C. A. Morgan Heads Co. Farm Bureau

In an important meeting of the Wichita County Farm Bureau directors on the lawn of the Methodist Church in Iowa Park Tuesday evening, C. A. (Buster) Morgan of Burkburnett was elected president to succeed Loys D. Barbour, who has headed the county's organization for the past eight years. Barbour tendered his resignation because he is called from the county constantly in his capacity as director of sales for the Southern Farm Bureau Life Insurance Co. and as a member of the board of directors of the Texas Farm Bureau Federation.

Delegates to the Southern Farm Bureau Training School, the first ever held in Texas which opens in San Antonio on July 13, were elected as follows: County Agent G. R. McNeil of Wichita Falls, county president C. A. Morgan of Burkburnett; county secretary Mrs. M. L. Hines of Iowa Park, organization chairman for the county; T. J. Pace of Iowa Park, vice-president of the County Woman's Auxiliary, Mrs. Arthur Everett of Burkburnett, county insurance agent George Lewis of Iowa Park, and Wynore Downing of Wichita Falls, Ed Foster of Electra, Emil Schroeder of Burkburnett, and C. E. Birk of Iowa Park.

Sister Of Burk Man Buried In Frederick Sunday

Funeral services were held Sunday afternoon at 2:30 from the Frederick Church of Christ, for Mrs. Vance Gist sister of Wid Phillips of Burkburnett. Elder Dillard H. Thurman officiated, and interment was made in the Frederick cemetery.

Mrs. Gist was injured when the car in which she and four members of her family were riding collided with a pickup and trailer near Oklaunion last Thursday. The family was enroute back to Frederick after visiting Mr. Phillips who was ill.

Mrs. Gist, a former resident of Burkburnett is survived by two daughters, Mrs. Earl Hall, and Miss Elsie Gist of Frederick; three brothers, Charles Phillips of Wichita Falls, Wid Phillips of Burkburnett, and Claude Phillips of Colton, Calif.; two sisters, Mrs. Kimbrell and Miss Phillips; four nephews, W. B. Gist of Tipton, Okla.; Basil and LeRoy Gist of Nocona; and B. S. Kimbrell of Richmond, Va.; three nieces, Mrs. Charles W. Davis of Washington, D. C.; Mrs. Pat Crawford of Eastland, Texas; and Mrs. W. I. Howard of Henrietta; and four grandchildren.

Turns Hero In Romantic Drama "Strange Woman"

George Sanders, who has played quite a succession of fascinating men on the screen, of the sardonic type, for a change portrays an out and out hero in his latest role in *The Strange Woman*, opposite luscious Hedy Lamarr. The film was produced by Jack Chertok and Miss Lamarr for Hunt Stromberg and opens Sunday at the Palace Theatre thru United Artists release. Sanders is cast as John Evered, foreman of Hedy's huge lumber mills near Bangor, Maine, where the action of the story takes place during the early 19th century. He also becomes her second husband, and as Hedy plays the title role, a woman beautiful but ruthless, George has quite a time of it. Now it's his time to take it for Hedy certainly gives him his come-uppance.

Though Sanders is very much the Briton, he was actually born in St. Petersburg, Russia, July 3, 1906, under the protection of the British Embassy. His father, George Sanders, Sr., was a successful rope manufacturer there; his mother, Margaret Koble Sanders, had been a well-known horticulturist in England, twice winning national prizes for her flowers and bee hives.

George attended Russian grade schools until the Revolution. Then since the family was classified as capitalists by the Bolsheviks, they had to flee the country.

Once back in England, life became fairly conventional. George attended Danhurst and Bedales schools and Brighton College. Having been raised in a home where both English and Russian were spoken, he took easily to languages, and studied French, German, and Spanish. Later he visited countries where these languages were spoken and learned to speak them without a trace of an accent.

Saucer Sighted - - Same Not Sunk

Other parts of the state and nation have no monopoly on the flying saucers, according to W. E. Riddle. While attending the open air revival meeting on the lawn at the Church of Christ Monday night, Mr. Riddle reports he looked up toward the heavens about 8:30 and saw a round object about the size of a dinner plate. It gave off a bluish-white light, and turned over and over as it sped through the night. He watched it for about 30 seconds before it passed out of sight.

When Mr. Riddle came to town Tuesday morning he was determined to say nothing about what he had seen the night before. However, when he learned that Opal Paris had seen the same thing at approximately the same time over in Oklahoma, he came by the Star office to make his report. Unlike some of the other saucers reported, this one did not have a tail streaming along behind.

Square Dance Team Cheered At Rodeo, Ft. Worth

Last Saturday night the mounted square dance team of the Burk Riding Club went to Fort Worth to perform at the weekly rodeo. The team received the largest applause of any performance since it was organized little more than a year ago. Couples dressed in matching loud colored shirts with no two couples alike, go through the intricate dance with all the grace and ease of couples on a polished floor.

Beginning Monday, July 14th, the team will be in Walters, Oklahoma, for three nights.

Fall Fashion Show At Burk Tailors

Saturday, July 19, Mr. Spear, West Texas representative for the Hopkins Tailoring Company will be at the Burkburnett Tailor shop showing the fall fashions in men and ladies fine custom tailoring.

Annual Meeting of Red Cross Wed., 16

W. O. Kimmell, Chapter chairman, announces the annual meeting of the Wichita County Chapter of the American Red Cross to be held in the Y. W. C. A. building, Wednesday night, July 16, at 8 P. M. in Wichita Falls. At this time officers and directors of the chapter for the coming year will be elected. At the present time, five board members, a vice-chairman and one executive member are from Burkburnett.

Principal speaker at the meeting will be Mr. Robert C. Edson, director of disaster relief in the Midwestern area. Mr. Edson, who is from St. Louis, will give a general outline of the chapter's duties and responsibilities in relief. He will also give first hand reports on all the recent disasters, including the ones in Texas and the flood area in the Western states. At this meeting, moving pictures will be shown, which were taken at the scene of the recent tornado at Woodward and Higgins, Okla. Short reports will be given on the activities of the chapter during the past year.

Every person, who has paid their dollar for membership in the chapter will have a vote at this meeting. All members as well as officers and directors are urged to be present. It is hoped that Burkburnett will be well represented at this meeting.

Mr. and Mrs. W. W. Chambers spent the week end of the Fourth with their daughter, Mrs. Joe A. Bowles in Austin, Texas.

Church Makes Plans To Buy Pipe Organ

Many people have expressed how they appreciate the electrically transcribed chimes and organ music which has been coming from the Methodist Church. Some people have appreciated them enough to say that they would give as much as five hundred dollars on a pipe organ with chimes which can be broadcast over this community for years to come. Boys and girls who will march down the aisles to pledge their troth each to the other will be inspired by its lovely music. Men and women who attend the regular services will get an inspiration from its lovely tones. Those who work at home and in their places of business will have their hearts warmed with its sweet music. People who lie on beds of pain will be cheered by the melody that will come from this organ.

It may be that there are those in this community, or who have lived here, who would like to make a pledge to this project for the betterment of the community. If so, the pastor would like to hear from them. Any checks or pledge should be made to The Methodist Church, so that these gifts may be deducted from Income tax.

There may be those who have loved ones buried here who would like to make a contribution in memory of those who were so precious to their hearts. If so, their names will be inscribed on a bronze plaque inside the church.

T. Herbert Minga, Pastor.

Rebekah Lodge Holds Installation Monday July 7th

Rebekah Lodge No. 67 met Monday night, July 7, for regular business and installation. Elsie Sanders, N. G. presided and minutes were read by Mary Cecil. Mrs. Sanders presented a beautiful lace doilie to the lodge in behalf of Bro. Mike Begun, who is visiting his children.

A number of old members were back after absence due to illness in the home. The following ladies Mary Ranborger, P. P. O. T. R. A. O. T., Martha Ann Rice, P. N. G., Volenia Rice and Ernestine Van Winkle of Lodge No. 236, Wichita Falls, were welcomed. We were also happy to have Sister Alice Pritz, P. N. G. of Quapaw, Okla. lodge with us.

