## Dick Tracy Vs. Cueball Palace Friday - Saturday

CUEBALL

Friday and Saturday Dick Tracy vs. Cueball will be showing at the Palace Theatre. Starring in the picture will be Morgan Conway, Anne Jeffreys and Dick Wessell.

## Services For Burk Woman's Mother Held Tuesday

Funeral services for Mrs. A. B. Eichelberger, 66, mother of Mrs. F. A. Jamieson of Burkburnett, were held Tuesday morning at 10 o'clock from the First Christian Church in Wichita Falls. Rev. D. K. McColl, pastor officiated and interment was made at Riverside under the direction of Hampton-Vaughn & Merkle Funeral home.

Mrs. Eichelberger, a former district clerk in Wichita Falls, died at her home in Wichita Falls after a long illness. In addition to Mrs. Jamieson, she is survived by another daughter, Mrs. Allan Dale Perry, Wichita Falls; and a sister Mrs. Jennie D. Funk, Cherryville, Oregon.

Pallbearers included Wayne Holmes, W. F. Sims, Guy St. Clair, L. E. McConnell, R. T. Hamrick, and Leon Horn.

Dutch Wolfe has been transferred by the Magnolia Oil Company to Luling, Texas.

It's a girl, born to Mr. and Mrs. Carl Campbell at the Bethania hospital in Wichita Falls Monday.

## Improvements Are Numerous Along Burk's Main St.

The past week has brought many improvements to business buildings along Main St.

Heine's Drug Store has moved next door to larger quarters. The store had occupied the old location for almost thirty years.

Work of remodeling the C. C. Gilbert building next door to The Manhattan is just about finished. It will be the new home of the Elite Dress Shop. New display windows, ceiling, floor and fixtures will make it one of the most attractive business houses along the street.

A new roof is being put on the Boyd building occupied by Louis' Cafe next door to the Variety Store. The awning has also received a new coat of white paint. Front of the Ben Franklin Store has been repainted and the awning replaced and painted.

## Wise County Home Coming

As in previous years before the war, The Home Coming at Audubon, near Alford, Wise County, Texas, will be held on the second Sunday in August this year. This Home Coming is looked forward to by many of the old timers as a day of visiting and meeting old friends of other days.

Rev. Oscar Barnett, Pastor of the Calvary Baptist Church, Dallas, Texas, for the past 26 years, and who was reared in the Audubon Community will preach that morning at the Home Coming. A program of singing will possibly be arranged for the afternoon but it will be a day of visiting for all who attend.

Every family is to bring a basket lunch and dinner will be spread together at the noon hour under the brush arbor that is being built for that purpose.

## Attention W. M. S.

All the circles of the W. M. S. of the First Baptist Church are to meet together every Monday afternoon at 2:30 p. m. for the remainder of the summer. You are badly needed, so won't you come and bring someone with you?

B. W. C. August 5 with Mrs. D. F. Douglas.

## Work Resumed On A. & P. Building

This week work was resumed on the 50x140 brick building to house the A. & P. Grocery on Main Street. M. B. Riley is having the building constructed.

The back wall is up and workmen are tearing out the old building recently occupied by Heine's Drug Store, which has been moved next door to the building formerly occupied by A. & P.

Completion of the new building will close in a gap on Main Street that has long detracted from the appearance of that block. Unless unforeseen delays are encountered the building will be completed in a few weeks.

## Attend Automotive Clinic In Indiana

Among the group who attended Perfect Circle Corporation's Automotive Clinic for the Doctor of Motors at Hagerstown, Indiana, on July 14, 15, 16 were Blake Browning, of Burkburnett Motors.

## Wild Animal Hunt Staged Friday

A Big Wild Animal Hunt was engaged by members of the primary class No. 2 of the First Methodist Church, Friday evening at the home of their teacher, Mrs. Leslie Tuel.

After the animal chase was over, and the prize animal, a Big Brown Bear was captured and bound by rope, a weiner roast was enjoyed by all.

Members present were Johnny Veach, Marion Hunt, Delores Fleming, Joe Allen Thompson, Bill Garland, Joel Green, Darrell Reed, and Winfred James. Others attending were Leslie Terry, Bobbie Whitney, Jerry Green, Don Green, Glen Veach, and Winona Reed.

## Calvary Baptist Young People Meet Sunday

The young people of the Calvary Baptist Church, assembled together last Sunday evening with a nice number to re-organize our Young People's Fellowship. The leader is Mrs. Graham, the pastor's wife.

Officers elected were: President, Thomas Bryan, and Secy. & Treas., Carlota Stamps. Daniel is the study topic, being used with a question and answer method. Next Sunday evening, Mrs. Graham will give an introduction to the book.

We urge every young person who doesn't attend elsewhere, to be with us each Sunday at 7:30 p. m.

Mr. and Mrs. Arnold Gibson of Wichita Falls and Mrs. Geraldine Miller of Dallas were visitors of Mr. and Mrs. B. H. Alexander this week. Mrs. Gibson and Mrs. Miller taught school here in 1923 and 1924 and roomed at the Alexander home. They are the former Misses Ada Brown and Geraldine (Polly) Parker.

## The SNAPSHOT GUILD

A picture within the box camera range, yet one that conveys a feeling of action from the drawn bow and notched arrow.

## SUMMER SPORTS SHOTS

ONE of the best news photographers I know complains that the only assignments he draws from the sports department are assignments to cover swimming meets. "I haven't been out to the ball park this season," he griped a few days ago, "but I've shot every swimming meet that's been held around here during the past six months."

There's a reason for this, though my friend won't admit it. A one-time fancy diver himself, his swimming pictures are tops. For he knows exactly when to shoot to catch the picture he wants.

