Rev. D. M. Overton To Be Pastor of Christian Church

Rev. D. M. Overton of Haskell is to be the new pastor of the Central Christian Church beginning October 1st. Rev. Overton is not unknown to the membership, as he preached here in August. He is an able and talented speaker with an evangelistic appeal. He will conduct a revival meeting soon after his arrival. The public is asked to keep this in mind and come to hear this man of God bring his inspired messages.

Mr. Joe H. Crouch of Wichita Falls will fill the pulpit each Sunday morning during the remainder of September. Everyone is invited to hear the powerful sermons of this most capable layman. The church has been very fortunate to be able to secure the services of Mr. Crouch until the new minister arrives in October. Hear him Sunday morning.

"Courage of Lassie" Outdoor Drama, Has Popular Dog Star

PALACE SUNDAY-MONDAY

In a story as heartwarming as it is dramatic, Elizabeth Taylor, Frank Morgan, Tom Drake and that "wonder dog," Lassie, join their respective talents on the Palace Theatre screen to make "Courage of Lassie" one of the most touching and beautiful photoplays to be shown here in some time.

Filed in Technicolor amid the grandeur of the forests and valleys of some of the most arresting countryside in the state of Washington, the new M-G-M picture unfolds the narrative of the mutual love held by Miss Taylor and Drake for a loyal and courageous collie.

Lassie, whose qualities and understanding are almost as human as his fellow players in the cast, enacts a collie called "Bill". When "Bill" as a puppy gets lost in a forbidding woods he is found by Miss Taylor and from then on becomes her inseparable companion. Morgan, as a sympathetic neighbor, helps Miss Taylor train her foundling as a sheep dog, and when lambing time arrives she and the collie risk their lives to bring in the strays. Later, circumstances bring the dog to Attu, where under the tutelage of Tom Drake, he becomes a hero in an attack against the Japs.

WHY DON'T PEOPLE VOTE?

As the champions of democracy, we site the U. S. as the most representative of such, but should be ashamed of our lack of participation in governing it. At election time the turnout of voters of this country is lower than that of any democracy which has held an election recently.

National, state, district, county, city or school elections, it's all the same story.

Only 55 per cent of the adult population voted for president in 1944. In 1942, when electing a Congress, only one-third of the citizens voted. Remember, this was less than a year after Pearl Harbor, and if any graver problems faced a nation than at this time, we fail to recall them. The failing is a general lack of interest by a people directly affected by the outcome at the polls. Some of the other democracies do not force the voter to register before each election. In our country many states have no set-up for a permanent registration. What a record for Americans, and what a pitiful abuse of a privilege fought for with blood shed.

If we don't have enough in an election to cast a vote, then we should never complain about the way we are governed.

WHAT OTHERS THINK OF US

In BUSINESS WEEK they tell of a visitor from England who was asked, "What is the principal impression of the U. S. you are carrying back to England with you?" This visitor, after a four-months trip into almost all parts here, replied:

"It remains the only place on earth where everything can be completely screwed and almost everyone can still get along quite well. You have buyers' strikes and new sales records marching along hand in hand; you break production records while workers are breaking records for striking; greater supplies of almost everything and greater shortages of everything tag right along together; politically, you put in most of your time complaining that that fellow in the White House doesn't do anything while the last time I was here you were unanimously complaining that that fellow in the White House would not stop doing things; almost everyone says the government is terrible, but almost no one seriously suggests doing much of anything about it except complaining; and along you roll irrationally, irrelevantly, and yet vastly more prosperously and cheerfully than any other people on earth. When chaos reaches such proportions, it acquires a majestic beauty which almost make it a symphony."

W. M. U. Royal Service Meeting 9th

The W. M. U. met Monday, September 9 for their Royal Service program. The meeting opened with a song. Mrs. B. H. Preston brought the devotional followed with a prayer in which she asked that the W. M. U. get a glimpse of the work to be done in Latin America.

The G. A. girls brought messages from our Latin neighbors, and Mrs. Carswell told of our needy neighbors. Mrs. Short gave a talk on "Religious Liberty for All." Mrs. A. C. Houser in her talk stressed "Jesus as the Light in the Land of Tomorrow".

The group was dismissed with prayer by Mrs. Buchanan.

Following a short business session, conducted by Mrs. McMurtry, refreshments were served by Mrs. O. G. Burnett, Mrs. Ady and Mrs. McMurtry.

