, New Mexico.

Sunday dinner guests of Mr. and Mrs. Bill Robinson were his nephew, W.L. Robinson, and wife of Artesia, N. Mexico, Mr. and Mrs. Marion Robinson and family, and Mr. and Mrs. Gene Robinson and family. This was the first time in fifteen years they had seen Mr. and Mrs. W.L. Robinson.

Mr. and Mrs. Bill McGarry and children of Burk Burnett visited Mr. and Mrs. R.H. Rhoads Sunday.

Devol Doings

The sunshine is a welcome sight to all of us in and around Devol since the weather has been the main topic in the news, and the area has been in a deep freeze for the past 10 days brought on by the sleet and snow sending temperatures as low as 6 degrees. Driving has been very hazardous and traffic could only move very slowly, if at all. No severe accidents have been reported in our immediate vicinity because of the ice and slick roads. Only farmers who have live stock to feed ventured out and they were not only hampered by the weather but many farmers had only a limited supply of hay or feed on hand. Only a few cattle losses were reported.

Mr. U. H. Rollins, an area farmer east of Devol, suffered an apparent heart attack one day last week while out feeding cattle. He is also suffering from exposure after laying for some time in the snow and freezing weather, until help could be summoned. He was admitted to the General Hospital in Wichita Falls where he is reported to be in critical condition.

M.T. Crocker was admitted to the General Hospital last Saturday suffering with what was thought to be appendicitis. He is said to be resting at this time. Mr. and Mrs. Clarence Crocker of Shonemish, Washington are spending some time with Mr. and Mrs. M.T. Crocker.

Mrs. Pearl Coker is now able to return to the Elm Wood Nursing Home at Omaha, Tex. after suffering a stroke and receiving treatment at Memorial Hospital at Naples, Texas. Her condition is reported improved.

Weekend company of Mr. and Mrs. Monty Grounds were his parents, Mr. and Mrs. Weldon Grounds and son Bobby of Trinton, Texas and his brother, Mr. and Mrs. Tim Grounds of Lackland AFB.

BACK TO SCHOOL AGAIN--After a five day holiday, local schools are back in full swing to a busy schedule. Burk Burnett Junior High boys find time for a snowball fight during the noon hour.

20 YEARS AGO

W.J. Tyler & Son, Well Service firm out of Burk Burnett had a very narrow escape when they were running tubing on a wildcat well 3 miles east of Petrolia in Clay County last Friday. The wildcat proved to be wild in more than one way. With only a few joints of tubing in the well, gas and oil suddenly blew everything out of the hole, narrowly missing those working around the well. Mr. Tyler had just descended from a line about twenty feet above the hole when the blow out occurred. A large group of spectators also escaped injury.

In another effort to cap the escaping gas and oil, pressure built up and blew the casing

heads, slips, blocks, lines, etc. into the air an estimated 300 to 500 feet. Miraculously, no one was hit by the falling articles. The well was finally brought under control and settled down to about 10 barrels per hour, through a 3-4 inch choke.

Tyler and Son are the ones who lowered the huge flag pole

across the street from the Star office several years ago after it had broken its moorings in a high wind storm and threatened to collapse. On the day of the lowering, all businesses in town stopped for two or three hours while a large crowd gathered to watch the delicate operation.

News From Evergreen Manor

by Artie Mullins

Mr. and Mrs. George Hill from Wichita Falls visited his mother, Minnie Hill.

Mr. and Mrs. Ross Spears from Vernon visited her mother, Maudie Gilley.

Visiting Fay Postelwalt Sunday were his sister and husband, Mr. and Mrs. C.B. Resel of Randlett; Mrs. Orvella Mays of Wichita Falls; Mr. and Mrs. Keeble Jones of Duncan; Mr. and Mrs. Roy Williams of Randlett; and Mr. and Mrs. J.V. Wilkinson of Devol.

We are glad to have Mrs. Brewer from Electra to enter Evergreen. We hope she will be happy here.

Mr. and Mrs. George Warne from Randlett visited Mr. and Mrs. Floyd Dickerson.

Rev. and Mrs. Virgil Jones from Hobbs, New Mexico visited his mother, Mattie Jones, last week.

Debbie Roth from Brownwood College visited her grandmother, Mrs. Halbrooks, over the holidays.

We have several real sick here—Vera Ellis, C.D. Mullins, Ida Bilyeu, and Mrs. Ivie.

Mrs. Cook from Wichita Falls visited her mother, Mrs. Ivie.

Rev. Penn from the Methodist Church was in charge of services here Sunday evening. A large crowd attended and everyone enjoyed the services.

We were saddened to learn of the death of Mrs. Bruner. We extend our love and sympathy to the family.

County Agent News

B.T. HAWS

The annual Wichita County Steer and Beef Heifer Show will be held in the 4-H Barn on Saturday, January 20. The barn will open at 7:30 a.m. and judging will start at 10 a.m. All animals must be in the barn by 9 a.m. John Holland, Clay County Extension Agent, will judge the show.

The public is invited to at-

tend the show and see good beef on the hoof.

Are you having problems with irrigation? If so, then you might like to attend a meeting to be held in Iowa Park on Tuesday, January 23, 7:30 p.m., ASCS Agriculture Room. Leon New, Irrigation Specialist from Lubbock, will discuss all phases of irrigating crops and pasture. Gary Batte, Soil Conservation Service, will discuss problems with irrigation in the Wichita Valley.

Anyone interested is invited to attend.

The majority of new screw-worm cases being confirmed at the Screwworm Eradication Center at Mission are being collected from navel wounds in newborn calves.

With the calving season at hand, livestock owners should continue on the alert for cases. When screwworms get started during warm periods of the winter, they continue to work in the wounds when the temperatures dip. To prevent a spring build-up of cases, all livestock owners are urged to continue reporting all suspected cases even though cold weather and sterile fly releases have sharply reduced the number of infestations.