There's a lesson in this for anyone who likes to make snapshots of sports. It's simply that there's no substitute for knowing the sport you're shooting. Whether it's baseball or golf or track, archery, swimming, horseshoes, or what-you-will, action in sports generally follows a fairly predictable sequence.

And if you're planning to take sports pictures, don't let the word

"action" frighten you. Several months ago we discussed the business of shooting at a moment when action is temporarily halted, of making "poised action" shots. Such pictures are as easy to make with summer sports as with winter ones.

Today's picture, for example, is well within the scope of a simple box camera. There's actually no motion pictured—no need for fast shutter speeds. But the feeling of action is conveyed.

If you stop a moment you can think of a number of similar subjects—a baseball pitcher at the top of his windup, ready to start his pitch; a batter, his bat cocked, waiting for the ball; a diver, poised on the edge of the high board; a shot-putter, his shot cradled in hand, ready to start his delivery.

These are typical of "poised action" shots and they by no means exhaust the possibilities of summer sports shots with simple equipment.

—John van Gulder

## Central Hide Picks Up Dead Animals Free In This Area

Central Hide and Rendering Company of Wichita Falls has a slogan, "Your Used-Cow Dealer" though they deal in all kinds of used animals. Farmers or anyone may call them collect to come and remove dead animals from their premises free. From a health standpoint the removal of deceased beasts is a necessity. It's much easier to call the rendering company than it is to bury a large animal.

In picking up the dead animals the most sanitary trucks and equipment yet manufactured are used. In addition the area around the fallen animals is disinfected. (Animals should not be skinned if you want them picked up. The company has to get a little something for their trouble.)

The rendering company processes the carcasses into grease which is used in the manufacture of soap. Slaughter houses tan the hides for making shoes and cracklings are used in making chicken and hog feed. Everything is used for some good purpose.

Don't dig — just call the rendering company.

## Base Ball Game Next Sunday

Next Sunday afternoon beginning at 3:00 o'clock there will be a hard base ball game on the field north of the High school building. The Burkburnett All-Stars will play a team from Tipton, Oklahoma. There is no admission charge.

The local players have had a successful season thus far. Several good teams from surrounding towns have been played. The public is cordially invited to see the Sunday game.

## Band Played For Walters Rodeo

Band Director Chas. Vick and his High School Band furnished music for the Walters rodeo Monday and Wednesday nights. Several people from Burkburnett went to hear the band, and see the rodeo put on by R. L. Pointer in co-operation with Walters businessmen.

The Square Dance Team of the Burk Riding Club also appeared on the program each night.

## PICNIC SUPPER

On Tuesday evening, July 15 the Daughters of the King, Class in the Jr. Dept. of the First Baptist Church, met in the home of Mrs. O. B. Wofford for a business and social meeting.

Officers were instructed as to their duties. Standard of Excellence was checked and found that by putting forth a little extra effort they may become a standard class.

Following the business session all went out on the spacious lawn where tables were laden with delicious foods. Thanks was offered by Mrs. Wofford. After eating, the group was led in a number of games and Bible contests by Patricia Ann Morgan.

Members present were: Joella Ball, Peggy Hothan, Patsy Morgan, Shirley Berringer, Verona Maxwell. Guests of Mrs. Wofford included: Shirlene Richards, Billy Jane Smith, Judy Willingham, Bettjean Harrison, Mary Johnson, Mrs. T. Guy Willis and O. B. Wofford.

Rev. and Mrs. T. Herbert Minga have as their guest this week, Mrs. Minga's father and mother, Dr. and Mrs. J. Sam Barcus, and her brother Jim Barcus of Georgetown.

## Committee Meeting Thursday Nite For Celebration Heads

Tom Boyd, general chairman for the Boom Town celebration has called a meeting Thursday night (tonight) for all committeemen who served during the recent celebration. All committee heads and their workers are urged to be present to make a final report of their activities. Any suggestions that might make the Celebration better next year are more than welcome. Each committeeman should give the benefit of his experience to those who may serve on the committee in future years.

A financial report, complete to date, will be given by C. of C. Secretary Ray Hill.

The meeting will not be a closed affair. Any and everyone is welcome to sit in on the gathering to ask questions or make helpful suggestions. Place of gathering will be at the Chamber of Commerce office at 7:30.

## Relative of Burk Resident Buried

Mrs. H. R. Garrett, Mr. and Mrs. Levi Garrett, Mr. and Mrs. Homer Garrett, and Mrs. Ray Mills, were called to San Angelo Saturday evening, due to the death of Mrs. Garrett's mother, Mrs. Mary Ann Swinburn.

Grandmother Swinburn, as she was known, passed away at the home of her daughter, Mrs. Roberta Watkin at 316 S. Beaugard St., San Angelo, Saturday afternoon, July 12 at 2:30. She was 90 years of age. Mrs. Swinburn was born in Alto Cherickee Co., Texas, November 3, 1856. She was married September 16, 1875 to Thomas C. Wagon of Nacogdoches, Texas. To this union, five children were born; four girls and a son. The daughters who survive in addition to Mrs. Watkins are Mrs. Hunter Seale, Nacogdoches, Texas; Mrs. J. E. Dunn, Roff, Oklahoma; Mrs. H. R. Garrett, Burkburnett, Texas; and the son, Ben D. Wagon, San Angelo. In addition to her children, she is survived by 26 grandchildren, 25 great grandchildren, and 7 great great grandchildren.

She was left a widow at an early age, and married Mr. John Swinburn of Sonora, Texas, September 10, 1910. She made her home at the latter place until the death of Mr. Swinburn in 1926. After this she made her home with her son for 19 years, having lived with the daughter for the past 18 months. She has visited in Burkburnett on several occasions in the home of Mrs. Garrett, and was well known here.

