## Burkburnett Boys Suffer Injuries In Car Accident

Gene Bankhead and Keith Jones narrowly escaped serious injuries in a car accident last Saturday evening.

The boys, students at TWC in Fort Worth were returned to Fort Worth, when the car in which they were given a ride was struck by a large Bus, due to faulty brakes.

Suffering painful bruises and lacerations, they were given first aid at the hospital and dismissed. Extent of the injuries to the driver of the car are not known.

## Rotary Club

The Rotary Governors visit to the club scheduled for last Tuesday noon, was postponed due to the death in Louisiana of Walter Riley's mother-in-law. No program having been planned, Paul Browning, H. D. Smith and P. A. Wiggins, selected to make the trip to Hamlin, Texas Monday, made a report on the conditions of the hospital there.

C. J. Tucker of Wichita Falls gave the invocation.  
Clark Gresham had as his guest, Dr. C. T. Bradford. Betty Duke was introduced as the new club sweetheart.

Visiting Rotarians from Wichita Falls were: Roy Broadway, Ellis Furda, C. D. Bartlett, John Collier, Chris Helcamp, and C. J. Tucker.

Next week Carl Morrison will bring the program.

## Don Brookman Graduates From Yeoman School

Don Brookman is visiting his parents Mr. and Mrs. John Brookman after graduating from Yeoman School at San Diego, California. Don made an average of 89, one of the high ten students in his class which entitled him to further schooling in New London, Conn., in the submarine division of Uncle Sam's Navy. He will report to New London about October 25.

## Marjorie Hofacket At Still's Jewelry

Mrs. Marjorie Hofacket has accepted a position at Still's Jewelry and assumed her duties Monday of this week.

Mrs. Hofacket has been employed at the Chamber of Commerce office for the past two years. She invites all her friends to drop by Still's Jewelry for a visit.

## 26 Students From Burkburnett At Hardin College

Twenty-six students are enrolled in Hardin College, Wichita Falls, from Burkburnett. A total of more than 2300 students are enrolled at the college this year. In 1942 the college had only 600 students.

Those from Burkburnett, as released last Saturday, are: Horace F. Coley, Frances Crane, Norman Duke, Edward Bankhead, James Brady, Elizabeth Brookshear, Tommy Burnett, Robert L. Butts, James Gibson, Richard Hall, Robert Hall, William Hall, Ted Harris, Wanda Lee Hicks, Mike Hrazdil, Mildred Johnson, Faye Klinkerman, Windle Lax, Hugo Leimer, Norma Lincoln, Jack McClain, Calvin McCullough, Bennie McDonald, Robert McMurry, Billie Shields and Allen Riddle.

## Parents-Teachers Meet Tuesday, 21 For First Meeting

The Parent Teachers Association met last Tuesday afternoon at the Grade school auditorium for their first meeting of the new year, with the president, Mrs. C. W. Stradley, presiding.

The budget for the coming year was presented and plans made to sponsor a show. It was also decided to hold a rummage sale. Definite dates for the sale and show will be announced later. Miss Mary Sue Tipps, Camp Fire Executive from Wichita Falls, gave a very interesting talk on the Camp Fire organization. Supt. Ralph Davis told interesting facts on how Texas public schools rank in education with other state schools. Mr. Evans introduced members of the grade school faculty.

There was a very good attendance at this first meeting, approximately 102. It is hoped that this record will be held throughout the year. Light refreshments were served following the meeting.

Mr. J. A. Phillips of Winlock, Washington, and Mr. and Mrs. A. W. Edwards of Abilene visited Mr. and Mrs. W. A. Minick last Sunday.

Mrs. Eva Hash left Friday for Olney to visit her daughter. She will also visit her sister who is confined to a Jacksboro Hospital with a broken hip.

Gus Heine returned Monday from Dallas where he underwent an eye operation.

Sherwin Williams Paint at Thaxton Bros.

## Scout Drive Off With Breakfast

Tuesday morning at 6:45 Boy Scout finance campaign workers met at Town Hall for a kick-off breakfast. This breakfast opened the drive for funds for Scout work in Burkburnett.

Following are team captains, who directed other workers in the drive: B. O. Willis, Clark Gresham, Mrs. Geo. Counter, Mr. H. D. Mabry, Truett Majors, Mrs. J. F. Kelley, J. C. Still, Wiley Browning, Tom Britton and John Brookman.

Practically all reports have been made from the various workers, with prospects for a sizable amount collected.

C. O. Smith is finance chairman.

## Hospital Workers Met Last Thurs.

The fourth meeting of the Hospital Building Committee, made up of members of the Lions club, Rotary club and Chamber of Commerce, was held at the C. of C. offices last Thursday night, Sept. 16th. Leo Dudley, president of the Chamber of Commerce, had called the meeting and presided.

Harry Dodson was temporary secretary.

On a motion made by H. D. Smith and seconded by H. A. Mills, the following committees were appointed by Mr. Dudley: FINANCE—J. V. Brookshear, Paul Browning and H. A. Mills. ORGANIZATION—Harry C. Dodson, J. L. Caffee and Geo. Byrly.

OPERATION—Geo. McClarty, Carl Morrison, Tom Britton, Dr. Philip Carpenter and Dr. C. T. Bradford.

BUILDING—H. D. Smith, P. A. Wiggins, Phil Williams, Dr. Carpenter and Dr. Bradford.

## Mills and Fleming Install Latest In Wheat Cleaners

Mills & Fleming Elevator Co., H. A. Mills and G. W. Fleming, have made another \$25,000 addition to their holdings north of the Cicero Smith Lumber Co. This addition offers area farmers a complete wheat cleaning and treating service for planting seed.

There is positively nothing like this cleaner this side of Lincoln, Nebraska. Before the cleaner was installed, trips for hundreds of miles around were made trying to locate something like they wanted to build. The equipment installed here may be said to be three fold—It cleans the wheat of dirt and dust, also takes out the small and broken grains, then passes to another section of the cleaner where Oats, barley, Vetch, weed seeds, etc. are removed. Then it goes through Ceresan treatment against smut before passing to the large hopper for reloading.

A trip to this modern plant will surprise anyone by the lack of dust usually found in the air around cleaners. Blowers carry dust from the grain to an outside settling bin, leaving the air inside the building fresh and clean.

