One Hundred Years' Service For Burk Burnett Postal Employees

On the first of April this year, four men had given one hundred years of service to the local Post Office. The twenty-five year men, J. L. Caffee, Neal Hall, Clark Ladd and C. B. Beldon, were veterans of the Boom, coming into the office during the colorful Boom days when this was a first class office. There were fifteen or twenty employees at that time.

LOWER INCOME

More farm machinery will be available this year than for the last few years, more farm workers also, but machinery will cost more and farm wages will be the same as last year's record. Higher prices for seeds and fertilizers, containers, nails, fencing, staples. Interest charges paid by farmers on farm-mortgage debts will be tighter. So, it looks as though Burk Burnett farmers will be faced with less income this year. Those who have obligated themselves for debts when incomes were high, will find this harder to meet. During a post-war adjustment period, such a situation naturally happens. We only hope a balance may be struck in prices and income for the hard-working farmer.

IT'S NO WITCH HUNT

Former Ambassador to Russia, William C. Bullitt, told a Committee of Congress that the Communist party in the United States is a fifth-column far superior to any fifth-column Hitler was ever able to create, designed to weaken this country for the ultimate assault the Soviet Government intends to make on the United States. He declared that if

Russia, and not this country, had the atomic bomb it would already have been dropped on the United States.

As the record stands the Soviet Government has been conspicuous for filling the reports with abusive criticism. President Truman's position in taking the offensive is supported by Congress, regardless of political parties. The relations between the United States and Russia must be regarded as critical.

American Communities opened a smear campaign against J. Edgar Hoover and the Federal Bureau of Investigation. That scheme didn't work because there is no man in public life, and no branch of the Government that ranks higher than Mr. Hoover and his Bureau. He will locate the American Communists employed in the Federal Government, and they will be fired.

The investigation is absolutely necessary. And this is no Witch Hunt.

Burk Burnett . . . History

As revealed by the files of the Star 10 years ago.

Members of the 7th grade of Central Ward School presented a memorial program for the children who were killed in the New London disaster, under the direction of Miss Ethel Virginia Allen, Wednesday morning at the school.

Leo Dudley of the Dudley Feet and Practice Company, announced Thursday that he had contracted for the R. I. Case line of farm machines and implements.

Rev. and Mrs. W. D. Cook of Gentry, Texas, visited in Burk Burnett this week.

Mayor Alvin Hill and City Manager Ross Reagan signed the new bonds Tuesday morning, to

complete the process of refunding the bonded indebtedness of Burk Burnett and the saving of \$138,000 for the tax payers of this city.

Members of the Burk Burnett volunteer fire department will start a course in emergency first aid Friday to run for four weeks.

about the tenth day. The purpose of the guard is to confine the poult to an area which is close to the source of heat, thus preventing chilling. Baby poult often are slow to learn to eat and drink, and some actually starve to death. It is a worthwhile practice to dip the beak of each poult into milk or water, and then into mash. Set the little bird down near a feeder close to the hower. Extra feed and water placed under the hower also will encourage the poult to eat and drink. At the start provide two one-gallon water containers for each 100 poult, and for every six poult provide one foot of feeder space when feed can be eaten from both sides of the feeder. Feeding and watering utensils that are easy to clean and disinfect are the best. Precautions for the poult as early as one or three weeks. Early eliminates much of the of crowding at night. All precautions should be carried into the brooder house. Wear clean overalls while working in the brooder house.

Chick Chats

(By Clark Gresham)

NOW'S TIME TO GET READY FOR POULTS

Prepare the brooder house early for the arrival of the poult. Thoroughly clean and scrub the house, and while the house is still damp disinfect it. When the poult are first placed in the house, it is a good idea to place a hower guard around the brooder stove. This guard should completely enclose the stove. It may be a strip of roofing paper, cardboard or something similar. After the third day, gradually enlarge the circle, removing the guard altogether on

AROUND THE HOUSE

If your aluminum pans are discolored, try this easy method to bring the luster back to them. Boil a cream of tartar solution in the discolored pan. Use one teaspoon of cream of tartar to each quart of water for best results. This simple method keeps your pans gleaming.

