## Martin Announces Candidacy Wichita County Attorney

public office—A chance to show you that a man with aggressiveness, who will diligently apply himself to the duties of the office, and who is open-minded to learn from anyone, can make you a better County Attorney than any man with years' of political experience and background—A Chance to show you that fairness and justice is not born from years of political office-holding, but is born from the heart and conscience.

### Platform

I fully realize the importance of the office of County Attorney, and I will enforce the laws with fairness, justice and equality to all persons. Every citizen that comes to see me will be treated with courtesy, consideration, and respect; and every effort will be made to solve the problems that citizens presents. The poorest person will be treated with the same fairness and equality as would be extended to the man of greatest wealth and position. In enforcing the laws, I will not take into consideration any financial, social or other position of the law breakers, but I will prosecute all law violators with equal vigor.

I believe the position of County Attorney to be a full-time job, and I do not intend to spend the people's time scrapping with the local lawyers for civil cases and extra fees while drawing pay from the County.

In appointing an assistant, as a veteran, naturally, I will give every reference to the young, capable lawyer who has honorably served his country, and is now trying to get a start in civilian life. I want you voters to know that when you vote for Ray Martin, you are voting to give jobs to two veterans.

On completion of the present term, the recent office-holder will have held a political office for eleven (11) years, serving 5 years as Police Court Judge and City Attorney in Wichita Falls, and during the war, serving 4 years as assistant County Attorney and 2 years as County Attorney.

Our State penitentiaries today hold more prisoners under the age of 21 than ever before. As County Attorney, I will pass on every juvenile delinquent case, and I will give each case my personal interest. I realize that if a young boy or girl is mistreated by a police officer or some prosecutor, that child gets a warped view of the law and its enforcement and soon adopts the bitter policy of taking whatever he can get. My efforts will be to REFORM rather than punish, for I know that placing a young boy or girl in confinement with a group of hardened offenders is to make a permanent criminal of that child. No minor will be sent

## Bands Invited For Parade

All high school and city bands are invited to participate in the big parade during the Celebration on Friday morning, June 21. There will be a prize for the best band, and proper recognition for all who participate.

## Men's Bible Class Invites Members Whiskers Club

Members of the Burkburnett Whiskers club, formed to give publicity to the coming Boom Town Celebration and Rodeo, are invited to be special guests of the Men's Bible Class at the First Baptist Church Sunday morning, A. C. Reeves, president of the class, says that includes every fuzzy or hairy chin in town.

## No Damage Here From Heavy Rains

So far no damage has been reported in or near Burkburnett from the heavy rains which fell Tuesday and Wednesday afternoons.

Wheat harvest was stopped but since the rains were not accompanied by wind the wheat still stands. Cotton, some just planted and some already up, will be helped.

Wednesday afternoon Devol, Okla., was visited by heavy rain which caused the auditorium roof on the school building to collapse. Damage is estimated at \$25,000 or more.

Hail damage yesterday at Randall was severe over a mile-wide strip. Some of the stones were large as base ball, damaging houses, barns and cars. One 90 acre field of wheat was flattened with about 90 per cent loss.

The Methodist Church in America has as its goal one million new members this year. More than six hundred thousand of this number has already been secured. Our local church has as its goal one hundred twenty-nine. We have added seventy-five to date. If we are to reach our goal, we must secure fifty-four new members. If you do not have a church home, come next Sunday and affiliate with us.

F. A. Nickens of McCamey was here Wednesday and Thursday for a visit with his son, A. J. Nickens and family. Mr. Nickens is one of the pioneers here, coming to Burkburnett in 1913 and stayed here until 1927. He is now engaged in ranching.

to the reformatory until ALL efforts of reform have failed. I am no politician—never held any political office of any kind, and neither has any member of my family.

I have always worked for all I ever received. While I was but a little tot, I sold the Times and Record News on the streets of Wichita Falls. When in high school, I worked after school and on Saturdays, and I washed dishes and waited on tables to get through college. I have been working hard for this job as County Attorney ever since I announced, and, if elected, I expect to work hard in the office. I will be grateful for this job as County Attorney, and I want you voters to know that I will appreciate your vote and anything you do for me.

