

The Burk Burnett Bulldogs will begin their long trip toward the district championship tomorrow night as they travel to Vernon. I hope that all local fans will get behind the team and follow them the remainder of the season.

I look on the non-conference games as contests to find your weak points, and therefore not of the "must win" type of games. Now, however, it gets down to the nitty-gritty.

This is one district that you can't afford to lose many district games and still gain the championship. If you will recall, though, there have been several seasons where a team could lose one game (if he was real careful which game it was) and still win the district crown.

I would hope that this year's Bulldog team could resemble a team a couple of years ago that had a similar non-conference game standing, but then marched undefeated through the conference contests. Here's wishing the best to the Bulldogs tomorrow night.

They tell of the story of an enterprising New York youngster who recently wrote a letter which said, "Please send me \$100 so I can buy my mother a nice birthday present."

He addressed the envelope simply, "For God."

Someone in the New York post office, intrigued by the note, impulsively re-addressed it to the White House. When it reached the President's desk he promptly sent the boy a check for \$5.

Two days later the youngster sent another letter addressed to God.

"It was wonderful of you to send me the \$100 I asked for", read the note. "But why did you send it through Washington? As usual, those guys down there kept 95 percent of it."

The following bit of wisdom has been told for many years, but it still has a moral to impart.

How does a business or organization go about getting qualified sales personnel these days? The Jet Age Buggy Whip Manufacturing Corporation have had their hands full in recent years trying to hire, and keep, competent salesmen to sell their product. The increasing popularity of the horseless carriage seems to be discouraging salesmen from entering the buggy whip field, despite the fact that there isn't much competition or price cutting in that line.

A few months ago, Charlie Huysmann, who is president of Jet Age Buggy Whip, ran into an old college friend who told him about a fellow by the name of Horatio L. Kindelessor who could sell anything. So Charlie wrote Horatio and offered him an outlying territory. Horatio wired back—collect, of course—a very terse reply: "OK." Charlie thereupon airmailed a letter to Horatio, hiring him for the job and instructing him to start on his first sales trip. A few days passed, and then this short report arrived from Horatio:

"Dere boss: kawled on Skyhi airkraft mfg. Co., and I sold them 86 grosses of bugi wips."

Charlie had what amounted to a stroke. "Fire that idiot!" he roared. "He can't write English, and he calls on airplane manufacturers to sell buggy whips! And get me some milk for my ulcers!"

Before Horatio could be contacted and fired, another terse dispatch arrived from him:

"Dere boss: Hear lz awder for two hundrid and atey nein grosses ov bugi wips from Interplaneteri Prodzhektitz two yuze on there rockets."

Charlie sat back and thought. He thought hard and long. Then he came to a conclusion. If you can't lick 'em, he mused, "you might as well join 'em." And he promptly dictated a bulletin for

Local Chamber Reveals Busy Schedule For Oct.

A monthly membership luncheon, directors meeting, and later on an appreciation dinner for the Burk Burnett Volunteer Firemen are all on the agenda for the Burk Burnett Chamber of Commerce for the month of October.

Bob Dowd, a research engineer at the local CIBA-Geigy Corp. Pipe Systems plant here will be the guest speaker for the monthly luncheon to be held Monday at the Civic Center. Dowd will present a program about the local plant which will include some of their processes of making epoxy resin pipe and pipe fittings.

Chamber Manager Jim Lemley urges all chamber members to be present for this entertaining and educational program.

Thursday the Chamber directors will meet at noon in the Texas Electric Reddy Room for their monthly meeting.

Reports from the budget

committee and the nomination committee are expected to be heard at that time.

The Burk Burnett Volunteer Firemen and their families will be the honored guests of the Chamber on October 14 for an appreciation dinner.

Bar-be-que and all the trimmings as well as entertainment from Pat Patterson and his western band will be had at the event.

The appreciation dinner will be held at 7 p.m. in the high school cafeteria.

The chamber is sponsoring the dinner in appreciation of the hard work given by the local firemen. "It's our way of saying 'Thank You, in a small way', related Lemley.

Some 100 persons which include the firemen, their families, and chamber directors, are expected for the event.

Upsets - Upset Area Prognosticators

Football season is less than a month old and it seems there have already been more upsets and surprises than all of last year.

Even the bookies are undoubtedly having trouble picking the winners, so it comes

as no surprise that six people tied for first place in the Informer/Star football contest. They had predicted a mere 13 correct games. By the third week of the contest in past years prognosticators would have predicted at least 16 correct games if not 18.

Games that you knew would have a winner, wound up in a tie as was the case in Wichita Falls vs. Haltom, Hirschi vs. Mineral Wells and Henrietta vs. Nocona.

Then there were the upsets. Who would have thought that the Dallas Cowboys would take it on the chin two weeks in a row? Or, that Baylor could beat Oklahoma St., or Oakland would blank Pittsburgh? Included with the upsets could be Texas Tech over Texas, but Red Raider fans are saying that's no upset, they knew all along they had the better team.

Winning this week's contest was Pat Kelly who edged out Raymond Schroeder by one point on the tie-breaker score. Pat predicted Burk Burnett by 13-6 while Schroeder predicted Burk Burnett by 14-6.

Tied with the above two were Vernon Cardin, Lee Jantzen, Robert Nixon, and Charlette Skaggs.

Those predicting 12 correct winners were Mark McClurkin, Doug Green, Alex Koulovasos, Chris Koulovasos, Mike Watts, Johnny Gerstner, Vern Gerstner, Jerry Elaska, Mrs. C. Nixon, Michael S. Strahan, Sr., and Janelle Bowles.