Cut off the buttons before throwing an old garment away. Slip a fork under the button and cut thread with scissors or razor blade.

Iron rayon jerseys lightly and don't pull the garment. Avoid having the iron too hot or the result may be disastrous.

Use precaution when selecting a lining for your jacket or coat. It should last as long as the garment.

You know what a soiled clothesline will do to hours of careful laundry work. The best way to prevent this is to see the line is strictly clean. Before hanging up the wash to dry, take the line down, wrap it firmly around the wash board, and scrub it thoroughly with hot water and soap.

Knives and other kitchen gadgets with painted handles should not be allowed to stand in water. The wood under the enamel will absorb water and cause the paint to chip off.

To get ready for spring house-cleaning and to obtain more storage space, it is a good idea to start now to weed out kitchen utensils and other odds and ends which are no longer useful.

To prevent rust marks on bathroom or kitchen fixtures where scouring powder can rest, dip the bottom of the can in hot paraffin.

Monks Make Up Fifth Of Population of Tibet

There are so many monks in Tibet principally because it is so hard to make a living and raise a family there. Monks make up one-fifth of the population of Tibet. Every year thousands of young men enter monasteries instead of marrying, for it often takes as many as six husbands to make enough money to support one wife, and most women have at least three husbands at one time.

A wife may dismiss a husband whenever she feels like it, and this brands him as a social outcast.

Couple United In Church Rites Sat.

Easter Hies and Debut are were combined with candles and greenery to decorate the First Baptist Church of Burkburnett services performed Saturday evening uniting Miss Mary Evelyn Reeves of Wichita Falls and Robert Spence Butts, Jr. of Burkburnett. Rev. A. E. Harrison, pastor of the church, read the marriage rites in presence of relatives and friends of the couple.

Music for the wedding was provided by Miss Mary Gae Lane of Ardmore, Okla., pianist, and Miss Iva Coral Lindsey of Wichita Falls and Dallas, vocalist. Preceding the services, Miss Lindsey sang "Through the Years" and "Because," returning to sing "The Lord's Prayer" as a benediction at the close of the ceremony. She was accompanied by Miss Lane who also played "Clair de Lune" and "Liebestraum" as well as the traditional processionals and recessional selections.

A. C. Reeves of Burkburnett gave his daughter in marriage. She was a gown of white satin which featured a sweetheart neckline edged with seed pearls and a full skirt which swept from beneath a fitted bodice encircled at the hipline. A wreath of orange blossoms framed the bride's headpiece from which cascaded her fingertip veil of illusion. Her flowers were gardenias and pink roses arranged atop her white Bible.

Miss Margie Chambers of Wichita Falls was maid of honor. She wore an ice blue faille gown designed to duplicate that worn by the bride. In her hair, she wore a wreath of pink roses, and she carried a pink rose bouquet.

Attending the bride as flower girls were little Misses Kayzette Davis, daughter of Mr. and Mrs. Ralph Davis of Burkburnett, and Marianne Gerding, daughter of Mr. and Mrs. J. L. Gerding of Denton. They wore identical frocks of blue net with ruffled necklines and full skirts ornamented with tiny pink satin bows.

Proceeding the ceremony, the candles on the altar were lighted by Miss Sammie Davis of Dallas and John Good of Farmers Branch.

Best man for the groom was Donald Kaiser of Denton while Robert Butts of Burkburnett and Lawrence Dotre of Denton served as groomsmen.

The wedding was followed by a reception at the home of the bride's parents, Mr. and Mrs. A. C. Reeves, in Burkburnett. Decorations were Easter lilies and Dutch iris used in profusion throughout the reception suite. In the dining room, the refreshment table was an interesting picture with its cover of Italian cutwork and its central arrangement of the chosen flowers flanked by white tapers burning in crystal holders.

