### It's A Little Thing But Important

The paper shortage is so serious that local stores have been requested by wholesalers to send in all available boxes so that spring merchandise ordered may be shipped by them, all available boxes and paper supplies going into the war effort. Even then, the supplies will not meet the demands.

To alleviate the drastic shortage, a waste paper drive is being held here, and everyone has been asked to save all old newspapers, magazines, cardboard boxes and cardboard cartons.

Call Loy Nichols, local chairman of the Boy Scout paper drive, and he will have the boys pick them up. Mont Bowles, manager of the Farmers Gin, has graciously consented to use his truck to pick up the paper. The paper is hauled to Wichita Falls, and sold, as there is no place available for storing here.

The chairman states there is enough paper gathered up now for a load this week-end, but requests that you save your old papers, magazines, etc., by the middle of next week as another round will be made at that time. But above all, don't throw away one piece of paper that can be contributed. It's a little thing to ask, but its more than worthwhile. Won't you start saving today?

### City Tax Collections \$15,772.10

City Manager Loy Nichols reports that city taxes are coming in fairly well, and to date there has been \$15,772.10 collected. Current collections were \$10,557.72; delinquent collections \$5,214.38.

He urges those who have not paid their taxes to do so before the first of February and avoid the penalty and interest.

School tax collector and assessor, D. F. Douglas, states that a number have not yet paid their school taxes and urges them to do so before the deadline, Feb. 1st. His office, in the school building remains open six days a week.

Ray Hill, deputy tax assessor and collector, states that poll tax receipts issued to Thursday at noon amounted to 450. This is about half of the voting FOR SALE—Several pounds of urges everyone to pay their poll tax early and avoid the last minute rush.

### Cannon Drug Has January Drug Sale

The Cannon Drug Store is having a January Drug Sale beginning this week-end. He is the agency for the Walgreen Products and has a big supply of that product on hand, as well as other leading brands of drug sundries. This week's ad will be the first of a weekly series of ads to run in the Star and his ad can be found each week in the top right hand corner on page 5.

Read his ad each week and profit by the many bargains that will be offered. He will report for duty at Camp Dix, California, after his visit here.

**LIEUT. E. H. SERIGHT** in the Marine Corps is reported missing in action. He is a former resident of Burk Burnett, but the word was received by his mother now living in Fort Worth.

**CPL. A. R. ANDERSON** of Hendrick Field, Florida, is visiting his mother, Mrs. Abbie Anderson, on a sixteen day furlough.

**RALPH ROE**, son of Mr. and Mrs. N. L. Roe, formerly of Burk Burnett, is stationed in England and is co-pilot on a B-17. Mrs. Roe, his mother is helping to build B-17s at Douglas Air Craft in California, and his father is working in the ship yards in Wilmington, California.

**CORP. EDWIN A. MCCREARY**, son of Mrs. Addie McCreary, has fully recovered from an operation for acute appendicitis. He is stationed at Prezque Isle, Maine, with the 8th weather squadron. Mrs. McCreary was recently in receipt of a picture of his squad in front of their plane, "Bottle Baby".

**CHESTER ROBERTS**, who has been stationed at Pueblo, Colo., as a member of the C.A.A., spent from last Friday until Sunday with his parents, Mr. and Mrs. W. A. Roberts. The government has did away with the C.A.A. schools and Chester is waiting for a transfer to some other unit.

### Large Crowds Attend C. of C. Meeting

One of the largest crowds to attend a Chamber of Commerce meeting in several years, was present last Monday night at the Town Hall, where the activities for the present year were outlined and discussed, and the members enjoyed a delicious luncheon served by Mesdames Jackson and Bundy.

President Henry Prinzing called the meeting together and presided throughout.

Various heads of the different committees were called on and they outlined their plans for the coming year.

Buster Morgan told of the meeting of the soil conservation held at Electra. He was heartily in favor of the work they are contemplating and urged the Chamber to see **LARGE CROWDS**, Page 8

### Lions Boost Membership

The following new Lions were introduced at Tuesday evening's meeting of the Lions club: Clyde Hollingworth, F. E. Cruce, R. P. Thaxton, J. M. Patterson, Scott Williamson. This represented an increase of six for January.

Douglas and Goodwin had the entertainment and presented Janice Caffee in piano solo. A piano trio composed of Mary Frances Gamblen, Janice Caffee and Mamie Browning.

Loy Nichols had a box to receive the donation from the members of the club in the March of Dimes fund for infantile paralysis, in which \$21.80 was received. Each new member expressed his delight at becoming a member of the club.

