Dixon To Address Chamber At Luncheon

Featured speaker at the monthly noon luncheon of the Burk Burnett Chamber of Commerce Monday, August 5, will be Mr. Carl Dixon, director of a new individualized education program at Burk Burnett Schools known as "Plan A."

Dixon will describe the new teaching process to the local

businessmen and explain its goals. He recently accepted the job as director of the system-wide program and resigned as principal of Burk Burnett Junior High School.

High School Principal Bill Darland will introduce Dixon to the Chamber audience.

Camp Running Fun To Open Monday

Camp Running Fun, Burk Burnett's Day Camp for girls, will open Monday morning August 5, at 9:00 a.m. in Permian Park.

Sponsored by the Girl Scouts, the camp is open to all girls ages six through seventeen.

Activities will include swimming, nature study, crafts, music, First Aid, ecology, dramatics and special projects. Consultants will teach First Aid and Macrame.

There are a limited number of openings still available for girls who wish to attend camp. Fees for the week are \$3.75 for Girl Scouts and \$4.00 for non scouts.

VRJC Fall Registration Scheduled

Pre-registration counseling for the fall 1974 semester at Vernon Regional Junior College will begin August 1 and run through August 16. Entering freshmen and transfer students are urged to come to the VRJC administration building prior to or during that time to visit with college officials concerning applications, scheduling, financial aid and other related matters.

Schedule advising for returning students will be from 1:00 until 5:00 p.m. August 26. All faculty advisors will be available to assist students at that time.

Orientation for new VRJC students will begin at 9:00 a.m. August 27 for students whose last name begins A-J and 1:00 p.m. for students whose last name begins K-Z. The orientation sessions will be held in the auditorium of the Administration-Fine Arts Building.

Registration for students whose last name begins A-J will be in the VRJC Student Union Building from 8:30 a.m. until 12:30 p.m. and 4:30 p.m. until 8:30 p.m. on August 28. Students whose last name begins K-Z will register at the same times on August 29. Classes will begin on September 3 after the labor day holiday, and finals for the fall semester are scheduled for December 16-19.

New Jail Complete; Open House Set

The completion of a new maximum security jail in Burk Burnett marks another step in the progress of the city. Finishing touches were being applied this past week in the seven-cell facility located behind City Hall and the Police Station.

According to City Manager Gary Bean, the contract bid on the 2,000 square foot jail was \$33,000, with \$22,500 coming from the Texas Criminal Justice Council. Bean said, "We owe much thanks to Bob Flowers, executive director of the Texas Criminal Justice Council, for his efforts in securing the funds for the jail. Without his help we wouldn't have been able to get the jail when we did."

The jail consists of three individual cells which will be used for adult men, three individual cells which will be

used for juveniles and females, and one maximum security cell for difficult persons.

Police Chief M.L. "Buck" Abbott said of the jail, "It is something we've needed for a long time, and it will better accommodate people in jail." He described the jail as a "dream come true" for law enforcement assistance in Burk Burnett.

Open house for viewing of the air-conditioned jail is Sunday, August 4, from 2 to 5 p.m. at the Police Station.

Current Burk Burnett Police Officers include M.L. "Buck" Abbott, police chief; D.L. Bryan, assistant chief; L.W. Brumbelow, sergeant; Cleveland Harris; E.A. Stevens; Curt Salyer; John Hinnant; Dean Clark; Gerald Lahue; and Ernie Spruill.

Invitational Tennis Tournament Slated

The Summer Junior Tennis Clinic sponsored by the City Summer Recreation Program will continue through Friday, according to coordinator Bob Carpenter. He said that some 30 kids have attended the clinic so far. Instructors are Gail Cullison and Thomas Sturgess. Instructor for the Advanced Tennis Class last week was Jo Ann Brown, of Midwestern University.

TENNIS INVITATIONAL SET
The Summer Recreation Program will sponsor an invitational tennis tournament for persons of all ages beginning Sunday, August 4, and lasting through Saturday, August 10.

The actual tournament, which will be held at the high school tennis courts on Kramer Road, will be for persons age 17-adult; but there will also be a junior tournament for junior clinic participants.

Divisions will include boys and girls singles, boys and girls doubles, adult mens and womens singles, adult mens and womens doubles, and adult mixed doubles.

Prizes will be awarded to winners and runners-up in each division. They will be donated

by Preston Milk Store, Burk Burnett First National Bank, and First Savings & Loan of Burk Burnett.

Persons can enter as many categories as they like and there will be no entry fee charged.

To enter, either fill in the entry blank on page 12 of the Informer/Star, and turn it in at Preston Milk Store, or call in an entry to Gail Cullison at 569-1225 or Spunk Jones at 569-1822. Entry deadline is Saturday, August 3, at 8 p.m.

Dead Animals Pose Odor Problems

City Manager Gary Bean urges Burk Burnett residents not to put dead animals in garbage cans for the Boomtown Sanitation Department to pick up. He said that during this hot weather, the animals have an extremely bad odor which is almost unbearable.

For information on where to dump a dead animal, call the dispatcher or City Hall.

PROUD OF NEW JAIL--Police Chief M.L. "Buck" Abbott (left) and City Manager Gary Bean are all smiles as they inspect the new city jail which was completed last week. The 2,000 square foot facility cost \$33,000, with the Texas Criminal Justice

Council paying \$22,500 of the cost. The jail has seven cells, one of which is maximum security. See related story.

Informer/Star Photo

Citizens Urged To Help Catch Thieves

To the Citizens of Burk Burnett:
We have had an unusual amount of criminal mischief during the past few months to our traffic signs and our street markers. These signs are being destroyed almost daily by persons thus far unidentified. Replacement of each sign costs approximately \$15.00 plus labor, and anyone found responsible for such destruction is subject to fines from \$50.00 to \$200.00, plus damages.

If you are the parents of children who are allowed out after dark, without supervision, I urge you to impress upon them the danger involved in removing a stop sign or warning sign, which might cause injury or death of a motorist. If your children have brought street signs, or traffic signs, into their bedrooms, please see that they return them to the city, and that they refrain from doing this again.

If any citizen sees an act of criminal mischief in progress, I urge that you contact the police department and report the incident. Rest assured that your name will not be used in any investigation we make as a result of your call.

This wanton destruction must be stopped, and it will be far better for anyone concerned to volunteer information before the person/s responsible are caught in the act, after which prosecution will be swift and sure.

Pride in your city should be reward enough for you if you see someone engaged in this type of criminal activity, and your cooperation in coming forward will be appreciated. Let's put a stop to this now.
M.L. Abbott, Chief
Burk Burnett Police Department

Rotary Hears Ciba-Geigy Program

Bob Dowd, a chemist at Ciba-Geigy in Burk Burnett, told the local Rotary Club how plastic pipe is made. Dowd presented the program at the club's noon luncheon Tuesday in the Burk Burnett Community Center.

According to Dowd, Ciba-Geigy has plants all over the world, and is a Swiss-based company. The local plant has been in operation since 1967.

Dowd, along with two of the personnel at Ciba-Geigy who were guests, brought and showed samples of the plastic pipe which is manufactured at the plant. He described some of the procedures and generally described the plant to the club members.

According to Rotary Club president Joe Gillespie, "It was really an excellent program."

SECURITY CELL--Police Chief Abbott (right) and City Manager Gary Bean demonstrate the thickness of the metal door leading into the maximum security cell of the new city jail, which was completed in construction last week. There are a total of seven individual cells in the complex. Open house for tours of the jail will be Sunday from 2 to 5 p.m. at the Police Station.

Informer/Star Photo

Wichita County United Way Gets New Symbol

The United Way of Wichita County, including Burk Burnett and Wichita Falls, will start this fall's campaign for funds with a new name, a new symbol and a new outlook.

Called the United Fund since 1955, the organization changed its name to indicate that there is more to the concept of a united effort than mere fund raising. The United Way is a system whereby a community helps itself to solve many of its social problems through community planning, service review, program development, fund raising, and effective budgeting.

