Parking Situation Could Be Helped By Alley Parking

It has been suggested that if merchants and their employees would park their cars in the alleys behind their places of business, or on side streets, a great many parking spaces would be made available for customers. This is an excellent idea. A recent check of cars on Main Street revealed that almost fifty per cent of them belonged to merchants and their employees. Every car that parks in front of your place of business is a potential customer. If there are no parking places, then the customer may go elsewhere.

Ollie Ratliff Gets Thanks From North Side Boys

Ollie Ratliff, of Ratliff Bros., Bulldozing, moved in one of their heavy bulldozers and worked all one day leveling off a lot for the North Side boys to play on. We have received the following note of appreciation from the youngsters who will enjoy playing on this smooth ground:

"We wish to thank you for taking your machinery and clearing off a vacant lot to make us a ball diamond to play on. This will take us out of the street where we might have been run over by some thoughtless driver. We will never forget what you have done. The town of Burk could use more men like you.

Parents, Teachers Met Tues., April 18

Prof. A. F. Edwards of Midwestern University was guest speaker at a meeting of the Hardin P-T A Tuesday, April 18. Speaking on "Teamwork In The Business World", Prof. Edwards emphasized the thought that very early in life children should be taught to spend their money first on necessities, secondly on luxuries.

During the business session, presided over by the president, Mrs. W. J. Lacy, the members voted to buy recordings for the first four grades, supplementary to their school books. The idea was explained by Mrs. Willis and heartily approved by all.

The group voted to accept the nominating committee for next year as follows: President, Mrs. Fred Hunt; Vice-Pres., Mrs. Victor VanLoh; Secretary, Mrs. Grady Walker; Treasurer, Mrs. J. D. Grizzle. These officers will be installed at the May meeting.

Mrs. Douglas' room won high attendance award.

Refreshments were served to those present.

WE DON'T KNOW

It is up to you to decide whether there are flying saucers, for no one is going to prove that they are real. At least not now, they aren't. The U. S. News and World Report is convinced, upon what knowledge is available, that they are real and represent a secret flying development being perfected, probably by the Navy. The Navy, Air Force, Army and the President, say there is nothing to it. So you can't settle in those quarters. You will hear all kinds of reasons of why flying saucers are possible, of why they are hoaxes. Eventually, if there "ain't no sech animal", the whole thing will die, and if there are, we'll know it for a fact. In the meantime, we might take the Miami (Fla.) Herald's tip and call them "applesaucers".

WHAT, NO MAPS?

It may surprise you to know that only about 25 per cent of this country is adequately mapped, to date. We still seem to be a land for exploring. During 70 years, maps of a sort have been made of half of the country but most of them are outdated. There are new highways, rail lines, dams, stream courses and other sorts of works made by man and nature. We think we have kept up to scratch on most everything in this country, but we did not imagine that our great expanse was unmapped. It might encourage more of us to take up pioneering, and take to the open road.

WHAT IS THE ANSWER

Is the real answer to Communism the sending of more guns to points where they would be most likely needed in case of trouble with Russia? Many people in all the land, say yes. The State Department feels this is the way to stop Communism. But there is something wrong with using only this line of reasoning.

Many eminent Chinese Christians, as well as Christians in other parts of Asia, have embraced the Communist victory as a means of "liberation." If such as these good, learned people are friendly to the doctrine, there must be a reason for it. Evidently they were formerly persecuted to such an extent that they hoped for liberation through Communism. Of course Communism will soon prove the error of their thinking, but they were seeking help from some source, is the fundamental point. When people are convinced that economic and social salvation will come from a source, then that source attracts, however false it proves itself.

It is up to the West to understand the problem by challenging Communism through a demonstration of the superiority of democracy. But, we must practice that democracy. One of the charges levelled at us by Communism is racial discrimination, which is an indictment against a democratic system. Something is needed for the fight besides bombs and guns, and it is America that must provide the other weapons.

SPRING "FACE-LIFTING"

About this time every year Burkburnett citizens are busy cleaning their yards, gardens, vacant lots and alleys. Many have already finished the job this year and called the City Hall for a truck to come by and pick up their trash free. This free trash pick-up offer extends through April. Don't delay if you want this service. There is great pride in "prettying" up the house and yard. Civic-minded people urge owners to rid alleys of rubbish and to give vacant lots a spring cleaning. There is a familiar sound born on the air that is not the call of bird arrivals. It is the sound of brisk rug beating, of clippers and pruning shears from the neighborhood yard. The place gets a new look and a fine idea it is to fix up, clean up and paint up. Not only do places appear more attractive, but property lasts longer through care. Repair and replacement is needed to keep property valuation up to par. Time, money and perhaps some worry attend the task, but the satisfaction comes with a possession that serves you in comfort and pleasure. It is worth the effort to make it so. Our house and yard is our stake in our town. The "slicking up" process is an asset, to oneself and the community.

