Chamber Should Have Two Documents

Thompson Speaks To Local Chamber

Mickey Thompson, Legislative/Political Affairs Manager of the Southwestern Division of the Chamber of Commerce of the United States, was guest speaker of the Burk Burnett Chamber of Commerce Monday in the Civic Center.

Thompson described the problems facing the business groups of a city as also being opportunities. He said that it was up to the local chamber to aware itself of these problems and to weigh them carefully to come up with the best possible solutions in solving these situations.

Thompson named two things which every chamber should have to work effectively. They are a statement of policy and a work program. He said you must have these "to achieve the things you believe in."

Promoting the free enterprise system, Thompson said, "The free enterprise system is the greatest problem solver in the U.S. today."

Thompson is a native of Beggs, Oklahoma and is a graduate of Oklahoma State University, Stillwater.

Mrs. Loretta Hunt, chairman of the parks committee, was in charge of the program at which there was a large crowd of chamber members.

GOING TO HUNT KEYS . . . Burk Burnett Police Chief M.L. Abbott, his assistant D.L. Bryan, Patrolman James Baxter (Wichita Falls Police Dept.), Reserve Officer Grady Smith (WFPD), and Jim Green of the Wichita Falls City Water Dept. in the photo are preparing to search for some keys which were stolen from the Burk Burnett Jr. High recently.

On the night of October 30, Burk Burnett Jr. High School was broken into and burglarized. Missing were all keys; two vending machines were broken into; the principals office was entered, along with another office and the teachers lounge. Approximately \$70 in nickels and dimes was stolen.

Four arrests were made Nov. 5 of juveniles in the junior high school age bracket. After interviewing the boys, the local police found the keys in a nearby stock tank as they were aided by Wichita Falls Scuba Divers. The time of the search was approximately 10:30 Tuesday.

Impressions

Thoughts
Of A
Newsmen

by Leon Smith

As editor of the Informer/Star and writer of "Impressions - Thoughts of a Newsmen," I will introduce myself as Leon Smith. I've worked previously at newspapers in Clifton, Hillsboro, and Cleburne, and now in Burk Burnett. Of the people I've met here at Burk, all seem to be very cooperative and friendly. Burk Burnett feels like a great place to live.

This column will present the writer's viewpoint on matters with varied interest to the city. Although the writing will reflect one person's opinion, the probability is that many others will share some of the same thoughts.

Having been here a couple of weeks now, I notice that most of the townspeople are big football fans--especially for the local Bulldogs. Personally, I've only seen two Bulldog games; but what I have observed and have been told by many enthusiastic fans is that the local team is one of character. They seldom lose; but when they do they come back stronger the next week, not letting the loss get them down.

It sure was an exciting game Friday night against Iowa Park. I don't think I've seen two more evenly matched teams as the Bulldogs and the Hawks were then.

Both teams played well, but the Hawks ended up with three more points than the Dogs when the game ended. The score was 17-14.

Judging by statistics and reports, the Bulldogs have two very tough opponents remaining this season--Hirschi and Brownwood. The games could very well prove to be as exciting as last Friday night's game if both teams playing are up and ready to win.

Wednesday (the 31st) was a big day for Spooks. In downtown Burk about 75 "creatures" paraded down 3rd Street during the afternoon while judges

Local American Legion Wants Veterans Day Restored To Nov. 11

Guest Editorial-

The LOCAL AMERICAN LEGION, Frye-Vaughn Post 264, will observe the traditional Veterans Day on November 11, with Burk Burnett Gold Star Mothers as honored guests.

POST 264 AND SEVERAL OTHER Posts throughout the State of Texas will be joining a large group of other veteran organizations in our nation who recognize November 11 as the true Veterans Day. The federally observed Veterans Day on the fourth Monday is considered by Post 264 and most other Veteran organizations as a day in keeping with the principle of a long weekend holiday, a day with no meaning. The October date has become known among the Veterans as a commercial interest day and with a long holiday for some to make an extra dollar.

