# Burkburnett Star

LIKED BY MANY — CUSSIED BY SOME — READ BY EVERYBODY

Man has now conquered al-  
most everything dangerous in  
nature, except human nature.

A defendant's idea of a grand  
jury is one that returns a ver-  
dict of "Not Guilty".

## 350,000 Revenue Bonds to be Voted On Feb. 26

### Mr. Duke Signs Teaching Position Here

Mr. C. Duke, 29, has re-  
signed his teaching position at  
Burkburnett as Vocational Agri-  
culture instructor to return to  
his home town of Burkburnett,  
where he has gone into the feed  
business. He is associated with  
Dudley at Dudley Feed &  
Lumbe on East Main Street.

### News From Office Area Rent Control

Tenants Are Reminded of Their  
Obligations Under Federal  
Rent Laws

Acting Rent Director, Andrew  
E. Gilbert, said today that ten-  
ants also have obligations under  
the Federal Rent Control Laws.

First, tenants should pay their  
rents on the date due. He re-  
minded tenants that if their rents  
are not paid within 3 days of  
the date due their landlords can  
give them a notice to vacate.

Also, tenants can be evicted for  
malicious destruction of property  
or creating nuisances in a  
dwelling unit. Gilbert said fur-  
ther that Rent Stabilization pro-  
tects both the landlord and the  
tenant and the tenants must  
realize that the landlord too has  
some rights under the Act. Ten-  
ants and landlords are both ad-  
vised to contact the local rent  
office if there are any questions  
concerning their rights.

### Monday Meeting Of C-C Directors

Tom Britton, president, was  
in charge of the meeting Mon-  
day noon at Town Hall when  
Chamber of Commerce directors  
and members met for their regu-  
lar monthly luncheon and busi-  
ness session.

Paul Browning gave the in-  
vocation.

Others present were: Secre-  
tary Ray Hill, Geo. McClarty,  
Harry Dodson, A. R. Hill, Casey  
Logan, Will Teal, Geo. Byerly,  
Paul Browning, A. C. Reeves, L.  
D. Holman, Cliff Wampler, J.  
V. Brookshear, Truman Garland,  
Thomas Bell, and C. M. Archer.

Cliff Wampler, in reporting on  
the low rent housing project,  
stated progress on plans were  
being made, with selection of a  
site presently under considera-  
tion.

Thomas Bell, local Agriculture  
instructor in the schools, report-  
ed dates for the FFA Poultry  
Show, which will be held Fri-  
day and Saturday, March 14 and  
15. He also asked approval to hold  
a livestock show in connection  
with the poultry show. The C-C  
agriculture committee will con-  
fer with him on the latter. Bell  
announced a fat calf show will  
be held in Iowa Park Saturday,  
February 23, when a number of  
calves from the Burkburnett  
area will be entered. The C-C  
voted to buy one of the Burkb-  
urnett calves at the auction to  
follow the show. Other business  
men from Burkburnett will buy (or  
at least see that the others bring  
good prices). While on the sub-  
ject of agriculture, the body  
voted to again sponsor the poul-  
try project. Last year the C-C  
bought and gave 1750 chicks to  
boys and girls in this area. This  
year it is planned to purchase  
and distribute 2,000 at least.

Buster Morgan reported work  
at the new Rodeo Grounds is  
progressing quite satisfactorily.  
Enough material is on hand to  
complete the grand stands on  
either side of the arena. That  
will be seating for about 6,500  
people. Later, if materials are  
available, end section seats for  
another 1,000 will be built.

Dates for the Rodeo this year  
were announced—June 23-24-25-  
26th.

### Mr. Williams School Teacher in Church

Mr. Williams, 57, was Sunday  
superintendent for the  
church.

Mr. Williams was a veteran of World  
War I and had been in ill  
health for several years.

Funeral services were con-  
ducted by the pastor of the  
Nazarene Church, Roy McCoy.  
Interment was at the cemetery.  
Serving as pallbearers were:  
Donald McDonald, Orville McDon-  
ald, Virgil Aills, Francis Pratt,  
Ed W. McCollum, and Le-  
slie Smith. The body was in-  
terred in a Wichita Falls ceme-  
tery.

The church has lost one of its  
faithful members. Under  
leadership the attendance has  
not doubled.

Survivors are his wife; three  
Sgt. Joe N. Williams, stand-  
ing with the Army in Bab-  
elonia; Joyce R. Wil-  
son and Leroy Williams of  
Garden Grove, a brother, E. P. Wil-  
son of Wichita Falls; a sister,  
Foster Brinkley of Brown-  
sville and two grandchildren.

### Students Elect Their Board for New Teen Town

The different classes in the  
High school met and elected the  
following students to represent  
them in a Board for Teen Town:  
Seniors, Pude Fewin and Pat  
Lundberg; Juniors, Jon Bear  
and Carol Campbell; Sopho-  
mores, Billy Bean and Billijane  
Smith; Freshmen, Jerry Mc-  
Cabe and Peggy Wilford.

Of the group the following of-  
ficers were elected: Jon Bear,  
president; Pat Lundberg, vice-  
president; Carol Campbell, sec-  
retary.

Marilyn Felty, Reporter  
From Junior High

## BONDS TO BE REPAID FROM NET PROFITS

### Shall The City of Burkburnett Continue to Grow?

That is the question that has been facing your City Council since it became evident several months ago that your light and water systems would soon outgrow their facilities. In order to substantiate our belief we employed Joe E. Ward, Consulting Engineer of Wichita Falls, Texas, to check on our findings to see if your present electric light and water facilities were adequate to provide assured reliable service.

The engineers have reported to us that the present electric light and water facilities are not adequate to provide assured reliable service and have recommended that the following improvements be made at once:

**ELECTRIC SYSTEM:**

New 1,000 KW Generating Unit	\$145,000.00
Repair Building and Cooling Equipment	3,500.00
Repairing Present Switchboard	10,000.00
Improvement of Primary Electric Lines	15,000.00
Additional Transformer Capacity	11,000.00
Improvement of Secondary Electric Lines	5,000.00
Warehouse and Garage for Equipment	4,000.00
Field Check of All Electric Meters	3,000.00
Engineering and Legal Costs	10,000.00
Contingencies and Miscellaneous Expense	4,500.00
<b>TOTAL</b>	<b>\$210,000.00</b>

**WATER SYSTEM:**

New 250,000 Gallon Water Storage Tower	\$ 50,000.00
Complete 6 Inch Supply Main to Prescott	27,000.00
Additional Wells at Prescott Location	8,000.00
Additional Distribution Mains	4,000.00
Repair Present Pump Station Building	1,000.00
Engineering and Legal Fees	5,000.00
Refund Present \$45,000.00 Revenue Bonds	45,000.00
<b>TOTAL</b>	<b>\$140,000.00</b>

A copy of the engineers' report is available at the City Hall for those who would like to study and examine it. As a result of the engineers' recommendations, your City Council has called an election for February 26th to allow you as citizens to determine whether or not \$350,000.00 of electric light and water system bonds shall be issued to defray the cost of the proposed improvements.

