Chamber of Commerce Luncheon Each Second Monday at Town Hall Everybody Invited Each Pays for His Meal

Efforts Being Made to Save Plants and Shrubs

The critical water shortage still staring Burk Burnett in the face, various plans are being used to keep shrubs around the house. Many people are saving from the bath tub and bringing it to their yards for plants. A few are hauling water once a week for use in their yards. A little water, used with the utmost care, can save a little more, a shrub, or a spot of ground you are trying to nurse through these hot days. Another method of protection against hot sun rays, a lattice frame, shade sacks, or just a plain paper covering a prized plant may save its life. Plants, which have been watered late in the day, where private well water has been used, only the hardy plants survive. Corn stands much hot weather, but few stalks of green corn are in any garden. If you have water available, watering late in the day and giving it a chance to soak deep in the ground. A thorough soaking once a week is better than a slight sprinkling every day. Every bit of water will go in the ground if sprinklers are used. Water flooding from an open hose will not go in the ground and waste water in run-off. There is still a water shortage in Burk Burnett, that only a few and lots of them, can be had. Until the source of water is replenished, there is hope for any more water at the water in yards, washing cars, etc., is prohibited. The penalty for use of water is a fine and having your water cut off.

New Telephone Manager For Burk Burnett

JAMES H. SPENCE James H. Spence of Ft. Worth has been named Southwestern Telephone Company manager for Burk Burnett and four Texas towns, R. B. Peter, district manager for the company announced today. Spence will supervise telephone company commercial accounts in Burk Burnett, Graham, Henrietta and Jacksboro. He will make his headquarters in Graham, Peter said. This is a newly created telephone position for the five towns and means the formation of a group of towns in the company's Wichita Falls District. Commercial activities in these towns have previously been under the direct supervision of Peter. "We have created this new position to help keep pace with growth in these towns," Peter said. Spence is a graduate of Duke University at Durham, North Carolina. A veteran of World War II, he is a native of Cleveland, Ohio. He joined the telephone company as a communications representative at Fort Worth in 1948. He was transferred to Wichita Falls in May, 1949 and worked there until February, 1951 when he was promoted to commercial assistant and later promoted to forecast manager in Fort Worth, the position he now holds.

Editor of Burk Burnett Star, Burk Burnett, Texas.

Dear Sir:—

I want to congratulate you upon your decision to give less attention to the affairs of Washington and more to the affairs of Burk Burnett. There are plenty of things right here in Burk Burnett such as the parking conditions; sanitation conditions; street improvements; poor living conditions in the colored addition; and last but not least the constant demand of the Telephone Company for more money. Don't you think it would be fitting and proper to air these things out through your editorial columns and throw the thing wide open to the public for their opinions? That is one way in which a cross section of public opinion can be reached and after all you have about the only means in which this can be accomplished. Let's try it once and see what the results will be.

Now as to your solution to the critical water condition: Do you believe that the City Council would be justified in passing any ordinance whereby the poor man would be discriminated against? In the first place any rates that are unreasonable and unjust will not be upheld by the courts. The water customer would not pay the rates suggested in your editorial and would only have to ask any court in the land to give him a restraining order against the City cutting off the water service.

You are in error as to the water tower being drained as soon as the notice of the ordinance reached the public. The supply was extremely low at the pump station, Monday night, June 15th and the big tower was completely empty and the situation did not improve any through Tuesday. This was partly caused by pumping difficulties; but mostly from the lack of water.

However by six o'clock Wednesday morning there was some seven or eight feet of water in the tower. Of course the good rain that we got for attending to our own business and letting the politicians attend to the affairs in Washington helped a little.

Don't worry too much over the policing and enforcing of the Ordinance. We have a system of reading the meters that show an unusual amount weekly that will give the police leads that will probably reduce the number of officers needed to something like one thousand. Maybe it can be handled by the local police force.

Give us more of Burk Burnett and less of Washington.

Ross Reagan, Mayor.

Four Burk Burnett Youngsters Report For Induction

Four Burk Burnett boys left Wichita Falls Wednesday to report to the Armed Forces Induction Center in Dallas. They are James Monroe Payne, Jr., Willis Lawrence Bartley, Richard Van Hall and Dale Carpenter Yorbrough.

New Water Well At City Park

A new water well has been completed at the City Park to furnish water for the suffering grass and shrubs. The well promises to be an excellent one. This week two full streams of water have been gushing from the large pump. If the well holds up as expected, it should furnish enough water to make the park a beauty spot again.

Mr. and Mrs. W. R. Spivey and daughter Barbara, spent last week in Bakersfield and Shafter Calif., visiting their daughter and son-in-law. Mr. and Mrs. Darrel Williams accompanied the Spiveys on a sight seeing tour of the mountains, the Kern River, the old gold mines and other places of interest. The Spiveys report they had a nice cool trip there and back.

Don Wilson, son of Mr. and Mrs. Roy Wilson, has arrived home on a 30 day leave from the Navy. This is the first time he has been home in over a year. He is attached to the General J. C. Brickinridge Naval Transport ship and has just returned from this nineteenth trip abroad.

Mr. and Mrs. Norman Brittain and four children, Bob, Bill, Beverly and Belinda from Bakersfield, Calif., are visiting her parents, Mr. and Mrs. R. E. Northcott and other relatives. Bob will stay for an extended visit.

Burkburnett Tops Oil Belt League

The Burk Burnett Boomers continue to dominate the Oil Belt League after eight weeks of play and are almost assured the title after going ahead of the second place Nocona team by four games.

The Burk Boomers' baseball team won their 8th straight Oil Belt League game here last Sunday over Windhorst, 10 to 7.

To Play Friday Night At Spudder Park

The Boomers play Duncan, Oklahoma, Friday night at the Spudder Park in Wichita Falls in an exhibition game. The strong Duncan team defeated the Burk boys two weeks ago at Duncan for the only loss suffered this year. Burk's record for the season to date is 11 games won and 1 loss.

The Boomers will also play Nocona in a League game Sunday at Spudder Park at 2:30 P. M. All season tickets will be good for the Sunday game.

The Boomers go to Electra next Tuesday night for a game.

Mrs. Tommie Bell Brown Visited By Son Last Week

Robert M. Seeds of Omaha, Nebraska, was here last week visiting his mother, Mrs. Tommie Bell Brown. Mr. Seeds is employed in an automobile factory. While in this part of the country, Mr. Seeds visited his brother, Harry Seeds, in Corpus Christi, who works in a Magnolia Refinery. Mrs. Brown reared the boys from tiny tots, and they never forget her on special occasions, and visit her when ever they can.

Mr. and Mrs. Levi Garret of Snyder, have a new son, born June 23rd. He has been named Floyd Thompson Garret.

W. T. Holman Reports Black-Topping Finished

Several miles of black top road have been completed in and near Burk Burnett according to Mr. W. T. Holman, Commissioner of Precinct 2. The black topping includes College Street between the two schools, 150 feet by the Lutheran Church, 4 1-2 miles on Bacon Switch road, 2 miles on Bohner road, 1 mile on Seiber road and 1 mile on Haley road. All of this work was completed Monday and is all new construction.

No Relief Seen From Severe Heat

Burkburnett area is still suffering from extreme drought and heat, with no let-up forecast. All kinds of growing things are suffering, and grass in many pastures is already burned up. Stock water is very low, and animals are showing the effect of the heat and water shortage.

