## NATIONAL MARITIME

National Maritime Day is designated in honor of the Merchant Marine, a constant growing force of which we are rightly proud. On May 22, 1819, the Savannah left Savannah, Georgia, on the first successful transatlantic voyage under steam propulsion. With courage and determination the Merchant Marine has grown to the point where today it is the artery supplying our armies on all fronts with necessary goods. Moving millions of tons of cargo the Merchant Marine of 135,000 men delivered. Theirs is not an easy, safe course. They suffer from enemy subs, enemy warships, enemy aircraft. But there has been a constant movement of equipment, ammunition, supplies for our own armies and our Allies. The Merchant Marine are fighting men, brave men, doing an organized, mansized job. We of Burk Burnett pay tribute to them.

## REPEATING IT AGAIN

A year can be added to the life of the average auto tire by observing faithfully the 35 mile an hour speed limit. Tests show that by staying at low speed, an increase of 6,000 to 8,000 miles of travel per tire in the national average will be gained. With wheels out of line, the braking effect will cause tires to wear out ten times over normal. Tires on rear wheels wear from 30 to 100 per cent faster than front ones. All of which totals to caution in guarding our present automobile rubber. We don't know when we can replace it. Changing war fronts does not mean a release of auto tires for all of us. We are going to have a long wait to say "put on a new set of tires" to the garage mechanic. But it isn't that we don't know it, it is just that we don't stop to heed it.

# GREAT NEWS! Celebrate By Buying Bonds

Our fighting forces under General Eisenhower have won a great victory, but the job is only half done.

# THE WAR IS NOT OVER!

We must keep on buying bonds to bring our 2,000,000 men back from Europe and further establish and increase our equipment and forces in the Pacific theatre.

## MANY MORE EGGS

Supplying the dining table with eggs to take the place of meat which we can't buy, has made us a country of egg eaters. With less of poultry, butter, and meat in Burk Burnett, we add to the total of egg consumption which amounts to an all high. The record last year was 349 eggs per person consumed, and estimates point to a climb of 355 to 360 a person. In 1937 we were eating about 310 eggs a year, each of us. Egg stocks decline when eggs are more in demand, but word comes that the production for this year will be 450 million dozen eggs over last year. There is a large reserve of frozen eggs and dried ones. This news means that the hens of the United States will keep busy. Local birds, take note.

## Burk Burnett . . . . History

As revealed by the files of the Star 17 years ago.

During the electrical storm Thursday night of last week a Texas Company storage tank of 55,000 barrels capacity, located near the Willis Station, 2 miles east of here, was struck by lightning and ignited and all efforts to extinguish the flames were unsuccessful. The oil burned two days.

Damage was estimated at \$75,000. Workmen who tapped the tank with a six-inch line were able to save about 6,000 of the 55,000 barrels of oil in the tank. The tank itself was a total loss.

The derrick is up for a 2,500 foot well on the Hugh Preston farm, recently purchased from W. T. Willis, and is being drilled by John Willis, who is moving his machinery to the new site from Lawton, Okla., this week. The drilling will start about the middle of June.

Mrs. D. R. Peevey and sons returned Wednesday for a visit among relatives in Oklahoma City.

Reggie Kent, of the Kent Bros. Company, is reported sick in his home in this city this week.

Mr. and Mrs. E. A. Beckham announce the arrival of a little daughter in their home Monday, weighing 8 1/2 pounds.

Bernard Emmett Williamson, 15, who was injured Wednesday,

last week, as he jumped from a truck near the Fairview school and fell in the path of a passing car, died from his injuries Friday morning in the Wichita General Hospital without regaining consciousness.

The funeral services were held at 3 p. m. in the Thrift Baptist Church, where Rev. Joe Miller, the pastor conducted the services; the burial was in the Burk Burnett cemetery.

He was survived by his parents, Mr. and Mrs. C. Rufus Williams and 3 sisters.

Texans of the famed 36th Division set new records in Nazi-land last week when they spearheaded the final allied drive against the fanatical Germans caught in last stand pockets. They added many hundreds more to the list of prisoners taken by the division, and topped their many battle accomplishments by capturing German General von Rundstedt, the former commander of Hitler's western forces.

The high-ranking Nazi, who planned the surprise attack of the bulge last December, told his captors that he was retired, and his story was born out by the fact that he was in civilian clothes when taken.

