## Ray Farabee Featured Speaker

Ray Farabee, Democratic nominee for the Texas Senate, will be the featured speaker at the 30th district caucus in Austin. Delegates to the Texas Democratic Convention from the 29 counties in the 30th district will meet on Monday, Sept. 16 at 4:30 in the afternoon.

Primary interest of the delegates at that meeting is expected to center on the election of a district committeeman. A three man race has developed and voting on that position will take place during the Monday caucus.

Ray Farabee

Candidates for the committeeman post are Lynn Darden of Wichita County, Elmer Parish of Wichita County and Charles Stenholm of Jones County.

Present committeeman is

## STATE CAPITAL Highlights AND Sidelights

AUSTIN—Rep. Bill Clayton, moving fast to roundup votes over the Labor Day weekend, staked claim last week to more than 100 votes in the House Speaker's race.

With 76 the minimum needed to win, Clayton, a 45-year-old farmer and rancher from Springlake (population about 300) in Lamb County, indeed, appeared to have the speaker's job racked up.

But Rep. Carl Parker, 40, of Port Arthur refused to concede defeat.

Rep. Fred Head of Athens set the stage for Clayton's apparent victory by withdrawing from the contest and throwing 15 votes to the West Texan.

While Parker was still checking the pledge cards, Rep. Jim Nugent of Kerrville also withdrew and announced — along with 14 others — he would back Clayton.

Then, Rep. David Finney of Fort Worth released his five remaining backers to do as they pleased.

Parker claimed the Clayton coalition — which includes staunch conservatives, staunch liberals and down-the-middle moderates — is hastily and insecurely glued together.

He said he still hopes to shake it apart by emphasizing to liberals his own voting record, particularly on House reform, minority, labor, consumer and ecology legislation.

Most legislators appeared to agree with Clayton that: "For all intents and purposes, the ballgame is over."

CRC TO MEET—The 37-member Texas Constitutional Revision Commission plans an October 4 meeting here to

take a look at possible future means of getting a new state constitution.

The January-July Constitutional Convention, with the legislature sitting as delegates, ended in failure. CRC recommended a revision draft to the convention which has drawn wide praise as a sound document.

The blue ribbon commission, which conducted a 10-month study in 1973, is now officially disbanded and must make the trip to Austin at members own expense. Many have proposed that the legislature take the CRC revision draft and other recommendations and try next year to come up with a document which can be submitted to voters.

TYC OVERHAUL ORDERED—U. S. District Judge William Wayne Justice in a 200-page opinion issued in Sherman ordered massive changes in operations of the state agency dealing with youth offenders.

Justice directed that Gatesville State School for Boys and Mountain View maximum security unit near Gatesville must be "phased out" as quickly as possible. He cited records of cruelty to youthful inmates there.

Texas Youth Council members voted to appeal the order because it did not "take into account improvements (during) the past year."

TAX CUT TALKED—Both Governor Dolph Briscoe and Lieutenant Governor Bill Hobby have suggested sales tax rate cuts next year.

Briscoe called for elimination of the four per cent tax on utility bills.

Bob Hope, the master showman of our time, will be in Wichita Falls Thursday, November 7, to celebrate the Silver Anniversary of the Central YMCA building with a performance at Midwestern's Coliseum. Hope's appearance will be jointly sponsored by the YMCA and Midwestern University and will be open to the public as part of the Y's 25th Anniversary Celebration.

"It was during the YMCA's fund raising drive for the building that Hope was in Wichita Falls to lend support because of his experience with the YMCA in Cleveland, Ohio. Since the dedication of the building in 1949, the YMCA has served countless numbers of boys, men, women and girls in a variety of programs.

"We feel very fortunate to

secure a star of Bob Hope's magnitude to add to our celebration," says Robert L. Lindsay, YMCA President, "and this will be a fine way to start our second quarter of a century."

My Neighbors

Hobby, in a speech here, said he thinks the projected \$1.5 billion general revenue surplus will lead legislators to consider "very seriously" lowering the state sales levy in 1975.