Wednesday marked the sixteenth straight day of temperatures above 100 degrees. Yesterday the thermometer was at 104, and the prediction for today is 105.

Officers Installed For Lions Club

Herman Miller was in charge Tuesday night as the Lions met for their weekly session. Frank Kelley gave the invocation. W. R. Hill led the singing, with Miss Shirley Fink at the piano.

Following the meal Wayne Chambers very impressively installed officers for the coming year, instructing each of his duties, according to Lions International constitution. The following officers were installed:

Francis Kauer, Lion Tamer. J. C. Adams, Jr., Tailor. New directors: Newton Anthony, Francis Beaver and Arthur Buntstine. Holdover directors are J. N. Hicks and D. C. Dodson. Herman Miller, 1st Vice-president.

L. J. Byars, 2nd Vice-president. Winston Freeman, 3rd Vice-president.

Ted Roark, Secretary-Treasurer. W. H. Holt, President. Holt accepted the responsibilities as president, stating he did so humbly, and would do his very best for the club during the coming year.

Newt Anthony reported all materials are on hand for installing lights at the baseball diamond. This project was sponsored by the local Lions.

O. E. S. Chapter

The Burk Burnett Chapter No. 635 met in regular stated meeting Tuesday, June 23rd.

During the business session, Ruby Harris, outgoing secretary, and Mable Johnson, treasurer, presented their annual reports of the work completed as of May 31st.

The chapters' charter was draped at this time in memory of Mr. Lee Garner, deceased. A song "The Pearly White City" was rendered by Connie Stegall and Ruby Harris. The worthy matron gave the poem "He is not gone" which was followed with prayer by Jim Ady.

At the close of the meeting, a very well planned flag day program was conducted by Mrs. Bessie Scruggs. The American and Christian flags were presented in the East by Mesdames Thelma Fowler and Pauline Marine, who in turn, introduced the flag each presented.

Mesdames Estella Martin, Connie Stegall and Mary Ruth Westbrook addressed the colors of the flag and told what each color symbolized. God Bless America was sung by the assembly and the program was closed with prayer by Jim Ady.

Visitors in the Mamie Long home over Sunday were Mrs. Lettie Roberts and son Quinton and family from Houston, Mr. and Mrs. McCalip and family from Holliday, and two grand sons Orbie and Gene Orday from Tuscaloosa, Alabama.

Printing at its best. Call 52

Harriet Ruth Dunn, William Marc Null Recite Wedding Vows At Randlett Okla.

The Church of Christ in Randlett, Okla., was the scene of Saturday evening wedding rites uniting in marriage a young couple popular in the Wichita Falls area. Vows were exchanged at 7 o'clock by Miss Harriet Ruth Dunn, daughter of Mr. and Mrs. C. H. Dunn of Randlett, and William Marc Null, son of Mrs. Nell Lee Null of Vernon, Texas.

Ray Crook, minister, officiated during the ceremony. The nuptial scene consisted of an archway of white stock and greenery flanked by white and pink chrysanthemums and white tapers in candelabras.

The bride, given in marriage by her father, was attired in a white embroidered organdy ballerina-length dress, fashioned with a fitted bodice and full skirt. A shoulderlength veil of illusion was attached to a snug fitting head dress of embroidered organdy, and ornamented with dainty seed pearls. Lilies of the valley, atop a white Bible were carried by the bride.

Wedding music was provided by Jean Ann Fulfs of Randlett, who sang a selection of three nuptial compositions.

Miss Jane Monroe of Aberdeen, S. D., was maid of honor. Her dress, designed similar to that of the bride's, was pink embroidered organdy. She carried a nosegay of white asters.

Misses Barbara Jean Dunn of Tulsa and Karen Hooper of Randlett, candelighters, were dressed in organdy frocks of like design, one of yellow and one of blue, each wearing a wrist bouquet of white asters.

Ben Moody of Wichita Falls was best man. Lt. Dwain Dunn of Randlett was groomsman.

Miss Dunn is a graduate of Randlett High School and Mid-

western University. Club and sorority affiliations include Omega Rho Alpha, Alpha Chi and Phi Theta Kappa, the Business Club and Who's Who in American universities and Colleges. The bride has been employed as secretary to Dr. James B. Boren, president of Midwestern University.

The groom is a graduate of San Jacinto High School in Houston, the University of Texas, and University of Southern California. He is affiliated with the Kappa Sigma Fraternity. Mr. Null is engaged in independent oil operations in Wichita Falls.

A reception was held in the church annex immediately after the ceremony. Presiding at the punch bowl were Misses Carolyn Lovelace and Irene Hasson of Wichita Falls. The three-tiered wedding cake topped with a miniature bride and groom was served by Miss Janet Winstead. Mrs. Wesley Beard, Randlett, secured guests' names for the bride's book.

Mr. and Mrs. Ben E. Moody of 3212 Ninth Street were host and hostess for a lovely dinner party held Friday evening to honor the couple, the wedding party and the couple's immediate family. Attending the affair which was one of a series of prenuptial courtesies held to honor the couple, were 16 guests. Decorations included lovely decorations of roses placed at intervals on the table and silver candelabra flanking a center arrangement. Greenery and gladolus were used throughout the party rooms.

After returning from a wedding trip to Grand Lake, Colo., Mr. and Mrs. Null will establish residence in Wichita Falls at 3206 Ninth Street.

More Streets Paved In Burk Burnett

Burkburnett received several more blocks of paving last week when W. T. Holman, Commissioner of Precinct No. 2, finished his contract with Alvin Hill and Wayne Chambers.

Alvin Hill had several blocks black-topped in his Green Acres Addition, and one block was topped in the Chambers Addition.

Card of Thanks

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

Mrs. Josephine Durham and the Hoepfner family.

Housewarming Party Honors Mr. and Mrs. F. G. Spicer

The new home of Mr. and Mrs. F. G. Spicer, 600 Tidal St. was the scene of a lovely surprise housewarming party Tuesday night, June 9th. Friends and relatives had a very enjoyable time visiting in the couple's new home. Many nice gifts were either brought or sent. Late in the evening, refreshments were served to approximately forty guests by the hostesses, Mrs. Ben Given, Mrs. E. H. Whiteside and Mrs. W. N. Brown.

Out of town guests for the house warming were the Spicer's two daughters, Mrs. J. R. Williams and Mrs. Silas Vance and one grand daughter, Barbara Williams.

Mr. and Mrs. Spicer are long time residents of the Burk Burnett community, having lived 34 years at Thrift, Texas.

Amateur Rodeo Tonight at 8:00 With Added Events

The weekly amateur rodeos, held each Thursday night at Morgan Stadium are proving very popular again this year.

This week's program will be more varied and more entertaining, according to Floyd Marten, president of the amateur rodeo association. The various events will be sponsored by merchants of Burk Burnett, offering small awards to winners of the contests.

Calf roping will be sponsored by Byars Hardware. Other sponsors are:

Butler Bros., barrel race. Stevens and Campbell Gro. and Station, bareback bronc riding.

Burkburnett Motors, wild cow trying. Tom Britton Motors, wild cow riding.

Businessmen who wish to sponsor an event next week may contact Clark Gresham.

Last week the bucking stock was extremely rough, especially the wild cows. These animals are brought in fresh from the range each week.

Marten announces three new bucking horses have been secured to add to the original string. Some of them have never been ridden, even by experienced cowboys using saddles and spurs.

