SKINNY WAINWRIGHT'S LEGACY

Long after General Jonathan M. Wainwright, the hero of Bataan, is laid to rest in a soldier's grave in Arlington Cemetery, his courage in the face of the most hopeless assignment any American commander has ever had to accept will remain a bright page in our military history. But we hope too that his explanation of the Philippine debacle will be long remembered:

"For a while," General Wainwright used to say, "we were careless of our nation's safety. We let our guard down."

At this very moment, this very critical moment, in our history, we face increasing opportunities for letting our guard down. It could be as disastrous in the plushy purlieus of the United States as it was in the hell of Corregidor.

BIGGEST BITE

What takes the biggest bite out of your day's pay? The answer is taxes, direct and indirect, according to a novel chart issued by the Tax Foundation.

The Foundation took for its example a wage earner working eight hours a day and with an income of \$4,500 a year, all of which he spends. Then it figured out just how much of his working time is needed to meet category of expense.

The tax burden, it found, accounted for two hours and 34 minutes of each day's gainful work—far more than for food, housing, clothing, recreation, or any other item.

We all kick at the high cost of living. It would make more sense if we kicked at the high cost of government and demand that something be done about it.

VIVE ADENAUER

The sweeping victory of Chancellor Konrad Adenauer in West Germany, in spite of the most heroic efforts of the Communists to disrupt the election, appears to have saved her traditional enemy France, as well as reviving the dying hopes of NATO.

Prior to the German election, all signs in France pointed to the failure of the tough Laniel Government and a general collapse of the country. But with Adenauer, the champion of West European solidarity, the winner, French men apparently decided they'd quit fighting each other and get strong too—and Premier Laniel was just the guy to do the job. In a recent speech, in fact, he declared, "The time has come to bury the hatchet with Germany."

Perhaps we're over-optimistic. But what else can you think when the news from Paris is that the Ministry of Finance is cracking down, and wealthy Frenchmen, who never considered such a thing before, are now paying taxes. Not only on the incomes they say they have, but on what the Government says they have!

PACIFIC PROGRESS — WE HOPE

Foreign secretaries of Australia, New Zealand and the US (cutely known as the ANZUS Treaty Council) have met in Washington, pledged continued and united vigilance against Communism and renewed efforts at maintaining peace in the Pacific. Also, word came from what are known in diplomatic circles as "informed quarters" that the trio agreed to oppose seating Red China in the UN. This device, of course, leaves each of the conferees free to retreat if the pressure becomes too great.

Secretary of State John Foster Dulles described as the "supreme purpose" joint efforts in "the preservation of peace in the area which concerns us". He also said we must not expect "spectacular results."

All of which is somewhat confusing when you consider that "the area which concerns us" included Korea and Indo-China, where, according to report, there is no peace. Nor has there ever been anything "spectacular" about the "preservation of peace." That's what makes the job so difficult. War is so much more gaudy.

UNDERMINING MORALE

An East German policeman, we learn from the Berlin Neue Zeitung, which is published by the US High Commissioner's office, underestimated the power of a woman. The cop, who is no longer on the force—in fact he's quite dead—tried to take her Eisenhower food parcel from her when she returned to the Communist East Zone from West Berlin. The lady swung with her two pound lard can, and bashed in his skull.

The unnamed East German housewife is not only a heroine, but undoubtedly a martyr as well. But she has given the Commie cops a new terror to contemplate.

Law Requires Full Stop Before Passing Halted School Bus

School buses over the state have now begun the task of carrying thousands of children to and from their studies. Soon to be expected are the inevitable tragic reports of deaths and injuries occurring when impatient youngsters dash across busy highways to greet their waiting parents or to board the bus. Most of such accidents could be avoided if motorists would adhere strictly to the letter of the law pertaining to the passing of school buses.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rule applies when meeting a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this case can lead to fines up to \$200 even when no accident occurs. Following an accident in which some child

is injured or killed, the penalties are naturally much more serious.

Although the above rule does not apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking or passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also, any driver would realize the danger of increasing the speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one way street with two or more lanes, or upon a four lane highway.