### CAN YOUR CITY FINANCE THESE IMPROVEMENTS?

The answer to this very pertinent question is "YES". In order to show that the proposed bond issue can be paid we have projected the present electric and water rates back into the last five years of operation to give us a picture of what we can expect in the future even if we experience no further growth. The adjusted net earnings of your electric light and water systems for the past five years are as follows:

Year	Electric Dept.	Water Dept.	Total Net Earnings
1947	\$35,030.75	\$19,469.20	\$54,499.95
1948	31,002.29	21,017.41	52,019.70
1949	29,055.09	19,513.37	48,568.46
1950	39,978.54	10,668.12	50,646.66
1951	38,720.60	15,406.36	54,126.96

Please bear in mind that the foregoing figures represent NET earnings of the systems after the payment of all operating expenses.

The average annual principal and interest requirements of the proposed \$350,000 bond issue amount to \$23,418.70. Deducting this amount from the net earnings of \$54,126.96 for the fiscal year ended March 31, 1951, it can be seen that \$30,708.26 would be available for the operation of all other city departments. It is estimated it will be necessary to transfer from the water and electric systems each year \$24,000 to run the other departments.

### ARE THE PROPOSED BONDS MARKETABLE?

Your City Council, anticipating that there might be some question as to the marketability of the bonds, contacted eight bond firms on Feb. 4th to meet with them and submit bids for the purchase of the proposed bonds. Bids were accepted and a syndicate composed of three of the firms contracted to purchase the bonds at an average rate of slightly less than 3% interest. The syndicate is further obligated to accept delivery of the bonds at the rate of 3.37% *regardless of market conditions*, provided that the city can make delivery within a period of 90 days from Feb. 4th. We have been informed by our fiscal agent that the bonds will be available for delivery within this period if the election carries favorably.

### THEY ARE REVENUE BONDS

We want to point out that the proposed bonds are strictly REVENUE BONDS and will bear on their face the statement that the holder thereof shall never have the right to demand payment from Taxes or money to be raised from taxation. To do so would be a violation of Texas Law. These bonds will be secured and paid for solely by net profit of the electric and water systems, after deducting expenses of operation.

We have attempted to point out to you what we consider to be the most important phases of the proposed bond issue. However, we fully realize there are some, if not many questions which have not been answered to your complete satisfaction; therefore we solicit and urge any inquiry you might have.

- CITY COMMISSIONERS:**
- A. R. HILL, Mayor
  - GEORGE COUNTER, Jr.
  - CLARK GRESHAM
  - GENE ROBERTSON
  - HARRY DODSON

### C. of C. to Sponsor Chicken Project

Directors of the Chamber of Commerce voted Monday to sponsor the chick project again this year.

Last year 1750 chicks were distributed to thirty-five boys and girls. This year, if chicks are available in time, 2,000 will be put out. Boys or girls interested in receiving chicks may see Ray Hill or Thomas Bell for application forms.

### New Contracts Given Schoolmen

The Board of Education of the Burkburnett Public Schools met in regular session Thursday, February 7th and employed the following:

Mr. Joe Bob Tyler, Coach, two years.

Mr. Jim Whitaker, Assistant Coach; Mr. Albert Richardson, Junior High Principal and Coach; Mr. I. C. Evans, Principal of Hardin Grade School; Mr. D. F. Douglas, Principal of High School, each one year contracts.

### Dr. Ohern's Mother Dies in Okla. Feb. 1

Dr. J. B. Ohern has returned from Des Moines, Iowa, where he attended funeral services for his mother, Mrs. Eugenie G. Ohern, Mrs. Ohern, 85 years of age, died Friday, February 1st, at Oklahoma City.

Services were held for Mrs. Ohern, who was a member of the D. A. R., on Monday, the fourth of February.

Mr. Ohern's father, also 85, lives at Oklahoma City.

### 18-Year Olds May Register In Burk

Austin, Texas, Feb. 13—Boys who reach the age of 18, required to register with the nearest draft board, can register in Burkburnett with H. W. Prinzling at 202 East 2nd Street.

The nearest draft board is Local Board No. 130, Wichita Falls, which has jurisdiction over Wichita County.

Mr. Prinzling's service as registrar enables boys in the Burkburnett area to register nearby without having to go to Wichita Falls.

Brig. Gen. Paul L. Wakefield, state Selective Service director, said today that "people should appreciate the service Mr. Prinzling is rendering the people of the Burkburnett area. He does this job without pay as a patriotic service to his country."

All males are required to register under the draft law on their 18th birthday or within 5 days thereafter.

Maximum penalties that can be applied for failure to register is \$10,000 fine, or five years in prison, or both.

### Basket Ball Queen To Be Crowned At Game Tuesday Nite

Miss Jeanette Love will be crowned Basket Ball Queen at half time Tuesday night, when the local A. and B. teams meet like teams from Quanah on the Burkburnett court. Misses Shirley Fink and Faye Lane will be attendants for the Queen.

The Burkburnett Girls' team will meet Decatur on the same night with their game beginning at 6:30, with the boys' games immediately following. A large crowd is expected out to see the crowning of the Queen.

### I.O.O.F. Officers Installed Here

New officers recently installed in the Odd Fellow Lodge were: Ralph England, Noble Grand; J. M. Lindsay, Vice-Grand; J. H. Cecil, Recording Sec'y; Willis Bartley, Financial Sec.; O. B. Wofford, Treasurer.

### Stocker Calves Bring 40c per Lb. At Saturday Sale

There was a very active market here last Saturday afternoon at the Burkburnett Livestock Sales Barn Auction. Stocker calves sold as high as 40c per pound. All classes of cattle were fully steady with last week.

Fat cows were a little higher with a top price of around 25c.

Bulls were about steady, however one registered bull calf brought \$290.00. This was one of the best yearlings I think that has ever been through this sale. Holt, from Iowa Park sold this animal. Ben Cordray, living Northwest of Burkburnett, was the buyer.

Good quality light weight stocker steer calves sold as high as 40c per pound. Rednecks, brindles and mottled-faced steer calves were in good demand and brought around 31c.

The run was light but very snappy all the way.

The sale next Saturday will open at one o'clock. The barn is located on East Main Street. C. K.

### Rotary Club Each Tuesday at Town Hall

President Virgil Brookshear called the meeting to order at 12:15 last Tuesday noon, asking Clark Gresham to lead the club in singing the National Anthem. T. M. Jenson gave the invocation.

Guests introduced by George Byerly were L. D. Holman, guest of Bill Teal, and J. C. Clower and Marty Boyle, deputy sheriff, guests of Paul Browning, Ray Hanks and H. J. Naylor, visiting Rotarians from Wichita Falls, were also introduced.

Dow Estes, program chairman, presented City Manager Leon Carver, who introduced Morgan Cox and Frank Mednick from the Bonding Companies who have agreed to purchase the bonds for the improvement of the City Light and Water Departments. Both gentlemen made brief talks, showing the need for the improvements, how the bonds are purchased and how they are paid for.

Alvin Hill was the only absent member.

### 1952 Rodeo Dates Are Announced

Monday C. A. Morgan, chairman of the Chamber of Commerce Rodeo committee, announced dates for the 1952 Rodeo. The dates chosen for this year are Monday through Thursday, June 23-24-25-26th.

Work on the new Rodeo arena and grandstands and grounds South of LaSalle Refinery is progressing rapidly, which gives assurance that the new quarters will be ready in ample time for this year's Rodeo.

