BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, OCTOBER 9, 1947

NUMBER 11

FOOTBALL FRIDAY, 8:00 O'CLOCK; BULLDOG STADIUM

Gulf Honors V. R. "Tony" Harwell With Party

Employees of Gulf Refining Co. Pipe Line Division of Burkburnett and surrounding territory recently gave a farewell party at Municipal Golf Club House in Wichita Falls, in honor of Mr. V. R. Harwell who has been promoted to the Ft. Worth Division office of the company.

A large number of employees were present and a fine steak dinner was enjoyed by all, after which interesting talks were given by members of the employee group. Mr. Harry Newman of Ft. Worth division office was there to represent that group.

Mr. Harwell, who has successfully represented the Gulf Company here for a number of years was presented a gift from the employees in appreciation of his splendid service while here. He has been succeeded by Mr. H. P. Bruce of the Company's West Texas Division.

Burk Citizens Asked To Attend Opening Of Red Cross Home

A special invitation has been extended this week, by W. O. Kimmell, Chapter Chairman of the Wichita County Red Cross, to the citizens of Burkburnett, to attend the opening of the new Wichita County Red Cross House and to attend the Blood Bank. Open house will be held at the new location, 140 4-6th St., in Wichita Falls, Thursday, October 16 from 2:30 to 10:00 p. m. According to Mr. Kimmell, this is YOUR Red Cross Building, as well as all other citizens in the county. There will be officials on hand between these hours to show you through and explain the parts of interest.

Mr. John C. Wilson, manager of the Midwestern area, from St. Louis will be the honor guest. Other distinguished visitors will include Dr. Raymond F. Barns, who is medical director of the Midwestern area, and also Assistant National administrator of the Red Cross Blood Donor Service; H. D. Carmichael, State relations officer for the Red Cross in the Governor's office at Austin. Also expected are two members of the National Board of Governors, and visitors from Kansas, Oklahoma, Arkansas, and various places in Texas to inspect the Blood Bank Plant.

Rev. T. Herbert Minga is chairman of the Red Cross Activities in Burkburnett and Dick Chambers, Blood Bank chairman.

Methodist Church

T. Herbert Minga, Pastor

Sunday School, 9:45.
Morning Worship, 11.
Evening Service, 7:30.

The Methodist Church is now engaged in the greatest effort in her history. It is the Crusade for Christ in the Church School. You are invited to come to the church school where you can become a part of this movement which is dedicated to building the Kingdom of God in the lives of people.

What about the religion of your child? Certainly you want your child to have good food, health, clothes and play, and these are important. The public school is training him in spelling, reading, writing and arithmetic. These too are important. But what about his spiritual development? No body can teach your child to be a Christian as well as you can, but the Methodist Church School is prepared to help. We can help best when your child attends the church school regularly. There God, Jesus, the Bible, Brotherhood and Worship become real to him. Again, we can help by providing materials to aid you in teaching religion in your home. Bring the whole family to church school next Sunday.

Local Boy Wins At Fair With Oil Paintings

Jimmy McMurtry, twelve year old son of Mr. and Mrs. F. M. McMurtry of this city, was awarded first place on Oil Portrait, and first, second and third on animal life at the Texas-Oklahoma fair in Iowa Park.

His study has been directed by Mrs. J. M. Matthews.

Oscar-Frye Post Sponsors Scout Troop

The American Legion Post of this community became the sponsor of Boy Scout Troop No. 36 this week. There has been great enthusiasm shown on the part of the sponsors, as well as the boys. Billie Reynolds has been appointed Scout Master and an executive committee, to take care of the needs of the boys and to help guide them has been selected. The committee is composed of Hal D. Mabry, executive director, and Harry Felgar, Norman Duke, L. D. Holman, J. D. Riley, Nelson Geist, and Allen Riddle, committeemen.

The troop plans to meet every Tuesday evening in the Legion Hall. Remember parents, the basic aim of scouting is to make your son a better citizen. If your boy is thinking of joining the Scouts he will be made welcome at the Legion Hall, whether any member of his family belongs to the American Legion or not.

Rev. Copeland To Speak At Baptist Church Sunday

Rev. Roy Copeland of Terrell, Texas, will preach at the First Baptist Church Sunday, both morning and evening services. Rev. Copeland is a young preacher about thirty-four years old, comes to us well recommended and is Associational Missionary for Terrell County. Everybody has an invitation to come hear this young preacher.

Our Sunday School attendance is picking up. We had 344 last Sunday but we should make it 400 in Sunday School Sunday. Training Union Attendance is also up for we had 147 last Sunday. Find your place in the Training Union and Sunday School. A Welcome to all awaits you.

Lions Club

On September 30, Lions F. E. Cruce and H. C. Gilbert brought the program. Aided by Wylie Browning, Congressman Ed Gossett was introduced as the featured speaker. Congressman Gossett, who is a member of the Immigration Committee, a major committee, spoke on why he opposed a bill coming before Congress to let the bars down for all who wished to come into the United States. Congressman Gossett has devoted much time and study to the problem and brought the club one of the most informative talks it has been privileged to hear.

On the night of October 7th, Lions Clifford Dodson and H. A. Goodwin had charge of the program. Lion Dodson quizzed members on nicknames of college teams, and also called on a few members to tell when and why they came to Burkburnett to make their home.

Following the program members voted to present another Negro Minstrel in November. Lion Louis Littlefair will again supervise the production, which will be given Nov. 19 and 20. Next Tuesday night's program period will be given over to assignment of minstrel parts.

Mrs. Hugh Preston and Hugh Cole, and Mr. and Mrs. B. F. Short spent last Saturday in Norman, Okla. They were accompanied home by Mr. and Mrs. Billy Fred Short, who spent Sunday with their parents, returning to Norman Sunday night.