An added feature will be P. S. Swinford and his educated horse. A table will be set and the horse will, on command, eat from several plates. This horse was a favorite of young and old last year as he went through difficult stunts.

The show starts promptly at 8:00 o'clock, and you must be on time or miss the first event, one of the most thrilling, the wild bronc riding. Admission is 25c for each person over six years old.

Colored People Thank People For Celebration

The Colored people of Burk Burnett wish to thank Mr. B. O. Willis, his wife and all the good white people who helped to make June 19th a grand one for us.

The program took place Friday evening, June 19th at 2 p. m. at the City Light Plant. Prayer was offered by Elder A. J. Anderson. Brother T. M. Jensen, pastor of the Methodist Church, brought a wonderful talk. His subject was Facing the Sun Rise. J. A. Jackson from Wichita Falls made a few remarks.

After the program, good old fashioned Bar-B-Q was served to all.

The ball game scheduled for the afternoon was rained out, but they plan to play Friday night at Vernon. The game will be between the Chillicothe Eagles and the Burk Burnett Eagles. Every body is invited.

Lowell H. Foster Can't Do Without The Burk Star!

PURELY CIRCUMSTANTIAL

In the wake of the new tornadoes that killed 140 in Michigan and Ohio and at least 86 in Massachusetts, injured nearly 2,000 more and left many thousand homeless scientists are trying to explain the 249 twisters reported in the US thus far this year and law-makers in Washington are talking of a Congressional investigation.

According to the US weather Bureau, the atomic explosions in Nevada have nothing to do with the sudden, devastating storms that appeared to follow the major blast, and that have caused a total of nearly 450 deaths and property damage or more than \$200,000,000. Rather, the weather experts say, the tornadoes have been caused by the unusual path of the planetary air current across the nation this spring. This current, which flyers have encountered above 10,000 feet and reported as blowing as hard as 250 miles an hour, is always up there, it seems, but affects the weather by changing the pattern of its transcontinental sweep.

So far so good. But we doubt that any scientists were up there above Yucca Flatt to check on what happened when an atomic burst tangled with that high speed fresh air. In any case, we think that far reaches of the lonely Pacific provides a more suitable locale for these top drawer fireworks.

Multi-Colored Mental Therapy

This business of "brightening the corner where you are" is receiving fresh impact the country over, as the "do-it-yourself" rage sweeps the nation. Not everyone goes as far as the man who makes his own hand-crafted paper out of old shirts in his New York apartment, but certainly the business of making or at least finishing your own furniture is becoming a modern-day 'cottage industry'.

Latest blessing to flow from the unending research of American business into new ways of doing things better at less cost is strictly for those who do their own cabinet making, or buy unpainted furniture, the discovery of dye-staining the Tintex Home Economics Bureau.

While you'd never imagine those familiar home dyes for coloring fabrics would stain cabinet woods, experiments by the Bureau have demonstrated that the same dyes that impart the desired hues to clothing and furnishings provide the home craftsman with the whole spectrum rather than the few colors available in commercial wood stains. With 54 dye-colors to select from, the combination of shades and tints is limitless. Application, they tell us, is simpler and the cost considerably less, since a one ounce packet of dye will stain the average book case.

A further advantage is that, if you thusfar merely envied those superior do-it yourselfers from the sidelines, here's the easiest possible way of getting into the act. It not only gets things done the way you want them, but is the best antidote we know for worrying about Communism, atom bombs, taxation and even politics.

BUT HE WON'T QUIT

"In or out of the leader's chair, I know, and you know, that Bob Taft will be working for the good of the nation. No more honorable man ever sat as a senate leader for any party." These were the words of Senator Lyndon Johnson, of Texas, the Democratic leader, in bringing to the Senate floor specific mention of the news that was already known and had saddened and profoundly disturbed the chamber.

It would be, continued Senator Johnson, "a privilege and a pleasure to work with Mr. Knowland as Mr. Taft's deputy."

Senator Taft, himself, told reporters he had a "hip lesion" and what his doctors had told him about it. He must undergo X-ray treatments, have plenty of rest and keep his weight off the ailing hip. While this rules out the strenuous job of floor leader, he will, he said, continue his

attendance at White House meetings, Policy Committee meetings "and so forth." His doctor, he said "insists that I give first priority to getting well."

Senators on both sides of the aisle are equally insistent that he follow orders, even though they know that Mr. Taft may shave the "priority" pretty thin from time to time. And they know too, that while he has personally delegated the leader's chair to California's Knowland, wherever Bob Taft sits when he is able to attend will be the head of the Senate.

Nor should it be forgotten that Rodin's "Thinker" is a sitting figure.

Burkburnett History

Revealed By Star
Files 10 Years Ago...

Mr. and Mrs. Clarence Heiserman of Cumberland, Maine, visited Mr. and Mrs. Jim Turner and Mr. and Mrs. E. Heiserman last week.

Miss Billie Jo Skipworth is visiting her sister, Mrs. J. W. Senn and family in Ft. Worth.

Misses Annie Laurie and Ella Billingslea left Wednesday for a visit in Longview with their brother. They expect to be gone about a week or 10 days.

Carl Wesley Day of the US Navy is here on leave visiting his parents, Mr. and Mrs. H. M. Day.

Volmus Bowman, seaman 2nd class, is here on leave visiting his parents, Mr. and Mrs. Claud Bowman.

Pvt. Gene Turner of Ft. Sill visited his parents, Mr. and Mrs. Jim Turner last weekend.

Ensign Russell Cope left Friday for Los Angeles, Calif., after a visit with his parents, Mr. and Mrs. Sam Cope. He will be stationed in Los Angeles after completing his training at the Naval Reserve Officers Indocination School at Tuscon, Ariz. on June 11th.

Mr. and Mrs. Jim White of Brownwood, were visitors of Mr. and Mrs. Fred Brookman over the weekend.

Mrs. Orvil Schanbaub, formerly Miss Helen Parks, is now at home with her parents until

she can join her husband who is in the Army.

Mrs. R. E. Hoffman has returned to her home after spending five weeks at the home of her brother who has been ill in Abilene, Texas.

Texas State Dept. of Health

Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. Geo. W. Cox, State Health Officer described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia result from absorption of the poisonous substances produced by the germs.

"The germs gain entrance to the body through the mouth,"

SPORTS AND PERSONAL ACTIVITIES INSURANCE
Harwell & Clement Insurance

Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person infected and produce their harmful effects."

Dr. Cox warned that dysentery effects young children more often and more seriously than adults, frequently resulting fatally; however, he said it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases."

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this state."

Friberg-Cooper Cashion News

MRS. R. C. MOSER

Father's Day was observed this week at Friberg-Cooper church beginning Saturday with a large delegation from the church attending a picnic supper in honor of the fathers and sons of the church at Perkins Reservation. Food and games were enjoyed by all.

Vacation Bible School

Mrs. V. C. Lamb was the superintendent for the vacation Bible School this year. The school closed Sunday afternoon by having a display of the work accomplished during vacation Bible School. The event was held in the annex of the church and refreshments were served.

Mrs. M. A. Turner and Mary Kathryn Turner were teachers for the age group of 3 to 5. The subject for this group was nature and our world. Many accomplishments were acquired during their weeks work.

Mrs. Turner and Mary Kathryn are to be commended for the splendid work they did with this group.

Mrs. R. R. Koltner and Mrs. Evelyn Krotcher were in charge of the Primary class age group 6 to 9 years old. This group furthered their study of World friendship by studying habits and customs of the people in China, Africa, Japan and India. Their accomplishments were many and these two teachers are also to be commended.