### Political Announcements

- Under the headings will be published the names of the candidates for public office, subject to the Democratic Primary.
- The fees for announcements will be as follows:
- For State, Judicial, or District Offices ..... \$20.00
  - For County Offices ..... \$15.00
  - For Precinct Offices ..... \$15.00
- Above prices include formal write-up announcement and carrying name in announcement column. All fees cash in advance.
- For County Clerk:**  
DORA DAVIS (Re-election)
- Judge 78th District Court:**  
TEMPLE SHELL, Re-election
- For District Clerk:**  
FLORA COBB
- For Inspector of Hides And Animals:**  
Wichita County  
T. GUY (Pappy) WILLIS (Re-election)

### Band Meeting for Boosters Thursday

A meeting will be called Monday at the Band Booster Club at Town Hall this afternoon (Friday) at 4 P. M. This is a very important meeting and all band parents are urged to attend.

## MEAT FOR 1952

Increased meat production is imperative if consumers are to be provided with their normal requirements. But the extent of the increase will depend almost entirely on whether livestock growers can see any incentive to produce and market under conditions imposed by government regulations.

That is the conclusion of the chairman of the board of the American Meat Institute, an organization which represents meat packing concerns throughout the nation. It was made in a summary of last year's experience in the meat industry and the prospects for the future.

In 1951, consumer disposable income ran about 9 per cent above 1950. Demand for meat was very strong, and the purchasing power was there to sustain it. Yet the average American actually ate three pounds less meat in the year that just ended than in either 1950 or 1949. Production of lamb and mutton went down 17 per cent, to hit a 33-year low. While prospects for a moderate increase in beef production were favorable as 1951 began, threats of price rollbacks and imposition of controls so disrupted marketings that the supply dropped 8 per cent. The sole increase in meat supplies was in pork.

The outlook for the current year is good. Supplies can be expected to increase about three or four pounds per person. However, there is one big "if" in this forecast. That increase can take place if, and only if, OPS regulations and policies do not curtail marketings and disrupt distribution too severely.

In other words, we have a meat industry which is eager to provide us with more meat and is fully capable of accomplishing it. But the most efficient industry on earth cannot do its best when unsound and arbitrary controls hold it back.

## Oil Meets An Emergency

Last year, an event occurred which gave dramatic evidence of the oil industry's ability to deal with emergencies of an almost totally unanticipated character.

The event in question was the Iranian government's nationalization of the Anglo-Iranian Oil Company, which was immediately followed by a shut-down in production. Iranian oil had hitherto been an important part of the world supply. The fear was felt that the shutdown could not help but result in an extremely serious and perhaps prolonged disruption of the whole world oil situation.

This fear, well grounded as it was, failed to sufficiently take into account the vitality and flexibility of the oil industry. Well before the year ended, the bulk of the crude oil shortage resulting from the Iranian dis-

**City of Burk Burnett**  
LEON CARVER, City Manager

ruption was made up by higher production in neighboring Middle East countries—where most of the oil development has been carried on by American capital and enterprise. By the time 1952 came into being, world crude production had increased by nearly 1,000,000 barrels a day—a substantially greater amount than had been lost in Iran.

It was even more difficult to compensate for the closing of the Iranian refinery, as most of the large refineries throughout the free world were running at or near top capacity. But this problem was largely solved by running refineries on an emergency basis and bringing new ones into operation. No serious shortages now exist, either here or abroad, and none are expected unless there is a critical worsening of the international situation.

This was an achievement in which the oil industry can take great and justified pride. It holds a high place in oil's fine record of service.

## Throttling The Free Press

(The following is reprinted from The Freeman Magazine)

"It is scarcely news that President Truman hates the press. But it came as news to us that the Administration was within an inch of getting a throttling hold on the finances of a free press during the closing minutes of the last session of Congress. The legislative clause in question was contained in Senate 2170; it would have given the Administration's price-control czar full authority over the size and allocation of the advertising budgets of private industry. This authority would have permitted the Administration to decide what constitutes 'reasonable' advertising expenses and to exclude from the 'cost of sales' any outlay deemed 'unreasonable.' The proposed legislation, tucked in an 'amendment' to an amendment, passed an absent-minded Senate by a 49 to 21 vote. It would have passed in the House of Representatives if John E. Lyle, Jr., of Corpus Christi, Texas, hadn't spotted the danger in the legislation to the whole concept of free speech. Mr. Lyle, it seems to us, deserves an editorial garland in every newspaper and magazine in the land."—THE FREEMAN.

## Burkburnett . . . . History

Revealed By Star Files 10 Years Ago...

### Burk Blacks Out

Ten counties take part. For a period of 30 minutes Thursday night from 10 to 10:30 o'clock, Burkburnett along with some other towns of the county and nine other counties was in total darkness when the citizens participated in their first black-out as a protective measure against air raids.

The black-out marked the first time in history when Burkburnett and the great oil fields and the lighted streets were in total darkness. The black-out was voted a success.

### War-Time Schedule Observed

The people of Burkburnett moved their clocks and other time-pieces up to comply with the daylight saving of "war time" as enacted by Congress and requested by the President of the United States, and the majority of the business houses were following their regular schedule under change of time. However, there are some merchants who are not observing the war-time schedule. The local schools are on the old schedule.

### Burk Schools Plan for Air Raid

At a recent meeting of the school administrators of this county, plans were perfected for air-raid alarms and drills were worked out. The Burk schools will participate in this defense work.

It is expected and certainly hoped, that a real air raid will never be held at Burk but in our present emergency, the schools as a part of our national defense program, must prepare for every possible contingency.

### Left Side Partially Paralyzed

Harry Martin, employee of the Bell Oil and Gas Co., sustained serious injury Monday morning when he fell from a band wheel.

He was rushed to the Burk Burnett Clinic where X-ray pictures showed a broken neck. The 1st and 6th vertebrae were broken, and he is partly paralyzed on the left side of his body.

He was later taken to a Wichita hospital in an Owens and Brumley ambulance.

### February 12, 1942. At a meeting of the Tire Rationing Board No. 263-B Wednesday, February 11, certificates for tires and tubes were issued to the Texas Company, one tire and tube; Owens and Brumley, one tire and tube, and Fred Ross, one obsolete tire.

Tire Rationing Board No. 263-B, by Fred Boden, member Board.

### HE FORGOT:

He brushed his teeth twice a day with a nationally advertised toothbrush.

The doctor examined him twice a year.

He wore rubbers when it rained.

He slept with the windows open.

He stuck to a diet with plen-

ty of fresh vegetables.

He relinquished his tonsils and traded in several worn out glands.

He golfed, but never more than 18 holes.

He never smoked, drank nor lost his temper.

He did his daily dozen daily.

He got at least 8 hours sleep every night.

The funeral will be held next Wednesday. He is survived by 18 specialists, 4 health institutes, 6 gymnasiums, and numerous manufacturers of health goods and antiseptics. He had forgotten about trains at grade crossings!

## Local Seniors Invited to Attend SMU Conference

All graduating high school seniors of Burkburnett have been invited to attend a day-long "Career and Citizenship Conference" at Southern Methodist University March 21st.

More than 1,000 senior students from 350 high schools within a radius of 100 miles of Dallas are expected to be in attendance, according to Dr. Umphrey Lee, president of SMU.

The all-day conference is designed to assist graduating seniors to clarify the objectives and responsibilities of American cit-

izenship, and to discover their true vocation in life.