Two Strong Teams Fighting to Win

Friday night local foot ball fans will witness one of the most warmly contested games of the season when the Seymour Panthers bare their fangs at the Bulldogs, determined to take home a victory. Last year the boys from Seymour defeated the Burk boys, who will be putting out their best to prevent a repetition.

A late check on the Burk squad reveals that every boy is in good shape. Freddie Fewin, out for a week with a shoulder injury, will be back this week to add power to the running game. Coach Short has put his boys through some strenuous work-outs the past few days, in an effort to keep the record of no game losses clean.

Seymour, District winner last year, is rated one of the strongest teams in the District this year. The team is composed of several veteran linemen, with a backfield capable of breaking away for pay dirt on most any play.

Friday night's game will be a contest of two strong lines, battling it out on every play. Which ever line can deal the other the most misery will determine the outcome of the game.

Plenty of good grandstand seats will be on sale at the box office prior to the game.

Foot Ball Game Friday Night

Burkburnett Bulldogs

vs. Seymour Panthers

Kick-off at 8 P. M.

Burk has won its first three games. Friday night's contest promises to be one of the hottest of the season.

Bulldogs Smother Valley View, 55-0

Against weak opposition last Friday night at Valley View, the Bulldogs had little trouble in running up a score 55 to 0 in their favor. Coach Short had the first opportunity of the season to use many of his younger, inexperienced boys in real competition. Under the strain of the game competition, many of the boys showed exceptional possibilities.

Great possibilities for future Bulldogs were brought out in John Alan Brookman, Tex Maney and Jimmie Hunt in the line. In the backfield Willis Bartley Bobby Smith and F. T. Felty looked good. Johnny Crane, a Sophomore, showed up well on both offensive and defensive play. Blocking, so essential to a good foot ball team, is being mastered unusually fast by the newer players.

Help Out Seniors Friday Night

The Seniors invite you to come around to the stand Friday night at the football stadium and get a bite to eat. They will sell hot-dogs, coffee, popcorn, and cold drinks. This will be the last time the Seniors will have charge of the stand, as other classes will take over for the remaining home games.

Rotarians To Stage Feed Tuesday Night

To take advantage of the facilities of the new City Park, the members of the Rotary Club will be hosts to their Rotary Anns with a Bar-B-Q Tuesday night at 7:30.

The committee composed of H. D. Smith, B. H. Alexander, P. A. Wiggins, and Paul Browning, have reserved the privilege of selecting any of the other members to assist them in preparing the feed.

Wayne King At Wichita Falls Monday, Oct. 13th

Wayne King, a national screen and radio favorite throughout the nation as "The Waltz King," is on the road again for the first time since 1941, and will present his first variety show in the Wichita Falls area Monday night, Oct. 13, at Memorial Auditorium in Wichita Falls under the management of Mrs. Hal Yeager.

Aside from his 20-piece waltz band, King will bring to Wichita Falls on his coast-to-coast junket Nancy Evans and Ken Stevens, singers; Evelyn Davis, violinist; a mixed choir of eight voices; and a pair of scintillating ballet artists, Perry Franks and Janeyce.

Graduating from college, King also graduated from clarinet to saxophone, the instrument which he still spotlights with his band. Soon he achieved his real ambition, organizing an orchestra and pledging himself therewith to restore the beauty of the waltz to its former popularity in preference to "hot rhythm," which at that time was in its heyday. Radio response and record sales have proved just how right he was in believing the waltz the permanent grand champion of dance music.

King's own brief on the music he distributes through radio networks and recordings is simple and direct. In his own words, he tries to give his listeners music which will satisfy them, and keep them from saying they ought to go out some place. He is famous as one of the best examples of a fine entertainer, taking pride in clean, wholesome programs for the whole family.

Mail orders are now being filled in the order of receipt at P. O. Box 1082, Wichita Falls.

Aaron Lucas of Shidler, Okla., who is General Supt. over Gasoline Plants in Okla., Kansas, and North Texas, for the Skelly Oil Co., was a business visitor here this week-end. While here, Mr. Lucas visited his Uncle, Ray Mills and family.

Word has been received here of the arrival of a new son born last Sunday to Mr. and Mrs. Horace Patterson of Freer, Texas.

Following Fire Truck May Bring Fine of \$200.00

Following a fire truck may seem to some an innocent sport, but it may bring a fine to violators. Under the State Uniform Traffic Code, it is unlawful for non-firemen to follow a fire truck closer than 500 feet. That's almost two blocks.

Citizens of Burkburnett have been guilty many times of following fire trucks and blocking firemen from reaching the fire in time to be of any assistance. That is a serious offense. Firemen have been instructed to report violators on every occasion.

Some time ago a local fireman was hit at a street intersection by a non-fireman who seemed determined to beat all firemen and the truck to the fire. Fortunately there was no personal injury. The violator was told to have the fireman's car repaired or State authorities would be notified. He decided to stand the expense of the car repair. Firemen take enough risk without having to fight their way to a fire and then fight the fire too. They receive no money for their services. Don't make their work more hazardous by subjecting them to the dangers of car accidents.

Below part of the Traffic Code is quoted, as received by Fire Chief J. F. Kelley:

TO ALL TEXAS FIRE CHIEFS:

Your attention is directed to the sections of the new State Uniform Traffic Code which became effective on September 5, 1947, as they will affect the Texas fire departments enroute to and their work at fires. From Article XIII (Miscellaneous Rules) Section 100 reads as follows:

"Following Fire Apparatus Prohibited. The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than five hundred (500) feet or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm." and section 101 reads as follows:

"Crossing Fire Hose. No driver of a street car or vehicle shall drive over an unprotected hose of a fire department when laid down on any street, private driveway or street car track, to be used at any fire or alarm of fire, without the consent of the fire department official in command."

