Lions Club

Quite a number of Lions were absent from Tuesday night's meeting, but most of them were out of town and are expected to make up their attendance before the next meeting of the club.

Lion C. O. Smith passed out some slips of paper which were supposed to give the date the war will end, which may or may not be correct, anyway it had a number of coincidences.

Plans were made for a watermelon supper in the near future, at which Lionesses will be guests of the club.

The names of two children in need of glasses were also reported to the club by the sight conservation committee, headed by Lion Holman. This is one of the greatest activities of the club, and a number of glasses have been fitted for underprivileged who had no other way of getting aid.

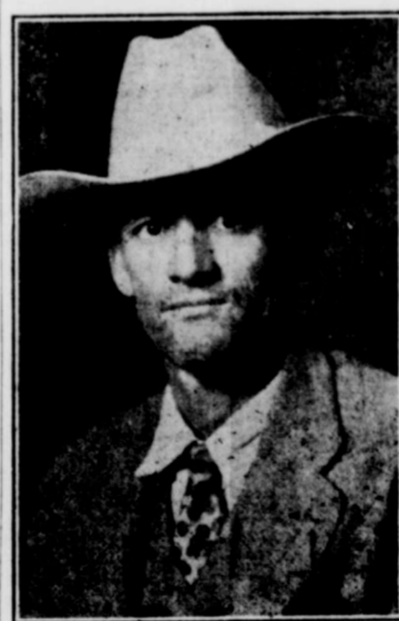

Cub Pack To Have Outing

Cub Packs 155 and 34 will enjoy their monthly meeting with an outing and basket lunch at Camp Perkins Friday evening, July 28. The boys are to meet at the Baptist church at 6:30 and try to get to the camp shortly after seven.

Cubs and their parents are asked to attend this outing. Each is asked to bring a picnic basket. It is planned that the group will enjoy a swim before eating and those who wish to go swimming must bring their own suits. Only those boys who are accompanied by their parents will be allowed to go in swimming. A number of Senior Scouts have also been invited to go along and help look after the smaller Scouts. Plenty of drinking water will be provided.

Irene O'Neill is in Vinita, Oklahoma, for a two weeks visit.

Re-elected As Commissioner

W. T. (Slim) HOLMAN

Although two other candidates made the race for Commissioner, no run-off will be necessary. Mr. Holman received a majority of the votes cast for Commissioner of Precinct No. 2 in last Saturday's election, getting 498 votes, while his opponents received 367 votes.

Mr. Holman asks The Star to make the following statement for him:

"I am indeed grateful for the majority vote I received in last Saturday's election in my race for Commissioner of Precinct No. 2. I consider it a vote of confidence for work well done in the past and I shall continue to put forth my best efforts as your Commissioner. Thank you.
W. T. Holman."

Mrs. Mamie Brown from Little Rock, Arkansas, is here for a few days visit with her brother, J. R. Simmons.

Mrs. Ralph Brookshier, Jr., is reported to be very ill in the Wichita General Hospital. She is the former Billie Jane Roach.

Fellowship To Meet At Parsonage Tonight

The Fellowship Class of the First Methodist Church is to have a meeting at the Parsonage tonight. A general discussion of the work of the class and the laying of definite plans will precede the social hour.

P. A. Johnston is President and Wayne Chambers is teacher of the class. Many members are in the armed services and a number of new members are received each month. The class welcomes all Young Adults who will come to worship each Sunday morning.

Rotary Club

The Rotary Club will not meet on Tuesday of next week as Harris Cook, District Governor of Rotary, will be here next Monday and Monday night for meetings with the club. Every member is urged to be present for these meetings as Mr. Cook will have a very interesting program to present.

The Wichita Falls Rotary Club was well represented here Tuesday, the following members being present: Dick Lindsey, H. A. Haymes, J. K. Estes, Roy Broadway, Floyd Dean, Ira H. Cooper, John Ebner, Albert Kelly and Edgar Mann. We are glad to have these visitors with us.

Capt. Forest Fenner, U. S. Army Air Corps, who is visiting in the home of Grandpa and Mrs. B. H. Alexander was a guest of the club Tuesday.

Dr. Carl J. Morrison led the club in a sing-song of several selections.

Mrs. Alice Chatham left Monday for Santa Maria, Calif., where she will visit friends.

Mr. and Mrs. Leo Foster and daughter Nathalie spent their vacation in Coffeaville, Kansas, visiting Mr. Foster's father.

Rotary Governor Coming To Burk

Town Hall Gets Air Conditioner

Light Plant and City employees have completed the work of installing a giant air-conditioner in Town Hall. A large fan, formerly in one of the theatres here, and for many years idle, has been put to good use. A structure was built back of Town Hall to house the fan and the excelsior padding through which cool moist air is drawn and circulated freely through the building.

Previously several fans were used in the Hall to circulate the air during hot days and nights, but they were inadequate for such a large space. Nothing compares with moist air for cooling a building when it is circulated properly.

The fan makes very little noise and baffles where the air enters the building can be set so that it is comfortable in every nook and corner of the Hall.

City Manager Loy Nichols has been working on plans to air-condition the building for some time. While he was away on his vacation, E. Y. Buckner supervised the installation.

Katy Railroad Needs Car Bodies

Information comes to us that the Katy Rail Road needs 25 old car bodies with frames attached to use for protection of some of their bank grades. They are willing to pay for same, so if you have any you want to get rid of, get in touch with the local agent, giving him the number you have and the price you expect.

Rev. DeVore to Preach At Ringgold Friday Night

Rev. DeVore is to preach at Ringgold Friday night at a rally for the ten churches on the Spanish Fort, Bonita and Ringgold circuits.

He is to preach on "The Call to Preach." It is part of a three day quarterly rally planned and held by Dr. E. A. Hunter, District Superintendent, for each of the rural churches in his District.

Special emphasis is being placed on The Ministry and other full-time Christian work as a Life's Work as a part of the five-fold program of Methodism for this quadrennium.

Methodism has always emphasized the "Call" to the Ministry and much of the success of the work has been attributed to the close relationship of the Ministry to the call of God.

Sunday School Report For All Churches

The attendance for the summer months seems to be holding up fairly well. Probably a little above last summer. But why should we not be just as loyal when the weather is hot as any other time. Bible Study is just as valuable. The following is the report for Sunday, July 23.

Calvary Baptist	110	100
Central Christian	14	27
Assembly of God—		
Church of Christ	97	169
Church of God		
First Baptist	277	205
The Nazarine	34	39
First Methodist	158	131

J. B. Grace is in the Wichita General Hospital and is reported to be very ill.

Pvt. Martin Wright who is stationed at Fort Jackson, S. C., is home on furlough visiting his parents Mr. and Mrs. W. J. Wright.

The Rotary Club of Burkburnett will welcome on July 31 Dr. Harris M. Cook, Governor of the 127th District of Rotary International which includes 59 Rotary Clubs in Northwest Texas. Dr. Cook is professor of education and Dean of Men, West Texas State College. He is a member of the Rotary Club of Canyon and served as president in 1938-39. He was nominated as Governor at the Conference of the 127th District held at Lubbock and was formally elected at the 1944 Convention of Rotary International in Chicago, Ill., in May.

Dr. Cook is active in civic, school and church affairs of Canyon. In addition to his duties at West Texas State College, he is president of the Canyon Independent School Board, member of the Canyon Chamber of Commerce, and active official in the Baptist Church. His wife, Ruby is an active Rotary Ann. They have one son, Joe.

Dr. Cook will visit the Rotary Club to advise and assist President Sullivan, secretary DeVore and other officers of the Club on matters pertaining to Club administration and Rotary service activities. He is one of the 140 Governors of Rotary International who are supervising the activities of 5,200 Rotary Clubs with a quarter of a million members in more than 50 countries throughout the world.

Despite the war, this worldwide service organization continues to grow in numbers and in strength. Since July 1, 1943, 150 new Rotary Clubs have been organized in 13 countries of the Americas, and in Australia, Ceylon, China, England, Finland, India, Kenya, New Zealand, Northern Ireland, Sweden, Switzerland, and Union of South Africa.

THEY NEED BLOOD

We who read, can't fail to notice the constant appeal for more blood donors in order to get blood plasma with which to treat the wounded. The surgeon generals of the army and navy have asked for a fourth more blood this year than last. This means 5 millions pints to sustain life maybe in your own son or daughter. As we strike faster and further in this war there is more of a demand for this precious plasma. We have seen pictures of the wounded on fields of battle, being given transfusions, perhaps from your own blood supply, or of a friend, or from this town. With all of the needs of this war, nothing holds a more important place in the line than blood for the dying. We realize, here in Burk Burnett, its life-giving qualities, and we here in Burk Burnett will visit a blood station whenever we are in the neighborhood of one.

DON'T TAMPER WITH OIL INDUSTRY

The United Nations are flying to victory on the wings of petroleum because freedom of opportunity in the United States enabled the oil industry to supply it, said William R. Boyd, Jr., Chairman of the Petroleum Industries War Council.

"The American oil industry will deliver all the oil that is necessary to every United Nations' battlefield in the world, as long as it is needed," he said. "When the war is over, the American oil industry will find the way to continue to deliver all the oil that is necessary to serve the people of the United States."

He pointed out, however, that this broad statement of allowing full opportunity for petroleum development presupposed a continuation of our nation's historic policy by men of business vision, inventors, technologists and scientists. Such men had full opportunity to operate under the competitive system. When war came, the oil industry became at once a tower of strength for the war program.

Mr. Boyd urged orderly development of the world's oil resources as a prime stimulant to world peace and proposed a world program similar to the interstate oil compact under which oil producing states in this country have operated successfully.

The United States government, he said, should give strong diplomatic support to such a program, but should stay completely out of the ownership of oil or oil facilities.

