## L. D. Holman Presented Shotgun

L. D. Holman, parts manager at the Acme Chevrolet Company, is the proud possessor of a new Remington automatic shotgun.

In a meeting recently at Dallas, Chevrolet parts managers met for a convention, to review work of the past year and to award prizes for accomplishments. At this gathering L. D. came in for a Lion's share of awards. He received a wrist watch, Automatic shotgun and an all-expense trip to another parts managers' meeting in the amount of \$250.00. Not bad for an enterprising young business man, considering his competition. He was up against fellows from Wichita Falls, Fort Worth, Dallas, and other large dealerships.

## Palace Cafe to Have Formal Opening Monday, 6 to 9 p. m.

Monday, May 16th, Clyde (Huck) McDonnell will hold formal opening of his Palace Cafe. For the past several days the place of business has been closed, while extensive repairs and redecorating work was done.

Monday from 6 P. M. to 9 P. M., free coffee and do-nuts will be on the house for all visitors. Entertainment will be furnished.

Clyde is no new comer in the cafe business in Burkburnett. For the past three of four years he and his brother Henry have operated the Palace Cafe. (Huck) was chief cook for a group of officers while he served in the Army during the last war.

Friends of the cafe are invited to return to their favorite eating place.

## Mrs. E. L. Blum Became U. S. Citizen At Lubbock, May 3

On May 3rd, five persons became citizens of the United States in the Lubbock district of Federal Court. With a solemn oath of Allegiance they stepped across the threshold from alien-ship to citizenship. Two were former citizens of Canada, and one each came from France, Italy and England. All are now Texans as well as Americans.

One of the five persons is well known in Burkburnett. She is Bernadette Georgette Blum, wife of E. L. Blum, who is attending Texas Tech. at Lubbock. Mrs. Blum, war bride, comes from France. The petite blonde, arrived in this country in October, 1946. As she took the Oath, her husband stood behind her, holding their month old son.

J. V. Landers was the honoree at a surprise birthday party Tuesday night arranged by his mother, Mrs. Alvin Landers at their home east of town. J. V., 15 years old, was the recipient of many gifts appropriate to a boy's needs. Refreshments of ice cream and cake were served to 27 guests.

## Fashion Cleaners Open for Business

The new, modern Fashion Cleaners, located across from the Burk Star, is now open for business. Floyd Lawler, owner and operator completed the installation of his equipment the first of the week, and is now able to offer the best in quality cleaning, pressing and alterations.

Floyd, a home town boy, received his education here, graduating from the Burkburnett High school. Experienced in the cleaning profession, Lawler has been associated with the Wichita Cleaners and with the Wichita Laundry and Dry Cleaners. For the past year he owned and operated the Grant Street Cleaners in Wichita Falls. All work is guaranteed, and he invites his friends to come by and inspect his modern plant.

## Blondie's Big Deal She's Up in Air Palace Fri-Sat.

Although Penny Singleton is one of Hollywood's biggest actresses, what with her "Blondie" series for Columbia Pictures of which "Blondie's Big Deal," at the Palace Theatre Friday and Saturday, is the latest, her "Blondie" series on the radio, and her two children, she has learned how to fly. With her own plane, she takes her family on week end jaunts to distant California points.

A trip to the home of Mr. and Mrs. Monroe Prinzing on Avenue C is an inspiration to all lovers of beautiful flowers. This week some sixty rose bushes were in full bloom. They have more than 96 bushes in all. Every kind of rose imaginable is represented. Some blooms are larger than saucers. Mr. Prinzing enjoys working with his yard, and many times after dark he may be found working by aid of electric lights.

Bennie Hardin and Mrs. Hardin of Dallas, who are now on their vacation. Mrs. Hardin is a daughter of Mr. and Mrs. Paul Stevens of Burkburnett.

Messrs E. Watson and Harve Hinkle returned last week from Mineral Wells, Texas, where each had been under treatment for rheumatism. Both are feeling much better.

Mrs. Anna Glidewell, who returned home from the hospital last week is still improving.

Mr. and Mrs. Horace Hinkle and Don of Texhoma, Okla., spent the week end in the Bob Hinkle home. After attending Sunday School at the Burkburnett Baptist church, all went to the J. C. Hinkle home for dinner.

Mesdames Bob Hinkle, K. B. J. N. Loftin and Miss Nalda Loftin were Wichita Falls shoppers, Uthe, E. Watson, Bill Williams, pers Tuesday.

## Burkburnett Star Gets Results From Far Away Places

Sending out the Burk Star every week to persons on our regular mailing list, isn't the only way the Star gets into circulation. This fact was brought to our attention this week by Geo. McClarty, who showed us a letter he received from a former resident, Mrs. Orval Enlow, Jr., who now lives in Indianapolis, Ind. It seems that recently George had mailed Mrs. Enlow some merchandise from the Corner Drug Store, and by chance or on purpose, wrapped said merchandise in a Burk Star. The letter received by Geo. read in part: "By the way, we sure did enjoy the Burkburnett Star that the things were wrapped in. We even sent it on to Pennsylvania to some friends of ours who had lived in Burkburnett when we did."

