Change Would Be Progressive

Without any desire to try to impose my views on you, and only that the citizens of this City may benefit of an open discussion of a public question, I am constrained to give you my answer to the article of W. A. Roberts appearing in the last weeks regarding petition for election to abolish the City Charter, and in the beginning, let it be understood that opinions herein expressed are my own and are not dictated or dominated by any man, or set of men, in the City or out, and are entirely consistent with my views at the time the Charter was voted in 1923 and the times expressed since, I said then that it would not be suitable to a City of the size of this City, and contrary to the very fundamental principles of democracy where the people rule. Events transpiring then have abundantly confirmed my original conclusion—it has not worked and will not work.

It starts out "It is easy to recognize the hand of the forces—who are trying to take our City Government apart and put it back together under a different name better suited to their selfish interest. I know these sinister influences whether outside or local—there are none—and leave him to his proof in regard."

I have not seen the petition but I do understand that signed by more than 200 resident tax paying citizens and I doubt if such large percentage of the reputation of this community, including one Minister of the Gospel, were actuated by an ultra motive when signed such petition; rather do I think that they were actuated by the kind of Government we have had for more than 20 years under a charter and desire to go back to the "Old Outmoded Aldermanic form of Government."

He remarks, "Under our present City Charter we have five men—who serve as a board of directors, so to speak. He might have illustrated it still further that such kind of set up the citizens and taxpayers by analogy, occupy the same position as do the stockholders in a private Corporation and have little to do with how the public business shall be run as the stockholders do in a private Corporation. That is the objection, according to my viewpoint, of the Aldermanic form of Government—it is run like a closed corporation and the citizens have no voice in the affairs of the government, while under the "outmoded" Aldermanic form, the citizens have the whole say as to how his government shall be run and who shall run it. When you go to your City Hall to transact any business with the government, you never see a man that you had an opportunity to vote for, or against. Do you not think that it would be productive to a better feeling and understanding if you could in fact deal with a person that was your employee, and if you did not like the way of running your business, you could vote him out?"

13th District Convention Held At Electra

More than 200 Legionnaires, their wives and guests attended the two-day session of the 13th District Convention of the Legion held in Electra Saturday and Sunday.

Registration for the convention was conducted Saturday afternoon with a dance held Saturday night for the Legionnaires. They attended the First Baptist Church in a group Sunday morning.

C. F. Johnson, 13th District Commander presided over the meetings. Among the principal speakers for the two days, were Congressman Ed Gossett, L. H. Shelton of the Wichita Falls veterans administration office; and Fred C. Brookman, Waco, State Veterans Service Officer and a former resident of Burkburnett.

Burk Takes Close Game From Cats

Burkburnett won a close decision last Friday night on the local gridiron when they drew first blood late in the first quarter and held the one point margin throughout the game.

On the second play Archer City fumbled on their own 45, with Pair of Burk recovering. The ball was worked to the 8 with first and goal to go. They were pushed back to the 22, then the 20 with third coming up and 20 to go. Potts took the ball from center, handed it off to Gibson, who passed to J. T. Reasoner who went over for 6 points. Gibson kicked the extra point, making the score 7-0.

At the opening of the 2nd quarter Burk had the ball on the Archer City 36. The Wildcats took a punt on their own 20, worked down to the 42 and kicked to the Burk 5. Burk immediately kicked to the Archer City 45, the ball being returned to the Burk 47. From there the Cats made 4 successive 1st downs, placing the ball on the Burk 3. From there Meredith, went over for 6 points. A run for extra point failed. The score Burk 7, Archer City 6.

Mother Of Fred Parks Dies At Temple, Oklahoma

Cora Helen Parks, 66, mother of Fred Parks of Burkburnett, died Saturday afternoon, October 19 in Temple, Oklahoma, following a heart attack. Funeral services were held in the First Methodist Church in Temple, with the pastor, Rev. Gayer, officiating. Interment was in the Masonic cemetery in Temple.

Mrs. Parks was a friend to everyone. By the wonderful life she lived, she has left many precious memories with her family and friends. She is survived by her husband, 3 daughters, and 3 sons. Many friends from Burkburnett attended the services.