Visitors from Wichita Falls were Lion and Mrs. Jerry Donaldson. Kelley and Browning made urgent appeals for the 4th. War Loan Drive, and warned of the complacency which the people seem to be viewing this drive in our city.

### Day Nursery Calls for Help

It has been found that there is a real interest in a day nursery and kindergarten. The committee has been at work trying to complete plans to open the project as a public service. It is felt that once it is begun there will be sufficient demand to pay the needed expenses.

The committee needs help. First, in finding a suitable building or home. Second, in getting suitable workers.

Third, in getting a list of those parents interested in having their child or children in a nursery or kindergarten. Please call or write Mr. I. C. Evans at the Grade School, or Mrs. H. C. Sullivan, Mrs. Fred Hunt, Mrs. Loy Nichols, or Rev. Boyd I. DeVore, and give any suggestions regarding the nursery.

Also, please call and give your name and the hours each week you are interested in having a nursery or kindergarten.

### Vogel To Retire As District Judge; McNeely And Mars Enter Races

Turn-over in at least two major political offices this year in Wichita County, and possibly three, was assured Wednesday with announcement by Judge Irvin J. Vogel that he will not seek re-election as judge of the 78th district court.

On the heels of Judge Vogel's announced decision to retire from the bench next Jan. 1 to resume the private practice of law in Wichita Falls, County Judge Guy McNeely announced his candidacy for election to succeed Judge Vogel as judge of the 78th district court.

Immediately upon announcement that Judge McNeely would not seek re-election as county judge, John P. Marrs announced that he will be a candidate for that office.

**Contest for Congress**  
Fire in the 13th district congressional race was promised also by the assured appearance of State Senator George Moffett of Chillicothe as a candidate for the post now held by Congressman Ed Gossett of Wichita Falls. Moffett has been a frequent visitor in all parts of this congressional district in recent months. No definite statement of his candidacy for congress has been made by Senator Moffett Wednesday, but The Star was reliably informed that he will thrust himself into the race within the near future. Senator Moffett's present term, his second in the Texas upper house, expires Jan. 1, 1946.

### Piano Pupils Entertain Rotarians

The piano pupils of Miss Blanche Butler entertained the Rotarians Tuesday noon with several piano selections that were greatly enjoyed by the members and guests.

Miss Janice Caffee played "Clair de lune," and a piano trio composed of Misses Mamie Browning, Janice Caffee and Mary Frances Gamblen, played "Danse Ecossaise." Lewis Faulks rendered two piano solos. The first was Frankie Carles conception of "I Can't Give You Anything But Love," and "Cow, Cow Boggie."

The club voted to donate \$25.00 to the President's Ball for the prevention and cure of infantile paralysis, and a number of members distributed receptacles to the different drug stores and cafes where donations can be left. Guests from the Wichita Falls club were Hugh Allen Haynes, M. E. Conkling, and Claude Beesley. Beesley had as his guest his wife, and Capt. Clifford Wagner of Long Beach, Calif., was the guest of Geo. Dimock. Charley Rogers, Chas. Conkling and Marion Conkling were the guests of Burn Alexander.

### Van Loh Chairman President's Ball

Harold Van Loh is chairman and Alvin Hill, co-chairman, of the Presidents Ball for Burk Burnett.

They have received donations from the Lions club, Rotary club, and individuals the past week. They have also distributed containers at the various cafes and drug stores where you can drop your dimes.

The monies derived from the cause will be used in the fight and cure of infantile paralysis. There will be no dance in Burk Burnett this year but a number of the drug stores, as well as Mr. Van Loh and Mr. Hill, have tickets for the different dances to be held in Wichita Falls, January 29th.

### Calvary Baptist Church Opens Two Missions

The Calvary Baptist Church, under the leadership of Ray C. Morrow, pastor, is extending its missionary endeavors by opening two missions in and near Burk Burnett.

One is located across the highway from Sheppard Field in the old "Green Hut Cafe" building, on the hill midway between the two entrances to the Field. The first service in this mission will be Saturday night at 7:45 o'clock. A group from the church went out Monday night and cleared the auditorium. Seats and a piano will be moved in this week, and ready for the services Saturday night. The second service at this place will be Sunday afternoon at 3:00 o'clock. Good congregational, choir, quartettes, and duet singing will be points of emphasis in these services, along with the preaching of the pure, undefiled Gospel from the Word of God. You are welcome to take part in these services, regardless of your Church affiliation.

The other mission is located in the former L. & M. grocery building in downtown Burk Burnett. There will also be seats and a piano in this place, and if it is cold, the place will be heated for your comfort.

