BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, MARCH 10, 1949

NUMBER 33

Chamber Commerce Sponsor Farm Contest

(By Mrs. E. E. Clark)

The Burkburnett Chamber of Commerce will promote soil conservation in its trade area with a substantial cash award contest open to all owner-operators and tenant farmers in that section of the Red River Valley. The contest, first of its kind ever offered by the local Chamber of Commerce, is designed to promote widespread use of conservation practices needed to control soil erosion in the watershed of the Red River and its tributary creeks.

Crosses State Lines

The contest is unique in that it crosses state boundary lines to embrace parts of soil conservation districts in both Texas and Oklahoma. Burkburnett is strategically located on the Texas side of state-line bridge over Red River. Its trade area extends northward generally beyond Deep Red and Cache Creeks to include a large portion of wheat, cotton and stock farms in adjoining Cotton County, Oklahoma.

On the Texas side, Burkburnett's trade territory extends from its outlying river valley farms to include the so-called "tight land" farms given over to wheat and stock raising.

Cash Awards Total \$400.00

The Burkburnett Chamber of Commerce is offering cash awards of United States Savings Bonds, Series E, to be given to the winners in the four divisions of the contest. The outstanding landowner-operator and outstanding tenant farmer in the practice of soil erosion control on the Texas side of the Red River will each receive bonds in the amount of one hundred dollars. Duplicate prizes go to the best conservation owner-operator and best tenant farmer on the Oklahoma side of the river.

In addition, the Burkburnett Chamber of Commerce will recognize each year the individual citizen who has made the greatest unselfish contribution to soil conservation in the territory covered by the contest.

Will Name Master Farmer

Naming the Master Conservation Farmer of 1949 in the Burkburnett area will climax the Chamber of Commerce contest. At its annual banquet in December the Burkburnett business group will confer this outstanding honor on the farmer nominated by the soil conservation district supervisors and the Chamber of Commerce.

Parts of the Wilbarger-Wichita Soil Conservation District (Texas) and the Cotton County Soil Conservation District (Oklahoma) are included in the Burkburnett trade sphere.

Agriculture Committee Forms Plans

The Agricultural Committee of the Burkburnett Chamber under the progressive leadership of its chairman, J. V. Brookshear, has developed the conservation contest plans and arrangements for awards. The Committee proposes to make this contest an annual event on the calendar of the Chamber of Commerce.

J. V. Brookshear, president of the First National Bank in Burkburnett, has long been identified with the development of the agricultural resources of this region. Besides serving as chairman of the Agriculture Committee of the Burkburnett Chamber of Commerce, Mr. Brookshear is a charter member and vice-president of the Wichita Farm and Ranch Club.

Outstanding business men, farmers and stockmen of the Burkburnett trade area comprise the personnel of the Agriculture Committee. Serving with Mr. Brookshear are DeForrest Ashton, Monte Bowles, A. G. Earp, Woodrow Fleming, J. C. Hinkle, Arnold Holtzen, Frank Kelly, J. W. Kinder, Sam Lax, Joe McCluskey, Bill McLean, O. W. Prechel, Byron Presley, B. H. Preston, Arthur Ramm, Joy Sessums, Henry Vaughn and Marshall Young.

According to Mr. Brookshear, committee chairman, "This is strictly a soil conservation district program, for we believe the soil conservation district is the ideal approach to solving the erosion problem." He points out that there are no "government

experts" connected with this program which belongs to the farmers who take part in it.

Rules of the Contest

This Soil Conservation Contest is sponsored by the Burkburnett Chamber of Commerce through its Agriculture Committee and is open to all farmers in the Burkburnett trade area.

First Prize—\$100.00 United States Savings Bond, Series E, for the best conservation practices carried out by a landowner-operator residing in the Burk trade territory of Supervisor's Subdivision No. 5, Wilbarger-Wichita Soil Conservation District.

Second Prize—\$100.00 United States Savings Bond, Series E, for the best conservation practices carried out by a tenant farmer residing in the Burk trade territory of Supervisor's Subdivision No. 5, Wilbarger-Wichita Soil Conservation District.

First Prize—\$100.00 United States Savings Bond, Series E, for the best conservation practices carried out by a landowner-operator residing in the Burk trade territory of the Cotton County Soil Conservation District.

Second Prize—\$100.00 United States Savings Bond, Series E, for the best conservation practices carried out by a tenant farmer residing in the Burk trade territory of the Cotton County Soil Conservation District.

Master Conservation Farmer. The best conservationist, landowner or tenant, on the Texas or Oklahoma side of the Burk trade territory will be named Master Conservation Farmer of 1949 at the annual banquet of the Chamber of Commerce in Burkburnett in December.

Special Award. Special recognition will be given to the individual citizen who has made the greatest unselfish contribution to soil conservation in this same area defined as the Burkburnett trade territory.

CLOSING DATE — The annual contest for each year shall close on December 15th of that year.

In the event that any cash winner in the 1950 Soil Conservation Contest, the cash award will go to the farmer with the second best score in that division; recognition, however, will be given the conservationist who has made the highest score.

Scoring of soil conservation practices will be tallied by the district supervisors in the respective soil conservation districts in collaboration with the Agriculture Committee of the Burkburnett Chamber of Commerce. The district supervisors will make nominations for other awards to be given in the contest.

Radio Stars Will Present Camp Fire Birthday Show

In observance of the 37th birthday of Camp Fire, there will be a special Radio Broadcast, Wednesday, March 16th over CBS from 9 to 9:30 p. m.

Jack Benny, Margaret Whiting, Shirley Temple, Jerry Gray and his orchestra, Bob Crosby and his orchestra, are only a few of the well-known stars who will donate their time for the gala Birthday Radio Show.

