## ALL NATION AND ITS ALLIES MOURNED THE PASSING OF OUR PRESIDENT LAST THURSDAY

Another War Casualty

Will Carry On

Franklin D. Roosevelt

America and the world were indeed shocked last Thursday, April 12th to learn that President Franklin Delano Roosevelt had died at Warm Springs, Ga., at 3:35 p. m. (cwt) where he had been resting the past ten days.

President Roosevelt had been honored as has no living American, he being four times elected President of the United States in which he led us from depression to recovery, from war to peace, from dark days to brighter ones.

The funeral was held in the White House East Room in Washington on Saturday. Burial was

Harry S. Truman

at the Roosevelt ancestral home at Hyde Park, N. Y. Sunday.

Vice-President Harry S. Truman became the 32nd President of the United States at 6:09 p. m. (cwt) Thursday and solemnly pledged himself to the policy of Franklin Delano Roosevelt.

Vice-President Harry S. Truman was sworn in as President by Justice Harlan F. Stone. All members of the cabinet were present.

Truman made this statement: "The world may be sure that we will prosecute the war on both fronts, east and west, with all the vigor we possess, to a successful conclusion."

The only thing lacking now is a director to take charge of the league and be responsible for its operation.

High school members of the league will play their first game Friday, April 20th. Several teams in town are ready to go if a director can be found to arrange the schedule, etc.

Teams from Devol, and Randlett have indicated their desire to come into the league.

## "The Mad Hatters" Senior Class Play Friday, April 27, 8 P. M.

### Lions Club

Regular meeting held at the Town Hall Tuesday evening with the program in charge of Joe Majors and Sloan Mills. Sloan introduced Lion Pat Patterson, who gave a classification talk on lumber which was very good. Next Lion A. E. Harrison gave a eulogy on our late President Franklin Delano Roosevelt which was timely and very good.

Visitors were Sgt. Joe Bowles, son-in-law of Lion Wayne Chambers, and Lion and Mrs. Thrift of the Wichita Falls Club.

Next week will be ladies night, which has been put off and changed due to conflicting activities. Invitations were mailed to all Lionesses to attend with or without their husbands. A large crowd is expected.

### Nationwide Event

Camp Fire Girls everywhere mark opening of World Security Conference in San Francisco on April 25, with ceremonies of rededication to Camp Fire ideals and world friendship.

### DEGREE WORK

There will be work in the Masters Degree at Masonic Lodge room Thursday night, April 26, beginning at 8 p. m.

All Master Masons are cordially invited.

Pfc. Hugh C. Veach is now somewhere in Germany, recently wrote a buddy, Jack Alexander, about his adventures in Europe. "I spent Xmas Eve and Xmas day in a cattle car, crossing France. There were 33 men to a car, and the cattle hadn't been out of the car too long. We spent 3 days in an orchard in Belgium and there I froze my feet. My job is Forward Observer and I spend the most of my time beyond the fighting lines. Recently had a three day pass in Paris but did not enjoy it much. After that we fought in the Belgium bulge and then chased the Jerrys across the Rhine. Tell all the gang hello. Hugh."

The Hatters. What a family! Mad as March hares! Crazy as loons! Dizzy as pinwheels! Dipper than the Big Dipper! And nuttier than a Christmas fruit cake. In fact, they are all nuts. Margaret Hatter, (Jean Boyd) the mother, is nuts about dramatics. Joe Hatter, (James McDonald) the father is nuts about fishing. Gigi, (Dorothy Ann Preston) their daughter is nuts about athletics. Bunny, (Paul Ray Roberts) their son, is nuts about photography and Angelica, (Alice Millikin) their housekeeper, is just plain nuts.

Grandma Hatter, (Mary Frances Kelley) has been supporting them for years and suddenly decides it's time to quit. She gives them all three months to prove they can make their own living. If only one of the entire family will succeed, she will renew their monthly allowance. Not having earned a penny in their lives, they unanimously agree to commercialize their hobbies and show Grandma Hatter a thing or two. (Mamie Browning) the youngest daughter, returns from a trip and announces her engagement to Henry Harrison, (Keith Jones) an amateur playwright whose mother turns out to be an old rival of Mrs. Hatter, (Jean Boyd) in a stock company years ago. And from then on, things happen fast and furiously. At the expiration of the three months, all have failed but Joe (James McDonald) who brings home the bacon at the last minute, and how he brings it home is nobody's business. Sometimes they don't make much sense, these mad Hatters, but they do create a lot of laughs for any audience, and you'll love every one of them; the madder they get the more you'll love them.