The first service here will be at 2:30 Saturday afternoon, and you are given a warm-hearted welcome to be present. The preaching will not consist of denominational discussions, but a straightforward preaching of the Word of God as it is for men as they are. Good singing will also be the order of the day here. This will be a good place to spend a few minutes on a busy Saturday afternoon. Don't you think that with our nation engrossed in the greatest war of the history of the world, that a little time spent in devotion and worship of God on a busy day would be in order! Come as you are.

It is said that politics make strange bedfellows. That's because they use the same bunk.

### A Free China

It is a good idea, for a united front on the Pacific, to know more about each other that we can become understanding and cooperative. When we were stuck back of a school desk we learned of the geographical position of China, the names of its largest rivers, what it offered civilization through inventions and so on. Maybe we have forgotten that every fifth person on earth is Chinese. China is larger than our own country or Europe and its population 3 1/2 times greater than ours. 80% live in the rural districts and are crowded into one-third the area of the land. We have probably felt that all was rice in China when, as a matter of fact, she used and produces more wheat than do we with soybeans, sweet potatoes and cabbages more than rice. Rice in minerals and ores, still its greatest asset along this line with its intelligent, industrious and democratic man-power. We have felt China was backward because its culture did not keep up with the rapid pace of the rest of the world. Through the outside, English has now found second place in the language of the country. Chinese women are taking their place with men in business. Newspapers, radios and movies are making them more social conscious. China is a rich country in its system of waterways but in order to develop them for modern usage it will take millions of dollars. Railroads could reach into the heavily populated territory and improve the opportunities of the people and of capital. It is a vast subject, this China, with such possibilities for greatness that the whole future history of the world may have a bearing upon the Chinese influence. It is a country to be developed, helped, understood and above all respected.

### The Supreme Court

Celebrating February 1 as the birthday of the Supreme court doesn't mean many years in the lifetime of a nation. This court was established in 1789 however, and that makes it stand the test of our national history. Washington, who named the six judges to the first court said of the body, "the keystone of our political fabric" and then it had little of the power it has today and less of the respect that it has gained through the years. It serves us by playing a role so important in our lives that it guides our destiny for today and tomorrow. The Supreme Court cannot legislate and create laws yet the justices of this court interpret, change or declare invalid, laws in which they do not believe. As a nation grows older it changes, its beliefs, its justices opinions. May this body, strong and powerful, interpret liberty and democracy through right dealing that we may honor its founding.

### It All Helps

Standing peacefully and generally neglected in many a backyard, is some kind of fruit tree. An old friend offering shade to children's play, it has been a total loss as far as production is concerned, perhaps because of the lack of care it has received. If you are now hoping to raise fruit for sale from such trees it will mean fertilizing, spraying and pruning will be a more rigid process than if you are planning upon getting the fruit growing for your own canning use. But why not plan to prune out dead wood, unproductive small branches and water sprouts, apply nitrogen fertilizer or chicken manure and do some spraying or dusting. It won't take many applications to get results and when the fruit is ripe you will regret that you had not started earlier to enjoy its bounty.

### Strikes Help The Enemy

Strikes build up the morale of the enemy. Labor leaders say strikes do not have an effect because they are not that far reaching, but knowing how Germany would feature the fact that our government took over the railroads, is enough to convince us that the German people are aware of our troubles. Consider this sort of news "I brought home about the Axis! With a good propaganda system to work on it we would be optimistic about the enemy weakening and though tired of fighting and thinking of quitting, it would bolster our nerves and courage to the extent we would try hard to hold on longer since our enemy was fighting and striking without their own boundaries. We would wel-

come such news of our enemy and would they not of us? Sources say we are prolonging the war and taking American lives by such strikes. And it isn't a morale builder to our Allies, either!

## Burk Burnett . . . . History

As revealed by the files of the Star 20 years ago.

### Twenty Years Ago—

The Burk Burnett Supply Houses report a splendid increase in their orders for oil operation supplies, which is welcome news as indicating an increase of new locations and employment generally in the oil industry.

J. W. Pyland Jr., for the past four years office manager of Collier Bros., resigned his position January 15, to become advertising manager of the Star Publishing Company of this city.

The Friday Afternoon Bridge Club met with Mrs. R. E. Moss January 18, at her home on Fifth Street.

The work on the new water works unit is progressing nicely. The water is of much better quality than that furnished by the city now.

Plans and preparations are

practically complete for the third annual banquet of the Burk Burnett Chamber of Commerce to be held Monday evening at 7:30 o'clock at the cafeteria of the new high school building.

## Hardin Grade School News

I. C. EVANS, Principal

We were so very proud of our mothers that were present at the Parent-Teachers Association. We will really enjoy the book, which was the award for the most mothers present for each room. We are hoping we shall be lucky enough to win it again sometime.