THE BEST MAN

It would have astounded our founding fathers to learn that there would ever come a time when the circumstance that a President knew more about the problems that face this Government than any other person should be the basis of opposition to his election.

That is really the meaning of the fuss the opposition party is raising. Naturally they do not frankly state this fact, veiling it under the hypothetical, hypocritical argument that because the incumbent of the White House has been in office longer than has been customary, that in some mysterious fashion his accepting another term threatens the foundations of American liberty. The great men who worried about the danger incident to multi-terms for the President were thinking and writing at a period when a democratic republic was a venture and an experiment; when monarchism was the rule of practically the whole world, and it was anything but illogical to visualize the possibility of the new Government gravitating in any direction.

Thirteen little states on the Atlantic seaboard, with all the rest of the continent—parts of empires by no means friendly—our West belonging to Napoleon's realm; our South all Spanish, our North bounded by the British, and the Pacific section Russian and Spanish—could not but be alive to threats to an institution that menaced the principle of royalty.

Now, when we are in many if not all respects the most powerful nation on the globe, the idea that Franklin Roosevelt would seek to perpetuate his presidency is as absurd as to suggest that he would become the premier danseur of the ballet of a comic opera.

Because he is the best qualified individual we have, by reason of his intimate knowledge of the problems of the emergency, his demonstrated ability to cope with the grave matters, domestic and international, incident to the war, we hope he will once more assume the terrific burden that is and has been his, and permit his nomination and election.

If we are the most powerful nation it is a direct consequence of Roosevelt's wisdom and foresight. He saw what the future threatened and in the face of opposition by those who either because of political antagonism—or because they really thought that in a world at fire it was possible for the country to remain quiescent. That is why we have today the best trained, best equipped, and largest army; why we have a navy exceeding anything that has ever floated and fought on the seas, an air force incomparable in numbers and varieties of aircraft and efficiency.

In short, that is why today Hitler's legions are fighting a defensive instead of an offensive war; that Japan is being driven steadily back from her conquests; that we are bombing Naziland and Nippon—instead of their bombing our coasts.

A century and a half ago George Washington wrote on the very subject now invoked: "I can see no propriety in precluding ourselves from the services of any man who on some great emergency shall be deemed universally most capable of serving the public."

The possible emergency which the Father of His Country dimly saw is here.

Burk Burnett . . .

As revealed by the files of the Star 17 years ago.

History

The Story Hour held in Hardin Park Thursday afternoon was well attended. Mrs. Hugh Preston was in charge and told stories to 115 children.

Free Bridge to be open to traffic September 25th. Work on the bridge is over 80 per cent complete. The bridge, 5,750 feet long, will cost \$303,000. Construction on the bridge was started June 29, 1926.

H. T. Fuller, age 33, was killed in an auto accident on the Wich-

ita road Saturday night.

Joe S. Chery of Wichita Falls, a groundman in the transmission department of the Texas Electric Co., died in a Wichita Falls hospital Monday afternoon from injuries suffered when struck by a car driven by a woman on Ave. D. Burk Burnett at 1:30 o'clock in the afternoon.

Jack Dempsey won a victory over Jack Sharkey by a knockout in the 7th round. This was Dempsey's first fight since losing the Championship to Gene

Tuesday Sept. 23, 1926.

High wind and rain caused slight damage Monday night. Those who had storm cellars made use of them.

P. B. Browning returned from Dallas Wednesday where he and others had gone after new 1928 model Buicks.

Mrs. H. D. Smith and daughter Mildred entertained Friday evening at their home on East Main with a miscellaneous shower for Mrs. Johnnie McDonald.

USES Affects Burk Burnett Explaining How

Employers in Burk Burnett will be permitted to hire male workers without referral by the United States Employment Service under the authority of the Area Director of the War Manpower Commission and the Fort Worth Labor Management Committee, R. E. Favre, local Office Manager of the USES at Wichita Falls said today.

This constitutes a special arrangement under the terms of the Priorities Referral Program of the WMC which became effective throughout the United States at Midnight June 30, Favre said, and is subject to change if operational experience or the national manpower needs dictates.

No local office of the USES is located in Burk Burnett he said, and undue hardship would be imposed upon workers if they were required to make a trip to Wichita Falls to secure a job.

It was emphatically pointed out however, that while these arrangements will permit a worker to seek employment within Burk without having to be channeled through the Employment Service, that the Employment Stabilization regulations are still in effect and that any worker now employed or employed during the preceding 60 day period in an essential industry can not be hired

except upon referral by the United States Employment Service or upon the presentation of a statement of availability.

Favre also said that while workers would not be required to go through the USES when seeking a job in Burk Burnett that they should understand that no such arrangement exists in communities in which an office of the USES is located and that in those communities no employer can hire a male worker except upon referral of the USES.

One of the objectives of the priority referral program is to keep essential workers on their present jobs, he continued, and he urgently requested less-essential employers to refrain from

hiring essential workers out that such practices are in violation of the Stabilization and can, if allowed to continue, be a reason for the portions detrimental to the effort to be a reason for the arrangement on the part of the referral program in Burk. No restriction whatever is placed on agricultural work so long as they remain in natural work, he said.

Improved Uniform International LESSON

Lesson for July 30

GIDEON'S FAITHFUL FEW

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education...

Lesson for July 30

Man power is said to be the secret of victory. Our nation is concerned about the shortage of man power in critical manufacturing centers...

That will all make it a little strange to study and teach the lesson for today, for here is the story of a crucial military campaign in which the leader, Gideon, was told by God to cut down his forces...

What singular thing was going on? God was at work and He did not want Israel to look to the arm of flesh, but to Him.

Three questions are raised and answered in this interesting story:

I. Quantity or Quality? (7:4-7)

The Lord is looking for men to do His work, but He cannot use men who are afraid or careless...

When Gideon started out he had 32,000 men (Judg. 7:3). Not willing that they should glory in their own strength and knowing that many of them were cowards at heart...

How sad it is that so many are "fearful and afraid" (v. 3) when it comes to going into battle for the Lord...

The church needs to learn that large numbers are not the answer to her problems. God is interested in numbers, but He is more concerned about quality than quantity...

II. Man's Power or God's Power? (vv. 15-18)

Strange as was the plan for recruiting, the plan of battle was even more unusual. Lights, broken pitchers and trumpet blasts are hardly the accepted weapons of warfare...

This was no time for questions, for logical arguments, for the usual organization of war, for now God was about to work. He was ready to show His power quite apart from the ability of man, and He had a right to work as He would.

Wise and blessed is the church which knows that there comes a time when the thing to do is to put plans aside and let the Lord work. No one will question the value of organization and proper church "machinery," but we need to ask ourselves whether we have not become so organized that we impede the work of God.

Observe on the other hand that it was "the sword of the Lord and of Gideon"—not just the sword of the Lord. God is all-powerful. We must not hinder His glorious working...

III. Running or Standing? (vv. 19-21)

The enemy "ran and cried and fled." The sword of the Lord and of Gideon had put them to rout. Well may the enemies of God be terror-stricken when He begins to work through His servants...

All this was done "by faith," for we find Gideon's act of turning "to fight the armies of the aliens" listed among the exploits of faith (Heb. 11:34).

Now, see what Gideon's host was doing while the enemy ran (v. 21). "They stood every man in his place." No need for frantic hurry with them, no fear, no excitement. God works that way. Remember the children of Israel at the Red Sea? The water ahead, and Pharaoh's host to the rear. What to do? "Fear ye not, stand still and see the salvation of the Lord." (Exod. 14:13).

Perhaps the word is coming to us just now—Trust God rather than the power of man! Stand still and see what He will do, for His own glory!

With Ernie Pyle at the Front Gen. Eddy Commands One Of Best Combat Divisions

Commander Dares Enemy Fire to Be With His Fighting Troops

By Ernie Pyle

IN NORMANDY.—One of the favorite generals among the war correspondents is Maj. Gen. Manton S. Eddy, commander of the Ninth division.

We like him because he is absolutely honest with us, because he is sort of old-shoe and easy to talk with, and because we think he is a mighty good general. We have known him in Tunisia and Sicily, and now here in France.

Like his big chief, Lieut. Gen. Omar Bradley, General Eddy looks more like a schoolteacher than a soldier. He is a big, tall man but he wears glasses and his eyes have a sort of squint. He talks like a Middle Westerner, which he is. He still claims Chicago as home, although he has been an army officer for 28 years. He was wounded in the last war. He is not a glib talker, but he talks well and laughs easily.

In spite of being a professional soldier he despises war, and like any ordinary soul is appalled by the waste and tragedy of it. He wants to win it and get home just as badly as anybody else.

When the general is in the field he lives in a truck that used to be a machine shop. They have fixed it up nicely for him with a bed, a desk, cabinets, and rugs. His orderly is an obliging, dark-skinned sergeant who is a native of Ecuador.

Some of his officers sleep in fox-holes, but the general sleeps in his truck. One night, however, while I was with his division, it got too hot even for him. Fragments from shells bursting nearby started hitting the top of the truck, so he got out.

The general has a small mess in a tent separate from the rest of the division staff. This is because he has a good many visiting generals, and since they talk business while they eat they must have some privacy.

Usually he stays at his desk during the morning and makes a tour of regimental and battalion command posts during the afternoon. Usually he goes to the front in an unarmored jeep, with another jeep right behind him carrying a machine gunner and rifleman on the alert for snipers. His drivers say when they start out:

"Hold on, for the general doesn't spare the horses when he's traveling."

He carries a portable telephone in his jeep, and if he suddenly wants to talk with any of his units he just stops along the road and plugs into one of the wires that are lying on the ground.

General Eddy especially likes to show up in places where his soldiers wouldn't expect to see him. He knows that it helps the soldiers' spirits to see their commanding general right up at the front where it is hot. So he walks around the front with his long stride, never ducking or appearing to be concerned at all.

