NUMBER 37

City-wide Clean-up Campaign Starts April 17

Gov. Endorses Plan For Million Bible Readers

Texas, April 12.—Gov. Coke R. Stevenson has endorsed the plan by the Bible Society to distribute 1,000,000 daily Bible readers to read the New Testament through three chapters a day for three months.

Next week the Red Cross Mobile Blood Donor Unit will be in Wichita Falls and two different hours during the week have been set aside for donors from Burkburnett.

Wednesday, 3:30 and Friday 10 to 10:30 have been set aside especially for those who will donate blood from Burkburnett.

Any one who wishes to offer his blood for the armed services is asked to contact Mrs. I. D. Russell or Mrs. H. D. Mabry or A. H. Lohofener, Mrs. Russell and Mrs. Mabry can be seen at the Russell Clinic; or you may telephone them at phone 211. A. H. Lohofener may be contacted at the post office, or at home.

Donors will be given appointment cards showing the day, hour and minute they are to be present. They will please appear promptly at the Wichita Falls Y. W. C. A.

All donors are urged to appear before noon Saturday, and the arrangements have to be completed at that time. Call in your offer now.

Numerous complaints have been registered at the City Hall that boys with air rifles are damaging property and in a few instances some people have been hit. We are sure that the boys intend to kill only harmful birds, but many birds that are not considered harmful have been the victim of careless hunters.

If the carelessness continues it will be necessary to take much sterner measures. Please exercise every measure of carefulness.

Latest instructions received by the Local Board from the State Board were to proceed with calling men for pre-induction Physicals and those to induction centers, much the same as before orders came to halt the calling of men 26 and over, according to J. F. Kelly, member of the local board.

As we understand it, those 26 and over who have had their pre-induction physicals and were accepted for service will be called for induction soon.

There was much confusion as conflicting reports were released concerning those 26 and over and the information we give here was the latest received up to noon Thursday.

Mrs. R. M. Fraehiesuer and son, R. M., 3rd, of Oklahoma City are spending the week end with Mrs. Marilyn Robertson.

Mr. and Mrs. P. A. Wiggins and Mr. and Mrs. Buddy Wiley were in Oklahoma City over the week end to visit Mr. and Mrs. Wiggins' daughter, Mrs. Elton Hodges.

With The
Boys In Service

EDITOR'S NOTE—This column will be devoted to news of the men and women in the service. If you have any news regarding them, we would appreciate getting it.

Cpl. J. C. Adams, Jr., son of Mr. and Mrs. J. C. Adams, is being transferred from Camp Rucker, Alabama, to an unknown destination.

Staff Sgt. James W. Shaw, son of Mrs. Nora E. Shaw formerly of Burkburnett, stationed with a P-15 Mustang Fighter Group in England has recently been promoted from the grade of Sgt. It is announced, Sgt. Shaw enlisted in the Army in January 1942 and received his basic and Airplane Mechanic's training at Sheppard Field. Sgt. Shaw is assigned to his present organization as a Crew Chief, a position which he has held since its activation in March 1943.

Pfc. Louis Weidenbaum, now stationed at Norfolk, Va., expects to spend a short furlough with his sister, Mrs. H. H. Pearlman in Burkburnett, some time near the last of this month.

Rev. and Mrs. Paul Kaiser of Clara have recently heard from their two sons in service. S/Sgt. Kenneth Kaiser is with the Engineers in England and states they are really working. Pfc. Donald Kaiser is located at Savannah, Georgia, training to be a diver with the Marines. He expects to be graduated from the present phase of training in May.

A. C. Jimmy Roy Morris, stationed at the Childers Bombardier School, spent the week-end here with his parents, Mr. and Mrs. Ralph White.

Mr. and Mrs. C. L. Bowman have been very happy the past few days to have two of their sailor boys with them. Last Thursday noon Radioman 3/c Volus Bowman came in for a short visit. He has been aboard a cargo vessel and has made two trips across. The twin brother, S1/c Clovis was also here from San Diego, where he has been attending school. The third boy in the service, Coxswain Billy N. Bowman could not be here. He is some place in the S. W. Pacific.

The promotion of George F. Byerly to Corporal has been announced at the Finance Training Center, Fort Benjamin Harrison, Indiana. His wife, Mrs. Myrtle Byerly resides at 105 E. 1st St. Burkburnett, Texas. He is the son of Mr. and Mrs. T. W. Byerly who live at Star Rt. 3, Box 99, Jasper, Texas. Prior to his entry into the Army he was a Wholesale agent for the Magnolia Petroleum Company, 1900 N. Main St., Ft. Worth, Texas.

Miss Louann Grady, daughter of Mr. and Mrs. H. L. Grady has been accepted in the Air Corps of the WAC and will enter the service on the 21st of this month. Her first training will be at Ft. Oglethorpe, Georgia. Miss Grady has resided in Burkburnett with her parents for many years, and has been employed at the C. H. Parker Grocery.

Pvt. Herert O. Gillam of Burkburnett, Texas, husband of Mrs. Ernestine Gillam, 511 E. College has recently arrived at McClosky General Hospital, Temple, Texas, an Army Forces installation. Pvt. Gillam served with the medical detachment with the Army Air Forces in Australia and was overseas eleven months.

QM/3c W. W. Garland writes Mrs. Truman Garland from some place across the pond that aside from being home-sick for Burkburnett, everything is OK with him.

Truman Garland, who was recently accepted in the Navy, writes to his wife from San Diego Calif., that he has begun his training at that base.

Old Age Folk To Hold Meet Sat. Afternoon

—Touch of Texas—

Scientists of the Lone Star State contributed to the development of phenothiazine (pronounced fen-o-thigh-zeen) for controlling certain internal parasites in sheep and other livestock. Above, a sheepman injects the chemical with a drenching gun. Texas stock raisers alone administer more than one-third of the total national consumption. Production of this versatile derivative of sulfur and coal tar will be increased when the projected Du Pont plant on the Houston ship channel at La Porte, Texas, is built and gets in operation.

Special Attention To Scout Cubs Of Pack 155, Den 1

The Silver Jubilee Boy Scout O-Rama, sponsored by The Wichita Falls Kiwanis Club, April 14-15, 1944, to be held at 4-H Livestock Building, 3rd and Indiana Ave., Wichita Falls, opens Friday at 6:30 P. M. and Saturday at 12:30 P. M.

The following Cubs shall have charge of the booth and demonstration:

Friday, 6:30 P. M. to 10 P. M. Billy George McClarty, Chairles Caffee and F. L. Felty, with Den Mother and Den Chief.

Saturday, 12:30 P. M. to 3:30 P. M.—Charles Wayne Counter, Mike Harms and Earl Wayne Mills, with Den Mother and Den Chief.

Saturday, 3:30 P. M. to 6:30 P. M.—Clyde Hollingsworth with Mrs. C. O. Hollingsworth and Den Chief.

Saturday, 6:30 P. M. to closing—F. T. Felty, Carroll Carnes, Eugene Martin, Johnnie Crane, Mrs. Felty, Den Chief and Cub Master.

Instructions to Cubs
Those participating are requested to report to the door marked "Participating Door." Your registration certificate will admit you. The official uniform for the Merit Badge show shall consist of neckerchief, uniform shirt, belt, breeches or shorts, Cub stockings, and shoes. All insignia to be worn properly. Be sure that uniforms are neat and clean. An inspection will be made of every participating boy who enters the arena. Make sure that hands, face, finger nails are clean, hair combed and shoes shined.

Be a gentleman at all times. Remember that you are representing the Cubs of Northwest Texas Council. Please be on time.

—Cub Mother.

Saturday afternoon at 2:30 o'clock in the Town Hall, the Old Age folk are to hold a meeting at which several of the county candidates will be present. The program has been arranged and those attending are assured of some enlightening information.

All those interested are urged to be present at this meeting.

Dr. James B. Boren Spoke at Rotary Luncheon Tuesday

Tom Boyd had charge of the Rotary Program Tuesday and presented an interesting and instructive program.

Dorothy Ann Preston gave a reading regarding the men in service and their thinking of our world and their sacrifices.

Chester Duncan was presented and he introduced the remainder of the program which was from Hardin Jr. College.

Katherine Foster accompanied Beverly Minton in three vocal numbers and Betty Potts and Mary Ruth Tyson presented a reading entitled "The Three Bears". Sarah Clough of Hockaday Jr. College in Dallas was visiting with the other girls.

