## Half-Way to Heaven

By 1960 the Kremlin expects to have the USSR entering the Communist equivalent of the Pearly Gates, according to the official Red magazine "Bolshevik." For the benefit of any untutored American who thinks Russia is already a Communist nation, it should be pointed out that Joe's boys and girls are merely on the way, and

consider their present transitional set-up associational. Officially, the present system is described as "distribution according to labor," which apparently means that it is still necessary to pay wages, and distribute food, clothing and living quarters, via the crude capitalistic method of paying for them. But, by 1960, they hope, the Soviet Union can achieve genuine, pure-quill communism, which is "distribution according to need." We interpret this as meaning that no one will worry about making or losing money, since there won't be any. You get something to eat, and shelter, at the pleasure of your local commissar. He will decide when and if, how much and what kind. We mention this so that those who yearn for the truly "simple" life and want to forget about prices, can make their plans accordingly.

## There's Coffee in This Sugar!

An avaricious person, it is said, can "smell" money. Today, the U. S. Secret Service thinks it might be a good idea for everyone to try smelling it . . . especially when receiving 10 or 20 dollar bills indicated as having issued from the Richmond, Va., Federal Reserve Bank. Midwest counterfeiters, the G-men discovered, have been dunking their home-made dough, instead of their doughnuts, in coffee to give the bogus bills a well-worn, honest appearance. Thus, they may fool the eye, but your nose knows . . . They still smell like coffee.

### ACCIDENTS COME FROM CARELESSNESS

Pop advises Junior that tripping over a stone, or bumping into a door always comes from not being alert to everyday hazards. And in a way, Pop is of course, absolutely right!

### NOW WHAT'S THE GOOD WORD, POP?

But what Junior's Dad didn't realize was that no matter how careful we are, accident WILL happen. And it's best to be prepared for them, through proper insurance coverage. A policy that will cover that entire family is lower in cost than you may think . . . and in time of unexpected need, will prove a blessing to the family budget. See us for details now. ### WSCS Continues Missionary Study

The Woman's Society of Christian Service met at the Methodist Church Monday, Oct. 8, at 2:30 for the third session of the mission study book on "Latin America," the text being, "We Americans, North and South."

The meeting was called to order by the president, Mrs. O. E. Melton, by all singing, "Jesus Calls Us," after which Mrs. Melton read a verse of scripture and a poem, then closed with prayer.

After a short business session, the meeting was turned to Mrs. H. W. Prinzing, leader for the lesson. The program began with some play role acting in which all members took part. Then Mrs. H. R. Hayes, playing the part of two characters, Fizzing

Frank and Simfatico Sam, North American salesman and Mrs. Tucker representing Don Carlos, a Latin American business man, very vividly brought out the difference in customs of the two countries in this play role.

Chapter Two, Protestant Lam-posts was very ably discussed by Mrs. Bunstine, Mrs. Harms, Mrs. Pilkenton and Mrs. Prnz-ing, using an outline from the black board.

Chapter Three was openly dis-cussed bringing out the good and bad things which Colum-bus' discovery of America brought to the Latin American countries. These answers were written on the board.

The fourth chapter, "The Struggle for Independence," was given in the form of a dialogue between a present day Latin American and a North Amer-ican. Mrs. Caffee took the part

of the North American and Mrs. D. M. Morris, dressed in an attractive costume represented the Latin American.

The lesson next Monday will be on Mexico and a forum of questions and answers by a panel of 10 or 12 women.

The meeting closed with the missionary benediction. Twenty-five members were present.

Mrs. Benny McDonald had as her guests Sunday, her aunt and uncle, Mr. and Mrs. Joe Blackwell and her cousin, Aaron Blackwell, his wife and daughter, Donna, of Davidson, Okla.

Mrs. J. C. White and Mrs. Hardin White of Altus visited last week with Mr. and Mrs. Morris Bookbinder.

Mr. and Mrs. B. H. Preston and Mr. and Mrs. B. H. Preston, jr., are attending the State Fair at Dallas this week.

# Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving . . . and here's why you get it only in Ford Cars:

All the power you need when you need it! *Some automatics have this*

*Some automatics have this*

It gives you instant "GO"! *It practically drives itself!*

*But Fordomatic has both*

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives.

Unlike cars with only a torque converter (which start and cruise all in one drive gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.

The automatic drive some cars offer you is a torque converter which multiplies torque without the use of gears. Its advantage is a smooth flow of power. Its disadvantage is a smaller range of torque multiplication which requires more power from the engine and an uneconomical axle ratio which increases costs.