Eva Bozeman and Charlotte Skaggs had the only entries that predicted the upsets of New York, Oakland and Baylor.

Mark McClurkin and Rusty Allen proved they know

Numerous Robberies Plague Local Police

Gold Cross Ambulance drivers Wednesday notified local police they had transported two local persons that had apparently been overcome by gas to the Wichita General Hospital. The two persons had been picked up at the D.D. Adams residence at 715 E. College.

Adams immediately notified the local Lone Star Gas office of the incident. Gas company manager Hearrell Scales went over the entire area of the house with a gas meter and no natural gas leaks were found. An improperly vented heater near the front door had been smoking the wall, it was noticed.

The two had been poisoned by carbon monoxide, presumably from the heater. Both were later released from the hospital.

Thursday, Terry Wayne Torrence of Wichita Falls was

picked up and charged with trespassing at the local high school. The youth had been asked twice by school personnel to leave the area before the police were summoned.

Torrence is considered by police as a known drug pusher at area high schools. Although

no known narcotics were found on his possession he did have a bottle containing a small amount of pills that have been sent to the lab for further tests. It was thought the pills were only iodine.

A trailer house on Lot 34 on Preston Road was reportedly broken into Saturday, but nothing was apparently taken.

Thomas Snodgrass of 806 E. 3rd Friday reported the theft of a shotgun from his vehicle.

Also that same day, Madelle Ellis of 614 Sycamore reported the theft of items from her back yard. They were valued at \$50.00.

Elias Dominguez reported Saturday that his shoe shop had been entered from a removed window pane in the back of the building. A small number of items were taken valued at \$150.

Sunday, a local citizen reported she thought the Burk Burnett Jr. High School possibly had been broken into. Upon investigation it was learned that someone had broken a window on the south side to gain entrance to the building.

MU PRESIDENT ADDRESSES LOCAL CLUBS--Midwestern University President John Barker, left, addressed members of the Burk Burnett Rotary and Lions Clubs in a joint meeting of the three clubs Tuesday. Shown with Dr. Barker are Dr. D.L. Ligon, center, of Midwestern University, and Rotary Club President Joe Gillespie. Dr. Barker enlightened club members on the qualifications and work load of instructors and also many of the changing qualities of today's student.

ANOTHER 100% FIRM IN THE UNITED WAY CAMPAIGN--Mathis Chevrolet, Pontiac and Olds, represented in the above photo by owner Jack Mathis, center, and Don Hellman, right, turn in their firm's pledges to the United Way to Bob Carter, campaign worker. "We are indeed proud of Mathis

Chevrolet for its response and the response of all of its employees to the United Way campaign," stated Carter. This is the first year that Burk Burnett has participated in the United Way campaign. It is now a greater Wichita Falls-Burk Burnett combined campaign.

TO TRAVEL TO VERNON

Bulldogs Try For First Conference Win Of '74

District 4-AAA competition officially gets underway tomorrow night as Burk Burnett travels to Vernon, Iowa Park

travels to Brownwood and Weatherford is hosted by Stephenville.

What was predicted as the top two teams in the district quickly square off as the highly touted Iowa Park Hawks battle with the always tough Brownwood Lions.

Iowa Park really took it on the chin their first game as the Rider Raiders romped all night for a 54-0 score. They bounced back the next two weeks though showing a little better effort. However, the Hawks were causing area sports writers to

wonder if they had been greatly over-rated the beginning of the season.

Their 28-0 blast of a tough Gainesville team last week seemed to re-assure sports enthusiasts that this could be the Mean Green's year if that performance is any indication of things to come.

Brownwood on the other hand dropped their first game and only squeaked by a couple of points. They had traditionally been a powerhouse when it comes to conference football and no less is expected Friday night.

Locally, though, attention is turned to the Burk Burnett Bulldogs as they take on the Vernon Lions in the first conference tilt for both teams.

Bulldog Coach Pat Smiley stated that all teams in District 4-AAA are always tough and capable of winning on any one given night. One of the big games will definitely be played at Brownwood, but more important to the Bulldogs is their own contest Friday night.

A team has to win them all before it has a clean championship title.

The Vernon team currently stands 2-2 for the season and is described as a "good" football team. They are coming off a big 59-14 win over Lake Worth last week. Prior to this they beat Levelland 6-0, and lost to Mineral Wells 39-27 and Altus 28-15.

They run a similar offensive attack as the Duncan ball club. They run mostly, with several passes sprinkled in between. Heading their offensive team are right end Railsback, 165 lbs.; tackle Warden, 190 lbs.; guard Bearden, 165 lbs.; center Pruitt, 180 lbs.; guard Jones, 165 lbs.; tackle Norton, 180 lbs.; end Favors, 165 lbs.; quarterback Leslie, 165 lbs.; wing back Easter, 160 lbs.; full back Wright, 175 lbs.; and half back McMahan, 160 lbs.

The Burk Burnett Bulldogs are in good shape for the contest, as they have only one doubtful starter for the game, Ricky Mason. Harold Rich will assume Mason's duties if he is unable to go by game time.

The District 21 banquet for the Grand National Horsemen's Association has also been scheduled to be held in Burk Burnett. The banquet will be Nov. 2 at the Burk Burnett High School Cafeteria.

win over Bonham. Smiley stated, "We played our best defensive game of the season. Bonham has a tough team and had been scoring an average of three touchdowns per game. I thought we played very improved defense to hold them to a mere 6 points."

"Offensively we showed improvement too," related Smiley. "We moved the football fairly well. I hope our improvement in our total game will be even more evident Friday night."