Rotary Club Invited To Abilene Banquet

Members of the Burkburnett Rotary Club and Rotarians of 65 other towns have been invited to attend a banquet honoring Angus S. Mitchell of Melbourne, Australia, president of Rotary International, at Rose Field House, Hardin-Simmons University, Wednesday, March 16, at 7:30 P. M. All Rotarians may obtain tickets by writing to the Abilene Rotary Club.

Mrs. A. W. McPherson returned last week from Hobbs, New Mexico and Abilene, Texas, where she visited her children.

Local Merchants Buy Livestock At Temple Club Show

Promoted by the Activities of Agricultural Committee of the local Chamber of Commerce, a group of Burkburnett Merchants attended the Cotton County Livestock Show at Temple, Okla., Wednesday of last week. The purpose of the trip was to purchase calves and hogs presented by the 4-H and F. F. A. Boys Clubs.

The following merchants sponsored the purchasing of stock: Corner Drug Store, Famous, Manhattan, First National Bank, Thaxton Bros. Hdw., Tom Britton Motors, and Farmers Co-Op Gin. Other merchants represented who were unsuccessful at purchasing stock were: City Grocery and Market, A & P Grocery, Western Auto, A. G. Earp, Mills and Fleming, and Burk Implement Co.

Red Cross Drive Lagging Behind

Compared with other towns, or compared with what Burkburnett usually does on her Red Cross fund raising campaign, the results thus far are not very complimentary.

The need for Red Cross funds is indeed great. The expenditures at Sheppard Air Base have made it necessary to ask Burkburnett and area town for an increase over previous years.

Tom Boyd, local chairman of the campaign, is doing all within his power to get the job done, but just one person cannot make much showing in a town the size of Burkburnett. It takes several people, working, planning and making personal calls. Some of the committeemen have worked just as faithfully as Mr. Boyd, but that still isn't enough. Others workers are needed and must be secured if Burk makes a creditable contribution.

Members of the Burkburnett Study club are operating a Red Cross booth in the lobby of the First National Bank. They are making a sizeable contribution of time and effort.

Practically every club in town has made a contribution in response to a letter from Mr. Boyd. It is the individual giver, who is turning a deaf ear to all pleas for aid.

Any committeeman will gladly accept your contribution. Do not wait for a personal visit from a worker. Help all you can, freely and voluntarily.

Last Rites Held Here Friday For W. S. Ferrell

Final services were conducted Friday at 1:30 P. M. for W. S. (Bill) Ferrell, who died following a heart attack at his home in Alvord, Texas, last Wednesday. Rev. T. Herbert Minga was officiant for the service which was held from the First Methodist Church here.

Ferrell, known to all his friends as "Bill", will always be remembered in Burk for his friendly jovial manner and wisecracking. He had lived in Burk since 1925, moving to Alvord about three years ago. During his residence here, he was in the Cafe and Garage business.

Survivors include the widow, Mrs. Velma Ferrell; his mother, Mrs. Sally Ferrell; 4 brothers, Gordie and Melvin of Burk; King of Ada, and Rodney of Philo, Calif.; 4 sisters, Mrs. Jeff Horton of Wichita Falls, Mrs. Jewel Chappell, of Oklahoma City, Mrs. John Evans, Fabens, Texas and Mrs. C. M. Webb, Beaumont.

Ballbearers were: J. R. Wood, H. G. Cook, Jim Turner, W. E. Reed, T. Guy Willis, and A. B. Friedls.

Interment was made in the Burkburnett cemetery under direction of the Owens & Brunley Funeral Home.

Mrs. A. P. Yeary who is confined to a Wichita Falls hospital is reported to be doing nicely.

SPEAKER SAYS BI-PRODUCTS OF RESOURCES OFFER TEXANS COMMERCIAL POSSIBILITIES

Great commercial possibilities are possible for Texans as a whole and West Texas in particular, using bi-products from crops and their wastes and new developments from weeds and other available raw materials, Burkburnett Rotarians and Lions were told Tuesday, March 8th, in their regular noon and evening meetings, respectively.

The points were brought out by Robert L. Stone of the Territorial Development Division of the Texas Electric Service Company addressing the clubs in a stimulating talk, "A Challenge to Ingenuity."

Heavy markets that will increase the demand for farm products are coming to Texas with the rapid industrialization of the state, the speaker declared. All our communities and individuals will continue to prosper in ratio to their ability to extract the maximum gain from our basic resources of wealth—agriculture and mineral resources, the speaker continued.

The speaker did not assume to provide answers to specific local problems. But he did, by descriptive and comparative methods, by minimum use of thought provoking authoritative figures, illustrative charts, and an interesting assortment of visual aids used throughout, extend challenge upon challenge to appraise dormant opportunities, conceive new opportunities, and to improve upon applications of recognized opportunities.

The speaker is himself a Texan and takes advantage of this fact to naively highlight a number of glaring inequalities and generally unrecognized dissatisfactions concerning Texas agriculture—problems vital to the over-all economy, but almost universally overshadowed by our abundant production presently attributable in considerable proportions to super numbers of acres and livestock units, accompanied by disconcerting quantity and quality of production per unit in many instances.

Through use of charts and appropriate statements it was forcefully brought out that Texas is far behind the rest of the nation in agricultural and industrial development. Continuing, he said Texas ranks 4th in the total amount of agricultural products by states, yet it stands 30th in the average production per farm, and 32nd in the average value of crops sold per farm. Texas ranks first in number of farms with milk cows; sixth in numbers of cows, yet it is 38th in production per cow; stands 2nd in the number of chickens, yet is 23rd in egg production per hen; first in cotton production by states, yet is 17th in the per acre yield among states; first in grain sorghum production, but only 18th in per acre production; third in the production of corn, yet 44th in per acre yields; fourth in wheat production, but 26th in per acre yields.