Containers for sending screwworm samples may be picked up at the County Agent's Office, 304 Federal Building, Wichita Falls.

NORTH TO ALASKA--Huskies seemed more at home in the snow last week than during the warmer weather early this week. However, apparently this Samoyed Husky profits from the thaw--which uncovers a "hidden" bone.

County Extension Agent

JOYCE SMITH

Graying and yellowing of fabrics could well be the most common laundering problems and the ones about which people have more misconceptions. Overall grayness is caused when an insufficient amount of washing product is used over a period of several washings and soil settles back on clothes. Yellowing is most often a build-up of body oils. The Soap and Detergent Association states that there are many factors that could cause graying and yellowing; and there are several ways to prevent and cure it.

Proper sorting is essential. Whites should only be washed with whites. Mix both large and small items. Do not overload since articles should move freely through the washer. Follow the washer's use and care booklet for guidelines as to the size of the load.

Water temperature is critical for good results. Authorities recommend that water heaters be set at 160 degrees F, which will allow hot water to vary between 140 and 160 degrees. This temperature is generally best for white and colorfast cottons and linens. Be certain the water heater has a large enough capacity to provide enough hot water. Be aware of the heater's capacity and do not wash more loads in succession than the heater can handle.

Use enough soap or detergent for the amount of soil on clothes and hardness of the water. Graying and yellowing are most often caused by soil and oils embedded in the fibers through underuse of the washing product. Enough must be used not only to remove soil and oils but also to hold them in the wash water through the wash cycle.

Too short a wash time may also cause discoloration. Select the correct time as recommended by the washer manufacturer. In extremely hard water areas add a water conditioner to the wash and rinse waters. Use a chlorine bleach when color and fabric type permit.

Exclusively dirty or grimy clothes should be pre-soaked or pre-washed using soap, detergent or pre-soaking product. It is important to add a laundry product to help remove soils and prevent them from redepositing on the fabrics. Thoroughly dissolve the product before adding clothes to the water. When laundry has already become yellow or grey, the cure recommended by one appliance manufacturer is an overnight or 12 hour soak, preferably in the washer. Fill the washer half full of hot water. Add three to four cups of soap or detergent, water conditioner and one cup of oxygen bleach. Agitate until dissolved, then load clothes into the washer. As the water cools overnight, the solution will form a gel. The next day, drain and spin out the soak solution. Wash the load on full cycle with hot water adding more water conditioner and chlorine bleach, but no detergent this time.

There are three other particular reasons for yellowing involving certain fabric finishes, certain fibers and several water conditions.

Some resin-treated cottons will turn yellow when a chlorine bleach is used. To remove yellowing, soak garments as long as necessary in a solution of two tablespoons sodium sulfite or hyposulfite, available in pharmacies and photographic supply stores, plus one-half cup white vinegar per gallon of water. Then only use an oxygen bleach.

Certain fibers such as polyester have a tendency to yellow. Polyester itself has a natural affinity for oils which cause yellowing. To restore whiteness, try a packaged home dye color remover. In the future, wash polyesters frequently. Yellowing of spandex, an inherent quality, cannot be reversed, but home dyeing to cover it up may be a pleasant solution.

With today's modern laundry equipment and products, a clean wash is possible. But when good laundering practices go awry, find the cause, cure it and prevent future occurrences.

RCA Rodeo Club Plans 1973 Events

The 26th annual Rodeo Cowboys Association convention opened Monday in Denver's historic Brown Palace hotel.

Rodeo cowboys, stock contractors, announcers, clowns, secretaries, contract acts and rodeo committeemen from across the county registered for the four-day gathering to make plans for the 1973 rodeo season.

In addition, some 100 rodeos are expected to be approved this week by the association's board of directors. More than 500 rodeos will be sanctioned in the course of the year.

Also meeting this week are members of the International Rodeo Writers Association, a group of some 80 writers "Dedicated to the spirit of good fellowship and professional rodeo." President of the group is Al Nakkla, reporter for the Denver Rocky Mountain News.

Farmcast
A Weekly Report Of Agri-Business News
Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Up, up and away? ... Sheep On Feed Declines ... Rice Quota Vote Set ... One Million Visitors ...

At first glance, it might appear that farm prices are "up, up, and away". Although prices to farmers do show increases, production costs are also rising so the net result is not as rosy for agricultural producers as it could be. Remember, too, income in rural areas is still about a fourth under the rest of the economy.

The Texas Crop and Livestock Reporting Service notes that Texas farmers received price increases for almost every commodity recently. Only calves and sheep are above effective parity, however.

Calf prices at \$47.40 per hundredweight are \$1.60 per hundred pounds above parity. Sheep at \$12.30 per hundredweight are \$1.20 per hundred pounds above parity. Beef cattle at \$34 are \$4.20 under effective parity. Hogs at \$29.50 are more than \$2 under effective parity.

Crop prices show an even greater parity discrepancy. Cotton at 21.2 cents per pound compared with an effective parity price of 57.20 cents per pound. Grain sorghum at \$2.79 is below effective parity by 65 cents per hundred pounds.

Egg prices at 50 cents per dozen are up eight cents from a month ago, but still almost eight cents below parity. The index of all farm products was 20 points above last month and 13 percent above a year ago.

Farm production index prices paid by farmers was up seven percent from a year ago.

A 22 PERCENT decline in sheep on feed is noted in Texas. Drylot sheep feeders with a lot capacity of 2,000 head or more had 90,000 sheep and lambs on feed for slaughter on Jan. 1. This is 22 percent under a month ago, but five percent above the number on feed this time last year.

