NUMBER 49

Chamber of Commerce Luncheon Each Second Monday at Town Hall Everybody Invited Each Pays for His Meal

The President of the U. S. is addressed as Mr. President, when spoken to.

The Miss America pageant of Atlantic City originated in 1920.

Kiddies Parade Friday Afternoon 2:30 P. M., June 25th

Water Rationing Now In Effect

Water Rationing Now In Effect

Rationing has come to us again. Effective as of June 24th, it shall be necessary to use city water to water lawns, shrubs, gardens or trees, cars, etc.

Water rationing is necessary now, the city engineers have estimated that 250,000 additional gallons of water per day will be needed.

Relief In Sight

The rationing of water is necessary now, the city engineers have estimated that 250,000 additional gallons of water per day will be needed.

Of Thanks

Those who expressed their appreciation in so many beautiful ways during our bereavement in the loss of our daughter, Cathy, we extend our heartfelt thanks.

Political Announcements

The headings will be placed on the names of the candidates for public office, subject to Democratic Primary.

Social Security Representative To Be In Burk

A representative of the Social Security Administration will be in Burk Burnett at the City Hall at 9:30 A. M. on the following days:

Rodeo Queen

Miss Sue McClarty was chosen Queen of the Rodeo, in a contest concluded Monday night. She is the daughter of Mr. and Mrs. Geo. H. McClarty of Burk Burnett.

Albert Richardson To Conduct Boys' Recreation Groups

Organization of the Burk Burnett Boys' Summer Recreation program is underway, according to the committee members of the various sponsoring organizations.

Mr. Richardson would like to meet with all boys who are interested in the program at the Grade school FRIDAY MORNING, JUNE 25th at 8:30 A. M.

To Start Monday

The first day of play will be Monday at the baseball field near the rodeo grounds. There will be a program for the younger boys in the mornings and the older boys will meet in the afternoon.

Legion Notes

During our meeting last Thursday night the following members were nominated for officers for the coming year:

Stock Too Tough For Rodeo Riders 1st Winners Given

The bucking stock at the rodeo Wednesday night was too tough for the cowboys. Nine bareback broncs spilled all except two riders.

Wednesday's results were as follows: Bareback Broncs: Freckles Brown and Bobby Whitten.

Saddle Bronc Riding: Bud Linderman, Billy Federson, Eddie Quaid.

Burk Boomers Win Three More

The Burk Burnett Boomers won three more games since last week's issue of the Star. The Boomers for the season have won 16 games, lost only one.

They won over Ft. Sill, Oklahoma last Thursday night 4 to 2. They won a League game Sunday over the Wichita Falls Panthers 7 to 0.

The Boomers won again over Ft. Sill here Tuesday night 3 to 1, with Dave Fleming going the first 7 innings and Bill Flanagan pitching the last two innings.

At Spudder Park Sunday the local team will play the Sheppard Field team at Spudder Park, Wichita Falls, at 2:30 P. M. Sunday in an Oil Belt League game.

The Boomers now have won last year and this year up to now, 30 straight League games, according to the record books.

For such a winning team, the local ball players are not getting the support they deserve.

Manager Country Owen says he is getting some good teams to come here to play, but he will have to pay them some expense money for gasoline.

out and watch the Boomers.

AB John D. Suttles At Lackland AFB

AB John D. Suttles, son of Mr. J. A. Suttles of Burk and Mrs. Ardeth Suttles of Wichita Falls has enlisted in the Air Force.

Candidates for Queen of the Rodeo

Pictured above are Patsy McCabe, Shirley Hale and Sue McClarty. Those young ladies were candidates for Queen of the Rodeo, 1954. Miss McClarty was winner.

Former Burk Girl Receives Cap In June 13th Ceremony

In an impressive ceremony at Wichita General Hospital Sun. morning, June 13, nine student nurses received their caps signifying completion of the first nine months of nurses' training.

The symbolic white caps, each marked with the equally symbolic black stripe were presented by Mrs. Frances Killen, director of the school of nursing at Wichita General Hospital.

The students recited the Florence Nightingale pledge under direction of Miss Gwendolyn Groves, director of nursing services.

Miss Juanita Kinsey, dean of women for Midwestern University, was featured speaker for the event. The class was presented by Miss Billie Robertson, class sponsor and nursing arts instructor.

Students who received caps Sunday were Carol Hatcher of Vernon, Sandra Lawler of Hastings, Okla., Shirley Moss of Wichita Falls, Estelline Maynard of Iowa Park, Charlene Robinson of Iowa Park, and formerly of Burk, Jewel Thorton of Iowa Park, Musie Tunnel of Abilene and Rebecca Williams of Harold.

Mrs. Opal Wallace and daughters, Patsy, Peggy and Charlotte have returned from a ten day trip to California and Old Mexico.

Mrs. James McManus of Kansas City, Mo., is here visiting her brother, H. D. Smith and Mrs. Smith.

The Kiddie's parade one of the most highly anticipated events of the Boomtown Rodeo and Homecoming Celebration, is scheduled for Friday afternoon June 25 at 2:30 p. m.

Parade Winners Are Announced

Winners in the parade Wednesday afternoon were announced by judges as follows:

Floats: 1. Junior University Study Club. Modern Study Club. Contemporary Study Club.

Riding Clubs: The Lone Star Riding Club of Graham, formerly known as the Possum Kingdom Round-up Club, took top honors for riding clubs.

Traffic Questions To Be Answered By Local Police

Would you like an article in each week's paper that would answer your questions and to bring you up to date on the latest traffic laws that are passed and just generally give you information that might be helpful?

What are you supposed to do if you have an accident on a public street or road? Contact the law enforcement group that has jurisdiction of the place of the accident—police in a city, Highway patrol if on the highway—and wait until they arrive.

There is a law now in effect for second and third offenses within a year. The penalty for a second offense is a fine up to five hundred dollars and a jail sentence up to six months and for third offense a fine up to one thousand dollars and a jail sentence up to one year.

The following are a few of the most often violated laws: running stop signs, crossing the double line of a street or highway, headlights and tail lights not working properly, no license plate light, and speeding.

Any person with questions to be answered or with remarks may write to the police department or call 400. We will be glad to assist you.

Rotary Club

Rotary club met Tuesday at 12:15 for their regular weekly luncheon and business meeting.

IN 75 YEARS

This year is electric light's Diamond Jubilee. Seventy five years ago Thomas Edison invented the incandescent lamp. In that period of time—only a moment as history is measured—electricity has utterly transformed the living and working standards of the American people.

This is true of the home, of the farm — one of the industry's greatest achievements is that 98 percent of all our farms are using electricity or have it available. And the consumers of power get far more for each dollar than was the case in the past—something that can be said of few other commodities or services. In 1953 for instance, the household user paid only one percent of his cost of living expenditures for electricity, as compared with 1.5 percent in 1929. Yet the average use of electricity in the home quadrupled during the intervening time.

The electric industry has become one of the largest taxpayers at all levels of government; some 22 percent of its total revenues now go for taxes. It is in the midst of a multibillion dollar expansion program which has made possible the meeting of soaring demand even as reserve capacity has been increased. It is a fact of the utmost significance that the only power shortages have been in regions where normal private-enterprise development has been held back because of drives to socialize the business and create a political power monopoly.