FOR SEVERAL YEARS the American Legion has urged Congress to restore the November 11 date as the federally recognized date. Within the past year, 26 states have joined 6 states who declared Nov. 11 as a state holiday. The following states are the ones that now have Nov. 11 as a state holiday: Alaska, Ariz., Ark., Calif., Conn., Fla., Ga., Ida., Ill., Ind., Iowa, Kans., La., Maine, Mich., Miss., Mo., Neb., N.H., N.M., N.C., N.D., Okla., Ore., Pa., S.C., Tenn., Va., Wash., W. Va., and Wyo. Several of these states will also go back to Memorial Day on May 30th.

NO FEDERAL HOLIDAY separately notes the end of WW2, The Korean Ceasefire, or The Vietnam Ceasefire, but Veterans consented back in the 1950's to let the World War I date represent them all. The World War I date has a particular significance to the American Legion, because the Veterans of that war founded the American Legion at a Paris caucus in 1919. It had become a tradition and a way of life to the Legionnaire and to most communities; a date for the traditional ceremony commemorating those Veterans who gave their life in defense of our nation and our flag. Then, they watched this traditional day being slowly destroyed for commercial and selfish reasons. It was just more than most Veterans could take.

TO THEM, THE VETERAN, tradition caused many men and women to come forth in time of war to defend our nation and our flag. To watch this tradition being destroyed in this great country of ours, could only mean the 4th of July, Thanksgiving, and possibly Christmas be next in line to be changed just so

Federation Club Has Guest Speaker

"Women, as they emerge from the restrictions of the past, can reach great heights or destroy themselves, depending on their reaction to new found freedoms."

This assessment of "The Role of the Emerging Woman" was expressed by Mrs. H.B. Bratton, Waco, third vice-president, T.F.W.C., in speaking at the annual banquet of the Burk Burnett Council of Federated Study Clubs, Thursday evening, at the Community Center.

Gratitude, humility and a willingness to accept increased responsibility must accompany every newly won right and opportunity if women are to demonstrate that they have truly emerged from a subservient role in society, Mrs. Bratton said.

She urged club women to make their increased leisure of greater benefit to communities through continued education and volunteer activities.

Mrs. Bratton was introduced by Mrs. Ben Fulton, Quannah,

Iowa Park Edges Bulldogs 17-14

The Iowa Park Hawks defense proved too much for the Burk Burnett Bulldogs as a strong goal-line stand ruined the Dogs chance for the win Friday night at Hawk Stadium in a decisive 4AAA clash.

Neither team could move the ball on their first possession at the game, but the second time for the Hawks proved successful as they drove 51 yards for the TD. From the seven yard line on the drive, David Ross ran over for the score. On the extra point attempt, Bulldog Terry Waller darted through to block the extra point

try. After the first quarter, the score was set at 6-0, Iowa Park.

In the second period, Hawk Ken Scheffe rushed 40 yards to initiate a 65 yard scoring drive. Afterward, David Ross scrambled 17 more yards to the Burk 17. At this point the Bulldog defense held steadfast. The Hawks decided to try for 3 points with a 32 yard kick from Daryl Frazier. The kick was good, giving the Hawks a lead of 9-0. On that strong Bulldog defensive hold were Charlie Slayden, Zac Henderson, David Todd, and Terry Waller.

The Bulldogs bounced back by driving 54 yards in 5 plays, Wilkinson adding the final eight yards for the TD. With 1:42 remaining in the first half, Rusty Barrett booted the extra point, making the halftime score 9-7 Iowa Park.

Burk jumped ahead in the third quarter after Zac Henderson opened with a 22-yard run. This began a 60 yard drive by Burk which resulted in a two-yard run over the goal by Wilkinson and six more points for the Bulldogs. Barrett's kick was good, giving the Dogs a 14-9 lead with 4:50 left in the third quarter.