If all the Germans forced into retirement by the 36th Division were laid end to end, it would probably be good for the world—and the line would be long enough to reach around Hitler's once-powerful but now beaten homeland.

And back home in Texas, a warning was issued against any let-down at the end of the European war. Judge Ben H. Powell, president of the United War Chest of Texas, reminded Texans that the big part of the war—that against Japan—still must be won before our men can come home to rest on their laurels.

Our boys will be transferred to the Pacific as soon as possible, he said, and must keep on fighting until the Japs are conquered. They will strike hard and fast, for a hard and fast attack means a quicker end to the war—and fewer American casualties.

strike hard, too, in our campaigns to support our fighting men. The war chest is now laying plans for its annual drive for funds with which to support the USO, War Prisoners Aid, and the 19 other agencies of the National War Fund which serve our fighting men, our allies, and war victims throughout the world.

As the fighting men do their job abroad, so must we do ours on the home front.

Texas air fighters in Italy took time off recently to celebrate Texas Independence Day with a dinner staked at Naples. Before a Lone Star flag made for them by Red Cross girls, Sgt. Eddie Cope, Capt. L. S. Wilkerson, Bill McGill and Maj. James H. Parks sliced a large cake imprinted with the words "The Eyes of Texas." Then they ended the celebration by singing Texas songs.

Mrs. Carrie Podbreger, Route 2, Sedan, Kansas. My Dear Mrs. Podbreger: You have been notified by the War Department that your son, 2nd Lt. Joseph L. Podbreger, was killed in action. On April 22nd Joseph and his crew were participating in an attack against Japanese installations on Formosa, when their plane was hit by a burst of anti-aircraft fire. The plane burst into flames, crashed and exploded. As the attack was made at a very low level, the whole accident involved but a few seconds.

The scene of your loss must heavily laden your heart, yet I pray that your sorrow may be tempered by the joy that will be yours, when you behold your son once again, face to face, in eternity. His courage in the execution of his duty in defense of his country entitles him to a martyr's reward.

en May God, who healeth the broken of heart and bindeth up their bruises, attend you in this moment of sorrow. Please accept my sincere sympathy, and, if I might be of any assistance, please do write me.

Sincerely yours in Christ,  
John L. Zielinski,  
Lt. Podbreger graduated from the Fairview High School. His father formerly was employed by the LaSalle Petroleum Co.

## Church of Christ

William Wilhoit, Minister

Our meeting closed with wonderful results and fine interest last Lord's Day evening. The attendance was fine at both day and night services. There were many visitors of this city present for the evening services and for this we are grateful and extend to all an invitation to meet with us for worship at all the services of the church. To all members of the Church of Christ we call your attention to the increased number in attendance for Bible classes last Sunday. Let's keep the attendance up and try and encourage some of those who are not attending to come. We might help save some lost souls from eternal destruction if we would show them that we are interested in them, or are we interested in them? Be present next Lord's day at 9:45 for Bible study and at 10:40 for congregational singing. Preaching will begin at 11 A. M. Young people meet at 4:30 P. M. We urge all of the young people of the church to attend these meetings, and we believe that you will find it interesting, bring your suggestions for improvement of the class and we will try and work together for the glory of the Lord. Preaching at the evening services will begin at 8:00 P. M. and as always the public is cordially invited to attend all the services of the Church of Christ.

## Grace Lutheran Church

All men are sincerely hoping for a better world after this war. That desire is natural. But if we would have a new world order, if we would diminish the possibility of war, if we would remove crime and violence, we must not stop with political settlements.

What we need is something positive, something to change men's minds and hearts, something to give them the motivation necessary for genuine peace and progress. We need to rediscover ourselves in the light of God's Word and to educate ourselves more and more in the spirit of Jesus Christ. We need men educated to understand that righteousness exaltheeth a nation, but sin is a reproach to any people.

You are invited to attend the services announced herewith for increase of knowledge in the truth emphasized above.

Mrs. Jewell Davis and daughter, Frances, and little grandson, Perry Allen, left for Waco, Texas, this week to spend a few days with her son, Richard, who is in a Veteran's Hospital there. Richard spent 18 months overseas. He hopes to be home in the near future and meet all his school mates and friends again. It has been almost four years since he was home and is very anxious to get back.

WEEKLY NEWS ANALYSIS Truman Warns Japs to Quit as U.S. Shifts Weight to Pacific; More Civilian Goods to Come

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Flags identify Allied forces occupying German territory in accordance with postwar plans. In addition to Russia taking over the east, the British the northwest, and the Americans the south, the French reportedly are to occupy the Rhineland.