The modernness and ease of operation of this cleaner is very evident. About 350 bushels of wheat per hour can be thoroughly cleaned and treated. All small and broken grains of wheat are returned to the customer for chicken feed, hog feed, etc. This will be almost enough to pay for having the grain cleaned. And too, farmers planting cleaned and treated seed need not plant as much grain per acre as they formerly did.

To an innocent bystander the operation appears thus: Trucks dump the wheat in the driveway, much as they would at an elevator. It is then picked up and taken to the top of the cleaner 'way up in the crowd's nest off the floor level. It then goes through three sets of shaking sieves—shaking much more violently than a dozen hula dancers. This action, motion or process takes out all small and broken grains. At the same time powerful fans are taking out the dust and carrying it to the settling bin. A blue serge suit would gather nary a speck of lint around the machine. Next under the sifter is a long cylinder filled with gadgets and stuff. This is where oats, barley, Vetch, weed seeds and other obnoxious foreign matter is removed. How, we can't say. Passing from the cylinder via tubes, tunnels, tracks and other unknown exits, the large, clean wheat grains somehow get down to the Ceresan treater. Chains, belts, motors and pulleys make this gadget very intriguing. It is filled with a loud smelling pink fluid, which is agitated constantly. When one-fourth bushel of wheat gets in the treater, it automatically dumps a few teaspoons of Ceresan. It never missed once for an hour. The Ceresan is dumped from a small bucket on a chain, similar to the old cistern chain and buckets. From the treater the grain takes another unknown (to us) trail to the 300 bushel hopper outside to be loaded in trucks to go back home.

After a trip through the cleaner, every grain is large, clean and covered with a little pink coat to protect it until it is placed in the ground, to sprout and grow into a large, healthy stalk of wheat.

H. A. Mills and G. W. Fleming are ever alert to serve their customers. This latest installation is further evidence of their interest in farmers of this area.

Mrs. Fred Gosling, the former Lida Mae Hall of Devol, Oklahoma, underwent a lung operation at Tucson, Arizona, Monday, Sept. 13, and is reported to be doing nicely.

Last Saturday afternoon Editor and Mrs. Harry Dodson attended a meeting in Wichita Falls for Correspondents and Agents of the Wichita Falls Record News and the Wichita Daily Times.

The group gathered at the Times Publishing Company offices on the corner of Scott and Seventh for registration at 2:00 P. M. For the next hour guests toured the newspaper building, pressroom, editorial rooms, composing rooms and stereotyping department and then Station KTRN, FM broadcasting station.

At 3:00 o'clock guests of the company boarded buses for a trip of inspection at Hardin College. On arrival, pictures of the group were made in front of the college. Dr. J. B. Boren, president of the college, met the group, welcomed them and led the inspection tour through the various departments. When the visitors were seated in the auditorium, they were entertained with vocal and piano numbers, rendered by students at the college.

Visits to the music department, art department, etc., were climaxed by refreshments in the homemaking department. Next stop was in the graphic arts department, where all the printing for the college is done by students, under direction of competent instructor. Aboard the buses again, Dr. Boren pointed out various buildings on the campus as drivers slowly threaded their way through college streets.

Growth of Hardin College has been very rapid in the past few years. In 1942 enrollment was around 600 students. Now more than 2,300 students attend the college. Practical training is emphasized in all courses offered.

Sheppard Field Air Base was next on list for visitors to view. Inspection of several large air planes, shops was interesting. From Sheppard Field the buses went to Hardin College Agricultural site near Lake Wichita Lake. There James Barnett and Curtis Cook, newspaper officials conducting the tour, showed their guests a large field, perfectly level and already seeded, which only three weeks before had been uneven, mesquite covered waste land. Reclaiming of this land was through cooperation of the Irrigation District.

Buses reached the Country Club at six o'clock where a delicious buffet dinner was awaiting tired and hungry guests. Following the dinner the group was introduced to Rhea Howard, publisher of the Record News and Daily Times, and also to other officers and employees of the Co. The group was divided into Correspondents and Agents for each to receive instructions for their activities as representatives of the host newspaper.

At 7:30 guests were taken via buses to Coyote Stadium where they were guests of Dr. J. B. Boren and Hardin College to witness a football game between the Hardin Indians and East Texas Teachers College.

## Rotary Program To Be Outstanding

Rotarian Carl Morrison has prepared a very interesting and outstanding program to be presented at the club next Tuesday noon at Town Hall.

The program, in two parts, will feature Max Creutz, soloist of Wichita Falls, accompanied at the piano by his wife, and C. J. Brannan, Wichita Falls attorney, who will talk on Wills and Trusts.

Visitors at the Rotary club are always welcome.

Mr. and Mrs. T. W. Williams of Grandview, Texas, are spending the week with their daughter, Mrs. J. H. Rigby and Mr. Rigby.

Mrs. Frank Gladden has been admitted to the Clinic in Wichita Falls.

Mr. and Mrs. Walter Boaz of Salinas, California, are visitors in Burk this week.

## Funeral Services Held Wed. For Julius Fred Vogel

Funeral services were held Wednesday afternoon at 3:00 o'clock at the First Baptist church here, for Julius Fred Vogel, 59, resident of the Burkburnett area since 1907.

Mr. Vogel died about 8 A. M. Monday morning at his home in the Thrift community from accidental gunshot wounds. He was born in Bellville, Illinois, coming to Burkburnett in 1907, establishing the present home in 1924.

Rev. J. R. Naylor, pastor of the First Baptist church in Thrift officiated, assisted by Rev. Miles B. Hays, of Stamford; Rev. Glenn Bales, Weatherford, and Rev. T. Herbert Mingo of Burkburnett. Masonic rites were read at the Burkburnett cemetery. Owens & Brumley Funeral Home was in charge of the burial.

Pallbearers were: Dick Leonard, Burl Matthews, Lee Johnson, Jim Ady, Geo. McClarty, Frank Germany, G. W. Fleming and Bob Browning.

Survivors include his widow, Ann Vogel; 2 daughters, Mrs. Chas. Webber of Fort Worth, and Miss Ruth Vogel, Port Arthur; his mother, Mrs. F. C. Vogel of Vinita, Oklahoma; 3 brothers, O. A. and Walter H., both of Vinita, and Irvin J. of Wichita Falls.

