Burk Schools Open Sept. 4th

LIEUT. TEX LOGAN KILLED IN ACTION JULY 24

FAIRVIEW STUDENTS TO ATTEND BURK SCHOOLS

No Details Given Of Attu Island Tragedy

First Lt. Tex Logan, pilot in the Troop Carrier Command in the Aleutians, was killed in an airplane accident July 24, on the island of Attu, according to notification received from the War Department by his wife, Mrs. Vernice Logan, 1541 14th Street. No details relative to the accident were given.

Formerly post operations officer in Attu, Lieut. Logan had been in service in the Aleutians for the past eight months. Prior to entering service two years ago, he was an Army inspector for the Vega-Lockheed Aircraft Corp. in Burbank and an inspector for the Douglas Aircraft Co. in Santa Monica.

Before the war Lieut. Logan was in the theatre business and operated the Palace and Tex theatres in Burkburnett. He was married in 1936 to Miss Vernice Howard Witt of Wichita Falls, Texas.

Completing his flight training at Kelly Field, San Antonio, Texas he was commissioned second lieutenant and later was advanced to first lieutenant.

Prior to overseas service, Lt. Logan was stationed at South Plains Air Field, Lubbock, Texas; Sheppard Field, Wichita Falls, and Eagle Pass, Texas, Air Field.

In addition to his wife, Lieutenant Logan is survived by his parents, Mr. and Mrs. C. P. Logan, Long Beach; two sisters, Mrs. M. T. Taylor, Venice, and Pvt. F. Wright, WAC, stationed at Camp Roberts, and a brother, Chauncey P. Logan, in training as a pilot in the Air Transport Command at Douglas, Arizona.

A memorial service will be held at 2 p. m., Sunday, in the home of Mrs. Taylor, 1149 Nowita Place, Venice.

Lloyd Scruggs Heard From Indirectly

El Paso, Texas August 6, 1944.

Dear Mr. and Mrs. Scruggs: This morning while eavesdropping, I heard an American prisoner of war, broadcasting by shortwave from a Jap prison camp, say that Lloyd was with him and doing alright. He was broadcasting to his parents and sisters, Ruby and Eloise, Box 173, Chillicothe, Texas. The name of the prisoner is Chas. E. Sweatman. You will probably hear from the Sweatmans. If you have a shortwave band and an outside aerial on your radio, I'll be glad to send you shortwave schedules for Tokio, Berlin, Melbourne, etc. Let me know—Lloyd may broadcast any day I lived in Childress for about 30 years—worked in Burk Post Office one summer (under Miss Smith, P. M. Sincerely yours, DAN MOWERY.

Mr. Mowery later sent the shortwave broadcasting schedules.

Mrs. William McKissick of Beatrice, Nebraska, is visiting her sister, Mrs. Paul Kaiser, this week.

FOR SALE—Five rooms, hall, and bath, new finished floors, new prewar automatic heater, newly decorated inside and out, large garage, close to school, large lot; immediate possession. Call 118, Tucker Insurance Agency. 3-tfc

Mrs. Loretta Landherr is in Ft. Riley, Kansas, for a few days visit.

Vinegar Pie

Sing a song of Spending.
A pocket full of cash
More than plenty squanderers
With a roll to flash.
Skyward go the prices
And purses flatten quick;
Isn't that a Pretty Dish!
And won't it make us sick!
—Berton Braley.

Methodist Girls To Go To Church Camp Next Week

Five local girls are looking forward to a time of high entertainment and inspiration next week as they anticipate going to Camp "AKITA" on Lake Murray for a week. Jean Boyd is to attend the Senior Session and Dorothy Lorang, Elsie Williams, Verne Jean Pogue and Jewel Mae DeVore are to attend the Intermediate Camp. The two camps are government owned and leased by the Church for the use of these camps. Four camps are being held this summer and the enrollment has been so large it has been closed for six weeks already.

Eighteen pastors and adult counsellors are to lead in the training program in each camp, each week. Similar camps are held each year for the youth.

W. S. C. S. Held Planning Conference Friday Morning

Mrs. B. M. Cropper, president of the W. S. C. S., called the Executive Board together for a conference to lay plans for completing the work of this year. Numerous plans were laid and arrangements for boxes to be sent to different institutions were completed.

A committee is working out the programs for the rest of this year and year books are to be made, one for the balance of this calendar year and one for next year, according to present plans.

Reports of committees and the treasurer were heard before refreshments of donuts and coffee were served to the fifteen members by Mrs. Boyd I. DeVore, hostess.

ROTARY CLUB

The Rotary Club met as usual Tuesday noon in the Town Hall. Joe Nichols presented a nice program which included the following interesting numbers. A talk by Mrs. Ed Lewallen, a reading by Miss Bonnie Lahm, and a piano solo by Miss Reva Green.

The following visiting Rotarians from Wichita Falls were introduced: Luke McCrory, Ira Cooper, Dee Campbell, Dick Lindsay, Ed Bebb, M. E. Conklin, and other guests present were Arthur Ellis and Flight Officer Floyd May.

Sgt. M. E. Lassiter and sister Mary Ellen left Saturday night for Houston to visit their sister, Mrs. V. H. Stubblefield.

Friberg Minister To Preach Here Sunday Morning

It has been announced that Rev. Wm. M. Jones, pastor of the Friberg and Cooper Methodist Churches will preach for the local congregation Sunday morning at 11 a. m. Brother Jones is a native of Arkansas and has been preaching as a Local Preacher for a number of years. For the past twenty months he has been pastor of the Joy circuit and moved the last of June to Friberg and Cooper. The public is assured of a very inspiring service and all are invited to attend.

Rites Held Monday For Burk Woman

Funeral services were held here at 4 p. m. Monday for Mrs. J. H. Barnes, 65, who died in a Wichita Falls hospital at 10 p. m. Saturday after a brief illness.

The services were held at the First Baptist Church with the Rev. Haskell Beck, pastor of the Thrift Baptist Church, officiating and burial was in the Burkburnett cemetery under the direction of Owens & Brumley Funeral Home.

Pallbearers were Roy Magers, Andy Bazell, H. A. Goodwin, Iran Friedls, H. W. Prinzing, and J. G. Butterfield.

Mrs. Barnes was a resident of Burkburnett for 24 years and is survived by her husband, one son, Edward, who is in the Navy overseas, one daughter, Mrs. Ralph Ludwick, Longview; and one brother, Fred Page, Louisville, Ky.

Homeowners Should Buy Heaters Now

Homeowners who need new heaters for winter have been requested to obtain certificates and purchase them now, according to a recent release from the Office of Price Administration.

Only a few certificates are issued each month, and if homeowners wait until winter to apply for them, the demand may be too great to fill.

Natalie Brock is visiting in Carlsbad, N. M., this week.

Byers Bros Carnival To Show In Burk Aug. 21st to 26th

Burkburnett Volunteer Fire Department is sponsoring the Byers Bros. Carnival to show here all next week. Entrance to the carnival grounds will be just East of the Burkburnett Implement Co. on West Main Street.

Advance information is that there will be 30 big circus and carnival attractions with the show. The show also comes recommended as being one of the cleanest on the road.

Largest To Smallest

Glen Hyder, general agent of the show was in Burkburnett Wednesday making arrangements for next week's showing. He is only seven feet tall, weighs 334 pounds, and walks on lots of leather—size 14 shoes. The smallest member of the show is 20 years old, 29 inches high and weighs only 26 pounds. Quite a contrast when the two are together.

Youths Have Fine Rally At Iowa Park

Last Monday night two car loads of young people from the First Methodist Church went to a Youth Rally at Iowa Park. The rally was sponsored by Dr. E. A. Hunter and the Jimmie Thorne Sub-District. There were about two hundred and twenty-five young people and sponsors present for a picnic and evening of inspiration and fellowship together. Similar meetings are held each month. Jean Boyd, of Burkburnett, is secretary of the Sub-District.

Erich Kiesling Announces For Constable Prec. 2

E. R. (Cowboy) Kiesling, authorizes the Star to announce his candidacy for Constable of Precinct No. 2.

Mr. Kiesling has lived 27 years in Wichita County, and nine years of that time in Burkburnett. He is running on an Independent ticket and asks his friends to vote for him in the August 26th election.

Lions Club

Almost a full membership met at Town Hall Tuesday night for a regular meeting. Following a well prepared meal, an interesting program was given. Wylie Browning and Jim Ady had charge of the program and presented a quartet which gave some beautiful numbers. Members of the quartet were: Misses Peggy Dot Busby, Betty Jane Richardson; Mr. Dot Busby and Mr. Guy England.

Past President W. W. Chambers recently returned from the International Convention at Chicago and made a very interesting report on happenings at the convention.

Lion Frank Kelley, chairman of the Local Draft Board, made an important announcement concerning the draft situation.

Two visitors were present: F. M. Couch, Jr., and F. B. Maxwell.

Mrs. Lee Dobson of Carnegie, Oklahoma, visited here last week in the home of her brother and wife, Mr. and Mrs. G. W. Ferguson.

High School Students Urged to Register August 31, Sept. 1 and 2, Which Is Thurs., Fri., Sat. Before School Opens Monday

Students who register these days will not have to come back on Monday. We are asking as many as possible to do this so we will have time to arrange proper classes. In this way the students who register first will have a chance of getting the classes they want and at the time they want them. As sections and classes are filled they will be closed and you will have to take classes when you can get them.