Current intentions to market are: January 50,000; February 32,000; and March 8,000. Marketings during December were 58,000 head.

COMMERCIAL slaughtering plants in Texas produced 194,000 pounds of meat during November, which represents a decline of six percent from the previous month, but nine percent above the total produced in 1971.

Nationwide, production of red meat was one percent above a year earlier.

RICE allotment for Texas for 1973 is 516,132 acres. Nationwide, the rice allotment was increased 10 percent. A referendum will be held among producers Jan. 22 to 26 to determine if marketing quotas will be in effect. Two-thirds or more of the rice growers voting in the referendum must approve the quotas to make them effective.

TEXAS livestock interests will be represented during the annual Mexican National Livestock and Industry Exposition in Mexico City Jan. 20 to 28. More than 1,000,000 visitors are expected to attend the activities.

Price Proposes Re-examination Of Ex-Agriculture Programs

Congressman Bob Price announced early today that he has joined with other Representatives in calling for a bipartisan caucus of all interested House Members to meet to discuss recent Administration actions leading to the termination

Bob Price Meets With Ag. Secretary

Congressman Bob Price met with Secretary of Agriculture Earl Butz to discuss agriculturally related issues recently announced by the Department.

Secretary Butz who will be appearing again before a meeting of the Full House Agriculture Committee tomorrow morning gave further explanation regarding Department decisions to curtail and terminate several ongoing programs.

Congressman Price also alerted the Secretary to the possibility of feed shortages in the Texas Panhandle - Northwest Texas area and the need for possible emergency feed and assistance due to the heavy snows and low temperatures which have prevailed over the last sixty days. Price pointed out that current weather conditions are causing heavy death losses to livestock owners, and heavy financial losses to farmers, ranchers, and feedlot operators. "I have alerted the Secretary to the very severe problems facing our area, and have asked that all necessary assistance be extended," Price said.

of certain programs within the Department of Agriculture. These programs include the 2% REA loan program, the Farmers Home Administration Emergency Loan Program for farmers hit by natural disasters, the Water Bank program, and the Rural Environmental Assistance Program. "The purpose of this meeting," Price stated, "will be to find out what alternate procedures could be worked out to allow for budget control without destroying those ongoing programs which have proven of great benefit not only to agriculture, but to the Nation as a whole in the areas of water and soil conservation."

Price will also be joining the other Members of the House Agriculture Committee in meeting with the Secretary of Agriculture to discuss this matter at further length. "I am hopeful these meetings will lead to a satisfactory solution for all concerned," Price said.

January Calendar

Some of the events scheduled for Wichita County during the month of January are:

JANUARY 20 -- The County Steer and Beef Heifer Show will begin at 9:00 a.m. in the 4-H Center in Wichita Falls, according to B.T. Haws, Co. Ext. Agent.

JANUARY 23 -- An Irrigation Clinic is set for Tuesday at 7:30 p.m. in the ASCS Agriculture Room in Iowa Park, according to B.T. Haws, Co. Ext. Agent.

EDITOR'S NOTE: Any organization or group can schedule a program on rodent control by contacting Killgo at 304 Federal Building, 767-4981. * Article one of eight consecutive articles.

Commensal rodents have become an ever increasing problem to mankind because of the diseases they spread and the destruction they cause to property.

A state-wide attempt is being made through the urban and rural rodent control programs of the Texas Rodent and Predatory Animal Control Service to control and eliminate the threat of commensal rodent overpopulation. Commensal rodents are house mice and rats which live in close proximity to man. This goal can be reached through the efforts of Urban Rodent Control Specialists who have been placed throughout the state in areas of high rodent densities. The specialist's job consists of educating residents on how they can control their own rodent problems.

In a series of articles, I shall attempt to educate readers on various aspects of man's enemy to his home and his family--the house rat and house mouse.

One must first understand why the rat and mouse are such a problem. These animals harbor many dread diseases such as Murine Typhus Fever, Plague, Salmonellosis, Trichinosis, Hemorrhagic Jaundice and Rat Bite Fever. Feed contaminated by feces and urine is an economic loss to the owner and a health hazard to livestock. Rats gnawing on the insulation of electric cables often exposes wires which causes short circuits or fires. Gnawing in lead plumbing causes leaks. Buildings are damaged by gnawing at doors, window casings or almost any point where entry is attempted. Burrowing by Norway rats under building foundations, walks, driveways and streets frequently cause stress cracks and breaks.

Rat damage is varied and extensive and no realistic estimate of loss, in dollars, can be made. Losses may run

into millions of dollars in a year in this country.

It is easy to determine the presence of rats and mice. They have a strong odor, you will see droppings and tracks where they are traveling, holes are gnawed through walls or doors, burrows are dug under foundations and woodpiles, greasy smears can be seen wherever their bodies have touched along walls and rafters, runways through grass or trash. Rats and mice may also be seen and heard.

Three commensal rodents which are common in this area are the roof (Alexandrine) rat, Norway rat and the house mouse. The roof rat is a small slender bodied rat weighing 5-10 oz. with a tail that is longer than the head plus the body. It has large eyes and large naked ears. It lives in high places such as the attics of houses and the top supports of barns and other buildings. It prefers fruits and vegetables.

The Norway rat is a large heavy bodied rat which will weigh 10-17 oz. The tail is thick and naked and shorter than the head plus the body. It has small eyes and small naked ears. The Norway rat lives in burrows which are dug under foundations, scrap piles, garbage cans, etc. It is omnivorous but prefers meat.

The house mouse is a small timid animal found in many homes. It has large naked ears and small eyes. It lives in all parts of the house but is more commonly found near a source of food, such as in the kitchen.