The record speaks for itself. There is no conceivable power need that the industry cannot satisfy, at an amazingly low charge to the consumer.

PECULIAR INJUSTICES

Have you heard it charged that the proposal to give tax relief to people who receive income from stock dividends, which has been subjected to double taxation since 1936, is a shameful "help the rich" scheme?

If so, read what the Odessa, Texas, American, has to say: "It is a strange plaint when statistics show that of all 6,400,000 shareholders in this country less than 10 percent can lay claim to any real wealth at all and roughly half have total income of \$4300 or less.

"We are inclined to peculiar injustices in this land when we want to tax double the thrifty who make possible the national prosperity."

THAT UNSEEN INGREDIENT

Writing in Coronet magazine, Ruth Sheldon Knowles offered the striking idea that there is an unseen and unsung ingredient in the gasoline we use — liberty!

She said: "The U. S. has produced almost two-thirds of the world's oil to date, not because it has more oil than the rest of the world, but because its explorers have been free to drill to one hundred times more wells looking for it. American oil resources are not controlled by government, as are those of every country. The development of a country's resources can be measured by the degree of freedom its citizens have to complete and put their ideas into use.

She then pointed out that in a recent year 2.9 percent of all passenger car breakdowns on the road occurred because they ran out of gasoline, due to driver forgetfulness. In Soviet Russia, she added, virtually no one ever runs out of gas" — for the simple reason that there is no gasoline available for the common people."

What is true of gasoline is true of all the thousand and one other oil products used in our homes and factories and on our farms. They are offered to us in almost incredible abundance, at prices practically all can easily afford. And in each, liberty is the unseen vital ingredient.

HOW ABOUT DICKERING?

Secretary of State John Foster Dulles told the Joint Congressional Atomic Energy committee that, through "treachery and treason," together with scientific advancement in Russia "our potential enemies have a knowledge vastly superior to most of the nations we count as friends. Thus we should share our atomic secrets with our allies.

The five AEC members, also appearing at the hearing on relaxing the "total secrecy" of the Atomic Energy of 1946, urged "constructive peacetime uses of the atom", and revision to permit private enterprise to develop atomic power for industrial use.

Maybe the Reds have all our atomic secrets. But it would still seem, if our allies are so keen for nuclear know-how, that we could at least trade it for some active interest and cooperation in that European Defense Army, in that Asian Defense Pact (if that's what we think we want) and in cracking down on strategic materials shipments to the Reds.

But there can be no question that if we are to develop atomic energy for peaceful pursuits, American free enterprise should be given the job — as free as possible from the soft hand and the theoretical mind of bureaucracy.

Gay Ladies Garden Club Met Monday With Mrs. Koenig

The Gay Ladies Garden club met Monday, June 21 in the home of Mrs. Clarence Koenig.

Mrs. Chester Todd, president, conducted the business meeting. The club chose their flower to be the Iris; colors, green and white; and purpose, Beautification and Utilization of the Natural Resources or Our Home and Community. The third Monday of each month was selected as their regular meeting date.

Two new members were added to the club roll. They are Mrs. Roy Hyde and Mrs. Robt. Crowder.

Mrs. J. C. Adams brought a very interesting and educational program on "Decorating each room of your home with flowers. Gladiolas and Day Lilies were used by Mrs. Adams to emphasize points on arrangements.

The door prize was won by Mrs. Todd. The next meeting will be in the home of Mrs. Frank Hendon, 118 Ave. F. Mrs. Walter Riley will bring the program on "Summer care of annuals." She will also explain how to prune and feed plants in the summer months.

Accidents In For May

B. Hallmark, Jr., announced in the month of May that there were sixty-seven accidents in the district. Of these accidents, three were fatal and the death of four people. The total of sixty-seven accidents in the district was \$733.00 in property damage. The accident North of this section of North Wichita Falls in the first five months of the year has been a very grim one. 21 people have killed 35 people. There has been 164 people in motor vehicle accidents. The staggering sum of \$100,000 spent on property damage alone. If the hospital bills of the 164 people were added to the monetary loss would be over one half million and we still cannot get the additional loss of salary income. Nor is it possible to place on the scale the loss of the lives of the highway Careless-Hearted first five months of the year. The district had fifteen fatalities. Killing eighteen people and losing \$166 and losing \$166 in property damage. It is stated that his patrolmen were placing special efforts to cut down on the speed as the number of accidents in this North Texas district has been one of the factors in well over 50 percent. The patrolmen contacted and 636 speeders in the district of May, this figure is expected to increase as vacation time approaches. People are taking a long distance to travel and discretion and regard.

for themselves and their fellow man to the winds so that the ones who are lucky and do arrive in record time, without an accident can brag to their friends of driving three hundred miles in five hours and forty five minutes or other great speeds and distances.

Hallmark says his men will attempt to slow this type of driver down, and if unable to keep him slowed down at least provide the individual with proof in writing to show to his friends that he had at one time been making fast time until it was interrupted by the proof he is displaying.

In the month of May the youngest persons arrested by Highway Patrol, in the District, were two teen-age boys. These boys were arrested for automobile theft having stolen a car in Oklahoma. Their ages were twelve and thirteen, even at this tender age the boys had been arrested several times before. While the youngest was being booked at the jail to await the arrival of the Oklahoma authorities and parents, he remarked "this jail is not so hot, I have been in several better jails than this one."

VETERANS Administration Questions and Answers

Q—I have a Korean GI term insurance policy, the kind that doesn't pay dividends. Would it be possible for me to convert it to a permanent form of insurance?

A—No. Under the law, non-participating term insurance policies issued to Korean veterans may not be converted to permanent plans.

Q—I am a disabled World War II veteran, and I'd like to take vocational rehabilitation training under Public Law 16. If I'm eligible to train, would I be allowed to take a four year law course?

A—No. The law would allow you to take only a course that you could complete by July 25, 1956, the date the Public Law 16 training program comes to an end. You would have to enroll for a course that you could finish in two years or less.

Q—I'm a World War II veteran taking GI Bill training at night. I have a job that normally doesn't require me to travel, but I found out that I am going to have to take a three-weeks business trip, and therefore interrupt my training. Will I be permitted to resume my GI Bill training when I get back? Or is this the kind of interruption that's not allowable?

A—You will be permitted to resume your GI Bill training when you return from your trip. VA considers such a temporary interruption as one caused by a "valid reason," so long as it doesn't last for more than four months. If it did last longer, you would be required to show VA that you couldn't possibly have resumed your training earlier.

Q—Does the August 20, 1954 deadline for starting Korean GI Bill training apply to all Korean veterans?

A—No. The August 20 cutoff applies only to veterans separated from service before Aug. 20, 1954. Veterans separated after that date have two years from separation to begin Korean GI Bill Training.

Texas Farm Bureau To Attend Annual Convention

A special train will carry Texas Farm Bureau members to the national convention in December in New York, TFB President J. Walter Hammond has announced.

The state farm organization has completed arrangements for the 77 day trip which will include sight seeing tours in St. Louis, Williamsburg, Va.; Washington, D. C.; and New York City. The Farm Bureau Special will leave Dallas Dec. 7 and return Dec. 18.