Dr. James B. Boren, president of Hardin Jr. College, was presented and brought an inspiring message on, "A Philosophy of Life That Lifts."

Harry Dodson was a guest of Bill Teal, and George Dimack was a visiting Rotarian from Wichita Falls.

President Burn Alexander called a meeting of the club for a minute following the adjournment of the program, and also announced a meeting of the retiring Directors with the new Directors at Garland and Goble Furniture Store at 8 Tuesday night.

County Council Of P.-T. A. Met In Burk April 2nd

The county Council of the Parent-Teachers met in Burkburnett Wednesday, April 12th. Once in three years the Council convenes here and the Burk P.-T. A. women really made a grand display of hospitality and a wonderful luncheon was served to the guests.

Delegates from six county schools were present and five District P.-T. A. officers from Wichita Falls were present.

A program of the meeting will appear next week.

Church Going Habits Should Be Established

Easter Sunday attendance in most of the churches of our town and throughout the nation was the largest in many years. Most churches built an auditorium for the Easter Sunday attendance in the hope that many would attend each Sunday. Most of those who attended last Sunday had a definite conviction that they should attend every Sunday but have gotten out of the habit.

It would bring joy to many hearts and be good for our community if every person who attended church on Easter Sunday would attend each Sunday. It becomes a matter of habit. Good habits can be formed as easily as careless habits and there are not nearly as many excuses or regrets to be offered afterwards. Many new comers to Burkburnett found far more friends at church on Easter Sunday than they thought they would see. They found a friendly spirit and a warm welcome. It should be a great incentive to them, and to others, to make it a rule of life to attend religious services in the church of their choice each Sunday without fail.

City to Furnish Trucks For Pick- Up of Trash

Lions Club Held Lively Meeting Tuesday Night

Over thirty Lions and guests met Tuesday night at the Town Hall for their weekly meeting. P. A. Johnston and Bill Bean were responsible for the entertainment and P. A. presented Miss Ethel Virginia Allen who introduced Miss Dorothy Ann Preston who gave her declamation which she is to give at Wichita Falls County meet this week. This was very good.

Doug Douglas favored the club with a movie film which was taken in Latin America. The picture was a technicolor film depicting life "South of the Border."

Lion Harry Dodson from the Hamlin club was introduced as a new addition to the club and we are glad to have Harry with us again. Clarence Schroeder was a guest of Loy Nichols.

—Secretary.

Rev. DeVore Appointed Sec'y. Rotary Club

The Board of directors of the Rotary Club appointed Rotarian Boyd DeVore to fill the unexpired year for Fred Brookman who resigned Tuesday. The present year closes in June and the new year in Rotary begins in July. Rev. DeVore has been chaplain for the past year and a half and very active member of Rotary.

Burk Chapter of Eastern Star Is Entertained

The Burkburnett Chapter of the Order of Eastern Star entertained at the Town Hall Friday night, April 7th, honoring the Worthy Grand Matron, Sister Cynthia Mae Watts, and Worthy Grand Patron Bro. Walter B. Baldwin and other Grand officers.

The Worthy Grand Matron's colors of orchid and white were carried out in the selection of flowers and other decorations of the hall, and the same colors and the theme of "Peace" were carried out in the program of the evening.

Following the program refreshments of punch and cake were served to the following: Grand Officers, Mrs. Cynthia Mae Watts, Worthy Grand Matron; Mr. Walter B. Baldwin, Worthy Grand Patron; Mrs. Lillian Barnard, Associate Grand Matron; Freda Bernard, Past Grand Matron; Gertrude Darden, Grand Electra; Esther Baldwin, Grand Warden; Audra Tanner, Grand Examiner, Dist. 2; Della Mae Moore, District Deputy Grand Matron, Dist. 2; Mildred Garland, District Grand Matron, Dist. 3; Omega Townsend, Deputy Grand Matron, Dist. 2, Sec. 6; Bonnie Lee Davis, Deputy Grand Matron, Dist. 2, Sec. 5 Estelle Karenbrook, Member of Credentials Committee; Eleanor B. Christer, Chairman of Credentials Committee; Julia Cain, Grand Representative of Indians; Jessie Jones Grand Representative of South Carolina; Emma Hyde, Grand Representative of Delaware, of the Grand Chapter of Texas, 60 other visitors and members.

A nice time was had by all.

City Manager Loy Nichols states that trucks will be picking up trash which is piled in the alleys all next week. People in the residence sections are urged to gather up the trash that has accumulated in yards and in the alley and place it in a pile so that the trucks may collect it and dispose of it. On those streets which do not have alleys, it is suggested that the trash be placed in boxes in front of the houses near the street.

In the business section, the trash should be placed in the alley for pick up.

The trucks that gather the trash will be furnished by the city and there will be no charge for this service. Every one is asked to cooperate in this worthy project. Help make Burkburnett a more presentable city.

Look At Your Own Yard. Others Do.

The scrap drives we have been having helped clean up our town some by getting rid of scrap iron, tires, and some of the other junk. The grass is small now and it will be easy to see what still needs to be moved. Soon the grass and weeds will cover the cutting corners of town and cannot be cut if trash and junk are still in the way.

Clean Up and Build A City
This is no idle slogan. You never saw an attractive town that was cluttered up with trash. Help the appearance of Burkburnett by disposing of your trash and junk this week.

B. W. C. Meeting Tuesday At 8 P. M.

The Business and Professional Women's circle meets Tuesday night at 8 o'clock at the home of Mrs. McCurley. "The Everlasting Kingdom in the Land of its Beginning" is the Royal Service program.

The club meets twice monthly, on the 1st and 2nd Tuesdays.

Mrs. F. E. Cruse is visiting her daughter in Dallas this week.

BURKBURNETT STAR, THURSDAY, APRIL 6, 1944

SHARPEN YOUR HOOKS

There are in Burk Burnett certain fishermen who have already hauled out their tackle and varied equipment, dusted off the rods and reels and started to do a bit of tying, oiling, winding, sorting and adjusting. There is a ritual to this that is savored by the fisherman of any country. This piscatorial art is one thing commonly enjoyed by each race and color in every clime, making men brothers and sympathetic conversationalists whenever two of them shall meet. Cleaning out his tackle box brings a glow of pleasure to the man who counts the days until weather and law permits him to cast his lot with the finny fellows. Life can be beautiful to a fisherman in the spring of the year.

THE SEABEES

In Burk we don't talk much about them but we are all aware of the responsibility entrusted to the Seabees. This organization is taken much for granted as they steadily go about building roads, airfields, docks, bridges, barracks. They load and unload ships and have fought on every front where we have met the enemy. Technically, the Naval Construction Battalion, a force of only 99 members in October, 1941 and 262,000 up to last Christmas, these men work in the Aleutians and build on South Pacific Islands. They have been praised by every branch of the armed service and why not, with a motto of "Can Do" as their incentive.

CANCER CONTROL

Cancer Control Month, since its inauguration in April of 1938, has found the wise of us listening to its warning and cooperating in the attempt to control the disease. Last month there was held the first national conference of cancer prevention clinics, in the United States and this brought reports of specialists in cancer who have devoted their energy to protecting and educating the American people. In spite of this April campaign of education the deaths due to cancer among women, is large in number. In spite of pleas by scientists too many lives are lost each year because people will not take advantage of the physical examinations offered by cancer clinics. X-Ray and surgery has been successful in removing cancer in its early stages. Although they do not know what causes cancer they do know how to cure it in its early stages. Periodic examinations once or twice a year will give real meaning to Cancer Control Month.

J. F. Kelley Grain & Hatchery

While your columnist never knew Irvin S. Cobb personally, it was my privilege to work as a reporter on the Commercial-Appeal in Memphis, Tenn., with a brother of his who was himself an amusing companion. It was soon after World War I and one evening when someone was mentioned as having served in France another newspaperman said, "What was Brown in the war?" Cobb exclaimed, "Was he in the war? Why, the French decorated him with 'Crocks de Gooks,' which was his quaint way of pronouncing 'Croix de Guer-

The best stories about Irvin Cobb death with his days as a reporter on the New York World, before the pride of Paducah became famous as a short story writer and humorist. The World's city editor was a slave-reported for duty, the assistant driver and, one day when Cobb city editor was in charge. "Where's the old Simon Legree?" Cobb asked. The assistant replied, "He's sick." "He's sick," Cobb said, "Nothing trivial, I hope."

