NUMBER 4

There's some funny people living in this town. I called them funny, some would refer to them as odd. Possibly the two husbands of the ladies I'm going to tell you about would reply to my statement, "funny - odd, my foot, that's just plain dumb you're talking about!"

Anyway there is a young mother that lives in our fair city, let's call her Mrs. B., that is quite alert when it comes to her driving.

One day not too long ago Mrs. B. had to make a run to the store so she jumped in the family pickup. (Her defense I must add the pickup does have a camper shell on it)

Mrs. B. gets into the pickup, begins to back out of her drive way, but immediately stops as she remembered she had forgotten to look behind the pickup. So the young mother gets out, looks behind the pickup, and sure enough her smallest son had left his tricycle parked in the driveway.

So she does what was the logical thing to do, she moved the tricycle out of the driveway onto her lawn. Then she gets into her pickup, begins backing out, but comes to an abrupt stop when she hears a crunching sound.

"I couldn't have," she exclaimed. But sure enough, under the pickup is the tricycle she had so carefully placed out of the way.

Then there's the other young mother that puts her children in the car and wheels toward a friends house.

As she starts off from the drive-way she notices the car is making a terrible sound. In fact it sounds as if it is about to fly apart. Oh well, thinks Mrs. M. I can make it to my friend's.

Neighbors out working in their yards can't help but notice the loud car as it passes by. Upon reaching her friend's home Mrs. M. takes a look under her car, and lodged just under the rear bumper is one of her child's riding toys.

She and her friend both try but they are unable to remove the crumpled up toy. Now it's drive the car with its loud tank like sound back home in front of all the neighbors again.

I can imagine what her husband had to say as he worked for over an hour trying to get what was left of the toy out from under the car.

Women's Lib will probably write me a nasty letter because I didn't tell something on two men too. And I know that men probably do the same type things too.

But I also know that a man isn't about to let anybody know that he did it!

People are still talking about the pardon given to Richard Nixon by President Ford with the most criticism of the act coming from the TV news people and the Eastern Press.

I think James Roberts in his column in the Andrews paper provided an excellent answer to many of their "claims." In part the column stated...

"Not since the civil rights days of the fifties have we heard as much hypocritical hogwash as has poured forth following President Ford's pardon of Richard Nixon.

"Back in the fifties, all the integration battles were fought in the South with the people up north insisting on one standard for the South and another standard for the Northern schools.

"Now that the worm has turned and they're true integration up there by busing, staid old Bostonians were tossing rotten tomatoes at, of all people, Sen. Edward Kennedy.

"But all the screamin' and gnashin' of teeth and wailin' heard in Washington and New

TURN IN 100 PERCENT CONTRIBUTION - Rita Hudson, representing the Burk Burnett Bank, turns over the firms United Way contributions to Jeep Elliott, vice-chairman of

the local campaign. The Burk Burnett Bank is the first business to have 100 percent participation in the campaign.

BURKBURNETT BANK

First 100% Participation Told For United Way

The Burk Burnett Bank has become the first local business to participate 100 percent in the greater Wichita Falls - Burk Burnett United Way campaign now underway.

Joel M. "Jeep" Elliott, vice-chairman of the campaign, upon learning of the announcement stated, "Congratulations to the Burk Burnett Bank employees for their 100 percent participation in the United Way of giving!"

"I think this typifies the feelings of the people in this area toward the needy. Also, I am sure that the people in the Burk Burnett Bank recognize that the best way to serve and get the most benefit out of the money given is through the United Way.

"If most of us would take time to look around us and consider those people less fortunate than we, we can at most combine a sense of responsibility and a community loyalty.

"Again, hats off to the people in the Burk Burnett Bank and hopefully other people will follow the same giving traits."

This is the first year that Burk Burnett has participated with Wichita Falls in the United Way effort. It was the consensus of many community leaders that the best solution to the many needs of Burk Burnett was for Burk Burnett to join in with Wichita Falls in one big combined effort.

Working locally in the various divisions of the United Way campaign are Jack Aaron, chairman; Jeep Elliott, vice-chairman; Alvin Hill, advanced gifts; Jim Lemley, public relations; T. M. Cornelius, major firms "B"; Marcey Roland, commercial and industrial; Ray Smart, public

service; Rev. Lamoin Champ, professional; and Mrs. Robert Norris, metro division.

The campaign is lagging some at present, but is hoped by campaign leaders that the remaining contacts will be worked and that several more 100 percent envelopes will be returned in the next few days.

Bulldogs Travel To Bonham For Non-Conference Tilt

It will be a long trip to Bonham Friday night for local Bulldog fans, but it could seem like an even longer trip back if the Bulldogs fail to play heads up football.

Burk travels to Bonham to take on an undefeated team that has been giving people in east Texas plenty of trouble.

Bonham jumped on Durant, Okla. in their season opener by a score of 33-6. The following week they played a good Clarksville team and walked away with a 33-13 victory. Last week, amid a rain soaked field, Bonham and Rockwall tied at 6-6. But Bonham had two touchdowns called back in the contest.

Burkburnett will be playing without the services of two of its main starters, Jay Lippard and Phil January.

Lippard was injured in a scrimmage before regular season play and is currently recovering from a knee surgery.

January suffered a knee injury in last week's game with Duncan and will probably be out for the remainder of the season.

Lippard was an expected starter for this year, while January started on both offense and defense. January was also a

starter last year and the 195 lb. senior tackle will be hard to replace.

His position is expected to go to Ben Elliott or Glenn Miller with the two possibly sharing the duties.

"We played fairly well, but we couldn't make the big play to win," stated Bulldog Coach Pat Smiley. "Our boys for the most part have been giving good effort, but we have made some mistakes that have hurt us. But we're improving."

Bonham reportedly looks a lot like the Gainesville team. They have good backs, ends and flankers. They have a half back that weighs 180 lbs., has good speed, is quick and has excellent balance. He is the same type ball player as the Wallace boy from Hirschi or the

outstanding back at Gainesville. They run a Houston veer type offense and throw the ball well.

Defensively they have a small line that averages 165-180 lbs., but is extra quick. They have a well balanced total team as they have scored 69 points to their opponents 25.

This will be the last non-conference game for the Bulldogs.

Next week Burk Burnett will travel to Vernon for its first District 4-AAA game.

"We were in the game up until the very end, just as we were the week before," related Smiley. "Our boys for the most part have been giving good effort, but we have made some mistakes that have hurt us. But we're improving."

Homecoming Activities Events Schedule Told

Plans are being finalized for the 1974 Home coming celebration at Burk Burnett High School as the annual event is just some two weeks away.

One of the main attractions of the Homecoming each year is the Homecoming Parade with its numerous floats from the various high school classes and clubs.

The parade will begin at 2:30 on Friday evening Oct. 11.

The floats will assemble at the St. Jude Catholic Church on Davey Drive. From there they will proceed to So. Ave. D where it will continue down East Third St. and then to the railroad tracks where it will disband.

The theme of this year's floats is "Movies" with points being taken away from floats that fail to stay within the theme.

The homecoming rules have two changes this year compared to prior parades. This year no class may spend over \$50 of the

sponsor's money and may spend only \$175, including the sponsor's money and the class money without losing any points. If over \$175 is spent, yet less than \$200., that class float loses two points. If over \$200. is spent, the float is disqualified.

An itemized statement of all expenses will be turned into rules officials no later than noon Friday, Oct. 11.

In addition to this no parents may work on a float during school hours, and their work shall be only advisory unless approved by the executive committee. Two sponsors for the school must be present at all times, Monday through Thursday, while the float is open for construction. Two parents may open the float on Saturday or Sunday as long as the head sponsor has the names in advance.

Also time for working on the floats has been cut from two

weeks to one week.

Students may work Monday-Thursday from 6 to 10 p.m. (except on Thursday students may work until the float is finished). On Saturday, Oct. 5, which is the first day students may work on their floats, they may work from 10 a.m. until 10 p.m. The following day, Sunday, students may work from only 2 p.m. until 5 p.m.

