## Meeting At of Christ

H. STEPHENSON

Stephenson, minister of the First Baptist Church of Wichita Falls, will officiate at a gospel meeting which will begin Sunday night, July 6, and will continue Wednesday night. The services will be held at the home of Roy L. Foutz, local

Stephenson is well known to the people of this community. He has conducted a meeting in the spring of 1946. He is a speaker, and will be in the church on Sunday night. The people of this community are cordially invited to attend, and to hear him sing in song and prayer.

The meeting will be conducted at 10:00 a. m. and 7:30 p. m. on the church lawn. There will be plenty of comfort seats. The people of this community are cordially invited to attend, and to hear him sing in song and prayer.

## OUTNEWS

of Cub Pack 155 met at the home of Mrs. Rex Green. The boys practiced puppet show which for the pack meeting. They put on "Billy Goats." Gary the announcer, Jack the little Billy Goat; the middle-sized golfer, the Big Billy Green; the Troll, the boys received badges at the pack meeting. Donald Green and Bill

enjoying the weiner games which followed. Chief, Jon Hi Bear, and Donald Loy Nicholson and Bill Kolter.

Mrs. A. Bartell of and Mrs. Jimmy Wichita Falls and Doris of Sundown, Texas, were in the home of Mrs. Jess Hageman.

## Henry Prinzing Potato Grower

Henry Prinzing at the City Grocery and Market is seriously thinking of going into the growing part of the grocery business. He has decided to produce 25 acres of Irish potatoes, with a production based on his crop this year, would put him in the big bracket.

One evening when Mr. Prinzing started to leave his store he picked up seven small potatoes which weighed 1/2 lb., took them home and planted them whole in his back yard. This week he harvested his crop of 52 potatoes which weighed 40 pounds. They are the nicest, largest, whitest potatoes seen grown in this area. Getting back 40 for 1 is a good gamble any place. In Texas it's extra good.

## Mills & Fleming Elevator Hauling Wheat From Plains

G. W. Fleming at the Mills & Fleming Elevator reports they have hauled 15,000 bushels of wheat this week from Floydada. According to Mr. Fleming the harvest in that part of the Plains is about two-thirds over, but nine-tenths of the wheat is piled in the fields because the elevators are full and box cars for shipping are not available. Five trucks have been hauling all week, bringing the wheat here to be loaded on box cars and sent South. Farmers in that area are glad to get the wheat off the ground. Great losses would occur if prolonged rains fell on the piles of wheat.

## Rotary Club

Vernon Thornton gave the invocation last Tuesday. Alvin Hill, program chairman, introduced John Nowak of Flint, Michigan, who is operations manager for the Soaring meet to be held in Wichita Falls, July 4 to 19. Mr. Nowak made a very interesting and enlightening talk on gliding, and the coming meet. Twelve entries from Foreign Countries will be present, when it is hoped a new record will be set both in altitude and distance.

W. T. Holman was the guest of Andy Andrews, visiting Rotarian from Wichita Falls, and Geo. McClarty brought his son, Bill while Clyde Brannon was the guest of Truman Garland. Visiting Rotarians from Wichita Falls in addition to Mr. Andrews were Rufus King, Jack Amis, Roy B. Garrett and C. F. Ridenour.

The local club was in 4th place in the district high-ten for the May attendance. The District Assembly will be held in Midland, Texas, July 18 under the direction of the incoming District Governor, Jim McCullough of Stamford. Barney Landers will bring the program next week.

## Variety to Canned Pears

—Photo courtesy Ball Bros. Co.

crop seldom seems to be relied upon to provide summer water tables. To break up plain canned pears, use Ball Bros. Co. home canning. The tasty variations may be made by using each quart of sirup, orange rind before pears into jars. To pears use two or

three tablespoons of "Red Hots" to each quart of sirup, or use stick cinnamon and a few drops of red coloring. Ginger pears are made by using ginger tea (water in which ginger root is boiled) instead of plain water for making sirup. Use pineapple juice instead of water for the sirup to make pineapple pears. For plum pears use tart, red plum juice instead of water for making the sirup. These variations are sure to "hit the spot" with your family.

## Winners For Whiskers Contest Are Announced

Last Thursday afternoon Irvin J. Vogel and two Highway Patrolmen from Wichita Falls picked winners in the whiskers growing contest. Some fifty contestants lined the stage before an anxious crowd which had gathered on Main Street to see some of the smooth faced boys dunked after kangaroo court was held.

Winners, as picked by the judges, aided by enthusiastic boosters were as follows:

Bandmaster Charles Vick, 1st place.  
Harry Dodson, 2nd place.  
Jimmy Still, 3rd place.

## Reunion For Former Burkburnett Family Held In Lawton

Enjoying a family reunion for the past two weeks at the home of Mr. and Mrs. D. L. Clemmer, 310 Avenue H., in Lawton, Oklahoma, included a number of out-of-state relatives.

Present were Mrs. Clemmer's mother, Mrs. Hardy Landreth, Los Angeles, Calif.; and her three sisters, Mrs. R. F. Teal, Houston, Texas; Mrs. Ralph Kehl, Yuma, Arizona; and Mrs. James C. Jackson, Gardena, Calif.

Also attending were Mrs. Teal's husband and their daughter, Linda Rae; Mr. Kehl and daughter, Karen Sue; and Mrs. Jackson's daughter, Janet Lee of Gardena, California.

## Palace Theatre Sunday - Monday

Romance, melody and satire run riot in Samuel Goldwyn's lavish Technicolor comedy extravaganza for RKO Radio release, "The Kid From Brooklyn," starring Danny Kaye in the role of a mild-mannered milkman who becomes a pugilist in a colorful romp through training camps, a dairy route and the marble halls of the elite.

Kaye and Virginia Mayo supply the romance. They fall in love while Kaye is delivering milk to her apartment. After he quite accidentally becomes a pugilist, fame goes to his head and he becomes an unbearable show-off, much to the girl's disgust. How he is brought to his senses is one of the hilarious high spots in the film.

Melody is provided by Miss Mayo and dancing by Vera-Ellen, supported by the Goldwyn Girls. Rich and delightful satire is Kaye's Pavlova number, written for him by Sylvia Fine and Max Liebman. It ribs the ballet in impudent and hilarious fashion. It is the type of fun at which Kaye has no master.

## Last Half Burk City Soft Ball League Schedule

July 3rd—Preston vs. Gulf.  
Friday, July 4th—Legion vs. Bank.  
Monday, July 7th—Gulf vs. Legion.

Thursday, July 24th—Acme Chevrolet vs. Gulf.  
Friday, July 25th—Legion vs. Preston.  
ENDS 3rd QUARTER  
Tuesday, July 29th—Preston vs. Gulf.  
Thursday, July 31st—Acme Chevrolet vs. Devol.

Mrs. A. L. Scott has returned home from Grand Prairie.

## Wid Philips Suffers Stroke

Last Friday morning Wid Philips, pioneer citizen who had been giving his all to further the big celebration, suffered a stroke at his home. Doctors who examined him stated he needed quite a rest and withheld a complete diagnosis of his condition until later.

Reports this morning are that he is resting at his home with only very close friends admitted to see him. His host of friends are hoping for a speedy recovery when he will be able to come up town again and greet them.

## Tom Boyd Pilots Celebration to Successful End

As general chairman of the Boom Town Celebration and Rodeo for the second year straight, much of the responsibility for this year's successful show rested upon the shoulders of Tom Boyd. Mr. Boyd chose his committees after much thought and consideration, and in every instance it seems he selected the right man for the right job.

At Mr. Boyd's request the committees met well in advance of the celebration dates and began to lay plans to put it over. Regular meetings were held when committees reported their progress. If they had problems to solve, or needed help in any way, they found a ready and willing helper in Mr. Boyd. Not only at committee meetings, but all thru the weeks, Mr. Boyd visited his committees to make sure no detail would be left undone that might hinder the Celebration.

As a final check-up, Mr. Boyd called a meeting the night before the celebration opened and made a detailed survey of each committee, the work it was supposed to do and the progress made. So far as can be learned there was not a hitch anywhere, thanks to the good natured counsel and prodding by Mr. Tom Boyd.

## Card From Mike

In a card received here from Mike Begun, who is visiting his son and wife in Calgary, Canada, he says that he is having a fine time, enjoyed his trip very much, and to tell all his friends in Burk hello.

Mr. and Mrs. Clay McKinnis announce the arrival of Linda Claye, born Monday June 23 in a Wichita Falls hospital.

Mrs. C. C. Gilbert made a business trip to Dallas Tuesday.