While in New York the Texans will attend the 36th annual convention of the American Farm Bureau Federation. An estimated 175 members and their families are expected to attend from the Lone Star state.

The group will stop first at Williamsburg, birthplace of American history, for a comprehensive tour of the restored colonial settlement. A chartered bus will take them thru Jamestown to Old Point Comfort, Va., where they will board a steamer for Baltimore.

In Washington, the Texans will visit many of the government buildings and other points of interest. They will also tour George Washington's colonial home across the Potomac at Mt. Vernon.

A sight seeing tour of many of the most interesting places in New York City is also planned for the group.

On the return trip, the delegation will stop over in St. Louis for a tour of Forrest Park Zoo, Shaw Gardens and other points of interest.

Here are the costs for the round trip, including railroad fare, pullman, all tours, boat trip to Chesapeake Bay, baggage handling in Old Point Comfort, Va., Baltimore and Washington, D. C.:

- One person in lower berth — \$205.00
- Two persons in lower berth — \$185 each
- One person in upper berth — 193.00

Dr. Carpenter Aids Student Nurse Drive

Dr. Phillip Carpenter of Burkburnett is aiding the recruitment drive for student nurses for the Wichita General Hospital School of Nursing, according to an announcement made by Mrs. Dallas Clynch, President of the Wichita Falls League of Nursing Education. The League is sponsoring an essay contest for young women who are interested in becoming professional nurses. Dr. Carpenter and Dr. Gordon Clark, of Iowa Park have made it possible for a \$50.00 scholarship to be awarded to the contestant from Wichita County, exclusive of Wichita Falls, who writes the best essay on "Why I Want to Become a Professional Nurse."

Two other \$50.00 scholarships will be awarded to winners from other areas. Contestants from Wichita Falls will compete in Area 1, contestants from Wichita County, exclusive of Wichita Falls, will be in Area 2, and contestants living outside of Wichita County will be Area 3. Second prizes of fountain pens will also be given.

The winners from the three areas will compete for the Grand prize which will be a \$100.00 scholarship to the Wichita General Hospital School of Nursing. The winner of the Grand prize will thus win a total of \$150.00 as a scholarship to the Wichita General Hospital School of Nursing.

"Nurses are badly needed in all communities. The League is grateful to the various individuals and groups who are helping to attract qualified girls to the local school of nursing," Mrs. Clynch stated. "Dr. Carpenter by his help in this essay contest is indicating his interest in the Wichita General Hospital School of Nursing and the young women who wish to attend that school. Mrs. Clynch added.

Young women who are interested in becoming professional nurses and are eligible for admission to the Wichita General Hospital School of Nursing may enter the essay contest. Applicants must be between the ages of 17 and 35. (Applicants who are 16 but will be 17 by Sept. 1, 1954 are also eligible.) Applicants must be in good health and have good references as to character. They must have been graduated from high school with satisfactory grades.

Each contestant must write a theme, of 500 words or less, on "Why I Want to Become a Professional Nurse."

The theme along with the contestant's application for admission to the Wichita General Hospital School of Nursing must be in the hands of Mrs. Frances Killen, Director of the school by August 9, 1954. Themes sent through the mail should be mailed by August 1, 1954 to be sure that they are received in time.

The name of the contestant must not appear on the theme, but the Contest Entry Blank with the contestant's name etc. is to be clipped or pinned to the theme. Mrs. Killen will place a number on each entry blank and on the corresponding theme before removing the entry blank and giving the theme to the judges. The names of the contestants will be released only after the judges have made their decisions.

Girls interested in entering the contest may write to Mrs. Frances Killen, Director, Wichita General Hospital School of Nursing, Wichita Falls, Texas for a contest entry blank and a copy of the rules.

Themes will be judged on the basis of content, sincerity, originality, English, spelling, form and neatness. The decision of the judges shall be final. All entries become the property of the Wichita General Hospital School of Nursing.

The winners in this essay contest will be announced on August 25, 1954. Certificates of awards will be mailed immediately after that date.

Contestants are urged to begin their themes at once. Additional information about the contest and the school may be obtained from the Wichita General Hospital School of Nursing.

Searchlight on TB Organizational Meeting June 29

An invitation labeled "very special" is extended thru this newspaper by Mrs. W. R. Shirk, Regional Chairman for Area 3 residents of Wichita County to attend a 12 county organizational meeting in Wichita Falls on Tuesday, June 29. The Assembly Room of the Wichita General Hospital has been proffered as the meeting place by Paul H. Ahlstedt, Hospital Administrator, because of ample, free parking facilities, and accessibility from all directions of travel into Wichita Falls. Scheduled for 1:30 p. m. the business will be concluded by 4:00 p. m.

Emphasizing that this is not a fund raising drive but a fact finding survey on tuberculosis, Mrs. Shirk states that at the inaugural meeting, delegates from the 12 searchlight Area 3 counties will be given complete instructions and an Operation Kit to use as a guide in conducting their surveys. Counties in this district are: Archer, Baylor, Clay, Foard, Hardeman, Haskell, Knox, Throckmorton, Wichita and Young.

Because tuberculosis is contagious, plus the fact that the victim usually experiences no symptom to warn of the presence of the disease in its early stage, when it should be detected for early recovery, TB control becomes a community responsibility. This is true not only to protect affected families and close associates of the patient, but to prevent the chain of infection from reaching out into the entire community, Mrs. Shirk points out.

Mrs. Joella Terrill Butler, President of the Texas Tuberculosis Assoc., in approving the "Searchlight" plan announces that "it is high time for Texans to band together to fight back at tuberculosis with coordinated efforts, concrete information and a unified plan of action."

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Mrs. Lela S. Wier
2805 Arbor Hills Drive
P. O. Box 2695
Jackson 7, Mississippi

Mrs. Butler joins Mrs. Shirk in requesting county-delegation attendance at the June 29 meeting. Of the 48 states in the union 40 have lower TB rates than Texas. Certainly, the purposes and aims of this project can change the picture on this unnecessary, costly, communicable disease in Texas" Mrs. Butler added.

No Sale!

Right in front of Granny White's beautiful old house on Maple Avenue there's a brand-new sign: "Antiques. Inquire Within."

Now—don't get excited. Granny explained it all the other night—after we settled down in her parlor, me with my temperate beer, Granny with her tea.

I asked her if she was really going in the antique business. "Oh, no," says Granny, "I wouldn't sell anything. I put that sign up so folks would come in and talk—and look around. If they insist on a price, I tell them some out-

rageous figure! I guess I just like people," she said.

From where I sit Granny can be excused for her little ruse. She may be in her eighties, but her mind is young—and open. She's the kind of person who's made this town so wonderful. Granny not only likes people—but she respects them and their preferences and opinions. Come to think of it, "liking" and "respecting" mean much the same thing, don't they?

ed over and indeed fashioned
so many of those events.

In his inaugural address as
President of the United States
made about twenty-one years
ago, spoke these words: "In the
field of world policy I would
dedicate this nation to the policy
of the good neighbor." In the
crowded years since then, those
words, and the man who spoke
them, remain an imperishable
memory in the minds and hearts
of hundreds of millions of peo-
ple everywhere. An historic
achievement of his was to kin-
dle the imagination of people in
the hope of a free and peaceful
world, in which good neighbor-
liness would be the watchword
of every nation.