As in the past classes may not buy ready-made materials and classes may have any means of locomotion. In addition, no mechanisms, in which fire is contained, shall be put on the float, and if a class molests a float of another class, the float of the class performing the damage will be disqualified.

PEP RALLY

Local football enthusiasts will be welcome at the homecoming game pep rally which will be held at 1:15 p.m. Friday Oct. 11.

HOME COMING MUMS

The junior class, Mrs. Ed Skelton sponsor, is selling mums for the homecoming at a cost of \$3.75 each. In addition Helmets may be purchased at \$1, Bells at \$1, Footballs at 75 cents, each name at 50 cents and extra ribbons at 75 cents.

ROTARY CLUB

CHILI AND STEW SUPPER
In keeping with the homecoming tradition of the past several years the Burk Burnett Rotary Club will again be offering some of its home-made chili and stew.

Industrial Foundation Elects New Directors In Tuesday Meet

The Burk Burnett Industrial Foundation, a financing organization to attract new industry to Burk Burnett, elected five new directors Tuesday in its first meeting of the year.

Jack Mathis, Reid McCandless, Vernon Duncan, Bill Vincent, and Joe Gillespie were selected by secret ballots by the 12 Foundation members present and other members that had selected individuals to vote for them by proxy. The proxy votes, plus those present, provided more than a quorum for the election.

Each member gets one vote for each \$10 they have contributed to the Foundation. Jack Mathis, owner of Mathis Chevrolet, and Bill Vincent, manager of Texas Electric Service Co., were actually re-elected as directors since they had been serving on the board.

McCandless is owner of The Gun Shop, Duncan is the president of the First National Bank, and Gillespie is owner of Corner Drug Store.

The Foundation was founded in 1962 with its first project being the financing and purchase of a 10 acre tract of land near Berry Street. Soon after the acquisition of the property Imperial Plastics Co. decided to locate in Burk Burnett and the Foundation constructed a building on that site for their plant. The Company stayed in Burk for only some 18 months.

Then in 1966 Leer Mfg. Co. set up an assembly plant in the old plastics building owned by

the Foundation. In 1970 Leer's business was on the boom and they needed additional room. The Foundation helped finance an additional building which represented a cost of some \$28,000.

The Foundation still owns a four acre tract adjacent to Leer Mfg.

In 1973 the Foundation again became active as it announced a membership drive and plans to purchase a 20 acre plot for further industrial expansion. The land is located across Preston Road from the Ciba - Geigy plant.

At that time an individual membership drive produced 74

members and \$14,578 to be used on the purchase of the land. The directors had a hopeful prospective drive income total of \$23,000.

The Foundation currently needs \$5,617 to complete the payment on the debt for the land which totaled \$20,000. Over

Central Baptist Will Show Johnny Cash Film

The story is old, but the perspective is up-dated and brought into sharp focus by the film THE GOSPEL ROAD to be shown Sunday at Central Baptist Church, 814 Tidal Street. The showing will begin at 7:30 p.m.

THE GOSPEL ROAD, distributed by World Wide Pictures, was conceived and produced by Johnny Cash and his wife, June Carter Cash, whose desire was to tell the story of Jesus Christ in a realistic and meaningful way.

The film is a unique blend of scripture-based narrative, an abundant supply of specially written songs, and a series of in-depth character portrayals, with Israel itself as the mixing bowl.

You are there, walking beside the Jordan and the Sea of Galilee; you are there, seeing Him in many human situations that establish a practical and

personal rapport with every viewer.

You are there, being introduced to the disciples, and gaining insights into their varied personalities. You are there, experiencing the highly charged emotional impact of the trial before Pilate, and becoming so personally involved that you feel sympathetic pain when Robert Elfstrom, in an outstanding portrayal of Christ, suffers the physical attack that precedes the Crucifixion.

Adding to the effectiveness of THE GOSPEL ROAD in its endeavor to convey reality for this day are: the fascinating treatment of the Crucifixion, making this tragedy an event of significance that reaches from its own time across the years to take on meaning for all men of all ages; and the songs and background music of Johnny Cash and other outstanding musicians, whose contemporary style is not out of keeping with the story... a story that reveals that His darkest day has become our brightest.

AUSTIN—Fur flew at both Democratic and Republican conventions last week.

- When the smoke cleared, the record showed Democrats in Austin:
- Re-elected State Democratic Executive Committee Chairman Calvin Guest of Bryan 3,125 to 2,183 votes over liberal challenger Leonel Castillo, Houston city controller. Guest is the choice of Gov. Dolph Briscoe.
- Selected a new SDEC, about equally divided between liberals and conservatives. Both sides claimed control.
- Wrote a platform encompassing most of what Briscoe wanted but added some things he didn't ask for and eliminated some he did.
- Named 76 delegates to the December mini-convention in Kansas City to write a national party charter.

Again, both sides are well represented. Liberals wanted more minorities on the slate.

- Texas Republicans, at Houston:
- Criticized President Ford for his earned-amnesty proposal and nomination of Nelson Rockefeller for vice-president.
- Turned down a resolution calling for support of the president on the pardon of former President Richard Nixon.
- Adopted a conservative platform confined to state issues, including support of the right-to-work law and opposition to agency shop legislation and a recommendation for a one per cent reduction in the state sales tax.
- Re-elected Jack Warren of Tyler chairman and named the 1975-76 GOP state executive committee.

U. S. stocks of crude oil are 55.6 million barrels above a year ago. Langdon credited conservation and voluntary use cutbacks by consumers with much of the increase.

Buyers increased nominations to purchase by 18,511 barrels a day—to 4,092,783 for October.

STILL RUNNING—An endorsement by the AFL-CIO executive board revived Rep. Carl Parker's lagging campaign for House speaker.

Meanwhile, Parker pledged to swing whatever remaining support he has to another pro-labor candidate if he sees he has no chance of winning.

Rep. Neil Caldwell of Alvin and Rep. Dan Kubiak of Rockdale indicated they are making soundings to see if any of Parker's votes can be switched to them.

Rep. Bill Clayton of Springlake claimed to have more than 100 votes—of the 150 House members committed to him.

HEARING PUT OFF — Public hearing on auto insurance rates has been postponed from October 1 to October 17.

State Board of Insurance Chairman Joe Christie said the delay was necessary because the industry has not made available needed statistical data on which rate making is based.

COURTS SPEAK—Miscellaneous of a prosecutor brought reversal of a life imprisonment sentence given a Dallas man for strangling his 10-month-old son with a towel.

The Court of Criminal Appeals also affirmed the life sentence assessed a Glasscock County man in a murder case.

The same court declined to revoke the probated sentence of an Ector County burglar, though he admitted defying terms of the probation by leaving the county and failing to meet with his probation officer for a five-and-a-half-month period.

A Houston district judge ordered Gulf Oil Chemicals Company to pay a \$20,000 penalty for violation of a state air control regulation.

SHORT SNORTS
Rep. Ben Bynum of Amarillo complained of delay in releasing a Lyndon B. Johnson School of Public Affairs report on no-fault auto insurance.

A House committee on business and industry sub-panel plans hearings in major cities on real estate business complaints.

Texas Office of Minority Business Enterprise approved 21 loans of \$312,531.

Railroad Commission Chairman Jim Langdon said he thinks "we can get through this winter without undue hardship." He warned, however, that there is a threat of coal strike, possible new Arab oil embargo and a cold

FOUNDATION
\$3,000 in pledges are expected to come in to the Foundation in the very near future leaving the debt on the note of \$2,420.

The newly elected directors will meet soon to select a chairman for the Foundation. The chairman will be one of the new directors.

Local Man Sings

In SPEBSQUA Meet

LAWTON OKLAHOMA A regional contest for Chorus's and Quartets was held by the Society For the Preservation and Encouragement of Barbershop Quartet Singing In America (SPEBSQSA) at Duncan, Okla., September 21-22.