Don't Lose What We Now Own

Well, I see that the man is back again. This time with a different scheme to try to get control of the city government. This has been the situation since the city administration got into the electric light and power business. Just after World War One the power trust succeeded in getting political control of every city, town and village in the United States if they used electricity. In several cases, the people saw their mistakes and established local control. Burkburnett just so happened to be one of those places. Local men have been paid good salaries with no other duty but to try to bring back this power to a few greedy Jews in New York. The deplorable part of the whole thing is that they can always find some white man who for a price will work night and day to try to bring this about. From the standpoint of lack of political interest just after another world conflict, now is the opportune time for the power trust to mend the fences that were damaged since the people began to wake up. The mere fact that this petition to change the form of city government back to pre-world war one days was drawn up for the election to be ordered by the County Judge leads me to believe that someone has given it a lot of study prior to the discharging of the Chief of Police.

This was exactly the opportune time for their propaganda machine to get into high gear. In this western country water supplies are always inadequate for ample supplies and cheap rates for good pure water; consequently rates must remain high in order that the man who is of limited means can have water to drink and for sanitary purposes. Taxes, along with a few other things that I can think of without taxing my brain, have gone up also.

Property in Burkburnett has advanced more than 100 per cent along with a few things like groceries, clothing, rent and the like. Wages have also advanced to a marked degree. How many of the parties complaining of the raise in valuation on their property will take twice the amount that is on the tax books? How many of them realize that all the bonded indebtedness of the city with the exception of the bonds for the sewer system were imposed under the old form of government? How many have taken the time to see how this money was grossly mishandled under the old form of government where the mayor handled all the city's affairs? In my opinion, the ultimate goal of the whole thing is an attempt of outside parties to get control of city's most valuable asset; the city light and power plant. This plant has not cost a Burkburnett citizen one thin dime of tax money; neither has it been a mortgage over any home-stand or business property. The profit from it is used to help defray expenses of city government, and the revenue from city taxes is used to try to meet the demands of the bondholders of obligations made while the city was under the mayor and alderman form of government. Without the profits of the city utilities, taxes could be raised to such an extent that all property would be on the rolls at actual value and the rate raised to the constitutional limit of \$2.50 per hundred valuation. I think the citizens had better think twice before they consent to turn their city's affairs over to any political party who takes its orders from New York.

Yours Respectfully,
R. P. REAGAN.

NOTHING NEW

The butter substitute, oleomargarine, has a very large following since butter prices have been high and many times butter has been scarce. There is a difference between oleomargarine and margarine although we use one to mean both. There is a U. S. regulation that all butter substitutes must be labeled oleomargarine although one is a margarine from nut or vegetable oils and the other is from oleo or other animal oils. People who would formerly never have considered using margarine except for a butter shortage, have become educated to its health properties and also find it palatable. Often you hear someone say, "can't tell the difference."

Margarine is no recent product that originated in this country during war years. It was announced by a Frenchman to the French Academy in 1816. That government later, to solve an economic headache, had experiments made with fats to produce a tasty, butter substitute. So, margarine. A factory became a fact in 1870 and three years later an American patent was taken out which was purchased by the U. S. Dairy Company to begin the commercial manufacture of oleomargarine here.

There has been much lobbying for and against this product, laws to cover its manufacture, coloring, taxes to its sale, notices to its being served in public eating places, etc. But to a Burk Burnett woman who wants to put it on her table, and her name is legion, oleomargarine is just as important as that yellow gold, called butter.

Tea Honors Mrs. E. L. Blum

Approximately 150 friends and relatives called between the hours of four and six o'clock Sunday afternoon at the home of Mrs. Minnie Blum on South Avenue D, for a lovely appointed tea given in honor of E. L. Blum's wife, Bernadette, who has recently arrived from Reims, France.

The house for the occasion was beautifully decorated with autumn flowers. Especially effective was the Dahlia arrangement which ornamented the fireplace mantel. Assisting Mrs. Blum with hostess duties were her mother, Mrs. H. D. Lewis, Mesdames C. C. Gilbert, Ray Hill, Carl Morrison, Howard Burba, Walter Lee Hewell, J. M. VanHouten, Amy Moore, Neal Allen, B. H.

Clara Demonstration Club Honors Miss Sands Monday

The Clara Home Demonstration club met with Mrs. S. M. Butts Monday. A covered dish lunch-agent, and Mrs. Higgins of Wichita Falls, who was also presented with birthday gifts from the club members.