The conference is sponsored by the East Texas and Dallas Chamber of Commerce, and by Southern Methodist University.

Brigadier General Robert J. Smith, president of Pioneer Air Lines, and S. J. Hay, president of Great National Life Insurance Co., will address the conference during the morning session in McFarlin Auditorium. During the afternoon, students will convene in various buildings on the SMU campus for conference workshops. Following a grand assembly in McFarlin Auditorium the conference will end at 3 P. M.

Throughout the day the conference program will be highlighted with entertainment. And there will also be a special workshop for attending faculty and

administrators.

President Lee, J. manager of the Dallas Chamber of Commerce, and representative of the Chamber of Commerce will welcome the visitors in morning assembly in Auditorium.

Willis Tate, vice-president of SMU, will preside at the morning session. Dr. Fred Gaines, dean of SMU, will preside at noon.

## SLEEP IS AUTOMATIC... When you set the control on ELECTRIC BED COVERING

Relax and lie down to pleasant dreams. The automatic control of your electric bed covering is the guardian of your night-time comfort. No matter how outside temperature varies, you'll have the slumber climate you like best. One night's sleep under a light-as-foam electric blanket or electric sheet will prove that electric bed covering promotes healthful, relaxed sleep.

Don't spend another night without this extra comfort... select electric bed covering at your electric appliance dealer's today!

## How you, too, can reduce hauling costs on your

Here's a sure way to cut hauling costs on your job. Get a truck that gives you more miles per gallon of gas and oil... that costs less for upkeep... carries more payload. A truck like that will save you money!

Owners of Dodge "Job-Rated" trucks enjoy outstanding economy of trucks that are "Job-Rated"—engineered at the Dodge factory for specific jobs. Because they're "Job-Rated," trucks stand up better, save money.

Come in today for the complete economy. Let us show you how a Dodge "Job-Rated" will cut your hauling costs.

Reduce costs with economical power—Dodge truck engines have four rings per piston, weight aluminum pistons, compression ratio as high as 7.0 to 1, and other economy values.

Reduce costs with low upkeep—You get money-saving advantages as chrome-plated piston rings, exhaust valve seat inserts, pressure lubrication, and many others.

Reduce costs with bigger payloads—Because Dodge "Job-Rated" truck has better weight distribution, it carries more load on the frame. As a result, you can haul bigger payloads.

"We've saved a lot of money with DODGE 'Job-Rated' TRUCKS"

says fruit packer FRANCIS HEIDRICH  
Herman J. Heidrich & Sons, Orlando, Florida

"We're really sold on Dodge for all-round economy and dependability. Every one of our trucks has been replaced by a Dodge and the whole fleet is standing up in a way that sure saves us money."

"Dodge trucks certainly fit our job and keep costs down."

See us today for the best buy in low-cost transport

### Mrs. Louis Littlefair Entertains Study Club Monday Night

The Burkburnett Study Club met for its regular meeting Monday night, February 4th with Mrs. Louis Littlefair as hostess. The meeting was called to order by the president, Mrs. Ralph Davis, and a short business session held.  
 New officers elected for the coming year are as follows: President, Mrs. Marian Ragsdale; Vice-Pres., Mrs. Joe Bob Tyler; Rec. Sec'y., Mrs. Louis Littlefair; Cor. Sec'y., Mrs. Leon Carver; Treas., Mrs. W. T. Zimmerman; Parliamentarian, Mrs. R. M. Davis; Historian, Mrs. Carlton Royce; Press Reporter, Mrs. Grace McIlheran; Art Chairman, Mrs. Alvin Hill; Gift and Flower Committee, Mrs. Harlan Mills and Mrs. Howard Henderson.  
 Featured speaker was Mrs. R. A. Lincoln who gave a very interesting review of "My Home On The Range," by Marguerite Wallace Kennedy.  
 Delicious refreshments were served to: Mesdames Albert Richardson, Marian Ragsdale, W. T. Zimmerman, Howard Henderson, Carlton Royce, Harlan Mills, Louis Littlefair, Harry Dodson, Leon Carver, Joe Bob Tyler, Ralph Davis, F. A. Jamieson, Grace McIlheran, Miss Martha Gail Parr, and one visitor, Mrs. R. A. Lincoln.

### Central Christian Church

R. K. Newton, Pastor

The Sunday School of the Central Christian Church broke its attendance record again last Sunday morning. All teachers were present with a goodly number in each class. We expect to break last Sunday's record, Sunday, February 17th. Will you be the one to put us over the top? We would be happy to have you worship and study with us.  
 Sgt. Eugene Fowler has accepted the superintendent's job of the Sunday School. He will fill the unexpired term of office of John E. Stevens who resigned and is leaving because of Mrs. Stevens' health. We regret losing the Stevens family. Sgt. Fowler filled the office most capably Sunday morning.  
 An anonymous donor presented Kenneth Newton, pastor, with \$50.00 to be placed in the building fund for an educational building or wing. Newton presented the money to Sam King, chairman of the building fund at the Sunday morning service. May we say thanks to the donor.

### Mrs. Grover Johnson Guest Speaker For Univ. Study Club

Each member and guest of the University Study Club showed intense interest when Mrs. Grover C. Johnson spoke to them on the afternoon of February 6 at the home of Mrs. C. J. Morrison, with Mrs. J. M. Pogue as hostess.  
 Mrs. O. E. Melton, program chairman, introduced Mrs. Johnson, who had as her subject, "International Relations," and who chose to speak specifically of "United Nations." "If we think the U. N. has been a failure," she said, "we must remember that it is just a baby, only six years old, and as it grows and matures, it will be able to accomplish more." She pointed out that it took our original thirteen colonies, thirteen years to form a plan of unification acceptable to all, and since the U. N. is composed of many nations, more time may be needed.  
 Among the good things which the U. N. has accomplished, Mrs. Johnson said, was the lifting of the Berlin blockade.  
 The speaker closed her talk with a short discussion of Narcotics, saying that this too, pertains to international relations, since most narcotics are smuggled across our borders. She presented a display, showing a "reefer," a "goof ball," a "red bird" and on through the list. Mrs. Johnson uses this display in speaking to high school students, so that they may recognize these narcotics, and beware of those who approach them as salesmen. Students are also taught the terrible effects of the drugs and the horror of the cure—"if" she said, "there is a cure."  
 During the social hour, Mrs. Pogue, assisted by Mrs. Morrison, served a delicious refreshment plate to Mrs. Johnson and Mrs. W. H. Newell of Wichita Falls; Mrs. Glen Bear and Mrs. D. C. Dodson as guests, and the following members: Mesdames Cauthorn, president of the club, who presided during the afternoon, and A. R. Bunstine, Bill Crosley, R. H. Henry, W. R. Hill, W. H. Holt, S. A. King, O. E. Melton, R. P. Reagan, S. S. Reger, J. H. Rigby, R. C. Tevis, Beard and the hostess.  
 Pat Crawford of Eastland, Texas, was here visiting over the week end.

### Shooting Star Blue Birds Meet

The Shooting Star Blue Birds met at the home of Marihelen Russell February 6th for their weekly meeting.  
 Linda Sharp gave a very interesting report on their trip to the Taystee Bakery in Wichita Falls. The group presented Blue Bird pins to two members, Linda Sharpe and Jane Ellen Yarbo, who are leaving.  
 We were glad to welcome Courtney Schroeder to our group. Next week we will meet with Pat Tyler, when we will discuss plans for our Good Behavior Party.  
 Marihelen Russell, Reporter  
 Sloan Mills is improving slowly at the Wichita Clinic.