## Local County Veterans Service Office Closes

The County Veterans Service Office, located at 124 Ave. C., under the direction of Virginia Bean, has been authorized by the Commissioners Court of Wichita County to disband its local office.

Mr. Jack Deaton, County Veterans Service Officer in Wichita Falls will be in Burk Burnett one day a week after July 15, to help the Veterans and their dependents with any problem which might arise. The office will be located in the American Legion Hall and it will be announced later the exact day Mr. Deaton will be here.

Any Veteran who has had a claim with the local office and needs further help should contact Mr. Deaton, as all the files of this office will be under his care.

## Jack Grubbs Mother Dies In Boswell, Oklahoma Thursday

Mr. and Mrs. Jack Grubbs were in Boswell, Okla., last week to attend funeral services for his mother, Mrs. Arch Grubbs who died Thursday, June 26. Funeral services were held Friday from the First Baptist Church, with interment in the Boswell cemetery.

Mrs. Grubbs had been ill for some time, but her condition became serious two weeks before her death.

## Hot Weather Cuts Attendance For Chuck Wagon Feed

Last Friday afternoon at one o'clock when serving started for the free chuck wagon feed, the thermometer stood at 102 degrees in the shade. Although the serving was done in the shade of the gin driveway eaters had to rustle for shade or stand in the hot sun.

Food was prepared for 10,000 and only half that number came to share the delicious stew, pickles, onions, potato salad, etc. Those who ate enjoyed it and came back for the second helping. Those who did the preparing and cooking just wished that more people had been in attendance.

When H. D. Smith, chairman of the feed committee was called out of town on account of a death in the family, Jobie Dunn and Dick Chambers assumed his duties. They and their corps of volunteer workers had a hot time of it, but they did a jam up job.

## Stores To Close Friday, July 4th

Following an annual custom of many years' standing, stores will be closed in Burk Burnett Friday, July 4th. The Fourth is one of the five holidays during the year when all local businesses close, according to Ray Hill, manager of the Chamber of Commerce.

On another page of the Star this week is an ad stating all garages and automobile dealers will be closed TWO days, the 4th and 5th.

## Rodeo Declared Success In Spite Of Small Crowds

Although attendance at the four rodeo shows was much smaller than anticipated, the show as a whole was a success financially and otherwise, according to C. of C. officials.

Out-of-town visitors were high in their praise of the rodeo shows. Many who had seen shows in Ft. Worth and Dallas and other much larger towns, acclaimed the local shows the best they had ever seen. The square dance team on horseback came in for favorable comment whenever talk got around to rodeo.

R. L. Pointer of Elgin, Okla., who furnished the stock last year, brought more and tougher stock to this year's show. Even the cowboys were complaining about the wild critters they were pitted against.

Chamber of Commerce officials announce the main purpose of the rodeo shows was not one of making money, but rather to furnish entertainment for as many visitors during the Celebration as possible. A good rodeo is enjoyed by more people than any other form of recreation in this area, and that is what planners of the Celebration had in mind when they planned the rodeo.

Possibly one reason the local show was not crowded every night was the fact that Archer City was staging a rodeo the same dates as the local performances.

Mr. and Mrs. Darrell Moore and Mr. and Mrs. Fred Grant of Grandfield, attended the Rodeo Saturday.

Mr. and Mrs. F. G. Jeffers, Pete and their small grandson left Wednesday for a visit with relatives in Tyler.

Mr. and Mrs. Claude Nolen of Freemont, Texas visited last week with Mr. and Mrs. Jack Alexander.

Guests in the C. M. Archer home the past week-end, included Mr. and Mrs. J. D. Moore and Miss Clara Moore of Frederick; and Mr. and Mrs. Ed Parrior of Fort Worth.

Joe Bill Dodson left Wednesday to spend a week with his aunt and uncle, Mr. and Mrs. Jack Jeter in Throckmorton.

Mrs. George Whitten and daughter of Oklahoma City were in Burk Burnett for the Boom Town celebration. They visited in the J. K. Hubbard home during their stay here.

## Square Dance Team At Fort Worth Saturday Night

Saturday night Burk Burnett's square dance team which performs on horseback, will be in Ft. Worth to treat spectators at the weekly Saturday night rodeo. The team is composed of members of the Burk Riding Club.

Bob Calen, veteran trick roper of Fort Worth who performed here last week at the rodeo, saw the team in action each night and stated they were the best he had seen in all his years of rodeoing. It was through his recommendation that the invitation came for the team to appear in Fort Worth.

It is understood there was a scout there during the rodeo looking for talent to appear in the Madison Square Garden Rodeo. From the same source we learn that he was favorably impressed with the square dance team, which will probably receive a bid for the big show in New York.

## Burk Grateful For Oklahoma Band

Burkburnett citizens are grateful for the band that came from Oklahoma to participate in the Boom Town Celebration. This fine band, directed by Prof. K. T. Goetze, is composed of members from Apeahon, Union Valley and Randlett, most of them coming from farms in those areas. The band, 30 members, has been playing together five years. They go in for difficult band numbers, and practiced until after midnight before coming to the Celebration. The men and boys had worked in the harvest fields until after dark before the practice session.

Mr. Goetze has been teaching music in this area for nearly thirty years. Every year he takes a number of his pupils to the state meet to compete against several hundred other band members. This year he took six of his pupils to Austin to compete against more than nine hundred contestants. They came back with five first places and three second places. Year after year Mr. Goetze has more winners in the state meet than any other teacher.

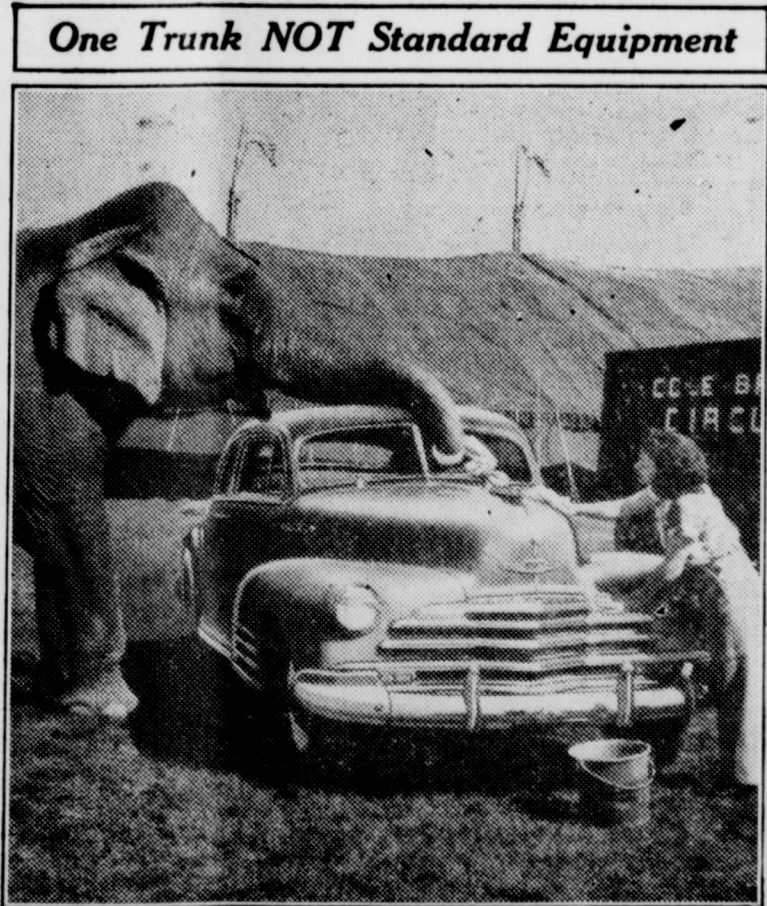

Mr. Goetze's band marched in the parade and then gave a concert on the lawn by the City Hall, which was enjoyed by a large crowd.

Members of the band are: Tommy Welch, Jimmy Welch, Lavena Paton, Dorothy Stover, Gene Rupe, Clarence Mertins, Charles Rupe, Melton Mertins, Virginia Allgood, Tommy Stanford, Quida Allgood, Tommy Stanford, Jr., Deloris Kinnard, Darlina Stanford, Faith Kinnard Kirkpatrick, Mr. Crow, Dona Lee Lakis, Pat Patterson, Patsy Patterson, Nita Zuaker, Jerry Rich, Billy Fanfair, Herbert Sims and Mascot Little Miss Lakis.