Vote For Ray Martin For County Attorney.

## Boom Town Celebration Committees Have Situation Well In Hand

As the time draws near for the big celebration on June 20-21-22, all committees are working at top speed to have everything in readiness.

**Barbecue Meat Secured**  
Wid Philips, as head of the meat committee to provide for more than 7,000 visitors at noon on the 21, gives assurance that there will be plenty of barbecue for all comers. Wid is getting the beefs donated by farmers, ranchers, business men and oil field workers. Securing this meat was one of the biggest jobs placed on any committee and the chairman was wisely chosen.

**Advertising Out**  
Almost every advertising medium is being employed to inform folks of Burkburnett's biggest celebration. Placards, handbills, bumper strips, newspaper ads and radio announcements

will be used. A forty foot banner was placed across Main street, but had to be hauled down for repairs when a high truck ripped the middle of it.

**Quadrill Team**  
A special attraction at the rodeo performance will be a quadrill team. It is a sort of square dance with the ladies and gents mounted on prancing horses. This promises to be one of the most interesting of the added attractions.

**Serving Committee**  
George Couter, Jr., chairman of the serving committee, announces the guests will be served in an unbelievably short time. The Wichita Falls Chuck Wagon Gang have volunteered their services and an invitation has also been extended to the Electra Gang.

## Big Onions

Mrs. W. J. Gibson came by the star office Tuesday with some of the nicest onions ever grown around Burkburnett. They weighed from 1 1-4 to 1 1-2 pounds each. They were white and sweet as apples, according to Mrs. Gibson. She is harvesting nine 50 ft. rows.

## Camp Fire Girls Sell 1500 Poppies

Much credit is due the Camp Fire Girls who played a great part in the sale of 1,500 Poppies, with a total of \$160.00 raised. The girls were on the streets Saturday with the poppies. They were under the direction of Mother Majors. Mrs. Majors is well known for her aid in selling poppies. Ever since there has been an American Legion in Burkburnett, she has sold poppies. First prize was given to Audrey Hubbard whose sales totaled \$30.28, and honorable mention was given Wanda Barker, who was next. Others taking part in the sales were: Keith Hubbard, Judy Willingham, Betty Jean Hitt, Sydna Sue Douglas, Patsy Lundberg, Frances Buchanan, Pearl Gracey, Natilee Foster, Kay Morrison, Mary Johnson, Betty Brickson and Cherry Lynn Kolter. Mrs. Roberts, poppy chairman had charge of the booth at Hatch's Hardware. Virginia McConnell with the aid of Mrs. Roberts decorated the window of the Furniture store, in connection with poppy day. Pictures were made of this display and sent to Department headquarters to be entered in a contest for the best window display.

## U. S. O. Dance Postponed

Due to the fact that it was impossible to secure an orchestra for the USO dance previously scheduled for Wednesday night, announcement had been made by Mrs. Palmer that the dance will be held Wednesday, June 12.

Phyllis Jan Rigby is visiting her Grandparents, Mr. and Mrs. J. H. Rigby.

Mrs. Rainey Wilkerson left Tuesday for Comanche, Okla., for a few days visit.

## John P. Marrs Seeks Re-Election As County Judge

John P. Marrs, present County Judge of Wichita County, makes formal announcement as a candidate to succeed himself in that office. It is as follows:

First, I want to thank you voters for the fine vote of confidence you gave me two years ago. It is both a pleasure and an inspiration to work for and with people who believe in you. After practicing law for more than twenty years, you first elected me as your County Judge in the early thirties. I was out of office ten years, and with your permission, I came back last year. I am now seeking again a second term.

Wichita County is one of the 12 largest Counties in Texas, and is looked upon as one of the best governed. Its financial condition is A-1, and it has been my constant ambition to do my full part in keeping it that way. At the request of your County Clerk and myself, the Commissioners Court purchased a large photostat machine to modernize and speed up the recording of Veterans discharges, deeds and other written instruments in the County Clerk's office. This has already effected a great saving in both time and money, not only to the Veterans but to all the people. We have also established three Veterans Service offices in the County, for the convenience of the several thousands of Veterans in our County.