The White Elephant Sale ad which appeared in the Star a week ago, also brought results from one of our regular subscribers. Mr. McClarty received a letter from Connie Evert Ramming of Buffalo, New York, enclosing 25c and requesting that one of the surprise packages be mailed her. Mrs. Ramming wrote, "Even though I am quite a distance from Burk now, I am an ardent reader of the Burk Star. I wouldn't miss a word, even the ads. And so, that explains my knowledge of the Corner Drug Store's White Elephant Sale that is now in progress."

## Engaged Couple Inspiration For Informal Dinner

Miss Mamie Browning and her fiancée, Jame Lewis Mason of Jasper, Ala., were named honor guests for an informal dinner party given Friday evening in the Gamblin home on first street. Hostesses for the affair were Mesdames Jack Northcott, Bill Vincent, Bill Short, Charles Pharris, Curtis Smith and Miss Donna Browning.

Tables of miscellaneous games were enjoyed throughout the evening after which a lovely refreshment plate was served. Bouquets of the bride's chosen pastel colors were used throughout the party rooms.

In addition to the honor guests, those present were: Messrs. and Mesdames Vernon Duke, Curtis Smith, Wylie Browning, Bill Short, Bill Vincent, Jack Northcott; Misses Donna Browning, Corrie Stewart, Katherine Beckham, and Christine Suttles, Mesdames H. M. Smith, Arnold Courington, of Jasper, Ala., and Mrs. Sid Gamblin.

Floyd Gladden and son Richard of Cortez, Colo., are here visiting in the Frank Gladden and C. C. Gilbert homes. Mr. Gladden underwent an eye operation while here.

Hawhee at Electra, Texas, by Mr. and Mrs. C. C. Hawhee and Everett Dean, Mr. and Mrs. Chester Hawhee and son, Ray; Mr. and Mrs. Jack McCaslin and children, Andy, Betty and Don.

Mothers Day guests in the Ridley home were Mr. and Mrs. Raymond Smart and Chas. Day of Carnegie, Okla., and Mr. and Mrs. Crawford of Custer City, Oklahoma.

The club ladies food sale at Grandfield Friday was a success for the club. All were well pleased with the results and wish to thank everyone who assisted in any way.

The Devol Club met Tuesday with ten members and one visitor present. Mrs. Coker and Mrs. McClendon reported on the attendance at the Federation meeting at Union Valley last week. The Federated clubs of Cotton County purchased a public address system for the county meetings. The theme of the program was Friendship. Members of the Devol club who are members of the Cotton Co. Choral Club are Mesdames John Coker, W. H. Stevens and C. O. Woodley. All expect to attend the Round-up at Stillwater in August.

## New Buildings In Various Stages Of Completion

New buildings in town are in various stages of completion. Rainy weather has delayed operations in some instances.

Three new residences at the Rose Lawn-Wichita Highway intersection are possibly 75 per cent complete.

The Eastman house in Rose Lawn is just about ready. The new home of Mr. and Mrs. Louis Littlefair in Rose Lawn is coming along about on schedule.

Sam Lax home on Corner of Avenue D and 1st St. is progressing at a rapid clip.

The Clarksons apartments on East Fourth Street will no doubt be ready before too much longer.

Mills and Fleming building on Main and Avenue B received windows last week and will be finished soon.

## Sat., May 21st Last Day of Free Trash Removal

The calls coming into the City Hall reporting trash to be picked up during the clean-up campaign is gratifying, reports City Manager P. A. Wiggins.

Saturday, May 21, is the last day trash will be picked up and hauled away free. That is the last day the City will offer its free service to those who call the City Hall.

City trash trucks will pick up all the trash they can get to before the deadline. If your call comes in late and the trucks are snowed under, you must make your own arrangements for removal of trash from the clean-up campaign.

Many, many truck loads of rubbish have been hauled off in the last two weeks. There is still much work to be done to make Burkburnett as clean and attractive as it should be.

If you haven't finished with your clean-up, do so as quickly as possible.

Remember, no free pick-up after May 21st.

## Lutheran Society Holds Meeting

Members of the Grace Lutheran Missionary Society met in the home of Mrs. Clarence Schroeder for their regular monthly meeting.

The meeting opened with the singing of the hymn, "Take My Life and Let It Be." The presiding officer, Mrs. Nellie Schroeder, led in prayer.

The committee for furnishing the kitchen of the new church are to purchase the articles and floor covering as it is finished. Each lady is making three cup towels for the kitchen. We were all urged to make a special effort to attend church to hear the guest speakers on Sunday night.

In the absence of Mrs. Loy Nichols, program chairman, Mrs. A. A. Evert introduced Mrs. Paul Schroeder who gave a paper on, You Are Not Your Own, which was very interesting. Mrs. Fred Minick gave a short reading on "Pardon" from the book, What Jesus Means to Me.

The next meeting will be held in the Parish Hall of the church with Miss Clara Schultz as hostess. Refreshments were served to two visitors and fourteen members.

## Soft Ball Game Here Sat. Night

Saturday night at 8:30 a team of Burk All-Stars will meet one from Easter Motors, Wichita Falls, on the local diamond.

Myron Pauly will probably start on the mound for Burk.

## NOT A SURPRISE

Perhaps not surprising but at least embarrassing. The former director of Ohio State University's marriage counseling clinic, was sued for divorce by his wife. It may be that domestic relation counsel is more easily given and understood by students than by wives. The director's spouse charged neglect and it would seem that the counselor was so busy getting facts ready for the classroom that he overlooked his living room. Of course the director can always say, in regard to his marital mismanagement, "Not as I do, but as I say do."