ONE FRONT: Speedy Shift

Despite persistent reports of Jap peace feelers, America is going full speed ahead for an all-out war in the Pacific following Germany's unconditional surrender...

No sooner had Col. Gen. Gustav Jodl officially thrown in the sponge for Germany on orders of Fuehrer Karl Doenitz than the American high command geared itself for a shift to the Pacific...

Way Out

Reading the handwriting on the wall even while Germany was still hanging on the ropes, Jap businessmen, seeing their industries being reduced to rubble even before the U. S. could throw her full weight into the fray...

If such is Japan's intent despite the recent announcement of her government officials about a fight to the finish, Pres. Harry S. Truman was seen as offering the Japanese an opportunity to give up and still save face by his detailed definition of "unconditional surrender" in a V-E day statement.

"It (unconditional surrender) means the end of the war." "It means the termination of the influence of the military leaders who have brought Japan to the present brink of disaster."

"It means provision for the return of soldiers and sailors to their families, their farms, their jobs." "It means not prolonging the present agony and suffering of the Japanese in the vain hope of victory."

Map Movements

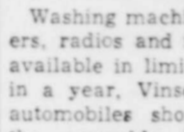

Including some 1,000,000 troops with extended combat records, who are to be released along with the wounded and overaged, the army will bring 845,000 men home in the first quarter after V-E day...

Need for staggering the return of troops from Europe stems from the gigantic task of transferring equipment for the Pacific war. According to estimates, from 60 to 75

per cent of material in Europe will be fit for shipment to the Pacific theater.

More Goods

Though war production will continue to dominate U. S. industry until the Japs quit, civilian output should increase in proportion to the volume of material and manpower freed from army cut-backs...

Washing machines, vacuum cleaners, radios and furniture should be available in limited quantities within a year, Vinson said, and some automobiles should also come off the assembly lines, though not enough will be manufactured to meet demands until 1948.

With the nation's food stocks below requirements, rationing will be maintained, with meat, sugar and butter in the highest supply.

How Discharge Plan Works

Over 100,000 men a month are to be discharged under the army's separation system based on vet's credit of 85 points, with 1 point for every month of service since September, 1940...

200,000 barrels daily, "A" and commercial card holders may be allowed small ration increases. Though more tires may become available, an acute shortage will persist.

Allied Terms

Having vanquished Germany, the Allies showed no disposition to soften up in the imposition of terms, with extended military occupation aimed at a close supervision of industry, finance and government to prevent a rebirth of militarism.

POSTWAR SECURITY: Regional Pacts

Against protests that such arrangements would narrow the activities of a general security organization and eventually displace it, South American nations pushed for recognition of regional defense systems at the San Francisco conference.

Based on the Act of Chapultepec drawn at the recent Pan-American convention in Mexico City, the South American proposal envisions the use of force to repel aggression against any of the Latin republics without awaiting the official sanction of the international security organization...

"Nobody," we added, "seems to know anything about it, although Ivan Paul of the San Francisco Examiner (who motored us to the place) was witness to the fact." "Oh, well," said the veteran correspondent, "you can't get them all you know."

SUGAR: New Problem

Latest of the food problems confronting the nation is sugar, with reports that the 1945 Cuban crop will fall 750,000 tons short of the 1944 harvest...

The report of the smaller Cuban crop came in the midst of the house food committee's investigation of the sugar situation, with evidence indicating that manpower shortages...

Supreme Court: Award Miners

Drawn after laborious parley between companies and union representatives, the new soft coal contract was clouded by a Supreme court decision holding that miners were entitled to pay for full underground travel time under the wages and hours law.

Thus, the high court's ruling upset the new contract's provision that such pay was to be made on the basis of an average of all miners underground travel time, and at the same time allow for a reexamination of the pact.

WAR COSTS: High Toll

With the war half-won, U. S. casualties total over 950,000 and military expenditures \$275,000,000,000. Late reports showed 747,164 casualties in the European theater...

Having already spent \$275,000,000,000 on the war, government expenditures will remain high during the Japanese war and for some time after to finance veterans' care, pensions, benefits and interest on the public debt...

PUBLIC WELFARE

Steps were taken by more than a dozen states this year to increase old age assistance allotments and aid to dependent children.