Under Article 16, Section 143, the penalties for violation of the code are set forth as follows:

"Penalties for misdemeanors. (a) It is a misdemeanor for any person to violate any of the provisions of this Act unless such violation is by this Act or other law of this State declared to be a felony. (b) Every person convicted of a misdemeanor for a violation of any of the provisions of this Act for which another penalty is not provided shall be punished by a fine of not less than One Dollar (\$1) nor more than Two Hundred Dollars (\$200).

Yours very truly,
Marvin Hall, Commissioner.

Rotary Club

Two new members were introduced to the Club Tuesday noon. They were Carl Campbell and Arthur Ramming.

The luncheon invocation was given by Vernon Thornton. B. H. Alexander, program chairman, introduced Al Parker, News Editor of the Wichita Daily Times, who gave an interesting report on the fishing conditions and Lakes in this area.

Visiting Rotarians were J. J. Evans, Walters, Okla.; and Scotty Scott, John M. Mouser, H. J. Naylor, Edw. Tschabold, Leroy Scheurer, Neely Vaught and Chas. J. Tucker, all of Wichita Falls. Roy E. Yarrington of Houston, Texas, was a guest of Mr. Mouser.

Next week Tom Boyd will bring the program.

Dr. Roberts To Leave Clinic Staff

Dr. Donald Roberts announced this week, that he has tendered his resignation to the Burkburnett Clinic effective around the 20th of this month.

Dr. Roberts, who has been on the clinic staff for nearly a year, plans to move with his family to Galveston where he will enter post-graduate training, leading to specialization in Internal Medicine. He will study at the John Sealy Hospital, University of Texas.

Fire Boys Plan Family Night

Monday night, October 13, Family night will be held in Town Hall for Volunteer Firemen and their families. Each fireman is to bring a pie or cake for refreshments, which will be served with coffee. Dominoes and "42" games will be played during the social hour following.

Thursday night, October 9, is regular meeting night for firemen.

ARE WE WRONG?

Well remembered are the dust bowls of the great western plains that led to a national crisis shortly after the first World War. During that war, farmers plowed up much of the grassland because of a government urging need for food to help win the war. Now that we need wheat for home consumption and shipment abroad, again vast acres of those plains that have previously been in grass, are being plowed up for reaching the new wheat crop goal, set at 75 million acres, by the Department of Agriculture. Is it possible that such plowing may be a national folly, resulting in another dust bowl calamity?

RURAL FREE DELIVERY

Don't think the rural postman has a snap as he covers his mail route six days each week, as the representative of your Uncle Sam. He brings and collects letters, packages, magazines and papers to the outlying districts. A good will agent, he is one of the links between the country and the rest of the world. He has a job to do from the time he arrives at the postoffice to sort and arrange his mail, until that time when he returns with mail picked up on the route, after having sold stamps, government cards, envelopes, war bonds, money orders, parcel post packages, registered letters, collecting for COD mail besides the regular delivery service. In all kinds of weather the traveling postman makes his trips, covers many miles of territory, making often hundreds of stops. He takes time to drive to rural homes to deliver packages or get signatures, hears a lot of neighborhood gossip and has lots of experiences through his years of service. The rural postman does his best to have a regular schedule and to keep it, but he can't always be on time. Those people he serves would be more considerate if they followed him for one day, only as any Burk man can tell you, it would be mighty hard on the clutch of the family bus.

Mr. and Mrs. F. S. Shofner and son are visiting her parents Mr. and Mrs. Roy T. Magers this week. From here they will return to their home in Wichita Falls after spending the baseball season in Louisville, Ky.

Mrs. Paul Browning and Mrs. Beulah Hall are visiting this week in Duke, Oklahoma.

Chick Chats

WORMS CURTAIL YIELD, GROWTH

Worms are a hindrance to poultry raisers because they often are responsible for reduced egg yields as well as for prolonging the time required for chickens to reach marketable size.

While the effect of worms on poultry is not often easy to detect, the harm done over an extended period may be of considerable importance. Of the many types of worms known to be poultry parasites, there are but few which are numerically important enough to cause serious trouble. But these few species are found almost everywhere poultry is raised.

One of the commonest is the large roundworm. This is the worm with which most poultrymen are familiar. It is large—1½ to 4 inches in length—and causes heavy damage when great numbers of them infect a flock. They are prolific breeders, female worms passing several thousand eggs daily. Under favorable conditions a small worm develops in an egg in about two weeks, and when such an egg is eaten by a chicken an adult worm develops after another five to seven weeks. The worm then hatches more eggs which the chicken passes back to the soil through the droppings. Large roundworms, in their development in chickens, cause considerable damage to the intestinal wall. This damage frequently causes birds to become emaciated and stunts their growth. If the infection is severe enough, the bird will die.

The cecal or pinworm is a tiny worm between one-fourth and one half inch in length. It lives in the tips of blind ends of the ceca of chickens and turkeys. While it is not especially harmful to chickens, the cecal worm or its egg acts as the carrier of blackhead organisms infecting turkeys and is often responsible for severe losses in turkey flocks. Its life cycle is similar to that of the large roundworm.

The intestinal capillaria worm

is a long threadlike worm that may cause chickens to become droopy and emaciated, to develop diarrhea, and if the infection is heavy enough, to cause death losses.