The children enjoyed the operetta put on by the two fourth grade rooms so much.

The following children were neither tardy nor absent the past six weeks. John Paul Robinett, Nita Jo Reel, Audrey Jean Sampson.

The following children bought defense stamps last week: Richard Gilbert, Barbara Jean Grimmit, Nancy Ann Addikson, Jerry Dean Fowler, John Robinett, Rosemary Hinnant, Donald Suttles.

Pauline Evans, H L-2.

We are H L-1 now, and we are proud of it. All but one made passing grades in our test last week, that is, all but one that have been in attendance since the beginning of school.

We have two new pupils in our room. They are Ronald Burleson and Richard Hatton. We welcome these boys to our class and hope that they will be happy with us.

Barbara Sue McClarty bought a \$25.00 bond last Tuesday. Several other boys and girls bought defense stamps.

Annie Laura Billingslea, HL-1.

We have finished one-half of our present school years work. Most of the boys and girls in our room have done nice work. In checking our report, I find that only one in our room has come every day and has not been tardy any. That one is Gad Garland.

Others who have missed only one half day are: Jerry Goble and Wanda Crume, Jerry Dean Miller, Bobby Lou Potts and Nola Dean Walker have missed only one day.

Our room has bought \$233.60 worth of stamps and bonds this first half of our school year. Those buying stamps this week are: Gad Garland, Milton Sauls,

Richard Van Loh, Jo Beth Burnett, June Vaughn, Juanita McCord, Donald Wright, Shirley Jones, Darlene Culpepper, and Kenneth Gee.

We have had several absent this week because of illness. We hope they are all able to start the new second half of the year by being here and ready for work

at the beginning. W. Douglas, L1-3.

Even though we are pupils of the second grade we had our six weeks test this week. To us they do not really seem to be tests, for we have this type of work often. This marks the end of one half of a years work. We hope that we will all do our very best the next half.

We are proud that we have the following pupils who have neither been tardy or absent this year: Billy Bean, Rita Joy Hunt, Donald Wortham and Leta Jo Thornton.

We are going to try to do our part towards victory in the 4th. War Loan Drive. Our total of stamps bought last week was \$24.15. We hope to do better next week. DeWayne McKennis bought a bond.

Vann, L2-1.

The following children helped with the Fourth War Loan by buying defense stamps last week: Robert Ensy, Iuita New, Clifford Copher, Bobby Boydston, James Talley, Harlan Hicks, Shirley Stradley, Thomas Rushing, Bobby Whitney, Jill Bernethy, Sylvia Cozby, and Shirley Garrett. It was the first time for some of these children to buy War Stamps this year. We hope that others will begin to save pennies and fill a stamp book.

Only three children had perfect attendance last six weeks. They were James KeKiley, Glen Roy Smith, and Harlan Hicks' Lassetter, L2-2.

We have been very busy this week taking tests and studying the things we missed. We hope everyone in our room will work harder the last half of the year and try to learn as much as possible.

Our room has bought in bonds and stamps for the Fourth War Loan Drive. We hope to have much more than this before the drive is over.

We still have several from our room who are ill. We hope they are back with us next Monday. Owen, L2-3.

Most of the children are back in school after illness.

We have eight children who have perfect attendance for this six weeks. They are Shirley Berlinger, Mary Lou Cox, Louis Gibbs, Wanda Gist, Melvin Ramos, Patsy Sutterfield, Kenneth Wise and Robert Amer. Of this group Louis, Wanda, Mary Lou

#### LESSON

 Of The Moody Bible Institute of Chicago.  
 Released by Western Newspaper Union.

#### Lesson for January 30

#### JESUS USES HIS POWER TO HELP

LESSON TEXT—Mark 4:35-41; 5:35-43  
 GOLDEN TEXT—Why are ye so fearful?  
 How is it that ye have no faith?—  
 Mark 4:40.

Help—that is what man needs,  
 and nothing but the power of Christ  
 will suffice to meet his fears and sor-  
 rows. Christ appears in Mark as  
 not only the matchless Teacher of  
 the parables we have just studied,  
 but the mighty Worker.

This is the Gospel in which Christ  
 is presented as the Servant of Je-  
 hovan, who came to use His infinite  
 grace and power for our deliverance.

Two great fears gnaw at the vitals  
 of man's existence. Life is full of  
 awful dangers, and death is so  
 dreadfully final and sorrowful. He  
 is afraid to live, and afraid to die—  
 apart from his faith in Jesus Christ.  
 We find the answer to both these  
 fears as we here see—

#### Jesus' Power Overcomes

#### I. Fear of Life's Dangers (Mark 4:35-41)

The long day of teaching had en-  
 ded (v. 35), and the disciples car-  
 ried out His request that they go to  
 the other side of the lake to rest.  
 Just "as he was" they departed, and  
 before long the tired Jesus was  
 asleep. We know how He felt, and  
 what is even more blessed, He  
 knows how we feel when we are  
 tired.