The junior and intermediate age group 9 to 17 was conducted by Mrs. R. C. Moser and Mrs. O. J. Cooper assistant teacher. This group studied learning the Bible. Special emphasis were placed on the New Testament my studying the Life of Jesus, the journals of Paul and the Revelations of John. Missionary education also had an important lime light in this class since all the work such as projects will be sent to India. Scrap books on the life of Peter and Paul, time charts, songs portrayed by pictures, maps and Christmas cards and free will offering taken at the close of school will be mailed to India soon.

During the week, activities other than study period, worship and Bible drill, included a sun-rise breakfast Wednesday morning at the Community Park. The Garden of Gethsemane was the subject with the group singing "In the Garden" followed by a story of Gethsemane by Peggy Turner the worship service by Bill Koltner, breakfast was prepared and served by Mrs. V. C. Lamb and Mrs. O. J. Cooper. A picnic and volley ball game were special events for the group Sunday afternoon. The MYF Program was "Living as Christians Here and Now."

Mrs. Jenne gave five Youth Life Memberships to the youth of Friberg Cooper Church. Mrs. Jenne is one of the oldest members of the church and this was certainly a beautiful Christian tribute to the youth of the

church. Mrs. J. H. Meyers was the pianist for Vacation Bible school and refreshments were served each day by members of the WSCS of the church.

Cashion Vacation Bible School
The Cashion Baptist Vacation Bible School closed Sunday night by having graduation for the school members. Workers for the school included Mrs. Mason, Mrs. Margie Harrell and Mrs. Hollway with the beginners, Mrs. Leroy Barfield and Mrs. Warren Swinford, primary Mrs. E. F. Cheshire, Mrs. Joe Morton and Mrs. S. R. Riley, Juniors and Mrs. Herbert Adams in charge of the intermediates. Mrs. E. O. Bryon was the principal of the school and Mrs. G. O. Baley was secretary. We had an enrollment of 49 pupils with an average attendance of 43 and 11 workers.

Activities for the week included a picnic for the group at the City Park in Burkburnett.

Community Meeting

Friberg-Cooper Community Organization met at the church annex Monday night with Mrs. R. R. Koltner as chairman. Demonstration was given by 4-H boys and the speaker for the night was Mrs. J. C. Porter of Wichita Falls.

Refreshments were served to the group.

Gold Star 4-H Boy

Friberg-Cooper Cashion is proud to announce that Ralph Swinford has won the honor of Gold Star 4-H boy of Wichita County. Ralph Ray attended a 4-H roundup at College Station the past week.

Cooper Club

The Cooper Home Demonstration Club met in the home of Mrs. Bobby Stewart, Monday at 2 p. m. for their regular meeting with Mrs. R. C. Moser, president, presiding, with each member answering roll call by an incident about my wedding. After the business meeting, the program consisted of Encampment Skit by the recreation committee, Mrs. J. H. Meyer. Refreshments were served to the group. Each member present participated in swap day by bringing something to swap.

Mrs. Ethel Bryon has been in the hospital this week. Mrs. Bryon underwent surgery for her foot the past week. She is improving nicely.

Miss Jeanell Vollmer left this week for camp at Round Rock, Texas, near Austin.

- NOTICE -

Steve Gose of Wichita Falls, Wichita County, Texas; T. W. Hasty, of San Antonio, Bexar County, Texas; T. W. Hasty, Jr. of Ciudad Trujilla, Dominican Republic; Stayton M. BLOOMER GIRL

This fetching bloomer swim suit will cut a shapely silhouette on any beach this summer. Cole of California designed the suit in a gay hopscootch print cotton by Bates. It is styled with a slim, long torso and "telescope" shirred bra, according to National Cotton Council fashion experts.

DEVOL NEWS

By Mrs. C. O. Woodley

Mrs. Ray Tinsley, the former Miss Marie Wood, was complimented with a bridal shower in the church annex, Saturday evening from 8:00 to 9:30 p. m. Home made cookies and punch were served to the guests as they arrived. Mrs. Wyatt and Mrs. Woodly alternated at the punch bowl and Miss Mary Ellen Hutson, classmate of the honoree, presided at the guests book. After several clever games and stunts, a lovely array of gifts were presented Mrs. Tinsley who was assisted in opening them by her mother, Mrs. Ernest Wood, Sr., and sisters, Mrs. Don Atkins of Wichita Falls, Mrs. Lahoma Wood of Burkburnett, Mrs. Ernest Wood Jr., and Miss Judy Wood. Cpl. and Mrs. Tinsley were married recently in the presence of a few friends and relatives in Waco, Texas, where they are stationed, as both are serving in the USAF.

Lieutenant Bruce Wright, who spent a 10 day leave here with his parents, Mr. and Mrs. R. A. Wright, left Friday for Moody AFB at Zaldasto, Georgia where he will receive all weather training for six weeks.

Mrs. W. L. Tandy who has been visiting her daughter, Mrs. R. A. Wright and family, left last week for California. She will visit relatives in Floydada and Lubbock, Texas, enroute to California.

Mr. W. A. Wood, who suffered a light stroke, last Friday, is much improved and able to be up and about.

Mrs. Carl Powell of Ft. Worth visited her parents, Mr. and Mrs. W. A. Wood over the weekend.

Mr. Carl Cates and little daughter Pamela of San Antonio, spent the weekend with his parents, Mr. and Mrs. Jesse Cates.

Mrs. Tillie Smiley who has been taking care of Mrs. E. A. Mallory for several weeks, returned to her home in Walters, Sunday. Mrs. Joe Burns of Burkburnett is with Mrs. Mallory this week.

Miss Fae Gill of Duncan and Mr. and Mrs. Paul McKoun of Faxon were weekend guests in the Mallory home.

Guests in the home of Mrs. Ida Alford the past week included Mr. and Mrs. Bill Alford and Darlene of Waco, Tex., Mr. and Mrs. J. H. Griffin of Ft. Worth, Mr. and Mrs. A. C. McElhane, Sr. and Mr. and Mrs. A. C. McElhane, Jr., of Chickasha, Mrs. Edd Jones of Lubbock, Tex., and Mr. and Mrs. J. W. Riley of Wichita Falls.

Mrs. Nora Wood left Friday for California where she will spend a month visiting relatives. Francyne and Lenten Louis McClendon and David and Deonne Hart have been attending a religious school at Grandfield this week.

Mrs. K. B. Uthe is spending this week in Odessa, Texas with her niece, Mrs. C. D. Pettigrew and family.

Donald Ray Davis of Calera is visiting friends here this week.

Mr. and Mrs. Jack McCasland were Enid visitors recently. Mrs. Onie Slabaugh has been staying with her daughter, Mrs. Charles Glandon and family of Grandfield, to help care for a new grandson born recently in a Lawton Hospital.

Mr. and Mrs. Ben Knauth and daughter, Jane, spent this past week with Mrs. F. R. Knauth.

Army Blues is the official song of the US Army.

Revival Services Nazarene Church June 24-July 5th

REV. BUFORD BATTEN

Revival services will begin June 24th at the Church of the Nazarene and last through July 5th.

The services will be held each week night, beginning at eight o'clock, in the air conditioned church building.