The other members of the cast are Betty Riddle, Billie Jo Stacey, E. W. Stevenson, and Mary Frances Gamblin.

The play is being directed by Miss Ella Billingslea. It will be given on Friday, April 27th, at 8:30 o'clock in the high school auditorium.

Dr. and Mrs. I. D. Russell have returned home after two weeks visit in Tennessee and other points.

### Rotary Club

The club met good attendance at their regular meeting Tuesday noon at the Town Hall.

Alvin Hill had charge of the program and gave a very interesting and timely talk on "Youth Week."

Visiting Rotarians from Wichita Falls were Lloyd Taylor, Hoffman, Albert E. Kelley, M. W. Blair, J. M. Isbell, Dick Knight, Floyd Dean, Ralph DeShong and Tom Edwards.

Rev. Paul Kaiser was a guest of Clark Gresham; and Dick Lennard was a guest of Carl Morrison.

### P.-T. A. News

The following program was given by these sixth and seventh grade boys and girls at the April meeting of the P.-T. A. Sidney Gamblin sang I'll See You Agani, Peggy Rhinefeldt played a very pretty piano solo; and Tex Maney gave a reading, "The American Creed". Mr. Evans showed a very informative picture on "Home Nursing."

During the business session the president, Mrs. Hunt, announced the District Field Day meeting at Olney Wednesday, April 25th. Mrs. Hunt is taking her car and wants five women to go with her. She also announced the Clinic which is held here every third Monday of each month by the Wichita County Health Unit. This Clinic is open for all children from 6 months to 6 years of age. It is held in the Town Hall.

It was decided that the May meeting will be held at 8 p. m. instead of an afternoon meeting. Officers will be installed and the Rhythm Band will play that evening.

Mrs. Evans' room received the dollar for having the most mothers present.

Refreshments were served to all.

Mrs. H. M. Meyers and sister left Friday for Denver, Colo., to visit Mrs. Meyers' daughter, Helen Hhea, and son-in-law.

## Lions To Hold Ladies' Night

Members of the local Lions Club will entertain their ladies at a ladies' night banquet Tuesday, April 24th at Town Hall. The menu planned should appeal to the ladies and the program being arranged should prove highly entertaining.

## MORE FOR THE HUNGRY

We have been urged by our President to cultivate more Victory Gardens this year. This has been in the minds of most Burk Burnett citizens of late, who have plans to enlarge last year's plot. Last year this country had 18 1/2 million such gardens and produced in the home gardens over 40 per cent of the fresh vegetable supply. Through helpful hints and suggestions from all kinds of sources, those new to gardening have been able to cultivate most successfully. Amateurs, through indifferent care, can waste

more than they produce. With the practical information to be had from federal and state agricultural agencies, local organizations, papers, magazines, 4-H Clubs, this year's production should be higher than last. Experience is the great teacher, also.

Help that comes from Burk Burnett gardening is not only in the food supply line but physical exercise derived from the gardening is beneficial even though there are times we are convinced it is back-breaking work. It is also a good way to advance the state of neighborliness. In cities where large plots are leased by a group who work together, it brings forth friendliness just through furthering a food program.

We know it is not necessary to have a large tract of land to yield a quantity of vegetables sufficient for our own use, but we can even grow enough to sell others. When the demand for food is greater than the supply, we continue to plant our gardens with vigor and will count our own plot as one of the goal of 20 million desired.

