For 1947 paid on or before 31st will not carry over interest. After 31st penalty and interest to the total taxes. Unpaid for a few months to large amounts interest are added. Make the saving before February first. Taxable at the City Hall.

H. A. Party

Home Makers entertain party December 28th their mothers as well as a nice selection of at 1/2 price at Opal's.

H. A. News

Chapter has planted six red roses in the garden on the school grounds. E. G. Hill, Etiolle, and Sensation variety. Members of the Texas Association of National Organizations to plant red roses this year. Two year old roses have cut flowers many months.

A. Receives Christmas Cards

Each response to our good will we have received hand written Christmas cards from Norway, France. They are most wonderful and they enjoy them daily. They say the Arizona people are very friendly, and that they all enjoy reading the Burk Star.

Band To Present "Marrying Marian" As Operetta

Leading parts for the operetta "Marrying Marian" to be given by the High School Band have been selected. There will be eight principal parts, with a supporting cast of fifty members from the band. Date for the operetta has been set for Friday night, February 27th. The place, yet to be selected, will be announced later.

Saturday Last Day To Pay Poll Tax

Many potential voters have failed to pay their poll taxes which would enable them to vote in 1948. The number paid thus far is smaller than ordinarily expected in an election year. The Chamber of Commerce office will accept your payment. No need to go to Wichita Falls. Just a few more days left. Get your receipt and exercise your voting privilege this year. Many interesting elections coming up this year. Saturday last day.

March Of Dimes Dance Scheduled At Grandfield

A box supper and dance will be held at Grandfield, Saturday night, January 31st to raise funds for the March of Dimes. The Veterans of Foreign Wars are sponsoring the two events which will be held at the Community House. A box or its equivalent value will be the admission price. Following the box supper both round and square dancing will be offered for guests. All proceeds will go to the Infantile Paralysis Fund. The committee extends an invitation to all who will attend.

For your Spring Coat, see Opal.

Tylers In Arizona

S/Sgt. and Mrs. W. E. Tyler and children are residing in Chandler Heights, Chandler, Arizona. Tyler is stationed at Williams Field, Ariz. He is waiting for a transfer to another air base in Texas or Oklahoma soon. They state that the oranges and grapefruit are wonderful and they enjoy them daily. They say the Arizona people are very friendly, and that they all enjoy reading the Burk Star.

Plenty good G-I Shoes. All sizes—also Rain Coats, Red River Salvage, East Main Street.

Homemaking Classes See Art Exhibit

Recently the girls enrolled in Homemaking III had the pleasure of visiting in the home of Mrs. M. L. Owens, Roselawn addition. Mrs. Owens displayed a number of her paintings. Included in the exhibit were portraits of George Washington, David Crockett and Franklin D. Roosevelt. Each portrait showed unusual talent and excellent training. The portrait of the Madonna praying was of unusual interest to the girls. Western landscapes, cowboy paintings and flowers were enjoyed. Mrs. Owens proved herself a very gracious hostess, as well as a talented artist as she explained the inspiration for her paintings and how each portrait began. The classes feel they have a greater appreciation for art and the artist.

THE
Methodist
CHURCH
T. HERBERT
MINGA
Pastor

These cold days have kept most of us at home rather closely. Sunday will be a good day to come to church and have fellowship with good people while you worship the Lord. Our church is warm and comfortable and you will be glad you attended the services.

The pastor will attend the Ministers' Week Lectures at S. M. U. this week. Speaker will include William R. Cannon of the Candler School of Theology, Bishop Fred Pierce Carson of Philadelphia, and Edwin Mims of Vanderbilt University.

The season of Lent begins with Ash Wednesday which comes this year on February 11. Every person who loves Christ and intends to enjoy Easter this year should undertake some special form of devotional reading for these days preceding Easter. Many persons in our church use The Upper Room daily. This is a fine pattern for daily devotions. If you desire a booklet of daily devotions especially prepared for this Lent, order "The Sanctuary" from the Methodist Publishing House, 1910 Main Street, Dallas, for five cents. At any rate let every Methodist plan particular emphasis on his devotional life during this period from February 11 to March 28. Remember all the services on Sunday. Come to church. The church needs you. You need the church.

Highest prices paid for Junk, Auto Batteries and Metal and Scrap Iron. Red River Salvage, East Main Street. 27-1tp

TRE-ZUR BRASSIERS, only \$1.38 at Opal's.

Cubs To Have Pack Meeting Friday Night

Charles Vick, Cub Master, announced this week a Pack meeting to be held at the First Methodist Church, Friday night, February 6th from 7:30 to 8:30. All Cubs and their parents are invited.

Lions Club

Attendance at the weekly meeting Tuesday night at Town Hall was down to about 30 members. Lions Wylie Browning and Wallace Landrum had charge of the program. Lion Browning brought a message on Lionism for the benefit of three new members of the club.

Wedding Plans Announced Here

Mr. and Mrs. S. D. McCafferty announce the engagement and approaching marriage of their daughter, Viola Mae, to Mr. Glen Hargis of Grandfield. The couple will be wed in rites which have been scheduled for February. Miss McCafferty is a graduate of the local senior class of 1946, and has been employed until recently at the Ben Franklin Store. Mr. Hargis, son of Mr. and Mrs. Luther Hargis of Grandfield, is employed there, where the couple plan to make their home.

Uncle Sam Says

What would you say if you saw a groundhog emerge from his hole this month with a stack of Savings Bonds in his paws? Millions of my nieces and nephews, who own Savings Bonds and are adding to their bond holdings regularly through the Payroll Savings or the Bond-A-Month Plans, would say that Mr. Groundhog has at last acquired common sense as a prophet of an early spring. There is no better harbinger of a bright, happy future is there than the growing, safe, profit-making financial reserve of United States Savings Bonds, U. S. Treasury Department

IOOF To Stage Pie Walk Feb. 2

The Ways and Means Committee are sponsoring a Pie Walk to be held at the Odd Fellow Hall in Burkburnett, Monday, February 2nd. Doors will open at 8 o'clock p. m. The public is invited.

Gas Pressure Low No One Suffering

Natural gas pressure in Burkburnett has been low the past few days. All over this area there has been a shortage of gas since last Saturday morning when snow began to fall. About three and one-half inches of snow fell and temperatures have been below freezing since that time. The shortage is said to be caused by the unusual heavy demand over a period of several days. Pipelines have been taxed to capacity. Heavy use has kept the pressure down. In Burkburnett no undue hardships have been reported. Residences have had gas all the time, but stoves did not burn as high as when full pressure is on the lines.

Celebrate 55th Wedding Anniversary

To honor his mother and father, Mr. and Mrs. W. B. Smith on their 55th Wedding Anniversary, Leon Smith made possible for them a trip to the Rio Grande Valley and Old Mexico. Leaving here January 6th, with Mrs. Joe McKenzie as their guest Mr. and Mrs. Smith visited with their niece and nephew, Mr. and Mrs. W. H. Glidwell in the Valley. They also spent one day on the water at Et. Isabelle, on the yacht, "Ethel B". The party returned home January 20th, and report a wonderful time. Mrs. Smith said the Valley was a beautiful sight, with its orange and grapefruit trees.