Rev. Buford Batten of Lubbock, Texas will conduct the services. He is an evangelist in the Church of the Nazarene, devoting full time to the work of evangelism. He has had wide experience as a minister, having served as pastor in San Antonio and Dallas, Texas; in Clovis, and Roswell, New Mexico; and in Olympia, Washington; besides several years as an evangelist. He also served as district president of the Abilene District Young People's Society for three years, and as chairman of the Church School Board of the New Mexico District for three years.

The Rev. Batten is a forceful preacher, presenting the appeal of the gospel in a convincing manner.

The public is cordially invited to attend these services. Rev. Roy McCoy, is pastor of the local church.

Virginia Gellner Donald Roy Recite Wedding Vows

Rev. T. Lynn Stewart, pastor of the First Baptist church in Burkburnett, directed marriage rites Sunday evening, June 7th, to unite Miss Virginia Gellner and Donald Roy, well known couple of this city. Only relatives and close friends of the couple witnessed the simple ceremony.

Mr. Edd Gellner gave his daughter in marriage. She was a lovely picture, attired in a beautiful white linen suit with white accessories. She carried a white Bible topped with deep red rose buds.

Miss Brenda Michna of Burkburnett, the maid of honor, wore a suit of yellow-gold with brown and gold accessories. Her corsage was of beautiful yellow-gold carnations.

Mr. Billy Edmond Hansmeyer of Norman, Okla., was best man for the groom.

Miss Donna Ady of Burkburnett presented the musical background for the wedding. Immediately following the wedding, the reception was held in the church parlor. The lovely two tiered wedding cake, topped by a miniature bride and groom, and punch were served from a beautifully appointed table centered with a lovely arrangement of pink gladioli. Duties of presiding were shared by Mrs. Edwin Michna and Mrs. William R. Pannell. Miss Natalie Brock presided at the guest book.

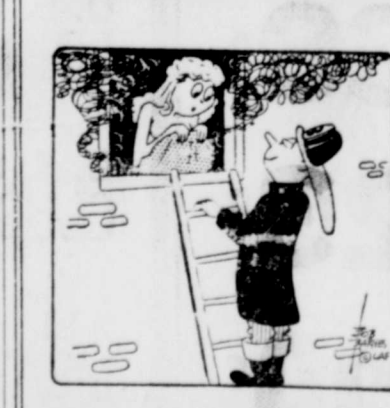

The reception preceded departure of Mr. and Mrs. Roy for a short honeymoon in Ardmore Okla., the latter traveling in a smart gray dress complimented by white accessories. On their return to Burkburnett, Mrs. Roy will make her home with her parents while Mr. Roy returns to Del Rio, Texas.

The wedding rites united two well known people. The bride, who has been making her home in Burkburnett, is employed by the Bell Telephone Co. in Wichita Falls. She is a graduate of Burkburnett Schools, and is the daughter of Mr. and Mrs. Edd Gellner of this city.

Mr. Roy is the son of Mrs. De Alva Roy of Wichita Falls. The groom attended schools in Burkburnett and is now in the USAF stationed in Del Rio, Tex.

The inhabitants of Guam call themselves the Chamorros.

Father and Son To Hold Revival At Calvary Church

Calvary Baptist feels fortunate in having secured the services of two busy and successful preachers to conduct our coming revival. These two are not strangers in Burkburnett, both of them having conducted revivals here before. They are father and son, Rev. Norman Dollar and his son Rev. Truman Dollar. The daddy is just a young man, 36 years of age, and the son is a mere lad of only 15 years. But I'll guarantee you, they are both spiritual giants when it comes to handling them selves in the pulpit and preaching the Word of God. Most of you will remember the young man, Bro. Truman Dollar, as the lad who amused and stirred the hearts of the people of this town last September in a revival at Calvary Baptist. They are not showmen, but powerful preachers of the Word, who will thrill and fill you with a thus said the Lord.

Here is the dates to remember in this advanced notice. The father will be here first, beginning Monday night, July 20th. He will continue a week, and then the son will begin Monday night, July 27th. As we have said, these are busy preachers, and this is the only date we could get them at these successive weeks. Don't forget the time. Plan to attend.

Larry Linger Wins Portrait Contest

Larry Linger was judged the "most Photogenic Baby" in a contest conducted by Paramount Portraits. He was presented with a loving cup, a \$25 merchandise certificate and a \$10 portrait. Paula Kay Santongela was second prize winner. Debra Jo Rogers won a \$5 merchandise certificate and a \$5 portrait as third prize.

Other winners in the contest, listed from fourth place to 10th, are Melinda McCall, Mark Hapnersted, Joyce Joyner, Yvonne Bradley, Phil Warren, Tommy Durham and Joann Evon Bochger.

Little Larry is the son of Mr. and Mrs. Sonny Linger, who are presently in Amarillo, Tex. Mrs. Linger will be remembered as Bessie Turner of Burkburnett.

Burk Study Club Holds Installation For New Officers

Mrs. Marian Ragsdale, retiring president of the Burkburnett Study club, conducted clever installation rites during which the elected officers assumed their duties for 1953-54 term.

The impressive candlelight ceremony took place at the Wichita Falls Country Club. The installation theme was "Parts of the Tree". Each new officer was presented a gardenia corsage by Mrs. Ragsdale.

The invocation was given by Mrs. Ragsdale. Mrs. Joe Bob Tyler and Miss Louise Stamps presented an enjoyable musical program consisting of selections popular during the Flaming 20's.

Miss Martha Gail Parr was voted as having the Best Paper for the year. Mrs. Zimmerman was voted as being the most valuable member.

Mrs. Ragsdale was presented a gold bracelet by the members of the club.

Superintendent Ralph Davis and family were visitors in Howe Texas over the weekend. They visited Mr. Davis's parents and relatives.

Mrs. Ray Monroe Dies At Amherst

Mrs. Ray Monroe, a former resident of the Cashion community, died in an Amherst hospital Sunday night after an extended illness.

Funeral services have been scheduled Tuesday from the First Baptist church of Littlefield with Rev. C. H. Van Landigham pastor, officiating. Exact time of the services had not been set Sunday night.

Mrs. Monroe is survived by her husband, one daughter, Mrs. Junior Muller of Littlefield; two sons Clarence and Glynn both of Littlefield; eight brothers, six sisters; her mother and one grandchild.

After the invocation by Clarence Beasley of Wichita Falls, introduction of visiting Rotarians by Burn Alexander, Mayor, Bookbinder, program chairman and Wichita Falls Rotarian who gave a very interesting informative talk on taxes, their effect on estates, also the importance of a will and effect on the taxable amount of estate left in trust.

Cotton Acreage May Be Increased

Cotton acreage under control allotments for West Texas counties will be increased if a three-year average on cotton acres in cultivation substituted for the present formula which is based on a five year average.

Hearings are due to start Washington before congressional committees during the coming week on House Bill 6566, the Senate Bill 2106, which provide the substitution widely supported by many western cotton growers.

Information developed by West Texas Chamber of Commerce from records published by the US Department of Agriculture show that all but 20 of 117 cotton-growing counties in West Texas would gain acreage by passage of these bills, largely because of new acreage into cotton production during recent years.

The law now provides allotments be used on an average acreage of five crop years of 1951, 1952 and 1953.

West Texas as a whole will gain 688,900 acres for 1954. The new formula is approved Congress. The WTCC urges every grower to give his congressman his opinion of the more desirable formula.

Wichita County would be allotted 11,200 acres on the proposed three-year basis and 900 on the present five year basis.