Aged persons in Delaware now may receive \$30 monthly under legislation raising the maximum to that figure from \$25 a month. Wyoming raised its maximum to \$50 a month, Utah increased maximum benefits from \$30 to \$40, Washington put old age assistance on the basis of need and provided \$20 minimum for persons over 65.

Dew From a San Francisco Fog

Walter Duranty, former N. Y. Times correspondent in Moscow and elsewhere, joined our table the other noon to talk shop... We were depressed, we told Mr. Duranty, over our sour luck.

Before a Molotov story broke on all the front pages, we had written and filed the story exclusive 36 hours earlier.

"No," said Duranty. "I'm in the erudite part of the profession." Things I Never Knew Till Now: After the First World War, Harry Truman owned a haberdashery shop which failed. He refused to dodge his debts by resorting to bankruptcy...

There is a lot of talk about what we ought to do to Germany (and Japan) for mass-murdering prisoners and labor slaves. This pillar suggests that we let the "things" whip themselves with memories of their bestiality...

Hitler's name must be perpetuated among the Germans. Every platz and strasse and highway named for him should continue to wear the Adolf Hitler tag. Why shouldn't his name offend German noses the way it has the noses of other people?

Germany's big day of the future will be called Der Tag and will be observed annually, with everybody compelled by law to participate. The day will begin with broadcasts of Hitler's pop-off speeches (recordings), featuring those denouncing the rotten democracies and also those excusing the German murderers on the ground that inferior races deserved to die...

Every German upon reaching his or her 21st birthday will be made to make a pilgrimage to Lidice, and there hear a reading of the report of hangman Heydrich, who murdered in vengeance every innocent child and woman in that Czech village.

To return to the celebration of Der Tag, the final exercises of the day would be a standing vote by the population on what they think of the Versailles Treaty of World War I. And they would be asked if they had plenty of living room, or had their patience become exhausted the way it had so often before 1939.

Plans to probe the Ku Klux Klunks are wrapped in a shroud. Such plans usually grab newspaper space and then die of neglect... The Klan ostensibly disbanded a year ago, but the hooded hoodlums have been popping up again disguised with new names... Don't delude yourself with the idea that the Klan is as dead as it should be.

HINTS FOR HOME BAKERS Good for Desserts—Grand for Lunch Boxes! Make them with Fleischmann's yellow label Yeast—the only fresh yeast with EXTRA vitamins A & D

FILLED BUNS 2 cakes Fleischmann's Yeast 1 cup lukewarm water 3/4 cup shortening 1/2 cup sugar 1 teaspoon salt 2 eggs, beaten 3/4 teaspoon nutmeg Few drops lemon extract 1 cup milk, scalded and cooled 9 cups sifted flour 1 cup jelly or jam

Dissolve Fleischmann's Yeast in lukewarm water. Cream shortening, sugar and salt; add well-beaten eggs, nutmeg, flavoring and lukewarm milk. Add to yeast. Add 3 cups flour and beat well. Add remaining flour; turn out on floured board and knead lightly until smooth and elastic. Place in greased bowl. Cover and set in warm place, free from draft, until light, about 2 hours. Turn out on floured board and shape into round rolls. Dip in granulated sugar and set on well-greased baking pan 1/2 inch apart. Cover and let rise until doubled in bulk, about 45 minutes. Make an indentation in center of roll, fill with jelly or jam. Let rise again until light, about 15 minutes. Bake in moderate oven at 400°F. about 20 minutes. Makes 4 dozen.

FREE! Clip and paste on a penny post card for your free copy of Fleischmann's newly revised "The Bread Basket." Dozens of easy recipes for breads, rolls, desserts. Address Standard Brands Incorporated, Grand Central Annex, Box 477, New York 17, N. Y.

"I understand back home they're saying the war is over." "Speak louder—I can't hear yuh." Sure, Bill—speak louder. Celebrate louder, America! You'll have to, to be heard above the bloody gurgles of the men who are dying at this very moment of our day of "Victory"... the ghostly whispers, mighty in volume, of the men who died not to kill one nation but to kill all tyranny. Today our great fight is but half won. Japan, our final and most dangerous enemy, still lives. Japan still boasts an army of 4,000,000 fanatical, last-ditch fighters, with half again that many in reserve. Japan's huge, ill-gotten wealth of Empire is still essentially intact. Japan still hates our guts. Today we can, if we choose, start breaking faith with those who died. We can go on a fool's orgy, get drunk on our success so far. Or we can, if we choose, pray for our dead, and for the lives of those who have so far been spared. We can stay on the job, buy another War Bond, give a pint of blood. We can choke back our cheers... and save our wind for the mighty task that lies ahead. Today is but the symbol of the many days to come. What are you going to do with these days? and Immortals" is the Lesson-Sermon to be read in all Churches, Scientist, on Sunday, May 20.

