Burkburnett Received Many Great Benefits From Red Cross Last Year Citizens Asked to Increase '54 Gifts

First reaction of the average Burkburnett citizen, when a volunteer worker hits him up for a donation to the American Red Cross in the next few days, probably will be "What Will I get out of it?"

Now, Americans, including all Burkburnett residents, are known for their generous hearts and their desire to get the most out of their money. And the average Burkburnett family got quite a bargain in its donation last year.

What did the Burkburnett average citizen give last year? Burkburnett was chalked up with \$1,007.52 in the final tally or less than one sixtieth of the county's contribution.

What did Burkburnett get out of that \$1,007.52? Thirty six families of veterans and servicemen were aided by Home Service, through counsel, monetary loans, material goods, arrangements for a serviceman to get home on emergency leave or hardship discharge and in other ways. Telephone calls and wires to assist just one family can run as high as \$86, and in one instance it did.

Burkburnett patients in county hospitals were given 128 pints of blood when needed to speed recovery or avert almost certain death. It costs the Wichita County Red Cross blood bank about \$5 to draw and keep ready one pint of blood. Five times 128 let's see that's more than half of Burkburnett's campaign contributions spent for processing blood used by Burkburnett citizens.

That blood was given free. Of course, the hospitals charged a fee for administering it, but there would have been the same charge if it had been necessary to BUY the blood or pay a donor. And the Red Cross did not get one penny and never has for any blood supplied by our Blood Bank. It would have cost from \$25, to \$50 a pint if we hadn't had our Blood Bank and if it had been necessary to BUY the blood or pay a donor. At the lowest figure that's \$3,200 that was saved Burkburnett citizens—more than twice the total contributions last year.

Now less than \$300 of that \$1,007.52 went out the county to national headquarters, to help in big disaster cases, like floods and tornadoes; to help servicemen in their bases here and overseas—how many from Burkburnett now are in service? — to pay personnel to train hundreds and thousands of Red Cross workers here and throughout the nation; to help in a long list of other proud achievements and projects of the Red Cross everywhere.

Burkburnett's percent of funds necessarily used to help finance the cost of the campaign buttons, pledge cards, typists, pretty cheap, considering the huge percentage many welfare agencies must spend to get money.

But the average citizen may not have sons and husbands in service or loved ones in hospitals. No disaster struck Burkburnett last year. What did it actually get out of his \$1 or \$5 or \$45 gift?

Well, some of his kids may have participated in Red Cross swimming or living classes last summer. Many from Burkburnett did. Or his wife may have learned first aid or home nursing. And he did get a good feeling to know that, through his contributions, he was one of the first rescue workers on the scene when death-dealing tornadoes struck Waco and San Angelo, and other cities; when muddy floods poured over Midwestern cities and farm homes; when blood plasma hurriedly was administered to a nearly dying GI in a Korea fox-hole; when gamma globulin serum was rushed into polio-stricken communities; and when you read your newspapers you know where the Red Cross is.

Burkburnett got a comfortable feeling of giving service in all those instances; and Burkburnett has pretty cheap insurance if disaster should strike here tonight or next month. Good feeling, isn't it?

Now, honestly, Burkburnett, didn't you get a real bargain out of your money last year? And isn't it worth an extra dollar or an extra five on your pledge card this year?

SPRING EXPRESS

"Spring Express" is the name designer Helen Whiting gives this cotton dress fashioned for spring afternoons. Made of Fibra novely woven cotton, the frock is designed simply and smartly with a scoop neckline and full, easy skirt. Novelty weaves will be important cotton fashion news this spring and summer, the National Cotton Council reports.

Rev. Lynn Stewart Re-elected President Library Convention

The Rev. T. Lynn Stewart, pastor of the First Baptist Church of Burkburnett, was re-elected president of the Texas Baptist Church Library Convention during its annual session March 1-3 at the Hyde Park Baptist Church in Austin.

The Rev. Lory Hildreth, pastor of the host church, was elected vice-president. Other officers, all re-elected, include Mrs. Carlos Ferguson, Abilene, second vice-president; Miss Mary Windham, Beaumont, secretary; Mrs. James K. Morris, Houston, treasurer, and Mrs. Tom L. Bond, Dallas, historian.

Cloyd McClung, Brownwood, was named program chairman for next year's convention, which will be held February 28 and March 1-2 in Houston. The goal for 1954 in number of church libraries is a 10 per cent increase over 1953's total of 991.

Burkburnett Seeks Water In Okla.

City Commissioners have granted City Manager Ted McCasling authority to run tests on some water wells in Oklahoma, about three miles north of Red River.

The new prospective source of water supply for Burkburnett is the outgrowth of an incident which occurred during the drilling of an oil test. An excellent stream of fresh water which flowed through a drill-stem test, suggesting possibilities of an Artesian water supply.

McCasling states that he hopes to begin tests within the next ten days. Plans also call for the drilling of some shallow well tests on the Texas side of the river in the near future. These would be used to supplement the summer water supply.

To help Wichita County reach its goal of \$78,500 — for a budget squeezed and wrung dry all excess and fol-de-rol expenses by leading businessmen, some from Burkburnett — this city should double and even triple last year's contributions.

Burkburnett has been asked to raise \$2,500 of the county quota, but considering the service we get and give through our Red Cross, we should do much better than that. How about it, Burkburnett? Want a share of a good bargain when you see one?

Rodeo Committees Met Mon., Mar. 1st

All Rodeo committee chairmen and many committeemen from the several committees held their first meeting of the year Monday night. The meeting was held in the den of Buster Morgan on Smith Street. Morgan is general chairman for the rodeo again this year.

When the meeting got under way, the first matter to be taken up was the rodeo dates. The dates of Wednesday, Thursday, Friday, June 23-24-25 were verified. The show will be three days this year instead of four as in previous years.

Next to be considered was admission prices. By unanimous approval, the following prices were agreed upon: Reserved Seats (Sections A, B, C, D), \$2.00; General Admission, Adults \$1.50, Children 50c; Complimentary Tickets, 35c tax. The other listed prices include tax.

Marjorie Hofack of the Chamber of Commerce office will issue tickets to all selling agents. The tickets will be charged out, with credits issued for tickets not sold and returned. The ticket sales committee will assist with this task.