Mrs. Swinburn was a faithful Christian, having been a member of the Missionary Baptist Church from an early age, and at the time of her death was a member of the Nazarene Church. She had been reading her Bible and dropped off to sleep for her afternoon nap, from which she never awoke. Her last words to utter was, "Poor Paul, Poor Paul."

Attending the funeral were her 5 children and 32 grandchildren, great and great great grandchildren. Funeral services were conducted from the Robert Massie chapter with interment in the Fairmont Cemetery. Rev. L. W. Conway, pastor of the First Church of the Nazarene, officiating. Her active pallbearers were her six grandsons; Homer and Levi Garrett, Ben R. and Glenn B. Wagon, Bryan Sisco and J. B. Adkins.

## Making Progress

Little Willie, exhibited his skill in riding a new bicycle, came down the street in front of his home, "Look, mother," he cried, folding his arms, "no hands."

Again he came into view, this time coasting with his feet off the pedals. "Look," he shouted, "no feet."

Half an hour passed, and little Willie again put in his appearance. This time, somewhat subdued, he gurgled, "Look, mother, no teeth."

Mr. and Mrs. Ed Bookout and family have moved to Lawton, Oklahoma.

### SUBSCRIPTION RATES BY THE YEAR

In Wichita and Cotton Counties ..... \$2.00  
Outside These Counties ..... \$2.50

### COSTLY CUTS

You can't blame a woman for complaining about the high price of meat. It distresses all of us, including the most educated economists and their explanation for the headache is sounded along with the butchers at the neighborhood grocery store. Explanations don't bring down the cost and often fail to give comfort to the person who is already straining the budget to provide meat on the family menu. They tell us there is more meat now than last year, and those years before the war. It would seem we are just consuming more meat. Buyers are refusing to pay 90 cents a pound for steak and when they do so they are going to help to bring the price down. But it takes a lot of buyers to effect the market. Already we are feeling the pinch of the 75 cents a pound meat.

### USING THEM UP

There are three important things Americans use most lavishly and exploit, regardless of their decreasing over a period of time, not replenishing as the population increases and takes away. We don't figure that we can deplete forests to such an extent we could ever be without and have to import lumber. Rumor has it that we have been using our oil supply to such a point we might have to import that. Then gasoline would reach a cost that autos would be a luxury and the average man could not afford to run one. If population continues to increase as at present, in twenty years we will need 12 million more acres of range to provide for 150,000 more steers.

This country has no new frontiers to open to obtain additional oil fields, virgin forest lands, vast areas of ranges for cattle. But we can protect the future by using substitutes when necessary, by being less wasteful with what we already have and making new land from swamp and desert areas and to further reforestation. Forestry agents

Unexcelled Ambulance — Day or Night

believe we should have a rotation program that would limit the annual cutting of trees to the number maturing each year and planting new forests. We might drain swamps for small farms. There are ways for us to keep our high standard of living, by using the advice of those who know, who make a study of our land and forests. Conservation has long been a note struck in most community homes. Let's use some of our own advice.

## Burkburnett . . . . History

As revealed by the files of the Star 10 years ago.

Mr. and Mrs. Wiley Browning left this week for an extended tour of West Texas and New Mexico.

Members of the Lions Club were hosts to the ladies at the annual watermelon feed last Tuesday night.

The Burkburnett Chamber of Commerce delegation will attend the Fort Worth Fiesta with Electric August 9. The committee, A. R. Hill, Jack Brunley, Oscar Kemp and Ray Hill, plans to have

one of the largest groups of the year to leave Burkburnett for the special event.

Mrs. O. C. Wills and children and Miss Pat Thompson returned Saturday after a two weeks visit with friends and relatives in Kansas.

Miss Revah Johnson, daughter of Mr. and Mrs. R. R. Johnson of Burkburnett, and a junior at NTSTC, Denton, is one of the 29 pledges to the college chapter of Kappa Delta Pi, National honorary educational society.

## Chick Chats

(By Clark Gresham)

### VACCINATION FOR POX, 'LARYNGO

Each fall and winter fowl pox and fowl laryngotracheitis break out on numberless poultry farms in the U. S., causing extensive losses in egg production and some deaths. This damage occurs in spite of the fact that pox and 'laryngo' are two poultry diseases for which there are positive methods of prevention.

Once one of the diseases breaks out on a particular farm or area, it is likely to occur again about the same time the following year unless birds are protected by vaccination. On farms where either of the diseases is known to be a threat, there is little excuse for running the risk of an outbreak—for vaccination is not only an effective preventive method but a cheap one.

The proper time to vaccinate is when birds are between six and twelve weeks of age. In some areas poultry raisers vaccinate at even earlier ages. Early vaccination gives the flock plenty of time to establish immunity before laying age and before the period of danger when the disease threat is at its height.

Flocks which have reached laying age without being immunized may be vaccinated for fowl pox with pigeon pox vaccine, which induces a milder reaction and sets up temporary immunity. Chief advantage gained from using pigeon pox is that it does not have the marked effect on egg production that results when fowl pox vaccine is used. Usually the temporary pigeon pox immunity is enough to tide birds over the critical period when an outbreak is threatening.

Pox vaccinations may be accomplished by one or two methods. In the feather follicle method a number of feathers are plucked from the bird's leg and the vaccine is applied to the open follicles. In the wing-web or 'stab' method, a double-prong needle dipped in vaccine is punched through the skin of the web of the wing.

Laryngotracheitis vaccinations are performed by the feather follicle method and also by the vent method in which vaccine is applied to the upper part of the vent.

## Output Of 90,000 Cars In 6 Months Scheduled By K-F

EDGAR F. KAISER

Vice-president and general manager of the Kaiser-Frazer Corp., manufacturers of the Kaiser and the Frazer automobiles.