The several types of tapeworms are flattened ribbon shaped, segmented worms that are found in the intestines of poultry. They vary considerably in size, carry both sexes in each segment, and do not have either a mouth or intestinal tract. Flies, ants, grasshoppers, and bugs serve as intermediate hosts for tapeworm eggs, and when one of these insects is eaten by a chicken the tapeworm infection gains a foothold.

Men in the above picture are J. B. Haun and Mack Fisher. This is 126 acre field of Madrid Clover planted March 3, 1945—picture taken in May of same year.

In January, 1941, Mr. Paul Dunkel in charge of the Denton County Experiment Station gave Mr. John Elliott of the Frisco Community enough Madrid Clover seed to plant five acres. This is a bi-annual plant.

In its first year Mr. Elliott not only grazed 20 heads of cattle, but had a hay harvest on this five acres of Madrid clover of 5 1/2 tons. In its second year Mr. Elliott grazed it with 20 heads of cattle up to March 10th, and then allowed it to seed. (The second year of this Madrid clover is its seed year). It produced 1784 pounds of seed which Mr. Elliott sold for 40 cents a pound or a return of \$142.00 per acre. From this modest start Mr. Elliott is harvesting seed from 110 acres while the neighborhood farmers are harvesting seed from 934 acres in 1947 with the yield being about 500 pounds Madrid Clover seed per acre. It is estimated that in the Frisco Community that in excess of 2500 acres will be planted in the spring of 1948.

Madrid Clover has been certified as the clover legume of all the clovers, not alone is the value of this crop its seed yield, but it has been proven that any follow-up crop, whether wheat, oats, corn, cotton, or any small grain, it produces from 25 to 40% more yield after the clover crop.

Here in the Frisco Community, Madrid Clover has been planted on all types of soil, white rock, poor eroded land, sandy soil, and deep black land. The plant has thrived and has improved the land wherever it has been planted.

There has been an association formed of Denton and Collin County growers, named Certified Madrid Clover Growers, with headquarters at Frisco, Texas. The association will mail to anyone desiring it a pamphlet about Madrid Clover, and anyone interested in soil conservation and improvement of his land will do well to investigate this profitable and beneficial crop.

The information in this report has been brought to the attention of this paper by Mr. Larry O'Bannon, manager of the Frisco Chamber of Commerce, and Mr. O'Bannon states that this is not a seed selling proposition, but an effort to help farmers or a good neighbor policy.

... to build a better land

Ask almost any Texas farmer. He'll tell you his planning and plowing, his crop rotation and cultivation, are all designed to maintain productivity, to build a better land.

Yes, Texas farmers are natural conservationists. They conserve the soil, just as every Texas citizen, in one way or another, helps to conserve our land, our resources, our heritage of free enterprise.

United Gas has worked for years to conserve the state's natural gas resources. Like the farmer's soil, or the

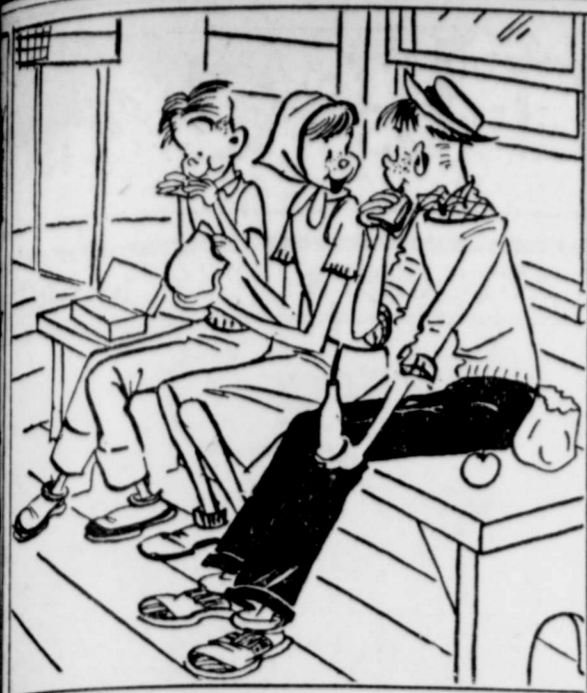

physician's skill, natural gas is of little value to anyone unless it can be used. United is making it available for use by constructing pipe lines to link wells with homes, businesses and industries throughout the area it serves. In this way, United is making a valuable, marketable commodity of gas that might otherwise remain worthless in the ground. That is practical conservation, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

Mrs. Ellis Hostess For Covered Dish Luncheon Thursday

Mrs. C. N. Ellis was hostess for a lovely and informal covered dish luncheon on Thursday of last week, when the ladies of the Church of Christ met in her home on S. Preston St., for their first luncheon of the fall season.

The party rooms were colorful with arrangements of vari-colored autumn flowers intermingled with greenery. The luncheon was served buffet style from the

dining table laid with a linen cloth. Following the social hour, the group went to the Church for their Bible study.

Present and enjoying the occasion were Mesdames R. P. Reagan, D. C. McNeill, J. M. Gower, Frank Clement, M. R. Howell, W. E. Goins, Bill Willhoit, Roy Foutz, John Netherlain, T. R. Rushing, Hattie Wheeler, J. M. Matthews, Mr. and Mrs. C. N. Ellis and David Pepper.

Mrs. Dodson Hostess To Literature Club

Members of the Current Literature Club met at the home of Mrs. D. C. Dodson Thursday, September 25 for a study on Canada. Mrs. O. G. Burnett was leader, and roll-call was answered with "Canadian Beauty."

Mrs. McMurtry gave a very interesting talk on the People and Customs of Canada, showing Canadian pictures. Mrs. Hugh Jones gave a review of "The Happy Time," by Robert Fontaine. Mrs. McMurtry led in a Parliamentary Drill.