Mrs. Jack Cagle of Ft. Worth presided at the punch bowl and Miss Georgia Gorin of Wichita Falls directed serving of the wedding cake. The house party was completed by Mrs. Russell Landers of Ardmore, Okla., who presided at the guest book.

The reception preceded the departure of the bride and groom for Denton where they will establish residence. The bride traveled in a navy blue suit with which she wore matching accessories.

Gerding of Denton, Mrs. Butts and son, Robert, Hyden, Okla.

The rites united known young people is a graduate of the in Ardmore, Okla., at the Texas State College in Denton and the as Agricultural College. She has been employed at Sheppard Field Veterans' Administration.

The groom is a graduate of Burkburnett High School, Texas Tech College, University of Arkansas. She is a graduate student at Texas State College. For two and one-half served with the army seas duty being with Field Artillery in the Theatre of Operations.

Jr. Study Club Meets Monday

The home of Mrs. M. E. (Bill) Bean was the scene of the Junior University Club's regular meeting on Monday evening, March 31.

A beautifully prepared Bible program was presented by Mrs. Elmer Garrett. Mrs. Garrett chose as her general topics: The Incomparable Christ, and The Incomparable Bible, the presentation of which was preceded by the group's singing of two Easter hymns.

Refreshments were served to 71 members and one guest, Mrs. F. M. (Buddy) Bean.

Mr. and Mrs. Edward Knox are the proud parents of a baby boy, born Sunday in a Wichita Falls hospital.

Mrs. Fred Downs had as her guests last week, Miss Oneta Baggett, Nurses Supervisor at Jefferson Davis Hospital, Houston, Texas and Miss Pauline Rice, also of Houston.

Mr. and Mrs. Chess Purcell, former residents of Burkburnett, now living in Colorado City, Texas were in town last week.

Mr. and Mrs. Matthew Tucker of Corpus Christi, Texas, spent the Easter week-end with their parents, Mr. and Mrs. M. C. Tucker.

Mr. and Mrs. Russell Landers of Ardmore, Okla., were in town last week-end to attend the Butts-Reeves wedding and to spend the Easter holidays with their parents.

W. C. Stewart of Longview spent the week-end in the home of his sister, Mrs. B. A. Landers. Mrs. G. W. Stewart returned home with her son for a visit.

WEEKLY NEWS ANALYSIS

FBI Chief Warns of Communist Burrowing Against Government; Congress Acts to Aid Refugees

For husband among more than 100 miners lost in an underground explosion at Varnas, Ill., Mr. Hoover is considered by self-styled trends after long vigil at mine shaft. Miners' wives sent him in during long hours of waiting for word from rescue crews.

DISASTER: Pits Buck
Charges and counter-charges flew thick and fast in the wake of the disastrous mine explosion at Varnas, Ill., which claimed the lives of over 100 coal miners.

W.N.: Celebrate With Veto
Andrew A. Gromyko, Russian delegate to the United Nations security council, celebrated the first anniversary of the U. N. with a veto—the 10th the Reds have employed since the international organization came into being in block action against themselves or Soviet-sponsored puppet.

REDS: Threat to America
More or perhaps than before, eternal vigilance is the price of freedom, FBI Director J. Edgar Hoover warned the nation in denouncing the Communist threat to the American form of government.

REFUGEES: U. S. Aid
Having already generously provided relief and financial assistance to war-stricken areas abroad, congress moved to help the 1,337,000 displaced persons and refugees in Europe by joining the United Nations International Refugee organization.

SHIPPING: U. S. Future
The U. S. should develop a clear-cut maritime policy now to assure continued mastery of the American merchant marine, Pres. Harry Lundeberg of the A.P.L. Seafarers International union, declared at its third biennial convention in Chicago.

BUILDING: Builders completed 59,300 new permanent dwellings in January, 1947—more than three times as many as were completed in January of last year, according to estimates of the department of labor.

ADONE CONTROL: New Plan

As congressional conservatives continued their fight against appointment of David E. Lilienthal as chairman of the national atomic energy commission bills were introduced for the creation of a new board to be headed by Secretary of State Marshall.