Turkey Raisers Meet At 7 P. M. Feb. 5th

All who are interested in raising and making more money on their turkeys are invited to attend a meeting at Dudley Feed & Produce Store at 7 p. m., Feb. 5th. Mr. Jerry Henshaw of Purina Mills Research Farm will be the principal speaker. Pictures also will be shown. Refreshments will be served.

University Study Club Meets Wed.

"Interior Decorating" was the subject of a program given at the University Study Club when it met on Wednesday at the home of Mrs. W. R. Hill. Mrs. R. H. Henry was the leader, and Mrs. B. N. Cauthorn talked on "My House as I Would Like it Decorated," while Mrs. J. D. Majors told of "Ways of Stretching the Dollar in Home Decoration." Roll-call, "An Error to be avoided in Decoration," was answered by sixteen members and two guests from the high school. The hostess served an attractive refreshment plate following the program.

Blackouts Not Damaging To Pilots

Personnel of the Aero Medical Laboratory, using aircraft and "human centrifuge" machines, were put through more rugged tests than any fighter or dive-bomber pilot would experience in a life time. Although they often lost vision of became completely unconscious, no cumulative or permanent ill-effects were noticed as a result.

Leo Dudley To Head Burkburnett Chamber Of Commerce For 1948

Below Freezing Weather Since Last Saturday

Since last Saturday the thermometer has not climbed above 30 degrees. Just before eight o'clock that day snow began falling and continued throughout the day. By night some three and one-half inches of dry powdery flakes covered the ground. Monday morning a fine mist froze over packed snow as it fell. Driving and walking have been extremely hazardous. No serious accidents have been reported, though many people had hard falls and a number of cars have skidded together causing minor damage. The temperature Wednesday morning at 7 o'clock was 7 degrees above zero. Official temperature at Wichita Falls was 8 degrees above zero. Two more days of frigid weather are predicted. Livestock exposed to the weather has suffered. Daily feeding and ice chopping for water in the tanks have been necessary. Good grazing and some feeding all winter left stock in good shape when they went into the freezing temperatures the past few days.

Burkburnett Boy Returning From Japan Service

Word has been received that T/5 Lowell Ladd has arrived in the States after spending over a year in Japan. Lowell served as Company Mail Clerk and Typist of his company while overseas. He hopes to see his friends in Burk soon.

Joy Sessums Mother Dies In Fletcher

Mr. and Mrs. Joy Sessums are in Fletcher, Oklahoma, to attend funeral services for his mother, Mrs. W. T. Sessums, 86, who died Sunday. Mrs. Sessums had been ill for several years. Funeral arrangements were incomplete due to adverse weather conditions.

Rotary Club

In spite of, or due to the bad weather last Tuesday, the Rotary Club met for their luncheon with 100 per cent attendance. Ralph Davis gave the invocation. Alvin Hill, program chairman, presented Mrs. Peggy Dot Mills, who favored members with three vocal solos, accompanied by the club sweetheart, Vivian Suttles. Thursday night, February 26th was set for Ladies night. Barney Landers will bring the program next week. Visiting Rotarians from Wichita Falls were: Frank Schram, Ray Broadway, G. D. Fox, J. H. Allison, and Walter Peltason.

Have a few second-hand Comodes left. Get them while they last. Red River Salvage, East Main Street. 27-1tp

SUITS, sizes 12-16, at Opal's for 1/2 price.

At a meeting of the Chamber of Commerce directors Monday afternoon, Leo Dudley, owner of Dudley Feed & Produce, was unanimously elected to head that organization for the year 1948. He succeeds Chas. A. Morgan, who served as president for the past two years. Other officials elected to work with Mr. Dudley are: H. A. Mills, first Vice-President. Harry Dodson, second Vice-President. Virgil Brookshear, Treasurer. Ray Hill, Secretary-Manager. Other business matters, including plans for the 1948 Boom Town Celebration, were discussed at the meeting.

Child Of Former Residents Dies At Galveston

Word has been received here of the death of little Jon Wimberly, 3 year old son of Mr. and Mrs. John A. Wimberly of Galveston, Texas. Services for the little boy were held at Bridgeport, Texas, January 6. Both Mr. and Mrs. Wimberly are former residents of Burkburnett. Mrs. Wimberly, the former Miss Lillie Mae Barnes was a teacher in the local schools. In addition to his parents, Jon is survived by a sister, Keats, and his paternal and maternal grandparents. The Wimberly home address is 112-A, Island City Homes, Galveston, Texas.

Adams Return From Relatives Funeral

Mr. and Mrs. J. C. Adams returned last week-end from Grapevine, Texas, where they attended funeral services for Mrs. Adams' brother, Robert Archie Chamblee. Mr. Chamblee, 46, was killed instantly about 5:30 a. m. Tuesday, January 20th, when struck by a bus as he adjusted tire chains on his car. Services were held Wednesday 21st at Grapevine. Mr. Chamblee is well known in Burkburnett, having been here during the boom days. He made his home with Mr. and Mrs. Adams and was connected with the Miller Furniture and Undertaking business. At the time of his death he was operating the office of the Freezing Department for the Armour Co. in Ft. Worth. Prior to his connection with the Armour Co. in 1942, he was a cement contractor. Survivors include his wife and five children: Mrs. Billie Lucas and Mrs. C. Gentry of Ft. Worth; and Nell, Bobby Jo and Patsy of Grapevine; his mother Mrs. Albertie Chamblee, 1 brother, W. H. Chamblee; and 2 sisters, Mrs. Adams and Mrs. J. R. Wilkinson. The Chamblee family is one of the oldest in Ft. Worth, and is connected with Greens, retired jewelers and the Armstrongs, retired ranchers in Ft. Worth.

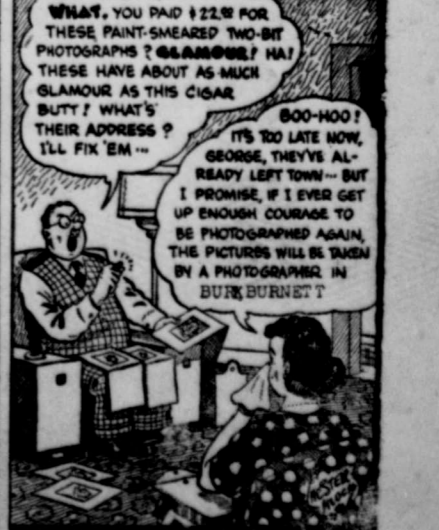

WEATHER POSTPONES GAME WITH OLNEY

The Basketball game scheduled for last Tuesday night with Olney, was called off due to the bad weather. According to Ralph Davis, Supt. the game will be played at a later date.

NATIONAL YOUTH

There is afoot a program offered by U. S. educators for improving the lines of instruction followed in grade and high schools. It is suggested that our schools and colleges should promote programs for furthering American democracy, introduce facts about leaders of note in various fields as agriculture, labor, industry, the professions and so forth. It seems necessary for communities to see that subjects regarding the study of communist, socialist, fascist material to inform students to distinguish between the beliefs of these groups, should be handled by competent, democracy-loving people. Capable teachers are needed to meet an intelligent approach to the "isms."