Golden Text is: "They after the flesh do mind after the flesh; but they after the Spirit the Spirit" (Romans 8:5).

The citations which the Lesson-Sermon is from the Bible: "Laying aside all malice, envy, and hypocrisy, and all evil desires, as newborn babes, desire the sincere milk of the word, that ye may grow thereby" (1 Peter 2:1, 2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals must givate Godward, their affections and aims grow spiritual, they must near the broader interpretations of being, and gain some proper sense of the infinite, in order that sin and mortality may be put off" (page 265.)

### Calvary Baptist Church

Sunday School at ten a. m. with all classes studying the 20th chapter of Acts—"The Under-Shepherd and the Flock." Our Sunday School is hitting the upgrade again, and a renewed spirit of fellowship and victory is taking hold of the congregation. We lift our hearts to God in praise and thanksgiving, and send out the invitation and welcome to all to come and study the Bible with us in our Sunday School.

Preaching at eleven o'clock. Sermon subject by the pastor, "I Magnify My Office." This subject will deal with God calling ministers, what He expects of them, how He protects them and supplies their need and how He sees them through that which He has called them to do.

Sunday night services begin at 7:30, with young people meeting in their new auditorium. Song and preaching service begins in the main auditorium at 8:30 sharp. There will be special singing. The pastor will speak on this subject, "And God Heard And Answered their Prayer." Street services Saturday night at 8:30 on corner near City Cafe. We have a surprise for you that night. Come and see.

You are welcome at all services of Calvary Baptist Church, the going Church for the coming Lord. Don't listen to some backsliden sore-head; come and see and hear and experience the things of God for yourself.

Three hundred and sixty-seven in Sunday School last Sunday for which we were grateful, but at the same time you were missed. Your place was left vacant.

A mighty good crowd for the preaching services, yet there was a pew for you. We had about fifty or more visitors with us in our preaching services. We are always glad to have you visit with us. If you have no church home we give you a hearty invitation to be with us.

This Sunday night following the preaching services we are to have our baptismal service. There are some six or eight waiting for baptism.

You are invited to be with us in the Training Union at 7:30 and remain for the preaching services.

There is always a great big welcome for you at the First Baptist Church. Come and worship with us and all of us will be better off.

### Typhoid Preventable By Immunization

If you have not been immunized against typhoid fever within the last two or three years, go to your doctor now, and be protected against it, Dr. Geo. W. Cox State Health Officer, advises protective campers, Boy and Girl Scouts, summer vacationists, and all other users of the open road—whether for business or pleasure as the out of doors season approaches.

Typhoid fever, he continued, is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual.

A typhoid carrier is a person who has had typhoid at some time and who even after recovery carries the germs of the disease in his body and may pass them on to others. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers who didn't even know they could spread typhoid, having fully recovered from it.

Typhoid germs are hitch-hikers. They are picked up and spread from person to person by water, milk, flies, fingers, food. Every case of typhoid is contracted by way of the mouth and

the digestive system. The State Department of Health and the local health departments can be depended upon to continue their fight against the disease, but there will still be sources of infection that can be guarded against only through the protection afforded individual by vaccination against the disease.

### SUGAR SAVING REMINDERS

Since the new sugar coupon—Stamp 36, Book 4 will have to last 4 months instead of 3, careful spending of the 5-pound per person ration will be necessary to stave off scraping the bottom of the family sugar bowl before September first.

In summer especially serve fresh fruits liberally in place of heavy desserts that call for sugar. A fruit salad topped by a dressing mixed with fruit juices does double duty as a refreshing salad and dessert.

Save syrup from canned fruit to sweeten other fruit, sauces, or beverages.

Be sure all sugar is completely dissolved, to get full sweetness.

A sugar syrup goes farther than plain sugar in sweetening iced tea or fruit punch. To prepare sugar syrup, heat equal parts sugar and water until sugar is completely dissolved. Keep left over syrup tightly covered in the refrigerator. Corn syrup may also be used to sweeten drinks. Try some iced beverages without sugar.