Under the plan introduced in the senate by Senator Malone (Rep., Nev.) and five colleagues and in the house by Representative Jenkins (Rep., Ill.) other members of the new board would include the secretaries of war and navy and two persons named by President Truman.

Conservatives seized upon the critical international situation to attempt to sidetrack Lilienthal, former AEA chairman who has been accused of countenancing the presence of Communists in the government.

Proposing establishment of the new board to govern all phases of domestic atomic production, Republicans, joined by southern Democrats, declared that the French-British crisis indicated the need for close political and military control over nuclear energy international security.

NEW TAX PLAN

Heading the remnants of some Republican congressmen for non-substantial tax cuts for the lower income groups, the house passed a modified version of the Landon proposal for a straight 30 per cent reduction.

Under the new bill, present rates would be cut 30 per cent on taxable income up to \$1,000; from 30 to 25 per cent on income between \$1,001 and \$1,250; 30 per cent on income up to \$2,500, and 10 per cent on all earnings above the latter figure.

Speaker Martin threw his full support behind the new modified measure, said he: "These tax cuts are entirely practicable while at the same time payments are made on the national debt."

People in the lower income brackets must have relief from crushing taxation and unbearably high prices. Venture capital must have a chance for a reasonable return as an incentive to invest in order to make more jobs at good wages, increase production, improve quality and bring down prices for all.

Business on Big Scale

The year 1946 proved a banner one for big business, with heavy demands, increasing supplies of materials and settled periods of production after earlier labor disputes resulting in peak operations.

GRAND REVENUE: Continuing in progressive advance under Chairman Robert E. Wood, the big mail order and retail organization enjoyed sales of \$1,012,396,358 and profits of \$108,888,318. Sales were almost 50 per cent greater than in 1945.

STEEL: The giant of the industry, U. S. Steel corporation showed sales topping \$1,000,000,000 and profits \$88,622,475. Because of rising costs of labor, material and equipment, profit was reduced to 8.8 per cent of the sales total, leaving a smaller percentage than customary for investment, corporation officials declared.

CONSOLIDATION COAL: Exporting sales of \$145,438,556, Pittsburgh Consolidation Coal company showed profits of \$1,684,892. As a result of the use of new and better tools and the increasing skill of the workers, miners produced more coal per day in 1946 than in the preceding year.

MOSCOW: Future Reich

As odds in most phases of post-war politics, the U. S. and Russia came to grips again in Moscow on the future pattern of the German government.

SUNDAY SCHOOL LESSON

Lesson for April 13

THE KINGDOM ESTABLISHED
LESSON TEXT—Matthew 21: 2-11; 23: 23-31; 24: 1-14
MEMORY VERSE—Blessed is the man whose God is the Lord.—Psalm 121: 1

A major crisis had come in the history of Israel when we left them in our study of January-March, 1946. They were ready to change their form of government. They no longer wanted God to rule them directly through his representatives, but wanted a king like other nations around about them.

God seemed to their request and instructed his servant Samuel to anoint Saul as king, and they began that period in their history which led to their ultimate captivity and disgrace. We shall study together during the next three months the facts and factors involved in the rise and fall of the nation of Israel.

Our lesson concerns their first king, Saul, the son of Kish, who promised to be a great and good king, but who failed through disobedience.

I. Saul—a Choice Man and God-Chosen King (21: 2-11)

To begin well is to be far on the road to success. Here was a man of excellent quality, "a choice young man and a goodly"—in fact, there was not among his people one who surpassed him. What a splendid recommendation for the prospective ruler!

His physical appearance was also attractive. That is not as great a factor in success as some think, but it does have a bearing on a man's influence over others.

Most important of all, this man Saul was the one whom only the people but also the Lord had chosen. The Lord sent Samuel (21: 2) to anoint Saul as king, and to give him the key to success as ruler—obedience to the voice of God.

II. Saul—an Obedient and God-Blessed King (21: 12-14)

The attitude of a man toward his enemies is often the best of his character. Bitterness, hatred, revenge, or veiled hostility with a purpose of ultimate destruction—these are the common reactions of men toward those who oppose them.

