BURKBURNETT, WICHITA COUNTY, TEXAS 76354

THURSDAY, DECEMBER 26, 1974

NUMBER 17

Well folks, here's the news, everything that is news and what could even be stretched to be news. It's TGIO Day.

What in the world is TGIO Day? Well it comes but once a year and it follows Christmas. It's Thank Goodness It's Over Day. If you're a parent, then I know that you will agree with me.

By now most of the traveling is behind us. We no longer have to hide the many gifts and hold our breath everytime one of the young-uns begins to look around in peculiar places.

The day is over when we have to spend the preceding night trying to assemble toys by placing tab A into slot B and then attaching little arm Z which should by now be affixed to leg G that just happens to be left out at the manufacturers (But you don't learn this until three hours later.)

The day is over when you have to figure out how to get twice as many toys into the trunk of your automobile as you took to Grandmaws in the first place. And that includes the fully erected swing set that was delivered to Grandmaws in a pickup but you have to haul it and all the other hoard of goods back in a compact car.

The day is over when you have your senses jolted by your children's actions. As you watch with sleepy eyes, you will notice that your children are not playing with the \$5555 toys that you looked all over the county for, but they are playing with the BOXES the toys came in instead!

The day is over where you can threaten the kids with "You'd better stop that, and be good, or Santa Claus won't come to see YOU!" They don't care about that anymore. Or, at least won't care about it until about November of next year.

The only bad thing about today is that the turkey is not over! Yesterday, as you looked over the delicately browned roasted turkey and all the trimmings, you just knew that there wouldn't be enough to go around. Today you feel as if the bird multiplied over night.

For today at lunch it will be turkey sandwiches. Then tonight you will have a hot meal-heated-up turkey and dressing.

I'll fool her tomorrow, you think. I'll eat lunch in town with the boys and she and the children can finish the turkey if they want-I just don't think I can go another meal of the ##&*& bird.

You come home thinking of a big steak, or maybe something totally different than the holiday meals, say Mexican food. But what does the wife have to say when you ask what's for supper? "I knew you probably had a good lunch in town today dear, so I thought we'd just snack tonight. We had just enough of that urkey left to make turkey salad sandwiches!!!"

Oh well, so much for the holiday season. Truly it's a lot of fun, especially when you look back on it -- say maybe in the month of July.

You know it's always a shock when someone you know and trust is caught red handed in a crime.

Take for instance one of the most loved and trusted men in town was caught stealing the other day. Stealing what? Salt and pepper shakers from the

Lighting Contest Winners Told; Lighting Fund Gets Big Boost

The 1975 Christmas Lighting Fund of the Burk Burnett Chamber of Commerce received a big boost Friday as the winner of the business lighting contest donated its first place prize to that fund. In addition to this the business also matched the prize money with an expense check of its own.

The First National Bank with its lighted candles on the outside of its building captured the first place prize of \$100. Officers of the bank decided to put the money into the 1975 Christmas Lighting Fund where it will go toward the purchase of street decorations for the city next year. They also matched the prize money with a \$100

donation from the institution, designated for the same fund.

Second place winner in the contest was the Burk Florist. Awarded third place was Lippard Furniture.

Several of the local businesses scored extremely close in the contest when the final tally was made, according to Jim Lemley,

local chamber manager.

Bill Link, executive director of the United Way, Mrs. Billy Harris, also of Wichita Falls who is well known for her artistic talents, and Mrs. H. G. Williams an interior decorator from Lawton, Okla., served as judges for the lighting contest.

Businesses were judged on their artistic merit, originality, lighting technique and ingenuity. See LIGHTING, Page Two

Chamber Awards Last \$250 In Christmas Cash

A large crowd was on hand as the last Christmas Cash drawing was held Saturday. The special promotion was sponsored by the Burk Burnett Chamber of Commerce in hopes of promoting shopping in Burk Burnett during the holiday gift season.

Each Saturday for the past three Saturdays, \$250 in Gift Certificates have been given away by the chamber. The certificates could be redeemed at any business in Burk Burnett.

Winner of the \$75 first

prize was Rose Michael of 719 Glendale. Winning second was Sharon Cardin of 1102 Sheppard Road. The second place winner received \$50. Third place winner of \$25 was A. M. Lawson of 436 West 3rd.