In the afternoon the business session was opened by repeating the club prayer and motto and singing "Hail, Hail, the Gangs all Here." Miss Sands gave an interesting discussion on trimmings and tailor-made clothes. The next meeting will be November 11, with Mrs. Felix Myers.

Mrs. Muller Hostess Hardin Demo. Club

Miss Kathryn Sands, Wichita County home demonstration agent, and Mrs. Higgins of Wichita Falls, were guest speakers for a meeting of the Hardin Home Demonstration club held Wednesday afternoon at the home of Mrs. J. C. Muller. Miss Sands discussed tailored clothing and finishing of seams. Mrs. Higgins gave a report from the T. H. D. A., which was held in Amarillo August 14.

The president, Mrs. A. A. Everett was in charge of the meeting which opened with the club song and prayer. Roll call was answered by 24 members with suggestions for club work for 1947.

Celebrates Birthday

Patsy Landes celebrated her 11th birthday Saturday, October 26th at the home of her parents, Mr. and Mrs. Floyd Landes. For the occasion the house was beautifully decorated with yellow chrysanthemums and other autumn flowers. The two-tiered cake bearing the inscription "Happy Birthday" and numerals of 11 centered the refreshment table.

The afternoon was enjoyed playing games under the direction of Mrs. O'Bannon, Mrs. Welborn, Mrs. Shaw and Mrs. Landes. Friends who called to wish the honoree many more happy birthdays, assembled at the table and sang "Happy Birthday."

Refreshments of ice cream and cake were served by the hostess to Melba Gibson, Byron Key, Donald Ray Blackwell, George Everett O'Bannon, Mable Jean Bradley, Donnie James, Francene Downs, Beverly Lou Welborn, Barbara Ann Shaw, Yvonne Daye, Velma Jean Shaw, Virginia and Leona Faye Hodges, and Eva Joe Dickson of Wichita Falls.

Intermediates Enjoy Hallowe'en Party

Following the football game Friday night, the Intermediate Department of the First Methodist church, met in the church basement for a "Spook" party under the leadership of their sponsor, Maxine Inlow and assisted by Rev. Minga.

Ghosts and Goblins furnished the entertainment for the Gala affair. There was fortune telling, house of horrors, bobbing for apples and games suitable to the occasion. Joyce Bryant was voted Hallowe'en Queen while Brother Minga was elected King. With the serving of popcorn balls, the party broke up about 12:30.

Friendship Class Social October 17th

Members of the Friendship class of the First Baptist Church met at the home of Mrs. Lester Coats, Thursday October 17 for a social meeting. Following the opening song, "Prayer Changes Things", the Devotional from the 107th Chapter of Psalms, 1-10 was given by Mrs. O. T. Kinder.

The business session, consisted of reports and plans for the new year. A social hour of games, a quiz program and a contest of Observation was enjoyed by all. Decorations carried out the Hallowe'en theme.

Refreshments of dainty sandwiches, cookies and punch were served to 8 members. The group was dismissed with sentence prayers.

Cut-Out Frame for A Set of Shelves

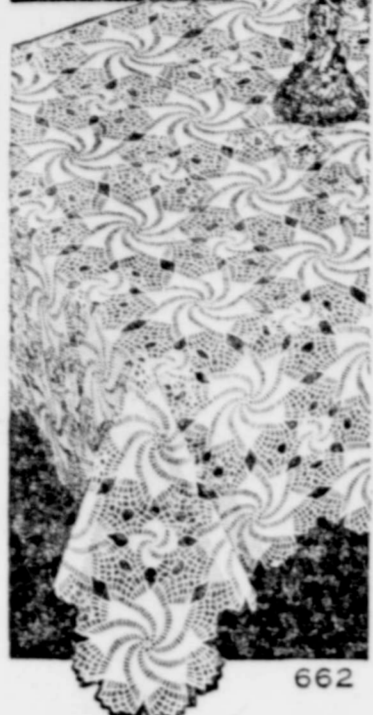

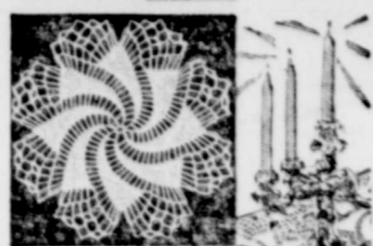

IMPORTANT pieces of furniture that give a room an air of distinction are much in demand and hard to come by. Yet this sketch proves that the thing can be done—and with very little trouble and expense too.