Rats and mice reproduce very fast and may build up into large numbers in a short period of time. The gestation period is 21 days and average litter size is eight. The female is capable of breeding from 2 to 4 days after giving birth. A female will average 6 litters per year and the young become sexually mature in 6-11 weeks. Rats and mice are filthy animals which harbor many diseases, contaminate food and cause much property destruction. These topics plus the best control methods will be discussed in the weeks to follow.

U.S. RODENT CONTROL SPECIALIST

LARRY KILLGO

64 Former Rodeo World Champions To Compete In Annual Fort Worth Rodeo Jan. 26 - Feb. 4

A record 624 cowboys have entered the Fort Worth Rodeo, scheduled in conjunction with the 77th annual Southwestern Exposition and Fat Stock Show in Fort Worth, Jan. 26 through Feb. 4.

W.R. Watt, Jr., Stock Show general manager, said the entry list includes all five percent world champions, plus 64 former world champion cowboys. Rodeo contestants will be competing for a share of a rec-

ord \$97,525 in prize money. Cowboys represent 31 states and three Canadian provinces.

Planning to compete are 73 bareback bronc riders, 72 saddle bronc riders, 153 bull riders, 213 calf ropers and 182 steer wrestlers. Also, the wild horse race will have 30 three-man teams contesting.

Included in the champion list will be Phil Lyne of George West, Tex., reigning all-around world champion and calf roping champion. Lyne, who generally

contests in all major rodeo events, has entered only calf roping here.

The "little man from Texas" last shattered rodeo records by winning \$60,852, the most ever won by a cowboy during a rodeo year. The 1972 all-around title was his second consecutive year to be the world's top cowboy. The winner's circle is not new to Lyne, he was rodeo's "rookie of the year" in 1969.

Other 1972 champions signed up include Mel Hyland of Surrey, British Columbia, saddle bronc; Joe Alexander of Cora, Wyo., bareback bronc; and John Quintana of Creswell, Ore., bull riding.

Champions from past years entered include Dean Oliver of Boise, Idaho, 11 championships; Larry Mahan of Dallas and Don McLaughlin of Fort Collins, Colorado, seven championships each; James Bynum of Maypearl, Texas, four championships.

Also, Sonny Davis of Kenna, N.M., Marty Wood of Colorado Springs, Colo., and Shawn Davis of Aubrey, Texas, three championships each; Paul Mayo of Fort Worth, Bill Smith of Cody, Okla., Clyde Vanvorvas of DeWitt, Okla., Jim Houston of Burk Burnett, Texas, Junior Garrison of Marlow, Okla., and Jim Bob Altizer of Del Rio, Texas, all two championships.

One-year champions include Doug Brown of Silverton, Ore.; Dennis Reiners of Scottsdale, Ariz.; Billy Hale of Checotah, Okla.; Bill Nelson of San Francisco, Calif.; Benny Reynolds

of Dillon, Mont.; C.R. Boucher of Fairfax, Okla.; Gary Tucker of Carlstad, N.M.; Ronnie Rossen of Broadus, Mont.; Walt Arnold of Silverton, Texas; and Allan Keller of Olathe, Colo.

Home Economist Sets

Seafood Program

by Dee James
Wichita County Extension Agent

A special program on the use of "Texas Seafoods in Your Everyday Diet" will be presented Thursday, January 18, 2 p.m., Texas Electric Auditorium in Wichita Falls announces Mrs. Dee James, Wichita County Extension Agent-Home Economics.

Miss Cindy Gray, home economist for the Seafood Marketing Section of the Texas Parks and Wildlife Department, will present a special program on the economical use of various species of Texas finfish. She will present a slide presentation/lecture followed by a four-recipe cookery demonstration with taste samples.

Miss Gray is a recent graduate of Abilene Christian College with a B.S. degree in Vocational home economics. Miss Gray's position with the Texas Parks and Wildlife Department is to encourage the consumption of under-utilized Texas seafoods.

The program is sponsored by the Wichita County Extension Service and is open to any interested individual.

Bedford Man Saves Boy From Drowning In Pond

by Patsy Killgo
A 10-year-old boy from Bedford has probably learned a valuable lesson . . .

This lesson proves that there are people who will risk their lives for the life of another person . . . no matter the consequences!

Michael Dale Panzer thanks Swayne Benson today for pulling him from an ice-covered stock tank last Thursday. Benson, known to many people in the Burk Burnett area as husband to the former Glenna Landes, jumped into the icy tank to

rescue Michael and his 9-year old brother Timothy.

However, after pulling Michael to the edge of the two-inch thick ice, he tried valiantly to rescue Timothy but was unable to save the young boy. "The younger boy wouldn't hold onto the ice," said Benson. "He fought it. I finally got numb and went under myself."

Fortunately, Benson managed to drag himself to safety after a 10-minute effort in the icy stock tank.

Witnesses said they could see the younger boy trying to get his leg onto the ice, but that it kept breaking under his weight.

Bedford area firemen had to break the ice with an axe to get a boat into the water. After a two-hour search, the body was recovered about 40 feet from shore in about eight feet of water.

Benson did risk his life . . . and the consequences.

The day before he pulled Michael from the icy water, he had completed a series of treatments for a lengthy illness. The illness has kept him from working at his job at General Motors - Arlington since Oct. 19.

Saving the boys was Benson's only thought, and not his own health, as he leaped into the stock tank last Thursday, according to Mr. and Mrs. Harold Landes of 1401 Sheppard Road. Benson is the son-in-law of the Landes'.

EVERGREEN MANOR VOLUNTEERS—Mrs. C.D. Mullins, Mattie Jones and Rebecca Welborne from Evergreen Manor help distribute the 21 stuffed animals they made for the Day Care Center for Christmas.

Hightower Draws Two Year Term

Senator Jack Hightower of Vernon drew capsule number 24, giving the seasoned senator a two year term. Senators drawing even numbered "balls" had two year terms as opposed to four year terms for the odd numbers.