As He slept, a sudden storm (com-  
 mon on the Lake of Galilee) brought  
 deathly fear to the hearts of His  
 disciples. For the moment they saw  
 only the angry waves, the smallness  
 of their boat, and the hopelessness  
 of their situation.

Had they forgotten Jesus? With  
 Him in the boat, they had no reason  
 to fear. They called on Him, and in  
 His majestic and authoritative  
 "Peace be still!" the wind and waves  
 recognized their Master's voice.

Should we not learn that in this  
 day of fears and alarms, we may  
 (if we are Christians) count on His  
 presence and His power. If we look  
 at the overwhelming waves of cir-  
 cumstances and think how frail we  
 are, surely our hearts shall fail us  
 for fear. But if Christ is with us,  
 we are in no danger.

Now they were struck with awe  
 at His power. "Sometimes the deli-  
 verances wrought by our Lord so  
 reveal His presence and power that  
 His followers are more deeply  
 moved than they were by the peri-  
 ls which threatened. Whether mas-  
 tering the storm, or standing unscen-  
 ed in our midst today, He appears to  
 the eye of faith, clothed in divine  
 energy and power" (Erdman).

#### II. Fear of Death's Deep Sorrow (5:35-43)

Trouble is a visitor in every home,  
 it does not matter how securely that  
 home may be founded upon wealth  
 or social position. Frequently, death  
 chooses a shining mark in taking a  
 dearly beloved child. Children strike  
 their roots deep into our hearts and  
 when they are torn from us our  
 whole beings are rent and convulsed.  
 Such was the great storm of sorrow  
 which had come upon the home of  
 Jairus, leading him to make the  
 brave step of faith and hope which  
 brought him to Jesus.

Then as Jesus turned to go with  
 Jairus a woman touched Him. He  
 stopped to seek her out and com-  
 mended her for her faith. The seem-  
 ing delay must have greatly troubled  
 Jairus, particularly when the ser-  
 vants came and informed him that  
 he need no longer trouble the Master  
 since his daughter was dead. Not  
 infrequently we have similar experi-  
 ences, where it seems that while  
 God has promised to help us, He has  
 been turned aside and has forgotten  
 us. The psalmist in Psalm 42:3 cries  
 out, "My tears have been my meat  
 day and night, while they continually  
 say unto me, Where is thy God?"

Our Lord was not troubled at all  
 by the message of the servants of  
 Jairus, but He showed His thought-  
 ful consideration of the father by  
 reassuring him with the words,  
 "Fear not, only believe."

Everywhere fear blocks the way  
 of human peace and progress. Di-  
 vine wisdom offers a remedy for it  
 all—only believe. We excuse our lack  
 of faith by the conditions which con-  
 front us, but none of us face condi-  
 tions worse than those which con-  
 fronted Jairus. His daughter was  
 dead and he was told to believe! He  
 obeyed and his faith was rewarded.

When He said, "The child is not  
 dead, but sleepeth," our Lord did  
 not mean that actual death had not  
 taken place, but He meant that in  
 the sight of God death is like a sleep.  
 In the eyes of Christ spiritual death  
 was undoubtedly far more terrible  
 than physical death. A man may be  
 physically alive and yet being spiri-  
 tually dead be worse off than a  
 man who, though physically dead, is  
 spiritually alive.

After putting forth the mourning  
 scorners, the Lord performed a  
 miracle by simply speaking to the  
 child and saying, "Little girl, arise."  
 Here then is the Lord who can  
 overcome every fear, in both life  
 and death. Is He not the one we  
 need as our Saviour?

To catch soup-fin sharks, West coast fishermen now use large hooks, baited with mullet or kingfish, that dangle at the end of six-foot chains, says Collier's. They are hung at 25-foot intervals along a 1,000-foot master chain.

Within a day or two, the catch of three long chains usually averages 25 sharks, whose livers alone, owing to the heavy demand for their oil, have a market value of some \$4,500.

### Clara Lutheran Church Services

Paul Kaiser, Pastor

Many seem to think that the solution for our problems today must be found primarily through numerically larger organizations whose political and financial strength and significance will be greater and more obvious.

The truth of the matter is that the strength of the Church is determined by the strength of its inner-spirit and life and not by any mere outward organization strength.

Christ in your heart and life—that is the thing that counts. Go to church next Sunday and be strengthened with might in the inner man!