Briscoe's proposal would take an \$80 million annual load off utility bills.

AG OPINIONS—A law prohibiting membership by licensed vocational nurses in labor unions with the right to strike is unconstitutional, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- A justice of the peace may not delegate to any employee exercise of his constitutional or statutory judicial powers.
- Records of State Bar Grievance Committee proceedings are not subject to mandatory public disclosure under the open records act.
- The Workmen's Compensation Second Injury Fund may be deposited in an interest-bearing account.
- Wages must be paid at least semi-monthly and within 16 days after the day earned.
- Certain medical records of county hospitals may be protected from forced disclosure.

STATE JOBS TO INCREASE—State employment will increase substantially during the next half dozen years, according to Texas Research League.

The League, a privately-supported research group, predicted non-educational employees will increase from 58,700 to between 78,000 and 95,000 by the fiscal year 1980. The average cost per employee is estimated by TRL to increase from \$9,174 (a 1972 figure) to more than \$12,000.

SHORT SNORTS

September 16-21 has been designated Voter Registration Week.

Senator Jim Wallace of Houston served as governor-for-a-day Saturday. Senator Peyton McKnight of Tyler was honored Monday at special "McKnight Day" ceremonies in Tyler.

Secretary of State Mark White Jr. certified the general election ballot—without the Socialist Workers Party candidates.

Ten employees of the State Department of Labor and Standards were dismissed. The son of AFL-CIO President Harry Hubbard was promoted to the \$16,000-a-year job of one of those sacked.

Lone Star Gas Company is asking Texas Railroad Commission to approve an 8.6 cent per thousand cubic feet rate increase.

State cigarette tax revenues declined more than a million from August 1973 to August 1974 — from \$24.7 million to \$23.7 million.

POPULATION BOOMING—Texas population is growing by 30,000 a year due to migrations from other states, and nearly 250,000 new baby Texans are born annually.

W.F. Receives Justice Grant

AUSTIN - Governor Dolph Briscoe has approved a criminal justice grant of \$10,494 to Wichita Falls for an education incentive pay project for police officers.

The college education incentive pay project is designed to encourage police officers to pursue degrees in the law enforcement field. The officers are eligible for incentive pay after accumulating 30 semester hours of study.

squad.

In speaking of last Friday night's game with Hirschi, Smiley related he thought the Bulldogs were a little bit lucky, but "we cranked up and took the battle to them in the third and fourth quarters and that is what won the ball game for us."

"We made the usual mistakes for the first game of the year, but we finally settled down and played ball," he continued.

Burk coaches agree that two of the Hirschi defensive linemen and their tailback Wallace are as fine a football players that Burk will face all year.

## School Bd. To Receive Funds Soon

Burkburnett Independent School District will receive federal maintenance and operation funds for 1974-75 in a lump sum this month rather than the usual 10 monthly installments.

Announcement of the funding was made during regular meeting of the school board Monday night.

The board also learned that \$282,166.78 in school taxes had been collected to date and that board president John Gill and members C.J. Lippard and Thurman Allison would attend the Texas State Teachers Association meeting Oct. 10-11.

Also approved was purchase of three 10-key adding machines for the high school.

The board adopted a new policy requiring an insurance agency to be in business five years in order to apply for a pro rata share of the district business unless it has purchased a representative agency.

Concluding business, members discussed the possibility of replacing windows at Sheppard-Burk School with plastic because of frequent breakage.

LIGNITE COAL

NUCLEAR

**We're building power plants that use different fuels so you'll continue having the electricity you need.**

Natural gas is the major fuel we use in our generating plants, and will be for several years. Oil is used on a standby basis.

But new supplies of these fuels are extremely difficult to obtain and increasingly expensive. To reduce our dependence on them, we've begun using lignite coal. We now have one lignite plant in operation, and two others under construction.

We have adequate supplies of lignite for the operating life of these plants and for some additional planned units. Even so, we will need another dependable fuel source for the future. That's why we're planning to have a nuclear-fueled plant in operation by 1980.