A simple set of shelves with a well-designed cut-out frame always adds distinction to any room. Place these shelves on a table or a chest of drawers and you have a really important piece of furniture that will give a room a new and pleasing appearance.

Pattern 264 gives complete directions for the shelves shown here and an actual-size cutting guide for the frame which is designed in simple curves that may be cut by hand or with a power saw. This pattern may be obtained by sending 15c with name and address direct to:

WEEKLY NEWS ANALYSIS U. S. Moves to Free Economy; Paris Parley Ends in Dissent; Ask Reds to Settle Lend-Lease

Released by Western Newspaper Union

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Luxembourg palace was all lit up on the eve of adjournment of Paris peace conference but the weariness attending the 11 weeks of bitter hickering was indicated by the slumber of the bartender on his stool (upper left) and the newspaper man at his desk (upper right).

DECONTROL: Speeded Up

Hundreds of non-essential items were scheduled to be removed from price control as OPA moved to comply with President Truman's plans for a speedy shift to a free economy. Whereas 52 per cent of the nation's economy was under regulation, the total was expected to be reduced to 40 per cent by the end of the year.

Items basic to production or living will continue to remain under control to keep the economy within balance. Included in this category are farm equipment, needed for output of food and fibers; building materials in widespread demand for housing; clothing; household appliances and furniture.

Removal of controls from livestock led to OPA decontrol of fats, oils and feeds. Because of the lifting of ceilings on lard, OPA said it would be difficult to keep corn oil, cottonseed oil, peanut oil and soybean oil under control. Free market prices for livestock might lead to excessive use of cheap mixed feeds, OPA declared.

See Hope for Soap

Prospects for improved shipments of livestock following decontrol promised to relieve the critical soap shortage although a continued scarcity of copra from the Far East threatened to limit maximum production.

Normally, soap consists of 50 to 70 per cent tallow or grease, obtained from cattle and hogs, and 20 to 30 per cent coconut oil, derived from copra.

Since experiencing a shortage of coconut oil, producers have been increasing the amount of tallow and grease for soap. Heavier marketings of cattle and hogs thus would enable them to step up their production.

Despite high production of coconut oil in the Philippines, crippled grinding mills have been unable to turn out large volumes of copra. While cottonseed mills in the U. S. could crush the coconut, it was said that OPA ceilings were inadequate to permit operations.

PARIS: Grim Ending

Secretary of State Byrnes made a final address about a "people's peace"; Molotov spoke of a "democratic peace," and Bevin prayed for a "lasting peace," but there seemed as yet to be no peace as the Paris conference ended in the ornate Luxembourg palace.

Ten empty seats belonging to the Yugoslav delegation strongly attested to the differences existing between the powerful western and eastern blocs. Complaining that decisions had not been reached on the basis of existing facts, but rather in the interests of the nations commanding a majority, Yugoslavia preferred to remain away from the closing session.

Yugoslavia's action pointed up Molotov's declaration that the newly established democratic Slav states would not be "dictated to" by the western powers. The Russian foreign minister had backed Yugoslavia's strong protests against the creation of a neutral governor for the key port of Trieste and rejection of Tito's claims to Italian border territory.

Mar Duke's Happy Return

For the first time since their historic marriage in a French chateau, the Duke of Windsor took his wife, the former Wallace Warfield Simpson, back with him to England. Hardly had the couple settled down for a two-month sojourn in the country when a thief stole a million dollars in jewels from the duchess while she was entertaining nobility. Included in the booty were sapphires, rubies and diamonds.

MEAT: In Offing

If meat was slow in coming onto the market following decontrol of the industry, consumers could kick their chops for a big feast ahead.

While housewives were sure to find increasing quantities of meat at market in the ensuing months, the chief effect of President Truman's

The record number of livestock on farms and ranges was instrumental in influencing the administration to lift controls, Secretary of Agriculture Anderson told the Illinois Chamber of Commerce. If the nation is to suffer a drought, the meat industry would be menaced with loss and disorganization, he said. As of last January, there were 40,900,000 beef cattle on farms and ranges, and with the recent rate of slaughter the number would have risen to 44,000,000 by the end of the year.

decontrol will be to induce farmers to use their record supplies of feed to fatten cattle and hogs to prime beef and pork, experts said.