The Singing Sooners chorus from Oklahoma City won first place and The Lawtonaires from Lawton placed second.

The Second Generation from Tulsa won first in Quartet competition, and The Cracker Jacks from Oklahoma City placed second.

By winning these spots, each of these chorus's and Quartet's earned the right to compete in Dallas October 26-27.

Singing lead with the Lawtonaires was Dr. Carl L. Pierce of Burkburnett, Texas.

Former lead with The Texonics, a popular Quartet in the north Texas Southern Oklahoma area, Dr. Pierce will sing with the Lawton group in Dallas.

Cattle graze on reclaimed land near TESCO lignite coal operation near Fairfield, Texas. The dragline used for recovering the lignite can be seen just over the hill.

Ten months ago this peaceful Texas pasture was a coal mine.

The lignite coal found here is being used to generate electricity for Texas Electric Service Company in our Big Brown plant near Fairfield, Texas.

Our main fuels are natural gas and oil, and they will continue to be for several years. But new supplies of these fuels are increasingly difficult to obtain.

Using lignite, and by the 1980's nuclear fuel, will help us reduce our dependence on natural gas and oil.

One advantage of using lignite is that it isn't being used extensively for any purpose other than the generation of electricity.

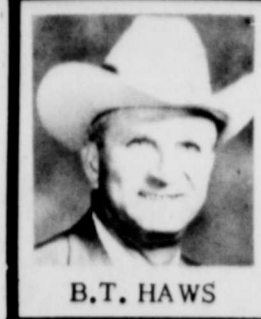

After removing coal from the land you see here, it was reclaimed — the soil was replaced, tilled, fertilized and a variety of grasses planted — to make its productivity equal to or better than before. Now it is used for raising crops or cattle.

At Texas Electric, we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

And we're doing it with full concern for the environment.

County Agent News

Dairymen are caught between a rock and a hard place and the future offers little encouragement. Feed costs continue to jump while the price they receive for milk is dropping. The uniform price per 100 pounds of milk has decreased more than \$1.30 since May. Dairymen have cut their herds by more than 6,000 cows from the 1973 level. However, overall production continues steady due to per cow production increases. Some people are blaming heavy imports of dairy products as well as a weakened consumer demand for the low prices dairymen are receiving.

Pastures will be the lowest cost winter feed for livestock, considering current feed and grain prices. And now is the time to concentrate on fall and winter pasture production following the recent rains.

In order to have pastures available during December, January and February, they must be grown in the fall. To take advantage of present moisture conditions, pastures need to be established as early as possible in September. Sunlight and warmth are other essentials besides moisture for winter pastures. Late plantings of small grains result in spring pastures due to limited grazing conditions in late fall and winter. Planting should be done on a well-prepared seedbed with good quality seed. To maximize production, a good fertility program also must be followed.

With early planting, producers should be alert to fall armyworms and be prepared to control them without delay. Control of armyworms costs about the same as one bale of alfalfa hay per acre.

Following the guidelines of early planting and good fertility will provide livestock producers with large quantities of high quality fall and winter pasture and thus will help reduce the need for expensive supplementary feeds. However, yields are dependent upon sufficient amounts of moisture during the growing season.

The time has come when we must use fertilizers wisely. Supplies are limited and the price is high. Fortunately there are ways that we can increase the efficiency of plant nutrients applied for small grains. Phosphorus fertilization is very important since the small grain plant has a great need for this nutrient during seedling development. The number of tillers relate directly to the number of adventitious roots. Without adequate phosphorus, fewer adventitious roots are produced. In tests, where 80 pounds of phosphorus per acre were broadcast on the surface and harrowed into the soil, the average number of adventitious roots developed by January 15 was five per plant. The same amount of phosphorus applied with the seed at planting produced 12 adventitious roots. Top grain yields require maximum tillering.

Nitrogen is important too. For top yields, plants should never be allowed to suffer from lack of nitrogen. Excess rates of nitrogen should not be used, since many varieties will lodge when high rates are applied. This presents some problems in nitrogen management. When wheat follows grain sorghum or any other high residue grass-type crop, a fall application is necessary. Nitrogen may be placed in the soil just prior to planting or topped after the small grain is up to a stand.

When wheat follows crops such as grain sorghum, a total of 60 to 80 pounds of nitrogen is needed, and at least one-half should be applied in the fall. Thirty to 40 pounds per acre may be adequate if wheat follows wheat. Remember, don't let the plant suffer from nitrogen. If, at any time, the lower stems show deficiency symptoms - top dress with nitrogen. It will cost you grazing and grain for each day of delay.

Seed treatment in general may be considered a low-cost insurance against a potentially great economical loss. The cost of treating seed is inexpensive relative to such input costs as fuel, oil, labor, repairs and especially the seed itself.

The benefits of seed treatment may vary from farm to farm and from year to year. However, it seems advisable to treat small grain seed if the treatment is reasonably low in cost, low in toxicity, and effective in controlling seedling diseases and smut.

Vitavax 200, a flowable fungicide, has recently received EPA clearance for use as a seed treatment on wheat and barley. The formulation contains Thiram, a seed protectant, and Vitavax, a systemic material that works within the emerging plant to control diseases such as loose smut.

Other seed treatment fungicides suggested included maneb, thiram, captan, polyram, tetraclor, zineb, and phenyl mercuric acetate.

Many growers choose to treat their own seed through the drill-box technique. This can be done by applying the fungicide powder directly in the drill box at planting time.

Always read the label carefully for dosage rates and precautions. Treated seed should not be used for food, feed, or oil purposes.

Wichita Co. Farm Bureau Annual Meeting

The annual meeting of the Wichita County Farm Bureau will be held tonight, according to Norman Roberts, president of the county organization. The year's most important meeting will get underway at 7:30 p.m. in the A.S.C. Building in Iowa Park.

J. W. Tole membership chairman, reports that the 1973 membership of 950 has been reached with October 31st as deadline for sending in 1974 membership.

Resolutions made in earlier meetings will be discussed and adopted or rejected. Rex Wells will preside over the policy making session. Adopted resolutions on county matters become Farm Bureau policies for 1975. Approved resolutions dealing with state and national issues become recommendations to the Texas Farm Bureau Convention. The annual state meeting will be held in Dallas in December.

All committees will report on the year's activities and officers for 1975 will be elected.

Door prizes galore and refreshments will close the evening's activities.

Crop Production Methods Getting Second Look

With tight supplies of fuel and fertilizer, farmers are taking a second look at traditional practices like plowing and cultivating crops.

New crop production systems that either completely eliminate these steps or use only limited tillage are gaining in popularity.

Farmers using the no-tillage method may make only two trips across their fields during the crop year instead of the usual four to 12. The first trip is made for planting and application of fertilizers and pesticides, and the second for harvesting.

Activities Picking Up At SCS Office

Activities in the Iowa Park Field Office of the Soil Conservation Service continue to move at a rapid pace according to Bill Fleming, Technician. More interest is being exhibited in the Great Plains Conservation Program each day. It is notable that most Great Plains participants are carrying out their contracts on schedule and some ahead of schedule.

A project demonstrating teamwork and cooperation in working out a Watershed problem has just been completed involving four farms 7 miles N.E. Punkin Center. The farmers involved are Leonard Payton, Jack Payton, Mrs. Neva Maschant, and Albert Brockriede. A large Waterway has been constructed across four farms, from the upper portion of the Watershed to a creek. This Waterway will be used to empty Terraces into as well as a disposal of County Road Water. The Waterway will be sodded to Bermuda Grass next spring. Leonard and Jack Payton have recently signed Great Plains contracts with the S.C.S. Albert Brockriede has carried his G.P. contract to completion. Mrs. Maschant and her tenant Tony Mayes plan to empty terraces into the Waterway when it is sufficiently established in Bermuda Grass. George Streit has just completed all items in his Great Plains contract on the Bill Streit Farm. He installed a parallel Terrace System and a Waterway. Tommy Barwise has just installed a parallel Terrace System on his farm. Leroy Palmer is the operator of his farm. Frank Foster, a new G.P. participant, is in the process of installing a large Drop Structure on his farm North of Clara. He has already constructed Waterways and the Drop Structure will be the means of disposing of water into a deep canyon. Jesse Bills in the Burkburnett area has just completed installation of a parallel Terrace System on one of his farms.