The use of lignite and nuclear fuels is necessary to provide enough electricity in the years ahead. Supplies of these fuels are more abundant and neither is

being used extensively for any purpose other than the generation of electricity.

But building plants that use these fuels is a difficult and expensive job. Lignite and nuclear plants cost much more to build than gas/oil plants. While this means electricity will have to cost more in the future, the cost won't be as much with lignite and nuclear fuels as it would be with natural gas and oil, even if adequate new supplies were available.

We're continuing the orderly development of our power system so that you'll continue having the electricity you need.

There's no better time than now to lay the groundwork for that goal you have in mind. This comes through a well conceived program of saving regularly!

Distributive Education Officers for 1974-75 were chosen Tuesday, August 27 in the Texas Electric Reddy Room following a breakfast. After the breakfast, students introduced themselves by giving their names, their grade classification and who they worked for. Immediately after, nominations went up for the officers. The officers are [Top, left to right] Ricky Stevens, Reporter; Bimbo Davis, Parliamentarian; Jay Lippard, Historian; Bill Lindenborn, President; Laura Bloodworth, Treasurer; Kim Ridgeway, Secretary and Sharon Allison, Vice President.

## News From Hickory Elm

by Margaret Strahan

A birthday party was held on Wednesday, August 28. Those celebrating birthdays in August were Mrs. Richardson, Mr. Boyd, Mr. Ervin, Mr. Parrish and Mr. Putnam. Thanks go to Opal Matthews, Jackie Bentley and Jessie Coburn for the beautiful cake they provided, and to Jim Laules and Jim Strahan for the musical entertainment. Volunteers helping with games were Wanda Cox, Edith Holland and Opal Bookbinder. Volunteer help is greatly appreciated. A special thanks to Margie Claer for her help during the week.

Residents continue to enjoy Tuesday evening visits by the C.A.'s youth of the Assembly of God Church, and the Thursday evening services. Last

week this was held by the First Christian Church, and this week by Calvary Baptist.

Twenty-seven patients attended Sunday School Sept. 1. Gene Breeden gave the lesson and Frank Mallory led the singing with Carolyn Manley at the piano.

We have a new patient, Mr. Robert A. Minton of Burkburnett. We welcome him and are pleased to have Mrs. Thelma Childress back from the hospital.

Mr. Steve Davis is visiting his grandson, Dale Whittington of Lone Grove, Okla., and his daughter, Mrs. Grace Whittington of Durant. Mrs. Loma Henson's son is visiting here from Baytown, Texas for a

few days.

Mrs. Bruce was visited by her daughter and son-in-law, Mr. and Mrs. Charles Wilson of Natchez, Miss.

Mr. Heins was visited by Mrs. Tom Glaer, Ann and Kathy Darland. Mr. Perry's daughter and son-in-law came to see him and Mr. Boyd was visited by B.A. and Mark Boyd.

Visitors of Mr. and Mrs. Cooper this week were Mrs. Barfield, Mrs. Ella Gill and Mrs. Sam Spencer. Mrs. Wheeler and Mrs. House from Iowa Park and Mrs. McCarron. Also their son, Mr. Yulbert Cooper and family came from Garland, Texas and their grandson and his wife visited from Shreveport, La.

Mrs. Kennedy was visited by Mrs. Barfield, Mrs. Yull and Mrs. Boyd. Mrs. Carswell also visited Mrs. Bundy.

We were saddened at the loss of a patient, Oscar E.

Klinkerman. Our heartfelt sympathy goes out to Mrs. Klinkerman and the family. Also we extend our sympathy to the families of Mrs. Abbie A. Bishop and Mrs. Ida Grigsby, former residents of the home.

We would like to give our thanks for the flowers sent here last week. Also to Jerry Lamb for the flowers from the funeral of his aunt, Mrs. Dennis Thorp, sent to the Convalescent Center and to Mr. and Mrs. Cooper.

Mrs. Ruby Lange, Director of Nurses and Mr. Lange visited their son Larry and his wife in Clovis, N.M. over the weekend. Larry had just returned from a year in Thailand.