However, our traffic laws state that even when passing on the right if allowed, it shall be done only under conditions permitting such movement in safety. And in no event should such passing be accomplished by driving off the pavement or main traveled portion of the roadway.

Even when not engaged in passing another vehicle, a driver is prohibited from driving to the left of the center of the roadway at all times except in a few specified instances. The few exceptions where the center may ordinarily be crossed do not apply in the no passing zones designated by dash lines placed to one side of the center stripe on our highways.

Neither may you cross the center line for any purpose when approaching within 100 feet of any bridge, viaduct or tunnel. The prohibition also applies when crossing. A driver should never cross the center line of a highway when the left side of the road is not clearly visible and free of oncoming traffic.

Burkburnett Club Opens Term With Informal Coffee

The fall season was opened by members of the Burkburnett University Study club with an informal coffee and meeting held Wednesday morning in the home of Mrs. E. R. Burns, Burkburnett Road.

Hostesses for the event were members of the yearbook committee, Mesdames R. P. Reagan, J. D. Majors and E. R. Burns.

Musical entertainment was presented by Mrs. Delmar England. Mrs. S. S. Reger, president, welcomed members and introduced the two guests, Mrs. England and Mrs. Sara F. Burns of Oklahoma City. Mrs. Reagan discussed plans for the coming term and the course of study which is entitled "Something New."

During a brief business session plans were made for a party and "guests night" to be held late in September in Mrs. Burn's home. Virgil Brookshear is to present a travel talk. Plans also were made to present door prizes during ensuing meetings. Mrs. B. L. Crosley submitted the secretary's report.

The hostess served refreshments to approximately 25 members and guests. Arrangements of vari-colored flowers were featured at points of interest in the party rooms. The coffee table was covered with a lace cloth and centered by an arrangement of gladiolus and chrysanthemums in gold and bronze shades.

The next meeting is scheduled for Wednesday, Sept. 16, in the home of Mrs. B. N. Couthorn. The program is to be entitled "Housing."

Hardin HD Club Met Sept. 11 With Mrs. Clyde Peed

The Hardin Home Demonstration Club met Sept 11th at the home of Mrs. Clyde Peed with the president in the chair. Sixteen members answered roll call. Two visitors were present. The secretary being absent, Mrs. S. E. Askin took her place. The fair work was discussed, mainly Hardin Club is showing the homemade barbecue pit this year at the fair. Some lovely beaded belts made by the club ladies were shown also some beautiful flowers made of wood fiber. Mrs. M. R. Hewell gave an interesting reading on "What kind of a club member are you?" Refreshments were served to those present. The club adjourned until the next meeting which will be Sept 23rd in the home of Mrs. Clyde Bohner.

From Wichita County Agent

Reports from the sheep and goat producing area indicate that many animals are infested with lice. Control measures should be applied now, says B. T. Haws, County Agent for two reasons — stop damage to wool mohair and as a feed conservation practice. Animals infested with lice are restless, do not feed normally and food is not properly utilized, says Haws.

The chewing lice feed on the wool or mohair fibers and scales from the animals skin. Sucking lice feed by piercing the animals skin and sucking blood. Irritation produced by the lice causes animals to rub or bite themselves so much that the wool or mohair becomes matted and is pulled out and a low grade results.

The different types of lice which attack sheep and goats have similar breeding habits and life cycles. Their entire life is ordinarily spent on the bodies of their host. Therefore, the parasites are spread from one animal to another. The eggs are laid in the fleece and attached firmly to the fibers close to the skin. They hatch in 7 to 14 days depending on the temperature. Both the young and adult lice feed on the infested animals almost continually. Infestations are easily detected, for the adult are easily seen and if they are present, it is a good bet eggs and young lice are also present.

Less labor and expense are involved if control measures can be carried out immediately after shearing while the animals are still penned. Also a better coverage of the insecticide can be obtained as the animals are practical free of wool or mohair.

Either sprays or dips can be used successfully for sprays. Haws recommends the use of solution containing .06 percent gamma BHC, or 5 percent chlordane, or 5 percent DDT, or .06 percent toxaphene. If the animals are to be dipped, the same insecticides listed above are recommended but warns, the do sages or percentages of each should be cut in half. Nethaxyl or lindane should completely eliminate the lice.