In the final minutes of the third and into the fourth quarter the Hawks as they executed an 80-yard touchdown drive. With 10:30 left in the game, David Ross crossed the goal from 12 yards back to make their lead 17-14. But the game was not over.

The Bulldogs, with 10:24 remaining, trotted down the field on their final drive. Once they turned a fourth down situation into a first down during this series of plays. The Dogs neared the goal with time running out. They needed a field goal to tie the game or a TD

to win it. The Dogs went for the win. This particular drive was for 58 yards as the Dogs had a first and goal from the Hawk four yard line. After several attempts to cross the goal line, netting the Dogs only two yards, Wilkinson tried a final plunge on fourth and two. He was as close as he could be to going over and yet not make what was necessary for the score.

From here Iowa Park took over and with 2:47 remaining, made two crucial first downs, ran the clock out, and became victors.

The Burk Burnett Bulldogs will play Hirschi Thursday night at 8:00 at Memorial Stadium in Wichita Falls.

According to Coach Smiley, Hirschi has a pretty fair running attack led by Kenneth Byrd, a senior weighing 163 pounds. They also have one outstanding receiver, Steve Szymanski.

Head Coach Smiley feels that the Dogs will be up for game Thursday as they had a couple of very good workouts this week. Of last Friday's game he said, "We could have won as easily as we lost." The teams were evenly matched and either team could have won.

Midget Football Queen To Be Chosen

Cheerleaders are an active as well as attractive part of any football team. Midget football is no different. Burk's midget teams have elected a representative from their cheerleaders to vie for the title of queen, selection of which will be based on the amount of money raised through their teams' money-making projects.

Coronation of the queen will be Thursday, November 15, 7 p.m. in the high school cafeteria during the awards banquet.

LOVE YOUR ENEMIES

If the churches of America can keep alive the Christian experience of compassion, they will have made a major contribution toward sustaining the Christian Gospel in these troubled days. Throughout the ministry of Jesus He was described as "Seeing the multitude and having compassion on them." If we are to be like Him, we must know what it means, "To hurt when others hurt and cry when others cry," no matter what their relationship to us may be.

Longfellow said: "If we could read the secret history of our enemies, we would find in each man's life sorrow and suffering enough to disarm all hostility."

No wonder, in compassion, Jesus said, "Love your enemies."

National Scout Council Lowers Brownie Age

A unique event in Girl Scouting occurred Tuesday evening in the Burkburnett Bank Community Room. The first and only third grade troop of Junior Scouts held a candlelight ceremony and investiture. The ceremony was the official beginning of a pilot program being conducted in Burkburnett to test the ability of third grade girls to function as Junior Scouts, sixth graders as Cadettes and ninth graders as Senior Scouts. The program was developed after the National Girl Scout Council lowered the age requirements of the beginning Brownie level to include first grade girls. Physical, mental and mechanical skills vary so greatly between first grade and third grade girls that a new program was needed to insure the growth and progress of third grade girls.

The Program Committee of the Board of Directors of North Central Texas Girl Scout Council approved the two year trial program that is currently being used in Burkburnett. Third grade girls who have prior scouting experience in Brownies are in regular Junior Troops with fourth and fifth grades. Girls with no experience in scouting belong to a troop led by Mrs. Betty Holcomb and Mrs. Elaine Hubbard that is composed entirely of third graders and form the nucleus of the pilot program.

Adults being invested into this troop Tuesday evening were Mrs. Elaine Hubbard, leader and Committee Members, Mrs. Sherri Wonderlin, Mr. Keith Hubbard and MSgt. Lawrence Holcomb.

Savage-McElroy Vows Exchanged

First Lt. and Mrs. Craig Arnold McElroy will live at 504 Kemp Street, Wichita Falls, when they return from a wedding trip to Hawaii. The couple exchanged vows in a formal ceremony Sunday afternoon in St. Jude Catholic Church in Burkburnett. The Rev. Harry Fisher officiated.