"Last week was by far our best total effort of the season

and I hope we can continue to improve throughout the remainder of the season," he continued.

Burk Burnett is known through out this conference as having a tough defensive ball club as well as having a ball-control offense. In addition, this year's club has passed for at least one touchdown in each of their non-conference contests.

District standing will be interesting to area football enthusiasts as the real strength of the member teams comes to light following tomorrow night's clashes.

Burk Burnett Rotarians To Host District Governor

The District Governor of Rotary International, Dr. Bill Trogdon, will be the special guest of the Burk Burnett Rotary Club for its annual club assembly Monday night. The meeting will be held at 7:30 p.m. in the Texas Electric Reddy Room.

Tuesday, Trogdon will address the Rotary Club at its regular monthly meeting. He will talk with local club president Joe Gillespie and other club officers to obtain information on the club's plans for its service activities and to offer suggestions on Rotary administrative matters.

Dr. Trogdon is one of 357 Rotary governors throughout the world who are serving as representatives of Rotary International in districts composed of member clubs. Each district leader is responsible for supervising the clubs in his area. Rotary, an international men's service organization has more than 758,000 members in some 16,092 clubs in 151 countries and geographical regions.

A member and past president of the Rotary Club of Stephenville, Dr. Trogdon is president of Tarleton State University. He was elected to office at the Rotary Convention in Minneapolis-St. Paul,

Minnesota, in June 1974 and will serve until June 30, 1975.

Though a seasoned Rotarian before his election to the office of district governor, Dr. Trogdon attended an international assembly last May at Lake Placid, New York, at which all Rotary governors for 1974-75 attended in-depth seminars to plan for their jobs. One of his biggest jobs will be to hold a district conference of all Rotary Clubs in his area.

CONGRESSMAN BOB PRICE receives the "Watchdog of the Treasury" Award from National Associated Businessmen President H. Vernon Scott. Price was among 183 U.S. Representatives and Senators who received the award, which is awarded for records of fiscal responsibility and efforts to reduce unnecessary Government spending. Price commented that the fact that only about one-third of the Members of Congress received the award was an indication of why the Congress has been ineffective in combating inflation. Price has received the bi-annual award in each Congress in which he has served since election in 1966.

Local Student In Who's Who

Brickley Sjolín, a senior at Burkburnett High School was recently notified that he is to be featured in the Eighth Annual Edition of WHO'S WHO AMONG AMERICAN HIGH SCHOOL STUDENTS, 1973-74, the largest student award publication in the nation.

Students from over 20,000 public, private and parochial high schools throughout the country are recognized for their leadership in academics, athletics, activities or community service in the books. Less than 3% of the junior and senior class students nationwide are awarded this recognition.

Brickley is the son of Mr. and Mrs. Carl E. Sjolín of 201 North Holly. He is active in Future Teachers of America, Spanish Club and the National Honor Society and has also received two academic awards as well as serving as President of the Burkburnett chapter of F.T.A.

In addition to having his biography published in the book, Brickley will also compete for one of ten scholarship awards of \$500 to \$1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers".

Brickley plans to attend The University of Texas at El Paso upon graduation in June.

Local Man-Wife Team Show Great Danes

SHEPPARD AFB, Texas—Sergeant Norman Leonard and his wife, Linda, enjoy a hobby of raising and training Dalmatians and Great Danes for show.

A computer operator in the Department of Comptroller Training of the School of Applied Aerospace Sciences at Sheppard, Sergeant Leonard was introduced to the hobby by his wife. She began showing dogs when she was a teenager.

She had previously showed her Beagle which won many prizes.

The Leonards are now showing Dalmatians and have just begun to acquire Great Danes which they are training to show.

Mrs. Leonard works with obedience which is strict performance on command from the handler. The sergeant works with confirmation which is the stature of the dog.

Register By Oct. 5 To Vote In Nov. Election

Texas Secretary of State Mark W. White, Jr. recently issued a reminder to any qualified person wishing to participate in the November 5th General Election that they must be registered by October 5th, 1974. A Wichita County voter registration application may be obtained at the County Tax Assessor-Collector's office or at the county sub-station located in the Burkburnett Chamber of Commerce office. The application may be filed either in person or by mail.

Secretary White noted that a registration is valid for three years and is automatically extended for the succeeding three-year period by voting in a primary or general election. Consequently, many voters who have participated in prior elections need not make application to renew their registration.

MRS. H.C. PRESTON, SR.

Mrs. H.C. Preston, Sr., a longtime Burkburnett resident, died Saturday following a lengthy illness.

A native of Sewanee, Tennessee, Mrs. Preston was born June 26, 1902. She came to Burkburnett as a girl and attended public schools here. She wed the late Hugh C. Preston in Iowa Park November 19, 1925. A co-founder of the Preston Dairy in 1921, Preston died in May of 1970. He came to Burkburnett in 1919.

Mrs. Preston was a member of the Church of Christ.

Services were at 2:30 p.m. Monday in the Burkburnett Church of Christ with Bill Guymon, Church of Christ minister from Ovalon, Mo., officiating. Burial was in the Burkburnett Cemetery under the direction of Owens & Brumley Funeral Home of Burkburnett.

Survivors include a daughter, Mrs. Dorothy Ann Short of Port Arthur, Texas; a son, Hugh C. Jr. of Burkburnett; a brother, Jack Mansfield of Wichita Falls; three sisters, Mrs. Sarah Ford of Washougal, Washington, Mrs. Undine Hodd of Portales, N.M., and Miss Dorothy Mansfield of Wichita Falls; four grandchildren and one great-grandchild.