On one occasion, Cobb was assigned to write up a lecture to be given by an English nobleman. The night was inclement and Cobb and the lecturer were the only ones who showed up. Nevertheless, the duke went ahead and delivered his speech in full. Afterward, he suggested to the newspaperman, "You can say that my address was heard by a large and respectable audience." When Cobb objected that this might not be strictly accurate, the nobleman looked at the reporter's portly form and said, "You are large—and I am certainly respectable."

And now it looks as though the Lieutenant Governor may be planning to run for Governor. A few days ago, the Lt. Governor made a public statement about permitting soldiers to vote and charged that Governor Coke Stevenson was "violating both the letter and spirit of the Constitution."

Pop Kola Expands

The Star is glad to welcome a new advertiser to its columns. The bottlers of POP KOLA have decided that the popular acceptance of this finer beverage in Burk Burnett and vicinity justified them in undertaking an advertising program in the Star.

Pop Kola is known throughout the country, and this name, together with their slogan, "America's Finest," is probably familiar to our readers. It will become better known through the use of our columns.

DENTON, Texas, April 12.—Mrs. Jane K. Hill of Burk Burnett became a member of Alpha Chi honorary scholarship fraternity, in the spring initiation held last week on the North Texas State campus. Alpha Chi includes the highest ranking ten per cent of the juniors and senior classes. Mrs. Hill is an English major at NTSTC and a member of the junior class.

Mrs. Gus Mertz of San Antonio was recently a guest in the home of Mr. and Mrs. A. Ramming in the Thornberry community. Mrs. Mertz is a daughter of Mr. and Mrs. Bert Miller, who formerly lived in Burk Burnett, but now make their home in California.

Miss Margie Nell Landers, employed in the Rehabilitation Office in Fort Worth, spent the week-end here with her parents Mr. and Mrs. B. A. Landers.

Mrs. Oscar Lintz, formerly Miss Betty Jane Hill, now a student at North Texas in Denton, was here to visit her father, A. R. Hill, for the Easter holidays.

Counterfeiters Fake New Ration Tokens

Racketeers have moved in on the new composition ration token. Counterfeiters are being offered dealers at \$5 a thousand, it was reported to the O. P. A. this week by Harry E. Walker, executive secretary of the Baltimore, Retail Grocers' and Meat Dealers' Association. Walker said "there are all kinds of jobbing going on with these tokens". Some have fallen into the hands of consumers, he added.

\$40.00 Per Bale Due Cotton Farmers Who Used C. C. C. Loans

ATLANTA, GA., April 12.—"Give the farmer the money the Commodity Credit Corporation made off the crops the farmer raised and you will not have to talk about subsidizing the farmer," Tom Linder, Commissioner of Agriculture for the State of Georgia, said this week, stating that "the Commodity Credit Corporation has perverted the purpose for which it was created and has become a leech on the backs of the very people that Congress intended to help."

To substantiate his point, Mr. Linder cited an actual incidence, that came to his attention, where 252 bales of cotton was placed under Commodity Credit loans in 1937. The cotton was placed under Commodity Credit loans in 1937. The cotton in question, Mr. Linder explained, had a gross weight of 129,894 pounds. The CCC loan rate at that time being only eight and one-half cents per pound, the farmers who raised the cotton received only \$11,048.89.

In 1943, Mr. Linder continued "this same 252 bales of cotton was placed on the market by the CCC and was sold for a total of \$25,961.60. Allowing for a decrease in weight, which averaged ten pounds per bale and amounted to 85 cents for each bale; interest which amounted to \$2.55 per bale, and storage charges for 66 months, amounting to \$9.90 per bale, you have a total carrying charge of \$13.35 per bale.

"Deducting the carrying charges, amounting to \$3,363.20," Mr. Linder continued, "it is easy to see that the net return to the farmer on 252 bales cotton totaled \$22,598.40. Taking into consideration that the CCC paid the farmers only \$11,048.89, you can see that the CCC made a net profit of \$11,549.51."

"In other words," Commissioner Linder said, "that Commodity Credit Corporation made more clear profit off the 252 bales of cotton than they actually paid the farmers who sweated and toiled to produce the crop."

Mr. Linder pointed out that the same general conditions applied to all crops, including corn, wheat and other products from the farm.

He explained that the CCC's methods of operating are basically wrong inasmuch as loans are made on the basis of parity prices filed by the Secretary of Agriculture, who he said "controls the buying and selling of cotton and grain through his control of the cotton and grain exchanges, as well as OPA prices on these and other crops.

"To cinch the fact that the CCC cannot lose anything on crop loans," Mr. Linder said, "the Secretary of Agriculture controls the acreage which can be used to raise these crops. Thus he controls not only the amount of cotton and grain that can be raised but the price that they shall bring also."

Mr. Linder said that any profit derived from the operation of the CCC should be returned to the farmer, to whom it rightfully belongs. According to the above figures, he continued, "many farmers are due up to \$40.00 per bale for cotton placed in CCC loans from 1934 to 1941. This money should be returned to the

farmer along with all profits made by the CCC on any commodity handled by them. Numerous farmers throughout the nation should receive similar refunds on corn, wheat and other farm products, sold by the CCC at a profit.

In conclusion, Mr. Linder called on members of the Senate and House of Representatives to compel the Commodity Credit Corporation to return to the farmers this money to which they are entitled.

Miss Billy Jane Richardson, a student at Baylor University, was here for the Easter holidays with her parents, Mr. and Mrs. D. L. Richardson.

Jean Boyd Elected Secretary of Sub District

Monday night a group of young people from the First Methodist Church attended the Sub District meeting of the Youth of the Wichita Falls District. Following a devotional and musical numbers the message of the evening was brought by J. A. McDonald, County Juvenile Officer for more than fifteen years, on "Curbing the Delinquency of Tomorrow."

Following the program the annual election of officers was held

and Jean Boyd of Burk Burnett was elected secretary of the district.

Those who attended Burk Burnett included Dorothy Loring, Louisa Gracie Bell Jones, Ruth Elsie Williams, Betty Jewel DeVore, Virginia Rev. Boyd I. DeVore. The meeting will be at Grand May 8th.

THE OLD JUDGE SAYS...

"Quite a stack of newspapers I left you yesterday, Judge. Aren't you in the newspaper business, are you?"
"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise,'

"Bootleggers must post Ceiling Prices," "Federal Agents seize 'Trick' Liquor Trucks," "Doesn't that go to prove, Joe, that prohibition does not prohibit?"
"I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was bootleg liquor instead of liquor... plus the worst crime and corruption this country has ever known."

This advertisement sponsored by Conference of Alcoholic Beverage Industry

Kathleen Norris Says:

Something (Valuable) for Nothing

Bell Syndicate—WNU Features.

Don't put it off a moment longer. Open the telephone book now to "Red Cross" and find out how soon you can enroll.

By KATHLEEN NORRIS

Do you ever stop to consider that all the things we women are learning to do in this war—things our mothers never dreamed of doing, will be useful in time of peace? These dark days through which we are living are providing you with an opportunity to be instructed in some line of work, to gain some experience that will be useful to you all your life.

Don't miss it. Because we are going to be a pretty specialized people after the war, and you may find yourself paying a good round sum for the lessons you may have for nothing now. Courses of all sorts are open to you, you can choose what appeals to you most. Don't be one of the women who are going to feel left out of everything one of these days because they acted in wartime exactly as if it was peacetime.

The opportunities of men and women are more nearly equal today than they ever have been. Thousands of women are going to retain after the war, specialized jobs for which they have proved themselves adapted. And there are going to be so many new jobs, in the great uprush of reconstruction everywhere, that there will be an unprecedented demand for labor.

But meanwhile, if you are not in the uniform of a WAVE or a WAC, if you are not on the assembly line or serving the wounded in some hospital, take immediate advantage of the course in Home Nursing that your Red Cross is offering you. The world would be a better place to live in if every girl took this course as a part of her high school training, and perhaps some day it will be included in high school work. It takes 24 hours, divided into twice-a-week periods. Twenty-four hours! and then you have something that will be of inestimable advantage to you all your life.

Women for Emergency Nursing.

Something for nothing. Yes, that is one of the strange fruits of a great war. Doctors and nurses are cruelly overworked these days, and as a result the always resourceful Red Cross is enlisting thousands of other women for emergency service at home.