Mrs. W. L. Long of Gladewater, Texas, arrived Monday morning for a visit with her aunt and uncle, Mr. and Mrs. H. D. Brown. While in town, Mrs. Long dropped by the office and renewed her subscription to the Burk Star.

## Burkburnett . . . . History

As revealed by the files of the Star 10 years ago.

Whatever the weatherman may say, indisputable proof that spring is truly here and summer is on the way comes from the ever-faithful circus, most reliable harbinger of fair weather to come. Sprucing up between showings, the circus maintains its luster for young and old, and one way it's done is shown here. Pretty Kay Clarke gets elephantine assistance in keeping her new Chevrolet glistening, as old Blanche, queen of the Cole Bros. Circus "peerless pack of ponderous pachyderms," lends a hand . . . er, trunk.

The home of Will Teal burned Thursday night following the explosion of a gas refrigerator in the kitchen. The home was completely destroyed.

Members of the Women's Auxiliary for the Volunteer Fire Department plan to start a class in first aid under the direction of Mr. and Mrs. Jim Johnson in the near future.

Ray Hill and Herman Engleman were visitors in Devol Friday afternoon attending the demonstration of cotton growing sponsored by the Methodist congregation of that community.

Mr. and Mrs. Pat Nolen announce the arrival of a son, William Willis, born July 3.

Miss Margaret Boden is taking a two weeks vacation trip to Shreveport, La.

Mr. and Mrs. Leo Dudley and family visited Mrs. Dudley's parents in Wakamucka, Oklahoma, Sunday and Monday.

Fred Brookman and Jimmy were in Dallas Monday and Tuesday.

## Services Unites Well Known Pair

Mr. and Mrs. O. E. Melton announce the marriage of their daughter, Maxine, to Mr. Harry Creel on Saturday, June 28. Double ring vows were read at 6:30 p. m. by Rev. T. Herbert

Minga, pastor of the First Methodist Church of Burkburnett, on the lawn of the Melton home at 418 Magnolia. A white trellis, covered with clematis and daisies, with tall urns filled with mixed gladiolus on either side, provided an attractive background for the ceremony. Especially effective were the large baskets of seas-

nable blossoms which hung from the tree branches.

Recorded music provided by Mrs. Billie King of Wichita Falls, included "I Love You Truly," "O Promise Me and Ava Maria."

The bride was smartly attired in a blue suit of raw silk, with which she wore white accessories. She wore a string of pearls a gift of the groom, and for something borrowed, a silver bracelet belonging to Mrs. Opal Bookbinder.

Mr. and Mrs. James Piester of Wichita Falls were the couples only attendants.

Following the ceremony, a reception was held on the lawn. Individual cakes and punch were served from a table which was laid with a lace cloth over blue, with an attractive center decoration of yellow gladiolus and white daisies. Misses Jeannie Pogue and Beth Brookshear presided at the refreshment table, while Mrs. Roy McLean of Byers, Texas, secured names for the guest book. Approximately 60 guests were greeted by Mrs. Bill Parr, Jr.

Out of town guests in addition to those mentioned included Lt. Col. and Mrs. Walter E. Tardy of Ft. Bragg, N. C.; Mr. and Mrs. Don Maben of Wichita Falls.

The reception preceded the departure of the bride and groom for a trip to Hobbs, New Mexico, after which they will establish a home at Pampa, Texas, where Mr. Creel is associated with the Skelly Oil Company.

Mr. and Mrs. Roy A. Kelley and daughter, Helen of Milaca, Minn., arrived Wednesday night to attend the celebration. The Kelleys are former residents of Burkburnett, and visited in the J. H. Cecil and Hugh Jones homes while here. According to Mrs. Kelley, they traveled thru rain, snow and floods, arriving too late for the parade Wednesday, but were thoroughly enjoying the remainder of the celebration.

## Gribble - Cope Rites Revealed

Before an altar of white gladiolus and lighted candelabra, Dan Gribble and Virginia Cope were united in marriage in a double ring ceremony performed by Dr. John R. Kenney in the Little Chapel of Sacred Memories, Sunday, June 15 at 3 o'clock.

Mr. Sam Cope gave his daughter in marriage. She wore a beautiful white street length crepe dress, with a V-neckline. Her only ornament was a double string of pearls, and she wore a below the shoulder length veil and long fingerless gloves. Her bouquet was an orchid on top of a white prayer book. She carried out the traditional, something old, something new, something borrowed and something blue.

Miss Euva Pease was maid of honor, and wore an aqua dress, with white accessories. Misses Bettie Wilkinson and Mayre Muller were bridesmaids, and wore lime green and yellow dresses respectively, white shoes and off the face hat to match. All carried ruffled white net hearts, centered with pink and white carnations with matching satin ribbon streamers.

Lindy Robinson was best man for the groom. Jack Hart and Lairy Doan were ushers and also lighted the candles before the ceremony.

Miss Joan Spaw sang, "Because," "Through The Years", and "The Lords Prayer." Music for the wedding was provided by Mrs. Harold J. Burt who played the traditional wedding march and recessional.

Mrs. Gribble is the daughter of Mr. and Mrs. Sam Cope of 408 Cypress St., Bakersfield, Calif., and was a member of the graduating class of Bakersfield Jr. College, June 6. She completed both

grade and high school in Burkburnett.

Mr. Gribble is the son of Mrs. J. R. Price of Birmingham, Ala. He completed high school in Dallas, Texas, and served 4 years in the Navy and Merchant Marines.

A wedding reception was held in Orchli Hall following the wedding.

Mrs. J. R. Price and Miss Bernice Gribble, mother and sister of the groom attended the wedding.

Mr. and Mrs. Gribble will reside at 2404 Monterey St., Bakersfield.

Mark Duke of Burkburnett, a senior student at North Texas State College, has been elected vice-president of Pi Omega Pi, honorary business administration fraternity on the NTSC campus. A business administration major, Duke is also a member of the Accounting Club at the college.

Carol Ann Hageman is visiting relatives in Haskell and Knox City this week.

## "Advance-Design" Chevrolet Trucks Make Bow

The trucks that will bring true postwar design to the highways of America, Chevrolet's new "advance-design" line of commercial vehicles, will be introduced to the trucking industry June 28 by Chevrolet dealers across the country. Incorporating a variety of new features that assure greater operating efficiency, load-carrying ability and highway safety, the new trucks are said to be more rugged and durable than ever before. First units were built in Chevrolet's Janesville (Wis.) assembly plant, and were appropriately hailed. Here the "Queen of America's Dairyland," Miss Betty Gene Gardner, Ridgeway, Wis., christens the new vehicle as Gov. Oscar Rennebohm, Wisconsin's chief executive (right), and R. W. Podlesak, Janesville plant manager, look on.

## Mrs. Joe Mitchell Hostess To 20th Century Club

Members of the 20th Century Study Club met Tuesday of last week in the home of Mrs. Joe Mitchell for their regular meeting. A gift was presented to Maxine Inlow, who also won the contest prize.

Delicious refreshments were served to Mesdames Buddy Bean E. L. Blum, W. P. Boydston, Ralph Brookshire, Howard Clement, Margarette Eastman, Rhea Fudge, Dan Hofacket, Maxine Inlow, Robert Kearns, Chris Morris, Bill Parr, Edwin McCreary, Geo. Welborn and the hostess, Mrs. Mitchell.

There will be no program at the next meeting, when members will enjoy a swimming party and picnic at Westmoreland, July 8.

Mrs. R. R. Briscoe visited in Lubbock last week with her daughter and family. Mr. and Mrs. Harry Goble. She also visited her brother, Dr. J. H. Haney, who has been seriously ill in a Lubbock hospital. Mrs. Goble and children came home with her Saturday and returned to Lubbock Tuesday.

Lt. Col. Walter E. Tardy of Ft. Bragg, N. C., arrived last Thursday to join Mrs. Tardy and their sons who have been visiting in the home of her sister, Mrs. Carl Morrison. Lt. Col. Tardy was taken to the Wichita General hospital Monday night, where he underwent an appendectomy.

Mr. and Mrs. P. A. Johnston and daughters of Elk City, Okla., visited last week with Mr. and Mrs. H. A. Goodwin and attended the celebration.

Mr. and Mrs. Dutch Wolf returned home Saturday after spending two weeks visiting with their son Loyd and wife and other relatives in Long Beach and Los Angeles.

Mrs. H. S. VanCleave and Oma returned late Wednesday after an extended visit in the home of H. S. VanCleave, Jr., in Shreveport, La., and in Waxahachie, Texas at the home of Mrs. VanCleave's sister, Mrs. Truman C. Appleby.