The intruder broke into the visiting teacher's office, yet nothing was apparently taken. In addition, he set fire to one chair in the auditorium by using a cloth to help ignite the chair's seat.

Monday, Joanne Gilstrap reported the theft of a vehicle. Gibson's Discount at the Red River Expressway Monday reported the theft of two rings from their jewelry counter. The rings were valued at \$247.00.

It was reported that a man, his wife and two small children came to the jewelry counter apparently to purchase some jewelry. After the wife diverted the attention of the sales person, it was believed the man reached into the display case and removed the two rings. He then briskly walked out of the store, returning later to the parking lot for his family.

Police have descriptions of the suspects.

Tuesday, Bob Tisdale of 906 Kiowa reported the theft of an acetylene torch and accessories from his auto parked in front of his residence. The items were valued at \$200.

Sidney Padgett, who was reported last week as being taken to Gainesville on a warrant for burglary there, was never taken into custody by Gainesville authorities. By the time Padgett traveled to Gainesville, the person committing the burglary there was apprehended. Therefore, Padgett was declared totally innocent of the crime and the warrant was ignored by the authorities.

In other police action, an accident at the intersection of Preston Rd. and Kramer was investigated. Involved were a 1970 Chevrolet driven by Barbara Sutherland of 703 Preston and a 1973 Buick driven by Margaret Long of 900 Kiowa.

Also Tuesday, police investigated an accident near the intersection of Sheppard Road and Berry St. Involved were a 1970 Chevrolet driven by Bertha Kassenger of 825 Sheppard and a 1969 Buick driven by Tina Griffin of Randlett, Okla.

Monday, Alta Johnson suffered an injury to her wrist as she was hit by an auto as she crossed the street at the intersection of Avenue D and College.

Driving the auto was Charles Knight of 308 N. Beverly.

We don't intend to leave the next generation with a generation gap.

In the years ahead, these youngsters will need enough electricity for their homes, jobs, schools and hospitals — and to take care of the environment. At the same time, the availability of the basic fuels used to run our generating plants — natural gas and oil — will continue to decline.

That's why at Texas Electric we're starting to use other fuels, to decrease our dependence on natural gas and oil.

We're already adding lignite coal plants to our system. And we're planning a nuclear plant near Glen Rose for the 1980's.

One advantage of using lignite and nuclear fuels is that neither is being used extensively for any purpose other than the generation of electricity.

But plants that use these fuels cost a lot more than gas/oil plants.

While this means electricity will have to cost more in the future, the cost won't be as much with lignite and nuclear fuels as it would be with natural gas and oil, even if adequate new supplies were available.

We're continuing the orderly development of our power system, because we don't intend to leave the next generation with a generation gap.

REFREEZING FOODS
Occasionally frozen foods are partially or completely thawed before it is discovered that a freezer is not operating. Whether or not these foods can be refrozen safely depends on the temperature at which these foods were held and the length of time they were held after thawing.

You may safely refreeze frozen foods that have thawed if they still contain ice crystals or if they are still cold—about 40 degrees F.—and have been held no longer than 1 or 2 days at refrigerator temperature after thawing. In general, if a food is safe to eat, it is safe to refreeze. Thawed ground meats, poultry or fish that have any off-odor or off-color should not be refrozen. If the odor or color of any food is poor or questionable, get rid of it. The food may be dangerous.

Candymaking Workshop Set In Walters

A Candymaking Workshop has been scheduled for October 24 (Thursday) in Walters. The workshop, sponsored by the Cotton County OSU Extension Service, is open to the public at a cost of \$5.00 per person.

The course will be taught by Paul Baker, professional instructor with Candymaking Corporation of Lathrop, Missouri. The class will be conducted from 9 a.m. to 4 p.m. at the Cotton Electric Civic Room.

Participants will make fine gift-type candies, such as chocolate covered cherries, bonbons, coated pretzels, party mints, toffees, etc., during the class, and will receive the 24 page candymaking manual.

Those interested in taking the workshop are encouraged to contact the OSU Extension Center in the Courthouse, 875-3136. Residents of Stephens and Jefferson Counties may also attend. Deadline for reservations is Oct. 18. A minimum of 25 participants must enroll in order to conduct the class.

With world-famous cowboys ridin' ropin' the Championship Rodeo (Oct. 5-13) in the State Fair Coliseum will be the topmost event of the State Fair of Texas. The 17-day round-up, Oct. 4-20, is a bonanza of family entertainment—the Pan-American Livestock Exposition; liltin' Broadway musical, "Irene," with Debbie Reynolds in the Music Hall; elite horse shows; four Cotton Bowl major college football games and five free musical and marching Spectaculars; free outdoor stage shows; nightly parades with fireworks; resplendent bands, and the rollickin' Midway, newly lighted and landscaped.

Local Boy Heads 4-H Officers

Wichita County's 4-H Council has elected new officers for the 1974-75 4-H year. They are: Co-chairman: Robert Bentley, son of Mr. and Mrs. J.H. Bentley of Burkburnett and Dorothy Arnold, daughter of Mr. and Mrs. Albert Arnold of Electra. Secretary/Treasurer: Donnie Hatfield, son of Mr. and Mrs. Don Hatfield of Electra. Other officers include District Delegates: Carolyn Johnson and Robert Bentley; Alternate Delegates: Dorothy Arnold and Roger Smith; Reporter: Carolyn Johnson and Parliamentarian: Roger Smith. Committee chairmen were also elected. They are: National 4-H Week—Tammy Hunter of Iowa Park; Achievement

Banquet—Carolyn Johnson; Contest Between Clubs—Robert Bentley; Food Show—Sharon Ratcliff of Iowa Park; Dress Revue—Cindy Smalley of Burkburnett; County Tours—Charlie Nordstrom of City View and Camping Activities—Roger Smith.