The meeting was turned to Sister Julia Roderick, P. N. G. lodge deputy, who with her staff of officers, Mary Cecil, Deputy Marshall; Alice Pritz, Deputy Warden; Bertha Wood, Deputy Chaplain; Mattie Myers, Deputy Inside Guardian; and Fannie Glass, Deputy Musician, installed the following officers: Ada Lois Burnett, N. G.; Gertrude Holmes, Vice Grand; Sybil Stubbelfield, Warden; Mary Muhlinghouse, R. supporter to N. G.; Anne M. Stubbelfield, L. supporter to N. G.; Gladys Morris, Inside Guardian; Ruth Ramsey, Outside Guard; Nellie Roe, Chaplain; Fannie Glass, Musician; Eunice Miller, R. supporter to V. G.; Ethel Wofford, L. supporter to V. G.

The hall was beautifully decorated, and the service, very impressive. Jr. P. N. G., Elsie Sanders was presented a P. N. G. pin by the lodge and P. N. G. Cord Regalia by all P. N. G.'s, and other gifts by N. G. Ada Lois Burnett, Mattie Myers, P. N. G., Eunice Miller, P. N. G.; and Ruth Ramsey, P. N. G.

Sister Sanders expressed her deep appreciation, while the N. G. expressed her appreciation for the office and stated she had chosen Psa. 19:14 as her guide for the coming term, and also presented the lodge deputy, Julia Roderick and installing staff and the P. N. G. with beautiful gifts.

Gertrude Holmes, V. G. expressed her appreciation and pledged her allegiance to N. G. and lodge for the coming term. Numerous others had words of good will and thanks. Following adjournment, delicious refreshments were served by Sister Edna Peed and her committee to twenty five members and five visitors.

Mr. and Mrs. Woodie Carter and daughter are spending their vacation with her grandparents Mr. and Mrs. J. B. Schroyer in Rosebud, Texas; and with their parents, Dr. and Mrs. J. H. Jer-nigan and Mr. and Mrs. B. M. Carter in Chilress.

Devol News

Clara Stofor

Mr. and Mrs. W. W. Manley have as guests in their home this week Mr. Manley's sister, Miss Molly Manley of Birmingham, Ala., and a cousin, Mrs. Julia Green of Temple, Texas.

LaVerne Sykes, a student at Cameron College spent the week end with his mother, Mrs. Elsie Sykes.

Mr. and Mrs. Addington and son Jimmie of Longview, Texas, arrived Friday for a visit with Mrs. Addington's parents, Mr. & Mrs. Ross Wright. The Addingtons and Wrights drove to Amarillo Saturday for a visit with Mrs. Gayle Rhyne, Mr. and Mrs. Wright's daughter, and family. They returned home Sunday.

Mr. and Mrs. Roy Stacy and daughters returned from Hot Springs, Ark., this week for an extended visit in the Jess Cates home. Mrs. Stacy is the former Miss Freda Cates.

Mr. and Mrs. Carl Cates of San Antonio, Texas, were week-end visitors in the Cates home.

Mr. and Mrs. Arnold Nolls of Ft. Worth visited over the week end with relatives here.

Eva Lou Doty of Fort Worth spent the 4th of July week-end with her parents, Mr. and Mrs. Claude Doty.

Linda Taylor of Wichita Falls spent a few days last week with her grandparents, Mr. and Mrs. Earl Palmer.

Mr. and Mrs. Lisle Henifin and daughter, Sally returned to the Stofor home last Thursday following a trip to points in northern states. They were accompanied here by Mrs. Henifin's brother, O. W. Smith and family of Birmingham, Ala., for a 10 day visit, when the Henifin family will return to their home at Kingman, Ariz., and the Smith family will continue their vacation at Pensacola, Fla., before returning to Birmingham. Mr. and Mrs. Jack Jeter of Wichita Falls and sons, and Joe Bill Dodson visited in the Stofor home Monday evening.

Mr. and Mrs. H. V. Osborne of Coffeyville, Kansas, have been visiting the C. D. Crosslands the past week.

The Walter Frye home was the scene of a family gathering when five of their six sons and Mrs. W. L. Frye and son Steve were home. The absent son is Elmer Frye who lives in Utah.

Mr. and Mrs. J. B. Whitlock and 2 sons and Mr. and Mrs. L. Whitlock and daughter, all of Sweeney, Texas, visited Saturday with Mr. and Mrs. B. L. Jenkins. Mrs. J. B. Whitlock is a sister of Mrs. Jenkins.

Miss Ann Payne returned Sun-

Heat Checked By Rain Thursday

Temporary relief from the heat of the past few days was brought Thursday morning when a slow rain fell in this area. The total rainfall was small, but the gentleness with which it fell and overcast skies throughout the day will utilize the moisture to the best advantage.

There has been no shortage of stock water to date but grass in the pastures needed reviving. Yards and gardens were beginning to suffer and those that failed to get artificial respiration through the City mains or other sources were in danger of complete ruin.

Mrs. Luther Hamner and children spent last week in Abilene.

day from a months visit with her grandmother at New London, Texas. Miss Wanda Lou Kidd of Grandfield is a guest in the T. A. Payne home this week.

Mr. and Mrs. Ross Wright had as guests in their home Miss Marjorie Lawson and Miss Mary Finlayson of Honolulu, who had, since their arrival in the U. S. in May, visited in Louisiana and other parts of the country. They were enroute to San Francisco on their return to Hawaii.

Mr. and Mrs. Ridley Odom's daughters, Mrs. H. L. Crawford and Mrs. Raymond Smart and families have been visiting in the Odom home the past week. Mr. and Mrs. Smart and son, Charles Ray left for Los Angeles Sunday on their vacation. Mr. and Mrs. Crawford plan to spend the summer here.

Miss Jewel Hardin who was a patient at Frederick hospital last week, is home and feeling fine.

Hugh Morris Frye accompanied his brother, W. L. Frye and family to Ft. Worth Sunday evening for a visit.

Miss Pauline Usher, who has been visiting in Keene, Texas, returned home Friday. Mr. Clarence Coker made a business trip to Oklahoma City Monday.

Mechanic At Garage

Mr. William E. Penner of Denver, Colo., returned to Burkburnett recently having purchased a 1946 Oklahoma cut-off. He is associated with the garage here. He has years experience with cars, and is equipped with a motor tester. Mr. Penner cordial invitation to drop by his new

Club Cafe Under New Management

Announcement was made here this week by Bonnie and Spud Rankin that they have purchased the Club Cafe from Ed Book-out and the now operating it under the same name. The new owners are well experienced in Cafe business and will appreciate all of their friends visiting them at their new location.

Announcement - - -

The Gleaners Class of the First Baptist Church will meet with Mrs. Louis Littlefair, 301 East 6th St., Thursday, July 17th at 8:00 p. m.

SAFETY FOR ALL

Farm Safety Week is observed during July 21-27. Accident hazards are especially apparent during the summer months, both for farm and city dwellers. Highway travel brings the death toll to a higher level. Farm machinery is the wider use during this season, trucks with farm produce and trucks with manufactured goods are plying the main highways. In the July issue of Capper's Farmer, appears an article advising the urbanite and farmer to use maximum care during the vacation season, when we are most apt to become careless and in more of a hurry. Editor, Ray Yarnell, says: "Farmers, gambling with accidents and loss—do it when they wear floppy clothes around power machinery; when they get careless in handling a bull; when they back into highways with trucks or machinery; when they fail to remove fire hazards from homes and buildings. "Accidents cost the lives of 18,500 farm folks last year. That was an increase of 9 per cent or 1,500 lives over the 1945 toll.

"Nearly all this increase was due to motor vehicle accidents, which accounted for 7,000 deaths. But farm houses were almost as dangerous as the highways with a record of 6,500 lives lost in accidents.

"As an industry employing more workers than any other, agriculture has a bad safety record. Its death rate per 100,000 workers was 54 in 1946, as compared with an all-industry rate of 31."