A very attractive Canadian refreshment course was served, the tea coming direct from Canada.

The next meeting will be Oct. 9 at the home of Mrs. T. Herbert Minga.

Future Home-Makers Attend Dallas Fair

At 5 o'clock a. m. Saturday, nineteen Future Home-Makers from Burkburnett, with their teacher, Mrs. Slatter, and four mothers, left by Bus to attend the State Fair at Dallas. The opening day, was named Future Home-Maker, Future Farmer and 4-H Day. Forty-five thousand boys and girls from Texas coming in 668 School busses and trucks arrived in Dallas in time for the gala opening day parade.

During the day, the girls visited the Neiman-Marcus Department Store, Arthur A. Everts, Jewelers, and in the First National Bank building, where they rode the escalator, which was a new experience for many of them. At noon they were served box lunches furnished by the Dallas Jr. Chamber of Commerce.

Among the sights witnessed by the girls were: Elsie the Cow, Food Building, Agriculture exhibits, Electric Show and the Health Museum. They waded in the Lagoon, and took lots of pictures.

The girls wish to thank all of you, who by your contributions, and your support to their Bake Sale, Hobo Day, and Rummage Sale, made this eventful trip a reality.

Mothers going with the girls were: Mesdames O. B. Green, Gee, Clayton Ainsworth and T. C. Wright.

Eidson Home Scene Of Double Pink And Blue Shower

Mesdames J. M. Bryan, Lewis Stamps, O. D. Wortham and R. F. Fox were hostesses to a double stork shower given at the home of Mrs. W. L. Eidson Tuesday afternoon at 2 o'clock.

The house was beautifully decorated with bouquets of pink dahlias, yellow snapdragons and cosmos. Several games were played, and the honor guests, Mesdames J. E. Eidson and W. L. Eidson were blindfolded and handed streamers of pink and blue ribbon, which they followed to their treasure.

Refreshments were served to Mesdames V. L. Stubblefield, John Musick, J. D. Davis, R. L. Eidson, Warren Bolinger, L. L. Barker, C. W. Boren, A. C. Warren, E. S. Hurst, W. E. McDonald, Otis Magee, Roy Mitchell, C. L. Terry, Wade Shaw, A. M. Nason, S. E. Eidson, Ernie Coyle, Jern Hinnant, Jimmie Jagers, J. S. Hinnant, Jerrel Eidson, A. K. Laster.

Unable to attend but sending gifts were Mesdames F. C. Roye, L. H. Edwards, Carl Slabaugh, Leo Bryant, Bill Harriett, Horace Coley, and Miss Ramona Milford.

Out of town gifts came from Mesdames Loretta Bonham, G. C. Pilkington, and Sammie Eidson.

W. M. U. Meets With Mrs. J. A. Johnson

W. M. U. Circle met Tuesday, October 7 at the home of Mrs. J. A. Johnson. The meeting was opened with the song, "What A Friend We Have In Jesus," followed with a prayer by Mrs. Carswell. A lovely Devotional was brought by Mrs. A. C. Harris.

A list of prospective members was read, and the following officers were appointed: Missions, Mrs. Gee; Community mission, Mrs. J. Johnson; Benevolence, Mrs. Ady; Periodicals, Mrs. Ferguson; Setwardship; Mrs. Woodward; Secretary, Mrs. J. L. Smith; Educational, Mrs. H. Gilbert. The group voted to name their circle, the Bagby Circle, for two of our worthy missionaries. We also agreed to answer rollcall each time with a verse of Scripture. The meeting closed with a prayer by Mrs. D. E. Woodward.

A refreshing drink was served to the following eight ladies and three children: Mesdames H. Ferguson, A. C. Harris, B. L. Turner, E. E. Welborn, J. L. Smith, W. R. Carswell, J. A. Johnson, D. E. Woodward, and Janis and Dieann Welborn, and Dwain Woodward.

ESSENTIALS OF SCOUTING
THE BOY—First we have the boy as an individual,
different from all other individuals, and so encouraged to
develop initiative and self-reliance.
TRAINED VOLUNTEER LEADERS—The Scoutmas-
ter, Cubmaster and other adult leaders volunteer their
services for the reason that they care about what happens
to the boys in their home towns and communities. They
take training to make their leadership more effective.
ACTIVITY—Hiking, camping, outdoor cooking, fire
building, signaling, tracking, and trailing—all these and
more, offer new worlds to conquer. For Cubs, the program
is naturally simpler. Recognition is given for achievement
in the form of badges which indicate proficiency and skill.
Step by step along the Cubbing and Scouting trails, boys
learn to take care of themselves and to "Be Prepared" to
help others.
ORGANIZATION—Boys in a Scout Troop are or-
ganized into Patrols which are small self-governing dem-
ocratic groups of six or eight boys who choose their own
Patrol leaders.
Scout Units are sponsored and administered by the
Church and other parent institutions which have repre-
sentation on the Local Boy Scout Council, and on the National
Council of the Boy Scouts of America.
SCOUTING IDEALS—Each Scouting Program has
its own special pledge or promise, but essentially they are
the same. They are the "golden rules" by which a boy can
measure the things he does and thinks.
The Senior Scout subscribes to the Scout Oath and
Promise in addition to observing a Senior Scout Citizen-
ship Pledge.

What will your today's harvest
look like 10 years from today? Will
it be just a memory 10 years old?
Or will your golden crops ripen into
a better farm, the best education in
the world for your youngsters, or
perhaps well-earned leisure for you
and mom? Now's the time for you
to plant dollars in United States
Savings Bonds for future harvests.
Four dollars for three dollars at
maturity, and the deal backed by

A sprinkler top on the bluing bottle will be an aid in regulating the amount of bluing that goes into the water for the laundry.