One day I rode around with him on one of his tours. At one command post we were sitting on the grass under a tree, looking at maps, with a group of officers around us.

Our own artillery was banging nearby, but nothing was coming our way. Then, like a flash of lightning, here came a shell just over our heads, so low it went right through the treetops, it seemed. It didn't whine, it swished. Everybody, including full colonels, flopped over and began grabbing grass. The shell exploded in the next orchard.

General Eddy didn't move. He just said: "Why, that was one of our shells." And since I had known General Eddy for quite a while, I was bold enough to say:

"General, if that was one of ours all I can say is that this is a hell of a way to run a war. We're fighting toward the north, and that shell was going due south."

The general just laughed.

The general also likes to get up at four o'clock in the morning once in a while and go poking around in message centers and mess halls, giving the boys a start. It was one of these night meanderings that produced his favorite war story.

It was in Africa. They were in a new bivouac. It was raining cats

and dogs, and the ground was knee-deep in mud. The tent pegs wouldn't stay in and the pup tents kept coming down. Everybody was wet and miserable. So, late at night the general started out on foot around the area, just because he felt so sorry for all the kids out there.

As he walked he passed a soldier trying to redrive the stake that held down the front of his pup tent. The soldier was using his steel helmet as a hammer, and he was having a bad time of it. Every now and then he would miss the stake with the helmet and would squish mud all over himself. He was cursing and fuming.

The general was using his flashlight, and when the soldier saw the light he called out: "Hey, Bud, come and hold that light for me, will you?"

So General Eddy obediently squatted down and held the light while the soldier pounded and spattered mud, and they finally got the peg driven. Then, as they got up, the general said:

"Soldier, what's your name?" The startled soldier gasped, leaned forward and looked closely, then blurted out: "Goddammit!"

During the Cherbourg Peninsula campaign I spent nine days with the Ninth Infantry division—the division that cut the peninsula, and one of the three that overwhelmed the great port of Cherbourg.

The Cherbourg campaign is old stuff by now, and you are no longer particularly interested in it. But the Ninth division has been in this war for a long time and will be in it for a long time to come. So I would like to tell you some things about it.

The Ninth is one of our best divisions. It landed in Africa and it fought through Tunisia and Sicily. Then it went to England last fall, and trained all winter for the invasion of France. It was one of the American divisions in the invasion that had previous battle experience.

The Ninth did something in this campaign that we haven't always done in the past. It kept tenaciously on the enemy's neck. When the Germans would withdraw a little the Ninth was right on top of them. It never gave them a chance to reassemble or get their balance.

The Ninth moved so fast it got to be funny. I was based at the division command post, and we struck our tents and moved forward six times in seven days.

That works the daylight out of the boys who take down and put up the tents. I overheard one of the boys saying: "I'd rather be with Ringling Brothers."

Usually a division headquarters is a fairly safe place. But with the Ninth it was different. Something was always happening.

They had a bad shelling one night and lost some personnel. Every now and then snipers would pick off somebody. In all the time I was with them we never had an uninterrupted night's sleep. Our own big guns were all around us and they would fire all night. Usually German planes were over too, droning around in the darkness and making us tense and nervous.

One night I was sitting in a tent with Capt. Lindsey Nelson of Knoxville, when there was a loud explosion, then a shrill whine through the treetops over our heads. But we didn't jump, or hit the dirt. Instead I said: "I know what that is. That's the rotating band off one of our shells. As an old artilleryman I've heard lots of rotating bands. Sometimes they sound like a dog howling. There's nothing to be afraid of."

"Sure," said Captain Nelson, "that's what it was, a rotating band." But our harmless rotating band, we found a few minutes later, was a jagged, red-hot, foot-square fragment of steel from a 240-mm. German shell which had landed a hundred yards away from us. It's wonderful to be a wise guy.

High Staff Officers Given Secret Protection

In the early days of the invasion a whole bevy of high-ranking Allied officers came to visit us—Generals Marshall, Eisenhower and Arnold, Admirals King and Ramsey—there was so much brass you just bumped two-star generals without even begging pardon.

Being generals, they know they must appear to be brave in order to set an example. Consequently, a

ON THE HOME FRONT with RUTH WYETH SPEARS

IF YOU like to knit here is a quick way to turn garments into attractive rugs. Cut or tear the rags into strips three-quarter inch wide. Turn in raw edges and use needles three-eighths inch in diameter. Knit the oval center first. Cast on four stitches and increase one at the end of each row until the depth of the work is four inches, then knit evenly for ten inches. Bind off one stitch at the end of each row until you have four stitches left. Bind these off.

The diagram gives the dimensions and colors for the bands that are sewn to this center oval. Cast

on seven stitches to start each band. For the outside band, start with color three. Knit seven inches, then cut the fabric strip and sew color four to it. Continue. Use a large crochet hook and fabric strips to crochet around the oval and the outside edges of the bands. Sew together with double carpet thread following directions in sketch.

NOTE—This rug is from SEWING Book 4 which also contains complete illustrated directions for a knitted rag rug made in squares, as well as numerous other ways to use odds and ends of things on hand to make home furnishings and gifts. To get a copy of Book 4 send your order and 15 cents to:

CLABBER GIRL Baking Powder

IN CLASS 1-A FOR WAR-TIME BAKING

In the war-time kitchen, where economy rules, where waste must be avoided and where quality counts as never before, Clabber Girl leads the list of dependable baking ingredients...

KILL THE ENEMY who's after your BLOOD!

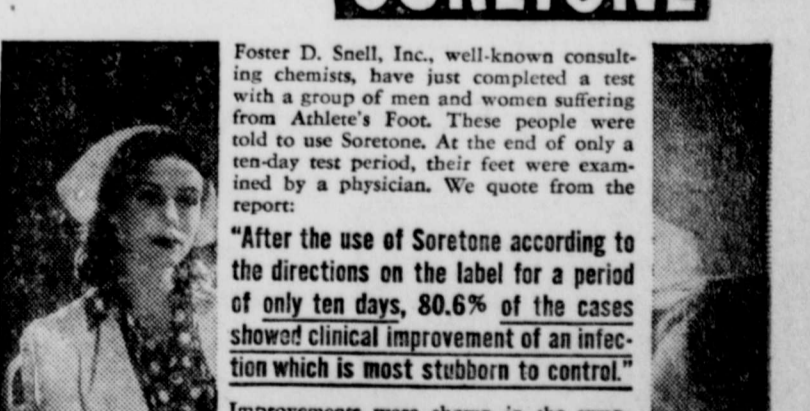

Spray FLIT on all mosquitoes... it's an easy way to kill 'em quick. Best of all it wipes out Anopheles... the mosquito that spreads malaria. Yes! FLIT not only mows down this carrier of disease... but kills the baby Anopheles, when sprayed on stagnant waters where it breeds. Arm yourself with FLIT, today!

FLIT kills flies, ants, moths, bedbugs and all mosquitoes.

ATHLETE'S FOOT NEWS

"80.6% of sufferers showed CLINICAL IMPROVEMENT after only 10-day treatment with SORETONE"

Foster D. Snell, Inc., well-known consulting chemists, have just completed a test with a group of men and women suffering from Athlete's Foot. These people were told to use Soretone. At the end of only a ten-day test period, their feet were examined by a physician. We quote from the report:

"After the use of Soretone according to the directions on the label for a period of only ten days, 80.6% of the cases showed clinical improvement of an infection which is most stubborn to control."

Improvements were shown in the symptoms of Athlete's Foot—the itching, burning, redness, etc. The report says: "In our opinion Soretone is of very definite benefit in the treatment of this disease, which is commonly known as 'Athlete's Foot'."

So if Athlete's Foot troubles you, don't temporize! Get SORETONE! McKesson & Robbins, Inc., Bridgeport, Connecticut.

W. S. C. S. Meets With Mrs. Cropper Monday Night

Last Monday night twenty-six members and friends of the WSCS met with Mrs. B. M. Cropper in her home.

Mrs. Wiggins led a song followed by a prayer by Mrs. DeVore. Mrs. Andrew Bazell led the devotional. Mrs. Henry Prinzing presented Mrs. John Rigby, Mrs. M. C. Tucker and Mrs. DeVore, who brought a very informative program on Mission work in Mexico.

Mrs. Cropper conducted the business meeting and had the reports from the circles. The next meeting is to be the third Monday in August in the home of Mrs. J. D. Majors. The prayer by Brother DeVore adjourned the business meeting.

Following a period of fellowship, watermelon was served to all who were present.

Those attending were Mesdames A. H. Bazell, F. L. Pilkerton, Boyd DeVore, Joe Majors, John Rigby, P. A. Wiggins, Henry Prinzing, M. C. Tucker, W. R. Hill, R. A. Brickson, J. F. Gracey, J. P. Kurtzwell, J. L. Caffee, P. A. Browning, Frank Blankenship, J. N. Anthony, O. E. Melton, D. M. Morris, H. C. Gilbert, B. H. Alexander, I. D. Russell, Louise Lohoefer and C. A. Moreman; Miss Pearl Gracey, Rev. Boyd DeVore, and Mrs. B. M. Cropper.

Gleaner's Class With Mrs. Hunt

The Gleaner's Class of the First Baptist Church met with Mrs. Fred Hunt last Thursday evening for an enjoyable hour of fellowship.

The business session was held followed by a discussion of the class roll. Flowers and cards were to be sent to the sick.

Mrs. J. C. Hinkle had charge of the entertainment and she presented a very enjoyable "True or False" game.

A delicious plate was served to the following: Mesdames W. A. Minick, Ralph Davis, J. C. Hinkle, Eldon Morris, Harry Mayes, Ellis High, and Mrs. Fred Hunt.