What do you learn? Well, you learn a hundred simple little rules about keeping the family well. You learn about things that cause illness, symptoms of sickness, how to take temperatures, pulse and respiration, and how to use sickroom conveniences.

You learn about getting ready for the baby: care of the new baby; keeping an invalid's bed fresh and comfortable; the use and purpose of medicines, and above all, immediate action in emergencies.

Oh, when those emergencies arise, how we wish we'd gotten ready for them! When the broken wrist, the sudden inexplicable spasm or chill confronts us, how utterly stupid—how criminally negligent we feel when all that we can do is wring our hands! When the small senseless body is rescued from the swimming pool someone may indeed run to the telephone for the doctor, but

Babies don't have colic nowadays.

BEING A GOOD NURSE

Every woman should know a good deal about nursing and first aid, if only to care for her family. Now in wartime, when doctors and nurses are scarce, and there are so many extra dangers and difficulties, it is especially important for every woman to be prepared.

In many communities, the Red Cross is offering a short home nursing course, consisting of 24 hours of class time, divided into twice a week periods. The course covers care of babies and young children, symptoms of illness, simple nursing techniques, first aid and many other subjects.

Taking this course may prepare you to save a life—perhaps that of someone most dear to you. It will give you a sense of self-confidence and save you many worried hours. The course is free. It will be worth many times the effort you put in to take it.

If the doctor is out on morning rounds a precious life may flicker out before he arrives.

Short Course, But Long Joy.

There is no woman, old or young, teacher, mother, housewife, professional, who will not be an infinitely more valuable citizen for taking this course. There are evening classes. Twenty-four hours out of your free time now may be worth thousands of hours of happiness to you some day.

Some years ago a small boy on our ranch was planning the bottom of a door—for no conceivable reason except that he was 12, and it seemed a sound idea to him, the tool slipped and he got a deep gash in his groin. A girl who had taken a first aid course was visiting us and she very quietly saved his life, for no one else knew what to do. She closed the arterial wound with a tight pressure of lint and fingers, and told us what to tell the doctor, seven miles away. The boy is a doctor now, with boys of his own; he is doing a good job, and he and his country have to thank a 17-year-old girl who knew.

Another instance of what a very little knowledge will do is in the way babies are given their bottles nowadays. Thirty years ago we had "colicky babies." After their morning meals they had sufficient fussing and handling to keep them comfortable, but after their six o'clock bottles, how they yelled!

Then, someone discovered the mild meal bubble. And with the arrival of the bubble a million shrieking nocturnal infants turned into a million serene little bundles tucked down into blankets and off to dream-land without a peep. It was divinely simple, but you had to know it.

Other things just as simple are waiting for you to discover them. Don't put it off a moment longer. Whether you are 14 or 74, open the telephone book now to "Red Cross" and find out how soon you can enroll.

Need for Waste Paper Is Now Greater Than Ever, Says WPB

The shortage of paper pulp and the increased industrial use have combined to reduce the paper towel supply. The War Production board has reduced the amount of toweeling made for home use from 100 to 60 per cent of the 1942 production. Waste paper is essential to the war effort, as it directly replaces pulp in the production of new paper and paperboard containers which are used to make and ship many war weapons and supplies.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for April 16

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

SAUL'S EARLY PREACHING

LESSON TEXT: Acts 9:19b-30; 11:25, 26.
GOLDEN TEXT: I am not ashamed of the gospel: for it is the power of God unto salvation to every one that believeth.—Romans 1:16.

"A changed man"—that oft-used expression assumes real meaning as it is applied to one who has experienced the redeeming grace of God in Christ. In a special way this was true of Paul, whose transformed life amazed those who knew him before he had met Christ on the Damascus road.

In our lesson we find him in three different cities, serving his new-found Master and Lord.

I. At Damascus—Confounding the Jews (9:19-25).

"Straightaway." What a good word to apply to the servant of the Lord. Paul did not hesitate to declare his faith in Christ, to proclaim that the One who had redeemed him was able also to save others.

It is the normal and proper expression of Christian faith to give testimony to others. That should be true of every believer. With Paul there was the added element of his call to preach, for God had ordained that he should be his chosen vessel for that purpose (Acts 9:15).

One is impressed by the prompt and unquestioning obedience of so many of Christ's followers of whom we read in the New Testament. No doubt that explains their power and wide usefulness. We could learn of them.

Paul's message was Christ. He proved to the Jews that Jesus was the Christ (v. 22), the One of whom their Old Testament Scriptures spoke and for whom they professed to be looking. He declared Him to be the Son of God (v. 20).

They were unwilling to accept the message. They were "amazed" at Paul and "confounded" by the truth he proclaimed, but they rejected both it and him, and he had to escape for his life. But another city must bear his witness, so we find him—

II. At Jerusalem—Disputing With the Grecians (9:26-30).

Knowing his violent persecution of the church, the disciples in Jerusalem were suspicious. Perhaps there was a measure of justification for such an attitude, but one is glad that there was present the generous, open-hearted Barnabas, ready to believe in his new brother in Christ and to sponsor him in the church.

A word of admonition to the church of our day is necessary, regarding the making of a new convert or a stranger at home in the fellowship of the saints. There is no need of putting such a one quickly into office or a place of honor, but let him know that he is accepted and believed in, and thus give him an opportunity to grow.

Paul remained in Jerusalem this time for two weeks (Gal. 1:18), going in and out, that is, in friendly fellowship. That is just what the young Christian needs, and should seek.

He also had something to make right. He had joined the Grecian Jews when they disputed with Stephen (6:9) and stoned him. Paul had agreed with and joined them on that occasion. Now by the miracle of regeneration he is a new creature and is on the exactly opposite side. Now he disputes with the Grecians, declaring that Jesus is the Christ. What a blessed change!

They refused to tolerate that word, and prepared to kill him. But the servant of the Lord was kept by Him, and delivered through the good offices of Christian brethren. How often it is true that the minister must look to the brethren for that kindness which delivers him from distress and danger.

Paul returned for a time to his home city of Tarsus, but when a need of his services arose he was called out, and we find him—

III. At Antioch—Teaching the Christians (11:25, 26).

Persecution spread the believers abroad (Acts 11:19), and like the scattered brands of a beaten fire they carried the flame of Christianity far and wide. Thus the gospel came to Antioch, the third greatest city in the world of that day. A revival broke out, and Barnabas was sent from Jerusalem to be of help.

Good and spiritual man that he was (Acts 19:23, 24), Barnabas did nothing to hinder this work of God, but admonished the people to "cleave unto the Lord," that is, to follow Him closely. Would that all spiritual advisers had such a spirit and such sound judgment.

He was also wise in sensing his need of help. So he went after Paul, the very man to teach these young Christians, and to lead them out into a radiant and abundant life for the Lord.

Here it was that the beautiful name of "Christian" was first applied to believers. It is believed to have originally been a term of ridicule, but even then it was a testimony, for it declared that these believers were devoted to Christ and concerned only with pleasing and serving Him.

PATTERNS SEWING CIRCLE

Little sister's sun-dress with its own matching bolero can be made in the same fabric as her older sister's or mother's!

Barbara Bell Pattern No. 1943 is designed for sizes 3, 4, 5, 6, 7 and 8 years. Size 4 requires 2 1/2 yards of 30-inch material for the ensemble.

Paiche, 500-Pound Edible Fish, Being Raised in Peru

One of the largest fresh-water fishes in the world, the paiche, or pirarucu, 12 to 15 feet long and weighing up to 500 pounds, is now being raised commercially on a fish farm in Peru.

Dried and prepared in long strips, the flesh from the monster fish was the poor man's "beef" in the Amazon region for years. Once it was so plentiful that fishermen from one small village could count a two-week catch by the thousand. Unrestricted fishing almost depleted the waters, so Peru has established a hatchery to replenish them.

Calvary Baptist Church News

Sunday School begins at ten a. m., with all classes studying the 27th chapter of Exodus—continuing the study of the Tabernacle—"The Court, and Oil For The Lamp." How is the oil in your Lamp?

Preaching at eleven a. m. Sermon subject, "Praying, Praising, Preaching and Saying Words.—Does God really hear and answer prayer? What would happen if God answered all of our prayers in the affirmative?"