Saul, who was not essentially different in his own spirit as we shall see later, was a man after God's own heart in his early reign, for he was obedient to the Lord.

Some "worthless fellows" despised Saul and refused to recognize him as king. The urge of the flesh to destroy them was aggravated by their own unworthiness. Some wanted to put them to death for their diabolical in the king, but Saul in true kindly spirit, and recognizing that he reigned by the good grace of the Lord, decreed that there was to be no revenge, but forgiving.

The story which we touch on so briefly here is one that teaches the eternal truth that the way of blessing and power is the way of obedience to the laws and the will of God.

Saul began well, but before long his pride and self-will began to assert itself and he thus brought to ruin and personal disaster that which had begun with such promise and blessing. There were many such incidents, but we consider only one.

III. Saul—a Disobedient and God-Rejected King (23: 12-14, 16)

God had commanded that there must be utter destruction of the Amalekites and their possessions—something like the burning of a disease-infested house—a wiping out of a king and people who were condemned of God. We may not fully understand this act of God, but if we know him we will not doubt that it was in accordance with his infinite wisdom and love.

Saul chose to disobey, later contending that it was done because of the people that sleep and men had been spared for a sacrifice to the Lord. Samuel cut through his hypocrisy and declared that God wants obediences rather than sacrifices. This is a lesson that many who profess to follow the Lord have not learned.

Atomic Energy Subject of English Stage Play in '29

Although knowledge of atomic energy was chiefly theoretical until 1939, a stage play on the subject was produced in London in 1929, says Collier's. In this drama, Wings Over Europe, a man who discovered how to control this energy offers the secret to the British cabinet. As they consider him a crack, he threatens to blow up the earth and is murdered.

A group of scientists then announce that they too have the secret but will keep it to rule the world, if necessary, for the good of mankind.

lieve everything he reads or hears, I was distressed this week to see a report from Manila saying that military supplies stored there in the amount of \$623 million had been looted and stolen until only \$100 million remained. In 1944 I offered an amendment which was written into the Surplus Property Act which made the destruction of surplus property unlawful. Thereafter we began to receive numerous reports of the destruction of much good equipment, particularly in the overseas theatres. Numerous officers of the Army and Navy were summoned before our committee and all of them denied that any such destruction had taken place or was taking place. The Committee then insisted that overseas surpluses be either sold or brought back. This the services promised to do and displayed specific orders to that effect. Captain Lydell Hart, an eminent British military critic, once said, "The only thing harder than getting a new idea into the military mind is getting an old idea out." He might have added, or to get a military mind to admit fault or error.

In the so called Philippine Rehabilitation Act of 1946, passed in the last congress, we appropriated \$400 million for the payment of compensation to Philippine residents for war losses. In addition to this, we authorized an outright gift to the Philippine government of \$100 million in surplus property then located in the Philippines.

Now it appears that neither the armed service, nor the War Assets Administration, nor the Philippine Rehabilitation Administration are complying with the Acts or the intent of Congress but instead have permitted the loss to thieves of most of our surplus now in the Philippine Islands. Perhaps we should give the rest of this stuff to the Phil-

ippine government and call our account settled. Furthermore, American officers who have made money out of this situation should be sent to the penitentiary for long terms, and I shall so demand.

Texas Poultry In Good Supply

An intensive merchandising publicity and advertising campaign to promote increased consumption of Texas-raised Fryers now in abundant supply was announced today by O. I. Black, Vice-President of A&P Food Stores' Southern Division. Pointing out that the food chain purchased Texas Poultry valued at more than \$1,188,000 in 1946, Mr. Black declared that A&P is always glad to cooperate in any campaign which will assist the Poultry industry and, at the same time, furnish consumers with a high-quality product at fair price.

"The Company will continue to feature Poultry in its newspaper advertising he added. Posters on Poultry are being displayed prominently in many stores and store personnel have been instructed to feature it in display cases."