Trinity Lutheran Church

No services will be held at the Clara Church or at the Town Hall, Burkburnett, next Sunday, as the pastor is a delegate to the Synodical Conference convention, held at Cleveland, Ohio August 1 to 4th.

The Ladies' Aid meets on Thursday afternoon, August 3rd, at the home of Mrs. Arthur Rammig.

Rev. Dearmore Of Bowie At Calvary Baptist Church

REV. D. F. DEARMORE

Rev. D. F. Dearmore, pastor of the Fundamental Baptist Church of Bowie, will preach at the Calvary Baptist Church Sunday night at 8:30. The weather permitting, the services will be held on the lawn next to the Church as usual.

Bro. Dearmore is a native son of Bowie, attending and graduating from public schools there. He and Jimmy Allred were classmates in High school, and he claims the distinction with Jimmie of having one of the first two basketball teams in Bowie. He the captain on one side of the tracks and Allred captain on the other.

For twenty-five years Bro. Dearmore taught school in Texas. He has held pastorates of Baptist churches in Texas, Oklahoma and California, and has been successful in his work of the ministry. Those who hear him Sunday night will hear a man able in the Scriptures, and who knows how to tell it. He especially majors in the prophetic portion of God's Word—that portion that deals with the fortelling of future events, and compares the things which are now happening with its prediction in the Bible. You will be profited by attending Calvary Baptist Church Sunday night. Ray C. Morrow, Pastor.

Birthday Dinner For Oklahomans

A beautiful birthday dinner was given Sunday for Tode Hardin, Curley Bryant, Charlie Nail and Travis Potts all of whom had birthdays in July, in the home of Mrs. Nails and Mr. Hardin. Those present were: Mr. and Mrs. Homer Grady and mother Mrs. Doyle, Mr. and Mrs. W. S. Boyd and son Billie, Mr. and Mrs. Curley Bryant and mother Mrs. Sanders, and Misses Wanda Fay, Toela Jo, and Martha Ozell Johnson, Mr. and Mrs. T. L. Potts and children, Mr. and Mrs. Howard Bentley, Mr. and Mrs. R. A. Harrison and son Edgar and Mr. Lee Champion. A very enjoyable time was had by all. They are all hoping to be together again next year. Mr. Hardin, Mr. Curly Bryant, Mrs. T. L. Potts and children Naff received some lovely presents.

Bride Elect Honored With Shower Thursday

The home of Mrs. J. M. Pogue was the scene of a delightful informal party Thursday evening, honoring Miss Helen Rhea Dickson, bride-elect of S/Sgt. Thomas Carmichael of Lowery Field, Colorado.

The bride elect's chosen colors of gold and white were accentuated in the decorative theme with artistic arrangements of cut flowers placed throughout the party rooms and the dainty white napkins lettered in gold. The refreshment table was covered with a white linen hand-embroidered cover over gold and centered with a low arrangement of gladiolus, shasta daisies and giant marigolds, which formed a background for a miniature bride and groom. Mrs. W. R. Hill and Miss Mildred Hill presided at the crystal punch bowls. Miss Mary Jane Patterson secured the signatures for the white leather bride's book, which was hand-painted in orange blossoms in-laid with gold.

Following a short program by Misses Bettye Jane Richardson and Wilma Butts and Mrs. J. M. Matthews, Mrs. J. M. Patterson presented the honoree with an assortment of lovely gifts.

The marriage of Miss Dickson, daughter of Mrs. M. E. Myers, and Sergeant Carmichael, son of Mr. and Mrs. M. T. Carmichael of Coalville, Utah, is scheduled for August 12 in Denver, Colo.

Hostesses for the affair were Mesdames J. M. Pogue, Charles Kirsh, J. M. Patterson, Lela Boydston, Sam Weaver, D. L. Richardson, O. J. Ensey, Dave McNeil, E. Watson, J. T. Deckard, H. C. Gilbert, Althea Elrod, Clark Gresham, Florence Pearlman, Nelda Sullivan, Ora Lee Tatum; Misses DeLois Foote and Mary Jane Patterson.

Surprise Birthday Party Given For Ollie Watson

A surprise birthday party was given last Monday night in the honor of Miss Ollie Mae Watson, in the home of Mrs. A. W. Coles. Hostesses for the affair were Miss Ruth Maney and Mesdames L. W. Maney and A. W. Coles.

A reading was given by Mrs. Jess Stubblefield, after which Mrs. H. D. Maney gave a talk on "Our Boys." A solo was sung by Miss Carrol Alyce Parks. Other games and contests completed the evening's entertainment.

Refreshments were served to the following: Mesdames J. O. Pitts, R. R. Parks, Joe Matthews, Lewis Shores, Jess Stubblefield, True Cupp, H. D. Maney, L. W. Maney, Agnes Polston, Juanita Hash, A. W. Coles, Patricia Piece of Fort Worth; Misses Ruth Maney, Lanell Pitts, Carrol Parks, Carrol Watson, and the honoree Miss Ollie Mae Watson.

Those sending gifts were: Mesdames John Parker, Leo Dudley, J. T. Boman, G. W. Bryant, Pauline Stubblefield, and Albert Coles, Mrs. Lewis Johnson, Mrs. Ollie Cordin.

High School Coaches Association To Meet At Wichita

WICHITA FALLS, July 26.—All All-Stars staff of coaches, teachers and football players will gather in Wichita Falls August 7-11 for the annual session of the Texas High School Coaches Association Coaching School and the annual official All-Star football game.

The staff of instructors selected by the State Coaches Association includes top ranking college coaches and officials from the Texas Interscholastic League and Texas schools. The football players include six men selected for all state honors during the 1943 High School campaign.

The staff of instructors will be headed by Jeff Cravath, University of Southern California, and Bobby Dodd, Georgia Tech. In addition to their duties as instructors, Cravath will coach the North Texas All-Star and Dodd will coach the South Texas All-

By Making This Dress Yourself You Save Money for War Bonds

Rain or shine, you will delight in this afternoon dress of a fetching umbrella-plashed print. The wide, shallow V-neckline, shoulder bows and slender skirt are youthful and becoming. Remember that by sewing for yourself, you can save for a rainy day, and the best possible investment is War Bonds. A suitable pattern for this afternoon dress may be obtained at your local store. Back the Attack—Buy More Than Before. U. S. Treasury Department

Sisters Have Reunion After 19 Years

After nineteen years of absence from one another, five sisters have been reunited. Mrs. Gertrude York, of Johnstown, Texas, Mrs. Willie Wilson, of Bogata, Texas, and Mrs. Alfred York, of Johnstown, Texas, were the visitors of their sister Mrs. N. H. Harris of Burkburnett. The four women then went to Abilene, Texas, where they visited the fifth sister, Mrs. N. E. Norman, and spent a few days with her. They all had a very enjoyable time.

Fire Chief Frank Williams from Texas A. & M. College met with the local Fire Department and the City Commissioners Monday night.

Clifford Dodson of the Famous left for St. Louis Sunday to attend market. He returned today.

Francis Felty, one of the older residents of Burkburnett, assisted W. A. Roberts with the Election at the City Hall last Saturday.

A card from Mrs. Clara Waldroup states she enjoys the Star and is feeling very well. Mrs. Waldroup is at Iraan, Texas.

Francis Felty, a resident of Burkburnett for 23 years, was a visitor in the Star office last Saturday.

B. W. C. Meets With Mrs. Kent

The Business Women met Friday evening in the home of Mrs. J. W. Kent. The occasion was brought by Mrs. White and was followed by prayer by Mrs. A. E. H. The group sang a song program of "The Isles of the Sea," followed by the reading of "Pacific Islands" by Mrs. Kirby. The part of "Pacific Islands" was brought by Claudia Kirby. "Hawaii" was the topic for the part, by Mrs. Artie White. "His Mighty Acts in Hawaii" were brought by Harrison and Mrs. Kirby. Lovely refreshments were served to four new members: Maude Collins, and Rose White, Kirby, Harrison, Kent, Cates, and M.

Mr. and Mrs. Elmer Elton and children of Abilene visitors here Monday and Tuesday in the home of Mr. and Mrs. John Brookman.

James Hicks has returned from a vacation in California, with C. R. Miller family.

Mrs. John Mack and Dacia Anne Monroe, visiting Mrs. Chester Howard children, Mrs. Mack is the Emma June Garland.

Simple Patterns Make Sewing Easy

The smart simple lines of today's styles make it practical to sew for yourself. Money thus saved can be used for buying War Bonds to help bring victory. Regardless of your sewing experience, you will enjoy making this two-piece summer dress. Its slim skirt and checked blouse with cap sleeves are delightfully cool. The patch pocket and decorative buckle give it added sophistication. This or other suitable pattern is available at your local stores. Back the Attack—Buy More Than Before. U. S. Treasury Department

To All My Friends and Supporters

My hearty thanks for your support and vote in placing me in the lead and in the runoff primary of August 26, 1944.

Gratefully yours,

Temple Shell

Jim Robinson And His Deputies

Wish to thank the voters of Burkburnett and vicinity for the splendid vote. We hope to be able to show our appreciation thru courtesy service.

Command us when need us.

Thanks,
Jim Robinson

Cravath, whose team won the Rose Bowl championship last year, is expected to produce the latest information on the use of the T formation in football.

Other instructors include Dell Morgan of Texas Tech, line play and demonstration; Blair Cherry, Texas University, backfield play and demonstrations; Jewell Stanley, coach of the San Angelo High School champions of the 1943 High School campaign; Stanley Thomas, Sunset High School, Dallas coach of the High School basketball champions; Roy Bedichek and Rodney Kidd, University of Texas Interscholastic League officials. As a special feature, Sammy Baugh, all-American member of the Washington Red Skins professional team, will demonstrate passing and punting technique.