A reminiscent of those years,
which have been called the
"Roosevelt Years," recalls to my
mind, and at that time violent-
ly disagreed to by some of my
friends, that this man was cer-
tainly one of the most extra-
ordinary and fascinating man of
our time and generation. One
might reminisce about some of
the great actions which he took,
about the massive problems it
fell to him to grapple with, the
greatest depression in history,
and the greatest war in history.
Let us hope it will still be call-
ed the greatest war in history a
hundred years from now. But it
is impossible to think of Mr.
Roosevelt only in terms of the
past.

He spoke over the heads of
governments directly to the
hearts of people. The day the
news was received in Moscow
of his death, there was deep
mourning among the Russian
people. They felt a personal

loss, the loss of a friend, one
who would lead mankind to a
better world. Now our country,
in spite of the disappointments,
is still the embodiment of that
hope among people everywhere,
and it is not a small measure
because they trusted Franklin
Roosevelt as the spokesman of
American ideals. How many
phases of his recall these ideals
the good neighbor, the four free-
doms, the Atlantic Charter and
the United Nations.

His leadership was one of in-
vigorating, creative and particu-
lar in our domestic affairs at a
time when all of us, young and
old, worker, farmer businessman
and teacher, were struggling to
emerge from the dept of a grave
depression and economic col-
lapse. Do you recall the period of
Franklin Roosevelt's inaugera-
tion of 1933? Do you remember
the bread lines, the millions of
unemployed, the bankruptcies,
the foreclosure on homes and
farms, the closed banks, and the
bewildered and panic-stricken
people? Some of you do remem-
ber, and without prejudice, we
hope, of his saying: "The 18th
Amendment should go, and must
go."

His magnetic inspiring leader-
ship brought men and women
from all walks of life to assist
him in bringing about the great-
est strides for the welfare of all
people. The measure of world
regard for him was expressed by
Winston Churchill in the
House of Commons at the time
of his death. He said: "It is a bit-
ter loss to humanity that those
heart beats are stilled forever."
What an enviable death was his
He had brought this country
thru the worst of its perils and
the heaviest of its toils. In the
days of peace he had broaden-
ed and stabilized the founda-
tions of American life and union
In war, he had raised the
strength, the might and the
glory of the great Republic to

a height never attained by any
nation in history.

"But all this was no more
than worldly power and grand-
eur, had it not been that, the
cause of freedom and social jus-
tice, to which much of his life
had been given, added a luster
which will long be discernable
among men. For us, it remains
only to say that in Franklin
Roosevelt there died the great-
est champion of freedom who
ever brought help and comfort
from the New World to the old.

Texas State Dept. of Health Dr. Henry A. Holle, M. D.

This is the season of the year
when an increase in poliomye-
litis can be expected and Dr.
Henry A. Holle, State Health
Officer, is urging the public to
cooperate in helping to prevent
the spread of this crippling
disease.

Children should not visit hom-
es where poliomyelitis or sym-
ptoms of this disease are present.
Promptness in diagnosing poli-
myelitis is one of the most im-
portant factors in its control,"
Dr. Holle declared.

"Direct contact between per-
sons is the chief factor in the
spread of infantile paralysis and
since carrier are difficult to de-
termine, it is advisable to re-
duce to a minimum all human
contacts during any outbreaks
of this disease."

Dr. Holle stressed the fact
that a rigid program of sanita-
tion is advisable since it has
been suspected that flies and
other seasonal insects may con-
vey the virus or germ of poli-
myelitis. He added that insect
transmission has not been sci-
entifically demonstrated but
advised out that sanitation is always
advisable in controlling disease
and that filth is likely to prove
dangerous.

Early symptoms of infantile
paralysis are headache, fever,
vomiting, unusual drowsiness,
and irritability, followed by stiff-
ness in the neck and back.

Children under five years are
most susceptible and all chil-
dren under twelve years should
be watched for suspicious sym-
ptoms. Dr. Holle urged that a
physician be called immediately
in infantile paralysis is sus-
pected. If the disease is definitely
diagnosed, local health authori-
ties should be contacted im-
mediately and patients isolated
for at least 21 days.

Don Wilson son of Mr. and
Mrs. Roy Wilson of Seminole,
Okla. and former residents of
Burk Burnett, was here over the
weekend visiting firends and
relatives. Don has just been dis-
charged from the Navy after
four years service. He made 38
trips to Japan aboard the Gen.
Breckenridge, transport ship.

Mrs. J. B. Grace is expected
to return home this week from
Florida where she has been
vacationing with her daughter-
in-law, Mrs. Henry Grace.

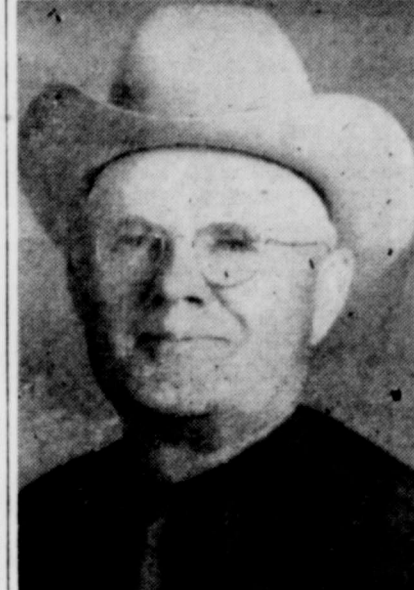

Mr. and Mrs. Charlie Grace
of Ft. Worth, are visiting in
Burk Burnett this week and will
attend the Homecoming Rodeo
and Celebration.

Once the citizen loses his
sense of personal responsibility
for the welfare of the nation—
of participation as an active,
loyal citizen—we shall indeed be
destroyed from within.

Dr. James B. Ohern returned
this week from Galveston where
he attended the 39th annual con-
vention of the Texas State Chir-
opracic Association, June 10-12.

Sanitation And Insecticides Are Good Fly Control

Only continuous sanitation
and proper use of chemicals can
hold fly populations to small
numbers this season.

B. T. Haws, county agent,
says that this is a critical time
in fly control. The pests now
are becoming established for
the season. And this is the usual
time for manure-hauling and
general cleanup around the
farm.

Sanitation, the removal of ma-
terials in which flies breed and
develop, holds the real key to
the control of these disease
transmitting, and annoying in-
sects.

The county agent's advice to
farmers who are willing to work
at fly control includes these
haul manure, trash and rotting
plant refuse to the fields and
spread it out to dry. Clean up
around livestock feed bunks.
Scrape feed lots to the concrete
in paved lots and to the fresh
earth if unpaved.

Keep a clean up campaign
going the year-round. Haws ad-
vises:
Many farmers do a good job
of removing the obvious breed-

ing places, but they miss other
important "hot spots." Some of
these are the corners of barn
gutters, spilled feeds and other
small accumulations of organic
matter that may begin to decay.
This, together with insecticid-
es, properly applied, will pave
the way toward a neater, bet-
ter-appearing farmstead and re-
lief from the annoyance and
health hazard of flies.

Mr. G. H. Brister, son of Mr.
and Mrs. R. H. Brister, visited
here a few days last week be-
fore going on to Pampa, Texas,
to work in the Highland Gen-
eral Hospital as an externe. He
is a junior student at the Med-
ical Branch of Texas University
at Galveston, Texas.

