Half Billion Mark In Insurance Passed By Southwestern

With a gain of \$30,983,077 in
business, Southwestern Life In-
surance Company passed the
half-billion mark at the end of
the same time, assets increased
\$13,418,004 to bring the Com-
pany's total to an all-time high
of \$122,358,515. The figures were
announced here today in the
Company's forty-third annual re-
port to policyholders, released
by C. F. O'Donnell of Dallas,
president.

The 1945 gain in insurance in
force was the second largest in
the Company's history, the re-
port indicated. In 1928, the Com-
pany's gain in insurance in force
exceeded \$28,600,000, and in 1943
it was more than \$28,200,000.
The 1945 gain compares with the
record production at the close of
1944 when the gain was \$31,709,-
407.

Mr. O'Donnell voiced keen ap-
preciation for the policyowners
of the Company in this area, and
for the agency work of the
Company's local representation.
Southwestern Life is represented
here by B. H. Alexander.
The forty-third annual report
of Southwestern Life indicated
that the rate of interest earned
by the Company during the past
year was 3.3 per cent. The mar-
ket value of stocks and bonds ex-
ceeded the book value by \$5,-
891,173.

The Company continued its un-
broken record of having no de-
fault in payment of interest or
principal on any bond owned by
it.

During the war years, South-
western Life invested more than
\$70,000,000 in United States Gov-
ernment securities. "These funds,
the report pointed out, were in-
vested pursuant to the policy ad-
opted with our nation's entry
into World War II, to place all
new premium money in such
bonds."

The Company was chartered in
1903, and operates only in Tex-
as.

Get Auto Licenses At C. of C. Office

Ray Hill, manager of the
Chamber of Commerce, urges
those who have not already done
so, to get their auto licenses be-
fore the big rush gets under
way. The 1946 tags must be on
cars by April 1st.

To purchase a 1946 tag you
must have the 1945 receipt and
a title of ownership to the car.
If the title has not been changed
to the new owner of a car, this
must be done before a license is
purchased.

County Singing Convention March 10, Wichita Falls

Everyone is invited to attend
an all-day singing convention
with dinner on the grounds at the
Trinity Baptist Church, 1701
Burnett St. in Wichita Falls, Sun-
day, March 10. The meeting
starts at 10 o'clock. There will
be good singers from all over
the state.

City Cab Company Now Owned By Poodle Hudson

Announcement is made this
week that Poodle Hudson has
purchased the City Cab Co. from
Ben Winkles.

Mr. Hudson has been driving
one of the cabs for some time
and knows where every street
and number in town is located.

The location of the Cab Co.
will be on the used car lot just
West of Tom Britton Motors.
The new telephone number is
165.

With three cars and drivers to
answer calls, Mr. Hudson states
he will be able to give prompt
service to all calls. Drivers will
be courteous and considerate of
their fares at all times, accord-
ing to Mr. Hudson.

Dept. Commander American Legion Here Sun, March 17

The local post of the American
Legion will be host Sunday,
March 17 to Herman G. Nami,
State Dept. Commander of the
American Legion.

Mr. Nami is making his official
trip through this section and
will be in Oklahoma City, Satur-
day, March 17. A committee
headed by Howard Hudgins, 4th
Division Commander from Ver-
non, will meet Mr. Nami in Ok-
lahoma City and bring him to
Vernon, where he will be guest
of the Vernon Post for breakfast.
From Vernon they will come to
Burkburnett, where plans are
being made for a luncheon to be
held at the Legion Hall (USO).
Mr. Nami will make a talk here,
and all Legion members are ur-
ged to be present.

Farm Bureau To Meet Here 12th

Regular monthly meeting of the
Wichita County Farm Bureau
Federation will be held in Burk-
burnett Tuesday night, March
12th. The meeting will be at the
Grade School cafeteria at 7:30.

Featured on the program will
be Hoyt R. Young who is with
the City National Bank, Wichita
Falls.

All farmers and those interest-
ed in farming in this area have
a cordial invitation to attend
this meeting.

Loys D. Barbour of Iowa Park
is president of the Bureau. Bus-
ter Morgan of Burkburnett is
membership chairman of Precinct
No. 2.

Scrap Paper Still Urgently Needed

In response to a call from the
county scrap paper chairman,
members of the Lions club have
agreed to pick up waste paper
again on Friday afternoon, March
15th.

For the convenience of those
who want to help with the drive,
papers and magazines that are
securely tied may be left at the
little stone building next door
to J. F. Kelley Grain Co., any
day in the week. Otherwise, tie
bundles securely and place near
the curb to be picked up by a
truck on the afternoon of the
15th. Your cooperation will be
appreciated.

New Methodist Pastor Coming

Word was received in Burk-
burnett Tuesday morning of the
appointment of the Rev. Herbert
A. Minga as the Pastor of the
First Methodist Church.

Rev. Minga, a former Chap-
lain in the Army Air Corps hav-
ing entered the service at the
beginning of the war and served
for the duration. He will as-
sume his pastorate with the
morning service on Sunday morn-
ing service March 10th.

Rev. and Mrs. Minga will move
here from Honey Grove the lat-
ter part of the week.

Chamber Commerce Committees Busy

Some of the committees of the
Chamber of Commerce are very
active just now, according to
Buster Morgan, president.

Harvest Festival committee,
headed by Tom Boyd, has had
several meetings, mapping a pro-
gram for the coming event this
fall.

J. V. Brookshear and his rodeo
committee are working on de-
tails and arrangements to see if
a rodeo can be put on here.

The Agriculture committee, al-
so headed by Mr. Brookshear,
will have an important announce-
ment to make, possibly next
week.

Paul Browning and his mem-
bership committee report good
results so far in their drive for
members.

Regular monthly meeting of
the C-C directors, members and
guests will be held next Monday
night, March 11th. You have a
special invitation to attend.

Big Boy Bartlett, formerly on
the police force here, was down
from Muleshoe this week for a
visit. While here he gave the
Fire Dept. a check for \$10.00 to
apply on the truck fund. Bart-
lett is making the race for Sher-
iff of Hockley county this year,
and has the best wishes of his
friends here.