Milk Output Dropping

Total milk production in the U.S. has dropped 4 billion pounds since 1965. During this time, the number of dairy farms declined from 1,107,000 to 462,000.

Since the 1974 calf crop was also larger, feeder calves numbered 3.3 million head more on July 1 than that same date last year. The number of such calves on feed on July 1 was also down almost half. Calf slaughter for the last six months of this year is expected to be up 175,000 head over the same period of last year. This still leaves 3.6 million calves in feedlots. Combined with the almost 2 million more yearlings, this makes about 5.6 million more feeder type cattle available for feeding this year than a year ago.

This large supply of feeders will surely mean substantially lower prices in the feeder cattle market in the coming months. The slaughter of many such feeder cattle will also continue to increase through the remainder of the year.

Uncertain is one way to describe fertilizer supplies as farmers begin to plan next year's crop production program. "Nitrogen", a key plant nutrient in fertilizers, is expected to continue in short supply. In fact, top officials in the fertilizer industry predict short nitrogen supplies until the late 1970's.

Phosphorus, another important ingredient in fertilizer, is also in generally short supply, but production is increasing so that an adequate supply should be available by late 1975. Turning back to the nitrogen situation, nitrogen production in the United States faces a

questionable future because natural gas supplies are limited. This means that U.S. agricultural producers must depend heavily on imports. Consequently, the price of nitrogen will continue high as the need for food production increases.

The date for the Wichita Falls Area Pecan and Food Show has been set for December 6 and 7. I hope you will make plans now to enter. The show will be held in the Sikes Center.

The Top of Texas Poultry Show will be held in the 4-H Barn on Midwestern Parkway in Wichita Falls Nov. 1, 2 and 3. Eleven states have already indicated they will enter poultry in the show. Several breeds will be entered, and classes include egg, meat, utility, exotic, and ornamental. If you have questions on the show, contact Homer Enderby at 855-2864 in Wichita Falls as he is in charge of the show.

An educational meeting for professional pest control people and others interested in the control of insect pests on lawns, pecan trees, and ornamental shrubs which are problems at this time, will be held Monday, Oct. 7 at 7:30 p.m. in the Extension Office, 1626 Midwestern Parkway, Wichita Falls. Emory Boring, Area Entomologist from Vernon, will be in charge of the program. The program should be excellent and if you are interested, you are invited to attend.

Local Riding Club Wins Another First

The Burkburnett Riding Club brought home another first place trophy when they competed in the Clay County Pioneer Reunion Parade Sept. 19. This makes eight first places for the Club this rodeo season. Only once have they failed to place first and that was at Walters, Okla. where they placed second due to a number of riders being away on vacation.

Twenty-one riders represented the Club at Henrietta. Although there was a torrential down-pour prior to the opening performance of the rodeo that first night, it failed to dampen the spirits of the Burk Club who set pivots for that opening performance.

The Club also enjoyed a barbecue at the arena immediately following the parade.

A trail ride scheduled for Sept. 28 was postponed due to high water in the area.

Native Publishes Book On Grandfield Area

A book on the history of Grandfield is now off the press. The book is the second in a series of books about former Big Pasture boom towns.

The account was authored by Bob Wyatt, a native of Grandfield, and present speech and drama teacher at Grandfield High School. The new book was a spin off of the history of Devol published in March of this year. An autograph party, honoring Wyatt, was held at the Grandfield Public Library Sunday.

Grandfield, like Devol, has a

unique history. It was an overflow boomtown from two Texas oil neighbors, Electra and Burkburnett. There were once two wooden bridges connecting Grandfield with each oil field.

The town, founded in 1908, was not one of the original Big Pasture government townships plotted when the area was opened for settlement. In 1908, two townships, Eschiti and Kell City, lying two miles apart were in a heated battle for area prominence. Eschiti was a government town, guaranteed protection and mail service. Kell City was a squatter town on the railroad right-of-way and founded by one of the founders of the Wichita Falls and Northwestern Railroad, Frank Kell. It had the railroad but no legal mail service.

In 1908, Reverend A.J. Tant, a Baptist minister, offered his homestead as a site for the combining of the two towns. He gave, without charge, a city lot to any resident or business of either town who would move immediately to the new site. Most did, but Grandfield, about half the distance between the two settlements was still without a name and a postal service. A group of businessmen went one night into Eschiti and stole the post office, complete with sleeping postal clerk. Federal marshals made them return it the next day. Within a few days, however, the government realized that their platted site of Eschiti, with no residents, little needed a post office, so they allowed that

building to be moved to the new town. They also assigned a name to the city. It was named after the then Assistant Postmaster General of the United States, Charles Grandfield.

Wyatt said that copies of the book, entitled GRANDFIELD: THE HUB OF THE BIG PASTURE may be ordered from him at Box 509 in Grandfield. He will handle all sales of the book himself. Several copies have already been ordered.

It is Volume I of a two Volume set about the city. It covers the town's history from 1908 until 1930. Volume II, bringing the city's history up to date, will be printed in 1975.

"There will be a limited number of specially bound, numbered collector copies available", he said. "They will sell for \$15. The regular binding will be \$10. The book has 270 pages with some fifty pages of old-time photographs provided by area pioneer families."

Wyatt is the grandson of a former long-time Burkburnett Police Chief, the late Walter M. Green.