### How Would You Say It?

Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me." "You mean sack of cement?" asks Curley. (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South, "He means a 'poke of see-ment.'"

It was good for a chuckle, anyway. Bag, sack or poke—we knew

what he was trying to say. It just depends on where you are in the U. S., which way sounds right.

From where I sit, whenever we criticize someone for sounding funny to us, we ought to think how we sound to them. It's the same as choosing your liquid refreshment. I'm accustomed to a moderate glass of beer—you may like ginger ale—but who's to say the other's wrong? I'd say we're both right!

## A DELICATE SUBJECT

With apologies to Burk Burnett women for any stepping upon local toes, we report of reading that American women have the biggest feet of all the women in the world. Men never have been able to understand why the ladies, as a general rule, are ashamed of having to wear a larger sized shoe. One might think, from their attitude, that small feet bear the stamp of aristocracy, are something to brag about. We notice that men around here don't pay as much attention to the size shoes his women folk wear, as to the price mark. It is our opinion that as long as a woman can carry her own weight and that gracefully, a man doesn't care about the length of her feet.

## A FILM OF SOIL

Only a foolish man climbs out on a limb and then sees it off. We are warned that as far as natural resources go, this country is climbing slowly out on a limb and some folks are looking for a saw.

As you dig the flower beds, the garden, the field, you consider the soil as deep. Soil is really a film, a coating that averages six inches depth on the earth's surface. America was fortunate, in the beginning, for she had nine inches of top soil. Since then she has lost one-third of this and those three inches once gone can't be recovered. Lives depend upon the remaining six inches and if it continues to wash and blow away, without taking steps to preserve it, to produce new soils, then we have severed the limb upon which we sit. Call the tree "liberty" and say that the man who owns that soil can do with it what he wants, but there is surely none in Burk Burnett who would argue against the fact that mankind depends upon that thin surface of soil for his life. Would a farmer reduce man's chances and a nation's chances for survival because "it's a free country" and he doesn't HAVE to use the methods and means offered to save fast eroding soil?

## Burk Burnett . . . History

As revealed by the files of the Star 10

Morris Strong, an employee of the City of Burk Burnett for the past year, left Tuesday night to assume his duties as assistant City Manager of the City of Gainesville.

Ralph Davis, superintendent of the Clara school for a number of years, was elected principal of the Hardin Grade School last Thursday by the Board of Directors.

One of the most interesting programs ever delivered to the Rotary Club was given Tuesday noon by Bill Wood, who has been handicapped by blindness since childhood. He spoke on the development of the Education of the Blind in the United States.

Guy C. Pryor, principal of Burk Burnett High School, and Alfred Pierce, another member of the High School faculty, accompanied a party of High School students to the North Texas Youth conference held in Denton last week.

Mr. and Mrs. W. R. Hill and

Miss Helen Ingle, Lions Club Sweetheart, attended the district convention of Lions at Mineral Wells this week.

### Sylvester Says:

"Here's one reason for over-crowded homes. But don't be kidded. The building industry is taking up the slack between war time population increases and housing needs."

Last year, the greatest in home building world history, the building industry constructed enough homes to house the combined populations of Detroit, Baltimore, Boston, Indianapolis and Atlanta.

If you like to think in terms of wide open spaces, then consider this: you could house the total populations of these 7 mountain states: Montana, Idaho, Wyoming, New Mexico, Arizona, Utah and Nevada in the homes built by private industry during 1948.

### Help for the Boss

Once in awhile, a new chapter is written in the history of labor union activities. Most labor-management difficulties are very old problems that have existed ever since man first hired-out to another; however, a lot of them belong to new situations, and sometimes we have thought they were new because we had not solved them before. But we have paid increasing attention to hours, wages, and working conditions. A new science of industrial relations has grown up, with nearly every company giving time and effort to improve things for the worker.

### One-sided Progress?

In this the unions have helped, for unions in fact exist for the main purpose of looking out for their own. Now, if we have reached the place where union members can see things they can do in turn for their employers, have we not reached an important milestone in industrial relations?

Just recently Mr. Walter Cenerazzo, president of the American Watch Workers Union, led members of his union in a project designed to help the Waltham Watch Company. This company, one of three major American watchmakers, had closed its Waltham, Mass., plant December 31 because it could no longer meet interest payments on a debt of some 5 million dollars. In closing, the 96-year-old company had to discharge 2,300 workers.

### What Workers Did

Mr. Cenerazzo, having an unusual grasp of the many problems that labor has to face these days, determined to do something. "If a company is worth working for and drawing a livelihood from, it's worth putting your money into to furnish the working capital to make it a success," he told union members in a mass meeting. Then Mr. Cenerazzo and Waltham employees undertook to see what they could do about it.

Right away, 820 union members pledged themselves to subscribe \$318,000 in equity financing. More than \$40,000 was put up in cash. One employee with 45 years service pledged \$5,000. A stock-buying plan for employees was set up, permitting purchases of stock on a time-payment basis. "We expect to raise more than \$1,250,000 by this method, or about \$500 for each employee," said Mr. Cenerazzo.