The bride is the former Miss Toni Ann Savage, daughter of Mrs. George Altan of Burkburnett and the late Gerald R. Savage. She is a graduate of Burkburnett High School and Midwestern University and is a professional roller skating instructor at Orbit Skating Rink. Lt. McElroy is a graduate of Nebraska City, Neb. High School and Iowa State University where he belonged to Kappa Sigma. He is stationed at Sheppard Air Force Base and is assigned to the 90th Flying Training Wing. He is the son of Mrs. Amos H. A pair of seven-branched candelabra and arrangements of autumn gladioli were on the altar.

The bride, given in marriage by her brother, William R. Savage, wore a gown of white d'Alene lace defining the Empire waistline. The A-line skirt and train were designed with applied lace panels. Her illusion veil trimmed with Alseon lace was attached to a calyx of lace and pearls.

She carried a teardrop bouquet of gladiettes, Fringed carnations, pom mums and lily of the valley.

Miss Kathy Savage was maid of honor for her sister. Bridesmaids were Miss Jerri Savage and Miss Neva McElroy, sisters of the couple, and Misses Patti and Kay Evans. They wore matching gowns of burgandy and pink velvet trimmed with pearls. Their flowers were pink Fringed carnations.

Mrs. Velda Tate of Wichita Falls provided nuptial music for the ceremony and reception.

Terry McElroy of Nebraska City was best man for his brother. Groomsmen were Lts. Dan Apland of Seattle, Wash.; James Poe of San Bernardino, Calif.; Rick Tuseth of Wichita Falls; also Harry Walsh of Burkburnett.

Ushers were Lts. Kent Jacobsen, David Kirkland and William Moore, all of Wichita Falls, and Steve Altan of Burkburnett.

Weekly Health Tip
from JOE GILLESPIE

Just as an engine can't run without fuel, your body can't work efficiently without a good breakfast. This is especially true for rapidly growing youngsters. Over five week periods, late morning tests at Iowa University showed that in every instance when students ate no breakfast, they took longer to make decisions, were less steady, and able to do less work. Earlier tests with adults showed that when they ate adequate breakfasts they had quicker reactions, did better work, and felt 'more alive'.

Bill Lucas Reports Extension Director Walters

Elmer Provence, OSU Farm Management Specialist, will conduct an Income Tax Management Workshop at the Walters High School Monday, Nov. 12 at 7:00 p.m. One of the main points to be discussed will be income averaging.

A large percentage of Cotton County farmers will probably want to go back and average this year's income with the two previous years. This will lower this year's tax considerably.

To kill dandelion in your lawn, use 2,4-D in November or December if possible. Dandelion is at a young stage this time of year and is very susceptible to the chemical. Since shrubbery around the home has

lost its leaves, it is not as susceptible or easily injured as in the spring.

Two formulations of 2,4-D can be used. One is an ester and the other, an amine. While the ester does a better job of killing plants than the amine, it is also more volatile. If any susceptible plants are around, it may be safer to use an amine type of 2,4-D.

Apply one pound 2,4-D per acre. Most 2,4-D is formulated as four pounds active ingredient per gallon. This means you would need about 4 1/2 teaspoons per 1,000 square feet or about 0.7 of an ounce. If using a hand sprayer, mark off some areas and spray with water to determine how much water to use per 1,000 square feet. Then apply the 4 1/2 teaspoons of the 2,4-D in that amount of water. This will give you the right rate to use.

If possible, use 2,4-D on a warm day when the temperature will be warm for two or three days. The chemical moves from one place to another in the plant and works more effectively when the weather is fairly warm. Though

the herbicide will work down to 40 to 50 degrees all right, it will do much better at the 60 to 70 degree range.

When using 2,4-D to kill dandelion, read the label. It gives the amount of herbicide to use on a given area and when to use it. The label also gives precautions and directions for use.