Impressive Ceremony Unites Well Known Pair Sunday, Sept. 8

The First Methodist Church was the scene of nuptial rites performed Sunday, September 8 to unite Miss Janice Caffee daughter of Mr. and Mrs. J. L. Caffee of Burkburnett, and Billy J. Vincent, son of Mr. and Mrs. F. R. Lennard of Thrift.

The double ring vows were read at 4:00 P. M. by Rev. T. Herbert Minga, pastor of the church. The couple stood before an archway covered with fern and white asters. White tapers burning in branched candelabra provided the only illumination for the ceremony. Tall baskets and smaller arrangements of white gladiolus and mums completed the setting.

The music was provided by Mamie Browning, pianist and Alice Millikin, vocalist. Miss Browning played "Clair De Lune," the traditional wedding marches and "In Sylvan Shadows" during the ceremony and accompanied Miss Millikin in "Because" and "At Dawning".

J. L. Caffee gave his daughter in marriage. She was lovely in a formal gown of white satin, fashioned with a fitted bodice, long pointed sleeves, corded waistline and the full skirt swept into a graceful train. She carried a Colonial bouquet of white gladiolus.

The bride's attendants were the maid of honor, Mary Frances Alexander of Kermit, Texas, and Frances Kelley, Dorothy Preston and Mrs. Jack Northcott of Burkburnett as bridesmaids. The maid of honor wore a yellow net gown with drop shoulders, fitted bodice and gathered skirt. Her flowers were orchid asters on a fan of yellow net with yellow streamers. The bridesmaids wore gowns duplicating that of the maid of honor. Miss Kelley's of lime net with peach gladiolus on a lime fan, Miss Preston's of blue net and pink asters on a blue fan, while Mrs. Northcott's was of pink net with blue gladiolus on a pink fan.

Charles Goins of Burkburnett acted as best man for the groom. Ushers and Groomsman were Keith King, Homer Garrett and James McDonald all of Burkburnett.

Charles Caffee, brother of the bride, and Ronney Lennard, brother of the groom, were the candle-lighters.

Mrs. Vincent graduated from the Burkburnett High school and attended Texas Tech where she was a member of the Las Vivarachas Sorority.

The groom attended Fairview school. He enlisted in the Navy in June, 1944, and spent 12 months on Okinawa, receiving his discharge in May, 1946.

Reception

Immediately following the wedding, a reception was held at the home of the bride's parents. The house, for the occasion, was decorated with ar-

rangements of white gladiolus and mums. In the dining room the table was laid with an imported Belgium cutwork cloth with a center-piece of flowers the colors of the bridesmaids' dresses.

Mrs. F. E. Matthews of Dallas presided at the cake, which was a lovely white three-tiered creation topped with a miniature bride and groom.

Names for the guest book were secured by Carol Lohofener.

The reception preceded the departure of the bride and groom for a short wedding trip. For travel, Mrs. Vincent chose a brown wool dress with lime and brown accessories. They expect to establish residence in Burkburnett.

Out-of-town guests for the wedding and reception were:

Mr. and Mrs. Schoolcraft and Donald Schoolcraft of Ralls, Mr. and Mrs. N. A. Ferguson, Mrs. Cleo Owens, Mickey Louis and Cleo, Jr., Mr. H. D. Hall and Milton, all of Fort Worth; Mr. and Mrs. F. E. Matthews, Dallas; Mr. and Mrs. J. W. Crisswell, Spur; Miss Mary Frances Alexander, Kermit; and Mr. and Mrs. G. W. Evinger, Oklahoma City.

 Mrs. O. C. Wills was hostess
 at a beautifully appointed lunch-
 on on Wednesday at the Wich-
 ita Falls Country Club at which
 she made the announcement of
 the engagement and approach-
 ing marriage of her daughter,
 Jean, to Lieut. Eugene W.
 Brock of Lawton, Okla. The re-
 velation was made when guests
 were presented with tiny scrolls
 bearing the message, "Jean and
 Gene".
 Mrs. Carl Morrison of Burk-
 burnett greeted the guests at
 the door and presented other
 members of the receiving line to
 include the hostess; the honoree;
 Mrs. R. L. Brock of Lawton,
 mother of the groom-to-be; Mrs.
 F. A. Marten and Miss Jose-
 phine Utts of Burkburnett. Miss
 Colleen Mattingly secured the
 signatures of the guests for the
 bride's book, while Miss Sher-
 ry Hodges of Burkburnett hand-
 ed each guest the tiny scroll
 announcement.
 Wedding plans reveal that
 the marriage rites are to be
 performed at the Floral Heights
 Methodist church with Rev. Paul
 Stephenson, pastor, as the officiat-
 ing minister. Miss Jerry Lo-
 gan of Texarkana will attend
 the bride-elect, and Marion
 Slack of Dallas will be the best
 man. The wedding date cannot
 be announced until the army
 orders for the groom-to-be are
 issued.
 The guests were seated for the
 luncheon at beautifully decorat-
 ed tables arranged in "U" shape.
 The centerpiece was arranged on
 a turntable on which was print-
 ed the message of the day,
 "Jean and Gene". The end tables
 were decorated with smaller ar-
 rangements similar to the cen-

tral floral piece, which was a
 modernistic grouping of white
 gladioli and white aster.