In the meantime, farmers are expected to market suitable livestock now, with the high prices prevailing influencing the culling of cows, fat bulls and old canner cows from breeding herds. While prices were expected to rocket with the first wave of buying, experts said they would level off once distribution channels were returned to normal or if consumer resistance was met.

LEND-LEASE: Ask Russ to Settle

In asking Russia to settle its lend-lease account of \$11,141,000,000, the state department reported that the action was taken in compliance with congressional desires to speed up final liquidation of such obligations.

Settlement is expected to follow the pattern of previous arrangements made with Britain and France, with the Reds paying only a percentage of the cost of the guns, tanks, airplanes and other material sent during the war. In arriving at the final figure, the U. S. has always written off part of the debt owed in consideration of losses and casualties suffered in the common cause.

In the case of the British and French, the U. S. extended credits for the purchase of surplus goods as part of the settlement, and the same privilege could be afforded the Russians. As it is, the U. S. advanced the Reds between 300 and 400 million dollars at the time of the cessation of lend-lease to permit them to obtain supplies ordered but not yet delivered.

Withdraw Czech Aid

Possessing no inclination to be Uncle Sam, Uncle Sam withdrew a 40 million dollar credit to Czechoslovakia and suspended negotiations for a 50 million dollar loan following the Czechs' support of Russian charges at the Paris peace conference that the U. S. was trying to enslave Europe economically.

While Czech support of Red baiting of the U. S. constituted the principal reason for the action, the state department also charged the Czechs with profiteering in the resale of American surplus goods to Romania and stated that the Czechs were far ahead of other European countries in postwar recovery.

PAUL CHAMPIONS FREEDOM AND BROTHERHOOD

LESSON TEXT—Acts 15:23b-29; Galatians 2:13-18.

MEMORY SELECTION—But we believe that through the grace of the Lord Jesus Christ we shall be saved, even as they.—Acts 15:11.

Fundamental doctrine must be sound and true or the church will go astray. A question had arisen at Antioch which had to be answered authoritatively, and once for all.

The early converts of the church were naturally from among the Jews, and they carried with them into their new-found faith the traditions of their religion. Some of them did not recognize that the salvation they had in Christ was entirely by grace, apart from any works of the law. They not only felt that they must observe the law, but insisted that the Gentile believers must also fulfill the Jewish rite of circumcision. This promptly raised the question whether Christ alone could save, or if men were saved by grace plus works.

To settle this matter, Paul and Barnabas went up to the church at Jerusalem, and there a great council discussed it freely, and came to a decision which was then transmitted by letter and a committee.

That decision established an eternal principle—Believers Are Free from the Law (Acts 15:23b-29).

The believers at Antioch were to abstain from those things which would hinder their spiritual progress and harm their testimony. That was important and right, but it must not be allowed to confuse them regarding the basis of their salvation. They were not saved by works, not even though they were most commendable.

Salvation is by grace, through faith, "not of works, lest any man should boast" (Eph. 2:8, 9). That principle, which is absolutely foundational in all Christian thinking, was established then, and is valid and blessedly true for all time.

Is it not strange, then, that all through the church's history there has been a determined effort on the part of some in the church to add something to God's redeeming grace as a ground for salvation?

Observe the plan rebuke given to teachers of error in verse 24. It is no light matter to trouble and mislead the souls of men by injecting our worldly wisdom or our opinions, when we should be teaching the truth of God's Word.

Salvation by grace and freedom from the law does not bring the believer into a place of license, but of liberty—and a liberty controlled by a new factor in his life. We note that in

II. Practice—Believers Are Bound by Love (Gal. 5:13-15).

The one who turns to Christ by faith is indwelt by the Holy Spirit and finds that, far from failing to keep the high moral principles of God's law, he is given grace to keep them more perfectly. This he does, not in order to be saved, but because he is saved.

He comes out of a bondage to legalism, which he could not bear, into a new bondage to the law of love, which his new nature in Christ delights to bear and in which it finds the fulfillment of its highest and holiest desires.

Note that this shows itself in the church and in the world in loving service to others in the absence of strife; in a word, in the practice of the admonition: "Thou shalt love thy neighbor as thyself" (v. 14; Lev. 19:18).