The following teachers have been employed by the Burkburnett Independent School District for the school year 1944-45:

Burkburnett Drops From District 2AA Football Race

Chances that Burkburnett will have a foot ball team this year look mighty slim just now. Only 11 boys came out for training last Spring and because of the lack of interest on the part of the boys, no coach has been secured. However, interest has picked up and something over thirty boys now seem sufficiently interested to produce a good team—if they had a coach.

Supt. Ralph Davis informs us coaches are really hard to find, in fact to this date he has been unable to hire a boys' Physical Education teacher and basket ball coach.

Methodist Choirs to Present Musical Service Sunday

Next Sunday at 8:15 P. M. the Senior and Children's Choirs of the First Methodist Church are to present an all musical service. Rev. John H. Rigby will be in charge of the service which has been arranged by J. P. Krutzwell, W. R. Hill and Jonita Majors.

For the past three years the choir have been presenting a program just before Christmas each year. There have been so many requests for other programs that this one is being planned. There are about thirty active members of the Senior Choir and about the same number in the Children's Choir.

Brother DeVore is preaching in Revival Services at Friberg and the musical program will constitute the entire program Sunday night. The public is cordially invited to attend.

New Taxi Service Offered Citizens Of Burkburnett

C. C. Wilson recently moved to Burkburnett and last week purchased the Gulf Service Station from H. M. Keen. The station will be operated by Mr. Wilson, offering Gulf Products and service.

In connection with the service station, Mr. Wilson will also operate the City Taxi service. This service is offered at a reasonable charge to citizens of the town, and prompt response is made to all calls. In addition to city runs, country drives also made, within a radius of ten miles of Burkburnett. The telephone No. for Taxi service is 300. Headquarters are located at the Gulf Service Station, 404 East Third Street.

HIGH SCHOOL FACULTY

- Mr. R. M. Davis, Supt.
- Mr. D. F. Douglas, Principal.
- Miss Virginia Allen Librarian.
- Miss Ella Billingslea, Math and English.

NOTICE to all parents who are entering students in the first grade in the Burkburnett Independent School District who were not residents of this district as of April 1, 1944. You will be required to secure a birth certificate on the boy or girl entering the first grade. This does not apply to students in the district who were enumerated last March on the Census Roll. This applies only to those who have moved in or who were missed during the Census Enumeration. Furthermore this does not apply to six year old students coming to this school from Fairview, Clara, Cashion, or Evert.

BALE OF COTTON GINNED TODAY NOON

Premium Given By C. Of C.

Mr. Owens brought Wichita first bale of 1944 cotton to his place Southeast of the Farmers Cooperative Monday, August 14th. It weighed 500 pounds and was middling 7-8ths. Mr. Owens is giving free and also receiving 25 premium offered by Burkburnett Chamber of Commerce for the first bale brought to Burkburnett. The second bale to be ginned Burkburnett this season was to the Burkburnett Gin. Mr. G. W. Fleming, who farms on the Bently place in Oklahoma, produced 474 pounds of lint and 700 pounds of seed. The bale was middling 7-8ths. Burkburnett Chamber of Commerce gave Mr. G. W. Fleming a premium for bringing the first bale of Oklahoma cotton to Burkburnett, and the ginning was attended to by G. W. Fleming, of the Burkburnett Gin.

Revival Meeting Nicely

DeVore reports good attendance and interest in the Revival, where he is preaching each night this week. The church was formerly a Methodist Episcopal church and is now a Methodist Church. Rev. Jones has recently been appointed pastor to succeed Rev. Copeland who entered the service.

W. S. C. S. Planning Conference Friday Morning

Mrs. B. M. Cropper, president of the W. S. C. S., called the Executive Board together for a conference to lay plans for completing the work of this year. Numerous plans were laid and arrangements for boxes to be sent to different institutions were completed.

TOWARD TOMORROW

It is believed by many that after the war public education will be universal through the secondary level. According to educators, the elementary grades were those available to all youth, regardless of sex or race, money, politics or social standing. But after this war they say we will advance to a higher developed educational system that will be followed by all, through the twelfth grade. Advanced thinking points to free public education in schools of applied arts and sciences and opportunity schools that even extend beyond the high school age. There is talk of eliminating much waste matter in education and bringing into it more effective programs. They predict more consolidation of schools in districts that do not have strong systems, to unite them to eliminate the weak schools. Whatever the outcome, it shows that those who care about our youth problems are not asleep.

BIBLE WHEAT

Four years ago, a Quaker miller named Perry Hayden, living in Tecumseh, Michigan, was so inspired by Bible lessons on rebirth tithing and returns from what we sow, that he decided to experiment with these teachings in mind. So, on a plot four by eight feet, he planted one cubic inch of wheat. The following year he harvested and deducted 10% as a tithe for his church, then planted the remainder of the crop the following year. That procedure he followed the third year and this one he harvested his "biblical wheat" for the fourth time. The 14 acres that were harvested came from that one-inch cube of wheat. The 10% tithe was paid out year after year. Next year they expect to cover more than 200 acres and the sixth year, which is the last of the experiment, they estimate a tract of 1500 to 3,000 acres. This means many thousands of dollars for the church since the entire crop is valued at \$100,000. They have used old farm equipment in part to thresh the wheat besides modern steam means. Henry Ford, who furnished the land, has used his museum pieces of aged farm tools as an interesting note. The flailing of the wheat was done to illustrate how it was harvested back in biblical times, and the ancient way with the cradle and sickle. There is something deeper to the story of the "Dynamic Kernels" as Perry Hayden's trial is called. It is the thought concerning the lesson that comes from this part of the bible teachings. And in so thinking of this one sermon that has proven itself, we, here in our homes in Burkburnett, wonder how many more of the words from the Bible we have NOT tried to prove as workable, possible and inspiring.

THE JUNK MAN

Many long years ago, in your old home town, you remember the cry of "old rags, old clothes, old iron today", that came from a frayed old man with a dilapidated push cart, clanging a bell that made you look to see if it might be the ice cream cart or the scissors grinder. He traveled far to collect his junk. He salvaged bits of this and that with which to build up a business that gave him funds to later retire in comfortable style, we heard.

He called for broken up and broken down discards that brought forth a living and provided for the future of his family. You thought little of the goods you gave away, considering it riddance that made room for more junk in the house.

Today the cry doesn't come from the old time junk dealer, but from your dapper Uncle Sam and his governmental cart has been often filled to overflowing by all who know that he too is trying to take care of a mighty large family and provide for their future as well. Paper is the chief article of salvage today and in most places like Burkburnett there has already been successful drives for collecting waste paper. Schools, churches, Scout organizations, etc., have helped to put this across. Not enough has been collected however. We must keep at it since waste-paper is listed as the No. 1 critical need at present. Let us help that long-legged fellow in the striped trousers and the high silk hat, who cries, "any old iron, tin cans, fats and waste paper today for your Uncle Sammie."

A Burkburnett man asks if we notice how we blame our forefathers for our mistakes but take all the credit for our virtues ourselves.

Just because a man wears a large sized hat doesn't follow that he has a head on his shoulders.

**YOU CAN'T QUIT ADVERTISING
YOU'RE TALKING TO A PARADE
NOT A MASS MEETING**

Burkburnett History

As revealed by the files of the Star 17 years ago.

The Logan Service Station has moved one door north of Ave. C to Dudley Ellis' old stand has added filling station service and new equipment to their regular electrical, radio and supply shop.

Fred Flanagan of the Burkburnett Dry Goods Co., returned home from a week's vacation found in the fine state of Van Zandt.

Rev. E. V. Cole, a former pastor of the First Methodist Church of this city, will preach in this church Sunday morning, and also address the senior classes. He is now editor of the Christian Advocate at Dallas, Texas.

A Texas sergeant serving in France wrote the following report of the fighting there: "The Texas army is advancing steadily on Paris and will be in Berlin before long" as an afterthought, he added: "We are taking along with us some units from other states, to show them how."

It isn't exactly like that, perhaps, but there are so many Texans in the battle for France that at times it must seem that a Lone Star army really is there in force.

Sgt. Bob Jackson of San Marcos, fighting in Italy, used an old Texas trick to wipe out a group of embattled Nazis. When he found himself unable to use his grenade because of chicken wire fence was between him and the Nazis, he jumped into an old building, captured a German sniper, and used him as a shield while advancing on the enemy strong point. Then with grenades and rifle fire, he drove out the Nazis, capturing six more.

Enemy planes aren't as numerous over France these days as they once were, but Capt. Burt Marshall of Greenville managed to find one recently. He quickly shot it down. Other Texas airmen who have been cited or decorated for air victories include Lt. M. M. Tomme, Navy Pilot from Troup; Lt. (jg) Roy Bechtold of Lubbock and Ensign Jack Hogue of Graham, each of whom was credited with shooting down one or more Japs. Ensign Hogue failed to return after the fight.

On the home front, Texans are also helping win the war. Few men are doing more than the volunteer division, region and county leaders chosen to spearhead the coming campaign for the National War Fund. Under direction of Wayland D. Towner, general manager of the United War Chest of Texas, they will help put the nation's biggest state-wide drive over the top, and are now working at top speed recruiting and perfecting local campaign organizations.

The National War Fund finances USO, War Prisoners Aid and 17 other agencies serving our own fighting men an their allies.

