## PLANES ON FARMS

There is promise of many private airplanes to be used after the war, on farms and in rural areas. Planes are not new in many farm sections and especially in parts where they facilitate hunting for lost cattle herds, seeking coyotes and wolves, riding fence lines on ranches, taking care of farms widely separated. Though the plane is useful in the wide open spaces it comes in handy to pick up repair parts for machinery, to go to cattle sections for buying. Crop dusting and seeding has been done usually by professionals but it will be done by the air-minded farmer himself, after the war, is the prediction. Planes will be made so easy to operate, will cost about the same as a middle priced auto and operating cost figuring a bit over two cents a mile so interesting, that planes may be popular around Burkburnett, at that. We will probably be as quick on the plane take-off as our neighboring counties.

## GOOD FOR ALL

The curfew has been an attempt to regulate the closing of night clubs at midnight and though not an official edict, still an order asking for the co-operation of operators and city officials. When Mayor La Guardia of New York City refuses to enforce or to authorize the midnight closing, the government is not able to act. The original idea of the curfew was a measure to save coal. The refusal to comply is because soldiers are being pushed on the streets, it means loss of business for restaurants and theaters because out of town folks are going big time as before the curfew. But Senator Styles Bridges voices the sentiment of most of Burkburnett when he says, "The city of New York

## Vandervoort's Sherbet

★ American Airlines has always maintained the highest standards in everything that enters into furnishing its discriminating patrons with swift and enjoyable transportation.

That is why American Airlines equipment, personnel, service and food are always the finest available.

It is not surprising then to know that American Airliners leaving Meacham Field serve Vandervoort's Dairy Products including Vandervoort's Sherbet in three delicious flavors—Orange, Raspberry and Pineapple.

Enjoy Your Share  
**VANDERVOORT'S**  
INC

and Mayor La Guardia are not bigger than the rest of the country. Either the curfew should hold for the country as a whole or it should be taken off the country as a whole."

## CANCER CONTROL MONTH

Cancer is always the dread disease of man and to help in fighting the illness, we must educate ourselves on the subject. Whenever science offers a new piece of knowledge, when research promises a new treatment of importance, the public is interested. When diagnostic treatment is urged as the most effective way to check the disease, the public is not so interested. Maybe because science has not perfected a cure, because it has not determined its cause, the public is stubborn through fear. Knowledge can combat cancer. In its early stages cancer can be cured and this is knowing something about it. Help the fight on cancer by going for check-ups when you are puzzled by lumps or sores on the body that fail to heal. It is the war of all of us, for it can happen to any one of us.

## THE NURSING PROBLEM

How many nurses does the Army and Navy have and how many do they need, as well as other kinds of nursing personnel, are questions arising in regard to the issue of drafting nurses. The Army has 44,000 and needs 16,000 more by July 1. The Navy has 9,165 and will need 2,335 more by then. Others such as corps men, nurses aides, civilian nurses, Senior Cadet Nurses in Army and Navy hospitals in the U. S. are wanted. The present standards of physical requirements can't be lowered as a way to get more, say the Army and Navy Nurse Corps. About 60 per cent of the active civilian nurses are eligible for military service. The number of nurses now serving with the armed forces is about one out of five active nurses, and when the present ceiling is met the proportion will be about one out of four.

Nursing in wartime is as important as supplying the Army and Navy with fighting men, as outfitting a regiment with ammunition. When the lack of nurses perils American lives, then something drastic must be done to meet the problem, the same as if a halt in production of guns or planes meant defeat to our cause. If a voluntary response is not successful to get the needed nurses, it means steps will be taken to do so, through legislation. Legislation takes time and military needs can't wait for folks at home to bicker, debate, convene, bargain and vote. Nurses are needed NOW.

## Burkburnett . . . .

As revealed by the files of the Star 17 years ago.

## History

The school trustee election of the Burkburnett Independent School District held at the City Hall, Saturday, resulted in the election of four new members of the board of education, who are as follows: B. F. Shoemaker, M. E. Riley, H. D. Smith, and J. W. Alexander. The holdover members completing the board are, P. B. Browning, R. C. Tevis and J. D. Majors.