Other farmers who have constructed Terraces on their farms lately are Mrs. Essie Haley, two miles west of Burkburnett, 21197 Ft. Montgomery and Crumper in the Friberg Community, 44989 Ft.; George and Eva Emmert on upper Charlie Road, 9785 Ft.; Robert Wilcox, N.W. Iowa Park, 4970 Ft.

Farmers in the Burkburnett area who have constructed ponds on their farms are Clark and Dillon and Brack Preston. Leonard Payton of N.W. Punkin Center has constructed three ponds. Also Hardy L. Gage on the Seymour Highway has installed a pond.

Anyone desiring assistance in solving a soil or water problem may call the U.S.D.A. Soil Conservation Service in Iowa Park, phone 592-4176.

When shopping for men's fashions it is important the type yarn used. The type yarn used for menswear doubleknits determines how well the garment will wear and how snag resistant it will be.

The most common yarn used is 100 per cent textured polyester filaments. Textured means crimped. Crimping the smooth, air-like strands of polyester gives the yarn more bulk, more 'give', and provides air pockets to allow better circulation.

Fabrics of textured polyester filaments are usually smooth, shinier than traditional menswear wovens and have a harsher 'hand' or touch than wool knits. When loosely knit, the slippery polyester fibers snag easily.

The second kind of fiber used for menswear doubleknit is spun polyester. The long filaments are chopped into short pieces to look like cotton or wool staple lengths.

When spun into yarn, there are millions of microscopic fiber ends. Not only is the fabric softer, but there is less chance for a rough fingernail or an abrasive desk edge to snag fiber ends.

Spun polyester isn't used for all menswear doubleknit. Chopping up the filaments and spinning them like cotton costs more than twisting filaments together. Also, while spun polyester does resist snagging, the short fibers slither their way out of yarns during the abrasion of wear. This creates 'pilling', which yarn makers are trying to correct.

The third kind of menswear doubleknit is the newest and considered the best. It is a combination of polyester and 25 percent wool. The spun polyester and wool fibers are combined for the surface of the fabric. The filament polyester provides greater strength and a smoothness on the underside.

The surface feels like wool and the fabric snags less and keeps the wind from blowing through the garment.

"Baby Beef" Saves On Food Dollar

COLLEGE STATION—If you would like to eat more beef but can't afford existing prices, there may be an alternative in "baby beef."

According to a livestock and meat specialist for the Texas Agricultural Extension Service, baby beef is beef produced from young animals weighing 400 to 700 pounds that have come off pastures where they have been nursing.

"Baby beef was once quite popular in the supermarket, but in recent years the trend has been toward choice heavy beef," points out Woodrow Bailey. "However, the high cost of feedgrains has caused the price of fat animals to jump while young calves coming off pastures have sold for considerably less."

This price differential on August 10 was 20 per cent, according to the Texas A&M University System specialist. So, consumers could save that much on their beef dollar by purchasing baby beef instead of heavy beef.

What are the basic differences in the two types of beef?

"The major factor is that there is less marbling—flecks of fat—in the lean portion of the meat," points out Bailey. "This means that loin steaks from baby beef do not lend themselves to broiling as well as those from heavy beef. But for all other methods of cooking, young beef is excellent. In fact, baby beef is unsurpassed for pan frying."

The specialist encourages consumers to look for baby beef in the supermarket, as some stores are beginning to display it once again. Better yet, check with a rancher or an auctioneer and buy a young calf weighing 500 to 600 pounds. Then have it custom slaughtered, cut and wrapped for your home freezer. Often the manager of a local meat processing plant will be able to obtain a calf for you.

"If it's high quality beef you want, you can get it—and at a savings, too—by purchasing baby beef," contends Bailey.

S & W Conservation District Election Slated

The Wichita Soil and Water Conservation District will hold an election for district director for zone 1, October 7, at 8:30 at Ralph's Station in Punkin Center. Zone 1 includes the area in the northwest part of Wichita county that joins Wilbarger county on the west, highway 287 on the south, highway 368, on the east and the Red River on the north. Land-owners who own agriculture land in zone 1 and live in Wichita county are urged to vote in this election. The Conservation District is directed by a board of local people elected by the people. This is based on the principal that local people have the responsibility to direct conservation programs aimed at solving local soil and water conservation problems.

The district works closely with the Soil Conservation Service in an effort to carry out its purpose. The Soil Conservation Service offers technical assistance to owners and operators of land within the district.

The object of the Wichita Soil and Water Conservation District is "the use of each acre of land within its capabilities and the treatment of each acre according to its needs for protection and improvement."

Albert W. (Bill) Brockriede is the current director for this zone and is eligible for re-election. Anyone owning agriculture land in zone 1 and living in Wichita county is eligible to run for district director.

Garden Club Has Covered Dish Supper

The Meadowland Garden Club of Burkburnett launched the 1974-75 club year with a covered dish supper. The meeting was held September 19th in the Community Room of the Burkburnett Bank.

Mrs. Joe Ray McCluskey, president, presided over the business meeting. She presented the year books and announced the course of study for the ensuing year, "Pinch of This 'N Pinch of That."

Mrs. Don Mills led a discussion on proposed fund raising and philanthropic projects.

The door prize was won by Mrs. Ron Gullickson. Members attending were Mesdames Jay Carter, Jr., Jimmy Cast, Howard Hinkle, Michael Kelso, Wallace Landrum, Frank Miller, Don Lawrence, Cliff Wampler, Gerald Fignar, Ron Gullickson, Don Mills, Joe Ray McCluskey, Glen Smith, and a guest Mrs. Carolyn Songer.

The next meeting will be held October 17th in the home of Mrs. Don Lawrence, co-hostess - Mrs. Howard Hinkle.

Contemporary Study Club Has White Elephant Sale

The Contemporary Study Club met in the home of Mrs. Gene Anderson with Mrs. Bill Wood as Co-Hostess.

Mrs. Tom Smith, President, called the meeting to order with the "Club Collect". Roll call was answered by naming a "Youth Organization." During the business session members made plans to attend the Workshop at Memphis October 7th. Mrs. Tom Smith, Mrs.

Frank Miller, Mrs. Harry Elliott and Mrs. Robert Norriss will attend from the club.

Mrs. Tom Brunfield had the program entitled "Organization of the Girl Scouts." Mrs. Brunfield is the Burkburnett Service Unit Director of the Girl Scouts. She explained the way a Study Club could help sponsor a Girl Scout. Miss Cathy Brunfield, her daughter, gave a program on the "National Scout Jamboree" and showed slides. Cathy was one of two Texas Girl Scouts selected to attend a Jamboree in Oklahoma. She related her experiences and showed swaps exchanged by girls at the Jamboree.

After the Program a White Elephant Sale was held with the proceeds to benefit "Girls' Town U.S.A." and "CARE." Mrs. Harry Elliott acted as the auctioneer.

Mrs. Jack Zumwalt won the door prize. Next meeting is October 7th with Mrs. Joe Boucher as hostess.

Local Ladies Win In State Poetry Societies

Two Burkburnett poets and one from Wichita Falls have been notified of winnings in the National Federation of State Poetry Societies annual contest of 1974. They include two first places and 9 honorable mentions.

Mrs. Clark Gresham, a past Poet Laureate of Texas, won four Honorable Mentions: 1st

Local BYW Work On Missions

The Morning Group of BYW of the First Baptist Church met Wednesday, September 18, in the Church kitchen to prepare the first of the "Meals on Wheels" lunch. Meals were taken to two families in the community by various members of the group.