Local Girl Soloist With Symphony In Amarillo

Miss Anne Danforth, soprano, daughter of Mr. and Mrs. B. Danforth of Burkburnett, has been named soloist for the Amarillo concert of the Texas State College for Women Symphony Orchestra.

The orchestra, under the baton of E. Laurin Frost, will appear in Amarillo April 19, under the sponsorship of the Amarillo Kiwanis Club.

Miss Danforth, junior voice major has studied voice from Norris Bingham and at present is a pupil of Dr. William E. Jones at TSCW. She will sing "Il Est Doux, Il Est Bon" by Massenet and Puccini's Vissi d'Arte, Vissi d'Amore. Miss Mary Oden, Fort Worth is concertmistress.

The annual spring concert of the symphony will be held on the campus April 11 and will feature Miss Ella Margaret Taaffe, Foreman, Ark., as piano soloist for the evening.

Announces Details of 10,000,000 Price Reductions

recently announced International policy of making price reductions of our products approximately a year have now been worked out. Reduced prices on 163 models. These basic models of farm tractors, 123 of farm machines, 16 basic models of tractors and engines, and 12 motor trucks, as well as certain motor elements. The new lower prices are effective March 10, 1947.

Reductions were made not because of an increase in demand, but because we believe it is more important to this country than to other countries to have the prices of the goods people buy. These prices have not been changed on all items. We have made reductions wherever the amounts possible. Prices of the most popular products have been lowered.

More than half of the company's products will be benefited by the reductions, from 1% to 23.8% and from \$2.50 to \$122.50, based on list prices, F.O.B.

People have demanded that the responsibility to keep prices in line where it should be—in the hands of the consumer and the industry. The business outlook is bright for us to move toward lower prices, and we have felt a duty to maintain these lower prices in the supply and price of materials and on uninterrupted reasonable wage levels.

We listed here carry out our policy that "Any price is too high if it can be reduced."

Types of Products

- Farm Tractors—12 Models Reduced \$10 to \$134 (up to 10.6%)
- Motor Trucks—12 Models Reduced \$50 to \$300 (1.9% to 3.6%)

Luncheon Given For Ladies Bible Class

Informality was the keynote at the covered dish luncheon given Thursday of last week, when Rev. and Mrs. Roy L. Fouts entertained members and guests of the Ladies Bible Class of the Church of Christ.

Decorations in the party rooms were chosen to place emphasis on the shades of pink and white. The luncheon table was laid with a lace cloth and was adorned with an artistic arrangement of pink and white blossoms in a pottery container. A similar arrangement on the piano further at-

tained the charm of the well-arranged table.

Present and enjoying the occasion were: Mesdames Clark Graham, D. C. McNeill, R. P. Reagan, W. E. Howell, E. E. Harwell, C. E. Robertson, C. N. Ellis, W. E. Harris, L. E. Cassmeyer, Bill Wilhoit, G. C. Mann, J. M. Matthews, and Misses Nola Fay Wilhoit, Gladys Fouts, Patsy McNeill, Brenda Joyce Mann, also Messrs. Clark Graham, Tom McNeill and the host and hostess, Rev. and Mrs. Fouts.

Misses Helen Edwards and Gerace Thompson, Donald and Dorace Hagaman were Sunday visitors in the Jess Hagaman home.

From where I sit... by Joe Marsh

And That Ain't Hay -Or Is It?

I guess all of us secretlyanker from time to time, for the good old days and the good old-fashioned pleasures. Lounsbury, Buddy Richards done a thriving business raising the old-time hayride.

With a team of horses, and a stout straw-banded rack, Buddy can take as many as thirty adults—at fifty cents a head!

Two or three times a week they start from Town Hall, and go out along the river, stop for a friendly glass of beer at Shoreline Tavern,

and come home by way of Round Ridge... nine miles in all.

Not very exciting, you might say. But from where I sit it's not excitement that we need these days—but those simple country pleasures that are part and parcel of America—the old-fashioned hayride, with its song and jollity; the horse-drawn games; the friendly glass of beer; and the good companionship that they engender.