COMPLIMENTS OF
Burk Star and Theatre

They need your Red Cross today—and for many tomorrows!

THEY lie in hospitals, thousands of America's
finest, sick, blinded, cruelly maimed in the
fight for our freedom. Who is to write their
letters, hear their troubles, answer when they
call for "Mom"? Mom can't be there. But your
Red Cross can, and must be there.

Many thousands more young Americans are
still overseas. They, too, count on the Red
Cross for comfort and cheer in the long, weary
months of waiting to come home to you.

And whenever, wherever disaster strikes
here in America—fire, flood, tornado, famine

—your Red Cross must be ready with aid for
the victims. It must feed and shelter those left
hungry and homeless, and when the first shock
of emergency is over, take up the long, ardu-
ous work of rehabilitation.

Yes, there's a big job still to be done. Is it
too big? Not for the Red Cross. Not for you—
because you are the Red Cross.

Give generously. Give now. Give a little
more than you think you can afford. Remem-
ber this is your chance to say, "Thanks!
Thanks, Soldier, for all you've done!"

YOUR Red Cross MUST CARRY ON . . . GIVE!

HARD TO FIGURE

A married man in Burkburnett may not quite believe it, but the U. S. Bureau of Census, have figures to prove that the married live longer than the single, both men and women. For your files, every 100 married men who die, 141 single ones pass on; for 100 married women, 120 single ones succumb. Widows and widowers have an even worse chance of living. The latter leave this life at the speed of two to one of the married men with widows having a slight edge of 1 1/2 to one. Mortality is highest among the divorced group who die in a ratio of two to one to those folks married and staying married. Maybe marriage makes the participant tenacious, stubborn and tough as whit-leather. Anyhow, it appears that Cupid knows his business.

LET'S KEEP AT IT

Gluttony is no private problem when investigation uncovers black markets in food and clothing. The public has asked why it has difficulty in buying cotton garments as well as wool suits. One answer is the recent indictment of 17 individuals in New York as conspiring to maintain a black market in textiles. Prices up to 300% over ceiling, obtaining falsely priorities on cotton textiles, selling to black markets, goods running at 50 cents a yard that legally could cost no more than 17 cents, manufacturers hoarding clothing, are some of the points considered. This is an injustice to all of us who find living costs already too high. It is the hope of Burkburnett that all such cases of conspiracy will be aired and the guilty fined.

Burkburnett History

As revealed by the files of the Star 10 years ago.

Alvin Thompson of Glade-water, formerly of Burk, visited friends here last week-end.

Mason Hackney of Baylor University is visiting friends in Burk during the holiday between terms.

Butler Westerfield left for Dallas on a business trip Monday morning.

The Oil City Drug Store is remodeling the interior of their store this week. Mr. West the proprietor, stated that they would be open Saturday for business.

J. B. Golden of Wichita Falls, visited in Burkburnett, Tuesday.

Miss Vera Hand and Thomas Harrell were killed instantly about 5 o'clock Wednesday

morning as they dashed off the southern end of the bridge gap and their car jumped the entire span of 120 feet.

Louis Sims of Hardin Simmons University visited relatives in Burk this week. Sims is a freshman at the school.

H. Sampson of San Angelo, formerly of Burkburnett, is visiting friends in Burk this week.

Mr. and Mrs. Jack Land received announcement of transfer to Electra by the Magnolia company recently. Mrs. Land was honored by a handkerchief shower by friends, Tuesday.

Jean Wills, daughter of Mr. and Mrs. O. C. Wills, is visiting at home this week, between terms. She is attending S. M. U. in Dallas.

LET'S TAKE STOCK NOW

Everybody wants goods:

Manufacturers want to make them for you.

Yet months after the war's end, you still find it difficult to get many of the things you want and should have.

So, isn't this the time for all of us to take stock . . . to learn a lesson . . . to find out, if we can, what will cure the troubles we are having and prevent their recurrence?

Let's look ahead and agree on a program that will insure the full production everybody agrees is the real answer to most of our problems.

Suppose we begin by taking a good look at three roadblocks to prosperity...

STRIKES

Whatever their justice or injustice, strikes paralyze production, force people to use up their savings, and result in losses that can never be made up.

PRICE CEILINGS

Full production isn't possible when industry suffers losses because of rising costs and frozen prices. Price

ceilings limit production — goods just don't get made.

GOVERNMENT SPENDING

Continued huge government spending means continued high taxes. High taxes discourage production, hinder the creation of jobs, and leave you less to spend.

ISN'T THIS THE WAY?

The people, through Congress, can remove these roadblocks in the long-range interests of all . . .

By establishing a labor policy that will treat labor and management exactly alike, and above all be fair to the public;

By removing the shackles of price control on manufactured goods;

By cutting down on government spending now and balancing the Federal budget by the 1947 fiscal year at a level of income and outgo that taxpayers can stand.

Do you believe this program is in the public interest?

Your Representatives in Congress are the only ones that can put it into effect. Tell them how you feel about it.

FOR A BETTER TOMORROW FOR EVERYBODY

Your dollar buys less food, less clothing, less of everything except the drug store products used daily in your home. We're still selling most of your favorite nationally advertised health and beauty aids at pre-war prices—and some of them are actually priced lower than they were in 1941. There's no inflation at THE CORNER DRUG STORE. It's still a pre-war dollar when you spend it here for quality tested, quality-proven national brands, AND THESE VALUES PROVE IT!

The Washington Merry-Go-Round

WALLGREN AND LUMBER WASHINGTON. — Lumber price ceilings topped the agenda of the President's conference...

However, Wallgren also took occasion to invite Truman to spend a vacation this summer in the north-west aboard the presidential yacht.

"The people of my state would be delighted to have you as a guest, and you can also take a trip up to Alaska on the Williamsburg," Wallgren told him.

Truman accepted tentatively, saying he would go if he could possibly make it.

Wallgren's main business, however, was to strongly urge an increase in the price ceilings on lumber.

"We are facing a serious job crisis in our lumber mills, Harry," said the Washington governor.

Wallgren also urged the sale of government-owned light metal plants, now idle in his area...

Two idle plants in question are the Aluminum Rolling mill and the Aluminum Ingot companies at Spokane...