Light refreshments will be served.

## Mrs. Walter Riley's Mother Dies in La.

Mrs. Mattie Westfield, 84, mother of Mrs. Walter Riley of Burkburnett, died at her home in Homer, La., Sunday afternoon. Funeral services were held in Homer Tuesday afternoon at 2 o'clock and burial was made in Vician, La.

Survivors besides Mrs. Riley include three other daughters and one son.

## Geo. Willingham Kills Rattlesnake

Deputy Sheriff, George Willingham killed a large rattlesnake last week in the vicinity of Newtown.

The rattler had seven rattles and one button. According to residents of the community, this was the first rattlesnake to be seen in those parts for many years.

## Assembly of God Has New Pastor

Rev. H. E. Allen of Wichita Falls, came to Burkburnett recently and accepted the pastorate of the Assembly of God Church here.

For the past two years, Rev. Allen was Sectional Young Peoples Director of the Wichita Falls District. With his wife and three children, they have established their home in the church parsonage at 211 East College.

Mr. and Mrs. Frank Greer of Wichita Falls are the parents of a baby daughter born Monday morning in a Wichita Falls hospital. Mrs. Greer is the former Carolyn Boyd.

### NO CHILDREN ALLOWED

Too often is the renter faced with the sign "no children allowed." The special session of congress put a provision in the housing bill, that affects parents. The law states that any builder who receives federal aid, in the construction of the apartment house, must take an oath that they will not discriminate against children. In Columbus, Ohio, a placement bureau had over a thousand families listed as desiring homes, with only one landlord listed as willing to take children. Barring youngsters, has increased the housing shortage and the move by congress is to help reduce the worry. But, you will find there will continue to be much discrimination even where buildings have federal aid, for somehow or other, folks manage to side-step laws.

### YOU BE THE EDITOR

The editor of Kiplinger magazine, tells of seeing a list of expenditures of Americans, during 1946, and wrote an editorial. He threw the editorial in the wastebasket and simply published the list, letting the readers make their own comment. We pass it on to you:

Liquor	\$9,500,000,000
Recreation, theatres, baseball, football race tracks, etc.	7,942,000,000
Automobiles	7,627,000,000
Education	4,600,000,000
Tobacco	3,410,000,000
Personal Care—barber shop, beauty, toilet articles, etc.	2,321,000,000
Religious and Welfare activities	1,525,000,000

## Modern Servant

How well are you solving the "servant problem" in regard to the greatest modern servant of them all—Electricity?

So that everyone may find out for himself, P. A. Wiggins, City Manager, has prepared this electrical intelligence test. To learn how carefully you are using electricity in your home, give yourself ten points for each question in the following list to which you can truthfully answer yes:

- 1 Always have an experienced electrician make repairs?
- 2 Disconnect irons and other heating appliances as soon as you finish using them (you may be wrong in thinking you have turned the switch off)?
- 3 Use non-tamperable fuses (fustats) which cannot be bridged with pennies or replaced by the wrong size?
- 4 Always disconnect appliances by pulling the plug instead of cord (to avoid damaging the cord)?
- 5 Never allow electrical elements in appliances to get wet?
- 6 Never touch appliances when in the bath tub or standing on a wet floor?

If your score is a perfect 60, you are the careful sort of person who probably never will have trouble in the use of electricity. If your score is below 50, start checking up; you are running too many risks.

## CONSTITUTION DAY

Our Constitution was not something dreamed over night, just an obscure government paper, a fleeting passion of men who desired publicity for themselves. It was on September 7, 1787, that the 39 founders, put their signatures to the document. It was presented to the states for consideration, was ratified and went into effect March, 1789. The convention spent four months drawing the instrument, the colonies gave 18 months for study. Time in drawing, in referring in study, in ratifying. Such consideration proves it a work to represent the highest aspirations of the people. This charter of freedom is our defense against tyranny, bigotry, transgression. It regulates and formulates the rights of citizens. Time will but strengthen its principles for liberty.

### HOW TO COMBAT FOWL POX IN FALL

Sometimes, in a given region an epidemic of fowl pox may get started in the fall or early winter. Although this is a disease that is classified as endemic (that it usually occurs in the same region each year), there may be raisers who do not take the precaution of vaccinating their poultry in the spring or early summer. As a consequence, their birds may get pox.

As most poultry raisers know, pox is a disease that is characterized either by scabs on the comb, wattles, eyelids, and mouth or by whitish-yellow cankers in the mouth and throat. The former condition is known as dry pox (or sometimes sorehead, and the throat infection is known as wet pox or fowl diphtheria.

When a raiser is unlucky enough to be hit by fowl pox in either form, he should immediately isolate the affected birds from other birds or flocks. He should give the affected birds warm, comfortable quarters and try to stimulate their appetites. Wet mash feedings may be of help in this connection.

Other birds of the flock or neighboring flocks should be vaccinated promptly. If these birds are not in production, fowl pox vaccine of chick embryo origin should be used. If they are in production pigeon-pox vaccine, which is made from a different strain of virus, should be used, as it does not interfere with production. If pigeon-pox vaccine is used, then the birds should be revaccinated with fowl pox vaccine in 30 days.

Raisers who want to take the precaution of vaccinating against pox at this time of year may do so. This step, of course should be taken only when the disease is known to occur in the area. Vaccination should be done with pigeon-pox vaccine first, followed in 30 days by fowl pox vaccine.

Vaccination for pox is not difficult to perform. Many raisers do it themselves, but others prefer to call on a service that is expert in this matter. Since most such services perform the vaccination so expertly, the expense is not great—especially when the beneficial results are considered.

Consult a recognized poultry disease specialist regarding fowl pox vaccination. He can advise you whether to vaccinate or not, and can direct you to vaccination service, of your desire.

## Better Health

Comparing morbidity reports from ten Texas Counties where there are no full-time local health units, with those from ten other Counties where these units afford efficient health protection, reveals a startling difference in the incidence of communicable diseases, according to a survey released by Dr. George W. Cox, State Health Officer.