Texas State Dept. of Health

By Geo. W. Cox, M. D.

It's no fun to have hay fever and sometimes it is serious, says Dr. Geo. W. Cox, State Health Officer. Persons who suffer from hay fever have a miserable time of it. The repeated sneezing, intense itching, watering of the eyes and nose, and difficulty in breathing may cause so much discomfort that their vitality is lowered. It's hard for them to sleep and sufferers often lose their appetite.

Hay fever makes a person more susceptible to diseases of the sinuses, throat and bronchial tubes. Severe cases sometimes are accompanied by asthma. The most common type of hay fever is caused by sensitive-ness to ragweed pollen. From late summer until the first frost

comes, the pollen is dry and light enough to be blown by the wind. Unfortunately, no place in Texas is free from ragweed.

You probably know that hay fever, like asthma and some forms of skin eruptions, is an allergy. It is caused in the spring by tree pollens, and in early summer by grasses, such as timothy and redtop, from which the name, "hay fever", is derived. House dust, feathers, animal dander, some foods, cedar pollen and cosmetics may also cause hay fever. But as we said, most hay fever is caused by ragweed pollen in late summer.

In behalf of the many sufferers from hay fever caused by ragweed pollen, the state health department urges everyone to destroy this troublesome weed growing wild around the premises, before it blooms. You can kill it by spraying it with chemicals, or by cutting and letting it dry—and then burning the weeds. Do not let the cut weeds

lie on the ground after they are dry, as the pollen will scatter from them.

Not only is hay fever a miserable malady, but it can lead to serious infections of the sinuses and bronchial tubes, and because of loss of sleep and appetite, it lowers body resistance to disease germs. Remember, take only your physician's advice and treatment to relieve hay fever.

Burk Couple Married 50 Years

Mr. and Mrs. Roy E. Carnes of Burkburnett were honored at their Golden Wedding anniversary celebration held recently at the home of their son and daughter-in-law.

Heading the list of friends attending the anniversary party was W. Roy Birkhead of Frederick, Okla., who attended the couple as best man at their wedding.

The golden anniversary theme was carried out at the party with decorations of yellow gladiolus. Names of the guests were registered in a guest book.

Mrs. I. D. Rainey of Electra, mother of the hostess, provided decorations for the refreshment table. Assisting the hostess in serving refreshments were Mesdames Bill Bryant of Frederick and Leslie Carnes.

The anniversary cake was a three-tiered affair decorated in white except for pastel yellow roses to carry out the color scheme. It was topped by a bride and groom encircled with golden flowers and the number "50".

Miss Barbara Jones Is Honored With A Bridal Shower

The first in a series of pre-nuptial courtesies extended for Miss Barbara Sue Jones, bride elect of Marlin Parrack, was held Tuesday evening in the home of Mrs. Sex Kolter.

Hostesses were Mrs. Kolter and her daughter, Miss Cherry Lynne Kolter.

The party rooms were attractive decorated in the bridelect's chosen colors of orchid and purple. Orchid ribbons inscribed in purple with the names of the betrothed couple and their wedding date were used above the piano on a large mirror.

The guests were greeted by the two hostesses, and Miss Nathalie Foster secured names of the guests for the bride's book. Fifteen close friends of the honoree were on the invitation list.

Refreshments were served during the social hour by the hostesses.

King's Daughters Sunday School Class Enjoys Social

On Monday night, Sept. 14th the King's daughters class of the First Baptist church met in the Gleamers Class room for a business and social hour. A covered dish supper was served at 7:00 p. m. Mrs. O. B. Wofford, teacher of the class, was called upon to offer thanks. The president, Corrie Price, assisted by other members lighted candles on a birthday cake which had been baked by the teacher. All were asked to make a wish and at a given signal, the candles were blown out. A business meeting was called to order by the president, Song, Mansion over the Hilltop. Devotional, Psalms 36:1-5, by Janice Davis and prayer by Gale Sanders. Each officer being called upon expressed her appreciation of her class and teacher. The teacher in turn complimented the girls as being one of the most lovely classes she had ever taught and exhorted them to be even better members of the Intermediate Dept. to which they will be promoted Sunday, Sept. 27th. The meeting was then turned to Judy Smith, fellowship president, for