All committee chairmen received instructions as to their specific jobs. The chairman will in turn instruct his helpers. Morgan plans to call meetings as often as he deems necessary to keep the work going, and to hear progress reports from his workers.

Funeral Services For Roy Simpson Are Incomplete

Word has been received here of the death of Mr. Roy Simpson of Fort Worth, Texas, a former resident of Burkburnett. Mr. Simpson died Wednesday at 7:00 P. M. in a Fort Worth hospital following a long illness.

Funeral arrangements are incomplete at the present time. Survivors include the wife; one son, Steven, all of Fort Worth; his parents, Mr. and Mrs. J. G. Simpson, and Mrs. R. A. Simpson, all of Burkburnett; and one brother and two sisters.

Palace Theatre Sunday and Monday

The world knew Harry Houdini as the greatest escape artist of all time but not so generally well known is the dramatic love story of Harry and Bess Houdini. In "HOUDINI," Paramount's brand new Technicolor filmization of this fabulous personality's life, which is due to open Sunday-Monday at the Palace Theatre, this wonderful phase of his career is excitingly depicted. Janet Leigh portrays Bess Houdini and Tony Curtis is seen as Harry Houdini.

Three Councilmen To Be Elected Tuesday, April 6th

Three Councilmen are to be elected Tuesday, April 6th. The incumbents are Mayor Walter Riley, Gene Robertson and Francis Kauer.

Up until Thursday noon, no names had been filed for the three vacancies. Saturday, March 6th is the deadline for filing to be placed on the official ballot. This week's Star carries a notice from Francis Kauer that he will not seek re-election. Word has not been received from Riley and Robertson as to their intentions.

Ross Reagan and J. Frank Kelley are the other two Councilmen, whose terms run until next year.

Junior Class Play Friday, March 5th At H. S. Auditorium

The Junior class of BHS will present the annual Junior play Friday night, March 5th in the High School Auditorium at 8:00 p. m. The play will be "The Campbells are coming." It is a hilarious hillbilly comedy which everyone will enjoy.

The cast includes Kenya Howard, Joann Thomas, Sue McClarty, Jo Ella Nichols, Darlene Bowman, Dale Boren, Dewayne Knight, Judson Wright Charles Palmer and Ralph Swinford.

Reserved seats are 75c and general admission 50c. You may get your tickets early to avoid the rush that night. For reserved tickets, see Barbara McBride.

Burkburnett C. of C. Co-operating With Wichita County Blood Bank

The Burkburnett Chamber of Commerce in co-operation with the Red Cross Blood Bank in Wichita Falls would like to enroll as many people as possible in Burkburnett who would be willing to give blood when needed. The blood bank is a non-profit organization. They have a certain amount of blood they try to keep on hand with the help of the people of the different communities by donating their blood. If someone from Burkburnett were in need of blood, the bank would furnish the blood and then ask the people of Burk to repay it.

A complete file would be kept in the Chamber of Commerce office containing each person's full name, address, phone number, and blood type. In case of an emergency, all the bank would have to do would be to call the C. of C. and tell them the type and quantity of blood needed. The C. of C. would call the volunteers with that type of blood and if they did not have a way to go to Wichita Falls at the time, the Chamber of Commerce would provide a way.

If you do not know your blood type, the blood bank will render this service free of charge on a date to be specified at a later date. Age of donors is 18-60. From 18-21 age group must have parent's consent.

Mr. Buddy Byars, president of the Chamber of Commerce, requests your immediate attention to this matter. The blood you give may save a life. It is very simple and painless to give blood, so won't you call the Chamber of Commerce today and have your name put on file?

Memorial Service March Seventh for Sgt. L. Freeman

There will be a memorial service held for Sgt. Leonard Freeman on Sunday, March 7th, at 2:30 P. M. at the Providence Baptist Church in Burkburnett. Leonard was declared dead by the government January 1, after having been missing in action 37 months. He was the son of Mrs. Anna Freeman.

They are inviting all of their friends, both white and colored, to attend.

Mr. and Mrs. Lee Willis, long time residents of Burkburnett, have recently moved to Carthridge, Texas.

Gospel Meeting March 7-14 At Church of Christ

You are invited to hear Weslie Mickey of the Northside Church of Christ in Ft. Worth in a series of sermons beginning Sunday, March 7. Bro. Mickey is a graduate of ACC and has done evangelistic work in several states. You will enjoy his timely themes. Services daily at 7:30 p. m.

NOTICE

In reply to requests of friends, I will not be a candidate for City Commissioner this year. I deeply appreciate your trust and support, however personal matters are demanding more of my time. It has been a pleasure to serve our city and to be associated with all the capable officials during my term of office.

FRANCIS KAUER 33-11C

City of Burk Shows Progress In All Depts.

A check of all departments in the City shows progress being made in each one.

At the City Light Plant, work of completely overhauling one of the large Cooper-Bessemer engines is just about complete. A new and larger Cooper-Bessemer engine, installed last year, is still performing perfectly. Other engines on the line are two Fairbanks-Morse engines and a large Fulton. The engines are being readied for the anticipated heavy summer load. The electric distribution system is coming in for quite a bit of improvement too. All lines are being checked for present loads and anticipated summer loads. Lines that are too small are being replaced with larger wire to carry heavier loads.

Street Sweeper
The new street sweeper just recently purchased is the pride of the Councilmen and all citizens who have noticed its work. All curbed and paved streets come in for regular sweepings. The down-town area is swept every night. The other streets are covered as often as necessary to keep them clean.

The street sweeper was purchased from funds from the City Water and Lights Depts., and not from bond issue money, as some misinformed people have reported. Bond issue money can be used only for the purpose for which it was voted.

Search for More Water
City Manager Ted McCasling reports tests for additional City water will be made in Oklahoma within the next ten or 15 days. Plans are also being made to test for emergency shallow wells South of Red River. The consumption of water increases each year. Additional sources of supply must be found if the increasing demands are to be met.

The sidewalk project on Main Street and Avenue C, is approximately two-thirds complete. It is a joint project of the City and the property owners. The City put down the curbing and the property owners are paying for the sidewalk. On Main St., between Avenue B and Avenue C, the street was widened two feet, and the sidewalk on the entire block on the North side will be new. The project also covers the curbing and sidewalk from the corner of Main and Avenue C North to the alley. This is one of the most worthy down-town projects undertaken in many, many years.