Hay Is Cash Crop

Hay, traditionally fed to cattle on farms where it was produced, is becoming a cash crop for many farmers. In 1970, for example, more than a billion dollars' worth of hay was sold in 18 states.

Although the word is out that feeder cattle supplies across the nation are up substantially due to pressure on fed cattle prices and high feed costs, just how large are these supplies? Yearling beef animals over 500 pounds on farms and ranches on July 1 were up half a million more than a year ago, while the number of such cattle on feed in the major cattle

feeding states was down more than 2.2 million head. Despite the fact that the slaughter of yearlings is estimated to be about 818,000 head greater during the last half of 1974 (nearly triple the number slaughtered during the last half of 1973), this will still leave a surplus of yearling feeders of almost 2 million head more than last year.

MR. AND MRS. EDD E. BRUNER celebrated their 54th Wedding Anniversary on September 25 at Hickory Elm Convalescent Center in Burkburnett. The Bruners were married September 25, 1920 in Houston, Texas and have two children: Arnold H. Bruner of Conroe, Texas and Mrs. Iona Moore of Wichita Falls, Texas. They have five grandchildren and three great-grandchildren. They lived in Conroe, Texas before coming to Wichita Falls and Burkburnett.

Free daily "Best of the West" fashion shows from current collections of Texas manufacturers will alternate on stage with ballet, tap, modern and jazz dancers in the Women's Building during the State Fair of Texas "Exposition of the West," Oct. 4-20. Artists and artisans, hobbyists and collectors will display their crafts, collections and concoctions as they compete for prizes and premiums — sculpture to salad making, pie eating to pumpkin carving, crocheting to chili making, leathercraft to look-alikes.

Forum Study Club Begins Twenty-Second Year

The Forum Study Club began its twenty-second club year September 26 with a salad supper. Hostesses were the Yearbook Committee members.

Mrs. Don Holtzen offered President's greetings to the members and welcomed two guests, Mrs. Rick Cunningham and Mrs. Howard Hinkle.

Mrs. Tom Burnett, Chairman of the Yearbook Committee, presented the yearbooks for 1974-75 which feature the course of study "Historic Moments". Each of the six program assignments will span 10 years beginning with 1900-1910 and carrying through the year to end in May with 1950-1960.

Reports of other committees included a report from Project Chairman, Mrs. Charles McCullough with plans for the annual sidewalk rummage sale to be held downtown Saturday, Oct. 5. Mrs. Reeford Darter was appointed as Chairman of a special committee to plan decorations for the annual Federation Banquet. The 1974 N.F.W.C. United States of American Bicentennial Plates were delivered to members. These are the second in the series of 4 plates commemorating the anniversary of Independence for the United States.

After adjournment of the business meeting, there being no program scheduled, members and guests enjoyed a social hour.

The next meeting will be held October 24.

Lutheran Hour Begins 42nd Year

ST. LOUIS, MO. - The Lutheran Hour, a worldwide radio ministry sponsored by the International Lutheran Laymen's League, began its 42nd season of broadcasting on Sept. 22. Dr. Oswald Hoffman, Lutheran Hour speaker, marked the beginning of his 20th year as Lutheran Hour speaker.

Locally The Lutheran Hour is carried by KWFT, Wichita Falls, Sunday at 12:35 p.m.

In his opening season message, "The Good News of God," Dr. Hoffman reiterated the purpose of the broadcast: "To bear witness to Jesus Christ, offering the world life and salvation which God gives to all who believe in Jesus Christ."

Commenting on his role as a speaker, he added, "I am just a witness on this broadcast. I can't save anyone. Jesus Christ can save everyone. He can save you. He has paid the price for you. He has done everything to save you."

About 1,100 stations in the United States and Canada carry the English language program featuring Dr. Hoffman, and an additional 50 stations in the U.S. and Canada carry programs in French, Spanish, Finnish, Slovak, Chinese and Japanese.

Worldwide, Lutheran Hour programs, produced by offices in 18 countries, are broadcast in 45 languages to millions of people in 125 countries.

The Lutheran Hour first went on the air in 1930 with Dr. Walter A. Maier as speaker. Following Dr. Maier's death in 1950, Dr. Lawrence Acker and the Rev. Armin Oldsen served as speaker until Dr. Hoffman was named Lutheran Hour speaker in the fall of 1955.

In addition to The Lutheran Hour, the Int'l Lutheran Laymen's League, headquartered in St. Louis, also sponsors Preaching Through the Press, an evangelism program utilizing newspaper and magazine advertising, and is co-sponsor of "This Is Life", a television ministry produced by The Lutheran Church-Missouri Synod.

Weekly Health Tip from JOE GILLESPIE

Stress is part of our daily lives. An excess of frustrating tensions is unhealthy to the heart and other life processes. Exercise is one way to melt away tensions. Take a brisk walk, until you feel your tensions subsiding. Stepping back from a table or desk and doing push-ups is good therapy. Any exercise that relaxes tense muscles will help to relieve stress and tensions.

Karen plans to attend Midwestern University in Wichita Falls and Texas Women's University in Denton.

First Assembly To Show Film Of Armageddon

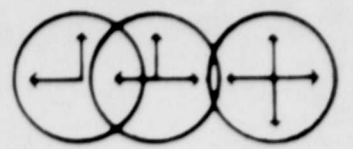

David Wilkerson Youth Crusades has just released a new film depicting the events foreshadowing the last world war at Armageddon. The 45 minute full color film features David Wilkerson, author of "The Cross and the Switchblade", narrating the dramatization of five calamities that are coming to the world.