**Here's how
YOU CAN GET THE GREATEST EFFICIENCY
FROM YOUR REFRIGERATED
Room Air Conditioner**

Your electric refrigerated room air conditioner is a
marvelously efficient cooling device. It has the cold-
making power of 12 average household refrigerators.
Like your refrigerator, its operating efficiency depends
upon a number of things you can control. For best
results:

- 1 Cool only an area within the size your unit is
designed to cool. When cooling a larger area, the
unit works harder and its efficiency is lowered.
- 2 Keep air filters clean. Clogged filters lower effi-
ciency of the unit and cause it to use more elec-
tricity.
- 3 Insulate ceiling area above room being cooled.
Insulation is comparatively inexpensive and
keeps hot air out, cool air in.
- 4 Locate your unit in the shade if possible. The
north side of the house usually is best, followed
by east, south and west. Proper shading of unit
increases its efficiency.
- 5 Properly control intake of outside air. This is im-
portant to operating efficiency of your unit. Fol-
low manufacturer's instructions carefully.
- 6 Keep out direct sunlight. It brings in heat which
your unit must work extra hard to remove. Awin-
tings over your windows will help.

An automatic thermostat is recommended to hold
room temperature at 78 to 80 degree level considered
best for health and comfort. Each degree below 78
degrees increases power consumption unnecessarily.

You will get more satisfaction from your room air
conditioner when you follow these suggestions. Re-
member, too, that operating cost is governed by hours
of use. Turn your unit off when you expect to be away
for several hours. You can quickly lower the tempera-
ture when you return.

J. B. ADY, Manager Phone 138

News From The Congress

By FRANK IKARD

With all the sensational headlines that we read daily, we often lose sight of the fact of what is happening to the population of the United States. Sometime ago I mentioned the rapid rate with which our population is increasing. This rate of increase is something that we should be continually conscious of for if we don't make some plans with regard to our increased population, we are apt to be in some real trouble in another twenty-five, or thirty years.

Since 1946, the birth rate in the country has been 3,000,000 annually. Only twice before in our history, in the years 1921 and 1943, has this figure been exceeded.

Since World War II, the number of families in our country has increased 800,000 a year. This is twice the rate of the thirties. It is estimated that we will have an increase in population of 20,000,000 by 1960, and if we continue to have the same kind of diet that we all enjoy today, such a population will require annually an additional 2,000,000 pounds of meat, 500,000,000 dozen of eggs, and 100,000,000 pounds of milk solid and 300,000,000 pounds of feed grain. A year ago our population was 159,000,000, and it has increased since then by one individual every thirteen seconds.

An increasing population is healthy for any country and is certainly looked upon favorably by business interests since it increases consumers and causes better markets. It expands and stimulates the whole economy. While our population is increasing by leaps and bounds, much of our good farm lands are wearing out and being depleted. Those that have studied the question of agricultural production tell us that if we continue to dissipate our lands at the rate we have been doing for the last generation, we will have a real pinch in our food supply between 1975 and 1980. These same specialists however, believe that if we continue to develop a sensible program of conservation of both our soil and water our yields of crops at about the same per acre level that they are now, that our production can and will keep up with our rising population. These facts point up the necessity for keeping the agriculture of this country on a sound economic basis and encouraging a practical and efficient conservation program.

Other interesting figures concerning population are that the United States with about 6 percent of the world's population has 45 percent of the world's income, while Asia with 53 percent of the world population has only 10 1-2 of the world's income. The latter part of this week the Emperor of Ethiopia, Haile Selassie, will be in Washington and will speak at a joint session of Congress. He is one of the very colorful people in the world and will be remembered for the fight he put up against Fascism during World War II.

Building Up Libya's Exports

Libya is one of the many underdeveloped countries which have enlisted the technical assistance of the United Nations to help strengthen their economic structure. The U.N. Food and Agriculture Organization has contributed with a large mission of experts in agriculture, forestry, agricultural statistics and marketing. In the above photograph, R. F. Innes of the United Kingdom, an FAO hides expert working in Libya, examines some hides which are being prepared for export. Skins like the above have increased their quality export value by 10 per cent through the work of the FAO mission.

First Methodist Church

T. M. Jensen, Pastor

9:45 — Sunday School
10:50 — Morning Worship
6:00 — MYF
8:00 — Evening Worship
Note should be taken of the change in the time of the evening service. During the summer months the evening service will begin at 8:00 p. m. in the summer months, as well as in the winter everyone should put forth special effort to attend not only the morning services but even ing worship as well.

Remember that during the summer, whether at home or on vacation, we should all go to the House of God on Sunday. We need Him just as much in the summer as we do in the winter.

Mrs. John Brookman and Mrs. B. Danforth returned home Tuesday from a trip to New York and Connecticut.

Mr. and Mrs. Neal R. Allen and Gayla Sue of Scott Field, Bellville, Illinois, were Burkburnett visitors this week. They attended the Boom Town Homecoming Rodeo and Celebration and visited relatives and friends.

Mr. and Mrs. Bill Bundy and daughter Gail have returned to their home in Beaumont, Texas, after spending their vacation here with their parents, Mr. and Mrs. W. M. Bundy, Sr., and Mr. and Mrs. C. W. Boyd.

Miss Randa Nutt of Van Horn, Texas is visiting her grandmother, Mrs. F. R. Knauth, this week.

If you don't think the dollar's worth anything today, just try to collect some that are owed you.

Mr. and Mrs. Jim Whitaker have moved to Daytona Beach, Fla., to make their home. Mr. Whitaker was assistant football coach here for the past three years.

Mrs. Virgil Inman and children will leave Monday for a vacation in Hartford, Conn.

Mr. Dan Cook and family of Loneto, Calif., are here visiting the H. G. Cook family this week.

Mr. and Mrs. Woody Carter of Arp, Texas, visited friends in Burkburnett Saturday.

DEVOL NEWS

Mrs. C. O. WOODLEY

Mrs. A. J. Mays is reported to be doing nicely after undergoing major surgery in the Fredrick Clinic Wednesday. It is expected she will be able to return home the last of this week.

Mrs. C. C. Hawhee and Mrs. Jack McCasland attended a miscellaneous shower Friday near Wichita Falls for Mr. and Mrs. Everett Hawhee who had their home and furnishings destroyed by fire about two weeks ago.

Mr. and Mrs. Crawford of Lufkin, and Mr. and Mrs. Raymon Smart and Charles Ray of Ft. Cable were recent guests of their parents, Mr. and Mrs. R. A. Odum.

Mr. and Mrs. O. W. Smith were Sunday guests of Mr. and Mrs. Geo. Byerly of Burkburnett.

Mrs. T. A. Landers has returned home from a visit with a brother in Hot Springs, Ark., whom she had not seen for 30 years. A sister, Mrs. Campbell of Alabama, was also present that she had not seen for 52 years. Several other brothers and sisters were present at the reunion. Mrs. Landers was accompanied to Hot Springs by a sister, Mrs. Laura Inman of Burkburnett.