A Budget Planning meeting will be the next meeting for BYW Officers. Members present who prepared the "Meal on Wheels" lunch were Mrs. John Stevenson, Charles Smith, Ricky Flory, Gary Moore, Tony Battista, Joe Miller, Mike Hooper, Raymond Greenwood, Bill Bruendl, and Larry Pribble.

hon. mention in The Susan A. Callahan Award, 1st honorable mention in Louisiana State Poetry Society Award, 2nd hon. mention in NFSPS Award for traditional poetry and 2nd hon. mention in Walter R. Lovel Memorial Award.

Her daughter, Joy Gresham Hagstrom, won the \$25.00 first prize that was donated by The Wichita Falls Poetry Society. The judge for the award was picked by The National Federation and the Wichita Falls group had no idea who judged it.

She also won four honorable mentions: 1st hon. mention in NFSPS Award for traditional poetry, 2nd hon. mention in the Kaleidograph Award—a poem written and used for the candle lighting ceremony in her daughter's wedding; 4th hon. mention in Illinois State Poetry Society Award, and 5th hon. mention for The Franc Johnson Newcomb Memorial Award.

Ann Matthews Moorehead, president of The Wichita Falls Poetry Society won the \$25.00 first in the Eleanor Aman Crump Memorial Award and 6th hon. mention in the Fidelia Van Antwerp Ballad Award.

Upsets Make Contest Tough For Entrants

There were a few surprises this week in area football and the results were evident in the Informer/Star Football Contest. You had to be able to pick the upsets if you wanted a clear-cut win in the contest, and no one seemed to be able to come up with a perfect combination.

Eight persons tied for first place in the contest with the \$15 first prize going to Randy Allen a freshman student at Burkburnett High School. The \$10 second place money went to Mrs. Jim Rasmussen.

Tied with the two for the money were Joan Shaffer, Elmer Watts, Charles Stolzy, Jim Rasmussen, Steve Lax and Mrs. M. Nixon.

Only three entries picked the upset in professional ball when St. Louis eked out a win over the Washington Redskins, and only a few predicted the upset of Texas A & M over L.S.U.

Most entrants let the winning tradition of Jacksboro influence them in the Jacksboro vs. Olney game. Also, Electra with its string of wins pulled numerous votes in the Electra vs. Nocona contest.

Results of the games listed in the contest included: Wichita Falls High School 7, Mineral Wells 7; Rider 14, Hirschi 0; Trinity 21, Richland 7; Brownwood 33, Cleburne 0; Gainesville 36, Graham 0; Iowa Park 19, Lawton 8; Breckenridge 20, Stephenville 11; Vernon 6, Levelland 0; Weatherford 26, Azle 0; Nocona 20, Electra 8; Olney 7, Jacksboro 6; Bowie 18, Holliday 6; Knox City 35, Archer City 6; Windthorst 14, Whitesboro 12; Dallas 10, Philadelphia 13; San Francisco 16, Atlanta 10; Texas University 34, Wyoming 7; Texas A&M 21, L.S.U. 14; Texas Tech 21, New Mexico 21; St. Louis 17, Washington 10; and the tie-breaker Duncan 21, Burkburnett 7.

Jr. University Study Club To Help Fowler Home

Members of the Junior University Study Club met in the home of the President, Mrs. Irv Smith on Thursday evening for their first fall meeting.

The new yearbook was introduced for the forthcoming year. In keeping with the theme set by the Federated Women's Clubs, the course of study is entitled, "Do Your Own Thing for America."

In discussing the club's projects for the year, one of which is to aid the Fowler Home in Wichita Falls, Mrs. C. D. Landrum suggested that this aid be in the form of a cash donation, due to their present urgent need for money. The club approved sending money now, and discussed a fund

raising project to send more later.

Another project which the club undertakes each year, is to donate funds for the use of the Youth Center in Burkburnett. Money for this project was also approved.

Those members present were Mesdames B. H. Alexander, Robert Briscoe, Howard Clement, John Dennis, E., H. Hancock, Zac Henderson, Barbara Kelley, Walter Koller, C. D. Landrum, Wayne Lax, A. L. Loyd, Floyd Marten, Reid McCandless, Bill McLean, Stan Owen, James Pearson, Gene Robertson, P. A. Schelter, Ralph Shipp, Irv Smith, Marvin Taliaferro, Finis Taylor.

Bulldogs Fall To Duncan, 21-7 In Rainy Hometown Game

The early minutes of the game Friday night looked as if Burkburnett might be on the way to its first rout of the season, but the final score proved differently as the Bulldogs fell to Duncan, Oklahoma 21-7.

Duncan received the opening kick-off, but after an initial first down, had to punt away the ball on a 4th and 15 situation.

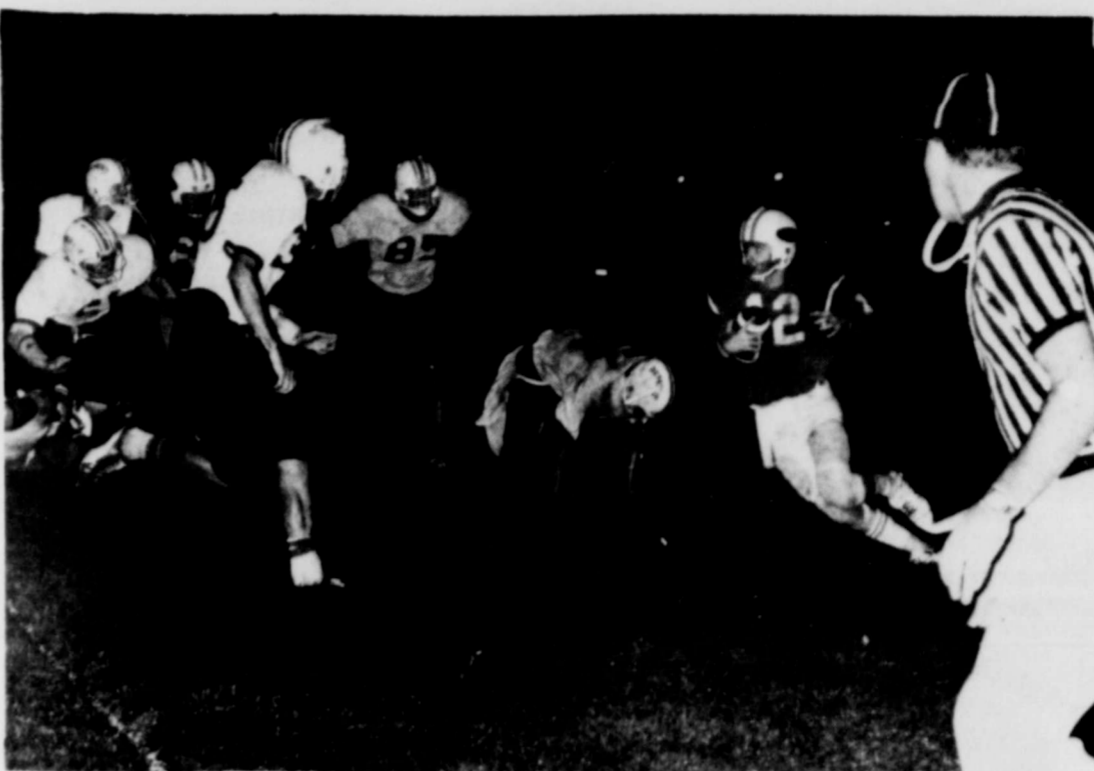

Burkburnett began its drive toward the goal line from its own 40 yard line, after fielding the Duncan punt. On a crucial third and nine play from the 48. Bulldog quarterback Jim Koulovatos hit end Ricky Mason for 22 yards and a first down. Then Koulovatos and David Ray with team mates Doug Garrison and Larry Lamar carried the ball to the Duncan one yard line. With 1:19 remaining in the first quarter and a 4th and one at the one yard line, the Duncan defense threw Koulovatos for a seven yard loss and took possession of the ball.

Throughout most of the remaining time of the first half it was a typical Burkburnett vs. Duncan game with neither team able to dominate the other.