No one faces that life responsibility without realizing that he is evidently not able for it. God has provided for that need, for we note next that there is

III. Power—Believers Are Led by the Spirit (Gal. 5:16-18).

Being saved does not set us free from the conflict with sin, for the old nature declares itself in enmity with the Spirit. We find it often to be in our hearts to do right, and in the decisive moment we find the flesh taking control and we cannot do the things we would (v. 17).

What is the solution of that problem? An all-out attack on sin and sinful desires? That is commendable, but it somehow doesn't work. We need a superior power to work in and through us.

That's it! There is a power in us and ready to work through us—the matchless, victorious power of the Holy Spirit. He dwells in the heart of every believer (1 Cor. 6:19) and only awaits our yielding to him that he may take control of our lives.

Walking in the Spirit (v. 16) is simply giving him the liberty to direct our lives after the will of God, day by day and moment by moment. This puts us in the way of victory, for as we walk in the Lord's way we may call on him for not only his grace, but also his strength.

Saved by grace to a life of liberty and power—such is the inestimable privilege of the Christian. Are we, are you, living up to it?

HOW TO BUY A USED CAR

MILLIONS of folks—here and abroad—owe the cheerful sight of food on the table to you Mr. Farmer!

Through long, hard work, you've helped keep the best fed country in the world—while helping to feed many of the world's hungry.

Now we need your help to plant another important crop—one more crop of cheer for our servicemen.

Today, thousands of our boys, scattered over the earth, are hungry for a touch of home. For sight of their own people, the music of their own songs, the laughter of their own jokes.

You treat them to all these things when you give to the USO. Every dollar you give helps prevent another of yesterday's heroes from becoming one of today's "forgotten men." By sending USO entertainers to keep up their morale... by giving them a friendly home away from home through USO Clubs... by bringing entertainment to those in hospitals for whom the war hasn't ended—to help them find their way back to health.

You help keep America close to millions of homesick GI's... and keep them close to America. It's your job we all want to pitch in on. Lend a generous hand—won't you? Let's give the boys a big crop of cheer.

Auxiliary Gains Membership

Local women are becoming eligible to membership in the American Legion Auxiliary as the war veterans' families enroll in the Legion, Mrs. Johnson said, explaining the Auxiliary's rules.

Wives, mothers, sisters, and daughters of veterans of either World War I and World War II are eligible for membership. Women who themselves were in the armed forces in either war.

"The Auxiliary is inviting all of these women to take advantage of their privileges as rapidly as they become eligible and join."

"We know they will enjoy and benefit by the association with other women of veterans' in Legion activities."

Regular meetings are first and third Thursday of each month. Next meeting November 7th, 7:30 P. M.

Mrs. J. A. Johnson, President.

Four classifications of women now eligible to membership in the Auxiliary were listed by Mrs. Johnson as follows:

Wives, mothers, sisters and daughters of members of the American Legion.

Wives, mothers, sisters and daughters of persons who lost their lives in either World War I and World War II.

Wives, mothers, sisters, and daughters of veterans of either war who have died since honorable discharge from war service.

Women who themselves were enrolled in the armed forces in either war.

First Baptist Church

Sunday School 9:45.
 Preaching Services 11.
 Training Union 6:30.
 Preaching Services, 7:30.

Last Sunday the revival was closed with a good spirit. There were only 21 additions to the church, nine for baptism, and 12 by letter and statement, however, that does not measure the revival. A wonderful spirit prevailed under the splendid preaching of Dr. Bayless and the singing of M. A. Hudler.

Next Sunday the pastor begins his fifth year as pastor of the church.

You are urged to be in your place in the Sunday School, preaching services and the Training Union.

Let's work to gether and make the last year's growth look small—it can be done. There are more than 3,000 people in Burkburnett, that do not go to any Sunday School and Church. They are our responsibility.

Sunday night we are to have the baptismal services following the preaching services.

You have a great big welcome awaiting you at the First Baptist Church, your place will be vacant if you are not there to fill it.

Thrice welcome to all.

Mrs. Pete DuBovy and Joan of Austin are visiting with her parents, Mr. and Mrs. F. M. Milford.

Mr. and Mrs. Wid Philips attended the cattle market in Fort Worth last week-end.