The biggest job of your County Judge is in the handling of several hundred estates, representing the life savings of the people, probating their wills and supervising guardians and administrators. I have also tried hundreds of criminal cases, and dealt out justice according to the facts as they appeared to me. I have doubtless made some mistakes, but am proud of my record and am willing to stand upon it.

Thank you for your support and confidence.  
John P. Marrs,  
Your County Judge.

## Commencement Time

Schoolhouses close their doors for the summer vacation as hundreds of thousands of children welcome a vacation. High schools and colleges hold commencement services to graduate students into many branches of service. They will be soon seeking employment where waiting rooms are already crowded to capacity. The old-time address promise of golden opportunities right at hand, do not hold true for today's graduate. The way is rugged and the seeker finds the waiting irksome, the conditions too unequal. Energy and intelligence with diploma in hand is not all that is needed. Patience is necessary in this day. Education, in its fullest sense, brings a valuable training, but exercising much of the knowledge may take time, until the job for which the graduate is especially suited, comes along. Some will think less of their ability and consign themselves to living a stated course that is hateful to them, for the rest of their lives. Many will be leading citizens before too long, others will never be heard from after the commencement program.

We may not be graduating many geniuses here, but the majority of our young people are fitted to find their way through an adult life that offers pitfalls for even the most

To avoid cutting the material when removing buttons, slide a comb under the button and cut the thread with a razor blade.

When making a cotton dress for little daughter, hem a square of the material for a hanky to match. Later this may provide the matching patch if daughter tears her dress.

Before peeling onions, dip them in boiling water for a moment. Then peel, beginning at the root and peeling upward. This will keep those tears away.

A pretty decorative effect may be achieved by slipping pressed leaves under the cellophane cover of the lamp shade.

## Wichita Country Club Scene Of Installation Dinner Monday Night

The final meeting of the year for members of the Junior University Study Club was in the form of an installation dinner held Monday evening in the dining hall of the Wichita Falls Country Club.

Mrs. Martha Lee Britton gave the invocation. The president, Mrs. LaRene Davis, acted as

toastmistress, and presented Mrs. Faye McClarty, program chairman, who in turn introduced Miss Elinor McClarty and her musical trio from Temple, Oklahoma. With Miss McClarty at the piano, Miss Betty Price, Messrs. Bill Holman and Ray Spann sang "The Indian Love Call." Mr. Bill Holman acted as emcee and a thirty minute program of popular and semi-classic numbers were sung by Miss Price and himself, with Ray Spann the accompanying whistler. Miss Price sang "I'm Always Chasing Rainbows" and "If I Could Love You." Mr. Holman sang Cole Porter's "Night and Day," and with Miss Price sang Sigmund Romberg's "Sweetheart Will You Remember."

Mrs. Mildred Counter awarded Mrs. Wilma Douglas with a gift for the paper voted most interesting by club members. She then presented a bracelet to the outgoing president in appreciation for her work and faithfulness shown to the club during her office term.

In conclusion of the evenings program, a candle lighted installation rite was conducted for officers of the 1946-47 year. With Wilma Douglas serving as president, the subordinate officers are: Faye McClarty, Vice-President; Gwinn VanLoh, Recording Secretary; Mildred Garland, Corresponding Secretary; Opal Henderson, Treasurer; Blanche Johnston, Historian; Martha Britton, Reporter; Mildred Counter, Teen Town Counselor; Lora Jamieson, Library Chairman; and LaRene Davis, Parliamentarian.

A miniature pastel May Pole centering a reflector surrounded by fern and sweetpea, served as the focal point for the table's decorative scheme. Pastel colored candles and beautiful arrangements of gladiolus, shasta daisies and lillies added further to the attractive setting.

Mrs. I. E. Harwell and Mrs. Jess Young arrived home Sunday night after visiting with their mother in Tenn.

## The Washington Merry-Go-Round

by DREW PEARSON

**THE NAVY'S BUREAU**  
WASHINGTON.—If Secretary of the Navy James Forrester wants to head off the army-navy merger, he might do some merging in his own department. As he is, some of his reserve officers are about ready to believe the army is right.