Using as a basis of comparison the common childhood disease of whooping cough, Dr. Cox said that this survey showed that the Counties where local health units availed themselves of biologics from the State Health Department were able to hold this communicable disease to a desirable minimum.

For instance, Dr. Cox said, "take these figures for comparison. In these Counties where

there are no health units and therefore where no biologics from the State Health Department were used, the following rates of incidence apply, per 100,000 population: Gains and Floyd, above 1000; Hale, Dallam, Castro, and Cottle above 300; Carson above 400; Bailey and Hartley above 600; and Lipscomb above 750 cases."

By way of contrast to these high rates of incidence, Dr. Cox pointed out that in a representative group of Counties where full-time health units made use of the biologics available from the State Health Department, the following much lower rate prevailed: Bell, Wichita and Hidalgo, less than 300; Travis less than 200; Smith and El Paso less than 150; Bexar, Dallas and Tarrant less than 100 cases per 100,000 population.

It is plain to be seen Dr. Cox said, that the counties receiving the benefit of a full-time health protection, enjoy a much lower incidence of disease and the resulting lessened danger of death. Public health protection can be had for every citizen of Texas, but only when sufficient funds are appropriated to make possible a full-time local health unit in every one of our 254 counties, Dr. Cox said.

Mr. and Mrs. G. T. Roberts went to Fort Worth last week-end to visit their little grand daughter who is a polio patient in the hospital there.

Miss Muriel Dunson has accepted a position at the Corner Drug Store and assumed her duties this week.

THE CHURCH WITH THE PIPE ORGAN & CHIMES

Church School, 9:45. Morning Worship, 11:00. N. Y. F., 6:30 P. M. Evening Service, 7:30 P. M. Wednesday: Choir Practice, 7. This Sunday will be "Widen The Circle Day" in our church. We propose to widen the circle of influence and fellowship of our church by bringing more people into it. During the past three years the circle has been greatly enlarged, but the possibilities of making it much wider are on every hand. Let every person who is a part of our great church family endeavor to bring in others this next Sunday.

If you love the Lord, help someone else to come with you to worship and praise Him. We welcome all newcomers in our town. You need the church. The church needs you.

'Oscars' Convene As Zanuck Films Important New Hit

Accumulation of "Oscars" almost hit the dozen mark on the 20th Century-Fox lot where Darryl F. Zanuck's production of "Gentleman's Agreement" was filmed. The picture, based on Laura Z. Hobson's sensational best-seller, open Wednesday at the Palace Theatre.

Among the top-drawer cast of Gregory Peck, Dorothy McGuire, John Garfield, Anne Revere and

Jane Wyatt, several of whom were former nominees, Anne Revere had the coveted Oscar for her fine performance in "National Velvet."

On the technical end, the cast and Director Elia Kazan, who himself was nominated for "A Tree Grows in Brooklyn," were surrounded by award winners. Thomas Little has five times won the Oscar for set decorations. Arthur Miller, ASC is a three-time award winner for photography. And Art Directors Lyle Wheeler and Mark Lee Kirk each boast an Oscar on their mantels.

Both runners-up in previous years, Peck and Miss McGuire are accorded top chance for '47 honors because of the dramatic scope of their roles in "Gentleman's Agreement."

WHY TAKE HARSH LAXATIVES? Try Healthful Lemons in Water

The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination. No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you! Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C, supply valuable amounts of B<sub>1</sub> and P. They alkalize; aid digestion.

1948 Election Campaign Hits Stride As Democrats, GOP Vie for Labor; Soviets Aggravate Berlin Situation

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

THE GOLDEN KEY . . . Trygve Lie, secretary-general of the United Nations, beams as he accepts from former French Premier Robert Schuman a golden key as a symbol of France's temporary surrender of sovereignty over the Palais de Chaillot, where the U. N. general assembly opened on September 21. What treasures of peace that key might unlock this year is a question that gives pause to the entire world.

CAMPAIGN: Trumpets Sounded

Politicians cleared their throats as with the sound of trumpets, and the 1948 presidential election campaign swept into motion.

The first skirmish between Democrats and Republicans featured President Truman and Harold E. Stassen, who carried the word of their respective parties into the great industrial area around Detroit.

THE TIME INDICATED that, for the time being at least, the pivotal factor directing the policies of both GOP and Democratic campaigns would be the labor vote.

To win the election this November Mr. Truman probably will need the same proportionate amount of the labor vote that turned out in favor of Roosevelt in the 1932, 1936 and 1940 campaigns. Whether he will get it is very much open to question at this stage.

Truman

Launching his battle for re-election in the Detroit area over the Labor Day week-end, President Truman fired at will.

AT GRAND RAPIDS, Lansing, Detroit, Pontiac and Flint he exhorted all the "little people" of the U. S. to register and vote in the November 2 election.

If a heavy vote turns out, he insisted, not only will he be re-elected, but the Republican majority in congress will be replaced by a Democratic one.

"IF YOU STAY home next November and keep these reactionaries in power, you will deserve every blow you get and you can expect a barrage of body blows," said Mr. Truman. This was a repetition of an idea—that "you'll get what you deserve"—which he had expressed earlier in the year and which, at the time, was received with some animosity by the people to whom he addressed it.

"You can elect a reactionary administration and go into an era of fear, or you can elect a congress and an administration that stand ready to play fair with every element of American life and enter an era of new hope. We're in a hard, tough fight against shrewd, rich opponents. They don't count on your vote; they just don't want you to vote."

Judging from his Labor Day speeches, President Truman is planning to shape his campaign around these contentions:

- 1. THAT THE MAIN issue boils down to Republican special privileges as against Democratic concern for the little man.
2. THAT THE "DO-NOTHING" 80th congress, under GOP control, has done nothing to justify its reelection.
3. THAT ANYTHING EXCEPT an all-out vote by labor on election day "would be a betrayal by labor of its own interests."
4. THAT IF THE MASS of the nation's voters go to the polls on election day a Democratic victory is assured.

Stassen

Just a step and a half behind Mr. Truman came Harold E. Stassen, striving valiantly to scatter the coals of the bonfire the President had kindled in Detroit.

Apparently blessed by Thomas E. Dewey, GOP presidential candidate, Stassen's speech in the motor city was billed as the official kickoff of the Republican campaign.