## Jr. Study Club Auctions Car And Frigidaire

In connection with the Town celebration last week, the Jr. University Study Club auctioned off a Frigidaire Sedan at the Tom Brors Friday afternoon. The car was bought by Mrs. J. H. Haney, while Wiley of the Burkburnett bought the Ford.

The car was obtained through the cooperation of the Tom Motors, and through the Garland Company.

The professional who through courtesy and celebration, were the eye of Grandfield and Kirkpatrick of Randall.

Visitors in the home of S. VanCleave and Oma end included Mr. and Mrs. VanCleave and children Ann and Carolyn of Ft. Worth and Mrs. W. Frank also of Ft. Worth and Mulkey of Quanah.

Guests in the G. T. home this week are Mrs. Chas. Spence, Mr. and Mrs. Richardson and daughter of Muncie, Ind.

Mrs. O. L. Inman of Nett and her daughter L. Rogers of Wichita visiting in Modesto, Okla. They plan to be gone the month of July.

Mrs. Troy Miller has home from Brownsville she has been with Mrs. Francis Miller who major operations.

Miss Nell Gibson left for Los Angeles, Cal. she will spend a two week vacation.

**Lodge Officers**

The Burk Burnett Lodge No. 1027, met June 30th at the home of Mrs. J. H. Ferguson, 1027 A. F. & A. M., for their installation ceremony. The ceremony was opened with prayer by Mrs. J. H. Ferguson. The Burk Burnett Lodge No. 1027, met June 30th at the home of Mrs. J. H. Ferguson, 1027 A. F. & A. M., for their installation ceremony. The ceremony was opened with prayer by Mrs. J. H. Ferguson.

Simmons, installing officer, and L. Charlie Clements, installing Marshal, the following officers were installed: J. H. Ferguson, W. M.; A. C. Houser, S. W.; Jim Ady, J. W.; O. G. Burnett, Sec.; O. J. Ensey, S. D.; W. K. Clayton, J. D.; John Shields, S. S.; A. R. Allen, Tyler.

Interesting talks were made by officers and visitors from Wichita Falls. The ceremony was closed with a prayer by B. L. Turner. Mrs. P. A. Wiggins and Mrs. A. R. Hill were Seymour visitors Tuesday.

**Returns Home**

Mrs. J. C. Adams returned home last Wednesday after visiting relatives and friends in San Antonio. Mrs. Adams, with Mrs. J. C. Adams, Jr., and children Mary West and Robbin Lucille, of Rafter S Ranch and Mr. and Mrs. Cardenas of Tucson, Ariz., were guests of Mr. and Mrs. Geo. W. West in the St. Anthony hotel for a week-end. They also visited Mrs. Ike West in San Antonio. Before returning home, they spent a week at the Rafter S.

Ranch as guests of J. C. Adams, Jr. and family. Mrs. Adams' return home was delayed due to an eleven inch rain, causing a break in a dam, cutting off all highways. She made the trip by plane.

Change Your Weight For Beauty's Sake

WHO said you can't have your cake and eat it, too? You can actually change from the well-padded matron on the left to the slim miss on the right without skipping any meals.

It's all a matter of counting calories. If you want to lose two pounds a week, and you're an average-sized woman, allow yourself between 1200 and 1300 calories a day.

No Help Mrs. Elite—She has a large repertoire, hasn't she? Mrs. Dubb—Yes, and that dress she's wearing makes it look all the worse.

Big Game Man hurrying into store—Quick, give me a mousetrap. I got to catch a bus. Clerk—Sorry, sir, they don't come that large.

Improving "Johnny—Johnny!" "Huh, me?" "Are you spitting in the fish bowl?" "No, but I've been coming pretty close."

A mother may hope that her daughter will get a better husband than she did, but she knows that her son will never get as good a wife as his father did.

Not Double Bill—Wipe off your chin. Al—I will not. It's the only one I got.

Full Count "There are ten reasons why I could never even consider marrying Joe." "What are they?" "Well, the first is that he hasn't any money, and the other nine are things I want."

Quick Thinking Son (who had caught his father kissing the maid)—Whatcha doin', Pop, kissing the maid? Pop—Bring me my glasses, son. I thought it was your mother.

WEEKLY NEWS ANALYSIS Seek To Abandon Farm Control; Gromyko Hits Disarmament Talks; Open Universal Training Hearings

Released by Western Newspaper Union

Secretary of the Interior Julius A. Krug (left), Undersecretary of the Navy John L. Sullivan (center) and Max W. Ball, director of oil and gas division of interior department, meet to probe nation's critical petroleum supply shortage.

FARM CONTROLS: Opposition Grows

American Farm Bureau federation, powerful farm group which sponsored most of the agricultural legislation now in force, is considering recommendations for total abandonment of all farm price and control programs by the government.

Edward A. O'Neal, president of the federation, said the board is not satisfied with the old AAA, established during President Roosevelt's first term. He revealed that a better agricultural program than the one the farmers now have is being sought. The AAA authorizes payments to farmers for reducing acreages in the basic crops of wheat, corn, cotton, rice, tobacco and peanuts.

Farmers from the North and Northwest have consistently opposed federal subsidies, and sentiment was reported to be growing among the producers for letting farm products seek their own price level as a permanent policy.

In the South, however, cotton and tobacco growers are known to be satisfied with the situation as it stands, favoring tight controls if prices start to slip.

One of the federation's economists predicted at least a 10-year period of good prices for farmers at levels slightly below those prevailing now.

DEFIANCE: Gromyko Again

In what was possibly his most defiant action since he walked out of the security council a year ago, Andrei Gromyko, Soviet delegate to the United Nations, acidly warned the U. N. disarmament commission that its refusal to include atomic control in the negotiations on general disarmament would bring about a total "collapse" of disarmament efforts.

He said the commission's refusal to link the two aspects of world peace plans was contrary to the wishes of the U. N. general assembly, but delegates of France, Great Britain and Belgium promptly denied the charge.

Ignoring previous Soviet warnings, the commission had voted down a long list of Russian and Polish proposals to tie atomic control with disarmament talks and approved an American-sponsored work plan to keep the two subjects separate.

FRUITED PLAINS: Apple Outlook Rosy

Despite a late spring and some frost damage in eastern fruit areas, prospects continue generally favorable for this year's crop of apples and other deciduous fruits, a department of agriculture report has disclosed.

The 1947 strawberry crop is estimated to be nearly a fourth larger than the 1946 crop, but still a tenth below average. However, the peach crop in 10 early southern states is expected to set a new record of more than 25 million bushels this year, the third successive large crop from those states.

In California, the sweet cherry crop of 29,000 tons is 15 per cent smaller than last year, but still 16 per cent larger than the 1933-44 average. California's 92,000-ton plum crop is slightly below 1946.

Seek Pilate's Villa

Pontius Pilate, the procurator of Judea who gained an everlasting place in the annals of infamy by washing his hands and thus sanctioning the crucifixion of Christ, may have spent his boyhood and youth in a villa near what is now Canterbury, England. That, at least, is the theory of a party of British archeologists who now are excavating in the Roman ruins uncovered by Nazi bombings.

TRAINING: Hearings Begin

Although congress is scheduled to adjourn July 28, the senate armed services committee has voted to proceed with hearings on universal military training.

But in a formal statement the committee added that if a report cannot be made ready by July 28, it will attempt to have a report prepared for congress when it convenes again.

Decision of the senate group was reached at the Very Rev. Edmund A. Walsh, a member of President Truman's universal military training commission, told a house committee that "the politburo in Moscow is not going to adjourn for the summer as its forces creep across Europe."

Father Walsh said that America is definitely on the Soviet agenda of conquest, and Russia will be ready to start her "shooting war" as soon as her atom bombs are in production.

TAX PLANS: To Think Over

Congress has been presented with four tax-revision plans to think over until it gets ready to have another go at the income tax problem.

The treasury department has given the house ways and means committee studies of four plans to equalize federal income taxes on married couples in all 48 states.

One of the proposals would save 4,900,000 couples three-quarters of a billion dollars annually by giving those living in 38 states the same "income splitting" rights now enjoyed by couples living in 10 states which have community property laws.

Secretary of the Treasury John Snyder has indicated that the administration considers the proposed plans to be among the "right kind" of changes in the tax setup.

IKE TO STAY: Denies Report

Gen. Dwight D. Eisenhower will not resign as army chief of staff, at least this year.

Walter Winchell, in a copyright story in the New York Daily Mirror, had reported that General Eisenhower had tendered his resignation as chief of staff and would become president of Columbia university next fall. The story said that Eisenhower's resignation was in the hands of President Truman.