"Texas needs to increase its yields for increased profits," the speaker pointed out, urging that "more emphasis and interest be shown in the work of county agents, soil conservation districts and other organizations that are working to increase production and returns from acreage and livestock units. Reminders of past surplus of agricultural production and possibilities for future surpluses behooves wise community planning groups to become enthusiastically engaged in well conceived promotional programs today to improve the economy and to minimize the problems of tomorrow.

The opportunities for new crops is an exciting prospect propounded. The challenge in this is real, practical, and perhaps surprising in scope. Today, throughout the world, approximately 1,000 crops are grown on a commercial scale. Only about 200 of these crops are grown in the United States and 90 per cent of American cropland is planted to only nine major crops. Our country imports annually approximately one million dollars worth each of 131 agricultural commodities. Such facts are real challenges to communities to seek new crops. Success of such quests by other areas were pointed out.

Imaginations were aroused by a brief but amazing discourse on golden opportunities among weeds exemplified by displays of products of current industrial production from the realm of weeds. Factual stories of the commercial production of milk weed and the qualities of the milk weed floss being lighter than down, warmer than wool, water repellent, etc.; of an enterprising Oklahoman developing a \$100,000 business making wreaths from weeds; and other such stories remove this challenge of weed usage from the realms of fantasy to those of practical applications.

New industrial uses for our old established crops and new uses and opportunities for conversion of agricultural waste, as; oat, cottonseed, and peanut hulls, corncobs, etc., to industrial and financial assets were discussed. The desirability of critical circumspection of present waste around processing plants was pointed out.

Startling facts of the importance of soil conservation were briefly touched on bringing out that nature requires 300 to 1,000 years to build a single inch of soil, but it is not uncommon for that much soil to be lost as the result of a single rain. "We lose annually in our country sufficient soil to meet the agricultural needs of 365,000 persons while our population is increasing at the rate of more than a million persons per year. The problem of "Save The Soil" is everyone's problem—not just the farmers.

Stone concluded his talk by calling attention to the fact that "Today, every community, hamlet, town, or city, has the opportunity to promote itself. The problem is woven of numerous and varied opportunities for constructive thinking, planning, and action. The challenge to get down to scratch in further developing our basic resources and related industrial development opportunities are real challenges to our ingenuity. Through successfully meeting these challenges, our communities and business and professions stand to prosper and grow."

Local Citizens Urged To Attend Band Parents Meet

There will be a called meeting of the Band Parents Club Friday, March 11 at 7:30 at the Band Hall. All local citizens interested in the Band, whether you have a child in the Band or not, are welcome and urged to attend this meeting.

The project of the Club this year is to forward the purchase of Band Uniforms. The purpose of this meeting is to prepare a budget plan toward said uniforms.

Are you interested in our band? In its appearance and progress? Our Band boosts Burkburnett, as well as boosting our school, so let's present a snappy band in appearance as well as in music.

Last summer the Burkburnett Band did much or more than any other single organization in advertising the Boomtown celebration. They participated in several all-day booster trips to surrounding towns, tooting their horns and beating their drums in the hot sun, to tell people of the coming rodeo in Burkburnett. With the celebration underway, they played continuously throughout each performance, with very little recognition for their efforts.

These boys and girls are to be commended for their loyalty to their school and to Burkburnett. They deserve your presence at the meeting tomorrow night to devise a plan to furnish them with uniforms. Without their help, ball games, celebrations, etc. would be considerably less colorful.

In case of rain, the meeting will be held in the High School Building.

Mrs. Elbert Buckner and Mrs. Tom Britton spent Friday and Saturday in Dallas attending the Regional Four Camp Fire Meeting, held at the Adolphus Hotel. This Region includes Texas, Oklahoma, New Mexico, Arkansas and part of Louisiana.

Street Curbing Off to Good Start On East 3rd Street

Last week several hundred feet of concrete curbing was completed on East Main Street.

When this curbing project is finished on East Main and on Avenue D, the State Highway Department will pave those two streets from curb to curb. The State is ready to begin their work just as soon as the City takes the forms off the last section. Curbing had to be stopped this week when the thermometer dropped below freezing. When the weather warms up again the work will be resumed.

Such a project costs money, but the part paid by residents along the two streets is very small compared to overall cost of the completed job. Property owners are paying only \$100 per foot which will just about take care of the cost of the curb. The State Department will do the street paving at their expense. Response of those already contacted for the \$100 per foot has been wonderful. Everyone realizes that property owners in cities usually pay for one-half the expense of street paving. But when an arrangement was worked out with the State Dept. to do the street paving, that made a saving to property owners of many thousands of dollars.

As the work progresses, owners down Avenue D will be contacted. If it is not convenient to pay for the full amount, at once, other arrangements may be made with the City.

Payment for footage in front of your house may be made at the City Hall or to Alvin Hill at the First National Bank.

Rotary Club

R. L. Stone, Territorial Development Division of the Commercial Department of the Texas Electric Service Co. from Ft. Worth, was guest speaker at the noon meeting of the Rotary Club last Tuesday. Mr. Stone gave a very full and interesting talk on the "Challenge to Texas Agriculture." He was introduced by program chairman, I. C. Evans. Other Texas Electric men present were Jim Ady from the local office and J. C. Waggoner and Fred L. Rayborn from the Wichita Falls office.

Absent members were: Ted Harwell, Francis Kauer, George McClarty, Arthur Ramm, Dow Estes, and C. A. Morgan.

Visiting Rotarians from the Wichita Falls club were: P. S. Richardson, John L. Estes, Floyd Taylor and R. K. Pond. R. J. Brown of Wichita Falls came with Mr. Richardson, and Col. Ira Koenig was guest of Mr. Taylor. Miss Sadie Beth Tevis was guest of her Dad, Bob Tevis.

Next week, C. C. Gilbert will bring the program.