Washington News Letter

(By Congressman Ed Gossett)

We got our Tidelands bill out of the Judiciary Committee this week by a vote of 16 to 10. Texans may grow tired of hearing and reading about the Tidelands controversy. However, it is a fundamentally important issue. Not only does it involve many millions of dollars of revenue for the State of Texas but more importantly involves a principle of government. If the Federal Government can take our so-called Tidelands without compensation, then the Federal Government can take anything that belongs to a State or an individual without compensation. Sooner or later Congress must decide the Tidelands controversy. There is only one way in which to decide the issue and that is in behalf of the States. I am confident that sooner or later Congress will pass a law that will reaffirm State ownership of everything within the original boundaries of the States. It has been my responsibility to put together the bill which the Judiciary Committee has now reported and I am further charged with the responsibility of writing the Committee Report. When a Committee reports a bill to the House it always accompanies such bill with a written statement of its terms and objectives and the reasons for the Committee action. My report on this bill will be a treatise of about 100 pages, outlining the controversy, the issues, and the reasons why the Congress should act favorably upon the bill.

The repercussions to the President's veto of the gas bill, generally referred to as the Kerr bill, is still reverberating around the Capitol corridors. The issues involved in this bill have been grossly misrepresented by the columnists of the country, notably by Mr. Drew Pearson. The President vetoed this bill because of pressure stirred up by this false propaganda. Some members of Congress from the North and East are being lambasted because they supported this bill. All Texas members voted for the bill. All of us are unequivocally opposed to monopolies, but this bill had nothing to do with this issue. The issue was whether or not the Federal Power Commission can go into a State and regulate production and prices of gas in the field. It's another case of

bureaucracy versus the States' rights and free enterprise. The Federal Power Commission was created by Congress and given the power to regulate interstate traffic in gas, i. e., interstate pipe lines. They were not given the power to go into a State and fix the price of gas at the well. Federal bureaus and Federal administrators are always attempting to exceed the authority given them through the laws which Congress has passed. One of our big problems in government is to keep government from becoming more powerful than the people to whom it belongs—to keep government from abusing powers delegated to it. Government officials are the servants of the people and should never become tyrants or dictators in violation of the authority and responsibility imposed in them.

Senator George, (Democrat of Georgia) distinguished Chairman of the Senate Finance Committee and also of the Joint Committee of the House and Senate on Internal Revenue and Taxation, has made an omnibus prediction. Senator George states that our government will run 14 billion dollars further into debt during the next two fiscal years. He states that revenues will fall short this year by 6.7 billions and next year by 7.3 billions. No one knows just what evil may flow from our continued deficit financing. However, all of us recognize the perils involved in such procedure.

The Mayor of New York City has invited Members of Congress and their families to visit New York on Friday, Saturday and Sunday, April 28, 29 and 30. Schedule of events for the entertainment of Congressmen and their families include: a sightseeing tour of New York, boat trip around Long Island Sound, Hell Gate Rapids and New York Harbor, Statue of Liberty, Ellis Island, Maritime Academy at Kings Point, Coney Island, Jones Beach, United Nations at Lake Success, Radio

City and Rocket International Airport up" at Metropolitan Headquarters, ticket and TV stage show, personal welcome O'Dwyer at New Hall.

CHICK CHATS

By Clark Gresham

Now that your birds are getting outside frequently, following several months of heavy egg production, it's a good idea to take care of some "spring-time" chores.

At this time of year, you are no doubt pretty busy getting your new batch of baby chicks off to a good start. And this is certainly time well spent. But, as a precautionary measure, do not become so concerned with those chicks that you neglect the layers. They need your attention too.

In the first place, you should take a look at the poultry house. After a season of confinement, you can see for yourself that the laying house needs a thorough cleaning and a good airing out. And the sooner this is done, the better. A stuffy, dirty poultry house is certainly undesirable, even when birds are out most of the day.

Clean Flock Quarters
So start by cleaning the poultry premises, and give special attention to the flock quarters. Scrape the floors and walls, clean roosts and the droppings boards, and give the house a complete sweepdown. Do a thorough job and follow up by using a reliable disinfectant.

Here are some additional pointers helpful to poultry raisers this time of year:
If the birds are being allowed out of the house now, it may be a good plan to keep them shut in during a good part of the morning so that they will do most of their laying before they venture out-of-doors. This will help keep eggs cleaner.