Mrs. J. E. Anderson brought her den of Cub Scouts to Sunday School last Sunday. We were happy to have Mrs. Anderson and those handsome young fellows with us and extend them a cordial invitation to come again.  
 Mr. and Mrs. C. E. Jones announce the arrival of a grandson, David Keith, born Saturday, February 2nd. The 6 lbs. 7 oz. youngster, is the son of Mr. and Mrs. Keith Jones of Vanderbilt. The mother, father, baby, along with grandparents are doing fine.  
 Mr. and Mrs. Aubry Waldrop and Mr. and Mrs. Buddy Morris visited Mr. and Mrs. Fred Voorheis in Weatherford, Texas week before last.  
 Mr. and Mrs. Bill Ham of San Diego, California, are visiting in the home of her brother, W. M. Ferguson and Mrs. Ferguson.

### NEW AND GROWING INDUSTRIES DOUBLE USE OF NATURAL GAS

How much is 320,000,000,000? For one thing, it's the number of cubic feet of natural gas United supplied to industries, including electric power plants, in the Gulf South during 1951. Three hundred and twenty billion cubic feet of gas used by industry in a single year tells a convincing story of progress for our region. It's twice the volume consumed by United's industrial

and power plant customers just ten years before... in 1941. The continuing expansion of existing industries and the movement of new industries into the area create larger payrolls... put more money into circulation... contribute in many ways to a more prosperous economy. Our company is always on the alert to help the growth of industry in the Gulf South.

Anything that helps build the Gulf South... helps YOU

### Notice of Election

STATE OF TEXAS  
 COUNTY OF WICHITA  
 CITY OF BURKBURNETT  
 THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF BURKBURNETT, TEXAS, OWN TAXABLE PROPERTY IN SAID CITY AND HAVE DULY RENDERED THE SAME FOR TAXATION.

TAKE NOTICE that an election will be held in the City of Burk Burnett, Texas, on the 26th day of February, 1952, on the following propositions and at the place particularly set forth in the election order adopted by the Board of Commissioners on the 4th day of February, 1952, as follows:

**RESOLUTION**  
 Calling an election on the issue of the issuance of \$210,000.00 Waterworks Improvement and Extension Revenue Bonds and on the Question of the issuance of \$210,000.00 Light and Power System Revenue Bonds.

WHEREAS, the Board of Commissioners of the City of Burk Burnett, Texas, deems it advisable to issue the bonds of said City for the purposes herein mentioned;

IT IS RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF BURKBURNETT, TEXAS:

That an election be held in the City of Burk Burnett, Texas, on the 26th day of February, 1952, at which election the following propositions shall be submitted:

**Proposition No. 1**  
 That the Board of Commissioners of the City of Burk Burnett, Texas, be authorized to

issue the bonds of said City in the amount of \$140,000.00, maturing in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Thirty (30) years from their date, bearing interest at a rate not to exceed Four (4%) per cent per annum, for the purpose of improving and extending the City's Waterworks System, to be issued in accordance with and secured in the manner provided in Article 1111-1118, both inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation, secured by a pledge of the net revenues of the City's Light and Power System, and if the Light and Power System Revenue Bonds are voted as provided in Proposition No. 2, to be secured additionally by a pledge of the net revenues from the operation of said Light and Power System.

**Proposition No. 2**  
 Shall the Board of Commissioners of the City of Burk Burnett, Texas, be authorized to issue the bonds of said City in the amount of \$210,000, maturing in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Thirty (30) years from their date, bearing interest at a rate not to exceed Four (4%) per cent per annum, for the purpose of improving and extending the City's Light and Power System, to be issued in accordance with and secured in the manner provided in Articles 1111-1118, both inclusive, of the Revised Civil Statutes of Texas, 1925, as

amended, each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation, secured by a pledge of the net revenues of the City's Light and Power System, and if the Waterworks Improvement and Extension Revenue Bonds are voted as provided in Proposition No. 1, to be secured additionally by a pledge of the net revenues from the operation of said Waterworks System.

2. That said election shall be held at the City Hall within said City, and the following named persons are hereby appointed directors of said election, to-wit:

Mr. Francis Felty, Presiding Judge,  
 Mrs. Evelyn Felty, Clerk,  
 Miss Bess McGinnis, Clerk.

3. That said election shall be held under the provisions of Chapter 1, Title 22 of the Revised Civil Statutes of 1925, as amended, including the provisions of Article 704, as amended by Chapter 382, passed at the First Called Session of the Forty-Fourth Legislature, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots for said election shall have written or printed thereon the following:

**Proposition No. 1**  
 'For the issuance of Waterworks Improvement and Extension Revenue Bonds.'  
 'Against the issuance of Waterworks Improvement and Extension Revenue Bonds.'

**Proposition No. 2**  
 'For the issuance of Light and Power System Revenue Bonds.'  
 'Against the issuance of Light and Power System Revenue Bonds.'

Each voter shall mark out with black ink or black pencil one of the expressions on each proposition, thus leaving the other as indicating his vote on such proposition.

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Secretary shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended by Chapter 382, passed at the First Called Session of the Forty-Fourth Legislature, supra. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this the 4th day of February, 1952.

A. R. HILL, Mayor,  
 City of Burk Burnett, Texas  
 (SEAL)  
 ATTEST:  
 Leon Carver, City Secretary,  
 City of Burk Burnett, Texas  
 29-21C

### YOUR HEALTH

By Geo. W. Cox, M. D.  
 State Health Officer

#### WHOOPING COUGH

Inasmuch as the incidence of whooping cough in Texas is expected to show an increase during the coming months, Dr. Geo. W. Cox, State Health Officer, released a statement today urging that strenuous efforts be made to control the spread of this debilitating childhood disease. There were 1273 cases reported during the first 5 weeks of this year.

"Whooping cough can only be contracted by direct exposure to the disease, and isolation of cases must be universally practiced if the incidence is to be controlled," Dr. Cox stated.

"The infectious agent or germ of whooping cough is transmitted by droplets expelled in coughing, sneezing, or speaking," Dr. Cox said. "The discharges from the nose and throat are dangerous to susceptible persons; the need for early recognition and careful isolation of whooping cough is obvious. Your family physician should be called at the first sign."

"The first symptoms of this disease is usually a dry cough, which persists day and night and tends to become increasingly severe. The disease is fully developed when vomiting of food and whooping accompany the paroxysm of cough. Dr. Cox stressed the fact that children who have whooping cough should not attend school or come in contact with other children until three weeks after the appearance of typical signs of the disease.

"Prevention and control of whooping cough, especially among infants and small children, may be accomplished thru use of approved vaccine and convalescent serum," Dr. Cox asserted, "and it is important that such measures be taken to protect them. Neglecting to do

so, and allowing the young child to suffer an attack of this disease, may seriously impair his future health."

### Teachers to Hold Dist. Convention

Approximately 2,000 teachers and administrators from 23 Texas counties are expected to attend the Oilbelt District VII Teachers' convention at Sweetwater March 7-8, according to C. W. Tarter, superintendent of Sweetwater Public Schools.