The drawing, held in the Senate Chamber Wednesday morning, is required by the state constitution following the redistricting of the senate districts by the last legislature. The drawing this morning sets one half of the Senate faced with elections in two years

while the rest will serve four years. This procedure was provided to give the upperhouse more stability than the House of Representatives whose members face re-election every two years. Senators normally serve four year terms.

This will be the third two year term for Senator Hightower, first elected to the state Senate in 1964 from the 23rd district. Hightower was re-elected from the new 30th Senatorial district in 1966. The Senator was re-elected in 1970 and 1972 without opposition.

For Natural Gas

Bentsen Urges Changes

Senator Lloyd Bentsen said the fuel shortage in Texas cities during the current cold snap is the best possible evidence of the urgent need for Congressional action to allow a return to competitive natural gas pricing.

"There is no doubt in my mind that enforcement of these bureaucratic regulations down through the years is largely responsible for the natural gas shortage facing our nation," the Senator said. "And it is high time that we in the Congress put a stop to them."

"Texas is the largest gas producing state in our nation," Bentsen said. "And the fact that it cannot supply enough fuel to heat its own cities is dramatic evidence of the problem it will have in continuing to satisfy the needs of the Midwest and Northeast."

"The current shortage results from an artificial Federal price ceiling on interstate sales that has depressed all exploration for natural gas reserves."

"Since 1954, the Federal Power Commission has been holding the field price of natural gas below its actual market value at a time when exploration costs have been increasing," Bentsen continued.

"This regulation, intended to benefit interstate natural gas customers has, instead, resulted in injury to all consumers by causing a shortage

of a commodity we all desperately need."

Senator Bentsen called upon the Congress to remove Federal regulation of producers of natural gas and to allow a return to competitive pricing, renewing a plea he has made in the past.

"The only hopeful sign in the current fuel shortages is that it seems to have made some people in the Northeast and Midwest aware of the need for removal of Federal interference in this pricing."

"The same is that people were forced to go without heat in order to convince the unconcerned," Bentsen concluded.

Neighbor Group Meeting Jan. 22

Mrs. Willie M. Jones, chairman of the board, stated that the Community Center Neighborhood group meeting will be held Monday, January 22 at 7:30 p.m. in the Center on W. 7th Street.

The group will elect new officers for the coming year. Eric Hermanson, assistant director of C.A.C., will present a proposal to the group about absorbing full responsibilities of the Laying Hen Program now funded and operated under the E.T. and M.S. Grant.

Sedelta Verble

This column is dedicated to the policy of informing Burk Burnett residents of the activities concerning Burk Burnett High School. As a Senator I have enjoyed the many potential clubs and activities of BHS for the last four years. Burk Burnett is a small school and not as awesome as some of the larger area schools but it offers a great many advantages. The school is involved in the arts as much as the sciences and the students are as aware and concerned about the universal happenings as their big city cousins. Burk residents can testify to the school spirit and enthusiasm expressed by the students during this year's magical football season. However, since football season has now been packed away, basketball and upcoming track activities have replaced the object of this spirit.

City schools wrote off classes last week because of the dangerous conditions caused by some wintry weather, but area students will be given a second opportunity to restore those five days and the one day missed before Christmas in a revised schedule.

January 24th, a regular day except the scheduling of first and sixth hour Semester Tests. January 25th, school will dismiss before lunch as second and third hour tests are the only thing on the agenda. January 26th, school will

again dismiss before lunch as fourth and fifth hour testing will be given.

January 27 will be a Teachers Workday which had previously been scheduled for Friday, the 26th.

March 1st and 2nd were scheduled as Inservice Training but the Teachers attended school the Friday and Saturday of the Great Freeze, so this has been cancelled and regular school days are planned.

May 28th was scheduled as a one day vacation for Memorial Day, but this will now be a regular school day.

April 19th was previously scheduled as the first day of the Easter Holidays. However, the revised schedule shows the Holiday shortened one day as a result of making this Wednesday a routine day for BHSers.

June 1st has been tacked in as a Teacher Workday which was previously scheduled as a break between Final Tests and Report Card Day.

This will clear the air and luckily students didn't have to sacrifice too much of their Easter vacation.

Anyone who has attended school programs presented in the High School Cafeteria could not help but notice the black spotted originally green objects hanging from the ceiling on stage. Those monstrosities will soon be proudly replaced by gold and brown velvet curtains in February.

Backdoor Player's Promise Exciting '73 Spring Season

The Wichita Falls Backdoor Player's Spring Season '73 offers something to satisfy practically all theatrical tastes. Four shows are scheduled for the late January through early June season, and their types include comedy, mystery and Backdoor's first musical comedy.

Opening the season is the Neil Simon smash hit, "Plaza Suite." This well known comedy is under the direction of Backdoor's premier comedy director, Gare Brundidge, and is slated for production January 26-28 and February 1-3.

Backdoor's second production is a true thriller, the enthralling mystery "We Have Always Lived in The Castle." A Hugh Wheeler adaptation of the well known Shirley Jackson novel, the plot revolves around the "who put the poison in the sugar bowl" theme. Production

dates are March 2-4 and 8-10.

In April, this community theatre group brings to life the most successful play in modern theatre history. Its the classic Agatha Christie mystery, "The Mousetrap," currently in its 21st consecutive season in London. Production is set for April 13-15 and 19-21.

The season closes in early June with the musical comedy, "A Funny Thing Happened On The Way To The Forum." This hilarious show is one of America's most successful musicals, having won TONY's in its original production and last year's Broadway revival. Performance dates are May 24-26, May 31, and June 1-3.

Season tickets are presently on sale throughout Wichita Falls, and can be ordered by mail or phone. Prices are \$8.00 for the regular ticket and \$5.00 for the student and enlisted military ticket.