Mid-way in the second quarter Duncan mounted a drive to the Burkburnett 14 yard line before having to give the ball up on downs. The Bulldogs pass rush and receiver coverage stopped the Demons on the 4th and 12 play.

The Demons on their next possession made two first downs by only inches to keep their drive alive. With 2:19 remaining in the first half, on a first and goal situation at the foot line Duncan's Mike Kissew went in for the first TD of the game.

The point after was good. Burkburnett's Curtis Williams returned the Demon kick-off 30 yards to the 50 yard line. Koulovatos ran the option for six yards before hitting Mason again for 23 yards and a first down at the 21 yard line. Following an incomplete

NETS GOOD GAIN - Burkburnett's Jim Koulovatos rounded his left end for a needed six yards and a first down in last Friday night's action.

7th Wins By 20-6

Burkburnett's 7th grade team picked up another win last week as they bounced the Graham Steers by a score of 20-6.

Coach Allen Willet reported that 51 of his 55 boys were able to play in the game that was completely dominated by the young Burk club.

Bryan Patterson was the lead rusher for the 'Dogs as he carried 12 times for 121 yards and two touchdowns. Jay LaBrie scored the other touchdown and also carried eight times for 50 yards.

Defensively LaBrie led the team with 12 unassisted tackles and 5 assisted tackles. Jimmy Rowe was second with 13 un-assists, followed by Marty Schmidt with 5 and Kevin Easter with 5.

Next Tuesday night at 6:00 the seventh graders will play host to Vernon.

Stake Beds Help Fishing

Tennessee game and fish biologists have experimented with stake beds as a method of improving crappie fishing. The beds are variations on the old method of sinking brush piles over which crappie schools will congregate. The stakes are sawmill strips that are driven into the bottom. State studies showed fishing over the beds produced 6.6 crappies per hour versus 1.8 per hour fishing elsewhere. For a free, 12-page report telling how to set up your own stakes write to the Tennessee Game and Fish Commission, P.O. Box 40747, Nashville, Tennessee 37220.

Wood Care Centers

Their patient's comfort and health is the most important effort of the Wood Care Centers. There are three convenient locations: Wood Convalescent Center, 4511 Coronado, 692-8001; Junie Wood Memorial Convalescent Center, 1501 7th, 322-0741; and Wood Convalescent Center, 2400 S.W. Parkway, 692-6415.

Each of their employees, including their Registered Nurses who supervise 24 hours

a day, were hand picked for their job at these respected convalescent hospitals. The management here realizes that their patients must be professionally attended to both day and night, and that good mental therapy is sometimes just as important as the drugs and remedies prescribed by their doctor.

Each of the rooms here are well lighted and air conditioned, and have been equipped and

decorated with the patient's comfort and good attitude in mind.

All meals provided are under the watchful supervision of persons well schooled in preparing the special foods required for each patient.

The editing staff of this 1974 Review suggest this convalescent hospital to our readers, we know that you will be extremely pleased with the care procedures and modern facilities.

This 1974 Review and its authors wishes to compliment this firm on the quality of the work they deliver.

"A Business with no sign is a sign of No Business."

1st Baptist To Show Film

The story is old, but the perspective is up-dated and brought into sharp focus by the film THE GOSPEL ROAD to be shown on Sunday, September 29 at First Baptist Church. The showing will begin at 6:30 p.m.

THE GOSPEL ROAD, distributed by World Wide Pictures, was conceived and produced by Johnny Cash and his wife, June Carter Cash, whose desire was to tell the story of Jesus Christ in a realistic and meaningful way.

The film is a unique blend of scripture-based narrative, an abundant supply of specially written songs, and a series of in-depth character portrayals, with Israel itself as the mixing bowl.

You are there, walking beside the Jordan and the Sea of Galilee; you are there, seeing Him in many human situations that establish a practical and personal rapport with every viewer.

You are there, being introduced to the disciples, and gaining insights into their varied personalities.

Frosh Licked

By Vernon

Twenty must have been the magical number for the Vernon Lions as they set the pace against our freshman team, 20-6. Charles Lewis was the only Burk player to score. This brings the Frosh to a 1-2-0 seasonal record.

8th Tops Graham 22-18

The Burkburnett 8th grade team eked out a victory over the Graham team 22-18 in a sea-saw battle last week.

Mark Schmidt drew the first blood for Burk as he ran for six yards and carried three linemen with him into the end zone. The point after by Darold Ray was good.

Darold Ray followed with the second touchdown on a seven yard run. Earl Thomas carried

for the extra point. Thomas then shook three tacklers on a 25 yd. run as he went in for the third Bulldog touchdown of the night.

Coach Tex Yeager reported the game was an exciting one with one team driving for a score, followed by their opponent driving for a score.

Outstanding players for the game included Eddie Dennison, Ronnie Woods, Mike Bapouette, Eddie Greschel, Terry Robinson, Ronnie Clemmer, Ted Robertson, Rodney Horn, Fred Gilliam, Robert Wernosky, David Sherman, Kenny Parks, Fran Stephend, Yearic Shirley, Ben Bledsoe and Kris Koulovatos.

In the team's Sept. 10 game they played to a 0-0 tie with Iowa Park even though Burk had over 200 yards rushing to Iowa Park's 35.

Burk will host Vernon Tuesday night.

ROUND THE TOWN

By Sylvia Lohofener

Sylvia Lohofener has returned home from a two month stay with her daughter and husband Carol and Charles White in Abilene, Texas also her son and wife Don and Grace Lohofener in Austin. I am recovering from eye surgery and hope to soon feel "normal." I am going to attempt to write "Round the Town" for the Informer Star again but will need help. Do you have any news for me? If so please call me.

Several friends gathered at the R. H. Henry home Tuesday the 17th to help Mr. Henry observe his 95th birthday. They were served cake, ice-cream and coffee. One marvels at his physical ability, eye sight, memory and the happy attitude in all phases of life. He came to this city in 1916, and was in the mercantile business for years. He has always been very faithful and active in the Methodist Church. Mr. Henry's friends are innumerable and all wish his continued happiness and good health. His two children - Helen and husband, Charles Awalt, of Ft. Worth and his son R. H. Jr. of Aspen, Colorado spent Monday here with he and Mrs. Henry.

Mrs. H. C. Preston (Charlotte) is critically ill in the Wichita General Hospital. Mrs. Preston has been confined to her home and most of the time to her bed for many months. Her daughter Mrs. Billy (Dorothy Ann) Short of Groves, Tex., and Charlotte's sisters Mrs. Undine Mansfield Hood of Portales, N.M., and Mrs. Sarah Ford from Washington are here to be with her.

Mr. and Mrs. Charles Davidson of Baton Rouge, La., visited Mr. and Mrs. Leo Foster here last week.

Miss Debbie Vincent, a Senior at Texas Tech, spent the weekend in Burk with her parents Mr. and Mrs. Bill Vincent and grandparents Mr. and Mrs. J. L. Caffee.

Mr. and Mrs. Doc Goins and Mrs. Will Teal attended the funeral services Saturday for Paul Z. Hamner in Iowa Park. He is survived by his wife Lois, a brother, Jack of Freer, Texas, a nephew Luther Hamner of Duncan, two sisters, Mrs. Lucille Gay of Iowa Park and Mrs. Ann Kelley of Burkburnett. The Hamners are long time residents of this area.

Mr. Jim Pogue who now resides in the Evergreen Manor Nursing Home, is reported doing as well as can be expected.

Mrs. Kenneth Martin of Sacramento, California visited friends in this city last week. She is the former Erma Strickland, daughter of the late Mr. and Mrs. W. A. Strickland who lived in the northwestern part of Burk for many years. Erma attended the Burkburnett schools.

Mr. and Mrs. Joe Adair of Wichita Falls and her sister Mrs. B. L. (Helen) Turner of this city visited friends in Tulsa, Okla., last week.

Mr. F. M. Gibbs is seriously ill in the Wichita General Hospital. His wife resides in Hickory Elm Nursing Home.