## Mrs. J. M. Mathews Displays Painting

With everyone's mind centered on the 4th War Loan Bond Drive and Victory in 1944 as the year's slogan, Mrs. J. M. Mathews artist eye focused in the same direction, only she expressed her thoughts on canvas by painting a picture of President Roosevelt wearing a huge insignia of the 4th War Loan on the lapel of his coat and holding the word Victory in his hands. She used the patriotic colors of red, white and blue to bring out the predominant colors in the painting. She has the picture on display in the show window at Smith and Hatch Hardware Store for the public to view and appreciate the clever idea which is so appropriate at this time.

## Sunday School Attendance for Sunday Schools

The words of the Lord spoken to the one talent man, Matt. 25-26, "Thou wicked and slothful servant must be very fitting to about 3000 people in Burk Burnett, Texas, each Sunday morning. Pure laziness, trifleness, and unconcern, answers for the absence of many in Sunday School. We've about ridden our "old horse"—"too much sickness", down. Let's change horses—get some other excuse—or build up our Sunday Schools. The attendance for all Sunday Schools last Sunday were:

Central Christian	20
Church of God	—
Assembly of God	60
Church of Christ	82
First Baptist	233
The Nazarene	42
First Methodist	183
Calvary Baptist	91

## Methodists Studying Life of Christ Each Sunday

In keeping with the policy of the First Methodist Church a great deal of emphasis is being placed this quarter on the Life

of Christ. The International Sunday School lessons and the study at the Church School hour at 9:45 on the Life of Christ is being supplemented by an intensive study of His life each Sunday afternoon at 3:00. Twenty-eight text books have been sold and many others are attending the class. The lesson next Sunday will begin with the Temptation of Christ and all are invited to attend.

Last winter for more than 8 months a weekly study of The Origin and Growth of the Bible was conducted by the Pastor and many expressed appreciation for the Bible such as they had never had before, after taking the study. The Bible is basic in all Christian work and as followers of Christ, we need to "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." II Tm. 11-15.

## First Baptist Church Program for Sunday

Sunday School, 9.45. Preaching Services, 11:00. Training Union, 7:00. Preaching Services, 8.00.

At the writing of this article, it looks like "Spring" is raising its head early. It may get it clipped—however, we can be optimistic, for a while at least. Last Sunday for the Sunday School we were considerable off in attendance—yet for the preaching hour we had a splendid crowd. We wonder about those who can't get up in time to get to the Bible school to study God's word and carry one, yet by eleven o'clock they have gotten enough courage and energy to come to the preaching hour. Now, certainly, we are glad to have all you who will come for the preaching service. Yet we so much desire you to be in some of the classes.

Beginning Sunday every church will count its preaching attendance as well as its Sunday School attendance. Now some people do not like to count on noses—yet we are to keep in mind that with each nose there is a Heart—Life—and One or more talents. So the question is what about those hearts—lives—and talents? Sunday night we are to have a baptismal service. There are a goodly number who are awaiting for this ordinance. We urge you to be present Sunday night. Welcome to our Sunday School—visitors—friends and members—Let's do our best for Christ NOW.

### BAPTIST HOUR

## Christian Science Services Sunday

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 20. The Golden Text is: "Beloved, let us love one another: for love is of God; and everyone that loveth is born of God, and knoweth God" (I John 4:7). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Be not overcome of evil, but overcome evil with good" (Romans 12:21). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Human hate has no legitimate mandate and no kingdom. Love is enthroned" (page 454).

## The Church Bell Sounds The Call To Worship

Each Sunday morning for many years the faithful old bell at the First Methodist Church called the people of the town to bestir themselves and go to the church of their choice to worship. At 9 and 9:30 each Sunday morning they looked forward to the clarion call, reminding them of God and Eternity. Then came the day, several weeks ago, when the bell rang unusually loud and stopped suddenly. At 9:30 it did not ring. Several telephoned to know why the bell had not been rung. The next Sunday came and many more inquiries and everyone was heartened to know that so many people were interested.

The great bolt that held the main part of the bell to the rocker arm broke and the bell itself fell against the rocker arm in such a way as to break it into and knock the clapper out of the bell. Like the wonderful one hoss shay it seemed it was too badly broken to be repaired. Inquiries were so numerous that finally a man was found who fixed the bell and now it rings again to call all to worship. Mr. H. C. Gilbert rings the bell each Sunday morning. Let it call you to God and to worship in the Church of your choice. The Church of some people's choice, in some communities, has closed its doors and they have not attended in so long that they have not learned of the tragic fact yet. While you have the opportunity to attend, use it fully. Go to the House of God and Worship every Sunday.