Also in the planning stage is a clean-up campaign to be conducted city-wide in the spring.

Rodeo Dates Set For June 23-24-25

This year the big Boomtown Celebration Rodeo will be held Wednesday, Thursday, Friday, June 23-24-25.

Buster Morgan is general chairman for the rodeo. He has already appointed all the various committees to help him, and those committees are at work to make the coming show the best ever.

Morgan has arranged for the rodeo stock and other acts to be presented.

Monday night the committees met with the general chairman in his den on Smith Street. There seems to be more enthusiasm among the committees than in any other previous year.

Rotary Club

Each Tuesday Noon At Town Hall

Rotary Club met Tuesday, March 2nd at 12:15 for their regular weekly luncheon and business session. Invocation was given by Clark Gresham. Buster Morgan welcomed the visiting Rotarians and guests. In line with Public School week, Supt. Ralph Davis presented Mr. James C. Wickersham, band instructor, who presented the following pupils in a series of band music and solos: Sue McClarty, Carole Benton, Walter Lacy, Joe Thompson, Bobby Nolen, Jerry Smith, Jack Jameson, Leo Ivey, John Miller, Ralph Swinford, Ronnie Gresham and David Bryant.

Outside These Counties \$2.50

GRASS ROOTS OPINION

WATERBORO, S. C. Press and Standard: "Dr. William Fletcher Russell, president of Teacher's College of Columbia University, in speaking at Mercer University, Macon, recently, stated that, 'On every hand it is obvious that something is wrong in the education of the citizen. Too few vote, too few take part in politics, too many condone corruption, too many look elsewhere, particularly to the Federal government, for direction and for financial handouts.'"

FREDONIA, N. Y. Censor: "The farmer has special problems, to be sure — But rigid price supports have not made for stability in the market. More flexible ones, to a floor of 75 percent, would give the farmer protection from extreme price drops while at the same time preserving some advantages of a free market."

BROWNSVILLE, PA. Telegraph: "Democratic government can deteriorate in two general directions. Power can gravitate the Executive branch, finally producing those dictatorships that have marked — and marred — the history of government in this century. Or power can gravitate toward the Legislative branch, producing the parliamentary paralysis of a law-making body without a head — Hitlerian Germany emerging out of the decay of the Weimer Republic is the classic example of the first direction. Contemporary France is a good example of the second."

RACE AGAINST TIME

One hundred years ago, a philosopher named Malthus prophesied that the human race would ultimately reproduce itself out of existence. And when we learn that today from 75 to 85 percent of the two billion people in the world are suffering from lack of food, clothing and shelter—and their condition grows worse by the hour—it might appear that Malthus knew what he was talking about.

According to Dr. Robert White-Stevens, a nutrition scientist at Lederle Laboratories, more than half the world's population is "slowly starving, or being exposed to death," half of the remainder is "on the edge of bare subsistence," and the remaining 25 percent, of which we are the best fed, best clothed, lives "in super abundance and plenty."

In an address to the State Agricultural Commissioners of America, Dr. White-Stevens reminded his hearers that it was this tragic difference between the 'haves' and the 'have nots' that is the historic cause of wars — and that it would take two-and-a-half times as much farm land as the world presently possess to give every human being a bare subsistence ration of 2,000 calories a day.

But Dr. White Stevens still does not agree with Malthus. He thinks we already have our feet on the path that will ultimately nourish the world into peace. The task, he believes, will be up to such people as America's County Agents. "A great host" of such dedicated men and women, he says, must go out into the world and put the discoveries of research to work in every starving corner of it.

Even here at home, he says, the laboratory is 25 to 50 years ahead of the average farm, although in poultry production, for example, the farmer is applying new ideas within a year of their discovery.

In animal production, the microbe is already at work in turning nutrients. Huge quantities of antibiotics, such as Aureomycin, are in use and "have become as important in the feed industry as they are in medicine." No longer do farmers need to feed milk to obtain essential vitamins for animal nutrition. The former practice of "running certain nutrient through animals twice before they could be used for human nutrition," says Dr. White-Stevens, is now considered "uneconomical." He pointed out that it would take nearly all the milk produced in the U. S. to provide the riboflavin required by today's feed industry. "Today," he said, "one of our fermenters can produce as much riboflavin in a few days as a herd of 100 top-grade cows produce in a year."

False Promises

By R. D. Laney

Pfc. Richard Tenneson wrote a letter to his mother in explanation of his decision to stay with the Communist in Korea. He wrote, "During life I have witnessed peace and war in the United States. I love peace, I love mankind. I love them enough to fight for them. That is why I am not coming home."

An American lad, only 17 when he joined the Army tells his grieving mother that he has not been forced, duped, or brain washed into refusing repatriation, and that if she could talk with him she would find him as he left her "except that now I have a goal and a reason for life."

The letter explains nothing. The goal is left undefined; the reasons are vague and confused. The 20-year old youth who has witnessed peace and war in the United States clearly has little concept of what he is renouncing. Certainly he is less to blame than men and women, equipped with wide experience and in some cases with brilliant learning, who have renounced the democratic heritage of their youth, and forefathers, in order to become the tools of a ruthless totalitarian conspiracy.

But the letter is a vivid reminder that the struggle with communism is primarily mental, not military. It illustrates the fact that while Red Distatorship may maintain itself in power by strategy and terror, it prepares the ground for its reign of force by appealing to ideas, to the craving for peace and security and fellowship — while the United States is portrayed as a police state dominated by the "Gestapo FBI" where it is impossible for such converts to "live as they wish."

It has been said that sometimes man cannot be trusted with government of himself. Can he, then, be trusted with the government of others? Or have we found angels in the form of kings to govern him? Let history answer the question. The unstated assumption of the autocrat in politics and the planner in economics is that the majority of men are unfit to determine their needs or decide how to satisfy them — in short that they are to be treated as children incapable of self-government.

To some people Communism appears as a weak political faith for it imposes no values, dogmas or imperatives upon anybody. It does not, however, free the individual from the need to question, to examine, to doubt, to decide for himself. The competitive economy gives

the individual the largest possible choice both as a producer and consumer. It enables the citizen to lead the worst, as well as the best, of possible lives. There is no virtue attached to a life imposed and directed by authority — that virtue is the conscious choice of the good.