The Backdoor Theatre's phone number is 767-7621, and the mailing address is P.O. Box 896, Wichita Falls, Texas 76307.

Mary Purcell Named To Dean's Honor Roll

Linda Mary Purcell of Burk Burnett, a student at Angelo State University in San Angelo, is listed on the Dean's Honor Roll for the fall semester at the University.

Miss Purcell is listed on the 3.00 to 3.49 honor roll.

Guidelines of Life

"THE FORWARD AND BACKWARD LOOK"

by Rev. J.E. Dement, Pastor, Church of God

As we walk back down through the "Halls of History" there have been numerous times in the past when God made covenants with His people which called for exchanging of vows. When the Law was given at Sinai, the Israelites responded by saying, "All the Lord has spoken, we will do." When Joshua called for the people to choose between the "True God" and the idols of paganism, they cried, "Far be it from us to forsake the Lord . . . we will serve the Lord, 'FOR HE IS OUR GOD'." When those who have come to believe in Jesus Christ want to dedicate their lives to Him, they stand up in the presence of others and publicly make known their faith.

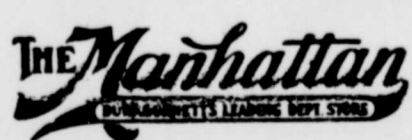

The old year, with its heartaches and disappointments, sins, and failures, is a thing of the past, and the New Year is now the time of "New Beginnings". Yet, many who face the future with great expectancy refuse to give God an assurance that they are going to be better people in 1973.

Those who refuse to make promises, vows or resolutions make them all the time. They pay their gas bills, light bills and stand up publicly and announce to all present that, "Forsaking All Others," they will stand by their marriage vows till death do us part. When a person accepts Christ as His Saviour he is in effect saying, "I will renounce all allegiance to Satan, and will henceforth serve 'ONLY CHRIST'." Make your pledge today to be loyal and faithful in His service in 1973.

SHEPPARD AIR FORCE BASE

Airman Timothy Ray Drew Biggest Bull

SHEPPARD AFB, TEXAS-- "I drew the biggest bull in the herd," said Airman Timothy Ray of this first ride as a professional cowboy. "I was scared to death."

Airman Ray, a student in the Communications Center Specialist course, Department of Communications and Missile Training of the School of Applied Aerospace Sciences at Sheppard began riding in rodeos about three years ago.

A native of Paris, Tex., he has ridden in rodeos throughout Northeast Texas and Southern Oklahoma, averaging between 20 and 30 events per season. He has ridden successfully in approximately 75 per cent of them and has earned \$3,000 in prize money for his efforts.

Since entering the Air Force, Airman Ray says he hasn't had much time for riding. He averages only about one rodeo per month.

The airman had been participating in buckouts, playdays and other junior competition before he started riding for money. At his first rodeo, when he drew the biggest, roughest looking bull in the string, he almost backed out. After talking with some of the more experienced cowboys who had ridden the bull before, he found out

the bull wasn't as bad as he looked.

He rode the first bull to the buzzer, but that wasn't enough to compete for the money. The first time he won prize money, he had drawn a small jersey bull that looked like a loser. Since the bull is judged as well as the rider, Airman Ray didn't think he had a chance.

The bull just walked out of the chute slowly. "I spurred him hard to try to make him move, and suddenly he just almost sat down and started spinning," the airman explained. The fact that he was able to ride the bull, and the difficulty of the ride won him a piece of the purse.

The only piece of equipment unique to bull riding is the rope used. It is a braided rope with a suitcase-type handle braided into it. The rope has a knot and loop on one end. It is wrapped around the bull and pulled tight. The rider hangs on to the handle and wraps the rope around his hand. Whether to ride with a loose or tight grip and whether the grip should be on top or on the side of the bull's back depends on both the rider's performance and the bull.

A little trick used by Airman Ray is putting baby powder inside his gloves. "If my hand

gets tangled in the rope, I can slip my hand out of my glove." Another trick which most riders use is making a twist in the rope where it is wrapped across the back of the rider's hand.

Another piece of equipment which the bull rider depends on are his spurs. "Spurs are not just for looks," Airman Ray explained. "They can help the cowboy stay on the bull by gripping into the bull. This provides the rider with better leg contact, and cuts down on slipping."

"Spurs hardly ever injure the bull," he continued. "Bulls have a large flap of loose skin in the pit of their front legs. The spurs are hooked into this loose skin only, and will not cut the bull, unless they are too sharp."

"If your spurs are too sharp, someone will tell you about it," the airman continued, "because you are not supposed to hurt the animal."

According to the rules, there is no requirement for the rider to stir the bull, but Airman Ray explains, "With a spinning bull if you don't stir, you will be pulled into the 'well,' the inside of the span. By spurring with the outside leg, you keep balance going to the outside and have a better chance of riding the bull. If the bull is a straight buck, you can pick up extra points with the judes by spurring."

Judging is done by two men. A perfect ride would be 100 points. Airman Ray explains, however, "I have never heard of anything above 80 points."

The judges score both the rider--how well he rides, his posture on the bull, etc.--and the bull. The bull is judged on his style of bucking and how hard he is to ride. "Each judge will usually add a few points to the score for the overall effectiveness of the ride," Airman Ray added.

Of course, the points mean nothing unless the rider can stick with his bull for eight seconds. Each rider is "competing against the time clock, the bull and the other riders," the airman explained.

"Each bull rider is more or less a loner," he continued. "Other cowboys may help you resin your rope, tell about the bull you've drawn, and help you get ready in the chute, but once you're out in the arena, the ride depends on no one but yourself."