## Scout News

Trop 35 has organized four patrols, the Eagle, Lion, Indians, and the Flying Eagle. There eight boys in each patrol which have put on their honor to help make a standard troop. The officers of Troop 35 are: Scoutmaster, C. A. Gray; Assistant Scoutmaster, Bob Callison; Junior Scoutmaster, Joe Hensley; Senior Patrol Leader, Wayne Lax; Scribe, Billie Earl Askins; Quartermaster, Fred Fewin. The boys have collected almost two tons of waste paper this week. In June, the money will be divided between the boys that collected paper. The money will be spent to go to camp this summer. Monday night there was a candle ceremony for the tenderfoot scouts. The ceremony was carried on by Wayne Lax, Joe Hensley, and the tenderfoot scouts. If you have or know of a boy between nine and fifteen years of age, encourage him to get into cubbing or scouting. Scouting will not only help him in boyhood, but in his future life. Scribe, Billie Earl Askins.

### SNAPPY FACTS ABOUT RUBBER

Inflatable rubber barges for the U. S. Navy are "cured" at B. F. Goodrich in a steam vulcanizer that is 42 feet long, 10 1/2 feet in diameter, weighs 35 tons and has a door that alone weighs 10 tons. It's a record for size and turns out the 25-foot barges at a rate of one every 50 minutes.

Synthetic rubber plants already completed and those scheduled for construction will have an annual rated capacity of 850,000 long tons. Before the war the United States consumed about 600,000 long tons of rubber annually. Now, however, our supplies must be shared with the United Nations.

### WEEKLY NEWS ANALYSIS

## Congress Studies National Service Act; Russia Asks Creation of New Frontiers; Tighten Deferments to Ease Dad Draft; Senate Votes to Freeze Security Tax

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper. Released by Western Newspaper Union.

### TELEFACT

#### HOW PRE-PEARL HARBOR FATHERS WILL BE CLASSIFIED

### DRAFT: Tighten Deferments

In an effort to ease the dad's draft, Selective Service officials called a halt to the granting of occupational deferments to youths between 18 and 21, except those engaged in agriculture.

As a result of the order, at least 115,000 non-fathers are expected to become eligible for induction, although 11,000 dads between 18 and 21 will fall under the new regulation.

High school students are to be allowed to complete their education, but college deferments will be suspended except for critical courses like medicine, dentistry or veterinary, and the number of youths permitted to major in scientific fields after graduation will be restricted to 10,000.

Although 446,000 fathers were expected to be called by January 1, only 90,000 actually were inducted.

### RUSSIA: Polish Boundaries

Declaring that it does not consider prewar Poland's 1939 borders unchangeable, Russia proposed the creation of new frontiers along lines suggested by Great Britain in 1919, which would place White Russia and the western Ukraine in the Soviet union.

Brought to the fore by the Red armies' advance into the disputed territory of prewar Poland, the boundary question has found the Poles' government-in-exile in London insisting on restoration of the prewar frontiers. In its latest proposal, Russia suggested that the Poles annex other territory inhabited by its people, like East Prussia, to lay the foundation for a postwar state.

### Reds Surge On

As argument over the Polish eastern boundary went on, Russian forces surged forward in eastern prewar Poland and gradually hammered down the German front in the great Dnieper bend.

With one eye peeled on Allied movements in western Europe where invasion preparations were underway, the German high command fought a defensive war, refusing to throw in its mobile reserves into a large scale action in the east.

Instead, the German policy appeared to be maximum resistance to the Russian steamroller until superior forces necessitated a withdrawal, and repeated troop movements along the wide front to prevent a complete Russian breakthrough to their rear, where encirclement might trap their entire forces.

### EUROPE: Pound Balkans

As the invasion hour drew near, huge Allied forces were being massed in Britain, with the Germans saying reconnaissance showed that the attack might take the form of a pincers movement against the continent.

As both sides girded for the showdown in the west, U. S. fliers struck hard at German supply and communication centers in the Balkans, particularly pounding the Bulgarian capital of Sofia, hub for railroads radiating to Rumania and Yugoslavia.

In Italy, U. S. troops continued their advance, beating through tangled German defenses with machine gun and mortar fire, after heavy artillery preparation.

### HIGHLIGHTS . . . in the week's news

**INCOMES:** A decline of 3 per cent in individual incomes was noted in November, compared with October, the commerce department reports. Nevertheless, November figures were 16 per cent, or 12 billion dollars, above the November, 1942, totals, which were about 10 1/2 billion dollars. Total income for 1943 is estimated at 142 billion dollars, highest in history.