Wallgren told Truman that the lumber situation has been aggravated by a neat little device of certain big timber owners...

The President said he would talk to the RFC about the plants, but suggested that Wallgren thrash out his lumber price problems with price control boss Chester Bowles.

Butter Black Market

The office of international trade, now under the commerce department, is planning to ask U. S. customs officials to investigate some strange shenanigans in the re-sale of butter...

Despite the serious butter shortage, which has caused the American housewife to turn to substitutes and jam for her table, we sent 5,500 pounds of butter to Mexico in the last quarter of 1945.

Some of this is now winding up at Tijuana, the Mexican resort town across the border from San Diego, where the butter is being sold to American tourists for the fabulous price of \$1.25 a pound.

Under export price ceilings, enforced by the OPA and the department of commerce, this same butter was sold to Mexican dealers at from 47 to 49 cents a pound.

In other words, we are now buying back American-made butter from Mexico for triple the price Mexican dairy dealers are paying us for it.

NOTE—Mexico is also one of our biggest purchasers of exported nylon stockings. Out of a total of 9,110 dozen pairs of nylons exported in November—the last monthly figures available—Mexico bought 5,010 dozen pairs.

Capital Chaff

One reason for the current international food shortage is that Leo Crowley, when FEA boss, refused to heed the warning of Secretary of Agriculture Anderson last summer, when Anderson argued that FEA should help increase plantings of winter wheat, cereals and proteins in South America.

Sen. Tommy Hart, the only admiral on the senate military affairs committee, recently asked committee members if there were a dictatorship in the walls.

Round had quoted him all too accurately when, at a secret session, he defended the war department regarding demobilization.

Rep. Clare Hoffman of Michigan, who considers himself an expert at anti-labor legislation, was miffed because he was not consulted in the writing of the harsh Casa bill passed by the house recently.

Kathleen Norris Says: The Root of All Evil—And Much Good

Bell Syndicate—WNU Features.

"Lucky the man who gets a thrifty wife, and the woman whose husband will save as well as plan."

By KATHLEEN NORRIS

IT IS almost impossible for a man and a woman, as husband and wife, to agree upon the proper spending of the family income.

It is sometimes wiser, before you marry, to agree that you will differ upon this point, than to fondly and blindly state that you will discuss it fairly, and agree upon it.

Of course it has happened that a wedded couple faced this problem fairly and kept to their agreement. But very rarely.

As a general rule, the husband makes the money, and the wife fills a dozen places at home—cook, houseworker, upstairs maid, caterer, nurse, bookkeeper, hostess—and gets no pay.

It wouldn't make any difference if she did get paid, for it is impossible for a wife and mother to keep her personal accounts separate from the family's budget.

Anyway, mother can't be adequately paid. Suppose her husband's salary is \$300 a month. How can he possibly compensate her and keep the home going, out of that?

Budget Cramps Style. So they go along very much as everyone else does; sometimes they get the bills out and decide to do something about it.

And now what the heck! says Tom, tired of drudgery, tired of saving, tired of seeing the woman he loves counting pennies.

A PERSON IN CONFUSION

LESSON TEXT: Judges 2:7, 11, 16-23. MEMORY SELECTION: The Lord is my helper, and I will not fear.—Hebrews 13:6.

Confusion is a word well suited to describe the world today. With the end of the war we had hoped for peace and goodwill, and what have we?

The success or failure of both nations and individuals is ultimately determined by their attitude toward the law of God.

God is no respecter of persons. Even Israel, his own chosen nation, found that observing God's law meant blessing, and failure to do so brought judgment and sorrow.

I. The Cause—Forgetting God (vv. 7, 11). The Lord had promised the land to them as they went in and possessed it by faith in him.

As the people of Israel took possession of the land, they went forward in the way of blessing as long as Joshua, and the elders who remembered God, kept them steady and true.

The fact that a nation has been highly privileged and has been exalted to a place of power and honor will not save it in the day when God is forgotten.

We Americans are rightly proud of our great land, its mighty resources, its fine past and promising future.

It is a significant thing that our business and national leaders often come from Christian homes, but it is sad that they themselves are so frequently not Christians.

II. The Condition—National and Spiritual Confusion (vv. 16-19). The history of the period of the judges in Israel is incomplete, but what we have shows the awful condition of the nation.

These facts are true. America has over a million really rich families, over 15 million comfortably rich ones.

III. The Conclusion—Judgment from God (vv. 20-23). God not only will not hold a backsliding nation guiltless, but will bring judgment even if he has to turn over his people to a despoiling nation.

Notice that wherever they went the Lord's hand was against them. There is no place to flee from the presence of God.

Notice that wherever they went the Lord's hand was against them. There is no place to flee from the presence of God.

After dinner, dishes are fun to do when you've towels embroidered with these gay sunbonnet girls and colorful balloons!

Simple stitchery.

Household Hints

Grease baking dishes before putting food in them to bake and they will be much easier to wash.

Wrap gold and silver evening bags and slippers in dark-colored cloth to prevent tarnish.

If you have a favorite piece of jewelry which cannot be worn because it discolors the skin, try this: After cleaning it, give the back a coat of colorless nail polish.

Immediate patching of worn spots may add years to the life of a roof if it is, on the whole, still in good condition.

Before stuffing fowl wipe the inside thoroughly dry to prevent the stuffing from being soggy.

An old tennis racket makes a mighty good carpet beater.

Do not throw away used wax jelly tumbler covers. Wash in cold water, dry them, and place in an empty tin can.

Current Literature Club Meets With Mrs. Boyd

The Current Literature Club met Thursday, February 28 in the home of Mrs. C. W. Boyd. Mrs. D. C. Dodson, president, presided and welcomed one guest, Mrs. Jack Grubbs, a former member. Mrs. A. H. Lohofener read the minutes and they stood approved.

The Safety sign that the club has had constructed is about finished and it was decided to erect it at the intersection of 1st St. and Ave. D for the protection of the school children.

Mrs. Bertha Cropper was elected as delegate to the Federation Convention in Mineral Wells, in April. Mrs. Roy Magers as alternate.