Promotion of American ideals should be a part of every school child's curriculum. History affords the study of democracy, geography lends itself to the conflict of ideologies with boundary expansion, of lost causes and territories. Mathematics can deal with cost of principles, financial obligations of statehood, resources of labor and capital. Literature, well-directed, covers the entire field and is a gauge of values. The little red school house and the college classroom have all the material to move democracy forward.

STEEPED IN JANUARY

One thing about January, she is not a monotonous lady. According to weather offered most sections, there were weeks of surprises. Yet this should not be so, after

tasting of winter for so many years. Everything in its place, everything in due season, and so the place for winter is now. Folks of Burkburnett have taken blizzards, northern blasts, sleet and slush, as a matter of fact and found things pleasant to say about wintertime. The relationship of families seems closer when the hearthfire gathers to its side the united group. We do more gadding around when the weather is warm and families don't get to know each other so well. There is beauty to be had inside and outside the winter landscape. Tho we relish the time when we can shake the mothballs from the bathing suits, oil our fishing rods, weed the garden, still we find a kind word for January.

Timely Tips to Farmers:

Proper Chicken Houses Essential for Production

Chickens are susceptible to changes in weather conditions, and unless properly housed during winter months egg production will drop drastically. Adequate, weatherproof laying houses are essential for profitable production.

Poultry specialists of state agriculture colleges, in collaboration with farm building authorities and the U. S. Department of Agriculture, recently made the following recommendations:

"Insulation is generally recommended for laying houses, because it helps maintain more nearly uniform interior temperatures regardless of the season. In almost all laying houses the roofs or ceiling should be well insulated to counteract the heat absorbed by the roof in hot weather, and to reduce heat losses during cold weather."

The first essential of any farm building, even before insulation is considered, is a sound, weather-tight roof which will give year-round protection against changing weather conditions. If the laying hens are subjected to chilling draughts or dampness through leaking roofs, egg production drops off and fatal illness increases.

Inspect Roofs

Farm building authorities recommend that the roofs of laying houses be carefully inspected and if weaknesses are found, suggest re-roofing rather than patching before making additional expenditures for insulating materials. A

roof of sturdy fire, and wind-resistant asphalt shingles usually can be placed over the old roof. The additional covering of asphalt shingles will provide added roof insulation.

Agriculture engineers also recommend that portable chicken houses be repaired and rebuilt during the winter months to have them ready for spring when the young chicks arrive. Here again, adequate roof covering is essential. On small, portable range houses mineral surfaced, or smooth surfaced asphalt roll roofing, properly applied, will provide snug protection for the baby chicks.

Winterizing Tractors

The farm tractor is a complex piece of machinery and requires checking at many points when getting it ready for winter. The usual procedure is to change the motor oil and the transmission lubricant and get the cooling system prepared for winter. But proper winterizing also requires checking the thermostats, air cleaner, magneto, spark plugs, sediment bowls, the tires and the battery.

Burkburnett History

As revealed by the files of the Star 10 years ago.

The Burkburnett Garden Club presented a program on Wednesday from 10 until 11, broadcasting from Station KGKO in Wichita Falls. Mrs. Carl Morrison acted as announcer and gave a history of the club.

Announcement this week that the location for Burkburnett's second deep test has been made, created quite a bit of interest here. The stake was driven on the Jim Snoddy farm, 5 miles Northwest of Burkburnett.

Members of the Lions Club especially enjoyed the address of Dr. Bart Dorbandt, superintendent of the State Hospital in Wichita Falls, at the regular meeting Tuesday night.

Mr. and Mrs. Dave Barrow have returned to Denton after a short visit here.

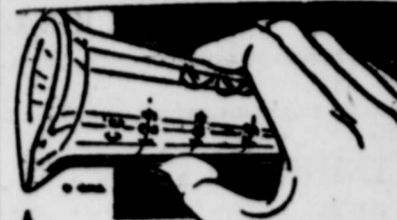

Jack Kelley of Midland was here on business this week.

If this keeps on, pretty soon when a man registers, he will already owe one day's room rent.
Expect folks are a little het up in the Young County capital. A raider commentator recently remarked he was from Graham where, he said, "there is the biggest square in Texas—and folks

1948 Chevrolet is Massive

The over-all simplicity and massiveness of the new, 1948 Chevrolet is well shown in this three-quarter view of the Fleetmaster Sport Sedan. Fenders, hood, body and door panels all blend; and the crease moulding, below the windows, is wider than that used in previous models. Note the new T-shaped chrome center bar on the radiator grille.

with heads to match." That's what the man said!

Bob Hope, part owner of the Cleveland Indians, said the team gave a try-out to a young infielder from Texas but, every time a Texas Leaguer was knocked instead of going after the ball, he just stood there, saluting—so they had to let him go.

Mrs. Bob Kearns spent the week-end in Ft. Worth visiting her husband, who is employed there.

Mrs. Paul Pharris Honored Recently In Littlefield, Texas

To honor a recent bride, Mrs. Charles Paul Pharris, the former Mary Frances Kelley of Burkburnett, Mrs. Buster Owens of Littlefield, entertained with a seated tea and shower at her home last Tuesday evening at 7:30 o'clock. Assisting Mrs. Owens were: Mesdames J. R. Coen, H. R. Ferguson, Fred Gerlach, L. C. Grissom, Van Clark, Jack Farr, and Carl Arnold.

As the guests arrived they were received by Mrs. Owens who presented Mrs. Paul Pharris, then the honoree, who in turn introduced her mother, Mrs. J. F. Kelley.
Guests were then invited into the servicing table where they were served tea or coffee. The serving table was decorated with a tiny bride, and an arrangement of pastel sweetpeas was used in the center. Tiny heart and wedding bell canapes were served with macaroon kisses and tiny cakes, all in pastel colors. Thru-out the rooms, tiny doll brides and American Beauty Roses were used for decorations.
After guests had been served, Mrs. Ralph Nelson gave a reading about brides, and Mrs. Grissom presented the gifts, which were unwrapped by the honoree and passed around the circle.

Who's jamming
a wrench
in the gears?

3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15 1/2 cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947.

Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

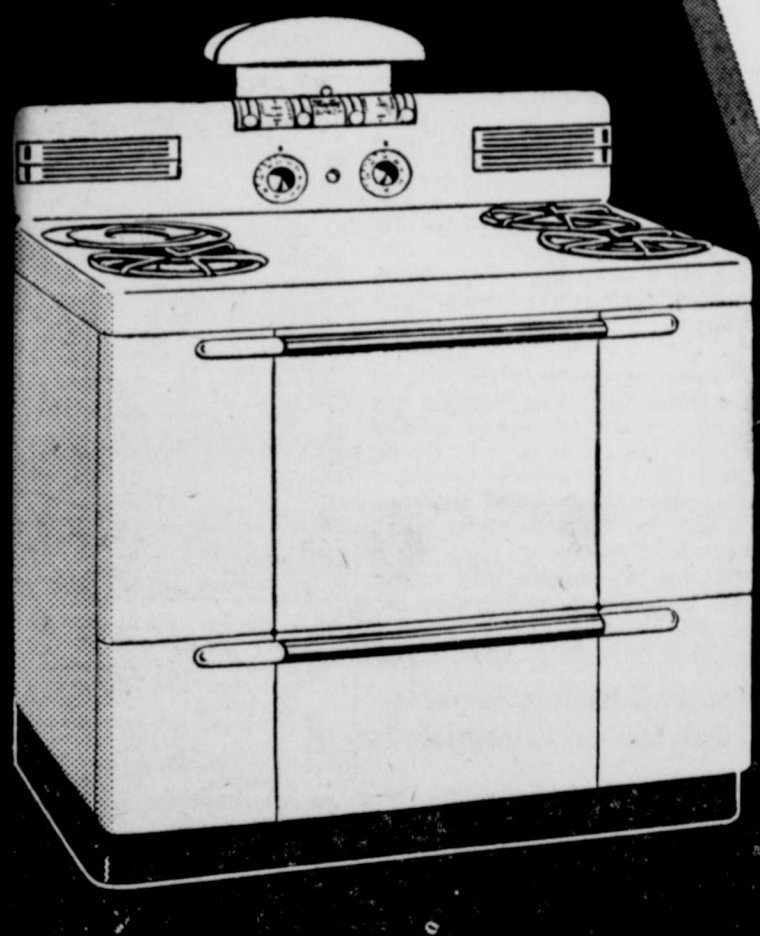

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

New Method Simplifies Making Sink Enclosure

ANYONE can now build this modern sink enclosure from easy to follow pattern offered below. User merely cuts each piece according to the pattern specifica-

tions, then assembles each piece exactly as the pattern and step-by-step instructions indicate.

Complete information for fitting enclosure to all size sinks is included. No special tools or skill required. All materials pattern specifies are readily obtainable at your local lumber yard.

Enclosure has two handy pull-out drawers at either side. One is used for storing cleaning supplies, the other for hanging towels. Send 50 cents for Sink Enclosure Pattern No. 41 to: East-Bild Pattern Co., Box 74, Pleasantville, N. Y.

564 Question

The issue facing Clifford Boone, farmer of King City, Mo., is whether to tear down his kitchen at a cost of \$64 to ferret out a large store of honey between the rafters. Even at present high prices, Boone says, one can buy a lot of honey for \$64.

JUST AS HE WOULD!

"What are you waiting for?" whispered the wedding guest. "Bride's father a plumber," replied the vergor. "He forgot to bring her."

No woman makes a fool out of a man... she merely directs the performance.

Interference "Charlie claims that he is a self-made man."

"Really? What interrupted him?" A man was giving some advice to his son. At the end of a rather stern lecture, he said: "Now, my boy, you understand perfectly what I mean?"

"Yes," replied the boy. "What it boils down to is this: If I do well, it's because of heredity, and if I fail, it's my own fault."

WEEKLY NEWS ANALYSIS

Truman Warns of Economic Slump, Renews Plea for Control Powers; Nation's Air Power Held Deficient

Released by WNU Features

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

EXPLOSIVE ISSUE... This circular was distributed nationally by war assets administration to advertise the sale, "at a new low price," of TNT to any and all buyers, no questions asked.

ALARUMS: Boom-Bust

In this season of presidential reports to the nation the alarm bells were jangling for everything from the state of the entire world to the frayed condition of John Doe's back pocket.

And through his "Semi-Annual Economic Report of the President," Mr. Truman sounded the gong ominously on a new note: The impending peril of economic disaster in the U. S.

The nation's economy, he said, is operating on borrowed time and inflation-ridden Americans are operating on borrowed money in a situation flirting with depression.

Millions of persons in the lower income groups, his report pointed out, now are keeping the inflation carousel whirling by liquidating their savings, reducing their current savings and by extensive use of consumer credit.

"Such use of savings for current living expenses is an ominous sign for the economy as a whole."

Without stopping to consider any possible political aspects of the President's economic report, Americans could take it as a sober, realistic picture of what lies beneath the relative luxury in which many of them are existing now.

Exhaustive and complete, the economic survey presented figures notable in that they:

1. Showed for the first time that "retail purchasing power" of the American masses—basic factor supporting U. S. economy—has declined 8 per cent since the first quarter of 1946, and that

2. Millions of Americans are living on their savings accounts and borrowing money. Almost one-quarter of all families and more than one-half of families earning less than \$2,000 yearly "held no liquid assets in 1947."

Then Mr. Truman tied in these facts with his administration's proposed policy to beat the inflation rap. If inflation, he said, is "permitted to run its own course, it will break with destructive force."

And in order not to let it run its own course the President again urged adoption of his anti-inflation program—limited price and ration controls.

That way, he indicated, lies a new, greater economic era for the U. S. embodying maximum employment and solid and lasting prosperity.

AIR STRENGTH: 'A-Day' 1953

How important is it that the U. S. have a potent, efficient air force? Virtually a matter of life or death, thinks the President's air policy commission which recently reported on the status of the nation's air strength.

Immediate and substantial enlargement of the air force for "survival in the air age" was urged by the commission; and January 1, 1953, was set as "A-day," or the ultimate date when the U. S. might consider itself relatively secure against atomic attack.

After "A-day," the commission intimated, it will be anybody's ball game as far as airborne atom bombs are concerned. "The air force is hopelessly wanting in respect of the future... when a serious danger of atomic attack will exist."

On that premise the group recommended that the government start now to spend on the air force in 1948 1.3 billion dollars more than the 2.85 billion currently scheduled for this

Wages Up Again

Factory workers earned an average of \$50.98 for a 40.5-hour week in October, representing an increase in average hourly earnings from \$1.249 in September to \$1.257 the following month.

Bureau of labor statistics reported also that the durable goods industries led the way in earnings, advancing to a new record high of \$54.66 a week and \$1.337 an hour in a work week of 40.9 hours.

OPEN CITY: Jerusalem

Since apparently nothing can stop the quasi-civil war between Arabs and Jews in Palestine, that country's harassed government has done the next best thing and requested both factions to spare the holy places of Jerusalem from any depredations they might carry out.

The Palestine government asked the Christian, Moslem and Jewish religious communities to declare Jerusalem's ancient walled area an "open city."

That plea couldn't stop the bloodshed but it could preserve the religious relics sacred to all three of the world's main religions.

Meanwhile, transportation was being made available to evacuate any of the 1,500 Jews still living under Arab siege inside the walls. They are the remnants of 4,000 normal residents of the area.

The walled city contains such holy places as the Church of the Holy Sepulchre, reputed to be the sight of the tomb where the body of Christ was brought for burial; the Via Dolorosa, the route along which Christ bore His cross; the site of Solomon's temple, and the Mosque of Omar, most famous of Moslem holy places.

That plea couldn't stop the bloodshed but it could preserve the religious relics sacred to all three of the world's main religions.

THE BIBLE SPEAKS

By LOUIE D. NEWTON, D. D.