Perhaps because the navy is suffering from admiralitis (too many admirals), Forrester has set up a special duplicating public relations co-ordinator. This bureau does exactly what another bureau also does. Chief difference between them is that one is on the first floor (deck in the navy), the other on the third floor) one is commanded by a vice admiral, the other by a rear admiral; finally, the rear admiral takes a few hours to do a job while the vice admiral sometimes takes a few days.

Hitherto, navy public relations have been handled by efficient young Rear Adm. "Mm" Miller, one of the up-and-coming youngsters in the navy. If you need a speaker for a naval rally, want to stage an air show, or have a ship visit your city, Miller usually has been able to arrange it in a few hours.

But now, Vice Adm. Arthur S. Carpenter, newly appointed co-ordinator of public relations, sits in naval splendor with a staff of five senior officers, a large force of junior officers, and a small army of WAVES and enlisted men.

### THE BALKY SWISS

Insiders say that Switzerland, the little nation which posed as the benign and friendly neutral, is now displaying the same tactics as the Capone gang in hanging on to Nazi loot.

The secret negotiations now going on in Washington to recover Nazi gold from Switzerland have been carefully guarded, but it has leaked out that Switzerland's policy is to keep all the gold which the Germans stole from France, Denmark, Belgium and other occupied countries and sent to Switzerland for safe keeping.

Like the Capone gang, the Swiss won't return this looted gold to France, Denmark, Belgium and other countries from which it was stolen.

Despite all this, some treasury officials urge a lenient policy toward the Swiss. It happens that they have \$1,500,000,000 of assets now frozen in this country including \$500,000,000 in gold, and the French are preparing to clap a lien on these assets. Some treasury officials, however, are opposed.

Not so, however, sage Secretary of the Treasury Fred Vinson, who remembers all the Swiss collaboration with the Nazis during the war. "Down in my state," drawled the Kentuckian, "when you bet on the wrong horse, you pay off. The Swiss bet on the wrong horse."

### VETERANS COME SECOND

Young GOP Rep. James G. Fulton of Pennsylvania, a Pacific war vet., did some vigorous protesting about the way veterans are being "stood up" on surplus war goods when he called at the White House.

"Veterans are just not getting an even break in the present setup," he told the President. The Pennsylvania congressman also gave Truman some inside slants on RFC purchases of abandoned property which would warrant congressional scrutiny. He reported that no effort is being made to sell army and navy equipment piled helter-skelter in and around a Pennsylvania glue factory purchased by the RFC in May, 1945, for use as a surplus property depot.

### RED ARMY WITHDRAWS

The inscrutable Russians have a way of refusing to do something when asked, and then going ahead and doing it when not asked. For instance, Secretary of State James Byrnes has been hammering at the Russians to reduce their troops in the Balkans, Austria and Hungary. Among other things he has warned that the United States won't send food into these countries while tremendous Russian armies are living off the land, in effect taking away the food we send in.

Foreign Commissar Vyacheslav Molotov, however, has turned a deaf ear to Byrnes' plea. He has been just as stubborn on this as about most things.

But here is the payoff. U. S. representatives in Vienna have wired the state department that the Red army has started a large scale withdrawal from Austria. There is no explanation, and state department officials are mystified as to the reason.

### UNDER THE DOME

Democratic National Committee Chairman Bob Hannegan tried to submit his resignation to President Truman last week-end, but was turned down cold. Hannegan's wife and doctor are both urging him to resign. However, the President told Hannegan he could not be spared, at least until after the November elections. . . . President Truman has asked Secretary of the Interior Cap Krug to set up an interdepartmental committee to handle oil problems.

## WEEKLY NEWS ANALYSIS

### U. S. Assured Ample Food Supply; Labor to Seek Guaranteed Wage; Big Four End Parley at Odds

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

To back up hemispheric defense treaty on agenda of Rio de Janeiro conference in September, President Truman has asked congress to authorize U. S. training and equipment of South American nations. Map shows pre-war strength of Pan-American countries, with "A" signifying size of army and "N" number of naval vessels.