Evening services begin at 7:30 with the Young People's group meeting in their regular place for their Bible study. This group is setting a pace for the rest of the church by their faithfulness and regularity. Boosters and prayer groups meet at 7:45. Regular Church services begin at 8:15 with choir and congregation singing under the direction of Rufus R. Welborn, followed by sermon by pastor. Sermon subject, "The Great Day Of Atonement." This was a high day in the Jewish Old Testament worship which came once a year. On this day the High Priest went into the Most Holy Place inside the Veil with the blood of the burnt offering and sprinkled it on the Mercy Seat Where God Met man. Now what does all of this mean to us today. It means something according to Romans 15:4. "For whatsoever things were written aforetime were written for our learning." We will try to do as Philip did when he preached to the Ethiopian Eunuch, "began at the same Scripture and preached unto Him Jesus." Acts 8:35.

You have a warm welcome to the Church that teaches the Bible. Nobody is a stranger at Calvary Baptist Church. Come, it will do you good.

Ray C. Morrow, Pastor.

The Ocean Comes to Detroit

THIS Sperry Marine Gyro-Compass is shown (right) mounted on a factory testing machine which simulates the pitch and toss of a ship at sea and literally brings the ocean to Detroit. Viewing this instrument are (l. to r.) Commander Robert Velz, Mayor Edward J. Jeffries, Jr. and K. T. Keller, President of Chrysler Corporation. Mass produced by Dodge Division, this compass is one of the most precision products in the war program.

An allied convoy (below) gets "on the nose" navigation from Gyro-Compasses. Several thousand United Nations ships ranging from destroyer escorts to the Navy's new CVE aircraft carriers are equipped with Dodge-built compasses.

Miss Sadie Beth Tevis, daughter of Mr. and Mrs. R. C. Tevis, was here last week end for the Easter holidays. She is a student at TCU, Fort Worth.

Mrs. Lottie Long left last week for Kenman, Calif., after a visit here with Mr. and Mrs. E. P. Holliday.

Mrs. Florence Hale of Stafford Texas is visiting in the home of Mr. and Mrs. G. W. Ferguson, this week.

Orville Cox, formerly of the Star force, but now residing in Electra was a visitor here over the week-end.

Mrs. I. E. Harwell and Mrs. Marilyn Robertson had as guests over the week end, Miss Nell Jack of Dallas; Lieut. and Mrs. F. H. Harwell and son Guy Pat of Dallas, and Aviation Cadet Charles Eudaly of Memphis, Tennessee.

Hershel Cecil who has been employed in Galveston, but now residing in Wichita Falls, was a visitor here Wednesday.

"Doc" Preston, oil operator and cattleman of Electra, was transacting business here Wednesday afternoon.

There Is Pride In OWNERSHIP!

A certain pride comes from ownership and the citizens of Burkburnett have every reason to be proud of their City Light Plant.

There is joy too, in using what you own. Make use of the City Light Plant. IT IS YOURS!

City Light Plant

LOY NICHOLS, City Manager

Paris Ministerial Alliance Edited The Paris News

For several weeks preceding Easter Sunday the churches of Paris worked together in a concentrated effort to make the city conscious of the call of Christ and the work of the Churches.

Sixteen churches, represented in the Ministerial Alliance, had spot announcements frequently throughout the day on the radio and a fifteen minute devotional each morning.

The newspapers carried pictures of the ministers, visiting ministers, and of the churches from day to day and as much as a half page a day of paid advertising. Individual churches had services at night and city-wide prayer services were held each morning, theatre services and noon and street preaching at night.

On Good Friday a selected committee from the Ministerial Alliance edited the Paris News. The Editor, City Editor, Sports Writer, and Columnist were all ministers and the Society Editor was the secretary of the First Methodist Church. It was a very fitting climax to the services. On Easter Sunday hundreds of new members were received into the churches and the attendance overflowed several of the churches.

Federated Missionary Council Met Friday

The Council of the Federated Missionary Society met Friday in the home of Mrs. F. R. Knauth for a covered dish luncheon preceding their executive meeting. Mrs. B. L. Turner was co-hostess. A free will offering was received for the treasury of the Society.

Following the singing of "What a Friend We Have in Jesus", Mrs. C. B. Beldon, president, led a prayer. Mrs. Sam Cope brought a devotional from Passion Week and Mrs. Boyd I. DeVore led a prayer.

Mrs. J. N. Anthony was appointed a new member of the board. The Civic Committee reported that sycamore trees had been planted at the three participating churches in memory of the members in the armed forces. The meeting closed with ten minutes of sentence prayers.

Forty guests and members were present for the luncheon.

Miss Peggy Busby was here last week from TSCW, Denton, to visit her parents, Mr. and Mrs. Dot Busby.

Mrs. Ollie Wells spent the week end in the home of her daughter and husband, Mr and Mrs. Paul Harold at Wichita Falls.

Mr. and Mrs. Buck Myers and Mr. and Mrs. J. M. Matthews visited Easter in the home of Mr. and Mrs. C. H. Dunn at Randlett, Oklahoma.

First Baptist Church

Sunday School 9:45, Preaching Services 11:00
Training Union 7:30, Preaching 8:30

Last Sunday, Easter, was a great day for all the churches. The attendance seemed to be swelled in all the church. Now why not make every Sunday attendance that good?

Wednesday night in the regular conference the Baptist voted to undertake an **INSIDE ENLARGEMENT CAMPAIGN**, by which they hope that within six months time to enroll every resident member in the Sunday School.

This campaign is to begin May 14th, Mother's Day, and to run through October. A thorough check up on the resident membership will be made and much effort will be put forth to enroll every member in some department of the Sunday School.

This Sunday Rev. R. E. Harrison of Wichita Falls, Texas, is to preach in the morning service and Brother Scott W. Williamson, the educational director in the evening. The pastor begins a meeting at the Temple Baptist Church at Wichita Falls. You are urged to be present Sunday morning and night.

Looking Forward—Sunday the 23rd. Rev. C. L. Culpepper, a returned missionary, who has spent almost 20 years in China, is to be with us for four nights, beginning Sunday night. The entire public is invited for all of us need to know from first hand information something about the conditions in China.

Welcome to all of our services. Find your place with us.

—Pastor.

O. G. Burnett spent Sunday visiting in Wichita Falls.

Wants Wed Wedding Ceremony and Hughes

W. D. Hurst from 91st Hospital officiated double ring ceremony. He was given in marriage by commanding officer John E. Gernade. The bride was in a white satin gown with a long train. The bridesmaids wore pastel pink and yellow. The ushers were Bill Cavit, Walter Booner, John, W. W. Wendt and Estel Gohn, all Lts. in the Signal Corps. Captain Earl V. DeCastro was best man.

was maid of honor and her gown was a pastel blue, with an unusually full skirt and three-quarter length sleeves. Her corsage of gardenias was entwined in a heart shaped hat, made of the same material as her gown. The bridesmaids were Esther Langdon, Martha Carson, Dixie Diefenderfer and Martha H. Gist. All are nurses at Camp Adair. They wore pastel frocks with full skirts and three quarter length sleeves. The candle lighters, Mrs. Pat Roarty, and Mrs. Earl V. DeCastro wore pastel pink and yellow. The ushers were Bill Cavit, Walter Booner, John, W. W. Wendt and Estel Gohn, all Lts. in the Signal Corps. Captain Earl V. DeCastro was best man.

service in Hawaii, Honolulu, and West Indies. He is a First Lt. in the Signal Corps and is also stationed at Camp Adair.

Methodist Church Announcements

Church School at 9:45 each Sunday with well prepared teachers for each class. Worship services at 11 A. M. and 8 P. M. with special music and a message by the pastor each service. Methodist Youth Fellowship Sunday at 7 P. M. in charge of Lt. and Mrs. Joe Sutton. Woman's Society of Christian Service meets each Monday at 2:30. Senior Choir Rehearsal each Saturday afternoon at 2:30 at Mrs. Inlow's. A warm welcome awaits you at each service.

Farewell Party For Soldier Boy

A farewell party was given April 8th for Theodore A. Kramer at the home of Mr. and Mrs. G. R. Kramer. Theodore has been home on a furlough from Camp Berkeley, Abilene. He will be stationed in California when his furlough is up. Hostesses for the occasion were Mrs. Marcella Tyler and Ella Dora Kramer. Refreshments of punch, cookies and potato chips were served to the following: Mr. and Mrs. G. R. Kramer, Mr. and Mrs. W. E. Tyler, Ella Dora Kramer, Lloyd Kramer, Leon Allison, Billy Wynn Allison, Earlene Hamilton, Mareta Hart, Rosella Hart, J. D. Hart, John Earl and Garland Hart, A. W. McPherson, Gene Morris, Paul Hughes, Johnny Hughes, Billy and Gary Bean. The party was enjoyed to the fullest by the honoree, and he desires to hear from all his friends when he is permanently located.

