Business Houses To Close For Game Friday Night Band and Pep Squad Rally Downtown At 6 p. m

JIMMY HARRIS

Jimmy Harris is another Bulldog who will be carrying a big load Friday night. The Coach is expecting him to shine on offense.

TEX MANEY

Maney, who has had a lot of good foot play this year, will be expected to fill a gap opened by Edward Short, who is out with a knee injury. Tex Short says, will take care of the defense.

Burk Tramples Seymour 44 - 0

From the standpoint of the spectators, the game here last Friday night was a thrilling one to watch. The Bulldogs did all that any fan could expect. Seymour was a more or less feared opponent and the fact that the local boys handed them a 44 to 0 defeat does not mean the game was one-sided on the playing field.

On the opening kick-off, Boyd took the ball on his own 44 yd. line and raced upfield to Seymour's 29. Crane raced off 10 yards, Counter 4, and then Crane went over for the counter. Kick for extra point.

Shortly after the first touchdown, as Burkburnett fans screamed for a more substantial lead, Johnnie Crane took a punt on his own 20 and raced up the middle of the field for another touchdown. This time Charles Wayne Counter made the kick good for extra point and Burk had an early lead of 13 to 0.

Still in the first quarter, Burk recovered a Seymour fumble on the latter's 23 yard line and on the first play, Crane galloped for his third score. Again the kick by Counter was good and the tally was 20 to 0.

As the second quarter opened the Panthers from out Seymour way were still fighting, but they got in trouble and had to punt. It was taken back for a short gain and grounded on the 50. Counter made 14, Crane rattled off 18, Counter picked up 9 to the 9 yard stripe, then little Peanut Boyd rammed over for the score. 26 to 0.

Victory was in sight, but not cinched. The alert Burk boys recovered another fumble on the Seymour 32 and they were on the march again toward pay dirt. Draper scampered for 25 yards to the 7 and Lee Keen covered the final distance across the goal line. The score was 32 to 0 as the half ended.

As they came out for the final two periods of play, perhaps the Panthers were just a bit too anxious; anyway they made another fumble on their own 30 which the Burk boys again covered. Crane took the ball on the first play and went to territory he was quite familiar with by now—across the double stripe at the goal line. 38 to 0.

Burk was held scoreless for the remainder of the third quarter, but in the fourth they made their longest march to the goal line. After taking a punt that was finally downed on Burk's 1 yard line, they kept the ball until it again was placed behind their opponent's goal line. Alternating carrying the ball, Crane, Counter and Boyd made steady progress up field. When they reached the 1 yard line, Boyd wormed his way across to make the count 44 to 0.

It was a thrilling game. The Bulldogs were at their best this season and looked good to every one except ardent Seymour fans, who wondered what on earth happened to their pride and joy—the Panthers.

Another thriller is in store for Friday night when the Bulldogs try to pluck feathers from the Chillicothe Eagles.

Band Concert Friday, 6 p. m.

Members of the Burkburnett High School Band with their director, Max Staland, will be down town Friday night at 6 o'clock to give a band concert before the game with Chillicothe at 8 P. M.

Also on hand will be the cheer leaders and members of the Pep Squad.

The Band has made an appearance in town before each game this season, but it has been early in the afternoon when folks were busy with their jobs and not able to enjoy the concert. In view of this fact, the time was changed until 6 P. M. in order that everyone can be on hand.

These boys and girls have worked hard this year to give Burk a band of which they can be proud. Come out Friday night at 6 and show them that you are behind them and appreciate their efforts.

Soil Conservation Application Blanks At C. of C. Office

(More about this program next week.)

Veterinary Here To Vaccinate Dogs

All day Friday, October 14th, there will be a veterinary at the Mills & Fleming Feed Store. Those who have dogs to be vaccinated against rabies, may take their animals there on that day. All dogs, regardless of size should be vaccinated. It doesn't cost much and it may save time and trouble.

Juniors Choose Favorites Monday

On Monday, October 10, the Junior class of the Burkburnett High school met to choose their favorite boy and girl, and the most attractive girl and the most handsome boy. Favorites were Sue Douglas and Lee Keen and the most attractive girl, Patsy Morgan and Bill Reasoner, most handsome boy.

Each year the four classes select their favorites, and then four from the group are selected for the school favorites.

Junior Study Club Holds Regular Meeting October 5

Mrs. J. C. Stevens was hostess Wednesday, October 5 to members of the Junior University Study Club.