The film is based upon insights into final events Wilkerson received from God this past April. "I saw coming to the United States and the world: A terrible recession; a major earthquake; and world-wide famine; a flood of filth on TV and on the newsstands; hatred against parents by teenagers; and a persecution madness directed against all Jesus people," said Wilkerson. "The Road to Armageddon" is now being premiered in churches throughout the United States and Canada and is soon to be released in Europe.

The public is cordially invited to this special presentation scheduled to begin at 7:30 p.m. in the First Assembly of God Church located at College and Avenue "B" in Burkburnett. Admission is free.

GOD'S FIVE MINUTES

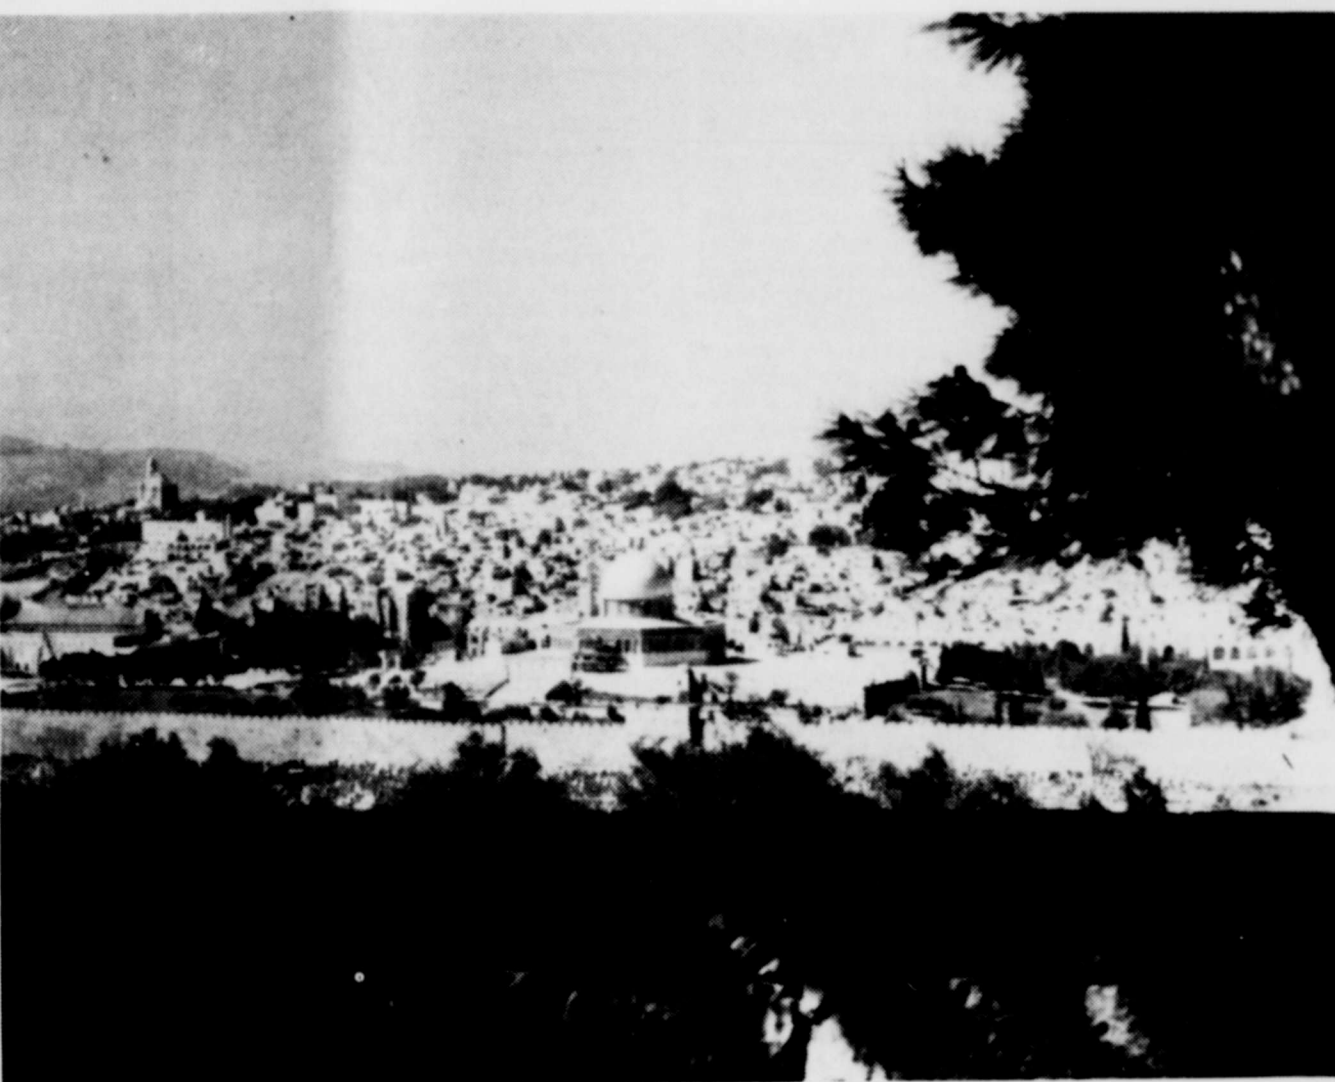

EVERYBODY ELSE DOES IT TOO

A wise old man once said to me, "I prefer to run in a herd by myself." He was no iconoclast, no hermit. He was telling me, warning me, against the danger of conformity.

"Everybody else did it, too," the little boy said when questioned by his father about certain undesirable behavior. There is nothing inherently wrong about following the crowd if we pick the right crowd. But some men and women march to a different and distant drummer, and they prefer to run in a herd by themselves.