Calvary Baptist Church News

Sunday School meets at ten a. m., with all classes reviewing the entire book of Exodus—the "textbook of the doctrine of redemption." Preaching at eleven o'clock by the pastor Sermon subject, "Who Was Melchisedec?" This is a most common question, and has a real genuine Bible answer. You need to know the answer to this question, because the answer may have a closer relation and influence in your life than you might think.

Evening services begin at 7:45 with young people's groups meeting in their places. Adult prayer groups meet at eight o'clock. Services on the lawn next to the Church at 8:30, with Rufus Welborn leading the choir and congregation in singing. Preaching following, with Bro. B. F. Dearmore of Bowie, doing the preaching.

You always have a real, warm-hearted welcome at Calvary Baptist Church—the Church with the open Bible. Ray C. Morrow, Pastor.

Ben Majors of Chicago is here visiting his mother, Mrs. W. M. Majors and other relatives. Mr. Majors taught school in Burkburnett 18 years ago. This is his first visit to the old home town since 1935.

Mr. and Mrs. Soda Beldon and Donald Brookman are spending the week at Diversion Lake fishing. Mr. Beldon is an employee at the Post Office.

One of my most prized, and envied possessions was a dollar watch. Those watches were guaranteed for a year—and they were certainly remarkably constructed. One would keep accurate time month after month for a full year and then, about three days later, you'd look at it and it was two hours fast or three hours slow, and thereafter its only value was for wearing purposes.

Some people, who are making salaries that were never dreamed of a few years ago in the days of WPA, are flinging their money around and then when the war is over and the nation gets back to normal production, such people are going to be mighty sad. Better start putting the surplus into War Bonds, if you aren't—and not be like the grasshopper that gave no thought, during the summer, to the days of winter ahead.

As several editors and numerous correspondents have pointed out, there was a blue-back spelling in their places. Adult prayer groups meet at eight o'clock. Services on the lawn next to the Church at 8:30, with Rufus Welborn leading the choir and congregation in singing. Preaching following, with Bro. B. F. Dearmore of Bowie, doing the preaching.

Mrs. T. B. Parrish and daughter Leann of Houston, Texas, are in town. Mrs. H. C. Gilbert this week.

Mrs. Oscar Gibson and son F. C. of Elk City, Okla., visited in the homes of Mr. and Mrs. Ray Mills and Mrs. H. R. Garrett this week.

Mr. and Mrs. J. S. Nunn of Randlett, Okla., have purchased a home at 208 West First street. The place has been remodeled and is now occupied by them. W. A. Roberts handled the deal.

With The Boys In Service

Glen Wood, A-S LaMoine of Meadville, Pa., and J. Vojen, Napoleon, Ohio, Frederick Army Air Field, week-end guests of Mr. and Mrs. B. Wood.

Letter from Lieut. J. W. Kent parents, Mr. and Mrs. R. states he will soon go to Air Corps rest camp in Kirby, Texas, to relax from flying in Pacific area of operations. getting along fine.

Mrs. W. E. Cantrell of Falls, formerly of Burk, have three sons in the service. One of them reported in action in France. Pfc. Muriel Cantrell, age 19, reported missing in action June 19. He entered service in March, 1943. Pvt. E. Cantrell is in the Field somewhere in the South. He has been in a hospital for treatment. Morris entered the service in March, 1942. Sgt. B. Cantrell is an Aviation

Mechanic at Randolph Field. He entered the service in October, 1941. Mr. and Mrs. Cantrell also have a son-in-law in the service, Sgt. Robert H. Busby, in the Air Corps at Camp McCook, Nebraska. His wife was formerly Miss Mary Alice Cantrell.

A-C Donald Dodson of Shepard Field was in Burkburnett Sunday visiting his brother, Harry Dodson and family.

Doyle Dobson, S F 2/c of Quoddy Village, Maine, has been spending his leave, in the home of his brother-in-law and sister, Mr. and Mrs. John W. Story. Also visiting in the home were his wife Mrs. Jewel Dobson, of Coolidge, Arizona. A sister, Mrs. John J. Smalley, of Lockney, Texas, an Aunt, Mrs. Kate Powell, of Ralls, Texas, 2 nieces, Misses Elnora and Eloise Smalley, of Fort Worth, Texas, and Mrs. John W. Story Jr., and sister, Miss Faye Rene Montgomery, of Cleburne, Texas.

Pvt. Jerrel Eidson writes his parents, Mr. and Mrs. J. F. Eidson from a hospital in England that he was in France for a while but had to go to the hospital. His injuries were probably not very serious for he expects to join his company before long. He says "Don't worry about me, I'm alright. Tell everyone to drop me a line."

The following was received by Mrs. H. R. Garrett last Monday

from S/Sgt. John Schoffer of Mitchell Field, L. I., concerning the injuries received by Sgt. Homer C. Garrett.

Dear Mrs. Garrett: Recently I have returned from England where I met Homer in the hospital. He asked me to write you this letter so that you might not worry about him.

Homer was on a ship crossing the English Channel, as his ship neared the Coast of France, it struck a water mine and the explosion threw him onto the deck, he said he was unconscious and when he came to, the ship was sinking and he couldn't move his legs. There was a boy lying near him who was cut in the neck, Homer reached over and held onto the boys clothes to keep him from being drowned. A destroyer came to the rescue and today he is resting in England. He had a broken pelvis bone and a slight cut under the chin. The nature of his injury will keep him confined to bed for several months.

But please don't worry for he has the best of medical care.

Word has been received from the War Department by Mr. and Mrs. Bedford Lawley of Bryson, Texas, that their son Lt. Bedford Lawley, Jr., has been missing in action. Lt. Lawley is a friend of Lt. Bobby McMurtry. They attended school together and both received their wings at the same time. Lt. Lawley was a frequent visitor in Burk and had many friends here. Mrs. F. M. McMurtry has gone to Bryson, to be with the Lawley's at this time.

O. J. Cooper, Jr., son of Mr. and Mrs. O. J. Cooper of the Cashion community has recently been promoted to the rank of Sergeant. Sgt. Cooper is with the 9th Air Force Troop Carrier Group stationed somewhere in England. He is a radio operator and mechanic and states he took part in the invasion without a scratch. Cooper graduated from Burk High school in 1942. His wife is staying with his parents until he returns home. Beginning this week Sgt. Cooper will receive the Burk Star, a present from his parents.

Raymond E. Faulkner, Coxswain in the Coast Guard, writes the Star from Algiers, La., that he is about to be assigned to a ship. Recently he ran into John Blackstone ex-fire chief of Burk, the first home town person he had seen in over a year. "Red" sends regards to all.

Camp Pendleton, Oceanside, Calif.—Pharmacist Mate Third Class Isaac E. Harwell, son of Mrs. I. E. Harwell, of 127 Ave. C, Burkburnett, Texas, has been graduated from the Training Command Field Medical School for hospital corpsmen.

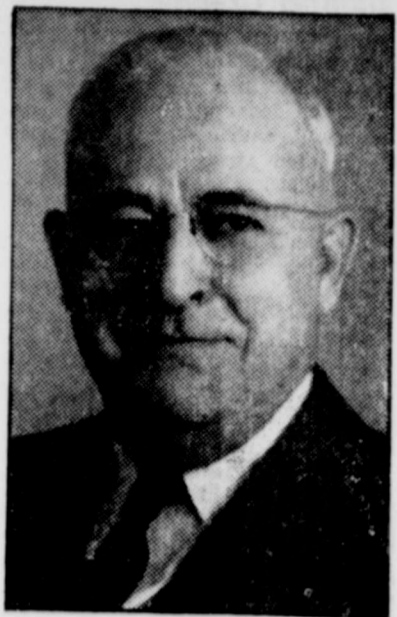

He will be assigned to duty with a Marine Corps combat unit going into the field.

A former student of the Texas University for a year he enlisted in the Navy August 13, 1943 and was promoted to his present rank in November 1943.

Cpl. Bill Hunter, who is back from the North Pacific, has been visiting in Burkburnett. He has been in the North Pacific 18 months. His home is in Lindsay, Oklahoma.

Cliff Cannon is ill this week and unable to be at work.

Rice Thanks Voters

The Star is in receipt of a letter from H. L. Rice in which he says: "Please convey my thanks and sincere appreciation to my many friends in Burkburnett for their support in my recent campaign for Assessor and Collector of Taxes. Sincerely, H. L. RICE."

Dress With Charm — Save With Bonds

Pink roses and bow knots give this dress a faintly Victorian flavor. In spite of the romantic print, the design is modern in its clean-cut lines. The gathered neckline and skirt, buttoned shoulder and placket make it a smart dress to sew and wear. Every penny saved by sewing helps buy another War Bond. This or a similar pattern is available at your local store. Back the Attack—Buy More Than Before. U. S. Treasury Department

Methodist Choir Good Attendance Thru The Summer

J. P. Kurtzweil, president of the First Methodist Church called a business meeting Wednesday night after the choir rehearsal. The group was commended for the excellent attendance, nineteen members of the regular choir and several junior members were present. Plans were worked out to stimulate the work of the children's choir and also to keep the attendance up in the senior choir. The excellent singing is helping in all of the worship services of the church.

Community Prayer Service Filling Real Need Here

The Community Prayer Service which meets at 8:30 each Tuesday night at the First Methodist Church has been filling a heart felt need in our community. Mrs. M. E. Lewallen led the service this week and had a well planned musical program consisting of a solo and a quartet as well as a number of congregational hymns. Mrs. Will Teal is to lead the service next Tuesday night.

This week closes the first three months of this Community Prayer Service and sponsored by the Federated Missionary Society.

About eight hundred have been in total attendance and many expressions of appreciation have come from both the ones who at-

tend and the men in the Armed Services in whose behalf the meetings were begun. Do not forget to pray.