During the business session the project for National Art Week was discussed and plans were made for a picnic the following night with husbands as guests.

Mrs. H. B. May had charge of the program on Texas. Mrs. Stevens served delicious refreshments to the following members: Mesdames W. P. Boydston, Ralph Brookshier, Jr., Louvaine Charles, Rheba Fudge, Dan Hofack, Truett Majors, Chris Morris, Phil Odum, Bill Parr, Gene Robertson, Max Staland, Finis Taylor, B. H. Alexander, Jr., Vernon Duke, Bill Vincent, and H. B. May.

REVIVAL BEGINS THIS SUNDAY AT THE FIRST BAPTIST CHURCH

Texts instead of briefs, decisions for Christ instead of judgments of courts, are now the consuming interest of Clifton W. Brannon, Longview attorney, who will do the preaching in a one week revival at First Baptist Church.

Severing a very profitable business and professional connection on July 6, he entered the field of full-time evangelism. He has been secretary and general counsel for R. G. LeTourneau, Inc., and affiliated firms.

Since 1946, Brannon, now first vice-president of the Baptist Brotherhood of Texas, has spoken in over 300 churches. During the last year he made 226 addresses before church groups, largely in the Southwest. This includes many Brotherhood revivals of three to seven days.

Relating how energy and need had driven him at an early age to the peak of a lawyer's ambition, practice before the Supreme Court of the United States, Cliff Brannon asserted, "When at the close of my message at Elk City, Okla., last Sunday, two strapping big men, among others, came to accept Christ, I got a bigger thrill than when I first stood before the nine solemn men of the Supreme Court of the United States."

This is an unusual privilege to hear a great Christian layman in a week of revival services. Bro. Joe Trussell, possibly the best known and most beloved song leader in Texas, will lead the singing for the revival services. Services will be held daily at 10:00 A. M. and 7:30 P. M.

The two visiting men will not be here until Monday. They will have charge of the service Monday night and then on thru Sunday, October 23. The pastor will preach at both services this Sunday. Sermon subject at 10:50 A. M. will be: "Drifting." 7:30 P. M.: "The Supreme Requirement." Sunday is Layman's Day in our church. Great effort is being made to have a record attendance of men in all services throughout the day. Men will occupy the choir at the morning service.

9:45 A. M. The Church is in Bible Study. There is a class for every age. You are urged to attend. 6:30 P. M. The Church is in training. There is a Union for you.

Our nursery is open for all services including the revival services. Capable attendants are in charge. The nursery is safe and sanitary. The church bus makes a regular route for all services of the church. It will run each night during the revival.

The membership and pastor extend a most cordial invitation to everyone to attend all of these services.

Ladies Night At Lions Next Week

Next Tuesday night will be observed as Ladies' Night at the Lions Club. Every so often Lions have the ladies as their guests, when an all-out effort is made to entertain them. Next Tuesday will be no exception. A good program has been arranged which the ladies will enjoy.

Ed Clack made a trip to Dallas last week end taking with him his son, Kerry, Jerry Bob Shaw and Touie Schroeder, to take in the Dallas Fair. The party returned to Burk Monday night, the boys none the worse for their trip, but Mr. Clack was almost in a state of nervous collapse. He was up town Tuesday offering his condolence to the local school teachers and bus drivers as he now knows what they have to contend with every day. It will probably be some time before Ed makes the same mistake.

Mr. and Mrs. Charlie Boyd left last Thursday for Mississippi to be with her mother who is seriously ill.

Mr. and Mrs. W. L. Palmer and Charles attended the Prison Rodeo in Huntsville, Texas, last Sunday.

Everybody Will Go To The Game

A quick canvass Thursday morning revealed the majority of business houses ready and willing to cooperate with the foot ball players by closing their places of business for the game Friday night. This will allow everyone a chance to go see the game.

The game will start promptly at 8:00 o'clock, so do your shopping early.

Bulldog B Squad Beats Valley View

Last Thursday night the "B" squad went to Valley View for a foot ball game. From the first few plays there was little wonder who would win. Burk's B boys are really going to town. They have won every game so far by large scores. Last Thursday they rang the bell to the tune of 26 to 0 for their opponents.

Local fans are supporting the B boys enthusiastically. More Burk people saw the game at Valley View than fans at that place.