It is a tribute to American democracy that only a comparative handful of United States citizens has chosen communism. But in large areas of the world there is little to keep ignorant millions from turning to these false promises unless the more advance democracies can demonstrate beyond a doubt that, in Pfc. Tenneson's words, they "love peace" and "love mankind."

Burk Navy Boys In San Francisco For 3 Day Visit

The 43 ships of Task Force 12 will give residents of the San Francisco Bay area an impressive and spectacular view of U. S. Naval might upon their arrival Feb. 20 for a three day stay.

Expected to enjoy rest and recreation in picturesque San Francisco were Ruel W. S. Sykes seaman, USN, son of Mrs. Elsie L. Sykes of Rt. 1 aboard the light cruiser USS Manchester, and Mitchell W. Gee, metal-smith third class, USN, son of Mr. and Mrs. Willis Nathan Gee of 70 Lee Johnson Rt. 1, aboard the heavy cruiser USS Bremerton, all of Burkburnett, Texas.

Community Organizations
The Friberg-Cooper community organization met Monday night for their monthly meeting at the church annex with Mrs. R. R. Kolter, president, presiding over the meeting. During the business meeting new officers for the new year were elected. Mrs. R. R. Kolter, president; Mrs. Bee Bryant, secretary; Mrs. George Emmert treasurer. Mrs. Kolter appointed the Division chairmen as follows: Number one, Increasing and managing family income, Mr. Olen Baley; Division Two Improving health conditions and services, Mrs. Sylvia Rammings, Division three, Improving home and farm, Mr. W. M. Morton, Division four, Encouraging social participation, Mrs. George Emmert.

Six 4-H club boys under direction of Mr. Glen Gunkle, assistant County Agent, presented a program on safety hazards about the farm. The group was composed of William Morton, Olen Baley, Jr., Bill Kolter, Frank Morton, Charles and Gerry Musgraves.

Refreshments were served the group by Mrs. Sylvia Rammings and Mrs. Fred Vollmer.

The next meeting will be held on the night of April 5th at the Friberg-Cooper Methodist church annex.

Cooper Club
The Cooper Home Demonstration club will meet in the home of Mrs. Ralph Swinford, Monday, March 8th at 2:00 p. m. All members are urged to attend.

Mrs. Lee Cooper
Friends and neighbors of Mrs. Zula Mae Cooper were saddened Friday by the passing of Zula. She died Friday in a Wichita Falls hospital. Mrs. Cooper has been confined to her home since a stroke last November. The funeral was conducted Sunday by Rev. Alfred Freeman, pastor of the First Methodist church.

Mrs. Cooper came to Wichita Falls 50 years ago from Pulaske, Tenn., her birthplace. Last summer, Mr. and Mrs. Cooper visited their birthplace on their vacation. Mrs. Cooper was a member of the First Methodist church.

Survivors include the husband and two daughters, Mrs. R. J. Opperman of Ft. Worth and Mrs. Joe Stacy of Wichita Falls; one granddaughter and seven sisters, Miss Lula Parker of Austin, Mrs. Dee Hickerson of San Antonio, Mrs. James Holly of Happy, Texas, Mrs. Grover Palmer of Claremore, Okla., Mrs. Myrtle Collins of El Paso and Mrs. Ewart Gillespie of Goshen, Ind., one brother, Walter Parker of Wichita Falls.

Burk Seniors Plan Trip To New Orleans

The senior class is now making plans for their senior trip which will take them to New Orleans, La. The group, consisting of 35 seniors and 3 sponsors, will leave the high school Friday morning, May 28th. The first day the group will travel to Baton Rouge, La. Saturday morning, May 29, they will journey to New Orleans. The group will spend four night in New Orleans, which will prove to be very interesting, one the return trip the group will come by way of Jackson and Vicksburg Miss. After stopovers in Jackson and Vicksburg, they will drive on to Shreveport, La. The following day the group will arrive back in Burkburnett.

Mr. Hal Mabry was admitted to the Wichita General hospital Tuesday to undergo treatment.

NOTICE
"World Day of Prayer" will be observed Friday, March 5th, at 2:30 p. m. at the First Methodist church with the different churches taking part. The theme will be "That they may have life." Everyone is invited to attend.

Junior High News

Texas Education Week is March 1-5. We will appreciate having interested parents visit the school if they wish. It is our six weeks test period. These tests will be given Wednesday, Thursday and Friday.

Our stamp sales this week were \$45.00

Next Thursday afternoon, March 4th, at 1:30 in the Junior High Auditorium, Bobo, a comedian and entertainer, will give a show. Admission will be 15c.

I would like to give you some information about our mathematics department. The fifth and sixth grade teachers teach their homerooms arithmetic, but in the seventh and eighth grades, Miss Frances Park is the instructor. Miss Park teaches six sections a day with approximately 175 pupils enrolled.

These pupils are taught fundamentals and a great deal of time is spent on drill. They are also taught stated problems and are given an introduction to geometry and algebra. Films are used at the appropriate time to aid in instruction. Two recent films have been "Circle" and "Quadrilaterals."

We have on hand at all times a number of film strips dealing with fundamentals in math. These are used to a great advantage in teaching fractions and percentage in the fifth and sixth grades.

Election Order And Notice

Be it ordered by the Board of Trustees of Burkburnett Independent School District that an election be held at City Hall, in town of Burkburnett in said Burkburnett Independent School District on the 3rd day of April 1954, for the purpose of electing 2 school Trustees for said Burkburnett Independent School District. The following four persons, Emil Schroeder, Mrs. A. H. Lohofener, Mrs. Zelpha Foster and Mrs. F. T. Felty, are appointed and ordered to hold said election in accordance with the general election laws of Texas.

The returns of said election shall be made to the Board of Trustees of said district in accordance with law.

A copy of this order signed by the President and attested by the Secretary of this board shall serve as proper notice of said election, and the President shall cause notice of said election to be given in accordance with law by posting notices at three public places within the district for at least 10 days before the date of election.

In Testimony Whereof, witness the signatures of the President and the Secretary of said Burkburnett Independent School District and the seal thereof hereunto affixed, this 4th day of February, 1954

VETERANS Administration Questions and Answers

Q— I understand that after starting cut-off date, I'll be allowed to suspend Korean training for periods up to 12 straight months. But what happens if I suspend training for longer than that?