Visitors in the home of Mrs. Ida Alford the past week included Mr. and Mrs. A. C. McElhoney of Chickasha, Mr. and Mrs. J. H. Griffin of Wichita, Kans., Bill Alford and daughter, Darlene of Waco, Mr. and Mrs. Edd Jones of Lubbock, Mr. and Mrs. E. Hatcher and three daughters, Ruth Ellen, Kathleen and Edna of Kerman, Cal., Mr. and Mrs. J. W. Hannah of Graham, Mrs. Ruby Hitt, Barbara and Brenda of Burkburnett, Mrs. Kate Parrish of Grandfield, Mrs. Joe Sippel and niece, Shirley King were Lawton and Craterville visitors Sunday.

Mr. and Mrs. C. O. Woodley and M-Sgt. and Mrs. Charles Woodley and daughter Linda Rae enjoyed a picnic and family get together in the Wichita Mountains Sunday. Others attending included Mr. and Mrs. Bob Woodley and Judy, Mr. and Mrs. Gordon Woodley, Mr. and Mrs. O. L. Bridges and children Charles, Kay, Stevie and Mary Jane, Mr. and Mrs. Dean Crawford, Tommy and Sue Ann all of Wichita Falls, Mrs. T. P. Randall of Burkburnett and Mrs. J. H. Woodley of Shawnee.

Mrs. Dolly Hardin visited her sister, Mrs. Germany in Burkburnett Saturday.

Mr. and Mrs. F. J. Uthe were Wichita Falls visitors Tuesday.

Morning Worship, 11:00 A. M.
Sunday Evening Service, 7:00 P. M., Young People's CA Service.

"How-to-Do-It"

Cooling System Tin

Avoid this mishap when hot weather arrives. Authorities such as the U. S. Bureau of Standards as well as Du Pont, a leading manufacturer of radiator products, say be sure to drain anti-freeze in the spring. Otherwise, moisture may become corrosive, cause rust and overheating. Best procedure, advise the experts, is to drain, cleanse, and add an anti-rust and water pump lubricant to fresh water in the system.

Calf Scramble To Be Featured Each Rodeo Show

A new feature has been added to the Rodeo Show. CALF SCRAMBLE has been popular for many years, but this year it is being featured at the top and San Antonio. Present plans call for boys to participate in the calf scramble. Only eight calves will be used out in the arena as many calves as boys work individually teaming up. As long as boys hold a calf, the boys must not bother the calf. If the calf is loose, then he is fair game for any one who wants to catch him. The calf must be haltered, then driven, dragged across the arena. Eight winners will be named the first night and the second night. The six winners will compete in the final night. Valuable prizes will be made to the winners. Some of the winners in this neck of the woods have been secured for this year. The calf scramble will start to finish.

1st Grade Students Must Be Immunized Before September

It is required of all entering the first grade in 1954, that they shall be immunized against Small Pox, Diphtheria. Parents who are entering the first grade are urged and requested to get in touch with their physician so as to have immunizations completed by September.

What Was This Call Worth?

"Mommy, can I stay at grandmother's tonight?" That was Carol's very first telephone call — a real thrill that can hardly be measured in dollars and cents. Yet, Mrs. Caroline Niemeyer, Carol's grandmother, can tell you what that call cost. She is one of a group of customers who kept day-by-day records of calls made for a week — a total of 30 calls covering 138 minutes. Then she broke her telephone bill down into the actual cost per call. "I was amazed," she reported, "at how little my telephone service cost for all the convenience and happiness it delivers." Walter Chandoha of Long Island, N. Y., who made this shot of his son, sells most of his pictures. This one was made with his 4 x 5 Super "D" Graflex and a Roll Film Back, with bulb at 1/32.

THE OPEN DOOR TO SELLING PICTURES

Most photographers have from time to time played with the pleasant idea of selling their pictures. It makes for particularly rosy-hued day dreams — with March 15th so close at hand. Passing the neighborhood newsstand, your eye is overpowered by the profusion of picture magazines that are on sale. One of those magazines must be in the market for pictures you have either taken or plan to take. Usually, that's as far as your day-dreaming goes, however, for you are now smack up against the stone wall of reality. How do you go about selling pictures?

Well, there are a number of ways to go about it. The important thing to remember is that as many editors as possible must see your pictures and they must become familiar with your work. The reasons for this are obvious. Sending pictures to an individual magazine ties them up for an extended period at a time when another editor is looking for exactly what you've got. Also, while an editor may not need your pictures at the moment, if he is familiar with your style and capabilities, he will keep you in mind

when an assignment that you can cover comes along.

One excellent way to accomplish both these ends is to submit pictures to recognized, nationwide, photo contests. I mention this possibility now since one of the best of these contests is presently underway, the 1954 Graflex Photo Contest. By entering this contest you not only have the opportunity to share in the \$10,000 offered as prizes, but perhaps more important, your work will be seen by just the people you would want to see it. Judges in each class are selected from among the nation's top professionals, press photographers, and photo editors. On top of that, copies of every prize-winning picture are sent to the picture editors of every large magazine, newspaper, Sunday supplement and wire service in this country and Canada, as well as a number of foreign countries, to use as they see fit. And use them they do . . . by the hundreds.

So if you're looking for the stepping stone to selling pictures, take my advice. Send in your entries. Maybe you'll get the big break you've always wanted.

ANDLETT NEWS

Mollie Ruth Elliott

T. Slabough was taken to General Hospital in Wichita last Monday where he underwent surgery. Mr. Slabough also received word last week of the drowning of his year old granddaughter, Mrs. Carl Slabough. She was the daughter of Mr. and Mrs. Carl Slabough and was drowned while swimming in the Little River Arkansas.

Mrs. Pear Pennington and Mrs. Sam Pennington and his brother, Mr. and Mrs. Pennington over the week-end.

One found a billfold belonging to Clarence Watson in the home of Mr. and Mrs. Pennington over the week-end.

Mrs. Houston Tuel and Mrs. P. E. Bridges of Washington, Rex and daughter and Mr. Tuel of Burk Burnett and Mrs. Flora Hatcher and Mr. and Mrs. A. Williams of San Antonio, visited in Burk Burnett Saturday.

Mrs. D. L. Nicholous of San Antonio, visited in Burk Burnett Saturday. Mrs. Sam Braden and Mrs. W. H. Black of San Antonio, visited in Burk Burnett Saturday.

Stamp Honors U.N.

Above is one of 12 stamps which Nicaragua has issued to honor the United Nations. It is a three-centavo, magenta color, air mail stamp. Others—both ordinary and air mail—range in face value from three centavos to five cordobas. Many other countries have issued stamps to honor the U.N., including Liberia, Indonesia, France, Ecuador and Honduras. The United States issued one with a United Nations theme in 1945 during the San Francisco Conference.

the home of Mr. and Mrs. W. R. Baldwin and girls Tuesday enroute to Penn.

Bobby Green, grandson of Mr. and Mrs. J. T. Green, of Wichita Falls spent the weekend with them.

visited Mr. and Mrs. Estell and son who had been in a wreck but are improving at this time. Mr. and Mrs. Jack Cox of Georgia were guests in the home of Mr. and Mrs. Emery Martin and sons Sunday.

Mr. and Mrs. Sam Braden, Jr., and daughter of Lufkin, Tex., who have been visiting here for the past week, returned home Saturday.