games. The first, three guesses as to what you are holding. The teacher was blindfolded and presented a lovely gift. Other games were indulged in and much merriment enjoyed since all had come dressed "tacky", each being a scream indeed. The teacher and class remembered Mrs. Corrie Lochridge who is home with her parents, Rev. and Mrs. T. Lynn Stewart and is recuperating from an operation, by taking her some of their birthday cake. On their return to the church, they found in waiting, Mrs. Shirley Smith with a pickup and they boarded it and were driven down thru town. Those enjoying the social were Corrie Price, Pres.; Linda Cheney, vice president; Judy Smith, fellowship; Gale Sanders class ministress; Charlotte Beegman, stewardship chairman; Janice Davis, missionary chairman; Myrna Hoffman, secretary; Mrs. O. B. Wofford, teacher and Mr. O. B. Wofford, guest for the supper.

Ted Harris, son of Mr. and Mrs. A. C. Harris, is home on leave from the Navy. He has been stationed in Cuba since the first of January. He will return to Province, R. I. on Sept. 22nd for reassignment to French Morocco, Africa.

Happi-Time Blue Birds Met Sept. 11

The Happi-Time Blue Birds met Friday, Sept. 11th at 4:00 in the Camp fire room, with 10 girls and their mothers present. Plans for the year were discussed and the following officers were elected: President, Jan Goode, Secretary, Sue Dempsy; treasurer, Linda Holman; candle lighter, Geney Hawkins; reporter, Judy Brister, announcer, Karen Burton; song leader, Patty Edwards; Wish leader, Dianne Musgraves; game leader, Roxene Edwards; telephone chairman, Shirley Reynolds. Mrs. T. H. Holman is the new leader with Mrs. R. H. Brister as assistant leader and Mesdames E. B. Burton, H. E. Hawkins and Chas. B. Musgraves as sponsors. We are looking forward to a very happy and successful year in the Bluebirds.

Hardin PTA Begins Yearly Meetings

The Hardin PTA met for their first business meeting of the year on Sept. 15th at the grade school with the president, Mrs. R. O. Brookshier, in charge. After calling the meeting to order the minutes of the last meeting were read by the secretary, Mrs. Lowell Wood. Reports from the standing committees were given by the Budget and Finance chairman, Mrs. Grady Walker. Mrs. Walker announced that on October 31, there will be a Halloween Carnival and Nov. 7 there will be a rummage sale. Mrs. Gene Looney, Health chairman reported there would be an eye clinic held Sept. 23-24 and 25. Mrs. H. F. Williamson, chairman of home and family life, reported on study courses offered for the year. Mrs. Max Stanland, publication chairman, reported that the Texas Parent and the National Parent magazine subscriptions were available and she urged that each parent subscribe. Membership chairman, Mrs. T. H. Holman, reported that 158 people were present for the meeting and that Mrs. Evans, Mrs. Douglas, Mrs. Hardin and Mrs. Willis's rooms won prizes for having the largest number of members present. The program for the evening was postponed due to the fact that the guest speaker, Mrs. Charlie Collins from Wichita Falls, could not be present. Mr. Evans introduced the faculty and after the meeting adjourned, refreshments were served by the group. If you have a child in school, there is no better way to become acquainted with the child's teacher than to participate in PTA. The teachers are there at PTA and they pay 50c to be a member. As a parent, it is your duty to your child for you to be there too, remember that and if you have not joined the PTA you do so today. Don't wait until the membership chairman has to ask you to. Let each parent try as hard as each teacher to make this the best year ever for PTA in Burkburnett.