Employment Record

The U. S. rounded the turn from summer to autumn with its civilian employment at the highest level in the history of the nation.

Approximately 61.5 million workers are employed, while the unemployed number only 2,227,000 as compared to more than 12 million during the gloomy depression years of the early 1930s. Personal prosperity now depends, however, on the impact of inflation.

THE BIBLE SPEAKS By DR. KENNETH J. FOREMAN

SCRIPTURE: Acts 16:1-9; 17:13-16; 1 Corinthians 4:14-21; 16:10-11; Philippians 2:19; 1 Thessalonians 2:11-12; II Timothy 1:2-4; 2:14-18

Faith: A Family Tradition

Lesson for September 26, 1948

HERE IS a brief Bible quiz: What Christian man did Paul recommend to the Philippians as the one completely unselfish person he knew? When Paul needed a man to present his ideas to a "problem church" whom did he send? When Paul wanted reliable information about a church, on whose report did he depend? Whom did Paul call "son" more often than any one else? The answer to all these questions is the same: Timothy.

Certainly a man whom the great Saint Paul found so congenial, so reliable, so unselfish and effective a Christian, is a man worth our careful attention. We ask this question about him: What made him what he was?

Faith at Home

SOME MEN have to leave home to find faith. But perhaps the happiest Christians, certainly the most fortunate, are those who cannot remember what it was not to have faith. It was the atmosphere they breathed as children. The first people they knew were Christians, prayer and faith were taken for granted, the name of Christ was heard only in reverence and love, never in jest or anger.

Timothy grew up in such a home. When he became a mature, working Christian he had no wasted years to regret, no wild oats to pull up. The faith of his adult mind was not scarred by the acid remains of earlier doubt. Timothy's life was all of one piece. He was born to faith, he grew up in it.

Homes can do a great deal for the children who live in them. But nothing else—physical health, poise, culture, friends, ambition—nothing else is quite so valuable a gift or quite so lasting, as faith.

In later years faith may have to be pounded into a person or shocked into him; but in childhood faith is woven in, welded in, and that is as it should be. Happy the Christian who does not have to turn his back on his childhood when he turns his face to Christ!

Book of Wisdom

"RELIGION cannot be taught. It can only be caught," is an old saying. It is partly true, for you cannot set any dozen people at random down on a bench and teach them into faith. If teaching religion were as simple as that, then every Sunday school could guarantee that every one of its graduates would become a saint. Nevertheless, religion can partly be taught, for in a book there may be crystallized the faith of many a generation. A book may concentrate and preserve the insight, the inspiration, the assurance of men and women who though dead yet speak.

Living with books of faith is like living with many families of faith at the same time. Such a book is the Bible. And it was the Bible, or so much of it as had been written, the Old Testament, which was the one Book in Timothy's boyhood home. Through the Scriptures, the boy's mother taught her son not merely her own faith but that of many a generation before her time.

In our own day, parents may feel that they come too far short of being saints, so they hesitate about urging their perhaps dimly-felt religion on their children. Yet in our Bible there is open to all fathers and mothers a means of placing their children in an atmosphere of intense faith.

Personal religious genius is rare; but even though you may be anything but a genius, you still can bring to your child the treasures of the Bible, product of the highest inspiration and insight the world has known.

Women of the Family

TIMOTHY'S FATHER was Greek, probably not a Christian. He and Timothy may never have understood each other. It was the women of the family who molded the boy's mind and heart, his mother, Eunice, and his grandmother, Lois.

It is always so. It is the women of a family who have most influence for faith or against it. The boy knows his mother before he knows anyone else. She teaches him to talk, he absorbs her attitudes and ideas even before he understands them. If father and mother differ in religion, it is likely that children will follow mother rather than father.

## Wichita County Farm Bureau News

From the Office of  
MRS. M. L. HINES

The Farm Bureau has the most complete program in the way of membership and the largest number of members to make that work of any group or organization in the interest of agriculture. Frank Wendt, Wichita County Extension Superintendent, as he talked to officers of the Wichita County Farm Bureau in their meeting at the law on the lawn at the First Church in Iowa Park.

President, George A. Barbour, interestingly outlined the speaker's message during the session. He reminded the group that the Farm Bureau was new, that it had yet scratched the surface as its possibilities for the future were concerned, and that the membership, such as fruit growers, the cotton or the dairymen, all into one organization, promise of a power for the future.

Max Carpenter, Wichita County Agent, commended the Farm Bureau on its intensive efforts to maintain support prices for commodities. T. J. Pace, county organization chairman, followed with an urgent appeal for everyone present to invite others to the District III meeting at the Holt Hotel in Wichita Falls on October 1, when more such information will be forthcoming and workers will be inspired to participate in the Fall Round-Up.

The Sewell Scholarship Fund, which is used for polio research, was presented by Mrs. George Lewis, president of the Associated Women, and the group voted to send an offering from the county treasury.

District III directors, Loys D. Barbour, interestingly outlined the program for the district meeting and the state meeting at San Antonio in November, when resolutions will be drafted to be sent to the American Farm Bureau Federation, from which will be formulated the policies

of the national organization. He emphasized the fact that local groups must get their resolutions in to the Texas Farm Bureau before the opening proper of the state convention. In this way it is the man on the farm or on the ranch who really says what shall be the program of endeavor for the Farm Bureau.

Changes in the requirements of Blue Cross enrollment were explained by Mrs. M. L. Hines, group representative for Wichita County Farm Bureau members. After April 1, 1949, there will be only one enrollment period during the year, instead of four, as has been allowed previously, though the Blue Cross members may continue to make their payments on the quarterly basis, as heretofore, or by the year, if they choose.

Those present were: Mr. and Mrs. Arthur Evert of Burkburnett; Mrs. Fred Minick and Mr. and Mrs. Max Carpenter of Wichita Falls; Frank Wendt of Vernon; Edd Hemmig of Rt. 1, Wichita Falls; Mr. and Mrs. W. A. Scott, Mr. and Mrs. George Lewis, Mrs. M. L. Hines, John Wesley, T. J. Pace, and Mr. and Mrs. Loys Barbour of Iowa Park.