Mrs. T. J. Baber was a Wichita Falls visitor Saturday. Mrs. Omie Fisher, Mr. and Mrs. T. E. Kennedy and boys of Okla. City visited Mrs. Bill Hawkins and Mr. and Mrs. C. Watson over the weekend.

Mrs. T. L. Wileman visited Mrs. Jack Wingfield of Archer City Saturday. Mrs. Wingfield had been in the hospital but was released Saturday.

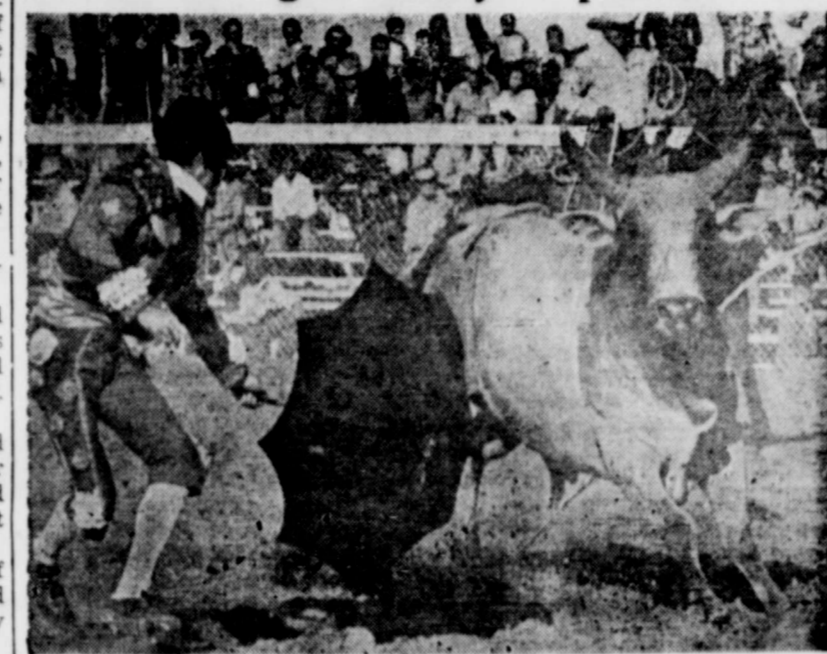

Mr. and Mrs. Ralph Leo of Wichita Falls visited Mr. and Mrs. Sam Braden last Thursday night.

Mr. J. R. Compton of Devol visited his daughter, Mr. and Mrs. W. R. Baldwin and family last Tuesday.

Mr. and Mrs. Hollis Wiling and girls, and Mrs. Tom Brown of Carlston, Ind., were visitors in the home of Mr. and Mrs. Clarence Watson and Mrs. Belle Hawkins Tuesday of last week.

Mr. and Mrs. W. R. Baldwin and girls enjoyed a family reunion of Mrs. Baldwin's relatives at the Electra Park Sunday afternoon.

Bull Fighter Very Important

One of the most important men in the rodeo arena is the bull fighter. The crowd gets a big thrill out of seeing the clown rush in toward the bulls head and being missed only inches by those big powerful horns. To the spectators the antics of the clown are very funny. But, to the clown and the bull-riding cowboys, the situation is very serious. The clown isn't trying to be funny when the bulls come out of the chutes. He is out there protecting lives. When a cowboy is thrown, or steps off a wild bull, the clown is always there to distract the bull from the rider. Coming off the back of a two-ton bull is a dangerous thing. In the event a cowboy is injured, the clown tries to keep the bull occupied until the injured man can be removed from the arena. Without a good bull fighting clown, very few cowboys would come out of the chutes atop a rip snorting bull.

A bucket of gasoline sitting nearby. He grabbed the bucket and ran outside with it. Upon reaching the air it exploded throwing fire over his right arm, face and hair. He was treated for his burns and released but later admitted to the hospital. The friends of Mr. Bruce Hopkins pooled their tractors and time last Saturday and plowed 200 acres for him.

next Sunday's lesson and make plans for the work. Prayer Service at 7:50 P. M.

10:55 A. M. Morning Worship Sermon: "The Word of The Cross." Preaching straight from the heart and from the Word of God.

6:45 P. M. Training Union. Unions for all ages. "We Study that we may serve."

8:00 P. M. Evening Worship Sermon: "The Sacred Scars." Plain Bible preaching. Attend these services and join with us in prayer that the Holy Spirit may give direction to everything we say and do and that all who come will be greatly blessed by the services.

Wednesday, 7:15 P. M. Officers and Teachers meet to study

SPORTS CONVERTIBLE

This button-front sleeveless cotton is designed by White Stag for the active sportsman. Buttoned, it's a slim skirted dress, but when it's unbuttoned at bottom the cotton becomes a full-skirted dress ideal for the golfer and other sports enthusiasts.

Mine Mud for Beauty

NOT ALL the clay in Georgia's hills is red. Some is pure white and is called kaolin. This silicate of aluminum is unfamiliar to most Americans. Yet, with its many uses and applications, it is an influence in every household. Plants like this process 500,000 tons annually.

ALL-IMPORTANT in the hundreds of vital tasks kaolin performs is its employment by the paper industry in coating and filling its products.

HERE'S HOW . . . MAKE A BUNK BED

For the children's room, or the summer camp, bunk beds are space savers, and are easy to make.

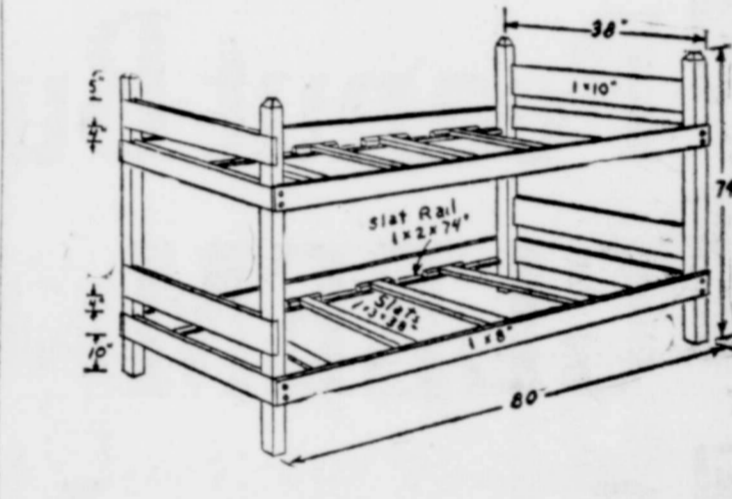

The bed posts are of 3 by 8-inch lumber, each 74 inches long. The dimensions below are easy to follow. The cuts for insertion of the head boards and end framing rails are 3/4-inch deep. Drill 3/4-inch holes for the bolts with which the side rails will be fastened later.

Bed-ends are assembled by gluing the head boards and end rails and securing them with No. 6, 1 1/2-inch wood screws, countersunk.

Side rails of 1 by 8-inch lumber, 80 inches long, are drilled to match the holes in the posts. To each side rail is added a slat-support rail, a strip of 1 by 2, 74 inches long, securely glued and screwed into place. Four pairs of glue blocks, placed 20 inches apart, provide 2 1/2-inch slots for the slats.

The completed side rails are bolted to the bed-end assemblies. The 8 slats are 1 by 3-inch lumber, each 38 inches long.