A—If you suspend for more than 12 months, you will be permitted to resume your Korean GI training only if you can show VA that suspension in excess of 12 months was for reasons beyond your control.

Q—I'm a disabled Korean veteran, and I'm running a farm in partnership with another veteran — a fellow who took on-the-farm training under the World War II GI Bill. Would I be allowed to enroll in farm training under Public Law 16, even though the farm is not under my complete control?

A—Yes. It might be possible for you to take institutional on-farm training under Public Law 16, provided that you meet the basic eligibility requirements of the law; and that your partnership agreement calls for equal managerial authority, and that your farm is productive enough to provide a livelihood for both you and your partner. See your nearest VA office for details about your case.

Q—I hold a permanent National Service Life insurance policy, and I've just gone back on military duty. I want to surrender my policy for cash. What's the effective date it will be surrendered, if I make a request for surrender through military channels?

A—The effective date of your permanent GI policy will be considered surrendered will be the

date your request is placed in military channels, and not the date your request finally reaches the VA.

Q—Several years ago I went into business with the help of a GI business loan. Now I have the opportunity to sell my business at a nice profit. May I do so? And will I need VA approval?

A—You have the right to sell your business to anyone at all, and you don't need VA's approval to sell. Of course, though, you must pay off your GI business loan to end your liability under the VA guarantee.

Card of Thanks

Our heartfelt thanks for all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful.

Grade School News

We are happy to join in the observance of Texas Education Week during the week of March 1-6. This marks the Centennial year of the development of the schools of Texas. Education of the young people has advanced thru many stages during the last hundred years, and we are proud of the accomplishment. We can see many changes that have taken place during the last twenty years but we must concern ourselves with the question of the changes necessary to go with the economic conditions that exist and will exist in the immediate future. We need to be ever ready to keep abreast with the changing times and be in the vanguard of having the children to think clearly and have a keen sense of understanding problems solving that will help them to cope with the problem of what ever nature that may arise.

We should be ever mindful

of taking stock to see how far we have advanced, survey the present field and have definite ideas of the direction that we are to travel. We welcome each of you to drop by any time and become a part of our tribute to the accomplishments that have been so richly handed down to us from the true pioneers of Education in the State of Texas, and that which has been our privilege to gain from friends of education every where.

100 Accidents In This Area Covered By Highway Patrol

Capt. K. B. Hallmark, Jr., commanding officer of the Wichita Falls District of the Texas Highway Patrol announced today that his patrolmen investigated one hundred accidents during the month of January in the Wichita Falls District which comprises Archer, Baylor, Clay, Cottle, Foard, Hardeman, King, Knox, Montague, Wichita, Wilbarger and Young Counties. Of these accidents seventy-two were property damage, twenty-five were personal injury and three were fatal accidents. In the three fatal accidents, seven people were killed. At the same time in the 25 personal injury accidents forty-five were injured. Captain Hallmark says that these one hundred accidents cost the people of this North Texas district \$69,448.00 in property damage alone. Montague county led the district in deaths with five people killed in only one fatal accident. Wichita county was high in the district in personal injury with sixteen people injured in twelve personal injury accidents and Wichitans spent \$24,075.00 in property damage. Archer county was the next high spender in property damage, spending \$10,255 in twelve accidents and injuring four people in two personal injury accidents. Apparently Cottle, Foard and King Counties were the safest counties in the Wichita Falls District as no accidents were reported from these counties. Capt. Hallmark says, He believes this is a false picture due to the lack of reporting of minor accidents in those counties.

Capt. Hallmark says this is more than fifty percent increase in property damage loss over the month of January of 1953 when the property damage loss was \$34,535.00 and three people were killed in two fatal accidents. Capt. Hallmark says that due to the five deaths in Montague county in one fatal accident, that county has in the month of January, only one less traffic death than it had in the entire year of 1953.

According to Capt. Hallmark speed is the leading traffic violator in the state, and is followed a close second by drinking and driving, with wrong side of the road or passing being the third most dangerous and most commonly violated traffic law.

In this North Texas district of the Texas Highway Patrol seventeen patrolmen are charged with the supervision and direction of traffic on eighteen hundred miles of paved highways in addition to this many other services are rendered the motoring public by the Highway patrol, such as assistance to motorist broken down on the highway, searching for lost persons, delivering messages received by radio, assisting accident victims in notifying their families and caring for the property of injured accident victims. These are in addition to many other services which are too numerous to mention.

In addition to their many other duties in the month of January the seventeen patrolmen in the Wichita Falls district contacted 1,731 traffic law violators of which only 484 were arrested and 1,247 were warned. Of the 484 people arrested for traffic law violators over one-half was for speeding and the next highest percent was for improper passing, followed closely by arrests for driving while intoxicated, and the fourth highest violation in this district was for defective lights. On the 1,247 warnings issued, speeding again led all other violations, followed by defective light violations, and again improper passing was in the first three by a large margin.

In contacting these violators the twelve patrol cars in this district were driven approximately 56,000 miles. In addition to traffic supervision and direction in the Wichita Falls district many other police organizations were assisted by communications and actual service such as apprehending one subject wanted for auto theft in Oklahoma, and assisting in directing traffic at local functions, ball games and etc.

In addition to the many hours of hard work required in patrolling the highways and protecting the people of North Texas, Capt. Hallmark's men run into many numerous incidents, such as one patrolman who came upon a car parked in the middle of the highway and a very obviously inebriated man walking around the car when asked by the patrolman what his trouble was the man very indignantly stated that "His ignition was turned off".

Capt. Hallmark announced that he would attempt to provide, too all newspapers and radios in his district, the figures and comparisons of the accidents of this year with the corresponding months of last year's accidents and show just what his limited personnel are doing in attempting to improve the traffic problem in this district.

Feminine Speed Enthusiast Sets Mark in Dodge V8

Driving a 1954 Dodge V8, Betty Skelton, famed aviatrix, set a new speed mark here for standard American automobiles with 200-249 cubic inch engine displacement by traveling over a measured mile at an average speed of 105.88 miles per hour. Miss Skelton's record breaking run was witnessed by more than 25,000 people as a highlight of Speed Week, a week-long classic of stock-car competition conducted annually on Daytona Beach's historic racing strip by the National Association for Stock Car Racing.