## TURNTABLE TALK

By MARTIN BLOCK  
AMERICA'S FOREMOST DISC JOCKEY

ONE night back around 1935, on my way home from the broadcasting studio, I dropped in a New York night club to hear a new girl vocalist singing with Chick Webb's band. She had been with the band only one week, and she was as nervous as a high school senior making a speech on graduation night. If you want to hear for yourself just how much that shy, awkward girl has developed into a poised, finished singer, listen to Ella Fitzgerald's new Decca record of "My Happiness." Yes, it was Ella I heard that night.

The same tune has been waxed by John Laurenz for Mercury — and there's an interesting story connected with the record. Because of the Petrillo ban, the orchestral background was recorded in Europe and the master flown here, where Laurenz's voice was "dubbed" in. Pretty slick, huh?

Speaking of records made abroad, something really different is a tune called "Jazz Pizzicato," recorded by Ambrose on a London label, Ambrose, who has been playing in England's swankiest hotels for years, comes up with a very listenable combination of swing and strings backed by unusual rhythm ideas.

Another fine arrangement can be heard in Gordon Jenkins' disc of "Dark Eyes" (Decca). Peggy Lee, the "Manana" girl, has another Capitol hit in "Caramba! It's The Samba (The One Dance I Can't Do)," which features that wonderful pseudo-Mexican dialect of hers. . . . Sammy Kaye's latest Victor offerings are "Pecos Bill" and "Fool That I Am," the first an entertaining cowboy novelty tune and the second a slow, sentimental ballad that is proving very popular with Sammy's radio audience on the Chesterfield Supper Club.

Decca has reissued Judy Garland's memorable record of "Dear Mr. Gable You Made Me Love You" . . . Frank Sinatra does his usual impeccable job on "All of Me" (Columbia) . . . Others you'll like are: "Moonlight On a White Picket Fence," Bing Crosby (Decca); "It's You or No One," Margaret Whiting (Capitol); "The New Look," Freddie Martin (Victor) and "If I Were You," Jimmy Dorsey (Decca).

Of all the above records, my "ABC" selection is: "Caramba!" A—Peggy Lee's "Caramba!" B—Sammy Kaye's "Fool That I Am." C—Freddie Martin's "The New Look."

They're only one man's opinion, of course. You probably have your own favorites among the newest discs. If so, drop me a line and maybe you can convince me your selection is better than mine (remember I said "maybe"). Good listening to you . . . and you . . . and especially to you.

## From where I sit by Joe Marsh

### Nicest Compliment I've Had

One of the nicest comments I've read about this column was in an editor in the Middle West. And while I don't like to give myself credit, I think it rates a point.

"It so happens I agree with everything you say but I always like to run your column. Because it gets down to and talks about the right to give. And it only asks for tolerance towards the other person's point of view."

of illustration, that he never had happened to have a taste for ale or beer. But that when I spoke of the right to enjoy a moderate beverage like beer, well, he was right there with me!

And from where I sit, that's the important thing: not whether you share another person's tastes or point of view—but whether you recognize his right to exercise a free choice in a free land.

### "Housing" Sounds Good

Public housing proposals, like so many other measures that would take America 'way down the road to Socialism, come up in nearly every session of Congress. A government housing program, known as the Taft-Eliender-Wagner bill, found enough support in the recent Congress to get through the Senate. It failed in the House. Bills of this type have at least nine lives, and you can expect to see more of them later.

It sounds good to nearly everybody to say that "low-income" families are entitled to housing. When the real issues are all clouded up with emotion and sentimentalism, there are some who will vote "yes" without taking the trouble to get down to facts. I, too, favor "housing." Housing is essential for everybody. But I am also aware that the needy, the unemployed, the very lowest-paid workers, do not get into public housing projects.

**What is Low Income?**  
From all reports, the situation at a 550-family unit government project in New York State is typical. The law states that a family earning more than \$1,700 cannot qualify there for an apartment. Yet, half the families in the project have incomes above the minimum, some up to \$8,000. Only a very few destitute families ever get into government housing. They cannot pay the high maintenance and operating costs. Even government rents are too high for them.

I say these things to shed light on the arguments of the planners, who dote on the goodness of the government. Their sentimental propaganda serves no purpose but to mislead. The T-E-W bill promised to build homes for "low-income" families. Perhaps there are 10 million, 20 million, or maybe 30 million. What's the measuring stick for a "low-income" family? Who would decide about this? And where would they be put up?

**To Get the Vote.**  
A joint committee of the 80th Congress found that the Federal Public Housing Authority, even with a "dormant" program, employed 6,571 persons and used up a budget of more than \$11,000,000 a year. A major part of the FPHA's activities were devoted to creating a desire on the part of the public to depend completely upon a benevolent government. Nor has the FPHA overlooked its opportunities to set up systems of political patronage.

The T-E-W bill calls for 500,000 units of housing over the next five years. Despite the tremendous cost of \$7 billion, this amount would not even begin to satisfy all the "low-income" families. But it would be enough to satisfy many a politician. Think of the possibilities for keeping the party vote in line. Why couldn't the government projects be put up where they would bring in the vote?

Despite all these dangers, the sorry part is that public housing can give us no expanded production of materials, no additional skilled construction workers. In short, it cannot relieve the housing shortage. Besides real discouragement to more private housing construction, the government would extend its powers over all the people through public housing. We must not be fooled this way into accepting Socialism.

### Gleaners Class Installs Officers

Members of the Gleaners class of the First Baptist Church met Thursday, September 16th at the church for a covered dish luncheon and installation of officers. Mesdames Marie Hinkle, Viola Boren, Marilyn Robinson, Pauline Dowdy and Morris assisted with the hostess duties.

For the luncheon, members and guests were seated at an attractive table featuring fried chicken and trimmings.

Mrs. Fred Downs, president, was in charge. The afternoon business meeting opened with the song, Living for Jesus. Mrs. Gladys Morris brought a very interesting devotional from Matthew. Brother Stewart gave a talk on building the class thru visitation.

Mrs. W. R. Carswell conducted the installation of officers by giving a chalk talk in which the following officers were installed for the coming year; President, Mrs. L. H. Gilbert; 1st vice, Mrs. Fred Downs; 2nd vice, Mrs. Leona Miller; 3rd vice, Loretta Hunt; 4th vice, Mrs. Opal Boren; Secretary, Mrs. Dowdy; assistant secretary, Dale Begeman; Reporter, Helen Grizzle; Choirster, Grace McClurkan; and teacher, Mrs. P. H. Johnson.