Lucky is Pfc. Jose Lopez, a tough Brownsville scrapper. Fighting in Normandy, the Texan was hit squarely in the body by a bullet. The impact spun him around, but Lopez recovered his balance and with one bullet killed the German who had fired the shot. Then he discovered why he was not wounded—the Nazi bullet had hit an ammunition clip at his belt, and lodged there.

Texas' share in the war was commemorated again last week when a new giant troopship was named for a famous Texas soldier, Gen W. P. Richardson, who was born at Hunt. The ship was launched at Newark, N. J.

And here is a partial list of Texans who have been decorated for bravery and outstanding service: Lt. Lloyd Kelly, Coleman; Air Medal cluster; Lt. Col. Ed Harris, El Paso; Sgt. Joe Ellis, Orange; and Sgt. Ban Wyatt Jr., Brownwood, Bronze Stars; Capt.

Mr. and Mrs. Judd Exley and children are spending a vacation season in Oil City, Pa., their former home and will visit points of interest in the East.

Miss Mildred Pilkerton, daughter of Mr. and Mrs. F. L. Pilkerton, is making a vacation visit with her paternal grandparents in Georgia.

Stories were told to 147 children at the Hardin Park Thursday afternoon by Mesdames Pat Crawford, Jeff Kenedy, Hugh Preston, and Wid Philips. This hour is sponsored by the Current Literature Club and the refreshments provided for by the Elks Club.

Jim Dooley, Dilley, and Andrew Block, Bonham, Soldiers Medals for heroism in saving lives of comrades and the following Texans who received Distinguished Flying Crosses for Fighting over Europe: Lt. Luther Abel, Glade-water; Lt. Charles Summers, Grandbury; Capt. Morris Stanley, Alvin; Sgt. Hershel Moore, Del Rio, and Lt. Wade Knudson, Meridian, Sgt. Jim Daugherty of Imperial won the coveted Air Medal.

Texas fighting men in France are now getting full services of the various National War Fund agencies. United Seamans Service, USO—Camp Shows and War Prisoners Aid all are operating on the continent, as are French Relief and other NWF service units.

Head of Big Rubber Company Gives Tire Situation

It cannot be determined when an unrestricted supply of new tires will be available for civilian uses and the continued shortage in passenger car tires along with the acute shortage in large truck and bus tires results from the accelerating tempo of our armed forces' smashing offensives on battle fronts all over the world and their urgent need for more and more rubber to roll on to victory. This has been outlined in a concise and clear word picture of the situation made last week by Harvey S. Firestone, Jr., president of one of the world's largest rubber and tire concerns, the Firestone Tire and Rubber Co. His discussion of the factors resulting in the current situation—which has become so serious in the case of large truck and bus tires that OPA Administrator Chester Bowles announced Saturday that all outstanding tire and ration certificates dated July 15 or earlier for tires size 8.25 and larger would be invalid after Sunday, July 30—follows in part: "The nation's rubber shortage has been licked, but its tire shortage remains a problem. Ways and means must be found to produce for the armed forces more heavy duty tires than ever were thought necessary. This sudden and urgent need for so many of these big tires is the result of recent changes in the tactical situation in Normandy, in Italy, and on the islands of the Pacific. The destruction of railroads in Europe has necessitated a sharp upward revision in the number of motor trucks required to keep supplies flowing to the battle fronts. The success of the B-29 bomber has led to a substantial increase in the number of big bombers, and the effectiveness of heavy artillery against the strongest fortifications of our enemies has brought about an urgent call for a tremendous number of additional big guns.

"A call for more big guns, big planes and big trucks is also a call for more big tires. For example, each 155-millimeter gun, the famous 'Long Tom' that has been so effective in every theatre of war, has a carriage which rides on ten heavy duty tires and is pulled by a huge truck equipped with ten more large tires. These twenty tires require as much rubber as 167 of the most popular-size civilian passenger car tires. Not many people realize how much more time and material it takes to make a mili-

Christian Science Services

"Soul" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 13. The Golden Text is: "My soul, wait thou only upon God; for my expectation is from him" (Psalm 62.5.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord is my portion, saith my soul; therefore will I hope in him" (Lamentations 3:24.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As the children of Israel were guided triumphantly through the Red Sea, the dark ebbing and flowing tides of human fear,—as they were led through the wilderness, walking wearily through the great desert of human hopes, and anticipating the promised joy,—so shall the spiritual idea guide all right desires in their passage from sense to Soul from a material sense of existence to the spiritual, up to the glory prepared for them who love God" (page 566.)

Pvt. Stanley Green, son of Mr. and Mrs. W. M. Green, is in the Naval Hospital at Memphis, Tenn., with a back injury. His condition is not considered serious.

Mrs. D. D. Netherlain, the former Gladys Smith and twin sons, Tommy and Jerry, and daughter, Mary Lou of McLeansboro, Ill., are here visiting J. L. Smith in Burk this week.

Let the Star make your Rubbing Stamps.

A Burk woman remarks that they used to place the blame on an apple. Now, she says, they put it on peach.

Let experienced married women settle the financial problems. They are used to making money long ways and getting as much for their dollar as possible.

No Time For Incompetence

Another cut in the price of gasoline has been announced. This means that you'll knock a little louder on the hard pulls. The oil should not be blamed. The better gasoline has overseas to fight the war. The bulk of the oil for the U. S. is produced in the U. S.

It is due to no fault of the industry that there is a shortage at home. It is a greater. The industry certainly get more oil and manpower, and if the other producers and who were not discouraged to hunt for oil by arbitrage prices.

No one resents oil and lower octane rating by war necessity. But they sent any national oil price fixing that discourages companies from increasing production.

Mrs. Ralph Ludwick, of view, is visiting her mother, J. D. Barnes, who is ill in a Wichita Hospital.

Mr. and Mrs. Herman of Pyote, Texas, are visiting for a few days.

Mr. and Mrs. Lee Clifton family were here this week on a visit. The former resident of Burk are now living in Pyote, Texas.

Eddie Young was here today from Odessa, Texas, visiting relatives.

Ernie Pyle at the Front:

Mechanical Wizards Do Army's Toughest Job

Machines Going Is Job of Advance 12-16-Hour Day Under Fire

WHERE IN NORMANDY—I moved over to an ordnance company. The men handle the gigantic trucks, the long, low trail-heavy wreckers that go out to haul back crippled and wrecked anti-tank guns from the battlefield.

When the invasion that they were about to be put up for Presidential citation. But one day they got in a bomb crater and started shooting captured German guns at the opposite bank just for fun, which is against the rules, so the proposal was torn up. They just laugh about it—which is about all a fellow can do.

Corp. Grover Anderson of Anniston, Ala., is one of the drivers. He swears by his colossal machine but cusses it, too. You see the French roads are narrow for heavy two-way military traffic and an M-19 is big and awkward and slow.

"You get so damn mad at it," Anderson says, "because convoys pile up behind you and can't get around and you know everybody's hating you and that makes you madder. They're aggravating, but if you let me leave the trailer off I can pull anything out of anywhere with it."

Anderson has grown a red goatee which he is not going to shave off till the war is won. He used to be a taxi driver; that's another reason he finds an M-19 so "aggravating."

"Because it hasn't got a meter on it?" I asked. "Or maybe because you don't have any female passengers," another driver said.

To which Brother Anderson had a wholly satisfactory GI reply. He said, "(remainder of column voluntarily censored)."

It was just beginning dusk when the order came. A soldier came running up the pasture and said there was a call for our ordnance evacuation company to pull out some crippled tanks.

We had been sitting on the grass and we jumped up and ran down the slope. Waiting at the gate stood an M-19 truck and behind it a big wrecker with a crane.

The day had been warm but dusk was bringing a chill, as always. One of the soldiers loaned me his mackinaw. Soldiers stood atop their big machine with a stance of impatience, like firemen waiting to start.

We pulled out through the hedgerow gate onto the main macadam highway. It was about 10 miles to the frontlines. "We should make it before full darkness," one of the officers said.

We went through shattered Carantan and on beyond for miles. Then we turned off at an angle in the road. "This is Purple Heart corner," the officer said.

Beyond there the roadside soldiers thinned out. Traffic ceased altogether. With an increasing tempo, the big guns crashed around us. Hedges began to make weird shadows. You peered closely at sentries in every open hedgegate just out of nervous alertness.

The smell of death washed past us in waves as we drove on. There is nothing worse in war than the foul odor of death. There is no last vestige of dignity in it.

We turned up a gravel lane, and drove slowly. The dusk was deepening. A gray stone farmhouse sat dimly off the road. A little yard and driveway semicircled in front of it. Against the front of the house stood five German soldiers, facing inward, their hands above their heads.

An American doughboy stood in the driveway with a tommygun pointed at them. We drove on for about 50 yards and stopped. The drivers shut off their diesel motors. One officer went into an orchard to try to find where the tanks were. In wartime nobody ever knows where anything is.

The rest of us waited along the road beside an old stone barn. Three jeeps were parked beside it. The dusk was deeper now. Out of the orchards around us roared and thundered our own artillery. An officer lit a cigaret. A sergeant with a rifle slung on his shoulder walked up and said, "You better put that out, sir. There's snipers all around and they'll shoot at a cigaret."

The officer crushed the cigaret in his fingers, not waiting to drop it to the ground, and said, "Thanks." "It's for your own good," the sergeant said, apologetically.