All Day Singing Dinner on Ground

The County Singing Convention members and their friends will hold their annual singing with dinner on the ground this year at 1700 Burnett Street in Wichita Falls, same location as last year.

If you enjoy singing and the fellowship this organization is noted for, pack the old lunch basket and attend next Sunday.

Miss Margaret Matthews returned to her home in San Antonio after visiting in the home of her sister, Mrs. Ralph White. Miss Matthews was accompanied to Dallas Sunday by Mrs. White and Mrs. John Brookman. In Dallas they were luncheon guests of Mrs. Walter Myers, Jr., at the Muriel room in the Baker Hotel. Mrs. Myers is a sister of Miss Matthews and Mrs. White.

"Red Witch" Starts Fresh Cycle of Salty Pictures

Those who like their movies swashbuckling and salty will welcome the advent of what will probably be a new cycle of sea-going films, heralded by Republic's "Wake of the Red Witch," based on Garland Roark's best-selling novel, which will open Sunday at the Palace Theatre with Edward Ludwig directing and John Wayne and Gail Russell as the starring attractions. Sea films have been well received by the public ever since Spencer Tracy won an Academy

Award for "Captain Courageous" "Hurricane" and "Mutiny On The Bounty" were both smash hits and "Reap the Wild Wind" was one of the best films John Wayne ever made. After a long succession — and to many a wearying succession of psychological dramas, this return to the sea may be the beginning of an entirely new era in film entertainment. Mrs. Anna Hupp spent a few days visiting in Marlow, Oklahoma, last week. Mrs. Joe Wallen of Schertz, Texas, visited her brother Geo. McClarty and family last week. Sgt. Jack Whitehead who is stationed at Ft. Bragg, N. C., is visiting his parents here.

Here's a NEW party-line customer!

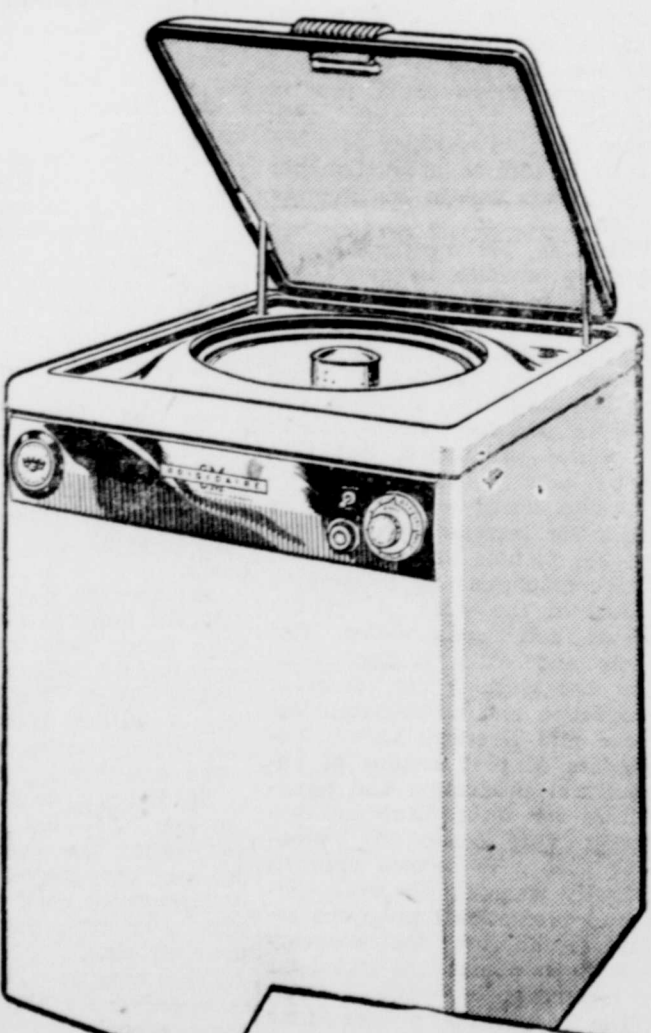

This little fellow may be enjoying the protection of a telephone because you are sharing telephone service with his family or some other family on a party line. Were it not for party lines, thousands of people—now being served—would still be waiting for telephones despite all the effort we've been able to put into the manufacture and installation of new telephone equipment.

If you are on a party line, you'll find courtesy and neighborly co-operation pay big dividends in better service. A party-liner who is thoughtful of the other fellow may well find that the other fellow will be thoughtful of him.

NATURAL GAS Highway... 6,000 MILES LONG

There's a 6,000-mile "highway" following the route of our natural gas transmission lines . . . a pipe line right of way that toils up and down hills, through forests and swamps, across roads, lakes and rivers. And always this right of way must be kept accessible to repair crews. United Gas workers wage a continual battle with Nature to maintain this highway under which moves the fuel that serves hundreds of towns and industries of the Gulf South. Maintenance of right of way is only one of many functions of the United Gas organization . . . all of which have the ultimate purpose of assuring a continued dependable supply of natural gas to our customers.

Bulldozers clear the right of way for construction workers, cutting a path 10 to 20 feet wide for United Gas lines.

In heavily wooded areas trees must be felled, stumps blasted and the earth smoothed before pipe lines can be laid.

But long after construction is ended, maintenance men must keep the right of way clear for travel by repair and inspection crews.

UNITED GAS . . .
Serving the Gulf South

ONE MUST KNOW THE TRUTH

There are too many people in the world today who do not read their Bible, and who do not care what it teaches. They frankly admit they do not know what it teaches. They argue that as long as they are honest and sincere in their lives they feel secure. But a knowledge of the truth is absolutely essential to salvation and our Lord so teaches. We shall know the truth and the truth shall make you free (John 8:32). From this we learn that a knowledge of the truth is necessary if one wishes to be free from sin. This is with Paul's statement to the Romans that they were free from sin when they obeyed from the heart the teaching (Rom. 6:17, 18).