## ALMOST OVER

The guessing of how long it will be before Germany is defeated surrounds us. Perhaps even as we go to press the war with Germany will come to an end and the optimistic will say "I told You So". Again it may take another month or two. One can not be sure, only hopeful. Berlin has been destroyed as a center, is no longer a military objective. Russia is covering the miles with a purposeful drive that is smashing into a position to cover any retreat. Our boys under General Patton, are far ahead in the advance that was reported tremendously successful. It all adds up to a nearing the end, the strategy of closing in from all sides readying for the kill, a sign that victory will be ours before long. But how long we can only guess. Germany is tottering but whether she will give up quickly or will fight to the last, bitter drop of blood, we do not know. Tomorrow might tell or perhaps next week. But though her collapse is sure, each day American lives are lost at the point of her guns. Germany is seeing on her own soil the result of her folly, seeing the devastation she has wrought on others, brought home to her own cities. Will the meaning of war, in its final stages, hold any meaning for Germans, prove to them that this they will never again will do to civilization, that man, working with man, nation linked with nation, will build a future of security and brotherhood where no man is a super man of a super race, but equal in the sight of God. This is our prayers for peace, whenever it comes.

Lt. James Neal Hall, Thunderbolt fighter pilot, with the continental 9th Air Force writes that his outfit, the 36th Fighter Group has been very busy since the Rhine crossing.

This group has been moved several times and is now stationed in Germany. He says that it took him two days and nights to get back from one mission.

His wife, the former Miss Marjorie Heiserman, is now a Senior at the University of Texas.

Over the ravaged ground of war-torn Europe, trudge 125 million men, women, and children who have given all but life itself toward the same permanent peace we all are striving for.

Their need for clothing is as great as that for food—in some areas deaths from exposure equal those from starvation.

150 million pounds must be collected this month. Will you give your share?

### What YOU Can Do!

1. Get together all the serviceable used summer and winter clothing you can spare. This includes: Men's, women's, children's, and infants' wear, and shoes. Overcoats, topcoats, suits, dresses, skirts, jackets, pants, skirts, work clothes, gloves, underwear, sleeping garments, robes, sweaters, shawls, and all knit goods. Also blankets, bedclothes.
2. Take your contribution to your local COLLECTION DEPOT now or arrange to have your LOCAL COMMITTEE collect it before April 30th.

How many sick have we visited this week, how much of our money have we given to the relief of the needy, or how much of our time have we given to the poor in body or spirit? Let us read James 5, one through eleven—Did you read it? Some day we are going to answer to God for our service or failure to serve while on earth. Are we ready?

## Calvary Baptist Church

Sunday School begins at ten a. m. promptly, with all classes studying the 15th chapter of Acts—"The Great Controversial Question—Ceremonial, Legalistic Salvation By Works, Or Salvation By Grace Through Faith."

Sermon by the pastor at eleven o'clock. The subject will be the same announced for last Sunday, but held over for this Sunday—"Fundamentalism versus Modernism—False Fundamentalists, and Why Be a Fundamental Baptist?" No boasting, bragging or snorting in this message, but the plain, unvarnished, straight from the Bible preaching.

Night services begin at 7:30 with the youth fellowship meeting. Song and preaching service in the auditorium at 8:15, with the pastor preaching on this subject, "Who Are The Four Horsemen of Revelation Six, and When Shall they begin to ride?" A lot of people would like to eliminate this last book of the Bible because they don't understand it, or because of such fearful judgments pronounced, they don't want to understand it. But it remains a very vital part of the whole Word of God, and if you will read Revelation 1:3, you will see the importance of reading and heeding this prophecy.

Welcome to the church that uses the whole Bible for all the people. In spite of traitors and people who run off at the mouth (read the 'third chapter of James,) Calvary Baptist continues to be the going Church for the coming Lord.

Ray C. Morrow, Pastor.

My Dear Mrs. Blankenship:  
With the greatest regret I have learned that your husband, First Lt. George Franklin Blankenship, previously reported missing on Sept. 18, 1944, died while he was in action on that date in Holland. My attention has been called to the praiseworthy manner in which Lieutenant Blankenship accomplished the training that led to his graduation from the bombardier school at Big Spring Army Air Field. He repeatedly demonstrated the qualities of bravery, which contributed to his success as an officer, and you can be proud of the reputation he earned. His passing has saddened the many firm friends he won by his fine traits and faithful service.

I hope your sorrow will diminish as you remember that your husband made a valuable contribution to our cause, and I offer my heartfelt sympathy to you and other members of the family in behalf of General H. H. Arnold, Commanding General, Army Air Forces, who is temporarily away from Headquarters.