Gather Eggs Often
Continue to gather eggs frequently. If eggs are gathered three times daily, they will be cleaner. In addition, the sooner they are placed in a cool storage place, the better will be their condition for marketing.

Always strive to cull the non-layers. After the period of heavy laying, some of the birds will have used up much of their laying reserve. Remove these birds from the flock to make more room for the high-producing birds.

If an all-bullet flock is kept, the poultry raiser should plan to sell the adult layers in time to give the laying house a 2 or 3 month airing before housing the new pullets next fall.

First Baptist Church

God has just blessed this church with a great revival. The services closed last Sunday night but the revival still goes on. We believe many souls will yet make decision for the Lord and church membership. One hundred and three came into the church during the two weeks of revival services. Fifty-four were by baptism. One man surrendered to preach the Gospel. The church was greatly strengthened and the membership is rejoicing in the great victories God gave us. There has been much planning for visitation and prayers that the revival fires will continue to burn. There is a strong determination on the part of our membership that this church will be a great evangelistic New Testament Church.

Services for Sunday will be as follows:
9:45 A. M. The Church in Bible Study. There is a class for every age. Praise God for the great attendance last Sunday. We had 698 in this school of the church. There were 104 in the Primary Department alone, ages 6, 7, 8. The Nursery Departments, ages from birth through 3 years, had 80 present. Other departments were largely attended. We are trying to maintain that high attendance. You are urged to join the large crowd of people and study God's Word with us this Sunday.

10:50 A. M. Morning Worship. Sermon: "Almost Persuaded". Bible preaching and good Gospel singing.

7:00 P. M. The Church in Training. There is a Training Union for every age.

8:00 P. M. Evening Worship. Sermon: "Evil Heart of Unbelief." There will be baptizing at the close of this service. The pastor baptized 51 last Sunday night.

Babyland is open for all reg-

ular services. Capable attendants are in charge. Our church bus covers a regular route every Sunday morning and night and Wednesday night.

A glad hand of welcome awaits you at this friendly New Testament Church.

From where I sit... by Joe Marsh

His Punch is His Signature

Was on the train up to Central City the other day and when the conductor came around, I asked him why their ticket punches make such odd-shaped holes in the ticket.

"Every conductor in the country has a different design for his punch," he tells me. "Some even show up a fellow's preferences. Now take mine. The hole it makes looks like a beer goblet."

Sure enough! Then he went on to say that the punch is just like the conductor's signature. Makes it easy to trace tickets... to check up if something happens.

From where I sit, even though your ticket is punched differently from mine, it still gets you where you're going. Just like people with their opinions. You might like coffee, another person, tea—and I'll settle for a temperate glass of beer. But what does it matter, so long as we respect the right of the other to have tastes and opinions? We're all trying to go in the same direction — towards a friendlier, more pleasant world for all of us.

Four-H Girls Have Dress Revue Sat.

Miss Barbara Bacon, 1949 Gold Star winner, led the audience in the Four-H Pledge to open the Dress Revue at the Palace Theatre last Saturday morning.

Louis Littlefair, master of ceremonies, introduced Miss Catherine Sands, County Agent, who in turn presented leaders from Bowie, Freeburg, Electra, Valley View and Burkburnett.

As Mr. Littlefair introduced the sixty four entries, each in turn entered and proudly walked beneath a rose-trimmed arch to show off their school dresses, sunback dresses, party frocks and peasant skirts and blouses, all of which they had made themselves.

Following a Sing Song directed by Mrs. O. M. Givens, refreshments were served in the Theatre lobby during intermission.

Judged highest not only for her stylish creation but also for her remarkable poise and ladylike manner was Ernestine Strawn, daughter of Mr. and Mrs. Ray Strawn of Electra. Ernestine won an all-expense paid trip to College Station to compete in the state dress revue for her work.

First place winner among the junior girls was Charlotte Simons of Burkburnett. The red-haired 12 year old daughter of Mr. and Mrs. E. J. Simons modeled a floral print skirt with a white cotton blouse.

Others in the revue won red, white or blue ribbons for their costumes, depending upon skill and craftsmanship, suitability of style and material, poise in modeling and choice of accessories. Judge Arthur Tipps, and Mrs. J. V. Brown, chairman of the leaders, gave out the awards.