We would like to thank Nita Lax and the members of Esther Class of the First Baptist Church for the gifts sent for prizes this Wednesday. Thanks go to Wanda Cox, Edith Holland, Mary Wilson and Jackie McAllister for helping with the games.

## Continuing Education Program

Wichita Falls - - Midwestern University's division of continuing education is entering the second year with a variety of courses being offered on a non-credit basis.

Most of the continuing education courses begin after Sept. 15, and registration continues through the first class meeting according to Robert McBroom, division director. Some of the courses have limited student enrollment because of space and facility limitations. Tuition is due at the time of registration.

Courses are in the categories of art, basic studies, business, communication, creative-self knowledge and improvement, cultural, and physical education. Some of the areas include jewelry making, interior design, antiques, gardening, backgammon, speedreading, photography, puppetry, archaeology, tennis, English, mathematics, stock market, bookkeeping and money management.

The fall schedule for continuing education courses is now available. For information on a course schedule, please contact 692-6611, ext. 263.

# Bulldogs Defense Holds Burkburnett Wins By 13-12

BURK'S TOMMY RUSHING, #20, picks up needed yardage against Hirschi.

	HIRSCHI	BURK
First downs	16	4
Yards rushing	166	107
Yards passing	75	23
Passes	5-13	1-7
Passes intercepted by	9	0
Punts	4-21.5	7-24.3
Fumbles lost	2	0
Yards penalized	40	20

It was all Hirschi in Bulldog Stadium for the duration of the first quarter, but the Burkburnett Bulldogs rallied to grab a come from behind victory of 13-12.

The Hirschi Huskies scored each of the first two times they touched the football, while holding Burkburnett without a first down.

Behind the brilliant running of tailback Stanley Wallace, Hirschi marched 57 yards for their first TD after receiving Burkburnett's punt. Their try for the extra point failed.

Burkburnett, for the second time in the game, received the kick-off. In as many times, Hirschi held the Bulldogs

without a first down.

Hirschi received Burkburnett's punt on their own 35 yd. line. A long bomb on the first play of downs put the Huskies on the Burkburnett 29. Then it was Wallace for four yards. Then Wallace again on a pitch out for fifteen yards to the Burkburnett 10 yard line before being stopped by Burk's Curtis Williams. Wallace then went around his right end on the next play for six points.

Hirschi's Steve Symanski was stopped short on the extra point try by Burkburnett's Jerry Beckett and David Ray.

It was a sea-saw battle from that point until just before the half-time with each team having to punt twice and neither team picking up a first down.

Burkburnett took final possession of the ball just before the half on their own five-yard line as a Hirschi punt rolled dead.

With only 1:02 showing on the clock, on a third down and one play, Burkburnett's Tommy Rushing out raced Hirschi defenders on an 87-yard run and Burkburnett's first score of the game. The extra point by Mike Varner was good.

Half-time score was Hirschi 12, Burkburnett 7.

Hirschi took the second half kickoff and had the ball on their own 37 when Wallace rambled for 20 yards, but fumbled the ball and Burkburnett's Tommy Rushing recovered.

Burkburnett was unable to move the football, however, and had to punt on a 4th and 6

situation. The punt was blocked and Hirschi had the ball on Burk's 46-yard line.

Hirschi used the fine running ability of Wallace to get the ball to a first down at Burkburnett's 10-yard line. There Burk's David Ray, Curtis Williams and Kenneth Eaton teamed together to stop Hirschi's scoring attempt and the Bulldogs took over on their own 15-yard line.

Neither team was able to advance the ball for over one first down at a time for the next two possessions of each team.

Mid-way through the fourth quarter, facing a 4th and 16 situation Hirschi tried to punt but Bulldog defenders Ricky Mason sneaked through to block the punt. Mike Pick recovered the blocked punt for the Bulldogs on Hirschi's 36-yard line.

On second down with 9:07 showing in the fourth quarter, quarterback Jim Koulovatos found end Curtis Williams over the middle and Williams raced for the needed six points. The PAT failed.

Hirschi fumbled during their next possession and Burkburnett recovered on the Burkburnett 44-yard line.