Mrs. M. W. Majors presented the following program: "The cor-

rect pronunciation and usage of every day words," by Mrs. B. H. Preston, "Modern Slang" by Mrs. C. W. Boyd, and "Acquiring the technique of public speaking" by Mrs. A. E. Harrison. Roll call was answered by "Two Words I would like to add to my vocabulary."

Delicious salad plates were served by the hostess to Mesdames Jack Grubbs, A. H. Lohofener, O. G. Burnett, D. C. Dodson, Bertha Cropper, J. L. Caffee, B. H. Preston, H. A. Goodwin, A. E. Harrison, C. R. Chambers, Hugh Jones, M. W. Majors, Roy Magers, Paul Kaiser and Fred Hunt.

"42" Party Honors Mr. Fred Hunt

On Thursday, February 28th Mr. and Mrs. J. D. Grizzle entertained with a "42" party honoring Mr. Fred Hunt on his birthday.

The honor guest was presented with a set of the new blue plastic dominoes and table.

Refreshments of pie, doughnuts and coffee were served to Mr. and Mrs. V. W. Alvey and daughters, Mr. and Mrs. Shirley Smith and daughter, Mr. and Mrs. Cecil Smith and son, Mr. and Mrs. W. H. Hodges and daughter, and Mr. and Mrs. Fred Hunt and children.

Mrs. Ralph Davis Hostess To Circle Number 2

Circle number 2 of the First Baptist W. M. S. met with Mrs. Ralph Davis, Monday, March 4. Mrs. J. W. Ouzts presided over the brief business session. Mrs. Eldon Morris brought a stewardship talk and devotional. Mrs. Fred Hunt presented the first day's program of the Annie Armstrong Week of Prayer.

Cakes and tea were served to five members and three children.

Let's Grow Vegetables of Finer Flavor

—Photo Courtesy Ferry-Morse Seed Co.

Some of the vegetable varieties grandpa and grandma raised in their garden long ago still can't be beat. But they are exceptions. Plant breeders have been extremely busy during the last half century, and particularly in recent years, developing new and better varieties and strains of all kinds. In addition to improving other characteristics in vegetables, they have been placing a lot of emphasis on getting them to taste better.

Now that peace-time gardens are underway again, you can add to your own keen interest in gardening and your own and the family's zest in eating vegetables by being more discriminating than ever before in selecting varieties to plant. And when you select for finer flavor you'll usually get all the other superb characteristics thrown in, such as tenderness, fine texture, good form, rich color, and often greater vitamin content so much desired today.

Ever munch a carrot right out of the garden row? That's the way to get true carrot flavor. Put in a row or two of Nantes this season alongside the varieties you usually plant. Compare the flavors. Nantes is the one with the blunt rounded ends which many home gardeners especially like.

Even snap beans vary enough so that choice of varieties can affect your enjoyment in eating them. The delicate flavor of brittle, golden yellow Pencil Pod is unsurpassed. Or, perhaps you prefer green beans. Ferry's Plentiful is a decided improvement over many of the older

varieties with flat pods; Tendergreen, a fairly new round pod green bean, is in the same class in excellence.

If you have never tasted the crisp dark green crumpled leaves of Chieftain, the latest development in Savoy or "odorless" cabbage, you have a treat coming. While there's no mistaking its sistership to other cabbages, there's a difference!

A vast improvement has been made in garden peas these later years. Little Marvel and any of the Laxton type have richer sweeter flavor than some handed down from earlier days.

Naturally, you will want your vegetable garden to consist mostly of your old favorites and standbys. But a few of the newer varieties added along with the others may prove to be a genuine revelation. If your dealer does not have them, he can undoubtedly get them for you.

Year by year plant breeders are forging ahead in the improvement of all characteristics in vegetables. Home gardens of the future are bound to furnish fresh foods even more flavorful, more nearly perfect in every way, than in the past.

Study Club of O. E. S. Sponsor "42" Party

There was a big turn out at the "42" party Tuesday night, held at the Browning Motor Co. The party was sponsored by the study club of the Eastern Star. The proceeds of approximately \$30.00 will go to the School of Instruction.

The club is planning another party to be held in the same building, March 19th at 7:30. The public is cordially invited to attend.

Local Lumber Dealers Tell Why Materials Scarce

If you have tried to buy any building materials in the past few months, you know how scarce it is in Burkburnett. Probably you had wondered why the local yards could not supply your needs when the war has been over several months. Buildings here, both business and residences, have been waiting for months for enough material to be completed, but lumber yards do not have the wanted materials, and simply cannot get it.

C. D. Shamburger Lumber Co., and Cicero Smith Lumber Co., have a large ad in the Star this week which explains exactly why we cannot get building materials. The ad also gives a remedy for the situation. If you are affected by lumber scarcity, and who isn't, one way or another, read the ad and learn the facts.

Lumber yards want to sell you materials, and would do so if they could get anything to sell. The trouble is further up the line, and the situation can be remedied by public demands through the proper channels.

Legion Activities

Thursday night, Feb. 28, Legionnaires enjoyed a social at the hall. Musical numbers were furnished by Quinton Roberts, Ernie Coil and Leroy Cotton. Four Rainbow girls also contributed to the program with vocal numbers and readings. After the entertainment refreshments were served.

The Legion will sponsor a come as you are dance on the night of March 14, featuring a mixed orchestra with music to please everyone.

On Sunday, March 17, a banquet will be held honoring the Department Commander, Herman G. Nami, of San Antonio, Texas. Legionnaires, their wives and other guests are invited. Plates are 50c each. A large attendance is requested to impress the Commander with interest shown here.

All service men and ex-service men are cordially invited to attend any and all meetings of the Legion each Thursday night at the hall.

On Feb. 25 new members coming into the 13th district totaled 3,688. Burkburnett reported 178 new members to that date. Newest members are: Chester A. West, Jack W. McClure, Truman H. Garland, Billie E. England, Maurice D. Coley, Wallace R. Robinson, Jack M. Northcott, Vernon Duke, Noel Duke and Austin G. Key.

Gleaners Class Has Social

The Gleaners class of the First Baptist Church entertained their husbands with a "42" party, Friday, Feb. 22 in the home of Mr. and Mrs. Herman Miller. Refreshments were served to 6 tables.