Home Demonstration Club Planned "42" Party-Pie-Coffee

The Hardin Home Demonstration Club met with Mrs. John Enderli on Wednesday. Following a song and prayer by the group, the president called for a report of the card committee which reported one funeral wreath sent, two cards, and some flowers to Mrs. F. R. Knauth. Mrs. Crummit gave a very interesting report on the council meeting. Farm Magazines were requested to be brought to the next meeting and sent to the soldiers at Sheppard Field. Plans were laid for a 42 party at Mrs. Enderli's on April 21st. Each lady is to bring a pie. Pie and coffee will be served following the party. Mrs. Crane spoke on "Management of the home." Following a talk by Mrs. Houser, Mrs. Reed spoke on juvenile delinquency. Recreation was led by Mrs. Holway. Following delightful refreshments, the club adjourned to meet with Mrs. Houser next time. Twenty-four members and one visitor answered roll call.

Methodist Women Met at Parsonage Monday

Last Monday afternoon the Woman's Society of the First Methodist Church met at the parsonage for their study. Mrs. B. M. Cropper brought a devotional from the meeting to Mrs. Henry Prinzing to bring the lesson of the day. The theme was "For All Of Life." Following this lesson, which was the introduction of the new study book by the same name, Mrs. Prinzing completed her report on the Annual Conference of the W. S. C. S. which she attended as a delegate from the local Society at McKinney recently. Following a brief business discussion the meeting was dismissed by prayer. Besides the hostess, Mrs. Boyd I. DeVore, twenty-six were present for the meeting. Next Monday the W. S. C. S. will meet at the church at 2:30.

The Burk Star Scrapbook

Golden Griddle Cakes—2 cups flour, 1t salt, 4t baking powder, 2 eggs, separate, 2 1-2 cups milk, 1-3 cup melted butter, 2t sugar. Sift flour, measure and resift with salt, baking powder, sugar. Beat egg yolks, beat in milk and add melted butter. Add flour mixture all at once and beat vigorously until smooth. Stir in stiffly beaten egg whites. Bake on slightly greased hot griddle, allowing 3 T batter to each medium-sized cake. When golden brown on one side turn to other. If thicker cakes are desired reduce milk to 2c. Yield: 4-5 servings.

Sportsmen's Notice

Fishing equipment is going to be at low ebb except for supplies left on shelves from last year. Sharpen hooks and repair old casting plugs, giving them a coat of clear shellac or fingernail polish. A coat of clear, waterproof varnish will cover up many worn places on your rod. Check ferrules, windings, guides. Oil all moveable parts on the reel. Polish spoon and spinners to test frayed lines. Save everything in your tackle box for even bent hooks may be welcome before the season is over.

Food Hints

Roll grapefruit sections in equal parts of flour and sugar and brown in a little fat. Garnish baked or broiled fish with them. Cook broccoli quickly. Cut off heavy stalks, cube them and cook with top sections as this saves time. Good spinach has crisp deep green leaves and well-developed, stocky plants. Small, straggly plants are generally tough. Cube left-over cooked meat and heat in white sauce. Make a shortcake of biscuit dough, split the cake and place meat mixture between layers and on top.

Tidy Note

Flower vases frequently become stained. Clean them by using tea leaves moistened with vinegar. If the stains are hard to reach by hand scouring, fill the vase with the leaf and vinegar solution and let it soak overnight. Rinse and wash later in soapy, warm water to remove the stain.

Inspirational

Are you in earnest? Seize this very minute. What you can do, or think you can, begin it. —Faust

Mrs. Shaffner of Waco is visiting her parents, Mr. and Mrs. Roy T. Magers.

Blue Bonnet Garden Club Entertained

The Blue Bonnet Garden Club was delightfully entertained last week in the home of Mrs. H. A. Goodwin. Mrs. L. J. Lorang was co-hostess. Mrs. W. C. Gage, president presided. Mrs. Troy Miller was director and roll call was answered with "My Favorite Perennial." Mrs. M. R. Hewell was guest speaker and gave an interesting talk on "Home Decorating." Food Clothing and how to buy carefully and new perennials you have overlooked by Mrs. C. W. Boyd. Next followed a discussion on Birds in My Garden. In the flower arrangements, Mrs. F. G. Jeffers was awarded

first place and Mrs. C. W. Boyd second. Delicious refreshments were served to the following members and one guest: Mesdames Eunice Miller Loretta Hunt, Sadie Jones, Ada Westbrook, Florice Jeffers, Grace Brookman, Ethel Cope,

Zella Mills, Emily Houser, Florence Gage, Rosa Bazell, Hettie Gilbert, Maud Teal, Lillian Raines, Lou Ethel Boyd, Alice Goodwin, Nell Lorang and Mary Cecil. Mrs. M. R. Hewell was the guest. typewriter ribbons at The Star.

**"There are more
Long Distance calls
every day"**

And more of them are in a hurry than ever before. So when the lights get thick on Long Distance switchboards the operator will say—**"Please limit your call to 5 minutes."**

That's to help more people get on the wires during rush periods.

SPRING CLEAN UP!

Burkburnett Will Observe Clean-up--Paint-up

APRIL 17th to 22nd

There is no better time than the present to start your spring cleaning. Start with the outside of your home. It up with a gleaming coat of paint... that just adds freshness.

Round City Brand Paint—Wall Paper

Shamburger Lumber Company

R. C. TEVIS, Manager

SAVE MONEY—1 gallon of Techide gives you 1 1/2 gallons of paint. SAVE TIME—There's no need to scrape off shabby wallpaper. Techide walls may be quickly washed with mild soap and water.

GOES ON OVER OLD WALLPAPER! QUICK TO DRY! EASY TO APPLY!

Think of redecorating a room between breakfast and lunch! You can with Techide—Pittsburgh's amazing new development in wall paint. Two hours is plenty of time to apply Techide. THEN ONLY ONE HOUR FOR DRYING! You save on labor costs—save the expense of scraping off old wallpaper—and save on the cost of paint. Techide is ideal for painting over wallpaper, plaster, brick, etc.

WEEKLY NEWS ANALYSIS

Increased Activity in Pacific Sector Marked by U. S. Blows on Jap Bases And Heavy Fighting in Burma, India; 4-Fs Get Study in Manpower Crisis

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Italy—Against a background of war's ruin at Cassino, an Allied medical unit moves to the front to attend the wounded.

AGRICULTURE: Food Subsidies

To peg consumer costs, War Food Administrator Marvin Jones ordered the \$3,000,000,000 Commodity Credit Corporation to use its powers and funds for subsidizing food prices.

In addition, the CCC was ordered to purchase, sell, store and transport food and farm products involved in the WFA's price-support and lend-lease programs.

Strongly backed by the farm bloc in congressional debate but upheld by administration forces, the food subsidy program will cost the CCC between \$650,000,000 and \$800,000,000, it was estimated.

Farm Prices

Increases in returns on meat animals, feed grains, hay and oil-bearing and fruit crops resulted in a one-point advance in the general level of farm prices from mid-February to mid-March.

EUROPE: In Balkans

While their lines held in northern Russia, German troops fell back to the Carpathian mountains in the south, where they were looked upon to make a stand with Hungarian and Rumanian forces recently incorporated into the Nazi armies.

PACIFIC: Threaten India

As bold Japanese forces thrust toward the highway hub of Imphal in India, Adm. Louis Mountbatten rallied Allied forces to a stand to hold this key to land communications all along the 600-mile Burmese front.

In the Southwest Pacific area, strong U. S. naval forces again challenged the Japanese fleet to come out and fight by attacking the enemy's sea base of Palau, 460 miles from the Philippines, but the Nips once more withdrew.

Seeking to capitalize on their surprise of the Allies in India when they burst from three points to converge on Imphal, the Japs maintained heavy pressure in the face of stiffening British resistance.

Looking toward eastern Europe, information leaking from sources consulted on perfecting details of the Teheran agreements indicates Moscow will annex the Baltic states and eastern Poland and Balkan territory considered traditionally Russian.

HIGHLIGHTS... in the week's news

DAIRY SUBSIDIES: Charles Holman, secretary of the National Cooperative Milk Producers federation, told a senate committee that subsidies on dairy products would have to be increased by \$200,000,000 a year to give farmers a fair return.