Other cars offer an automatic drive that uses automatic gears (as illustrated in simplified form at right) instead of a torque converter. The advantage here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

### Grace Lutheran Church

3rd at Avenue E  
R. L. YOUNG, Pastor

A newspaper columnist tells us that the FBI's 1950 crime report will make black reading indeed. The report will show an upswing in crime, and this in a country which prides itself on being a Christian nation. Mr. J. Edgar Hoover, director of the FBI, has repeatedly spoken to the nation of the benefits of

thorough religious education. The facts demonstrate that children given a thorough training in the Word of God are not very apt to go astray. Far more important than this is the fact that children are to be instructed in the Word of God that they may know the way to Heaven "thru faith which is in Christ Jesus, our Lord."

Obedient to the command of our Lord, "Train the child," Grace Lutheran Church is inaugurating a Saturday school. This Saturday school will provide time for the religious instruction of the pupils enrolled

Classes will take up this coming Saturday, Oct. 13 at 10 a. m. Trained instructors will teach the classes. Mrs. Oscar Frieling will teach grades 1 thru 3, and Oscar Frieling will teach grades 4 thru 7. The pastor will take those from the 8th grade up in the junior confirmation class. We cordially invite you to enroll your children in this school for instruction in the Word of God.

Divine worship is conducted each Sunday morning in Grace Lutheran Church at 11 a. m. The Sunday school and adult Bible class begin at 10. On Sunday, Oct. 21, we shall celebrate our annual Mission Festival. Rev. R. Brandt of Olney will be the speaker at both services. Dinner will be served to all guests and members. We cordially invite you to attend. "Come thou with us, and we will do thee good."

### Hayes-Kennedy Nuptials Planned

Announcement has been made by Mr. and Mrs. J. D. Kennedy, Wichita Falls, of the engagement and approaching marriage of their daughter, Frankie Nell, to Mr. Claude D. Hayes, son of Mr. and Mrs. H. G. Hayes of Nash, Okla.

The nuptial rites are planned for Saturday, Oct. 20 at 1:30 p. m. in the home of the bride's parents.

Mrs. Thurman J. Kennedy, sister-in-law of the bride-elect, will be matron of honor and L. D. Hayes of Nash, Okla., will serve as best man for his brother.

Miss Kennedy attended the Burkburnett High School and continued her studies at Midwestern University. She was an active member of the Home Economics and Cowgirls clubs while at Midwestern.

The groom-to-be is a graduate of the Nash High School and for three years has been serving with the U. S. Army and at present is stationed at Fort Sill.

"Camp Fire Girls" was presented by Mrs. Walter Riley; 4-H Club by Miss Thompson of Wichita Falls; Boy Scouts, Mr. Lawson; and FFA by James Roderick, who also led in the pledge to the flag.

Delicious refreshments were served to the group.

**Our Bank Says "Help Yourself"**

People around here need lots of small change these days — what with candy, gum, cigarette and soft drink machines... pay phones... and those penny sales taxes.

Used to put a strain on our bank. Changing money took up a lot of time. Then the Chief Teller Happy Wilson, read about another bank using a "help yourself" change system. The directors decided to see if it would work here.

They set out some big shallow bowls full of nickels, dimes and pennies with a sign saying "MAKE YOUR OWN CHANGE." Works fine.

**What's the fastest-growing line of trucks in America?**

**LOOK** around you—in cities, on farms,  
 at terminals and loading docks—  
 wherever goods are moved on wheels.  
 More and more, the pay load's packed  
 on a GMC.  
 You see those letters on medium and  
 heavy Diesels, the most economical  
 workers in their field. For GMC means  
 first in Diesel power.  
 You see gasoline-powered GMC's  
 front-running the highways of America  
 —pace-setting delivery of the necessi-  
 ties of peace and war.  
 You see nimble bantamweights of the  
 family—the highest-powered ½- to  
 2-tonners made—outpulling, outhauling  
 every other truck in their class.  
 Ever wonder why GMC is gaining a  
 greater percentage of the industry  
 than any other truck-maker?  
 Ask the truck drivers themselves.  
 See the confident way they talk of

the power plants, the broad-shouldered  
 chassis—the way a GMC handles.  
 Ask about the tons they've hauled,  
 the miles they've logged—the nip-and-  
 tuck schedules they've licked time  
 and again.  
 Ask these cost-wary haulers why they've  
 made GMC the fastest-growing fleet in  
 the land.  
 They'll tell you it's because GMC is  
 the finest motor truck made.  
 If you'll come in, we'll show you why  
 we think they're right.