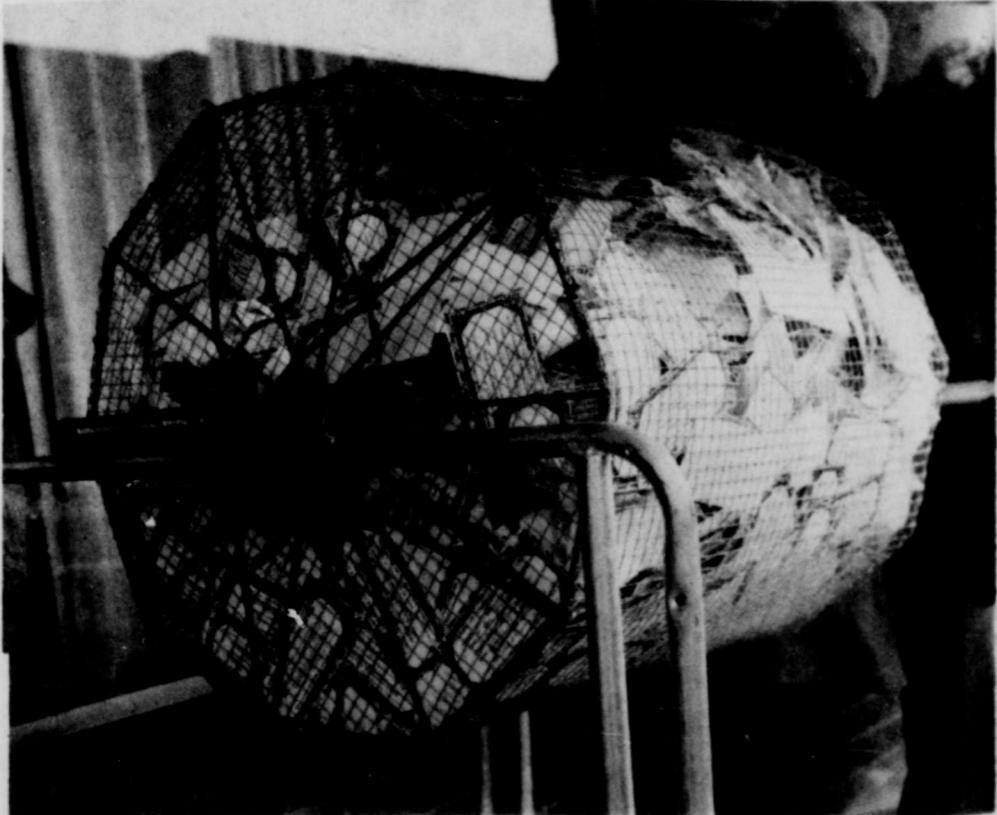

The \$20 gift certificates went to Everett Hawhee of 302 Preston, David W. Brantley, Maj. and Mrs. G. D. Wasserzieher of 803 Mohawk, T. J. Campbell of 607 East Third and Michael Sloat of 6 1/2 A Williams Drive.

A total of \$750 in gift

certificates were given away during the three weeks of drawings sponsored by the Chamber of Commerce. All of the certificates were redeemable at any business in Burk Burnett.

Persons were able to register for the drawing as they visited and shopped in local businesses that were members of the chamber of commerce.

Local merchants were re-imburshed by the chamber for the full face value of the gift certificate.

HEAVY PARTICIPATION - The hopper filled with some 13,000 entries in the Christmas Cash drawings, shows the tremendous response received from local citizens.

RECORD PARTICIPATION EXPECTED

Date Told For Livestock Show

An estimated \$800 in premium money will be given at the culmination of the Burk Burnett Junior Livestock Association show slated for Jan. 11.

This promises to be one of the largest shows ever as some 150 animals are expected. Students in the Burk Burnett Independent School District that are members of either the FFA or 4-H are eligible to participate in the annual show.

Local vo-ag instructor Jake Fite reported they expect about 50 hogs for the show and plans are at present to have four classes of swine.

possibly can." He pointed out that these are some of the most expensive animals the students have raised due to the high cost of feed. To compound the problem the current market price for the animals is very low.

In prior years when the market was at an all time high the student would receive a large amount of money for his animal when it went to the sale. This added to an average premium would enable the student to realize a small profit for his labor, or at worst to break even.

This year with the high cost of feed etc. and the low market condition, it will take

a large premium for the students to operate on a break even basis at best.

Work is continuing on the association's show barn in order to have it ready by the show date. Recently new lights were installed and work has been done to the building.

It is hoped that in future months that other improvements, like providing water, will be added at the facility.

Fite also reported that the association currently has some 50 head of calves running on wheat pasture. Monies derived from this program goes toward paying for the show barn and its improvements.

Police Report Numerous Thefts

The Burk Burnett Police Department this week reported six cases of theft and four minor traffic accidents.