The United Way has also adopted a new symbol. The new "helping hand" logo is a modern, bold and positive symbol which does more than simply identify the United Way. The new symbol expresses the basic role and mission of the United Way movement in Wichita County by symbolizing man at the center of a helping hand and a rainbow of hope. In describing the symbol, famous graphic artist and designer of

the logo, Saul Bass, said: "One may say it's the hand of the United Way bringing hope to people--that's good. But others say it's the hand of the recipient who experiences the values the United Way makes possible in his life--that's good, too. Or, do the five fingers represent the five areas of United Way services? That's fine, too. The point is, of course, that a good symbol should stimulate these and many more ideas that will mean one thing to one person and other things to another."

In explaining the new name and symbol, Jack Aaron, this year's chairman for the United Way in Burk Burnett, described them as being, "more symbolic of our efforts. I see the hand as the support of the community, and the rainbow represents the hope the United Way can bring to those in need."

The United Way in Wichita County operates through a volunteer 60 member Board of Directors; a 21 member Executive Committee which acts for our community in establishing policy, setting objec-

The United Way

tives, and making administrative decisions for the organization. In addition, there are several volunteer committees which act on administrative affairs and specific areas of interest and concern throughout the year.

Under the new name, a new symbol, and a new organization brought about with the merger of Burk Burnett and Wichita Falls, the United Way will continue in the effort of uniting all community resources to meet the changing conditions, demands, and needs of the citizens in our area.

Attention:

All High School Football Players

According to Pat Smiley, head of the athletic department at Burk Burnett High School, all Freshman, Junior Varsity, and Varsity football players should comply with the following instructions which have to do with 1974 football practice:

Shoes will be checked out Wednesday, August 7, beginning at 8 a.m.

Practice will start Monday, August 12, at 8:45 a.m.

There will be practice twice daily at 8:45 a.m. and at 4 p.m. until school starts.

Kids To Help Humane Society

There will be a meeting Thursday, August 1, at 2:30 p.m. at Hayes Field for persons ages 11-14 who are interested in helping the Humane Society by participating in a fund-raising drive in Burk Burnett.

For more information contact Tracy Cowles, 569-2464, or Steven Clement, 569-3613, in Burk Burnett.

Randlett Rural Postal Service To Improve

A liberalization of rules that will bring mail delivery service for the first time to more than 100,000 rural families has been approved by Postmaster General E.T. Klassen, according to Randlett Postmaster V.L. Bentley.

The new rules will benefit an estimated 145 families served by rural routes out of the Randlett Post Office, Bentley said.

He continued, "Under pre-

vious criteria, rural delivery extensions could be made only if at least one family was benefited for every seven-tenths of a mile a rural carrier had to go to serve the box and return to his normal line of travel."

"But the Postmaster General has increased the acceptable route variance to a mile, thereby enabling us to provide home delivery service to many additional families," Bentley said.

STATE CAPITAL Highlights AND Sidelights
by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Legislative budget planners recommended nearly \$480 million in pay raises and fringe benefits for 116,000 state employees next year.

General revenue cost of the package (which includes a 23.8 per cent salary boost for lower-scale personnel and higher travel allowances) is about \$285 million.

Legislative Budget Board gave its blessing to the cost-of-living catch-up proposals to help planning of the 1976-77 appropriations bill.

Assuming the entire plan is approved by the legislature, more than 90 per cent of the anticipated general revenue surplus will be used on compensation and benefits of 116,000 state workers.

year, state employees said they still want a special legislative session to get inflation relief now.

CITIES LOSE MONEY — A group of Texas cities got the sad news last week that they will not get federal grants they requested to build sewage treatment plants.

About 204 projects were tabled because of a \$27 million federal fund deficit this fiscal year.

A total of \$142.1 million in FY '75 money is available to Texas. But Texas Water Quality Board's "project list" includes \$169.1 million worth of projects.

Projects are carried on the TWQB list in line with how important they are to water pollution control.

FOOD CRUNCH NEXT — A "food crunch" could make the energy crisis seem mild by comparison, according to Texas Agriculture Commissioner John C. White.

A sudden world demand for better quality food is driving grocery prices up again, White said, and causing Americans to compete with the world markets for their own products.

U.S. producers can keep up with the demand if they have time to gear up, White

stated. He predicted the United Nations World Food Conference in Rome next November can "make or break" U.S. agriculture. He warned against commitment to "specific deals... which would handicap our own agriculture marketing system."

FACILITY FATE UNKNOWN — Future use of Gatesville State School is undecided, according to Texas Youth Council Chairman W. Forrest Smith of Dallas.

Enrollment has dropped sharply since 18-year-olds and children in need of supervision were removed. Possible uses mentioned are as a welfare facility, Department of Corrections unit and continuation as a school for boys, Smith said.

COURTS SPEAK — The Texas Supreme Court held the Dallas Episcopal Diocese and bishop cannot be held responsible for an ex-priest's alleged alienation of an Irving housewife's affections.

In other opinions, the Court concluded:

- A Pasadena civil service commission order dismissing a police patrolman for insubordination should be dismissed.
- A case involving San Marcos city council's power to set rates for electrical power sold by Lower Colorado River Authority within the city should be heard.
- A moving and storage company that handed furniture and other belongings to the wrong person without a proper warehouse receipt must pay the owner for his loss.
- The state has no special right to refuse answers to

questions in a suit filed by a prison inmate as the result of losing an eye due to a basketball injury.

• Court of Criminal Appeals ordered new trials for two Del Rio men on marijuana possession charges because of an illegal search of their residence.

DROUTH RELIEF SOUTH — Texas Water Rights Commission ordered the City of San Angelo and San Angelo Water Supply Corporation to begin releasing water from Twin Buttes Reservoir to flow down the dry Concho River.

In a two-step effort to relieve drought conditions along the Concho and the Colorado between confluence of the Concho and San Sabas rivers, the Commission also ordered all irrigators in that section to stop irrigating until further notice. The section borders Concho, Coleman, McCulloch, Brown, Mills and San Saba counties.

Steps followed a hearing on complaints by domestic and livestock water users on the Concho and that portion of the Colorado.

SHORT SNORTS
A School Land Board oil and gas lease sale is set for October 1.

Educators from over the state paid tribute here to L. P. Sturgeon of New Boston, just-retired executive secretary of Texas State Teachers Association. TSTA's new building addition in Austin was named for Sturgeon.

A Civil Liberties Union lawsuit is threatened to delay the September 17 state Democratic convention for two days to avoid a conflict with the Jewish New Year observance, Rosh Hashana.

Texas Keeps Top Spot

AUSTIN—With more than twice as many cattle and calves as the second-largest livestock-producing state in the country, Texas continued its dominance over the nation's livestock industry in 1973. Agriculture Commissioner John C. White recently reported.

Texas produced 16,250,000 head compared to Iowa's 7,660,000, according to statistics compiled by the Texas Crop and Livestock Reporting Service.

Texas beef cows that calved numbered 6.5 million. Second place Missouri had a total of nearly 2.6 million head. Texas also ranked first

in feeder cattle with 2,205,000 head. "However," White commented, "as of June 1, 1974, that number has dropped to 1,930,000."

Sheep and lamb production in Texas also exceeded the rest of the nation with 3.2 million head. Wyoming ranked second with almost 2 million fewer head.

Texas ranked among the nation's top 10 dairy cattle states last year with a total of 350,000 head having calved.

Hog production totalled 1,050,000 head in 1973 but dropped to 930,000 by June 1, 1974.