Again we learn from the language of the Lord that a knowledge of the truth is essential when he says: "It is written in the prophets, and they shall be all taught of God. Every man therefore that hath heard, and hath learned of the Father, cometh unto me" (John 6:45). To be saved must come unto Jesus (John 5:40). But no one can come unto Jesus until he has learned of the Father. So, we conclude, no one can be saved until he has learned of God, and he has a knowledge of the truth.

Since knowledge of the truth is so essential to salvation, we plead with everyone to study the Bible. By studying the Bible your knowledge of God will be based upon facts, not upon what some man may say. You will also be able to know, when a man teaches a doctrine; whether the doctrine is of God or man.

You are cordially invited to the

Wichita County Farm Bureau News

Mrs. John Wesley

The directors of the Wichita County Farm Bureau met in a called session March 3 to discuss sending a delegation to Austin to appear at the hearing of the Rural Roads bill which held Monday night, March 7th. Mr. Loys Barbour left Saturday and M. and Mrs. Geo. Lewis, county president left Monday morning to attend the hearing.

The organization voted to give \$25.00 cash award to the most outstanding 4-H Club boy and girl in the county for 1949. Rules of the contest have been outlined to the 4-H Club boys and girls by Max Carpenter, assistant County Agent and Mrs. Vee J. Howle assistant Home Demonstration Agent.

Plans are progressing nicely for the County Wide "Family Night" meeting to be held on Thursday night March 24th at the Wichita Valley Community

House. Murray Cox, Farm Editor of radio station WFFA is to be the guest speaker. Mrs. Arthur Evert of Burk Burnett promises plenty of entertainment for young and old alike.

Miss Cathryn Sands was elected to act as chairman of the County Queen contest this year. This is the second year that the county has sponsored such a contest. Winners of the county will compete for district and district winners will go to the State Convention which will be held in Dallas November 21, 22, 23. State Queen wins a trip to the National Convention at Chicago.

Mrs. John Wesley reports that Farm Bureau members are enrolling in Blue Cross Hospitalization nicely but would like to remind members again that the deadline for enrolling is March 15th.

After the directors meeting last Thursday night refreshments were served.

Farewell Party Honors Mrs. June Garrett Tuesday

A group of friends honored Mrs. June Garrett, who is leaving next week to make her home in Conroe, Texas, with a farewell party at the home of Mrs. Virginia Bean. Hostess for the affair given Tuesday night were: Mesdames Mary Frances Northcott, Betty Mills, Dorothy Duke, Joyce Taylor, Gracie Bell McDonald, and Miss Betty Mills.

Decorations in the party rooms were in orchid and yellow. Mrs. Joyce Taylor secured names for the guest book which was hand-painted in a Tea-pot effect.

Entertainment for the evening was provided by Wardie McConnell, who played two piano solos Little Donna Kay McConnell gave two readings, "Mother's Little Helper," and "Moo Cow Moo." Miss Sydney Gamblin presented a lovely gift to Mrs. Garrett in behalf of the group, as she sang, "Now Is The Hour," accompanied by Mrs. Dorothy Duke.

The guest list was made up to include: Grace Hinkle, Janice

Vincent, Floy Holly, Catherine Beckham, Sylvia Lohofener, Betty Evans, Betty Key, Jean Garrett, Mrs. H. R. Garrett, Zella Mills, Aylene Landrum, Delma Lee Edwards, and Mae Welborn. Dainty refreshments of open face sandwiches, orchid and yellow cookies and golden punch were served by the hostesses.

Mrs. A. R. Bunstine Entertains Bible Class Members

Members of the Wesley Bible Class of the First Methodist Church met Thursday March 2 in the home of Mrs. A. R. Bunstine for their regular monthly social meeting. Assisting Mrs. Bunstine were: Mrs. D. M. Morris, circle leader, and Mesdames Minnie Blum, O. E. Melton, and H. W. Prinzing.

Mrs. B. Danforth, vice-president, presided in the absence of Mrs. W. R. Hill, president, who was absent due to illness. A short business session was followed with a lovely devotional by Mrs. Melton on Wanting God. Following a prayer, the group sang, "Blest Be the Tie That Binds."

The meeting was then turned to Mrs. Prinzing, who conducted several interesting games.

Refreshments were served to Mesdames S. S. Reger, F. T. Felty, J. D. Majors, Chas. Hall, W. A. Roberts, D. M. Lowery, Tom Harms, Paul Browning, J. H. Brumley, P. A. Wiggins, Barney Fink, Marshall Young, Jess Ashton, T. H. Minga, B. N. Cauthorn, H. R. Hayes, B. Danforth, J. L. Caffee, J. H. Rigby, Miss Bess McGinnis, and the hostess.

Central Christian Church

Dale M. Harter, Minister

Sunday, March 13th, the Bible School starts at 10:00 A. M. A new class is being organized this Sunday in the Bible school to meet its growing needs. If you are new in the community and are looking for a church and Sunday school home you are cordially invited to come and study and worship here.

The morning worship service is at 11:00 A. M. This Sunday we will be privileged to have Bro. Boyd L. Lammiman from Midwest Christian College as our speaker. With him will come a talent team to bring special music.

The evening service is at 7:00 P. M. The evening service is devoted to the use of the Bible, so come and bring your Bibles. Wednesday, March 16th, the women of the church will hold their regular monthly social at the parsonage at 7:30 P. M. Mrs. D. F. Douglas is in charge of the program, and Mrs. Harter is the hostess. All members are urged to attend, guests are welcome. Mrs. D. D. Vaughn will give the devotional.

Aid To the Stricken

Hungry tornado victims and rescue workers get food from the serving shelf of an American Red Cross mobile canteen unit. Red Cross canteen service last year fed 2,320,231 persons.