Mr. and Mrs. O. C. Wills of Wichita Falls were Burkburnett visitors Tuesday.

Johnny Larson left last week-end for Astoria, Oregon, after a short visit in Burk.

Burk Girl Leads College Parade

Leading the march of the colorful Hardin College band last Saturday in Wichita Falls, were Billy Ross and Joy Rankin.

Drum Major, Billy Ross, wore a real Indian war bonnet which is the original headgear with real eagle feathers and weasel fur. This war bonnet was made by an old Indian of the Assiniboine tribe known throughout the northern United States as Pete Wing.

Marching beside Billy Ross, was Joy Rankin, Hardin College student from Burkburnett, who was dressed in the genuine buckskin Indian array composed of every detail of the garments and jewelry worn by the Indians and the feather that she wore in her hair was a genuine eagle feather. Her regalia consisted of the bootees with the head work, the bracelet made by the Indians from silver coins, hand made blanket, the beaded headpiece, and the genuine buckskin purse. Miss Rankin is one of the regular majorettes of the Indian band.

The flash of color added novelty and beauty to the Hardin Indian band as it paraded in down town Wichita Falls Saturday morning, and performed again at the football game Saturday night when Hardin College played Kilgore College.

Chick Chats Every Egg Counts When Feed Costly

Your laying flock must produce a lot of eggs these days to pay for the expensive feed they consume. With feed prices at such a high point and other overhead expenses at parallel levels, each layer will pay her keep only if she utilizes feed efficiently and produces eggs at a high rate.

Now is a good time to take stock of your management program. Perhaps you're forgetting a thing or two—things important enough to have a detrimental effect on your flocks production. Suppose we list a few of the management factors generally considered necessary to encourage high production:

Handle hens gently. Throwing hens off nests or roosts, kicking them out of the way, or any other type of rough handling will disturb production and may even stop it if hens are injured.

When in the hen house move slowly and deliberately, without exciting flock, to avoid causing a slump in egg production.

Work on a regular feeding schedule constantly. Anything that prevents hens from getting feed and water at their accustomed time hinders egg production.

Give the birds plenty of fresh clean water. About two to two and a half gallons of water per 100 birds is right.

There should be about one nest to every five hens, and each nest should be well filled with clean nesting material to reduce the number of cracked and dirty eggs.

Artificial lights in the poultry house lengthen the day during the winter months and make it possible for the birds to eat more feed and lay more eggs.

Card of Thanks

We want to try in our small way to show our sincere thanks and appreciation to our many friends in and around Burkburnett, for the many deeds of kindness they have shown us in the loss of our precious mother and grandmother. To those who sent flowers, messages of sympathy, or in anyway assisted us in our sorrow, we shall always be grateful to you and regard each of you highly as dear friends.

Mr. Parks and family also join us in our sincere thanks to all.

Literature Club Meets With Mrs. Caffee Thursday

Members of the Current Literature Club met in the home of Mrs. J. L. Caffee, October 24 for one of the most enjoyable programs of the year. Mrs. B. M. Cropper, president, presided during the business session.

The program "Fine Arts" was under the leadership of Mrs. C. M. Archer. Mrs. D. C. Dodson discussed "Penny Art Fund At Work", and Mrs. Cropper, in the absence of Mrs. Hugh Jones, read the paper prepared by Mrs. Jones on interesting account of "Music Contributions to American Way of Life."

Mrs. A. H. Lohofener introduced Mrs. J. M. Thomas and Miss Faye Adams, guest artists from Wichita Falls. Each gave several selections of their own poems which were thoroughly enjoyed by all present. Mrs. Thomas read her recent poem which won first prize at the State Fair. The origin of the poem entitled "Flowers for Julie" was inspired by Mrs. Thomas' experiences while living in Burkburnett years ago. Mrs. Janice Caffee Vinson, our own guest artist rendered a piano arrangement of "Deep Purple" by Peter DeRose, which was enjoyed immensely.

Refreshments were served to 18 members and 3 guests.

Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England.

They've never seen each other, never met. But for the past eight years they've been playing chess by mail together—Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of all nations... between neighbors here at home!

New Study Club Organized Here

The Twentieth Century Study Club, a project of the Jr. University Study Club, was organized in October with the following officers chosen.