News From The Congress

By FRANK IKARD

This week I discussed the drought situation in the Tenth District with Congressman Hope of the Agriculture Committee, and Congressman of Colorado, who is chairman of the Livestock Subcommittee, along with representatives of the Department of Agriculture and the Bureau of Budget in an effort to work out a program that will be of benefit to the drought area.

Nothing that can be done is being done, and the Government has 700,000 tons of cottonseed cake and pellets on hand. At the present time, this will sell in the foreign market at a price substantially below the market price in this country.

On July 1st, the Government is starting to move a greater volume of this on the foreign market at a lower price. It is my opinion, to take action to assure that corn available to the feeders. As corn can be marketed at a price that is more advantageous than feed to cattle, there will be a few cattle fed.

We have also spent a couple of days talking to Secretary of Agriculture Benson about this problem. He told me that as a result of the earlier meeting we had with the Chairman of the Congressional Committee, representatives of the Bureau of Agriculture and Department of the Budget and President Members of the Cabinet and they would have some action concerning the drought

area in a very short time.

The Secretary will be in Lubbock on June 27th. I suggested to him that if his time would permit that he personally see a great deal of the drought area and that he discuss the matter with farmers and ranchers in that area. He told me that he would be glad to see anyone who would like to talk to him at Lubbock on Saturday June 27.

Making feed available to the ranchers or extending any additional credit under the Farmers Home Administration or a similar agency cannot progress with any degree of success without the endorsement and approval of the Executive Branch, or more particularly, the Secretary of Agriculture, and as I have stated, Mr. Benson said that he and his Department had been carefully studying the situation and that they would have some program to announce in a short time. After the program is announced, then we can begin to make some real progress. I intend to keep in constant touch with this situation and to do all that I can to see that some effective workable program is worked out.

Visitors in the office this week were Mrs. Ola Karsteter of Bowie, Mr. and Mrs. Ralph L. Martin and daughter, Marilyn Kay and their niece, Miss Patty Sue Sparks, of Wichita Falls, Mr. and Mrs. Billy Y. Miles, Mrs. W. E. Miles, and Grady Rogers of Nocona, and Dr. Omas O. Shaw of Denton, Miss Yvonne Allen of Argyle, one of four delegates named to represent Texas at the 1953 National 4-H Club camp in Washington, was also a visitor this week.

HEALTH TALKS

By Texas Medical Ass'n

You might think your nerves bear the brunt when everything goes wrong — but they sometimes pass the buck to the stomach. Then you speak of having "nervous indigestion."

Quite a few people have this complaint. They report getting sick at the stomach or losing their appetites when they experience worry, anger, fear, or other strong emotions. If the period is prolonged, they even reach the point of acute illness.

When they seek a physician's opinion, a thorough examination is in order. The doctor has at his disposal a number of tests which will conclusively reveal or rule out organic disease: gastroscopy (looking at the inside of the stomach through a tube), analysis of the stomach's contents, x-ray examination, and examination, of the stool.

If the doctors decides that emotional troubles are at the root of indigestion, he can outline a course of treatment. First he perhaps will recommend correction of minor defects, such as bad teeth, tonsils, or infected sinuses which may have some bearing. Next, he will emphasize the importance of a regular schedule for meals, elimination, rest, recreation, and so on; the diet will include only easily digested foods. Pleasant surroundings for meals, regular vacations and holidays, and forgetting upsetting incidents as quick as possible are other positive measures for helping to get rid of indigestion.

One of the conditions the doctor is careful to differentiate from nervous indigestion is that of peptic ulcer. This condition is estimated to affect about 10 percent of the general population.

The most common location for peptic ulcer is in the stomach or duodenum, the part of the small intestine just beyond the stomach, but it may occur in any part of the food tube which is bathed in gastric juice (the stomach's secretions).

The most characteristic symptoms of peptic ulcer is gnawing "hunger pain", which usually is relieved by frequent, small feeding; there also may be nausea with or without vomiting, belching, excessive saliva formation, heartburn, or constipation.

Usually treatment with simple measures like diet, rest and medicine is sufficient, but an operation sometimes is necessary.

Another disease of the gastrointestinal tract (stomach and intestines) which may be serious is cancer of the colon and rectum. Even though it is easy for the doctor to discover and treat this disease early, it is responsible for more deaths than cancer in any other part of the body. Its symptoms are a change in bowel habit (diarrhea, constipation, or alternating periods of each), bleeding, loss of weight, or pain.

The chances for good results from treatment are increased considerably if the patient reports as soon as he notices any of these symptoms or, better still, if he is treated even before they appear. A rectal examination will cause very little discomfort and may yield dividends by prolonging life and preventing pain. In the examination the physician will use an instrument which allows him to observe the inside of the rectal canal and lower end of the colon (the sigmoid). X-ray examination also may be needed.

A disease which affects an estimated one-third of the adult population is hemorrhoids. Also

called piles, this condition amounts to varicose veins inside or outside the rectum; sometimes there may be a combination of external and internal hemorrhoids.

Treatment of hemorrhoids may be by conservative method such as ice packs followed by hot, wet packs, and sitting in hot water, surgery is usually more satisfactory from the standpoint of more lasting results. Usually hemorrhoids are completely removed. Internal hemorrhoids, that is, those occurring in the rectal canal, can be relieved at least temporarily by the injection of an irritating chemical into the tissue surrounding the varicose veins. Scar tissue which forms, shrinks these tissues, usually destroying the hemorrhoids.

Lone Star Gas Company

Ordinance No. 317

An ordinance giving City Council of the City of Burkburnett, Texas authority to prohibit the use of water from City Water Mains for Irrigation of Lawns, Trees, Shrubs, Grass and Gardens; In Air Conditioners which do not have a Circulating Pump; For Washing Cars or other motor vehicles within or outside the City Limits of the City of Burkburnett, Texas:

Be It Ordained by the City Council of the City of Burkburnett, Texas:

Section 1.

It shall be unlawful for any person, firm, or corporation to use water from the City Water mains to irrigate, sprinkle, or wet down any lawns, gardens, trees or shrubs within or outside the City Limits of the City of Burkburnett, Texas; or for such persons to use said water in Air Conditioners not having a circulating pump; or for such persons to use said water for washing cars or other motor vehicles within or outside the City Limits of the City of Burkburnett, Texas.

Section 2.

The City Council shall have the authority, and does by these presents, have the authority, in order to conserve the shrubs and trees of the Citizens of Burkburnett, to zone the City of Burkburnett, and through Proclamation to allow the people of Burkburnett in those zones to use water for specified purposes set out in the proclamation.

Section 3.

All ordinances or parts of ordinances in conflict herewith are hereby repealed. If any part of this ordinance is held to be unconstitutional, it shall not affect the rest of the ordinance.

Section 4.

Any person, firm, corporation or association who shall violate any of the provisions of this ordinance or suffer or allow the same to be violated, shall upon conviction therefor be subject to a fine of not more than Two Hundred dollars. (\$200.00).

It being deemed by the City Council that an emergency exists, this ordinance shall go into effect immediately upon its passage and publication according to law.

PASSED AND APPROVED THIS THE 15th DAY OF JUNE, 1953.

ATTEST:
TOM R. CARLE,
City Secretary

R. P. REAGAN, Mayor

This Ordinance is to take effect immediately upon publication.

Water in air conditioners without circulating pumps must be turned off and not turned on again until pumps have been installed.

If you have a private pump and water your yard from it, PLEASE put a sign in the front of your house to that effect.