Mayor Glenn Kaincaid was elected to succeed himself by the Board of City Commissioners, at a meeting in the City Hall, Monday night, D. R. Peevey was elected Mayor pro-tem.

Mrs. Mary Baker, mother of Mrs. A. J. Key, left Tuesday for

Mineral Wells, where she will spend a month for the benefit of her health.

J. H. Melton and family of Snyder, Okla., were in the city Wednesday. Mrs. Melton visited her sister and husband attended the ball game in Wichita Falls.

Neeley R. Vaught has just been appointed postmaster at Burkburnett where he has served in this capacity for the past four years.

W. C. Kiesling purchased the Burk Tin and Tank Shop on East Main street this week from J. F. Kennedy.

Office Supplies—Star Office

## "OLD FAITHFUL"

Morning after morning, a miniature geyser of rich, aromatic coffee spouts up in the glass top of your electric percolator. Many families have electric percolators that have performed this daily task for years.

Percolators, like other familiar electric appliances, are out of production while factories are busy turning out war materials. Take care of your electric percolator and cord so that it will continue to make your coffee for the duration. If it should fail to "perk", take it to an electric shop that specializes in appliance repairs. It may need only a new fuse.

TEXAS ELECTRIC SERVICE COMPANY

We're prepared to work with you in solving problems of animal health . . . to give all possible help in formulating disease prevention and control programs based upon the latest information and the most dependable products. Why not come in and talk things over and pick up some of the worthwhile booklets that are yours for the asking at our ANIMAL HEALTH DEPARTMENT.

## Cut Me Out

Strawberries

Strawberries are the most popular fruits for frozen pack. Pick when well colored and ripe but not soft. Hull, wash, slice or pack whole in containers. For dessert purpose use a 50 per cent syrup. Strawberries may also be packed in sugar,—3 to 4 weights of berries to 1 of sugar added as evenly as possible. Containers should be airtight or practically so. Tin cans must be of the lacquered type.

Rhubarb

Prepare as for table and pack tightly in containers. No sugar is needed.

## Serving Labor

San Francisco was the first big city I ever saw. Young and interested in everything, I stopped one day to look at a big piece of plate glass being installed in a storefront. It was the lunch hour and the workmen were not busy. As they ate they drank from bottles. When the bottles were empty, they broke them. The incident gave me a distinct shock, and I never forgot it.

Back in Oklahoma, 60 miles from a railroad where I had learned to walk as well as to plow, every manufactured thing was deemed to have value. My mother literally hoarded bottles for many useful purposes. A milk bottle would have been prized in her collection. My curiosity won a battle with bashfulness and I asked the workmen why they broke the bottles, and they told me.

**Idea to Make Work.** "You see, buddy," the foreman explained, "we work in glass. So do the working men who make the bottles. The more bottles we break the more work they will have." Later I learned that this was a tradition of the industry, supposedly based on fellowship and loyalty to Labor. At first I was very much confused—loyalty to Labor seemed entirely right to me, destructiveness entirely wrong.

Just recently, Edward T. Cheyfitz, national chairman of an important labor union, a member of the National Reconversion Committee of the C.I.O., touched on the subject in as clear and sound an economic treatise as I ever read. It appeared in the December issue of *Fortune*. He called bottle breaking a waste of labor and raw material, typical of an old fashioned and wrong attitude toward jobs and wages.

**For High Production.** This big labor leader said, "I know of numerous cases in prewar days where workers deliberately held down production because they had been made to feel that this was the road to wage and employment security. We must educate union membership," he continued, "to... practice high productivity. Certainly labor can not increase its own share of goods by producing less."

To sum up the whole article, Mr. Cheyfitz contends that labor and management must find a common ground if our nation, as now constituted, is to survive. He said the survival of labor unions depends on the same thing. To find this common ground, the C.I.O. man suggests that labor and management travel the same road of maximum production. Let me add, he is right.

**A 40-Year Record.** History backs him up. High production has always helped labor. In 1899 the average factory employee toiled 60 hours a week and earned only \$420 a year because what he produced would sell for no more than \$1,030. In 1939 the average factory worker put in only 38 hours a week, turned out \$3,140 worth of merchandise and earned \$1,150 a year. Good tools make the difference.