Miss Skelton's 105.88 miles per hour average established a new record for stock cars of 200-249 cubic-inch engine displacement, and was also faster than the speed recorded for cars of 250-299 cubic inch engine displacement.

At the wheel of a 1954 Dodge V8 four door sedan, Miss Skelton was clocked at 105.26 miles per hour for a southbound mile and 106.36 miles per hour for a northbound mile — an average speed of 105.88 miles per hour.

The sedan feat came on Miss Skelton's first attempt in stock car competition. The 27 year old aviatrix, during a 16 year flying career, marked up numerous speed, altitude and aerobatic records.

Miss Skelton's average of 105.88 miles per hour on Daytona Beach was only slightly short of the 108.36 miles per hour mark set by a 1954 Dodge V8 last September on the Bonneville Salt Flats, with Danny Eames, veteran West Coast stock car driver at the wheel.

Including the speed mark, the 1954 Dodge V8 chalked up a total of 196 stock car records for speed, performance and endurance on the Salt Flats in tests conducted under the supervision of the American Automobile Association.

Early this month, Wilbur Shaw, president of the Indianapolis Speedway, announced that a 1954 V8 will pace this year's 500-mile Race. Shaw said Dodge earned the honor by its performance on the Salt Flats.

"The 1954 Dodge V8," Shaw said, "is the fastest standard American car ever clocked by AAA officials."

Thrift Postoffice Officially Closes February 28th

Sunday, February 28th marks the official closing of the Thrift Texas postoffice. Orders were received several weeks ago from the Postoffice Department in Washington directing that the office be closed on that date.

The establishment of Postal Facilities at Thrift, at one time also known as Newtown, occurred in 1920 at which time it was a branch of the Burkburnett office and at a later date it was designated as an independent office. The first postmaster appointed to the office was a Mrs. Anthony, who was followed in turn by Mrs. W. R. Stimpson, J. W. Boyd (acting), Bryon F. Jackson, F. R. Lennard and Roy Grider, the present incumbent.

From the year 1920 to the present the office has seen the history of the rise and decline of the famous Northwest Extension of the Burkburnett Oilfield. Established to relieve some of the heavy congestion of mail in served a milling mass of humanity the Burkburnett postoffice it served a milling mass of humanity such as was common to newly opened oilfields.

Mail supply was had twice daily from the Burkburnett office by mail Messenger for several years following the establishment, and as development of the field reached its peak and began to decline service was reduced to once a day and finally was supplied by Rural Carrier service.

Consolidation of oil holdings among the large companies decreased work opportunities in the area and with the decrease of employment the population began to shift to other areas and the Northwest Field gradually returned to a steady settled production.

Records are not available to show the amount of business handled by the office during the peak years, nor can any reasonably accurate estimate be made of the number of patrons, suffice it to say that with a continually shifting population of from ten to twenty thousand people in the area the patronage was very heavy, a far, far cry from the twelve patrons being served at its close.

Service to the former patrons will be supplied by Rural Route from Burkburnett and all inquiries, correspondence and mail will be handled by the postoffice at Burkburnett.

Buildings in Thrift, that once crowded each other almost door to door, for the space of about one mile, have long since disappeared and the one remaining building, which housed the postoffice may soon be abandoned. The last building, a one story brick, was once the home of a bank, The Johnson Brothers Banking Co.

Burk Clips Spur 35 - 33 for Berth In Regional Meet

Marilyn Hale's long-distance accuracy in the fourth quarter enabled the Burkburnett High School's girls basketball team to edge Spur, 35 to 33, in a bi-district game here Tuesday night.

Hale connected on 5 straight set shots from 25 feet in the final period to spark for the Burk girls, who qualified for the regional tournament at Canyon this Friday and Saturday.

Spur, champions of 2A-4, led once in the fourth quarter by one point. Burkburnett gained an 8-4 lead in the first round, topped Spur 17-12 at halftime, but sported a slim one-point margin, 27-26, as the fourth session got under way.

For Burk, Hale made 13 points; Darlene Edwards got 12 and Marilyn Morris added ten. Betty Dyess paced Spur with 16, while Frances Wilson garnered nine and Nan Alexander contributed eight.

Randlett Pioneer Dies At Age 90

Charley R. Underwood, 90, resident of Randlett, Oklahoma, since 1907, died Tuesday morning at the home of his grandson, Raymond Underwood, Jr. Death was attributed to a heart attack.

Funeral services will be held at 3 P. M. Thursday from the Randlett Methodist Church. Burial will be in Randlett Cemetery under direction of Pearson Funeral Directors of Walters.

Underwood came to Randlett at the opening of the Big Pasture in 1907. His homestead was one mile West of Randlett.

He had been an active member of the Methodist Church more than 55 years. He was born in 1863 in Taylor County, Kentucky.

He is survived by his son, Raymond Underwood of Randlett, three grandchildren and six great grandchildren.

You Can Be An Amateur Painter

Thus is the title of an article written by Marie Beynon Ray in the March 1954 issue of Coronet. Read it and enjoy the report on the better known amateur painters of our time. Maybe you are one of these people. Many times I have been asked why we do not have an active group of artists in Burkburnett.

There can be such a group if the interested people will let me know who they are.

A suggested program for such a group is listed here. If you are interested, check the list; answer the questions and send your answers to Mrs. Dan Sheriff, Box 792, Burkburnett.

As soon as your replies have been received, this paper will announce a date for your first meeting.

Questions concerning such a project can be discussed at that time. If you have never painted before and feel the need of an instructor, be sure to check the question — do you need an instructor? — on your suggested art program.

Suggested Art Program
1. How often would you like to meet?
2. Do you prefer evening or afternoon meetings?
3. Would you prefer combination lecture and work meetings, or separate times for each?
4. Please check your preference of the following for lectures and discussions:

- (a) Design
- (b) Drawing
 - 1. Life
 - 2. Perspective
 - 3. Still Life
 - 4. Landscape
- (c) Composition
 - 1. Simple
 - 2. Historic
- (d) Basic of Modern Art
 - 1. Practice
 - 2. Lecture
- (e) History or Art and Appreciation of art
- (f) Media
 - 1. Oil
 - 2. Water colors
 - 3. Pastels
 - 4. Finger paints
 - 5. Clay
 - 6. Ceramics

5. Do you need an instructor?
6. Other Suggestions?
7. Name
Address
Phone No.

Other towns of much lesser size have such a group. Doctors, lawyers, merchants, housewives, businessmen, farmers, everyone. We all need art, it's fun.