"Education Is Good and Is Getting Better," theme chosen by Texas teachers this year, will be emphasized throughout the convention.

A host of outstanding national educators will be on hand to

address the Oilbelt delegation. A. B. Passmore, district president and elementary supervisor of the Vernon Public Schools, has announced.

Featured speakers for the 3 general sessions will be John Brackeen, past president of American Association of School Administrators; Judge John A. Brett, member of the Criminal Court of Appeals; and Dr. Jas. Hymes, Jr., from George Peabody College.

Sweetwater classroom teachers will honor Oilbelt delegates at a reception in the Sky Room of the Blue Bonnet Hotel Friday night following the general session. Mrs. Roger Eaton is president of the Sweetwater association.

Mr. and Mrs. L. B. Horr attended the 60th Wedding Anniversary of Mrs. Horr's parents, Mr. and Mrs. C. C. Davis in Wichita Falls last Sunday.

**Garages Keep Up With Changing Home Styles**

**Building Can Be Used For Household Storage**

Prospective home builders or buyers should keep in mind that they will need storage space for equipment used in the maintenance of the house and grounds. This can be provided in the garage.

The storage problem was virtually non-existent in the days when houses were built over full basements, but many modern homes have no basements or only partial basements to accommodate heating plants and hot water tanks.

This garage is under the same roof as the house, but a hip roof-style projection over the garage adds variety to the design. Asphalt shingles are blended.

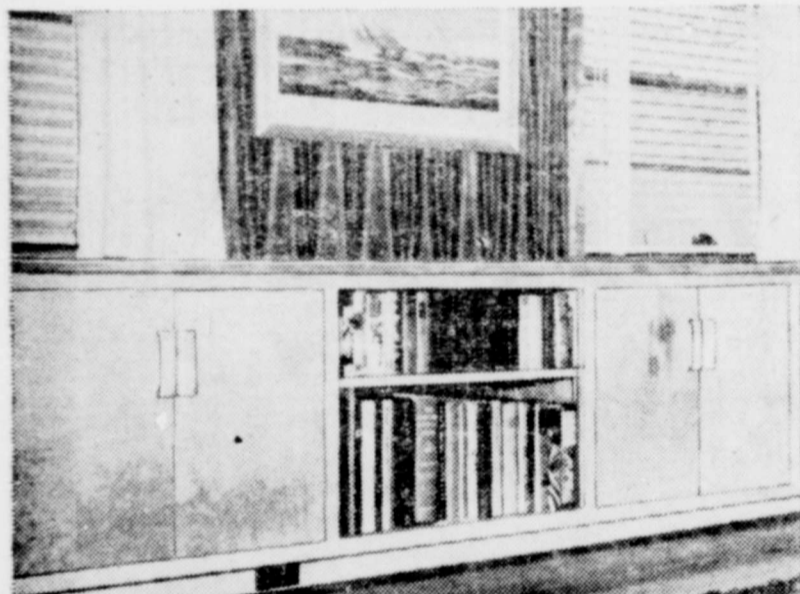

**Exterior Should Blend With Outside of House**

For uniformity of appearance, the exterior of the garage should match the exterior of the house. This is a rule of design for an attached garage and for any separate garage close enough to the dwelling so that both buildings are seen at the same time.

Color harmony is especially important. In nearly all cases, the roof is the largest single unbroken area of a building and the key factor in its exterior appearance.

The variety of solid and blended colors in which asphalt shingles are made makes this material well-suited for solving color harmony problems. Shingles of exactly the same color can be selected for both the house and the garage. Or choose for the garage asphalt shingles which blend with, but do not match, the roofing on the house.

**Built-ins Suit Modern Living**

This combination of a bookcase and cabinets shows how charmingly hardwood plywood built-in furniture fits into a modern living room.

Built-in furniture has become a mark of the most livable new American homes. Built-ins are liked because they suit the easy, casual manner of living that many people have adopted during the last few years.

Among favorite kinds of built-in furniture are cabinets, cupboards, closets, bookcases, shelves, desks, radio and phonograph cabinets, tables, benches, storage walls, counters, bunks, dressing tables, bars, bins, and racks for toys, magazines, towels, phonograph records and sports equipment.

Built-ins are popular for their attractiveness as well as for functional suitability. They usually are made in clean-lined designs that appeal to the modern

taste. The hardwood plywood of which they are often constructed has always been prized for its beauty and decorative fitness.

Hardwood plywood is faced with wood veneer, which adds the attractiveness of wood grain figuring and color to a home interior. Woods veneers are cut to bring out the best-looking grain figures.

Some advantages of hardwood plywood are that it resists warping and swelling and maintains its balanced construction and dimensional stability. It can be nailed close to the edge without splitting. The smooth surface cleans easily. Occasional wiping with a soft cloth and periodic waxing usually are all that is required.

**Whole World Supplies Logs For Veneer**

The wood veneers used in fine furniture, radio and television cabinets, wall paneling, and flush doors are cut from choice hardwood logs brought to American veneer mills from all parts of the world.

Some of the more prominent woods are prime vera from Central America, rosewood from Brazil and the East Indies, paldao and narra from the Philippines, and satinwood from Ceylon, India and the East Indies.

Many woods are imported from Africa, often from the thick of the jungle. Among these are avodire, ayous, sapeli, tigerwood, and thuya. Mahogany, of course, is an African wood, but it also comes in quantity from Mexico, British Honduras and other parts of Central America, the West Indies and South America.

A lot of native American woods rank in beauty with those from more remote parts of the globe. A few of these are American walnut from the Middle West, myrtle from the Pacific Northwest, red and white oak, cherry, red gum from the South and the East, and birch and maple from the North.

More than a hundred species of wood veneer are used by the furniture and plywood industries. Thin sheets of veneer are permanently glued together into hardwood plywood, in which desirable structural properties are combined with the beauty of carefully selected and matched wood face veneers.

**Valentine Party For Primary Dept.**

On Monday night, February 11th, members of the Primary Department of the First Methodist Church were entertained with a Valentine Party in the basement of the church.

After playing various games and exchanging Valentines, Mrs. Walter Riley entertained the children by showing Comedy moving pictures.

Cookies and punch were served.

Mrs. Mary Marie Horak left Monday night for her home in Schuyler, Nebraska, after visiting her parents, Mr. and Mrs. W. J. Tyler for the past three weeks. She came to be with her mother who was ill.

**Tea Detective Can Outdo Fortune**

Albert W. Dimes is an expert who can stump the fortune tellers. He doesn't even need to see the tea leaves to read the story they can tell him.

Just a sip reveals to this "tea detective" not only the country but the exact district in which each tea was grown, how it was processed and blended—even at what altitude it was grown.

Amazing as it seems, Mr. Dimes is as accurate in his work as a Scotland Yard operative or F. B. I. man. He has to be right every time. It is his responsibility to guard the blend perfected by one of the world's great tea companies over 100 years ago.

Miss Muriel Callahan keeps careful record while Mr. Dimes brews and samples. Cup after cup—throughout the day, he tests the work of expert blenders for the Tetley Tea Company. And what do you think he drinks with his meals? Why tea, of course.

Tea tasting is a profession mastered by only a small men throughout the most important factors the flavor of tea depends climatic and seasonal reach perfection. Tasters for companies like the market and buy quality of tea is up to the ard. Then the blend After that it is up to say whether they like the famous master-blend to produce a uniform flavor and color—amber in the cup.