The nation's military leader, however, issued a firm denial: "I have no intentions of resigning as chief of staff during the current year, and in no event would I do so without first getting full approval of the President and the secretary of war."

Price of Warfare

How much does a war cost? Many answers are possible, says a review by the National Industrial Conference board, but the cost of any war cannot be determined definitely until at least a century after the end of hostilities.

For example, it was not until this year (1947) that the last pensioner of the War of 1812 disappeared from the United States budget. As another instance, the military cost of the Spanish-American war was a mere 582 million dollars; however, the continuing costs—interest on war debt, pensions and care of veterans—amounted to 2,400 million dollars during the 48 years ending June 30, 1946.

The continuing costs of World War I are already about 40 per cent greater than the military costs of that conflict. But the real payoff comes with World War II. On June 30, 1948, just eight years will have elapsed since continuing costs of World War II began, and on that date they will have amounted to more than the total military cost of World War I. Our latest war will have cost us about 700 billion dollars by 1972, and the government will still be paying pensions in the year 2076 as a result of the war which came to an end in 1945.

THE MANAGEMENT: Money Talks

Under the 300 million dollar American aid program to strengthen Greece against inroads of Communism the United States will take over virtually the entire economic management of that country, an exchange of notes has indicated.

It was reported unofficially that the United States also will favor some political reforms in the Greek government—specifically, the admission of "liberal" elements to responsible governmental positions.

Notes between Washington and Athens setting forth a comprehensive program of economic reforms to be undertaken in Greece have been made public by the state department. They concern taxes, industry, government administration, trade, finance and agriculture.

Contained in the notes is a guarantee that Dwight Griswold, administrator of the aid program, will have effective supervision over all the dollars spent for Greece.

OPEN SESAME: The Holy Land

The bitterly tragic puzzle of Palestine and the Jews appeared as insoluble as ever as the United Nations committee on Palestine opened hearings in Jerusalem.

Reporting at the committee's first open meeting, the Jewish agency for Palestine persistently demanded unlimited Jewish immigration into the Holy Land, contending that immigration was the key to the whole Jewish case.

The British previously had testified in a closed session from which the press and public were barred.

Moshe Shertok, head of the political department of the Jewish agency, asserted that it was impossible to estimate how many more Jews could be absorbed into Palestine, adding that while Jews now make up only one-third of the population, two-thirds of the local internal revenue comes from them. The bulk of Palestine's local budget is spent in a way to benefit the Arabs principally, Shertok said.

Mr. Whiskers

Rep. Chester Gross (Rep., Pa.) donned phony beard in the house chamber and invited his colleagues to attend sesqui-centennial celebration at Waynesborough, Pa., where male population stopped shaving last February to cultivate whiskers for event.

ANOTHER CRASH: Fifteen Die

Fifteen persons were killed and another 10 injured when a Pan American Airways clipper carrying 27 passengers and a crew of 10 crashed to earth near the Euphrates river in eastern Syria.

The plane had left Karachi, India, the previous day and was en route to Istanbul as its first scheduled stop on a return trip to New York. Identified as the Eclipse, the clipper had turned back at Gander, Newfoundland, on the outbound flight from New York after developing engine trouble.

A flight control officer in Cairo, Egypt, said that about two hours before the crash the plane had radioed that one engine was ablaze, and a subsequent message said that the pilot was trying to crash-land the craft.

G.I. BILL: Curb Benefits

The senate has passed legislation stopping benefits under the G.I. bill of rights to those who enlist in the services after August 31. If the measure is approved by the house it will mean that future servicemen will not be eligible to receive educational allotments or on-the-job training grants.

At senate hearings on the legislation, the army and navy did not object to fixing the August 31 cut-off date but asked authority to set up a substitute program to encourage further enlistments.

Mines Still Deadly

Ships are still being sunk along the trade lanes of the seven seas as a result of floating mines which were sown in wartime.

Nearly two years after the war's end, the U. S. maritime commission reports, ships of American and foreign registry are either being sunk or damaged by mines at the rate of at least six a month. Since V-J Day, American minesweepers have gleaned a total of 12,014 mines.

SUNDAY SCHOOL LESSON

Moral Integrity in Our Everyday Lives

LESSON TEXT FOR JULY 6—Job 1:1; 27:1-5; 31:19-28. MEMORY SELECTION—My righteousness I hold fast, and will not let it go; my heart shall not reproach me so long as I live.—Job 27:6.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute, Chicago.

MODERN problems may well be solved by the principles found in Old Testament Scripture. Man is essentially the same as he always has been; sin and temptation to evil have only changed their outer trimmings. Above all, the Word of God is eternal in its validity and effectiveness.

We learn from Job and his experiences that it is possible so to live by the grace of God, that he can be pleased with our lives. That is an encouraging fact. Job was just a man, but he was a man who was

I. Upright and Good (1:1). SOME liberal critics of the Bible have tried to prove that Job was not a real man, but other Scripture makes it clear that the words "there was a man" (v.1) states a fact. (See Ezek. 14:14 and 20; Jews could be absorbed into Palestine, adding that while Jews now make up only one-third of the population, two-thirds of the local internal revenue comes from them. The bulk of Palestine's local budget is spent in a way to benefit the Arabs principally, Shertok said.

He was a man with a large family, with great flocks and herds, and so a man of business, and the husband and father in a growing and active household. But in it all he was upright, and a good, God-fearing man.

Many make excuses for their failure to serve the Lord. They say that their business duties and relationships make it just about impossible. Others say that family situations and responsibilities keep them from service and worship of the Lord.

The experience of Job explodes all such excuses and squarely faces us with the fact that it is possible to live for God in the midst of the very circumstances of modern life.

II. Tried and True (27:1-5).

AFTER Job had lost his property, his children and even his health, three of his friends came to comfort him. But they only added to his sorrow by accusing him of being sinful, and suffering only what he deserved.

Job in these verses is replying to them. We note that in his ignorance of God's purposes, he accused God of being cruel to him (27:2; 30:21). This matter was later to be straightened out with the Lord.

But even now when he did not understand God's dealings, and stood there sick and destitute, he maintained his integrity. He would not turn from the Lord, nor would he be led off into wickedness.

It is possible for a man to be beaten and bruised and bewildered, and still true to the Lord. Let's never forget that!

III. Kind and Fair (31:19-23).

JOB had been a rich man, but had not let his own prosperity dim his eye so that he could not see the need of his poor neighbor. He was not among those who, because they are well fed, can see no point in all the fuss about the hungry people round about.

There is something very fine and worthy of our imitation here. It is so easy to take what we have as a special favor from the Lord, to be retained and used by us, when we ought to recognize it as a matter of stewardship for the Lord.

A vital part of real moral integrity is the right use of possessions. Many a man or woman who has passed all the other tests with flying colors comes to grief at this point.

IV. Spiritual and Faithful (31:24-28).

THERE were plenty of temptations in Job's day, as there are now, to depart from the worship of the true God to other modes of devotion.

The worship of the sun was common, and Jeremiah 44:17 shows that it continued for generations. In fact, what shall we say of the worldwide devotion to astrology in our day.

Then there was the temptation to worship gold. How up-to-date that is, for do we not have millions who worship "the almighty dollar," yes, even if they do not have it.

To all such temptations Job said a resolute "No." He would not even permit his innermost heart to be enticed secretly (v. 27). He stood true for the God he loved and served.

Who will question that one of our greatest needs in the world today is for men and women who, by the grace and blessing of God, will live good and upright lives, true to the Lord, and sacrificial, in real loving-kindness to men. God give us men, yes, that kind of men! Released by Western Newspaper Union

ASK ME ANOTHER? A quiz with answers and information on various topics.

- The Questions 1. How great a distance can a kangaroo hop? 2. When was the Mammoth cave in Kentucky discovered? 3. Who is credited with having invented the compass? 4. How many patents have been granted by the U. S. patent office? 5. How did Peter the Great change the attire of the Russians? 6. Can any fish live out of water for a considerable time? 7. What was the strongest wind recorded in the United States? 8. The real name of the acting Barrymore family was what? 9. Are other animals besides dogs and people subject to rabies? 10. How many people are employed in the army's scientific and industrial research program?

- The Answers 1. When pursued kangaroos have been known to hop almost forty feet. 2. In 1809. 3. Flavio Gioja, an Italian, about 1300. 4. Two and one-half million. 5. He ordered them to wear pants instead of the flowing oriental robes which were the style. 6. Yes, a lung full of water for 3 or 4 minutes. 7. Two hundred miles an hour, recorded in 1934, on top of Mt. New Hampshire. 8. Blythe. 9. Yes, all warm-blooded animals are susceptible to rabies. 10. Over 40,000 people are working in more than 100 government laboratories.