### Common Problems

This is the story of a company up against trouble. It is also a story of employee integrity, courage, and determination. I hope these workers succeed in saving their company. In this story, the theme of labor-management relations has indeed taken a new twist. The workers of Waltham have understood the desperate need of industry for capital. "Twice the working capital is needed now as in 1940, because of increased costs," Mr. Cenerazzo told workers.

This milestone in industrial relations proves that labor unions can see that industry's problems are their problems also. You may call it just good sense—seeing the other fellow's difficulty and helping him out of it. Another name for it is the Golden Rule.

Have you heard Dr. Benson and the radio drama "Land of the Free"? Check your local station for time.

Mr. and Mrs. O. M. Hounshell of Andrews, Texas, spent the week end in the home of her mother, Mrs. H. R. Garrett. Guests of Mrs. Garrett for dinner Sunday were: Mr. and Mrs. Virgil Miller and children, Jimmy and Glenda Jean of Holliday and Mr. and Mrs. Levi Garrett and son, Charles Glen of Burk Burnett.

Mr. and Mrs. G. C. Rankin spent the week end in Glade-water visiting Mr. and Mrs. James Tallant.

Mr. and Mrs. C. R. Gentry of Columbus, Ohio, are visiting this week with Mr. Gentry's mother, Mrs. J. H. Shaffer.

**Miss Mamie Lenora Browning and Sgt. James Mason Recite Wedding Vows**

Miss Mamie Lenora Browning, daughter of Mr. and Mrs. William Wylie Browning, became the bride of Sgt. James Lewis Mason, son of Mrs. H. M. Smith of Jasper, Alabama, in a double ring wedding ceremony performed at 4 o'clock Sunday afternoon, May 8th, in the auditorium of the First Baptist Church. Rev. T. Lynn Stewart directed the couple in the exchange of their vows.

The bride and groom exchanged their vows at an altar flanked by twin baskets of pink gladioli and white lilies which established the floral theme for other decorations. The wedding achieved added beauty by the illumination of many candles. The choir rail was decked with

massive arrangement of greenery, flanking the central grouping of woodwardia fern. The table behind the satin covered bench on which the couple knelt for the closing prayer held a large arrangement of pink gladioli and white stock flanked by white burning candles in branched holders. The setting was completed on the platform with the addition of an enclosure of white aisle posts linked by white silk rope.

Music for the wedding was provided by Mrs. Bill Vincent, pianist, and Mrs. Willard Mills of Fort Worth, vocalist. The latter sang "One Alone" and "Because", accompanied by Mrs. Vincent who also played the traditional processional, gave a

muted interpretation of "Clair de Lune" during the ceremony, and concluded her offerings with the recessional by Mendelssohn.

The bride, given in marriage by her father, wore a gown of white slipper satin with a yoke of chantilly lace, accented with tiny satin covered buttons down the back. The long molded sleeves were fastened by more of the tiny buttons to extend into points over her hands. The fitted bodice which came to a point in front was accented with a peplum of the chantilly lace which tapered in the back to form a bustle effect. The gown extended into a graceful train and featured a finger-tip veil with a halo of chantilly lace trimmed with white satin cord. Her flowers were fashioned into a handsome colonial bouquet of pink roses, outlined with white maline stephanotis, and satin ribbon.

Mrs. Vernon Duke, attended her sister as Matron of Honor. She wore a dress of pastel green taffeta designed with a fitted bodice draped at the shoulder line with ripples of the taffeta and long taffeta mitts. She wore a sweetheart shaped polk bonnet of sheer net which featured exaggerated back bows of the same net, outlined with tiny pink flowers at the crown. Her flowers were pink carnations arranged in a nosegay with white maline and pink satin ribbon.

Miss Donna Browning, cousin of the bride, Miss Corrie Stewart, and Mrs. Jack Northcott, the bridesmaids, wore duplicate dresses of yellow, orchid and pink taffeta, respectively with harmonizing mitts of taffeta and polk bonnets of maline. The entire group carried nosegays composed of blue daisies, orchid carnations, and yellow iris.

Flower petals were cast in the bride's pathway by little Miss Pamela Sue Duke, niece of the bride. She wore a miniature copy of the other feminine attendants' dresses in pale green taffeta and wore a halo of pink roses as a hair ornament.

Brack Preston, Jr., acted as best man, and other masculine attendants included Bill Browning, brother of the bride, Vernon Duke and W. P. Boydston, Jr. Bill Vincent and Jack Northcott lighted the candles and acted as ushers.

Mrs. Mason is a graduate of Burkburnett High school and attended Hardin College in Wichita Falls. For the past year she has been employed by Civil

Service at Sheppard Air Base in the Air Installations Office. She is Lions Club Sweetheart, director of the First Baptist Youth Choir, and pianist of the First Baptist Church.

The groom attended schools in Jasper, Alabama, and is now stationed at Sheppard Air Base.

**Reception**

The reception which followed the wedding was held at the home of the brides parents at 412 East Fourth street. The receiving line was composed of the mothers of the bride and groom and members of the wedding party.

The refreshment table with its cloth of white handmade, cutwork linen was beautifully decorated with a center arrangement of blue and yellow iris with the punch bowl and wedding cake on each side. The cake was beautifully decorated with yellow buds and pale green garlands and topped with a miniature bride and groom. Presiding at the refreshment table were Misses Katherine Beckham, Christine Suttles, Betty Jewel Mills, and Mrs. Arnold Courington of Jasper, Ala.