I have spoken to several members of the Chamber of Commerce and they have heartily endorsed this cultural movement.

Quoting Buddy Byars, president of the Chamber of Commerce: "The Chamber of Commerce stands for the betterment of our town and such a movement as Mrs. Sheriff's can and would advance a cultural movement in this area. We highly endorse the project."

Mrs. Dan Sheriff, president Burkburnett Art Group.

Hardin H-D Club In Regular Meeting With Mrs. Farley

The Hardin Home Demonstration club met in the home of Mrs. F. W. Farley, 112 W. College, for their regular meeting. Mrs. H. W. Crusemark, president, presided and Mrs. A. A. Jacobs, secretary read the minutes of the previous meeting. 21 members were present. Songs honoring George Washington's birthday were sung and the Lord's prayer was repeated in unison. A short program and refreshments were enjoyed by all.

Mrs. Clyde Peed gave a demonstration on Fertilizers and sprays for your flower beds.

The club is also starting its annual sewing class which will go on through the month of March. Our county Agent will meet with us every Fri. If you are interested in learning new points on sewing, you are invited to meet with us. Mr. Peed will have the class in her home Friday, March 5th.

Our next regular meeting will be in the home of Mrs. Mary Blonar March 10th.

NOTICE

The Federated Missionary Society will not meet this week on their regular day, March 5th, due to the Day of Prayer at the First Methodist church. They will meet Friday, March 12 at the home of Mrs. Ramsey at 2:30 p. m.

June Ellis Jimmy Hunt Electra

Texas. (Special)—The Baptist Church was the host Saturday for the wedding of Miss Mary June Ellis and Jimmy Hunt. Rev. J. M. Patterson, pastor, officiated at the impressive double ceremony.

The young couple and Mrs. H. C. Ellis of the home of Mr. and Mrs. Fred Burk Burnett.

The couple were married in a white arch, entwined with white and blue flowers. The bride wore a white gown with a blue sash and carried a white bouquet.

The groom wore a dark suit and carried a white boutonniere. The ceremony was held at the First Baptist Church, with a reception at the home of Mr. and Mrs. Fred Burk Burnett.

W.S.C.S. Enjoys Study and Covered Dish Luncheon

The W.S.C.S. of the First Methodist church met in the Wesley room for their bible study of the second chapter of Jeremiah.

The Churches One Foundation was the opening hymn. Mrs. R. H. Henry accompanied the group at the piano. Mrs. J. M. Patterson brought a beautiful devotional service.

Mrs. O. E. Melton asked for a silent prayer in memory of our beloved sister, Mrs. W. R. Hill. Ann Paul Fagan and Mrs. T. M. Jensen brought a message in song.

Meeting closed by singing "Have Thine Own Way Lord." A covered dish luncheon was served by Mrs. Tom Harms and co-workers.

Happi-Time Blue Birds Elected New Officers Feb. 26th

The Happi-time bluebirds met Friday, Feb. 26th in the home of their leader, Mrs. T. H. Holman with 11 members present.

New officers are Karen Burton, president; Sue Dempsey, vice president; Linda Holman, secretary; Jan Goode, treasurer.

The Mary Collier GA girls met March 1st for a regular meeting. The president called the meeting to order and the secretary called the roll.

Three MU Students Added to Who's Who. Three Midwestern University students have been added to the list of "Who's Who on the Campus."

DEVOL NEWS Mrs. C. O. WOODLEY

Mrs. Helen K. Smith made her last appearance here as Home Demonstration Agent when she met with the club Tuesday afternoon.

Mrs. F. J. Uthe was hostess in her home Tuesday evening at a very nicely appointed party. After games were enjoyed, refreshments were served.

Mr. and Mrs. R. A. Wright of Ardmore were weekend visitors here and attended the surprise party for Mr. and Mrs. K. E. Uthe in their new home.

Garland Rogers and son Milt of Anadarko and Mr. and Mrs. Tom Rogers and children Lynn and Pat of North Loup, Neb., spent the weekend with Mrs. Rogers parents.

Basketball Girls Play In Regional At Canyon, Texas

The Burk Burnett Girls' basketball team advanced to the second round of the Regional Meet in Canyon by defeating the Spur High School girls 35 to 33 in Burk Burnett Tuesday night, March 2nd.

The Forum Study Club met Feb. 25 in the home of Mrs. Iva Jo Goins. The meeting was called to order and President Annette Preston welcomed Mrs. Ellen Bankhead into the club.

Mrs. Fred Bunjes has returned from a visit with Mr. and Mrs. Jack Daniels in Pecos, Tex.

Blue and Gold Banquet Feb. 25th For Pack No. 155

Cub Scout Pack 155 held its annual blue and gold banquet at the Town Hall Thursday night, Feb. 25. 164 Cubs, parents, brothers, sisters and guests shared the family style dinner.

Mr. and Mrs. D. C. Dodson have returned from Wyoming where they visited their son Donald who was in a car accident recently.

Mr. and Mrs. Linton McLean and children of Eunice, N. M. have been visiting here for the past two weeks.

Mr. and Mrs. Ray Mills of Electra visited here Saturday.

B. JOHNSON
London B. Johnson, Washington, gives report on happenings in Capital as they stand in Texas.

Department economists predict that the year will be about as good as it was last year, that is, "abundant" weather or the nation's farm income in 1953 will be about a billion dollars better than farm income in 1952.

No Relieve in Bronchitis

Believes promptly because of bronchial system to expel germ laden mucus of nature to soothe and soothe, inflamed bronchial tubes. Guaranteed to please you. Millions of users.

MULSION

Best Cold, Acute Bronchitis

17 percent less last year than in 1952.

The farmer's share of the national income was not enough last year. We need to do better this year.

PURCHASING POWER: Farm purchases were down last year along with farm income. Retail sales of farm equipment and machinery ran about 17 percent below 1952 sales. Gross investment in farm buildings, motor vehicles and other machinery and equipment dropped by \$600,000,000 — a decline of 11 percent.

We must not adopt a farm program which would further reduce the purchasing power of the farmers.

GREAT TEXAN: Gen. Ernest O. Thompson, Chairman of the Texas Railroad Commission was in Washington to receive from the Venezuelan Ambassador the Order of the Liberator, bestowed upon him for his many years of service in the cause of oil and natural gas conservation.