Blood Pressure Up

A flustered woman, her arms full of packages, approached the department store floorwalker. "Oh, dear," she said in an anguished tone, "I'm looking for my husband. I was to have met him here two hours ago. I wonder if you have seen him?" The floorwalker did his best to look obliging. "Possibly I have, madam," he replied. "Is there any distinguishing characteristic about him by which I could identify him?" After a moment's thought, a frightened expression came over the woman's face. "He's," she replied hesitantly, "I imagine he's purple by now."

Benefits to Our Readers THE PUBLIC nature of advertising fits everyone it touches. It benefits public by describing exactly the products that are offered and just than the employer who has no obligation to them. These benefits of advertising are quite apart from the benefits which advertising confers—the lower prices, the quality, the better service that go with advertised goods.

**Business Tells a Story**

Time was when it was fashionable for everyone to talk about big business and count over the gross and net sins of corporations. Of course, there were mighty good stories even then about our steadily rising standards of living. But the busybodies didn't bother with those success stories, big or little.

I have said that America is now beginning to assume her task in public relations, that of selling her ways and her freedoms and her institutions to people everywhere. I should like to say that some of our groups and institutions have special responsibilities in this job. I think that labor does, as well as business. The task is important to agriculture, to tradesmen, to education, to the professions, and to civic minded folks in every walk. Certainly, labor and industry are each so important in our economic system, that they must be interested in re-awakening the people to an appreciation of America.

**A Report to Workers**

I should like to tell you about a company that is doing its part, thereby shouldering its responsibility for this kind of public re-education. Somebody sent me a copy of a report this company makes to its employees. The report answers questions employees want to know. The answers are frank, fair, and simply stated. There is no doubt the report has made its readers better informed Americans. It did so to me.

It takes \$7,507 worth of capital to give a person a job in this company. Naturally, there would be no jobs for this \$29,600,626. Shareholders who put up this money out of what they earn and save, hope to get "a fair rental" for their money. These folks, the report tells us, are capitalists—"and so are you!" Because we own our possessions, we are "capitalists," and this is a "capitalist" country.

**Why Make a Profit?**

"We have a 'capitalist' industry in the United States because millions . . . use part of their 'capital' to own and operate the most productive farms, stores, mines, and factories on this earth. And that is the reason why we, as a people, have the highest standard of living of any nation in the world. No other system in any country, at any time, by any other means has ever produced so much for so many at such little cost as our 'capitalist' business does in America."

The company says frankly that it made money in 1946—about seven and one-half cents on every dollar's worth of products sold. While this record is termed a narrow margin that calls for economy all along the line, the report makes it plain that the company expects to keep on making money. All this, amidst healthy competitors that cause them to keep putting out better products for less money. Tribute is paid to the keen competition they meet as an effective price regulator.

"A company that can't make money is like a ship that can't float. Neither is safe for you and your family. A company may lose money for a short time, just as a ship may spring a leak and take in water for a short time, but if the losses and the leak can't be stopped soon, the ship sinks and the company goes out of business. Passengers on the ship that sinks and employees of the company that falls are victims of disaster."

**Gladys Wesbrooks, Bowen Cox Nuptials**

Dignified simplicity characterized the marriage ceremony performed at 10 o'clock Sunday to unite Miss Gladys Wesbrooks, daughter of Mr. and Mrs. D. A. Wesbrooks, and Bowen Cox, son of Mr. and Mrs. George R. Cox of Canyon.

The nuptial service took place in the home of the bride, the couple reciting their vows under the direction of Rev. T. Herbert Minga, pastor of the First Methodist Church in Burkburnett.

Decorations were centered about four large basket arrangements of white gladiolus and twin branched candelabra holding white tapers. Palms and other greenery provided a background for the nuptial space. Music for the wedding consisted of "At Dawning" and "I Love You Truly", sung by Miss Alice Milliken with accompaniment by Mrs. Bill Vincent who also played the traditional processional and recessional selections and gave a muted interpretation of "Clair de Lune," during the ceremony.

Miss Kate Campbell had charge of the bride given.

The bride given in marriage by her father, wore a crepe peplum frock of French blue with Christine original hat of white organdy trimmed with hand made organdy pon pon roses. Long white gloves, accessories of white and a white orchid bouquet carried atop a white Bible with stephanot tied shower completed her ensemble.

Miss Ouida O'Neal, maid of honor, wore a yellow frock with white accessories and corsage of white carnations. Master Charles Albert Wesbrooks, nephew of the bride, served as ring bearer and Ada Smyth, niece of the bride was flower girl. Best man for the groom was J. Douglas Smyth of Amarillo.

The date of June 22nd is the forty-fifth anniversary of the bride's parents, who were also married at 10 on a Sunday morning.

**Well Known Couple**

The bride received her early schooling in Burkburnett, holds a B. S. Degree from North Texas State College in Denton and an M. A. from George Peabody College, Nashville, Tenn. She taught in the schools of Burkburnett and has been employed as a teacher in the Amarillo High School for a number of years.

The groom has a B. A. degree from West Texas State College at Canyon and has done graduate study at the University of Colorado and the University of Texas. During the war he served two and one-half years in the air corps in England. He has taught in the schools of Quanah, Memphis and Sweetwater and is now employed in the county clerk's office in Amarillo where he is an active member of the Shrine and Polk Street Methodist Church.

For her going-away costume, the bride selected a brown and white two-piece dress with brown accessories. Following a wedding trip to Colorado Springs and Denver, the couple will establish residence in Amarillo.

Out of town guests included: Miss Mary Kate Campbell of Merkel, Miss Ouida O'Neal of Texarkana, Miss Katherine Lasseter, Miss Nathalie Gorin, Mr. and Mrs. Mark Wesbrooks and sons, Perry, Bobbie and Charles Albert; Mr. and Mrs. Roy Knight, all of Wichita Falls; Mr. and Mrs. J. Douglas Smyth and daughter, Ada, of Amarillo; Mr. and Mrs. Charles Wesbrooks of Abilene; Mr. and Mrs. C. C. Riggins of Houston; Miss Annabel Cox of Canyon.

Henry Grace and R. L. Mattingly of Wichita Falls were Boom Town visitors Friday.

—Photo courtesy Ball Bros. Co.

Tomatoes, really a fruit but more often regarded and used as a vegetable, are easy to can at home, and yet few people ever have enough to last through the winter until the next crop comes along. To can, select fresh, firm, sound ripe tomatoes and wash carefully. Scald in small quantities. Using a cheesecloth square to hold the tomatoes and dipping them into hot water is an easy and effective way of scalding.

Skin, pack and process as quickly as possible after scalding. Letting the tomatoes stand after scalding is likely to cause flat

sour. If exposed to air after skinning they also lose food value. Tomatoes are an important source of Vitamin C (ascorbic acid) which is needed in daily diet for good health. Always cut out the hard cores and green spots before canning and avoid canning tomatoes from which decayed spots and fungus growths have been removed.

The Ball Blue Book recipe for Regular Pack directs that the prepared tomatoes be packed solidly into hot jars. Add one teaspoon salt to each quart. Do not add any liquid. Process 45 minutes in

hot water bath. Or, another method given is to boil the prepared tomatoes five minutes, pour into hot jars, add one teaspoon salt to each quart and process 20 minutes in hot water bath.

To can tomatoes whole, prepare them as above, being careful not to cut into the seed pod when removing the core. Pack into hot jars as closely as possible without crushing. Add one teaspoon salt to each quart, and cover with hot tomato juice or puree. Process 35 minutes in hot water bath.

**IT'S FRESH!

Hubersberger, and Oswald Thomas, trustees, as "Trustees of Colorado-Texas Oil and Investment Association," and the unknown heirs, devisees, legatees, assigns or successors, of all said defendants, Greeting:

You are hereby commanded to appear before the Honorable 30th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of July A. D. 1947 then and there to answer Plaintiff's Petition filed in said Court, on the 3rd day of June, A. D. 1947, in this cause, numbered 43296-A on the docket of said court and styled J. W. Akin, George Wagner Dimock and The Sloan and Zook Company, a corporation, and W. W. Chambers, Plaintiffs, vs. All those persons, corporations and associations first named in this writ and to whom the same is directed, Defendants.