BAND NEWS

The band will give a benefit concert April 11, at 8 p. m. in the high school auditorium. The public is urged to attend this meeting, and give the band the support it deserves.

The Band Boosters Club, with Mrs. George McClarty as president, met last week, and plans were made for the band for the remainder of the year. It was decided to give sweaters to the Seniors as an award for their participation in the band. The club also voted to buy new white suits and caps for the three majorettes in time for the contest to be held at Denton.

The band is working very hard getting ready for the Denton contest. The following women will go as chaperones. On April 14, Mesdames McClarty, Harris, Ferguson and Hicks; on April 17, Mesdames Pogue, Gibson, Scott, Mills and Gambelin. Mrs. Chambers and Mrs. Johnson will serve as alternates.

Mrs. Tom Boyd was elected historian of the club, and Mesdames Muller, Hicks, and Ferguson were appointed as entertainment committee for May. The band was given a hay ride and winter coat at April.

Mr. Vick has made wonderful progress in the training of this band, and it is hoped that a large crowd will be present for the concert. Mrs. Radloff's Cookie Band will play and there will be a choral number presented by Miss Allen. There will be no admission charge, but a free-will offering will be taken.

What Price ONE PAIR OF EYES?

Those bright, sparkling eyes of childhood! Help them keep their sparkle—their clear, perfect vision. One school child in five has lost part of that sparkle because of defective vision. More than half the people over 35 have eyesight troubles.

Why not conserve precious eyesight by following the three commonsense rules at the right:

- 1 Do all reading, studying, sewing or other visual tasks close to a good light source, preferably a modern reading lamp.
- 2 Avoid shadows. Make sure you have good light directly on your book or work. Use at least a 150-watt bulb.
- 3 Avoid glare from bare bulbs. Don't sit facing the light. Glare strains eyes.

Just a Drop IN THE BUCKET

That's the way Jim always referred to the cost of his Southwestern Life Insurance. "From my pay check," says Jim, "I set aside ten per cent every month. It was just a drop in the bucket. I never missed it—less than a dollar a day—less than I'd spend on something I didn't need. But it created something real for me!"

Jim is retired now. He quit work at 65. And now he's "living the life of Riley" playing a bit of golf now and then, hunting, fishing—doing the things he always wanted to do, and never found enough time to do before. His Southwestern Life policy made that possible.

You can get the same kind of insurance through Southwestern Life, and you can start your program today. It will take care of your family, should you suddenly be taken out of life's picture—and it will take care of you when you are ready to retire. You can retire at 55, 60, 65, or at any age of your choice. Now, while you are earning, is the time to start your program. You'll never miss the funds you set aside out of the surplus income for this protection. Some day, they'll seem like "a drop in the bucket." Without obligation, ask for a descriptive outline covering your needs.

THE CHURCH'S ONE FOUNDATION

Whether judged from the beauty of her steeple or the far-reaching influence she exerts upon society, the church is accepted as the most influential institution on earth save maybe the home.

The church's one foundation is Jesus. She has in the past and still serving the nations of the earth to the maximum. In her pews gather congregations of many tongues and tribes seeking an outlet for religious expression. She is a mighty bulwark in defense of all that is good.

It makes no difference whether her architectural lines be simple and her pews cheap, she is still a place where people may go and worship in a free and unrestrained manner.

Be sure to serve your church with both your time and means. Attend regularly. Your minister expects you.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Methodist Church

T. Herbert Minga, Pastor

Our church was greatly blessed at Easter. Holy Week services, Good Friday Communion, the great Easter morning service and the evening musical program were all inspirational and well attended. Twenty persons joined our church and five infants were dedicated in baptism during the Easter season.

This renewed spiritual strength will be excellent preparation for our revival which begins next Sunday. Rev. Bolton Boone, our popular district superintendent will preach at both hours on Sunday and each evening during the following week at 8:00. Our music will be directed by Mr. Donald Hatch, who used to lead singing for Gypsy Smith Jr., and who has recently assumed leadership of the Floral Heights church. In addition, Mr. Robert D. Kennedy, of First Church Wichita Falls, will sing solos at some of the services. Do not miss the opportunity this week of choir preaching and singing will offer you.