SAVINGS: In the first two years of war, savings of the American people have increased by more than 50 per cent, represented by war bonds, bank deposits and life insurance.

Walter Winchell

The first time Sinatra came to H'wood he brought three suits. This time he arrived with 18... What! Only three changes a day?...

Bravos between the White House and Congress aren't anything new... Almost every President has gone through the Congressional wringer...

Novelty: Irving Berlin arrived the other day from England with messages for kin and loved ones of members of "This Is the Army."

Broadway Rembrandt: The wise-guys are still talking about it breathlessly. A drunk wobbled into one of the saloons, clutching fistfuls of \$20 bills.

Ringside Seat: Robert Sherrod, whose new book, "Tarawa," is a click already, says the Pacific war was nearly two years old and he had seen much of it elsewhere when we invaded Tarawa.

Norma Shearer is expected to resume her screen career in the role of Katy (the mother) in "Tree Grows in Brooklyn"...

Quotation Marksmanship: Walter Lippmann: The writers who have nothing to say are the ones you can buy; the others have too high a price...

Dancers' Mirror: Maestros Melba of the Cotillon Room sums up the types of dancers who pass his gaze. To wit: The girl who doesn't shag, but will stand practically still while her partner does...

Christian Science Services

"Doctrine of Atonement" is the subject of the Lesson-Sermon which will be read in all Churches, Christian Scientist, on Sunday, April 16.

The Golden Text is: "I am not alone, because the Father is with me—In the world ye shall have tribulations; but be of good cheer; I have overcome the world" (John 16:32,33.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Now no chastening for the present seemeth to be joyous, but grievous; nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them (Hebrews 12:11.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If your endeavors are beset by fearful odds, and you receive no present reward, go not back to error, nor become a sluggard in the race. When the smoke of battle clears away, you will discern the good you have done, and receive according to your deserving" (page 22.)

Scouting Activities

The Campers Patrol and the Fox Patrol went to Red River Friday, March 31, and returned Saturday afternoon. Six members of the Camper Patrol, three members of the Fox Patrol, and two visitors from Troop 35 were present making a total of eleven. Each patrol is grateful to Mrs. Jeffers for the transportation to the river and back.

The Dan Beard Patrol which consists of the Patrol Leader and their assistants, Senior Patrol Leader, Assistant Scoutmaster, and Scribes plan to go to camp Perkins as guest of Troop 35, Thursday, April 6. They will return Saturday morning.

Troop 155 is making preparation for camp this summer. It is an honor and a privilege to get to go to a Scout camp in the summer for one week. Camping, swimming, canoeing, rifle range, hiking, pioneering, star study, nature study, and eating are all waiting for the scouts in a thrilling adventure of never dying excitement. If you have a son in the Scouts help him prepare for camp, don't wait till the last minute, plan ahead.

Definition of a Scout
A Scout is a boy who understands and practices the principles of truth and knowledge. He strives to live up to the Scout oath and law. He wears a smile and a friendly "How do you do" wherever he goes. He is proud to wear the Boy Scout uniform and treasures every badge which is awarded him. He does a good turn to someone every day, and above all he is loyal to the church of his religion.

MAGIC-EASE FIRST DOSE
When you suffer from an aching back, constant desire to urinate, burning, hurting bladder, rheumatic swollen feet—CIT-ROS corrects the ph. of your body fluids. Nature quickly relieves the pain, removes the soreness of tender, aching muscles. CIT-ROS \$1.00 at your druggist. For sale by Corner Drug Store.

Trinity Lutheran Church

Paul Kaiser, Pastor

While Easter has come and gone, the joy, comfort, and peace of Easter should be an ebbing experience in our lives. The best proof of Christ's resurrection is a living Church, which itself is walking in a new life and drawing life from Him who hath overcome death. He Liveth. This all important truth should be a mighty source of joy, courage and victory each day of our lives.

We are still in the Easter season, hence both sermons next Sunday will stress the fact of Christ's perpetual presence in the lives of His followers for peace, hope, and strength.

Morning services at the Clara Church, 11 A. M.
Evening Worship at Town Hall, Burk Burnett, 8:15 P. M.
Quarterly meeting of the voting membership at the Clara Church, 2:30 P. M.
Trinity Lutheran Church welcomes you.

Donald Brookman of Electra visited his father, John Brookman, this past week.

Sunday School Attendance For All Sunday Schools

With the coming of Easter a splendid increase was noticed in all the Sunday Schools. Here is hoping that when spring has made its final arrival that we will see further increase in all the Sunday Schools and the preaching services.

There is a great big welcome awaiting you at all the Sunday Schools and you have a special invitation to find your place in one.

State Health Officer Gives Information Concerning Bedding

AUSTIN, Texas, April 12.—In a statement issued today by Dr. Geo. W. Cox, State Health Officer, it was disclosed that 93,672 mattresses, pillows, and other used articles of bedding had been sterilized under state supervision during the calendar year 1943.

This figure represents the number of articles of secondhand bedding sold in the State of Texas during 1943. The state Sanitary Bedding Law requires that every used article of bedding which is offered for sale must first be sterilized by a process approved by the State Board of Health.

The law further requires that after an article of used bedding has been sterilized, a law tag be attached showing that the sterilization has been applied. In the purchase of secondhand bedding this tag is the purchaser's guarantee of health protection. Dr. Cox urged that all purchasers of used bedding demand to see that the sterilization tag has been attached.

"Before buying any article of bedding, whether new or second hand, the purchaser should demand to see the law tag since all bedding is required to show some sort of tag," Dr. Cox said.

New bedding is required to have a tag attached showing that all new materials were used in its manufacture, and also the type and grade of filling materials used. Bedding manufactured from secondhand materials is required to have tags attached showing that the article is made of secondhand filling materials and that sterilization has been applied.

MY HOME TOWN

When I am away from Burk Burnett, there is something that makes me want to come back. People are friendly here and interested in making Burk Burnett a better place.

—John Wood.

17 Year Old Boys Needed As Hospital Corpsmen

With the need of hospital corps personnel becoming more and more acute as the war draws to its climatic stage, the Dallas Navy recruiting district currently is emphasizing a program for the recruitment of 17 year old boys for enlistment as hospital corpsmen, Lt. Comdr. L. H. Ridout, Jr., officer in charge, announced today.

Seventeen-year olds may volunteer immediately, and if the applicant has a reasonable education and adaptability for the work, he will be enlisted directly in the U. S. Naval Reserve as hospital apprentice, second-class. This is equivalent to the army rating and pay of private first class, an unusually good beginning for the youth going into the service of his country.

Boys interested in serving in the hospital corps are invited to visit Room 438, fourth floor, of the Post Office building, Dallas, or Navy recruiting stations in Abilene, Amarillo, Fort Worth, Lubbock, San Angelo, Wichita Falls, Paris, Sherman, Tyler, Longview, Waco.

Hospital corpsmen are members of the crews of every type of Navy vessel and amphibious forces. They are taught how to give first-aid, rescue survivors, drive ambulances, assist at sick call, dispense medicines, type medical records, manage diet kitchens, assist at surgical operations, care for the sick and injured, receive and issue medical stores, and perform many other vital duties.

As a hospital corpsman, the young man can prepare for such civilian jobs after the war as dental technologist, first-aid man, food inspector, medical technologist, nurse, physiotherapist, canitarian, X-ray technologist, and many other, Comdr. Ridout pointed out.

Phenothiazine Developed By Texas Scientists

As the result of research by Texas scientists, following the early lead of veterinarians at the U S Bureau of Animal Industry, livestock raisers throughout the nation stand a good chance of saving upwards of \$125,000,000 annually.

The answer is phenothiazine, a chemical compound that was first tested as a plant insecticide, but later proved to be, in the words of U S Department of Agriculture publications, "the nearest approach to the ideal worm remover yet discovered."

This substance (pronounced "fen-othigh-azeen") has the endorsement of government parasitologists who have said that "no other known antelmintic removes so many different kinds of parasites from the host of animals as does phenothiazine."

Because more than one-third of the national use of the drug is administered by Texas ranchers, plans now culminating will link the product even closer with Texas than during the important period of development.

E. I. duPont de Nemours & Co., first to manufacture this chemical commercially, has purchased an 822 acre tract near La Porte. Phenothiazine will be manufactured there on a large scale. The plant, which will be known as the Houston Works of the Grasselli Chemicals Department reflects faith in the future of Texas and the development of the entire Southwest.