Burkburnett mounted its only drive of the night at that time and ran the clock down to 1:23 before having to punt to Hirschi.

Hirschi took the punt on their own 22, but tough defensive play by the Bulldogs held the Huskies to only the first down. Time ran out with Hirschi on their own 43.

## Burk Frosh Tops Hirschi By 20-14

Burkburnett sparked by the scoring of two touch downs by Charlie Lewis out-scored Hirschi 20-14 in the Frosh game between the two schools last week.

Burkburnett blocked a Hirschi punt and ran it in for their other

score of the game.

"We were able to drive the ball real well," stated Ernie Chesney, one of the freshmen coaches. Unlike most freshmen teams, Hirschi threw the ball over 60% of the time.

The Burk Frosh will host the

Wichita Falls Coyotes at 5:30 tonight. "We'll get some heavy testing from the Coyotes," related Chesney, "as they beat Iowa Park 36-6 and had three touchdowns called back."

## Oil Prices, Reserves Criticized By White

AUSTIN—Major oil companies should either reduce retail gasoline prices or produce more middle distillate fuels for farmers, Agriculture Commissioner John C. White said recently.

"Reserves of gasoline and crude oil are up nearly 10 percent over a year ago," the commissioner said. "Storage facilities are growing short but diesel fuel so essential for production and transportation is costing farmers and truckers double and triple over the prices of last year."

White noted that the American Petroleum Institute has revealed a cutback in gasoline production by refiners because "they are just not able to sell all of their products" at present prices.

"This crude oil now being withheld from gasoline refining should be diverted to middle distillates for agriculture at reasonable prices," White declared. "There is also a severe shortage of petroleum-based fertilizers and current prices are 'astronomical'."

White said high petroleum prices are reflected directly in high food costs. "Until fuel and fertilizers are available at reasonable levels, we won't be able to relieve much of the pressure on food prices," he said.

"It is hard to refrain from being critical when we read that second quarter oil company profits are up by 30 to 50 percent over last year, representing multi-millions of dollars," said White. "Then to learn that crude oil is being stockpiled rather than converted to less profitable agricultural fuels."

White cited the API report that gasoline production has been reduced some 3,360,000 gallons a day since July 1 "due to lack of demand at current prices." Meanwhile reserves are growing and storage facilities are strained.

White's remarks were addressed to the Petersburg Lions Club.

The Baptist Young Women Morning Group of the First Baptist Church met Wednesday, Sept. 4, in the home of Mrs. Dale Weakley. Prayer Calendar for Missionaries born on this date was given by Charlotte Battista. Oleta Moore presented the Mission Study on the Philippines. After a brief review of the life of the Philippine people and the mission work being done there, some language of the area was presented and refreshments, consisting of samples of various Philippine food, were served.

Week of Prayer will be the subject of the next meeting held at the Church. It was also decided to begin the "meal on wheels" project during the last part of September, where the organization will meet at Church and prepare food for various persons in need throughout the community of Burk.

Members present were Judy Flory, Charlotte Battista, Oleta Moore, Linda Miller, Jeniece Weakley, Pat Brown, JoAnn Brooks, Lucy Cregger, Diane Hooper, Virginia Pribble and a guest, Joan Shamblin.

DON'T FORGET THE GOOD BOOK

Almost any day now, new courses will be announced by high schools and colleges: 1. A beginners' course in fine tuning your television set. 2. Advanced training and selecting talk shows on radio. 3. Battery selection and installation for transistor radios. 4. What to do when the TV breaks down.

At least, certain statistics recently released would suggest such studies. Listen: Anderson and Company say Americans spend 45% of their leisure watching television; 34% of their time listening to radio; 8% reading newspapers; and 6% reading magazines.

Not much time left for good books and hardly any time left for The Good Book, God's Word. There is little hope for men or nations who forget God's Holy Word. "Holy Bible, Book Divine, Precious Treasure Thou Art Mine."