Sunday School at ten A. M. with all classes studying the 2nd chapter of Acts: "The Baptism of The Holy Ghost On The Day of Pentecost." Is the Holy Ghost the same person as the Holy Spirit? Who is he and what is his business? Why did he come on Pentecost, and has there, or, will there be, any other such day? What is our modern day benefit and obligation in regards to that wonderful day nearly two thousand years ago? There is a class for every age in our S. S., a consecrated teacher for every class. Fred Clynch is S. S. Supt. Preaching service at eleven A. M. The pastor will speak on this subject, "Selah". This is a little word that appears 74 times in the Psalms and three times in Habakkuk. You might have passed over it lightly, but it has great significance and meaning. Come and pray while we try to expound its greatness. Young People meet at 7 P. M. under the capable leadership of B. A. Dorland and wife, assisted by Fred Clynch and wife. All youth welcome. Night preaching and song service at 7:45. The pastor's subject for this hour is one that affects every one, and has been a source of trouble and heartache to us all—namely, "Sin." That's a little word, but deadly and far-reaching. We shall deal straight with this, regardless of whom, or what, it exposes. Come and bring your neighbor to this friendly, Bible teaching Church. Watch for the grey bus, or call 427-J if you want a ride to Church. We rejoice with the First Baptist Church over the great, town-shaking revival they have just concluded. Our praises be to God, and our hats off to the pastor and his co-laborers. May God give us many more such revivals in Burk Burnett. Ray C. Morrow, Pastor

Local Employees Honored By Gulf

Gulf Refining Company today (April 20) honored three local Pipe Line Department employees at a luncheon at Hotel Texas, Fort Worth, for completing 10 or additional 5-year periods of service. James B. Morris received an award signifying 25 years of service and Frank M. Bean and Walter L. Casity each received 10-year awards. These were among the 42 Fort Worth and North Texas employees so honored, and each employee received a gold emblem ornamented with a diamond for each ten years of service and a ruby for additional five years and an engraved certificate. The ceremony was part of a nation-wide tribute tendered 3,766 employees this month at similar services. This year's awards raised the total number of Gulf employees having 10 or more years of service to 19,950 or 45 per cent of its personnel. This record was hailed by F. J. Adams, General Agent for the Fort Worth District, who presented the awards, as an unusual accomplishment in continuous employment and a dramatic proof of the oil industry's contribution to national economic stability. Mr. Adams stated: "This achievement in continuous employment affirms a vital source of America's strength—the fellowship of sound business. The emblems presented here are lasting proof of the job security and satisfaction that lie in a mutually beneficial productive business effort."

Grace Lutheran Church ANNOUNCEMENTS

Divine worship is conducted each Sunday morning in Grace Lutheran Church at 11 A. M. Sunday School and Adult Bible Class begin at 10 A. M. The Sunday School teachers meet each Thursday evening in the pastor's study at 7:30. If you have no church home in Burk Burnett, we invite you to come worship with us. The Sunday School story for next Sunday is the story of Peter's reinstatement as a disciple and the duty which was laid upon him by Christ. This story is found in John 21, 1-19. The Adult Bible Class is continuing its study of the Bible. At the present time we are studying how the 66 sacred books became our Bible. This is a most interesting and informative study and helps us to learn more of the source and norm of faith and life. Next Sunday the Walther League, an organization of young people in our Lutheran Church, of the Wichita Falls, Burk Burnett, Vernon area will hold its Spring Rally in St. Paul Lutheran Church at Vernon. The meeting will begin at 3 P. M. The men's club of our church will hold its regular meeting on May 3rd in the parish hall beginning at 8 P. M. The topic to be given at this meeting will be one explaining the Liturgy used in our Lutheran Church. Much of the Liturgy used in our church is also used by other Protestant churches. The Ladies' Missionary Society meets Thursday, May 4th, with Mrs. Arthur Evert as hostess. The meeting commences at 2 P. M. We bid you welcome to Grace Lutheran Church, the church beautiful with the Gospel message. Don't wait for the hearse to take you to church; that trip won't do you any good. Mrs. J. B. Leith returned to her home Saturday following a major operation and two weeks stay at the Wichita General Hospital in Wichita Falls.

 By Bud Fisher
 HEY MUTT, WHY DON'T WE SEE THE MOON IN THE DAYTIME?
 WELL—THE EARTH REVOLVES ON ITS AXIS EVERY 24 HOURS!
 YEH, BUT WHY CAN'T WE SEE IT RIGHT NOW?
 RIGHT NOW IT'S ON THE OTHER SIDE OF THE WORLD!
 RUSSIA! WHEN IS IT COMIN' BACK? TONIGHT?
 IT DON'T COME BACK! WE GO THERE!
 NOT ME! I AIN'T GOIN' OVER THERE!
 WAIT, JEFF— WE DON'T GO THERE!
 BUT YOU JUST SAID WE DO!
 HERE IT COMES NOW! I KNEW HE WAS 'RIBBIN' ME!