Mr. and Mrs. V. C. Miller and family spent the week-end with Mr. and Mrs. Ray Mills and Mrs. H. R. Garrett. The former residents of Burk now live at Holliday, Texas.

Gay Little Sun Suit Has Matching Bonnet

5737

Gay Little Sun Suit

A BRIEF sun-suit or tiny dress is made twice as gay by means of a bright cherry spray applique. The matching open air bonnet is made perfectly flat and then buttoned together to form a hat. Whole set takes but little material and is a summer joy for any youngster. Pattern includes sizes 2, 3 and 4 years.

To obtain complete applique pattern and cutting pattern for sun-suit, dress and bonnet for the Cherry Sun Suit (Pattern No. 5737) send 16 cents in coin, your name, address and the pattern number.

SEWING CIRCLE NEEDLEWORK 530 South Wells St. Chicago. Enclose 15 cents (plus one cent to cover cost of mailing) for Pattern No. Name Address

RHEUMATIC PAIN Need not Spoil your Day—Get after it Now Don't put off getting C-2223 to relieve pain of muscular rheumatism and other rheumatic pains. Caution: Use only as directed. First bottle purchase price back if not satisfied. 60c and \$1.00. Today, buy C-2223.

FOR QUICK RELIEF CARBOIL A Soothing ANTISEPTIC SALVE Used by thousands with satisfactory results for 40 years—six valuable ingredients. Get Carboil at drug stores or write Spurluck-Neal Co., Nashville, Tenn.

END CONSTIPATION THIS NATURAL WAY!

Millions now take Simple Fresh Fruit Drink instead of Harsh Laxatives!

It's lemon and water. Yes!—just the juice of 1 Sunkist Lemon in a glass of water—first thing on arising.

Taken first thing in the morning, this wholesome drink stimulates bowel action in a natural way—assures most people of prompt, normal elimination.

Why not change to this healthful habit? Lemon and water is good for you. Lemons are among the richest sources of vitamin C, which combats fatigue, helps you resist colds and infections. They also supply B, and P. They alkalinize, aid appetite and digestion. Lemon and water has a fresh tang, too—clears the mouth, wakes you up!

Try this grand wake-up drink 10 mornings. See if it doesn't help you! Use California Sunkist Lemons.

WOMEN IN '40's Do You Hate HOT FLASHES?

If you suffer from hot flashes, feel weak, nervous, a bit blue at times—all due to the "middle-aged" period peculiar to women—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken regularly—Pinkham's Compound helps build up resistance against such annoying symptoms. Pinkham's Compound is made especially for women—it helps nature and that's the kind of medicine to buy! Follow label directions. LYDIA E. PINKHAM'S VEGETABLE COMPOUND

WEEKLY NEWS ANALYSIS

Germany Admits 'Grave Situation' As Allies Continue to Advance; Study World Oil Marketing

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

France—Surprised by sniper while on patrol, U. S. Doughboys make for ditch and prepare to return enemy's fire.

SECOND FRONT: Hedgerow Battle

Beautiful in peace, treacherous in war, the hedgerowed fields checking Normandy's picturesque countryside were the scene of some of the bitterest fighting of World War II, with desperate Nazis using them to conceal their rifles, machine guns and artillery to impede the relentless advance of the American doughboys.

Farther to the east, Gen. Bernard L. Montgomery's British and Canadian forces girded for a large-scale assault against strong concentrations of German armor in the plains below Caen, while enemy units continued to jab into their flanks to unsettle their positions.

Shortly after he had told his son, Capt. Quentin Roosevelt, that "the old machine is pretty well worn out," 56-year-old Brig. Gen. Theodore Roosevelt Jr., son of the immortal "Teddy," quietly succumbed to a heart attack in an army tent on the Normandy battlefield, where he had been assistant commanding general of the 4th infantry division.

tions of German armor in the plains below Caen, while enemy units continued to jab into their flanks to unsettle their positions.

As the Allies edged forward in northern France and received a continuing stream of reinforcements, some allegedly direct from the U. S., American and British aviators were swooping down on German communications lines in efforts to disrupt the flow of enemy reserves and supplies to the flaming front.

German Soil

No longer able to maneuver freely on the vast spaces of Russia, and with its back to its own homeland, the German army on the northern sector of the eastern front found itself confronted with the problem of being forced to stand up and fight or allow the Reds to carry the war into their own country.

As the Russian army became the first Allied force to approach the threshold of Germany, bitter fighting continued to rage before the enemy's "Gothic line" in northern Italy, where the Nazis again took advantage of the high mountain country to slow up the Fifth and Eighth armies advance to the rich agricultural and industrial regions beyond.

As the Germans fell back toward their East Prussian border in the north, German propagandists made no bones about the critical situation, declaring that the time had come for the complete industrial and military mobilization of every man in the Reich capable of working or bearing arms.

PACIFIC: Spotlight Shifts

The spotlight in the ever widening Pacific warfare shifted back to northern New Guinea, where 45,000 desperate Japanese sandwiched between U. S. backheads all along the coast, repeatedly attempted to break through the iron ring being forged around them.

In the islands farther to the north, U. S. warships and planes continued to pepper the important stepping stones to the Japanese mainland, with Guam being captured and Saipan the major target.

Despite the ferocity of their attacks in New Guinea, the position of the Japanese forces was hopeless, with Yanks occupying large patches all along the 600 miles of coastline to their west, and other Allied forces firmly entrenched to their east.

FOURTH TERM: F.D.R. Willing

One week before the Democratic national convention met in Chicago, Franklin D. Roosevelt, looking cool in his seersucker pants and white shirt, but wriggling nervously, told a gathering of 200 quiet newspapermen that if the people of the U. S. decreed, he would be willing to serve a fourth term as president.

With the country's objective being a speedy end to the war, a durable peace and the creation of a prosperous economy, F. D. R. said that he would have to accept a fourth term as a "good soldier" if the people again called upon him to remain at the helm of state.

F. D. R.'s announcement was front page news the world over, with both British and Russian papers playing it up without comment. The German radio disclaimed interest, saying: "... One is convinced here (in Berlin) that military and political issues which are now at stake are not to be influenced by this or that President of the United States."

DIPLOMACY: Good Neighbors

Provision of American transportation facilities for movement of goods to Mexico, and close economic cooperation between the two countries in peace as well as war, dominated the formal discussions of U. S. Secretary of State Cordell Hull and Mexican Foreign Minister Ezequiel Padilla.

Not only did the U. S. promise to help hold up the Mexican economy by maintaining the shipment of goods to the good neighbor, but it also agreed to furnish technicians and equipment for bolstering the country's own sagging railway system.

Basing their discussions on a program drawn up by a U. S.-Mexican commission created as an outgrowth of President Roosevelt's visit with President Camacho in 1943, Hull and Padilla announced that the two governments agreed to "discourage trade barriers which may unduly interfere with the economic development of Mexico and trade between the two countries."

Oil Parley

Organization of an international administrative agency to provide orderly marketing and development of world oil resources will be the principal topic of discussion of a formal oil conference between the U. S. and Britain.

The conference promises to be of particular interest in the U. S. with depletion of American reserves as a result of record war time production for the supply of the major bulk of Allied needs, and with the projected construction of a private pipeline across Arabia to the Mediterranean with U. S. government funds.

The conference will follow technical discussions between petroleum experts of the two countries, with Secretary of State Cordell Hull and Lord Beaverbrook being in charge of the U. S. and British delegations.

AGRICULTURE: Bumper Crops

Overcoming machinery and manpower difficulties, U. S. farmers are expected to turn in bumper crops in 1944, the department of agriculture reported, with the wheat harvest anticipated at an all-time high of 1,128,000,000 bushels, 119,000,000 over the former top of 1915.

Prospects were reported good for all grains, with the corn crop expected to approximate 2,980,000,000, the fifth largest in U. S. history. Although near record harvests were predicted for hay, fruits, vegetables and soybeans, and a 20 per cent increase in truck produce for the fresh market is anticipated, the department looks for smaller dry beans and peas, peanuts and potato crops.

Harvested acreage was set at 355,000,000 acres for the 52 principal crops, largest since 1932, and 2 per cent over last year.

Unloading Trouble

Latest problem to arise as a result of the manpower complications resulting from the war, is the unloading of grain cars at wheat markets, with permits needed for shipments from 11 points in the southwest.

With no less than 22,000,000 bushels of wheat standing in Kansas, Oklahoma and Texas because of the unloading situation, it was predicted that about six months would be required to move the crops from these states and Colorado instead of the usual 60 to 90 days.

Large crops and insufficient rail cars were said to be contributing factors to the terminal crisis, but, except for bad weather, there is no threat of grain spoiling in the fields.

Rare Twins

In one of the rarest cases in medical annals, Mrs. Frederick D. Smith of East Port Chester, Conn., (in picture) gave birth to twins 11 days apart, with a 4 pound, 12 ounce girl following a 4 pound, 7 1/2 ounce boy.

DRAFT: Depends on War

Future induction of the over 30 group depends entirely upon the course of the war, Selective Service Director Lewis Hershey declared, in discussing present draft policies calling for the induction of all possible able-bodied men under 26, and all men between 26 and 29 not necessary to an essential industry.

In revealing that there were 4,217,000 4-Fs, selective service officials told a congressional subcommittee that one-third of the U. S. population was physically or mentally unfit, and recommended a program of public clinics tied in with private doctors, to improve civilian health.

In commenting on draft policies, Hershey said that unless the military situation should take unforeseen turns, maintenance of the size of the present army would continue to determine induction calls.

POPULATION: Big Shifts

As a result of military and civilian migrations in the U. S. between 1940 and 1943, the south and west gained more than 4,000,000 inhabitants while the north-central and north-eastern states lost approximately 2,000,000.

Twenty per cent increases were noted for Arizona, Florida, Nevada and California, with the latter state alone, with its great shipbuilding and aircraft industries, showing a coast of 1,559,135.