Texas does not need to be told that this honor and the many others won by Gen. Thompson are well deserved. He is a great Texan, a great American and, I am proud to say, my good friend. The General was accompanied by his lovely and charming bride.

WOOL TRADING. Senate voted last week to put trading in wool futures under supervision of the Agriculture Department's Commodity Exchange Authority, the purpose being to prevent manipulation of prices. Twenty other commodities are under CEA regulation.

The bill still must pass the house.

NOTED AND FILED: Post Office Department offered "no encouragement" when Laredo Chamber of Commerce requested issuance of a commemorative stamp to mark the city's 200 anniversary. Department approved a commemorative stamp honoring 200 anniversary of Columbia University. That is Columbia U. of New York City.

NEWS BRIEFS: Glad to see Texas delegates to Christian Citizenship Seminar here—Julian Meers, Dallas attorney who years ago was an employee of my office, stopped by for a visit. Had a very pleasant luncheon with Gov. W. P. Hobby and Senator George, Lady Bird and I had 150 Texas school administrators and 35 Texas delegates to the National Association for Dry Cleaners Convention as coffee guests, along with members of Texas Congressional Delegation. REA loan to West Texas Rural Telephone Cooperative will bring modern telephone service to 1,320 rural subscribers in Deaf Smith, Palmer and Castro Counties. John Alexander of Marble Falls was elected president of National Granite Association at organization's Washington convention. Agriculture Department says no plans under consideration for moving Austin cotton classing office, as had been rumored. CG's of both Texas National Guard Divisions were here recently. Major General Carl Phinney of the 36th spent a week on active duty with the Army. Major Gen. Albert Sidney Johnson of the 49th Armored was here two days on Guard affairs. Houston again was Nation's second biggest port last year on basis of tonnage handled.

All available records should be analyzed when a herd sire is selected. A proved bull with at least five dam-daughter comparisons would be first choice when an aged bull is selected. In the case of a young male, the son of a proved bull and a consistently high producing dam should be chosen.

In 1927, the DHIA herd averaged 265 pounds of butterfat, an increase since then of 38 pounds. Butterfat average for all cows in the state now is at a stand still.

Haws advises against purchasing herd replacements. This is generally the best still, or even go backwards in the dairy business.

We have eighteen members in the Wichita Valley DHIA Association at present time. Any dairy farmer interested in joining this association may do so by contacting the county agent or Mr. H. R. Chandler local technician.

Key to Future Dairying

Experiences of thousands of dairymen interested in research indicate that production records and herd replacements may hold the key to the future development of higher producing dairy herds.

The average for all cows in Texas, says B. T. Haws, County agent, is 3,300 pounds of Milk and 140 lbs of butterfat. The Texas DHIA herd averages 6,800 lbs of milk and 303 lbs of butterfat.

DHIA information indicates a production of 5,000 lbs is necessary for cows to break even. At an average of \$5.00 per hundred weight, a 6,800 lbs producer is making about \$100 while the 3,300 lbs cows loses about that amount.

Where will dairying be a quarter century hence? Records herd replacements programs are perhaps the determining factor. Records are simple to keep, yet too few dairymen are keeping them. Even monthly milk weight will do a fair job of spotting brood cows from which calves for replacement should be kept. And not enough dairymen remember that one-half of a heifer's inheritance comes from the cow.

All available records should be analyzed when a herd sire is selected. A proved bull with at least five dam-daughter comparisons would be first choice when an aged bull is selected. In the case of a young male, the son of a proved bull and a consistently high producing dam should be chosen.

In 1927, the DHIA herd averaged 265 pounds of butterfat, an increase since then of 38 pounds. Butterfat average for all cows in the state now is at a stand still.

Haws advises against purchasing herd replacements. This is generally the best still, or even go backwards in the dairy business.

We have eighteen members in the Wichita Valley DHIA Association at present time. Any dairy farmer interested in joining this association may do so by contacting the county agent or Mr. H. R. Chandler local technician.

Texas State Dept. of Health

By Geo. W. Cox, M. D.

At this time of the year Dr. George W. Cox, State Health officer asks, "What will you have? Flies, rats, diseased hogs, stench, smoke, unsightly messes dotting the landscape, polluted streams or fewer flies and rats, cleaner air, less disease, unblemished landscapes, cleaner streams and reclaimed land? You can take your choice and the best will prove to be the most economical."

Safe, sanitary and economical disposal of refuse is a serious public health problem in most communities in Texas. Poor methods of refuse disposal increases the potential spread of disease by flies and rats that thrive in such insanitary conditions. Indiscriminate dumping of refuse along highways and streams is a filthy habit, mars much of the State's beauty and pollutes streams.

Foul smoke from burning open dumps is unpleasant to everyone. The sanitary landfill method of refuse disposal is practical and within financial reach of most communities, even those in rural areas. A regular collecting system, designated dumping areas obtained by the city or county court with small land fill equipment moved about by trucks in coordination with the collecting system can solve this serious health problem.

The Texas State Department of Health will be glad to consult with any community regarding this basic sanitation problem. When all refuse is properly collected and disposed of, Texas will have better health and more enjoyable environment in which to work and play.

Mr. and Mrs. Wayne Burk are the proud parents of a new baby boy born Monday, March 1st in the Bethania hospital. He has been named Byron Wayne. Mrs. Burk is the former Betty Lou Duke.

Taft - Hartley Weakness Cited

By Gen. Clark

General Mark Clark, whose tour of duty as United National commander in the Far East gave him plenty of experience in dealing with Reds, says that "Communists are cheats and murderers wherever you find them."

Nobody likes "cheats and murderers." Yet under present conditions, businessmen are forced to deal with such men whenever the Communists get control of a union that has been selected as bargaining agent.

This constitutes a great weakness in our National Labor-Management Relations Act. No employer should be required to deal with Communists — or Communist dominated unions.

The problem could best be solved by designating a Federal agency to investigate and determine which unions are led or dominated by Communists or other subversives. A list of such subversive unions should be compiled and employers should be freed of obligation to bargain with them.

Such a change would end

much of our labor strife. Communist cheats and murderers are not interested in settling labor disputes. Their objective is to disrupt production. Congress should pass a law to stop their subversive activities in labor unions.