Airman Ray's chosen profession is nothing out of the ordinary for this area. Former world's champion cowboy, Freckles Brown, is also a native of Paris. Airman Ray identified Jim Shoulters, another former world's champion from that area, as the cowboy he wants to follow.

Sheppard AFB Policemen To Patrol Streets With New Tracking Device -- The Speedgun

by Sgt. John Clark
SHEPPARD AFB, TEXAS-- "Smile, you're on candid Radar!"

Armed with a strange looking instrument that resembles a death-ray prop left over from

an old Flash Gordon movie, Security Policemen will be taking to the streets of Sheppard Friday in a 24-hour-a-day effort to slow drivers down to legal speed limits.

Although Flash's death-ray

caused death and destruction, the S.P.'s device is designed to PREVENT such occurrences. Called a Speedgun, the instrument is really a radar unit that can be hand held and allows the S.P. to instantaneously

detect the speed of a moving vehicle by simply pointing it at that vehicle.

Two speedguns will go into operation Friday.

"Our main reason for choosing this device over one that mounts permanently on a police vehicle," said Lieutenant Colonel Ronald J. Marzano, chief of the Security Police Squadron, "is that it has more mobility. We have the capability of mounting this unit in any police car or using it on a foot patrol."

Weighing in at around three pounds, the unit is equipped with its own portable power pack. Each will be recharged following a regular eight-hour duty shift.

"The Speedguns can be set up anywhere," explained the colonel. "Normally, if the gun is mounted on the back seat of a vehicle, that vehicle will follow a speeder. However, if the unit is hand held, we plan to have a 'chase' vehicle stationed farther down the road to make the stop. The radar guns can register the speed of a moving vehicle at distances up to one mile."

Units can be plugged into a car's cigarette lighter outlet and feature a special reverse read-out -- allowing the S.P. to determine a vehicle's speed by glancing into his rear view mirror when pointed inside the police car.

The unit will allow the policeman to work locations previously inaccessible because the radar can become a hazard, or the stopping of the violator became a hazard.

"It's important that Sheppardites understand that we are not going to be trying to trap them," emphasized Colonel

Marzano. "We are not going to be hiding behind trees or signs. In fact, we want people to know about this new device and what it will be doing--because we want them to SLOW DOWN."

"Men and radar units are going to be posted in housing and other areas where we feel there is a speed problem. I've clocked people at anywhere from 50 to 80 miles-an-hour right here on base. These units are being put into operation mainly to prevent speeding."

In addition to its obvious mobility and flexibility of purpose, the radar guns are drive-able.

"There isn't much that can go wrong with one of these devices," said the colonel. "Unless, of course, someone drops them on the concrete."

"Furthermore, we have a tuning fork that, when struck and held close to the radar 'eye', produces a reading of 50 per cent on the gauge. If the radar unit is not accurate, it will be readily visible. We plan to check the guns in this manner at the beginning and end of each regular shift."

Colonel Marzano also stated that, "All security policemen who will use the speedguns are required to receive four hours of instruction in its operation. We have already given six of the more experienced men in each of our three flights the course. They will be the men that will begin the operation Friday."

With this new piece of equipment in operation, all Sheppard people who enjoy turning base streets into miniature race tracks had better slow down. "Candid Radar" may be watching YOU!!

SHEPPARD AFB, TEXAS--CHECKING AUTO SPEEDS--Sergeant John H. Edwards demonstrates the new speedgun, which Sheppard security police will begin using for enforcement Friday. The versatile mobile radar units may be hand held or mounted in cars and have an effective range up to one mile. The exact speed of autos at which it is aimed is provided in a digital readout on the back of the instrument. (OFFICIAL USAF PHOTO)

Six Astronauts Train At Sheppard Hospital For 56-Day Spring Flight

SHEPPARD AFB, TEXAS--Six astronauts of the second Skylab mission arrived at the USAF Regional Hospital, Sheppard, Monday for three days of medical training in preparation for their 56-day flight later this spring.

The astronauts, Alan Bean, commander, and Owen Garriott, Jack Louma, Vance Brand, Bill Lenoir, and Don Lind, are attending a course which will train them to observe symptoms, take histories, and send information to physicians on the ground.

The physicians will then prescribe treatments which the astronauts are equipped to carry out with their extensive on-board medical equipment.

For some simple problems, the astronauts will be trained to give treatment without consulting earth stations.

Most of the equipment carried by the astronauts is standard, the same as that used by the family physician. Some, however, has been modified for use in space. Mercury, for instance, which diffuses in a weightless environment, cannot be used in thermometers. Consequently a different type of thermometer will be used. Coordinator for the course

Sr. & Jr. Instructors Named At Sheppard

SHEPPARD AFB, TEXAS--Senior and junior instructors of the year have been named by the School of Applied Aerospace Sciences, Sheppard (SAASS) and the School of Health Care Sciences (SHCS).

From the two nominees in each category will come the men to represent Sheppard Technical Training Center in the annual Air Training Command competition.

Senior instructor of the year from SAAS is Technical Sergeant Everette J. Bisson, instructor in the Air Cargo Specialist course in the Department of Transportation Training.

Junior instructor of the year from that school is Staff Sergeant Paul L. Johnson, an instructor in the Plumbing Specialist course of the Department of Civil Engineering Training.

Both instructors selected by SHCS are in the Department of Dentistry. They are Master Sergeant Joe Young, instructor supervisor of the Dental Technician course, as senior instructor of the year, and Sergeant David L. May, an instructor in the Dental Technician course, as junior instructor of the year.

is Lieutenant Colonel Wendell I. Wyatt, chief of the hospital's Department of Medicine. Other

instructors are Lieutenant Colonels Bradwell R. McAllister, Charles N. Mulligan, and Louis A. Shirley and Majors Michael Falcone, Jeffery Fine, Ronald Freireich, Richard Link, Kenneth Pinsker, and Richard Weitzman. Also Captains Barbara

L. Ellison and Alan A. Schoen-

gold. Among the areas covered by the course are diseases of the eye, head, cardiovascular, pulmonary, abdominal, and musculoskeletal systems, and dermatology.