Calvary Baptist College and Avenue B

Sunday School at ten a. m. with all classes studying the last chapter of Revelation, "Even so Come Lord, Jesus." We have had a very interesting and profitable study in Revelation, and would like to have all of you who are not affiliated elsewhere to come and enjoy this last chapter with us. We begin the book of Genesis next. Our method of studying is chapter by chapter, that way we get the lessons as God gave them, in their consecutive order. Pete Bryan is S. S. Supt. Morning preaching service at eleven. The pastor plans to bring a message on "Fruit Bearing." Come and let us help you prune your tree that your life might bring forth more fruit to God. The boosters will sing, led by Mrs. Edith Eldson. Young People meet at 7 p. m. The leaders are Bro. K. W. Baker and wife, and W. J. Hathaway and wife. All youth welcome. This is a class that seeks to teach young people how to live by, with and for Christ. Night preaching service at 7:45 We have begun again our choir singing, and it was a real blessing to everyone present last Sunday night. We would like for you to enjoy this singing with us. The pastor plans to bring a message which will sum up the entire teaching of the book of Revelation, with this thought in mind, "Things Which Point to The Lord's Soon Return." Remember, every Thursday night beginning at 7:30, W. J. Hathaway teaches a class in soul winning, and C. J. Hanson, of Electra, has a 45 minute class in congregational singing. You are welcome, neighbor, to any and all of our services. Ray C. Morrow, Pastor

Always Expect The Unexpected

Col. E. B. Tilley of Houston, President of the Texas Safety Association and Services Advisor for the Gulf Oil Corporation gave this advice to motorists today. Col Tilley was speaking in connection with the September traffic program for child safety being sponsored by the Texas Safety Association and the National Safety Council.

"When children get interested in playing ball, or running a race, or a thousand and one other activities that hold their attention, they are apt to forget for a moment the safety rules that have been taught at home and in school," he said. One moment of forgetfulness, Col. Tilley pointed out, can be fatal.

"Motorists always must be on guard for children," he said. "For when a child forgets, the driver must remember, if a tragic accident is to be avoided."

Col Tilley gave four rules for motorists to follow to protect children on the streets and highways.

1. Remember that children are unpredictable and that the motorists must think for them in traffic.
2. Give young bike riders every break.
3. Drive with extreme caution near schools and playgrounds

and in residential areas—in fact near any place where children may be expected to gather.

4. Be especially alert in school areas for signs, signals, traffic police patrol boys and for children themselves.

"The best advice on child safety anyone can give a motorist," said, is contained in the September slogan of the Texas Safety Association and the National Safety Council: "Children May Dare—Drivers Beware!"

Veterans Information Center

Q—I want to apply for VA's vocational counseling to help me choose a training objective under the Korean GI Bill. There aren't any counseling facilities in my town. Would VA pay my transportation costs to and from a counseling center?

A—No. VA may not pay the travel costs of a veteran who merely desires counseling. But VA could pay those costs, in the case of a veteran for whom counseling is mandatory.

Q—If I meet all the eligibility requirements of the Korean GI Bill, would I be allowed to take training, even though I've gone back on active duty and am now in uniform?

A—No. The Korean GI Bill prohibits training by veterans on active duty, even though they do meet all the eligibility requirements of the law.

Q—I'm planning to buy a house with a GI loan. What should be my first step.

—Your first step should be to go to your VA regional Office and obtain a Certificate of Eligibility. Be sure to bring your original discharge or separation paper with you. Once you have the Certificate, see a lender for a GI loan.

Q—I've just come out of service, and I'm planning to apply for \$10,000 worth of GI insurance available to Korean veterans. I have a \$5,000 commercial life insurance policy. Will I still be able to get the full \$10,000 GI policy, even though I hold commercial insurance?

—Yes. The amount of commercial insurance you carry will in no way reduce the amount of GI insurance to which you may be entitled.

Unity Garden Club Opens Club Year With Morning Coffee

A morning coffee in the home of Mrs. H. C. Gilbert opened the club year for the Unity Garden club Wednesday morning, Sept. 9th. Mrs. Roy T. Magers and Mrs. B. H. Alexander shared hostess duties with Mrs. Gilbert.

The members were met at the door and escorted to the beautifully decorated table covered with a lovely lace cloth, centered with an elaborate floral creation. They were presented with a corsage and served coffee, sweet rolls and cookies with floral icing.

