WEEKLY NEWS ANALYSIS-

DISUNITY:

Big Four Fail

The lethargic, uninspired ending of the Big Four foreign ministers' conference in London was reminiscent of nothing so much as the rather dreary business of tossing out the Christmas tree after the holidays.

There was a small amount of nostalgia and regret expressed over the abrupt finish of the unsuccessful discussions, but there was also a thinly veiled feeling that perhaps, after all, it was a good thing the affair was over.

As seen dimly through clouds of futility and frustration, what the wind-up of the German and Austrian peace treaty talks amounted to was this: The western powers had failed utterly to reach any kind of agreement with Russia on the fate of Germany, and the failure leaves Europe more firmly divided than at any time since the war ended.

Although the delegates were unable to agree on any single issue on their agenda, the point upon which the conference balloon burst was the problem of German reparations.

To the inevitable question, "What now?" diplomatic authorities were answering with a prediction that the United States, Great Britain and France would begin negotiations soon among themselves concerning the unification of western Germany. Russia would be out of it, and there was no prospect of another fourpower meeting in 1948 or in any

With the American-Russian split dominating the situation, the U. N., lacking Soviet approval of its plan, will be faced with the decision on whether to proceed with the elections in the south only and establish a government there.

Such a step would be tantamount to a partition of Korea. It would leave the Russians alone in the north to pull out their troops when and if they pleased, after which they would be free to establish a Communist regime there.

Beliefs That Matter

Lesson for January 4, 1948

The Russians, firmly entrenched as an occupying power in the northern half of Korea, are not expected the great Christian teachings in reto sanction any elections or permit gard to God, Man, Salvation and

Christian Living. While many of us have studied these great teachings again and again, we shall be greatly profited in the lessons of this quarter, looking at life in today's changing world in the light of these timeless truths.

"And many other signs truly did Jesus in the presence of his disciples, which are not written in this Book; but these are written, that ye might believe that Jesus is the Christ, the Son of God; and that believing ye might have life through his name, John 20:30, 31. "Take heed unto thyself, and unto the doctrine; continue in them; for in doing this thou shalt both save thyself, and them that hear thee," I Timothy 4:16.

The Story of Lydia

SEE how the above truths are borne out in the story of Lydia, Acts 16:11-15. Here was a prosperous business woman, making an honorable living, "whose heart the shall plan" for the Western Hemi- Lord opened." Paul taught her the way of salvation. She and her household were baptized, she took Paul and his helpers into her home, and became a tower of strength as the tine delegate to the conference in Gospel was being spread throughout Europe.

Lydia was not attracted to Paul by his eloquent preaching, but by the story of God's love which Paul faithfully gave. And when she had been saved, she began immediately to translate her faith into

Proving Our Beliefs

JUNIOR boys and girls will like this story about Lydia because it is practical. We can see a woman opening her home to the preachers of God. We can see her in her place of business, inviting her customers to come and hear Paul preach. She was a living sermon.

Every junior boy and girl in every Sunday school in the United States can render the same vital service during 1948. There are literally millions of boys and girls in this country who have never been to Sunday school. They not know anything about a Sunday school, but they would like to

And it matters greatly what you believe. You can go wrong very easily by believing what is false about God, just as you can go wrong very easily in flying a plane by failing to believe the right thing about the laws of physics.

JESUS is the Christ, the Son of God. That is the number one belief that matters. It was so on the "It is our firm belief that if ey- day when Jesus announced, "On pasic in every relationship of life.

> I meet with business and professional men every day, in widely varying walks of life, who tell me that they are sustained by this belief. During the recent war, men lived in this basic relief.