NO STOPPING THEM

Hope seems lost that science can find a chemical that in one shot will rid us of all pests. It seems that those who study such matters have found that the more they learn about pests, the more involved becomes the campaign to

control them. Farmers have been complaining that there are all kinds of new pests to plague him, kinds that grandfather never had to worry about. He says that some of these bugs he used to see now and then, in small numbers, but that now they storm his crops intent on total destruction. We had hoped that DDT would be the cure-all, but DDT is accused of killing certain parasites that formerly preyed on certain destructive farm pests, and since the parasites have been killed by DDT, those pests have multiplied.

We are told that specialized farming and scientific farming has not helped reduce the pestilence for where large sections specialize in one crop the bugs have a regular field day. Crop rotation helped to keep this down, they say.

It is estimated that pests cost the American farmers, stockmen and some industrialists \$7 billion annually. This is surely a hey-day for bugdom and a headache for agriculturists of America.

Burkburnett History

As revealed by the files of the Star 10 years ago.

Fred Brookman, editor and publisher of the Burkburnett Star was elected commander of the Oscar Frye Post of the American Legion at the business meeting held on the Manhattan lawn Monday night.

Mrs. Chas. Boyd was installed noble grand for the second consecutive year at the installation of officers of the Burkburnett Chapter Monday evening at the IOOF hall.

Boss Hudson and Dick Smith, managers of the local Magnolia Stations won \$25.00 each in the summerize campaign offered by the Ft. Worth district. There were five prizes offered in the entire district and Burkburnett

carried off two of the top divisions.

Judge Ernest Robertson, 89th District Court, dissolved the voluntary receivership of Burkburnett city government last Friday, July 9, on the request of the City Manager R. P. Reagan and the City Attorney, Clyde Brannon.

Approximately 100 out of town visitors were guests of the Burkburnett Odd Fellows and Rebekahs at the Burkburnett lodge hall Wednesday night.

Bill Boyd and wife are vacationing in Corpus Christi this week.

Chick Chats

(By Clark Gresham)

WILL YOUR LAYERS GO INTO A SLUMP

During the months of August, September and October egg prices are usually at the highest level of the year due to the slump in egg production which occurs at that time. This seasonal price advance offers an opportunity for poultry men to reap a greater net profit on the eggs they sell during the period. The size of profit, of course, is contingent on how well the poultryman manages his laying flock and on how successful he is in maintaining good production during the time when egg yields are lower elsewhere.

What are some of the things the flock manager can do to check the mid-summer laying slump.

Careful year around management is always necessary and this is particularly important during the early part of summer. If the flock gets special care and closer attention now, the birds will probably be better prepared to continue to produce at a good rate during the slump period.

The feeding program is one of the most important aspects. The flock needs a ration that contains at least 20 per cent animal protein even if the birds are allowed the freedom of the open range. The use of moist mash and grains will help maintain good production and body weight. It is a good plan to consult a poultry feed dealer on the details of your feeding program.

Keeping birds cool and comfortable during the warm weather is another factor which will help maintain better production. Provide plenty of shade for the flock if birds are on range. If confined see that the house is

well ventilated and that it has good insulation in walls and ceiling.

Worms, lice and mites are a common summer problem which frequently affect the performance of laying birds. Use a good worming compound regularly. If life and mites are a problem, almost any poultry supply dealer can provide you with lice and mite killers which will help you get rid of them.

Watch for broody hens and as they appear, place them in the broody coop, until they resume normal living. Keep them comfortable and feed them well during broodiness.

Keep the flock in the best possible condition now to ward off a laying slump later.

Washington Newsletter

By Congressman ED GOSSETT

In a few hours I am flying to Texas with Lt. Gen. Hoyt Stanford Vandenberg, Deputy Commander, AAF, to attend the opening of the 14th Annual National Soaring meet at Wichita Falls on the Fourth, then to Denton for the official dedication of that City's airfield on the sixth. It will be a hurried trip as official business here requires that I be back in Washington Monday.

Yesterday afternoon I made a talk on the floor of the House summarizing my opposition to the Stratton Bill—the so-called Refugee Bill or Displaced Persons Bill. I have been fighting this in the Committee all along but in view of the volume of propaganda being dispensed over the country by those lobbying for the bill I felt it necessary to make more generally known the sound reasons for opposing it. That side of the question has not been so widely publicized. Those of us who oppose this bill are not unfriendly to immigrants or to well regulated immigration. But this proposed legislation would breach our already strained immigration barriers, and weaken the bloodstream of our country when it needs strengthening as never before. It is to try to awaken this country to the danger that lurks in such legislation as the Stratton Bill that I have taken up this fight to a finish.

The House this week voted 196 to 133 in favor of permitting the Territory of Hawaii to become the 49th state in the Union. All of the Texas delegation voted against the bill.

At its request, Hawaii became a Territory of the United States in 1898. It now has a population of 502,122. Of this number only 11,000 are racially Hawaiians. There are 61,000 part Hawaiians, 9,000 Puerto Ricans, 30,000 Chinese, 7,000 Koreans, 46,000 Filipinos, 172,000 Caucasians, and 163,000 Japanese.

In the last election only 71,000 voted. And yet if admitted to statehood those 71,000 would elect

two United State Senators and one Member of the House.

The admission of Hawaii would provide a strong percentage for the admission of Alaska and Puerto Rico.

The Territory of Hawaii is made up of eight tiny volcanic islands 2,000 miles off the coast. Some 60 odd percent of the population of the islands is of oriental origin. Most of the land is owned by a handful of people. It can hardly be expected that the rank and file of the people there share our thinking and ideals and have the same spirit of Americanism that typifies the average American. Their interests are different and their background is quite different from ours.

SEWING CIRCLE PATTERNS
Summer Wardrobe for Tots
Youthful Button-Back Two-Piecer

8180
6 mos.
3 yrs.

8135
11-18

Yoked Top, Gored Skirt
THIS clever two piecer is designed for the young in heart. The pretty yoked top buttons down the back, is gayly trimmed with ric rac and novelty buttons. The simple gored skirt goes together quick as a wink.

Pattern No. 8135 comes in sizes 11, 12, 13, 14, 16 and 18. Size 12 requires 3 1/2 yards of 35 or 38-inch; 2 1/2 yards ric rac.

Send your order to:
SEWING CIRCLE PATTERN DEPT.
539 South Wells St. Chicago 7, Ill.
Enclose 25 cents in cents for each pattern desired.
Pattern No. _____ Size _____
Name _____
Address _____

Pattern No. 8180 is for sizes 6 months, 1, 2 and 3 years. Size 1, dress, 1 1/4 yards of 35 or 38-inch; sunsuit, 1 1/2 yards; slip and panties, 1 1/4 yards.

AROUND THE HOUSE

Curtains to be stored for a season should not be starched, for the starch may attract insects and weaken the curtain fabric.

Worn-out electric cords are highly dangerous. If it cannot be repaired, throw it away and get a new one at once.

You can save many steps by using a tray to carry dishes from the dining room to the kitchen.

An electric motor mounted on a stand or bench often is quite noisy, so much so that the vibrations can be felt in nearby rooms. The cure is a sound-deadening cushion of rubber or felt. Four or five rubber washers placed under the base will do the job.

In remodeling your kitchen it is a good idea to redesign it as a precautionary measure against fire. To do this be sure curtains, doors and wooden cabinets are not too close to the range.

Sprinkle cornmeal on your rugs, let it sweep for a short time and then sweep. This picks up dirt and particles imbedded in the nap.

Make your own belts. Make them in various colors to match your frocks. Put a layer of stiffening between two layers of ribbon. Sew through ribbon selvages with tiny machine stitching.

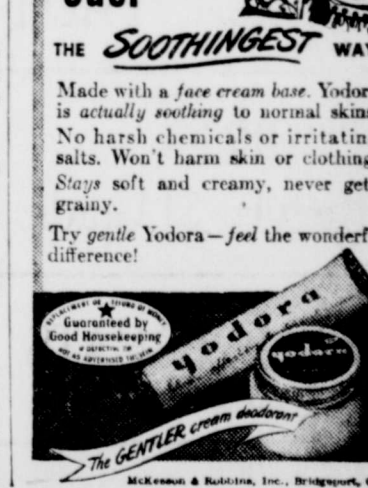

Poisons like lye, insect sprays and disinfectants should be kept on high shelves, out of children's reach.