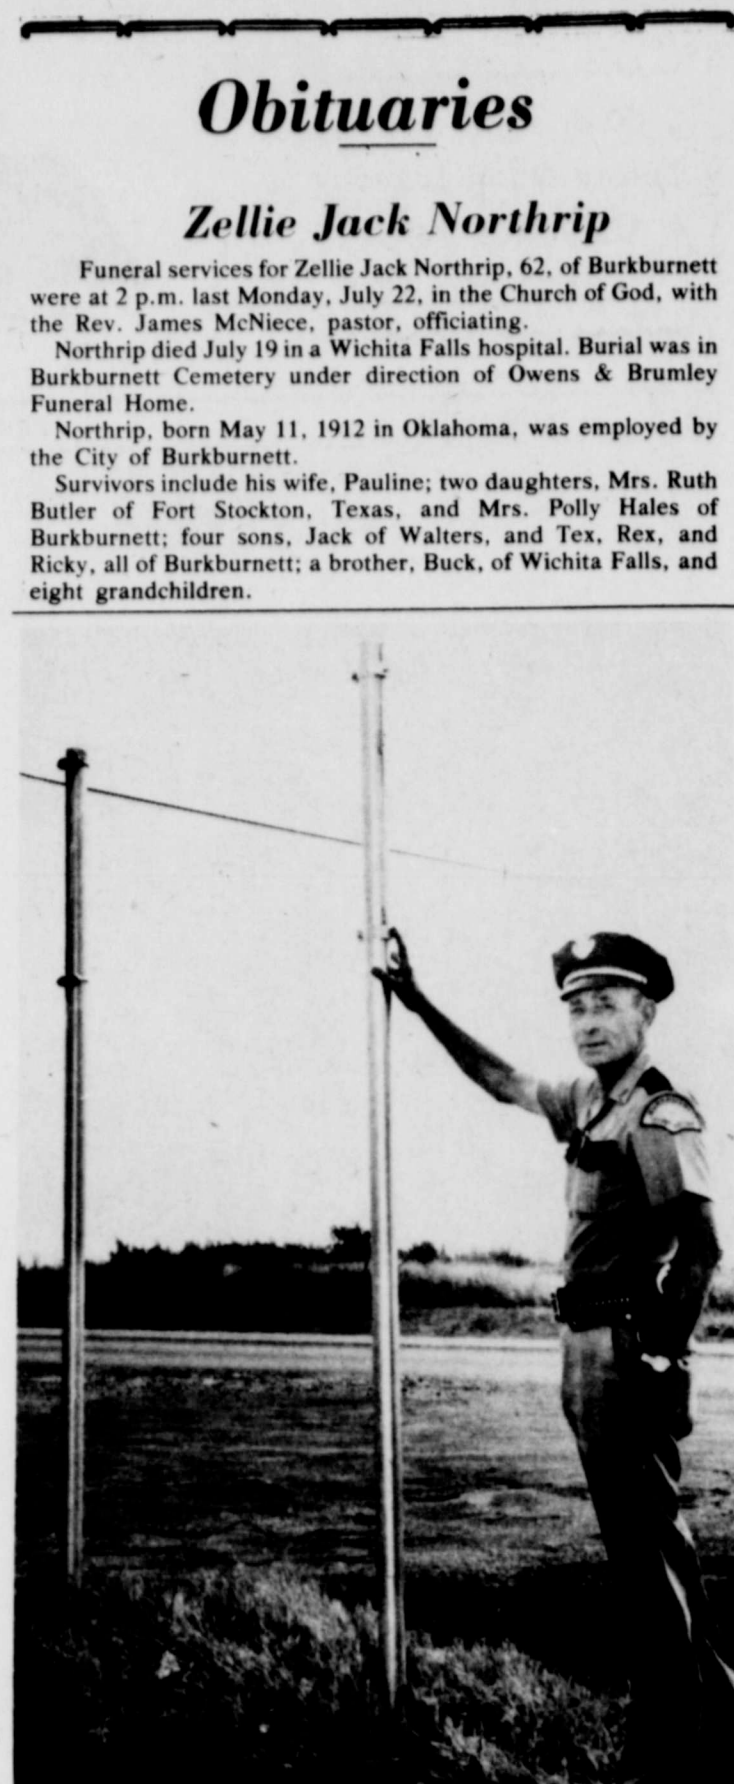

Oil Technician Transferred To Midland District

The following changes were recently made in Mobil Oil Corporation's Producing Operations Department:

O.E. Kinnard, Utilityman in the Burkburnett Area, was promoted and transferred to the

Midland District as Production Maintenance Technician; P.W. Terry, Production Assistant in the Sundown Area, was transferred to the Midland Area Drilling Group as Drilling Assistant; and J.O. Carson, Production Maintenance Technician, Midland District, was promoted and transferred to the Sundown Area as Production Assistant.

Kinnard and his wife Jackye reside in Midland. They have three children: Richard of Wilburton, Oklahoma, Martye, a student at Texas Tech, and Stephen, a student at Midwestern University.

SIGNS MISSING—Police Chief M.L. "Buck" Abbott is shown pointing to the place where two signs are supposed to be. According to the Chief, someone has been stealing stop signs from around town, which is considered a misdemeanor and is subject to fines from \$50 to \$200. Abbott said that the absence of these signs causes safety hazards for persons who aren't familiar with the city and might not know when to stop. [Informer/Star Photo]

Political Announcements

The following have authorized an announcement of their candidacy subject to the November General Election:

For Congress, 13th District:
JACK HIGHTOWER
For State Senator, 38th District:
RAY FARABEE

Change filters regularly. It takes very little energy on your part.

Replacing disposable filters or cleaning permanent type filters as required, is one of the easiest ways to help your cooling system do its job more efficiently and economically.

Clogged filters restrict the air flow your air conditioning unit needs, making the unit work harder and longer — which uses more electricity.

Here are some additional ways to help your air conditioning keep its cool:

Don't put lamps or other heat-producing appliances in the immediate vicinity of the thermostat.

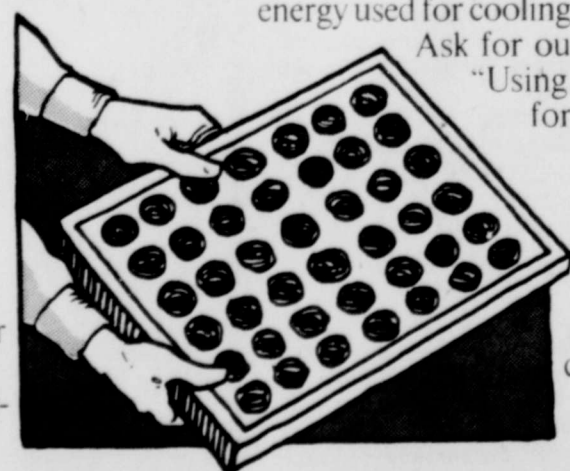

Keep the outdoor unit free of shrubbery or other obstructions that might pre-

vent proper air circulation.

Insulation can pay for itself by lowering your cooling (and heating) costs. You can save as much as 20% or more on energy consumption if your home is insulated to meet FHA standards.

For efficiency and economy, set the thermostat at 78-80 degrees. For each degree above 75 degrees, the energy used for cooling is reduced by 5%.

Ask for our new free folder "Using electricity wisely for air conditioning takes very little energy on your part." Pick one up at Texas Electric or request one on the comment portion of your electric service bill.

B.T. HAWS

Texas cattlemen will now be able to receive federal indemnity payments from the U.S. Department of Agriculture for brucellosis reactors in their breeding herds when the infected animals are marketed for slaughter.

The indemnity will be paid only on reactors found in official herd tests, not in the tests made at sales yards.

The decision to make the payments was made at the request of the Texas Animal Health Commission to strengthen efforts to eradicate brucellosis in the state. All states are now participating in the brucellosis indemnity program. At present about 99 per cent of the nation's cattle are free of the disease, but the remaining one per cent continue to threaten the livestock industry. A large percentage of the infected herds are in southern and southwestern states.

The indemnity, \$50 on grade cows and \$100 on registered cows and bulls, will be paid on reactors bled on or after July 1. No indemnity is allowed for grade bulls, steers, or spayed heifers.

Reactors will be branded with the letter "B" on the left jaw and will be tagged in the left ear. They must go to slaughter directly after the test.

Indemnity claims will be initiated by state or federal regulator officials or accredited veterinarians. First indemnity payments may be delayed several months after claims are received, but such delays should be eliminated once the program becomes established.

Anthrax has hit cattle in Falls County in Central Texas, and producers in neighboring counties are urged to keep a close check on herds to detect any spread of disease. Vaccination is encouraged in the affected counties as well as in neighboring counties. The vaccines are considered to be safe and will not spread the infection nor contaminate the premises. The vaccine is available from local veterinarians at about 25 cents per dose. Early vaccination is recommended in high risk areas since six to eight days are required to develop immunity in a vaccinated animal.