All sharp edges should be rounded or beveled.

Patsy Lundberg Shower Set June 18th

Patsy Lundberg of this city is the recipient of a lovely shower given in the home of Mrs. H. Brumley, Friday, June 18, between the hours of five to eight o'clock. The party rooms were decorated with colorful arrangements of gladiolas. The beautiful refreshment table was a focal point. A crystal Punch service was used. The table cover was of soft blue organdy, caught up at intervals with small clusters of white "fever few." A clever arrangement was a pair of white satin slippers, mounted on a white base, filled with white sweet peas. Mesdames Don Pemberton, Glen Bear, D. C. Dodson and Nathalie Foster presided at the refreshment table. Mesdames McClarty, Van Loh Gilbert and Hays shared hostess duties throughout the party rooms. A huge display of lovely gifts were admired. Approximately 125 were on the guests list. Miss Lundberg and her groom elect, Mr. Bill Reeves of Ft. Bliss, will be married, June 27 at 4 o'clock in the home of Mr. and Mrs. George McClarty of this city. Rev. T. M. Jensen will officiate.

Mr. and Mrs. Jack Duke spent the weekend in Dallas, Tex.

THE STATE OF TEXAS

E. M. Jones, and his unknown heirs, legatees, devisees, spouses, assigns, executors, and legal representatives, Greetings: You are hereby commanded to appear before the Honorable 30th District Court of Wichita County, Texas at or before ten o'clock A. M., the first Monday next after the expiration of 42 days from the date of issuance of this citation, the same being the 2nd day of August, 1954, then and there to answer the plaintiff's petition filed in said court on the 12th day of June, A. D. 1954, in this cause numbered 53981-A on the docket of said court and styled R. Lee Kempner vs. E. M. Jones, his unknown heirs, legatees, devisees, spouses, assigns, executors, and legal representatives, Defendants.

This is a suit, wherein the plaintiff seeks to cancel an oil and gas lease insofar as it covers certain property hereinafter described for the failure of E. M. Jones, the record leasehold owner thereof, or those claiming under him, to reasonably develop said lease as to such property, and for the abandonment of same; or, in the alternative, to enforce specific performance of the implied obligations of said oil and gas lease to reasonably develop same.

Plaintiff alleges that he is the owner in fee simple of all of the 231 acres of land covered by a certain oil and gas lease dated January 14, 1919 and recorded in Volume 122, Page 149 of the Deed Records of Wichita County, Texas executed by J. A. Kemp and Eliza Kempner, as Lessors, in favor of W. G. Burton, as Lessee, to which lease and its record

reference is hereby made for all purposes.

Plaintiff further alleges that on October 29, 1919, by instrument recorded in Volume 141, Page 441 of the Deed Records of Wichita County, Texas, W. G. Burton executed as Assignee of said oil and gas lease to E. M. Jones, as Assignee, insofar as the same covered the following described land in Wichita County, Texas, to-wit:

All of Block No. 13 and 25 of the W. G. Burton's Subdivision of Blocks No. 45 and 82 of J. A. Kemp's Wichita Valley Farm Land, according to the plat of said Burton's Subdivision of record in Volume 2 at Page 58 of the plat Records of Wichita County, Texas, and containing 14.58 acres of land, more or less;

to which assignment of oil and gas lease and its record reference is hereby made for all purposes.

Plaintiff further alleges that the record ownership of said leasehold estate in the above described 14.58 acres is now in the name of the defendant, E. M. Jones; that there has been no drilling of any kind on Blocks 13 and 25 of said Burton's Subdivision since the year 1920; that E. M. Jones has not been heard of for more than 25 years; that said E. M. Jones and those parties and defendants holding under him failed reasonably to develop the property and drill such wells as a reasonably prudent oil operator, under similar circumstances would have drilled and would drill in the reasonable expectation of obtaining production therefrom; that although production has been obtained upon adjoining tracts within the past year, the defendant E. M. Jones or those claiming under him have failed to reasonably develop the above described property, and have abandoned same. That for such failure to reasonably develop said property and for the defendants' abandonment of same, the plaintiff herein is entitled to have said oil and gas lease cancelled insofar as the above described 14.58 acres of land is concerned.

Plaintiff further alleges in the alternative that due to the fact that the defendants are non-residents of the State of Texas, or in the alternative are transients, whose residences are unknown or who have no fixed place of residence, and that the defendants are insolvent in that they have no assets of any kind or character within the state subject to execution, that damages would be wholly

inadequate under the circumstances and that the implied covenants of said lease to reasonably develop said property should be enforced.

WHEREFORE, Plaintiff prays that Defendants be cited by publication and on final hearing he have judgement cancelling and holding for naught the above described oil and gas lease insofar as it covers the above described 14.58 acres of land, or in the alternative judgement be rendered specifically enforcing the performance of the implied obligations of said lease to reasonably develop the same, insofar as the above described 14.58 acres is concerned, under penalty of forfeiture; and the plaintiff recover of and from the defendants, and each of them, the title and possession of the above described property free and clear of all claims that might be asserted by defendants, or either of them, therein; that the Plaintiff recover his cost herein occurred and have such other and further relief, general and special, in law and in equity to which he may show himself justly entitled.

If this citation is not served within 90 days after the date of issuance it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and seal of said court, at my office in Wichita Falls, Texas, this 18th day of June A. D. 1954.

(SEAL)
Flora Cobb,
Clerk of the 30th
District Court of
Wichita County, Texas

Help The Hens Beat The Heat

High temperature and low humidity are two of the greatest enemies of good egg quality. With warm weather here again, B. T. Haws, county agent warns poultrymen that unless extra precautions are taken the quality of their eggs will drop rapidly. For producers who sell eggs on a graded basis, a drop in quality brings lower prices. Sold ungraded, a drop in quality means decreased consumer demand.

Here are Haws summertime tips for top egg quality: Keep the eggs clean. Use clean, dry nesting materials and keep the birds confined on wet days to avoid mud-tracked nests. Gather the eggs two or three times a day in a wire basket. This allows air to circulate, quickly carrying off the heat. Store the eggs in a cool, humid, but well ventilated place. And, market regularly and often.

Grade AA eggs will become inedible in three days at 98 degrees, in eight days at 77 degrees and 45 days at 44 degrees. Eggs usually will remain Grade A for six months if held just above freezing.

6.70x15 Marathon Tires, \$13.95, plus tax and recappable tire. J. W. ALEXANDER, Phone 170

J. B. Riley, Jr. son of Mr. and Mrs. J. B. Riley, Sr., reported to March Air Force Base, Los Angeles, Calif., Sunday, June 20 along with thirteen other senior students from A&M College of Texas. J. B. drove through to California and plans to take a week or ten days vacation on the return trip after he completes his four weeks training period.

Mrs. Eugenia O. Lincoln has returned from a three weeks vacation. She attended the graduation of her granddaughter from the Nacogdoches high school and visited her brother and family in Louisiana where Mr. and Mrs. Gene Owen are the parents of a new baby boy born Monday morning at 10:26 A. M. in the Bethania Hospital at Wichita Falls. The baby weighed 7 lbs. 1 oz. and has been named Russell Edwin. Mr. Owen is employed at the Palace Theatre.

"Why is it that the wrong number on a telephone is never busy when you call?"