SEWING CIRCLE PATTERNS

Frock for the Fastidious Matron Jiffy Play Set Is Simple to Make

1968 1-5 yrs. Jiffy Play Set. 1963 34-48 For the Fastidious

AGRACIOUS, slim-lined and pretty frock for afternoon wear! It's particularly attractive for the matron and older woman as the well-cut front panel treatment of the skirt gives you that trim look through torso and hips which is so desirable in this type of frock.

Barbara Bell Pattern No. 1968 is designed for sizes 1, 2, 3, 4 and 5 years. Size 2, dress and bonnet, requires 1 1/2 yards of 35 or 39-inch material; 6 yards ric-rac trim.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Send your order to: SEWING CIRCLE PATTERN DEPT., 539 South Wells St., Chicago, Ill. Enclose 20 cents in coins for each pattern desired.

Pattern No. Size Name Address

Age On It

Client—To be frank, you are too young to conduct my case. Young Lawyer—But sir, there is no knowing how long it will drag on.

"A new world is being born," said the political speaker. Judging from the noise, it must be triplets.

Something Else Joe—Did you say your girl's legs were without equal? Jack—No, I said they were without parallel.

All Promise Jasper—My cousin has entered a promising career. Joan—Really? What's he doing? Jasper—Writing political speeches.

Had Him Guessing Anna—I'm so glad you like it, dear. Mother says chicken salad and strawberry tarts are the only things I make correctly. Alford—Which is this, darling?

ASK ME ANOTHER? A quiz with answers offering information on various subjects

- The Questions 1. What is Cleopatra's Needle? 2. What "First Lady of the Land" was born in England? 3. According to the King James version, what is the last book of the Old Testament? 4. For what is a gimlet used? 5. What is Comedian Fred Allen's real name? 6. What American was called "The Great Commoner"? 7. Bakelite is a derivative of what? 8. Where are the Galapagos islands? 9. Where did the Hatfields and the McCoys, famous feudists, live? 10. How much salt does the average person consume a year?

- The Answers 1. An obelisk. 2. Mrs. John Quincy Adams, born in London, of an American father. 3. Malachi. 4. To bore a hole. 5. John F. Sullivan. 6. Henry Clay. 7. Synthetic resin. 8. Six hundred miles off the coast of Ecuador. 9. West Virginia and Kentucky. 10. The average American uses six pounds of salt a year to season the foods on his plate and he gets about as much more in his food which has been treated with salt during processing.

AROUND THE HOUSE

Hang a good-sized bag in the sewing room to receive scraps from sewing to be used for weekly mending.

Quartered lemons add the "something sour" that baked beans need and make a good looking garnish as well.

If you have a dog, cook him some cornmeal in the water in which vegetables have been cooked. Divide the dog's daily ration into three meals, instead of two. He does not get so hungry then and does not eat so fast.

Most light bulbs have a life of from 1,000 to 3,000 hours. You will save bulbs and electricity by turning them off when not needed.

Try keeping the peanut butter jar upside down on the pantry shelves between trips to the table. The alternate turning it receives this way helps keep the oil distributed through the entire jar.

Try cutting the outside leaves of cauliflower into inch-long pieces, and, when done, creaming with white sauce.

Here's a tip to facilitate mending large holes in sweaters. Place a piece of netting under the hole, then darn with matching wool. The netting serves as backing and makes a better darning job possible.

Frequent Famines in India Due to Failure of Rains

Because the food crops of India are destroyed by the failure of either of the two annual monsoon rains, a disaster which has occurred at frequent intervals throughout history, the people of India have suffered from famine far more than those of any other country, says Collier's. In fact, they constitute more than half of the 200,000,000 persons who have died of starvation in the entire world during the past 1,000 years.

Vanity Table Can Be Made From Old Mirror and Odds and Ends

By Ruth Wyeth Spears

and cover three sides with curtains to make the adorable frilly vanity shown here.

Two orange crates or a pair of boxes; some odds and ends of lumber; a curtain rod; hooks and a little wire for hanging the mirror; a pair of cup hooks to hold the curtain tie-backs; a pair of hinges for the arms to which the swing-back skirt is fastened; screws and nails—that is all you need. You probably have it all around the house right now. The sketch gives all the details, and it won't make any difference how crude your carpentry may be. The curtains and skirt will cover a multitude of uneven edges and hammer dents.

NOTE: This dressing table idea is from BOOK 5 of the series of homemaking booklets offered with these articles. This book also shows how the dresser to match the mirror was combined with a fish bowl, an old portiere and a chromo from the attic to make an important piece of furniture for the living room. Copy of BOOK 5 will be mailed for 15 cents. Send your order to:

MRS. RUTH WYETH SPEARS Bedford Hills, New York Drawer 10 Enclose 15 cents for Book No. 5. Name Address

Multiple Ballots

In the general elections of 1944, some states will use four or five different paper ballots, and Vermont will even use seven, all of which are supposed to be marked completely by each voter during the five minutes he is allowed to spend in the voting booth.

Lighter Fairer skin. Those with tanned-dark skin, externally caused, who want lighter, smoother skin, should try Dr. FRED PALMER'S SKIN WHITENER. Use 1/2 ounce 2-3 times daily. 50c at drugists. FREE Sample. Send 10c postage to GALEN, Dept. S, Box 20, Atlanta, Ga. Dr. Fred Palmer's Skin Whitener

Buy FLIT... today! FLIT kills flies, ants, moths, bedbugs and all mosquitoes. BE SURE IT'S FLIT! ASK FOR THE YELLOW CONTAINER WITH THE BLACK BAND!

ATHLETE'S FOOT NEWS. "80.6% of sufferers showed CLINICAL IMPROVEMENT after only 10-day treatment with SORETONE." Foster D. Snell, Inc., well-known consulting chemists, have just completed a test with a group of men and women suffering from Athlete's Foot. The test people were told to use Soretone. At the end of only a ten-day test period, their feet were examined in two ways: 1. Scrapings were taken from the feet and examined by the bacteriologist. 2. Each subject was examined by a physician. We quote from the report: "After the use of Soretone according to the directions on the label for a period of only ten days, 80.6% of the cases showed clinical improvement of an infection which is most stubborn to control." Improvements were shown in the symptoms of Athlete's Foot—the itching, burning, redness, etc. The report says: "In our opinion Soretone is of very definite benefit in the treatment of this disease, which is commonly known as 'Athlete's Foot'." So if Athlete's Foot troubles you, don't temporize with this nasty, devilish, stubborn infection. Get SORETONE! McKesson & Robbins, Inc., Bridgeport, Connecticut.

FAULTLESS FUNNIES. SUNDAY MORNING VISITING. EVERYBODY'S DRESSED UP IN THEIR "SUNDAY BEST." LOOK MIGHTY NICE, DON'T THEY? SURE DO! EVERYBODY LOOKS ABSOLUTELY "FAULTLESS" ON SUNDAY MORNING! MY DAUGHTER LOVES TO SING IN THE CHOR FOR THAT HER FAULTLESS STARCH NEAT AND PERT! WE'VE ASKED THE MINISTER AND HIS WIFE OVER FOR SUNDAY DINNER. I CAN HARDLY WAIT 'TIL SHE SEES MY BEAUTIFULLY STARCHED TABLECLOTH AND NAPKINS! HE SAYS YOU'LL GET A WONDERFUL TABLE, MABLE! ... AND YOU'LL FIND OUT THAT FAULTLESS STARCH MAKES IRONING SO EASY! YOU DON'T HAVE TO PULL AND PUSH YOUR IRON AROUND. IT SIMPLY FLIES! YOU JUST TRY FAULTLESS STARCH TOMORROW AND SEE FOR YOURSELF! YOU DON'T HAVE TO COOK IT— HUSH, BOYS!— THIS IS SUNDAY! BUT, MA'AM— THEY'RE ONLY WARMING UP FOR THE CHOR ANTHEM! MAKES ALL YOUR WASH LOOK AB-SO-LUTELY FAULTLESS.

GIs Sweat Day and Night but Deliver

edge of a pasture, sitting on the grass or on low though they were at a picnic in greasy soldiers' uniforms on one side is a shop with a canvas canopy stretched over it, making a sort of patio for the truck. And under this all over the ground are rusty and broken rifles.

This is the small arms section of our medium ordnance company. To this company comes daily in trucks the picked up, rusting rifles of men killed or wounded, and rifles broken in ordinary service. There are dozens of such companies. This company turns back around a hundred rifles a day to its division, all shiny and oily and ready to shoot again.

RAINBOW GIRLS ENJOY WATERMELON FEAST THURSDAY AT HOME OF MR. AND MRS. HEWELL

The Burkburnett Assembly Order of Rainbow for Girls enjoyed a watermelon party last Thursday evening at the home of Mr. and Mrs. Hewell. The members were urged to bring their friends and guests.

Mr. Jim Johnson proposed various games ending in a watermelon contest between Donald Mills and Billie Skipwith. Members and guests present at the party included: Mary Ellen Fields, Gwendolyn Turner, Bobbie Jean England, Iva Jo Fields, Billie Skipwith, Christine Suttles, Betty Miller, Alice Millikin, George Soterake, Edward Peer, John Ueber, Benny Ray Hardin, Walter Hewell, Ralph England, Brack Preston, Donald Mills, George Smith, Mr. and Mrs. Jim Johnson, Mr. and Mrs. Hewell, and Mrs. B. L. Turner, Mother Advisor.

Miss Betty Jean Bangs, who has been visiting here with her sister, Mrs. Oscar McBride and family, has returned to her home in Dallas.