To prevent the spread of the disease, all sick, dying or dead animals should be examined by a veterinarian. Carcasses should not be opened to allow blood or body fluids to contaminate the ground. The germs that cause anthrax live many years in the soil until proper conditions exist when they again can cause outbreak of disease.

Some infected animals show practically no symptoms of the disease while others are apparently distressed, breathe rapidly and run a high temperature. Death can come in one to two hours.

The disease can also affect horses, swine, sheep, goats, and humans. In case of contact with an infected animal or contamination from one dead of anthrax, immediately disinfect the contaminated skin or area with a strong disinfecting solution and contact a medical doctor at once.

All dead animals as a result of anthrax must be burned according to Texas law.

Pinkeye is a serious problem in some beef herds in Texas during the hot summer weather. The disease can cause considerable weight loss and even the loss of sight.

There is no single cure-all for pinkeye, but there are several practices which you can follow to help reduce pinkeye problems.

Clipping pastures before seedheads develop on grass is one practice that helps. These seedheads may irritate the eyes of the cattle and increase the chances of pinkeye infection.

Flies spread certain kinds of pinkeye. I would recommend repeated spraying of the faces of cattle with Ciodrin insecticide to control face flies. Dust bags, face wipers and backrubbers also help in controlling flies. Locate them near or on the salt box, on the way to water, or in shaded loafing areas.

An adequate amount of Vitamin A helps keep eyes healthy. Good pastures are turning brown, so supplementary Vitamin A should be provided.

Separate animals with pink-eye from the herd and treat infected eyes before the disease progresses. Keep infected animals in a sheltered area. Covering infected eyes will protect them from light and foreign matter and will speed recovery. A simple patch made of burlap and held in place with rubber cement seems to be effective.

If treatment does not improve conditions, consult a veterinarian.

Viral diseases such as IBR may be the cause of pinkeye. Your veterinarian can recommend a vaccination program for controlling such diseases. Studies have shown that calves with pinkeye weighed considerably less at weaning time and as yearlings when compared to calves at the same age without pinkeye. Thus, controlling pinkeye can pay increased profits at market time.

Bill Lucas Reports Extension Director Walters

Cotton County's 4-H Judging Team placed 3rd at the State Sheep Field Day held in Stillwater Saturday, July 20.

Team members were Renee and Craig Thompson of Temple, Lester Lucas and Terry Herring of Walters.

A team from Kay County placed 1st and Canadian County placed 2nd.

Other 4-H members participating were Ricky Henson, Parilyn Provence, and Larry Lucas from Walters, Jay Driskill and Cindy Walker from Temple, and adults making the trip were Laverne Herring and Bill Lucas.

and out of warranty Kenmore and Whirlpool washers and dryers. Store hours are 9 a.m. to 6 p.m. Monday through Saturday, and the telephone number is 569-1892. For more information see the Burk Appliance ad in this issue of the Informer/Star. (Informer/Star Photo)

Farm Bureau Queen Contest Scheduled

The annual Wichita County Farm Bureau Queen Contest is set for Thursday night, August 8, at 7:30 p.m. in the Fellowship Hall of the First United Methodist Church in Iowa Park. Eight girls attended a Coke Party Thursday night in the Farm Bureau Office in Iowa Park. Mrs. Norman Roberts, contest chairman, presided and reviewed the rules of the contest. Girls must be 16 years of age by Sept. 1, 1974, and not over 22 on that date, single, and must be members of Farm Bureau families, according to Mrs. Roberts.

Dennis Mitchell, Service Agent for the Archer County Farm Bureau, will serve as Master of Ceremonies of the contest.

1973 Queen Lee Ann Childers will crown the new queen, with a reception honoring the new queen following the crowning.

There is no charge for the contest and the public is invited.

Youth Loans Available

OKLAHOMA-Cotton County 4-H, FFA, and other youths may be eligible for a Farmers Home Administration (FmHA) Youth Project Loan. Nearly 3,000 youths in 45 states have already qualified for the loan, according to the United States Department of Agriculture. About 40 per cent are 4-H members.

Loans are made directly to youths to help conduct income-producing business projects, which may range from livestock and crop production to furniture re-upholstering and refinishing. To be eligible, youths under 21 years of age must live in an area of less than 10,000 persons and be unable to get the loan from other sources. The project, planned and operated under organized supervision such as 4-H, must indicate potential income sufficient to repay the loan. Further information concerning the Youth Project loans may be obtained from the county FmHA supervisor.

What could taste better than a tasty watermelon, cantaloupe or honeydew? To get the best available products, here are a few hints for shopping.

When shopping for watermelons look for firm, juicy flesh with good red color, free from white streaks; seeds which are dark brown or black (cut melons).

Avoid melons with pale colored flesh, and white streaks or "white heart", whitish seeds (indicating immaturity). Dry, mealy flesh or watery, stringy flesh are signs of overmaturity or aging after harvest.

If you want to buy an uncut watermelon, here are a few appearance factors which may be helpful (though not totally reliable) in guiding you to a satisfactory selection. The watermelon surface should be relatively smooth; the rind should have a slight dullness (neither shiny nor dull); the ends of the melon should be filled out and rounded; and the underside or belly of the melon should have a creamy color.

CANTALOUPES
Tried any fresh cantaloupes this year? Here's some information on choosing and using this popular fruit.

Look for cantaloupes with a coarse, corky outstanding netting on the rind, and a yellow cast under the netting.

A fragrant, sweet odor indicates ripeness. A good melon will have fine-textured, orange flesh and a sweet flavor.

For proper home care, wrap ripe cantaloupes in waxed paper or plastic bags before storing them in the refrigerator. This prevents odor from mingling with other foods.

Under-ripe cantaloupes should be ripened at room temperature.

HONEYDEW MELON
Choose the honeydew melon to add a touch of luxury to your meals.

The honeydew melon's flavor blends well with ham and various cheeses, as well as with other fruit.

Several ways to be sure the melon is ripe:--The rind is usually smooth, or it may be slightly netted. --The rind changes from a slick whitish-green to a creamy white color and feels slightly tacky to the touch. --The blossom end may yield slightly to pressure. --Texture of the flesh is fine-grained, pale green and juicy.

WEEKLY MARKET REPORT

Cost of "convenience" in convenience food has risen more than cost of the food itself, one expert said this week.

Mrs. Gwendolyn Clyatt cited use of completely prepared convenience foods as one of the reasons for higher food costs today.

The consumer marketing information specialist, Texas Agricultural Extension Service, The Texas A&M University System, said consumers can counter this trend with selective shopping.

"One way to shop selectively is to change from a higher cost

grocery list to one with lower costs," she said.

"For example, on the higher cost list, consumers might include frozen carrots with sugar glaze, fresh whole milk, boneless ham and instant rice.

"Also, ready-to-eat cereal, ground chuck or round, a cut-up

fryer and rolls."

Mrs. Clyatt said a similar list with lower costs, instead, would include home cooked carrots, nonfat dry milk, smoked picnic, regular rice, cooked cereal, ground beef, a whole fryer and bread.

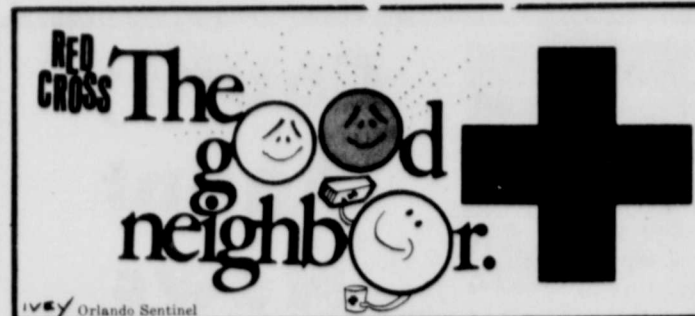

Consumer Watchwords:

"Impulse items" usually aren't a problem to informed shoppers.

These shoppers know where to look for items on shopping lists—and won't be as readily attracted to the message of an impulse purchase.

ANTHRAX CONTROLLED — Agriculture Commissioner John C. White credited fast response by ranchers and governmental agencies with bringing a Falls County anthrax outbreak under "excellent control."