Montana, North Dakota and South Dakota lost more than 10 per cent of their populations, but New York showed the greatest numerical decrease, with 620,939.

TURKEYS

So that servicemen will be assured of plenty of turkeys for Thanksgiving, Christmas and New Year's the War Food administration has ordered that all birds produced and marketed within 24 states and parts of three others, shall be reserved for army and navy purchasers until the necessary quantity is obtained. Last year supply services bought 35,000,000 and it is expected that this year they will want even more to satisfy festive doughboy appetites.

Notes of an Innocent Bystander:

The Intelligentsia: Sumner Welles' "Time of Decision," a Book-of-the-Month special, is rated in Washington and London as the most important book yet on the diplomatic history of this war and the diplomatic future of the world. Look mag's color photo of PDR was taken since his recent illness—the best of him yet. And you can't retouch technical! Anita Colby, the darling of the Stork, Morocco and Colony set (who made the Powers girl famous), is now feminine director of the Selznick Studios, if you will pod'n their lorgnette. Eth Barrymore is being booked for a lecture tour. Her subject will be the "high points in the life of the Barrymores." "A Soldier's Letter to Mrs. Luce," in the Nation, should be read by everybody. A Waterbury editorialist complained about a New Yorker's one unimportant error in the same edition the editorialist's own paper apologized for three of its own. Haw! Hero Commando Kelly's Satepost fee (\$25,000) and the \$25,000 from Zanuck were taxed \$13,000!

"Do Nothing Till You Hear From Me," which was high on the Hit Parade only a few broadcasts ago (and has garnered a mint for Duke Ellington), was written by Cootie Williams, Duke's ex-trumpet genius. Cootie peddled it to Ellington for \$25. Its real name is: "Concerto for Cootie." Rooms are so scarce in navy-crowded Norfolk, Va., that Herb Fields and his band (playing at the Palomar) had to rent six motor cars to sleep in. The name Winchell appeared in the Congressional Record long before the current one started worrying those in Washington, who have good reason to worry. His name was Benj. Winchell. The oldest paper in the files of Congress relate to Ben and his son Ruggles. The paper date back to 1758. Radio networks have altered the well-known lines of the song, "Beyond the Blue Horizon." The wordage—lies the rising sun—has been switched to "the setting sun."

Midtown Vignette: It happened in the Stork Club the other night. Brod Crawford, former Hollywood actor, saw a lieutenant at the bar, a buddy from Movietown. He greeted him by his first name, of course. The lieutenant stiffened and in tones colder than Sophie Tucker's ice-box replied: "Address your superior officer as a soldier." After 15 minutes of heated argument the session ended when the officer gave the corporal a direct order. Infringement of which is punishable by a court martial. A witness to the episode relayed it to a colonel seated in the rear. He was Col. Butch Morgan, one of the real tough guys who fly our fighting planes. He is the most decorated hero in this war. Colonel Morgan walked over to the lieutenant and said: "Lieutenant, where do you know Corporal Crawford from?" "Hollywood, sir," was the reply. "What did you call him in Hollywood?" asked Colonel Morgan. "I called him Brod," was the answer. "Well," said the Colonel, "when you meet a friend of post, you address him by his first name, and don't go pulling your rank on him—and that's a direct order from your superior officer."

It has been estimated that 55,000,000 Americans go to the movies every week. The film industry is one place where mediocrity pays handsome dividends. Producers of B films are among America's highest paid executives. Those celluloids also reap the most loot. Too many ambitious youngsters believe that beauty is the only qualification for film success.

Quotation Marksmanship: Raymond Moley: Walks as if balancing the family tree on his nose. V. Kitchen: There's no use itching for something unless you're willing to scratch for it. H. Savoy: She was as light as a feather, and she didn't weigh much either. A. Bierce: A fork is an implement used by a civilized man to put dead things in his mouth. Toni Eden: An American who takes off his coat for his country is worth 10 who just take off their hats to the flag. Billy Sunday: Try praising your wife, even if it does frighten her at first. J. Lorimer: The best way to hold a man is to make him want to hold you. Maude Warren: Everybody is able to give pleasure in some way. One person may do it by coming into a room another by going out.

Love Letter of the Week: From Printer's Ink and the page by Hugh E. Agnew, titled: "You are immature if you think: That everything currently popular is really good. That smart and alert are synonymous. That you could run the business better than the man who built it. That clever copy is selling copy. That the popular side is the right side. That men over 50 seldom get new ideas. That popular mediocrity is a criterion of taste. That the majority is always right."

PATTERNS SEWING CIRCLE

Due to an unusually large demand current war conditions, slightly more is required in filling orders for the most popular pattern numbers. Send your order to: SEWING CIRCLE PATTERNS 530 South Wells St. Chicago. Enclose 20 cents in coin for pattern desired. Pattern No. Name Address

Barbara Bell Pattern No. 1987 is designed for sizes 12, 14, 16, 18, 20, 40 and 42. Size 14, kimono sleeve, requires 3 1/2 yards of 39-inch material.

Sports Costume TRY this costume in shocking pink, fuchsia or a violet-toned cotton—all colors which are high-style this summer. The smartly fitted jumper dress becomes a perfect midsummer street costume when the jacket is added.

Barbara Bell Pattern No. 1955 is designed for sizes 11, 13, 15, 17 and 19. Size 13, dress, requires 2 1/2 yards of 39-inch material; bolero, 1 yard.

TEXAN'S SHARE in the WAR

There's Something in a Soldier's Mind... There's Something in a Texan's Mind... There's something about the way they fight.

Jimmy Logan of Luling, a Texan who "fibbed" his age to get into the scrap of the newest hero. Here, shown to a bare synopsis, he did to win the Congressional Medal of Honor.

His company was pinned in a ditch in Italy and extermination by counter-attacking Germans. Logan single-handedly routed the Nazis with a rifle—then he staged a charge, dashed 200 through a hail of bullets, into the middle of an machine gun nest and was gunned—when the remaining Germans fled, he turned on them and killed them—then he smashed the "went home", taking several prisoners.

Later, after a Nazi had killed several of his men, Jimmy charged the German "super-sniper" who was hiding behind the door, and the first shot he topped his fighting day by volleys leading three recon- patrol deep into enemy territory.

Jimmy Logan of Luling, Texan, Colin Ray Suttler, made quite a fight—almost by accident.

The former Taylor Hi football star, whose Marine unit was supposed to be in reserve, volunteered to keep a front-line watch for a worn-out pal. When Jap night prowlers surprised their slit-trench, he and two other Marines wipe out the Japs with rifle fire.

Meanwhile, on other fronts other Texans were making history:

Captain Edwin Dalrymple of Llano won the Distinguished Flying Cross for leading a flight of four Spitfires against 12 Messerschmitt 190's over Pantelleria. During the scrap the Texan shot down one Nazi, his wingman got another and his flight disrupted the entire German formation.

The flyers celebrated that night by sitting calmly through a USO camp show, apparently getting a bigger kick out of the comedy than they had out of the day's fighting.

S/Sgt. John Wilhelm, a Kerrville boy, is back in Texas, one of several hundred Texans recovering from wounds at McCloskey General Hospital. He was wounded by a mortar shell in Italy.

The Texas veterans of the Fighting 36th, by the way, are being royally treated at the hospital. Among other things, they are regularly entertained by show troupes sent out over the "hospital circuit" by USO, an agency of the National War Fund. Thus the Texas lads are drawing big dividends on the \$5,000,000 given the National War Fund last year by home-front Texans.

A news dispatch from Saipan reports "in the thick of the fighting was a unit led by Marine Major Tom Gaines of New Braunfels." Major Gaines unit is supposed to do engineering work but so far they're never missed a fight at Saipan they're fighting as infantry.

Corp. Bill Curry of Denison and Corp. Bill Marshall of Bonham were in the first wave to land in France—And eighteen Texans were in the Navy's Air Group 5 which destroyed 428 Jap planes recently in the Pacific. They were Lieut. Comdr. E. E. Stebbins, Dallas; Lt. M. H. Tylor, Sulphur Springs; Lt. B. L. Taylor, Fort Worth; Lt. Jack Hestilow Recktor, Breckenridge; Lt. S. O. Johnson, Sherman; Ens. L. E. Bonson, Commerce; Ens. Hamilton D. Hearne, Perryton; Ens. L. M. Cauble, El Paso; Ens. T. R. Royster, Wichita Falls; C. E. Laws, Aviation machinists mate, first class, Houston; William E. Corbin, Jr., aviation radioman second class, San Angelo; Louis L. Fonton, aviation radioman second class, Houston, and James D. Harvey, Orange.

Farm Agents to Brush Up on Grape Culture

Agricultural and home demonstration agents from 17 counties in North Texas attended a one-day session Tuesday at the experiment station between Bowie and Monague to brush up on the latest information on grape culture.

J. A. Scofield, district agent from Texas A&M; Mrs. Isla Mae Chapman, district home demonstration agent, also of A&M; and H. C. Randolph, superintendent of the Montague County experiment station, will be in charge.

Attending from Wichita County were County Agent G. R. McNeil and Assistant J. H. Miller; Miss Cathryn Sands, home demonstration agent, and Miss Jimmie Nell Harris, assistant; L. E. Brooks, superintendent of the experiment station at Iowa Park; and Joe Bryant, horticulturist at the station.

The epitome of Lincoln hero-worship is reported by Professor Helen White of the University of Wisconsin. "Abraham Lincoln" wrote one her freshmen, "was born in a log cabin which he built with his own hands."

Rotary Club meets each Tuesday noon, 12:15, at Town Hall

Voice of Prophecy

About fourteen years ago H. M. S. Richards, an evangelist of national note, began a devotional broadcast over a local radio station in Long Beach, California. In two years the initial success of this program encouraged the adding of two more stations.