FOOD, FIBER MONTH -- Agriculture adds \$10 billion annually to the Texas economy and employs about 30 per cent of the state's labor force. Gross farm income totaled \$4.7 billion last year as Texas continues to move toward the head of the national rankings in total agricultural receipts. It now ranks behind California and Iowa.

Agriculture is indeed big in Texas and is continuing to grow as foreign and domestic markets continue to expand, says an economist for the Texas Agricultural Extension Service. As a tribute to Texas agriculture, November is being designated as "Food and Fiber Appreciation month."

We would like to encourage home owners who have only two or three pecan trees in their yard to make entries in the show. This show is for the small home producer also. Each entry must consist of 40 nuts. U.A. Randolph, from Montague County, will judge the show. This show is sponsored by the Denton Kiwanis Club.

Governor Dolph Briscoe has officially proclaimed November as "Food and Fiber Appreciation Month" in Texas. The emphasis in 1973 will be on appreciation of agriculture by consumers. Bob Hillery is chairman of the Wichita County Food and Fiber Month activities. We will have several speakers to present programs at civic clubs as well as other scheduled activities.

The Wichita Falls Area Pecan and Food Show will be held November 29-30, in the Lone Star Gas Auditorium in Wichita Falls. Entries will be accepted from pecan growers in Wichita, Clay or Archer Counties only.

Chicken Is Best Bargain

COLLEGE STATION-- Consumers will find the red meat and fryer chicken counters more attractive this week.

"Fryer chickens remain the number one bargain in many meat departments," Mrs. Gwendolyn Clyatt, consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System, pointed out.

"Watch for pork values on a number of fresh and smoked selections--with best ones on loin and shoulder cuts."

"Weekend bargains include end-cut roasts and chops, hams, picnic and shoulder roasts and steaks. Also be on the lookout for attractively priced liver and sausage," she added.

Beef prices seem to have steadied, with features on some cuts, the specialist continued.

"For best buys, look to arm and blade pot roasts and steaks, stew meat, ground beef, round steaks and roasts, rib steaks, and liver."

"When finding an attractive special on roasts, be thrifty and buy two--one to cook now and another to freeze."

Although priced considerably higher than a year ago, frozen turkeys are hitting the market in good supply, Mrs. Clyatt said.

"Fresh fruit and vegetable items in ample supply at the most economical prices include apples, juice oranges, bananas, pears, Tokay grapes and cranberries."

"Also potatoes, lettuce, celery, sweet potatoes, cabbage, carrots, dry yellow onions, rutabagas, hard shell squash, collards, mustard and turnips and greens."

RETIREMENT PLANNING SAVES TAXES--Farmers, ranchers and other self-employed individuals can save on tax dollars by starting a tax sheltered retirement plan, says an economist for the Texas Agricultural Extension Service.

This is commonly called the Keogh plan and is available through many banks, insurance companies and mutual funds. Up to 10 per cent of earned income or \$2,500 whichever is less, can be invested each year in an approved retirement plan.

A special interest program on selecting toys and books for children will be held November 13 from 10:00 a.m. to 12:00 noon, at the Texas Electric Service Company Ready Room, 900 Scott in Wichita Falls.

A home demonstration club, the Sunset Club, was organized on November 1. Mrs. Dixie Gregg is president, and Mrs. Lee Hickey is vice-president. The club is being sponsored by the City View Club, with Mrs. D. D. Mendenhall, president, and Mrs. W. A. Shackelford, assisting the group.

Avoid constructing clothes that look "homemade." Several factors and techniques help homesewers avoid such appearances.

A primary reason for the "homemade" look is incorrect fabric.

Examine the pattern and decide what kind of fabric is needed -- stiff, bulky, limp, clingy, etc.

Check the pattern envelope for fabric suggestions--and choose from this group. Some patterns are designed for knits only, while others are unsuitable for knits.

However, don't choose fabric exactly the same design shown on the pattern envelope. Use the picture as a guide--but don't make an exact copy.

Take time to do all sewing details. Good seamstresses may sew quickly, but never hurriedly.