SCRIPTURE: Isaiah 53:4-6; Matthew 1:21; 5:17; 20:28; Luke 19:10; Hebrews 4:15, 16

DEVOTIONAL READING: Isaiah 53:1-12

His Work of Salvation

Lesson for February 1, 1948

PROFESSOR WILLIAM JAMES was once asked to give a definition of Christianity. He replied, "I doubt if there is a satisfactory definition of Christianity, but I can give you an example of it—Dr. Phillips Brooks."

Our lesson for Sunday tells us many things about Jesus, his work of salvation chiefly. But before we can understand what he does, we must look again at who he was and is. We begin with Isaiah 53:1-12. Who can read those majestic words without tears? And then we come to Matthew 1:21, "And thou shalt call his name Jesus, for he shall save his people from their sins." Then go on to read Matthew 5:17-28, Luke 19:1-10, and Hebrews 4:15, 16.

The key verse, it seems to me, in Sunday's lesson is Luke 19:10. "The Son of man came to seek and to save that which was lost." Hold to this key, and every door will open in this lesson.

JESUS HELPS ZACCHAEUS IN THE first ten verses of the 19th chapter of Luke we have the fascinating story of Jesus calling Zacchaeus down from the tree, forgiving his sins, and entering into his house. The disciples complained that Jesus had gone to lunch with a man that was a sinner. It was then that the Master declared, "The Son of man is come to seek and to save that which was lost."

Zacchaeus is but an illustration of what Jesus seeks to do for every man. He has not come to save a few, but "whosoever will." He will not force himself upon any man, but he waits in hope of saving every man.

The "worst" boy in your community may be saved—will be saved—if only he will do as Zacchaeus did, come to Jesus, just as he is, confessing his sin and believing on the Lord Jesus Christ.

JESUS CHANGES PEOPLE JESUS saved Zacchaeus by forgiving his sins and putting a new attitude in his heart. He had harmed many people, or at least they thought he had. They would not forgive him.

He may not have asked them to forgive him, but when he met Jesus and was changed by the redeeming grace of the Saviour, he proposed to restore fourfold wherever he may have wronged anyone. More than that, Zacchaeus offered to give the half of his goods to the poor. He gave convincing evidence that he was a changed man. So will every man who believes in Jesus.

But we must remember this, Zacchaeus bared his soul to the Saviour in repentance of his sins and believed on him as the Son of God before he manifested a changed attitude.

THE PURPOSE OF JESUS RECALL again the words of the angel to Joseph, "Thou shalt call his name Jesus, for he shall save his people from their sins." It was to save sinners like Zacchaeus that Jesus came down from heaven and died on the cross. That was and is his purpose.

"He went about doing good, for God was with him," Acts 10:38.

We shall never understand the work of Jesus until we come to see him at work in every age and amongst all mankind to do the will of the Father in saving any and all who will come unto him in faith believing.

"SO SEND I YOU" JESUS calls upon you and upon me and upon every follower of his to accept as the central purpose of our lives this mission of winning lost souls unto him. "As the Father hath sent me, so send I you."

I sat in a boat with two prominent business men, fishing in a private lake one afternoon last November. Mr. Asa G. Candler of Atlanta and I were guests of Mr. Carr P. Collins of Dallas. We were at his Wild Briar farm, a few miles from Dallas. We were talking about the plight of the world. Mr. Collins said: "What is money worth if we think of it apart from the purpose of God? Until we come back to the words of Jesus, 'So send I you,' we cannot hope to improve the sorrowful plight of our frightened day and generation. All men are lost until they come to know him as Saviour."

Let this testimony of one of God's gentlemen be heard and heeded by laymen and preachers alike, and fear will give way to faith, and the kingdoms of this earth will become the kingdom of our Lord and Saviour Jesus Christ.

SEWING CIRCLE PATTERNS

Two-Piecer Has Grown-Up A Crisp, Cool Frock for Chores

Practical House Dress. START each new day with a crisp house dress for warm weather, too, with brief sleeves and low neck. Choose a brightly checked fabric or gay solid tone.

Adorable Two-Piecer. YOUR young daughter is sure to adore this pretty two piecer that makes her look so grown-up. The puff sleeved, top has a cute flared peplum—the little gored skirt flares out so daintily.

Send an additional twenty-five cents for your copy of the Spring and Summer FASHION—our complete pattern magazine. Free pattern printed inside the book.

AROUND THE HOUSE

That murky appearance that comes overnight on mirrors during warm weather can be wiped off with a cloth dampened with ammonia. Then rub dry with a clean cloth.

Use unbleached muslin of heavy quality for pressing cloths. Edges may be left unfinished if desired. To be sure the cloth is lint free, boil the muslin cloth and rinse thoroughly.

Mix whitening and a little lemon juice into a clear paste. Use this as a cleaner for ivory or bone cutlery and you'll be amazed with the results. Leave the mixture on a few moments, then rinse, and polish.

When wash cloths become old and faded, fold them over and cover with a casing of cretonne. Now you have a serviceable pot-holder.

If there's no room in the hem of your skirt for lengthening, try adding a width of ribbon around the waistline. Use a contrasting ribbon. Some of the newer dresses have contrasting waist interest, so you'll be right in style.

To sew a smooth bias seam, baste a piece of paper between the two edges.

Women Squelch Grippers; Put 'Em on Committees Gripping doesn't go in Noel, Mo., and it's a women's organization—of all things—that's putting a stop to it.

"Every time someone growls about a situation," its leader says, "we put them on a committee to straighten it out." "Straightening it out" so far has meant turning the city dump into a public park, providing equipment for city tennis courts, instituting a sanitation and clean-up program, and installing several public drinking fountains.

Tasty Kellogg's All-Bran and Raisin Muffins... m-m-m, there's a mouth-watering flavor combination!

Blend shortening and sugar thoroughly; add egg and beat well. Soak in Kellogg's All-Bran and milk. Soak until most of moisture is taken up. Sift flour with salt and baking powder; stir in raisins. Add to mixture and stir only until flour disappears. Fill greased muffin pans two-thirds full. Bake in a moderate hot oven (400° F.) 25 to 30 minutes. Makes 9 marvelous muffins.

America's most famous natural laxative cereal—Try a bowlful tomorrow.

CHEST COLD? that's a job for 'Comfy' and 'Minty' the MENTHOLATUM TWINS

Quick MENTHOLATUM Mother, when coughing spasms wrack your child's body and leave his chest muscles so sore it hurts him to breathe—quick! call "Comfy" and "Minty" to the rescue. Comforting Camphor and

Minty Menthol, the two famous Mentholumatum ingredients, are gentle to a child's delicate normal skin—but they work fast to help loosen congestion, ease soreness, and lessen coughing. ALSO RELIEVES HEAD-COLD STIFFNESS, NASAL IRRITATION AND CHAPPING

Milford
Weddings Read
Friday

Home of Mr. and Mrs. F. Milford in Burkburnett was scene for marriage ceremonies Friday afternoon at 2 o'clock, to unite their daughter, Miss Milford, with Mr. Frank B. Young, of Wichita Falls. Mr. Young is son of Mr. and Mrs. Percy Young of Thompson, Ohio. The ceremony was officiated by Rev. T. Herbert

Minga, pastor of the First Methodist Church.