Mr. and Mrs. H. H. Patterson and sons of Freer, Texas, visited in the home of Mr. and Mrs. J. M. Patterson for the past two weeks.

Mrs. S. Boles and daughter Bernice have returned to their home in Newark, N. J., after spending two weeks with Mr. and Mrs. J. M. Robison.

Enjoys Social Mary Martha Class

The Mary Martha Class of the First Baptist Church met for its regular monthly social at the home of Mrs. A. H. Lohofener for a lawn party with Mrs. Ralph White's group as hostesses.

The hymn, "Showers of Blessings" opened the meeting, followed by a prayer by Mrs. Ralph White. Mrs. Ray Mills, president of the class, presided at the business meeting.

During the social hour, Miss Jessie Ruth Preston gave a reading, "Tony At the Football Game." Members and guests telling their most embarrassing moments concluded the program.

Cold watermelon was served to sixteen members and guests.

Mrs. N. G. Parson has just returned from a month's visit with her daughter, Mrs. E. S. Rowden, of Coleman.

Mr. and Mrs. Harrison Goble, Jerry and Charlotte, Mr. and Mrs. Jesse Loveless and Mr. R. R. Briscoe spent the week-end in Oklahoma City visiting relatives. Mr. and Mrs. A. W. Clapp and Mr. and Mrs. W. R. Oden and R. L. formerly of this city. Mrs. R. R. Briscoe returned home with them. A new member of the Clapp family is little Barbara Ann born July 29th.

Miss Jo Ann Souther of Breckenridge, Texas, is spending this week with Miss Peggy Dot Busby.

Mrs. Artie Whitesides left Saturday night for Lubbock, Texas to visit a sister.

Mr. and Mrs. D. C. Lowery of Houston visited last week in the home of Mrs. Lowery's parents, Mr. and Mrs. G. W. Ferguson.

Surprise Party Honors Mrs. Oksenkug

A lovely surprise party was held Friday evening for Mrs. Paul Oksenkug, the former Myrta Mae White. The informal come-and-go affair was held in the home of Mrs. Murphy Dean on Glendale.

Mrs. Ralph White secured names for the guest book and Mesdames Artie Whitesides and G. O. Stacey welcomed the guests as they arrived. Mrs. Oksenkug opened the gifts and put them on display for the evening. Mrs. Ralph White and Ray Mills served punch from a beautiful table covered with a lace cloth and centered with an antique punch bowl flanked on both sides with candles. Artistic arrangements of cut flowers were placed throughout the rooms.

Hostesses for the affair were: Mesdames Bob Beavers, Otis Maney, Ralph Winkles, Claudia Kirby, Claud Bowman, C. B. Teague, A. L. Scott, George Kury, Frank Hewell, Ray Mills, W. A. Roberts, Lester Coates, C. B. Beldon, C. F. Johnson, G. O. Stacey, Lee Garner, Artie Whitesides, Ralph White, Wylie Brown, and Miss Gracie Bell Jones.

Methodist Church Announcements

Church School each Sunday at 9:45.

Evening services, an all musical program by the Senior Children's Choirs.

W. S. C. S. meets with Mrs. J. D. Majors Monday night for a picnic.

Youth Missionary Society meeting with Mrs. J. D. Majors, Monday night.

Community Prayer services each Tuesday at 8:30 P. M.

The Children's Choir rehearsals each Wednesday at 7-8 p. m.

The Senior Choir rehearsals each Wednesday 8-9 p. m.

You are welcome to all of the services of the church.

Rev. DeVore, pastor.

Mrs. A. W. McPherson left Saturday for Piedmont, South Carolina, to visit her son and wife, Cpl. and Mrs. Jesse McPherson.

4-H's Help Boost Milk Production In First Half of 1944

To meet wartime needs, U. S. milk production during the first half of 1944 was 61.6 billion lbs., which is an increase of 14.2 percent over the 1937-41 corresponding period average. Rural boys in Texas contributed appreciably to this increase through participation in the National Kraft 4-H Dairy Production Activity.

"In this activity," State Boys Club Agent, L. L. Johnson said, "4-H's learn good milk production methods and demonstrate them to others as a part of the Food Fights for Freedom program, and thereby contribute to the improvement of the dairy industry in their own community."

Outstanding records of milk production and demonstrations, Mr. Johnson added, are rewarded with medals, War Savings Bonds, National 4-H Club Congress (Chicago) trips, and college scholarships.

W. S. C. S. Circle 4 Enjoys "Coke Party"

Mrs. Harrison Goble was hostess Friday morning to a delightful "Coke Party" for members of the W. S. C. S. Circle 4 of the Methodist Church. Mrs. Harland Jones acted as co-hostess.

The Circle will resume its regular meeting the fourth Monday in September at which time plans will be made for the word of the circle.

Those present for the "Coke Party" were: Margie Hofacket, Dessie Grubbs, Jewel Buckner, Jan Sullivan, Duke Metzner, Etta Allen, Frances Jones, and Dorothy Goble.

Trinity Lutheran Church

Sunday School at the Clara Church, 10 a. m.

Morning services, 11 a. m.

Evening services at Town Hall, Burkburnett, 8:30 p. m.

Vacation Bible School at the Clara School, Monday to Friday, 8 a. m. to 11 a. m.

Adult instruction class on Tuesday night, 8:45 p. m.

Waltham League Bible study and Talent Night on Wednesday night, 9 p. m.

A cordial welcome to all visitors.

Come worship with us.

Paul Kaiser, Pastor.

Card of Thanks

We wish to thank our friends of Burkburnett for their kind deeds and many acts of thoughtfulness in the loss of our wife and mother. We want to thank them also for the beautiful floral offerings given us during our recent bereavement.

J. N. Barnes,

Mr. and Mrs. Eddie Barnes,

Mr. and Mrs. Ralph Ludwick.

Calvary Baptist Church News

Sunday School begins at ten a. m. with all classes studying the 2nd chapter of John—"Christ Turning Water Into Wine." Come bring your Bible and enjoy a real Bible study with us.

Preaching at eleven. Sermon by pastor, "And The Word Was Made Flesh And Dwelt (Tabernacled) Among Us."

Evening services begin at 7:45 with young people meeting for prayer and devotional hour. Adult prayer groups meet at eight o'clock.

Open-air services on lawn next to Church begin at 8 o'clock with song service under the direction of Rufus Welborn, followed by message by pastor. Sermon subject, "We Believe God."

You have a warm-hearted welcome to Calvary Baptist Church, the Church that preaches the word as it is to men as they are. No high-pressure methods to get you to join the church, but the Gospel of Christ to point you to God.

Ray C. Morrow, Pastor.

Community Prayer Service

Rev. Otto Perry, pastor of the Church of the Nazarene, was leader for a fine community prayer service on Tuesday evening. Mr. M. S. Burkhart led the singing accompanied by Mrs. M. E. Lewallen. A duet was sung by Mrs. Elsie Maney and Mrs. R. L. Gragg, accompanied by Miss Reva Green. Miss Colleen Perry gave a reading which concluded the program. A season of testimonies and prayer ended the service.

Mr. J. L. Barnett of the Calvary Baptist Church will be in charge of the service next Tuesday night at 8:30.

Christmas Packages Armed Forces 15-Oct. 15

Strong string and box material start to plan shopping. General Frank C. advises Americans in the rules for mailing Christmas gifts for Army and personnel overseas. The Christmas mail for both Army and overseas forces is the same from 15 to October 15. No gift parcel mailed to a soldier with representation of a written demand upon shipping to arms, munitions, and food is the prime for the early mailing date. Gift parcels must travel distances to reach Army personnel who are located at remote points, and the transfer of large parcels to new sections necessitates additional time is required.

Our people last year during the over-whelming period demonstrated they will cooperate in measures designed for the benefit of our armed forces personnel. Mr. Walker said, it is to concentrate on Christmas in the midst of warm here at home but our recognized the need, and they want the men and who are absent from their to know that they are not at Christmas they took to assure prompt delivery Christmas gifts.

Our people will observe the overseas mailing schedule more this year but I stress this fact: More must be taken in wrapping packing parcels securely and marking them clearly and correctly.

It is not a pleasant thing to see the numbers of Christmas parcels which will never reach servicemen and service-Post office personnel orders to do everything can to effect delivery of gifts, because we know how important they are for the happiness of the armed forces. Too often, nothing can be done. We are sorry that anyone ever thought that the size of a shoe or the approximate limit for gifts intended for gift mail-overseas. Unhappily many become convinced that a box is the best possible container. We must be mindful that gifts must travel far, with space crowded. If the parcels are to be protected in they must be packed in

boxes made of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard, reinforced with strong gummed paper tape or tied with strong twine. If both tape and strong twine are used, so much the better. If the outer wrapper is crushed—and this is likely to happen—the loss of contents may be prevented if fireboard boxes are wrapped in heavy paper.

Among the more important rules for Christmas mailings to the armed forces overseas are the following:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked Christmas parcel so that it may be given special attention to assure its arrival before December 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

When combination packages are made up of such items as miscellaneous toilet articles, hard candies, soaps, etc., the contents should be tightly packed so that they will not become loosened in transit and damage the contents or the cover. Hard candies, nuts, caramels (including those covered with chocolate) cookies, fruit cake, and chocolate bars individually wrapped in waxed paper should be enclosed in inner boxes of wood, metal, or cardboard.