Very sincerely,

### First Methodist Church

The pastor will preach Sunday morning on "Faith For Our Time." In our new President's message to Congress, two words were outstanding: "Faith and Hope." Without faith it would be impossible for our new president to move on to those high ideals of world freedom which was the goal of our beloved president Roosevelt.

Not only is this true of our country, it is also true of our community, our church, and our life. The pastor will try to show the faith we need for our day.

At the evening hour, the message will be evangelistic. The hymns we love will be sung by the choir for our worship service.

Our church school attendance was off last Sunday due to the rain. Help us make up the loss by bringing a friend next Sunday.

The public is always cordially invited to worship with our congregation. May we see you Sunday.

# Household Hints

Men's shirt collars will fray less if turned up before being laundered.

Never crowd the rinse tub. Clothes must have room to move about freely to get soap out.

Wipe up any food spilled on the stove at once with a dry cloth or paper toweling. Never use a damp cloth—it may ruin the porcelain finish. But if you let these spots dry on, they will be difficult to remove.

If venetian blinds are waxed when first installed or within a reasonable time thereafter, they can be kept clean more easily. The painted surfaces will be given an added protection and the life of the blind prolonged. Any furniture wax is suitable for this purpose.

Orange juice may be substituted for lemon juice when making french dressing.

# Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Notes of a New York Newsboy:

An exciting blog of a fine American, "Eisenhower" (Winston) by F. T. Miller, contains this interesting paragraph: "General Eisenhower was aroused to outbursts of indignation at the subversive groups that were giving 'aid and comfort to the enemy' at a time of our nation's peril. Ike's scathing remarks would scorch this paper. He had no tolerance for the 'damned deaf, dumb and blind fools' who could not see what was sure to happen if we failed to heed the warnings. The Axis was out to conquer the world and enslave humanity. Nazism and Fascism must be crushed if human freedom was to be saved. . . . Eisenhower had become known as 'Alarmist Ike' because of his constant predictions."

Move over, Walter—and make room for Eisenhower!

The same tome also offers a delightful anecdote about General Eisenhower's mother. . . . Whenever soldiers pass her home at Abilene, Kans., she proudly remarks to neighbors: "I have a son in the army, too!"

When he was given the Peabody award for "presenting outstanding radio humor over a period of 12 years," Fred Allen was introduced on the air this way: "Three great men of American humor," said the announcer, "—are Mark Twain, Will Rogers and Fred Allen!" "Fine state humor is in," Allen admitted. "Two of them are dead and one is out of work!"

Stories about newspapermen are as arresting as the yarns they write. Horace Greeley inspired some of the best bits of newspaperman stuff. He was once parked in a hotel lobby reading his Tribune when a stranger informed him: "I never read that sheet. I feed it to my . . . goats." . . . Greeley merely intoned: "If you confine reading other papers and feed your goats these Tribunes, one fine day you'll wake up and find that your goats know more than you do!"

When Joseph Pulitzer retired, he sent his staff a message which deserves to be framed in every newsboy's office. The Pulitzer prize advice is now a part of the masthead of a St. Louis newspaper: "I know that my retirement will make no difference in its cardinal principles; that it will always fight for progress and reform, never tolerate injustice or corruption, always fight demagogues, never belong to any party, always oppose privileged classes and public plunderers, never lack sympathy for the poor, always remain devoted to the public welfare, never be satisfied with merely printing the news."

Add Good News: One of the Bund camps in New Jersey has been turned into a boys' vacation camp. Happy to learn that a part of the U. S. once again belongs to America. . . . The legit stage takes bows as a haven for intellectual issues. Yet the season has produced only one expert play on a serious theme: "A Bell for Adano." . . . Trend of the Times: We used to hear a great deal about Nazi supermen—now we hear more about American superfortresses.

Hoop-la isn't everything: A. J. Cronin's "The Green Years" has topped the fiction best-seller list longer than "Forever Amber," despite the latter's publicity barrage. . . . The house foreign affairs committee is now probing America's war criminal policies. We hope they will spotlight the peculiar activities of the state dept's boys dealing with that problem. . . . Joseph Conrad once said: "Gossip is what no one claims to like—but everybody enjoys it."