Anthrax, said White, is not now as big a problem in Texas as drought and low prices of cattle.

All Volunteer USAF Goals Met In Fiscal Year 1974

RANDOLPH AFB, TEX.--The U.S. Air Force Recruiting Service met or exceeded its recruiting objectives for Fiscal Year 1974 in all regular programs. More than 77,700 people entered the Air Force in the last 12 months. This marks the first full fiscal year of Air Force recruiting in the all

volunteer environment and also the 20th anniversary of Air Force Recruiting Service. Again, for the third consecutive year, Detachment 404 headquartered in Arlington, finished as one of the top recruiting organizations in the nation. The detachment substantially exceeded its goals in

all programs while leading the nation in male and female officer procurement and specialized nurse recruiting. Preliminary results indicate some 73,700 young men and women without prior military service joined the enlisted force during the past fiscal year. More than 8,000 of them were

women. Another 1,828 college graduates, including 358 women, enlisted for officer training. In addition, 701 registered nurses entered the Air Force and some 1,540 prior service personnel were enlisted in the Air Force. The only shortfall experienced was in a special

new recruiting program to obtain health professionals, which began in late 1973. By early 1974 twenty-three medical recruiting teams were established and manned in areas with a high density of medical schools. To date, in this highly competitive recruiting program, three doctors were commis-

sioned, 44 have been selected and are awaiting commissioning, and some 210 applications are in various stages of processing, against a goal of 436. Brigadier General Bennie L. Davis, U.S. Air Force Recruiting Service commander, said, "There was an overall increase

in the quality of enlistees. The number of enlistees without prior military service who were high school graduates increased from 87 per cent, during the last year of the draft, to 93.7 per cent this past fiscal year. Also, field reports indicate the attitude of today's Air Force volunteers, young men and

women, is much better than during the draft and they are doing an excellent job, thanks to the 1,800 recruiter-salesmen who seek quality before quantity." About 650,000 gallons of water are necessary for the production of each acre of rice, reports the Arkansas Experiment Station.

Devol Doings

Mrs. Minnie Cook, who has been here visiting her sister Mrs. Pearl Cates, left Thursday for Dallas where she will spend a few days visiting a nephew and family, Mr. and Mrs. J.C. Cates. She will then go to Sparks, Nevada to visit relatives there before returning to her home in Tampa, Florida.

Billie Frew of Salina, Kansas spent last week visiting Mr. and Mrs. John Chapman and other friends here.

Mr. and Mrs. J.P. Eley spent the weekend in Fort Worth visiting Mrs. Eley's mother, Mrs. Ella Rayfield, and other relatives there.

Mr. and Mrs. Dan Booher and family enjoyed a trip to Six Flags and the Animal Kingdom

Sunday.

Mr. and Mrs. F.J. Uthe attended the 50th wedding anniversary of Mr. and Mrs. T.E. Spannagel held in the home of their son and family, Mr. and Mrs. C.J. Spannagel in Cement, Okla. Sunday.

Mr. and Mrs. Fred Fewin and daughter Tresa, of Lubbock spent the weekend visiting her mother, Mrs. Maude Green, the Wyatts, Fosters and Walter Green family of Burkburnett. The group had dinner with Mrs. Maude Green.

Mrs. Avis Wood, accompanied by her two daughters, Mrs. Helen Stine and Mrs. Marie Tinsley of Burkburnett drove to Fort Worth Sunday to visit with Mrs. Betty Jo Kindrex

and Mrs. Florene Oden. Mrs. Kindrex underwent surgery on Monday of last week and is now receiving treatment in a Houston hospital. Mrs. Oden and Mrs. Kindrex are former residents of Devol and will be remembered as daughters of the late Mr. and Mrs. Carl Powell.

Mr. and Mrs. R.L. Wyatt visited their son and daughter-in-law, Mr. and Mrs. Mike Wyatt in Norman Wednesday of last week.

The Baptist Out Reach Prayer Service met Monday in the home of Mrs. Ida Green with six members present. The next regular meeting will be Monday, August 5, in the home of Mrs. Grace Uthe at 9 a.m.

Mr. and Mrs. Luther Daugherty and family have returned from a vacation trip to Seattle, Washington.

Mr. and Mrs. Frank McClendon returned Monday after a vacation tour from Weatherford, Okla. to Amarillo

to Hereford, Texas and from Littlefield, Texas to Dallas. While in Amarillo they attended the show "Texas" in the natural Amphitheater in Palo Duro Canyon.

THOUGHTS

From The Living Bible

Let us stop going over the same old ground again and again, always teaching those first lessons about Christ. Let us go on instead to other things and become mature in our understanding, as strong Christians ought to be. Surely we don't need to speak further about the foolishness of trying to be saved by being good, or about the necessity of faith in God; you don't need further instruction about baptism and spiritual gifts and the resurrection of the dead and eternal judgment.

Hebrews 6:1-3
Religious Heritage of America

POLICE REPORT

July 24, Juvenile Runaway at 1007 Jewel, reported at 7 a.m. and juvenile was found in Vernon at 8:30 a.m.

July 25, Theft of two speakers from 1963 Pontiac reported at 7:30 a.m. on 115 Clover.

July 25, Theft of 8-track tape player from car at 1008 Rosebud reported at 8 a.m. Value was listed at \$70.00.

July 25, Theft of two electric and one manual hedge clippers at 12:19 p.m. at #10 Williams Drive . . . under investigation.

July 25, Runaway Juvenile reported at 10:32 a.m. and was found and returned to parents at 11:45 a.m.

July 25, Vandalism at 616 E. 6th . . . windshield shot out of pickup . . . under investigation.

July 26, Breaking & entry at trailer house on East Third, furniture was moved around,

but nothing stolen.

July 26, Criminal Mischief reported at 102 Kirk . . . investigation at 6:41 p.m. proved nothing was stolen from tool box which had been searched.

July 30, Adding machine was found on private property at 518 Sheppard . . . had been left on property during night.

Two traffic accidents occurred during the week, both minor resulting in one citation issued

in each. There were no injuries. One accident involved two cars and the other involved a car and telephone pole.

News From Evergreen Manor

Mr. and Mrs. Howell from Randlett visited her sister, Della Urban, this week.

Mr. and Mrs. David Hooper of Randlett visited his mother, Mrs. Hooper.

We had 17 in Sunday School. Mr. Wortham brought a good lesson assisted by Mr. West. He led several songs and Mrs. West was at the piano. We all enjoyed the singing. We thank Mrs. West and welcome her back anytime. The afternoon services were conducted by Rev. Hocker, pastor of the Assembly of God Church. He brought a good message.

Nina Warren from Devol, Okla. visited the Floyd Dickson's.

Mrs. Waters visited her sister in Oklahoma last week.

Mr. and Mrs. Ed Wilburn from Electra took his mother to church Sunday.

Mrs. Daniel from Wichita Falls visited her mother, Mrs. Baker, this week.

Mr. Reed took his wife to visit her son, John Ralston, and they all went out for dinner in Wichita Falls.

Mr. and Mrs. George Hill and son of Wichita Falls visited his mother, Minnie Hill, Sunday.

Mrs. McCafferty is still very ill.

Mrs. Prueett's grandchildren from Oklahoma visited her this week.

Visiting Mr. Cook were Helen Machandler and Andy.

Andy and Mary Bishop of Velma, Okla. visited his mother, Mrs. Bishop.

Mr. and Mrs. A.A. Auston from Lawton visited his mother, Winnie Auston, who is very ill.

Doc Terry has been real sick this week.

Mr. Herb Cook was taken to Wichita General Hospital Sunday. We hope he will be back with us soon.

Mrs. Ivey is still in the hospital. She is feeling better and will soon return back with us.

Mr. and Mrs. E.T. Smith visited Mattie Jones, Sunday.

Johnny Ralston visited his mother, Mrs. Reed, Sunday.

Mr. and Mrs. Lloyd Rush of Wichita Falls visited his parents, B.F. Rush.

Mrs. Reba McClain gave a birthday party Monday for her mother, Mrs. W.W. Chambers. She served cake and punch and everyone enjoyed the party.