Perishable goods, such as fruits and vegetables that may spoil, are prohibited. Intoxicants inflammable materials such as matches or lighter fluids, poisons, anything that may damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid break-

age. Sharp instruments, such as razors and knives, must have their edges and points protected so that they cannot cut thru the coverings and injure postal personnel or damage other packages.

Relatives and friends who know that the personnel in the armed services to whom they plan to send gifts are at far distant points should begin to mail their packages on the opening day—September 15 of the mailing period.

Schools

(Continued from page 1)

The State Department of Education, Division of Supervision, Austin, Texas made the following report to Mr. Henry Prinzing, president of the Burk Burnett Independent School District and Mr. R. M. Davis, Superintendent of Schools as follows:

"In order that the schools may be properly certified it is essential that minimum requirements be met. To that end the supervisor or who recently visited your school makes the following report."

Credits Added: Aeronautics (Pre-Flight), Bible Ia and Ib, Civics 1/2.

Credits Dropped: None.

The faculty of this school has given much attention to the philosophy of education during this time of national emergency. The school has cooperated fully in all state and national drives.

We find a commendable spirit of cooperation among the teachers of this school. Regular teachers' meetings are held and the general school program is unified around the purpose of making the school fill its place in our great War Effort.

This school is making use of the Texas School of the Air. The superintendent is an able and efficient administrator. The supervisor wishes to commend this school board, the superintendent, and the faculty of this school for providing a school program which meets the needs of the boys and the girls in this community.

Signed: L. R. Burkett, Deputy State Supt., Dist. No. 4.

3:35 5th, 6th, 7th Dismiss.

The three sections of the 8th grade are being taught in the high school in the old Junior HI Department. All of the students enrolling in the 8th grade are to report to the high school Monday, September 4, in rooms 1, 3, and 4 for assignments and instructions from their teachers. These students are to be taught under the Departmental plan separate from the high school work and home room teachers assigned to them. They will carry seven subjects: English, History, Reading, Math, Spelling and Penmanship, Civics 1st Semester, Geography 2nd Semester.

Mrs. L. (Grandma) Hudgeons left for Lubbock, Texas, Saturday night to visit her son.

Miss Ruby Brock and two nieces left Monday for a visit in Littlefield, Texas.

Ray Lawler To Present Program In Local M. E. Church

Ray Lawler and his family moved to New Jersey a year ago to attend Drew Seminary. He is a local preacher, licensed by the district conference from the local Methodist church.

Ray majored in public speaking for his undergraduate work at Southwestern University before going to Drew. He is now working with a "Youth for Christ" program and is speaking each week on the radio thru WIP Philadelphia. He has a transcribed program originating over KVCW Vernon each Sunday afternoon at 5:45.

Program To Go On Tour
Ray plans to come to Texas with a group of his co-workers on the radio program for personal appearances in twenty-five churches. They will be presented at the First Methodist Church on Oct. 1st at night. This is a Youth Service and all Young People are invited to have part in the service.

Methodist Men Have 60 Present For Melon Party

Luther Caffee reported a good time and plenty of watermelon was had by all the Men's Bible Class party at the First Methodist Church last Friday night. About ten of these who were present are new members of the class and the other fifty were regular members of the class.

Following the melon cutting some played shuffleboard, some played dominoes or forty-two and the others sat and talked. Jimmie Boyd is the teacher of the class and brings a heart-warming study of the International Sunday School lesson each Sunday morning at 9:45. Others are invited to join the class.

A Fair Test Of Gov't. Ownership

Rarely does the public have an opportunity to compare the relative merits of government versus private operation of industry, unclouded by prejudiced arguments and accidents of circumstance which make impartial comparison difficult. But it has such an opportunity in the case of the railroad industry. It is worth repeating that in the first world war the railroads were operated by the government. During the current world war, they have continued as a private enterprise. The period of respective operation have been under similar circumstances. Therefore the public can base its judgement upon performance alone.

During the first war, operation of the railroads by the government was inefficient and wasteful. A news dispatch of May 25, 1919, says: "To finance the railroads for the balance of the year and to pay the government's operating loss for 16 months up to this month, an ap-

propriation of \$1,200,000,000 was asked of Congress yesterday by the Director General of the United States Railroad Administration. The \$1,200,000,000 is in addition to the \$500,000,000 appropriated by the last Congress.

During the present war, the railroads have paid billions in taxes to the government, instead of creating Federal deficits—nearly \$2,000,000,000 in the year 1943 alone. Aside from their tax contribution to victory, they have carried the unprecedented transportation load of mechanized warfare without a hitch.

An immediate question after the war will be whether or not socialized industry in the United States shall displace the enterprise of the private citizen. In the railroad industry, public ownership and private ownership have had a fair test. That test should be a determining factor in the final choice of the road America follows.

Most Texas Counties Have Oil And Gas

Everyone of Texas' 254 counties has land under lease for oil and gas development, the Texas Mid-Continent Oil and Gas Association pointed out today.

The total amount of land under lease exceeds 48,500,000 acres, up 2,000,000 over the preceding year, the association said in a report based on county tax rolls, oil company scout reports and ownership maps.

The acreage under lease comprises about 75,787 square miles which, for comparison purposes, exceeds the total area of the states of West Virginia, Maryland, Vermont, New Hampshire, Massachusetts, New Jersey, Connecticut, Delaware, Rhode Island, and the District of Columbia.

Mr. and Mrs. W. R. Herriott has returned home from visiting relatives in Chico and Alvord.

Texas University Opens Sept. 1st.

It's back to school time, and the University of Texas is getting ready to shift into high gear, come Sept. 1, with the opening of its 61st annual long session.

Thousands of students in school this summer will move straight from summer into fall without a break, but students taking only summer term courses will have final examinations August 29-31.

New students, including perhaps a thousand freshmen and several hundred transfers, as well as other former students who took the summer off, will register Sept. 1 for a two-months' fall term.

The winter semester will open November 1.

Mr. and Mrs. O. K. Rankin of Ft. Worth, Texas, were guests of relatives and friends this week.

SNAPPY FACTS ABOUT RUBBER

Millions of dollars will be saved by American purchasers of rubber items in post-war days because of the availability of synthetic and the influence its cost will have on the price of natural rubber.

Special rubber pipe lines have been developed which troops can string across rivers, ravines or gullies in battle areas to deliver fuel to motor equipment.

WEEKLY NEWS ANALYSIS Motorized Columns Spearhead U. S. Advance Across Brittany; Current Budget Tops 98 Billion

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

France—With comrades covering their advance with gunfire, U. S. infantrymen sprint down village street in Normandy to new positions.

Smashing through weak, disorganized German resistance, U. S. forces surging out of Normandy plowed into Brittany, with powerful motorized columns driving on the big seaport of Brest and the Nazi submarine base of St. Nazaire.

While Lieut. Gen. Omar Bradley's U. S. forces put the foe to route in the west, British troops smashed forward in the central and eastern sector of the front against stronger German resistance.

Disembarkation point for doughboys during World War I and second largest port in France, Brest, along with Cherbourg, would give the Allies important terminals for the convenient supply of their armies after repair of the Nazis' extensive demolitions to facilities.

On the northern end of the front, the Reds strove to seal an estimated 300,000 German troops cut off in the Baltic states from other Nazi units sorely pressed around East Prussia by Russian forces under command of 36-year-old Gen. Ivan Cherniakhovskiy.

With the Russians only about 125 miles from central Germany on the southern end of the front, the Nazis were putting up a stand behind the Vistula river, while Hungarian and Rumanian troops guarded the mountainous gateways to the Balkans.

In northern Italy, Allied forces girded for a full scale assault upon the enemy's vaunted "Gothic Line," with their advance on the new fortification system hewn in the mountainous terrain slowed by the foe's stubborn stand before the art center of Florence.

With Allied victories in Europe consolidating their position in the Near East, Turkey sought to gain their favor by breaking with Germany, but not before it had obtained promises of military assistance in the event that the Nazis should attack the country.

Improved Uniform SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for August 20

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

THE PROPHET IN THE LIFE OF ISRAEL

LESSON TEXT—I Samuel 3:19-21; 7:3-12. GOLDEN TEXT—He that hath my word, let him speak my word faithfully.—Jeremiah 23:28.

Remarkably up-to-date is the helpful guidance found in this lesson. When our nation finds itself facing those other nations which would destroy our Christian faith, and we know that we need the key both to a true victory and a satisfactory peace, the message of this scripture comes with fine helpfulness.

The prophet Samuel (who was also priest and judge) served God in ruling his people at a time when they were under the hard heel of the Philistines. The way out of oppression was revealed in God's Word, which brought revival and deliverance—which was not forgotten in the day of triumph.

Those who are timid about "limiting" their ministry (imagine that!) to the Bible should learn of Samuel that it is the only really effective message. God will not "let you down" if you teach and preach His Word. He let none of Samuel's "words fall to the ground" (v. 19) and He will not desert us as we give forth His truth.

Such repentance and appropriate action is a prerequisite to spiritual revival. God cannot give us His blessing if we hold on to our sin and idolatry.

That is one thing for which we might well pray, for "behold, the Lord's hand is not shortened, that it cannot save; neither his ear heavy, that it cannot hear" (Isa. 59:1).

Seeing Israel at prayer, the enemy took advantage of them and attacked. In the previous battle at this very spot (see last Sunday's lesson) Israel had been defeated because they had fought with the weapons of man. Now, with God's weapons of prayer and faith, they had glorious victory.