A dainty arrangement of yellow roses centered the small register table where Mrs. Bill Short of Norman, Okla., secured signatures for the bride's book. Mrs. Charles Pharris of Littlefield, Texas, presided at the gift display. Other members of the house party included Mesdames Blake Browning, Paul Browning, R. E. Browning, Brack Preston, Sid Gamblin, H. C. Preston, Frank Kelley and Beulah Jackson.

Immediately following the reception, the bride and groom departed for a short honeymoon trip to Dallas and other points of interest in Texas. For travel the bride wore an aqua gabardine suit and pink blouse complimented with matching accessories of pink and white, and a corsage of gardenias. The couple will establish residence in this city upon return from their wedding trip. Music for the reception was furnished by Miss Betty Kuchenbaker of Dallas.

**Rehearsal Party**

Mr. and Mrs. Wylie Browning entertained members of the wedding party immediately following the rehearsal Saturday night with an informal party at their home. The bride's chosen pastel colors were used throughout the house in flower arrangements and other decorations. A lovely refreshment plate was served and gifts were presented to the members of the wedding party after which the bride and groom exchanged their remembrances.

Out of town guests for the wedding included Mesdames H. M. Smith and Arnold Courington of Jasper, Ala., mother and sister of the groom; Mr. and Mrs. Arthur Kuchenbaker, Betty and Arthur Jr., Mrs. E. H.

Mayfield, all of Dallas; Mr. and Mrs. Willard Mills of Ft. Worth; Mr. and Mrs. Charles Pharris of Littlefield; and Mr. and Mrs. Bill Short of Norman, Oklahoma.

M. School of the great number of people of all ages studying the Word of God together. Day School continues with new members are coming Sunday. There is a

class for every age. Our teachers love the Word of God, believe it and teach it. If you are not in Sunday School we give you a most cordial invitation to come with us this Sunday at 9:45 A. M.

10:50 A. M. Morning Worship. Sermon: "No Escape Route" or "A Question No Man Can Answer." Plain Bible preaching. Large crowds are attending this morning worship service.

7:00 P. M. Training Union, with a Union for every age. Here is where Christian people train for more efficient service.

8:00 P. M. Evening Worship. Sermon: "An Advocate With The Father." Young People's Choir will sing. All services are

evangelistic. We pray for the Holy Spirit's leadership in all of them. We are insufficient but God is our sufficiency. We pray to God unceasingly that our services will be such that will be well pleasing to Him.

Wednesday 7:25 P. M. Sunday School officers and teachers meet to study next Sunday's lesson. 8:00 P. M. Hour of Power Service.

Our church bus covers a regular route every Sunday morning and night and Wednesday night. Watch for the blue bus or call the church office for information about the route and schedule. The church nursery is open for all regular services of the church. A capable attendant is in charge. This nursery is strictly sanitary and safe for the baby.

Our summer revival will be held this year June 5-19 with Rev. Louis Wunneburger, state evangelist, doing the preaching.

Sunday, May 15, Bible school at 9:45. Be sure to be present and build your Bible school. There is a class for you. Morning worship at 10:50 A. M. Sermon: "The King and His Kingdom."

Evening service at 7:30 P. M. Come and join in this fine Christian fellowship.

The Central Christian Church rejoices at this time at the completion of a mile stone. The badly needed side walk in front of the church and parsonage has been constructed. Worshipers are glad to know that no longer will they have to wade thru

mud during wet weather. Also it adds much to the appearance of the church grounds.

### Girl Seeks Mate In Cary Grant Chase Palace Sun.- Mon.

A new aspect of the battle between the sexes forms the intriguing theme of Dan Hartman's production, "Every Girl Should Be Married," for RKO Radio.

Starring Cary Grant, Franchot Tone and Diana Lynn and introducing talented Betsy Drake as the impulsive heroine, the romantic comedy is based on the premise that a modern girl should be allowed to campaign for the man she wants instead of sitting around waiting for a proposal.

When she encounters Grant, a prosperous doctor, Miss Drake decides he's just what she's been looking for, and launches a carefully-planned drive to entice him into matrimony. The doctor is amused by her stratagems, and when she sees they aren't working, she tries a new attack which brings about the story's hilarious complications.

Tone, as her employer, and Miss Lynn, as her startled but loyal companion, play important parts in the gay offering in which Alan Mowbray is featured. The Dore Schary presentation was produced, directed and co-written by Hartman from the story by Eleanor Harris.

## The Texas Electric Show of '49 At Boys Club, Wichita Falls, May 16-20

The Texas Electric Show of '49—the fourth annual event of its kind sponsored by the Texas Electric Service Company in Wichita Falls, will have its premier opening at the Boys Club in Wichita Falls at 6 P. M. Monday, May 16.

This year's show is "all new and all different," according to Perry Davis, district manager, who announced that the show will continue through Friday, May 20, on a daily 6 P. M. to 11 P. M. schedule.

The Texas Electric Show of '49, set in a gay carnival atmosphere of big tents, brilliantly colored pennants, bright lights and western music, includes entertainment features as well as displays of everything new in the electric appliance and fixture lines, Davis said.