As the meeting opened, the president, Mrs. R. W. White, greeted the members and one guest, Mrs. Will Teel from the Bluebonnet club. New members, Mesdames Herman Miller, H. F. Williamson and R. O. Brookshier were given a special welcome. Mrs. White also expressed her appreciation of work by various committees during the summer. The year books had been distributed by the committee, a week before the meeting. Mrs. A. L. Gilbow, chairman of this committee, was leader for the meeting. She called attention to the theme of garden design and to coming events. The first of these will be the planting of iris, by members of the club, Sept. 15th at the cemetery as a part of the beautification program. The next event and one for the enjoyment of the public is a game night, Sept. 23rd, at Town Hall. The proceeds will be used in the above beautification program.

The Fall Flower Show "Autumn Glory" will be at Town Hall, Oct. 29th. It will be staged by the Council of Garden Clubs.

The council has invited all who are interested in becoming members of a garden club to meet in the home of Mrs. Troy Miller, Council president, Thursday night, Sept. 17th.

Mrs. Bill Crosley, horticulture chairman, said that horticulture is a business, science and art. time to feed lawns, start perennials, transplant evergreens and start planting bulbs in dishes for indoor blooming.

Mrs. Troy Miller, in her interesting discussion of trees, urged the saving and growing of trees as they furnish food, raiment and shelter. She told us that Texas has 20 varieties of oak and the largest pecan orchard in the world.

Mrs. Neal Hall brought a comprehensive paper on the "Evolution of flower arrangement." She gave the feature of the various types of period and national arrangements with a discussion of modern and contemporary design.

The next regular meeting will be a guest day on Oct. 8th at the Baptist church in the Mary Martha Class room.

Band News

The band has gotten started in a big way this year! We have a band of 50 students with just 39 uniforms, but we hope to eliminate this problem soon. The marching band will contain 45 counting majorettes and drum major.

Mr. Wickersham is our new band director. He went to high school at Cooper High School in Cooper, Texas. He went to college at East Texas State. He has a B. M. degree and is working on his Master Degree. He has been stationed at Sheppard Field Mr. Wickersham was band director for 3 years at Cooper, Texas.

We also have two new majorettes, Garviene Warren and Eileen Webster. They were selected in the try out held Tuesday, Sept. 1. They are doing a swell job of learning the routines. Our congratulations to them. The returning majorettes are Shirley Webster, Kay Morrison, and Patsy McCabe, who was selected last year at the end of school.

We have 15 of the eighth graders playing with us and also several who are just starting out on instruments. The new trombone player you'll see with us is Mike Henry from Wichita Falls. The school has contributed two new tenor saxophones and a new piano to the band hall. The piano is for the dance band we hope to start in the near future.

Last Friday night was the band's first time to perform. The majorettes marched across the field while the band came in and formed an X in the center of the field. The band went into the formation of two eighth notes and played "Play A Simple Melody." It then went into the formation of a piano with the majorettes as the moving pedal. They then played "Old Piano Roll Blues." The last was a concert formation while they played "Blues on Parade." They then marched off the field in single file.

Last year everyone complained about our not playing jazz so this year we have several new jazz numbers and we are getting new ones right along. Our new band director, Mr. Wickersham, does the arranging of them and is doing mighty fine job. We hope everyone likes the numbers and stands behind us because we have great hope for the band this year.

Protect Your Child's EYESIGHT with FORESIGHT

... PROVIDE PROPER STUDY LIGHTING

Your child's precious eyes will be protected from fatigue and eyestrain if you provide proper lighting for study and other seeing tasks in your home. Children cannot be expected to appreciate fully the importance of good lighting and what it will mean to them... but you will earn their gratitude in years to come by making sure they have the advantage of good lighting during formative years when it is so important.

Poor lighting and eyestrain can contribute to poor grades in school and the unhappiness that comes with a feeling of failure. Don't let this happen to your child. Provide the right size bulbs and study lamps, and enjoy the satisfaction of knowing that you are protecting the eyesight and happiness of your child.

It's easy and inexpensive to provide the proper study lamps and bulbs for sight-saving. See your favorite dealer today!