Oh yes, here's an for making "a perfect 1. Rinse pot with boiling water. 2. Put in one teaspoon (teabag) for each cup of the tea. 4. Steep 3 to 5 according to strength. 5. Serve promptly with sugar. You can use what if you prefer, but not Dimes' approval.

**New Glass Reduces Heat And Glare**

A heat-absorbing, glare-reducing glass used in airport control towers and other applications where extreme heat and glare have been a problem is now being mass-produced by the Pittsburgh Plate Glass Co. Named Solex, the glass will appear in 1952 automobiles and other applications. It absorbs a large amount of the sun's ultraviolet rays, reducing interior temperatures from 10 to 20 degrees and preventing fading and deterioration of fabrics.

### MY OPERATION

**NOTE:** Fred Brookman, former editor-owner of the Burk Star, has been having a rough time of it the day before Christmas. He had a very operation Christmas Eve in the Veterans' hospital at McKinney, Texas. Some four or more he was released from the hospital to his home in Waco, Texas, but had to return to the hospital a day or so. Fred is again back at his home and doctors feel this time he is doing ok. We received a letter from Fred, which says "Gotta Make A Change." . . . from this (a big picture) to this (picture of a little skinny Fred) is with the Veterans' Administration in Waco.

doctors at McKinney V. A. H. They picked me rather clean taking out yards of chitterlings, But they left my body lean.

I'm proud of my memory book as I read it thru Because it contains something I treasure: letter, card, telegram or flowers Which happens to be from good old YOU.

As I turn on through the pages Of sheets an' quires an' reams I fall into sweet slumber An' I see you in a dream.

Yes, a dream I had the other night, When all around was still I dreamed I gave each friend of mine A thousand dollar bill.

You bet, I was handin' out the stuff To each good friend and true, But, darn the luck, they woke me up Just as I came to you.

The pleasure I was gettin' From making you a gift Shall not be lost entirely By this THANK YOU shift.

Route 10, Box 301  
Waco, Texas  
FRED BROOKMAN

### The SNAPSHOT GUILD

This picture of teen-age party fun won a prize in last year's National High School Photographic Awards

#### Pictures at School

ONCE in a while I write a column that is of interest to a specific group. Today it is for teen-agers. I hope the rest of my readers will not only bear with me, but will call it to the attention of their teen-age friends.

School days offer never-to-be-repeated picture making opportunities. And now with all the activities in full swing is the time to make a pictorial record of schoolmates and friends. You'll cherish such a record in years to come.

Most schools publish yearbooks, but with your own camera you can create an additional yearbook—one that is personally yours. In it, you can put the schoolmates and activities that interest you most—dozens of pictures to tell the story of your school year.

And among these pictures there are likely to be some that are good, photographically speaking, that would have appeal for people with no special interest in the subject. If you are a high school student (grades 9 through 12) you should enter the best of these in the National High School Photographic Awards sponsored by the National

Scholastic Press Association. This contest offers \$4000 in cash prizes. Some one student will win \$600, while three others are in line for awards totalling \$400 each.

There are four classes and any picture you may take at school, at home or in your travels are bound to fall in one of them. The first class is for babies and children; the second for young people and adults (this includes all high school activities); the third is for pictures to be judged for scenic or pictorial appeal; and the fourth is the animal life class which includes everything from your little brother's white mice to the elephant at the zoo.

The competition began November 1 and will close May 1, 1952. You can enter any black and white picture you've made since March 1, 1951. Chances are that complete information on the contest is available in your school. If it isn't, you can get it by writing National High School Photographic Awards, 18 Journalism Building, University of Minnesota, Minneapolis 14, Minnesota.

—John van Guilder

### Pfc. Billy Barker To Marry Indiana Girl In Spring

Mr. and Mrs. Norvin E. Beaver of Indianapolis, Indiana, announce the engagement of their daughter, Sally, to Pfc. Billy Barker, son of Mr. and Mrs. L. L. Barker of Burk Burnett.

The prospective bridegroom is with the 31st Division stationed

at Ft. Jackson, S. C. Miss Beaver and Pfc. Barker are planning a spring wedding.

A. W. Coles was returned to his home Monday from the Bethania Hospital in Wichita Falls after a week's stay.

Mrs. Jack Harris left last week for her home in Los Angeles after visiting her parents, Mr. and Mrs. Paul Browning,

### Bridwell Soil Application Blanks Available

Application blanks are now available at the Agriculture Department at the High School for those desiring to enter the Bridwell Soil Builders awards contest. More than \$5,000 will be available in prizes to FFA-4-H Farmers, and Ranchers in Wichita, Clay and Archer County.

The contest will be divided into two classifications: Dryland farming and irrigated farming, and contestants may enter either or both classifications. This year there will be 8 divisions a contestant may enter. They are as follows (1) Winter Legumes, (2) Irrigated Summer Legumes, (3) Non-irrigated Summer Legumes, (4) Dryland pastures and general range improvement, (5) Home gardens, (6) Irrigated grass pasture, (7) Conservation practices on whole farm, and (8) Crops following legumes.

For more information on this contest, contact Thomas Bell, Vocational Ag. Teacher at the High school, where application blanks are available.

### Mrs. Arthur Evert Hostess for Grace Missionary Society

Members of the Grace Missionary Society met in the home of Mrs. Arthur Evert for their regular monthly meeting. The meeting was called to order by the president, Mrs. Paul Schroeder. After the opening song by the group, "Take My Life and Let It Be," Mrs. R. L. Young led in prayer and gave a special prayer for Arthur Ramming.

During the business session, the Society voted to buy a register book for the visitors coming to our Church. Our Lenten services will be on Thursdays. They will begin at the end of the month. Our spring Chicken Noodle Supper has been slated for Wednesday, the 16th of April.

The program chairman, Mrs. A. Evert, introduced Mrs. Earl Rinefeldt who gave a news item. Mrs. Paul Schroeder gave a very interesting paper on "Answering the World Wide Call," the topic which was open for discussion.

A very unique Valentine refreshment plate was served to the following guests and members: Mesdames George Schroeder, V. N. Mills, Earl Rinefeldt, Paul Schroeder, Clarence Koenig, H. A. Mills, R. L. Young, Clarence Schroeder, John Enderli, Chester Lasley, Oscar Frieling, U. S. Hill, J. M. Lindsay, Miss Clara Schultz, Pastor Young, and the hostess, Mrs. Evert.

Mrs. John Enderli invited the society to meet with her for the March meeting.

The meeting was adjourned by repeating the Lord's Prayer in unison.

Mr. and Mrs. Charlie Grace of Fort Worth visited here Sunday.

### A RIDDLE

Sans-feet by two-feet footless lay, And four-feet fished sans-feet away. Two-feet was less, but still had more; Four-feet took one, but still had four.

But one doesn't have to think up riddles in order to create difficulties. There are troubles enough of the real sort.

And right now it's doubly important to guard against trouble—expensive trouble. A damage suit brought against you, for example, either as a result of an automobile accident or personal injuries sustained on your premises, might prove even more burdensome than usual. If your home and household property were destroyed by fire, the replacement costs would probably be far more than you paid for them.

Fortunately, it is a simple and inexpensive matter to modernize your insurance to meet present-day conditions. Why not talk it over with this agency today?