Market proximity plus the availability of raw materials and excellent water, rail and highway transportation were factors in the selection of the La Porte site.

Methodist Church Made Improvements In Property Recently

During the past several weeks the First Methodist Church has made a number of improvements in property. New gas and water pipes were laid to replace those that had rusted out under the basement floor. New concrete has been laid to repair the front steps and sidewalks around the church. Some redecoration and other improvements are anticipated for the near future.

Methodist Church Received Thirty Members Easter

Last Sunday was a day of fine inspiration in the services at The First Methodist Church. Church School attendance was above that for several months and a fine spirit of worship prevailed.

At the morning worship hour the choir presented three special numbers and three infants were christened. Rev. DeVore spoke on the Resurrection and said "The Spirit of Christ is planted as a seed in the life of one who takes Him as Saviour. Then that seed must find suitable soil in which to mature in order to bear fruit for the Master." At the close of the service twenty-eight members were received into the church. Eighteen of them by baptism. At the evening hour the Intermediate Choir, directed by Mrs. Crone in the absence of Mrs. Inlow, rendered three special numbers. The attendance was good and Rev. DeVore spoke on the question, "Have you received the Holy Spirit?" Two members were received into the church at the close of the service.

Service Button Of Navy Ready

The Navy Department today listed its Texas activities where the honorable service button, authorized for men and women separated under honorable conditions from active duty in the Navy Marine Corps and Coast Guard since Sept. 9, 1939, may be obtained, according to Fred Brookman, County Service Officer.

The button will be issued to former enlisted personnel on proper presentation of their discharge papers, without cost. In the case of officers, the original and one certified copy of orders placing them on an inactive status are required.

Designed exactly as that authorized by the War Department for the Army's honorably discharged, the button may be obtained at the following places:

U. S. Naval Hospital, Corpus Christi
U. S. Navy Inspector of Recruiting and Induction, Federal Building, Dallas
Navy Recruiting Station, Dallas
Navy Recruiting Station, San Antonio
Navy Recruiting Station, El Paso
Navy Recruiting Station, Houston
Navy Recruiting Station Lubbock
Navy Recruiting Station, Tyler
Navy, Marine Corps and Coast Guard personnel honorably discharged or separated from service in the future will receive honorable service buttons at the time of their separation he Navy announced.

Miss Mary Evelyn Berry who is employed in Fort Worth, was here Sunday to be with her parents, Mr. and Mrs. C. H. Berry.

Billy Jo Skipworth is at home recuperating following an appendectomy at the General Hospital in Wichita Falls recently.

Mrs. Allyne Jeffers, a student at North Texas in Denton, was here for the weekend with her parents, Mr. and Mrs. F. G. Jeffers.

A Million For Missions In 1944

The Church of the Nazarene is calling for one million dollars for missions and 500 young people to volunteer to train for missionaries in 1944.

The local church responded by giving \$104 for the mission cause, at the Easter service Sunday. Also ten young people came forward accepting Christ in the same service.

The attendance for Sunday School was 71, and for church was 75.

MEMO To Mrs. Housewife

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goode

Have you seen the new mother and daughter apron sets? They come in all colors of fairy tale prints and make perfect gifts. They'll also encourage the young miss to take an interest in cooking.

Although you don't have to turn in an empty tube to get more toothpaste, WPA salvage division urges us to save and turn in all collapsible tubes.

Your jars of real mayonnaise should never be placed close to the freezing unit in the refrigerator. It is only necessary to keep real mayonnaise at a moderate temperature about 50° to 70°.

Some people will buy anything, but do beware of glib salesmen who are selling "Mexican nylons" saying they'll be just like American ones if kept in the icebox for two weeks. They're rayon!

To keep green color in your fresh spring vegetables, cook them in an open saucepan and in very little water. Use left-over vegetable liquid in soups and gravies.

Here's a time-saving sandwich hint. Mix vitaminized margarine with your sandwich spread and you'll have to spread the bread only once.

January onion stocks were lowest in 10 years. Use a smile-onion of garlic for seasoning when you can't get onions. Or keep a pot of cloves on hand.

Tangerine syrup may substitute for apple syrup due to the shortage caused by the short 1943 apple crop.

The last of the 48 states to be admitted to the Union was Arizona, Feb. 14, 1912.

The SNAPSHOT GUILD

RAIN AND FOG

Don't leave your camera on the shelf when bad weather keeps others indoors. You may produce a picture equal to this nationally famous prize winner.

NATURALLY, most of us prefer fine weather for our picture taking outdoors. However, in our enthusiasm for sunshine, it's not wise to overlook the beauty in certain other moods of weather—the glow of light through mist and fog, the sparkle of rain-wet streets, reflection in after-the-shower puddles, even raindrops hanging like diamonds from twigs and branches of the trees. If you're alert you'll find many possibilities in "bad" weather, and each will add interesting items to your picture collection.

It's not necessary to get soaking wet either. You'll find the best rainy-day opportunities shortly after a rain, or between showers, or you can shoot from the shelter of a window or doorway.

However, remember this: On rainy days and foggy mornings, light is weak and you'll have to adjust your exposure accordingly. Load your camera with high-speed film, and you will be able to get satisfactory rainy-day shots of average subjects at about 1/25 second at f/11 or f/8,

unless the clouds are extremely heavy. Very early in the morning, or late in the afternoon, two or three times these exposures may be necessary.

Our illustration this week which, incidentally, was selected three years ago as the outstanding snapshot of the year in a national snapshot contest, was made after dark during a heavy fog—and the figure was, of course, carefully posed. In fact, a posed figure is necessary for night shots similar to this, for usually a time exposure ranging from a few seconds to several minutes is required. In this case the exposure was approximately one minute at f/11 on panchromatic film.

This picture should point out a moral for every photographer. Don't let bad weather keep your camera on the shelf. Load it up, take it out whenever it looks as if "bad weather" pictures are available—and you'll find that extremely interesting snapshots are yours for the taking.

John van Gulder

Miss Mary Reeves of NTSTC, Arlington, spent the Easter holidays with her parents, Mr. and Mrs. A. C. Reeves.

Misses Betty Mills, Carol Lohoefer and A. J. Ensey spent Sunday visiting friends in Electric.

Miss Dorothy Schroeder was here from Denton the past week to visit her parents, Mr. and Mrs. Paul Schroeder.

Miss Jean Wills, of Baylor University in Waco, came in last Thursday to spend the Easter holidays with her parents, Mr. and Mrs. O. C. Wills.

D. M. Lowery is able to sit up, but is still convalescing at home from a recent operation. His many friends are glad he is improving so nicely.

Mrs. F. R. Knauth spent three days this week in a Wichita Falls hospital and will be happy to have her friends visit her back at home.

F. H. Hunt underwent an emergency operation last week and is improving steadily in a Wichita Falls hospital. He hopes to be home this week end and will be happy to see his friends.

Mrs. Glenn S. McCurley and son Glenn Jr., have returned to Memphis, Tenn., to join Mr. McCurley, who is an instructor in the Navy. Mrs. McCurley has been visiting her parents, Mr. and Mrs. B. H. Alexander.

FROM SENECA, ILLINOIS

Burkburnett Star, Burkburnett, Texas.
Dear Sir:—
Inclosed find check for Burkburnett Star. We did not wish to go without it but neglected sending renewal. We miss it very much.
Fred O. Minick,
War Homes, Apts. No. 502 Seneca, Illinois.

F. S. Weldon passed his physical 100 per cent in every way for the Merchant Marines. Will be sworn in this week and leave soon. He has been working in the ship yards helping make L. S. T. ships.

Mrs. J. S. Barton of Wichita Kansas, is at the home of her sister, Mrs. Dot Busby, convalescing following an operation at the Wichita Clinic Hospital.

W. Marshall Young was doing nicely in the Clinic Wednesday. We hope to be able to return home.

Mr. and Mrs. C. E. Eason as their week end. Mr. and Mrs. Dale Eason, Mrs. Clara Marksberry, Oklahoma City, Okla., daughter and grand-daughter. Mrs. Bill England and De Laine of Midland, Mrs. England plans on for a few weeks before going to Midland where land is employed by the Steel Tank Construction pany.

Mrs. O. G. Burnett and son spent Easter in Springing her mother.

Mr. A. W. Cole is on list this week at the hospital suffering with arthritis.