The SNAPSHOT GUILD

Springtime brings many refreshing picture taking opportunities like the above. Don't miss them.

Pictures for Spring

SPRING is almost with us again, bringing with it, as always, a renewal of interests. As picture takers become revitalized, they begin to see the many, many possibilities that arrive with a new season. The dreary grays of the February landscape change little by little to fresh greens. And as the flowers appear, and the skies grow brighter and bluer, the urge to take pictures becomes almost irresistible.

The longer days help, too, and it's a nice change to get outdoors with your camera, after a winter devoted to taking flash pictures indoors.

Be sure your camera and accessories are in good order. Like a wrist watch, your camera can stand a cleaning and going over every once in a while. If anything seems to be the matter with the workings, however, take it to a photo dealer. The interior mechanisms are too delicate to withstand non-professional tinkering. He can advise you best as to your trouble and what you should do about it.

The picture taking possibilities are numerous in spring. Children are out with their roller skates, bicycles, and kites—eager and enthusiastic. Gardens which began with seed catalogs in January are beginning to take form. Practice

sessions for the ambitious golfer get underway in the backyard.

Of course, Nature takes precedence over everything in this season—and it's a wonderful time of year for taking color pictures. With color film you can pick up the delicate tints and shadings of the spring landscape. It's almost as simple to use as black-and-white and whether you prefer color prints or color transparencies for projecting, you'll find it worth the little extra care in exposure which you must take.

One of the most rewarding ways of using color film is in taking close-ups of flowers. With simple cameras you'll need to use a close-up attachment. This is an easy-to-use, inexpensive little gadget, which is, in effect, an eye glass for your camera, enabling it to see a little better for very close work.

The first crocus in purple and yellow and white, the yellow daffodil, the fragile white jonquil, the violets—the beauty of any of these taken close up makes a very impressive picture. Keep your background simple and uncluttered. Take single flowers, or small clumps, rather than great masses of blossoms.

Most important, just be sure to take advantage of springtime's picture taking opportunities.

—John Van Guilder

Rhine Boatman to Have Social Security

This veteran of the Rhine River boats, shown aboard his cargo carrier, will soon get social security protection under a treaty worked out by the International Labor Organization (ILO). The pact guarantees social security on an international basis to some 45,000 boatmen on the river. It goes into effect in June and has been ratified by five countries on the river—Belgium, France, the Federal Republic of Germany, the Netherlands and Switzerland.

U.N. Secretary-General at World Health Parley

Mr. Dag Hammarskjöld, Secretary-General of the United Nations, greets Dr. Brock Chisholm, former Director-General of the World Health Organization, who recently retired. The scene took place at the Palais des Nations in Geneva after Mr. Hammarskjöld had addressed the closing session of the Sixth World Health Assembly. Looking on is Dr. R. L. Coigny, head of WHO New York office.

Sharpening for a Quicker Cut

A farmer in Afghanistan (left) learns how to sharpen a scythe, a new farm implement in a land using the inefficient sickle. Teaching him is Dr. Willi Sommerauer (right), a Swiss expert on small tools, who was sent to Afghanistan under a technical aid program of the Food and Agriculture Organization of U.N.

Timely Tips

There's nothing like a bit of over-the-fence chatter to learn quick tricks for making housekeeping easier. Here are a few that just came our way:

Line your kitchen drawers with plastic fabric. Keeping them clean will be simpler.

Save the paraffin-coated containers from cottage cheese, etc. They come in handy to tote food for family picnics; then throw them away to lessen the load coming home.

Gaily colored foam rubber blocks make wonderful play toys for tots, and they're equally at home in the play pen and bathtub. Should a tossing tantrum come on, no bruises or damage will result—they're safe!

A little baking soda applied with a damp cloth to the bottom of a cool iron will remove starch that has stuck.

Don't remove the heat discoloration from tin cooking pans. Blackened tin heats quicker than shiny tin.

Coronation Plum Conserve—A Spread To Win Order of Merit for Mother

As "purveyor" of spreads to their majesties, Your Family, you always on the lookout for recipes which will bring you new acclaim. Here's one to do the trick. It is named in honor of this year's great event in Britain, the Coronation of Queen Elizabeth. Naturally, it's spread to a queen's taste. It's hard or impossible to buy, and it is economical when you make it yourself.

The spread is Coronation Plum Conserve and it's so easy to make you will want to put up the recipe more than once this summer. For ever choice, firm-fleshed plums are available. For quickest, easiest, neatest sealing, use pint or half-pint fruit jars and seal them with Dome lids or zinc caps.

Here's the recipe:

Coronation Plum Conserve
2 quarts seeded plums 1 large stick cinnamon
1 lemon 6 cups sugar
1/2 teaspoon salt 1 cup raisins
1 cup nut meats

Cook plums until soft with pulp and grated rind of lemon, salt and cinnamon. Add sugar and raisins. Cook until thick. Remove cinnamon. Add nuts. Pour, boiling hot, into hot jars. Put on Dome Lid and seal hand tight.

ABUNDANCE of WATER

We have completed a water well, and our Wash Rack is again in operation.

You will be pleased with the washing and lubrication job you will receive at the Burkburnett Motors.

WE GIVE S. & H. GREEN STAMPS

WE GIVE S. & H. GREEN STAMPS

-YOUR FARM BUREAU-

BY MARYE ECKELKAMP

Do you wonder if Sam Jones is still farming down on the lower forty out on Charlie Road or if Susie Smith can still fry the best chicken in Wichita County? Then you are invited to the Farm Bureau Family night on June 23 to find out. The frolic begins promptly at 7:30 p. m. at the Valley Farm Community House.

The highlight of the night will be a covered dish supper. Each family is requested to bring one dish and Farm Bureau will be furnishing the drinks. Here is a chance for Mom to

get out of the kitchen, for Dad to sample some of the best cooking in Wichita County has to offer, and give the youngsters a night out.

The sidelights will be a program of music and games, with special games planned for the children. No speakers have been engaged for this event.

Even though this is a farm Bureau function, every farmer in the county and his family is encouraged to attend. Many are the tales I have heard about the old fashioned picnics, the box suppers, pie suppers, and

forty-two parties that used to be held in the little red school house. They sounded like not only a lot of fun, but the perfect place to pick up a new recipe or meet neighbors, old and new.

The fast pace set by the generation I belong too, is destroying these little pleasures of fun and relaxation. We never have time. So we don't have memories of neighborhood fun fests to pass on to our children. We don't even take time to visit with our next door neighbors.

Farm Bureau hopes to restore to its proper place on the list of farm activities these old fashioned parties, as some call them.

As you may have noticed, we are calling this Family night, with the emphasis on the "family". We are stressing this theme because farming is a family affair. On Tuesday night, a door prize will be presented to the farmer having the most members of his immediate family present. The prize will be something that his entire family can use and enjoy.

Set your plans now, mark the calendar, bring along your covered dish, and have your family in the line up when Farm Bureau yells, "Come and get it" on Tuesday, June 23.

To White House Allan Shivers

Allan Shivers' chances of becoming the first Texas governor to move to the White House are explored in the current (June 27th) issue of The Saturday Evening Post.

The analysis is made by Geo. Sessions Perry, who reports that the forty-five year-old Shivers handles Texans more skillfully than anyone since Sam Houston and that his political power is almost unrivaled since the time when Stephen Austin, who settled the place, was the government in person.