### Sunday, April 6th Decision Day at Christian Church

Decision Day has been announced for Sunday, April 6th at the Christian Church. On that day the church will take in 50 or more new members. The church has been steadily showing its strength in a vigorous growth for the past few months. We want the public to know and rejoice with us in the plan for 50 new members on Palm Sunday.

The date, April 6th, is also the date for the beginning of a week of Evangelistic services. The preaching is to be done by Dr. George A. Davis of the First Christian Church of Wichita Falls. Dr. Davis is nationally known as a powerful man of God. The public will not want to miss the opportunity of hearing him. This is a cordial invitation to all to attend every service.

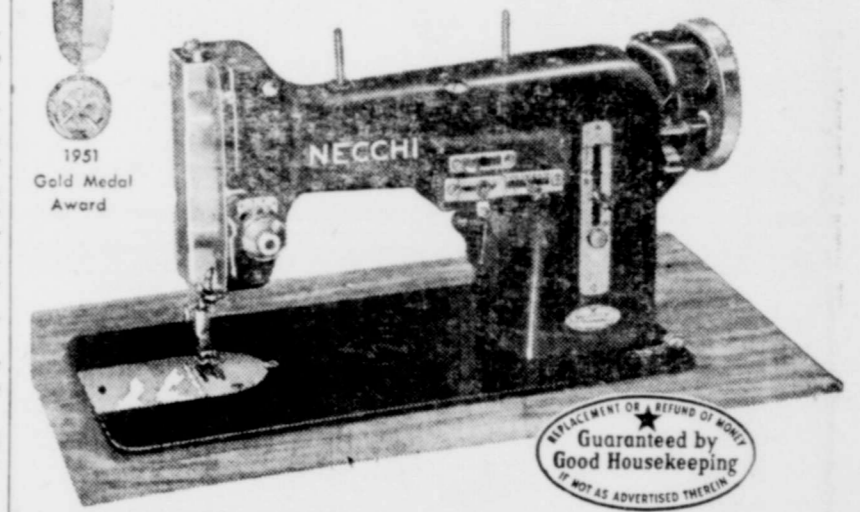

### Christian Women's Fellowship to Meet With Mrs. Cecil

The Christian Women's Fellowship of the Central Christian Church will meet in the home of Mrs. J. H. Cecil Wednesday, February 20th at 7:30 for a program and social. All members are urged to be present.

R. H. Henry, Jr., has accepted a position with an accounting firm in Dallas.

### McDonnell Four-H Circle Achieves Two "Firsts"

The McDonnell Circle of 4-H girls from the Evans Club at Hardin Grade school earned a double distinction at their meeting last Thursday in the home of their leader, LaFaye McDonnell, on Sycamore Road. This group is the first locally to use and learn a new 4-H ritual for meetings.

The ritual will be used in all succeeding meetings of the girls' clubs in Hardin Grade school and Junior High school. It embodies a pledge of allegiance to the flag, the 4-H pledge, and a resume of 4-H purposes, with emphasis on happy, useful living in the home. Credit for the

ritual is due Oklahoma clubs which have developed the ceremony.

In addition, the meetings last Thursday marked the initial development of a junior leadership program for the Burkburnett 4-H clubs. Because she meets the requirements of outstanding club work, age minimum of fourteen years, and excellent character, Karan Flo Prechel has been assigned to meet with the younger girls in the McDonnell Circle. She will advise and assist them on their circle activities as well as their individual projects.

Karan Flo became a 4-H club member in September, 1949, and was elected to office as vice-president. Since then, she has served as first savings bank teller in 1950, entered the county dress revue in 1950, attended the Wichita-Archer 4-H Camp in the summer of 1951, was elected vice-president of the senior club in 1950-1951, and is currently serving as a circle leader in the Junior High club. Her parents are Mr. and Mrs. Wilbur Prechel.

el of the Clara community.

Cocoon cookies and pop marked the end of a work session devoted to the club project of tea towels and the team demonstration on non-fat dry milk. LaFaye was assisted in her hostess duties by her mother, Mrs. C. F. McDonnell who is a former 4-H club member from Oklahoma and, in her club career, completed the projects which her young daughter is just beginning.

Members of the McDonnell circle, in addition to their junior leader Karan Flo Prechel, include LaFaye McDonnell, Peggy Wallace, Eulita Jones, Barbara Hill, and Martha Dintleman.

### Burk 4-H Girls Give Magazines To Sheppard AFB

Burkburnett 4-H Girls this week sent a variety of comics and current periodicals to Sheppard AFB. The contribution was made in response to a Red Cross appeal to the public for help in supplying reading matter to the men at the air base.

Carol Sue Hageman, president of the Junior High Four-H Club, and Kathleen Roark, president of the Evans 4-H Club, were in charge of collections. Assisting them in the project were circle leaders from Junior High, including Annie Boydston, Judy Carver, Mary Jones, Ella Ruth Lasseter, Patsy McNeil, Karan Flo Prechel, and Sarah Talley; and from Hardin Grade school were Janice Davis, Judy Hofacket, Glanna Kay Landes, and LaFaye McDonnell.

### M-K-T Board of Directors Meet

St. Louis, Mo., Feb. 7 — The Board of Directors of the Missouri-Kansas-Texas Railroad Co. meeting here today, authorized payment of one coupon of the Adjustment Mortgage Bonds of the company, R. J. Morfa, board chairman, announced. The coupon will become due and payable on March 1, 1952, and is No. 55, dated April 1, 1950, Morfa said.

Billy George McClarty, student at Baylor, spent the week end at home.

### Jolly Time Blue Birds Have Finger Painting Program

Eleven little girls were all ears and eyes when Mrs. Daniel Sheriff gave them instructions in finger painting at their meeting February 5th. The group met at the home of their leader, Mrs. Walter Riley, and quickly had roll call, payment of dues and a short sing-song, led by their song leader, Mrs. Sheriff then held their attention until the close of the meeting. Each member "painted" a picture to take home. Refreshments were served by the group hostesses, Mary Giles, Charlott Wallace and Irma Ned Riley, to members, the leaders and to two guests, Mesdames Daniel Sheriff and A. C. Auld. The next meeting will be a Valentine party at the home of Peppy Henderson.

### Jolly Time Blue Birds Learn to Cut and to Sew

Mrs. John Durham was in charge of the Jolly Time Blue Bird work project Tuesday, January 29th, when the group met at her home. Handiwork for the meeting was cutting out and basting aprons. Each girl was given a pattern and material. After the pattern was fitted and pinned, the aprons were cut out and the colorful tape binding basted on. A short business session was held prior to the work session. Refreshments were served ten members and Mrs. Durham and Mrs. Riley, leaders, by the group hostesses, Mary Durham, Charlott Wallace and Mary Giles. Mrs. Riley announced that Mrs. Daniel Sheriff would be in charge of the work project at next week's meeting and would bring the girls a lesson in finger painting.

### Expression of Gratitude

I wish to express my sincere appreciation for the help extended us and all the kindness shown us when we were "burned out" February 6th. Everybody treated us wonderfully and I feel that the people of Burkburnett really put into effect the old saying that "charity begins at home." People I had never met before offered us beds and hot meals. The Fire Department did a wonderful job with their prompt action and cleaning up. I thank them too for their extreme courtesy. Our landlord secured new quarters for us, just tailored it seems to our needs, and in all everyone was most kind.