The output of 90,000 automobiles by Kaiser-Frazer Corp. during the last half of 1947 — barring basic material supply shortages — was forecast this week by Edgar F. Kaiser, vice-president and general manager, in a mid-year resume of K-F's production progress.

Mr. Kaiser, who announced that Kaiser-Frazer produced a new monthly high of 12,039 cars in June, said that the company earned a substantial profit in the quarter ended June 30. Sales approximately \$22,000,000 as compared with \$11,700,000 for the entire year of 1946, he said.

The company's June output, which represented a 16 per cent increase over the May figure of 10,387, was exceeded in volume only by the industry's Big Three.

Production of the Kaiser, Frazer Manhattan automobiles totaled 49,203 in the first six months of this year, Mr. Kaiser said. Scheduling of 90,000 units for the balance of the year has been made possible by increased supplies of raw materials and engines obtained through subsidiary companies which have been acquired by Kaiser-Frazer, he explained.

He reported that the company this month completed stocking of service parts among its 146 distribution centers throughout the U. S. to insure prompt servicing of the more than 56,000 Kaisers, Frazers and Manhattans which are now in the hands of private owners.

The dealer in this sales area is Logan Battery & Electric.

**'Lost Colony' Presentation**  
**Nets Fishing Town Wealth**

In the summer of 1937, the inhabitants of Manteo on Roanoke island off North Carolina gave a series of performances of The Lost Colony, a play written for them about the English colonists who mysteriously disappeared soon after settling there in 1587. The play was so successful that it has since been presented annually, except between 1942 and 1945. In the six summers, 500,000 people spent \$4,000,000 in this 1,000-population community whose previous income came mainly from fishing.

Morning Service, 10:50 to 11:30.  
Evening Service, 8 p. m.  
Junior Fellowship, 5 p. m.  
Youth Fellowship meets at 7:00 P. M. Mr. and Mrs. B. H. Alexander, Jr., have consented to take the leadership of these young people in our church. We urge all our young people to come out Sunday night and give them a hearty welcome.

At the evening service, one of these young people, Charla Sue Thompson will sing a solo accompanied by Margaret Alexander.

Many favorable comments have been made about our plans to buy a pipe organ for our church. We need the loyal support of every interested person to put this project over. If you haven't made a pledge to the organ fund, do so today.

## Can Pickled Crab Apples for Your Winter Meals

Just the thing to serve with a rich roast of meat or fowl are Crab Apple Pickles. Several jars should be canned for use with winter meals, when heavy foods are needed. This recipe comes from the universally used Ball Blue Book on home canning:

- 1 gallon crab apples
  - 6 to 8 cups sugar
  - 3 cups water
  - 4 cups vinegar
  - 1 stick cinnamon
  - 1 tablespoon crushed ginger
  - 1 tablespoon whole allspice
  - 1/2 tablespoon whole cloves
- Wash apples and pierce each with a needle. Heat sugar, liquids and spices (tied in bag) until sugar dissolves. Cool. Add apples and simmer until tender. Let stand several hours or overnight. Pack cold apples into hot jars. Boil the sirup to the desired thickness and pour over apples. Process five minutes in hot water bath. The amount of sugar may vary depending upon whether a fairly sweet or moderately sour pickle is desired, and from one-half to one-third of it may corn sirup.

## Corn Relish—Recipe for a Popular Hostess

Corn relish is one of those appetizing dishes we rarely enjoy unless we know someone who does home canning and invites us over for a meal. Popular hostesses find that it pays to include corn relish in their home canning plans. The Ball Blue Book recipe for this taste treat is as follows:

- 2 quarts corn
- 1 quart chopped cabbage
- 1 cup green sweet pepper
- 1 cup sweet red pepper
- 2 large onions
- 1 cup sugar
- 2 tablespoons ground mustard
- 1 tablespoon mustard seed
- 1 tablespoon salt
- 1 tablespoon celery seed
- 1 quart vinegar
- 1 cup water

Boil corn five minutes. Cold dip. Cut from cob. Measure. Chop and measure cabbage and peppers. Chop onions. Combine ingredients and simmer 20 minutes. (More salt and sugar may be added if needed.) Pack into hot jars. Seal at once.

New electric refrigerators are on the way. Keep in touch with your electric refrigerator dealer.

**TEXAS ELECTRIC SERVICE COMPANY**  
 J. B. ADY, Manager

**HOW TO USE THE TELEPHONE SKILLFULLY**

*Even the simplest things—and telephoning is one of them—are easier and more satisfactory for the person who knows the best way to do them and then DOES them that way.*

*If you know the right answers to these four questions about using the telephone, you'll have a key to better telephone service.*

**Question:** What is the best way to answer the telephone?  
**Answer:** It's usually best to identify yourself at once. "Mr. Hopkins speaking" helps start things off right—especially if the caller may not recognize your voice. It's much better than "Hello."

**Question:** Can the person I'm calling hear me better if I talk loudly?  
**Answer:** It's better to speak in a normal voice—clearly and distinctly—with your lips about a half inch from the transmitter.

**Question:** Can I get the operator's attention faster by "jiggling" the receiver hook up and down rapidly?  
**Answer:** No! When you move the hook too fast, it often brings in no signal at all. Move it slowly for better results.

**Question:** When I'm talking on a party line, how do I know if another party wants to call?  
**Answer:** You may hear him lift the receiver. If so, the neighborly thing to do is finish your conversation as soon as convenient so he can make his call.

WEEKLY NEWS ANALYSIS

Plowing up West May Bring Dust; Truman Signs, Scores Rent Bill; Discord Marks Paris Conference

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

TWO-DOLLAR WHEAT

Return of Dust Bowl Feared

Thinking men—experienced ranchers, grain men and bankers in the West—are looking worriedly ahead to a revival of the dreaded dust bowl because transient farmers are plowing up thousands of acres of virgin range to plant wheat which will bring them two dollars a bushel.