At the conclusion of the ceremony, a token of appreciation was presented to Mrs. Carswell, Mrs. Downs, Mrs. Grizzle, and Mrs. Johnson. A prayer by Mrs. Stewart closed the meeting.

Guests and members present were: Mesdames T. Lynn Stewart, P. H. Johnson, Albert Dowdy, Larry Conques, Avan Fields, Chas. Begeman, Harry Mayes, Lansford Johnson, Opal Boren, Stella Pace, Gladys Carswell, J. C. Good, Loretta Hunt, Mary Helen Smith, Viola Boren, J. D. Grizzle, Clovis Netherlain, Woodrow Wright, Wayne Teal, Goldie Gilbert, Fred Downs, Marie Hinkle, Gladys Morris, Irma Morris, Mallory, Marilyn Robinson, Grace McClurkan, Brother Stewart, and three children.

### TWIGS OR BRUSHES?

CHICAGO—Noel Pierce, who teaches charm and modeling, shows that clean teeth are an important asset to personal appearance. The brushes, at right that Noel is holding, however, were typical of those received in a recent survey conducted in cooperation with the American Dental Association which showed that four out of five toothbrushes now in use are so badly worn or are in such an unsanitary condition that they are no longer usable for oral hygiene.

At the top of the pile of brushes are two "toothbrushes"—twigs which are tufted at the end—which were in use by members of a Georgia family! Dental authorities believe that persons should replace their toothbrushes at frequent intervals to maintain good oral hygiene.

Mr. and Mrs. Kenneth Elrod of Chickasha, Oklahoma, visited in Burkburnett Saturday night.

### Wesleyan Guild Meets Tuesday

The Wesleyan Service Guild of the First Methodist Church met at the home of Mrs. Rex Kolter, Tuesday night, September 14, with Mrs. Kolter, president presiding.

The devotional was given by Mrs. Tom Britton. Miss Mary Graves and Mrs. Britton reviewed the first three chapters of our study course, "Power for Peace" by O. Frederick Nolde. The meeting was dismissed by repeating the Lord's prayer. The October meeting will be in the home of Mrs. Jim Morris.

The hostess assisted by her daughter, Cherry Lynn, served

a delicious refreshment for six members, including a new member, Miss Martha...

### Senior Mothers Met Last Monday

The Senior Mothers Club met last Monday afternoon in Benton's room after school elected officers for the year.

Officers were elected as follows: President, Mrs. S. M. Vice-President, Mrs. Jim Secretary-Treasurer, Mrs. Lane.

Mrs. S. I. Hill of Home visiting her mother, Mrs. Cropper.

School days mean homework for mothers as well as for their offspring... what with lunch boxes to pack and after-school snacks to fix. And this kind of homework requires a lot of thought, too, if you want to win honors (and help your children do likewise). So let's start concentrating on it right now!

**NEIGHBORHOOD MARVEL**  
When I'm fresh out of cake and cookies and the youngsters come trooping in from school, hungry for something sweet and with a young army at their heels, I take a loaf of A&P's MARVEL ENRICHED WHITE BREAD (which I always keep in the house because it's so full of the vitamins and minerals children need); cut the slices into rounds and dip them into condensed milk and then into shredded coconut. After browning these rounds lightly in a moderate oven, 350° F., I put them together in pairs with preserves between.

**MAKE 'EM BEAM WITH BEANS!**  
If your children think baked beans are "on the beam," they'll beam at the sight of sandwiches filled with cold ANN PAGE BEANS from the A&P mixed with chopped celery, crisp diced bacon and a little chopped pickle and salad dressing.

**ON WHAT A PICKLE!**  
Firm, ripe cantaloupe that comes up in a pickle makes a grand dish! Boil 3 1/2 lbs. (pares and seeded) in salted water till tender. Drain. Mix 2 cups sugar, 1 cup vinegar, 1/2 cup water and 1/2 cup A&P'S ANN PAGE WHOLE MIXED SPICES FOR PICKLING. Boil about 5 minutes. Add drained cantaloupe and cook gently 5 to 10 minutes. Pack in clean hot jars and seal.

Day after day, more and more people are agreeing

## New Testament Church

Now consider the worship of the New Testament. It is evident that a religious group today must follow the same patterns of worship as the church of the New Testament in order to be the New Testament church today. If a church might be scriptural in name, organization and doctrine, it could not possibly be the New Testament church if its worship is not in harmony with the New Testament.

The first consideration is the music of the church. It is by all that singing was done by the early church. Singing in the church today is right and unquestioned. However, in addition to singing, most religious today have mechanical instruments of music. Our concern is the use of the latter.

All the New Testament, there are only nine verses which speak of singing, as it might apply to the church. These verses are as follows: Matt. 26:30; Mark 14:26; Acts 13:9; 1 Cor. 14:15; Eph. 5:19; Col. 3:16; Heb. 13:15. You will notice that they are commands and exhortations. There is not one word in all the New Testament about anything more than singing of psalms, hymns, and spiritual songs in the worship of the New Testament church. Jesus Christ, the head of the church, did not authorize the use of mechanical music in the church. The first inspired preachers in the New Testament did not practice it; and no New Testament writer commanded it. The highest authority for the use of mechanical music in the church today is the authority of the apostle Paul.

In John 9, the apostle gives this solemn warning, "Whoever transgresseth (goeth onward) and abideth not in the doctrine of Christ, hath not God." The use of mechanical music in worship is not the doctrine of Christ, but those who use it are doing the thing that John warns against. Does the church, of which you are a member, use mechanical instrumental music in its worship? If so, it is not respecting the authority and doctrine of the Lord, and it is not the New Testament church.

### SUNDAY SERVICES—

Bible Study for all ages 9:45. We have a 45 minute period of Bible study at this time. Come and study God's word.

Preaching 1:45 a. m. The sermon at this time will be the concluding lesson on "The Inspiration of the Bible."

Communion Service 11:45 a. m. Jesus said, "This do in remembrance of me." We remember the Lord's death and suffering on the cross as we meet around the Lord's table on the first day of every week.