Mrs. W. H. Parr, Jr., President; Mrs. Louvaine Charles, Vice-President; Mrs. Robert Kerns, Recording Secretary; Mrs. W. P. Boydston, Corresponding Secretary; Mrs. R. O. Brookshire, Jr., Treasurer; Mrs. Maxine Inlow, Parliamentarian; Mrs. Bill Vincent, Historian; Mrs. Ellis Gragg, Publicity Reporter and Mrs. Polly Hodges, Teen Town Delegate.

The first meeting was held October 29 with Mrs. W. P. Boydston, and plans were made for a rummage sale to be held November 2 at the Burkburnett Motors. Plans were also made to attend "Guest Day" of the University Study Club at the Town Hall.

An interesting talk on home furnishings was given by Mrs. Parr, after which delicious refreshments were served to the following members: Mesdames W. P. Boydston, R. O. Brookshire, Jr., Louvaine Charles, Howard Clements, Margaret Estman, Rheba Fudge, Polly Hodges, Dan Hofacket, Maxine Inlow, Robert Kerns, Truitt Majors, Virginia McConnell, Donald Mills, Chris Morris and W. H. Parr, Jr.

Mrs. John W. Storey spent the weekend in Grand Prairie, Texas, visiting Mr. and Mrs. John W. Storey Jr. The occasion was the 25th wedding anniversary of Mr. and Mrs. John B. Montgomery and Mrs. Kate Elder's 76th birthday. Mrs. Storey is the daughter of Mr. and Mrs. John B. Montgomery of Cleburne, Texas, and granddaughter of Mrs. Elder.

Former Burk Girl Wed In Houston Rites October 18th

Mr. and Mrs. J. C. Martin, announce the marriage of their daughter, Neva Jo, to Stanley M. Brooks, son of Mr. and Mrs. Hermon L. Brooks, Friday, Oct. 18. Rev. Ed Stowell Mace officiated at the double ring ceremony in the Heights Christian Church, lines of which were read at 8:00 p. m.

Mrs. P. H. Fredericks, organist, played the traditional wedding march and accompanied Mrs. T. J. Hardy, who sang "Because". The bride, given in marriage by her father, was smart in a blue wool suit with which she wore black accessories. A corsage of white orchids completed her costume.

Miss Jenny Lind Martin was her sister's only attendant. She was attired in a grey wool suit with black accessories. Her corsage was of pink camillias.

Clarence E. Brooks attended his brother as best man.

A Change Would Be Progressive...

of the City resides without the Corporate limits. A City can not sell its Lights or Water to persons without the Corporate Limits lawfully. This is a proposition of law that no well informed lawyer will deny. The reason must be obvious to any thinking man. The people residing within the Corporate Limits bought and paid for these properties and in fact own them and if any of such citizens should desire to apply for an injunction to restrain the City from supplying people outside the City with water or electric lights the Court would grant such application as a matter of law. This is only one example, and I could cite many others if time and space would permit, where the "Directors" of our City, under the Charter, have been, and are daily violating the law.

In conclusion let me say that the Constitution of the United States passed in 1789 from a standpoint of its age is like the Aldermanic System of City Government an "Outmoded" instrument but I believe with Gladstone that it is the greatest instrument ever struck off in a given time by the mind of man. Congress shall make no law—abridging the right of the people peaceably to assemble, and to petition the Government for a redress of grievances, and I believe too, that the act of the City "Directors" in opposing this petition and numerous others presented to them, is but an attempt on their part to abridge the right of the people guaranteed to them under the Constitution, and if I were a member of such "Board of Directors" I would vote to submit the issue.

R. S. RAGSDALE

Following the ceremony a reception was held at the home of Mr. and Mrs. Hermon Brooks. The tiered cake was placed on a bed of pink blossoms to center the lace covered bride's table. Assisting were Mrs. Joe Surma of San Antonio, Mrs. A. B. Kelley and Mrs. Harvey L. Brooks.

For the wedding trip to San Antonio, the bride chose to wear a beige-grey gabardine suit with Kelley green accessories and a white orchid corsage. The couple will make their home in Houston.

Mrs. Brooks is a former student in the Burkburnett schools and a graduate of John Reagan High School in Houston. Mr. Brooks is a graduate of Columbus High School and has been in the Pacific with the Navy for the past 3 years.