This Thursday night the B boys go to Archer City and will take along a large crowd of boosters. It will be a good game. You'll enjoy seeing next year's Bulldogs on the march.

A. E. Nation Rites Held In Houston

Funeral services for Amos E. Nation of Burkburnett were held in Houston, Monday, Oct. 10, with the Rev. T. Walker Moore of the Park Place Methodist Church officiating. Mr. Nation died on his 90th birthday, Oct. 8, in a Wichita Falls hospital after an illness of four months.

Survivors include a daughter, Mrs. Madge Dye, granddaughter, Mrs. Francis Kauer, two great-grandchildren, Leslie and Judy Kauer, all of Burkburnett; three sisters, Mrs. Dorcas Dean, Williamsburg, Mo.; Mrs. Esther Iglehart, Owensboro, Ky.; and Mrs. Lin Ellingwood, Livermore, Ky., and one brother, Sam Nation, Owensboro, Ky.

Mr. Nation was born in Kentucky of a pioneer farm family. He came to Texas at the age of 21, and for about 40 years was a merchant in Navasota, Texas. He was a member of the First Methodist Church of that city, having served the church for many years as a member of the Board of Stewards. He was also a life member of the Masonic Lodge of Navasota. He had made his home in Burkburnett for the past three years, where he was a member of the Men's Bible Class of the First Methodist Church.

Johnnie Chitwood Chairman of USO Campaign Here

Johnnie Chitwood, Commander of Legion Post No. 264, Burkburnett, has accepted the job as chairman for the local USO drive for funds.

E. J. Tatum, also active in Legion work, is co-chairman.

There will be a big rally at the Legion Hall Thursday night, October 20th. The public is cordially invited to this rally. Come out to the rally, then decide if and how much you want to support the drive. The need for reviving USO is very important. The average age of the boys at Sheppard Field is less than 18—just mere lads who will appreciate the USO.

Mrs. J. B. Ballard has returned to Sherman after an extended visit in the home of her son, B. L. McDonald and family.

Rebekahs Notice

Monday night, October 17, at 7:30 P. M. will be the regular meeting time of Rebekah Lodge No. 67 at the Odd Fellows Hall. All members are most urgently requested to be present as important matters are to be discussed.

Mr. and Mrs. W. L. Palmer and Charles attended the Prison Rodeo in Huntsville, Texas, last Sunday.

Go to the Game Friday

The Eagles will be away Friday night for a conference with the Bulldogs.

These games this season have not shown up, but Burkburnett fans will be well to bear in mind there will be no push-over game. The Coaches have the boys harder this year than ever before, preparing what they believe will be our toughest games. Who have watched the boys say they have a bag of tricks that may be turn-overs. They are deceptive and in a way that anything can

good ball game, go out to Stadium Friday night. You will not be disappointed. Plenty of good seats at the price is right.

Your support to the Bulldogs they are on top in the play and need every Burk to back them up. Many years since Burk winning team, but this is the right kind of yell they will do their part. Lots easier when the full of howling fans.

Changes—As the Wheels Go 'Round

Watch the wheels going 'round in the Congress of the United States and you'll discover that farm prices will not be boomed but they will be "supported" in a moderate way by Congressional legislation.

Foreign military aid has been passed by both Houses, and so have minimum wage increase laws. Federal employees will get pay increases. Most of the regular appropriation bills have been pushed through both Houses of Congress.

New Wars to Be Fought Old Way?

Don't let us worry about Russia's atom bomb. It would be suicide for Russia to ever use it on a big nation. On the other hand the United States will not use it on a strong nation. If there is a third World War the very beginning will jump off with ships and huge armies, navies and air forces made up entirely of men. The Government of the United States has already increased and established its military forces along the lines of the first two World Wars. That's our system and that's what we are spending money for. We are helping European democracies and friends to increase the strength of their armies, navies and air forces.

The Grass Roots and General Welfare

The common theory in Washington recognizes that all groups in our Nation are dependent on one another. Farmers cannot be prosperous unless they get good returns from their products.

And "general welfare," according to President Truman, "is the sum total of the welfare of all the groups in our country."

If the United States is to continue being the greatest Nation in the World it will be because big industrial interests are able to produce needful supplies for everybody and pay big wages to their workmen. After all nobody is more dependent upon corporations and big business than the men who work for them, and get sufficient pay to meet all their responsibilities to their own families and their communities.