If you'd like to preserve eggs at home by the flash heat method, proceed as follows: Dip the eggs into boiling water for five seconds, let them cool in the air, then store them carefully in cartons in a cool moist place.

If you carry stamps in your purse, fold them and slip waxed paper dividers between the gummed surface folds. Divided this way, stamps will never stick together.

Magee Family Picnic Held At Burkburnett, Texas

Otis Magee, Burkburnett; Henry Magee and Pat Magee of Lone Grove, Okla.; Mrs. Oneta Page of Richmond, Calif.; Mrs. L. M. Oden of Electra and Mrs. John Weger of Perry, Okla.; and members of their families met Sunday in the city park in Burkburnett for a family reunion. This was the

first time in many years that the three brothers and three sisters had all been together.

Members of the families present for the reunion were Messrs. and Mesdames L. M. Oden, Bob Bates, and daughters, Bobby and Wanda; R. T. Stewart and children, Tommy, Lela and Sue; Geo. Chesher and family, Lindola, Darlean, Michael; and Messrs. Louis Oden Jr., Murray Durham, all of Electra; Messrs. and Mesdames W. R. Oden and son, R. L. of Temple, Okla.; T. M. Oden of Houston; Otis Magee, Billie Magee of Burkburnett; Lester E. Harris and

family, Eunice, Linda, Rickey Wayne of Lawton, Okla.; John Weger and son, Johnny of Perry Okla.; Darrell Sisco and son, Mike of Dixon, Okla.; R. H. Magee and daughter, Romna Jean, Pat Magee and family, Teddie Joe, Carroll, Betty, Patricia, Randal of Lone Grove, Okla.; Mrs. Oneta Page, Darryel Ray Riddle of Richmond, Calif.; Wanda Magee of Norman, Okla.; and Billy Harris of Denton.

Calvary Baptist Church

We are truly thankful for the wonderful services the Lord gave us last Lord's Day. Our hearts were made to rejoice when one young man confessed Christ as his personal savior. His testimony was a manifestation of courage and determination to serve the Lord. He was baptized Sunday night. He told us how that during the eighteen months that he was a prisoner of the Germans he saw many prisoners starve to death. They would dig the grass and eat the tender roots in an effort to prolong their life. It is of vital importance to us that the Lord Jesus Christ died for our sins on the cross of Calvary, and that after his Resurrection, He ascended on high as the representative of those who believe on Him. It is a matter of life and death to us that no one can come to the Father but by him, but have we made the message our own? Have we believed? Do we know that we shall never perish? Can we confidentially say we have everlasting life? We extend to you a hearty welcome to worship God with us next Sunday. —Pastor.

Note of Appreciation

To the many friends of Wid Phillips, we wish to express our thanks and appreciation for the thoughtfulness shown him during his illness. For your loyalty, flowers, and every act of kindness we are deeply grateful. We also greatly appreciate your sympathy at the death of his sister, Mrs. Vance Gist. Mr. and Mrs. Wid Phillips. 50-1tc.

Mr. and Mrs. Carter Thompson and daughter, Joy Janice of Ft. Worth were week-end visitors in the home of his parents, Mr. and Mrs. H. C. Thompson.

Mr. and Mrs. Harry Nelson of Wichita, Kansas, are visiting her parents, Mr. and Mrs. L. O. Landers.

Carol Ann Hageman returned Sunday from Haskell where she spent a week visiting relatives.

Otis Burleson of Throckmorton was a Burk visitor last week-end.

Study Club Has Swimming Party Picnic Tuesday

Members of the 20th Century Study Club and their husbands enjoyed a swimming party and picnic at Sandy Beach Tuesday night.

Attending were Messrs and Mesdames Ralph Brookshire, Dan Hofacket, Bill Parr, Chris Morris, and Rheba Fudge and one visitor, Pauline Blankenship.

The next club meeting will be July 22 at the home of Mrs. Ralph Brookshire.

THANKS FRIENDS

Major and Mrs. Roy A. Kelley and daughter Helen wish to thank each and everyone who made their stay in Burkburnett during the celebration so pleasant. Special thanks to Mr. and Mrs. J. H. Cecil, Mr. and Mrs. Hugh Jones and Mr. and Mrs. Coy Jones.

HOME BUILDERS CLASS HAS MONTHLY MEETING

Members of the Home Builders class met for their regular monthly meeting in the home of Mrs. R. L. Gragg, Wednesday July 2, with Mrs. Woodall and Mrs. Wesbrook as co-hostesses.

Mrs. Homer Gilbert brought the Devotional and a very interesting lesson was given by Mrs. M. C. Tucker.

Refreshments were served to Mesdames Simpson, Riddles, Moreman, Wesbrook, Gee, Gloger, Lawler, Gilbert, Hoffman, Tucker, Woodall, Stacy, Knauth, Vance, Gragg, Browning, Cropper, Lowery and Gage.

Mr. and Mrs. F. E. Cruce and Mr. and Mrs. Dick Chambers plan to leave Sunday for a vacation trip to the Ozarks and Memphis, Tennessee.

Mrs. Blake Browning and Mrs. Herman Brown visited relatives in Amarillo last week-end.

From where I sit... by Joe Marsh

Fish Bites Woman!

Willie Wells was coming home from Seward's Creek the other evening with a string of trout, when a stern looking lady (visitor at the Boxwood Inn) stops him, and tells him a man his size could be better occupied than catching fish.

Willie tells her off real good-naturedly by saying: "Perhaps you're right, but if these fish had kept their mouths shut, they wouldn't be here." (At that, says Willie, laughing out loud, she looked just as if a fish had bit her!)

Blabbing mouths never cause

anything but trouble. Nobody who knew the facts would ever criticize Willie's right to go fishing on his one day off—any more than they'd deny his right to come home to a mellow glass of beer.

From where I sit, the slower we are to criticize—and the quicker we are to recognize another's tastes, the better we'll get along together—whether those tastes apply to beer or fishing.

Joe Marsh

GRAN CHURCH BEST SPEAKER

Leon Birnbaum of St. Louis, Mo., will be the morning speaker at the Gran church, July 13 in addition to his sermon

he will present a quartet which will render a few numbers. Student Birnbaum is conducting services during the absence of Rev. Schelter who is now enjoying his vacation in Minnesota. Birnbaum has proved to be a very good speaker, unusually capable in the station he has

chosen and an intelligent young man. The morning service begins at 11 o'clock and visitors are cordially invited.

SCARBOROUGH RITES HELD HERE MONDAY

Funeral services for Mrs. May Belle Scarborough, a resident of Borger, Texas, and former resident of Burkburnett, were held

from the Owens & Brumley Chapel here at 4 P. M. Monday.

Rev. Mr. Woodward of the Church of God officiated and interment was made in the Burkburnett Cemetery.

Mrs. Scarborough was the victim of a shooting in Borger last Friday night which also took the lives of her divorced husband Marvin Scarborough, and James E. Lacy. She is survived by her father, H. M. Hitt, Borger; two brothers, S. E. and L. M. Hitt of Burkburnett; two sisters, Mrs. Alma Keeling, Borger and Mrs. Wanza McCain of Oklahoma City; two nieces, Betty Jean and Barbara Ann Hitt.

LUTHERAN MEN'S CLUB HAS MEETING

The Men's Club of Grace Lutheran church met in the home of John Enderli, Monday evening. Only a few matters were discussed regarding the pending picnic due to poor attendance. A called meeting might be necessary to conclude the arrange-

ments for the picnic since the next scheduled meeting is not until August 4th.

We hope that the attendance will be better and visitors are cordially invited. Those present for the meeting were Arthur Everett, Fred Minick, Oscar Frieling, John Enderli and Kenneth Kaiser.

Odd 12-Foot Alp Horn Calls Cows, Announces Worship

A quaint, deep-toned alp horn, 10 to 12 feet in length, is still in use in certain parts of the Alps for two purposes—to call the cattle home at milking time and to announce the evening worship hour.