Under the stimulus of the two-dollar wheat, buffalo grass is being turned over at an unprecedented rate, and the prediction is that when it quits raining the dust bowl will stage a savage comeback.

The West again has become a paradise for speculators who are buying up land for \$15 to \$25 an acre and planting it in wheat. One good crop will pay for the land and leave them a good profit besides.

Suitable primarily for grazing, the land normally is priced at from \$2 to \$10 an acre. "Suitcase farmers" roll in with their tractors, plows and drills, put in a wheat crop and then leave until it is time to harvest the grain. No one stays to check the inevitable wind erosion.

The current world food shortage offers some justification for expanding the wheat crop, but it would be difficult to maintain that rational outlook if resulting dust storms caused a recurrence of the mass ruin and exodus from the dust bowl of the 1930s.

RENT BILL: Lesser Evil

Acidly pointing out to congress that he was only choosing "the lesser of two evils," President Truman signed into law an extension of modified rent controls until March 1, 1948.

He charged that a basic weakness of the act was the controversial provision permitting voluntary agreements between landlords and tenants to 15 per cent rent increases if the landlord gives a lease running through 1948.

"This is voluntary only so far as the landlord is concerned. Many tenants, however, will feel that there is no choice," Mr. Truman said.

In a stinging, 2,500-word message to congress, the President called for an investigation of the "real estate lobby" which he said had pushed the bill through. He attacked the real estate lobby as "this selfish and shortsighted group" permitted "by its brazen operations to block programs so essential to the needs of our citizens."

Under the extended law, Mr. Truman said, millions would be faced with substantial rent increases.

WORLD ARMY: Figures Given

Members of the United Nations security council regarded as a heartening advance a tentative recommendation by the military staff committee on numerical strength of a world police force.

The group stated provisionally that the security council should have a basic force of 3,800 warplanes, 20 divisions of ground troops, three battleships and six aircraft carriers to enforce world peace.

Hewing to the line, Soviet members of the military staff committee declined to make any suggestions, holding to their contention that the security council must agree on general principles for the police force before dealing with actual numbers of troops, planes and ships.

The U. S. delegation, headed by Gen. Joseph T. McNarney, as well as the delegations of France and Great Britain, submitted their ideas in a report to the council. Official Soviet attitude was that the estimates were unofficial, thus having no significance.

Statistics Disclose Hazards of Housewifery

It's downright dangerous to be a housewife. That, at any rate, is the conclusion reached in a study on disability by the Research Council for Economic Security at Chicago.

FAIR OUTLOOK: Corn Prospect

As July entered the Midwest's agricultural scene with a gush of warm air and sunshine, prospects appeared reasonably good for a fair-sized crop of corn in Minnesota and South Dakota this year.

However, in those states, as in the rest of the corn belt, a long period of favorable weather conditions is most essential. The frequent, heavy rains must stop in order that saturated fields can return to normal.

Planted acreage of corn in Minnesota and South Dakota is about equal to that of last year, but heavy losses have been incurred as a result of excessive rain. Most observers agree that while the growing corn crop is two to three weeks behind last year it still has time to stage a comeback, given favorable weather.

Such a shortened growing period, however, may result in reduced yields. Also, growers in the two states are reported to have turned, in the past year, to planting corn requiring a shorter growing period than formerly. Therefore, while the corn may mature relatively earlier than formerly, it will do so at the expense of a smaller yield an acre.

TREMOR: St. Louis Rocks

It began with a low-pitched, subterranean growl. The earth trembled gently for about 11 seconds; sidewalks cracked; here and there a chimney toppled; in hundreds of homes dishes slid from shelves and pitched to the floor. Then, with a sharp bump, it was over.

St. Louis, already partially flooded and imperilled further by the ominous Mississippi cresting at 39.18 feet, had experienced its first earthquake since 1939 and one of the worst in the city's history.

No deaths or injuries were reported as a result of the tremor which was felt for a radius of 30 miles around St. Louis.

Although they received a minor shaking up, the levees holding back the worst Mississippi river flood in 103 years remained undamaged and intact.

SUNK: Sea Power

Striking members of CIO shipyard unions along the Atlantic and Gulf coasts have dealt a disastrous blow to America's position as a maritime power, it has been charged by Representative Weichel, chairman of the house maritime committee.

Weichel asserted that the strike will discourage and delay indefinitely new ship construction, and further will have the immediate effect of halting work on 55 ships which are either being repaired or converted for first-class service.

The strikers, 120,000 of them, were demanding a 13-cent hourly wage increase, six paid holidays and a three-week paid vacation.

Just Friends

His Excellency, the Most Reverend Dr. Mar Ivanios, archbishop of Trivandrum, India, enjoys visit with baby Claude, youngest of the prolific Dionne family which also includes quintuplets. The two met in Ottawa, Canada.

BUYING POWER: Sharp Decline

For the first time in many months, a marked decrease in consumer purchasing power has become evident, it was revealed in a monthly survey of "real income" made by Investors Syndicate, an investment company.

Although the income of the average family at the present time is \$1.18 for every dollar earned a year ago, prices have gone up to \$1.26 for every dollar in the early summer of 1946. Thus, the "real income" index is reduced to 90 cents. "Real income" is the relation of income to living costs.

While fluctuations in "real income" have occurred at various times during the past six years, the current sharp break from the "real income" level of \$1.02 a month ago and a level of \$1.06 four months previous indicates a major falling off in purchasing power.