For recitation of their marriage lines, the bride and groom entered the living room to stand beneath an archway decked with white gladiolus blossoms. In tall flanking vases were arrangements of white stock and greenery combined with gladiolus in artistic fan-shaped bouquets.

A musical setting was provided by Bob McAlpine of Wichita Falls, vocalist; and Mrs. B. H. Alexander Jr., pianist. The latter accompanied Mr. McAlpine for his solo selections, "My Prayer" and

"O Perfect Love" after which she played the processional from Wagner's "Lohengrin." The pianist concluded her offerings with a muted interpretation of "Clair de Lune" as the bride and groom recited the nuptial lines.

F. M. Milford gave his daughter in marriage. She wore an attractive Franklin original afternoon frock of aquamarine crepe. Her halo hat was of dusty rose tulle and her other accessories were of gray suede. For something borrowed, she chose a cameo necklace belonging to Mrs. E. Wiatt of Burkburnett, and she completed her costume by carrying a white Bible topped with a cluster of gardenias.

Attendants

Miss Mickey Utley of Burkburnett, who attended the bride as maid of honor, chose a becoming pale yellow romaine crepe costume with pleated peplum which was brought up in the back to form a bustle. Her ensemble was completed with navy accessories and a corsage of blue gardenias.

The bride's niece, little Miss Margaret Franks of Burkburnett served as ring bearer and wore a lovely wine velvet dress and white shoes.

John Staber of Wichita Falls served as best man to the groom. Mrs. Young attended school in Burkburnett and was high school valedictorian in 1946. She attended Hardin College after her graduation, and at present she is employed in the office of S. D. Johnson Oil Company. Her groom attended school at Thompson, Ohio. During the war he served three years in the air forces. He is now attending Hardin College, and the couple will establish residence in Wichita Falls.

A reception was held for the newlywed couple after the ceremony, and attractive appointments in the bride's chosen colors of aqua and gold were noted in the party suite. Shasta daisies tinted in the colors made a lovely base arrangement around the punch bowl and cake. Miss Iva Jo Frields of Burkburnett presided at the handsome golden punch bowl, and Miss Margaret Brady, also of Burkburnett, serv-

ed guests from the lovely three-tiered wedding cake. Miss Wanda Cruce of Burkburnett was stationed at the guest book.

The house party was completed with Mesdames Harry C. Dodson, Bob Fite, Jr., Mrs. Geo. Scruggs, Jr., and Jack Franks, the latter stationed in the gift display room.

For a wedding trip to Dallas, Mrs. Young chose a smart brown wool suit, an aqua blouse and brown accessories.

Out-of-town guests for the wedding included Miss Rene Morrison, and Messrs and Mesdames L. H. Franks, Bob Fite, Jr., and Joe Novak, and Mr. and Mrs. Fred Stabor, Harold Stabor, Burl Capass, James Pond.

The bride's parents, Mr. and Mrs. F. M. Milford, were host and hostess for the attractive rehearsal party held at the bride's home in Burkburnett preceding the wedding. The bride was presented with a handsome gift of silverware by Mr. Young.

Card of Thanks

We wish to take this means to express our thanks and sincere appreciation to our many friends for their thoughtfulness to us at the time of the death of our father, K. B. Harmon.

For the beautiful floral offerings, cards and every act of kindness, we are indeed grateful.

B. Harmon,
Pete Harmon,
A. L. Harmon,
Mary Lou Harmon,
and Grandchildren. 27-1tp

Mrs. Chester Todd
Shower Honoree

The First Baptist Church was the scene for a lovely shower party January 19th, complimenting Mrs. Chester Todd, the former Delores Redman.

Hostesses for the event included Mesdames Lloyd Potts, Ellis Gragg, David Patton, Finis Taylor, Harley Evans, H. M. Day, Paul Fields, B. L. Turner, A. R. Bunstine, R. P. Thaxton, Will Teal, Newt Crane, Jim Ady, H. W. Fowler, Dow Estes, Paul Schroeder, F. M. Butts, Hubert Butts, Aubry Rankin, Geo. McClarty, Ralph White, Otis Stegaff, H. C. Preston, B. H. Preston, J. F. Kelley, J. F. Vogel, R. E. Northcott, Jimmie Johnson, Dale Boyd, Jerry Miller, F. M. Goins, W. R. Goins, C. A. Morgan, W. L. Hamilton, and Misses Gwendolyn Turner, Frances Crane, Iva Jo Frields, Ruthie Preston, Beth Brookshear, Christine Suttles, Mickie Utley, Ramona Milford, and Wanda Hicks.

Names of the guests as they entered, were secured by Mrs. Lloyd Potts for the bride's book. The honoree, her mother, Mrs. Rufus Redman, and the groom's grandmother, Mrs. Minnie Todd, were presented corsages.

Decorations for the gala affair were Western style, and to further the theme, the house guests were dressed in Western regalia. Vivian Suttles played medley of Western love songs. The program, arranged around the Camp Fire consisted of: Mrs. Ellis Gragg, singing "Near You", a favorite

of the bride and groom. Sidney Sue Douglas read a poem composed by Mrs. Fred Fewin, entitled "Tis Branding Time." Christine Suttles, Mrs. Ellis Gragg, and Mr. E. W. Stevenson sang, "Tipped My Hat," and Along the Navajo Trail. Mr. Stevenson also joined Christine Suttles to sing, "Don't Fence Me In."

Gifts to the honoree were presented from a wagon drawn by little Carolyn Clement and Gwendolyn Nan Goins, while Carolyn

sang, "Don't Fence Me In." Gold punch and white cake was served to approximately sixty guests.

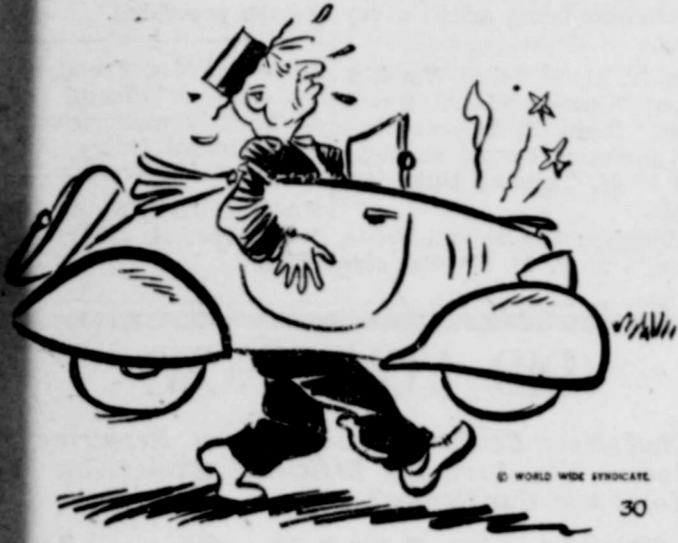

Mrs. Louis Littlefair was returned to her home Wednesday from a Wichita Falls hospital, where she underwent surgery last week.