With better equipment, the worker produces three times as much and therefore earns three times as much. The formula is still good. Greater and more efficient production will make many jobs at good pay in the postwar years. It will require better equipment but this can be provided wherever employers and employees see eye-to-eye. Mr. Cheyfitz points to the only hope in sight for labor or capital either.

W. C. Addington of Devol, Okla., has been quite ill the past two weeks but is much improved at this time. The Addingtons have sold their home to John Coker, Sr., and will move to Texas to make their home with their son.

Mrs. Dennis G. Key and son, who recently returned from Long Beach, Calif., where she has been visiting her husband, were guests of Mr. and Mrs. A. J. Key for a few days this week. Her sister, Mrs. Robert E. Thomas and brothers, Robert J. Small, BM 2/c, and Walter Small were also guests of Mr. and Mrs. Key.

Mr. and Mrs. PAT BRADY are invited to be Guests of the *Burkburnett Star* for the showing of Sun. or Mon. Picture at the—

## Gulf Employees Receive Awards

Six local employees of Gulf Refining Company this week received engraved certificates and jeweled emblems in recognition of their completion of 10 or more years of faithful service. One award was for 10 years, two for 20 years, two for 25 years, and one for 35 years of valued association.

Sol Y. Thomas received the 35 year award, the 25 year awards went to Robert M. Burhart and Allison W. McPherson, and James B. Morris and John K. New received the 20 year award and Chauncey Weiler the 10 year award, all of which were presented by W. H. Parr, North Texas District Foreman.

Miniature certificates have been mailed to members of the Armed Forces completing 10 or more years of service, and their awards and engraved certificates will be held until they return to duty. The ceremonies here were similar to those being held this month in the office of the Gulf Companies in the thirty states in which they operate, and a total of 3,420 men and women will receive awards at these presentations.

With the distribution of these awards, 15,888 men and women of the Gulf Companies who have been with them from ten to forty years will have been honored during the past six years. This is slightly more than half of the total of approximately 30,000 workers.

Mr. and Mrs. F. H. Kelly of 115 W. College Ave., visited friends in Wichita Falls Thursday.

When a Texan far away from home meets another Texan, they start a Texas booster organization—and then it grows.

The "Texans in England" club formed a year ago by a handful of Lone Star soldiers, has grown now to Texans in the ETO, and recently had a meeting in Paris with Brig. Gen. Pleas B. Rogers of Austin as speaker.

Charter members hail from 110 Texas towns and, typical of Texas democracy, a plain GI outranks commissioned officers of the association.

Staff Sgt. Jay C. Stiller of Dallas is president; Lt. Col. Aubrey A. Wilson, Gladewater, vice-president; Lt. C. C. Homeyer, Paris, Texas, secretary; Captain Marvin G. Bowden, Burnet, committee chairman.

At the Paris meeting the club raised 20,000 francs—\$400.00 to you—to aid in the support and education of a French orphan.

The exploit of Lt. Floyd A. Weaver of Gatesville, who won the Silver Star on Leyte in the Philippines, is typical of the feats which Texas soldiers perform to merit this decoration for outstanding valor.

Lt. Weaver led his platoon in a night attack which put a Japanese artillery position out of business in the most preferred fashion. But in the darkness they failed to see another enemy gun.

The second gun opened fire from only five yards away. Four men were killed and the rest thrown to the ground, stunned by the blast. Machine-gun fire sprayed them.

Weaver rallied his men, however, and swarmed over the second artillery position, wiping it out.

Help for the Filipino victims of Jap oppression is already going

forward, incidentally, through the Philippine War Relief, the National War Fund agency to which Texans contribute through their county war chests.

Priorities for cloth have been obtained, clothing suited to the need of the improvised Filipinos is being made by volunteer workers, and one shipment of 250 bales has already gone on its way. Similar shipments are scheduled for every month for the next half year.

Marine Cpl. Bryant V. Hodge, Taylor, achieved a new—but truly Texas—kind of triumph on Iwo Jima. When the fighting subsided, he stirred up a batch of 19 biscuits for his friends and baked them on a stove which a buddy manufactured from an ammunition rack and a length of oil pipe.