"Light Sorcery," a popular and widely known show produced by the Lamp Department of

General Electric Company, will be given top billing in this year's show. This feature, which will be staged twice each evening under the "big top" on the grounds of the Boys Club, includes a variety of mystifying and unusual acts made possible by latest developments in the field of electricity.

The tent in which "Light Sorcery" will be staged will have comfortable chairs for 1,000 spectators. This tent, as well as other tents and canopies on the grounds, are flame-proof.

Music will be by Cecil Brower and his popular Western Band. Vocalist is Buster Ferguson, popular entertainer. They will play on a regular schedule each evening.

One feature of this year's show will be a "talking" Reddy Kilowatt six feet tall. This version of Reddy, Davis said, is much improved over the one of last year and will greet children as they arrive at the show.

Popular features of the Farm and Ranch exhibit will include the feeding of a litter of pigs, every hour on the hour, between 6 and 11 P. M. In the past, these "milk bottle" feedings have attracted large crowds of spectators.

Displays and exhibits, set up by local appliance and fixture dealers, will be in the Boys Club auditorium and gymnasium, both of which will be attractively decorated for the event, Davis said.

Two 800,000,000 candle-power searchlights will be in operation on the grounds each night.

### Firemen Cautioned Handling of Broken Fluorescent Tubes

Fire Chief Frank Kelley has received a communication from George C. Hawley, Chief Engineer in the office of Paul H. Brown, Fire Insurance Commissioner at Austin, Texas.

The letter, in part, follows: "As it is not uncommon for firemen at fires to encounter broken or burned out fluorescent lamp tubes it is important that the handling and disposal of these tubes may introduce a health hazard. The following information is digested from a safety bulletin issued by the National Safety Council.

"Possible hazards in order of severity are given as:

1. The dust of beryllium compounds with which the tubes are coated may be inhaled.
2. Cuts or scratches from the broken tubes may retain some of the beryllium compounds.
3. Mercury vapor (tubes contain some free mercury) may be inhaled.

"The bulletin describes special methods that may be employed where large numbers of tubes must be broken and disposed of, but states that smaller users of lamps can place the tubes in a weighted burlap bag, immersed in water in a trough or shallow tank, where they can be broken with a crow-bar or length of pipe. The wet bag unopened is then removed and dumped.

"In the open air where phosphor dust and mercury vapor will be quickly dispersed by air currents, the tubes may be broken individually in their cardboard jackets by a crow-bar or length of pipe. The operator should stand to windward side and wear goggles and heavy canvas or leather gauntlets.

"Disposal in incinerators is not recommended. Although the tubes are under vacuum and implode when broken, once in a while one will explode. In any method of dry breaking or in handling wet broken glass, heavy gauntlets and goggles should be worn.

"It is very important that cuts from the coated glass be seen at once by a physician. Experience has shown that even a small amount of the powder remaining in a minor wound may delay healing and cause excessive growth in the scar."

The W. M. U. of the First Baptist Church met for an all day meeting at the Church Monday for their Royal Service program and business meeting.

Group singing opened the meeting, with Mrs. H. E. Welborn following with prayer. Mrs. O. L. Clark gave the Devotional. Ladies taking part on the program were: Mesdames A. E. Morris, Elvie Welborn, Lee Willis. The program was on Mother and Home. Mrs. C. O. Walling and Mrs. Polson gave a special number accompanied by Mrs. Clark.

Twenty-six members were present for the covered dish luncheon. The business meeting opened with the hymn, Ready, followed with prayer by Mrs. Lohofener. Mrs. Carnes brought the Devotional from Psalms 144 and Titus 2: 11-15. Mrs. A. C. Harris favored with a special song, accompanied by Mrs. W. R. Carswell.

Reports and a short business meeting followed. Mrs. C. B. Beldon dismissed with prayer.

Telephones and telephone cables go together. You talk into the telephone—but it's the cable that carries your voice.

If you are waiting for a telephone you may wonder why we don't connect it to a telephone cable already near your home.

The answer usually is: That cable is carrying a full load right now.

It would be handy if we could hang out an "SRO" sign like a theater—"Standing Room Only"—and connect a lot of extra telephones to these full-up cables.

But cables aren't like that. When they're working 100 per cent—when every wire in them is already connected—there just isn't any more room, standing room or anything else.

So . . . to bring service to you and to others waiting, we must place more cables. That gives us extra wires. Then we can connect new telephones.

That's what we're doing, getting more cables in place, and faster than ever before. A million miles of cable wire this year alone. All so that we can get telephones to those waiting just as soon as we can, and to make all service better than before.

## What Church Should I Join?

There is a popular idea existing today in the trend of thought that at one time a sinner is converted, and some later time he ought to join some church. Let us consider the much-thought-of question: "What Church Should I Join?"

Is it necessary to be a member of any church in order to be saved? Paul declares that Christ is "the Saviour of the body." (Eph. 5:23). But what is the body? It is the church for Christ "is the head of the body, the church" (Eph. 5:23). Therefore, it follows that since Christ is the head of the body, the church, one must be in the church in order to be saved. But among the more than 200 religions in this country of ours, just which one shall we be a member of?