This peculiar Swiss instrument, of ancient origin, is mentioned in chronicles as far back as the Ninth century. It is made of wood, bound with bark fiber, and its wide mouth rests on the ground. In appearance it is as a huge smoking pipe.

WEEKLY NEWS ANALYSIS

Eisenhower To Head Columbia U.; Soft Coal Miners Stage Walkout; Income Tax Slash Fight Renewed

Released by Western Newspaper Union (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

IKE RESIGNS: Goes Academic

General of the Army Dwight D. Eisenhower has resigned as army chief of staff to accept the presidency of Columbia university in New York, effective early next year.

His decision to step out as top man in the nation's military hierarchy to take the academic post was announced in a statement by Maj. Gen. Floyd L. Parks, chief of the war department's public relations division. The statement said that Eisenhower accepted the Columbia presidency with the approval of the President and the secretary of war. His resignation will become effective "at such time as his superiors may release him from active duty in the army."

Eisenhower

The man who mapped the strategy which brought victory to Allied forces in Europe in World War II will retain his rank as a five-star general for life and continue to receive a compensation of about \$15,000 a year.

Initial speculation on a successor to General Eisenhower as chief of staff centered on Gen. Omar N. Bradley, now Veterans' administration chief, who commanded the army ground forces in Europe during the war. Other high-ranking generals under consideration for the position were Gen. Jacob L. Devers, army ground forces chief, and Lt. Gen. J. Lawton Collins, chief of army public information.

As president of Columbia, Eisenhower will be the successor to Nicholas Murray Butler who retired in 1945 and is now Columbia's president emeritus. The general has also been elected a member of the university's board of trustees.

MAD ON: Miners Out

"Let the senators mine coal," was the cry of many of the 180,000 soft coal miners in 10 states as they staged a general exodus from the pits just 24 hours after the Taft-Hartley labor act went into effect.

Acting to avert a possible national calamity, the justice department immediately launched an investigation to determine whether an injunction could be brought against John L. Lewis and his United Mine Workers union.

The Taft-Hartley act contains a provision authorizing the government to seek an injunction to halt a national emergency strike, but the President would be required to name a board of inquiry to report to him first. That would take days, perhaps weeks. Justice department attorneys were attempting to determine whether an injunction could be brought without using the new law.

However, it was not immediately clear whether the miners had walked out of their own volition or had done so upon the instigation of John L. Lewis and other union leaders.

The United Mine Workers union's contract with the government expires June 30, and since the miners traditionally do not work without a contract, their walkout was generally regarded as jumping the gun on the contract's expiration.

STILL ALIVE: Revive Tax Cut

Chances for an income tax slash, which appeared to have gone glimmering when President Truman vetoed the Republican-sponsored bill calling for a four-billion-dollar cut, rose again as the Republicans suddenly began a concerted move to repass the measure.

Representative Knutson (Rep., Minn.), chairman of the house ways and means committee, re-introduced the bill, and Speaker of the House Joseph Martin (Rep., Mass.) said it would be taken up by the house "at the first favorable opportunity."

The regenerated bill, revised only to make the tax cuts effective Jan.

Despair

Ragged, disheartened and utterly discouraged, this German sits on the curbstone of a Frankfurt street amid the wartime rubble which has not yet been cleared away.

uary 1, 1948, instead of July 1, 1947, is believed to have a better chance of survival this time because of the changed effective date.

It was reported, too, that some Democrats who voted to sustain Mr. Truman's veto of the original bill have changed their minds and would support the revived measure. Senator George (Dem., Ga.) added his support with the statement that he would back the new bill if it comes up "with much more confidence than the previous bill."

OLD STORY: Gas Ration

The long-heralded gasoline shortage in the Middle West finally assumed the guise of reality for thousands of motorists as Standard Oil company of Indiana announced that during July and August it would limit gasoline distributors to supplies equal to the amount consumed last year.

Major supplier for a 12-state Middle Western territory, the company said it was compelled to set up such an allocation system because of a 15 per cent increase in business over last year, coupled with a 30 per cent reduction in its refinery and terminal stocks.

Gasoline consumption last year was 27 per cent higher than in 1941, the highest previous year. This year it is running from 6 to 8 per cent ahead of 1946, not including the extra increase from widespread farm use in the Middle West.

Other refineries had no immediate plans for rationing their gasoline supplies, although they made necessary if there is a large diversion of business from Standard.

Eastern refineries estimated that they would have enough gas to pull through the summer. Some described the situation as "a little tight," however.

VETS ABROAD: VA Headache

Veterans' administration has a number of headaches, not all of which originate in this country.

For there are 23,000 American veterans scattered through practically every civilized country in the world. More than 3,000 are studying under G.I. education benefits in 332 schools and colleges in 34 foreign countries. And, as schools in this country continue to overflow, the number of ex-G.I.s going abroad to study is increasing rapidly.

Thus, VA's difficulties mount. At one point it discovered that 200 veterans attending schools in England weren't getting their subsistence allowances, nor were the schools receiving tuition for the students. VA had to send representatives to London to set up a new office and straighten out the tangle.

WHALES: For Japanese

Despite protests from both Great Britain and Australia, Gen. Douglas MacArthur is going ahead with plans for a second Japanese Antarctic whaling expedition.

Feeling that they are backed by American public opinion, supreme command officials in Tokyo took the attitude that it is better to let the Japanese get some food for themselves than to make Americans give up food to them and pay for it too.

FLOODED OUT: No Bumper Crop

Experts who recently predicted a three billion bushel corn crop this year were hastily revising their estimates in the light of continuing torrential rains and widespread floods which have transformed much of the Midwest into a soggy mass of mud.

Damage has been particularly heavy in Iowa, extending from the end of the state to the other. Flooding of river bottom lands is only part of the loss. Thousands of acres of crops have been washed out, and the loss is considered irreparable. It is too late to replant with anything except forage crops and possibly buckwheat if seed is available.

On upland farms, ponds and lakes overflowing their boundaries also will cut seriously into corn yields. All in all, a bumper corn crop is considered extremely unlikely, even with a favorable growing season up to October.

Some authorities have begun to believe that the government's grain export program should be re-examined in view of conditions existing on the nation's farms at present.

ATOM TREATY: Hope Dies

Hope of writing an international atomic control treaty before the United Nations general assembly meets in September virtually has been abandoned by the U.N. atomic energy commission.

Deadlocking the situation is the now commonplace fact that Russia and the western powers remain diametrically opposed on all major issues with regard to an atomic treaty.

Andrei Gromyko, Soviet deputy foreign minister, told the commission that Russia never would agree to any atomic control plan in which the large powers had no authority to veto the punishment of violators. The United States, on the other hand, is insisting that the veto must not be used to assist countries or individuals in escaping punishment for atomic crimes.

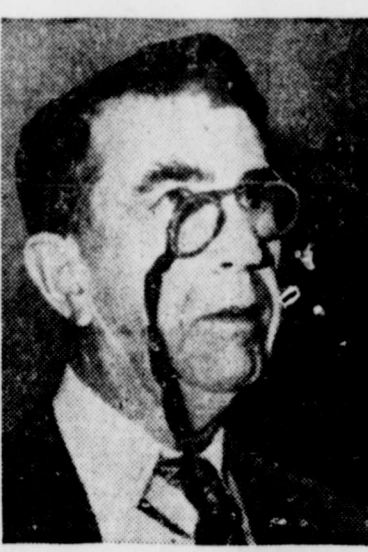

THE TEST: Three Meet

The meeting in Paris of the European Big Three, Soviet Foreign Minister Molotov, French Foreign Minister Bidault and British Foreign Secretary Bevin, is being heralded as a decisive test of East-West economic cooperation.

Consensus of opinion was that the talks would either launch Europe on a cooperative self-help program with American aid or widen the split between the Eastern and Western powers.

The conference is a halting, initial step toward a fulfillment of the "Marshall plan" for Europe—a proposal by Secretary of State Marshall which recommends establishment of an economic federation of the European states. As a loosely knit organization, it would operate as a unified reconstruction and recovery program with American aid.

Tough on Strikes

Rep. Howard W. Smith (Dem., Va.) introduced a bill to continue the government's authority to seize strike-bound properties, including coal mines, in the event of an industry-wide walkout which would affect national welfare.