Mrs. Willett Pace of Sherman visited her sister Mrs. Grace Anderson a few days this week also Mrs. Alynne Cooper of Whitewright, Tex. was a visitor.

Mrs. R. L. Gragg received word this week of the death of her brother, Delver Miller of Kansas City, Mo. Mr. and Mrs. R. L. Gragg and their daughter and husband, Opal and Tallie Sykes of Burk, Robert Gragg and wife, of Wichita Falls, Melvin and Hubert Gragg of Oklahoma City, all attended the funeral services in Kansas City Saturday.

Miss Nathalie Foster who underwent major surgery a month ago, is slowly recovering and hopes to return to her teaching position in Germany in a few weeks.

Mrs. Opal Gamblin left Friday for a few days visit with her daughter and family Mr.

and Mrs. Billy Askins and Dewayne in Lubbock. She plans to go to Farmington, N. M. to see her sister Mrs. Wilmoth Kettle this week.

Miss Joy Curington of Austin, Texas, spent the last few days here with her aunt and uncle, Mr. and Mrs. S. E. Askins.

Visitors in the home of Mr. and Mrs. Preston Johnson, last week, were her niece, son and family - Mrs. Alice Chatham of Los Angeles, Mr. and Mrs. Philip Chatham of Lake Jackson, Texas, and Mrs.

Johnson's niece and husband, Mr. and Mrs. James Sandell of Roswell, New Mexico.

Mr. and Mrs. Eugene Harbour and children of Garland, Texas, visited her aunt and uncle Mr. and Mrs. W. A. Minick here last week.

Mrs. Carey Posey was taken to the Wichita General Hospital one day last week and had her hips x-rayed. They both were broken several months ago. The report showed they were healed sufficiently so she could walk some with aid. She was returned to Hickory Elm Convalescent

Home, where she resides. Mrs. Posey is the mother of Mrs. Mae McNeill and Mrs. Clodella Bridges of this city.

Mr. Ray Mills, who spent several days last week in the General Hospital undergoing throat treatment has returned to his home here and doing much better.

Mr. and Mrs. H. K. Landes and Mr. and Mrs. Herschel Warren of Burk attended the funeral services of their sister Mrs. Faye Cron in Hobart, Okla., Saturday. She was the daughter of the late Mr. and

Mrs. W. J. Wright of this city.

Mr. and Mrs. E. E. Bangs returned last week from a delightful vacation trip through Arkansas and Tenn. While in Nashville they visited Mrs. Thelma Fowler and son, Dan and family, who were all former residents of this city. Dan is employed with the Baptist Sunday School Board at Nashville. Thelma is enjoying her home immensely. The Bangs attended the Grand Ole Opry also toured the Andrew Jackson Hermitage Home all while they were in Nashville.

They attended the Ozarks Passion Play in Eureka Springs. They report Tenn. and Arkansas beautiful and interesting states.

Mrs. Oscar (Ruth) McBride has returned home from Dallas where she visited her daughter Joyce Oliver who is recovering from surgery.

Mr. Johnny Cecil of Elk Grove, Calif. visited his mother Mrs. J. H. Cecil here several days in the past week. He left for home Monday.

Mr. Paul Browning of Los Angeles underwent major surgery Thursday and is reported resting well and doing fine. Paul is a brother of our townsmen, Blake and Wylie Browning and is a long time resident of Burkburnett.

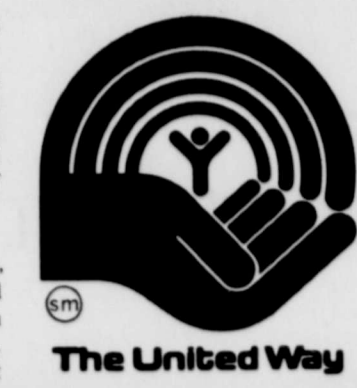

Mrs. Effie Johnson of Tipton, Okla. visited her daughter and husband, Mr. and Mrs. Tom Moore also Mrs. C. A. Moreman over this past weekend.

Mr. and Mrs. Blake Browning returned home Monday from an East Texas trip. They attended the funeral of her sisters husband, Bob Candler, 78, in Kilgore, Texas. Bob died suddenly with a heart attack.

Mrs. C. A. Moreman enjoyed a visit with her sister-in-law Mrs. Harry Ragland and her daughter Mrs. Veldean Harrison of Plainview, Texas. They were enroute to Hot Springs, Ark. to visit other relatives. They left Monday.

York from lawyers and news media concerned the double standard the pardon is supposed to encourage in this country. "Nuts! We've had a double standard under law ever since the white man traded those Indians out of Manhattan. And it wasn't something invented by the Democrats - or the Republicans - both have used it to a fare-thee-well for ages.

"Personally, every day that passes, President Ford reminds us more of former President Truman. He bites the bullet quick. "We hope the President pardons every Watergate offender and every draft dodger and war resister in and out of the country.

"We could care less about any of them. But by pardoning the whole lot maybe we could write an end to Vietnam and to Watergate and just possibly terminate the employment of those 1,300 to 1,500 Watergate lawyers on the federal payroll in Washington and force them out on the streets to earn an honest living for a change.

"Actually, President Ford better hurry up with those pardons before someone remembers that we never had gotten around to prosecuting Democrat Senators Hubert Humphrey nor Wilbur Mills for illegal campaign contributions.

Roberts goes on to point out the double standards involved in the Sharpstown scandals here in Texas where all of the elected officials were knocked out of office but the crook who actually stole the millions was one Frank Sharp who was granted complete immunity.

"Then how about Jake Jacobsen. "Washington prosecutors trying to develop a case against former governor John Connally promised immunity to Jacobsen if he would testify against Connally, under indictment that he accepted \$10,000 bribe while secretary of the treasury."

Roberts points out that, "The Connally bribe charge, if conviction were obtained, would result in a maximum penalty of two years and a \$10,000 fine. Yet Jacobsen, convicted on a San Angelo savings and loan charge, faced a maximum of 35 years imprisonment and a \$70,000 fine. That's not a double standard?"

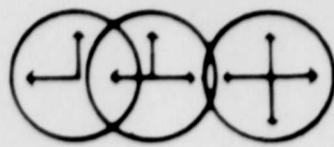

It always seemed strange to me that you could bribe one man to convict another man of bribery charges.

Roberts concluded with, "We can't help but think of something that Dr. George Beto, former head of the nationally recognized prison system in Texas once said.