The speaker's appealing address and sound Bible presentations soon won the confidence of thousands of listeners. The broadcasts were early recognized by

those of all faiths to be an outstanding contribution to religious broadcasting.

Six years ago, upon the urgent suggestion of the listeners, the broadcast was launched on a western network of twenty-six stations under the name of "The Voice of Prophecy." It has been the constant policy of the broadcast to keep individuals in the background and Christ in the foreground. Great success attended the program on the West Coast.

Two and a half years ago the program went coast-to-coast. Soon afterward, arrangements were made to carry The Voice of Prophecy program in Spanish and Portuguese in Central and South America. At present this non-profit program is carried by 430 stations in the Western hemisphere. Arrangements are now being completed for a translated version of the broadcast for China.

The Voice of Prophecy pioneered in launching the unprecedented offer of free Bible Correspondence Courses in English, Spanish, Portuguese, German, Italian and Russian. A special course is provided for juniors and another for the blind in Braille. Enrollees number over two hundred thousand. Branch schools have been established in Australia,

New Zealand, China, South Africa, Hawaii, and in every country of Central and South America.

Mr. Richards contends that the Bible should serve as its own interpreter, and the sound Bible presentations of The Voice of Prophecy have built up an immense listening audience.

Some weeks ago the Voice of Prophecy, Inc., offered to the newspapers of the Western Hemisphere a weekly feature column "Bible Questions and Answers."

The response from the press was immediate. Over four hundred newspapers have already arranged to carry this weekly column.

A little girl's thank-you note: "Thanks for your nice present. I always wanted a pin cushion, although not very much."

Mr. and Mrs. Elmo Harlow and son and Mrs. Edna Harlow visited in the home of Mr. and Mrs. O. H. Buzbee last week-end.

OUR DEMOCRACY — by Mat

GENERAL NATHANAEAL GREENE
AUGUST 7, 1742 - JUNE 9, 1786

Greene is as Dangerous as Washington. He is Vigilant, Enterprising and full of Resources. With but little hope of gaining any advantage over him, I never feel secure when encamped in his neighborhood.

— Cornwallis

HIS GREATEST TRIBUTE, WRITTEN BY HIS GREATEST ENEMY.

SON OF AN ANCHOR-SMITH, SELF-EDUCATED IN ENGLISH, LATIN, GEOGRAPHY, MATHEMATICS AND MILITARY HISTORY, HE ENTERED WASHINGTON'S ARMY AS A PRIVATE. WAS MADE BRIGADIER-GENERAL WITHIN A YEAR - REMAINED IN ACTIVE SERVICE WITHOUT A DAY'S FURLOUGH UNTIL THE FINAL DISBANDMENT OF THE ARMY IN 1783 - TYPIFYING IN HIS RISE TO LEADERSHIP AMERICA'S WAY OF REWARDING INDIVIDUAL EFFORT AND ABILITY.

You Will Ride In Comfort When You Know Your Car Is Properly Cared For

H. M. KEEN
GULF SERVICE STATION
404 E. 3rd St. Burk Burnett, Texas

She speeds the work of war

War's at her fingertips. She puts through the calls that get things done. Sometimes when the Long Distance lines are crowded, you will hear her say... "Please limit your call to 5 minutes." That helps everybody all along the line.

SOUTHWESTERN BELL TELEPHONE COMPANY

Margaret Landry, pretty RKO Radio starlet playing in "Mademoiselle Fifi," is shown above in a white cotton poplin "Boy Meets Girl" dress, with blouse and skirt trimmed with colorful embroidery.

THE OLD JUDGE SAYS...

"Mary and I were just saying, Judge, how lucky we are here in America that we have so many natural resources to help win the war."

"That's right, Jim. When war broke out we had oil, we had steel, we had food, lumber, aluminum...practically everything we needed. There's one thing we didn't have...rubber. The enemy had that."

"But that didn't bother us for long. Soon American brains and industry had synthetic rubber by the tons rolling out of plants. That filled a critical need... you can't win a war without rubber."

"I was very much interested the other day in reading a statement made by a high government official on synthetic rubber. In it he said 'It is fair to regard the rubber manufactured to date as being almost solely the product of the beverage distilling industry.'"

"He also said that, in his estimation, the tremendous contribution of distillers' industrial alcohol to the synthetic rubber program had not received the recognition which it deserves."

"We certainly learned something today, didn't we Mary?"

RELIEF FROM BACKACHE

This suffering from soreness, aching, burning, swollen ankles, rheumatic pains can be relieved. Balance the ph. in the body fluids by buying CIT-ROS, and your system quickly removes the pain, soreness and discomfort. Secure CIT-ROS \$1.00 at your druggist. For sale by Corner Drug Store.

Christian Science Services

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 23.

The Golden Text is: "Thou, O Lord, art a God full of compassion, and gracious, longsuffering, and plenteous in mercy and truth" (Psalms 86:15).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Justice and judgment are the habitation of thy throne: mercy and truth shall go before thy face" (Psalms 89:14).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is what the Scriptures declare Him to be,—Life, Truth, Love" (page 330).

Mrs. Leonard Mattingly and daughter, Colleen, were in Burkburnett last week-end visiting friends. Colleen finished High school in New Orleans the past summer and they were up here to enroll the daughter in college in Denton. Captain Leonard Mattingly is with the Air Corps, stationed at St. Petersburg, Florida, and hopes to get a furlough some time in September, when he will come to Burkburnett for a visit. The Mattinglys have a beautiful home in Wichita Falls.

Penicillin Being Produced at Denton

In the campus laboratories at North Texas State, young scientists are producing nearly one million units weekly of the modern miracle drug, penicillin.

The student researchers tend dozens of tubes and flasks in which the wonder-working spores grow, secreting the curative yellow fluid, penicillin.

The slow "bottle method" and the newer, more prolific "vat process" are both used in the North Texas labs.

Colleagues extract the penicillin in the laboratories but do not try to purify it or reduce it to a powder stage.

The liquid penicillin containing spores is being distributed to certain hospitals and clinics within the state for testing.

Mr. and Mrs. Buddy Morris and Mrs. Morris' mother, Mrs. Ollie Wells, spent Tuesday with the McKenzies at Dundee, Texas.

Mrs. Buddy Morris and Mrs. Joe McKenzie plan to leave next week for Grand Island, Neb., where they will visit with Mrs. Morris' son, Pfc. Chris Morris.

Mrs. Chris Morris and son, Mike, are spending a few months with her husband Pfc. Chris Morris, who is stationed at Grand Island, Neb.

Formals Add Glamour to Wardrobe, War Bonds Give You Safe Feeling

Every young wardrobe should include a formal for those important events in life, whether they be a June graduation or dancing under the stars. This model is wearing a white cotton eyelet gown with sweetheart neckline and snug waist. Red roses are caught at intervals along the skirt. Make your own clothes in order to save money for War Bonds, or a similar pattern is available at your local stores. Back the U. S. Treasury Department.

Methodist Church Announcements

A fine spirit of Fellowship prevails in all of the work of the First Methodist Church. You are cordially invited to attend any or all of the services and to make this your Church home. The services are "Christ" centered and the church is ready to help each individual find a closer Fellowship with God.

Church School each Sunday beginning at 9:45 with classes for all.

Worship Services each Sunday at 11 A. M. and 8:15 p. m.

Community Prayer Services each Tuesday night at 8:30 with a leader from one of the churches of town in charge of the service.

Choir Rehearsal each Wednesday 8-9 p. m.

Boy Scout Troop 155 meets each Tuesday. Dens 1-2 of the Cub Pack meet each week.

A spirit of Evangelism prevades the services of the church and there is some service held in the work of the church almost every night each week except Saturday nights.

Mrs. D. D. Petty and children of Corpus Christi, have been visiting here in the home of her parents, Mr. and Mrs. H. G. Rigney and her sister, Mrs. Frank Kelley.

Mrs. Norma Jean (Cannon) Parr is working in the Gas Office while Marian Ragsdale is taking her vacation.

Mrs. John Brockman and son John Alan, returned Monday night from a two weeks vacation in Midland and Abilene.

Mrs. Lynn Watson, formerly Bernice Kinder, left Saturday to join her husband in Hattiesburg, Mississippi.

George Moffett Makes Statement

The Burkburnett Star has received the following statement from State Senator George Moffett:

"The unofficial returns indicate that the present race for Congress is the closest this district has ever had. The official tabulation conceivably could change the result, therefore, I will withhold a final statement until the official returns are made. I want to say now, however, that I have never had any connection with the CIO.

"I most earnestly desire" to thank those who voted for and helped me in the contest just closed, and am glad the champion was free from personalities.

"Meanwhile, we should get on with winning the war so that the boys can come home."

Political Announcements

The Star is authorized to announce the following candidates for office July 1944:
The cost of announcements: write-ups in State Office District and County City (Invariably Cash)

For Congress, 13th Dist. GEORGE (Cotton) MOFFETT ED GOSSETT

For Judge 78th District TEMPLE SHELL GUY MCNEELEY

Will Teal Thanks Friends For Support

Will Teal, candidate for commissioner of Precinct No. 10, the Star to make the following statement for him:

"I want to thank all friends who voted for me Saturday's election, and who helped in any way although I was not elected office, I hold no ill will any one. I yield to the of the majority.

Sincerely,
Will Teal

Mrs. Vernon Duke and son, Chuck, left last week for Corpus Christi, Texas, to join her husband, Vernon Duke A. R. T. will be stationed at Waco for eight months to complete Radio Technician course. Duke's parents, Mr. and Wylie Browning accompanied her to Corpus.

Mr. and Mrs. Ray M. family and Mr. and Mrs. Garrett and family visited and Mrs. J. B. Garrett in er City, Texas, Sunday.