The biscuits were big, light ones that would have made any Texas cook proud, but Cpl. Hodge's real triumph lay in the fact that he had never made any before. He had learned by watching his wife—and you Texas housewives can try that one over on the black keys of your kitchen range.

## Telephone high lights of 1944

Our annual report, issued in March, showed 1944 was a busy year. There were more long distance calls than ever before, including thousands of war calls to rush through each day for the army, the navy, and the scores of war industries in our territory.  
The demand for telephones was heavy. Service qualifying as essential under government requirements was installed promptly. Other new telephones were installed where instruments, lines, and central office equipment were available.  
But still we had a big waiting list. It grew throughout the year because almost all new telephone equipment went to the armed services. At the year's end 187,000 persons were on our waiting list for telephones.  
For those who had telephones we did virtually a prewar job of supplying service. Three out of every four long distance calls went through while the calling parties "held the line." Local service stood up well. The public helped by keeping calls brief and making only necessary calls.  
In the eight army general hospitals in the five states served by this company, special equipment was installed to help the wounded and sick soldiers with their telephoning. Attendants were on hand in most army camps and naval stations to help service men and women call home.  
On the money side, we didn't do so well. Of course, revenues were up—10 per cent over 1943. But operating costs and taxes climbed even faster—they rose 11 per cent. The return on the company's investment in telephone property was 4.34 per cent—lower than in 1933, the worst depression year.  
As long as the fighting goes on, war demands will be met first. But telephone users here at home can depend on the fact that, even in wartime, this company will bend every effort to give them the best service possible.

### THEY'VE GIVEN ALL BUT LIFE ITSELF!

**WHAT CAN YOU SPARE THAT THEY CAN WEAR?**

• Over the ravaged ground of war-torn Europe, trudge 125 million men, women, and children who have given all but life itself toward the same permanent peace we all are striving for.

Their need for clothing is as great as that for food—in some areas deaths from exposure equal those from starvation.

These people need something you don't. They need your spare clothing.

150 million pounds must be collected this month. Will you give your share?

**What YOU Can Do!**

1. Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, shirts, jackets, pants, skirts, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
2. Take your contribution to your local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.
3. Support your Local Committee not only with your clothing contribution but also with your time, effort, and energy.

### Lions Club

At the regular meeting Tuesday night held at the Town Hall, Frank Kelley and Roy Magers had charge of the program. Their intended program did not develop so they held a spelling match between members of the Club. Wylie Browning was captain of one side and Bud Hicks captain the other. Wylie's side won, but Brack Preston stood up longer on his side and spelled more words than any one on both teams. President Douglas gave out the words and finally had to get out of the 3rd grade spelling to set him down. The program was enjoyed by all.

James Hicks was guest of his daddy Bud Hicks.

Program next week will be in charge of Joe Majors and Sloan Mills.

### NOTICE

I have sold my interest in the Smith & Hatch Hardware to L. A. Hatch, effective Friday, April 6, 1945.

Mr. Hatch, who will operate the store under the name of Texas Hardware & Furniture Co., has assumed all the obligations of Smith & Hatch, and all outstanding accounts should be paid to Mr. Hatch.

I cordially invite all former customers and friends to continue patronizing Mr. Hatch.

H. D. Smith. 37-4tc.

### Grace Lutheran Church

Divine services and Sunday School are now being conducted regularly each Sunday at Town Hall. The services are well attended and sustained interest is in evidence. If you are not in worship or in Sunday School elsewhere, come and be with us next Sunday. Spiritual blessing and strength will be yours.

Sunday School, 9:45 A. M.  
Morning Service, 11 A. M.  
Evening Service, 8 P. M. This will be the installation service for the pastor, with the Rev. J. A. Birnbaum, of St. Paul's Church, Vernon, conducting the service.

Junior instruction class on Monday night, 7:30 P. M.  
Choir practice on Wednesday night, 8 P. M.

Grace Lutheran Church extends a hearty welcome to all visitors.  
Paul Kaiser, Pastor.

### Calvary Baptist Church

Sunday School meets at 10 A. M. with all classes studying the 14th chapter of Acts—"Going On For The Lord in Spite of Stones of Abuse and Criticism."