### FOOD: Eat Well

Despite relatively short supplies of some cereal products, potatoes, sweet potatoes, meats, fats, sugar, canned fruits and fish through the spring and summer months, per capita food consumption in the U. S. for 1946 promises to be 14 per cent greater than in the 1935-39 period, the bureau of agricultural economics declared.

For the year as a whole, production of food crops and livestock is expected to be one-third above the 1935-39 average, the bureau predicted. During the period of the aforementioned shortages, vegetables, fish, poultry, eggs, fluid milk and cream, ice cream and skimmed milk products will be available in near record quantities.

With the nutritive value of the food supply expected to be close to the 1945 figure, per capita consumption should average about 3,300 calories. This compares with the 1935-39 total of 3,250 calories.

### CONGRESS: Champion Labor

Pro-labor senators held the floor during debate on restrictive labor legislation in an effort to muffle hasty action even as President Truman struggled to avert a rail tieup and resumption of the critical coal strike.

Declaring that full discussion was needed on labor legislation, Senator Murray (Dem., Mont.) led the opposition to a limitation of debate. Stating that pending Case bill was not an emergency measure, he charged that conservative elements were taking advantage of public resentment against the miners' walk-out to push through reactionary measures.

Heated discussion swirled around the proposal of Senator Byrd (Dem., Va.) to restrict health and welfare funds to joint contributions and management by employers and employees, with Senator Pepper (Dem., Fla.) holding the floor at length against the amendment.

Meanwhile, the coal operators and John L. Lewis remained at odds over the health and welfare fund, with the companies flatly rejecting the United Mine Workers' chief-tain's demands for employers' contributions of 7 per cent of payrolls and union administration of the proceeds. In seeking to break the deadlock between the disputants, Mr. Truman was said to favor a health and welfare fund jointly financed and administered by operators and miners.

### STEEL: Annual Wage

Having attained higher wages and improved working conditions, American labor next will hit for the guaranteed annual wage, under which employees would be assured of a steady year-round income regardless of time put in.

Boasting of approximately 700,000 members, the CIO - United Steelworkers plans to spearhead the drive, its recent convention calling for the advancement of the issue in negotiations for a new contract in 1947. Addressing the steel workers at the convention, USW Pres. Philip Murray declared the industry could well afford to pioneer the plan.

At the present time a presidential board is studying the advisability of establishing guaranteed

annual wages, Murray said, and unions could accelerate adoption of the practice by championing its merits. By paying a guaranteed annual wage, purchasing power would be maintained and full employment encouraged, he asserted.

### FOREIGN MINISTERS: To Try Again

Agreeing only upon revising Italian armistice terms, the conference of foreign ministers of the U. S., Britain, Russia and France adjourned to June 15 with differences remaining over all the major points at issue.

Having failed in efforts to get the conference to set a date for a European peace conference of all nations and discuss arrangements for Austria, U. S. Secretary of State Byrnes was said to be very discouraged by the results of the meeting. At the same time, Senator Vandenberg (Rep., Mich.), representing the Republican party at the conference, revealed he would not return June 15.

Previous agreements consummated among the U. S., Britain and Russia blocked Byrnes' efforts in seeking a general peace conference and discussing Austria. Objecting to both proposals, Russia claimed that decisions taken at the Moscow foreign ministers meeting last December called for unanimity among the Big Four on all issues before other nations were invited to a peace conference, and the question of Austria could not be studied now under terms of the Potsdam agreement.

As the foreign ministers packed their bags, outstanding issues re-

Foreign Commissar Molotov (left) and Secretary of State Byrnes in lively talk at foreign ministers' conference.

maining unsettled concerned final disposition of the Italian port of Trieste claimed by Yugoslavia; Italian reparations; trusteeships for former Italian colonies in North Africa along Britain's lifeline to the far east; opening of the Danube to international traffic; agreement on Balkan peace treaties and restoration of free trade in eastern Europe.

Before the confab broke up, Byrnes urged that U. S., British, Russian and French representatives remaining behind to attempt to work out some of the difficulties confronting the peacemakers first report on the economic unification of Germany to spare the occupying countries the cost of supporting the broken Reich.