Dr. James Coggin To Speak To W.F. Sunday Schools

Dr. James Coggin of Fort Worth, a former vice president of the Southern Baptist Convention, will be the inspirational speaker for the regional Sunday School Convention in Wichita Falls, Sept. 19. The one-day, three-session meeting at First Baptist Church is aimed at reaching more people for Bible study and church services and strengthening teaching skills. The convention will emphasize a 600,000 state-wide attendance goal Nov. 17; a plan for a five percent enrollment increase for five consecutive years and initiation of 100 new Sunday Schools in 100 days, March 30-July 7. Dr. Coggin, pastor of Travis Avenue Baptist Church in Fort Worth, currently serves on the Texas Baptist State Missions Commission which oversees the multi-million dollar mission ministries for the 2-million member Baptist General Convention of Texas. The Wichita Falls conference is one of 18 being held around the state during September, sponsored by the Texas Baptist Sunday School Division.

# Sheppard Notes

## NEW EXCHANGE OPENS

SHEPPARD AFB, Texas--The official opening of the new \$2 million Base Exchange facility at Sheppard Air Force Base was Friday at the site. Major General C.W. Hospelhorn, commander of the United States Army and Air Force Exchange System, arrived earlier that day for a tour of the

other base exchange facilities as well as the new mall. His itinerary included stops at the Speed Brake Snack Bar, Airman's Store, Pick-A-Pizza/Central Kitchen and a drive-by of the old main store and annex.

After arriving at the new building, he walked through the concession outlets, the main

store and stockroom prior to the official ceremony.

The annual salary which has been programmed for employees working at these facilities is \$808,632. These are in retail, food and concession categories.

Construction on the 53,130 foot building began April 11, 1973.

## MIDWIVES AT SAFB

by AFC Rick Williams  
SHEPPARD AFB, Texas--The expected shortage of Air Force physicians has forced the initiation of new medical programs which throw open the doors of opportunity to nurses and other physician extenders. Sheppard was the recipient of graduates of one of these

programs recently - the nurse/midwife program.

Each class is deliberately small, six members, so that instructors may work with students on a one-to-one basis.

In 3,000 hours of training, each potential nurse/midwife must deliver 23 babies and provide for the mother's needs before and after delivery.

Before entering the program nurse/midwives were required to be registered nurses with at least two years of labor and delivery room experience. After graduation, they are qualified to perform all the functions of an obstetrician, unless complications arise.

Nurse/midwives provide routine physicals for the expectant mother and advise her of proper diet and exercise. They deliver the baby if there are no complications, and they advise women on proper care of their babies and themselves, after the child's birth.

Should complications develop at any time during pregnancy or during delivery, the nurse/midwives will call upon the obstetrician for advice or turn the case over to him or her.

## GETS MARCHING HONORS

SHEPPARD AFB, Texas--Top marching honors for the Sheppard Technical Training Center parade Friday, August 30, went to the 3762nd Student Squadron with the 3781st Student Squadron taking second place. Both squadrons represented the School of Applied Aerospace Sciences.

Third place went to the 3793rd Student Squadron of the School of Health Care Sciences.

Tied for fourth place were two permanent party units, 3750th Maintenance and Supply Squadron and the WAF Squadron Section of the 3750th Air Base Group.

## CAR WASH SET

SHEPPARD AFB, Texas--The Consolidated Maintenance Squadron (CMS) at Sheppard Air Force Base is sponsoring a car wash and vacuum to provide additional funds for Sheppard's

Combined Federal Campaign (CFC).

The car wash is scheduled from 10 a.m. to 6 p.m. Sept. 14 and 21 at the Aerospace Ground Equipment wash rack on Avenue J between Eighth and Ninth Streets.

## UNITS REPEAT HONORS

SHEPPARD AFB, Texas--Two hunts of the 3750th Student Group of the School of Applied Aerospace Sciences (SAAS), the 3752nd and the 3755th Student Squadrons, are repeat winners in the group's honors program at Sheppard Air Force Base. Both won the honors in August.

The 3752nd Student Squadron was named outstanding squadron of the month in Division A of the group. They had previously earned the award in May and are the first squadron in the division to win the award twice.