The next social will be a luncheon given at the home of Mrs. Lawrence Gilbert, March 21.

Mr. and Mrs. R. L. Hughes of 503 1st St., enjoyed a visit from their two daughters, Elizabeth and Margaret. Margaret is nursing in the Lewis hospital in California. She was recently discharged from the Army Nurse Corps in which she served 18 months overseas. Elizabeth, (Mrs. W. E. Delk) is living in Redondo, Calif. Her husband and son Howard Earl were also here.

E. E. McKown, who lives at Davis, Calif., sends a check for a subscription to the Star and tells us after reading it he shares it with friends who are also interested in happenings in Burk. He also tells us that his nephew Jack McKown, who will be remembered as a star on the Bulldogs football team, has been discharged from the Coast Guard after three years service. Jack and his wife and baby girl live at Riverside, Calif.

Add Shelf Units With One for the Corner

IF YOU want shelves on one side of the room only, one or more of the B units shown here with an A unit at each end is a smart combination. If you wish to run the shelves around two sides of the room, a corner unit, shown at C, will also be needed.

All of the units in the sketch are well proportioned with deep shelves and are especially designed to be made by the

man who is handy with hammer and saw. Patterns are available with actual-size cutting guides for the curved shelves. Stock widths of lumber are used and the pattern lists all materials needed. Only the simplest hand tools are required.

The A and B units are made with pattern 270; the C unit for the corner with 271. Patterns are 15 cents each or 25 cents for both patterns mailed to one address. Send requests for patterns direct to Mrs. Spears.

MRS. RUTH WYETH SPEARS Bedford Hills, N. Y. Drawer 10 Enclose 15 cents for each pattern. Name Address

WEEKLY NEWS ANALYSIS

Reds Charge Canada With Bad Faith in Atom Row; Strive to Hold New Stabilization Line

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Pointing up army warnings of short food supply in reich, Germans are shown scouring rubbish pile behind Allied barracks in Berlin for edibles.

ATOM SPIES: Russ Reply

Canada's disclosure of an atom spy ring had ticklish diplomatic ramifications with Russia's angry protest against the dominion's announcement of the news without prior consultation with Moscow from a view toward correcting the situation.

Though admitting that the soviet military attache had received atomic information from Canadians, Moscow said the data was of a minor nature and the recipient official had been recalled when it learned of his activities. It was hinted that dominion's action was calculated to impair Russian prestige at a time when the Reds were advancing the cause of independence for subject people in the United Nations organization.

In discussing the atomic information its military attache received, Moscow declared that it consisted of data already compiled by Russian scientists or included in a book by Dr. Henry Dewolfe Smyth of America. A consultant to the army on manufacture of the A-bomb, Smyth detailed atomic developments from the 1920s through the war, but omitted vital figures in the formula for producing the necessary materials.

As the Canadian case developed, pressure in this country increased for added safeguards for protecting America's secret of manufacturing the A-bomb. Declaring that more atomic information had been divulged since the introduction of the A-bomb than during actual work on the project, army men were said to have charged some of the leaks to scientists' discussions.

STABILIZATION: New Rules

In determining wage adjustments under the new stabilization program formulated by the administration to clear the hurdle for postwar production, the stabilization board will permit pay increases within a pattern set for an industry, as in the case of oil, steel and automobiles where the figure of approximately 18 cents an hour was established.

To speed settlement of current disputes, the new order also permitted employers to grant wage increases without prior government approval in industries where pay patterns have been formed, or where only so-called "fringe" adjustments involving vacation and holiday pay and shift premiums are involved. Wherever any advances are made the basis for applications of higher

break and ceilings would only be increased in cases where pay adjustments necessitated such action.

Because labor outlays make up a relatively smaller item in such goods and services as food, clothing and rent, Bowles said, major living costs should remain comparatively stable. In the metal industries where labor expenses are higher, however, prices can be expected to show appreciable increases.

Congressional reaction to the new policy in congress was mixed. House Speaker Rayburn (Dem., Texas) declared it was a step in the right direction but could not be expected to solve all our economic problems. Rep. Case (Rep., S. D.) said it was regrettable President Truman had been "backed against a wall where he thought it was necessary to toss collective bargaining and freedom out of the window and resort to totalitarian methods again."

EMPIRE: Diplomatic Test

Continued, costly political rioting in Egypt and India pointed up the pressing problems facing postwar British diplomacy in the preservation of important military and economic outposts in the far-flung empire.

Led by student agitators, crying for retirement of British troops from strategic coastal bases and the rejoining of Sudan with the Egyptian government, mobs stormed through Cairo smashing windows, desecrating Christian churches and attacking military barracks. Known for his strong inclination to order, new Premier Sidky Pasha, while professing sympathy with national aspirations, threatened to use an iron hand in restoring calm.

In India, mobs took the mutiny of native imperial seamen as an occasion of wild rioting, looting shops, burning busses and street cars and destructive stoning. In rebelling in a number of royal naval installations, the Indian sailors charged discrimination in demobilization and pay allowances and fought pitched battles with British forces seeking to regain seized positions.

Meanwhile, Foreign Minister Bevin told commons in a review of the international situation: "I am not prepared to sacrifice the British empire because I know that if the British empire fell the greatest collection of free nations would go into the limbo of the past..."

ROME: Church Program

Calling for international spiritual unity, Pope Pius XII presented the Catholic church's program for peace during ceremonies creating 32 new cardinals, including Francis J. Spellman of New York, John J. Glennon of St. Louis, Samuel A. Stritch of Chicago and Edward Mooney of Detroit.

Stating that only through spiritual unity tying men together in mutual respect could mankind be expected to resolve its common problems, the Holy Father decried political imperialism which aimed toward the seizure of material riches and human oppression. Vigorously denying that the Catholic church sought temporal sovereignty, the pope said that its program called for spiritual unity, with dignification of the individual the basis for preserving his liberty and advancing the welfare of state and family. Pointing to the world-wide representation in the college of cardinals, the pontiff declared it reflected the aspirations of all peoples.

GERMANY: Private Relief

As a result of President Truman's approval of the establishment of a private relief council composed of religious, labor and social agencies, needy Germans may receive up to 2,000 tons of supplies each month if shipping and port facilities allow.