Mrs. Will Teal of 306 E. Fourth reported Wednesday the theft of a new garbage can. She stated this is the third one that has been stolen.

Mrs. James Ludeke reported Saturday that wheel covers from her pickup had been stolen as the vehicle was parked at the Youth Center.

Also that same day W. Lee Gibson of 212 Westwood reported the theft of a tool box from his pickup which was parked at his residence.

A report came in Sunday that the Hardin Grade School cafeteria had been broken into. Taken were 8 doz. ice cream bars, five lbs. of frozen french fries, six lbs. of weiners and five lbs. of cheese.

The owner of Ranch House

Motel reported Sunday that someone had stolen a cabinet model color television set from one of the apartments there.

Mrs. Pat Suttles reported to police that a Florida man visiting Burk Burnett had stolen a TV from the Hilltop Club.

Police investigated a two car accident Thursday morning involving a 1969 Opel driven by Jacquelyn S. Hendrickson of 935 Kiowa and a 1972 Ford driven by James M. Burden of 413 Holly. The accident occurred at the intersection of Kramer Rd. and County Rd.

The intersection of Ave. D. and Glendale was the scene of an accident Friday. Involved were a 1966 Chevrolet driven by Dewie A. Ramsy of 516 Glendale and a 1963 Rambler driven by Ronald E. Fuller of 116 Ave. D.

Recipe for using electricity more efficiently for cooking.

When cooking foods in liquid — whether in an electric skillet, crock pot, Dutch oven or on your range — use the lowest heat setting that will maintain a boil.

Don't open the oven door unnecessarily. Opening the oven door when the oven is hot can cause heat loss and extended cooking time.

For toasting bread, use a toaster or portable toaster-oven instead of your range oven. The smaller appliances are more efficient for this job.

Reduce cooking time by thawing meats before cooking them. When recipes call for a preheated oven, don't turn it on too far in advance — usually 10 to 15 minutes will do.

Use flat-bottomed pans. The flatter the pan, the better the contact with the electric unit. Be sure the pans have tight-fitting lids to reduce cooking time and moisture loss. Match pan size to unit size to avoid heat loss.

Plan one-dish meals that can be cooked in a portable electric appliance such as a skillet, deep fat fryer, Dutch oven or crock pot.

Get our free booklet, "Tips to help you use electricity more efficiently throughout your home." Copies are available in our office, or you can request one on the comment portion of your electric service bill.

local Boomtown Restaurant, that's what. If it had been sugar maybe we could understand why any person would be tempted to break the law. But salt and pepper shakers?? Really!

Of course he claims that some of his "friends" planted the goods in his coat pockets (both times he was caught). Of course his friends deny having anything to do with it. In fact I heard that if he doesn't correct his bad habit that his friends may be looking for someone else to drink coffee with them.

Mr. Tuttle, owner of the Boomtown Restaurant is doing his part in trying to help break him of this embarrassing habit. He has begun placing salt and pepper in GALLON size containers on this certain person's coffee table. "Let's see him get those in his pockets and sneak out with them," says Mr. Tuttle.

Now that I have presented the facts of the case just as I have heard them, I'll let you be the judge.

Do you think that Minyard Nixon is guilty of pilfering salt and pepper shakers? Or, do you think that honest men like Bob Carter, Wayne Lax, Pat Patterson, Roy Lee Bridges, and Frank Carr, just to name a few, would plant such things in Minyard's pockets and then accuse him of stealing?

In a direct operation, the station personnel either are on the company payroll or receive a commission on sales. Other stations, even though they may carry a major brand name, are operated by independent dealers on a "lessee dealer" basis.

The study noted that some stations are company operated because of contractual requirements of turnpike, thruway and municipal authorities.

Six From Burkburnett To Graduate From M.U.

Among the 163 Midwestern University students who are candidates for degrees in December are the following students from Burkburnett. Midwestern candidates included 14 for graduate degrees, 142 for baccalaureate and seven for associate degrees.

Steve Martin Broome is a candidate for the bachelor of business administration with a major in accounting and minor in business administration. His father is Horace M. Broome of 904 Aztec, and Broome lives at 701 S. Preston with his wife Linda.

Richard W. Gum is a candidate for the bachelor of business administration degree with a major in business administration and accounting minor. He lives at 1003 Beverly Loop with his wife, Mona.

Leslie Wayne Kemp is also a candidate for the B.B. A. degree with a major in business administration and minor in accounting. He resides at 303 Kelly with his wife Brenda.