Therefore, it is foolhardy for the workers of the country to be bamboozled by the labor Bosses to go on strike for moonshine "pensions".

DON'T PLAY WITH FIRE

To many in Burkburnett the direct loss through fire, has not been experienced. The fire insurance is paid, the family cautioned about safety and warned against carelessness, and that is that. Where fire is one of the most costly of national calamities and where many such fires could have been avoided, SOMEBODY was careless. During Fire Prevention Week (which should be practiced all the year) this community should have fire prevention inspection where there is a probable fire hazard. If we don't have a city-wide fire inspection, we can check our own premises, look to the electric wiring, check on attics and garages for trash and waste, watch out for inflammable solutions used around the house, forbid smoking in bed. These suggestions and more, if followed everywhere, might help bring down fire insurance rates. The more fires, you know, the higher the rate of protection. This year we have been extremely fortunate in getting enough rain to keep grass, etc. green. But frost will kill most vegetation and make a fire hazard of trash, etc.

Robert Thornton Formerly of Burk Wants to Return

Robert Thornton, son of Mr. and Mrs. E. V. Thornton of Camas, Washington, longs for his old school in Burkburnett. Robert, a Sophomore at Camas this year, has already served notice he expects to spend his Junior and Senior years in Burkburnett with former classmates.

From clippings from the Post and the Columbian at Vancouver, Washington, Robert is doing right well there in school. From one of the papers: "Robert Thornton will be swinging the gavel for junior high associated

student body this year. Fourteen year-old, blue-eyed, blond-haired Robert hails from the Lone Star State and is mighty proud of this fact. Active in sports, Robert is known throughout junior high by his southern drawl."

From another clipping we see where the Camas Spartans beat the foot ball team of Shumway, the first time since 1937. Longest run of the game was for 34 yards by Robert. The other two TD's were also made by Thornton, one run for 8 yards, the other for 16 yards.

Ed's Note: Come on back, Robert. The Bulldogs are really rolling this year and next year any good material would be welcome.

Office State
of Education

Ranking educators of the Congressional District of Burkburnett on the steam this year in their campaign to elect (Bob) Anderson to the created office of State of Education.

"I am humbly grateful to the hundreds who have signed this brief in my behalf. With so many of the top-ranking educators of this district asking me to accept the challenge, I would be ungrateful to refuse."
City Superintendent of Schools at Wichita Falls, Joe B. McNeil, sounded the keynote of Anderson's campaign when he said:
"This district as well as the State needs the able leadership of such a man as R. B. Anderson, and I will support him 100 per cent."
J. B. Golden, superintendent of the Vernon Independent Schools, said:
"R. B. Anderson was drafted to serve as a candidate by hundreds of educational, business and rural leaders because he believes in the American System of free enterprise and is opposed to all political philosophies that are contrary to democracy and personal freedom."
"He believes in a progressive system of education as the primary foundation of our way of living."
Anderson was born at Burlington, Texas, on June 4, 1910, and was reared on a cotton and dairy farm there. He graduated from Weatherford College in 1927 and received his LLB degree from the University of Texas in 1932. In 1935 he married Miss Ollie Mae Rawlings, and they are now the parents of two children, Richard and Gerald Lee.

When Buying Hospital Insurance

Why not buy from a 62 year old Company with \$49,000,000.00 in Assets?

A Company that is able to and glad to pay what it promises?

A Company that pays an average of 1,305 claims each working day?

Why buy from a stranger, or a man you will never see again? A man who will not be here to get you a claim blank and render you a service when you need professional service?

For your own interest and safety, don't you think you should patronize only a local professional insurance man who you know will be here when you need him?

The best in Life, Accident and Health and Hospital Insurance is what everyone is entitled to. Seek the advice of Insurance men who have made it a profession — by the same token you would seek a good doctor or a good lawyer.

Serving you with the best of my ability for more than 23 years as your local insurance man.

From where I sit . . . by Joe Marsh

But Curly "Knows What The Score Is!"

Was over at Doc Sherman's drug store listening to the World Series on the radio. Curly Lawson wanders in and says: "How about a chocolate malted, Doc?"

"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc—I'll take a chocolate soda!"

This shows how tolerant folks can be. Doc showed his respect for

how the majority felt; Curly was big enough not to insist on his malted even though he doesn't happen to be fond of baseball.