Set up after heavy pressure had been exerted for the alleviation of starvation and privation in the conquered Reich out of humanitarian considerations, the new council, known as CRALOG, will include the American Friends Service committee, Brethren Service committee, Christian Science War Relief committee, Church Committee on Overseas Relief and Reconstruction, International Rescue and Relief committee, Labor League for Human Rights (AFL), Lutheran World Relief, Inc., Mennonite Central committee, National CIO Community Service committee, Unitarian Service committee, and the National Catholic Welfare conference.

With the U. S. army in over-all control, and a CRALOG representative checking on distribution and surveying needs shipments will include evaporated and powdered milk, sugar, fats, clothing and shoes and medical supplies.

Relief Racket

With the shipment of private relief packages to European countries outside of Germany growing into a big business, the OPA moved against fraudulent operators in New York City accused of overcharging clients for food deliveries to Europe.

Begun four months ago when government officials noticed the discrepancies between the prices and contents of packages, investigations reportedly disclosed that cheaper foods were being substituted, items listed were not enclosed, excess postage was charged and insurance fees were asked on uninsured parcels.

With several hundred companies already engaged in the business, firms are now shipping packages at the rate of 3,500,000 a year.

Connie Still Bosses A's

As the major league baseball teams, strengthened once again by return of their stars from the service, opened spring training in the sunny southern and western climes, 83-year-old Connie Mack was on hand to greet his Philadelphia Athletics at West Palm Beach, Fla.

Manager of the A's since 1901 and winner of nine American League pennants and five World Series, the

Connie Mack greets A's.

soft-spoken, balding diamond wizard gathered a group of hustling youngsters about him in another effort to develop a championship club from promising raw material. So had he built up his great teams of 1910-'14 and 1929-'31 and so he would try again, leaving the other clubs to build around expensive stars purchased around the circuit.

As the A's settled down to work, interest centered on 6-foot 4-inch Dick Fowler, who pitched a no-hitter against the Browns last year, and Eddie Collins Jr., a Yale graduate and son of the former great second baseman who paced Mack's famed 1910-'14 aggregation.

VETS: Unemployment High

Speaking at a meeting of the American Legion's national employment committee, designed to spur community services for vet hiring, Gen. Omar Bradley declared that 13 per cent of the G.I.s in the labor force remained jobless, with 1,035,000 receiving unemployment compensation in the early part of February.

The relatively high percentage of unemployed vets contrasted with the general rate, Bradley said, stating that only 5 per cent of males in the labor force were out of work, and the total jobless approximated 4 per cent.

Employment of disabled vets has similarly lagged, Bradley said, with the hiring of handicapped G.I.s three times behind applications in September and even lower in December and January.

WHEAT:

When flour mills, under new wheat conservation measures, begin milling flour containing 80 per cent of the wheat, this country still will have a lower milling percentage than most of the rest of the world, the department of agriculture reported.

In practically all of Europe and Russia, wheat flour extraction rates for bread are 85 to 90 per cent, according to reports received by the Office of Foreign Agricultural Relations.

Fun to Stay Home:

A drive in the country has its perils. The parade of sappy billboards is bound to affect your nervous system. And there is always a lunkhead on the road, who will send you to the nearest hospital babbling that he had the right of way.

Nothing can top a home-cooked meal. The cuisine in swanky spots is usually tatty, but a glance at the steep fees for food is bound to give anyone not on the columnist "cuff" indigestion.

Locking paws with a cutie-pie or patting her knees under a cafe table is a popular form of recreation. Yet the privacy of the home provides the coziest atmosphere for cupidoides. Besides, you can be arrested for playing Post Office in public.

There is plenty of danger in night clubs. The air is usually foul, the music is brassy and the emcees' inept cavorting is invariably pitiful. Making goo-goo eyes at the doll across the room is more perilous than smoking hop. She might have a boy-friend who packs a wallop like Joe Louis. Or what is worse—she might know a good lawyer.

Traveling has many advantages but the scenery is never as compelling as it appears in travelogues. All you are certain to acquire while romping around the globe is ar acute case of homesickness.

Strolling in the street isn't all it's cracked up to be. Mendicants clutter every block, and you risk running into bores you're trying to duck. Then there are the sadistic motorists who have declared war on every pedestrian.

The politicians have tipped their mitt for 1946. It's going to be reckless racism—pitting the Poles versus the Russians—the Irish versus the British, etcetera. Cutting up Europe's quarrels to fan up ballots is what too many office-seekers try to peddle as "Americanism." As the lady in "State of the Union" observes: "I thought the Poles voted in Poland!"

Faces in the Dimout: Judge Ferdinand Pecora, Bernard Gimbel, John Gunther and reporters trying to decipher the Mayor's closing proclamation to Sherman Billingsley at the Stork Club. "All I know," said the famed host, "is that this is the first time I ever got hit by an atomic bomb!"... Keenan Wynn, just in from Movietown, getting caught in a 59th St. spot's free-for-all... Jane Wyman and her groom, Ronald Reagan, impressing local locals with their pleasantries... John Steinbeck, the book-writer, trying out his Spanish on the Havana-Madrid crowd... Lovely Alexis Smith elbowing her way through the Radio City signatourists... The Joe Cottens at the Carnival, a gay spot... Augustin Duacan, who attracted sugary notices for his performance as the blind parent in "Lute Song." He is blind.

Sallies in Our Alley: Peter Donald (he was among the recent White House entertainers) told it at the Singapore last night. Margaret O'Brien, the moppet, asked the President: "Was the White House like this when America was born?"... "No," said the President. "In those days they didn't have rich young ladies such as you to pay taxes..." At Sardi's, Mrs. John Wildberg remarked: "Money is worthless today..." "Unless," said her producer groom, "you have none..." Buddy Lester says that with the shirt shortage—it is amazing how many people are still willing to risk losing theirs in Wall St.

Manhattan Murals: The swan in Central Park, which accepts food only from males—refuses to come near the gals... The lingerie shop on 5th, which calls its very daring negligees: "indiscretions"... The Lincoln, the only hotel in town that plays Negro orchestras... The Embassy's powder room attendant who owns a 24-room mansion uptown.