Cook cereals with prunes, raisins, or oats, and serve without

sugar. Use fewer or no frostings on cakes. Don't frost the sides.

Serve sweet yeast breads, such as cinnamon rolls, and sweet quick breads occasionally, instead of more sugar—consuming cakes and pies.

Make desserts that use honey, molasses, sorghum, corn, or other syrups when these are available.

Stretch sugar in baked goods with honey, molasses, corn or other syrups. Honey may replace sugar cup for cup, but use half the quantity of other liquid called for in original recipes—and keep baking temperature moderate. Corn, cane or maple syrups can replace sugar liquid by one-third.

American Prisoners say:  
**WE WANT TO GET BACK AT THE JAPS!**

**MATCH THEIR SPIRIT in the MIGHTY 7TH WAR LOAN DRIVE**

Despite their long months and years of privation and suffering, gallant men, just released from Jap Prison Camps, still have good old fighting spirit. They're getting back into the fight and the Nips a taste of their own medicine.

But to come even close to matching their sacrifices, everyone here at home must buy War Bonds until it hurts. Buy double or treble the extra War Bonds you've bought in any previous drive. Remember, this is really two drives in one. In the same period last year, you were asked to subscribe to two War Loans.

So let's go, Americans. Our hard-fighting Soldiers, Sailors and Marines are giving their ALL. The least we can do is to lend our dollars.

## The Building Bill - \$100,000,000

A new and finer Katy now serves the Southwest! Within the past four years nearly a hundred million dollars have been put back into Katy properties to afford the most efficient rail transportation the Southwest has ever enjoyed.

In spite of serious shortages of men and materials, every inch of main-line road bed has been reballasted... Nearly 350 miles of new steel have been laid... 4,500,000 creosoted cross ties installed... 900 locomotives given heavy repairs or rebuilt... Revenue freight cars in bad order reduced

to 3/10 of 1 percent of ownership—a record "low" in the Company's history... All passenger equipment has been repaired and renovated... Stations, service buildings and bridges strengthened, repaired and painted, and many other improvement projects completed. And the Katy's record of good housekeeping is outstanding.

All this without a borrowed penny—and at the same time the mortgage debt was being reduced approximately \$40,000,000.

The Katy is building to keep pace with the new and greater Southwest.

**Drama Of Paratroopers Coming To Palace Theatre Sunday-Monday**

As a tribute to those men of our armed service who have taken it upon themselves to be the shock troops, to those men who are no more than clay pigeons as they drop from the sky—to the men of the parachute battalions — Warner Bros. have dedicated their dramatic picture, "Objective, Burma," which comes to the Palace Sunday.

With an all male cast that stars Errol Flynn and features William Prince, George Tobias, Dick Erdman and Henry Hull, "Objective, Burma" is the saga of the parachute battalions which were dropped into Burma long before foot soldiers slogged forward. It is a tale of valor and courage that has been equaled only by the brave men who performed against the savage Jap. "Objective, Burma" was adapted from an original story by Alvah Bessie, and prepared for the screen by MacDougal and Cole. Produced by Jerry Wald, whose most recent screen success include "Destination Tokyo" and "The Very Thought of You" "Objective, Burma" was directed by Raoul Walsh.

**Strawberries**

Strawberries are the most popular fruits for frozen pack. Pick when well colored and ripe but not soft. Hull, wash, slice or pack whole in containers. For dessert purpose use a 50 per cent syrup. Strawberries may also be packed in sugar,—3 to 4 weights of berries to 1 of sugar added as evenly as possible. Containers should be airtight or practically so. Tin cans must be of the lacquered type.

**Rhubarb**

Prepare as for table and pack tightly in containers. No sugar is needed.

They raised the Flag again on Corregidor...

**Let's raise the money in the MIGHTY SEVENTH**

**OUR FLAG** flies once again over Corregidor. The cost was great in blood and pain, but our fighting men did not turn back. And on Iwo Jima, four thousand men—more and more—died to take the long step toward Victory. Twenty thousand others suffered wounds. Yes, we're on the way to Tokyo!

At home, your contribution to Victory is measured in dollars. The

Seventh War Loan is the biggest in America's history because seven billion dollars must be raised from individuals alone. That means you must buy more and bigger War Bonds.

This is really two great loans in one; for this time last year you had been called upon twice to subscribe in War Loans. As our fighting men raise Old Glory all over the world—let's raise the money back home!