From where I sit, willingness to respect the other people's feelings is important in a Democracy. If we're tolerant of a person's like for baseball or a glass of temperate beer, we've come a long way on the right road . . . the road to a better America, that is!

AUSTIN Highlights

Mayor "Cotton" George Moffett

There will be two elections next to you between now and Christmas. One on Nov. 8, when the people of Texas will elect ten proposed members of the State Constitution and will elect twenty-one members of the new board of Education. Early in the establishment of marketing quotas for 1950, and the acreage which go with it, election concerns Tex-

as Governmental and School affairs only, while the second is held throughout the fourteen (14) cotton producing states and is required by a national law, passed by the Federal Congress. I am intermittently asked what Texas has done about the Cotton situation and the correct answer is that Texas as a state government has no connection with acreage reduction, quotas, etc. The State of Texas in the past three or four years has caused some research to be done to find new uses for cotton and the expansion of the old ones. Research is slow work, but it has resulted to date in the usage of about one million more bales of cotton annually than would have otherwise been

used. I was the author of the bill which got this research work going in Texas and it ought to be expanded, for the nylon and rayon manufacturers are constantly expanding their efforts to find new uses for these fabrics and have met with more success than is healthy for the cotton producer. If about five million additional bales of cotton could be consumed in the United States each year there would be no need for acreage reduction.

Among the ten proposed amendments to the constitution is one which provides that women may serve on juries in Texas, as they do in thirty-seven other states. Those who support this amendment say that women receive practically the same educational training in our schools and colleges as the men, go to the same picture shows, read the same newspapers, listen to the same radios and work along side men in most trades and occupations,

and hence are as well qualified as men to serve on juries. They also can vote, just as men can. Those who oppose this amendment maintain that woman's place is in the home and not in the jury room. They also dwell on the point that every courthouse in Texas will have to be remodeled, as has occurred in other states, so that separate and suitable sleeping quarters will be available for women jurors that are retained overnight, as is often done in lengthy criminal cases. It has already developed that some women are opposed to this amendment (the last one on the ballot) while a considerable number of men are for it.

The other nine amendments will be discussed in succeeding articles. It is to be hoped a large number of people will go to the polls. The best way to insure a good government is for a high percentage of the people to take part in it.

How To Preserve Quality In Eggs

U. S. Poultry raisers are becoming increasingly aware of the importance of quality in the business of producing and marketing eggs. In many market places, the poultryman gets a premium for fresh high grade eggs. Thus, it's worth his time to pay some attention to the care his market eggs receive before they are sold.

What can be done, you ask, to preserve the quality of eggs between the time they are hatched and the day they are taken to market? There are quite a number of things that enter into the preservation of egg quality. Such factors as proper storage and cleanliness, for instance, have a real bearing on how eggs are graded.

Points to Remember

Here are some pointers to remember about egg-handling, suggestions which may help you earn extra egg money.

1. Collect eggs often, three times per day if possible. The quality of eggs deteriorates rapidly if they are left in a warm laying house too long.
2. Be sure that the nesting material is clean and deep.
3. Do not allow birds to roost in nests at night—dirty eggs result.
4. Store eggs in a cool, moist place. Storage temperature is better at 45 to 55 degrees.
- Use Wire Baskets
5. Use wire baskets for egg gathering and cooling. Don't pack eggs in boxes or cases until they have cooled.
6. Clean dirty eggs with steel wool.
7. Pack eggs big end up.
8. Line the cases with newspaper during cold weather.
9. Before taking them to market, candle all eggs for poor shells, cracks and meat spots, separating them according to expected grade.

The Way That Is Safe

In the midst of the chaos and confusion that the honest seeker of the truth finds himself, he desires to know the safe course to pursue in religion. He is not interested in the way that might be right, but the one that is infallibly safe. Our Savior has told us that we must enter the narrow gate and walk the straightened way in order to be saved (Matt. 7:13, 14). An important reason for being cautious that no mistake be made in finding the right way is that each person is to make but one trip. We travel the pathway of life but once, and if our course has been the wrong one when we get to the end of life's journey, it will be too late to correct our mistake.

Because many do not know which way to turn in the realm of religion it is imperative that we find a solution to a few of our religious problems. What is the safe position in regard to these?