WHEN YOU PLAN TO BUILD, REMODEL OR ADD NEW ELECTRICAL APPLIANCES...

BE SURE Your Electrical Wiring Will Efficiently Carry the Load

There's a lot of thinking and planning being done now which will result in the building of many new homes and much remodeling and modernization of existing homes when spring rolls around.

Right now, when all this activity is still in the thinking and planning stage, is the time to carefully consider the problem of providing Adequate Wiring for Tomorrow's Electrical Living.

Adequate Wiring simply means LARGE ENOUGH WIRES to satisfactorily carry enough electric power to lights and appliances—ENOUGH ELECTRICAL CIRCUITS to prevent overloading—PLENTY OF CONVENIENCE OUTLETS and SWITCHES to make sure that your electrical appliances can efficiently and conveniently do their job of making house-work easier and home-life more comfortable.

Before you build or remodel, consult your architect, builder or electrical contractor about Adequate Wiring.

Calvary Baptist Church

Ave. B and College

Sunday School at ten a. m., with all classes studying 1 Corinthians, 15:1-34—"The Resurrection—The Answer to All Skeptics." Last Sunday our attendance held up real well in spite of the bad weather. Don't let the weather keep you at home. Remember, our bus will bring you and take you home again. Watch for it on its regular route. Our building will be comfortably warm, so come on.

Preaching at eleven a. m. with the pastor preaching on this subject, "But My God Shall Supply All Your Needs According to His

Riches In Glory By Christ Jesus." Do you believe this? Come and hear.

Night services: Young people meet at 6:45 for their very interesting program. All young people are cordially invited.

Song and preaching service at 7:30 p. m. Sermon subject of pastor, "The World's Unknown God Declared by the Word of God." The world has gods aplenty for all occasions, but one real phase of life is left unsatisfied. Who is this God whose throne is in this realm? We would like to answer your heart's question in this matter. Come and bring your neighbors and friends. You are always welcome at the Church with the open Bible for people with open hearts.

Ray C. Morrow, Pastor.

Local Man Passes Accountant Test

Marc Duke of Burkburnett, a graduate student of North Texas State College and a fellowship teacher in the NTSC School of Business Administration, has been notified that he has successfully passed the Certified Public Accountant examination given by the state in November.

One of the most difficult tests for the public accountant, the CPA exam is prepared by the American Institute of Accounting in New York City. Passage of the test is the equivalent, in the accounting field, of the doctor's degree in the education profession.

It is especially unusual for a student to pass the CPA exam at his first attempt, Dr. O. J. Curry, dean of the School of Business Administration stated. Most accountants have had several years experience before they take the examination, and many have to take the test five or six times to pass it.

Of 481 persons who took the CPA examination last spring, only 21, or about 5 per cent, passed the test at their first attempt, Dr. Curry pointed out.

Duke, who received his bachelor of business administration degree at NTSC last August, is one of three persons in Denton who now hold the CPA certificate. Others are Lee Johnson of the Texas State College for Women business faculty and I. A. Bailey, comptroller for Moore Business Forms, Inc.

Duke's wife, Mrs. C. M. Duke, is a member of the Burkburnett school system and lives at 408 E. 2nd Street.

Joyce Bryan left Wednesday for Phoenix, Arizona, to join her grandmother and attend school.

Miracle of Remodeling Provides Home for Vet

A MIRACLE OF REMODELING is demonstrated by these "Before" and "After" pictures of an abandoned horse barn which was turned into an attractive five-room cottage for a war veteran and his family in Montclair, N. J. The white clapboard siding is set-off with green shutters, and a roof of matching green asphalt shingles.

In remodeling the impossible sometimes is possible. The accompanying illustrations demonstrate the miracles that can be accomplished, even with an old horse barn, which was transformed into an attractive five-room cottage for a war veteran and his family, desperately in need of a home.

The run-down, abandoned barn stood in the backyard of a home with an acre of lawn in Montclair, New Jersey. The owner's son served as a Navy lieutenant in the war and was married in Florida. When he was demobilized, he came home with his wife and little daughter, and, like so many other veterans, found no place to live unless they doubled-up with his family. He had given up his search for a home of his own when he got an inspiration from the abandoned barn where he had played as a youngster.

He called in a friend, C. Wesley Townsend, a Montclair contractor, and put the problem up to him. Could he remodel the barn and make it a livable cottage? At first dubious, Townsend finally accepted the challenge and went to work. The result is a pleasant, white clapboard cottage, set off with green shutters and a roof of matching green, fire-resistant asphalt shingles, selected for their added protection and beauty.

Horse Stalls Now Living Room

On the first floor, where horses once munched hay, there is a large living room, 12 feet, six inches by 19 feet, six inches, with a fireplace; a bedroom, with ad-

ing lavatory; a compact kitchen and three storage closets. In the bedroom, the door to one of the stalls was kept intact, to give the appearance of a Dutch door, with the top and lower half swinging open. The only addition was a laundry room built on the side of the barn which became the rear of the cottage.

The second floor, formerly the hay mow, contains the master bedroom, with four closets tucked away under the eaves, a nursery and bath. The dormer, through which hay was once hauled into the mow, now provides a window for the nursery.

The only major structural problems confronting Mr. Townsend were overcoming the steepness of the steps which led to the mow; raising the rear half of the roof to provide additional headroom, and installing an adequate shower in the second-floor bath for the former lieutenant, who is a tall man.

The entire remodeling job required only a short time, but the young war veteran and his family were so eager to move in, they set up housekeeping in their new home before it was completed.

STEEL CAPACITY KEEPS AHEAD OF POPULATION

STEEL SPENDS A BILLION DOLLARS FOR EXPANSION AND IMPROVEMENTS

Record peacetime shipments of steel, plus record breaking expenditures during 1947 and 1948 on improvements and expansion of the steel industry's facilities will go far toward bringing about a balance between demand and supply of steel, according to American Iron and Steel Institute.

Postwar expansion and improvement plans of the steel industry, which will involve an expenditure of more than one billion dollars by the end of 1948, mean more steel than ever before for the manufacturers of sorely needed farm equipment. It means more machinery, fencing wire, steel for silos, barbed wire, bale ties, and roofing, added to an already record total for shipments of finished steel products during the first half of 1947.

During the first six months of this year the industry exceeded any previous peacetime production pace with a total of more than 42,000,000 net tons of steel ingots and steel for castings. In that period, users of steel received two-thirds as much finished steel as in the entire year of 1940.

In 1940 a total of 919,500 net tons of finished steel were shipped to manufacturers making agricultural implements and machinery and to other farm outlets. During the first four months of 1947, over 405,000 net tons went to the same steel consumers. The indicated total for this year, if shipments continue at the same high rate for the balance of 1947, is in excess of 1,200,000 net tons of steel products for the ultimate use of farmers throughout the country. Such a total would be an increase of roughly one-third over 1940, reflecting the record breaking pace of steel production so far this year.

Expansion and improvements of the steel industry's equipment will involve the following additions: 2,500,000 tons of added ingot capacity; 3,000,000 tons of added sheet and strip capacity and substantial additions to facilities for finished steel products other than sheet and strip.