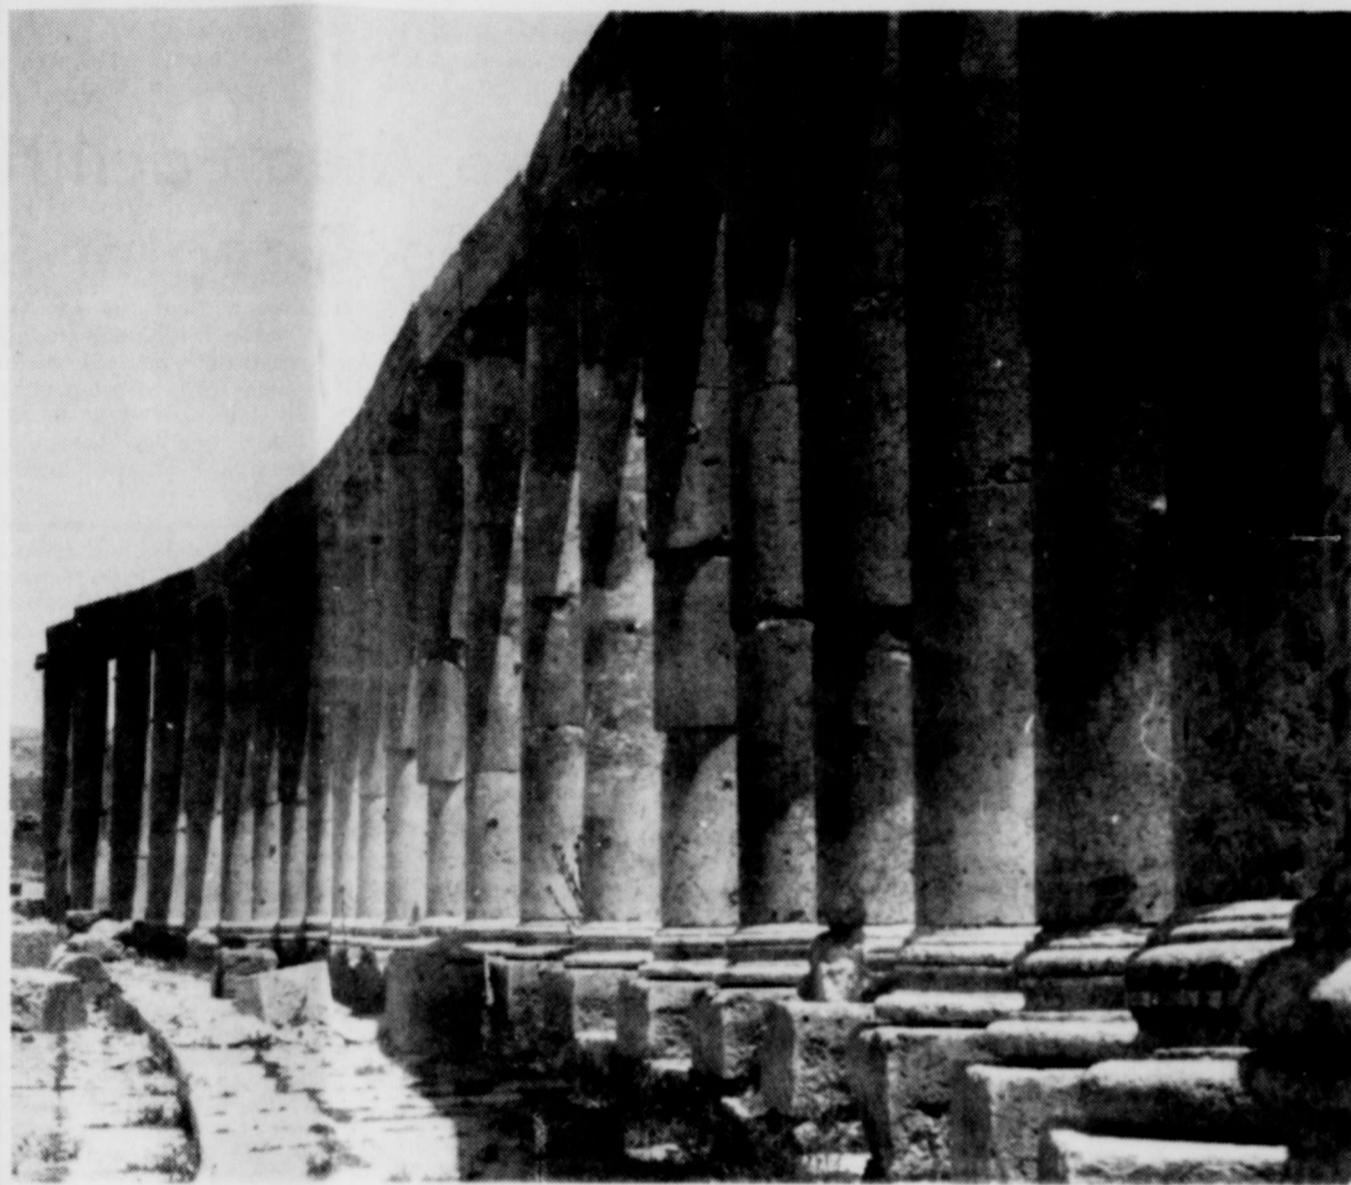

"Prisons exist for one of three reasons for inmates: restraint, rehabilitation, or reintegration into society . . . any other reason for locking up someone is pure and simple revenge!"

DON'T BLAME GOD

Go ahead . . . blame God for the hungry and the poor. Go ahead . . . blame God for war and violence. Yet we have had this thing about doing it ourselves. We have faith that man will some day pry loose all of the uglies inside us and we'll all be happy. Yet . . . God says there's a choice. Man and his way, or an inner peace and purpose that comes when you ask Jesus into your life. Go ahead and blame God. But the only thing He is guilty of is love.

THOUGHTS

From The Living Bible

"God has abandoned us," you cry. I'll tell you why; it is because the Lord has seen your treachery in divorcing your wives who have been faithful to you through the years, the companions you promised to care for and keep. You were united to your wife by the Lord. In God's wise plan, when you married, the two of you became one person in his sight. And what does he want? Godly children from your union. Therefore guard your passions! Keep faith with your wife.

Two Area Facilities Merge For Greater Service

The North Texas Rehabilitation Center and the Easter Seal Society of North Texas have been combined into the North Texas Easter Seal Rehabilitation Center to better serve the North Texas area, and construction has begun on an audio testing center, according to officials.

The hearing center is being built as an annex to the Rehabilitation Center in Wichita Falls which serves Archer, Baylor, Clay, Jack, Montague, Wichita, Wilbarger, and Young counties.

At present, residents of North Texas have to be referred to Dallas, Fort Worth, Abilene or Oklahoma City for in-depth hearing testing. When the \$40,441 annex is complete in late January, all facets of hearing testing will be available in Wichita Falls.

The Rehabilitation Center already provides therapy for both children and adults who are physically handicapped or have a speech and/or hearing difficulty and children who have learning disabilities. Testing, evaluation, counseling and therapy as well as information, referral and follow-up services are included.

The Rehabilitation Center and

Easter Seal boards were combined to eliminate public confusion and delete duplications while assuring all needs are met, according to A. C. Baker, who has been elected president of the combined boards.

In her annual report Bettye Wages, executive director of the center, noted that 609 patients, including 114 from Burkburnett have received a total 16,921

treatments during the past year. This is an increase of 82 patients and 3,126 treatments over last year.

Mrs. Wages also reported the 6th annual Crippled Children's Cattle Auction raised a record \$86,386.09 toward the 1974-75 overall budget of \$193,371.

Elected to serve on the combined board of directors is Reverend Lamoin Champ of Burkburnett.

Helps With Evacuation

Navy Airman Apprentice Ronald E. Welter, son of Mr. and Mrs. John J. Welter of 317 Preston Street, Burkburnett, participated in support of the evacuation of U.S. citizens, and citizens of several other nations, from the Mediterranean island of Cyprus.

He serves with Patrol Squadron 56, which provided

aerial reconnaissance while the evacuees were transported by helicopter from the island to ships of the U.S. Sixth Fleet.

Walter is currently deployed to the Naval Air Facility, Sigonella, Sicily, with the squadron.

A former student of Burkburnett High School, he joined the Navy in August of 1972.

Boatowners' Campout Is Big Success

The Boatowners chapter of the National Campers and Hikers Association displayed the true camper's spirit this weekend when they attended a campout on Lake Bowie despite the inclement weather.

The weekend was a roaring success with a fish dinner on Friday at Morrow's Coffee House in Bowie; and a wiener roast on Saturday with fishing, horse-shoes, and a slide presentation by Herman Miller.

The weekend closed with a pancake breakfast followed by all present attending church.

Members attending were: Mr. and Mrs. A. J. Reynolds, Mr. and Mrs. Bill Halsey, Mr. and Mrs. Jack Hall, Mr. and Mrs. Herman Miller, Mr. and Mrs. Bo Montgomery and son, Mr. and Mrs. Walt Deerre, Mr. and Mrs. Art Roper, Mr. and Mrs. Rick Richardson, Mr. and Mrs. Nelson Boyle, Mr. and Mrs. George Works, and Mr. Shrader Corder.

Mrs. Jerry Weaver of Oklahoma City is spending this week with her mother, Mrs. Lillian Hutson.

Mrs. Flora Mays has returned to her home from Angleton, Texas, where she has spent the past weeks visiting her children, Mr. and Mrs. Leon Webb and Aubrey Mays.