The astronauts are scheduled to leave Sheppard Wednesday night.

SHEPPARD AFB, TEXAS--PRO COWBOY -- Maintaining equipment comes naturally to Airman Timothy Ray. Besides being a student in the Communications Center Specialist course at Sheppard, he is also a professional cowboy. As most rodeo enthusiasts know, much may depend on the condition of a cowboy's equipment. (OFFICIAL USAF PHOTO BY TSgt. ROBERT T. PAGE)

About Price Controls

Meeting with a group of concerned young students recently to answer their questions about inflation and price control, C. Jackson Grayson, Jr., Chairman of the Price Commission—was asked why some prices, especially farm and produce prices, were exempted from the controls.

Here is Dr. Grayson's reply:
"They were exempted, one, because they're difficult to control and, two, we just felt that in many cases it was impossible to be equitable."
"What are you going to set for the price of a used article? How would I control the price of a used suit or dress? There's no way to set a price for that, so we exempted them."
"Food is the big one, and that's the one that gives me nightmares, particularly meat. It's been shown that agriculture is one of the hardest areas to control in any control program, in Europe, elsewhere, or even in the United States. It's the closest to true demand and supply, where the price is truly set by the supply, and not by any artificial forces."
"The reason for an increase in the price of meat is the fact that there's only so

much meat to go around and there's such a demand for it that people bid the prices go up. That truly is a demand situation."
"If we interrupt that with controls, you are very likely to have shortages develop. People will bid to get special favors. This happened in World War II. You end up, therefore, with a system of ration stamps."
"You get black markets—selling 'under the counter.' You'd have all the problems of getting broader and bigger controls."

The Importance of Folic Acid

Folic acid is slightly soluble in water and contains a yellow pigment called pterin. The pterins are so named because they are present in the wings of butterflies and the Greek word for wing is "pteros."
Folic acid can be found in liver, yeast, green leaves, eggs and soybeans, and is also prepared by chemical synthesis.
It appears to be of great importance in the formation of new cells in the body, particularly the blood cells, and people who are deficient in this nutrient can develop a type of anemia.
There is also mounting evidence linking folic acid metabolic abnormalities with oral contraceptives. Recent tests indicate that women who use birth control pills may develop a much greater need for folic acid than women who do not use them.
As a result of these findings, a special dietary supplement has been developed that not only contains 0.1 milligrams of folic acid, but also other vitamins and minerals

women who use oral contraceptives are known to need each day. The new supplement is now available at drug counters everywhere.
If you are using birth control pills, it might be a good idea to ask your doctor about adding a vitamin and mineral supplement to your diet.
He's the expert who can tell you whether or not you need the extra nutrients.

G-AND-H REAL ESTATE

CARDS of THANKS

CARD OF THANKS
May we take this method of thanking our neighbors, friends, Dr. Carpenter, the 100F Lodge and the Local Labor Union at Wichita Falls for their kindnesses shown during my recent 25-day hospital stay. These things have been deeply appreciated.
Mr. and Mrs. O.W. Ryals

CARD OF THANKS
We wish to thank everyone who has been so nice during our long illness and death of our loved one. For cards, the food, flowers, and every kindness shown, we say "Thank You."
Mrs. Otis Magee and family

CARD OF THANKS
I would like to express my appreciation to each one who attended my autograph party and contributed to its success. A special thanks to the First Baptist Church, to the Dorcas class as hostess, the library committee, Brother and Mrs. Champ, the representatives of the Wichita Falls Poetry Society and my family who supported me in a marvelous way. Also thanks to our local news publisher, Monte Williams for his kind and courteous service. May God bless each one of you.
Mrs. C.E. Knight

LOST & FOUND

FOUND--Male Brown and White Basset Hound. Found at College and Berry. Call 569-0692. 20-ltc

Weekly Health Tip
from Joe Gillespie

Regular, continued use of mineral oil preparations for constipation is not without its dangers, a consultant writes in the AMA Journal. The oil might be breathed into the lungs, causing a kind of pneumonia that can be fatal. Also, the oil may interfere with the absorption of important fat-soluble nutrients in food. If bothered by consistent constipation problems, see your doctor. He should be able to correct the cause of constipation, meanwhile recommending a safer laxative.

WORD QUIZ!
What's the meaning of this "eomsat," "counter-culture," "cyborg"? Compiling these and other modern words was no mean achievement for the makers of a new dictionary.

COMSAT: any of various communications satellites for relaying microwave transmissions, as of telephone, television.
COUNTERCULTURE: the culture of many young people of the 1960's and 1970's, manifested by a life style that is opposed to the prevailing culture.
CYBORG: a hypothetical human being modified for life in a nonearth environment by the substitution of artificial organs and other body parts.
These and thousands of other modern expressions are found in this volume that is as good as its word.

SCHOOL MENU

Jan. 22-26, 1973
MONDAY--Corn dogs, mustard, relish, tater tots, cheese wedge, buttered carrots, milk, bread, butter, chilled fruit.
TUESDAY--Hamburger, bun, onion, mustard, pickles, cole slaw, french fries, butter, milk, cookies.
WEDNESDAY -- Ravioli with cheese, pinto beans, mixed greens, corn bread, butter, milk, peaches.
THURSDAY--Meat loaf with creole gravy, buttered corn, green beans, butter, bread, milk, jello with whipped topping.
FRIDAY - - Fried chicken, whipped potatoes, buttered peas, hot rolls, butter, milk, ice cream.