Evening Service, 7:30
Wednesday Choir Practice, 7:00 p. m.

The week of March 13-20 has been designated by the Methodist Church as the Week of Dedication. All of our people have been asked to enter into a covenant to read the Bible and pray daily for God's blessings upon the Week of Dedication and to dedicate themselves, their service, and their substance toward achieving under God's leadership, the objectives of The Advance for Christ and His Church. Come to church Sunday. You need the church. The church needs you.

T. Herbert Minga.

Card of Thanks

We wish to express with grateful appreciation, our thanks to our many friends and neighbors for their thoughtfulness to us at the time of our sorrow. Your flowers, cards and expressions of sympathy will always be remembered. Especially do we wish to thank Rev. T. Herbert Minga, for his words of consolation. The family of Bill Ferrell. 33-1tp.

Mr. and Mrs. Bert Lepley spent the week-end in Glade-water.

Camp Fire Girls Will Observe Birthday Sunday

In observance of Camp Fire Girls Birthday week beginning Sunday, March 13, all Burkburnett Camp Fire Girls will attend the services at the First Baptist Church.

The services will begin at 10:50 a. m., and a section will be reserved for the uniformed girls.

Rebekah News

The Rebekahs met in regular session Monday night, March 7 with Nellie Pearl Rowe, N. G.; Ethel Wofford, vice-grand; and Bertha Lynch, Secy. Gertrude Holmes used pink carnations to decorate the hall.

After a brief business session, Lodge No. 236 from Wichita Falls was introduced and welcomed. They displayed some very beautiful initiatory work. Many words of appreciation were expressed to the visiting lodge, who gave thanks to the local Lodge for inviting them.

Deputy Edna Peed, in her most lovely manner presented Mary Cecil with a 25 year Jewel for 25 years of membership. Mrs. Cecil expressed her appreciation and thanked members of the lodge for the jewel.

Lovely refreshments were served by Sybil Stubblefield and her committee, Anna Mae Stubblefield, Agnes Boyd and Lula Mae Wigham, to the following: Mae Martin, Ollie Martin, Edna Peed, Julia Roderick, Elizabeth Gragg, Ethel Wofford, Frances Smith, Bertha Lynch, Nellie P. Rowe, Bertha Wood, Mary Cecil, Gertrude Holmes, Agnes Boyd, Minnie McCullough, Mattie Meyer, J. H. Cecil, O. B. Wofford, Mike Begun, O. A. Meyer, and 26 members of the visiting Wichita Falls Lodge.

Mrs. C. C. Gilbert, Owner

Mr. and Mrs. A. V. Frye of Oklahoma City visited Mr. Frye's parents, Mr. and Mrs. A. A. Frye over the week-end. Mr. A. A. Frye has been in poor health for several weeks but says he is feeling some better, tho not as well as he would like.

Mrs. Nancy Hinkle and her son Don of Texhoma, Texas has been a guest of Mr. and Mrs. Bob Hinkle this week. While here she visited with brothers Robert Dunn and Mrs. Dunn at Walters and Jobbie and wife at Burk.

Mrs. Bob Hinkle honored her granddaughter, Sandra Nelson, with a birthday dinner Sunday, March 6th at the Hinkle home. All the other Hinkle grandchildren enjoyed the party with Sandra.

The Devol basket ball girls and boys were honored with a party Thursday evening in the home of a former teacher, Mrs. Naomi Whitten Homovich, of Walters, Oklahoma. Those in attendance were Misses Nalda Loftin, Glenda Cornstubble, Avis Wood, Betty McCaslin, Vanita Uthe, Gladys Wilkerson, and Rex and Tommy Frye, Harold Barrett, J. T. Williams, Andy McCaslin, Everett Dean Hawhee, Dahl Usher, Eugene McCaslin, John Nalls and Mr. and Mrs. Clayton Landis and son.

Mr. J. B. Stevens was honored at a birthday party in the home of his daughter, Mrs. W. H. Miller and Mr. Miller in Grandfield last Sunday, the occasion being his 71st birthday. Assembled were Mr. and Mrs. J. B. Stevens and their children and families: Mr. and Mrs. A. L. Stevens and their daughter, Drumwright, Okla.; Mr. and Mrs. Paul Stevens and Paula of Burkburnett; Mr. and Mrs. Buford and 3 daughters and Mr. and Mrs. L. B. Eubanks and daughter, all of Walters, Okla.

Mrs. J. L. Murraback of Corpus Christi is here to be with her sister, Mrs. Frank Brown of Grandfield during the illness of Mrs. Brown's little sons. Jackie is a patient at the Wichita Falls hospital ill with pneumonia while little Billie is confined to his home with a case of measles. Mrs. Murraback is a daughter of Mr. and Mrs. Wm. Tarrant and will spend some time in their home while here. While Jackie has been very ill, he is reported improving.

Mr. Harve Hinkle has been suffering the past two weeks with a lame shoulder. He is under treatment of Dr. Fuqua for neuritis. His condition is considered very serious.

Friends of Mrs. Anna Hall wishing news of Mrs. Hall: she is a patient in the Bethania Hospital at this time. Wishing to get in touch with her, just address the hospital.

Mr. A. L. Mayes was moved to the Clinton hospital, address box 131, last Thursday. Mrs. Mayes accompanied him and will remain in Clinton a few months.

Francyne McClendon who has been ill with pneumonia, is improved and able to be about the house.

Mrs. T. C. Dillow became quite ill Monday morning and went to the Grandfield hospital where she received treatment for a stomach condition.

Miss Dolly Faye Hardin is on the sick list suffering with a serious throat ailment.

Mr. Will Wood is a patient at Catholic hospital, Wichita Falls. He underwent an operation Tuesday of last week and is improving so well he expects to be home some day this week.