Director Attends Meeting

Hal Mabry, Deputy Director for Instructional Services, Region IX Education Service Center recently returned from a meeting conducted by the US Office of Education, Washington, D.C.

The purpose of the meeting was to develop guidelines and plans for the Statewide Facilitator Projects funded under Title III of the Elementary Secondary Education Act. The Region IX Education Service Center has been funded as one of the 30 facilitators in the United States. The role of the facilitator will be to provide a link between exemplary programs in education that are approved by the US Office of Education and local school districts interested in implementation of programs.

Types of services to be provided will include: assistance in needs assessment, awareness and examination of new programs through local awareness conferences and on-site visits and a catalog of programs that are available. The major purpose of the facilitator project as proposed is to develop a system for transmittal of approved, validated programs from one school district to another.

The Region IX Education Service Center will work in close cooperation with the Texas Education Agency, US Office of Education, the other 19 Education Service Centers and the Facilitators from the other 29 participating states in the development and implementation of the project.

Bishop McCreia

St. John's To Celebrate Patronal Festival

The Episcopal Church of St. John the Divine, 1000 S. Berry Street, Burkburnett, will celebrate its Patronal Festival under the leadership of the Right Reverend Theodore H. McCrae, Suffragan Bishop of the Episcopal Diocese of Dallas, at 10:00 a.m., Sunday, August 4, according to the Very Reverend David J. Jones, Vicar of St. John's and Dean of the Northwestern Deanery of the Diocese of Dallas.

Bishop McCrae will be the Celebrant at the Solemn Eucharist and administer the Sacrament of Confirmation to what is believed to be the largest class in the history of St. John's, presented to him by the Dean, Bishop McCrae will also be the Preacher at this service. It is hoped all members and friends of St. John's will participate in the service.

A special dinner will be served honoring Bishop McCrae and the Confirmants in the 1st National Room immediately following the service.

The Public is cordially invited to this special service in observance of the 13 years of life and work of the Episcopal Church in Burkburnett.

Franchise Sales Up and Growing

U.S. franchise sales hit a new high in 1973, a recent survey by the Department of Commerce reveals.

Sales of goods and services by franchisors in 1973 reached an estimated \$167 billion, a record figure up 16 per cent from 1972, the survey shows.

This year's franchise sales are expected to rise to \$178 billion, according to the survey, *Franchising in the Economy, 1972-74*.

The number of franchise establishments in the U.S. is growing, too. The 460,000 franchise establishments represents a 3.3 per cent increase over 1972 totals.

Tomatoes Will Thrive In Hanging Baskets

AUSTIN—Hanging baskets of tomatoes are educational, decorative and their contents taste good too.

"They are a wonderful way to teach small children who have never been near a farm to appreciate growing the food they eat," said Agriculture Commissioner John C. White.

Hanging baskets take care,

White said, but there is no threat of serious insect or disease problems. Artificial sterilized soil is used and the plant, in its hanging basket, is removed from easy contamination.

Though tomatoes can be started from seed, it is best to buy young plants and transplant them.

How To Place Weddings, Engagements

To announce an engagement or have a wedding writeup in the Burkburnett Informer/Star, forms are available at the news office. These information forms can simply be filled in or can be used as a guide for prewritten stories if desired.

One-column, or billfold-size photos are generally used for engagements; and two-column, or 5 x 7 size photos are used for weddings.

Wedding and engagement writeups should be turned in no later than the Friday before publication (the Informer/Star is generally published on Thursdays, with a Tuesday deadline on emergency or late-happening news).

For more information call the Burkburnett Informer/Star, 569-2191.

ALL-STARS-The Junior Division (9, 10 year olds) of the Burkburnett Little League All-Stars are pictured. The group recently played Electra and came home with a first place trophy after winning. Members of the team are from left: [front row] Mark McClurkin, Perry Curry, Bill Pittard, Don

Sullivan; [middle row] Rusty Mills, Joe Deutsch, Bobby Nixon, Mickey Padron; [back row] Kendall Smith, Brent Patterson, Kevin Keene, Ronnie Gilbert, and Wesley Hrazdil. Not pictured is Rusty Askins. All-Star Coach is Dan Mills and Manager is Bill Pittard. [Staff Photo by Ricky Stevens]

Landers Honored With Shower

Miss Linda Landers, bride-elect of David McMahon of Ardmore, Okla. was honored with a miscellaneous shower in the Reddy Room of Texas Electric Service Co., July 25. She is the daughter of Mr. and Mrs. Kenneth Hervey of 512 Harriett.

The refreshment table was covered with a cutwork linen cloth from Germany. A rice tree in the bride-to-be's colors of white and apricot was used as the centerpiece.

About 50 guests attended the shower.

Hostesses were Mes. Jack Robinson, Clifford Willmon, Jo Brookman, R.P. Thaxton, Ray Mills, Ola Quattlebaum, Gene Bankhead, Howard McCrary, Bertha Johnson, Byford Sparkman, Pauline Evans, A.C. Houser, and Sylvia Lohofener.

Special guests were Mrs. Kim Hervey of Burkburnett, mother of the bride-elect; Mrs. Paul W. McMahon of Ardmore, Okla., mother of the future groom; and

Mrs. H.S. Butts of Burkburnett, grandmother of the bride-elect.

Out-of-town guests were Mrs. Rick Mullins of Abilene, Texas; Mes. Kenneth Meaders, Marjorie Booker, Don Short, Ann Hervey, Kay Steele, and Miss Sharon Mere, all of Wichita Falls, Texas; Mrs. Louise Magee of Randlett, Okla.; and Mrs. Maude Hardaway of Drumright, Okla.

Mrs. Howard McCrary gave a story on marriage entitled "The Sugar Bowl."

Assisting with the opening of gifts were the couple's mothers, Mrs. Kim Hervey and Mrs. Paul McMahon. Mrs. Rick Mullins of Abilene, Mrs. Janice Stafford and Miss Brenda Bankhead registered the guests.

The wedding of Linda Landers and David McMahon will be August 31 in the chapel of the First Methodist Church in Wichita Falls, Texas.

PERSONAL

Mrs. Alice Goodwin had her family reunion at Longview, Texas, the weekend of July 20 and 21.

Those attending were Raymond Claer (brother) and family of Vivian, La.; Robert Claer (brother) and family of Longview; Agnes Simmons (sister) of El Paso, Texas; daughter, Mr. and Mrs. E.V. Pearson (Maurine) and Jimmy; grandchildren, Mr. and Mrs. David Reaves (Linda); Mr. and Mrs. Gary Pearson; Mr. and Mrs. Bennie Doyle (Karen) and family.

Mrs. Alice Goodwin and granddaughter, Mrs. David (Linda) Reaves were in Burkburnett to attend the funeral of Mr. Will Teal and spent the night with Mrs. Jim (Bertha) Johnson.

Mrs. James A. Johnson returned home last week from a two-week trip with her daughter and family.

Mr. and Mrs. K.B. Ray, Dianne, and Susan visited in San Antonio; Brownsville; Matamoras, Mexico; Padre Island; Corpus Christi; and Dallas.

Mr. and Mrs. Frank Fortson of Summerville, South Carolina visited in the home of Mrs. C.A. Mormon Monday. Mr. Fortson was stationed at Sheppard Air Force Base during World War II.

Wanda Lynn Bonkowski, daughter of Mrs. Rusty Smith of Burkburnett, underwent an emergency appendectomy Monday at 5 p.m.

She is the granddaughter of Mr. and Mrs. Jean Britton of 206 Seventh Street.

Mrs. C.C. Taylor returned home from the hospital last Thursday. She was accompanied by her niece, Mrs. E.E. Bass of Fort Worth, who is spending a few days with her.

Mr. and Mrs. Otha McKinzie of Houston were visiting for a few days last week in the home of her sister, Mrs. Myrtle Hennis and family.

A former Burkburnett resident, Mrs. Don (Glady) Swan, underwent major surgery last Friday in Virginia. Mrs. Swan is in Potomac Hospital, Room 435, Woodbridge, Va. 22191. Her condition is reported serious.