Lighting
 Continued from page one

Special emphasis was given to the outside lighting portion of the business's display.

It is planned by local Chamber officials that by next Christmas season the Chamber will have purchased new street decorations. These new decorations together with the merchants decorating their businesses will greatly enhance the Christmas spirit in Burkburnett.

Most Gas Stations Independently Owned

Only 3.5 per cent of this country's service stations are directly operated by 22 of the nation's leading oil companies, according to a survey conducted by the American Petroleum Institute.

The companies surveyed reported that as of June 30 they directly operated 7,375 of the nation's estimated 212,000 service stations. The survey encompassed all stations, including branded, unbranded and secondary branded, operated by the reporting companies.

In a direct operation, the station personnel either are on the company payroll or receive a commission on sales. Other stations, even though they may carry a major brand name, are operated by independent dealers on a "lessee dealer" basis.

The study noted that some stations are company operated because of contractual requirements of turnpike, thruway and municipal authorities.

Increasing Wild Life No Major Problem

Increasing wildlife on your land may be a simple matter of management, says Monte Toombs, Soil Conservationist at Iowa Park. In many cases the number of quail and dove and other species of game can be greatly increased by following a few simple steps.

Quail and dove are plentiful in almost all rural areas of Wichita County. However, the number of these birds can be substantially increased by increasing the cover and food supply.

When land is being cleared of brush such woody plants as lotebush, wild plum, and shin oak should be left to provide cover for quail. Each spring narrow strips may be disked adjacent to woody areas and along creek banks to provide more of the better food plants for game birds and song birds. Ground disturbance encourages the growth of such plants as croton, sunflower, and ragweed.

TEXAS MEAT EXPORTS DROP 40 PERCENT

AUSTIN--Exports of Texas red meat dropped nearly 40 percent this year while production increased eight percent, another financial blow for an already ailing livestock industry.
According to Agriculture Commissioner John C. White, marketings of beef, pork, lamb and mutton reached 1,763 million pounds in September. Of this, 247.2 million pounds have been exported.
White said two large potential markets, Japan and the European Common Market, embargoed U.S. meat to protect domestic production. Canada drastically reduced U.S. meat imports and for a period prohibited sales of U.S. beef.
The U.S. has retaliated by reducing meat imports. A greater decrease is expected as a result of this country's recent restriction on Canadian meats, retroactive to Aug. 12.
This year's national cattle slaughter is expected to exceed 36 million head, a seven percent increase over last year coming mainly from grass-fed beef. Fed cattle slaughter will be down seven percent.
Though beef supplies are expected to remain abundant through 1975, pork, lamb and broiler production will be down. Hog producers have reduced breeding stocks and plan fewer farrowings for next year. Sheep and lamb slaughter likely will decline as producers reduce their herds due to higher finish feeding costs.
These cutbacks indicate higher prices for consumers, White said.

Cattle On Feed at 1970 Low... Sheep and Lamb Feeding Also Declines... Wheat Pasture Prospects Good... Dairy Incomes Down.

TEXAS CONTINUES as the number one cattle feeding state in the nation, but feeders have the lowest number in feedlots in the state in the past four years. Cattle and calves on feed in Texas as of Dec. 1 totaled 1,428,000. This is 37 per cent below a year ago and eight per cent under last month. It is also the lowest since October, 1970.

During November, cattle feeders placed 51 per cent fewer cattle in their lots than a year ago. This is also 47 per cent below the previous month.

Nationwide, the same trend continues. In these seven states preparing monthly estimates of cattle on feed, the Dec. 1 inventory was three per cent below a year ago.

Cattle placed in the feedlots were down 33 per cent from a month earlier and are down almost 30 per cent from a year ago.

Reason for the continued decline in cattle feeding is due to continued high costs of production. Cattle marketings are also down considerably from month ago and year ago levels.

WHILE cattle feeding declines, there is also a downturn in the number of sheep and lambs on feed in Texas.

Drylot sheep feeders with a lot capacity of 2,000 head or more had 72,000 sheep and lambs on feed for slaughter as of Dec. 1. This is 16 per cent below the number on feed a month ago and 21 per cent below a year ago.

Current intentions to market include 31,000 in December, 32,000 in January and 9,000 in February.

Continued downturn in number of cattle and sheep on feed will in the long run be reflected to the consumer in fewer supplies of beef and lamb.

MEANWHILE, WHEAT PASTURE prospects in Texas continued to be bright. The Texas Crop and Livestock Reporting Service notes that winter wheat pastures in the Panhandle and Low Plains of the state are providing excellent grazing for livestock. Early stands continue to make good growth generally, and stocking rates have surpassed last year's level as farmers continue to move livestock onto fields.