All types of income and all phases of the price structure have increased over a year ago, the survey showed. Wages are up to \$1.22 for each dollar, salaries are up to \$1.20, farmers income to \$1.14. Price of food is now \$1.33 for each 1946 dollar, shelter is \$1.03.

SUNDAY SCHOOL LESSON

Light on the Problem Of Human Suffering

LESSON TEXT FOR JULY 20-Job 1:8; 2:7-10; 19:7-10; 42:1-5; James 5:11. MEMORY SELECTION—Thou therefore endure hardness, as a good soldier of Jesus Christ.—II Timothy 2:3.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute, Chicago. HUMAN suffering—what a problem it is to all of us, in greater or smaller measure. From the broken heart of men and women comes the question "Why?"

We cannot always answer, nor do we fully know the meaning and purpose. We must often simply put ourselves and our loved ones into the hands of God, trusting him to bring us into assurance and victory.

There are some things we can know, and they are most helpful. The book of Job reveals much concerning the background of suffering and its uses and advantages. It is not all loss and pain. God does not forget his people in their hour of trial.

Job had suffered the loss of property, family, and was now personally afflicted by sickness of his body. His friends who came to comfort him had added to his troubles by their pious platitudes about suffering being the result of sin (cf. John 9:3), and so on.

There was enough truth in what they said to make it hurt, and so we are doubly glad we are given a look behind the scenes. We learn that this was not a struggle between God and Job, nor even between Satan and Job. We see

I. The Battle Between God and Satan (Job 1:8).

READ the entire story here and you will see that Satan, when faced by God with the godly example of Job's life, threw down a challenge. He declared that the only reason Job loved God was because he received so much good out of it, because God protected him.

The issue was clearly drawn; the question was whether God was able to keep a man in the midst of trial and suffering. Was His grace sufficient for the dark hours of life as well as the happy and bright ones?

Having stripped Job of all his possessions, and left him childless and heart broken, Satan had to admit failure up to that point. But he sneeringly slandered both Job and God by saying that Job was not concerned about these other things so long as his own body was unharmed (2:4, 5).

So the Lord permitted him to afflict Job's body, and we see the conflict raging in

II. The Battleground—the Life of Job (2:7-10; 19:7-10).

THE mystery of God's permissive will enters into the picture here, and we learn too that Satan, while a mighty being, has limits to his power. God may give him liberty to test his people, but it is never with the thought that they will fall; rather to prove that they can stand true come what may.

Was any mortal ever more afflicted than Job? We find him finally an outcast, sitting on an ash heap, scraping the awful sores upon his poor body.

Job did have his times of questioning and doubt (19:7-10). He felt at times that God had forsaken him. He misunderstood the providences of God. But through it all he held on to his faith in God. He could do without his possessions (1:21). God could even take his life and he would say, "Though he slay me, yet will I trust him." He saw beyond the grave, for he knew that if his body were destroyed he would still see his Redeemer.

What more sublime expression of faith could a man make than to say in his hour of seeming despair, "I know that my Redeemer liveth." How did it all come out in the end? That is our last point.

III. The Outcome—Victory for God in Job (42:1-5; James 5:11).

JOB had to come to the end of himself. Judging himself to be unworthy (42:6), he repented of all his own self-righteousness and cast himself upon the mercy of God. God then vindicated him and restored him to a place of blessing and usefulness.

The answer then to our problem is this—God is able to keep to the uttermost those who put their trust in him (Heb. 7:25) through the grace he gives. Suffering may be in his permissive will for our own self-judgment and growth in grace. But back of it all is the assurance that God knows about it, he has not turned away; that in due season, if we faint not, we shall see victory.

Ultimately, the question is not whether we can stand or not, but whether God is able to keep us in the midst of the onslaught of the world, the flesh and the devil. Released by Western Newspaper Union.

A PET style for juniors is this pretty puffed sleeve blouse. It's so easy to cut and sew, too. Colorful embroidered flowers are designed to give you a romantic look.

To obtain tissue pattern, finishing instructions, flower design, color chart for embroidering the Peasant Blouse (Pattern No. 5533) sizes 12, 14, 16 included, send 20 cents in coin, your name, address and pattern number.

HOUSEHOLD TINTS

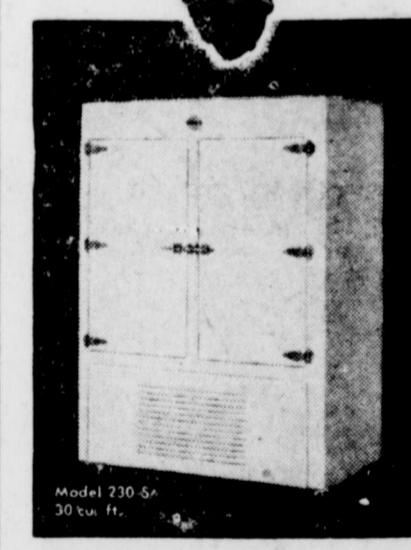

Keep an old thermos bottle cork in a drawer in the kitchen. Push thumbtacks into the cork and they'll always be handy when you need them.

Avoid soaking split peas, if you want to preserve their natural flavor and color. Begin cooking in boiling water, and cook split peas only one and one-half hours at a full rolling boil.

When you find a flattened place on the nap of the rug after changing furniture around, dampen a chamois, fold several times, and place over the mark. After several hours, remove chamois and mark will be gone.

Torn towels may be cut down to guest size. If the towel is small, applique amusing designs for a patch. Make interesting figures such as a bar of soap or small hands.

"OH, HOW I NEEDED MORE REFRIGERATOR SPACE!"

NEWS FOR RESTAURANT OWNERS!

Even the smallest restaurant can profit from Perfecold's special features. You never defrost. No odor transfers. No wilted, dried-out foods. Many sizes—glass or solid doors.