That is one thing for which we might well pray, for "behold, the Lord's hand is not shortened, that it cannot save; neither his ear heavy, that it cannot hear" (Isa. 59:1).

What America needs now is a deep going spiritual revival which will both prepare us for a God-given victory, and for the peace which is to follow.

They Tried—and Failed

(By John Edgar Hoover, Director Federal Bureau of Investigation, United States Department of Justice.)

Nazis in America have been taking a drubbing like the Nazis facing the Yanks in Normandy, the British at Caen, and the Russians in their victorious sweep through Poland.

The much-vaunted methodical planning and scheming of the Nazis have contributed to their own downfall. They tried, but failed, to swing their Fifth Column into action in America. It suffered setbacks before Pearl Harbor, but its back was broken once we were freed of peacetime restraints.

Since Pearl Harbor, over 15,750 suspected Fifth Columnists have been arrested. The more dangerous were interned, others paroled, and others released when it was certain they would do no harm.

The German High Command admitted the ineffectiveness of their Fifth Column when they dispatched the eight saboteurs to America by submarine two years ago. We have learned that other saboteurs were trained to take their places. But so far they have not put in their appearance.

The Nazi rats must not be underestimated. Try cornering a rat and see how he bares his teeth and strikes back. We can expect the same from the Germans until the last vestige of Nazism is crushed by our Armed Forces.

America has a perfect score in combating the experts in doom and destruction. No act of enemy-directed sabotage has yet occurred in the United States.

I am sorry to say that even native-born Americans have tried; I am happy to say that they, too, have failed. One 23-year-old worker in an aircraft plant cut 21 wires in two hours just to see how the FBI handled a sabotage investigation. He found out.

The "Blunder Bund," which once scoffed at American faith in human nature, was set back when its chief espionage ring was penetrated by the FBI. We built a radio station with their funds, gave them misleading information, sold them fictitious plans, and at the conclusion of the case turned over a profit of \$17,000 to the U. S. Treasury to buy bullets to shoot back at the "super race."

Gerhard Wilhelm Kunze, convicted leader of the German-American Bund, fled to Mexico. He was tripped up when the alert Mexican military authorities became suspicious after he stacked a 25-foot fishing boat with 200 pounds of food, 450 liters of drinking water, and 50 packages of cigarettes.

CLASSIFIED DEPARTMENT HELP WANTED

Persons now engaged in essential industry will not apply without statement of availability from their local United States Employment Service.

PERMANENT WORK FOR Welders, Fitters, Machine Operators and Helpers

WANTED AUTO MECHANIC Salary or 50% commission, Saturday afternoon and holidays off. A permanent job after Germany has surrendered.

**State Gov't Cost
\$28.31 Per Capita
During Last Year**

Cost to the state government of
Texas rose from \$10.11 per capi-
ta in 1924 to a peak of \$32.07 in
1942, then receded to \$28.31 in
1943, the Texas Mid-Continent
Oil and Gas Association pointed
out today after compiling reports
of the State Comptroller and the
State Auditor covering a twenty
year period.

"In 1924 the cost of the state
government was \$50,919,819 con-
trasted with the all-time high of
\$205,741,882 set in 1942 and with
\$181,795,949 in 1943," the Asso-
ciation pointed out.

"The drop in 1943 was the first
decline in nine years. In 1935 the
cost of the state government was
\$111,001,066 compared with \$113-
711,619 in 1934.

"The revenue from Taxes in
1943 was \$149,969,853 contrasted
with \$151,136,009 in 1942. Income
from all other sources such as
fees, royalties and federal aid
amounted to \$95,851,588 in 1943
compared with \$77,933,070 in
1942.

"The total revenue to the state
in 1943, \$245,551,441, exceeded
the cost of government by \$63-
755,490. The surplus in 1942 was
\$23,327,197.

"In the twenty-year period
from 1924 to 1943, inclusive, the
total cost of the state government
was \$2,378,711,450.

"The Association's study of the
situation was promoted by the
fact that the petroleum industry
pays more than half of the busi-
ness and property taxes of the
state. Production taxes levied
against the industry are a major
factor in reducing the deficit in
the general fund. This deficit was
cut approximately \$18,000,000 in
the last fiscal year.

**Accidents Take Toll
In Texas Industry**

With the United States ex-
periencing a loss of more than six
million man-days per month in
defense industries alone from ac-
cidents and illness, Dr. Geo. W.
Cox, State Health Officer, is
intensifying the Texas State
Health Department's effort to cut
down the total days lost in this
State.

"The number of man-days lost
from accidents alone each month
reaches an alarming total. But
when we consider that there are
nine times more absentees from
communicable and other disease
it becomes apparent," Dr. Cox
asserted, "why it is necessary to
urge that each individual protect
his own health to the best of his
ability.

Communicable disease and
even mild epidemics can seriously
handicap the nation's war ef-
fort by slowing down the produc-
tion of the food and supplies
necessary for speeding victory.
Careful attention to personal hy-
giene, immunization, proper nu-
trition, sufficient rest, fresh air,
and sunshine is the personal re-
sponsibility of every individual
at this time.

"It is our job," Dr. Cox said,
"to fight sickness and accidents.
Production can be boosted and
lives can be saved by strict ad-
herence to community and indus-
trial hygiene standards and full
cooperation in such community
projects as mosquito control and
rat extermination for preventing
the spread of malaria, dengue,
and typhus fever. Loss of time
renders aid to the enemy and this
country must be able to depend
on peak production from all of
its industrial army."

Dr. Cox pointed out that the
armed forces have called a great
per cent of our doctors and nur-
ses into active service and the
war has made unattainable many
of the drugs and chemicals which
have heretofore been used as or-
dinary household remedies. This
shortage of doctors and nurses,
together with our inability to ob-
tain many needed drugs, makes
the conservation of good health
a definite war duty and the patri-
otic obligation of every citizen
of Texas.

**VIRGINIA SUE CARTER
BORN AUGUST NINTH**

Announcements were received
last week telling of the birth of
Virginia Sue Carter, daughter of
Woody and Martha Carter, on
August 9th.

Woody was associated with the
United Gas Co. while he was
here and a very active member
of the Rotary Club and the First
Methodist Church. He is an in-
structor in the navy now.

Martha taught in the local
school system and was very ac-
tive in Church and Club work.
Their many friends here extend
Virginia Sue a cordial welcome
and look forward to seeing her
before too long.

Mrs. D. M. Morris and Mrs. Joe
McKenzie returned Friday from
a 10 day visit with Cpl. and Mrs.
Chris Morris at Grand Island,
Nebraska. They report the weath-
er somewhat cooler there than
here.

**Primary Election
Votes Sometimes
Deceiving**

Runoff Democratic primaries
in recent years have been hard
to figure out in advance. To lead
the ticket in the July primary
does not mean nomination will
necessarily follow official record
show.

The people of Texas were wait-
ing the outcome of the current
attorney general race. State Sen-
ator Jesse E. Martin, who finish-
ed second in the first primary, is
running it off with Grover Sell-
ers, who is serving as attorney
general by gubernatorial appoint-
ment without Senate confirma-
tion.

Following are examples of how
persons led in the first primary
but lost in the second:

1920—Pat M. Neff trailed the
late Joe Bailey by 3,000 votes in
the first primary but was selt-
ected governor by 80,000 majority.

1924—Felix Robertson for gov-
ernor led Mrs. Miriam Ferguson
by 50,000 in the first primary but
lost by 100,000 in the runoff.

1930—Mrs. Ferguson led Ross
Sterling 72,000 in the first pri-
mary but lost in the runoff by
90,000—a switch of 162,000 votes.

1938—Pierce Brooks, for lieut-
enant governor, led Coke Stev-
enson 50,000 in the first election
losing by 40,000 in the second.
Woodall, for attorney general led
Gerald Mann 12,000 but Mann
won the runoff by 130,000. Rail-
road Commissioner C. V. Terrell
took the first primary by 32,000
but lost to Jerry Sadler in the
runoff by 82,000. William Mc-
Donald, for commissioner of the
land office, led Bascom Giles by
205,370 in July but lost 66,255
—a switch of 272,125 votes in the
runoff.

1940—Hal Lattimore led Alex-
ander for chief justice of the Su-
preme Court 52,000 in the first
primary but in the runoff lost by
37,000.

1942—Pierce Brooks, for rail-
road commissioner, led Beauford
Jester by 64,000 in the first pri-
mary but lost by 127,000 in the
runoff.

**State Dept. Of
Public Welfare Makes
Monthly Payments**

Old Age Assistance was paid
to 171,991 persons in August at
a cost of \$3,718,369.25. The aver-
age payment was \$21.62 as com-
pared with \$21.35 for the previous
month.

Aid to Dependent Children was
paid to 10,647 families represent-
ing 23,216 children in an aver-
age payment of \$20.95 and a total
cost of \$223,922.00. This was a
drop of 5c in average payment
from the previous month.

Blind Aid was paid to 4,617
persons in an average payment
of \$24.14 with a total cost \$111-
455.00. This was a decrease of 9c
in average payment from the pre-
vious month.

THE OLD JUDGE SAYS...

"The more I read about it, Judge, the more I realize the tactics and requirements of this war are as different from the one I fought in 25 years ago as night is from day."

"Yes, and I can give you an example of how true that is, Fred. In World War I the chief uses of alcohol produced for war purposes were found in smokeless powder, medical supplies and chemical warfare materials. In this war the need for this product is far more vital because it is also used as a fuel to propel torpedoes, to make shatterproof glass for airplane windshields and instrument covers, to make lacquers used in camouflaging equipment and as a base for synthetic rubber needed for tires, gas masks, paratroop equipment and dozens of other things."