We were glad to have a large crowd to worship with us on Easter Sunday. The Lord was good to us. There was one who came and confessed the Lord Jesus Christ as their personal savior. When a soul is saved on earth, there is rejoicing in heaven. Luke 15:7.

The vacationing season is approaching and there are many temptations to call us to things from the church. But let us be faithful because it won't be long until we will take our vacation in Heaven. Come and worship the Lord with us next Lord's Day if you are not in Church elsewhere. —Pastor.

Lutheran Society Meets April 3

Mrs. Harlan Mills was hostess to members of the Grace Lutheran Missionary Society on April 3, with the president, Mrs. Arthur Everett, presiding. The following members were present: Mesdames Paul Schroeder, Arthur Everett, John Enderli, Sam Koenig, Marguerite Kaiser, John Heins, Annie Schroeder, Louise Lohofener, Fred Bunge, Arthur Ramming, Ivan Zeck, C. H. Hemme, Earl Rinefeldt, and Miss Clara Schultz.

Rev. Schelter continued the topic of last month, The Individual, My Church and I, with members taking part. We are happy to have Mrs. Carl Kaiser with us again after 2 years absence. Also were glad to have Mrs. Lohofener from Kansas and Mrs. Eola Turner and Bonnie Fay Zeck as visitors.

Refreshments were served carrying out the Easter motif. Our next meeting will be with Mrs. Louise Lohofener.

Central Christian Church

Saturday, seventeen boys and girls met at the Christian Church for an Easter egg hunt. A prize egg was hidden and a black chicken was the prize given by Bro. Overton. Refreshments were served by a committee of women and a fine time was enjoyed by all present.

A fine Easter service was enjoyed by those who attended. A special number was given by Sidney Gamblin and Norma Lincoln. Norma Lincoln also gave a violin solo, The Holy City.

Eggs \$1 A Dozen

Lagging chick sales point to shortage of eggs and poultry fall as expected surpluses fail to develop.

How much money could you make next fall if eggs were selling for a dollar a dozen? It could happen. In fact, in New York last week, the President of the Butter and Egg Merchants' Association said it may happen.

IT MAY HAPPEN! WHY?

Because every sign today points to a shortage of eggs and poultry fall. Two months ago—even 30 days ago—nobody would have believed this prediction. Folks were talking of an egg surplus. The Government would support the price of eggs. But what has happened?

THERE IS NO SURPLUS. Eggs are disappearing as fast as they are laid. And far too few baby chicks are being started to meet the demand for poultry and eggs next fall.

Poultry experts don't need a crystal ball to predict this coming fall and high eggs and poultry prices. They just look at these cold facts of the S. Dept. of Agriculture which tell the story.

These Facts Point To High Egg and Poultry Prices

- At the season when eggs would normally be moving into storage volume, stocks of shell eggs are dwindling.
- In February this reduction amounted to 70,000 cases. On March 1 was only about half an egg in storage for every American. A year ago there were 1 1-2 million cases—about 7 times as many.
- Frozen eggs in storage decreased by 7 million pounds in February compared to an increase of 6 million pounds in February a year ago.
- Egg production in February was 4 per cent below a year ago due to fewer layers.
- Americans are eating eggs at a record rate because of high poultry power and high meat prices.
- There were 55 million fewer chickens on farms January 1 than the year ago.
- Virtually all signs point to an excellent grain producing season which normally means lower feed prices. A record wheat crop and a billion bushel corn crop are forecast.

IT'S A GOOD YEAR TO START CHICKS

Yes eggs may sell for a dollar a dozen next fall, but you'll have to raise chicks this spring—to cash in on this golden opportunity.

Our advice is to buy good chicks and start them right. Feed them Chick Startena to get them off to a flying start. It's America's Favorite Starter for Life and Growth and this year it's the BEST Purina EVER. We have a good supply in stock. Come in and see us for chicks and chick raising needs.