PERFECOLD INC. 1940 SOUTH MAIN STREET LOS ANGELES 7, CALIFORNIA I'd like to see your colorful FREE brochure showing Perfecold's latest models—including those in the low price range. NAME ADDRESS CITY STATE

America's most daring sailplane pilot demonstrated "aerobatics" on opening day of the annual National Soaring Contest at Wichita Falls July 4. Pictured here with his "Tico-Tico" is Capt. Kim J. Schribner of Miami, Fla., only pilot in the country who makes a pastime of looping his ship at 50 feet above the ground. Schribner also will fly his motorless glider on week ends at the meet, July 5-6, July 12-13 and July 19-20.

**Tatum Opens Garage With New Partner**

E. J. Tatum, co-owner of Goins & Tatum Garage is now open with a new partner, Herman Miller.

This garage has been closed since February, due to injury. Mr. Tatum received in a car accident. He is still under the care of Dr. Williams in Dallas, but is slowly improving.

Herman Miller, son of J. T. Miller, is well known here. He was an employee at Sheppard Field SubDepot, and later employed by United Electric Co. in Wichita Falls. Miller has had a lot of mechanical experience. Miller and Tatum will do Bear wheel alignment service, wheel balancing, also Motor Tune-up and general repair work. This shop has the latest equipment and welcomes all their old customers to come back and invites new ones. They offer the best of service and wish to please all their customers.

Mr. and Mrs. David Germany and Ronnie of Tyler are visiting in Burk this week.

**Training Union Enjoys Watermelon Feast Friday Night**

Members of the Pal Training Union of the First Baptist Church met on the church lawn Friday night for a watermelon feast.

Attending were: Messrs. and Mesdames J. D. Grizzle and son, Grady; Cloys Tedder, Clovis Netherlain, and daughters, Beverly and Anita; Leon Pace, Loyle Forqueran and Kay and Larry.

Clyde Nicks of Villa Platte, La., is visiting his mother and sister, Mrs. Essie Nicks and Nelda in Wichita Falls. He plans to spend the summer with his grandparents, Mr. and Mrs. J. G. Simpson, where he will be employed in their laundry.

J. Z. Wilson, former resident of Burkburnett, now living in Dallas, is visiting his sister, Mrs. A. W. Salter. Mr. Wilson dropped by the office and renewed his subscription to the Star.

George Byerly spent the week-end visiting his parents in Jasper, Texas. John Clement accompanied him on the trip.

Sharp, Jr., of Wichita Falls.

**Veteran's Service Officer In Burk Every Monday**

Mr. Jack Deaton, County Veterans Service officer of Wichita Falls will be in Burkburnett every Monday from one o'clock to five at the Legion Hall.

Any veteran who has had a claim with the local office, which has recently been disbanded, should contact Mr. Deaton with any problem which should arise.

Mr. and Mrs. Akson of Dallas spent last week-end with Mr. and Mrs. B. Danforth.

**Progressive Supper Enjoyed By Youth Choir Recently**

The Youth choir of the First Baptist Church enjoyed a Progressive supper, June 27.

Hostesses for the first course a fruit juice cocktail, were: Sidney Sue Douglas and Sidney Gamblin, at the Douglas home. Then to the Minick home where the jello salad course was served by Gloria Minick and Beatrice England. The dinner course was served at the home of Mrs. C. O. Smith, with Mrs. Gee assisting Mrs. Smith with the hostess duties.

At the close of the meal, the group was led in a game by Mrs. Willard Mills and C. O. Smith, Jr. The group then went to the home of Mr. and Mrs. Wiley Browning where a few games were played and the dessert was served.

**From where I sit... by Joe Marsh**  
**Sam Helps with the Dishwashing**  
 Dropped in at the Abernathy's just the other evening—and there was Sam, out in the kitchen with an apron on, helping his missus wash the supper dishes. (And then I learned later he'd helped cook the supper, too.)  
 Of course, Sam could have settled into his favorite chair, enjoyed his evening glass of beer, and left all the messy kitchenwork to Dixie. But he kind of likes her company—and she in turn certainly appreciates his help.  
 In fact, sharing the housework and the mealtime chores is sort of a bond between them... like sharing that friendly glass of beer together, when the work is done. It's one of those little all-important things in marriage.  
 From where I sit, the time that a man and wife can spend with each other in this busy world today is all too precious. And the more things they can do together, the better.

**Mrs. Geo. McClarty Again Named Best Dressed Cow-Girl**

Mrs. Geo. (Faye) McClarty, who recently was judged the best dressed Cow-Girl at the Electra Rodeo, again walked off with top honors at Walters, Oklahoma Monday in the parade which marked the opening of the big 3 day celebration and rodeo there. Mrs. McClarty, a member of the Burkburnett Riding Club, will be the Chamber of Commerce Sponsor girl at the Seymour Rodeo which opens July 31st.

Delois Redman, another member of the square dance team, placed second, with little Gwendolyn Goins, daughter of Mr. and Mrs. Wendell Goins taking first place as the best dressed junior cow-girl.

Guests in the home of Mr. and Mrs. C. O. Walling over the past week included Mr. Walling's brother and wife, Mr. and Mrs. B. F. Walling and grand daughter, Joyce Mann, and a nephew, B. W. Walling and wife of 414 Orlando Ave., Los Angeles, and Miss Charlene Renfro, a niece from Tioga, Texas.

By Drew Pearson

Mr. and Mrs. B. H. Miller and daughter, Dorothy Marie of Freer Texas, have been visiting with Mr. and Mrs. L. W. Miller and children.

**Rotary Club**

Members of the Rotary Club met for their luncheon Tuesday noon with only two absent members: Ralph Davis and Clark Gresham. Visiting Rotarians from Wichita Falls were: Dick Knight, Kindel Paulk, Andy Andrews and H. J. Naylor.