PARADOX: Food From Greece

A ridiculous paradox wherein the people of Greece, to whom the United States is sending money, food and military aid, are shipping packages of food to this country has been revealed by customs officials.

Following a disclosure that from 100,000 to 160,000 pounds of meat have reached the United States in small parcels in recent months, Harry M. Durning, collector of customs for the port of New York, acted to ban so-called "gratitude" shipments of meat to individuals in this country from friends and relatives in Greece.

Government authorities in Washington have attributed the mysterious food movement to a Communist-inspired hoax which has spread the belief in Greece that the United States is suffering from a food shortage.

Dimetrius Papatsonis, Greek director of customs in Athens, advanced the counter-theory that the packages were "tokens of gratitude" for parcels received from the United States. He said the meat might be salami and pastourmas, considered a delicacy and sent for that reason.

Seeing God in Our Present World

LESSON TEXT FOR JULY 13—Job 38: 1-7, 16-18, 22, 23, 31, 41. MEMORY SELECTION—The hearing ear, and the seeing eye, the Lord hath made even both of them.—Proverbs 20: 12.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LUNDQUIST, D. D., of The Moody Bible Institute, Chicago.

"The earth is the Lord's and the fullness thereof; the world, and they that dwell therein" (Ps. 24:1). The man who knows the Lord recognizes that the material and the spiritual world are both God's, and that there is in the final analysis no dividing line between the secular and the sacred.

To keep our thinking straight about the story of Job, we quote an excellent summary by Dr. B. L. Olmstead: "Our lesson today stresses the works of God as seen in nature. The longer lesson of a few chapters (Job 38-41) consists of the whole of the Lord's answer to Job out of a whirlwind after the dialogue with the three friends is completed, and after a youthful bystander, Elihu, had undertaken to give Job an answer (chs. 32-37).

"While Elihu was speaking, a storm came up and Elihu used it to portray the greatness, mystery and unsearchableness of God (ch. 27). Elihu uttered many truths, but he did not rid himself of the error that Job was suffering for his sins. When he had finished, the voice of God was heard out of the storm"—(Arnold's Commentary). We find in the selected Scriptures of our printed lesson—

I. The God of Creation (vv. 1-7). JOB'S friend Elihu had made a rather good speech, but he had missed the real point of Job's testings. So the Lord rebukes him as one who darkens counsel "by words without knowledge."

How aptly that expresses much that is going on in our day. Brilliant men, leaders in science, economics and government, but without the true knowledge which comes from a simple faith in God, are now filling this already confused world with millions of words.

Yes, words, words, words, that really darken the truth about God and his plan for the world. They flow from the radio, the press, the pulpit, from everywhere, and only add to the confusion.

God now brings Job to his feet (v. 3). He is to stand up like a man and answer God. Where was he when God laid the foundations of the world? If he is so wise, perhaps he knows how God suspended the world in space? Perchance he would like to get out his little measuring line and try to put the plans of the Almighty through the little channel of his human brain!

These are questions that the professed leaders of our day need to answer, and they need also to come (if by any chance they could humble themselves) to the place that Job did (40:4): "I will lay my hand upon my mouth."

Job is also reminded that the God of creation is also

II. The God of Life (vv. 16-18). THE God who put the springs in the bottom of the sea, and who has measured the breadth of the earth, is also the God who controls life and death.

Men have tried down through the ages to search out the secret of life, and at times they have talked as though they had discovered it. Then one discovers that they have just wrapped up their inability to fathom it in some new scientific words, and we still have not taken that matter in our own hands.

That may well be a real blessing, for only the infinite God has the wisdom to determine the limits of man's days, and the manner of his entry into the gates of death. How good it is to leave such matters in his mighty but tender hands!

That leads us to our next point. He is

III. The God of Order (vv. 22, 28, 31, 41). HE MAKES the millions of snowflakes in thousands of intricate patterns—no two alike, but all in marvelous geometric patterns. Can Job understand that—in fact, can you and I understand how he does it?

Who feeds the birds? Who keeps the stars moving in such order that man can calculate their movements down to the very minute? What about the rain, the hail, the lightning? Look at the animals and their marvelous adaptability to their surroundings.

The man who thinks all these things are the results of chance, or who talks about "the laws of nature," only reveals the utter smallness of his own mind, and his complete lack of comprehension of the Almighty God. Released by Western Newspaper Union.

Benefits to Our Readers

THE PUBLIC nature of advertising benefits everyone it touches. It benefits the public by describing exactly the products that are offered. It benefits employees, because the advertiser must be more than just the employer who has no obligation to the public. These benefits of advertising are quite apart from the obvious benefits which advertising confers—the lower prices, the higher quality, the better service that go with advertised goods and firms.

Strawberry Preserves De Luxe!

—Photo courtesy Ball Bros. Co.

Recipe for delicious preserves taken from the famous Ball Book of home canning calls for pounds of capped berries, tablespoons of lemon juice and cups of sugar. Mix berries and sugar and let stand three or four hours. Place over low heat until simmering point is reached. Add lemon juice. Boil rapidly for 10 to 12 minutes, or until berries are clear and sirup thick. Cover and let stand overnight. Pack cold into hot jars. Process 15 minutes at simmering.

Mrs. Carl Morrison and Mrs. B. F. Gilchrist plan to leave Sunday for Kerrville. Kay Morrison, who has been attending Camp Waldemar, near Kerrville, will accompany them home.

Mrs. Hattie Buchanan left Tuesday for Stinnett, Texas, to visit her daughter and husband, Mr. and Mrs. Henry Brumme.

Here's Real Relief ITCHING For Intense --Distress of PILES

Go to your druggist and get a small jar of MOAVA OINTMENT First cleanse the parts by bathing with warm water, using a good soap; dry, then apply the Moava Ointment inserting a little into the rectum. You'll speedily realize you have found a quick way to get relief from the intense itching, burning and distress. Moava Ointment sure is good and economical too — only 65c cents at Adams Drug Store and good druggists everywhere. Act today. Money back if not delighted.

There are those who scoff at sentiment, saying it is unnecessary. Perhaps they are correct, technically.

The world could get along without circuses but the heart of boyhood would miss something. And the world could do without music; and buildings could be flat surfaces and blank walls and straight lines; ornamentation is not necessary. And we could do without paintings and statues.

By the same cold reasoning, we could do without dogs, too.

But why, may I ask these practical individuals? — Why do birds sing and why do flowers have a hundred colors and why are the wings of butterflies dusted with gold and why do the stars glitter with silver fire?

Could it be that nature is wiser than these gentlemen?

For is it not true that man does not live by bread alone?

There is need for beauty in the world and the man who, having eyes, sees it not in a pauper though he has millions.

Thoughts of the old home, of school days, of loving deeds of friends—all these we treasure; ideals, the little church in the dale and the old songs, the memories of mother and dad, these are sacred; and the hope of happier life whom this brief span is over—sentiment, you say? Yes, but who could live, who would want to live, without these treasures?

Sentiment is to the heart what springtime is to the earth.

When Millard Cope, publisher of the Marshall Messenger, was a boy, he lived at Sonora and used to play in "Carver's thicket," so-named from the fact that a notorious outlaw had been killed there.

The arrival of a new traveling man in the town always provided entertainment. Usually, kangaroo court was assembled and he was solemnly placed on trial for some trumped-up offense and after he had been sufficiently alarmed, he was allowed to settle the case by buying drinks all around.

Another procedure was for a merchant to engage the drummer in conversation at the foot of a stairway in the store, maneuvering so that the traveling salesman would be standing with his back to the stairs. Suddenly there came a terrific noise and looking around, the stranger saw a barrel bouncing down the steps toward him. The merchant, not being startled, would wait till the last instant, then step to one side but the panic-stricken victim of the prank would run widely from the store with the heavy barrel right at his heels.

The Trot Theater — where would it be? In Cuero of course, the home of the turkey trot. And as I was leaving Cuero shortly after dawn with a hop halfway across the state ahead of me, just

Uncle Hank Sez ---

IT'S FUNNY HOW FOLKS HATE TO HAVE OPERATIONS BUT HOW THEY LIKE TO TALK ABOUT THEM AFTER THEY HAVE 'EM.