When ironing shirt collars, do not crease the collar with the iron. Instead, after the flat press just fold the collar. It will wear longer as the threads will not crack at the edge.

One homemaker washes all the discarded silken articles of the household and cuts them into tiny pieces to provide filling for pillows.

A light tarnish on pewter can be removed with silver polish. Rub lightly as a soft luster is more desirable than a bright finish for pewter.

POTATOES: Government Stew

Remember all those potatoes that the government had so much trouble with last spring? Up to its ears in a surplus of spuds, the department of agriculture finally burned, buried or abandoned them, beset all along the line by a good deal of wrathful criticism.

Currently, the government still is buying potatoes under the price-support law and still is wondering what in the world to do with all of them.

So far in 1947, 11,460,000 bushels have been purchased at a cost of \$12,273,000. They are being disposed of in these various ways:

Gifts to schools, hospitals and similar institutions; sold to make industrial alcohol; sold for export; sold for dehydration; sold for flour; sold to make starch.

Losses, including those destroyed last spring, amounted to 643,000 bushels. There is a superabundance of 1,761,000 bushels still in storage.

Potato support prices average out to maintain a retail price level of about 5 cents a pound.

NAZI GOLD: Shares Offered

The U. S. treasury has no intention of redistributing its Fort Knox gold to destitute European countries, but there is no objection to passing out the gold stolen by Hitler's armies during the war.

And that is precisely what is going to be done to help tide Europe over its economic crisis until the Marshall plan can take hold.

About 165 million dollars, half of the total amount looted by the Nazis, will be passed around. France and Italy are due for the largest shares, while other claimants are Albania, Austria, Belgium, Czechoslovakia, Greece, Luxembourg, the Netherlands, Poland and Yugoslavia.

Meanwhile, Acting Secretary of State Robert Lovett reported that top administration officials have been "fully mobilized" to deal swiftly with the 16-nation Paris conference's appeal for 22.44 billion dollars in aid over the next four years.

AVIATION FUEL: Shortage Worse

That old bugaboo of the armed services—aviation fuel shortage—is cropping up again more nastily than ever. Col. G. H. Vogel of the army-navy petroleum board has indicated.

He said that it "looks almost impossible" for the armed services to obtain as much fuel as they need during the first six months of 1948, and that training may be curtailed.

There seems to be little hope of meeting full military requirements, Vogel added, and the services may have to accept gasoline of lower octane rating than they would like to use.

Although the army and navy have contracted for enough fuel to carry them through the rest of 1947, stocks are still so low that there are some restrictions even on certain phases of flying regarded as essential, he revealed. Diesel fuel, motor gasoline and a number of special fuels also are scarce, Vogel said.

British Visitor

Hugh C. McClelland (left), British consul at Philadelphia, greets Sir William G. Tennant, vice admiral and commander of the H.M.S. Sheffield, after the 10,000-ton British cruiser docked at Philadelphia navy yard.

ABSOLVED: Hirohito

Even while five high-ranking Japanese army and navy officers were being hanged by the neck in payment for their crimes of cannibalism, torture and murder of U. S. prisoners, Emperor Hirohito was being publicly absolved of any responsibility for the Pacific war by the chief U. S. war crimes prosecutor.

Joseph B. Kennan told the international war crimes tribunal that "The prosecution believes the people in the dock are really responsible for this war. If there had been anyone else, they would be in the dock too."

American Music

America has only one type of music that it can, without fear of contradiction, call its very own; and that, says Bernard Wagenaar, Dutch-born composer, is the cowboy song.

"Aside from cowboy songs, there is no genuine folk music in this country," Wagenaar asserts, and they are "hardly the background for serious music in the larger forms" which could form an authentic American style.

THE BIBLE TODAY

International Uniform Sunday School Lesson By LOUIE D. NEWTON, D.D.

SCRIPTURE: Hebrews 3:1-8:5; 9-10. MATTHEW 4:1-11. DEVOTIONAL READING: Philipians 2:1-11.

Apostle of Better Things Lesson for October 12, 1947

THIS lesson opens, Hebrews 3:1-8, with the explanation that Jesus Christ is the minister of better things in that he is the apostle and high priest of our profession, perfectly faithful to him that appointed him. The comparison is made with Moses, who was also faithful, but within a very small circle as contrasted with the Son of God.

Called to God an high priest after the order of Melchisedec, Christ, the author of eternal salvation, dealt no longer with symbols, but offered himself as the perfect lamb to take away our sins.

"And for this cause he is the mediator of the new covenant (testament), that by means of death, for the redemptions of those who were under the first testament, they which are called might receive the promise of eternal inheritance," Hebrews 9:15.

Jesus and the Bible JESUS is introduced in Matthew 4:1-4, as he quotes the Old Testament to Satan in the wilderness temptation. Having been reared by a God-fearing mother, Jesus was familiar with the Bible as a child.

What is the best thing any parent can do for his or her child? I would answer without hesitation: Teach them to hide God's words in their hearts in the impressionable years of youth. A Bible verse learned in youth will serve through all life's testing situations.

"I will not forget Thy Word," Psalms 119:16. He Helps Us Use the Bible THE better ministry of Jesus is reflected in the fact that, "We have a great high priest, that is passed into the heavens, Jesus the Son of God. . . . For we have not an high priest which cannot be touched with the feeling of our infirmities; but was in all points tempted like as we are, yet without sin. Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need," Hebrews 4:14-16.

Study the example of Jesus in his answers to Satan in the wilderness temptation, and He will teach us when and what to say to Satan. We are not dependent upon our wisdom and words. Our great high priest will supply wisdom and words to match any situation that Satan ever presents.