1. **THE BIBLE.** What are we to believe about the Bible? This question has divided people into two groups, one believing that it is the work of man, and the other that it is the revelation of God. Which of these views should we accept? Which one is the safe position? Let us consider the man who maintains that the Bible is the work of man. He lives his life, does what he thinks is right; but there is always facing him a doubt, the possibility that he is wrong. The Bible which he refuses to accept teaches that there is a judgment and a hereafter. Then this man dies. What then, when he finds that the Bible is true? What has he gained? Nothing, but he has lost everything; he must suffer eternal punishment. But now, what about the man who accepts the Bible as God's revelation? He lives in this life, is at least as happy as the first man considered, and he makes at least an equal contribution to the society in which he lives. However, even in this life he is different from the first man. Before him is assurance and security. He knows full well that even if the Bible were false, he has lost nothing in accepting its principles. But if the Bible is true, then what? He has lost nothing, but he has gained everything—eternal happiness with God. The man who accepts the Bible as God's revelation, then, has everything to gain, nothing to lose. This person is safe. He who rejects the Bible as the revelation of God has everything to lose and nothing to gain.

TALK ABOUT BIG GAMES!!

Bow-and-arrow Bear Hunter

I remember reading a story not so long ago about young Les Essig and his now famous bow-and-arrow bear hunt.

Young Les was only fourteen, and he was accompanying his father on a polar bear hunt to James Bay, Canada. The crew was on the look-out for smaller game, when Les's dad spotted a polar bear in the water. Then the excitement began.

Les got his bow and arrow and asked his dad if he could get him. The first arrow was shot from about seventy-five feet, and hit the bear in his left flank. The next one struck his shoulder bone, and shattered. The third arrow got him right between the shoulders, and he folded up in a sea of blood. This huge polar bear weighed 1800 pounds, and stood nearly nine feet high. What a thrill for a lad of fourteen! The real thrill came a few days later at Moose Factory, Ontario, when the news reached the native Cree Indians that Les had killed a polar bear with his bow and arrow. The young Indian boys stood and stared at young Les. They'd never heard of such a thing.

What A Ball Game — What A Ball Game —

Where are all those Ranger fans? If you missed the Burk-Seymour game, you just shouldn't. What team work, what action, what speed the Bulldogs have developed since the Ranger game. Peanut Boyd for a 45 yard run on the first kick-off—and only five plays for the first touchdown. And then the 80 yard run from their own twenty by Johnnie Crane. This boy Crane made four touchdowns. Draper is a boy that is here, there and every where. Trent Turpin the new center, just what the name stands for, a real Bulldog—just like the rest of the boys. A team that won't get beat can't be beat. Four for Crane, 2 for Boyd and one for Lee Keen.

Let us not forget the PUPS—there is a wagon full of boys. Someone better keep their eyes open.

The event is sponsored by The Samuel Higby Camp Institute for Better Posture, New York, founded by the late S. H. Camp of Jackson, Michigan. Colleges, the "Y's", large industrial plants, government bodies, nursing organizations and physicians cooperate with programs during the week, using posters especially designed for adult groups. The children's jingle reads: "It isn't smart to slump or sag; Because our health and marks will lag. We learn from teacher, play and books; Good Posture helps our work and looks."

Apples are so plentiful this year we'll be eating them around the clock. Starting off at breakfast with a tart baked apple and cream or ending dinner with a sweet variety. Strawberry jam and chopped nuts make an ideal filling. Then bake in a sugar syrup made of 1/2 cup water, 1/2 cup sugar and 3 table-spoons vitaminized margarine. Serve with the remaining syrup.

A stitch in time -- in other words before you wash -- prevents rips and holes from becoming larger. Except in socks and stockings. Mend them after washing.

You can expect a caller some time next April. The census taker is coming around. It's not only humans he's counting. He'll ask you whether you have a kitchen sink, a television set and the number of hogs and turkeys you own. That is all of vital interest to the Government.

For your winter project why not make a knitted rug? It's ideal pick up work. First, convert discarded dresses, underwear and stockings with all purpose dye to shades that harmonize with your color scheme. Then cut 1/2 inch strips and knit into four or five inch square blocks. Sew the squares together with the knit rows of one running across and the adjoining ones up and down.

Did you know that by adding a handful of the new detergent to the bath water you'll be minus a ring around the tub afterwards? Try it when you bathe Buster tonight.

Coffee prices are on the up-grade. Main reason is that world demand is running ahead of supply. New trees are being planted in Brazil but it takes five years for them to mature.