TO: A. E. Bedichek, and Oil Lease Holding Company, a corporation; and J. W. McAnnally, George Harris, Mrs. R. B. Anderson, W. M. Azar and Charles Barack, trustees, for the use and benefit of the Brown Worth Oil Company, a joint stock association; and A. E. Blossom, J. G. Snepp, Conrad Imblum, J. G. Hubersberger, and Oswald Thomas, trustees, as "Trustees of Colorado-Texas Oil and Investment Association," and the unknown heirs, devisees, legatees, assigns or successors, of all said defendants, Greeting:

You are hereby commanded to appear before the Honorable 30th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of July A. D. 1947 then and there to answer Plaintiff's Petition filed in said Court, on the 3rd day of June, A. D. 1947, in this cause, numbered 43296-A on the docket of said court and styled J. W. Akin, George Wagner Dimock and The Sloan and Zook Company, a corporation, and W. W. Chambers, Plaintiffs, vs. All those persons, corporations and associations first named in this writ and to whom the same is directed, Defendants.

A brief statement of the nature of this suit is as follows: This is a suit to remove cloud from title wherein plaintiffs allege that on or about January 31, 1947, they were lawfully seized and possessed of the oil and gas and other minerals in and under the hereafter described lands by virtue of oil and gas leases from the fee owners of the lands as shown hereinafter to-wit:

50 acres in Wichita County, Texas, described in an oil and gas lease from Mrs. Margaret S. Merryman et al to W. W. Chambers dated November 20, 1946 and recorded in Volume 447, Page 244, Deed Records, Wichita County, Texas, and in which an undivided interest was assigned to J. W. Akin and George Wagner Dimock and The Sloan and Zook Company, said 50 acres being described as follows:

60 acres, more or less, out of the C. T. R. R. Company Survey No. 3, Abstract No. 50 and the J. Johnson Survey, Abstract No. 500 less the excepted 10 acres hereinafter described, said entire tract and the excepted tract being described as follows, to-wit:

Beginning in the West boundary line of the said J. Johnson Survey at the Southwest corner of the 73.71 acres out of the 2 surveys aforesaid fully described in an oil and gas lease executed by John E. Roller to J. C. Hunt, dated the 7th day of February 1917 and of record in Book 88, Page 635 of the Deed Records of Wichita County, Texas; Thence

South 1734 feet a stake for the Southwest corner of this tract; Thence East 1518 feet a stake for its Southeast corner; Thence North 1734 feet to the Southeast corner of the said 73.71 acres; Thence West with the South boundary line of the said 73.71 acres 1518 feet to the place of beginning and containing 60 acres of land, more or less, but there is especially excepted from the foregoing tract of land the following described 10 acres of land, more or less, to-wit:

Beginning at a point 273.25 varas East of the Southwest corner of the said 73.71 acre tract; Thence East 273.25 varas; Thence South 206.5 varas; Thence West 273.25 varas, Thence North 206.5 varas to the place of beginning and containing 50 acres, more or less, and plaintiffs further allege that on or about the 3rd day of June, 1947, they released the following described 15 acres of said lease, to-wit:

15 acres out of the J. Johnson Survey Abstract No. 500 and C. T. R. R. Company Survey No. 3, Abstract No. 50 described as follows:

Beginning at a pile of stone on the prairie for Southwest corner of C. T. R. R. Company Survey No. 3; Thence East with the South line of same 222 feet to an iron stake in the Northeast corner of a 10 acre lease to W. L. Mann; Thence North 842 feet to a stake; Thence West 776 feet to a stake in the West line of J. Johnson Survey; Thence South with West line of same 842 feet to a stake; Thence East 554 feet to the place of beginning containing 15 acres of land, more or less, in Wichita County, Texas, being part of the land leased by Roller Estate to T. F. Hunter March 25, 1921 recorded in book 168, Page 103, Deed Records of Wichita County, Texas.

Plaintiffs further allege that on January 30, 1947 Mrs. Margaret S. Merryman et al executed and delivered to J. W. Akin and George Wagner Dimock an oil and gas lease upon the following described land in Wichita County, Texas, as shown by the lease of record in Volume 456, page 167, Deed Records of said county:

Beginning at the Southwest corner of Block No. 16 of the J. Johnson Survey A-500 of the Oil and Gas Subdivision of the J. E. Roller Estate, Thence South 148 feet to the Northeast corner of Block No. 3 of the same survey; Thence West along the North line of said Block No. 3, a distance of approximately 742 feet to the Southeast corner of a certain 10 acre tract, which is designated Tract Number Eight in an assignment from Z. F. Dale to Cable Oil Company, recorded in Volume Number 103, Page Number 580 of the Deed Records of Wichita County; Thence North along the East line of said 10 acre tract a distance of approximately 996 feet to the South line of a certain 50 acre lease from Mrs. Margaret S. Merryman, et al, to W. W. Chambers, dated November 20, 1946, and filed for

record in Wichita County, December 13, 1946; Thence East along the South line of the said 50 acre lease, a distance of approximately 742 feet to the West line of Block Number 16; Thence South along the West line of Block Number 16, a distance of approximately 848 feet to the place of beginning and containing 17 acres, more or less.

Plaintiffs further allege that on January 30, 1947, the defendants unlawfully entered upon said leased premises and ejected plaintiffs therefrom to their damage in the sum of \$1,000.00, and that the reasonable annual rental value of said leased premises is \$1,000.00. Wherefore, plaintiffs pray that defendants be cited to appear and that they have judgment for title and possession of the leasehold estate in the above described land and premises, for writ of restitution for rents, damages, costs of suit and general relief.

For second count plaintiffs allege that on or about March 25, 1920, R. E. Cabbell and George G. Grattan, independent executors of the Estate of John E. Roller, executed an oil and gas lease to T. F. Hunter which is of record in Volume 166, Page 103, Deed Records, Wichita County, Texas, which lease conveyed to said T. F. Hunter all of the oil, gas, and other minerals in and under the following described land in Wichita County, Texas.

140 acres of land described by metes and bounds as follows: Beginning at the Southwest corner of the J. C. Hunt 73 acre lease and at a point 272.5 varas South of the Southeast corner of the O. Farish Survey; Thence East 546.5 varas; Thence South 957.5 varas; Thence West 428.5 varas; Thence North 350 varas; Thence West 350 varas; Thence North 629.7 varas; Thence West 451 varas; Thence North 250.3 varas, Thence E. 683 varas; Thence South 272.5 varas to the place of beginning and which 140 acre tract was by the said T. F. Hunter cut up into various small tracts, and 100 acres of said land described as follows:

Being out of the Jessie Mumford Survey Abstract No. 604 C. T. R. R. Company Survey No. 4, Abstract 438, John Johnson Survey, Abstract No. 500, and C. T. R. R. Company Survey No. 3, Abstract No. 50 being 100 acres described by metes and bounds as follows:

Beginning at a stake for the Northeast corner of said Jessie Mumford Survey and the Southeast corner of the Oscar Farish Survey, Thence West with the North line of said Mumford survey 232 varas; Thence South 647 varas to a stake; Thence East 232 varas to a corner; Thence South 243.3 varas a stake; Thence East 297.3 varas for corner; Thence South 350 varas; a stake; Thence East 267.2 varas a corner; Thence North 957.5 varas a corner; Thence West 546.5 varas a stake; Thence North 272.5 varas to the place of beginning, save and except the 10 acres thereof re-assigned by Clois L. Green and R. M. Waggoner to T. F. Hunter, W. L. Mann and P. W. Andrews, by assignment dated May 12, 1920, and recorded in Book 167, Page 259, Deed Records of Wichita County, Texas, was conveyed to Oil Lease Holding Company, a corporation, by an assignment of record in Volume 234, Page 56, Deed Records, Wichita County, Texas. Said lease provided that the net value of 1-8th of all oil should be paid to grantors and their assigns, and also provided for cash payments each year for gas taken

from said land. Plaintiffs allege that the lease above described to T. F. Hunter was given primarily in consideration of the development of said lands for oil, gas and other minerals, so that the royalties therein provided for would be payable to grantors in said lease or their assigns and said lease provided that if any portion thereof were assigned that the convenants in said lease would be binding upon said assignees, one of which was the implied covenant of reasonable development.