Young People's Classes 6:30 p. m. These classes, for all boys and girls of school age, or older,

will be a source of information and inspiration to all who will attend. We urge all the young people to come.

Evening Worship Service 7:30 p. m. The lesson for the evening service is based on a question asked by the apostle Peter in 1 Peter 4:17, "What shall the end be of them that obey not the gospel of God?" This question should demand the most serious consideration of every person in the world. Have you given it the thought that you should? Come and study this New Testament question and the New Testament answer.

WEDNESDAY—  
Mid-week Worship Service 7:30 p. m. Brother Leroy Cowan, minister of the Church of Christ in Rush Springs, Okla., will preach at this mid-week service. You are cordially invited to hear Brother Cowan at this time.

THURSDAY—  
Ladies Bible Class, 2:30 p. m. "Come, let us reason together."

Gloria Minick left last Thursday to enter NTSTC at Denton

First  
Baptist  
Church

T. LYNN STEWART, Pastor

Dr. J. Howard Williams, executive secretary of Texas Baptists, will preach at the 10:50 a. m. service. The visiting preacher is a former pastor of The Thrift Baptist Church at Amarillo and at Oklahoma City and is one of the strongest preachers we have in the state and in the southland. We are indeed fortunate to have this great servant of God for this morning worship service. It is expected that a great crowd of people will hear him.

Sunday is Promotion Day in Sunday School. All those passing from one department to another will receive certificates. The Sunday School meeting at 9:45 a. m. is taught by consecrated teachers who believe and teach the Word of God. We had 409 in Sunday School last Sunday with 4 new members and 42 visitors. We honor the Word of God and the God of that Word is blessing. We are urging every member of our school to be present this Sunday. Then we extend a most cordial invitation to everyone who is not now in any Sunday School to come this Sunday.

Evening Worship will be at 7:30 with sermon by the pastor. The sermon subject will be "Behold I Thought." This will be a plain Bible message. All services are evangelistic, all sermons are straight from the Bible without anything added and anything taken away. They are the "thus saith the Lord." The night message will show the foolishness of believing in a salvation other than through Christ and Christ alone.

Mr. and Mrs. A. B. Sharp, who have been making their home in Washington, D. C., for the past year have returned to Burk Burnett and purchased a home on 4th St.

Sunday, September 26:

Sunday School; Bible Class, 10 a. m.

Divine Service, 11 a. m. We have classes in our Sunday School for all age groups. The Adult Bible Class is at the present time studying St. John's Gospel. We are sure you will derive great benefit from this study which is conducted in an informal way. Those attending are always encouraged to take part in the discussions and to ask questions. Join us next Sunday if you are attending no Sunday School.

The sermon topic for next Sunday is "The Christian And His Possessions." Text: Mark 10, 17-27. Worship with us next Sunday and hear the answer of God's Word to such questions as: "Can a Wealthy Person Be Saved?" "Why are money and possessions dangerous to the Christian?" "Does all this affect also those of average means?" These questions should be of vital interest to every conscientious Christian.

## Central Christian Church

We still have no regular minister but Sunday School meets at 9:45 and Communion Service at 10:45 regularly each Sunday.

## EVER SEE AN ICE STORM Inside A PIPE LINE?

High pressure natural gas pipe lines may be subject to miniature ice storms when outside temperatures drop to 40 or 50 degrees. If permitted to continue, the ice would ultimately choke off the flow of gas through the line. That's because particles of water mixed with certain petroleum vapors in high pressure pipe lines will freeze at temperatures far above the normal freezing point of 32 degrees. Nearly all natural gas contains moisture as it leaves the well, so it is necessary to install such facilities as heaters, separators and dehydrators to remove the liquids and vapors before the gas is placed in pipe lines for movement to market. This is one of many functions of the United Gas organization—all of which have the ultimate purpose of assuring a dependable supply of natural gas for our customers.

A heater must be installed at each high pressure well to prevent freezing of moisture contained in the gas.

The wet gas passes into a separator where it expands and drops its free liquids.

Water vapors are removed in a dehydrator, which contains materials that soak up the vapors like a sponge.

**Technicolor Hit**

A cross combination of happy coincidences is sure to spell good luck for 20th Century-Fox's Technicolor production of "Scudda-Hoo! Scudda-Hay!" if past successes are any criterion.

The picture which comes to the Palace Sunday - Monday stars June Haver with Lon McCallister. Walter Brennan heads the outstanding supporting cast. June and Lon, the young sweethearts of the story, three years ago made their stellar debuts in "Home in Indiana", which starred Walter Brennan in the top spot.

"Home in Indiana" and "Scudda-Hoo! Scudda-Hay!" both photographed in color by Technicolor, are adapted from novels by the same author, George Agnew Chamberlain.

McCallister and Brennan had worked together before. In 1941, Brennan was just hitting the top as a character actor (he now has three Academy Awards), and won a top role in a picture called "Joe and Ethel Turp." A youngster who had done only extra work got his first speaking lines in that film. He was Lon McCallister.

**Birthday Party Honors Pat Kay Inlow Sept. 10th**

On Friday afternoon, September 10, a group of small boys and girls gathered at the O. E. Melton home at 418 Magnolia, to help Pat Kay Inlow celebrate her 6th birthday.

The party was a gala affair, with the youngsters enjoying indoor games from 5 to 6:30. A beautiful birthday cake, five layers high, topped with circus animals and candles, fascinated the little guests, as did the favors that carried out the circus theme.

The last game to be played was bingo, with each winning a prize. A beautiful assortment of gifts were presented to the little honoree.

Cake, ice cream and red lemonade was served to the following children and mothers: Angel and Kenny Smith, Kay Dulaney, Linda Kay Holman, Kayrene Davis, Lora Jene Lynsky, Pamela Standolin, Sue Carter, Shirley Britton, Judy Hofacket, Mike Boydston, Alfred Parr, Mike Morris, Erma Ned Riley, Wardie McConnell, Mur Anne Elliott, Shirley Hodges, and Kay Morrison, who assisted the hostesses with the games, Mesdames Standolin, Boydston, Morris, Hodges, Sending gifts were Mrs. Paul Browning, Miss Jewel Reed, Linda Charles and Bee Anne and Linda Gilchrist.