Why not join several churches? Where did man get the idea that he ought to be in just one church? If it is wrong to join one church, why is it not better to join several? There are various clubs and fraternities in which a man may hold membership at the same time. Is it right for a "A" to join a certain church? Would it be right for "B" to belong to another church? "Certainly," most religionists would say. But is it right for C to belong to both churches? Is it pleasing to God for A to preach a certain doctrine that conflicts with both A and B; why would it be right for A to preach all three doctrines? If three different doctrines, many would say that it is pleasing, but if one man should preach them all, the word of God would say that the preacher was a hypocrite or a liar.

It is not man's prerogative to be joining churches. The Bible knows nothing about it. From Genesis 1:1 to Revelation 22:21, the expression "join the church" cannot be found. Those who obey the gospel of Christ, the Lord Jesus Christ, (Acts 2:47). No man has ever joined the church of Jesus Christ. (To be continued).

**SUNDAY**— Bible classes, 9:45 A. M. Believing and knowing that "All scripture is given by the inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works," we invite everyone to attend one of these classes. We have nothing to present for your consideration but the scripture. We will not take your time by trying to teach you the opinions and doctrines of men.

Worship: 10:45 A. M. Our attention for several weeks has been centered upon what the word of God teaches about worship. This coming Lord's day we will meditate upon what He has to say upon the subject of PRAYER.

Young People's classes, 7:00 P. M.  
Evening worship, 8:00 P. M.

Sunday School at ten A. M. with all classes studying Judges, Chapter four, "How Backslidden Israel Has A Revival". The Bible is our only literature, and we study it as it is written—chapter by chapter of each book. Our study now is leading us through some of the Jewish nation's early history in the land of Canaan, and how these things are meant to be applied to our own lives. Jimmy Jaggers, S. S. Supt.

Preaching service at eleven o'clock, with the pastor preaching on this subject, "What Is That In Thy Hand?" This is one of God's questions directed to you personally. Do you have anything in your hand? You might—come and find out.

Young People meet at 7:00 P. M. under the direction of J. M. Bryan. All young people have a warm welcome to these services.

Night preaching service at 7:45, with a good song service. The pastor will speak on this subject, "Are We Living In A Day When Demon Power Is Asserting Itself As In The Days of Christ on Earth—If So, What Does It Mean?" This is an up-to-date message of Bible warning that we would like for you to hear. The spiritual world is being lulled to sleep by modernism, eloquence, story telling, etc., from the pulpit today, and there needs to be a call to awaken to the impending doom and disaster, and a call back to the prophecies of the Word of God and repentance.

A warm welcome awaits you at this old-time missionary Baptist church, that magnifies nothing but the Word of God. Come and see. The gray bus from Calvary Baptist makes regular routes morning and night to bring you to church. Ride it if you need it.

**Nice Crowd Hears Book Review Thurs.**

A large crowd gathered at the Central Christian Church last Thursday night to hear Mrs. R. A. Lincoln, noted book review artist, review Lloyd C. Douglas' best seller, The Big Fisherman.

Ladies from Wichita Falls who attended the review were: Mesdames J. E. Handy, E. W. Corde, L. L. Boardman, W. P. Parker, and C. H. Parker.

## Soil CONSERVATION News

An excellent 32 acre field of alfalfa can be found on the sandy land farm of Jeff Kennedy on Red River in the Cooper Conservation Group. The alfalfa was planted last fall and came up to a very good stand. He spread approximately 300 lbs of 20 per cent phosphate before seeding. One year prior to planting of the alfalfa, hubam clover was planted to increase the nitrogen in the soil before planting the alfalfa. If this field of alfalfa continues to do good Mr. Kennedy intends to increase his acreage this fall.

Approximately 1-2 mile of terraces have been completed on the H. C. Obenhaus farm West of Clara the past week. George Striet, a cooperator of the Wilbarger-Wichita Soil Conservation District is farming this farm. The Soil Conservation Service run the terraces.

Irrigation land is now in process of being leveled and bordered on the C. H. Adams, Travis Smith and W. T. Ryan farms. Level borders are being constructed. Lateral irrigation ditches on these farms are elevated above natural ground. Tile turnouts will be used on these farms. An irrigated farmer cannot increase the fertility of his soil with improper use of water. Over use of water causes loss of plant food by leaching. When land is not properly leveled and bordered the loss of soil

and plant food is present.

District Supervisors T. J. Pace, H. J. Flusche, A. W. Ramming and C. H. Price attended the annual "Save the Soil and Save Texas" banquet at Fort Worth on April 30. Over 700 District Supervisors and other farmers were present. Louis Bromfield was the principal speaker.

Applications for assistance of the Soil Conservation District were received this week on the farms of Mrs. Lottie Purnell 200 acres, H. C. Obenhaus 160 acres, and Louis Bromfield (Wichita Valley Malabar Farm) of 410 acres.

## Mrs. F. E. Downs Is Hostess For Monthly Social

The members of the Gleaners class enjoyed their monthly social April 22 in the home of Mrs. F. E. Downs, who was assisted with hostess duties by Mrs. Ernest Sigmon, Mrs. Kathleen Bowles and Mrs. P. H. Johnson.

Mrs. Johnson opened the meeting with prayer. The president, Mrs. L. H. Gilbert, presided during a brief business session. Mrs. Raymond Teal presented a "Devotional Riddle." Mrs. Herman Miller had charge of the program for the meeting.