Our Sherlock Ho-Holmes Dept.: A UP dispatch states: "Rifle shots were fired into the office of Mario Berlinguer, high commissioner in Rome, for the punishment of Fascist crimes. The official was wounded by flying glass. Police believe the shooting was an attempt to assassinate Signor Berlinguer." Awgwan!

Two soldiers and a sailor on Broadway, reports Jan Murray, were discussing their plans after curfew time. The first serviceman said: "Gee, it's midnight. Let's have some fun riding through the park in a hansom kebl!" . . . "Naw," naw'd the second. "Let's call up Mabel and Jean!" . . . "Oh, nuts!" said the third. "Let's do something really exciting! Let's go to some restaurant and watch the civilians eat!"

Among the strange sidelights of the war is the almost complete brushoff most newspapers have given to the fighting in Burma. Reports of the battles in that sector are buried on inside pages or ignored. Many Americans will probably be surprised to learn that bitter fighting has taken place there, which has resulted in important Allied victories. . . . And the battles are continuing. . . . During the last year the amount of Japs killed in the Burma theatre equals the number eradicated in the Pacific!

## Russ Break With Japs Changes Entire War Picture in Pacific; Ike Predicts Guerrilla Warfare

Released by Western Newspaper Union

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

### TREATY: Russ Break With Japs

When Foreign Commissar Vyacheslav Molotov curtly handed the Jap ambassador a note denouncing Russia's neutrality pact with Japan, the question of the Soviet government's future course with Nippon became a matter of high importance in United Nations' chancelleries.

Speculation about Marshal Stalin's intentions was heightened in view of the close imminence of the world security conference in San Francisco.

MARSHAL STALIN More trouble for Japan.

Two facts, however, were clear for the record. The treaty ordinarily would have run until April, 1946, yet Russia decided to void it summarily. Marshal Stalin publicly described Japan as an "aggressor nation."

The Russian government, moreover, accused Tokyo of helping the Nazis.

"Germany," the note recalled, "attacked the U.S.S.R. Japan—Germany's ally—has helped the latter in her war against the U.S.S.R."

Observers were agreed that Russia's action meant a closer working cooperation between Russia and her allies. How soon that meant an open declaration of war by the Reds on Japan, time would tell.

Even as the bad news came from Russia the Japs got another rude reminder that the payoff of aggression was approaching when it was announced from Washington that General of the Army Douglas MacArthur had been chosen to lead all American army forces in the Pacific and Fleet Admiral Chester W. Nimitz had been selected to lead the naval forces in the final drive on the Japanese homeland.

General of the Army Henry H. Arnold will command the 20th (Superforts) Air force and will be in charge of all other aerial action in the sector. The chiefs of staff will continue to direct the overall strategy and will give specific responsibility to MacArthur or Nimitz for particular operations in the Pacific.

This extension of operational territory for the two leaders who have been carrying the war to Japan's doorstep indicated that the "island hopping" phase of the campaign was over and a new strategy involving a direct assault on the Jap homeland was imminent.

### JAP CABINET: More Woe Ahead

A steadily heavier burden of trouble was to be the fate of the new Suzuki cabinet in Japan. That was unmistakable forecast in the fall of its predecessor—the Koiso cabinet.

Two major events had contributed to the Japanese government crisis. One was the successful progress of the American military advance on Okinawa island, only 330 miles from the Jap mainland. The other was Soviet Russia's action in denouncing the neutrality treaty with Japan that still had a year to run.

Ushered in as a rallying force against the Allied march toward Tokyo, after the infamous Tojo government had failed, the cabinet of Premier Gen. Kuniaki Koiso had encountered disaster after disaster in its eight and a half months of existence.

How long the new cabinet of 77-year-old Adm. Baron Kantaro Suzuki would last was open to speculation. But Japs as well as Americans knew one thing for certain. The final doom of Nippon was approaching.

### OKINAWA: Timetable's Ahead

As military observers had expected, Japanese resistance on Okinawa had stiffened after U. S. army troops had cut the island in two.