 preferences.
 Do you want six top burners instead of four; or prefer the
 burners divided, staggered, or arranged in left-hand, right-
 or center grouping? Is a standard size oven large enough,
 or do you need it over-sized? Maybe a separate pastry oven
 suits your fancy; and how about the broiler—low or waist
 high? Does automatic oven time-control appeal to you? And
 how do you want to select the range whose appearance you
 prefer?
 Not any one brand of CP gas range
 offers all these choices, but if you know
 the style you do prefer, chances are it's
 available in at least one make of range
 bearing the CP seal of quality and per-

A BED with a valance to a floor has a well-dressed appearance that is lacking when a short spread is used. A plain valance like this repeating a color in the room would be just as attractive used with an old fashioned quilt for a spread; or with a crocheted or plain spread. Five and one-half yards of any 36-inch material split lengthwise right down the center does it.

WEEKLY NEWS ANALYSIS Tighten Controls to Speed Up Vet Housing; Boost Ceilings To Encourage Meat Production

Released by Western Newspaper Union. EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Still holding sway in Spain, Generalissimo Francisco Franco leaves church in Motrico with wife under archway of oars formed by sailors who comprised guard of honor.

HOUSING: Aid to Vets

In ordering a 27 per cent reduction in commercial building and channeling greater amounts of material to new housing, the government sought to increase the construction of new dwellings and to reduce the time for their completion.

Housing Expediter Wilson W. Wyatt and Civilian Production Administrator John D. Small worked out the new controls after the building industry had warned of a serious housing program for vets.

Leaving a meeting with government officials prior to the announcement of the new program, Joseph Myerhoff, president of the National Association of Home Builders, declared that the industry had failed to get the flow of materials necessary for the completion of 200,000 to 300,000 homes under construction, and that the shortages have lengthened the construction time from 3 to 4 months to 9 to 12 months.

With Small agreeing to the transfer of all housing control to Wyatt, the government instituted sweeping directives to answer the widespread complaints.

Non-residential construction was cut back from over 48 million dollars weekly to 35 million dollars to divert more materials for home building.

Twenty-seven more materials, including stoves, linoleum and light fixtures, were added to the list of 25 already subject to vet priorities.

MEAT: Production Incentive

Taking advantage of the new OPA act empowering him to set livestock ceilings, Secretary of Agriculture Anderson called for substantial boosts in cattle and hog prices to encourage feeding this fall and to assure adequate supplies of beef next winter and spring.

Declaring that prospects pointed to plentiful supplies of feed grains this year, Anderson stated that it was necessary to bring stock prices in line with feed costs to spur farmers into fattening stock. Otherwise, he said, large numbers of lean animals would be butchered, creating a serious shortage later.

Anderson's recommendation for a boost in the cattle top to \$20.25 per hundredweight, Chicago basis, and in the hog ceiling to \$16.25 per couter to OPA administrator Paul Porter's desire to establish prices around the old level of \$18 and \$14.85. As a result of the boosts, retail ceilings were scheduled to rise from two to eight cents on beef and about three cents on pork.

FREIGHT CARS: Act to Avert Crisis

With the government fearing a shortage of 50,000 to 75,000 freight cars at the peak of industrial and agricultural loadings this fall, Reconversion Director Steelman enlisted the aid of five U. S. depart-

ments and agencies to avert a serious transportation bottleneck.

Under Steelman's comprehensive plan, department of agriculture and office of defense transportation will act together to move perishable crops and speed the shipment of tin cans, sugar and other essential supplies to west coast and middle west canneries.

War shipping administration and maritime commission will provide ships for the diversion of freight to water carriers wherever feasible, and office of price administration will grant shippers relief for higher costs.

Civilian production administration will step up the flow of materials needed to repair 80,000 old freight cars and build 40,000 new ones this year.