Miss Nichols competed in the Texas Southern Belle Pageant and won first alternate. She will now compete in the National Finals in Vicksburg, Mississippi November 1-3. She competed in four categories in Pageantry, including modeling sportswear, short party dress, southern belle gown, and a talent presentation. For her talent she sang a country and western song entitled, "They Don't Make Em Like My Daddy Anymore." She won a place in the Top Five Talent with her singing.

Other contestants from Burkburnett competing in the Pageant, which is sponsored by the Southern States Pageant System were Kathy Nixon, daughter of Mr. and Mrs. Robert Nixon, and Stephanie Hull, daughter of Mr. and Mrs. Joe Hull of Burkburnett.

KATE'S GRAND OPENING--The grand opening of Kate's Fabric Center at 313 East Third was held Friday morning at 10 a.m. There to cut the ribbon was the Burkburnett Chamber of Commerce. Pictured in the ceremony are (from left) Ferne Elliot, Opal Porter, Lula Smith, Joyce Simons, Judy Morrow, Jeannie Armstrong, Cecil Smith (and in front of them) young Dee Dee Wilkerson, Kate Smith, and Bobby Morrow; C.J. Lippart (cutting the ribbon), Jim Frye, Realtor Darter, Dick Johnston, and Jim Lemley. Paul McNeil of Randlett won the drawing which was held that day. (Informer/Star Photo)

McNeil Wins Drawing

Mrs. Paula McNeil

Mrs. Paula McNeil was the winner at the drawing held during the Grand Opening at Kate's Fabric Center. The drawing was Friday afternoon at the newly opened shop at 213 East Third.

Mrs. McNeil and her husband Curtis are residents of Randlett and she is employed in Burkburnett at The Burkburnett Bank.

COMPETE AT CONTESTS--Michele Nixon (left), eight-year-old daughter of Mr. and Mrs. Robert Nixon of Burkburnett, and Susan Nichols (right), 14-year-old daughter of Mr. and Mrs. Darrell Nichols of Burkburnett, competed in a Pageant at the Tarrant County Convention Center in Fort Worth last week.

Miss Nixon competed in Tri-State Talent and Modeling Competition, and won first place in talent and second place in modeling over girls from Texas, Arkansas, and Louisiana. She will receive a talent scholarship later this year to be presented at a special banquet in Longview, Texas, in addition to the trophies she brought home. Her talent consisted of her singing, "I Don't Know How To Love Him" from Jesus Christ Superstar.

Miss Nichols competed in the Texas Southern Belle Pageant and won first alternate. She will now compete in the National Finals in Vicksburg, Mississippi November 1-3. She competed in four categories in Pageantry, including modeling sportswear, short party dress, southern belle gown, and a talent presentation. For her talent she sang a country and western song entitled, "They Don't Make Em Like My Daddy Anymore." She won a place in the Top Five Talent with her singing.

Other contestants from Burkburnett competing in the Pageant, which is sponsored by the Southern States Pageant System were Kathy Nixon, daughter of Mr. and Mrs. Robert Nixon, and Stephanie Hull, daughter of Mr. and Mrs. Joe Hull of Burkburnett.

Two UT Students From Burk To Receive Degrees

The University of Texas has named more than 670 candidates for Bachelor of Arts degrees in the College of Social and Behavioral Sciences at the close of the spring semester.

Included in the list of degree candidates announced by Dean James W. McKie are two Burkburnett students.

Those from Burkburnett are Marian Ruth Bentley, Route 1; and Marian Elizabeth Taylor Whitaker, 710 Sycamore.

Porky the Pig Getting Leaner

Housewives may be paying more for pork now than they did five years ago, but they're getting a better buy for their money. Thanks to agricultural research, today's pork provides more lean meat than ever before. In fact, Director William F. Hueg, Jr. of the Minnesota Agricultural Experiment Station, says the average 200-pound hog going to market this year has 22 pounds more of lean meat than his ancestors of 20 years ago. Continuing research on improved breeding methods for better meat quality will make pork an even better buy in the future, he adds.

NEED A GOOD, STEADY, EXTRA JOB?
When you join you start at \$43.48 (less tax) for 16 hours work a month. As you go up in rank your monthly earnings go up, too.
THE ARMY RESERVE. IT PAYS TO GO TO MEETINGS.

SUMMERTIME COOLERS--Fruit juice or fresh fruit form the base of each of these summer drinks. Clockwise, they are Strawberry Wake-Up, Watermelon Punch, Orange Sip, Cantaloupe Cooler, and Orange Delight. For additional recipes write Commissioner John C. White, the Texas Department of Agriculture, P.O. Box 12847, Austin, Tex. 78711.

CANTALOUPE COOLER
1/2 cup cantaloupe
1/2 cup ice water
1 1/2 tsp. fresh lemon or lime juice
2 tsp. sugar
2 Tbsp. crushed ice
Place cantaloupe in blender and run until cantaloupe is pureed or mash cantaloupe and press through sieve. Add remaining ingredients. Whizz and shake vigorously until frothy. Serve garnished with a slice of lemon or lime or a sprig of fresh mint. Yield: 1 serving (about 1 cup).

WATERMELON PUNCH
2 cups sugar
3 cups water
1 1/2 cups fresh lemon or lime juice
4 cups fresh orange juice
6 cups fresh watermelon juice
Combine sugar, water and 1/2 cup lemon or lime juice in saucepan, bring to boil 3 minutes. Cool. Add remaining juices. Extract juice from watermelon by pressing the pulp against sides of sieve. Pour over ice in a punch bowl or a chilled watermelon shell, notched or scalloped at the edges if desired. Float fruit slices over top and garnish each cup with fresh mint and berries in season. Yield: 1 gallon.

ORANGE DELIGHT
1 can (12 ounces) orange juice concentrate
1 quart ginger ale, chilled
Reconstitute orange juice with ginger ale. Place in blender or pour over crushed ice. Serve with an orange slice. 6 servings (about 1 cup each).
For additional recipes write Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Weekly Health Tip
from JOE GILLESPIE
Two research doctors, studying the effect of smoking on body reflexes found the reflexes reduced by as much as two-thirds within four minutes after healthy young men began smoking high-nicotine cigarettes. The reflexes usually were not back to normal until 20 minutes after smoking ceased. The obvious conclusion from these U of Michigan tests is that mental and physical reactions are hampered by cigarette smoking. It is good to note that teenage smoking has greatly reduced during recent years.

LEGAL NOTICES

**NO. 13,404
IN THE ESTATE OF
D.D. BOURLAND, DECEASED
IN THE COUNTY COURT OF
WICHITA COUNTY, TEXAS**

To Delphus David Bourland Jr., and all other heirs and persons interested in the estate of Delphus D. Bourland, deceased.

Notice is hereby given that Margaret Hawley Bourland, petitioner has filed interrogatories in the above probate proceeding pending in the County Court of Wichita County, Texas, No. 13,404 to Lucien Morehead, a witness who resides in Plainview, Texas, the answers to which will be read in evidence in these proceedings, and has also filed an affidavit to the effect that Delphus David Bourland, Jr., an heir, is outside of the State of Texas and beyond the jurisdiction of the court, and that a commission will issue on or after the fourteenth day after the publication of this notice, to take the deposition of said witness.

CARD of THANKS

CARD OF THANKS
To the many friends who by their messages of cheer and encouragement, phone calls, and visits to the hospital, helped to bring me home earlier, I want to express my heartfelt thanks. May God bless you and keep you safe always.

Mrs. C. C. Taylor

**Sheppard
AFB
Notes**

Surplus government property at Sheppard Air Force Base, Texas, is offered for sale to the public by sealed bid.

The property for sale is water heating equipment and pumps. Inspection of property may be made 8 a.m. to 3 p.m. from now through August 12, 1974, excluding Saturdays and Sundays, by contacting the Defense Disposal Chief, James R. Crossland, bldg. 2135 at Sheppard, telephone 851-2712. Bids should be mailed to Defense Property Disposal Region-Memphis, P.O. Box 14716, Memphis, Tenn., 38114, where they will be opened 9 a.m. August 13.

Captain Robert R. Robbins of the 3750th Consolidated Maintenance Squadron was presented the Air Training Command Individual Safety Award at Sheppard Air Force Base last Tuesday morning.