R. W. Davidson who is ill with Bright's disease, is reported slightly improved.

Miss Odessa Uthe, daughter of Mr. and Mrs. Floyd Uthe, who underwent an operation 2 weeks ago, returned to school this week.

Mr. and Mrs. Tom Carter are the proud grandparents of a grandson born Feb. 28th at Duncan, Okla. At birth the boy weighed 17 1-2 pounds. Parents are Mr. and Mrs. Allen Carter. Baby given name Jimmie Ray.

T-B Clinic Set for Cotton Co.
 A T-B nursing program and chest X-ray clinic will be conducted in the county in March. Scheduled to begin early in March, the program will include home visiting to all known cases of tuberculosis and families. And there will be a chest X-ray for those in need of this service. At this time this is a service for the known case and his contacts, and any who have symptoms of tuberculosis. Anyone interested get in touch with your local committee. Personnel of the clinic are Mrs. Georgia Stevens, R. N., and Mrs. Longville of Walters. Local committee for Devol, Mrs. Gill, Mrs. Stofor and Supt. Campbell.

Club Meeting
 The Devol Demonstration club met in regular session, Tuesday, March 8th. In absence of the president and vice-president, Mrs. Willie Cozby presided. After a business session, in which it was voted to hold a club birthday party for the community at the city hall, March 24. An interesting program "Around the World in Fashion," was given by the members. It proved very instructive and interesting. Mrs. H. B. Boston, the hostess for the day, served delicious refreshments to Mesdames Cozby, John Coker, Wm. Tarrant, J. W. Hale, E. Watson, Joe Reed, C. O. Woodley, Wes Wood, A. G. Wallace, Lena Landers and Mrs. O. Stofor. Mrs. Boston was assisted in hostess duties by her daughters, Mrs. Jane Collier and Mrs. Roy Shelton, who visited our club with the hostess. Other visitors were Phyllis Shelton, Kay Bridges and Shirley King. Next regular meeting is on March 21, Monday, account of Federation meeting coming on following Tuesday.

Antique Furniture Used In "Sainted Sisters" At Palace

A houseful of irreplaceable furniture that would make any antique collector drool with envy is featured prominently in Paramount's comedy hit, "The Sainted Sisters," showing Tuesday at the Palace Theatre with co-stars Veronica Lake, Joan Caulfield and Barry Fitzgerald. Amassed through the years by the studio's set decorating department, the almost priceless furniture is used to decorate the small New England village home of Fitzgerald in which the unsaintly sisters, Veronica and Joan, take refuge from a storm. The most valuable piece is an early American pegged maple bed, recently found in a small eastern community on an antique prowl by studio experts and believed to have been made as long ago as 1760. Other collector's items include a solid Rosewood poster bed, an ancient foot-pedal organ and an early Victorian whatnot.

NOTICE SCOUTERS
 There will be a meeting of Town Committees, Scout Masters and all adults connected with Scouting at the First Baptist Church Friday at 7:30 p. m. Your presence is expected.

Bluebonnet Club Met Last Tuesday

Members of the Bluebonnet Garden Club met Tuesday March 1, in the home of Mrs. Mary Ella Goins with Mrs. Emily Houser and Mrs. Elsie Crosley co-hostesses.

A business session was held with the vice-president, Mrs. Grace Brookshier, presiding, and roll-call was answered with, "Plants I have learned to know." Mrs. Hattie Burns, program leader, presented the guest speaker, Mr. J. V. Brookshear, who gave a very interesting talk on planting and growing iris, gladiolus, and other bulbs. Delicious refreshments were served to three guests, Mrs. Chas. Morgan, Mrs. Schoch, and Mr. Brookshear, and the follow-

ing members: Mesdames Lou Ethel Boyd, Julia Boyd, Grace Brookshier, Hattie Burns, Zula Clark, Loretta Hunt, Florence Jeffers, Bertha Johnson, Gloverine James, Forest Lowery, Virgie Reeves, Maude Teal, Ada Westbrook, and the three hostesses.

TWO TO ONE

Builders inform us that the "ranch type" or one-story house is the most popular, today. Womenfolk are tired of climbing up and down stairs, and you can't blame them. But, at the same time, comes news about the newest model of trailer which is a two story movable house. For a mere \$7,500 you can have three bedrooms upstairs, a living room, kitchen and full sized bathroom with tub on the first floor. And they used to be called tin-cans. Vagabonding comes high these days. There is the trailer with a dog house, a transparent plastic dome in the living room, a bar, a bedroom with full-size twin beds and all available for a paltry \$12,500. Who said tin-can.

Not only have the trailer models changed through the years, so has the type of folks who live in them. There is great pleasure derived from vacationing in a trailer, say the many. And if you don't believe this—ask the man who owns one.

SPRING FLOODS

Spring brings the annual loss in property and lives caused by floods. Although the U. S. has battled, through flood control programs, to lessen the cost, the prediction is for heavy flood damage this year, especially where the winter has been the most severe in history—our great west. Federal and private means have tried to hold the Mississippi in bounds, but comes spring and cities, farms and people suffer from the break-up of ice in the tributaries that swell this old man river. Dams, levees, flood walls, channel diversion, all have been used to save billions of dollars a year from floods, they still cost this nation at least a billion every year.

We had 52 dams and reservoirs, 153 local projects, operating by June, 1947, Congress passed a 10-year flood

control program, with an appropriation of \$300 million for work ending June 1948. To take further steps for safety measures, engineers feel it would take 10 years of work and \$10 to \$20 billion.

Spring songs of rippling streams and babbling brooks may sound sweet to the ear, but swollen, flooded rivers that gush and rush and pound in suppressed fury, strike a false note in the spring symphony.