"Every time I think of it, Fred, I realize how fortunate we were in having a beverage distilling industry in existence when war broke out... ready and eager to convert 100% to the production of this critically needed war product. I'm mighty sure bootleggers wouldn't have been of much help."

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

Mr. and Mrs. Wylie Thomas and daughters, Peggy and Wylene, and Miss Jackie Gwin Davis of Dallas, were guests of Mr. and Mrs. Oscar McBride last week.

Buddy Morris is spending a few days with his mother in Las Vegas, New Mexico. He plans a family reunion with his mother and three sisters.

OUR DEMOCRACY — by Mat

INDUSTRY AND FORESIGHT — STURDY AMERICAN TRAITS

OUR HOME INDUSTRY AND FORESIGHT STAND US IN GOOD STEAD. THE 3 1/2 BILLION JARS OF FRUITS AND VEGETABLES WE CANNED AT HOME LAST YEAR WERE ONLY 25% LESS THAN THE ENTIRE COMMERCIAL OUTPUT — PROVIDED FOOD FOR OUR FAMILIES AND RELEASED THE MILLIONS OF CASES OF COMMERCIAL CANNED GOODS NEEDED BY OUR ARMED FORCES.

LIKELIKE OUR INDUSTRY ON FARMS AND FACTORIES IS PRODUCING THE MATERIALS NEEDED TO WAGE THIS WORLD-WIDE WAR AND SUPPLY THE HOME FRONT —

OUR FORESIGHT IN PUTTING A LARGE PART OF OUR EARNINGS INTO WAR BONDS, LIFE INSURANCE AND SAVINGS ACCOUNTS STRENGTHENS OUR INDIVIDUAL AND NATIONAL SECURITY.

Cpl. and Mrs. C. A. Tedder left Friday for Coachella, Calif. She is the former Mildred Ady.

Mr. Dot Busby left Wednesday for Borger, Texas, to be gone a week on a construction job for the Gulf.

Howard Fleming is showing steady improvement in a Wichita Falls hospital. He was taken to the hospital last week after continued bleeding and has been given several transfusions. The bleeding has been checked and it is expected that he will be able to return home in a few days. Howard's father is manager of the Burkburnett Gin and moved to Burkburnett recently from Byers.

Guests in the home of Mr. and Mrs. G. W. Ferguson last week were Mr. and Mrs. C. E. Shane and children of Houston.

Chapter One—the new thrill show!
"Captain America"

Our good friend Byron F. Jackson, SF 2-c, formerly of Thrift, writes a long letter from Port Hueneme, Calif. Byron was home on leave some two months ago, and missed the hottest part of the summer, but he gets the Star and in his letter reminded us we have been having some warm days. If we didn't know Byron here, we might suspect California weather propagandists have him well inoculated, for in his letter he says he has been enjoying temperature that ranges from 58 to 60 degrees, and sleeps under two blankets every night. After going back from his furlough, Byron was transferred to Ship's Company and is working as an assistant and he likes it fine. In closing his letter, Byron says: "We do our own laundry, and I am getting to be a fair hand at it. Give my regards to the good people of Burkburnett, keep on buying bonds, and let's hope this mess soon ends so we can go home to stay."

Flight Officer Floyd May is enjoying a furlough here and at Iowa Park. He was recently made Flight Officer at Lubbock Army Air Field. He and his wife are visiting in the homes of Mr. and Mrs. George Counter Jr., and Mr. and Mrs. Victor VanLoh. His wife was the former Miss Loretta VanLoh and his wife will visit Mr. and Mrs. Albert May, his parents, at Iowa Park before he leaves the 23rd for San Angelo for assignment.

Pvt. Charles White, son of Mr. and Mrs. Ralph W. White of Burkburnett, has been promoted to Pvt. 1st class. His address is Hq. Co. So. Pacific Command, APO 502 care Postmaster San Francisco, Calif.

Rubber Stamps at The Star

With The Boys In Service

Machine Gun Expert

ARLIS MORRIS

Pvt. Arlis Morris, son of Mr. and Mrs. Charlie Morris of Burkburnett, was recently made Expert machine gunner at the Armored Replacement Training Center at Fort Knox, Kentucky. Pvt. Morris was inducted into the service April 21, 1944. Prior to his induction he was employed by Douglas Aircraft as Senior Leadman. He is 25 years of age, finished High school at Clara; will finish basic training August 26th. His wife is Lena M. Morris, Rt. 1, Burkburnett.

Aviation Cadet Desmond R. Harms, son of Mr. and Mrs. J. T. Harms, 901 Ave. C has just completed the ten weeks course of Primary Flight training at Rankin Aeronautical Academy, Tulare, Calif., under the direct personal supervision of J. G. "Tex" Rankin, world champion acrobatic pilot and a flying school operator for the past 25 years.

Cadet Harms will next report to an Army operated Basic Flying School where he will receive training in heavier type aircraft.

Pvt. Walter E. Blackwell, son of J. W. Blackwell of Burkburnett, recently qualified as Expert on the machine gun, one of the highest scores in his company at Ft. Knox, Kentucky. Pvt. Blackwell is 28 years of age and entered the service April 20, 1944.

After spending a 28 days leave here, Ertis Gibson, SM 3-C, has returned to the West Coast. Ertis spent 10 months in the Pacific Area aboard an aircraft carrier and returned with numerous souvenirs from the South Sea Islands and Ceylon. He says some of those islands really make one appreciate home. He was accompanied to Seattle by his sister, Nell, who will spend a vacation at that place.

S/Sgt. Carl Parson, grandson of Mrs. N. G. Parson is reported missing in action over Germany since July 27.

SOLDIERS' SUBSCRIPTIONS

Many soldiers' subscriptions to The Star have expired. To date no soldiers' paper has been stopped because the subscription date was in arrears, and so long as we are able to keep sending the papers, no boy will ever miss his Star because the paper was not renewed for him. Boys overseas have other things to do and think about that keep them from noticing the expiration date on their papers. It is the duty of parents and relatives to look after the paper for their loved ones in the service. If you have a boy or friend in the service, ask about his subscription and keep it renewed for him. One paper to a boy on the fighting front is worth

more to him than several times the subscription price. One other thing. When you get a change of address from your boy, check with us here at the Star Office so we may make the change on our mailing list. A slight error in address may delay the paper for weeks to a man overseas. It costs just as much to send a paper to an incorrect address as to one that is correct. If your boy is not getting the paper, nine times out of ten, you have failed to give us his latest address. Boys on every fighting front are receiving The Star regularly, and if the address is correct in every detail, the paper will reach them.

Carroll Chapman, 17 years of age, son of Mr. and Mrs. M. C. Chapman who reside Southwest of Burkburnett went to Dallas last Thursday to take his physical for entering the Navy. A wire to his parents informed them he passed and was placed in the reserve, but would probably be taken immediately, even before he got to come home.

Billy H. Cauthorn, 18, son of Mr. and Mrs. B. N. Cauthorn, is receiving his initial Naval indoctrination in seamanship Military drill and general Naval procedure at the U. S. Naval Training Center, San Diego, Calif. His brother T/Sgt. J. C. Cauthorn has been in India for the past fourteen months serving at Hq. Office of Supplies there.

Mr. and Mrs. J. M. Robison have received a letter from their son S/Sgt. W. R. Robison saying that he has completed all his required missions. S/Sgt. Robison was recently awarded the Air Medal, somewhere in England, for exceptionally meritorious achievement while participating in bomber combat missions over occupied Europe.

A Ninth Air Force Troop Carrier Base, European Theatre of Operations—

One member of this Troop Carrier Squadron in the IX Troop Carrier Command who is proud of his job is Sergeant Louis E. Sims, son of Mrs. Helen O. Sims who resides at the USO Hall in Burkburnett, Texas.

Sergeant Sims is in charge of the Sheet Metal Shop of this organization. His job is a very important duty, especially during the days of the invasion, patching bullets and flak holes so the aircrafts can carry on with evacuation of wounded.

He was employed by the Douglas Aircraft Factory, Long Beach, Calif., before entering the service. He worked on C-47s in the Douglas Plant; here he does the same type of work but it is in the field.

The Sergeant graduated from the Burkburnett High School, later he attended Hardin-Simmons at Abilene, Texas.

He wears the European-African-Middle East Service Ribbon with two bronze battle stars for participation in the Sicilian and Italian invasions; the Good Con-

Political Announcements

ERICH KIESLING

duct Ribbon for outstanding attitude and behavior.

Headed by Brigadier General Paul L. Williams, IX Troop Carrier Command is part of the 9th Air Force, U. S. component of the Allied Expeditionary Air Force. Troop Carrier planes and gliders struck the opening blows in the European Allied Offensive.

Rufus H. Abbott writes an interesting letter from New Guinea and tells us he has been there five months. He says Buck Abbott is also on New Guinea, but so far has not been able to contact him. "I am sending you some pictures of the natives. Sorry looking bunch, aren't they?" Rufus, some of them don't look so bad. At any rate, their clothing bill for the year is only a small item. In fact we failed to see any clothing on some of the younguns! One of the warriors was clothed in arm bands and beads an dthat's about all. Thanks for the letter and pictures. Rufus wants his friends to write him. We have his address.