With the strategic airfields of the capital city of Naha as the prize, the 24th army corps and the 7th division fought fiercely against well-organized Jap units defending the southern areas of Okinawa. Marine 3rd amphibious forces continued extension of their northern lines.

Observers were of the belief that bitter battles would have to be fought and won before the southern portions of the island could be won. In this area it was estimated that between 60,000 and 80,000 enemy troops were concentrated. Nevertheless, Maj. Gen. Roy S. Geiger, marine commander, said the timetable was well ahead of schedule.

### WORLD TRADE: A War Preventive

A significant prelude to the world security conference in San Francisco was Secretary of State Stettinius' address in Chicago outlining plans for wider world markets in which the industrial output of the United States would match other nations' needs.

Addressing the council on foreign relations, gray-thatched Stettinius declared the United States would exert its full power to call a world conference of leading trading countries to stimulate international economic well-being. The secretary of state said:

"Our objective in all our relations with other nations is to prevent aggression abroad from again dis-

SECRETARY STETTINIUS A Formula for peace.

turbing the peace of the United States and to develop those conditions of international life that will make it possible to maintain high levels of productive employment and farm income and steadily rising standards of living for all the American people."

### GUERRILLA WAR: Forecast in Europe

The statement to President Roosevelt from General Eisenhower forecasting extensive guerrilla warfare in Europe was being borne out as Allied armies ground their way through Germany and her vanquished satellites.

Unable to form a strong unified line to combat the Allied smashes toward Berlin, the Nazis command depended on a series of "last man" stands to delay extinction. Undeniably General Eisenhower's Allied armies on the west were cutting Germany to pieces. Yet spots of resistance remained and each posed a cleanup problem to the Allies. The trap in the Ruhr was an example of this trend.

Over battlefields once reddened by the blood of soldiers who fell in the Napoleonic wars, American and British divisions smashed in their drive east to meet the Russians and to bisect Germany. Far forward in the vanguard of the race to Berlin were armored units of General Patton's 3rd army. Pressing toward the strategic North sea ports of Bremen and Hamburg were the British forces of Montgomery.

Meanwhile, Lt. Gen. James H. Doolittle was sowing destruction via warplanes on the airfields, rail yards and supply dumps in the Munich area of southern Germany where it was reported Hitler was planning his last stand.

In the east, Russian forces had continued their pressure on Berlin and to the south they cleared Hungary of enemy forces, capturing Bratislava in Slovakia and pouring across the Danube to Vienna.

### HIGHLIGHTS . . . in the week's news

**ART TREASURES:** Hidden in a dank tunnel used by German civilians near the front, priceless art treasures from France were found by units of the U. S. 1st army. Among the art found were works of Rembrandt, Reubens, Van Gogh and Van Dyke. In addition there were 500 original scores by Ludwig van Beethoven, the composer, taken from his birthplace in Bonn.

**SURPLUS GOODS:** A pre-sale display of 1,500,000 items of army surplus property drew 500 dealers to Philadelphia. Although the general public was not eligible to bid, war veterans wishing to obtain stocks to go into business were allowed to submit orders. Sales were under the direction of E. H. Mallory, regional sales officer for the treasury department's surplus disposal branch.

### THE FOUNDING OF THE NATION

LESSON TEXT—Exodus 18:19-24; 19:3-8

GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Proverbs 14:34.

God has a purpose for the lives of men and of nations. Happy are those who seek His guidance so that their lives may be directed in right and useful channels.

God's threefold purpose for Israel, which we noted in our lesson of last week, could only be worked out in a nation which was separated unto Him, following holiness in its life and service.

Moses, one of the greatest and most able figures of all history, was God's appointed leader. His success is explained by his willingness to follow God's leading. He sought:

#### I. God's Counsel (18:19)

Jethro, the father-in-law of Moses, having observed how he was burdened constantly by the affairs of the people, came to offer him advice. He started in the right place, by urging Moses to continue to seek God, yes, to spend even more time in the Lord's presence, asking His wisdom and guidance.

No man can lead a people in the right way if he does not have his own life in constant touch with the throne of God. Much of the failure of our day centers right there. We talk much to other men about our national and international problems. There are multiplied meetings and conferences. They do have value, but very little, unless there is a seeking of God's will.