**BABY CARRIAGES:** All restrictions on the use of steel in manufacture of baby carriages, push-chairs, strollers and walkers have been removed by the WPB. Improvement in the steel supply is given as the explanation. An estimated 800,000 metal carriages will be produced during the year, if steel becomes available in sufficient quantity.

George MacDonald, who just sold the Roney-Plaza Hotel, says he read it here, but we don't recall it. The difference between Palm Beach and Miami Beach—is the difference between the social register and the cash register.

At the Newspaper Guild Canteen a hostess was dancing with a Coast Guardsman. When the music stopped, he pulled out routine 77B and said: "Now let's sit down and talk about you." They sat and he put an arm around her. "I get it," she said, "I see you talk with your hands."

Mrs. Albert Einstein visited the astronomical observatory atop Mt. Wilson and asked about the giant telescope. "We use it," she was told, "to discover the shape of the universe."

"My husband," said the famed scientist's wife, "does the same thing on the back of an envelope."

A Major told this one to the cadets at Yale the other day. He said General Giraud and Lt. Gen. Clark were discussing the best general places for setting up staff headquarters in combat zones . . . The youthful Clark recommended a certain distance from the firing lines, but the older Giraud shook his head and said: "Too far back. I like to be right up there on the line."

Shortly after the Sullivan parents of Waterloo (Iowa) learned of the loss of their five sons aboard the cruiser "Juneau," they visited Washington, where they volunteered to do anything to complete the job their boys had started. A tour of defense plants was arranged.

"Mom" Sullivan (after a lifetime in Waterloo) suddenly found herself a lady of leisure. There was plenty to keep her busy (with ten and twelve defense plants scheduled), yet she missed the little tasks of cleaning the house, getting breakfast, etc.

One morning when the Navy Lieutenant (who accompanied them) called at her hotel room in Chicago he found Mom making the beds. She confessed she had been tipping chambermaids (throughout the country) for permitting her to make the beds herself. "I just wanted to keep my hand in," she said.

My favorite gag dealt with funny man Tait (Tait's motoring act) who dreaded coming to the U. S. from London where he was always a riot. Martin Beck persuaded Tait to come here—assuring him he'd click. To get Tait used to American audiences they booked him first at Yonkers, N. Y., where he laid a frightful omelet at his first appearance.

Next afternoon (sauntering along the main street there) Tait paused at a fish store window. As he studied a huge dead mackerel, with eyes staring blankly and mouth wide open, Tait exclaimed: "Eaven's above! That reminds me! Hi 'ave a matinee!"

Will Rogers in 1927: The best way to describe Russia is, Russian men wear their shirts hanging outside their pants. Well, any nation that don't know enough to stick their shirt-tail in will never get anywhere. I am the only person that ever wrote on Russia that admits he don't know a thing about it. On the other hand, I know as much about Russia as anybody that ever wrote about it.

Raymond Paige relays it via a pal in London. It's about the Air Corps officer assigned to a desk job. He objected to fliers getting extra pay for flying time. "Why should you get more?" he barked at a Texas pilot. "We're all in this war together!"

"I know," drawled the Texan, "but who ever heard of two desks crashing head-on?"

Variety, discussing the chilly reception given actors in Pittsburgh, recalls that Katharine Cornell appeared there in "Three Sisters." Some in the audience complained that they couldn't hear much of the dialog. Told this (between acts) by the stage manager, Miss Cornell retorted: "Tell the audience we can't hear them either."

Much the same thing happened recently when "Blithe Spirit" played there. Night before it opened, some of the troupe put on a show for wounded soldiers at an army hospital. After the premiere, Clifton Webb wired his agent: "Last night we played to the wounded; tonight we played to the dead!"

Van Boven, one of the funnier comics (always a riot at the Palace on Broadway), used to warn others about the opening matinee audience at North Adams, Mass. "They sit down front," Van used to scream, "and devour their young!"

Autobiography: A Broadway booking agent (noted for his rodent-like past) was asked why he hired an assistant noted for being even ratter. "Oh," was the reply, "he's the heel I used to be."

for the man who  
can't afford to buy  
an extra war bond...**

**Y**OU'VE HEARD PEOPLE say: "I can't afford to buy an extra War Bond." Perhaps you've said it yourself... without realizing what a ridiculous thing it is to say to men who are dying.

The very least that you can do is to buy an extra \$100 War Bond...above and beyond the Bonds you are now buying or had planned to buy. In fact, if you take stock of your resources, you will probably find that you can buy an extra \$200...or \$300...or even \$500 worth of War Bonds.

Sounds like more than you "can afford"? Well, young soldiers can't afford to die, either...yet they do it when called upon. So is it too much to ask of us that we invest more of our money in War Bonds...the best investment in the world today? Is that too much to ask?