Shivers' success still mystifies Texans who have seen him almost completely ignore the tried and true techniques of vote-

getting in Texas, Perry writes, in an article entitled "He's Got Texas in the Palm of His Hand."

Despite his hesitancy to buddy up to the man in the street or the furrow, he has become the top dog on the Texas political scene and an enigma with highly provocative potentialities on the national scene," the author finds.

"Not only has he won his own political wars by wide margins and become the titular head of the Democratic Party in Texas, but he was, as of November 4, 1952, the defacto head of the Texas Republicans as well," Perry continues. "Beyond question, it was he, more than any other person, who delivered Texas's twenty-four highly skittish electoral votes to the Eisenhower-Nixon ticket."

What matter of man can it be who rides the obliging Democratic donkey as he airily packs the elephant's trunk with Texas as goobers? Perry says this question becomes one of national interest, for soon Shivers will have graduated from the highest of purely Texas political jobs, when he completes his present term of governor, having served in that office longer than any other man in Texas history.

"As politics is his profession, and one he has mastered cum laude, it's not likely that he'll want to confine himself to local affairs in the future," Perry adds.

It is reported that such neighboring nabobs as Governor Robt. F. Kennon, of Louisiana, are already touting Shivers as the next President of the United States. And Perry points out that Shivers has never yet met his match at the polls.

Carrie Chapman Catt was a leader in the campaign that led to the adoption of the 19th Amendment to the Federal Constitution, which granted suffrage to women on equal terms with men.

LYNDON B. JOHNSON

the House measure. These sums will be used for loans, of course and the co-ops have an excellent record of repayment.

WHEAT PRICES Wheat led a sharp downturn in commodities last week. Prices tumbled to some of the lowest levels in three years.

Prospects is that this summer's harvest will pile up a surplus of over 700 million bushels. As this is written, legislation is planned to set the minimum planting allotment for next year at 66 million acres. Without passage of this legislation, plantings would have to be reduced to 55 million acres. This might lead to growers' disapproving marketing quotas and thus losing high level price support.

COTTON QUOTAS: Drastic cutbacks in cotton acreage in Texas and several other states would be prevented by passage of legislation introduced in the House last week.

This legislation would base acreage allotments on average production for the last three years, would limit reduction to 25 percent in any state. The present formula would compel an overall cutback of 39 per cent in Texas.

COTTONSEED Farm Secretary Benson has expressed reluctance about continuing price support program for cottonseed. The present program supports cottonseed at 90 per cent of parity, the same level at which wheat, corn, tobacco, rice, peanuts and cotton are supported. But the law only permits — does not require — support for cottonseed.

About half the products from last year's cottonseed crop are said to have been turned over to the Government under the support program. Included in the Government's holdings are nearly a billion pounds of cottonseed oil. That's almost as much as is used in food products in a year's time.

FARM FACT Report on the Farm Census of 1950 has just been issued. It shows that, when the Census was taken, Texas had 331,567 farms. That was 86,435 fewer than in 1940. But this smaller number of farms took in 7,705,642 acres more than the larger number of 1940 for a total of 145,389, 014 acres.

NEWS BRIEFS Reciprocal Trade Act extension for one year was approved last week by the House. Approval in the Senate is expected this week.

Thanks to my friend, Carl Estes, dynamic publisher and businessman, for an invitation to a mammoth East Texas fish fry at Carl's place near Longview on Saturday, June 27. Wish I could be there.

Rev. and Mrs. Everett Y. Seale of Beeville were Washington visitors last week. Rev. Seale pastor of the First Methodist Church at Beeville, opened one of our Senate sessions with prayer.

Texas State Society honored Gene Autry at our annual barbecue Saturday, June 20. Gene, a native of Tioga, in Grayson County, is as fine a fellow personally as he is popular in the entertainment world.

Democratic Floor Leader Sam Rayburn told the House last week that Democrats want to cooperate with the President. Said Mr. Rayburn: This present Administration needs more non-partisan help than any administration we have ever had."

Action on the Continental Shelf bill was listed last week as "must" legislation by Senator Knowland, Republican Leader in the Senate.

Billy Earl Askins Makes Dean's List

Billy Earl Askins, Burk Burnett, was one of 198 students making the Dean's List for the spring term at East Texas State college.

To be eligible for the Dean's List, a student must rank in the upper ten per cent of his class and must carry a minimum of 15 semester hours.

Names of those making the honor list have been released by the Faculty Committee on Student Honors, headed by Dr. Cecil B. Wright, head of the department of mathematics.

Askins is a former student of Tarleton State college in Stephenville.

The game ping-pong received its name from the sounds made when the bat hits the celluloid ball.

Lindberg Beacon in Chicago has two billion candle power and is visible for a distance of 300 miles.

SNOWFLAKE

Ready for a refreshing dip on a hot summer afternoon, this attractive vacationer wears an eye-catching swim suit in cotton printed with a snowflake pattern. The suit is styled by Catalina with a side drape and half skirt in front, National Cotton Council fashionists note.

M-K-T Railway Declares Dividend

At a meeting of the board of directors of the Missouri-Kansas Texas Railroad Company, held in St. Louis today, a dividend of \$1.25 a share on the company's 7 percent cumulative preferred stock was declared, payable October 1 to stockholders of record at the close of business September 16, 1953. D. V. Fraser, president, announced.

The directors also authorized payment of the semi-annual installment of interest on the adjustment Mortgage Bonds of the company, covering the first six months of this year, payable October 1.

What Number Will He Call Next?

UNTIL YOU LIFT YOUR RECEIVER, no one knows what your next telephone call will be — or when you'll want it. Telephone calls can't be manufactured ahead of time and kept in stock until you order one. Every call must be tailor-made — within a few seconds after you place your order. Here in Texas, 28,000 telephone people are devoting their time and skill to manufacturing your telephone calls. They are at your service 24 hours a day, 365 days a year — at a cost to you of less than a package of cigarettes a day. SOUTHWESTERN BELL... A TEAM OF 28,000 TEXANS... PARTNERS IN TEXAS' PROGRESS.

Veterans Information Center

607 E Main Street
Dallas, Texas

Q—May I take institutional on farm training under the Korean GI Bill on a part-time basis? I want to get a job in a factory in a nearby town the rest of the time.

A—Under the law, institution-on-farm training must occupy your full time.

Q—I was totally disabled in an automobile accident over six months ago, and my National Service Life Insurance premium are under waiver. I have a permanent plan policy. Will my policy continue to build up guaranteed values, like it did while I was paying my own premiums?

A—Yes. A permanent plan policy under waiver of premiums provides increasing guaranteed values — including the loan privilege and the right to dividends—just as though you were paying premiums.

Q—I'm getting a VA pension for a total and permanent disability, and I live in a house that I received through an inheritance. If I sell the house, how much of the proceeds must be considered as income in figuring whether I come under the income limitations for a pension?

A—In the case of a house that came into your possession through inheritance, all the proceeds will be considered as income, for pension purposes.

Q—I was released from service in July, 1952. By what date must I start training under the Korean GI Bill?

A—Veterans such as yourself, released from service before August 20, 1952, must begin their training under the Korean GI Bill by August 20, 1954. Those released after August 20, 1952, have two years from date of separation in which to begin.

Checking aerial photographs and transferring details to maps, this team of Mexican experts explores the forest wealth of its own country. Standing in background is Georges H. Bernier, of Canada, who acts as technical adviser. He was sent to assist Mexico by the Food and Agriculture Organization of the United Nations (FAO).