A day of national repentance and prayer would do more for us than many weeks of discussion and debate. We need to seek God's counsel.

Note that the coming of Moses to God concerned the daily affairs of his people. That reminds us that not only the life of our nation, but that of our own homes—and our personal beings—all need God's counsel. To aid Moses in administering the affairs of the nation, Jethro recommended the appointment of men who were to serve as:

#### II. God's Counselors (18:20-24)

There has been not a little criticism of Moses for accepting this advice. It is pointed out that when God puts heavy burdens on us, the way out is not to shift the load on someone else, but to seek God's special grace to bear it and to do it acceptably.

There is value in such an interpretation; but when one considers the devout and careful approach of Jethro to the matter (vv. 9-12) and his evident desire to glorify God in it all, there is ground for believing that he was giving Moses good advice.

The great unorganized host of possibly two million people were going through a very difficult experience. The result was dissension and strife, often over trivial things, which needed to be settled. For all this to come to Moses seemed undesirable; therefore other men were chosen to be counselors to the people, interpreting for them the law and the will of God.

While each of us should carry every God-given responsibility with gladness, that does not mean that we are to assume that only we are able to do things. There is no more tragic figure than the pastor or church officer who tries to do everything. Why not put others to work? How can our young people and new converts ever find a place of service if older Christians hold on to every job in the church? Let us train them; then trust them with real responsibility. Counsel, encourage, pray, direct if need be, but do not try to do it all yourself!

Now we come to the solemn and crucial moment when God was ready to establish His people and they were ready to accept:

#### III. God's Covenant (19:3-8)

In the sacred and awe-inspiring meeting place before Mount Sinai, where the Lord was to give them His law (Exod. 20), they made a solemn covenant with God.

In preparation for it He reminded them of what He had done for them in the past. God is the unchanging One. If He was tender and gracious toward them in the past, they could enter the future confident of His blessing. And so may we!

Note verses 5 and 6, for they give us God's great purpose for Israel. All they had to do was to obey His voice by keeping His covenant. This they, in solemn assembly, agreed to do (v. 8). How different their history—and that of the world—would have been had they kept their promise.

\$5,000,000 for the prevention and cure of cancer, will tell the people of America what it is possible to do to fight this malady. Prominent physicians and laymen have united to contribute their efforts in a nation-wide fight to bring down the number of casualties for which cancer is responsible.

Public lethargy has allowed cancer to spread with increasing speed during past years until it now ranks second among all fatal diseases, causing 165,000 fatalities every year. The Society plans to disseminate educational material throughout the nation which it hopes will bring about real progress in the routing of this disease. Their slogan, "Guard Those You Love," is a warning that should inspire every citizen to be constantly on the alert for the first symptoms of cancer. It is in the early stages that medical diagnosis is most vitally urged.

## Burkburnett . . . . History

As revealed by the files of the Star 17 years ago.

City Manager W. A. Roberts and H. A. Dodson, manager of the Caro Motor Co. left Wednesday for Dallas to bring the new Ford truck street sweeper recently purchased by the city of Burkburnett.

The truck is a "general utility affair," combination of truck, street sweeper and water pump, according to a description given by the local Ford agency Wednesday.

Mrs. W. W. Lindville, of Wichita Falls, owner of the two-story brick on the corner of Main and Ave. C, occupied by the Corner Drug store downstairs, and offices on the second floor, is having east side of the building painted. The paint will improve its appearance as the building has had additions made and the bricks were of different colors.

An explosion in the separator of the Noble Oil and Gas Co.

cracking plant at 9:45 Wednesday night resulted in the destruction of the separator, damage to one of the vapor towers and damage to still number one estimated at about \$12,000.

The plant is located one mile from town near the highway leading to Wichita Falls. Charles F. Noble of Tulsa, is the principal owner. Jobie M. Dunn, fireman, suffered an injury to his eye when a hose slipped.

Justice of the Peace H. I. Johnson and Constable N. P. (Dad) Sanders have moved their office to the brick building between the City Hall and the gas office. The change took place Tuesday. The building which they moved will be occupied by an Athletic Club.