We study the Bible only in our Sunday School, and invite you to come and study with us.

Preaching at eleven o'clock by the pastor. Sermon subject, "Fundamentalism versus Modernism—Why be a Fundamental Baptist?—Who is a Fundamental Baptist?" Nobody will be spared, and no body will be praised—only the truth will be clearly laid out. We are not begging you to come, but extend to you a welcome if this subject from God's Word interests you. There are some so-called Fundamentalists you need to beware of.

Night services begin at 7:30 with the "Bible Brigade" Young people's group meeting.

Services in the auditorium begin at 8:15. Pastor will speak on this subject "How Did Hitler Gain Power in Germany, and is there any danger of such a thing happening in America?"

Hold your horses now, and don't get excited and say the preacher is going off the beam and leaving the Bible. Hitler's case is an example case, and God discusses him and his kin in His word.

You have a welcome at Calvary Baptist.  
Ray C. Morrow, Pastor.

### NEWSPAPER ADVERTISING

**AT YOUR SERVICE TO HELP YOU SELL**

Mrs. W. S. Thompson of Norman, Okla. arrived here Thursday night for a few days visit with her daughter, Mrs. A. L. Gilbow and family.

### Rotary Club

Tuesday noon at the regular meeting, the members were honored by having Dorothy Ann Preston and James McDonald high school seniors, who gave very splendid talks. Dorothy Ann and James are Burkburnett representatives in District Delegation and it looks as if they will go to the State.

Mrs. Douglas and Mrs. Evans presented the First Grade Rhythm Band and were well received. Visiting Rotarians from Wichita Falls were W. F. Sims, C. J. Tucker, Albert Kelly, Tom Stack, Ira H. Cooper, Herb Fillers, Dick Sehmann, Luther Hoffman, Fred Lindsey, Evert McCullough and Geo. Dimock.

Dow Estes was guest of the club.

Alvin Hill is program chairman for the next meeting.

Robert Gordon Clement, 1944 graduate of Burkburnett high school, and the son of Mr. and Mrs. F. L. Clement of 116 Ave. D. Burkburnett, has his name placed on the honor roll for the fourth six weeks at Abilene Christian College, Abilene, Texas, as a result of his making a grade of "Superior" in 3 subjects.

Robert Gordon is a freshman in Abilene Christian College and is majoring in Bible.

Mrs. G. W. Pemberton received word recently that her son, Tec, 4 Herbert L. Pemberton, had been wounded in action in Germany March 20, 1945. Tec, 4 Pemberton was with the 36th Division in Germany and has been overseas two years. Before entering the service, Herbert was with the National Guard Unit. He has three brothers in the service. Cpl. T. C. Pemberton and Pfc. Wm. Pemberton are both somewhere in Germany and J. Wilson Pemberton is on the Solomon Islands.

### GROW HUSKY, HEALTHY CHICKS

Yet Save up to 30% to 50% on Feed Cost the Ful-O-Pep Way

Plan to raise your chicks on Ful-O-Pep, the feed that produces World's Record-Making layers. Yes, more than half of the world's champion egg layers of the principal breeds were raised on the Ful-O-Pep Plan. Ful-O-Pep Chick Starter helps produce such healthy, robust chicks because it contains nature's richest vitamin combination—Concentrated Spring Range—along with other vitamin-rich sources to give your winter hatched chicks a Vitamin Boost for growth, livability and vigor. So follow the Ful-O-Pep Save-on-Feed Plan, the way that may save you as much as 30% to 50% on feed cost. See us today for your supply of Ful-O-Pep Chick Starter.

W. R. HICKS, Dist.

### Card of Thanks

We sincerely appreciate the kindness and generosity displayed by our many friends in sympathy with the loss of our loved one.

Your friendship will be held in grateful remembrance.

Mr. D. D. Netherlain,  
Mr. and Mrs. J. L. Smith and family. 37-1tp.

"Flying at night as well as by day, at high altitudes over impassable mountainous terrain through areas characterized by extremely treacherous weather conditions necessitating long periods of operation on instruments requiring courageous and superior performance of his duties to overcome, he accomplished his mission with distinction."

The award was made for the period of service from November 24, 1944 to January, 13, 1945.