Steel's program for 1947 alone, which in large part involves completion of schedules that were undertaken as long as two years ago, will mean the expenditure of \$450,000,000. By the end of 1948 the postwar total will have reached the sum of \$1,000,000,000, an all-time record. The latter amount is more than the earnings of the entire steel industry during the four war years. In addition, the industry plans further improvements that will add several hundred million dollars to that total. The steel industry believes that record production plus record plans for expansion and improvement will insure a steady supply of steel to meet the unprecedented demand built up during the war years.

Rural Dogs Voted "Most Useful" Title

Pennsylvania and Idaho Canines So Outstanding Judges Can't Decide Between Them

A committee of judges, weighing the merits of candidates in "America's Most Useful Dog of 1947" contest, finally decided to award the title to two dogs, it has been announced.

The winning dogs are "Tubby," a Collie-St. Bernard owned by Karl B. Loud, R.F.D. 1, Wellsboro, Penna., and "Spike," of German Shepherd and mixed ancestry, owned by Mrs. Ed. Schlager, Route 1, Cataldo, Idaho. Each dog had so many qualifications that the judges simply could not decide between them.

The contest to find the "Most Useful Dog" was undertaken by the Gaines Dog Research Center, New York City, as part of the observance of the 1947 National Dog Week. Judges in the contest were Sydney H. Coleman, executive vice president of the American Society for the Prevention of Cruelty to Animals; Ted Malone, prominent radio personality; and Harry Miller, director of the Gaines Dog Research Center. The two dogs have been presented by the Research Center with handsome red and blue collars bearing sterling silver engraved plates attesting to their honors in this contest.

"Tubby," only a year and a half old, is not only an excellent all-around watch dog, but a real herd dog who takes out and brings in the cows each day in the best farm tradition. For this purpose he carries a stick in his mouth which he wields with great dexterity. In addition, he brings in the mail, carries firewood into the house, carries pails to and from the house and barn, bears notes to and from his master in the field, saves his mistress endless steps by fetching from upstairs rooms hat, shoes, wallet or other desired articles, and performs a variety of similar chores. He can also do about 50 tasks, count up to ten, and, according to reliable witnesses, can speak a few words—although the judges did not take these last into consideration in selecting him for the award.

"Spike," on the other hand, serves as right-hand-man to Mrs. Schlager, who, with an invalid husband, has the responsibility of running a 190-acre ranch. He, too, is an expert herd dog with cattle. Among his other accomplishments is acting as chaperone to his owner's flock of chickens, pulling a wagon and skidding small trees. He is an exceptional hunting dog and has cleared his owner's property of coyotes, badgers and other vermin. A vigilant watch dog, "Spike" keeps his home place free of all trespassers. He watches over the Schlager children, whether at home or in the woods, as anxiously as a mother.

Dog Owners Now Have Their Own Magazine

Answers to many common dog problems comprise the bulk of the editorial content of "Your Family Dog," new publication for dog owners put out by the Gaines Dog Research Center, 250 Park Avenue, New York 17, N. Y.

Beautifully designed and elaborately illustrated in black and color, this magazine of "dog fact and fiction" is believed to be the first one to devote itself entirely to care, feeding, grooming, exercise, etc., which will help the average dog owner get the greatest pleasure and service from his pet. Copies of the magazine may be had for 15 cents each. The initial number contains a wealth of informative, entertaining, inspirational as well as helpful articles and departments including Babying the Puppy, Presidential Pets, Thrills of a Dog Show, Pets of the Movie Stars, Courtesy Is Required of Your Dog, Too, Dog Oddities, Hound Humor, Life With Fido, Dogs in the News and Advice to the Dog-lorn.

Mrs. Woolsey left Tuesday for her home in Tullahoma, Tenn. after a weeks visit with her parents, Mr. and Mrs. J. H. Crowder.

Funeral services were held in Bonham, Texas, Tuesday for the father of Ralph England and Mrs. Roy Anderson of Burkburnett. Clarence Winston Gilbert will arrive Friday to visit his parents during the between semester holidays. He is a student at Texas A & M.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

CHIC-O-LINE CHIC-O-LINE CHIC-O-LINE CHIC-O-LINE CHIC-O-LINE CHIC-O-LINE

The FIRST Feed in

IMPROVED and ENRICHED

with Science's Newest Feeding Discovery

FORTRATE*

Exclusive with CHIC-O-LINE

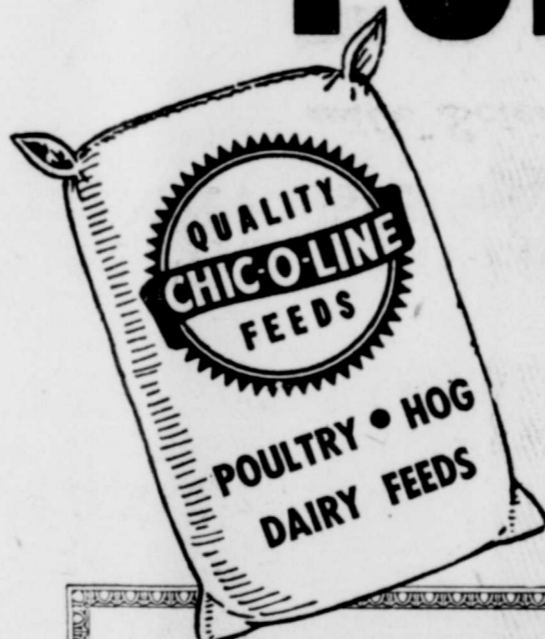

No other feed in the Southwest is made with FORTRATE—the special ingredient containing vitamins, selected minerals and other factors essential to good nutrition and better farm production!

Longer Lasting VITAMINS

Far better than older methods because of a newly discovered process—which seals in Vitamins A and D—the important vitamins that often diminish and disappear before feed is eaten. Vitamins A and D in FORTRATE are protected against early loss of potency. Only CHIC-O-LINE has FORTRATE.

Try Chic-O-Line — Buy Chic-O-Line — Because for better farm production and results

— CHIC-O-LINE is the ONLY feed with FORTRATE — Giving new meaning to our pledge — "Your farm will do fine — with CHIC-O-LINE!"

*What is FORTRATE?

It is a scientific ingredient mixed into all CHIC-O-LINE feeds according to special formulas. Produced for Chic-O-Line by one of America's oldest and best known nutrition laboratories. Vitamins A and D in FORTRATE are protected by an exclusive process. These important vitamins normally lose potency in feeds and feed ingredients. In FORTRATE they LAST LONGER — one reason you get better nutrition in Chic-O-Line feeds. Remember, only CHIC-O-LINE has FORTRATE!

Featured for February

This time of year, supplement sparse grazing grass with CHIC-O-LINE Triple X Range Feeds. Also try CHIC-O-LINE 20% and 24% Dairy Feeds. Great for increasing milk production. And while you're at it, ask your dealer for CHIC-O-LINE Chick Mash so that your flocks will be in prime condition by spring. Remember, there's a Chic-O-Line feed for every need.