The new sign, The Manhattan, has taken the place of the old Army Store sign, but the Quit Business Sale of the Army Store will continue until room is made for the general dry goods stock to be carried by the Manhattan, Henry Pearlman, owner of the store here and the Manhattan store at Electra, stated Tuesday.

Give me the individual who can always see the bright side of things. Like old Granny Metcalf, who would say, "I ain't got but two teeth; but, thank the good Lord, they hit."

Or like old Uncle Ned, who never got downhearted, not even that time when the train cut off one of his legs. He remarked, "Thank goodness, it was the one with the rheumatism in it."

But some folks' brand of optimism has a pessimistic effect. Like old Mrs. Spraggins. When the harvesting crew would sit down for dinner the first noon, and before anybody had had time to take a bite, she'd look over the table and say, "Well, I believe we'll have enough left for supper."

A challenging statement made by William E. Gladstone, the great Christian leader and statesman of England:

"In almost every one, if not in every one, of the greatest political controversies of the last 50 years—whether they affected the franchise, whether they af-

ected commerce, whether they affected religion, whether they affected the bad and abominable institution of slavery, or what subject they touched—these leisured classes, these educated classes, these titled classes have been in the wrong."

Did you know that loud speakers were invented many centuries ago? Because of the huge crowds that attended the ancient Greek tragedies, the actors wore high-heeled shoes to make them appear taller and used masks with a mouthpiece somewhat like a megaphone.

Cervantes was 58 years old before he got around to writing the first part of Don Quixote, thereby almost proving his own saying, "By the street of By and By, one arrived at the house of Never."

Mr. Dooley, who was America's favorite humorist 40 years ago, remarked that a strike of financiers wouldn't worry anybody and that it is strange but true that the less pay a man gets for his work, the more essential it is to the world that he should keep on working. The higher up a man regards his work, Mr. Dooley said, the less it amounts to.

### Grace Lutheran Church

In the midst of all the change and destruction and death of our times we must have some sense of permanency, something in this universe that stands unaltered and indestructible through all time. This can come only from above, for Him who is the same yesterday, today, and forever. We shall need to remember that the world passeth away and that they only who do the will of God abide forever.

Go to church next Sunday for the securing of this true permanence and strength.

### Thirty Seconds Over Tokyo Epic Film Based on Best Seller

"Thirty Seconds Over Tokyo" which Metro-Goldwyn-Mayer is presenting at the Palace Theatre Sunday and Monday, is a film of epic proportions. Vividly adapted for the screen by that expert scenarist, Dalton Trumbo, from the best-seller by Captain (now Major) Ted Lawson and Robert Considine, the film emerges as one of the most human stories to come out of the present war. Climaxed by the famous American bombing of Tokyo, it relates the glorious personal romance of Ted and Ellen Lawson, the man who takes part in adventure so daring, and the woman who waits for his return. Their story is the story of human beings during wartime.

Mervyn LeRoy has combined this romance with gripping suspense and thrilling characterizations by an expert cast. A star no less than Spencer Tracy was chosen to portray the celebrated Lt. Colonel (now Lt. General) James H. Doolittle, leader of the historic raid—and that is as it should be. Lawson himself is portrayed by Van Johnson; Cpl. (now Staff Sgt.) Thatcher by Robert (Private Hargrove) Walker, and Ellen Lawson by Phyllis Thaxter, a face and name new to moviedom but destined for early stardom if her present performance is any criterion.

Thirty Seconds Over Tokyo tells of the Doolittle mission, what preceded it and what followed it, in deeply human terms. Ted Lawson's training for the

There are several other newcomers in the cast who bear watching. As members of the Lawson crew, Tim Murdock, Scott McKay, Gordon McDonald and Don DeFore turning in excellent performances to rival those of the leading players.

Mr. and Mrs. C. J. Willett have recently heard from their two sons Pvt. Jennings I. Willett with the 3rd Army in Germany. He has been overseas 3 months. S/Sgt. Kenneth (Buck) Willett is in Egypt. Both boys are getting along fine.

Mrs. C. O. Smith is a patient at the Wichita Falls Clinic Hospital. She is reported as doing nicely.