A brief statement of the nature of this suit is as follows: This is a suit to remove cloud from title wherein plaintiffs allege that on or about January 31, 1947, they were lawfully seized and possessed of the oil and gas and other minerals in and under the hereafter described lands by virtue of oil and gas leases from the fee owners of the lands as shown hereinafter to-wit:

50 acres in Wichita County, Texas, described in an oil and gas lease from Mrs. Margaret S. Merryman et al to W. W. Chambers dated November 20, 1946 and recorded in Volume 447, Page 244, Deed Records, Wichita County, Texas, and in which an undivided interest was assigned to J. W. Akin and George Wagner Dimock and The Sloan and Zook Company, said 50 acres being described as follows:

60 acres, more or less, out of the C. T. R. R. Company Survey No. 3, Abstract No. 50 and the J. Johnson Survey, Abstract No. 500 less the excepted 10 acres hereinafter described, said entire tract and the excepted tract being described as follows, to-wit:

Beginning in the West boundary line of the said J. Johnson Survey at the Southwest corner of the 73.71 acres out of the 2 surveys aforesaid fully described in an oil and gas lease executed by John E. Hunter to J. C. Hunt, dated the 7th day of February 1917 and of record in Book 88, Page 635 of the Deed Records of Wichita County, Texas; Thence

South 1734 feet a stake for the Southwest corner of this tract; Thence East 1518 feet a stake for its Southeast corner; Thence North 1734 feet to the Southeast corner of the said 73.71 acres; Thence West with the South boundary line of the said 73.71 acres 1518 feet to the place of beginning and containing 60 acres of land, more or less, but there is especially excepted from the foregoing tract of land the following described 10 acres of land more or less, to-wit:

Beginning at a point 273.25 varas East of the Southwest corner of the said 73.71 acre tract; Thence East 273.25 varas; Thence South 206.5 varas; Thence West 273.25 varas, Thence North 206.5 varas to the place of beginning and containing 50 acres, more or less, and plaintiffs further allege that on or about the 3rd day of June, 1947, they released the following described 15 acres of said lease, to-wit:

15 acres out of the J. Johnson Survey Abstract No. 500 and C. T. R. R. Company Survey No. 3, Abstract No. 50 described as follows:

Beginning at a pile of stone on the prairie for Southwest corner of C. T. R. R. Company Survey No. 3; Thence East with the South line of same 222 feet to an iron stake in the Northeast corner of a 10 acre lease to W. L. Mann; Thence North 842 feet to a stake; Thence West 776 feet to a stake in the West line of J. Johnson Survey; Thence South with West line of same 842 feet to a stake; Thence East 554 feet to the place of beginning containing 15 acres of land, more or less, in Wichita County, Texas, being part of the land leased by Roller Estate to T. F. Hunter March 25, 1921 recorded in book 166, Page 103, Deed Records of Wichita County, Texas.

Plaintiffs further allege that on January 30, 1947 Mrs. Margaret S. Merryman et al executed and delivered to J. W. Akin and George Wagner Dimock an oil and gas lease upon the following described land in Wichita County, Texas, as shown by the lease of record in Volume 456, page 167, Deed Records of said county:

Beginning at the Southwest corner of Block No. 16 of the J. Johnson Survey A-500 of the Oil and Gas Subdivision of the J. E. Roller Estate. Thence South 148 feet to the Northeast corner of Block No. 3 of the same survey; Thence West along the North line of said Block No. 3, a distance of approximately 742 feet to the Southeast corner of a certain 10 acre tract, which is designated Tract Number Eight in an assignment from Z. F. Dale to Cable Oil Company, recorded in Volume Number 103, Page Number 580 of the Deed Records of Wichita County; Thence North along the East line of said 10 acre tract a distance of approximately 996 feet to the South line of a certain 50 acre lease from Mrs. Margaret S. Merryman, et al, to W. W. Chambers, dated November 20, 1946, and filed for

record in Wichita County, December 13, 1946; Thence East along the South line of the said 50 acre lease, a distance of approximately 742 feet to the West line of Block Number 16; Thence South along the West line of Block Number 16, a distance of approximately 848 feet to the place of beginning and containing 17 acres, more or less.

Plaintiffs further allege that on January 30, 1947, the defendants unlawfully entered upon said leased premises and ejected plaintiffs therefrom to their damage in the sum of \$1,000.00, and that the reasonable annual rental value of said leased premises is \$1,000.00. Wherefore, plaintiffs pray that defendants be cited to appear and that they have judgment for title and possession of the leasehold estate in the above described land and premises, for writ of restitution for rents, damages, costs of suit and general relief.

For second count plaintiffs allege that on or about March 25, 1920, R. E. Cabbell and George G. Grattan, independent executors of the Estate of John E. Roller, executed an oil and gas lease to T. F. Hunter which is of record in Volume 166, Page 103, Deed Records, Wichita County, Texas, which lease conveyed to said T. F. Hunter all of the oil, gas, and other minerals in and under the following described land in Wichita County, Texas.

140 acres of land described by metes and bounds as follows: Beginning at the Southwest corner of the J. C. Hunt 73 acre lease and at a point 272.5 varas South of the Southeast corner of the O. Farish Survey; Thence East 546.5 varas; Thence South 957.5 varas; Thence West 428.5 varas; Thence North 350 varas; Thence West 350 varas; Thence North 629.7 varas; Thence West 451 varas; Thence North 250.3 varas, Thence E. 683 varas; Thence South 272.5 varas to the place of beginning and which 140 acre tract was by the said T. F. Hunter cut up into various small tracts, and 100 acres of said land described as follows:

Being out of the Jessie Mumford Survey Abstract No. 604 C. T. R. R. Company Survey No. 4, Abstract 438, John Johnson Survey, Abstract No. 500, and C. T. R. R. Company Survey No. 3, Abstract No. 50 being 100 acres described by metes and bounds as follows:

Beginning at a stake for the Northeast corner of said Jessie Mumford Survey and the Southeast corner of the Oscar Farish Survey, Thence West with the North line of said Mumford survey 232 varas; Thence South 647 varas to a stake; Thence East 232 varas to a corner; Thence South 243.3 varas a stake; Thence East 297.3 varas for corner; Thence South 350 varas; a stake; Thence East 267.2 varas a corner; Thence North 957.5 varas a corner; Thence West 546.5 varas a stake; Thence North 272.5 varas to the place of beginning, save and except the 10 acres thereof re-assigned by Clois L. Green and R. M. Waggoner to T. F. Hunter, W. L. Mann and P. W. Andrews, by assignment dated May 12, 1920, and recorded in Book 167, Page 259, Deed Records of Wichita County, Texas, was conveyed to Oil Lease Holding Company, a corporation, by an assignment of record in Volume 234, Page 56, Deed Records, Wichita County, Texas. Said lease provided that the net value of 1-8th of all oil should be paid to grantors and their assigns, and also provided for cash payments each year for gas taken

from said land. Plaintiffs allege that the lease above described to T. F. Hunter was given primarily in consideration of the development of said lands for oil, gas and other minerals, so that the royalties therein provided for would be payable to grantors in said lease or their assigns and said lease provided that if any portion thereof were assigned that the covenants in said lease would be binding upon said assignees, one of which was the implied covenant of reasonable development.

Plaintiffs allege that the defendants herein have wholly failed to carry out the covenant of reasonable development, and have abandoned said leased premises in so far as same covers the lands upon which these plaintiffs have valid leases and assignments as herein set forth; and the lands upon which these plaintiffs have valid leases and assignments are included within the 100 acres last above described, and the assignment of the Oil Lease Holding Company constitutes a cloud upon plaintiff's title, and is preventing these plaintiffs from developing their leased premises for oil and gas and other minerals. Plaintiffs further allege that the other defendants herein are also making some claim of right, title, lease or other interest in the lands leased by these plaintiffs, and that plaintiffs' title should likewise be quieted as against the other defendants.

Plaintiffs further allege that no oil has been produced on the land upon which they hold valid leases and assignments by any of the defendants herein for 20 years preceding the filing of this suit, and because of such failure to reasonably develop, and because of abandonment, the interest and title of the defendants has long since reverted in the fee owners of said lands, and so vested prior to the time that said fee owners, the heirs and devisees of John E. Roller, to-wit: Mrs. Margaret S. Merryman,

Mrs. Frances Grattan, Lucy C. Roller, Mrs. Elizabeth Roller Bottimore, and Mrs. Annie Roller Pyle, executed the leases which are now owned by these plaintiffs, and these plaintiffs are now the owners of valid oil and gas leases upon the lands herein described and referred to in the leases of these plaintiffs.