The award was presented by Major General Robert L. Pettit, commander of the Sheppard Technical Training Center. He was nominated for the award by Colonel Roland L. Perkins, commander of the 3750th Maintenance and Supply Group.

Captain Robbins, a flying safety officer with the squadron, was cited for his aggressive safety program. His topics for flight safety meeting consistently stressed problems which cause T-29 aircraft incidents.

He personally investigated T-29 incidents which greatly assisted the center flight safety officer and his recommended corrective actions were incorporated into the safety reports.

Miss Marjorie Lillis with a six and one-fourth pound loss was the best weight loser of the week in the TOPS (Take Off

Pounds Sensibly) #410 meeting last Tuesday night.

The group meets Tuesday nights at 7 p.m. in Building 1455 at Sheppard Air Force Base.

Top KOPS (Keep Off Pounds Sensibly) was Mrs. Charles Potter with a one and one-fourth pound loss. Mrs. Jacqueline Fauss was introduced as a new member.

Colonel Spence M. Armstrong assumed command of the 80th Flying Training Wing during a change of command parade held last Monday morning at the 80th Flying Training Wing ramp at Sheppard Air Force Base.

He succeeded Colonel Kirk A. Brown who will retire August 31. In the interim Colonel Brown will serve as special assistant to Major General Robert L. Pettit, commander of Sheppard Technical Training Center.

A fire, believed to have been started by a cutting torch, destroyed the old weather observation tower (Building 1000) at Sheppard Air Force Base last Thursday afternoon.

The fire started at 1:50 p.m., and was officially out by 3 p.m. Timothy Mello and Sergeant David Rickett of the Base Fire Department suffered heat exhaustion and were treated and released at the USAF Regional Hospital at Sheppard.

The tower had been purchased by Claude Hickman of the City Iron and Metal Company of Wichita Falls who was in the process of dismantling and removing the structure from the base.

The dollar value of the structure has not been determined at this time.

Members of the 3779th Student Squadron of the School of Applied Aerospace Sciences (SAAS), were declared the winners of this intra-squadron competition of the school that converted the floor of an old building into a parking lot at Sheppard Air Force Base Friday.

A suggestion has been made to turn the floor of the old base laundry into an additional parking area for the commissary and base exchange customers. The building has been torn down but reinforced concrete supports jutting approximately 18 inches from the floor.

Colonel David R. Eby, commander of the 3750th Student Group, SAAS, said that a competition could be held between student squadrons of the school to knock out the concrete stumps. Colonel Carl L. Brunson, school commander, endorsed the idea and obtained the enthusiastic approval of Major General Robert L. Pettit, center commander.

Students from the school were divided into squadron teams and given sledge hammers and safety equipment. The area of about 130 stumps were divided so that each team had approximately 11 stumps to knock out.

The winning team, commanded by Captain Donald P. Morgan, took approximately 45 minutes to dispose of their 11 stumps. Colonel Eby and Colonel Brunson served as judges for the competition.

General Pettit was on hand to swing the first sledge hammer and to talk with the students. The winning team received refreshments donated by the Officers, NCO and Airmens Clubs and most of the airmen agreed that they were most appropriate for the 98 degree weather.

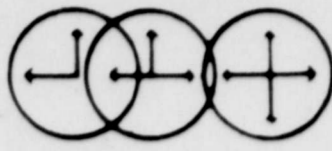

The 3779th Student Squadron is a newly created squadron composed of married students on separate rations. Colonel Brunson, on congratulating the team, attributed their success to "all that home cooking."

Other squadrons participating in the event were the 3752nd, 3753rd, 3755th, 3758th, 3761st, 3766th, 3767th, 3775th, 3778th, and the 3780th Student Squadrons.

In addition to doing something for the base, the competition helped improve the students morale and pride in their squadrons.

"THERE IS A TIME FOR EVERYTHING..." Ecclesiastes 3:1, The Living Bible, Tyndale House

GOD'S FIVE MINUTES

Viljandi, Estonia, Russia

HE TOUCHED ME!

In a recent book, *Between Two Ages: America's Role in The Technetronic World*, author Brzezinski said, "The Communist Party of Soviet Russia has this unique distinction; they took the most important revolutionary doctrine of our age and transformed it into the dullest social and political disaster."

I wouldn't know too much about the brilliance of the Communist doctrine, but I know one thing. We Christians have taken the most exciting and revolutionary doctrine the world has ever seen—to be forgiven and born again—and turned it into the dullest affair that takes place in our town all week. A handful of people weakly wailing a hymn or two and disinterested audiences listening to dry dissertations about the Bible, not from the Bible.

"He touched me, He touched me, and Oh! The Glory that filled my soul." That's what it is all about. And that is the way it really is in God's house, among God's people, studying God's Word! There is a transforming power in the Gospel of Christ!

Lyles Enrolls At Oklahoma Baptist U.

A resident of Burkburnett has enrolled for the fall semester at Oklahoma Baptist University in Shawnee, Oklahoma. Kenneth Ray Lyles, 1202 Clover Drive, completed Summer Monday enrollment procedures July 22. Summer Monday allows students who have been admitted to the university to complete enrollment requirements prior to the fall semester. Lyles plans to major in

LETTERS to the EDITOR

Dear Sirs,
As a recent representative of Wichita County at the Farm Bureau Citizenship Seminar at Baylor University (July 15-19), I am writing this letter to tell of our experiences there and some conclusions to be drawn from such a seminar. The other representative of Wichita County, Randy Keck of Iowa Park, is writing a similar letter to the Iowa Park paper.

We listened to many excellent speakers. Dr. Clifton Guners of Harding College opened with a discussion of our constitution and a talk on communism. Assistant football coach Dal Shealy of Baylor spoke to us about commitments in life. W. Cleon Skoncen, a professor at the University of Utah and a former FBI agent, spoke to us about communism in a most detailed fashion. He made some statements that there are certain elements in this country, some most unsuspected elements, in favor of "collectivization" or communism. Dr. Billy Ray Cox, also of Harding College, spoke on economics and gave comparisons of communism and capitalism. "Operation Kick-It", three inmates of the Texas system of corrections, spoke to us about the dangers and consequences of drug abuse. And finally the most exciting speaker, Major (Ret.) James Rowe, formerly of the Special Forces of the United States Army, told us his story of how he escaped from the Viet

Cong. He was held from 1963 to 1968. I drew many conclusions from this seminar. But mostly it woke us up. There were nearly 500 students from all over Texas there, mostly from small towns, and we all felt that our patriotism had been revived. Call me a flag waver if you want, but most of us were apathetic toward our country before attending the seminar. We now see that this is the greatest nation in the history of the human race. It has its problems; many people don't like it. All I have to say to them is go behind the iron curtain, just as the drummer of Blood, Sweat, and Tears said when that group went to Rumania. He said that there is only pure hell over there. I now know the course we, the youth of this country, must take as the future leaders of this country. We must fight a

new battle for independence: died for 198 years ago. We must independence from apathy, else all wake up and be watchful over we may lose all of what our our precious freedom. founding fathers fought and

Oil, Gas Income Reported High

Current higher prices for crude oil and natural gas produced in Wichita County point to a significant jump in 1974 income for county land and royalty owners who last year received \$3.3 million as their share of the county's output, according to a study by Texas Mid-Continent Oil & Gas Association.

"With the average price of Texas crude oil now at about \$6.70 a barrel, compared with the 1973 average of \$3.84 a barrel, and with some newly discovered natural gas selling intrastate for more than \$1 per thousand cubic feet, the outlook for the economy of producing communities is encouraging if prices hold up," according to Sherman Hunt, Dallas, Association president.

"Should price rollback schemes and other tax-and-control proposals now underway in Congress be successful, current economic gains will evaporate," Hunt said.

The Association's study shows that crude oil and natural gas produced last year in Wichita County was valued at \$26.3 million, ranking the county 60th in the state. Crude oil production of 6.8 million barrels was valued at \$26.2 million and 787.7 million cubic feet of natural gas at \$149,671.

Statewide, crude oil prices for 1974 are estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months of 1974 at 4,013, a 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$1.2 million in oil production taxes and \$11,225 from natural gas.