Said to have told the foreign ministers that the U. S. did not desire to support the American occupation zone indefinitely, Byrnes declared that thus far the U. S. has furnished 200 million dollars worth of assistance. An equal amount will be sent during the ensuing fiscal year, he revealed.

LESSON TEXT—Mark 14:3-9; Luke 10:38-42; John 11:1-3.  
MEMORY SELECTION—Let us love one another: for love is of God.—1 John 4:7.

Friendship comes to those who are friendly. That response of heart to heart, which opens up the deep wells of mutual devotion, is one of life's richest experiences.

There is too little true friendship in the world because men and women have not learned of the Lord Jesus what it means to be a real friend.

There are mutual privileges and correspondingly mutual responsibilities in friendship. There are sorrows to share as well as joys, and there are times when there must be the outpouring of sacrificial devotion.

"There's not a friend like the lowly Jesus, no, not one!" is not just the sentiment of a hymn writer. There is no friend like the Lord. He, therefore, merits our fullest devotion.

There are three incidents in our lesson, all of which took place in Bethany, the little village near Jerusalem where our Lord had found real friends. He went there to rest, to pray, and to find companionship. These incidents reveal that

### I. Love Gives All in Sacrificial Devotion (Mark 14:3-9)

A rather shocking thing took place in the home of Simon, Jesus, his distinguished guest, was at dinner with the disciples, when a woman walked in unannounced and anointed his head with costly spikenard ointment. The disciples were surprised, and led by the betrayer, Judas, who had his hands on and in the money bags, they protested such awful waste.

Think of it—the value of this ointment was 300 pence, the equivalent (we are told) of 500 days of work. That means in our day it would be worth from three to five thousand dollars.

She should have stopped to think! Some lesser gift would have shown her love, and this rich gift could have been used for the poor!

Thus reasons the cool, calculating church member; but the believer with his heart full of love for the Master, gives without stint. The Lord honored her gift, and accepted it as the anointing of his body for his coming death. He reminded them that they would always have the poor to care for, and he would soon be gone.

Love which never overflows in the abandonment of sacrifice for the one beloved is a cold and distant thing; in fact, one wonders if it really should be dignified by calling it love at all.

The Lord is looking for followers who are willing to give themselves freely and gladly for him, pouring out the lovely fragrance of a life fully yielded to him.

### II. Love Shares the Fellowship of Joy (Luke 10:38-42)

The little home of Mary, Martha and Lazarus in Bethany was lighted up by that intangible but delightful glow which comes with a friend who honors one's home by his or her presence.

He had often been in this home. Here he found relaxation and comfort. Here he gave of himself in fellowship and blessing.

But there was a shadow over this visit, Martha, eager to have a good dinner, was "cumbered" in heart and soon became critical of Mary because she sat at Jesus' feet.

Do not assume that Mary had not done her share of the work. She had, but she "also sat at Jesus' feet." In other words, she knew when the time had come to quit fussing and to get some real fellowship out of the joy of having Jesus in the home.

We who love and serve the Lord need to watch lest we become so "cumbered with much serving" that we lose out spiritually. We can become so busy with church work, holding offices in religious organizations, yes, even with preaching and teaching, that we do not have time for personal fellowship with the Lord.

III. Love Bears the Burden of Sorrow (John 11:1-3).

The very home where joy was the portion one day, became the house of sickness, death and sorrow on another day. Life is like that—we may all expect that tragedy, sickness and trouble will come.

Kay Morrison and Dan Hullum provided musical entertainment. During the business session, Mrs. Matthews presented some timely and significant remarks. She emphasized that "There is Always room at the Top", and for one to realize an ambition of leadership, our influence for good, rather than our desire for gain must be our dominant thought. Refreshments were served from a lace covered table centered with an arrangement of spring flowers, to the following: Mary Johnson, Kay Morrison, Betjean Harrison, Peggy McCluskey, James Hicks, Trent Turpin, Bill Brownning, Charles Caffee, Norman Dodson, Jimmy McMurtry, Robert Thornton, Dan Hullum, Thomas May, Mesdames Chester Howard, Fred Minick, A. A. McKinis, J. M. Matthews. Unable to attend were: Janet Thompson, Bowden Maben and David Reed. The place for the exhibit to be announced later.