Plaintiffs further allege that they have no adequate remedy at law because their action for damages would be difficult of proof, and because since the residences of the defendants are unknown a personal judgment could not be taken for their damages.

Wherefore, plaintiffs pray for a decree cancelling the claim of the defendants to an oil and gas lease, or assignment of an oil and gas lease, or any other claim which the defendants might have in and to the lands herein referred to as being under lease to these plaintiffs, and for such other and further relief to which they may be entitled both in law and in equity.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this 5th day of June, A. D. 1947.

(SEAL)  
Attest:  
Glenn Haynes, Clerk,  
30th District Court, Wichita  
County, Texas. 46-4c

**Big Plums**

Willis Bartley dropped by the office last week displaying and leaving samples of some large plums he had gathered off a six year old tree at his home. One of the plums measured six inches in circumference.

You can save considerable garden money and add new zest to gardening by growing your own perennial flowers from seed. The produce scores of plants to bring color and beauty to the garden years to come. Most perennials grown from seed bloom the second year after sowing.

Seed should be started at about the same time as that of the annuals, such as zinnias and marigolds. The secret of success is to get the seedlings to transplanting size early enough so that when set in their permanent places in garden or border, they will get a good root-hold before cold weather comes on. A specially prepared seed bed or seed box is best for starting perennial seeds. A seed bed can be easily prepared by knocking the bottom out of a good-sized shallow wooden box and sinking the sides into the ground. The top should be about two or three inches above the surface. Use finely prepared, crumbly garden loam containing plenty of humus. It is important to locate the seed bed where it will be sheltered from strong winds and from sunlight during the hottest part of the day. A seed box or flat may also be used, with holes bored in the bottom for drainage. This has the advantage of being movable to sheltered locations when necessary.

Some perennial seeds are small. Mix them with sand so they will not be sown too deep in the row and merely press into the soil instead of covering them. Larger seeds need a covering of soil. Firm the soil on them so that they will make immediate contact with the soil and plant food. Keep the soil but not wet until the seeds are sown. Some gardeners spread damp earth over the surface to furnish moisture, removing it at the sign of sprouting.

Here are a number of plants that beginners can start from with almost sure success: Cobine, gallardia, coreopsis, baby painted daisy, sweet william, pinks, hardy alyssum, and the like.

Perennial seeds usually take what longer to germinate than of annual flowers. Don't be discouraged if the tiny sprouts do not themselves for two or three weeks after the seed is sown.

Young People's Service, 7:30.  
Preaching, 8:00.  
The spirit of revival is continuing in the church. Last Lords Day there were many who were faithfully engaged in the Lords work. The Lord will reward for faithful service in his name. He that giveth a cup of cold water in the name of Christ shall not lose his reward. The Lord may not have called you to do so called big things, but the greatest thing anyone can do is to faithfully serve God in the little things he calls us to do.

Calvary Baptist church has no modernistic program. The Bible only is our textbook. There is no exaltation of denominations. Christ only is exalted. We invite you to worship with us in the church that is different.  
—Pastor.

**W. M. S. SOCIAL**

The W. M. S. was hostess to all the ladies of the First Baptist Church, Monday night for a covered dish supper followed by the social hour.

The table was set up on the lawn of the church and the menu for the night included fried chicken, vegetables, salads, iced-tea and home made ice cream.

Mrs. Carswell, president of the W. M. S., led the social hour and each circle presented a stunt for the entertainment. The highlight was the colored quartet singing, Sweet Chariot, comprised by Bertha Johnston, Loretta Hunt, Ruth Eeldon, and Mona Walling. Also the clever reading given by Jessie "Georgia" Preston, was quite a favorite. Little Joyce Clare sang a Spanish song. A good time was enjoyed by all. There were forty in attendance.

Mr. and Mrs. Josh Billingslea are visiting with Mr. and Mrs. Charles Kirsh enroute from Pensacola, Fla., to their home in Louisiana.

**Gleaners Class Has Social**

The Gleaner's Sunday School class met for their monthly social in the home of Mrs. M. L. Lahm. Mrs. Hunt led in a word of prayer and then presented Aline Fields who brought a most interesting devotional from Psalms. After a brief business session, Mrs. Buchanan led in prayer. Mrs. Fred Hunt then led the group in games.

A delicious refreshment of ice cream and cake was served to Mesdames Fred Hunt, F. E. Downs, Grace McClurkan, Eldon Morris, Aline Fields, Lawrence Gilbert, Hattie Buchanan, and the hostess, Mrs. Lahm.

**Nazarene Church Has New Pastor**

Rev. Roy McCoy from Lamesa, Texas, has come to Burkburnett to be the new pastor for the local Nazarene Church.

Rev. McCoy has been in Lamesa for the past seven years. His wife and daughter will arrive within the next two weeks to establish their home here.

Mr. and Mrs. F. T. Felty and family are visiting relatives in Los Angeles.

**ALL ABOARD**

All are travelers. But movement does not necessarily mean progress. There are ways and destinations good and bad. Between these each faces the choice and necessity of choosing. Be sure that the way selected leads to the destination desired. There is a way that seemeth right unto a man, but the ends thereof are the ways of death.

Fortunately there is a road which leads to Eternal. Jesus the Christ declared: "I am the way." You may journey in this way if you will. There is no compulsion. You must travel that way if you are to reach that destination. The path of the just is as a dawning light that shineth more and more unto the perfect day.

At the great Railway Station are trains bound in opposite directions. In life you may move toward the heights, or the depths. Time for departure is scheduled; preceding which each must make decision and action. Many have dallied until they missed the train. Decision and action should be made promptly.

Whether are you bound? You may choose light, or darkness; honor, or shame; pleasure, or pain; life, or death! Remember it is impossible to travel the wrong road and reach the right end! The Lord's counsel is: "Strive to enter in by the narrow gate!" Those who follow his counsel he says: "Ye shall not rest unto your souls!" ALL ABOARD!

**YOU IN THE CHURCH**  
Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding democracy. In the church the leadership declare that the church alone can furnish the means to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Warner Holland, grandson of Mr. and Mrs. A. R. Bunstine underwent an appendectomy in a Wichita Falls hospital Tuesday.

Ila Frances Prinzing, student in Ft. Worth, spent last weekend with her parents, Mr. and Mrs. Monroe Prinzing.

Mrs. Jack Daniels and Mrs. Hazel Dill of Midland, Texas, were in town last week for the celebration.

## LOOKING AHEAD

by GEORGE S. BENSON  
President—Harding College  
Scotty, Arkansas

It's Up to Us!

Today it doesn't require a genius of a Barney Baruch to look into the future and see that America faces a great crisis. It doesn't require the wisdom of Solomon to know that if present conditions continue we are headed right into a deep and shocking depression so great that it might affect the fundamental pattern of our economy, and hence the entire future of the nation.

We can, if only we would, prevent a serious depression for many years. But to do so would require three things we now definitely lack. These proper things will not likely be done and the depression will likely come. In the midst of a sobering depression, however, we might muster sufficient courage to do the right things and thereby shorten its duration.

What If It Comes?

I want to outline those necessary steps which could prevent depression if taken now, and which would shorten a depression if taken after it is upon us. In the first place, there is required a brand of bold, courageous, forthright, non-political executive leadership beyond anything Washington seems likely to display.

In the second place, it would necessitate a lot of new, daring, venturesome, resourceful industrial activity, which because of unfavorable tax rates, industrial strife, and general want of vision, we seldom see.

In the third place, it would require from labor leaders in general a very genuine, honest, sincere, and effective effort to remove all practices and policies that hinder maximum production per man-hour, and that needlessly add to the cost of goods, construction, and so on, of which we likewise see but little.

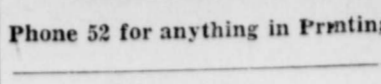

Toward Real Raises

These three steps would bring about three conditions necessary if we are to prevent depression, unemployment, and mediocrity. One of the first things this formula would lead to would be real understanding and cooperation between industry and labor, which is an essential to the continued welfare of this nation. We have not fooled ourselves into the foolish belief that these great segments of industry must ever be at cross purposes.

In the second place, these things would lead to an increase of at least 40 per cent in actual amount of goods produced without increases in labor costs. At the same time there would be no decrease in rate of wages earned. This would rapidly increase the effectiveness of competition and would bring cuts in prices ranging from 20 to 25 per cent, thus giving a real raise in standards of living for the entire public, labor as well as others.

Mr. and Mrs. Bill Bundy, Jr., have returned to their home in Beaumont, after visiting with their parents in Burk.