GREECE: Big Stakes

Greece forged to the front of the troubled European picture as the scene of the latest tug of diplomatic war between the western allies and Soviet Russia.

Working boldly to establish supremacy throughout eastern Europe and adjoining Asia Minor, Moscow recalled Amb. Konstantine K. Rodionov from Greece as a mark of displeasure against the holding of a plebiscite to return King George II to his throne.

Because Britain, supported by the U. S., favored both the restoration of the monarchy and the Populist party government now in the saddle, Russia's move really was pointed against Anglo-American policy.

The presence of 40,000 British troops in Greece has acted as a lever against a Communist-inspired seizure of power, and the visit of U. S. warships to Grecian waters before the plebiscite was seen as a gesture of friendship for the rightist regime.

The tussle between the Anglo-American and Russian blocs in Greece is for big stakes: A government friendly to the British would assure them of a toehold in the Balkans and an advance base for the Near East and Suez canal, while Russian domination of the country would result in complete Soviet hegemony in the Balkans and a protected flank in the event of trouble in Asia Minor.

BASEBALL: On Even Terms

Thanks to the scares Robert Murphy's baseball guild and Jorge Pasquel's Mexican league threw into the major league magnates, big-time ball players were granted a substantial voice in shaping working conditions on the diamond at meetings concluded in Chicago.

A player representative from each league will sit on a special seven-man advisory committee to regulate playing conditions throughout the season. Commissioner A. B. ("Happy") Chandler will head the new committee, which also includes presidents of the two leagues and two club owners.

In addition a uniform player contract came out of the Chicago meetings, subject to the players' approval. Following the lines recommended by the players earlier, the new contract was said to establish a minimum wage to be paid even if a man were shipped to the minors; a revision of the 10-day release clause, and a lengthening of the barnstorming period from 10 to 30 days.

Improved Uniform International LESSON SUNDAY SCHOOL

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago Released by Western Newspaper Union.

Lesson for September 15

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission. JESUS AND COVETOUSNESS

LESSON TEXT—Exodus 20:17; Proverbs 11:23, 24; Luke 12:13-21. MEMORY SELECTION—He that trusteth in his riches shall fall; but the righteous shall flourish as a branch.—Proverbs 11:28.

The Ten Commandments, the study of which we conclude today (the remaining lessons of the quarter dealt with other laws), have been revealed to us as being characterized by their brevity, their comprehensive touch with all of life, and fidelity to the right. But they are also unique and different from all other laws in that they reach into the inner recesses of a man's heart, a realm where only God can judge and act.

This last commandment (against covetousness) emphasizes that point, for it does not expressly require or forbid any act, but deals with the motive of man's action. Man can judge another man's acts, but he cannot judge his motives, desires or thoughts. God must do that.

But man can, by the grace of God, control his motives; and hence we have this commandment and its interpretation.

I. Covetousness—What It Is (Exod. 20:17).

To covet does not mean just to desire, but to have an unrestrained desire for that which we ought not to have or which by right belongs to another.

It shows itself in our day in a more general way—an inordinate desire for possessions in general. There too man loses himself. It may be a surprise to many to learn that coveting, or desiring what belongs to another, is a sin. It has become one of the "respectable sins" accepted in the best circles and practiced by many church people.

As a matter of fact, this sin underlies all the other sins against which the commandments speak. He who has a love for money and an evil desire to have his neighbor's possessions will hate, lie, steal, cheat, kill. In fact, as Dr. G. Campbell Morgan says, "The whole realm of human interrelations is disorganized and broken up by the dishonoring of the tenth commandment."

II. Covetousness—What It Does (Prov. 11:23, 24; Luke 12:13-21).

1. It Makes a Man Stingy (Prov. 11:23, 24). The righteous man seeks that which is good and he knows nothing of the close-fisted stinginess which withholds from God and man. Sometimes to economize is to lose, and to be liberal is to gain—especially in the things of God.

God gives liberally (James 1:5), and the man who knows God scatters not only his money, but his riches of mind and service for God's glory.

In sad contrast is the man who keeps his possessions for himself and reaps only the barrenness of soul and leanness of life.

2. It Makes a Man Envious (Luke 12:13-15). Noting the ability of Jesus in dealing with others, this man thought to divert the Lord from his real ministry to the souls of men to the settling of social problems—all because he was greedy.

Some church leaders think that is our business now—to preach and promote a social gospel. They had better reread verse 14.