Also, press the garment as its sewn. Pressing is a necessity--so keep that iron handy when sewing.

Although a bother, sometimes basting is necessary to avoid stretched seams and poorly-fitting garments.

Another "dead give-away" of homemade clothes involves sleeve puckers. To avoid them, match markings on sleeves and bodice carefully -- and distribute "ease" evenly.

Also, understitch facings so

they won't show. Learn to hem properly. In many cases, a common overcast hem isn't suitable. Fabric influences the type of hem to use.

Add the professional touch by purchasing accessories such as a belt, scarf or attractive buttons.

To get ideas, look at ready-made clothing.

Sure, everyone knows that agriculture is big business in Texas! But just how big is it? With November designated as Food and Fiber Month in the state, now is a good time to take a brief look at the tightness of Texas agriculture.

First of all, agriculture in all its phases adds more than \$10 billion to the Texas Economy each year. Agribusiness provides employment for about 30 per cent of the state's labor force. Of the state's 160 million acres of land area, 142 million are devoted to agriculture.

Realized gross farm income in 1972 totaled \$4.7 billion, up 13 per cent from 1971. However, farm production expenses totaled \$3.8 billion, almost 23 per cent higher than in 1971. This left realized net income 19 per cent below that of 1971, but a boost in farm inventories brought total net farm income up 28 per cent over that in 1971.

Texas is the third leading state in total agricultural cash receipts behind California and Iowa. However, it leads the country in producing cotton, grain sorghum and rice and is the top cattle producer. Texas also leads in the production of sheep, wool, goats and mohair.

Did you know Texas is also a leader in other enterprises such as:

Fourth in agricultural exports, second in hides, tallow and meat production. Second in peanut production. Third in vegetable production, leads in cabbage, watermelon and spinach production. First in native pecans, first in horse numbers, second in grapefruit production, third in oranges, third in the number of honey bee colonies.

These are just a few of the things that Texas is noted for on the agricultural scene. Agriculture continues to grow and to become more diversified, and it must do so to meet the

Two games will be played - the American League teams ages 8-10 begin play at 6 p.m. Eagle coach is Jim Collyott. Coaches for the Oiler team are Hubert Smith, Bill Pittard, Ed Davis, Jimmy Lindsey and Arnold McKinis. Assisting is Mike Myers. Coaches for the National League (ages 11-13) Eagles are Gen. Drake and Jim Sullivan. Oiler coaches are Bob Gant, Joe Black, James Goff, Ronnie Snyers and Adrian Dunn. Play for the National teams will begin after presentation of each team's princess and a performance by the Jr. High School band under the direction of Mr. Charles Gregory. Freshman

The Freshman football and J.V. football teams beat Iowa Park. The frosh team took Iowa Park on to win 20-8. Defensive standouts were Matt Horn, Mark Brinkley and Chris Neble. The whole offense was a standout. There was only one injury, Hollis Griffey fractured a wrist. The frosh play their last game this Thursday at 2:30 p.m. at home against Rider.

Junior Varsity

The Junior Varsity was the other team to beat the Hawks. The 'B' team won 26-8. This team had standouts in Mark Langenback and Glen Locklin defensively while as in the frosh game, the whole offense played excellently. Thursday at 4:00 p.m. the J.V. take on Rider at home for their finals.

Sophomore

The Sophomores played the Lawton Ike Sophomores Monday night only to lose 16-0. "We had receivers open all night but couldn't hit them. We'd run the ball for big gains only to fumble or be called back for a penalty." "We had our chances to win," stated Coach Kenny Young, "but didn't."

The six-day program will feature sessions, case studies and workshops on managerial styles, motivations and techniques, a systems approach to management, managing a manager's time and communications. Sixty-four participants in the record-enrollment seminar are with 28 firms throughout Texas and in Arkansas and Oklahoma. He represents the State FFA Association as he travels from school to school and transfers the state level to the local. Tucker spoke of individual goals.