Conformation to the world is where the danger lies, for the world is heartless and unfaithful to its friends. "Be not conformed to the world," Jesus said, "but be ye transformed by the renewing of your minds."

PPG Industries Foundation Offers \$6,000 Scholarship

WICHITA FALLS, Texas--PPG Industries Foundation will award a four-year scholarship valued up to \$6,000 to an outstanding 1976 high school student graduating from a Wichita Falls area school designated in the newly-elected program.

Ralph E. Siebach, local foundation agent and PG Plant Manager, revealed the scholarship is being offered to all juniors attending these high schools--Hirschi, Notre Dame, S.H. Rider, Wichita Falls, Burk Burnett, and Iowa Park.

He said that children of employees of PPG's Wichita Falls float glass plant are eligible to compete regardless of the location of the secondary school they attend.

Siebach said, "The scholarship amount will be determined by the National Merit Scholarship Corporation (NMSC), and will be related to the student's actual need. The winner will receive an award ranging from \$250 to \$1,500 annually during the four-year period."

Siebach said junior class students planning to compete in the foundation's 1976 plant community scholarship program must take the National Merit qualifying test (PSAT-NMSQT) given at their high school on either Oct. 22 or Oct. 26. Candidates also are required to file a PPG Foundation scholarship application with the Wichita Falls plant manager to become eligible for the competition.

The award will be presented by the PPG Foundation agent at or prior to the winner's high school commencement in 1976. Other finalists interviewed by the scholarship committee will be presented honorable mention awards of \$25 U.S. Savings Bonds at the same time.

Siebach reported the 1976 PPG Foundation brochure-application forms are now available at the designated high schools and students can obtain them by contacting their high school principal or counselor. Siebach announced the Foundation's scholarship program at a luncheon held for administrators representing the designated high schools and company officials.

Library Corner

With the prospect of a new golf course in mind, the library has a copy of Jack Nicklaus' new book, **GOLF MY WAY**. It was written by the superstar, and covers the entire technique of the game as he plays it, from A to Z.

There are several new - on our shelves--books about Texas; the Texas panhandle frontier, by Frederick W. Rathjen; **CATTLE KINGS OF THE STAKED PLAINS**, by George A. Wallis; new edition of **TEXAS AND HER RESOURCES AND HER PUBLIC MEN**, by Jacob de Cordova; **RECOLLECTIONS OF EARLY TEXAS**--memories of John Holland Jenkins; and **THE WAY I HEARD IT**--tales of the Big Bend, by Walter Fulcher.

Poetry for those who enjoy lyrics and rhymes: **GOOD MORNING, LAST POEMS**, by Mark van Doren; **THE SUNS BIRTHDAY**, by John Pearson; **WHAT THE WORLD NEEDS NOW** - and other poems, by Hal David; and **EPIC OF BOLINAS**, by Harrison Dibble.

Robert W. Creamer has written a full, in-depth, adult biography of Babe Ruth. After reading, you will understand why the man was called "the home-run king", and others are known as "the Babe Ruth of water skiing", "the Babe Ruth of bank robbers", "the Babe Ruth" of "most anything!"

For Texas history, read the biography of **KING FISHER**, by O.C. Fisher and J.C. Dykes. Fiction new on our shelves: **RETURN JOURNEY**, by R.F. Delderfield; **I CAME TO THE HIGHLANDS**, by Velda Johnston; **A HANGING IN SWEETWATER**, by Stephen Overholser; and **HIGH CRYSTAL**--a six million dollar man adventure, by Martin Caidin.

Sunday Proclaimed "Punt, Pass And Kick" Day

Saturday has been proclaimed "Punt, Pass and Kick Day" by Mayor T.M. Cornelius. That's the day when more than 100 Burk Burnett youngsters will be matching punting, passing and place-kicking skills in local competition for 18 PP&K trophies. The event will start at 2 p.m. at the Burk Jr. High football field.

In his proclamation, Mayor Cornelius acknowledged that the PP&K program underlines the importance of physical conditioning basic to other forms of excellence. The Boomtown JC's are co-sponsors with Wolfe Ford Co.

Punt, Pass and Kick which is

co-sponsored by the National Football League and the Ford Dealers of America as well as many local organizations across the country--is in its 14th year. Participation this year is expected to exceed 1,200,000 youngsters.

Any boy or girl, 8 through 13 years of age, accompanied by a parent or guardian, is eligible to register at any participating Ford Dealer. Each youngster competes only against others in his or her own age group. There is no body contact and no special equipment is needed. Also, no entrance fee is required and participation does not impair a youngster's amateur standing.

National Oilers List Twenty-Two On Roster

Cub Scout Physical Fitness Championship

This Saturday, Cub Scout Packs from the 13-county Northwest Texas Council, Boy Scouts of America will have a Cub Scout Physical Fitness Program at Perkins Reservation near Burk Burnett.

The Physical Fitness Program is in keeping with the BSA American Bicentennial theme for 1974-75 of "Be Prepared For Life, Be Safe, Be Fit". The five competitive events are part of the President's Council on Fitness Program and include a softball throw, modified push-

ups, modified sit-ups, standing broad jump and fifty yard dash. There will be three competitive age groups of 8, 9 and 10.

A council Cub Scout Pack will be determined. The scores of the council winner will be submitted for possible National championship recognition.

Registration for the event will begin at 9:00 a.m. with the competition scheduled to commence at 10:00 a.m. All Cub Scouts, leaders and parents attending should provide their own noon sack lunches.