In the three-state region—Texas, Kansas, and Oklahoma—only about half of the fall seeded wheat had sufficient forage to support grazing. Forage supply is still rated as fair.

MILK PRODUCTION in Texas is up but it's also down. While milk production in the state during November was up two per cent from a year ago, it is down four per cent from the previous month.

Nationwide, the same trend is occurring. Milk production is down three percent from two years ago and is up only slightly from a year ago. Economists now are projecting that milk production in 1975 may be the lowest since 1947 or 1948.

News From Hickory Elm

Last week we neglected to mention our Thursday evening service. It was held by Calvary Baptist Church. This week's service was held by the Church of Christ, and the Singing C. A.'s were here Tuesday night.

With the Christmas season here, many clubs and groups have remembered our residents here with gifts and entertainment and we appreciate every act of kindness.

We would like to take this opportunity however, to say a special "Thank You" to those who visit us faithfully throughout the year: the Singing C. A.'s and members of Central Baptist Church who are here every week; Theta Epsilon Sorority and First Baptist Church who donate prizes for games every month; the churches of the Ministerial Alliance providing a weekly evening Church Service; and lastly; our volunteers who perform numerous services that help brighten the lives of our residents.

Visitors this week included Mrs. R. Robertson, who came to see Mrs. Zahl, and Rev. Fuller to see Mr. Blair.

Mrs. Carol Gibbs and her daughters came and brought Christmas balls to many of the residents. On Thursday they brought decorated trees and gifts to Mrs. Walsh and Vera Hess.

Mrs. L. Foster visited Mrs. Cooper, Mrs. Kennedy and Mrs. Reed.

Mrs. Ella Gill and Mrs. Sam Spencer visited Mrs. Kennedy and Mr. and Mrs. O. J. Cooper, Sr. and brought gifts.

Jewel and Lois Reed visited Mrs. Kennedy and Mrs. Henson and brought gifts of clothing to some of the other residents.

Ruth Beldon visited Mrs. Kennedy, Mrs. Swan, Mrs. Reed, Mrs. Wallace, Mrs. Henson and Mr. Crater.

Mrs. Young's kindergarten class from Southside Elementary presented a delightful program Tuesday morning.

On Tuesday evening a group from the Central Baptist Church came to sing carols.

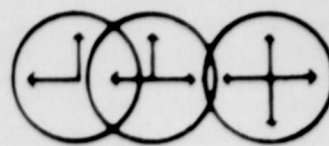

On Wednesday afternoon Joanne Duke and members of F.H.A. served punch to the residents, brought fruit and sang carols.

We would like to thank the Chamber of Commerce and the Jaycees for inviting us to the concert Tuesday night and for offering to provide transportation.

Merry Christmas to you all.

LET THERE BE LIGHT!

I flew to the Great North Woods of Canada to fish. Enroute God gave me the unforgettable experience of seeing the Northern Lights, the Aurora Borealis. Suddenly, for perhaps the first time, I really reviewed His whole creation. In a moment's flash I saw it as a veritable festival of lights.

No wonder it all starts out with Him saying, "Let there be light!" And even He cried out, "It is beautiful!"

Jimmie Durante used to say, "Good night, Mrs. Calabash, wherever you are." Remember? And then he left the stage slowly, walking from one puddle of light to the next.

We have a song that expresses it beautifully—"Stepping In the Light."

Jesus said, "I am the light of the world."

Annual Scout Dinner Scheduled For Jan. 25

The annual meeting and recognition dinner for the Northwest Texas Council, Boy Scouts of America, will be held in Clark Student Center, Midwestern University, Wichita Falls, January 25, 1975, 6:30 p.m., according to E. E. Kersey, dinner chairman.

"This is one of the biggest Scout leader meetings of the year as the council reflects on its accomplishments of the preceding year and recognizes the many volunteers who provide the dedication and leadership which makes Scouting happen in the 13-county council," Kersey said.

Highlights of the evenings program will feature the recognition of four new Silver Beaver recipients. The Silver Beaver is the highest award a council may bestow upon a volunteer leader. The Six

Star Award will be presented to many unit leaders for excellence in recruiting of new members. The Good Turn Award will be presented to persons and organizations which have gone the extra mile in helping Scouting in 1974.

Council officers for 1975 will also be installed during a special installation program. Tickets for the annual event may be obtained by contacting the Council Service Center in Wichita Falls.