I think of a story of a junior boy, recently accused of stealing. The boy was the victim of a wicked man who sought to turn circumstantial evidence upon him to cover his own sin. The boy told me that he was innocent. I went with him to the juvenile court. The judge asked him if he was guilty. He looked straight into the eyes of the judge and said: "Sir, I have not sinned. Who convicteth me of this charge?" The man dropped his head, and said: "Your honor, I ask for the privilege of withdrawing the charge."

His Laws in Our Hearts

"I WILL put my laws on their hearts, and upon their minds also will I write them," Hebrews 10:16. Jesus declares, "I do always the things that please him," and enables us, by his grace, to do the father's will by his indwelling in our hearts. Thus, his will becomes the law of our lives, through the grace of Jesus Christ.

It is impossible for us to keep the law perfectly, but Christ, the better Christ, becomes our righteousness, and then his law is kept by his grace. In the olden times, men claimed to keep the letter of the law, without the spirit of the law, without the offering of Christ, we are enabled to satisfy the spirit of the law.

The Sufficient Christ

THIS lesson should enhearten every trusting child of God, since it makes clear that, "He is able to save unto the uttermost them that draw near unto God through him," Hebrews 7:25.

He is not only able, but yearns to save unto the uttermost. He wills to save everyone. God has done everything he can do to save every sentient soul on this earth. Those who go to hell do so because they decide to go to hell. It is not the pleasure of God that any should perish, but that all should repent and be saved.

Senior News

The Seniors met September 19 to elect class officers. The following were elected: President, Bob Green; Vice-Pres., Gene Clark; Secretary, Francine Johnson; Cheer leader, Wanda Lee Hicks; and Reporter, Jerry Brookman.

The following week the class met to elect members to the Student Council. Three boys Billy Earl Askins, Fred Fewin and Melvin Gragg were elected; also chosen were three girls, Billy Jean Shields, Dolores Kasper, and Ruthie Preston.

On Sept. 26, Burk beat Nocona. At the game, the Senior class had concessions to sell eats and drinks. The Seniors wish to thank the people for helping them by buying drinks, hot dogs, and popcorn.

Especially do they wish to thank Mr. Littlefair for letting them use the pop-corn machine and for helping out as he did.

Several of the Senior boys who play football have been on the injured list lately. Ted Harris received a back injury Monday; Gene Earl Brown, a knee injury; and Fred Fewin was hurt in the Nocona game. They should be back in practice soon. Other Seniors who play football are: Jimmy Moore, Tom Burnett, Charles Pair, Doyce Edwards, Darrell Nichols, Billy Earl Askins, Melvin Gragg and Gene Clark.

Jerry Brookman, Reporter.