The 3755th Student Squadron was winner in Division B. They also won the award last April. The competition is sponsored by the 3750th Student Group for all of the student squadrons in SAAS.

## D.R.T. Open House Held

The Rebecca Jane Fisher Chapter, Daughters of the Republic of Texas, held an open house Wednesday morning in the home of the Chapter president, Mrs. Luke Hodges, 1811 Garfield, Wichita Falls, Texas.

Mrs. C.A. Robson, First Vice-president General of Arlington, Texas was the honored special guest. Mrs. U.J. Dunn, chapter Treasurer-Registrar, was on hand to assist those wishing information concerning eligibility for membership.

The Daughters of the Republic of Texas, by virtue of the authority delegated to them by the State of Texas, are the custodians of the Alamo, Shrine of Texas Freedom, San Antonio; The French Legation, Embassy in the days of the Texas Republic, and the D.R.T. Museum in the Old Land Office Building, Austin. These ancient structures, requiring continuing renovations are maintained as museums solely by gifts and efforts of the Daughters, who are dedicated to the perpetuation of the memory and spirit of those who achieved the Independence of Texas. The Daughters encourage and provide for historical research, and maintain a library at the Alamo. They foster the publication of historical documents and records, and preserve relics of early Texas in the D.R.T. museum.

FOREIGN STUDENTS from Sheppard AFB were hosted to a welner roast by Sgt. W.S. Tarkington [Ret.] and Burkburnett Mayor T.M. Cornelius.

WALKS AWAY FROM WRECK--Gerald Roebuck, truck driver for Preston Dairy, walked away from the above accident last week with only a few bruises and two broken teeth. The accident occurred about 5 miles south of Stephenville when the truck he was driving hit a slick spot and jack knifed. Ironically, his accident occurred within 20 feet of where another truck had an accident the day before and the company's driver also was not seriously injured, yet his truck was also in two pieces.

TEXAS-SIZE ARTILLERY--Although all the guns in the Six Flags "Fun Guns" show may not be this big, they're equally outlandish. This "weapon", fashioned from the head of a steer, is called the Cattleman's Special. It's just one of many in the collection of "fun guns" on display in the Dry Gulch Theater at Six Flags Over Texas.

## Attractions Announce Fall Schedules

Area attractions have announced fall operating schedules with Labor Day marking the beginning of weekend only openings for most of the parks.

Six Flags will be open on a weekend only basis through December 1. Six Flags will be open from 6 p.m. to midnight every Friday in September.

A spokesman for Six Flags

says that now is the time to enjoy the attractions. "Residents of the southwest area have found the fall season the most enjoyable time by far to visit the Park. The weather is cooler, lines are short and with the approach of fall, the entire Park is relandscaped with chrysanthemums and other fall flowers."

According to Carl Little, director of the Arlington Convention & Visitors Bureau, the availability of hotel rooms and gasoline are additional reasons to visit the attractions this fall. "I feel that plenty of accommodations coupled with the cooler weather and lack of crowds make this the ideal time to see the entertainment centers in the area."

Seven Seas will be open weekends only through October 27. The Park will operate from 10 a.m. to 6 p.m. on Saturdays and Sundays. Seven Seas will also be open from 6 p.m. to midnight every Friday in September, featuring such name entertainers as Lynn Anderson on September 13, Jim Stafford on September 20 and David Loggins will be presented on September 27.

Three attractions in the area will continue daily operation for the fall season: Lion Country Safari, Sportsworld and the Southwestern Historical Wax Museum.

Fall hours officially changed at Lion Country Safari September 3. The Park will open at 10 a.m. every day and the last car will be admitted to the preserve trails at 4 p.m. The Park closes 1 1/2 hours after the last car is admitted.

Sportsworld will be open daily from 10 a.m. to 6 p.m. which began September 3 and will continue through Memorial Day, 1975. The Southwestern Historical Wax Museum will operate from 10 a.m. to 6 p.m. Mondays through Fridays and weekends from 10 a.m. to 7 p.m. through Memorial Day.