Lovely refreshments were served to the following: Mesdames P. H. Johnson, Woodrow Wright, Albert Dowdy, Clovis Netherlain, Fred Hunt, Joyce Baxter, L. D. Holman, Gene Looney, Lula Smith, L. H. Gil-

bert, Lillie Bruce, Pat Thornton, Frank Eidson, Leon Pace, Ernest Sigmon, Kathleen Bowles, Opal Boren, Leona Miller, Avon Frields, Grace McClurkan, B. L. Neal, Raymond Teal, Kenneth Edgley, Glen Lynsky, F. E. Downs and J. D. Grizzle.

Mr. and Mrs. Troy Miller left last week end for Brownwood to attend a family reunion.

# Bigger 3 Ways... DODGE gives you extra value

**WIDER on the inside... NARROWER outside!** There's extra value in the spread-out elbow room of the wide, wide seats. Yet the new Dodge is smaller on the outside... easy to park, easy to garage, easy to thread through crowded traffic.

**LONGER on the inside... SHORTER outside!** The new leg room in Dodge gives extra value in stretch-out comfort. Doors open wide, too... let you get in and out easily without squirming or twisting—and without knocking your hat off, either.

**HIGHER on the inside... LOWER outside!** More head room is another Dodge extra value you'll appreciate. Instead of low, slanting seats that force a cramped position, Dodge knee-level seats are actually higher for relaxing comfort, better vision.

**If you want extra value, you'll want DODGE!** There's extra value in Dodge beauty that flows from true functional styling... in the design that provides more head room, more elbow room, greater vision for all passengers.

There's extra value in Dodge's Get-Away engine with its surging acceleration... its higher compression that squeezes extra miles from every gallon of gas... the smoothness of Dodge All-Fluid Drive at no extra cost.

Yes, you'll want Dodge for the extra value you get all the way from double-life hydraulic brakes and Safety-Rim Wheels, to the luxurious comfort of full-cradled ride and knee-level seats.

Add to these the Dodge reputation for dependability and economy and you'll discover why wise buyers say... "If you want extra value, you'll want Dodge."

## Don't Neglect Dents, Scratches

TWO REASONS why Dents and Scratches should not be neglected:  
1 The natural beauty of your car is destroyed.  
2 Rust immediately attacks unpainted metal surfaces, making the repair job more expensive if delayed.

### CADET HONORED

A citation for outstanding work as a member of the junior class at Texas A. & M. College has been awarded Cadet Clifton O. Smith, Jr. The honor came from the Army Transportation Association for Smith's work in the Transportation Reserve Officers Training Corps. Consideration was given for leadership qualities displayed, academic standing and aptitude for military service. Cadet Smith is the son of Mr. and Mrs. C. O. Smith Sr., Rt. one, Burkburnett, and is majoring in landscape architecture and designing. He is a graduate of Wichita Falls high school and Hardin Junior College. Mr. and Mrs. Smith and Miss Beatrice England were present when the award was made and went on to Houston for a visit with Rev. and Mrs. A. E. Harrison. Bro. Harrison is a former pastor of the local Baptist church.

Charles Reed White, student at N. T. S. C., Denton, spent the week end at home.

Mr. and Mrs. Thomas Day of Klamitt, Oregon, are spending the week with home folks and visiting friends in Burkburnett.

Mr. and Mrs. C. C. Matthews of Fletcher, Oklahoma, visited over the week end in the J. M. Hayworth home. Mrs. Matthews is Mrs. Hayworth's sister.

### Is Bigness Bad?

Many critics of our American system use big business as a special target for their attacks. According to their charges, big business throttles competition, creates monopolies, maltreats labor, and kills small enterprises. Their attitude toward big business represents more than a natural dislike for bigness in business. It also shows their shrewdness in using the propaganda weapon to destroy our system.

If they should succeed in getting public opinion on their side, it soon would be reflected in legislation which could well destroy this segment of our economy, and eventually turn our entire economy into state socialism.

### "Grown Up" Business

Big business is nothing but small business grown up. They grew up because the public allowed them to do so. No business can become big business without public approval. Public approval cannot be bought. It is earned through the hard-work process of competing against scores of other companies and giving John Q. Public a better washing machine, dress, or automobile for his money. As demand for a product grows, facilities must be increased to meet that demand. A business grows as the public, with its buying, dictates.

### Good Dividends

As business grows, it becomes more efficient and makes possible real savings to the public. Our \$1,500 mass produced automobile would cost \$50,000 if built with the tools of 1900. Mass purchasing, production and distribution result in economies impossible to small business. Larger investment provides also the necessary extensive research demanded by keen competition.

This huge investment pays dividends to workers, too. Labor-saving tools multiply the productive capacity of the worker and ease the load from his back. This greater production allows him higher pay and shorter hours and puts him in a class far above workmen of any other nation.

### Bad for Whom?

Small business has fared well in this progress story. You see, big business has created thousands of enterprises that owe their existence to its production. Without the huge output provided by the automotive industry, the average city would be without its many accessory stores, radiator shops, repair shops, filling stations, parking lots, and garages. Far from being exterminated, small business continues to develop.

Big business has made a striking contribution to our nation's prosperity and progress. As long as it is operated by human beings, there will be occasions for justifiable criticism. However, minor criticisms must not be allowed to destroy the true importance of big business to a growing nation. It is essential to a continued dynamic economy. The public, having created big business, will further prosper by its continuance.