The Funnies: Lincoln was resting in a hotel lobby after a campaign speech when some of the villagers gathered there. One remarked: "Mr. Lincoln, your speech was good, but there were some points quite beyond my reach..." Abe chuckled: "I'm sorry for you; I once had a dog that had the same trouble with feast!"

Quotation Marksmanship: E. Howe: Make a woman mad and she is no more polite than a man... Vincent Sheean: Churchill's personality is like an army with banners; your first impulse is to get out of its way... M. B. Greebie: Beautiful young people are accidents of nature. But beautiful old people are works of art... N. Coward: It's surprising how many are shocked by honesty and so few by deceit... Alf D. Runyon: The nearest thing to perpetual motion is a mother with a child.

Former Burk Girl Wed In Wichita Falls

Only close friends and relatives witnessed the ceremony which united Miss Thelma Jean Billney, Wichita Falls, and Sgt. Malcolm J. Carpenter, Jr., son of Mr. and Mrs. M. J. Carpenter also of Wichita Falls.

Chaplain Henry J. Cox, a close friend of the families read the double ring ceremony at 2:30 Thursday afternoon, February 29, in the Chapel of the First Baptist Church in Wichita Falls. The bride and groom were unattended, entering the chapel together.

Mrs. Cox provided the music, playing the traditional marches and soft music intermittently during the service.

The bride was a pretty picture in a two piece brown suit, worn to harmonize with the grooms uniform. She carried a white Bible topped with a corsage of white carnations and gardenias. For something old she wore an antique brooch belonging to her mother. She also carried out the traditional "something old, something new, something borrowed and something blue."

Mrs. Carpenter attended school in Burkburnett, where she made her home with an aunt and uncle, Mr. and Mrs. C. E. Robertson, 602 E. Main St. She also attended school in Wichita Falls, and is now employed by the Interstate Theatres.

The groom attended school in Wichita Falls and Texas A & M. He entered the U. S. Army air corps in April 1944, at Camp Walters, Texas, and went thru radio school at Sioux Falls, S. D. He flew overseas as a radio operator mechanic on a B-29, completing 21 missions. He was stationed on Tinian in the Marianas with the 20th Air Force.

Sgt. Carpenter holds the following awards and ribbons: The air medal with one oak leaf cluster, the purple heart, Asiatic Pacific ribbon with three battle stars, Presidential unit citation with one oak leaf cluster, good conduct medal, American theatre ribbon and victory ribbon for World War II. He was discharged at Santa Anna, Calif., on Feb. 13, 1946.

Immediately following the ceremony, the couple left for a wedding trip to New Mexico and Carlsbad. They expect to make their home in Wichita Falls.

Out of town relatives attending the wedding were an Aunt and Cousin of the bride, Mrs. A. P. Yeary and daughter, Miss Emma Tom Yeary of Burkburnett.

Why Don't We Have LUMBER FOR HOME BUILDING?

There are plenty of trees, plenty of lumber mills, but very little lumber for home building. WHY?

Here are the simple facts behind the lumber shortage - these facts are stopping Home Building.

- 1 Over 50% of our lumber was once cut by small mills. Thousands of these mills were put out of business during the war by OPA ceiling prices. OPA still clings to wartime policies and these mills are still out of business.
- 2 OPA's blind "hold the line" policies plus lack of enforcement, have led to the development of a huge Black Market in lumber. "Black Market" lumber is lumber that costs the people more money than they would pay if lumber were flowing to them through the normal channels of distribution - the retail lumber dealer.
- 3 Wartime ceiling prices made it profitable for lumber manufacturers to cut sizes of lumber suitable for war uses, but not suitable for home construction. As OPA continues this unrealistic policy, manufacturers continue to cut lumber sizes which are unsuitable for home construction. In some cases premium prices granted by OPA encouraged production of lumber not usable for Home Building. Proper peacetime adjustments have not yet been made to encourage production of home construction lumber such as flooring, ceiling, siding, millwork, plywood - all essential items in home construction. This situation affects all lumber production.

4 The manufacturers of lumber have been provided with a hidden premium on export lumber. The OPA has made it more profitable to produce lumber for export to foreign countries than to produce lumber for home construction.

These are merely examples from the lumber field which indicate the type of OPA action that is blocking the production of home building materials in many fields.

The fact remains that homes cannot be built by any industry or Government agency without materials.

Homes cannot be built without lumber - whether that home be wood frame, brick, concrete, or stone.

The lumber and building material dealers, and the contractors of the nation can build all the homes needed - if they have the materials. But the flow of materials must be unblocked. Only increased production of building materials can solve the so-called housing problem and the unrealistic pricing policy of OPA is the biggest present block to increased production!

Any Government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

If you are affected by the scarcity of lumber and other building materials wire or write these people who represent you in Washington.

MASONIC NIGHT WITH THE O. E. S.

Burkburnett Chapter 655, O. E. S. entertained the Masons and their wives with their annual chicken dinner and program, Friday, Feb. 22. About one hundred guests were present for the dinner. The Worthy Matron, Mrs. Josie

Ray Martin,
LAWYER

550 Allison—Duncan Bldg.
Wichita Falls, Texas

Magee and the Worthy Patron Mr. Guy England gave words of cordial welcome to all.

The ladies of the Chapter then portrayed the Masonic Degree Work. I. C. Evans was selected as candidate, since he alone could not give the pass word to the Deconettes. When he was led to the preparation room the ICE melted out the rear door. The ladies wondered what caused the panic—mere timidity, or fear the REAL McCOY was to be enacted. They concluded he couldn't take it and Jim Johnson amiably agreed to be the candidate. This degree was given only after much research of the Masonic truths, and the ladies would have all known it was most authentic. A feminine air was noted, however, when landmarks were changed and spittoons, held gingerly with upturned noses were removed from the Lodge.

The Masonic apron was substituted by feminine frills and gaudy gloves of every hue were in evidence. Miss Master in the East rushed the Easter season with a positive creation on her bouncing curls, set off by a chic bow tie, a distinct attribute to her Mastery.

A riot nearly concluded the solemn occasion when the new brother sailed around the room with nightie flying and pink bows falling here and there as the vicious goat brought him safely to rest on his laurels.