CHICK CHATS Notice of Election

By Clark Gresham

NEW SULFA DRUG VS. COCCIDIOSIS

A new sulfonamide that is effective in preventing and controlling outbreaks of cecal, coccidiosis in chickens has been announced. This drug is sulfaquinoxaline, which belongs to a large family of drugs, each with a slightly different make-up and, therefore, somewhat different results.

Sulfaquinoxaline has been widely tested at poultry experimental farms and its effects on disease conditions such as coccidiosis and fowl cholera have been noted. It is reported to be highly effective on both the cecal and intestinal forms of coccidiosis, as well as on fowl cholera. There may be other diseases—conditions which will yield to this drug in the future.

An outstanding feature of sulfaquinoxaline is its preventative ability against coccidiosis. When given constantly in the feed or water of chicks during the first few weeks, this drug succeeded in preventing most Eimeria tenella infections. Eimeria tenella is the organism that causes cecal coccidiosis.

When used to prevent coccidiosis, sulfaquinoxaline is administered at very low dosage—0.0125 per cent in the feed or water. As mentioned above, this dosage was constant every day through the first few weeks.

Sulfaquinoxaline is also used at a higher concentration on an intermittent schedule of medication to control outbreaks of cecal coccidiosis in chickens. For this purpose, it is given at a 0.1 per cent concentration in the feed or water for 2 days, followed by 3 days off medication, 2 days on, etc. This treatment usually controls outbreaks promptly and is not unduly expensive.

All in all, sulfaquinoxaline appears to be one of the most potent drug-aids in the war on poultry disease.

Mr. and Mrs. Guy Reagan and Jeanette of Seymour have been visiting Mrs. Opal Wallace and family.

Mr. and Mrs. L. V. Tyra and children of Orange, Texas, arrived Monday for a visit with relatives and friends.

MRS. PAUL BROWNING ENTERTAINS GARDEN CLUB MEMBERS

The Burkburnett Garden Club held its February meeting at the home of Mrs. Paul Browning with Mrs. Dick Hall as co-hostess.

The president, Mrs. J. C. Adams presided during the business session. She appointed the following committees for the next year: Yearbook—Mesdames Morrison, Pogue and Melton. Telephone—Mesdames Dodson, and Willingham. Publicity—Mrs. Joe Majors. Finance—Mesdames Bear and Harwell.

Mrs. M. W. Majors, a charter member, was made a life member of the club.

Announcement was made of the flower show to be held in Dallas, March 8, 9, and 10 of March.

Mrs. Melton was leader and presented a program on bulbs. Roll call was answered with "My Favorite Bulb". Mrs. Reagan read a paper prepared by Mrs. Wiggins on Planting technique of Bulbs. Mrs. Pilkerton told about Blooming Bulbs for the Window Boxes. The club snoopers' report was given by Mrs. Joe Majors.

During the social hour lovely refreshments were served to one visitor, Mrs. Charles Hall, and to the following members: Mesdames J. C. Adams, J. V. Brookshear, Paul Browning, J. L. Caffee, B. N. Cauthorn, I. E. Harwell, Dick Hall, J. D. Majors, M. W. Majors, O. E. Melton, C. J. Morrison, J. M. Pogue, F. L. Pilkerton, Ross Reagan.

Mrs. Leo Dudley left Tuesday for a visit in Tulsa, Okla.

Notice of Election

It is hereby ordered by the board of commissioners of the City of Burkburnett, Texas, that the regular election provided for by Statute and by the City Charter of the City of Burkburnett, Texas, on the 1st Tuesday in April 1949, same being the 5th day of April 1949 A. D., for the purpose of electing the following officers: 2 Commissioners.

The said election shall be held in the City Hall in the said City and Walter Roberts is hereby made presiding judge of said election and said election shall be held in accordance with the General Election Laws of the State of Texas.

It is further ordered that a copy of this order shall be published in the Burkburnett Star

full thirty (30) days prior to the date of election and the same shall be sufficient notice and a copy of same issued to the presiding officer above named is hereby made and shall be sufficient writ of election.

Passed and approved this the 3rd day of March 1949.

P. A. Wiggins, Sec'y.
R. O. Brookshire, Mayor.

SOIL CONSERVATION NEWS

Approximately 2 miles of terraces were run this week on District Supervisor's farm, H. J. Flusche, located north of Pumpkin Center.

Now is the time of the year to start planting clover and grass pastures on irrigated land, providing the land has been properly leveled and bordered. Several farmers are planting a Johnson grass and Madrid clover mix, others are planting cool weather grasses of Perennial rye, Brom, and Crested wheat with clover or alfalfa mix. For best results on irrigated pastures, the pasture should be fenced into three (3) fields, one watering, one drying, and one grazing. Some Cooperators of the Soil Conservation District who are planting grasses and clover are Don Roberts, Carl Williamson, Johnny Williamson, Roy Thompson, Ray Underwood, and Ben Richards.

Borders have been run this week on 7 acres of irrigated farm of L. J. Lane in the Government Colony. Since the first of the year 32 acres have been leveled and bordered. All of this land will be planted to alfalfa, clover and grasses for hay and pasture this fall. He intends to follow a strictly livestock program.

Cooperators who are planning to level and border land as soon

as weather conditions permit are: Roy Thompson, Ray Underwood, Travis Smith, Phillips Cunningham, Ben Richards, William T. Ryan and Bill Overby.

A diversion terrace 800 feet long was run this week on the Mrs. P. C. Chenault farm in the North Burkburnett Conservation Group. The tenant on this farm is J. A. Nelson. Personnel of the Soil Conservation Service run the line.

Mr. and Mrs. Leo Dudley of Burkburnett have just returned from Ft. Worth, where they attended a conference of several hundred Purina feed dealers. Feed dealers from Texas and Oklahoma were present at the conference where they were told of the newest developments and

trends in the feed industry and new ideas in scientific farm management.