Jimmy Still had as his guests, Roy Foutz and Geo. Stephenson of Wichita Falls, the latter giving the luncheon invocation.

In the absence of Ralph Davis, program chairman, I. C. Evans presented Francis Harvey and Harrison Creed of the Jr. Chamber of Commerce in Wichita Falls. Mr. Harvey introduced Owen Wingfield, a English contestant in the Soaring Meet, now being held in Wichita Falls, who gave an interesting talk on the "Art of Soaring."

Herbert Minga will bring the program next week.

Mrs. Frank Armstrong and Mrs. P. D. VanCleave and children of Ft. Worth spent the week-end with Mrs. H. S. VanCleave and Oma.

Mrs. Mac Sutton has returned to her home in Houston after spending several weeks with her parents, Mr. and Mrs. V. C. Skipwith.

*The Knock that lengthened a life*

The doctor's midnight knock! How comforting when illness strikes! The physicians and scientists of Texas are the conservators of life, the guardians of health. They are dedicated to a continuing study, a never-ceasing search for means to make life longer, happier, healthier.

Yes, their mission is to conserve life and health... just as others in Texas conserve the things we hold dear...

our health, our land, our knowledge, our priceless heritage.

United Gas recognizes its responsibility in conserving Texas' natural resources. Many cities and towns in Texas enjoy natural gas service today because United is taking gas that might otherwise remain worthless in the earth and is making it available for USE... for without use, natural gas is valueless.

This is practical conservation, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

Sunday School, 9:45.  
 Preaching Services, 11:00.  
 Training Union, 7:30.  
 Preaching Services, 8:30.

With old man summer on us our attendance is off some — just a little under the 300 mark last Sunday. However, that is not bad with many taking vacation, etc. Sunday night we reached the 89th mark in our Training Union — with a large crowd for the preaching services.

If you were absent you missed a blessing and also failed to be a blessing.

If you have no church home you have a great big welcome at the First Baptist Church for all our services.

In Sunday School and also Training Union, we have a place for the entire family — we take care of the babies both morning and evening — giving the mothers a chance for a few minutes of rest and also an opportunity to worship.

Sunday is the day for the Lord's Supper. Following the morning preaching services this church ordinance will be observed.

Sunday the pastor will probably speak on Mutual Dependence, 1 Cor. 3:6.

Sunday night the message will be Debtorship.

Last Sunday night the ordinance of baptism was administered.

Hardly a Sunday but what there are additions to the church.

Are you helping or hindering? Are you lifting, or being carried? Are you pushing or pulling back? Can the Lord depend on you.

Monday night about 75 officers, teachers, etc. met at the church for an hour and a half service.

With our Sunday School Clinic We had nine workers from Wichita Falls. Many of our officers and class officers did not take this wonderful opportunity offered — of course they are the losers.

Thrice welcome with us each Lord's Day.

—Pastor.

**CYPERT IN JAPAN**

With Eighth Army in Sapporo, Japan (delayed) Corporal Eugene O. Cypert, 19 year old parachutist was promoted to his present rank recently. He is serving in the occupational forces with the 17 Glider Infantry of the 11 Airborne Division. He is the son of Mr. and Mrs. Eugene Cypert who live at 620 E. 2nd St., Burkburnett, Texas. Cypert volunteered for the army on Oct. 4, 1946 at Fort Sam Houston. He received six weeks of infantry basic at Fort Bragg, North Carolina. After leaving Fort Bragg, he was sent over seas.

Cypert joined the 11 Airborne Division at the Fourth Replacement Depot. He was sent to the 187 Glider Infantry on the island of Hokkaido. His present job is first gunner of the Anti-tank Platoon in Hq. Co., 3rd Bn. Cypert graduated from Burk High School. His post army plans include going to college.

Mr. and Mrs. Tom Britton and Shirley spent last week-end at Carlsbad, New Mexico.

Mrs. Herman Brown and children of Corsicana visited here last week.

Jack Blanscet, Gene Bankhead and Leon Duke visited Lee Hicks in Ft. Worth last week-end.

**JESUS THE WORLD'S GREATEST TEACHER**

Whether judged by subject matter, the method of its presentation, or effectiveness in influencing life, Jesus enjoys preeminence among teachers. The truths which He presented were then, as they are now, of paramount interest and importance. His utterances, without revision, are pertinent to modern life and make universal appeal. In them are heights that no man has scaled; depths which no man has sounded; reaches of length and breadth which no man has explored.

Not only was his word with power to his contemporaries; but it is equally powerful now. Larger numbers of people are learning of him today than ever before; and an increasing host find in him the solution of their problems, and the supply for their needs. He gives accurate and authoritative information concerning man's most serious problems. Millions are now saying: "There was the true light, even the light which lighteth every man, coming into the world." Each will do well to attend the church of his choice each Lord's day and sit at His feet and learn of Him!

*Come unto me, all ye that labour and are heavy laden and I will give you rest.*

**YOU IN THE CHURCH THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benediction and a stronger influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

### Uncle Sam Says

Have you stopped to think that you are a Minute Man, 1947 model, when you invest in United States Savings Bonds? The first shots in defense of your security were fired on April 19, 1775, on Concord bridge in Massachusetts. Today you stand guard over your security not with bullets but with your Savings Bonds which in the years to come will make your home the fortress it should be against financial distress. Equally important to you is the fact that your growing stack of Savings Bonds is available for attainment of personal or family goals such as a new home or education for your children. Every dollar you invest in Savings Bonds is backed by the United States Government. Savings Bonds are safe, sure, profitable—\$4 for every \$3 invested 10 years hence.

U. S. Treasury Department