Dearborn HEATS THE FAR CORNER

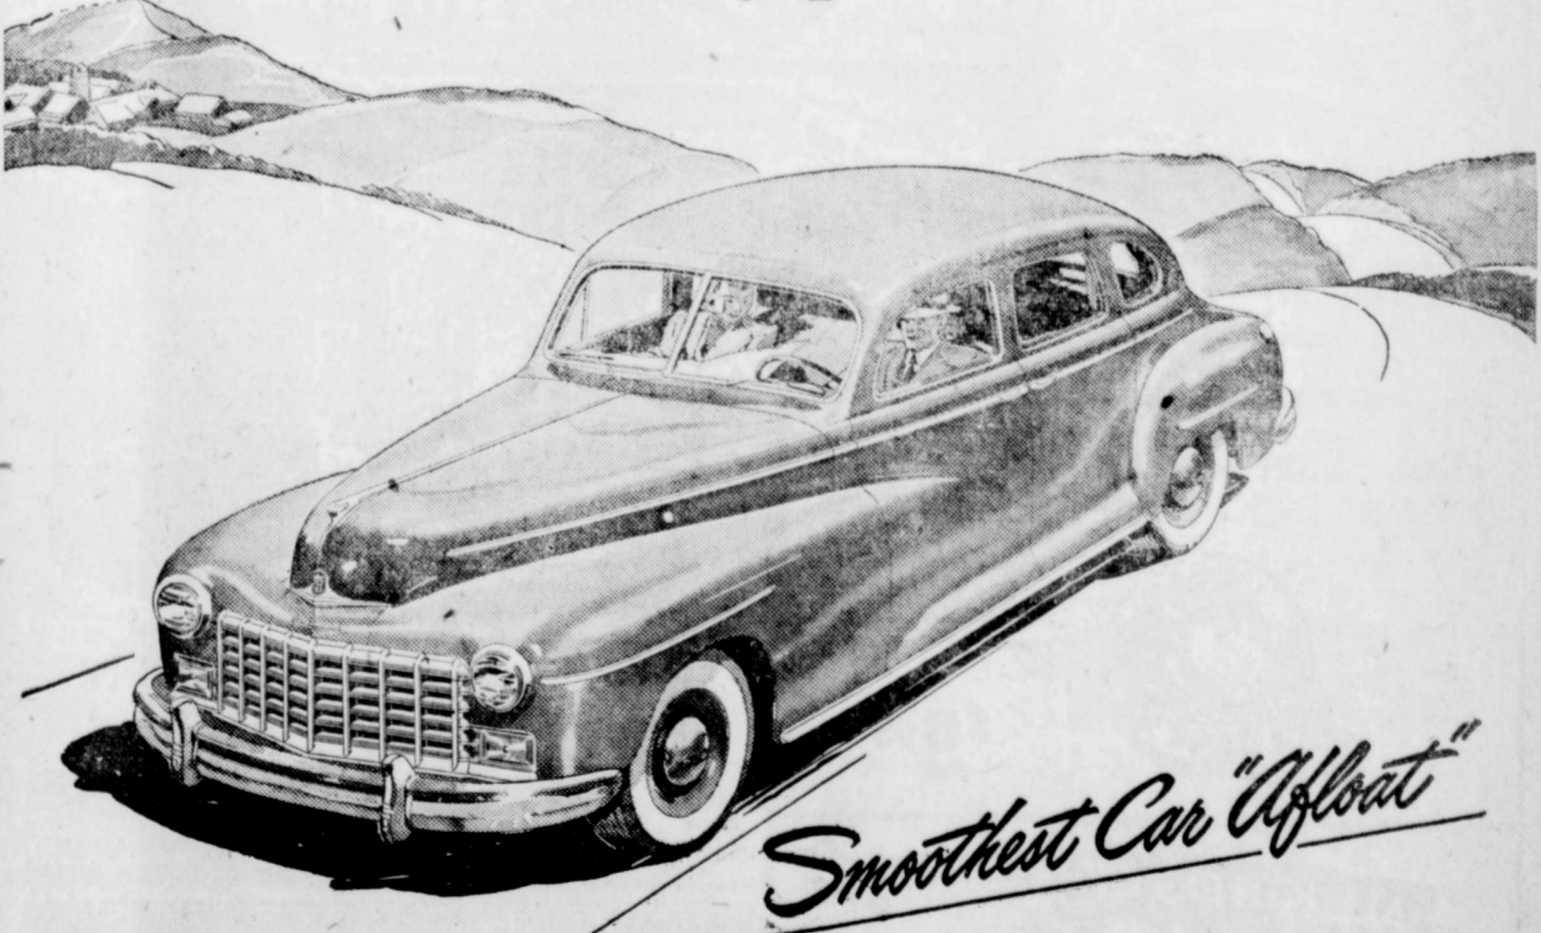

There are no chilly, drafty corners in a room heated DEARBORN—because the patented Dearborn metal chassis forces warm air downward and into the "living zone." There is constant forced circulation of warm air to every part of the room. Even when the Dearborn is turned on full, the metal cabinet becomes no warmer than any other piece of furniture in the room. The top of the Dearborn may even be used as a console table for ferns or books!

District Farm Bureau Meet October 13th

The Court House in Henrietta has been designated as the place for a significant meeting of the District 3 Farm Bureau Federation on October 13 when a major portion of the session will be given to the considering of what measures should be taken toward insuring a continuation of the farm program after 1948. Precinct chairmen are asking that at least ten from each section of the county be on hand to express opinions on the national farm program.

Organized agriculture has a vital part to play in helping to maintain our American form of government, according to Loys Barbour of Iowa Park, director of district 3, and the situation demands that farmers do every thing possible toward securing a membership strong enough to prevent socialism from dominating the country.

During the day a meeting of the Wichita County directors is to be called, thus eliminating the necessity for a meeting on the following evening, Oct. 14, which is the regular time for the monthly session. Included in the forty members from this county who are urged to be in attendance at the district meeting are the following directors and county officials who will attend the called session: T. J. Pace, County Organization Chairman; C. B. Smith, C. O. Walling of Burkburnett, Emil Schroeder of Burkburnett; Lee Palacios of Electra, and E. M. Friend of Wichita Falls, directors; George Lewis of Iowa Park, Ed Foster of Electra, and Wymore Downing of Wichita

Falls, members of the organization committee; G. R. McNeil, County Agent; Mrs. George Lewis, president of the Associated Women; Mrs. M. L. Hines, County Secretary; C. A. Morgan of Burkburnett, President; and Loys Barbour District Director.

Plymouth Rock Rocks Statisticians

Statisticians from the department of utter coincidence were kept busy overtime tonight on a chain of circumstances set up 327 years ago this week when the Pilgrim fathers set sail from Plymouth, England, for a destination they christened Plymouth Rock when they saw it.

The expert's quandary arose when it was announced here today by the Plymouth Motor Corp. that a meeting of Plymouth dealers was scheduled for Sept. 30 at the Plymouth Country Club, on Plymouth Road, in the town of Plymouth Meeting, Pa. Plymouth Meeting, Pa., it was added is one of 30 towns in the U. S.

named Plymouth on the name Plymouth. the Plymouth car in honor of the pioneer of Plymouth, Mass.

Sharyn Moffett as Child Heroine in Dramatic "Banjo"

The adventures of a little girl and her dog form the basis of RKO Radio's new comedy-drama "Banjo," starring Sharyn Moffett as the child and "Banjo," a beautiful English setter and champion bird dog, as himself showing now at Palace.

After a carefree, happy life running wild in her Southern plantation home with her wealthy young aunt in a well ordered home in New England. It is not a very happy arrangement. The aunt finds her serene life seriously disturbed by Banjo's high spirited escapades and confines him in an enclosure. The little girl does her best to endear herself to her aunt, although she is puzzled by new restrictions.

From where I sit... by Joe Marsh

How to Tell You're Getting Old

Doc Walters gave me this formula: It's a sure-fire sign you're getting old when you resent other people having a good time.

And the Doc means it hasn't much to do with age. There are old folks in our town who get a big kick out of seeing other people enjoy themselves—seems to keep them young in spirit, with a twinkle in their eyes!

And there are some others who resent the young folks going fishing; who feel that community games and dances are just a waste of time; or who criticize temperate people for enjoying a mellow glass of beer with friends.

They're often well-intentioned folks, too. But from where I sit, the minute we criticize our neighbors for enjoying wholesome pleasures—like a game of horseshoes, a glass of beer, or an afternoon's fishing—it's a sure sign we're growing old (in spirit anyway) no matter what our age is.