Plaintiffs allege that the defendants herein have wholly failed to carry out the covenant of reasonable development, and have abandoned said leased premises in so far as same covers the lands upon which these plaintiffs have valid leases and assignments as herein set forth; and the lands upon which these plaintiffs have valid leases and assignments are included within the 100 acres last above described, and the assignment of the Oil Lease Holding Company constitutes a cloud upon plaintiff's title, and is preventing these plaintiffs from developing their leased premises for oil and gas and other minerals. Plaintiffs further allege that the other defendants herein are also making some claim of right, title, lease or other interest in the lands leased by these plaintiffs, and that plaintiffs' title should likewise be quieted as against the other defendants.

Plaintiffs further allege that no oil has been produced on the land upon which they hold valid leases and assignments by any of the defendants herein for 20 years preceding the filing of this suit, and because of such failure to reasonably develop, and because of abandonment, the interest and title of the defendants has long since reverted in the fee owners of said lands, and so vested prior to the time that said fee owners, the heirs and devisees of John E. Roller, to-wit: Mrs. Margaret S. Merryman,

Mrs. Frances Grattan, Lucy C. Roller, Mrs. Elizabeth Roller Bottimore, and Mrs. Annie Roller Pyle, executed the leases which are now owned by these plaintiffs, and these plaintiffs are now the owners of valid oil and gas leases upon the lands herein described and referred to in the leases of these plaintiffs.

Plaintiffs further allege that they have no adequate remedy at law because their action for damages would be difficult of proof, and because since the residences of the defendants are unknown a personal judgment could not be taken for their damages.

Wherefore, plaintiffs pray for a decree cancelling the claim of the defendants to an oil and gas lease, or assignment of an oil and gas lease, or any other claim which the defendants might have in and to the lands herein referred to as being under lease to these plaintiffs, and for such other and further relief to which they may be entitled both in law and in equity.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this 5th day of June, A. D. 1947.

Sunday School, 9:45.
Preaching Services, 11.
Training Union, 7:30.
Preaching Services, 8:30.

The pastor expresses his appreciation for your attendance last Sunday in his absence, and also for the good services at the First Baptist Church.

Sunday the pastor will be in the pulpit for both services.

Let's try to increase our attendance in every service. The holiday July 4th hindered the attendance some last Sunday in all the services.

Monday night the 14th, regular Teachers and Officers' meeting. This time we are to have a Sunday School Clinic. There will be at least eight conferences — one for every officer of the Sunday School and also for the class officers of an organized class. Also one for the teachers.

Mr. B. T. Adams is in charge of this and has seven other workers. Every class officer, general officer, etc. should attend. This will be at 8 o'clock Monday evening.

This should be a very profitable meeting and will be if the officers will attend.

What about it class officers, Sunday School officers, church officers? Time 8 o'clock — Meeting Sunday School Clinic. U-R-urged to be present.

—Pastor.

Lutheran Society Meets Thursday

The Grace Lutheran Missionary Society held their regular session, Thursday July 3 at the home of Mrs. Fred Bunjes, with 3 visitors and 16 members present. Mrs. Arthur Everet, president, presided over the business session, after which Mrs. Arthur Ramming gave an interesting topic for the social hour, in the absence of our minister, Rev. Schelter.

Members present were Mesdames John Enderli, Arthur Everet, H. E. Frieling, John Heins, Charlie Hemme, Marguerite Kaiser, Sam Koenig, Louise Lohoefer, Fred Minick, Annie Schroeder, Clarence Schroeder, Louise Schreiber, Arthur Ramming, Earl Rinefeldt and the hostess and visitors.

Delicious refreshments were served at the close of the session.

Builders Class Meets With Mrs. McMurtry

The Builders class of the First Baptist Church met in the home of their teacher, Mrs. F. M. McMurtry for the usual class meeting and business social. The house was beautifully decorated with summer flowers from Mrs. McMurtry's garden.

For the Devotional, Mrs. Josie VanCleave gave a portion of the first chapter of Job, followed by questions on Women of the Bible by Mrs. McMurtry. A story, with members of the class supplying the missing words, proved to be very entertaining.

An enjoyable afternoon was completed with the hostess serving a delicious plate to Mesdames Hattie Buchanan, Walling, VanCleave, Polson, Hamilton, Hughes, Hash, Kelley, Ferguson and the hostess, Mrs. McMurtry.

YOUNG PEOPLE AND THE CHURCH

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benediction and a stronger influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. State-men today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Copyright 1946 by
Williams Newspaper Features
Box 415, Fort Worth, Texas

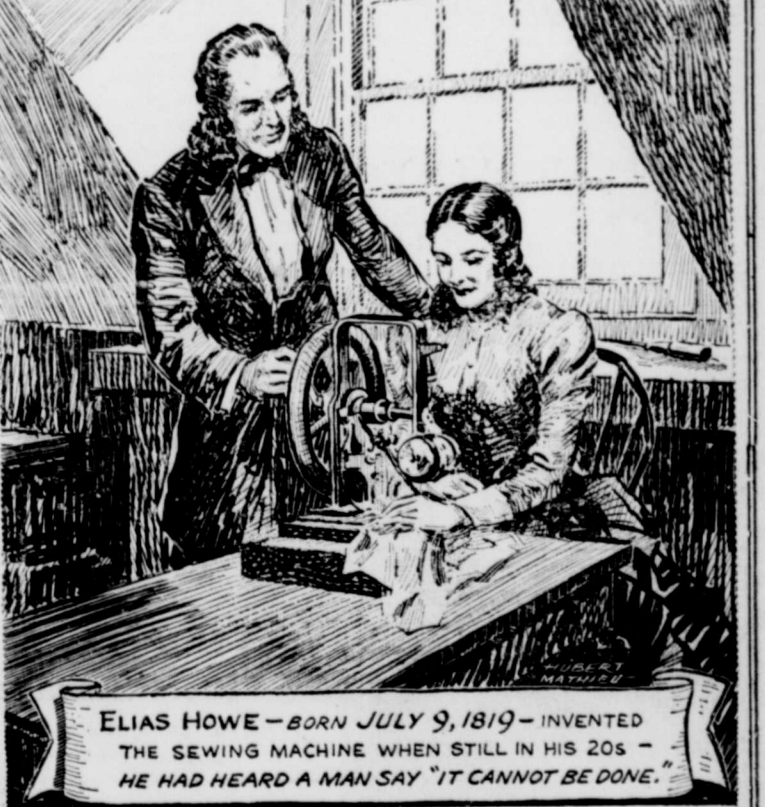

Never in the history of civilization has the Church met with so much opposition as today. Whether this opposition be organized or otherwise it comes in a multitude of ways. The tremendous increase in birth rate, the almost inconceivable advances in science (many of which lend inducement to Church activities), and the numerous worldly interests which prey upon the young people of today, challenge the Church program of moral education at its best.

The public and parochial schools are workshops where the young people build words which are the vehicles of expression. In the Church they learn to express themselves in the language of Jesus. These young people are alert to their responsibility and are striving to be a light in the way to a fuller appreciation of the beautiful in the life of a youngster.

A few of the finer arts, wholesome recreation and an opportunity to participate in them, with the proper kind of trained leadership will go a long way in keeping the interest of our young folk more wholesome. It is so surely as fathers and mothers fail to lead their children to Church and its benedictions regularly—will they fail as parents and the responsibility of this neglect will be terrible.

OUR DEMOCRACY — by Mat

"There is no such word as 'cannot' in the Dictionary"
— OLD AMERICAN PRECEPT
YOU MAY FIND THE WORD THERE, BUT THE SPIRIT OF AMERICA DENIES IT.

Many Americans — men and women — have met the challenge that Howe met. In their accomplishments over the years is evidence piled on evidence that **IT CAN BE DONE — IN OUR DEMOCRACY**