The Master of Lodge 1027, paid tribute to the auspicious event by declaring the ladies had made ONE ERROR. Gloves were only worn at funerals.

With a gleam in her eye the Miss Master asked if any Mason could deny the Miss Masters had MURDERED that degree. There being no denial the meeting adjourned.

The new Miss Master then sold his nightie to John Brookman, the hat going to George Counter, Jr., for 50c. To the victor belongs the spoils. See you all next year.

Garden Club Hears Mr. Mundy, Feb. 27

Mr. Mundy, prominent nurseryman of Wichita Falls, was the featured speaker for the regular meeting of the Burkburnett Garden Club, last Wednesday at the home of Mrs. I. D. Russell. Mrs. P. A. Wiggins was leader for the afternoon.

The speaker addressed the group on the subject of Amateur Gardening. Among some of the topics covered were quality of plants, shrubs and trees, pruning, fertilizing, transplanting, spraying and methods of destroying pests.

Following the lecture, a business session was conducted, Mrs. J. L. Caffee, president, presiding. Each member answered roll call by naming the first flower to bloom in her garden. The project committee presented several projects that could be sponsored by the club. It was voted to complete the planting of Bluebonnets on the Texas-Oklahoma hill. Mesdames Pogue, Bear and Morrison were appointed to serve on this committee.

In the flower judging contest, Mrs. J. C. Adams won first and Mrs. I. D. Russell, second place.

A lovely refreshment plate was served to Mesdames F. L. Pilkenton, Carl Morrison, J. L. Caffee, R. C. Tevis, Paul Brown, Tom Boyd, O. E. Melton, D. C. Dodson, Glen Bear, P. A. Wiggins, Jude Willingham, J. M. Pogue, M. W. Majors, J. C. Adams, a visitor, Mrs. T. D. Vaughan, and the hostess, Mrs. I. D. Russell.

Christine Suttles Named Sweetheart Of Training Union

The young people of the Training Union Department of the First Baptist Church, entertained with a "Sweetheart Banquet" in honor of Christine Suttles. Miss Suttles was elected Sweetheart of the Union by the merit ballot method.

The Department, for the occasion was beautifully decorated in the sweetheart theme of red and white. The Honor-section of the banquet table was backgrounded with a four foot red heart. The delicious dinner was served by the mothers and leaders.

The invocation was given by Volus Bowman, Wendell Wright toastmaster, introduced the sweetheart whose identity had been concealed, and presented her with a lovely nosegay from the department. Christine remained standing as Billijo Harison sang, "If I could only tell You," followed by the brief but timely message by Rev. A. E. Harrison. Mary Reeves read a Love Story and conducted an interesting memory contest from it. The

Young People presented a unique sweetheart pageant, which was enjoyed by all present. Christine Suttles and Connie Fowler brought the evening to an impressive close by singing "The End of a Perfect Day", with Mamie Browning, accompanist. All joined hands forming a friendship ring around the room. Fred Fewin Sr., dismissed with prayer.

Mrs. A. E. Harrison and Mrs. H. A. Goodwin, as leaders fully recognize the vital need of wholesome entertainment for the young people of our community and extend to all who do not have a church home, a sincere and hearty welcome.

These special entertainments are to be held quarterly and the young people will have a definite voice in their planning.

W. S. C. S. Meet At Church March 4

The W. S. C. S. met for a business meeting, Monday, March 4 at the First Methodist Church. The meeting opened with the song, "Work for the Night is Coming." Mrs. O. E. Melton led the group in responsive reading on prayer for the devotional.

Mrs. J. L. Caffee, president, was in the chair for the business meeting. Reports were heard from different officers. Mrs. S. S. Reger was appointed to fill the place of Mrs. Hightower, as superintendent over the Interest Group.

Fifteen members were present and the group was dismissed with the Missionary benediction.

All to Gain

Strikes in the automobile industry since V-J Day have cost the nation half a billion dollars in purchasing power already this year... and none of the big threatened strikes have occurred: This is the substance of a statement made to the press late in October by George Romney of the Automobile Manufacturers Association, in a position to speak for the whole industry.

In his supporting statements, Mr. Romney quoted figures which he is able to get in advance of any other news source. He declared that, on account of strikes in the plants of suppliers and makers of automobile parts, 350,000 fewer cars will be sold this year. Anybody old enough to drive a car knows this means 350 million dollars less money spent for cars this year.

Everybody Hurt

Cars on the road are a symbol of money in circulation; people going places and spending. Hotels, health resorts, oil stations and motor maintenance shops are having business turned away from them by disputes. Prosperity follows the production of things useful and desirable for people who buy. Probably no useful thing enjoys a greater popular demand today than the automobile.

The strike, during the progress of America's worst war, actually retarded military production. Our generals said it hindered the delivery of machines and munitions to help America's fighting men win battles. And now it is interfering with the chances of those same men for getting steady jobs at good pay after they have finished winning the war. This is the road to economic ruin.

Let Wages Advance

Speedy recovery is more important to the American people now than any money consideration or any point of pride being contended. I am a man of relatively small earning and I believe I can speak for millions of Americans who don't care how high wages go so long as they don't upset national economy. Moreover my faith in working men makes me believe they want no wage scale that will destroy jobs. Ever since the automobile business grew out of its awkward age, it has operated on sound American principles: (1) Large investments in equipment, (2) more output per worker on account of the investment, (3) lower prices per car because of the big output, (4) more sales because of the low prices, (5) bigger profits because of the volume sales, and (6) higher wages made possible by more profits.

Minutes Matter Now

The demand for automobiles is such today that car production per worker might exceed all records and still not satisfy the public appetite for new rolling stock. Until production rates dwarf all previous records, there is no visible limit to the earning power of a skilled automobile worker. But there is the rub! An enemy intervenes. The strike has thrown a brake on production.

A war-impooverished world is looking to the United States to win a hard game. Uncle Sam has passed the ball to Detroit, and it is down on the second yard line. Investments, yes; production, no! The opposition's squabble-play can defeat us. America has everything it takes to win but teamwork. Why not produce now to meet the needs of a desperate public, with the disputes to be settled later?