3. It Makes a Man Selfish (Luke 12:16, 17). The one who was known to his friends as the "rich man" (v. 16) was known to God as a "fool" (v. 20), because having more than he could use he hoarded it for himself. One wonders what he had to say for himself when that very night he was called into the presence of God to give an account of his stewardship (v. 20). If you are similarly situated and have the same attitude, what will you say in that day?

4. It Makes a Man Proud (Luke 12:18). All around him were the hungry. He needed no barns, for there were the empty hands of the needy; but money had made him hard and proud. He would build bigger barns, perhaps the biggest in that community. People would marvel at his prosperity and he would live long to enjoy it.

But it did not work out that way, for, alas, it is true of covetousness that—

5. It Makes a Man Foolish (Luke 12:19-21). The man who reckons without God is sure to come to grief. Leaving him out of one's thinking and planning invites disaster.

God called, and he who had thought to go on for years in selfish pleasure, found that he must go and leave it all. Worse yet, he had to face the judgment of God upon his eternal soul.

Do not fail to note that there is a way to lay up treasures in heaven—by a "close walk with Christ, coming to appreciate and cultivate the joys of the spirit," and so using one's possessions that they count for the glory of God. Even gold can be so invested for God as to send it on to eternity. What an opportunity!

SEWING CIRCLE PATTERNS

Girl's Pretty School Frock Two-Piecer Always a Favorite

1542 6-14 yrs. Frock for Young Girl

A SIMPLE yet very pretty school dress for the lass of six to fourteen. Use a gaily striped or plaid fabric and trim with bright contrasting ric rac and unusual novelty buttons. She's sure to be the envy of her young friends.

Pattern No. 1542 comes in sizes 6, 8, 10, 12 and 14 years. Size 8, 2 1/2 yards of 36 or 38-inch; 3 1/2 yards ric rac.

HOUSEHOLD HINTS

When sewing on pockets baste top of pocket in place first, then sew around the sides and bottom to get the pocket straight.

Delicate fabrics, such as organza and fine voiles, can be restored to their original crispness with gelatin. To do this, dissolve a teaspoon of plain gelatin in a quart of boiling water. Strain the solution and use as you would boiled starch.

To pick wild greens, use a large moisture-proof vegetable bag such as those used in the refrigerator to keep the greens fresh.

Add a little salt when cooking dried fruits and it will help bring out the fruit's natural sweetness.

If your window screens need a little mending to be practical, place a piece of mosquito netting over the hole and coat with shellac. After that dries, give it another coat and perhaps a third.

Burk Burnett Man Assignment Flying Course

Lieutenant Hubert W. Burk Burnett has been assigned to the Army Ground School, Training School, and enrolled in the flying course. He completed 8 months in the Theatre of Operations, participated in the Germany, and Rhine campaigns. He was awarded the Silver Star medal for his action in connection with military operations against the enemy of the United States at the Armored School, Knox, Ky., in 1943. He was assigned to the Tank Maintenance School, where the following year he attended the Oglivy school. He is the son of Mrs. Haze Able of Burk Burnett.

B. F. Gilchrist, wife and two girls have moved back here to make their home. First they were at Fort Worth, then to Wichita Falls, then back to Ft. Worth and back to Wichita Falls, from which place they moved here. They are at home at 412 Magnolia.

P. A. Wiggins, O. C. Wills, Fred Boden and Glen Bear attended the funeral of Clyde Brannan's mother, which was held in Mineral Wells Friday. Mr. Brannan is well known in Burk Burnett and is attorney for the city.

DOUBLE DUTY
Dollars
 Every dollar you spend with your Municipal Light Plant does double duty. Your dollars not only pay for the electric service you use—they stay in Burk Burnett and come back to you in other forms of service.
 All the revenue from your Municipal Light Plant goes to maintain 24 hour electric service, dependable, efficient, economical—also to build and maintain streets and other city improvements and to pay salaries.
 You can take pride in the part your Municipal Light Plant plays in the building of a greater Burk Burnett.

... "but Honey, GAS Won't Cost Much!"

Remember the fun you had figuring out a budget for your marriage? Pennies really count when there's furniture to buy, a house to rent and a family to plan for. But heating, cooking and refrigeration costs never spoiled anybody's marriage plans in a town with natural gas service. There is no other fuel with its economy... none other with its dependability. Natural gas service is the product of free private enterprise—a product that would not exist in this area today if it were not for the initiative and courage of such private businesses as United Gas Pipe Line Company and its associated producing and distributing companies. The United Companies have built a vast network of pipe lines, joining wellheads with markets... stimulating the flow of millions of dollars through royalties and taxes. United Gas operations benefit every family in Texas, in one way or another.
